ANNUAL CLEANUP OVER NEXT WEEK EDICT OF MAYOR

Citizens May Have Trash Hauled Without Expense Again This Year

It may require the entire week to do the job of it, hence the Honorable Mayor has designated all of next week as "Cleanup Week" in keeping with the annual custom of this and thousands of other towns and cities.

Mayor Cagle announces that if trash is piled, the city force will truck the rubbish to the dump heap without cost to the trash pile. He asks that trash be stacked up in the alleys so far as possible, and that it be gotten ready early in the week.

The big hauling job begins promptly Monday morning of next week. In order to let the hauling force map out plans of action, citizens may greatly facilitate their work by gathering the trash into heaps early in the week.

Wait patiently, we are advised. It all cannot be hauled off in a day. If some heaps remain Friday afternoon, it might be well to phone the city secretary that nothing be overlooked.

This is an honored custom and annual affair in which all citizens are asked to share a part. In fact every one is urged to help make the town a clean town that it might continue to merit the good name it has had in the past.

The matter has been delayed due to high winds. Many are planting flowers and loose paper drifting with the wind is by no means considered an ornament to any one's flower bed. Those who place out paper to be hauled off are cautioned to weight it down so that it cannot scatter over on the neighbor's property bounds.

Mr. Cagle urgently requests the united cooperation of every one and will get it as citizens of Clarendon have always responded to the call with pleasure. Those who might need assistance, may hire help through the Mayor's office. Plenty of good men would be glad to get a job at a very reasonable wage. Let's give some one a job and get on the job early and stay late until the reputation of the fair city is once more redeemed.

"Ghost Chaser", the play that made the big hit at Chamberlain recently, will be staged at the school auditorium at Hedley Friday evening of the 13th.

Baptist Revival to Begin This Evening

Rev. B. B. Crim is expected to arrive today according to pastor B. N. Shepherd, for the purpose of beginning the revival this evening. He will bring a trained singer and musical director with him.

Services will be conducted in the church the remainder of the week. For the next three weeks, services will be conducted out of doors in a tented tabernacle.

Rev. Shepherd is inviting each of the other churches to worship with them. Those in a position to know the results obtained in other revivals by Rev. Crimm, expect to see a wonderful revival here and a great spiritual awakening as a result of the efforts that will be put forth by workers in the revival.

Mr. and Mrs. Leonard Darnell of Dumas spent the week end here visiting with Mr. and Mrs. O. T. Smith and Mr. and Mrs. Slim Tidwell.

CLEAN UP WEEK PROCLAMATION

It has been a custom from time immemorial for the American people to scrub and clean up their premises once a year.

Now I, as Mayor of the City of Clarendon, Texas, wish to designate the week from May 9 to May 14th as Clean-Up Week for this City—and ask the people all over the City to co-operate with us and let us have one of the cleanest Cities in the Panhandle of Texas.

FOOD AND FEED PRODUCTION PLAN MADE WEDNESDAY

Cooperation Will Again Be Asked in Helping Growers To Profit More

W. H. Patrick, key banker of this district, called a conference of bankers, county agents and county commissioners Wednesday morning for the purpose of devising plans for a greater production of food and feed on the farms of Donley county, and for securing a better market for the products.

It was learned from the records of Miss Martha Buttrill, county H. D. agent that club ladies canned 18,072 quarts during the season of 1930, and 60,649 quarts for the season of 1931. The greater number canned by an individual in 1930 was 548 and in 1931 the largest number was 1111. It was found that the average family of five had prepared foods valued at \$546 the past season.

In speaking further of her work, Miss Buttrill announced that a greater variety and a larger quantity of foods would be canned this season than last. She also stated that each club worker would be asked to help at least five non-members with their canning this season.

County agent T. R. Broun gave a report on hog production and truck acreage planned for this season. It was his opinion that the truck acreage would be much larger this season, the farmer making an effort to profit from a mid-season crop.

Various plans for an exchange of commodities were discussed. Lelia Lake is said to have profited most from truck crop sales the past seasons by reason of the fact that a greater variety was produced there and truck drivers could secure a mixed load with little effort.

In discussing market plans, it appeared to be the general opinion that truck owners in each community afforded the best means for reaching a market. A major portion of the crops are sold at the field too, it is said, and then trucked to great distances even to other states.

The possibility of developing a good market for canteloupe grown here was mentioned since the crop would come on the market following Wise county's crop and before the Colorado crop was ready. This matter will be investigated further with a view of having cash buyers here only rather than commission men.

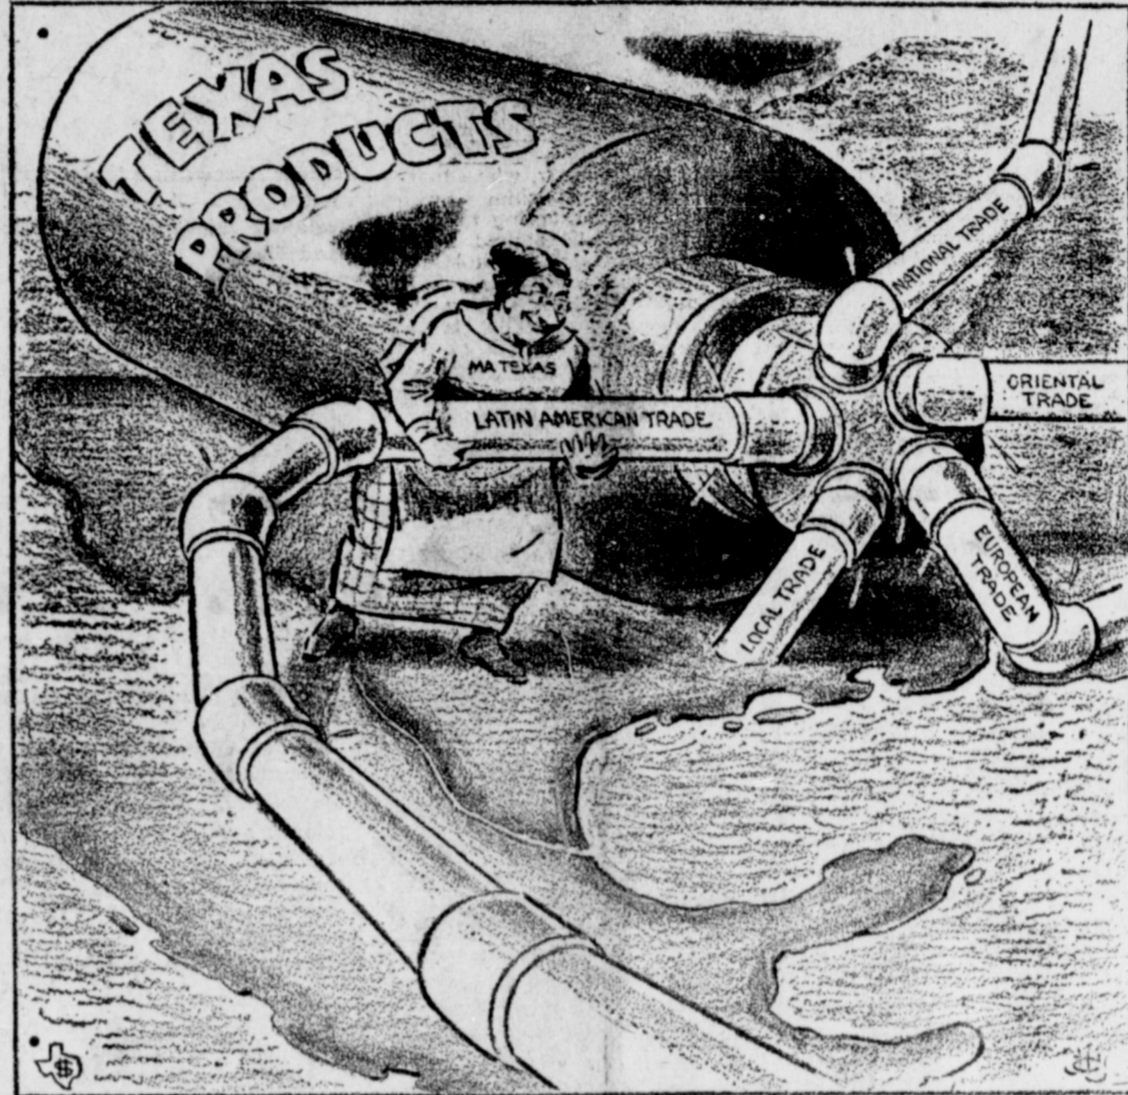

Mr. Patrick announced that he would offer as a prize to the club making the best showing this season, a cooker and a sealer. This offer is being made to encourage further effort on the part of the club ladies if such a thing is possible, and yet more as an expression of appreciation of the worthy efforts being put forth.

The Democratic Executive Committee Met Sat.

At a meeting of the Donley County Democratic committee held here Saturday afternoon, the county chairman, Mayor W. P. Cagle, issued samples of the pledges to be required of democratic primary voters this year. The pledge sample had been sent by the state chairman with a request that they be given notice.

The nineteenth voting precinct was added which includes Glenwood with Mr. Hall as chairman.

Making Another Good Connecction

Ferrell Family Makes Long Trip to Clarendon

Monday saw the end of a journey of 1363 miles from North Carolina back to Clarendon for Rev. and Mrs. W. E. Ferrell and daughter Isabella.

Rev. Ferrell returns to again assume the pastorate of the First Christian church here where he was formerly pastor for several months. He will fill the pulpit Sunday morning.

The trip was made through the cyclone belt of Alabama where a strip ten miles in width was laid waste and left desolate. No car trouble developed, not even so much as a puncture until they arrived here in town and two tires went flat.

W. C. Maxwell Will Address Chamberlain School

Closing exercises will be held at the Chamberlain school Friday night of this week. Supt. W. C. Maxwell of the Hedley schools will deliver the graduating address.

The public is cordially invited to be present. Patrons announce a very successful term and are especially proud of the fact that this is one of the leading rural schools of the county.

Lions to Observe Ladies Night on 17th

The local Lions club will observe "ladies night" here on Tuesday evening of the 17th according to plans announced following the meeting Tuesday.

The Pampa Lions club will present a program for the evening that is pronounced to be of unusual interest. This is an annual affair with the local club and is looked forward to with much expectancy.

Musical Picture Program At Methodist Church

Honoring Mother's Day, a special musical picture program will be presented at the evening service hour of eight p. m. at the First Methodist church.

This special feature is something out of the ordinary and will no doubt prove to be a delightful feature of the day on which mankind pays his respects to his best friend. The public is cordially invited to attend the service.

Mr. M. M. Nobles of Amarillo visited relatives and friends here Tuesday.

J. W. Noel represented the Security State bank of Hedley in a meeting here Wednesday having for its purpose a "live at home" program.

Tom F. Connally Addresses Rotary Club Friday

C. C. Powell had charge of the program heard by Rotarians at their regular luncheon hour at Hotel Clarendon Friday at noon.

Tom F. Connally made the principal address choosing to speak on a variety of subjects including the grain situation and world conditions in general. He spoke optimistically of the future, it being his opinion that since the grain acreage had been reduced by unfavorable weather conditions, the price would likely be higher.

Miss Christine Stroder, instructor of musical department of the public schools, favored the Club with two beautiful piano solos.

The election of officers for the next term was announced for Friday of this week.

Dr. B. L. Jenkins, chairman of the Club Service committee, will have charge of the program Friday next.

REV. BOWEN WILL PREACH SERMON TO SENIORS SUNDAY

Graduates Of Clarendon's High School to Have Usual Program

For the first time in many years if ever, the boys of the graduating class this term outnumber the girls more than double, there being thirteen boys and six girls in the class.

World's Largest Tire Was Shown Here Monday

The largest tire ever to be made is that attached to a truck making the round of the agents in this section at present, visiting Holland Brothers, local agents for Goodyear tires. This monster tire is designed to attract attention to the tires made by Goodyear Tire & Rubber company, manufacturers of the big tire.

The dimensions of the tire is as follows: height, 12 feet; width, four feet; weight 877 pounds; inner tube weight, 125 pounds; mounted on a wheel weighing 600 lbs.; valued at \$5,000. Requires 45 minutes to inflate to a pressure of three pounds which is the pressure carried.

Mrs. T. N. Naylor Reports Success With Chicks

The best report so far this season in growing chicks comes from Mrs. T. N. Naylor of the Naylor community.

She took off 222 chicks on February 5th. On the first of the month she had remaining 202. The chicks had cost her a total of \$14.42. If sold at 16 cents per pound, and should they average the customary two pounds, they would now be worth \$60.60.

Donley County Boy Wins Second Time

For the second time Aubrey Brady brought the oratorical honors to Donley county in the recent district Interscholastic League meet. Aubrey, aged 13, was awarded first honors in the junior oratorical division. He was accorded the same honors last year.

Aubrey makes good grades in school, and is an industrious all-around boy enjoying sports as well as study. He is a son of Mr. and Mrs. H. L. Brady of Clarendon.

Federated Board Meeting Next Saturday

Mrs. O. L. Fink, president of the federated clubs, requests the Leader to announce a meeting of the Board of the federated clubs to be held at the Club Room next Saturday at 2 p. m.

The president and one delegate from each of the federated clubs of the county are requested to be present.

Messrs. J. H. Hurn and Nathan Cox made a business trip to Boonville Wednesday.

Mr. and Mrs. Reagan Bryan of Turkey visited relatives here Sunday. His father, C. A. Bryan returned home with them Monday for a short visit.

MONEY NEEDED TO COMPLETE CANYON MUSEUM BUILDING

Only Six Thousand Required On Last Lap to Obtain \$25,000

Those who are able to contribute to worth while objects in which the citizens of the Panhandle are directly interested, will find no more worthy object than the museum building fund for the erection of a suitable building at Canyon.

The Board of the Panhandle-Plains Historical Society has issued the following appeal which is self-explanatory:

"We, the undersigned members of the Board of Directors of the Panhandle-Plains Historical Society, desire to call your attention to what we believe is one of the most important projects ever undertaken in this part of the state. It should appeal to every old-timer because it proposes to erect a monument to him and to the best qualities of character for which he stood. Moreover, it seeks to preserve and hand on down to succeeding generations the traditions, the ideals, and the fast-disappearing evidences of pioneer life in this territory—a life that is replete with courage, honesty, sacrifice, loyalty, and such other noble qualities as have entered into all great civilizations. It should appeal to all who are enjoying the fruits of the labors of those who blazed the trail for present day opportunities and blessings. If we of today are an ungrateful people we are unworthy of our heritage. Gratitude is one of the noblest of virtues—ingratitude one of the basest of vices.

The Forty-first Legislature appropriated \$25,000 to be used in the erection of a Museum building at Canyon on the condition that an equal sum would be raised by private subscription. About \$19,000 has been raised. We are now inaugurating a finish campaign for the remainder. It must be in our hands by July 1, so that plans can be drawn and contracts let before September 1st. Three or four counties have done nobly. A few individuals all over our territory have given sacrificially. Many who should give liberally have done nothing. We appeal to every patriotic citizen in the Panhandle to join us in this great enterprise for its blessings will flow down the years. We already have on hand in the college at Canyon one of the most valuable collections in the Southwest and hundreds of people from all over the nation are visiting it monthly—school children, old timers, college students, research workers, scientists—all enthusiastic about it and its possibilities. Much more material is awaiting in hazardous places the erection of a fire-proof building.

Professor L. F. Sheffy of Canyon is our authorized agent and to him all subscriptions should be sent. He will receipt and deposit in bonded depositories, so that there is no danger of loss of funds. Don't wait to be called upon. The campaign must be hurried. The largest subscription to date is \$1,000; the smallest is \$1.00. Make yours as large as possible, but make it.

Mrs. J. H. Reeves Buried Here Saturday

Funeral services were conducted for Mrs. Reeves at the First Baptist church Saturday afternoon at 2 o'clock by the pastor, Rev. B. N. Shepherd. Mrs. Reeves was aged 86 years, three months and nine days at the time of her death.

She leaves four daughters and one son. The daughters are Mrs. W. O. Brown of San Benito; Mrs. Ralph J. Jaygo of Los Angeles; Mrs. W. W. Wimberly of Midland; Mrs. C. E. Darnell of Canyon. The son, K. D. Reeves of Stanley, New Mexico. Mrs. Joe Cluck of this city is a niece.

Mrs. Wimberly was with her during her last illness. Other relatives from a distance for the last rites were her grandsons, Reeves and Charles Darnell and granddaughter, Miss Lillian Darnell, all of Canyon. Mrs. Oscar Reeves and two sons of Lubbock were also present.

MOTHER'S DAY IS EVERY DAY

Last season when the men folks of this county were handicapped for funds with no market outlet, the good women stepped in and saved the day by a canning record never before known. They can and will save the day again this season.

The County Commissioners have agreed to the plan of the county furnishing some community canning equipments for the benefit of those who cannot afford a family canner and sealer. Dickens county found this plan to be a success last season. It means much to the energetic home makers of Donley county—let's have them.

Inquisitive.

The average farmer is not concerned so much about an income tax as he is an income in some form.

Man's Inhumanity.

The National Child's Welfare Bureau announces that more than eight million children have fallen a victim to tuberculosis because of an undernourished condition due to the depression.

Biblical.

Senator Huey P. Long of Louisiana says what is wrong with this country is failure to live up to the old Hebrew rule that wealth should be re-distributed every fifty years. Evidently Congress has just discovered it and will now remedy the condition by proper taxation.

Values.

The trial and vicissitudes of the present day have proved to be an awakening to many. Spiritual values are being appraised more than material ones. We have taken hold on the stem of the rose and while we feel the thorns, there is also the accompanying fragrance of the eternal verities.

Sowing And Reaping.

Is your life a garden or a grave yard? Some folks plant seed in the fresh soil and they never come up. Others plant "seed that grow." Our lives are like that and "God is not mocked for whatsoever a man soweth, that shall he also reap." It is not enough to look at the pretty pictures in the "catalogue"—and wish. The seed must be sown. This is not a platitude—it's a fact.

Deck Wells Wins.

An account appearing in this column last week relative to a canine dairy of Wells of the Wellington, Texas Leader was somewhat overdrawn. The canine giving a half gallon of milk a day bears the dignified name of Shrdlu.

Shrdlu's family consists of eta-oin, m-quad, n-quad, hell-box, devil and squirt. Instead of forsaking the noble profession of the Fourth Estate, Deck has memorialized his profession with living symbols.

Framing Officers.

The way some county officials of Texas are being framed is most pitiful. If he steals from the state they 'frame' him at Austin, and if he steals from his neighbors in his home county, his neighbors 'frame' him at home. If he beats the public out of anything in the way of overcharges on fees, he's asked to pay it back.

The 11th county official was bumped last week on a charge of making "five" trips out of "one" and claiming mileage. He might have forgotten just how many trips he made. Some of the boys plead ignorance, others claim it was an accident, and still others blame it on some one else when they can't read and write and get help to make out an expense account.

Hard on Sheriff.

Until recently, under the laws of our state, one could not plead guilty to a felony in district court without the help of a jury. It was supposed for a long time that a judge was too dumb to get the drift of the thing, but after the victim had shelled down and said he was guilty, and twelve men said they believed the culprit was telling the truth on himself, it was all o. k.

Under the new law, one can "tell it to the judge" and save the taxpayers a lot of money by having no trial and no jury. These short-cut methods works a hardship on a sheriff because he has very few papers to serve and gets no fees to speak of forcing him to depend on the 'small salary.

An article is appearing in this

issue of the Leader relative to how this saving works out in the interests of economy. This article has reference to the saving affected at the last term of court as compared with the previous term. The officials are to be highly commended for their efforts to cut expenses.

Cut Taxes in Half.

National, state, county, school and local taxes have steadily advanced by leaps and bounds since 1913 until the combined amount is making life intolerable and almost impossible for the average citizen. In fact it would be a burden under normal conditions.

Congress is making a great hubbub about 'balancing the budget' by attempting to raise tax rates already in operation, and by taxing everything we eat, wear and use from the cradle to the grave.

Aside from only a few members, do we hear anything about reducing expenditures. The people fared better before the government began to interfere with private business which only gave political pets by the multiplied thousands a job.

Bureaus and commissions have been established and appointed by the scores at a cost of several millions of dollars. We can look up the state of health of oysters on the Texas coast for the past season in a neatly printed state bureau report, or we can find out about blueberry bugs of Maine from a national bureau bulletin.

The producing class of citizens may not be able to stop the panic, but aroused public sentiment can go a long way toward stopping further expenditures in the way of national, state and county waste of the taxpayer's money.

National tax rates should be cut in half. State and county and local taxes should be cut at least a fourth. The main source of all taxes should come from an income tax system whereby those making the big rake-offs could pay a just share of the burden of government.

Quite a lot of our smart(?) congressmen wanted a sales tax to raise money to operate on. That would place a burden on every poor devil in the country because the tax as proposed would raise the price of everything from the cradle to the grave.

If the national body wants to do something for the nation right now, they can restore the income tax and raise it higher, and include inheritance along with it. The income tax rate should be so high after the first hundred thousand dollars, that all above that sum would have to be paid into the tax fund. If a fellow honestly makes a hundred thousand in a year's time, he ought to be relieved of any further worry about what he will do with all over that amount.

Admit Slaying Husband and Father

Mrs. Joe Meichinger, left, and her 17-year-old daughter, who admitted killing last week near Brownwood, Texas, Joe Meichinger, who was the woman's husband, and the girl's father. According to their account, the husband came home drunk, struck and abused them, and Eva Nelle, the daughter, fired five shots from a pistol into his body, after which she shot him three times with a 410 gauge shotgun which her mother obtained for her while the girl was using the pistol. Both have been released on \$10,000 bonds each. The Meichingers are well-to-do Brown county pioneers.

Just Plain Talk.

Believing that taxes are about twice as high as they should be, and that the extra half now due and in most instances still unpaid, is largely due to extravagance, I am in favor of economy in city, school, county, state and national governments.

Actions that might be classified as necessities three years ago, are today nothing more than extravagance under existing conditions. The average taxpayer is carrying a burden that is rapidly reaching his limit of endurance.

The taxpayer's earning power has been reduced more than half and some entirely, but his tax rate continues to be based on values existing under the prosperous period of a few years ago. It's a downright shame and a disgrace to a so-called civilized people.

Property values have shrunk fifty to seventy-five percent and one can rent cheaper than one can own a home or a farm. This condition discourages any incentive to become a property owner.

We can't do a great deal to bring about economy beyond our county government except in that public sentiment might be aroused to the point that higher officials would be "afraid of their job."

Last week I published a statement relative to the salary of the office of county judge in Donley county. Some regarded that statement as a joke, and more especi-

ally that portion of the statement wherein I stated that I might become a candidate on a salary basis of \$1200 thus saving the taxpayers \$1020 a year or \$85 a month.

That statement was made after numerous taxpayers had called at my office and insisted that I make the race. During the two days following the publication of that proposal, 83 men and women voiced their unqualified approval of the idea as a means toward helping the people of the county to get back on a cash basis. Five people said it could not be done and two said it was so radically different to the custom now in operation, they would not believe it.

We often hear of patriots cutting down on schools and thus crippling the chances of the next generation, but they can't see where this generation should be made to pay for its mistakes. We alone are the cause of present conditions and the helpless generation of boys and girls had nothing to do with it. We invested large sums in buildings and equipment and now we propose to render them practically useless by cutting the salaries of teachers and other necessary school expenses. It is true that some economy could be practiced, but sweeping policies of salary reductions means that our schools must suffer. We really need fewer teachers and better paid teachers with every teacher performing a service throughout

the school day. There is no reason for me to make the race for the office of county judge except to be of service to the citizens of this county. If there appears to be a demand for an economy administration and there is sufficient interest shown, I may make the race. Otherwise, I cannot afford to make a hard fight for the opportunity. It all depends upon the encouragement that I receive during the coming week.

DOWN ON THE FARM

Down on the farm, 'bout half past four,
I slip on my pants and sneak out of the door;
Out of the yard I run like the dickens
To milk 10 cows and feed the chickens,
Clean out the barn, curry Nancy and Jiggs,
Separate the cream, and slop all the pigs,
Work two hours, then eat like a Turk,
And, by heck, I'm ready for a full day's work.

Then I grease the wagon and put on the rack,
Throw a jug of water in an old grain sack,
Hitch up the horses, hustle down the lane,
Must get the hay in, for it looks like rain.

Look over yonder! Sure as I'm born,
Cattle on the rampage and cows in the corn!
Start across the medder, run a mile or two,
Heaving like I'm wind-broke, get wet clear through.
Nancy gets straddle the barbed-wire fence.

Joints all a-aching and muscles in a jerk,
I'm fit as a fiddle for a full day's work.
Work all summer till winter is nigh,
Then figure up the books and heave a big sigh.
Worked all year, didn't make a thing;
Got less cash now than I had last spring.
Now some people tell us that there ain't no hell,
But they never farmed, so they can't tell.
When spring rolls 'round I take another chance,
While the fringe grows longer on my old gray pants.
Give my s'penders a hitch, my belt another jerk,
And, by heck, I'm ready for a full year's work.

TAXATION

Tax the people, tax with care,
To help the multimillionaire.
Tax the farmer, tax his fowl.
Tax the dog, and tax his howl.
Tax the hen and tax her egg
And let the bloomin' mudsill beg.
Tax the pig and tax his squeal,
Tax his boots, run down at heel;
Tax his horses, tax his lands,
Tax the blisters on his hands.
Tax his plow and tax his clothes,
Tax the rag that wipes his nose;

Tax his house and tax his bed,
Tax the bald spot on his head.
Tax the ox, and tax the ass,
Tax his "Henry," tax the gas;
Tax the road that he must pass,
And make him travel o'er the grass.
Tax his cow, and tax his calf,
Tax him if he dares to laugh;
He is just a common man,
So tax the cuss just all you can.
Tax the laborer—be discreet—
Tax him walking on the street.
Tax his bread and tax his meat;
Tax the shoes clear off his feet.
Tax the pay roll, tax the sale,
Tax his hard-earned paper kale;
Tax his pipe and tax his smoke—
Teach him government is no joke—
Tax their coffins—tax their shrouds,
Tax their souls beyond the clouds.
Tax the farmer, tax his flocks;
Tax the servants, tax their socks.
Tax the living, tax the dead;
Tax the unborn, ere they're fed.
Tax the water, tax the air—
Tax the sunlight if you dare.
Tax them all and tax them well.
Tax them to the gates of hell!
But close your eyes so you can't see
The coupon-clipper go tax free.

TEMPLE OF TRUTH
By the Apostle

I don't know how it is where you live, but where I hang out there is a quilt craze on that has all the other fads backed off the map. Quilt scraps scattered all over the house, on the floor and last night I went to bed with a batch of squares fixed up for "the wheel of fortune" and dreamed that every one owing me had paid their bills and that I had spent all the collection for a new auto, and headed for California.

Did you ever hear this?
"Is the manager in?"
"No, he has gone to lunch with his wife."

"Well, when he and his stenographer get back, tell him his wife called."

"I suppose you carry a memento of some sort in that locket of yours?"

"Yes it is a lock of my husband's hair."
"But your husband is still alive."
"Yes, but his hair is gone."

A tramp was given a piece of pie on condition that he saw some wood. He took a bite of the pie and said to the lady of the house: "Madam, if it's all the same to you I'll eat the wood and saw the pie."

We've had company this week. Three kinds and all agents. One was "installment", the next "deferred payment", and the last was "budget plan." But whoever and they call themselves, it means dig up every month just the same.

A Kansas bad man deliberately shot down a citizen and immediately notified the local newspaper man that he would be held responsible for any mistatements. When the next issue appeared, the account read: "An altercation took place on the street Monday when Hon. John R. Baucom was forced to shoot the third man within a year to protect his own reputation."

Anyway, newspaper men are free of two worries: they are never worried about thugs kidnapping their kids or robbing their plants.

College Degree Worth \$100,000, Experts Find

Statisticians and research investigators have at last run down the elusive and much discussed dollar and cents value of a college education and have fixed it at \$100,000. Their survey reveals that the average untrained boy goes to work at the age of 14, earns less than \$1,700 a year, so that his income from 14 to 60 totals \$64,000. The high school graduate, they find, starts work at 18, reaches his maximum income of \$2,800 at 50 and by 60 has earned a total of \$88,000. The college graduate, they learned, starts his career at about 22, has caught up with the high

school graduate by 30 and at 60 is earning from \$6,000 to \$8,000 a year with a total earning at 60 of between \$160,000 and \$200,000. Figures from the same survey produced by the statistical department of Union Central Life Insurance Company show that out of 1,000 children entering grade school only 23 graduate from college. Lack of funds is revealed as the main reason for leaving school and educational insurance is now advocated as a means of giving a higher percentage the "break" which a college degree assures.

COLLEGE DAY PICNIC
To start with, imagine forty-eight college students on one truck and making a seventy mile trip. Boy, and what a trip!

Leaving Clarendon Friday morning on one truck, the college students tok off for their annual College Day. The destination was Bell's ranch some thirty miles past Brice Flat. Instead of acting like college students should, most of the students reverted back to the god old high school days before dignity had ben achieved.

Bell's ranch was reached some time before time for lunch, so dif-

ferent pleasures were enjoyed. Some took to the water like a duck but due to the temperature of the water, they soon were back in their clothes. Others tried their hand at boat rowing, leaving out the guitar or "uke" playing and most of the crooning.

After lunch, shady spots were sought. In a short time, the only ones awake were a few playing bridge under a tree and Mr. Burton trying to catch a bass.

The trip back to town was a lazy affair with everyone trying to rest on someone else. The startling discovery of the day was made when the large feet were being moved hither and yon to get a resting place. It was regretted that Dean Clark could not be along.

To climax a most eventful and never-to-be-forgotten day, the invitation of Miss Luree Burson was accepted for a dance at her home. "Did you sunburn? Oh, no, just look at this rosy complexion, it is natural," could be heard on every side.

MISS BURSON ENTERTAINS WITH COLLEGE DANCE
Miss Luree Burson was a gracious hostess to the College students Friday evening at her spacious home on West Second street with an informal dance and bridge party.

Dancing and bridge playing were enjoyed by some sixty students and invited guests until a late hour when a "day" was declared ended and rest sought.

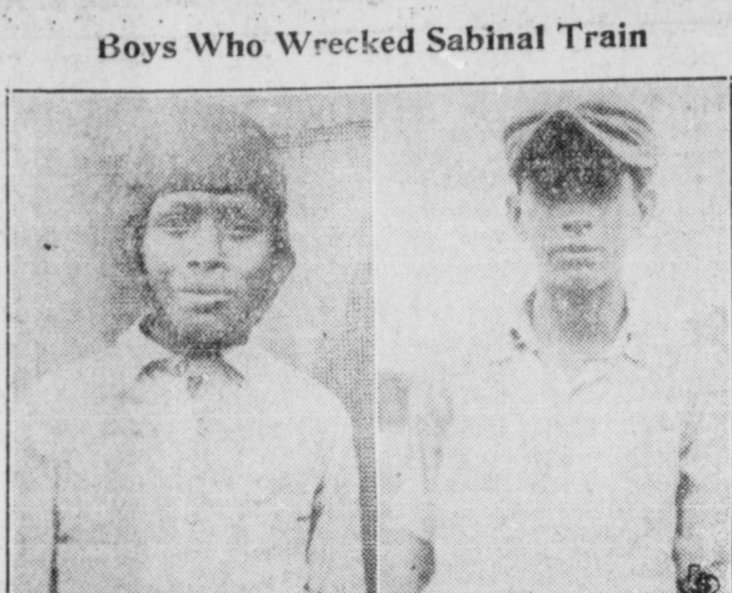

Punch and cakes were served throughout the evening. Mr. and Mrs. Durwood Skelton were the pleasing chaperones.

1930 NEEDLE CLUB
Mrs. Alvin Landers entertained the members of the 1930 Needle Club at her home Tuesday afternoon. The time was pleasantly spent in piecing quilts of beautiful design.

A lovely refreshment was served to Mesdames Clarence E. Whitlock, Carl Peabody, Rhea Couch, Vada Carpenter, Turner Kirby, R. Andis, and Mrs. Bascom Webb of Lelia who was a guest of the afternoon.

BORROWED

They borrowed a bed to lay His head,
When Christ, the Lord, came down;
They borrowed the ass in the mountain pass
For Him to ride to town;
But the crown that He wore,
And the cross that He bore,
Were His own.

He borrowed the bread, when the crowd He fed,
On the grassy mountain side.
He borrowed the dish of broken fish,
With which He satisfied;
But the crown that He wore,
And the cross that He bore,
Were His own.

He borrowed the ship in which to sit.
To teach the multitude;
He borrowed the nest in which to

rest,
He had never a home so rude;
But the crown that He wore,
And the cross that He bore,
Were His own.

Clarendon Hatchery Supplies Other Sections
Hundreds of chicks have been shipped by the Clarendon hatchery already this season. Several thousand have gone to Pampa, while Amarillo, Hereford, Childress and other points have been heavy purchasers.

More than 25,000 chicks were hatched off the past week. The two big incubators are running near to capacity this week, this being the busiest season of the year.

Besides the custom hatching of chicks, turkey eggs are no small part of the service rendered the public by this hatchery. Walter Fraser of near Jericho is having the most turkey eggs hatched at this time, he having some 200 in the incubator at this time. Custom hatching of turkeys for parties as far away as Childress is nothing new, a big shipment of turkeys being made down that way Monday.

THAT'S THAT

(This article has reference to page 8034 of the issue of April 8th, and page 8095 of the issue of April 9th of the Congressional Record which gives a complete record of the speech of Hon. Thomas P. Blanton of Abilene.)

The main function of government in the United States seems to be waste of public funds. Congressman Blanton of Texas has introduced a bill to fire William Wolff Smith as general counsel of the veterans bureau. Blanton charges that Smith is a "member of a clique that has been robbing the government for years." On the floor of the house, Blanton has described Smith as a "sort of journalistic lobbyist, a press agent for the highest bidder, who maintained a bureau in Washington to taint the news and to corrupt public opinion."

This William Wolff Smith has been drawing a salary of \$9,000 a year as general counsel of the veterans bureau and also has been drawing \$187.50 a month as retired pay for a disabled emergency officer. Can you conceive of anything more scandalous than that? There is one thing worse and that is the fact that it takes an act of congress to get him off of the payroll.

According to Congressman Blanton, this William Wolff Smith served only thirteen days in a swivel chair job in Washington before the Armistice was signed. Up to the time he was made general counsel of the veterans bureau, he had never tried a case in his life. He has tried but one case since then and he lost that. Yet, he has been given \$5,843.75 back retirement pay and is now receiving \$9,000 a year as general counsel of the veterans bureau and \$187.50 a month for alleged disability.

William Wolff Smith entered the service just thirteen days before the Armistice! Congressman Blanton has told the house. "He was then a broken down, disreputable third-class newspaperman, whose articles self-respecting newspapers would no longer publish. On Oct. 28, 1918, he was turned down physically, the vision in both eyes being declared defective, with three teeth missing and afflicted with hernia, but he got them to accept him the next day for special and limited service and got his swivel chair commission as captain in the sanitary corps.

"I challenge any member here to show that William Wolff Smith rendered any service whatever of any value to this government during that thirteen days of limited service in a swivel chair job before the Armistice. On Jan. 17, 1923 he secured a position with the veterans bureau as a special expert at

\$4,000 a year, and within fifteen days thereafter, thru political influence, he secured promotion to the position of general counsel at \$7,500 a year, which salary was automatically raised to \$9,000. He had never tried a case in his whole life, yet he was to have charge of the legal department that handled claims for 4 million World War veterans, their widows and dependents. He was put in charge of sixty-five lawyers when he knew no law."

Smith who is known in Washington as "Poker Bill," formerly was employed by the National Wholesale Liquor Dealers association, according to Congressman Blanton. Who are the politicians who put Smith on the payroll at \$9,000 a year, kept him there and pulled the wires to get him a pension of \$187.50 a month when it would have been a crime to pay him even one cent? Not only should Smith be amputated from the payroll and from the pension roll, but the political crooks who have been backing him ought to be tarred and feathered and ridden out of Washington on a rail.

Both the Hare bill passed by the house and the Hawes bill pending in the senate, to free the Philippines, provide for the continued free entry into the United States of 50,000 tons of refined and 800,000 tons of raw sugar annually during the eight year probationary period. This amount is far too large. Free imports of Philippine sugar should be restricted to not more than 400,000 tons a year.

There is no desire in the United States to hamper development of the Philippine islands. But this country cannot afford to ruin American farmers to promote development in the Philippines. At the present time, American producers of beet and cane sugar are being drowned by the flood of cheap Cuban and Philippine sugar. The Philippines ought to be freed, but that can be done without destroying the American sugar industry.

Here are two news items from Washington, D. C., that ought to interest every American taxpayer: "When rear admirals are ordered to go up in the air they receive 50 per cent of their salary as extra pay. One rear admiral collected \$4,000 in one year for making a single flight."

"A bill which would give 43 cents for relief of the state of Missouri was ordered printed by the house Tuesday. Cost of the printing will amount to many times the appropriation. The bill was introduced to reimburse the state of Missouri for 43 cents it paid a volunteer militiaman."

No wonder this nation has a deficit of 2 billion dollars. Senator Hiram Johnson of California says congress has lost its head. Though

Monster Crowd Assembles At Chamberlain

Reports from several state that the largest crowd ever to assemble at the Chamberlain school was present Friday night for the ghost play that proved a decided hit with the big crowd.

Those arriving for front seats got there before 5 p. m., and those arriving near dusk were fortunate to get inside the building so large was the crowd. The public has long since learned that when a play is announced out there, it is of the kind that brings out a people from all over the county.

Mrs. Sibley assisted by Mrs. Lee Wood then gave a parliamentary drill.

The club adjourned to meet with Mrs. John Helton May 12.

A social hour followed, the hostess serving delicious refreshments included in it was a generous slice of the club cheese made by Miss Buttrill some 7 or 8 weeks ago.

The cheese was very very good, soft creamy and good texture.

Three club members have each made 5 lb. blocks of cheese since the demonstration and more are going to after having tasted the finished product.

Our club was represented at council and Federation by Mesdames Jordan and Patterson.

Ballyhooing And Faking The People

Congressman Blanton, of Texas, shows where more than eight hundred lawyers employed on regular salaries in the veterans Bureau, bleeding the Washington government.

The future begins to look bright since these exposures are coming at a time when the people have been forced to do some thinking about how to pay the expense of government and to fight off depression that stock exchange robberies encourage so devoutly.

In Texas we have men making laws appropriating money for var-

Here are two of the nine new buildings now under construction on the campus of the University of Texas. The upper photo shows the auditorium, while the lower picture is the magnificent 27-story library, being built at the cost of \$1,000,000. Its tower will provide a landmark visible for miles around. These, and seven other buildings, are being erected at a cost of about \$3,500,000, with royalty money secured from oil land owned by the school.

There is likely to be a few little changes further down the line and some of the full publicity of officials be prominently played up in print that is just as great a

fraud as ballhooing bad stocks, is also likely to get a small check.

These exposures are among the hopeful signs, for the people are more nearly in a frame of mind to call for and demand justice than has been the case for some years.

Program Friday Night

A program will be given in the school auditorium Friday night at 8:00 by the pupils of the first and second grades. There will be no admission charges, and the public is invited to attend.

Look for Senior edition of our newspaper next week.

—:O:—

Junior-Senior Picnic

The Seniors entertained the Juniors with a picnic Friday night. Everyone went in a truck to a very suitable place on the river north of Clarendon. Eggs, bacon, pickles and cookies furnished an appetizing supper.

After having exhausted ourselves jumping the rope, we ate supper. The remainder of our time was spent discussing topics around the camp fire.

Isabell Knox.

Thanks to the Seniors

The Junior class wishes to express their appreciation for the good time the seniors gave them Friday night April 29th with a picnic north of Clarendon.

Gaynell Humbert.

EXTRA! EXTRA!

The Juniors who bragged so much are now defeated and shamed. There is a saying that he that laughs last laughs best: therefore the seniors are laughing now at the juniors who are too young to be able to play real baseball.

The Juniors and Seniors played baseball last week and the seniors ran in the scores while the juniors ran after the ball which they could do nothing with.

The Seniors are not bragging but they are looking at the juniors and telling them what great players they are. If the juniors work hard for the next twenty-five years they may be able to play marbles or jump the rope. This is very doubtful but they may.

The players on the senior team were C. A. Thomasson, James Reynolds, S. L. Wilson, Amos McWethy, Morris Finch, Leroy Leathers, J. T. Floyd, Guy Moore, Gerald Whatley and Noble Eddins.

Locals

Homes for the Bunnies

Martin and Jean put the bunnies in the express wagon and fastened Bruno to it. They took time about ringing the doorbell to see if peo-

ple wanted bunnies for pets. They found good homes for all of them except one. Mother Tellows said Mrs. Lacy might want one. They went over to Mrs. Lacy's and she took one. Martin and Jean built a house for it. Mrs. Lacy named her pet Sunshine.

BABY ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

SUNNYVIEW

With the good season farmers beginning to plant corn and fix truck patches and gardens. It is with sadness we chronicle the death of little Edwin Jones, infant baby of Mr. and Mrs. Gene Hester of this community who passed away Saturday evening at 9 p. m. He was most 4 weeks old. He was never a strong baby and had been with them such short time, but they loved him so dearly, and a place is vacant in their home which never can be filled. Grieve not dear ones, for your loss is heaven's gain, for he is a little angel. All join in sympathy to the parents and relatives. Mr. and Mrs. S. T. Clayton were mightfully surprised on Sunday morning May 1st when all their children and grandchildren and their friends came with loaded and filled baskets of good eats to help celebrate their father and mother's 40th wedding anniversary. Those present were Mr. and Mrs.

Roy Clayton and daughter Geraldine of Clarendon, Mr. and Mrs. Otis Naylor and son Robert Henry of Pleasant Valley, Mr. and Mrs. Slaton Mahaffey and children of Sunnyview, Mr. and Mrs. Roy Cornelius and children and Mr. and Mrs. Ray Norman and son all of Amarillo and Thomas Clayton. Other guests to enjoy the happy event were Mrs. Laura Kimbro and son and daughter, Mr. and Mrs. Alonzo Taylor, and Miss Mary Ella Williams all of Childress. The evening was spent in pleasant conversation. All enjoyed the event and left wishing they may have many more happy wedded days. Edgar Riley and family and Mrs. Whitehead of Memphis and Miss Nina Riley of Paducah spent Friday night with Mr. and Mrs. Nelson Riley. The school here under the supervision of Mrs. Whitt and Miss Sada Gray closed a very successful term Friday night in the closing exercises the little folks did themselves honor in rendering their plays and readings. The play "Grafty Grand Pa" was well rendered, and all this community and others congratulate the teachers for their help in getting up the plays and readings for the little folks as well as the little folks. It goes far to build up a community when teachers add so much interest.

On Saturday afternoon the Rebekah Lodge of Clarendon was complimented when Mrs. Mae James of Dallas, president of the Rebekah Assembly and Mrs. Elizabeth Bunch of Ft. Worth, vice-president met with the members at the I. O. O. F. Hall in a call meeting. A very profitable meeting was had, our president giving instructions in the work which was helpful to all. Mrs. Millard Starks and Mrs. Neal Bogard and children spent Monday afternoon with Mrs. Nelson Riley. On Saturday afternoon April 30th, Mr. Travis Reeves and Miss Oma Morris drove to Hollis, Okla. and were united in marriage. Her sister Mr. and Mrs. Lee Single-

erry and her brother Lonnie Morris accompanied them. All join in wishing for this fine couple many happy prosperous years of wedded life. Miss Lucile Spier spent last week with her sister, Mrs. Doc Thompson. On Saturday night some of the Rebekah members drove to Memphis where they enjoyed a meeting in their Hall. Mrs. Mae James president and Mrs. Elizabeth Bunch, vice-president of the Assembly I. O. O. F. were also present. All enjoyed the meeting very much. Those from here are Mr. and Mrs. John Ticer, Mr. and Mrs. A. M. Lanham, Mrs. Lena Russell, Mrs. Mary Hearne and Mrs. Johnnie Bryson. 18 members from Lake View and 7 from Ely were present and 6 from Clarendon. All enjoyed a fine meeting. Mrs. J. O. Thompson and daughter, Mrs. Lavilla Craft and children of Arlington arrived here Monday for a visit. Mrs. Thompson spends her time with Mrs. Craft since Mr. Craft died.

GOLDSTON
Sunday school at the usual hour Sunday evening. Folks our Sunday school is on the decrease. We must keep our S. S. going. Bro. Camel of McKnight filled his regular appointment here Sunday morning and Sunday night. Miss Zonia Malone of Memphis is visiting her grandparents, Mr.

and Mrs. L. L. Johnson and family this week. The young people enjoyed a party in the John Hall home Friday night. Mr. and Mrs. L. H. Earthman and daughters visited friends in Hedley Sunday. The Goldston baseball team lost their first game of baseball Saturday with Hudgins at Clarendon, then again Sunday they were defeated by Hopkins. Mrs. Mattie Lewis, Mrs. Jack Perkins, Alfred McCord all of Lesley and Mattie Rhodes of Bethel were dinner guests in the J. W. Rhodes home Sunday. Mr. and Mrs. Fred McNear and children visited friends and relatives at Shamrock Saturday night and Sunday. Mr. Bill Weston is building a new house on his farm where their home was destroyed by fire some few months past. Miss Aleen Parks of Hope, N. M. was a week end guest of Misses Bertie and Uua Stewart. A. L. Millsap of Chamberlain visited his daughter, Mrs. H. B. Rhodes and family Saturday night. Mr. and Mrs. S. J. Dyer entertained the young people with a party at their home Saturday night. Mr. and Mrs. H. M. Stewart and family also Mr. and Mrs. Roy Stewart and little son, Gilbert Eugene visited in the Neely Hudson home of Chamberlain Sunday. Jewell Rhodes visited Mrs. S. W. Lowe and family Monday.

Literary Society will meet the regular meeting night May 8th. A program will be given.

CARD OF THANKS
We, as a family, want to thank our friends for the many kindnesses and words of sympathy to us, in our late bereavement in the loss of our beloved father and grandfather. It brings to us more vividly, the great goodness there is in the hearts of our fellow men. We wish and hope for each of you the blessings you so richly deserve, and in your hour of sorrow, may tender hands and loving hearts administer unto you as you have unto our dear father and we his children. Especially do we thank the members of the First Christian Church, for all they did for us. Sincerely,
The Dubbs family.

They've Never Tasted a Tonic!

THESE are not patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative. You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. Stimulate the vital organs. The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant. When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses! A spoonful of delicious syrup pepsin once or twice a week will avoid all this. It contains fresh laxative herbs, active senna, and pure pepsin, and does a world of good to any system—young or old. You can always get this fine prescriptive preparation at any drug store. Just ask them for Dr. Caldwell's syrup pepsin. Get some syrup pepsin today, and protect your family from those bilious days, frequent sick spells and colds. Keep a bottle in the medicine chest instead of cathartics that so often bring on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give clogged bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

CHEVROLET

Greet sunny days with a sparkling car!

WASH and POLISH

Special for week of May 9th only

\$1.25

All this week—an excellent opportunity to give your Chevrolet that bright and shiny "new car" look—for little more than the price of a good wash! \$1.25 is all it costs for a thorough cleaning, plus a "high-luster" polishing! Only the purest vegetable-base soaps are used, and genuine Chevrolet body polish, recommended by the Chevrolet Motor Company! A careful inspection is made after the job is done, to make sure it is 100%! Bring in your car, make it shine! And remember—your Chevrolet dealer's is the best—as well as the most economical—place to go for all kinds of Chevrolet maintenance and repair work!

MR. and MRS. B. F. KIRTLEY
This week it is our pleasure to invite Mr. and Mrs. B. F. Kirtley to receive a free wash, polish and lubrication job. Each week some Chevrolet owner will receive this free service.

Grain Company Moves Into New Quarters

The Lemons-Thompson grain company has moved from the Buntin building to the Trent building opposite the City Hall and announce their opening for Saturday of this week according to the advertisement in this issue of the Leader.

In addition to the grain business under the management of S. B. Kutch, they also handle oil, gas and kerosene, C. R. Gamble being manager of this department. When the firm opened up here a few months ago, one truck was used. At present Mr. Gamble states that two trucks and a "pickup" is necessary to take care of the customer needs of the firm.

Fortieth Anniversary Was Celebrated Sunday

Mr. and Mrs. S. T. Clayton celebrated their fortieth wedding anniversary Sunday at their beautiful country home near Sunnyview.

The affair was a complete surprise for the honorees in which children, grandchildren and friends shared a part. Early Sunday relatives began arriving with well filled baskets for the sumptuous dinner that followed at the noon hour.

Among those present were Mr. and Mrs. R. L. Clayton and daughter Geraldine of Clarendon; Mr. and Mrs. Otis Naylor and son Robert Henry of Pleasant Valley; Mr. and Mrs. Slayton Mahaffey and children of Sunnyview; Mr. and Mrs. Roy Cornelius and children and Mr. and Mrs. Ray Norman and son of Amarillo, and Thomas Clayton who makes his home with his parents.

Others from a distance were Mrs. Laura Kimbrough and children, Mr. and Mrs. Alonzo Taylor and Miss Mary Ella Williams, all of Childress.

The Leader joins with the numerous friends of these good people in wishing them many, many more years of usefulness in Donley county where their efforts and those of their children have had much to do with furthering interests worth while.
