LAST MINUTE CAMPAIGN LIES

The candidate who would circulate, or permit others to circulate, last minute campaign lies, is a political and moral coward in the eyes of every sane voter today. The custom of former years has become obsolete in this age of enlightenment.

That candidate who would unleash the lightning of his wrath and pour vials of hatred upon his opponent simply because he feels himself slipping, is unworthy of the consideration of any one.

Last minute appeals made to voters by casting reflection upon the character or standing of an opponent should be condemned. The fact that such information could have been publicly stated at public gatherings when the victim had the privilege of defense, and such information was withheld, instantly brands the statement as false regardless of who is in the running or who makes the statement.

No office is worth a campaign of lies. If any candidate has information that would disqualify an opponent, the only honest method to pursue is to let the public have that information long before the closing hours of the campaign.

Beware of campaign lies which are brought forth at the last minute. If such lies reach your ears, do not condemn the victim without a hearing. Give him or her the same rights that you would demand for yourself—the right of defense by giving you both sides of the controversy. American people believe in fair play in the main, and Texas should be no exception though a campaign is in full blast.

COUNTY BOARD ADJOURNS MINUS HIGHWAY ACTION

Highway Representative Fails To Meet Commissioners Here Monday

Statements from some of the county commissioners would indicate that if the Highway Department will complete a hard surfaced highway without further obligations other than the purchase of a right-of-way on Highway 5, it will meet with their sanction and be passed to the citizens for a vote of approval.

Only a majority of the Board has been consulted, and this does not mean that the action would meet with unanimous approval of all members of the Board.

The only matter that could be considered at the meeting Monday is to be found in the following letter:

July 8th, 1932

Donley County,
Hon. J. J. Alexander,
County Judge,
Clarendon, Texas.

Dear Sir:

For your information, we quote you Minute passed by the State Highway Commission on July 2nd, relative to the construction of Highway No. 5 across your County.

In Donley County it is ordered by the Commission that as soon as County has furnished not less than 100' right-of-way on the approved location, the State Highway Engineer is directed to prepare plans and specifications for construction of Unit 1 on State Highway No. 5 through said County.

Minute No. 6262
Yours very truly,
Gibb Gilchrist,
State Highway Engineer.

By: T. H. Webb, Assistant,
State Highway Engineer.

Some of the Commissioners are at a loss to understand how they could secure a right-of-way on an approved location when the location survey extends only from the east side of the county to the main street in Clarendon. No survey has been made from Clarendon to west county line so far as can be ascertained.

Miss Ruth Lawler is visiting relatives and friends at Silverton.

Sunnyview Political Rally Friday Evening

In keeping with the custom over the county, the citizens of the Sunnyview community are asking the candidates to be present at the schoolhouse Friday evening of this week.

Announcement is made that the program will begin at 7:30 sharp to enable the candidates to get through speaking in time for the folks to get home early since they are having their busiest crop work right now.

Music is promised, and along with it the ladies will serve refreshments. The public is cordially invited to hear the candidates on this occasion.

Skillet's Political Rally Wednesday Next Week

While in town Tuesday, G. W. Beck dropped into the Leader office to announce that the citizens of the Skillet community would entertain the candidates on Wednesday night of the 20th.

They have a new Home Demonstration club in that community, and these ladies are no doubt sponsoring the affair which is promised to be among the very best in the county. The entire public as well as the candidates are invited to be present.

McKnight Candidate Rally Tuesday Evening

The citizens of the McKnight community have invited the candidates out for a rally on Tuesday evening, July 19th.

Ice cream and cake will be served. Good music will be provided and the candidates given an opportunity to present claims for support of the voters.

A general invitation has been issued the public to share in this gathering, it being one of the several held over the county the past month.

Hedley Hostess To Large Group Young People

Sunday July 10th, Hedley was hostess to some 115 members of the Young People of the Clarendon District. The day's program started with Sunday School and a Cabinet meeting at 9:45. Presiding Elder M. M. Beavers preached the 11 o'clock sermon. The ladies of the Hedley Methodist church prepared lunch for the group at the church.

The afternoon program consisted of a talk by Bob Birchfield, new District Secretary and three different class groups. During the business session no officers were elected as follows: Clarence Davis, Hedley, President; Sec-Trea, Grace Stauffer, Heald; editor of monthly paper, Thomas Clayton, Clarendon. The next meeting was voted to go to Memphis, Mrs. C. L. Clements and Miss Catherine Clements of Shamrock conducted a pep rally that really put the pep into the meeting.

The new year's work was entered into with lots of enthusiasm. If the Chapters really put the work over as they plan to, Clarendon District will win the loving cup again next year.

The Clarendon H. D. Club will meet at the home of Mrs. A. H. Baker Friday, July 15th at 2 p. m.

Jericho Will Entertain In Candidate Rally

The ladies of the Jericho Home Demonstration Club will entertain the public at a candidate rally there Saturday night of this week. Refreshments will be served by the club ladies, and the proceeds will be used to pay the expenses of a delegate to the Short Course.

A general invitation is extended the public to be present as well as all the candidates. Everything will be done to make the visitors feel welcome and enjoy this neighborly get-together.

CANDIDATES IN BIG RALLY HERE TUESDAY NIGHT

Presbyterian Ladies Have Large Crowd in Rally On Church Lawn

For more than two hours a large crowd gave respectful attention to a series of talks by candidates on the Presbyterian church lawn Tuesday night. Rev. Robt. S. McKee, the pastor, was master of ceremonies and injected enough good humor into the program to keep every one pleased throughout the evening.

Candidates were the special guests of the ladies, being served without charge when cream and cake was dispensed. No candidate was permitted to contribute in any manner which was quite an innovation, and especially pleasing to the precinct, county and district bidders for office.

The Clarendon band under the guidance of Gus B. Stevenson rendered peppy airs and this was followed by an excellent speech delivered by Mrs. J. D. Stocking in behalf of Mrs. Phoebe K. Warner of Claude, candidate for Congressman-at-Large. Mrs. Stocking gave a short history of the activities of Mrs. Warner and her address was well received.

Candidates John M. Deavers and James C. Mahan for the office of district attorney spoke in behalf of their aspirations. Richard Wischkaemper, John E. Puryear and H. B. Hill as candidates for the office of representative, each summed up their claims for support.

Practically all of the county and precinct candidates were present, each making a plea for support by stating their position on matters which they deemed of concern to the voters.

The ladies of the Presbyterian Auxiliary did themselves proud by the excellent manner in which they entertained the crowd. The pastor was a vital factor in seeing their efforts to a successful conclusion and a financial success, with the entire guest list feeling in the best of humor.

Pampa to Celebrate Formal Rail Opening Friday

A number of local citizens will attend the formal opening of the Ft. Worth & Denver Northern railway at Pampa Friday.

The new road extends from Childress to Pampa, a distance of 110 miles and furnishes a second rail outlet for Wellington and Shamrock. A number of small towns have sprung up on the new line.

Mrs. PHOEBE K. WARNER
Claude, Texas

A group of prominent ladies of Donley county have organized a "Phoebe K. Warner for Congress" club in which Mrs. J. D. Stocking of Clarendon has accepted the chairmanship.

Mrs. John T. Sims, also of Clarendon and long prominent in club work in the Panhandle by having held a number of important official positions in the Federated Clubs, is secretary of this organization.

The members have been actively engaged in campaigning in behalf of Mrs. Warner during the past ten days, and will continue their efforts until the close of the first primary period, July 23rd.

Bromley Family Reunion Is First in Six Years

Surprises were many when the members of the Bromley family gathered at the Bromley ranch Wednesday. Mrs. Ed Bromley, pioneer mother, was the happiest of all to associate and welcome her children, relatives and friends in the first gathering of the kind in six years.

Those present were Mrs. Emma Burnett and daughter Martine of Oklahoma City, Mr. and Mrs. Tom Bromley of San Antonio as relatives from a distance. Also Mrs. Dan Ryan of Oklahoma City, Miss Billie Wall of Enid, Oklahoma. Mr. and Mrs. Bill Bromley and children and Jack Bromley were also present to share in the festivities.

The Bromley family name is linked with the earliest ranchers of Donley county, and has long been identified with the leading names of those who have had much to do with the development of this part of the Panhandle.

Rev. and Mrs. E. B. Bowen had for week end guests Mr. and Mrs. Alvin Thompson and Mr. and Mrs. J. G. Beyer of Hereford.

EXHIBIT SHOWN AT STOCKING DRUG ATTRACTS MANY

Parts Prehistoric Mammals Gathered Locally Become Museum Property

The Panhandle-Plains Historical Society exhibit at Canyon will become richer through the kindness of Mrs. E. W. Bromley's contribution of a giant rhinoceros skull recently discovered by Jack Cook and prepared for exhibit by Will Chamberlain, local paleontologist.

This rhino skull is one of the many interesting relics to be seen in the Stocking drug store show window at this time.

A large jawbone and thigh bone identified as that of a mastodon, is also in the exhibit. An effort is being made by Mr. Chamberlain to locate and assemble a complete skeleton.

One of the most interesting specimens is a block of sediment which has been reduced to almost solid stone by great pressure, and in which is imbedded the tip of the tusk of a mastodon and the tooth of a rhinoceros.

Scientists are of the opinion that these giant animals roamed this section millions of years ago. They further state that the sea has swept over their remains on one and possibly two occasions, to say nothing of the glacial visits of the ice age. Geological history is authority for the statement that these animals lived here before the Wichitas to where the Rockies are now located, and which has since disappeared beneath the surface across the Panhandle.

Exhibits from Donley county are numerous, and grace the halls of leading museums of a large number of cities of the United States and some foreign countries. The Donley county exhibit at Field's museum at Chicago is said to be one of the most complete of rare species of the world. Their prehistoric history is a matter of conjecture, but even at that, they are none the less attractive to those who enjoy delving into the past.

Baptist Workers Council Met at Leslie

Rev. B. N. Shepherd, Mrs. C. B. Stevenson, Mrs. T. L. Kimbriel, Miss Jessie Cook, Laverne Kimbriel and Frances Fowler attended the Baptist Workers Council at Leslie Tuesday of this week.

Missions was the principal subject discussed, and the attendance is said to have been good from over the district.

NOTICE TO TAXPAYERS OF DONLEY COUNTY

To the Mayor of Clarendon, Tex.
To the County Judge of Donley Co.
To the Pres. Clarendon Ind. School Dist.

Dear Sir:-

At a recent mass meeting of citizens and tax payers of this city and county a committee was appointed to offer assistance to the various Tax Agencies looking toward a "balancing of the budget".

The purpose of this committee is constructive, not destructive. Its object is to help, not to hinder. Its appointment was not made in a spirit of criticism, but with a view of aid.

It is accepted by all thinking men and women, throughout the land, that the cost of government-National, State, County, City, and school etc. has mounted to very dangerous heights. It is agreed by all that the cost must be reduced for the tax peak limit has been reached, if our government and institutions shall be maintained.

It is in this spirit that of desiring to help that we are, at this time addressing this to you. That we may be placed in a position of a clear understanding of the financial problems and others, if need be that now face you, we respectfully ask that we, this committee, be furnished, at earliest moment, a comprehensive statement of revenues received and disbursements made during last fiscal year.

We would respectfully ask that such statement be sufficiently clear that we may readily grasp the various revenues and disbursements, looking toward the end that we may act intelligently in our contacts with you, which we would be very glad to have at your convenience and wishes.

We are furnishing to our local papers copy of this letter that the citizenship of this county may know our attitude and purpose.

Trusting we may be granted above request and that our associations and contacts may at all times be pleasant and profitable to all concerned, we are,

Very truly

W. H. Patrick Chairman

Mrs. Nancy M. Cantelou Died This Morning

Following the death of her husband two weeks ago, the health of Mrs. Cantelou rapidly failed until she passed away at 7:30 this (Thursday) morning.

Services will be conducted by Rev. W. E. Ferrell, pastor of the First Christian church from the Buntin mortuary at 10 a. m. tomorrow. Mrs. Ions Ellis, a granddaughter, is the only known relative.

A more complete statement will appear in the Leader next week.

Mayor Says City Valuations Lower This Year

In speaking of the city tax situation Tuesday, Mayor Cagle stated to a representative of the Leader that "the City Board of Equalization has reduced the valuation in Clarendon about 22 percent this year. Last year the city reduced the valuations 14 percent, and that altogether, the valuations the past two years have been reduced 36 percent."

Mr. Cagle also says that the rate of \$1.25 will prevail this year as in former years. He also is of the opinion that the City Commission feels that the taxpayers in Clarendon should show their appreciation of this reduction by making a great effort to pay their city taxes promptly.

Everybodys Sunday School Class at Picture Show

In keeping with the pace set by other ministers in other cities and towns throughout the country, Rev. W. E. Ferrell of the First Christian church is organizing a Bible Class for the benefit of the men of this community. Realizing the seriousness of the financial conditions of the day and believing that there are many men who would appreciate and enjoy meeting in a Bible Class of this type, Rev. Ferrell has made arrangements to use the Pastime Theatre and he invites the men of the community to meet with him there for an hours study every Sunday morning at nine forty-five. His class is called the "Come as you are, Bible Class."

Men who attend in blue-jeans, overalls and jumpers will be as cordially greeted and welcomed as those who appear in the finest tailored suits. As the teacher of this class, he promises to bring lessons from Sunday to Sunday that will help the men to meet some of the greatest problems of the age. He believes this Class will meet one of the great needs of the city and invites your co-operation.

JUDGE KILLOUGH PASSES TO REWARD MONDAY MORNING

Had Resided Here 25 Years And Filled Three County Official Positions

Judge John Carter Killough was born near Shreveport, Louisiana on July 26, 1850, and passed away at his home here Monday, July 11, 1932 at the age of 81 years, 11 months and 15 days.

He married Miss Alabama Shackelford September 25, 1878 at Coryell City, Texas. To this union three children were born, all of whom were present during the last illness of their father. They are Mrs. J. M. O'Neal of Ft. Worth, Mrs. H. M. Ruddell and C. E. Killough of Clarendon. Mrs. Killough passed away October 7, 1924.

Coming to Clarendon in 1907, Judge Killough engaged in the abstract business and continued in the partnership of this business with his son Jack until his death. He served Donley county as county attorney from 1907 to 1910, then served as county surveyor from 1910 to 1912. He was elected county judge in 1912 over J. H. O'Neal, and served until 1916, having been defeated by the narrow margin of one vote by Judge O'Neal, the man whom he defeated in 1912.

Judge Killough enjoyed the confidence of a large number of friends over the county, many of whom had received favors at his hands. He was of a quiet, reserved disposition, of studious habits and of unquestioned integrity. To do good was his religion, and the needy were his first consideration.

Rev. Robt. S. McKee, pastor of the First Presbyterian church conducted the funeral services at the family home Tuesday afternoon. Those attending the casket were Dr. J. W. Evans, F. E. Chamberlain, Wesley Knorrp, P. H. Lougan, Joe Horn and Chas. H. Bugbee, all friends of the deceased over a period of many years.

Rev. D. L. Hukel and family and Mrs. Frank Heath are visiting relatives and friends in Hico, Texas.

Mrs. R. J. Hilton left for Amarillo Tuesday after a weeks visit with her aunt Mrs. Tom Kennedy.

Mr. and Mrs. J. G. Steagall of Waynoka, Oklahoma are visiting his mother, Mrs. Mary Steagall and sister, Mrs. Ira Merchant and family.

DAVE SHANKS

Special to the Donley County Leader July 12, 1932

Dave Shanks, Mayor of Perryton and candidate for State Senator from the 31st Senatorial district has practically finished the canvass of the district, but will recanvass a major portion of it. Mayor Shanks says:

"One reason many people of the Panhandle, even many in Amarillo, are supporting me for Senator is because they feel that Amarillo should not grab up all of the big offices of the Panhandle. The only candidate for Congress, the two Associate Justices of the Court of Civil Appeals and the other candidate for State Senator live in Amarillo. I am the only candidate for any of these places that does not live in the city of Amarillo. The smaller towns and the rural districts are entitled to at least one of the major offices of the Panhandle."

"Honest and energetic service"

faithfully and diligently rendered is what the Panhandle people want", further stated the Mayor.

On being asked if he had read Senator Small's announcement and if so what he had to say about it, Mayor Shanks answered:

"Yes. I am glad that he finally announced. The Senator has been running for governor one week and senator the next for months. He seems to be coming down hill and may be running for constable by election day. The Senator seems to be married to the big state politicians. His campaign and his record in the senate has been dependent on what others thought and did. I believe the people want some one in the senate that can and will do his own thinking and can tell more than 48 hours a day of time whether or not he wants to run for president, governor, senator or constable.

"The Senator Stands on his record: Alright what is his record? Here it is: He was elected senator without opposition. A great majority of his district did not see fit to vote his way in 1928 presidential campaign. As State Senator, Mr. Small was one that introduced and supported a bill which had for its object to kick all out of the democratic party those that did not vote as he had. That they voted right or wrong is not the question. People ought to have the right to vote as they please.

"The Senator voted for a 50 cent sulphur tax instead of a dollar, which was to the benefit of the capitalist and the injury of the common people to the tune of better than a million dollars a year. "The famous Small River Bed Bill meant a saving of Seven dollars to the lease holders (mostly big oil companies) ever time it saved one dollar to the land owner. While the bill was alright and should have been passed it concern-

only those that owned real-estate or interest therein, lying in the beds of certain streams. It did not effect one person in 500 tho many were of the impression that all Panhandle residents were effected.

"His other land bill was 100% farce.

"Senator Small's plan is little different from what most all advocate regarding financing of state highways. But he seems to forget to tell the people whether or not he is for the repeal or alternation of the vicious driver's license law forcing the farmer to obtain a license to drive his own truck to haul his own produce. I am for the repeal or alternation to stop such. Where is the Senator?"

"I want to go to the Senate that I may work for my own district in all ways consistent with proper administration of governmental affairs. Senator Small wants to go, that he may continue running for governor (instead of serving his people as senator), just as he has the past two years. The Senator spent most of the vast campaign fund for his 1930 governor's race, telling the people (among other things) why they should not elect

Sterling and spent the balance telling them why they should elect Sterling. Inconsistent is his political and official record.

"IF THE PEOPLE ELECT ME SENATOR AND IF MY RECORD IS NOT ONE OF SERVICE FOR THE PEOPLE, I'LL RESIGN."

Mayor Shanks has a number of speaking dates to fill in the next few days.

Mrs. Charles T. Hvass and children have returned to their home in New York after a visit with her parents, Mr. and Mrs. G. W. Antrobus. Their stay was made short due to the serious illness of her father-in-law.

Mmes Edd Teer, B. F. Kirtley and Miss Eloise Norman were Amarillo visitors Friday.

Mr. and Mrs. Robert Dillard will

leave Saturday for Canyon for the last six weeks term of school.

Suspicion.
A downstate prohibition paper infers that while John Garner was suffering from a sore throat recently, he did not use a remedy that required him to inhale.

Historical.
Now comes a student of ancient history who claims that the Tower of Babel got its name from the fact that Solomon, with his 500 wives, occupied the Tower as a place of residence.

Outrageous.
In this glorious republic of ours in the good year 1932, the farmers of the land may escape insect pests hail and flood, but the stock gamblers, by juggling of prices, make more in a day than the farmer's entire crop is worth.

Discrimination.
According to ancient custom, every print shop had a 'devil' unless the devil was a girl. In that case she was referred to as the "angel" though her work was not made easier because of the difference in official title.

The Exchange Column.
Dennis Zimmerman of Tulia takes to task a democrat sheet for publishing the picture of Hoover on its front page. "Zim" says that picture should have been in the classified column under the heading of "Wanted, to Exchange"

Bunco Bankers.
Millions have been loaned to the big bankers the past two months. Some of these same bankers used their influence in selling to the workers of the nation worthless foreign bonds a few years ago. They invested nothing in the bonds themselves, profiting only by commissions to the extent of millions. It appears that when they can't get the money directly from the people, they get it from the government and make the people pay the bill indirectly anyhow.

Highway Bonds.
The suggestion that Gov. Sterling should call a special session of the Legislature to afford highway bonded counties relief from a property-destroying burden, ap-

pears to have 'died a bornin' since the Attorney General's department has ruled that such an action would be unconstitutional.

The editor of this publication has put forth every legitimate effort during the past four years to keep Donley county from falling a victim to the highway bond mania that has been sweeping the state. Recent developments and changing opinion has justified the stand taken, and for which the public owes this writer nothing. He simply discharged a duty as becomes a citizen-publisher.

Creeping Paralysis.
When the depression first struck the American people, the farmer was first to suffer as is always the case since he is helpless to place a price on his products. In a very short time, industry was paralyzed as a result.

Paralysis has a way of creeping when the foundation is crippled. The legs of industry was affected when the producers of food and clothing became helpless.

Today we have a crop of demagogic and deceitful politicians and office seekers running at large howling about economy expecting to fool the voters by evasive promises and deceitful statements.

The harder we are pressed, the more do we look for a cure. Voters today are thinking more earnestly and honestly than ever before. They refuse to be controlled by prejudice or to believe campaign lies. They want facts gathered through the years rather than promises suddenly invented after the speaker became a candidate for office.

It looks like the voters have taken the patient in charge, and propose to perform a surgical operation by "cutting off" diseased tissue of the body politic, casting aside vague and false promises where there is no basis of past performance, or interest shown in the voter before election year.

Mr. and Mrs. W. C. Stewart and son Nicky and Mrs. Koimer of Pam pa attended the funeral of Mrs. Stewart's sister, Mrs. Prestridge, at Alvarado, Texas Friday, July 8.

Modern Electric Refrigeration Will Help You Cut Expenses

Acclaimed for its great convenience, its value as an essential health safeguard, and for the delicious frozen desserts and salads available through its use, modern Electric Refrigeration is a household necessity for yet another important reason... the substantial cash savings it will bring you.

With Electric Refrigeration, "left-overs" are not wasted... but safely and conveniently preserved for future use in novel and tasty dishes. And in addition to the economies realized in this manner (statistics show that over 10 cents a day is lost by throwing out usable "left-overs"), further savings can be made through the safe refrigeration of "bargain day" quantity purchases... through buying larger sizes of canned goods—at a much lower cost per ounce... and through the elimination of food-spoilage.

These important savings are possible with Electric Refrigeration because the constant low temperature necessary for the safe preservation of perishable foodstuffs is maintained automatically.

Let Electric Refrigeration help you cut expenses. Ask a salesman to show you our new models... or see your nearest electrical dealer... Today!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

than 25 at the outside." Cop: "Well, maybe you're right. I'll just tear this ticket up and give you one for parking."

First Sailor: "What did you do with your bonus?"

Second Hard Worker: "Well, I spent a hundred shooting craps, fifty in a poker game, fifty on liquor, twenty-five on taxi fare, and seventy-five on a girl."

First: "But that only makes three hundred. What did you do with the other two hundred?"

Second: "Oh, I don't know, I must have spent that foolishly."

Our Weekly CHURCH CHAT

W. E. FERRELL, Minister, First Christian Church, Clarendon, Tex.

Theme: THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE.

I. "THE BODY; A TEMPLE" Text: I Cor. 3:16.

The first temple built by the Jews was the Tabernacle, made of poles and curtains; a very large tent, very beautiful and costly. In and about this Tabernacle God was worshipped. The temple that you know most about was built at Jerusalem. For a long time it was the most wonderful of buildings. It was planned by David and built by Solomon.

Today I am thinking of the most beautiful temple ever built; planned by God, made like God, and made for God. The holiest temple on earth is the human body. Our bodies are not ourselves, remember. The body is the house in which we live on earth. The soul is ourselves, and in our body the soul lives and loves and serves. When the soul leaves the body, the body dies.

When Jesus was a boy He went into the temple at Jerusalem to worship. That was the right thing to do. When you go up to worship in God's home remember that Jesus will also come into your life.

A temple is a place for worship

and prayer. In eastern lands a traveller lays off his sandals at the gate of the temple, so as not to carry any dust or dirt into the house of God. We are told that God will not dwell where there is sin. How careful we should be that paltry things and dust of sin may not dwell in our bodies. You remember that Jesus came one day into the temple and found people doing business that they should not do in God's house. He drove out those who misused His Father's house and said it must be kept as a house of prayer. Jesus dwells within your heart, and your body becomes a real temple. The temple, the house of God, is the place where we have communion with God and learn of His saving love. On the Library of Congress in Washington is this inscription: "There is but one temple in the universe, and that is the body of man." Remember the text: "Know ye not that ye are the temple of God."

(Note: This is the first lesson in a series of twelve on the general theme: "The Temple Built by God, the house in which I live." Next lesson No. 2. "The Architect's Plan.")

Our Sunday subjects are: "The Uncooked Game," at the morning hour and, "The Duties of an A-

merican Citizen," at the evening hour.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rinin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

To the Voters of Donley County:

I regret that it has been impossible for me to meet personally every voter in the county. And am using this method of presenting my candidacy for the office of County Attorney of Donley Co.

I pledge myself, if elected, to devote all my time, capacity, and energy to the handling of the legal business of the county, without personal favor, prejudice, or political favoritism to a few.

I stand for the enforcement of the civil law in county matters the same as criminal law in State matters.

An examination of the County records; to which I invite your investigation, will show that there has been some grievous errors, which has cost the tax payers of this county no little sum of money, and no effort has been made to correct the same.

It is the duty of the County Attorney to see that all laws are properly enforced: First, by advising with the county officers as to the law, and second, if after being properly advised as to any matter of law, they refuse to abide by the law and authorize acts to be done that are illegal; then it becomes the duty of the County Attorney to institute suit and have said errors corrected.

I propose to enforce the law as set forth, and insure you an honest county administration. I stand for efficiency, honesty, courage, and initiative in the management of any public office.

Sincerely,

R. J. DILLARD

OIL COMPANIES FLAYED BY ALLRED IN EAST TEXAS

Flooding of State With Oil Literature Ires Attorney General to Action

Following is an extract from address by Attorney General James V. Allred, delivered at Longview, Texas, Wednesday night, July 13th.

"The Humble Standard Oil Company came down to Austin several months ago boasting openly that they would destroy our Anti-Trust Laws. They had the nerve to declare in open Court that we had no such laws. They boldly asserted that the people of this state were at the mercy of any monopolistic scheme they might conceive to carry out."

"In addition to their regular formidable array of legal talent, they secured the services of some fifty or more lawyers of ability, and included in this number were former judges of the Supreme Court of this state, and a number of eminent lawyers of the state."

"They raised every conceivable objection that able and ingenious lawyers could think of."

"Notwithstanding all of this the Court overruled them and declared the Anti-Trust Laws valid. The right of the people of Texas to protect themselves from the evils of monopoly and unlawful combinations was sustained by the Court."

"While this was going on the Humble Standard Oil Company had its own newspapers correspondent on hand in order to get favorable publicity. If they won one point out of fifteen and I won the other fourteen points, they sent it out to the daily newspapers as a great victory for the Oil Companies."

"They contended we did not have any Anti-Trust laws. The fact remains that the Court overruled them."

"The Standard Oil Company contended that it was not in Court and could not be brought in Court. The Court overruled them and they are in Court."

"The Standard Oil contended that I could not bring their officers from Wall Street to testify about their records. The Court overruled them. Part of them have already made the trip from New York and others are coming."

"The case is ready for trial on its merits and ought to be tried in the Courthouse. This they are unwilling to do."

"What they failed to accomplish at the Courthouse they have set out to do at the polls. If they can elect their mouthpiece on July 23rd to the office of Attorney General don't you know they feel their troubles will be over? Considering the amount of money they are pouring out in this campaign to destroy me, they no doubt confidently expect this suit to be dismissed the day their candidate steps into office."

"But they are mistaken. They haven't got enough money to fool the people of Texas. They can distribute all the yellow circulars they want to as they are now doing by the truck load. I would not have the time between now and election to read, much less answer the charges they have hurled at me through the newspapers, in their books and yellow sheets, and through their paid agents and emissaries."

"It is sufficient answer to say what every thinking person knows—when they found they could not control or intimidate me, they set out to destroy me. If I am not greatly mistaken the people of Texas will rebuke them in no uncertain terms on July 23rd."

DOROTHY DARNIT

By Charles McManus

Several from this community attended the candidate speaking at Hudgins Friday night.
Howard Hughes is spending a few days in Amarillo.

R. W. Moore and Carl Adams are each expecting a combine to drive into their wheat fields this week.
Hawley Harrison says he has no fuss about getting stands for everything he planted came up and then some.

Owen Hott is gunning for J. H. Duckett, whom he believed to be big hearted and very generous, but of late he has changed his mind about all this, since Duckett walked square dab ca-plunk across Owen's field, and he avers that J. H. knew his crop was not in any shape for inspection.
A light shower fell here Sat. Most people here celebrated the Fourth in serving General Green. N. Dinger who has been indisposed for some weeks is reported improving.

Buddie Blackman who has had some tough sledding with a carbuncle on his chin is reported better but not well yet.
Zora Hudson says he would be very glad if his neighbors would keep their fences up, in order that their weeds would not spread over into his field.

A REAL DIVERSIFIER
The writer recently had the privilege of a pleasant visit in the splendid home of Mr. and Mrs. W. L. Butler of Lelia Lake. For several years we had known of Mr. Butler as a man who grew lots of cotton, and we wondered how he was making ends meet with the price of the staple so low. Mr. Butler owns nine hundred acres most of which is situated in the sub-irrigated district of the rich valley near Lelia Lake. The home is located on a 320 acre plot known as Lake Crest Farm, which is individually operated by Mr. Butler who does not think it best to put all the "eggs" in one basket when going to market. In addition to a large acreage planted to feed and cotton, he has the following diversified crop.

Sweet potatoes 25 acres, tomatoes 16 acres, water melons 12 acre canteloupes 6 acres, stringless and great northern beans, cucumbers and beets 2 acres each, alfalfa 20 acres.
Then too he sold five hundred dollars worth of plants this spring consisting of sweet potatoes, tomatoes, etc. Then in the dairy department we noticed ten good milk cows that do their bit each week in keeping expenses paid.
The poultry yard is very much alive with 800 hens and 2600 fryers.

We were told that produce raised on the farm had paid all expenses of running the farm for the present year.
Mrs. Butler who is queen of the home seems to be well satisfied with her surroundings, for they have gas, lights, radio, waterworks and other conveniences that are enjoyed by her neighbors in the city.
Br. Butler has been in poor health for several months, but is much improved at this time, and that his health may soon be fully restored, is the sincere wish of his friend and neighbor.

TEXAS RAILROADS PAY SUBSTANTIAL PART OF STATE'S TAX BURDEN

● Taxes is one of the large fixed charges connected with the operation of Texas railroads. From the standpoint of the welfare of state, counties and communities, railroad taxes are of much importance. This annual obligation must be met from the earning capacity of the rail carriers.

In 1931 the railroads of Texas paid a total of \$8,303,108.47 in federal, state, county, municipal and miscellaneous taxes. The distribution of this amount to the various tax funds is shown below:

	Amount Paid	Per Cent of Total Tax Paid
U. S. Government	\$ 61,270.13	.74
State	1,954,435.47	23.54
County	1,146,669.97	13.81
Roads	1,699,764.15	20.47
Improvement Districts	175,606.87	2.12
Schools	1,437,152.74	17.31
Cities	1,792,994.61	21.59
Miscellaneous	35,214.59	.42
Total	\$8,303,108.47	100.00

It can thus be seen that railroad taxes represent an important and indispensable factor in the economic life of our state. They help in a large measure to pay the expense of our state, county and municipal government, build and maintain highways, pay the cost of drainage and other improvements, and support our schools and educational institutions.

It is the desire of Texas railroads to extend this helpfulness to Texas counties and communities in carrying this heavy burden. However, their ability to meet these obligations as they become due depends upon their ability to earn sufficient revenue with which to pay this and other heavy expenses connected with their operation.

● RAILROADS HAVE ALWAYS SHOULDERED THEIR SHARE OF RESPONSIBILITIES TO THE NATION, THE STATE, AND THE CITIES AND COMMUNITIES THEY SERVE, AND WILL CONTINUE TO DO SO TO THE EXTENT OF THEIR ABILITY.

Hillcrofters Are Winners In Sunday's Battle

The Hillcroft golfers journeyed to Shamrock Sunday and trounced the Cole Creek Country Club players 16 to 12. The victory was the fourth consecutive win over Shamrock in two years and the sixth straight win this season. This increased their lead in the Cap Rock League to 13½ games over Shamrock who is in second place. The game Sunday was marked by close and hotly contested individual matches with players of both teams playing the best golf possible for them to play. A majority of the matches were not decided until the eighteenth hole had been played and three matches were forced to extra holes. The local players are elated after having defeated such a strong team as Shamrock and are confident they will capture the four remaining games on their schedule.

The Hillcrofters will invade Memphis Sunday where they will meet Childress in a match postponed from June 5th.

Hog prices have advanced 60 per cent over the low in May. Hogs topped the \$5 mark on a number of packing house stock markets Wednesday. The price three weeks ago was around \$2.30. Instead of bothering with trick guarantees, phony inducements and special deals, smart car owners ask themselves:

Why buy any SECOND-CHOICE Tire when FIRST-CHOICE costs no more?

***Right now** you car-owners are "sitting pretty" . . . You can buy *more* safe, comfortable, trouble-free mileage for a dollar than in any previous summer . . . You don't have to put up with *second-choice* tires for reasons of economy, because *first-choice* tires cost you no more! . . . Goodyear Tires—the kind we sell—are *first-choice* here, throughout the state, throughout the nation, by more than 2 to 1! . . . They outsell all others not because of any *trick guarantees*, or *phony inducements*, or *special deals*, but simply because they give people the biggest money's worth, and people *know it!* . . . Don't be argued out of the benefits to be had from the *leading tires* and our service. •
