Seventeen Inch Bass Taken By Local Nimrod
A. T. Russell, whose principal vocation is poultry raising and gardening, and whose avocation is that of a fisherman, captured a three pound bass at Lelia Lake recently that measured seventeen inches.
One may get an excellent idea of what can be grown in a small back yard by visiting the Russell home. It is worth any one's time to look over the arrangement and method used to produce an abundance in a small space on which "you could not whip a cat" as the saying goes.

Miss Melba Miller guest of Dr. and Mrs. C. G. Gallaway left Tuesday for her home in Wichita Falls.
Mrs. Slim Tidwell and Mrs. Putman shopped in Amarillo Monday.

CHILDRESS TEAM NOSES OUT AHEAD OF HILLCROFTERS

First Defeat Comes Sunday With Total of 13 to 9 In Hard Fought Game

The Hillcrofters' long winning streak was stopped Sunday when they met the Childress team at Memphis, and were defeated 13 to 9.
The locals had bowled over all opposition this season with comparative ease and seemed content to coast into the championship, but the Childress team thoroughly demonstrated to them that coasting will not win in this league and that they will have to turn on the power for the three remaining games on the schedule if they expect to win.

The locals still manage to retain their position in first place. Second place is occupied by Shamrock who defeated Pampa last Sunday 16 to 6 while Memphis holds their position in third place by virtue of their 10 to 7 win at Wellington Sunday.
The Hillcroft players will again journey to Memphis next Sunday and hope to increase their lead with a victory over the Memphis Country Club team.

Political Rally At Skillet Wednesday Night

Of the series of rallies held over the county, Skillet managed a bit differently when Mrs. Dewey Wood presided. Mrs. Wood is the efficient president of the newly organized Home Demonstration Club which sponsored the gathering.
Practically all of the county candidates, the precinct candidates of that precinct, and a number of district candidates were represented on the speaking program. Mrs. J. D. Stocking again spoke in behalf of Mrs. Phoebe K. Warner of Claude, who is candidate for Congressman-at-Large, Place No. 2.
Cream and cake of the best quality were served in plenty and a neighborly gathering at Skillet was added to the long list of the candidates.

STATEMENTS OF EXPENSE ACCOUNTS ALL CANDIDATES

Second State of Campaign Expenses Continues to Show Economy

The last campaign expense accounts of the candidates before the Primary July 23rd was filed this week. It will be noticed that no candidate is very near the \$300 limit and most of them are far below that amount. It seems that the candidates are practicing economy in this campaign. Some of the candidates have made a house to house campaign in the rural communities, and others have depended upon the rallies that the Club ladies have had for the candidate speaking. This affords the women a chance to make some money to send delegates to the Short Course at A & M College.
Another expense account will be required of the candidates ten days after the First Primary.

Rotarians Hear Musical Treats Friday

The cool banquet room of the Clarendon Hotel was a favored retreat for the Rotarians Friday as they sought to escape the heat.
Misses Pauline Shelton and Jonnie D. Latson favored with a number of select piano duets of a nature that was highly appreciated.

Judge A. T. Cole addressed the members on the subject of "Technicalities of a Vocation" in which he used his own profession as a basis for his presentation.

Dr. B. L. Jenkins took a good-natured "side-swipe" at the Judge by following with a talk on "Scriptural Lawyers."

Announcement was made of the district meeting at Big Springs which will be attended by President O. L. Jenkins and secretary Arch Dyer.

Clarendon H D Club Talks Canning Methods

At the meeting of this club Friday at the home of Mrs. A. H. Baker, canning methods was deemed an appropriate subject at this time and a number of methods were discussed by as many successful canners. Linen and rugs were also discussed.

Refreshments were served to Messdames J. A. Toomb, M. T. Crabtree, O. L. Fink, C. D. McDowell, C. L. Benson, G. A. Anderson, J. C. Estlack, Ed Speed, Major Hudson, W. D. Van Eaton, N. M. Lawler, A. L. Chase, A. H. Baker. Guest of the club was Mrs. Henry Tice of Wellington.

Thompson's Kandy Kitchen Changes Hands

The little candy store next to the Pastime theatre which for the past six years has been known as the Thompson Kandy Kitchen passed from the hands of the Thompsons to Mrs. T. L. Kimbriel.
Mrs. Kimbriel is well known in Clarendon and Donley county having lived almost all her life here. Candies of all kinds and pop corn will be as before the main items for sale.

Paul Montgomery Suffers Personal Injuries

While working with a hay baler on the Montgomery farm in Hall county Saturday, Paul Montgomery's left foot was caught in the machinery breaking the bone of the ankle.

He was immediately brought home and is recovering under an enforced vacation at the home of his parents, Mr. and Mrs. W. M. Montgomery in Clarendon.

COUNTY TO SEND EIGHT TO SHORT COURSE SUNDAY

Thousands of Women Will Join 4-H Club Girls At College Station

Donley county's delegates to the Short Course training classes at the state A & M college will leave Sunday morning, and will return here July 30th.

The ladies to attend, each represent some Home Demonstration club of the county. The girls are the 4-H club girls of the county. Expense money for these trips were earned by the members of each of the clubs.

Mrs. Virgil Jordon of the Martin club is making her first trip as a reward of the members of her club for faithful services. Mrs. W. P. Holley of the Ashtola club has a good record as an enthusiastic worker in that club and will bring back a fund of valuable information to her club.

Mrs. H. M. Reid of the Chamberlain club has filled a number of important positions in county and local club work and is fully competent to render a great service to those with whom she is associated in this work.

Mrs. C. L. Benson of Clarendon has an enviable record for accomplishments in her club work and the practical knowledge gained and thus becomes the choice of her club to take this trip this time.

Miss Lucile Pickering, enthusiastic young lady school teacher and also active in furthering the interests of many other worthwhile projects, will represent the Naylor club at A & M this time.

The 4-H club girls look forward to the journey with a great deal of anxious anticipation each year. Jessie J. Tomlinson of Lelia has many fine records to her credit in 4-H club work accomplishments and prize winning entries. She will have a wonderful lot to tell the girls when she gets back home, and it will be of that practical nature worth while.

Miss Velma Morgan of the Goldston club will be accompanied by Miss Julia Earthman, both of whom have made rapid progress in canning, sewing and various other information gained the past few months are delighted with the future for the next few days and expect to bring home some wonderful stories and a vast fund of information.

Mrs. E. A. Thompson, Misses Ruth and Sara Thompson, and Mr. J. S. Morgan made a business trip to Amarillo Monday.

Sunnyview Attends Rally Friday Night

Practically every county and precinct candidate in No. 2 had an excellent opportunity to speak to the crowd at this gathering. J. F. Jones was master of ceremonies and Neal Bogard was "umpire" for the crowd. Both men performed like veterans.

The ladies of the community served cream and cake in which they realized \$17.40. Of this sum, a net amount of \$13.40 will be applied on the purchase of a lighting equipment for their excellent school building.

As in the other communities, a fine neighborly spirit was in evidence and candidates vied with each other in raking 'goatheads' from the yard before the speaking began. (A goathead is a variety of weed that does not find a welcome in any yard or field so far as can be learned.)

Cemetery Trustees Asking For Assistance

According to the Trustees of the cemetery, the services of the Sexton will have to be dispensed with unless sufficient funds are forthcoming at once to pay his salary.

They state that it is all the more important that he be kept on the job at this time due to the fact that this is the weed season, and that unless held in check, the beautiful cemetery we have known all these years, will soon look like an abandoned field.

All contributions should be given or mailed to the Trustees who are W. W. Taylor, H. Mulkey, A. L. Chase.

Revival to Begin Sunday Church of Christ

Elder Frank L. Cox of Mineral Wells will begin a ten day revival at the church of Christ July 31st. Elder Cox has visited here several times and preached at this church several years ago. His friends are very enthusiastic over getting him to conduct the revival.

The public is cordially invited to come out and hear Elder Cox in this revival meeting.

Election Returns Will Be Tabulated Here

As in former years the complete election returns will be posted on the big return board on the north side of the Goldston building. Returns will probably start coming in about eight or eight-thirty and will be posted until all boxes over the county have been reported. State and district returns will be posted as they come in by wire or radio.

LEGION POST WILL SPONSOR BENEFIT SHOW 25th & 26th

'All's Quiet on Western Front' Will be Shown Two Days July 25th and 26th

The Aubyn E. Clark Post of the American Legion will sponsor as a benefit show, "All's Quiet on the Western Front", at the Pastime Theatre July 25th and 26th. The proceeds from their share of the admission will go to paying the expenses of a delegate to the State American Legion Convention to be held at Corpus Christi, August 1, 2, 3rd.

"All's Quiet on the Western Front" is a story written by a German, Erich Maria Remarque who presents the German's point of view in a manner that takes all the glory out of war, depicting the trials and hardships of the German soldiers. This is a picture that will be long remembered. Many people traveled miles to see this picture when it first came out as the book met with popular approval.

Mrs. O. L. Fink and son Kenneth left for and extended visit in Iowa Tuesday.

Dr. and Mrs. J. G. Sherman visited in Amarillo Sunday.

Sarah Jane Little Laid to Rest Sunday Afternoon

Rev. E. B. Bowen preached the funeral of Mrs. Sarah Jane Little Sunday afternoon at the home in the Chamberlain community at four o'clock. The Oddfellows had charge of the services at the cemetery.

Sarah Jane Little was born February 20, 1849 in Hopkins County, Texas. She died July 7, 1932 at her home in the Chamberlain community at the age of 82 years. She was a member of the Methodist church. The Little family had lived in that community for the past eight years and are held in high esteem by the good people of that part of the county. She is survived by her husband. All three of her children have passed away before this time.

VEGETABLES ARE BEING STORED NOW FOR WINTER USE

Women of Donley County Are Actively Conserving All Farm Resources

There is no question but what the women canners of this county effected savings of thousands of dollars and increased pleasure and comfort a thousand fold" as one fellow said recently, when they proceeded to can everything possible last season.

The canning season is in full blast again. The men folks also play an important part in the work. This industry is no longer looked upon as a side issue on the farm or in the homes of the towns.

The latest and best methods are readily understood. The loss of canned products has been reduced to a minimum. In this issue of the Leader, full directions as to canning will be found. The kind of cans to be used as well as methods has been outlined.

Those unable to purchase a sealer are making nice headway with the pressure cooker and the glass jars. The modern sealer and enameled tin can method is expensive in the beginning, but said to be cheaper in the long run. Others who are handicapped for equipment, use the older method of glass jar and a common boiler and store up hundreds of canned food products.

Beans, peas, okra and tomatoes are being canned. Other varieties will be added in season and pickles and relishes will follow later with meat canning in the fall. It is surprising how many homes are being supplied from the efforts of the housewife at this time from a stock of canned goods prepared last season.

COUNTY BUDGET LAW IN EFFECT OVER TEXAS NOW

First Law Enacted Informing Citizens How They May Get Facts of County Affairs

The essential facts regarding the provisions of the new budget law now in effect is given here that the citizens may know something of their rights to become better acquainted with the machinery of county government. It applies to the duties of a county judge, and permits the people to know something about the expenditures authorized by the county commissioners.

Here is a gist of the new law:

(a) The county judge is the budget officer for the county. The law requires that during the month of July each year the county judge shall prepare budget in which shall be listed in detail all proposed expenditures of the county for the succeeding year. The law provides that this budget may be itemized so as to make a comparison as clear as possible between all expenditures which the budget recommends for the ensuing year and the amounts which were expended for the same or similar purposes during the preceding year. This budget which the county judge prepares shall also contain a complete financial statement of the county, showing all outstanding obligations of the county, of every kind or character; also the cash on hand to the credit of the county, the amount of money received by the county from all sources during the ensuing year and a total estimate of all revenues which will be available to meet the proposed budget and estimated rate of tax which will be required.

(b) When the county judge has prepared this budget in accordance with the above instructions, he must file a copy of it immediately with the county clerk. The purpose of requiring this budget to be filed with the county clerk as soon as it is prepared is to give taxpayers of the county an opportunity to examine this budget and see what it is proposed to expend the taxpayer's money for during the ensuing year.

(c) After this budget has been filed with the county clerk, the law provides that the commissioner's court shall at some date after August 15, and prior to levying the county tax, provide for a public hearing on this budget. Public notice, giving the date, the hour and place where the hearing is to be conducted, shall be given, and any and all taxpayers of the county shall have a right to be present at this hearing and take part in discussions as to all proposed expenditures. After this public hearing is over then the commissioner's court shall take final action on the proposed budget which the county judge has prepared. It is the responsibility of the court to adopt a curtailed budget of expenditures for the county at large and at the same time to levy a tax to enforce the budget—and the tax must not be levied in excess of that required to cover the proposed expenditures. As outlined above, any expenditure made by the court not included in (continued to back page)

Largest Steer in Donley Heading For Market

Clarence Piercy is to ship a prominent member of his family to the packing house market Friday of this week. He has no name, but has a wide acquaintance over the county due to his enormous size.

This gentleman of distinction is a milk pen calf that is in his fifth year of steerhood, weighing over two thousand pounds. The family regrets to give up a family pet, but the rising market at this time beckons and Clarence expects to cash in on one of the very finest specimens that ever left the county.

Too Bad! Too Bad! !

Politics must be rotten in Oklahoma when a man would seek to bar from the race a man who happened to have the same name as the well known humorist Will Rogers. Anyway, Will won, and that's what is causing the commotion.

That Ray of Hope.

For the first time in about three years, hope appears to be returning. With the steady climb of live stock prices, there has sprung up a spirit of courage that is remarkable as compared to what we have experienced for many months.

The wheat will soon be out of the hands of the producers, and what a jump the price will take! The wheat crop of the United States is about 38 percent of normal according to the latest reports. The grain gamblers are merely waiting to get hold of the grain before boosting the price. What will the price be? Our rough guess would be that wheat will be a dollar a bushel by January 1st.

What Penalty?

In taking an inventory of the wrecked and ruined lives of thousands, the numberless graves of countless suicides, the appalling misery of helpless women and children and the abandoned hopes of millions of good citizens of a nation once proud, one is at a loss to picture that form of punishment that would measure up to the crime of the few financiers who have shaped the destiny of our nation the past three years.

Had these results been charged to a labor union, or any ordinary crowd of individuals, they would have been executed long ago. We condemn reds and bolsheviks, and they are bad enough, but any red is an angel as compared to the licentious, merciless greed of the financier who can destroy property and human life without restraint.

Highway Commission.

Tom F. Hunter of Wichita Falls says that much of the state highway organization is 75 to 90 percent duplication of county commissioners. The salaries paid out for this duplication amounts to about \$151,000 per month according to the results of his investigation. Only about 40 percent out of every dollar actually contributed for

highway construction, ever gets to the roadbed, he says.

A total of \$121,670 per month is paid resident engineers and their assistants, office engineers, project engineers, bridge engineers, inspectors, skilled labor and surveying parties. Mr. Hunter further shows in his analysis of the department. The total number of employees at this time is said to be over 7,000 men and women.

These conditions will continue until the Highway Commission is elected by a vote of the people instead of being appointed by the Governor as at present.

As is true in a great many other instances, the road foreman do the most work and get the least pay. Pick and shovel engineers in the employ of the department are few and far between as most of that class of work is done by machinery

That County Budget.

The new county budget law goes into effect this month. A gist of that law is being printed in this issue of the Leader for the information of the taxpayers of Donley county.

The law gives the taxpayer—a taxpayer—the right to hear and be heard before the budgets are finally adopted. If the taxpayer is as alert to protect his interests as he should be, he will appear before his county commissioners with three fundamental principles in mind: 1st—A dollar is worth more today than it was two or three years ago, and he must see to it that the budget total is reduced in direct proportion as the dollar value has increased. This only leaves things in status quo; no economy is thereby reflected. 2nd

—High valuations for the purpose of maintaining low county tax rate is poor and short-sighted economy that may flatter the county commissioners, but does the taxpayer an absolute injustice. The state ad valorem rate is a fixed rate; it is levied upon the values fixed by county authorities; the higher the value, the more you contribute to

the state. The lower the valuation, the less expensive the state government. 3rd—This is a time when economies in government should be enforced. The way to enforce economies is to see that the taxpayer is represented in commissioners court when the budget is adopted. Wipe out all waste and extravagance; consolidate and eliminate; economize.

THIS AND THAT

By Jimmy

The air is filled with politicians and politics. At every turn one is greeted with, "I will appreciate your vote and support, subject to the action of the Democratic primaries," etcetera. The depression has preceded one thing, if nothing else—a lot of people have found out that a public office is not the worst thing in the world to have when times are dull. Nothing proves this more than the number of candidates who have thrown their past lives open to criticism by jumping into the political pot.

The only bad feature in this year's races, from a printer's stand point, is the parsimony of some of the candidates. They talk freely enough, all right, advertising solicitors say, but when you've said that you have said it all.

The only big money this year lies in the Allred-Calhoun tussle. And believe me, Mister, "thars gold in them thar woods." As one drug store wag puts it, the attorney general's race is a contest of "money versus brains," and the Calhoun crowd has the money, don't forget that. You'd think the boy was a Republican the way money is being used to put him over. If the filthy lucre will win, Clem is a cinch. You can lay your

bets accordingly.

In Houston, where the Calhoun organization is active, writers are feeling more prosperous than ever before. Instead of hamburgers, some of the boys are eating fried chicken now. One old boy, who used to smoke more of my tobacco than I did and who hasn't had a dime he could call his own in years is strutting around town telling about the "big money" he is drawing for writing nice things about Clem and derogatory things about Jimmie. There are some mighty fine writers on Calhoun's side of the fence, including such headlineers as the editor and associate editor of two well known Texas weekly magazines.

A well known reporter, who worked on one of the Houston papers for years but who was caught in an economy move, is reported to have turned down an offer of \$100 a week to write for Clem's organization rather than go against his principles. He says he wouldn't write for anyone whom he could not support and although he hasn't earned a dime in six weeks, he would rather go hungry than go against his friend Allred. Which doesn't mean a thing except that with some people money isn't everything.

Weekly Poem

LITTLE THINGS IN LIFE

It is fine to do big things in life
When the chance may fall our way,
To use our talents unstintedly
For the good of the world each day
But the little things that all can do
Ah, they are the things most worth while;
A gentle word, a loving deed,
And a cheerful, happy smile.

It is a wonderful trait to be able to see
The bright side of the cloud;
To encourage our friends and fellowmen
Is something of which to be proud;
But when we are caught in the whirlwind net
Of turmoil and ceaseless strife,
May the BIG things spare us time to do
The LITTLE things in life.

THE SMALL CITY...

A Pacemaker of Progress

More and more the signs point to the greater importance of the small and medium-sized community.

We are proud of the part electric power is playing in laying the groundwork for this greater progress and prosperity.

Gone is the day when the larger metropolitan centers had a monopoly of power supply, the first essential of industrial growth and development.

Widespread networks of transmission lines have given the smaller communities the same high-grade electric service as the larger cities have.

On this firm basis, industries are increasingly recognizing the advantages of location in small communities.

This trend will react most favorably to West Texas, the "Land of Opportunity"—efficiently, dependably and inexpensively served by the West Texas Utilities Company.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

TEMPLE OF TRUTH

Flash and double flash!! Aunt Dynamite is improving. In fact she is canning more corn again. Her recovery is a source of surprise to the nine brothers and sisters of her husband who happens to be a brother of GW. Bless her old heart, freckles and pop-eyes and the best disposition ever I saw when she is asleep. I mean Aunt Dynamite, and certainly not GW. One is here and the other 200 miles away, and that makes some difference when a family racket bobs up.

J. S. Morgan has promised a bunch of corn on the cob. He may not be any kin of Morgan of Confederate war fame, but he is a mover from "who laid the chunk." Thanks Mr. Morgan.

The women folks have about laid by their crops and have gotten out the pressure cooker to begin the canning season. I mean some have. A widow over on the east side of the county did just that this week. Several women have helped their husbands in the field and soon both will get to canning. It takes teamwork and lots of it to get by in a land of plenty.

The College Hill Widow says that a woman's idea of an ideal husband is one that she does not have to watch all the time, doesn't know where he is or cares less until she bumps into him on the way home with a pay check.

Don't overlook the exchange offers on the page ad this week. It's a mighty good time to pay up if you happen to owe on the paper. No subscription renewed unless with three months of expiration on this offer. Read it right now.

A Kentucky paper says that publishing a paper back there at this time is like the explanation of the little boy who was hoeing corn when some ladies stopped to inquire how much he got for hoeing. The boy said, "nothing if I do, and hell if I don't."

One Negro was worrying about the chances of his being drafted for the army. The other consoled him. "There's just two things can happen, boy. You is either drafted or you ain't drafted. If you ain't, you can forget it; if you is, you've got two chances. You may be sent to France or you may stay here. If you stay here you don't need to worry; if you is sent to France you've got two chances. They may send you to the front and they may leave you in Paris. If you stay in Paris, your troubles are over; if you go to the front you've got two chances. You may be shot and you may not. If you're not there's no reason to worry; if you are shot you've got two chances. You may die and you may get well-and even if you die you've still got two chances."

Midnight was striking as the householder crept down the stairs. His eyes fell on a burglar tampering with the safe. "Jove, a real burglar!" he smiled. "Wait a minute, will you?" "While you call a cop, eh?" said the burglar. "Not me!" "No," said the householder, "wait until I call my wife. She's heard you every night for 15 years, and it'll be a real pleasure to her to see you at last."

Young Harold was late for Sunday School, and the minister inquired the cause. "I was going fishing, but father wouldn't let me, announced the lad."

"That's the right kind of a father to have," replied the reverend gentleman, "Did he explain the reason why he would not let you go?"

"Yes, sir. He said that there wasn't bait enough for two."

"Dear teacher," wrote an indignant mother, "you must not whack my Tommy. He is a delicate child and isn't used to it. At home we never hit him except in self-defense."

Our Weekly CHURCH CHAT

W. E. FERRELL, Minister, First Christian Church, Clarendon, Tex.

OUR WEEKLY CHURCH CHAT.
 Theme: "THE TEMPLE BUILT BY GOD. THE HOUSE IN WHICH I LIVE"

I. The Architect's Plan
 Text. Gen. 1:27

Our lesson today is about the most wonderful thing that God ever made. It is the house in which you live. Did you know that God built the house in which you live? You think it was the mason, the carpenter. But the house these men built is not the house that I am thinking about. The bricks and the mortar, the walls and the doors of the man built house will protect you, but it is not your real home. God Himself built the house which is your dwelling-place.

Your body is the place in which you live, and God is the architect of the body. This house of our body is the most complete of all houses. It is a house wholly planned and built by God. It is exactly like the house in which Jesus lived the most beautiful house God ever built.

Why did God build these bodies of ours? What are we to do with them? The builder and architect, must have a purpose in the building. You believe, don't you, that our bodies are fashioned after the likeness of Christ's body, and that we are to use our bodies as He used His?

Jesus kept His body clean and pure. He never gave it to any bad habit. He put it to the good use that His Father directed. That is exactly what any good house-keeper would desire for their own home.

But this body of ours is not our real home forever. We shall live in this house while here, then some day we shall have the home changed, and the house into which we shall go, will be like unto His body, still a God-built house. It will be a house glorified by the touch of God, and then will be our house forever.

God has so planned our house here that we may entertain guests in it. God the architect of our bodies, followed the pattern of His own body, and the body of Jesus is the perfect example of a body fresh from God's hand. To keep our bodies as God would have them, we must have Jesus as the honored guest living with us. He will dwell with us if we will permit Him to do so. (Note next lesson No. 3, "The Frontal View of the House, The Face.")

As Christians our doing must keep pace with knowing, and Sunday morning our subject will be: "Doing the Things Which Jesus Commands." Sunday night we hope to show the difference between a "servant" and "heir" our subject will be "ADOPTION". This is a sermon that you will enjoy so don't miss it.

SUNNYVIEW

Everyone who attended the entertainment given for the candidates here are well pleased, this meeting making it possible for some mothers to hear the many candidates give their views, who otherwise might not have heard

them. Everyone seemed to have a good time with plenty ice cream and cake for everyone. This was donated to all and those that wanted to contribute a little did so. About \$18.00 was realized from this contribution for which it will be used to buy lights for the school house. All join in thanking the candidates and all who helped in this fund. Neal Bogard was master of ceremonies and kept things going lively.

Mr. and Mrs. Heckle Starks, Mrs. Millard Starks and Mrs. Neal Bogard and children made a business trip to Waxahachie, Texas Tuesday. They returned home Saturday morning after driving most all night. They report fine crops all the way down the road.

Mr. and Mrs. Oscar Belle of Pampa were dinner guests of Mr. and Mrs. A. M. Lanham Sunday.

Mr. and Mrs. Jack Bailey and children visited with Mr. and Mrs. F. O. Wood of Clarendon Sunday afternoon and called on Mr. and Mrs. Lanham in the afternoon.

Mrs. Robert Brame spent Sunday at Memphis with her sister, Mrs. Hall. All had a reunion as their father H. A. Cox of Gainville was there, also Mr. and Mrs. Ed Cox and their daughter, Mr. and Mrs. Orville Goodpasture and their

little girl all of Amarillo were present.

Mrs. Roy Brownlee and brother Maurice Patten of Los Angeles arrived here Wed. for a weeks visit with her mother, Mrs. Patten and sisters, Mrs. Heckle Starks, Miss Wilma and brother Phill Patten.

Mrs. Major Hudson of Clarendon also Mrs. Sam Dale and Mrs. Roy Morgan of Goldston spent Wednesday helping Mrs. Brame can beans.

Mrs. D. B. Bailey and Mrs. Jack Bailey are canning peas and beans today (Monday)

Master J. R. Morgan of Goldston spent last week with his grand parents, Mr. and Mrs. Brame.

Mrs. M. E. Jones of Brice is here visiting her daughter, Mrs. Jack Bailey this week.

Miss Louise Wood is spending a few days with Miss Dorris Bailey.

Mr. and Mrs. Irvin Batson of Amarillo spent Sunday with his sister, Mr. and Mrs. Devertie Leathers. While here he got a load of roasting ears, peas, beans and other vegetables to take to Amarillo.

Mr. and Mrs. Neal Bogard and children, Mrs. Millard Starks called on Mr. and Mrs. Sam Roberts Monday afternoon.

MARTIN H. D. CLUB

The Martin H. D. Club met Thursday July 14 at 2:30 p. m. Mrs. J. B. Turnbow hostess.

There were 7 members and 4 visitors and Miss Buttrill present. The demonstration for the afternoon was the making of cookies and the correct way of making and serving tea.

Club adjourned to meet with Mrs. Pool, date to be stated later. Ice box sugar and chocolate drop cookies and iced tea was served during the social hour that followed.

The ice cream supper the H. D. club sponsored assisted by some in the community was a decided success in more ways than one. We appreciate the hearty cooperation of the candidates and their special donations, Mr. Baley helping us out by being master of ceremonies and doing the part to perfection. The trustees being so nice by letting us use the teacherage and benches and Mr. Mosley being such an able auctioneer.

The sum realized \$20.06 will easily finance the trip to Short course for our delegate and a small margin over. Thank you. Music of that kind that pleased was furnished by Messrs. Charley

Hearne and Endsley, all of which the Club appreciated very much.

Club Reporter
 Miss Beatrice Drew, who has

been attending school at Canyon, is here for a visit with her sisters, Mrs. Richard Wilkerson and Mrs. Chas. B. Trent.

WILKINSON-HITT

Monday evening, July 18, Rev. E. B. Bowen pronounced the solemn vows of marriage in his study for Mr. C. B. Wilkinson and Miss Ruby Hitt. Miss Zula Bain and James Bain were with the couple. Miss Hitt has been a student in the college at Commerce for the past two years and comes to make her home in Clarendon.

Mr. Wilkinson came to Clarendon from Floydada to take over the mail route from here to Silverton. He is an industrious young man and well liked by those who have become acquainted with him since he has been here. They will be at home to their friends in Clarendon.

BAIRFIELDS ENTERTAIN WITH PICNIC

Mr. and Mrs. Chas. Bairfield entertained members and friends of the 1926 Book Club on Troublesome canyon on the Bairfield ranch Tuesday evening.

Those enjoying the outing and the old-fashioned picnic supper were Mr. and Mrs. G. L. Boykin, Mr. and Mrs. J. R. Porter and children, Mesdames Henry Toomb, Rayburn Smith, Eddie Teer, Van Allen Kent, W. C. Thornberry, Mat thews, and Misses Helen Martin, Irma Lewis, Edgar Mae and Mable Mongole, and the hostesses, Mr. and Mrs. Chas. Bairfield.

The scene of the party was the beautiful lawn of Mrs. Gray's home. The time was spent most pleasantly in conversation and listening to music by Misses Pauline Shelton, Johnnie D. Latson, Margaret Goldston, and Gertrude Shepherd.

Misses Margaret Goldston and Jo Ella Stewart presided at the punch bowl.

At the close of the evening, Mrs. W. B. Simms, in the name of the W. M. S. presented a picture to Mrs. Borron and to Mrs. Thompson and daughters.

"COME AS YOU ARE" BIBLE CLASS

The first meeting of the "Come As You Are" Mens' Bible Class, held in the Pastime Theatre, was well attended. Eighteen men were present to enroll and all who attended were very well pleased with the program, and a greater number are expected at the next Sunday meeting. The teacher of the class, Rev. W. E. Ferrell, says that the name of the class means exactly what it says, and all men are invited to attend; to Come As You Are.

PRESBYTERIAN CHURCH

Preaching services will be held as usual at the Presbyterian Church Sunday morning and evening.
Rev. R. S. McKee and those attending Ceta Canyon Conference returned Wednesday reporting a fine time. Those in the party included Rhodin Chase, Arthur Chase, Opal Chilton, Jeane McDonald, Rebecca Welch and Bob McKee.

District Candidates Speak At Jericho Rally

Due to the lateness of the hour, county candidates gave their time to district candidates who had come a long distance to speak at the political rally Saturday night at Jericho.

R. H. Templeton, candidate for the office of district judge, was the only speaker in that division to address a fairly large crowd.

The candidates for representative speaking were Ivy E. Duncan, John E. Puryear, and Richard Wischkaemper was represented by a brother.

Mrs. J. D. Stocking led the speaking program in behalf of Mrs. Phoebe K. Warner. Mrs. Stocking is speaking on each of the dates and is received with enthusiasm wherever she appears.

John Hermesmeyer, prominent citizen and pioneer resident of that section, acted as master of ceremonies in a gracious manner that won him many compliments.

The ladies of the Home Demonstration club served cream and cake netting them about \$15, it is said, which will enable them to send two delegates to the Short Course when added to funds already in the treasury.

Attention School Patrons

The final date to transfer pupils from one school into another is July 31st. The office of county Supt. is the place to make a transfer and it is open from 8:00 a. m. to 6:00 p. m. each day. Please do not neglect this matter if your children will attend school elsewhere than where enumerated in the school census.

By-Product Local Dairy Gains in Sales

Aside from the general line of dairy products, the Acord dairy is enjoying an increased demand for their chocolate milk confection this season.

This product is bottled without the touch of human hands at the dairy and reaches the consumer without any possible danger of contamination. Being an excellent food as well as having a more excellent flavor, this drink is in big demand at local confectionaries.

Valuable Grass Discovered Growing Here

Recently in quest of further knowledge of a botanical nature, A. E. Benson brought to the Leader office a specimen of grass which Mr. Benson found growing in his yard. Unable to secure proper identification here, the specimen was sent to the State College.

This chance discovery is a valuable one according to the grass authority who states that the specimen is Texas blue grass, a twin brother of Kentucky blue grass. It is also said to be valuable as an all-purpose plant.

Mr. Benson states that the clump of grass was green all winter, spreads from both roots and seed, is hardy in dry weather and has every promise to become a valuable forage plant in the same grass class in Donley county.

County Precinct Conventions Saturday Afternoon

Mayor Cagle, County Democratic Chairman, urges that all Precinct boxes hold a Precinct convention Saturday afternoon, July 23rd to elect delegates to the County convention, July 30th. This is one of the laws of the party and the statute calls for it.

"For the last eight or ten years we have let a few men run these conventions until now we are on the down-hill grade," said Mr. Cagle. "We should take more interest in our conventions and elect good, level-headed, Christian gentlemen to represent us and we would have a better party."

Lelia Lake Lady Campaigns For Mrs. Warner

No other lady of the Panhandle has been any more active in behalf of the candidacy of Mrs. Phoebe K. Warner than Mrs. H. R. King of Lelia Lake.

She was given the work of that district in cooperating with the Donley county club known as the "Warner For Congress" organization. In addition to meeting the voters, handing out platforms, etc., she has mailed literature to friends as far away as Clarksville, Texas.

Antrobus is Boosting Dry Candidates

Mr. G. W. Antrobus has requested the Leader to publish a list of the "dry" candidates for Congress, and according to the list checked as he handed them to the Leader, they are as follows:

Wright Patman of Texarkana; Morgan G. Sanders of Canton; Sam Rayburn of Bonham; Hutton W. Summers of Dallas; L. A. Johnson of Corsicana; C. S. Briggs of Galveston; Fritz Lanham of Ft. Worth; R. E. Thomason of El Paso; Thomas L. Blanton of Abilene; Marvin Jones of Amarillo.

Mr. Antrobus states that the above list of men now in office voted "dry." His same list quotes Mrs. Phoebe K. Warner as being "personally and politically" dry.

A Last Word

In the campaign just closing, I wish to say I have done my best to see each voter in the county. If I have missed seeing you this is to solicit your support and promise you that if elected I will at all times strive to advance the educational interest of the boys and girls of Donley County.

J. B. (Jimmy) MILLSAP

Candidate for
County Supt.

IN EQUITY WHERE THERE IS A WRONG THERE IS A REMEDY.

R. J. Dillard
--Candidate For--
County Attorney

Is asking you to seriously consider the following excerpts from the Constitution of the State of Texas and the decisions of the Higher Courts of the State in light of the Duties of the COUNTY ATTORNEY.

"The constitution of Texas makes it the duty of the county or district attorney to represent the State in the prosecution of all alleged offenses and in all cases where the civil rights of the people are involved. An item in the appropriation bill appropriating a certain sum of money for the enforcement of a certain law cannot be held as authority for the employment of a lawyer to assist the county attorneys in the discharge of their constitutional duties." (In support of this statement, Chief Justice Phillips cites the following cases: Brady vs. Brooks, 99 Tex. 366; Harris Co. vs. Stewart, 91 Tex. 133; State vs. I. & G. N. Ry. Co. 89 Tex. 562.)

"The commissioners' court are not given general authority over the county business, but merely such special powers as are specifically conferred by the Constitution and Laws of the State" (Art. 5, Sec. 18)

"The commissioners' court has no power to transfer money from any one of said funds to any other" (Henderson Co. vs. Burke, Tex. Civ. App. 262 S. W. 94; Constitution Art. 11.)

"The commissioners' court cannot displace the county attorney from his position and rightful authority under the law as an officer of the county to bring suit on the bonds of the county officials". (Terrell vs. Green, 88 Tex. 542.)

Finally, I wish to state that I am running this race with the interests of the common man at heart. I realize, that if elected, I will be his direct protector as far as a correct and honest administration on the part of the county officials are concerned; and I pledge you, that I will use all the power the law gives me to uphold, protect and insure your interests.

A county is a public instrumentality and has a being separate and apart from its officers. Interests, which are those of the public are to be protected, where possible, against the illegal and unauthorized acts of its agents.

A county officer is liable to the county, independently of his bond, for any breach of his duties imposed by the statute, provided such breach results in financial loss to the county.

JUSTICE OF THE PEACE

Precinct No. 2

I am placing my candidacy before the sovereign voters of Donley County on the basis of competence, qualification and merit. I have offered myself for Justice of the Peace, Precinct No. 2, because I believe I can administer the affairs of this office with ability, fearlessly, with justice to all and partiality to none, and it will be my pleasure to conform to each and every provision of the law as applies to this office.

I am doing my best to secure a license to practice Law in this state and I have been working toward this for over a year. Having such desire does it not appear to you that I would have the interest of this office at heart and would strive hard to build a record for myself by making you the best Justice of the Peace that is within my power and ability.

If you believe in the Democratic principle of rotation in office and economical administration and that a young man should be given an opportunity for public service, then I know you will cast your ballot in my favor.

I ask you to investigate my private life, knowing that when you have done so you will find that it has been satisfactory in all respects.

Folks, I am just like all other candidates—I want your consideration. Please don't forget that I will surely appreciate any consideration you might show me in the first primary July 23rd. I am seeking to be elected to this office on the basis of my ability and eagerness to render a distinct service to my county.

Sincerely yours,

HUBERT P. DAY

RELISHES

Dixie Relish

1 quart chopped cabbage.

1 pint chopped white onion.

1 pint chopped sweet red pepper.

1 pint chopped sweet green pepper.

3 tablespoonfuls of salt.

4 tablespoonfuls of mustard seed.

2 tablespoonfuls celery seed (crushed)

3/4 cupful of sugar.

1 quart cider vinegar.

Soak the pepper in brine (one cupful of salt to one gallon of water) for 24 hours. Freshen in clear, cold water for one or two hours. Drain well, remove seeds and coarse white sections. Chop separately, and measure the chopped cabbage, peppers and onions before mixing. Add spices, sugar and vinegar. Let stand over night covered in a crock or enameled vessel. Pack into small hot jars that have been sterilized.

When ready to pack, drain the vinegar off the relish in order that the jar may be well packed. Pack the relish in the jars, pressing it carefully; then pour over it the vinegar which was strained off. Paddle the jar thoroughly to get every bubble out, and allow the vinegar to displace all air spaces. Garnish each jar with two slender strips of red pepper. Place these strips vertically on the seams in the jar on opposite sides. Cap, clamp and process in a water bath for 15 minutes at 180 degrees F. (simmering)

Beet Relish

1 quart chopped cabbage.

1 quart cooked, chopped beets.

1 cupful grated horseradish.

2 cupfuls sugar.

1 tablespoonful black pepper.

4 tablespoonfuls salt.

Mix ingredients, and cover with vinegar, heat mixture to the boiling point. Pack in jars and seal.

YELLOW TOMATO PRESERVES

2 pounds of peeled fruit.

2 1/2 pounds of sugar.

3 cups of water.

1/2 ounce of whole ginger.

1/2 lemon (sliced thinly)
 1/2 ounce of stick cinnamon.

Boil together water, sugar, lemon, and spices for fifteen minutes, or until 217 degrees F. is reached; add fruit (which has first been scalded and peeled) gradually and gently cook (simmer) until the fruit becomes bright and clear, stirring occasionally and being careful not to allow it to burn. If a thermometer is used, cook to 220 degrees or 222 degrees F., pour into trays, stand over night, pack the tomatoes cold into jars which have been sterilized by boiling in water for about ten minutes and which are still hot, and strain the syrup over them. Process as for other preserves.

Small green or red tomatoes may be preserved whole by this same method. The eggshaped variety is easier to peel and handle than either the small round or pear shaped tomatoes, and gives a more attractive finished product when packed into the jars.

GREEN TOMATO PICKLE

1 gallon of green tomatoes

1/2 dozen large onions.

3 cupfuls of brown sugar

1/2 lemon.

3 pods of red pepper.

1 pint of vinegar and 1 pint of water.

1 tablespoonful of whole cloves.

1 tablespoonful of allspice.

1 tablespoonful of celery seed. (crushed)

1 tablespoonful of mustard seed.

1 tablespoonful of ground mustard.

1 tablespoonful of whole black pepper.

Slice the tomatoes and onions thin. Sprinkle over them one-half cupful of salt and let stand over night in a crock or enameled vessel. Tie the pepper, cloves, allspice, and celery seed in a cheese cloth bag. Slice the lemon and chop two pepper pods very fine. Drain the tomato and onion well. Add all seasoning except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spice-bag to prevent darkening product. Pack in pint jars and garnish with slender strips of the red pepper placing them vertically on the opposite sides of each jar. Process for fifteen minutes.

TOMATO JUICE

Tomato juice is not a by-product. Choice tomatoes only, at the pro-

per stage of maturity should be used, and should be handled immediately after gathering. Tests to determine the effect of holding U. S. grades of tomatoes have been made. Tomatoes of the same variety, same pick and from the same field were held, 24, 48 and 72 hours. They were sorted, picked and the juice from those prepared immediately after picking was of most excellent quality. Those held for 24 hours showed a slight but distinct flavor which is characteristic of decayed or moldy tomatoes. This flavor was decidedly intensified by the 48 hour storage pack and extremely obnoxious in the 72 hour lot.

There are two methods of juice extraction: (1) heating the tomatoes before pressing the juice; (2) extracting juice from cold tomatoes. Extracting the juice from cold tomatoes will perhaps be the better method to use in the home. After the juice has been extracted by the cold method, heat it to 180 degrees F., fill immediately into plain or enamel cans. Seal at once. Process No. 1 and 2 cans for 5 minutes at boiling temperature. Cool thoroughly.

CHICKEN GUMBO

1 fat chicken weighing 4 or 4 lbs. (old fowl may be used)

6 good sized onions.

2 No. 3 cans of tomatoes (or corresponding amount of fresh tomatoes)

3 tablespoons butter.

3 tablespoons lard.

2 bay leaves (crushed)

4-6 pepper corns.

2 red pepper pods (chopped)

1/2 teaspoon thyme.

2 tablespoons salt (or salt to taste)

2 No. 3 cans sliced okra (or corresponding amount of fresh sliced okra.)

6 tablespoons chopped parsley.

2 cups chopped celery (leaves may be used)

2 qts. boiling water.

Clean and disjoint the chicken, using the head and feet. (Do not use the liver). Melt the lard and butter in a frying pan. When hot, fry chicken to a light brown color but not cooked through. Remove the chicken and add to the boiling water. Cover and simmer until the meat slips from the bones. While the chicken is cooking, chop celery and onions fine. Place celery, onions and okra in the frying pan where the chicken was browned. When browned lightly, combine celery, onions and okra with the tomatoes, cloves, bay leaves, peppercorns, pepper pods, thyme, chopped parsley and salt. Cook until the okra and tomatoes are almost done. Canned okra and tomatoes may be used. This will require only bringing the mixture to the boiling point. Remove the chicken from the bones and cut meat into one inch lengths. (Do not use the feet) Strain stock through coarse mesh sieve to remove any pieces of bone. Combine chicken, strained meat stock, and vegetable mixture. Heat to the boiling point. Fill sterilized No. 2 cans with boiling gumbo to within 1 inch of the top of can. Seal and process at 15 lbs. pressure for 45 minutes. Clean and

label the cans. Serve steamed rice moulded in cup with hot chicken gumbo poured around it.

Candidate For

RAILROAD COMMISSIONER

(Unexpired term of Pat M. Neff)

The Railroad Commission regulates the railroads, trucks and busses, oil and gas business, and gas utilities. Because of the importance of these industries and the Commission's part in developing our great natural resources, the office of Railroad Commissioner directly affects the economic welfare of each individual citizen.

I stand for a fair deal to all concerned, always keeping in mind that the people's interest should come first. Every side of all questions will be given fair hearing and prompt decision.

The Railroads are necessary. They should be given fair treatment. Trucks and busses are here to stay. They fill an important gap in our transportation system. They will not be discriminated against.

The oil and gas business has become so important that general business depends largely upon the prosperity of this industry. It is the duty of the Commission to foster and conserve these natural resources for orderly development.

Mother, heed your Doctor
Use the powder he uses for baby!

WHEN you select a powder for personal use, any of a dozen factors may decide your choice. Shade, texture, scent—all are important. . . . But, in a baby powder the essential requirement is *quality!* The talcum for your little one must be *pure* and *safe*, beyond question.

That is why Z. B. T. Baby Talc is approved and recommended so highly by the country's leading doctors and nurses. . . . why it is used so extensively in famous hospitals and obstetrical clinics. The medical profession knows by experience how fine this powder really is—how it not only soothes sensitive skin, but *heals* as well!

Free from lime, mica or any other irritant, Z. B. T. contains a special ingredient which absorbs moisture, neutralizes acids and guards against infection. It is especially effective in relieving summer chafing and prickly heat.

Protect your own skin, too, with Z. B. T. When perspiration causes painful chafing and itching, this pure bland talcum brings blessed relief. Use it also for "burning feet"—after

MCKNIGHT HAS OUT RECORD CROWD TUESDAY NIGHT

Community House is Filled To Capacity to Hear All Candidates Speak

J. H. (Uncle Jim) Pierce presided as master of ceremonies at the political gathering at Mc Knight displaying all the tact and skill necessary to put over his job in great shape.

The girls of the neighborhood passed ice cream and cake to the large crowd with every individual present being supplied. The speaking proceeded for a time after which Sheriff Pierce announced that the girls would 'pass the hat' for any contributions the audience wished to make. The sum so donated to the cause of the boys ball fund amounted to about \$15.

The large Community House, which by the way, is the only one in the county, was filled to overflowing. Several visitors from other sections were present and, like the candidates, were given a royal welcome by the citizens of Mc Knight community.

District and county candidates were given an opportunity to present their claims with the precinct men 'closing the argument' for the defense of their campaigns. This was one of the very best rallies of the series and Uncle Jim Pierce was paid many compliments for the excellent judgment which he used in handling the program with fairness to all concerned.

A truck passed through town Tuesday loaded with 14 head of horses bound for Cuba.

F. J. Hommel, local wholesaler for the Sinclair company, attended a sales meeting of his company at Lubbock Monday.

Mr. and Mrs. Grady Parsons and children of Claude were guests of Mr. and Mrs. J. W. Rowland.

EVERY ONE SHOULD VOTE SATURDAY

Regardless of your choice or your opinion, get out Saturday and vote. It is generally understood that last minute misleading statements will be broadcast on a number of candidates, but it is believed that coming at this time, they will have little effect.

Those who would circulate last minute campaign lies against any one is on a level with those who would take a stab at their victim in the back—when it is too late to make a defense.

The past record of the candidate is the best criterion for the voter to do his or her judging of the merits of any one. This fact has been mentioned on numerous occasions the past three weeks.

Any faction or ring that seeks to strangle the candidate at the last minute by false claims should be severely condemned. There should be honor in politics, and the best way to establish that principle is to begin now by condemning last minute information that could have been circulated long ago when the victim had an opportunity of defense.

Anyway, vote your sentiments, but be sure to vote.
