BRONCHOS CRASH THROUGH SECOND VICTORY FRIDAY

Mustangs Excell Bronchos In Passes, But Lack Punch To Make Yard Gainage

Amassing a total of 24 first downs to their opponents 3, the Clarendon Bronchos trounced the plucky Claude Mustangs here Friday afternoon to the tune of 39-0.

Starting off with a rush the Broncho second stringers made five first downs before they could be stopped, and the quarter ended with neither team scoring. The Mustangs managed to eek out one lone first down.

The second quarter started off sluggish with the Broncho first team playing, but gained momentum as the game got underway. At the close of the quarter, Andis made a brilliant run bringing the ball into scoring position. On the next play, that famous end run around left end was well executed with Hudson carrying the ball over the goal line for the first counter of the game. Try for extra point failed. The Bronchos made four first downs to their opponents one. The first half ended with Clarendon 6, Claude 0.

During the intermission at the half, the Broncho pep squad attired in beautiful Maroon and White suits, put on a little stunt with the releasing of balloons climaxing the act.

The third quarter started off with the Broncho second team rushing the Mustangs off their feet. Whitlock, playing as quarterback, made a fine field general, and quickly maneuvered his team down the field. Making most of the gains himself, they had soon tallied five first downs to the Mustang's nothing. With a smashing play over left tackle, Whitlock made the second touchdown of the game. The try for point was successful. And again with the ball in their possession, they drove for the Mustang's goal line. With the ball on the five yard line, a group of first team men was sent in and on the next play Whitlock plowed his way through for the third counter of the game and his second for the evening. The try for extra point was good. A few minutes later with line plunges and beautiful interference, Hudson added another touchdown making it four. Try for point was no good. The score now stood, Clarendon 26, Claude 0.

The first team of the Bronchos started the fourth quarter with fast end runs and line smashes, and soon had five first downs to their credit. On the next play Hudson carried the pigskin over for another touchdown. They failed to make point. The Mustangs tried to make a fast come back, but lacked the punch to put it over. Though beaten in most every play of the game, the Mustangs excelled the Bronchos in passes, and made things look dangerous at times.

With only a few minutes left in the fourth quarter, Andis stepped a host of opposing players and sprinted across for the sixth and final touchdown of the game. It was his first of the game, but his brilliant runs and line plunges places him in the front as among the greatest of the day's game. The try for point was good.

During the wee hours of the game, every man on the squad was given a chance to get in the game. To some, it was their first taste of action in a real game; to others, it was the chance to make better former trials. To say the least of it, it was a good game—full of sportsmanship and how to be a good loser, as was shown by the Mustangs.

If there was any sign of "Individualism" before the game, it had died out with the first blow of the whistle. Every man played not for himself but for the other. Great teams are built by such attitudes of the players. Liresmen as well as backs are due great praise for the stonewall they threw up against the visitors. The two sectors are inseparable if a team hopes to be "champions." The public appreciates this spirit as was displayed by the Bronchos.

WOMEN DEBATE COUNTY H. D. AGENT PROBLEM MONDAY

Ladies From Every County Club Urged Employment Of Home Demonstrator

A number of representative ladies from the various Home Demonstration clubs of the county met at the Club Room Monday for a council meeting. A "pot luck" lunch at the noon hour was an important feature, after which they went to the courthouse to appear before the County Commissioners.

Their object in meeting with the Commissioners was to secure the appointment of a County Home Demonstration agent, that office having been dispensed with the first of the month.

A number of ladies opposing the idea were also present from a number of communities basing their objections on the idea of economy in county government. Both sides presented petitions with a large number of signatures, one asking for a C. H. D. agent, and the other opposing such a movement.

The Commissioners gave each delegation a respectful hearing in which Judge Alexander assumed to speak for the Court. At the close of a number of talks favoring the movement, Commissioner J. Les Hawkins is said to have informed the ladies that the county agent proposition would not increase taxes if one were employed, or reduced the tax rate if one was not employed. The problem remains in the minds of the County Commissioners as to what is to be done since no announcement has been made.

Christian Church Has Roll Call Services

An attendance estimated at more than a hundred and fifty attended the roll call service at the First Christian church Wednesday evening.

Gus B. Stevenson gave two saxophone solos with Miss Delphia Bones accompanist. Miss Esther Belle Haning gave a reading.

The banquet was served cafeteria style with plenty of food on the tables. Each guest willingly agreed to the self-serving style which was a new custom at an affair of this kind at the church.

The pastor, Rev. W. E. Ferrill, preached a short sermon on the "roll call" and used the banquet feature to illustrate the state of happiness in the world to come. The congregation was dismissed by singing "Blessed be the Tie."

Alleged Bank Robber Gets 25 Years at Memphis

Jodie Edwards, recently brought back from Arkansas on a charge of complicity in robbing the First National bank of Lakeview last May, plead guilty to the charges at Memphis Saturday and was given 25 years.

He was taken to Floydada Monday where he is charged with stealing an automobile at Quitaque. He is also charged with burglarizing several stores at Quitaque.

Stinson, his partner wounded in his capture near the Cap Rock, was given 25 years at Memphis last week. One more of the trio is yet to be tried.

A Different Story This Time

Store Building on North Kearney is Damaged

Fire was discovered on the inside of a store building on north Kearney about 8 p. m. Monday. The fire department's quick work saved serious damage to the outer walls. The interior damage is said to amount to \$1500.

The building was owned by Mrs. Flora White for a number of years but is now owned by Mrs. Hattie Martin of Flomot. Her insurance was canceled at her request less than a week preceding the fire, it is said. A. N. Wood was using the building for a storage room.

Large Wheat Acreage Being Sown on Norwood Ranch

The Norwood brothers, George and Cleo, are turning the farming end of their seven section ranch business over to Carl Bennett Jr. this year. Carl is sowing four hundred acres.

The work is being done with a tractor. Gene Chamberlain is helping Carl day and night runs are made in their rush to get the grain into the ground with the best seasonal prospects at this time of the year for the past several years.

Bulls Produces Bumper Yams North of Town

Donley county has long been famous for the production of sweet potatoes, both as to size and quality. The crop this season is extra good in most cases.

The largest potato thus far brought to the attention of the public is one sent to the Leader office by J. R. Bulls whose farm is located about a mile north of town on the 88 Highway.

This potato weighed five and a fourth pounds and is of the Porto Rico yam variety. He is of the opinion that he will make around a hundred bushels to the acre.

Bronchos to Play at Hollis Tomorrow Night

A large number of local citizens have planned to share in the joys, and sorrows if any, in Hollis tomorrow night when the Bronchos meet the Hollis boys in what is predicted to be one of the toughest games of the season for our team.

Both teams have reputations for winning and latest information is that this will be worth the trip for any football fan.

The Pep Squad will be on hand to cheer the boys. It is possible that all or a part of the band will accompany the motorcade.

G. C. Boswell, superintendent of the McLean schools, visited here Saturday.

DONLEY COUNTY WOMAN HAS GOOD CANNING RECORD

Is Believed to be Record Breaking Achievement in Panhandle

The canning record of Mrs. June Taylor of Donley county is a challenge to the industrious ladies of the Panhandle for place in farm home accomplishments for the year 1932.

The Taylor farm is located about ten miles northeast of Clarendon. When the fact that Mrs. Taylor has the cares of a family with its attendant household duties, her achievement is little short of marvelous.

The canning season opened early in the season on the Taylor farm, in fact some meat was canned before the vegetables came on.

Mrs. Taylor's record up to Tuesday was 3,093 pints of vegetables, 753 quarts of vegetables, 314 qts. of meats, 71 quarts of preserves and jellies, 243 quarts of pickles, for a total of 4,474 containers.

Tomatoes will be the principal item for canning next. Following this, she will turn her attention to canning poultry, chili and a variety of meats as the vegetable season closes.

She uses two pressure cookers and a sealer in her work. Tin cans are given the preference, except that glass containers are used for preserves, jellies and pickles.

Her canned products are in demand, she having sold \$133 worth to date with orders yet to fill. A part of the raw products were produced on the Taylor farm. The other was canned on shares.

In view of this excellent record, it is believed that Mrs. June Taylor has broken the record for Donley county and possibly the entire Panhandle of Texas for individual effort.

36th Division Men Will Meet at Dallas

A call has been issued asking all men serving in the 36th Division during the World War to meet in annual reunion at the Dallas fair October 21, 22, and 23rd.

Half a dozen companies of the famous Division were organized in the Panhandle, Co. H. being from Clarendon. Major E. A. Simpson of Amarillo is a director of the organization.

Mr. and Mrs. A. H. Baker visited their daughter, Mrs. Marion Cox and family in Panhandle over the week end. Mrs. Baker remained for a longer visit.

Eggs And Cream Scrimmage For Higher Prices

Eggs suddenly took a jump here this week when the retail price reached thirty cents a dozen. Very few are being offered even at that price. Several poultry raisers are taking on a new lease on life since the raise.

Cream also took a leap for better prices. It being sold to at least one local buyer at 18 cents the first of the week. Quite a lot of winter pasturage has been sowed this fall, and dairying will be an important item through the remainder of the fall and most of the winter.

Piercy is The Champion Cane Grower of This Section

Some fellows raise 'cain' and so does Clarence Piercy, but it's of a far different variety. This season he has two hundred and seventy-five acres of feed stuff. Fifty-five of that is kaffir. The remainder is red top and orange top cane.

Last season he grew stalks nine feet tall. It is not so tall this time, but it is a fine crop. He contracts his cane ahead of season to the J. A. ranch.

District Legion Convention at Plainview Saturday

More than a thousand World War veterans and ladies of the Auxiliary are expected to attend the district convention at Plainview the 15th and 16th.

Mrs. James Trent and Mrs. L. S. Bagby will represent the local Auxiliary of Clarendon.

It is not known at this time how many of the Legion boys will attend, but Ralph Andis and Milton Shaver have announced their intention to be present. Several others are expected to accompany them over to Plainview early Saturday.

Hartley County is Winner at Dallas Fair

Not so many years ago, Hartley county, of which Channing is the county seat, was an open cow country. Monday of this week it was awarded first place in agricultural exhibits at the Dallas State Fair.

Gonzales county came second, Ellis county third. Others running them a close race were Randall, Hemphill, Wheeler, Roberts and Ochiltree, all Panhandle counties in the "Great American Desert" that pupils read about in the state geography texts.

Misses Heriote Burrell and Dorothy White spent the week end in Pampa guests of Mr. and Mrs. Dale Low.

Changes in Address Costs Us 2 Cents Now

Leader subscribers are asked to notify us promptly before changing address so that correction may be made on our list. If the paper fails to reach you, the postal department will charge us 2 cents for notifying us that you have moved.

With several changing every week, this will amount to quite an item in the course of the year. This new law appears under Section 617 of Postal Laws and Regulations which may be seen at any postoffice.

GROOM MEETING OF HIGHWAY 66 IS HELD MONDAY

May be Essential to Condemn Part of Right-of-Way on North Side of Track

The location of the roadbed on 66 Highway across the north end of Donley county is giving some of the trouble experienced on No. 5, except that the state and federal departments are said to want the location north of the Rock Island tracks, whereas they demanded that it be placed south of the Denver on No. 5.

J. W. Knorpp, groom banker and president of the Texas U. S. Highway 66 Association presided. A luncheon was held at the noon hour with music furnished by the high school band. Those attending from here were W. A. Massie, and commissioner Sid E. Harris.

At least two land owners on the north side of the Rock Island are of the opinion that it will be necessary to bring condemnation proceedings to induce them to part with the right-of-way across their holdings. At the same time, they are willing to contribute the necessary land if the highway is routed south of the track.

W. D. Van London, resident engineer of Amarillo, stated that appropriations had been made by the state to complete grade and drainage if right-of-way was furnished by Donley and Carson counties. This is the only gap in the paving between Oklahoma City and Amarillo, and is about thirty miles in length.

Musicians Appear Friday On Rotary Program

Members of the local Rotary club were favored with two violin solos by Miss Elizabeth Kemp during their luncheon hour Friday Rhodin Chase accompanied on the piano. He also rendered a beautiful piano solo. Both musicians made a hit with the Rotarians.

A contribution was made to the "plaque" fund in which a committee is raising funds for placing a plaque beneath the picture of Mrs. Adair at the hospital. Dr. B. L. Jenkins, in speaking of the matter, enumerated the many worthy objects to which Mrs. Adair was a contributor while living here, and so long as she lived.

Reading Leader Effects Big Saving to Householders

Many of our readers tell us that they can save the price of a year's subscription by merely reading the advertisements, special bargains and such like in one issue. The grocery bargains alone each week will enable the average housekeeper to save more than the price of a year's subscription.

In comparing the prices advertised in the Leader with those in any other paper, the reader will find plenty of reasons for reading the Leader. And besides, advertisers in the Leader make it possible for you to have a better paper. Patronize advertisers in the Leader because they are helping you get a better paper, and also save you money.

Mrs. Maggie Berry of the state A & M college was a Clarendon visitor this week.

DISTRICT COURT WILL CONVENE ON MONDAY MORNING

Docket Reveals Mostly Civil Suits to be Tried Here This Term of Court

District court will open here next Monday with the Grand Jury getting down to business the same day. Very little crime has been committed in Donley since the spring term of court. Civil cases will be tried the first week of court.

The appearance docket is as follows: Realty Trust Co. vs J. M. Warren, et al, foreclosure on paving lien; Carrie E. Owens vs Slaughter Company, foreclosure on vendor lien notes; Bert Smith vs C. N. W. Adamson, foreclosure on note; J. D. Latta vs Texas Employment Insurance, damages; G. W. Antrobus vs I. H. Kinsey et al, foreclosure on vendor lien note.

Divorce Docket: W. O. Percival vs Jewell C. Percival; Orene Taylor vs Henry Taylor; Annie Jones vs Luther Jones; Lorena Lane Mc Bee vs John McBee; Ollie Maye Turnbow vs Paul F. Turnbow; Mattie Marie Meyers vs Edgar M. Meyers; Mandy I. Ming vs Archie R. Ming.

Local Examination in Guard Duty Appointment

Guard (Penal and Correctional Institutions), \$1,680 a year, less \$180 to \$240 a year for quarters and subsistence when provided, and less a furlough deduction of 8-13 percent and retirement deduction of 3 1/2 percent; U. S. Penitentiary Service; Department of Justice.

Full information may be obtained from Norm Rhodes at the local postoffice relative to the examination for this appointment.

Hagler Opens Hat Shop in Clarendon This Week

Walter Hagler of Wellington has returned to Clarendon and installed all the necessary equipment to properly clean and block hats, a trade he has followed for several years.

His shop is located with Parsons brothers cleaning plant where he is putting quality into his work, and making prices that makes it unnecessary for this business to go out of town in the future. He will appreciate a trial when you need his services.

Denver Railroad Wants Co. To Hire Agent

M. B. Oats, agricultural agent for the Ft. Worth & Denver railway was here the past week and made an appeal to the authorities asking them to again employ a county agent. Mr. Oats stated that his company paid in some \$22,000 in taxes each year, and they felt that a part of this should go toward farm development which he felt could be better assured through an agent.

Donley county dispensed with her county agent the first of the month to conform with the budget, it is said.

CORNELIUS DUKE

The marriage of Miss Loree Duke of Memphis and James Ozier Cornelius of this city occurred at Mangum, Oklahoma June 17th, the announcement being made by the mother of the bride the past week.

The bride is the only daughter of Mrs. Grace Duke and has lived in Memphis all her life. She graduated from the Memphis high school with the class of 1929 and later attended Texas Woman College at Ft. Worth one year.

The bridegroom is a son of Mr. and Mrs. L. L. Cornelius of Clarendon.

He is a graduate of the local high school and has been employed at the Rexal store for some time. They will make their home in Clarendon.

The bride was accorded social honors in Memphis last week among them, being an afternoon party at the Judge Elliott home when Miss Dorothy Elliott, assisted by her sister, Mrs. J. E. Teer of Clarendon, entertained in her honor.

MacDOWELL CLUB

The cleverest program of the year for the Mac Dowell Club was planned and led by Miss Mildred Martin on Saturday evening. This program was presented in the Ladies Club Room with Mrs. R. Wilkerson and Mrs. Rayburn Smith acting hostesses.

A picturesque garden scene had been created with the use of small willow yard furniture, garden flowers and artificial grass. Decorative screens made the outdoors scene complete.

The new president, Mrs. John M. Bass, presided during the business session. Roll call being answered with the name of a nursery rhyme or fairy tale.

"Dance of the Pine Tree Fairies" and nursery rhymes were nicely rendered by the MacDowell chorus following which a violin solo, "Dance of the Elves", was played beautifully by Mrs. Edna Boykin. Mrs. Allen J. Bryan then took the audience to the Orient with her rendition of "Aritra's Dance" by Grieg.

Master Jack Stevenson and little Miss Dorothy Nell Allen completely captivated their audience with their clever rendition of "Handel and Gretel" (in costume) as a vo-

cal and dance number.

Miss Anna Moores, always a favorite with her audience, beautifully sang "The Fairy Piper" and "My Shadow."

The last scene was an original arrangement and clever portrayal of a number of the most popular nursery rhymes converted into a playette featuring solos, readings and story telling with the following children taking part: Mary Lorena and Peggy Gorman, Jerry and Harry Kerbow, Jim and Ben Boykin, Ada Sue, Jo Anne and Victor Smith, Cassandra Morris, Dorothy Anne Kennedy, Dorothy Nell Olier, Jack Stevenson, Manley Bryan and Frank Stocking Jr., with Mrs. G. L. Boykin acting as "Mother Goose."

Much credit is due Miss Martin for the success of this program and her originality in staging such a complete evening's entertainment.

SIMS P. T. A.

Mrs. I. O. Noble, newly elected president of the Sims Parent-Teacher Association, called the house to order and presided during the session Tuesday afternoon.

The Rhythm Band under the direction of Mrs. Elizabeth Powell made its initial bow to the public and rendered a nice program of Ensemble and solo numbers.

Members of the 5th grades gave fire prevention slogans which will be of benefit to those who will heed them.

Mrs. U. J. Boston gave a splendid talk from the text "Growing Into Life" by David Seaberry, with Mr. Drennar closing the program with a few hints on the amendments to the Constitution to be voted on November 8th.

During the business session, Mrs. W. C. Thornberry was asked to serve on the social service committee.

The meeting date was changed from the second Tuesday of each month to the first Thursday of each month.

Miss Elizabeth Steven's room received the book for having the most mothers present.

Mrs. Clarence Cobb and small son Jack, who have been real sick are said to be slowly improving.

Mrs. T. W. Lovell and children of Perrin spent Friday night with relatives of Ashtola enroute to Amarillo to visit her son and family, Mr. and Mrs. Ed Lovell and to see the new grand daughter who arrived August 16th.

The people of the community are sorry to learn that Mr. Dixie and J. B. Scarborough formerly of this

place, are very low with typhoid fever.

Mrs. Curvin Erwin and baby of Borger spent the week end with her parents, Mr. and Mrs. Charlie Jones and family.

Mrs. Henry Dozier visited relatives in Amarillo last week.

Mrs. John White and son J. F. spent the week end with her parents, Mr. and Mrs. Deaton of Claude.

Miss Gladys Holley of White Deer spent Sunday with her parents, Mr. and Mrs. W. P. Holley.

Mrs. J. M. Graham visited relatives in Amarillo Sunday.

Mr. and Mrs. John Dial have gone to Celeburne for a visit with Mr. Dial's sister, Miss Selma Dial.

Mr. Clarence Cobb made a trip to Childress last week for cotton pickers.

Miss Grace Hardie while learning to drive a car last Thursday, ran into the front of Mr. Tims grocery store and did considerable damage, however no one was hurt.

Mr. Bert Edelmans house burned Sunday night and lost everything except a few bed clothes.

Valley Town Completely Inundated by Rio Grande Rise

Here is an aerial photo of Hidalgo, Texas, which is bearing the brunt of the latest rise of the Rio Grande river. Witnesses believe this flood, caused by rises on the San Juan and other Rio Grande tributaries in Mexico, will surpass any flood experienced in the Lower Rio Grande Valley. The San Juan has flooded 150 square miles in Mexico and cut itself a new channel, while on the Texas side, a strip three to eight miles wide is under water from Mercedes to Rio Grande City, and ten miles of railroad track on the Missouri Pacific is washed out.

REPUBLICAN VIEWPOINT

Governor Roosevelt talks much of his "farm" in New York state and people have wondered what kind of a farm has no hog lot, but it has a wonderful polo ground and a fine tennis court. What appears to be a silo at a distance is really an elevated water tank for the care of the lawn and sunken gardens; and what one would naturally take for the hen house on a normal Middle West farm turns out to be a glass enclosed hot house. Not many South Dakota farms have a tiled swimming pool on the place but the Roosevelt farm boasts two! While no cows are in evidence, what one would take for the cow paths on an ordinary farm are all hard-surfaced and flag-stoned. The suspicion naturally arises that this is not a "farm" at all in the South Dakota sense. Rather, it is a "New York farm" which is something else again. No wonder Gov. Roosevelt is so conversant with the farm problem that he promises to fix everything overnight if he is elected.

MY QUILT

(By Audrey Lee Darrow.)
(Junior writer, age 12, 545 South Second Street, Missoula, Mont.)

I am piecing quilt blocks, Red and green and blue, Taking tiny stitches Firm and straight and true.

The patches tell a story Of the gowns I wear; Mother, dear, has had them Laid away with care.

This blue patch was a romper In which I learned to crawl; That pink one was a little dress Grandma made my doll.

That one with tiny rosebuds I wore to Aunt Lane's tea. Sitting very quietly Was very hard for me.

That piece with little flowers Was made for me by mother; It was my favorite party dress; Some day I want another.

The first day that I went to school I wore this dress of blue; I felt so very big and brave And most important, too.

So each piece has a story As I said before, And every time I add a patch, It's just one story more.

When I am an old, old lady, I will love to see All these lovely patches That mean so much to me.

cratic nominee has discussed controversial questions on his western tour. He refutes the baseless charges of those who had said he had no plan by which intolerable conditions could be improved. He reveals himself to the nation as a fearless leader, whose incisive intellect comprehends fundamental problems and points out remedies so sound that confidence in his leadership is engendered. Thousands daily conclude that a change in our national government is needed, and that change can best be made in interest of better administration of the government by calling Franklin D. Roosevelt to do the job.

METEOR FIRES FEED SHOCK

Tulia Herald: A novel exhibit was on display at the fair last week. It was the remains of a meteor which had fallen from the sky into a shock of feed on the W. H. Hardage farm 8 miles north of Tulia. The intense heat from the meteor set fire to the partially green feed which drew the attention of Mr. Hardage to the scene, where upon investigation he located a mass about the size of a man's head imbedded in the earth underneath the shock. This was of a dark clay color which had been burned to a crispy, ashy substance in the center of which was what appeared to be a small mass of molten metal of some sort that had also been subjected to the intense heat.

The exhibit caused much interesting comment among the many spectators.

THIS IS NO JOKE

Kansas, a pioneering state in the cause of prohibition, is made the butt of many jokes because of its dry attitude. It is no joke, however what Kansas has reaped as a re-

sult of its bone-dry law. In Kansas there are: Fifty-four counties without any feeble-minded; ninety-six counties without any inebriates; thirty-eight counties without any poor houses; fifty-three counties without any persons in jail; fifty-six counties without any representatives in the state penitentiary.

CHEVROLET FIRST FOR SIXTH TIME

NEW YORK, N. Y., Oct. 12.—For the sixth consecutive year the Chevrolet Motor Company has won first place at the annual automobile show sponsored by the National Automobile Chamber of Commerce, according to the drawings made here last week.

This honor, one eagerly sought by the industry, carries with it the right to first choice of exhibition space at the two automobile shows to be sponsored by the N. A. C. C. at New York and Chicago early next year.

Relative positions are awarded by the chamber on the basis of dollar volume of member companies in the twelve months ended June 30. In this period, Chevrolet led all member companies of the N. A. C. C., having built and sold more cars than any other manufacturer in the association.

First place at the N. A. C. C. drawing was taken by Chevrolet originally in 1927 when the company was building a four cylinder car, and every year since then the award has gone to this largest producing division of General Motors by a constantly widening margin year after year.

A recent communication from Miss Ruth Thompson locates them at 3225 Wabash in Ft. Worth, having purchased a home at that street address.

Mrs. Lummie Joy Clark of Miami spent the week end with her parents, Mr. and Mrs. C. M. Lane of Clarendon.

Why buy any second-choice tire when a GOOD YEAR costs no more?

The experience of tire-users is that Goodyear Tires give greatest value at every price—every year the public buys MILLIONS more Goodyears than any other make. That's a pretty definite indication of superior value.

BRONCHOS LOSE TO HARVESTERS BY CLOSE SCORE

Make New Football History At Pampa Tuesday Almost Tying Class A Team

Lacking only one point of tying the Pampa Harvesters in a 6 to 7 score, again demonstrates the ability of the Clarendon Bronchos, a class B team. Clarendon scored first in the fourth quarter when Andis carried the ball four times successively to gain 24 yards and a touchdown. This feat was accomplished by plunging through the middle of the Harvester line.

Supreme Court says Ferguson Name Goes on Ballot

In an opinion signed by all three Justices, the State Supreme Court Saturday ordered the Secretary of State to certify Mrs. Miriam A. Ferguson's name to be printed on the general election ballot. Mrs. Jane Y. McAllura, secretary of state, immediately wired each county clerk in the state to see that the orders of the Supreme Court were carried into effect. The ballots in the various counties are to be printed this week. There will be eight columns on the ballot this time. Mrs. H. L. Bracy has been confined to her home the past week suffering from an infected hand resulting from accident in handling a pressure cooker.

THE DEPRESSION And The WORLD WAR (An Editorial)

Little more than a year ago, we began to seriously realize the realities of a gigantic financial calamity of world-wide proportions. Our particular section has been most fortunate indeed in that we have escaped widespread calamities of disease and drouth. More especially have we been blessed with the association of a class of citizens without a superior and few equals. A stock of hardy westerners who continue to 'carry on' under any and all circumstances.
