MERCHANTS HAVE BIG SELLING DAY HERE SATURDAY

Buyers Eager to Purchase Bargains From Choice Fall Offerings

Many merchants of Clarendon report Saturday's sales as being larger than those of any other single day since in early '29. Quite a number report business of that day better than for any other single day of the year.

The crowd was not larger, but more buyers were in evidence. This buying evidence extended to every line of business with the grocery and drygoods stores leading. The eagerness with which bargains were snapped up took on the aspect of conditions preceding the slump in 1929.

That business is on the upgo is said to be due to two reasons. First, the demand that has been created through enforced economy through the several months, and even years. The second reason may be found in the fact that the need may be met with cash money gotten from a low-priced cotton market that was produced with a limited amount of expense.

Farmers of Donley county have made their crops on a very limited expense basis this season. What they get out of it, will be largely used in the purchase of necessities, only a small part of it going to pay debts because the indebtedness is limited.

There is more actual cash in the country because most of the cotton growers are gathering their crops themselves. Those who are not following this plan, are using every method of economy by reducing expenses of gathering to a minimum.

Business men have used every caution to stock their stores with stocks that are in demand. They purchased early on a low market—a market much lower than the present should they have to buy on the open market today. The consumers are showing their appreciation of this fact by purchasing needs early in the season.

Armistice Day Plans Have Not Been Completed

According to information given the Leader, Armistice Day will be celebrated by local Legionists November 11th in a different manner this year.

Local members will join Legionists in a celebration at Memphis on that day. The Clarendon band, directed by Gus B. Stevenson, will accompany them to Memphis where the band will be given a luncheon along with others celebrating the Day. A complete announcement will be given in the Leader next week.

Mr. and Mrs. M. M. McCracken of Hudgins are visiting their son John near Clayton, New Mexico. Mr. McCracken expects to make a deer hunt while out there.

Girl Again Rules After Lion's Rampage

Here are Majorie Kemp, intrepid woman motorist and Sultan. The big tawny cat that clawed her Friday at the State Fair of Texas. Miss Kemp takes Sultan for a ride around the motorcycle drome in the act. While a hundred people watched from above, Sultan tore Miss Kemp's shirt to shreds and ripped her arm and shoulder. Miss Kemp, brought the car to a stop, changed her shirt and finished the act, after giving Sultan a thorough thrashing.

SHAMROCK WILL PLAY BRONCHOS HERE TOMORROW

Team is in Fine Fettle To Play Fighting Irishmen On Local Gridiron

No game of the season's schedule in this or any other year arouses more enthusiastic expectancy than that of the fighting Irishmen when they are billed to contact the local Bronchos.

In all past games, this has been a battle between two famous teams under obligations to maintain a historic record of playing that has won renown for each team.

The game here tomorrow, Friday afternoon, will be no exception. The Bronchos have been put through a hard schedule. They have been carefully trained and given every encouragement. They feel confident of victory, but will not enter the game over-confident.

New jersey sweaters were issued the Bronchos by the coaches Wednesday. They are of that beautiful maroon color with white shoulders. Players will be numbered as follows:

Davis 10; Mann 11; Whitlock 12; Andis 13; Watson, E. 14; Bolls 15; Evans 16; Word 17; Watters 18; O'Neal 19; McMahan 20; Heile 21; Martin 22; Easterling 23; Hudson 24; Watson 25; Corman 26; Greene 29; Cooke 31

Methodist Conference Meet At Amarillo Nov. 10th

The 23rd annual conference of Northwest Texas district of Methodism will convene at Amarillo on November 10th with Bishop H. A. Boaz of Houston in charge. Clarendon will be a strong contender for the honors of entertaining the Conference next year against Plainview and Abilene.

Due to financial conditions, it is said that few if any changes will be made in presiding elders this time, and very few changes made in locations of ministers of the church.

Clarendon Band Broadcast Over KGRS 29th

Band director Gus B. Stevenson announces that the Clarendon band will appear in a broadcast program over station KGRS of Amarillo Saturday afternoon of next week.

This program will be for a forty-five minute period and will be arranged for by Mason King. The personnel of the broadcast will be announced in our next issue.

Mr. and Mrs. W. O. Hommel and daughter are spending the week in Dallas seeing the Fair and visiting relatives.

Mr. and Mrs. T. M. Pyle and Miss Opal and Miss Norma Rhodes visited relatives and friends in Pampa Sunday.

HIGHWAY WORK BEING HELD UP BY STOCK PENS

Commissioners Bide Time To Save County Extra Expense at Ashtola

Progress on Highway 5 through Donley county is practically at a standstill until the J A ranch and Denver railroad officials can agree upon some plan to settle their stockpen problem at Ashtola.

The County Commissioners do not care to pay the Denver \$8,000, which was the price asked, to get a removal of the stockpens south of the proposed highway route, and build a spur track.

The ranch people do not care to drive cattle across a paved highway. Those who have had some experience in driving cattle across a pavement claim that it is something like driving loaded horses across a ravine.

Since it is cheaper for the county taxpayers for the highway to make a bend around the stockpens, the Commissioners are said to be standing pat on that conclusion while the ranch and railroad interests are thrashing out their differences.

It is expected that the matter will be decided this week, after which actual surveying of the route will begin at the Armstrong county line and extend into Clarendon on the south side of the Denver tracks.

Casing Thefts Are Chronic Monday Night

Clarendon had one or more unusual visitors Monday night, in the way several citizens summed up the matter Tuesday morning after exchanging notes following a personal inventory of their casing property.

Dr. Gallaway was minus both spare tire and wheel, taken from his car in front of his home. M. W. Mosley came up missing four casings. Earl Alexander lost a casing probably to the same bunch of thieves.

John Lanford found some miscreant had unshod his trailer taking four casings. One or more traveling men are said to have complained of casings missing from the spare wheels.

This is the first outbreak of petty thieving in town this fall and the matter will be more closely watched hereafter. No one wants this town to become a second Lubbock, and it won't with the kind of officials we have on the job.

WORLD COTTON CROP ESTIMATED LOWER IN 1932

Frost Over Cotton Belt Advanced Price Points Wednesday

The New York Cotton exchange estimates the world production of cotton for this season at 21,700,000 bales, the smallest world crop in nine years. The production last year was 26,294,000. The biggest crop of all time was 27,804,000 in 1926-27.

The world carry over this year was the largest on record being 17,295,000 at the beginning of the 1932 season, or more than three million more than the preceding season.

This carry over gives a supply of 38,995,000 bales as compared with 40,242,000 last year, making the supply this season short of last by 1,247,000.

It has been charged that more than five million bales of the carry over each season consists of the cheaper grades of linters and bolles used to beat down the price since such grades are unsalable. Efforts have been made to secure a government investigation of the matter without results so far.

DEMO RALLY IS SCHEDULED FOR TUESDAY NIGHT

Speakers From Amarillo To Bring Message to Donley County Voters

Announcement is made by Mayor W. P. Cagle, chairman of the county central committee, that a democratic rally will be held at the courthouse in Clarendon next Tuesday evening at 7:30 p. m., the meeting to be held in the district court room.

Old Tack, famous columnist of the Amarillo Globe-News will be one of the speakers. The others have not been named at this time.

Goldston Community Supper For Friday Night

School folks and friends of the ministers are requested to be present at the Goldston school Friday night of this week.

A pie supper will be a big feature with plenty of music. The proceeds of the pie sales will go towards rewarding Rev. Gattis, Campbell and King for faithful services rendered the community

HOLLIS TIGERS BADLY MUTILATE BRONCHOS FRI.

Local Boys Not Experienced In Night Playing Given As Serious Handicap

Although the Bronchos were up against a much heavier and more experienced team when they played the Hollis Tigers last Friday night, the boys put up a good fight and displayed the true Broncho spirit.

The Bronchos came out with only 3 first downs, while the Tigers had 10 to their credit. The Hollis boys had a great passing machine and picked up many yards with passes.

Andis and Martin, doing the kicking for Clarendon, got off a number of nice punts that registered just a little better average than those of the Tigers. The Bronchos played a good game considering the odds they were against and we are all still betting on them to come through for another district championship. In order to do this they need all the support the fans of Clarendon can give them.

Speaking of support, let's all be out Friday afternoon to see the boys match their power with that of the fighting Irishmen from Shamrock, and to see them rededicate a stinging 31-0 defeat last Friday into a glorious triumph.

Cotton Gathering Slowed Down by Rain Again

After several days of bright weather ideal for gathering cotton, a brisk norther Wednesday was followed by some sleet that night and rain today.

A plentiful supply of cotton field hands has enabled farmers to keep the gins busy rushing the gathering ahead of bad weather.

Cotton buyers complain that too much "bolly" cotton is flooding the market holding the price down. One buyer in Clarendon is said to pay \$2.50 a bale more for picked cotton. The yield bids fair to average a quarter of a bale it is said.

More town people than ever before are making daily trips to the cotton fields by autos where they find employment that nets the average individual more than a dollar a day. This is especially true of Memphis, some of them going out as far as Brice.

Sam Evans of Ashtola returned the first of the week with a bunch of colored cotton pickers which he secured near Corsicana.

CARNIVAL STUNT AT ASHTOLA ON FRIDAY NIGHT

Parent-Teachers to Back Show With Features Of Special Interest

The high school carnival to be held at the Ashtola school Friday evening of this week is said to be different from any other. There will be more entertaining features, more shocks and more surprises.

Down carnival row will be found a bingo table, wheel of fortune, doll rack, fortune telling booth, and other amusements including a shooting gallery.

A bunch of fiddlers will stage a contest. All who enjoy old time music will get their fill of fiddling with the accompaniments.

The nail driving contest will likely be limited to the ladies. Whether they are to use hammers or rolling pins has not been announced—maybe both.

The 42 tournament fishing pond is more of a mystery. Hamburgers, chili, ice cream and everything to eat is easily explained when one knows the number of excellent cooks around Ashtola.

Brice will be up with a bunch of ball players with the avowed purpose of beating Ashtola's high team on their home grounds. The game begins promptly at 5:30 p. m. Friday evening. Don't miss it.

This carnival conquest is being sponsored by the Ashtola Parent-Teacher association, the first event of the season of a number of plans by which they expect to help out with the success of their school.

OLD-TIME MUSIC PEPS ROTARIANS IN LUNCH MEET

Club Will Enter Actively Into Community Benefits Over County

Discussion of plans that see in their fulfillment a special service rendered to the various schools and community projects over the county will again be one of the objects of the local Rotary club as was the objects carried out on previous winter months since its organization.

The best service rendered was in the gifts of books contributed to libraries, and the most beneficial was free medical examinations of pre-school age pupils, if one may judge from the outspoken appreciation expressed by the public where such help was given.

The program Friday was entirely different to that of any other in that old-time music was a feature. John Hunt played "break-downs" while Elmer Palmer accompanied with his tenor banjo, or at least an instrument that appeared to be a cross between a banjo and a guitar, and R. E. Drennan at the piano.

Regardless of what the instruments might have been, the music was most pleasing. These men who favored the club with their talent began with the liveliest tune in "Soldier's Joy" with many more similar tunes thrown in for good measure and wound up their program with the smooth, rhythmic strains of "Over the Waves."

F. E. Chamberlain and R. E. Drennan were in charge of the program. The program for Friday of this week is said to be in the making for another enjoyable hour for Rotarians.

Roy Ingram was a guest of the Club and expressed his pleasure at meeting with the home town men. Elmer Palmer and John Hunt each volunteered short talks of a pleasing nature.

Alleged Robbers of Lelia Lake P. O. Sentenced

James L. Leland was given a five year term in the federal penitentiary at Amarillo Saturday on a charge of robbing the Lelia Lake postoffice. Leland was found to have a long criminal record when fingerprinted. Annis, his partner, was somewhat of a novice in the game and received only one year.

This is the pair that exchanged shots with Sheriff Pierce and deputy Ike Rains when they investigated shortly after the report of the robbery. Leland was severely injured when their car turned over at the rail crossing two miles east of town where both were captured.

N. M. Lawler and daughter Peggy were in Silverton Wednesday where Mr. Lawler transacted personal business.

Where Liquor Was Stolen From Government

Here is the Federal building at Port Arthur, Texas, from which 1128 pints of choice imported liquor were recently stolen from the U. S. storeroom in the basement, where custom officials had placed it after seizing it from rum running vessels. The thefts were made a little at a time over a period of three months. Five negroes, one of them a janitor of the building, and one white night clerk at the postoffice were arrested.

West Texas Press Association

Hokey And Manna.

While the republicans look upon the Literary Digest straw vote as a lot of "hokey", it appears as manna from heaven to the weary democrats who have been backed off the pie counter for sixteen long, bloody years.

Receptive.

Candidate Bullington has announced that Anti-Ferguson voters may support him if they so desire. He even goes so far as to invite their support. This will be a source of satisfaction to this element to know that they are acceptable since they intended to vote that way anyhow.

The Radical Press.

Never before in the history of the nation did the daily press play up the socialist nominee for president, but they are now. It is said that this is a republican scheme to split the working man's vote to permit Hoover to slip in again. Be that as it may, the daily press is not sincerely in favor of electing Norman Thomas for any office.

Water And Politics.

We have often heard other things being mentioned in connection with politics, but it remains for Paducah to turnish the water that got mixed up with it.

Soon after the county went for "Ma", the district offices of the highway department were moved from Paducah to Childress. The department said "water was bad" when offering an excuse for handing Paducah the lemor.

Intelligent Monkeys.

When this government becomes as fearful in disturbing the consumer as it claims it does big business, we may get back to that stage where we can manage our national affairs with as much satisfaction as a bunch of African monkeys manage theirs. Who ever heard of wild monkeys in the jungle having depressions and deaths from starvation and suicide?

Uncle Sam—Servant.

For a number of years the enterprising Uncle Sam explored the West Texas and New Mexico country with deep well tests exploring for potash deposits. No potash deposits of note existed outside of Germany. This government needed a home product.

Many valuable deposits were discovered, and especially east of Carlsbad, New Mexico where it is now being developed on a large scale. The government located these potash beds at depths of something like 800 feet at government expense.

The Mellen interests own the potash discovered and their company is doing the developing. Do you get the idea?

Not Handicapped.

Martha Frances Hale of Berkeley, California was married last week. There is nothing extraordinary about that announcement. But she was born without arms. Besides being a graduate of Leland Stanford University, she is somewhat of an athlete winning prizes both in swimming and dancing contests. She is said to be able to accomplish with her feet most anything that can be done with the hands in the way of sewing and other household duties common to the every day woman.

When we appear to have reached our row's end, in our narrow imagination, we should think of this girl who has accomplished more than the average girl despite what would be considered serious

handicaps. She is employed by the city as a social worker at a good salary. Her husband is an insurance man.

Demopublicans.

The Leader is in receipt of article from the National League of Republican Roosevelt-Garner Club, from their San Antonio office. This article is being printed in the Leader this week because the Leader is open-minded and fair to all organizations alike wholly without prejudice.

This article is a stinging rebuke of the Republican administration in general, and of Hoover in particular. It has democratic condemnation backed clear off the map.

Behind the scenes, this is no doubt an appeal to democrats to gain their support for Orville Bullington, republican candidate for governor against Mrs. Ferguson. There is no hope for Hoover and his crowd, but there is for Bullington if a portion of the disgruntled democrats will vote for him—and they will.

The article is headed, "To The Republicans of the United States." It is worth reading. You will find it in this issue of the Leader.

Hoover Saved Something.

Cal Coolidge, in his speech last week made the statement that "in this war against depression, president Hoover not only had to meet enemies from abroad, but he had to combat enemies at home."

We didn't know that. We do know that the government sounded out all the potash territory of west Texas and New Mexico, and that the Mellen interests now have control of the entire potash fields of the whole United States.

Did Hoover "combat" these Mellen boys in their attempt to own and control the entire nation? He did not!

Then who DID he combat? Nobody knows but Cal.

We do know that Hoover in his Des Moines speech claimed that it was necessary to lend government

money to the insurance and loan companies, the railroads and a few others to save the interests of the stockholders.

These corporations had 876,924 stockholders. Perhaps they will be saved loss.

On the other hand, 78,000,000 farmers were allowed to "hust" without the sympathetic understanding of Hoover. Seventy-eight million citizens may root-hog-or-die while less than one million may ride over through the mercies of government officials who help the big boys (not the small stockholders), in preference to helping that class of citizens who are the backbone of the nation.

TWO MONTHS WORK FOR NOTHING

How would the average citizen like to work 61 days without any pay whatever?

The answer is that he wouldn't like it at all. But that, in effect, is what he is doing. Sixty-one days work out of each year is required to pay the cost of government. In 1924, it was 46 days, and in 1913 about 25 days.

The ratio is constantly rising, it means that in the not-too-distant future, the taxpayers will be working for the taxeaters all the time, and for themselves not at all. Every time a new bureau is created, every time a new department comes into existence, a little more of the money we earn finds its way into the Treasury.

As President Hoover has said, to continue on the tax road we are traveling is to impoverish the nation. In the last 16 years the cost of government has increased nearly 150 per cent. The results are found in hoarding of capital, industrial retrenchment, unemployment. The tax issue, in all its phases, is one of the most important problems the American people have ever faced.

GOVERNMENT IN BUSINESS

Government is actively engaged in more than two hundred different kinds of industry in which it competes with us, all to the same beneficent purpose. In this competition it is subject to none of the restrictions it lays upon the private individual. It pays no taxes, keeps its accounts as it chooses and fixes prices as it will. It can merge, consolidate and monopolize without fear of the heavy hand of the law, and in some cases under its express protection. Hatful as monopoly is, we are expressly forbidden to contest its dominion in the distribution of mail matter.

In that same newspaper which carried the account of action against coal operators as a monopoly was the warning from the Post Office Department that it was a penal offense for a telegraph or express company to deliver the monthly statements of a business corporation!

How does all this bear on the "great experiment" in democracy inaugurated by the founders of the Republic? Are we going forward or backward? Is the sun of liberty rising or setting? These are not academic questions. No question can be said to be academic which involves the collecting and spending within a single year of \$15,000,000,000 of the money we have earned by toll or money left us by our parents, who labored providently to ease the burden of their children.

Our forefathers were committed to the idea that the most effective way of escaping the threat of tyranny or despotism was to reserve to the individual as much freedom as possible and to equip government with as little authority as possible. The boldness of their great experiment lay in reversing completely the political

order which had, for centuries, served as guide for governmental conduct. They adopted the rule that the state derives all its authority from the individuals who compose it. This displaced the old rule that the individual owes all that he has to the state. Furthermore, in order that the state—or government—should not fall into the ways of older governments which had become despotic,—a lesson they had learned by painful experience,—they carefully limited its powers by written constitutions. They said in so many words that it should have only the authority to do what it was commissioned to do and no more.

AMERICAN CHARITY

Big hearted? Oh Yes. We're the biggest hearted nation on earth. We'll squeeze the very economic heart out of three-fourths of our people and then take up a big national collection and give a few cents back to everybody. We're strong for charity. We're liberal with our old clothes and anything else we don't want. But we have almost forgotten that the common every day people have any rights. We've robbed 11,000,000 men of

their jobs. But if they will struggle along until Christmas we will try to send all of you a Christmas basket with a meal or two in it and perhaps some toys for the kiddies.

We have taken 75 per cent of the value of all your crops from you. If you will just go on a few more years, feeding us all at less than cost, and keep smiling and stop hoarding we believe you'll see prosperity coming around the corner after while. We're reduced almost everybody's salary but our own but that is to teach us all the value of a dollar so we will know what to do with the next one we get, if we live to get it.

Gandhi has determined to die for the rights of his people. Our rights have already been bought and paid for by the blood of hundreds of thousands of our people ever since our history began. They gave their lives to establish this democracy. But what has happened to our

democracy? What has become of the rights of the common people to life, liberty and the pursuit of happiness?—Phebe K. Warner.

The Spread of Power Is the Spread of Industry

What does it mean when electric power is distributed widely over the countryside to small towns and farms? Such is the task that has been accomplished by the building of far-flung power lines in the past twenty years. What is its effect?

It means that industry can operate as efficiently in small communities as in the large cities. It means a better distribution of industrial activity, with an improvement of working conditions and a reduction in manufacturing costs.

Industry is following the power line to the small community... and here in West Texas, the "Land of Opportunity," the West Texas Utilities Company is leading industries to the 125 progressive cities and towns dependably served from its 2,500-mile transmission line network.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Merely to guess about it is dangerous... A disregard of the "irritation cry" may alter your child's whole disposition. Leading doctors now tell us that at least 66% of all babies are allowed to suffer needlessly the torture of Urea Irritation. The stinging uric acid form tiny, gritty crystals... invisible to the eye, yet harsh and cruel to tender skin. Z. B. T. Baby Talcum is made precisely for this type of irritation. This mildly-medicated compound powder contains a special ingredient which not only draws every trace of moisture from the skin-folds, but actually neutralizes the dangerous acids... Z. B. T. soothes and heals, guards against infection and keeps your baby's skin sweet and healthy. Protect your own skin, too, with Z. B. T. When perspiration causes painful chafing, this pure bland talcum brings blessed relief. Use it also for "burning feet" - after shaving - and as a dusting powder. Your druggist or chain store sells Z. Large advertisement titled 'Three Reasons Why Every Woman should Vote for Roosevelt and Garner'. Text: 'Roosevelt has known pain and hardship. He has fought a courageous and winning battle to health. He can understand the man and woman who is today struggling against terrific odds and he can be trusted to put heart as well as mind into the battle. The child is the first victim of depression. The Democratic platform's constructive economic policies foster the child's welfare. Its traditional enlightened foreign policies protect him from the menace of war. Its pledge for lower tariffs will renew the faith and friendship of other nations. The life partnerships of Governor and Mrs. Roosevelt and Speaker and Mrs. Garner symbolize all that is finest in American home life. PATHFINDER CLUB

The Pathfinder Club met on Fri-

day in the Club Room with Mrs. E. B. Bowen and Mrs. O. T. Smith as hostesses.

After a short business session, the Club enjoyed an interesting program on Browning, led by Mrs. Fred W. Rathjen, as follows:
Roll call—Name of a Browning poem.

Robert and Elizabeth Browning—by Leader.

Use of dramatic monologue—"My Lost Duches", Miss Temple Harris.

Browning in Art—"Andrea del Sarto", Mrs. W. B. Sims.

Browning in Music—"Abt Voyhr"—Mrs. B. G. Smith.

Vocal—"Oh, love, but a day", Mrs. O. T. Smith.

After adjournment, nice refreshments were served by the hostesses.

WEATHERLY-FERGUSON

Robert Weatherly and Miss Gladys Ferguson were united in marriage Sunday morning by Rev. E. Gaston Foote, pastor of the San Jacinto Heights Methodist church in Amarillo.

Mrs. Weatherly is a graduate of the Jacksboro high school and for the past four years has made her home in Plainview where she has been employed in the office of Hon. Homer E. Minor.

The bridegroom is the son of Mr. and Mrs. R. C. Weatherly of Clarendon where he grew to manhood and was educated in the local schools. After graduating from Junior College, he has since been employed as a teacher in the Lelia Lake schools where he is highly esteemed as an instructor.

The newlyweds will make their home in Lelia Lake where the Leader joins the many friends in wishing them every success.

ENTERTAINS WITH BRIDGE PARTY

Miss Lois Alexander entertained with a bridge party Tuesday evening at the Parish House in honor of Mr. and Mrs. Johnny Tucker who were married recently.

In the games, Mrs. Johnnie Tucker received high for ladies. Joe Bownds was awarded high for men. Mr. and Mrs. Tucker were given a gift prize. A surprise shower was also given Mrs. Tucker.

A delightful salad course refreshment was served at the close of the games, after which dancing was enjoyed until a late hour.

Those present were the honorees, Mr. and Mrs. Johnny Tucker, Messrs. and Mesdames Joe Bownds J. S. Smith Jr., Meade Haile, Mrs. Katherine Starks, Misses Bettie Walker, Julia Mae Caraway, Lorraine Benson, Lois Alexander, and Clyde Martin, Winford Gattis, William Green, Eugene Letts, Houston Bell and Rev. L. L. Swan.

TUCKER-HAILE

A marriage ceremony was said by Rev. L. E. Carpenter, pastor of the Christian church at Hollis, Oklahoma October 13th which united in wedlock Johnnie Tucker and Miss Nadine Haile, both of Clarendon.

Mrs. Tucker is the youngest daughter of Mr. and Mrs. W. B. Haile who received her education in the local schools and who later attended a school for girls at El Paso. She also received special training as a beauty parlor operator graduating from a San Jacinto beauty school in Amarillo. She is at present manager of the Whitlock beauty parlor.

The bridegroom is a son of Mr. and Mrs. J. R. Tucker and has spent his life in Clarendon taking an active part in football while a student of the local school. He is employed in the Bon Ton Confectionery.

Both of the contracting parties are popular with the younger set with whom the Leader joins in wishing these young people a long useful journey through life.

How One Woman Lost 10 lbs. in a Week

Mrs. Betty Luedeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."

To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast go lighter on fatty meats, potatoes, butter, cream and pastries—it is the safe way to lose unsightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drugstore in America. If this first bottle fails to convince you this is the safest way to lose fat—money back.

But be sure and get Kruschen Salts—imitations are numerous and you must safeguard your health.

Legionists Stage Two-Day Celebration

The convention of the 18th District American Legion at Plainview Saturday and Sunday drew a crowd of 845 whereas the state convention drew 1115. The attendance broke all records for the jumbo district of the state.

Mrs. L. S. Bagby and Mrs. James Trent represented the local Auxiliary at this convention. The Post was represented by Commander H. R. Kerbow, Joe Holland, Cliff Decker.

Denver Agricultural Agent Explains His Position

Referring to an article recently appearing in the Leader relative to the County Agent, Mr. Oates wishes to include the County Home Demonstration agent as being necessary in his opinion for the betterment of the county.

A portion of the letter written by Mr. Oates reads:

Inasmuch as some may understand this statement to mean that the Denver Road is interested only in the employment of a County Agent, and not in favor of employing a Home Demonstration Agent, I would like to correct this impression by stating that we have always been interested in County Agent's work, and Home Demonstration Agents work. The Home Demonstration Agents in Texas have done remarkably good work, and I am sure have done as much to "save the Country" during the depression as have the County Agents.

Donley County has been particularly fortunate in having an excellent Home Demonstration Agent, and I regret that her work has also been discontinued.

I am very hopeful that in the near future both the County Agent and the Home Demonstration work may be reinstated in Donley County. The FW&DC Ry. would be glad to know that its proportion of the tax money paid in Donley County is going to the support of both County and Home Demonstration Agents work.

Yours truly

Trade In Your Worn Tires for Safe Gripping Non-Skid Firestone Tires

LIBERAL trade-in allowance—now—on all Firestone High Speed and Heavy Duty Tires!

Why take a chance on worn, smooth, uncertain tires when you can buy Firestone non-skid safe, proven tires at lowest prices.

Firestone Tires are designed to grip the road. The non-skid tread is thick, tough and gives 25% longer non-skid safety.

Glen Schultz only last month set a new world's record in climbing Pike's Peak, in 16 min. 47 sec. His top speed was 78 miles per hour—negotiating many hair-raising turns where a skid or a tire failure meant death.

It's that kind of stamina that makes Firestone Tires safe and economical for you. That's why race drivers use Firestone Tires. They won't risk their lives on any other make.

No tire in the world has the Firestone endurance. That is because Gum-Dipping, the patented Firestone process, transforms the cotton cords into tough, sinewy units. It means that the liquid rubber penetrates every cord and coats every fiber, assuring protection against internal heat. Two Extra Gum-Dipped Cord Plies under the Tread, give 56% stronger bond between tread and cord body.

Don't buy cheap tires that are only made to sell. Don't risk your life on wet, slippery pavements these October days—Use the same precaution race drivers use. Trade in your old tires—We will give you a liberal allowance on Firestone Tires—the safest tires in the world.

The Firestone tread is designed with angles and projections to give the maximum traction and non-skid. Firestone Gum-Dipped Tires hold all world records on road and track for Safety—Speed—Mileage and Endurance.

SMITH

B. B. Smith who underwent an operation for appendicitis at a local hospital last week is reported doing nicely.

Miss Inez Crow spent the week end in Memphis visiting Miss Mabel Godfrey.

Robert Jackson was operated on for appendicitis at a local hospital Friday night and is doing fine.

C. A. Crow is in Clarendon this week on grand jury.

Mrs. Lindsey Davis and Mrs. L. Smith of Groom came Tuesday to be at the bedside of their brother and son B. B. Smith.

There will be an old time community meeting at the Smith school house Friday night 28th, under the leadership of Miss Inez Crow and Rev. Moore of Plaska. Everyone is cordially invited.

Mr. and Mrs. W. M. Hilliery, Mrs. Oral Smith, Rev. and Mrs. Moore, Mr. and Mrs. W. Bowden were guests in the C. A. Crow home Sunday evening.

Mr. and Mrs. W. Bowden delightfully entertained with a bridge party Tuesday night honoring Mrs. Jack Darty of Paris, Tex. A lovely two-course salad lunch was served to Mr. and Mrs. Jess Dennis, Mr. and Mrs. "Red" Williams, Mrs. L. Prater, all of Memphis, Miss Inez Crow, the honoree, Mrs. Darty and Mr. and Mrs. W. Bowden.

PLEASANT VALLEY

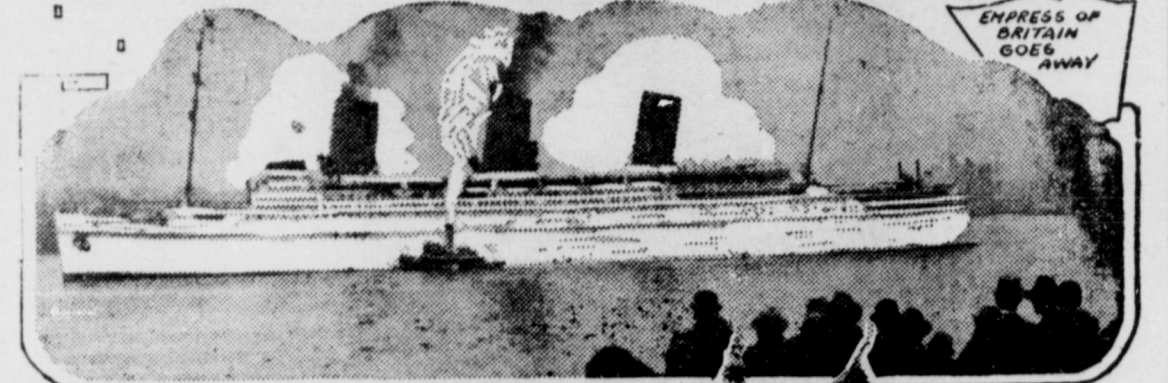

The farmers have been exceedingly busy gathering their cotton, corn and maize. Most of the cotton in this community is quite late however.

Miss Bonnie Hardin delightfully entertained the young people with a "tacky" party at her home Saturday night. Everyone present reported a good time.

Mrs. Frank R. Williams of Hutchinson, Kansas, Mrs. Dewey Wood and daughter, Frances Duella of McLean were dinner guests of their sister, Mrs. John Goldston Tuesday.

Mr. and Mrs. Usery moved into their new stucco house on Miss Annie's Bourland's farm Monday.

"Rent a Round-the-World Apartment This Winter,"
Slogan of Hundreds of Expectant Globe-Trotters

There was a good old slogan, "Why Pay Rent When You Can Own a Home?" And now there's a new one "Why Pay Rent When You Can Go Round the World for the Same Money?" Both are good, of course, and there are bargains everywhere, including steamship bargains. One may now circle the globe on a big 42,500-gross tons' liner like the Canadian Pacific's Empress of Britain at about the same expense that would be incurred for rent and meals at home. Only a few years ago a traveller who had gone round the world was an exception; now nearly everybody proves that the world is a globe by leaving New York Dec. 3, for example, going East on the Empress of Britain across the Atlantic Ocean through the Mediterranean, back across the Pacific Ocean and through the Panama Canal to New York, arriving home April 11, 1933, after a glamorous voyage of 129 days covering 81 ports and places in 23 countries.

It is equipped with very modern conveniences. Morris of Sunnyview and Lewis Cannon of Lelia Lake were Sunday dinner guests of Mr. and Mrs. W. D. Higgins. Mr. and Mrs. John Goldston and children were callers in the J. J. Goldston home of Clarendon Sunday afternoon. Mr. and Mrs. Nelse Robinson visited in the P. H. Longan home

Saturday evening. Mr. and Mrs. Jeff Aduddle of Brice and Mr. and Mrs. W. A. Bailey spent Sunday in the Edward Wheeler home.

Mr. and Mrs. Nelse Robinson and children spent Sunday at Mr. and Mrs. Edgar Beach's at Hedley. Grandma Hightower of Saddler, Texas celebrated her 92nd birthday there. She came up especially for the celebration, and is planning to return the latter part of the week.

Mrs. W. I. Raines and Ike Raines of Hedley spent Sunday with Mrs. Edd Bromley.

Mr. and Mrs. Nelse Robinson and children were visitors in the John Chamberlain home Monday night.

GOLDSTON

Bro. King of Goodnight filled his appointment here Sunday morn and night.

Fontayne Elmore and Bill Weston left Monday morn for Colorado on a business trip.

Mr. and Mrs. Glen Jolley and son of Wellington visited Mr. and Mrs. Clyde Dyer this week end.

There is to be a pie supper here Friday night Oct. 21. Everyone is invited to come out and help out. The proceeds will be divided among the three preachers who held the revival meeting in the summer.

Glenn Phillips of Brownfield is visiting his uncle, Mr. L. H. Earthman and family.

The fireman of the Goldston gin was severely burned Saturday when the flue of the boiler blew out. Mr. R. Mantooth of McLean is working a few days in his place.

Those who enjoyed the birthday dinner given in H. B. Rhodes' home Sunday in honor of Mr. Mode Hatley, H. B. Rhodes Jr., and Laverne Rhodes were Mr. and Mrs. L. L. Johnson and son, Curtis, Mr. and Mrs. M. W. Hatley and son, R. V., Robert Lee Kerbow, Mr. G. A. Little of Chamberlain, Mr. and Mrs. J. W. Rhodes and family. Methodist Quarterly Conference will be held here Saturday. Bro. Beavers of Clarendon will preach Saturday morning and again Sunday night.

Mr. and Mrs. Clarence Heironemus of Pampa announce the birth of a seven-pound daughter, Bettie Rose, on the 15th. Mrs. Heironemus was formerly Miss Agnes Caraway.

Miss Mary Jo Chamberlain visited relatives in Dallas over the week end, returning to school at Canyon Monday.

Donley County Leader, \$1.50 a year

What a Dollar Bill Will Do

It is with a source of pride that we announce the renewal and new subscriptions being added to the already long list of the Leader. The extremely liberal offer is an extra inducement to our readers and friends to PAY UP NOW.

Less than 2 cents a Week

At the rate of \$1.00 a year, the Leader costs you less than 2 cents a week. There is no other publication of the same quality being offered at such a fair price. (Due to excessive postage, we are forced to charge \$2 a year for the Leader beyond the second postal zone.)

Looking at Texas

New features are being added to make the Leader even better this winter. New pictures every week in connection with state news. This costs us quite a sum, but we want our readers to have the best weekly published, and will not quibble over any ordinary expense to do it.

Mail or bring your subscriptions to the Leader office at once. This rate of \$1.00 a year is for a limited time, and those in arrears at the expiration of the offer, will be dropped from the list. We would dislike to drop even a single name, but we have carried a load for two years, and must collect up this fall.

"A COMMON PAPER FOR COMMON PEOPLE"

Clarendon, Texas

TO THE REPUBLICANS OF THE UNITED STATES

Mr. Roosevelt in his able acceptance speech differentiated between republicans and Republican leaders.

It is nearly four years since the mystery man, imported by the International Bankers into America to take charge of its receivership, was elected President.

Federal office holders, hired propagandists, and the Anglicized press, painted him as a great executive, with the aid of weak-minded men and strong-minded women, appealing to ignorant religious bigotry, and racial prejudice, boosted him into the presidential office.

Heralded as a great executive and engineer, his abilities seem to have been devoted to the promotion of wildcat corporations, which usually came to the same sad end, to which he has brought the American Republic, to the great distress of the stockholder, and his own financial aggrandizement.

Even admitting his magic and superman powers, when he was elected, thoughtful men, considering his inexperience in statescraft, his ignorance of American politics and institutions, being to all intents and purposes a foreigner, doubted his ability to give us a successful administration, but few dreamed of the horror and ruin his

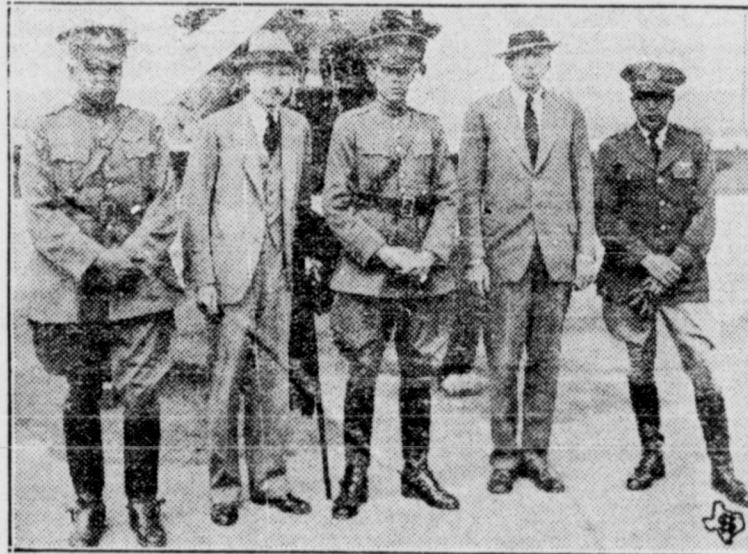

incompetence or indifference was to bring upon us.

When Mr. Hoover entered the executive office the material prosperity of the country was at its zenith, wages the highest ever known in this or any other country, land prices at the top, industries earning big dividends, stocks and bonds at their peak.

DOROTHY DARNIT

Mexican Army Fliers at Texas Fair

Above are three Mexican army fliers who are in Dallas to participate in aviation exhibits at the State Fair of Texas. With them are John R. Morris, United Press head in Mexico, and Capt. Carl B. Schmidt, president of the Mexican trading corporation who arrived with them. In the picture, left to right, are: Lieut. Francisco Cuevas, Morris, Capt. Raul Azcarate, Schmidt, and Lieut. Marcial Huerta Jones.

Should Mills, Hurley, or Hoover, the principal criminals who planned and ordered the crime, meet a similar fate, which God forbid, let it be remembered that the bullets were molded in the battle of Pennsylvania Avenue. Should the torch reach the White House or be laid at the door of Morgan's counting house, let it be remembered that it was lit at the burning shacks in the Valley of Anacosta.

The Republicans must sweep such irresponsible dumbbells from leadership. There are millions of real Republicans all over this country who repudiate these Hooverisms, as well as his pandering to the Mohammedan priesthood, masquerading in the fleece of the land, who have submerged our morals beneath legions of bootleggers, and our laws beneath gangsters, but they are disorganized, have no leader and many are being scourged to the polls by the scorpion whip of partzanship in the hands of millions of office holders and pap suckers.

We are appealing to the Republicans worthy to wear the toga of the supporters of Lincoln, to meet and organize clubs. If there are only a few of you in the county,

organize and send your address to Headquarters at 507 Basse Building, San Antonio, Texas.

From now until election, let our evening prayer and waking thought be for the "Defeat and repudiation of Hoover and Hooverism."

National League of Republican Roosevelt-Garner Clubs.

Mr. and Mrs. Fred Russell had as guests Sunday, her parents, Mr. and Mrs. M. S. Bush of McLean, and grandmother, Mrs. S. B. Bush and an uncle, Bob Bush of Cave Spring, Arkansas.

Mr. and Mrs. Oval Causey of Amarillo visited in the Fred Russell home Sunday.

Fifty and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

To what has he brought us? Smokeless chimnies, crumbling factories, vacant stores, ragged, impoverished, and thriftless farmers, despondent tramping and drunken workmen, shivering, forlorn, paupered, and depraved women, gaunt starving vagabond children; nine million unemployed with thirty million hungry ones depending upon them.

Contemplate the picture, then vote for Herbert Hoover, and dare to face your God with the crime upon your Soul!

This movement is not a Texas-Garner gesture prompted by personal friendship for him. It is no higher to the Democratic Camp, but an honest effort to rid the party of Hoover, Hooverism, and Hoovercrats and return it to the principles enunciated by Thomas Jefferson and practiced by Abraham Lincoln and Theodore Roosevelt.

There are still too many Glasses, Robinsons, Sheppards, Cannons, Strongs, and Sterlings in the Democratic Party to make it an inviting harbor for intelligent Republicans.

The condition confronting us is Hoover ruin and slavery, revolution, or temporary Democratic control. We are choosing the least of these evils, to supplant it in four years with a genuine Republican administration.

Mr. Hoover in his acceptance speech boasted of having choked the depression and turned the tide. If he has done this by the waving of his magic wand, it but emphasizes his crime. Why did he not wave it three years ago? If his magic can change the depression into prosperity today, why could he not have stopped it three years ago? Why has he fished for three years, while the destroyer has swept over the land, to awake and strike him down only ninety days before the election?

Three years ago the supplication of the farmers was met by giving them a high-salaried Wall Street gambler, who threw millions of the Government's tax raised money into the lap of his gambling associates without adding one farthing to the products of the farmers. For three years the moan of shivering mothers found no echo in this Pharo's heart. For three years the cry of starving children has fallen upon deaf ears.

Generations of the past have said, "Nero fiddled while Rome burned." Generations of the future shall say, "Hoover fished while Americans starved." It was not until the usurer and bond clipper demanded that the Government make good the loans, their greed or ignorance had frozen, that he

woke from his stupor and demanded four billion dollars to pack into the already bursting coffers of the coupon clippers.

Mr Hoover's indifference to the cry of the hungry finally brought to the doors of the White House the supplicant heroes of the world War and their hungry families where they were told they might fight with the dogs for the crumbs that fell from the tables of Morgan and the International Bankers, which the Government was loading with billions of bonds.

When Congress adjourned the great majority of the supplicants abandoned hope, a few hungry ragged unarmed men and women were left. They came the supreme folly of the age, a folly which could have been born only of affect cowardice or superlative ignorance, such as breeds communism and revolutions. The folly of calling out the U. S. Army, Infantry, Cavalry and Artillery, tanks and bombs to do battle with a few unarmed non-combatants.

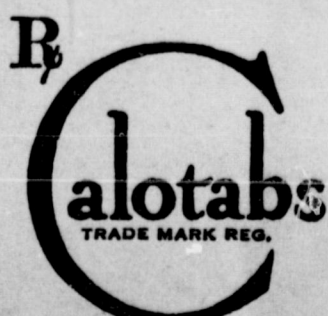

Already a bullet has reached the heart of one of the least offenders.

For Sale!!

There is something about that expression that comes as a shock and a surprise to the reader.

So it is when you advertise in the Leader. It grips the reader long enough for you to tell your story.

CLASSIFIED COLUMN

The "For Sales" in the Classified Column get results for the same reason. Every one reads them. The average reader ad costs about 25c. Thousands of dollars worth of commodities from cane seed to Jersey cows have been sold through the classified column, to say nothing of canned goods and furniture.

GET THE MONEY OUT OF IT

If you have something for which you have no use, or simply need the money more than you need the article, invest 25c in the Leader's Classified Column and talk to the whole county at one sweep. You'll be surprised at the number of buyers who will hunt you up.
