MAKE GARMENTS RED CROSS CLOTH FOR THE NEEDY

Ladies of All Organizations
Unite to Help Worthy
Through Winter

A back room fronting on First street kindly donated by Joe Goldston, owner of the Goldston building, has been a beehive of industry through the week. Ladies from practically every organization of the town, and others, have been busily engaged in sewing the Red Cross cloth into garments for the needy when the colder months arrive.

County Red Cross chairman Homer Mulkey states that 3200 yards of cotton cloth has arrived, and that he expects 1800 yards more to arrive this week. This cloth has been made from the government owned cotton which was contributed to the relief of America through the Red Cross this winter.

Mrs. H. T. Burton is in active charge of the work, being ably assisted by Mrs. Robt. S. McKee and Mrs. Cal Merchant. Two sewing machines have been loaned the ladies by W. H. Miller, local sewing machine agency man. More are to be added today.

Half of this cloth is awaiting the actions of a committee at Hedley, this being the amount allocated to that point to be made into garments.

In addition to this cloth, the Red Cross has sent to Donley county during the year, five thousand pounds of flour and sixteen hundred dollars in actual cash.

A rigid censorship will be placed on all applications for aid here this winter. Those drawing rations of either food or clothing will be those in actual need alone. Any possibility to impose on charity will not be tolerated by a close checkup on those who were unwilling to make an honest effort to provide themselves with necessities by honest labor this fall.

Karl Adams Watches Men Steal His Barley

A most peculiar circumstance happened on the Carl Adams farm recently when a truck drove up and proceeded to load about three hundred bushels of barley.

Karl thought nothing of the matter since he had sold the grain to a Clarendon man and presumed that he had come to haul it in. Later Carl found out that he had witnessed a bold theft, but it was too late to locate the parties.

DISTRICT COURT DRAGS WITH FEW CASES ON DOCKET

That County Officers Are
Indicted is Declared
A False Alarm

Stories to the effect that certain county officers had been indicted became common property over the week. This information was spread over much of the county. No such indictments have been returned according to the records, and no one near the inner workings of the court seem to know anything about the matter except to brand such statements as wholly absurd.

The Grand Jury has returned five indictments up to time of recessing on Friday. They will convene again the 10th of next month.

Indictments returned are: Barney Rutledge and Ray Briscoe, charged with transporting liquor. Bonds set at \$1000 each which have not been made. Clyde Moss is to answer to a burglary charge. This indictment is the outgrowth of a number of burglaries committed in and around the home of Dewey Wood near Skillet south of McLean.

Tom Brown has made bond for a thousand dollars to answer to a charge of burglarizing the lumber yard at Hedley. Finger prints taken from a hammer handle by I. E. Pierce figure in this case in establishing the guilt of the party

PUBLIC HEARS OLD TACK SPEAK AT DEMO RALLY

Four Other Amarillo Men
Speak in Behalf of The
Democratic Ticket

Quite a large crowd gathered at the courthouse Tuesday evening to hear speakers extoll the virtues of democratic candidates from constable to president. Mayor Cagle, chairman of the county executive committee presided.

Hon. R. H. Beville of Amarillo former resident of Clarendon, opened for the defense paying high tribute to his home county and his friends of this and former days. He stressed the importance of bolstering the campaign funds by and through the purchase of medals from the local committee.

Col. Lucius Dorenfield, World War colonel and attorney of Amarillo made a plea for a solid stand behind all democratic candidates. He mentioned the alleged shortcomings of the present administration and pointed out the possible improvements under a democratic regime.

Old Tack, editor of the News and a columnist of national fame was the only speaker who elicited a storm of applause when he rose to speak. He also made a plea for the entire ticket of democratic candidates, mentioned the fact that he was a former Sterling supporter but expressed the opinion that a man was a "poor loser" who would not support the regular nominee even if disappointed in his choice of candidates. He injected enough comical into his talk to keep his crowd on their toes and seemed to enjoy the hearty response that was given him. He was easily the leading attraction both as a political speaker, and as an entertainer. He predicted a democratic landslide November 8th.

Lou Stogner, poet laureate and politician of Amarillo created many laughs and no end of amusement with his Irish wit. His talk was sharp and to the point supported by plenty of apt illustrations. Like the others, he pleaded for a solid united front of democratic support November 8th.

Chas. C. Gibson county chairman of the democratic machinery in Potter county, denied any ability as a speaker but made some strong suggestions relative to the necessity of supporting the ticket.

Political literature was passed out and, in response to a suggestion by Mayor Cagle, the crowd came up after the speaking and shook hands with each of the speakers in the old-fashioned 'camp meetin' style, as the Mayor expressed it.

Others included in the Amarillo party coming down for the speaking besides those mentioned above were Dan McGrath, Roy D. Chase, Robert Underwood, E. L. Coggins, Miss Sybil Smallwood and Miss Jessie Webb.

Elder S. E. Templeton Of
Amarillo to Preach Here

Announcement is made of the coming of Elder Templeton who will conduct services at the Church of Christ at 11 a. m. next Sunday.

He has preached here a number of times and those who have heard him will be glad to make use of this opportunity to hear him again. The public is cordially invited to hear him.

who broke into the office of the lumber yard.

Walter Alexander, colored, is held pending a bond of one thousand dollars to answer to a charge of transporting liquor, and Wm. Miller has made bond in the same sum on a similar charge.

Judge Fires returned to his home at Childress Tuesday since no cases are to be tried this week. He will exchange benches with Judge Kenneth Bain of Floydada next week. Judge Bain will come to Clarendon, being disqualified in a few cases at Floydada.

Judge Fires stated Tuesday that he had made seven injunctions permanent prohibiting pool halls operating since he had been in office, the last one being in Clarendon last week.

Coming Events Cast Shadows Before

Fires Shot to Avenge An Alleged Insult

Some excitement was occasioned on the street of Lelia Saturday when F. E. Groom is said to have fired a shot at Bill Preacher at close range. The men were standing so near each other that Preacher is said to have grabbed the gun preventing further action.

Groom was arrested and placed under a \$500 bond. It is alleged that Preacher had made some insulting remarks regarding a member of the family of Groom. The matter awaits the action of the Grand Jury.

Goldston Folks to Hold Carnival Next Week

Announcement is made that the Goldston community will stage a carnival Saturday night of next week that will outstrip anything before offered the public in the way of amusement.

All kinds of carnival games and a fiddling contest will be a part of what will be offered. A complete assortment of "eats" will be sold with which to secure funds for song books and the remainder to be spent on school needs. A complete announcement will appear in the Leader next week.

TO BROADCAST MUSICAL PROGRAM NEXT SATURDAY

Local Musicians To Present
Program Over Station
KGRS of Amarillo

Radio fans will enjoy a musical treat Saturday afternoon, beginning sometime between 2 and 3 by tuning in on Amarillo station KGRS. This program will be presented by musicians of Clarendon, with the assistance of Robert O. Sandusky of Shamrock who will appear in special numbers.

Violin numbers are to be played by Mrs. G. L. Boykin and Misses Joyce Link, Harvey Lou Strawn and Elizabeth Kemp.

Master Manly Bryan will delight his unseen audience with a vocal number.

Mrs. Allen J. Bryan, Misses Barbara Smith and Delphia Bones are other ladies who will contribute to this program. Hubert Reavis and Gus B. Stephenson, director of the Clarendon band, will appear in orchestra numbers.

This program made up of instrumental duets, solos and trios with piano accompaniment is being arranged by Mr. Stephenson. Mason King of Amarillo is making the station arrangement.

Former Clarendon Boy Dies In Truck Accident

While driving a truck for a construction company three miles west of Miami early Monday morning, Richard Glass, aged 20, was instantly killed when the truck ran into soft roadbed and overturned crushing his head.

Richard was a son of Mr. and Mrs. Roy Glass, former residents of Clarendon. The family left here some years ago and moved to Wellington. Richard was staying with his mother and brother of five years at Miami. His father was working on the highway between Dallas and Houston.

First Snow of Season Hits Here Monday Night

Donley county received the first snowfall of the season Monday night during an electrical storm accompanied by much thunder. Many aged citizens state that they had never experienced such a freak of nature before.

The snow coming in from the mountains extended as far east as Childress. The fall here barely covered the ground but was reported as four inches at Texline. A rainfall of near an inch followed the snow greatly benefitting winter pasture while slowing up cotton gathering.

Halloween Pranks Tabooed Monday Night

"I want the kids to have a good time Monday night but they positively must not tear up property" was the statement of city marshal T. M. Pyle Wednesday.

Eight officers will be on duty that night to see that the interests of property owners are not molested. There will be no objections to innocent fun. Children under fourteen years of age are expected to go home at 10 p. m. Those under that age may expect this rule to be enforced unless accompanied by their parent. Halloween nights for several years have been a tame affair here.

Carnival at Ashtola Meets With Financial Success

The Ashtola Parent-Teacher association enriched their treasury to the extent of \$55 in staging a carnival at the school building Friday night.

The success of the carnival is said to be due to the fact that the ladies had the united support of the entire neighborhood. Friends of the school loyally worked for its success in arranging attractions in large number. Those who did not assist directly, lent their presence and supported the effort financially.

BRONCHOS MEET DEFEAT FRIDAY BY 13-14 SCORE

Whitlock And Martin Given
Credit For Outstanding
Plays For Bronchos

A fighting bunch of Irishmen from Shamrock, losed, saddled and rode the Clarendon Bronchos through a hard struggle of sixty minutes here last Friday evening and came out with the long end of a 14-13 count. Fumbles and bad passing at crucial stages of the game proved fatal to a Broncho victory. A bad pass from behind the goal line during the third period of the game, in which resulted a Shamrock score, was the deciding error that cost Clarendon the game; and proved the winning margin when the try for extra point was good.

The first half was all Shamrock's. The Maroon and White failed to click in their deceptive running attack and were barely able to make four first downs to the visitor's seven. Shamrock, on the otherhand, found the going easy with the Bronchos putting up a weak defensive battle. The first half ended with Shamrock leading 7-0.

The Bronchos came back at the half full of the true Broncho spirit and quickly netted a touchdown. The try for point failed. A bad pass from behind the goal line gave the Irishmen their second touchdown. Their try for point was good. Clarendon came back quickly for a second counter and an extra point, but a poor start was too much to overcome and the game ended with the Bronchos tearing the Shamrock line to pieces.

The last half proved to be all Clarendon's when they tallied seven first downs to Shamrock's lonely one. But for that one bad pass during the third quarter of the game, Clarendon, in all possibility, would easily have come out victorious. Mistakes, sometime turn out to be bitter doses, and bitter as it was, the Bronchos took their medicine like true sports of the game.

There was very little individual staring, the entire team playing below expectations during the first half and then up to par during the last half of the game. Martin and Whitlock stood out for Clarendon and played a good game. Whitlock, at the given but few chances to carry the ball as well as play in the game, proved to be a yardage gainer when he did carry the pigskin; and was responsible for both of Clarendon's touchdowns.

Suit Prices Are Lowest On Record Now

Prices on suits at the Green drygoods store for Friday and Saturday are the lowest on record in all time when one stops to consider the quality along with the price.

Can you feature an all wool Oregon City suit at \$5 to \$10? The offer is so unusual that it merits a special mention that the readers of the Leader may take advantage of the economy offer. Look them over Friday or Saturday and get first choice.

Car Endurance Record Was Broken This Week

The driver no doubt has a lot of influence on the endurance record of an auto. In this respect T. H. Peebles has broken all records so far as can be learned.

Back in 1919 he invested in a four cylinder Dodge. After driving this car thirteen years without having a bearing tightened, valves ground or new rings installed, he came in this week and complained that the "old bus was not what she used to be." It had seen continuous service for just 13 years.

R. S. Moss opened up her 'innerds' and was surprised to find the rings, pistons and the piston walls o. k. in every respect. Two of the valves needed replacing. After grinding the valves, the old bus ran like new according to the pronouncement of the owner who sailed out for home talking about high auto repair bills being unnecessary.

LIONS OBSERVE 10TH MILESTONE TUESDAY NIGHT

Six Charter Members Help
Celebrate Tenth Day
10th Anniversary

In celebrating the 10th anniversary of the local Lions club Tuesday night, the ladies were invited to share in the honors of the occasion partaking of the "ladies night" features that are always a noticeable feature with the Club.

The banquet table and hall decorations carried out the Halloween effects in color schemes. One of the big features of amusement was a "wheel of fortune" devised and managed by Homer Mulkey, tail twister of the Club. Loss at chances taken at the wheel were paid with coin, songs and dances. After what is said to have been two hours hard work, the tail twister was able to account for the receipt of three cents and plenty of amusement in the nature of dances and songs.

W. H. Patrick paid glowing tribute to the seven charter members of the Club, six of whom were present. These members are J. R. Porter, F. W. Rathjen, Sam Braswell, Homer Mulkey, H. T. Burton and Odos Caraway. Mr. Burton was unavoidably absent.

Song, story and music was combined in a highly appreciated presentation combining the skill of Mrs. G. L. Boykin, Mrs. Lala Wilkerson and Mrs. Allen J. Bryan in picturing the Lion from babyhood to the grandfather status.

The musical talent of T. D. Nored was exploited from bass violin to guitar to the hilarious amusement of his tormentors.

In keeping with the general trend of merriment, roll call was answered by the wives of the members by stating the number of years of wedded bliss, if any, with its attending elaboration by those who wished to add comment. Several of those present on this occasion pronounce this the best entertainment yet on any similar occasion.

Parent-Teachers to Meet Next Thursday

A special program of nursery rhymes and fairy tales will be presented at a meeting of the Sims Parent-Teacher association Thursday afternoon, November 3rd at the South Ward building.

Other numbers will be included on the program at this time, and all members and friends of the schools are urged to be present.

HONOR ROLL HAS 206 TO ACHIEVE PLACE ON LIST

Fourth Grade Tops List
With 37; Sixth Grade
Is Second With 32

A total of two hundred and six pupils in the South Ward and Junior High schools attained high honors the first six weeks of school ending last week. This is believed to have broken the record for the past several years, if it ever happened before.

The number of students in each grade achieving this honor are as follows: First grade, two on the first and twenty-one on the second honor roll; second grade, six on the first and eighteen on the second; third grade, fourteen on the first, and sixteen on the second.

Fourth grade, seven on the first and thirty on the second; fifth grade, fifteen on the first, and ten on the second.

Junior high grades, eleven were awarded places on the first honor roll, and twenty-one on the second; seventh grade, four on the first, and nine on the second; eighth grade, eight on the first and fourteen on the second.

Names of each of the pupils appearing on the list furnished the Leader is given on an inside page. To have gained a place on the honor roll is considered quite an honor and achievement.

Freakish Old World.

Now that La Follette was defeated in Wisconsin, Clarence Darrow has joined the church, Maine has gone democratic, and Bill Heflin has repented, we might as well expect the Kaiser to become president of France before spring.

Visit Our Homefolks.

Some day we will wake up to the idea of visiting our own neighbors to see what they have been doing. Some day we will get together and visit the homes where the women have pantries filled with canned fruits, vegetables and a lot of good foods for family use—and some to sell.

It would be a revelation to a lot of us to visit among Donley county folks at their homes and find out what is being accomplished in this line. It would be an added inspiration for others to do likewise. Let's do just that some time, what do you say?

Sterling And Gas Rates.

Among the bills passed at the called session of the Legislature was one giving the Railroad Commission authority in making gas rates in towns of less than 5,000 population.

Governor Sterling vetoed that measure against the interests of the residents of the smaller towns. Why?

Sterling said he wanted a "utility commission" created. We already have all the legal machinery necessary to take care of the situation. Why create another bureau except to furnish jobs for political pets?

Quannah Rebels.

Rebellion has broken out down at Quannah over the location of Highway 5 through the town. It is claimed that heavy trucks are wearing out the paving paid for by the taxpayers of the town.

Petitions are being circulated asking the State Highway Commission to reroute the highway around town as a matter of safety to pedestrians, and to protect the tax payers of Quannah. It appears to be a difficult matter to satisfy, every one as some of the merchants and filling station operators on the route of the highway through town are rebelling at the thoughts of the change.

Moffett vs Sterling

During the special session of the Legislature, Geo. Moffett of Chillicothe put through a bill relieving the farmers from paying the \$3.00 chaffeur licenses on trucks.

Sterling vetoed the measure bringing to naught all the hard work of that genial legislator who visits Clarendon often looking after his business interests in connection with the Clarendon motor company.

Texas would be infinitely better off with Geo. Moffett as governor. He has been with the masses in using his talents ever since he was sent to the Legislature, and no more sincere, intelligent man ever sat in the State Capitol than George Moffett of Chillicothe.

Saving The "Taters."

There was a time when the average sweet potato grower either dumped his product on the market as soon as dug out of the ground, or hilled them up and trusted to luck to keep them from rotting.

Either plan was not calculated to result profitably. Dumping on the market ran the price down, and the hilling up method always resulted in disaster by rotting.

Today most of the growers of larger quantity have constructed dry houses for the purpose of car-

rying the potatoes as soon as harvested. If the grower has not made such preparation, there are others near who have such protection to offer at a small cost. In fact Donley county has a number of first class dry houses where potatoes may be stored with safety through the winter, and a much better price in the spring.

Those who expect to sell seed potatoes from these drying plants in the spring, should have them inspected according to state law. This insures against the spread of disease and means a better price for the seed.

Homestead Amendment.

Every home owner and would-be home owner, and every friend of the home owner should vote for H. J. R. No. 6, one of the Amendments to be voted on next month.

This Amendment would, if voted in the majority, exempt from taxation \$3,000 of the taxable value of every homestead. This bill was sponsored through the Legislature by those who wished to help present tax-burdened home owners, and to further encourage others to own homes without fear of losing them by the ever increasing tax situation.

As the matter now stands, there is little or no inducement for one to acquire property because of the exorbitant tax rates with which home owners are burdened. This exemption would go a long way toward helping the back bone of the nation to maintain the old family firesides that are rapidly becoming extinct.

Amendment No. 6 will be found at the bottom of the ballot which you are to vote in the general election. Look for it. If you favor the home owner, vote for it.

Ducks Not Romans.

Out near Friona west of Amarillo, the wild ducks are too numerous. Too much so to the extent that they are destroying the shocked feed. Farmers are also shocked at the manner in which their feed

is being trampled down to rot on the earth.

In an effort to remedy the situation, the farmers applied to Old Tack, who is a Sterling appointee on the state game commission. Old Tack advises the farmers to shoot Roman candles near dusk as the ducks come in for the night.

The ducks may not be Romans. They may not understand that the firing of the candles of ancient name is being done to invite them to "scram" for lands farther south on the journey to find a winter haven.

At first thought, would it not be a good idea to make a "survey" of the situation as a chamber of commerce idea would suggest. This being done, then would it not be in keeping with modern day ideas to hold a "school of instruction" to be presided over by some government "duckologist" to more thoroughly instruct the wild ducks as to the proper form of procedure once they have sighted the Roman candles. The trouble probably originates in the fact that these ducks grew to duckhood in Canada where they are not acquainted with modern day American thought and methods. They should be schooled, by all means.

Political Sins.

For ages the American public looked upon economy in government as a political sin. They refused to re-elect any congressman or senator who stood for economy in government.

On the other hand, they sought pell-mell to reward those representatives who "brought home the bacon" in the form of federal buildings, roads, bridges, dams and other form of "pork" upon which the homefolks could feast.

This idea extends to the state legislature. It was well enough to hear of the local man spouting off his head for economy, but it must be in some other portion of the

state.

We as a nation are suffering from these false ideas. We have been reduced to a state of vassalage. We have bankrupted municipalities, counties and states, and are now clamoring at the doors of the federal treasury which is also broke.

Our public officials have tried to satisfy us in order to hold their jobs, but they can't until they arrive at the conclusion that we don't know what we want and put a stop to useless expenditures. When that time shall have come, we will reward them with replacements in office.

EDUCATIONAL DIGEST

Judge Porter stated before the teachers institute of this county that there is an overproduction of most everything except clear, concise, constructive thinking. He emphasized the fact that it is the business of the schools to train our children to do constructive thinking.

It is amazing to how great extent some human minds can resist information. Even some young minds lock the door against truth, not only declining to accept facts but even refusing to listen to an honest analysis of an unfamiliar problem or situation or plan, and, as a result, live in ignorance and poverty when they might enjoy and possess knowledge and riches. The highest and most brilliant act of any mind is to look-at, listen-to, and consider a NEW idea. Integrity to your own soul demands that you be open minded.

By the way, a new idea is one of the most painful things that there is to the human race.

If we could have but one genera-

tion of properly born, trained, educated, and healthy children, a thousand other problems of government would vanish.

—Herbert Hoover

Texas must give its farmers better opportunities for advancement. They are the backbone and sinew of the state, and their children are entitled to a proper education and fairer prospects for civic and domestic happiness.

—Dallas News.

Most children are eager to gain knowledge. All they need is a chance to acquire knowledge under proper guidance.

It is quite largely the business of the schools to protect the public against insults and such like.

When parental authority in the home breaks down it increases the functions of the schools.

TEMPLE OF TRUTH By the Apostle

In walking around attending to other folk's business, the Apostle is compelled to make another report on women's hats. If he does anything, it is to keep the women informed as to how to be up-to-date. The latest hats are covered on top with skin with hair on it. It looks like a dog lying down asleep, but it ain't a dog because there is a row of feathers around the top. They got this idea from the Indian after they swiped the pattern from his dog. Save your possum hides women, save your possum hides.

With all these yellow jackets hatching out, it might be a good idea to say that Mrs. A. M. Lanham has tried onion juice as a remedy for the sting. She says it will stop the pain if applied soon after the yellow jacket gets through with his job. While it is best to stop the yellow jacket a little beforehand, don't forget the onion juice if you get behind on the jacket's schedule.

Time certainly does fly. Here it will soon be time again to give our women folks a washboard for a Christmas present. Let's make it a tub this year for a change.

A local butcher bragged on his sausage Saturday and wound up by saying that there was as much beef in his sausage as there was truth in this column. That's the way it tasted, Jimmie. Darn little beef, but a lot of bull.

One day an inspector of a New York tenement house found four families living in one room, chalk lines being drawn across in such manner as to mark out a quarter for each family.

"How do you get along here?" inquired the inspector. "Very well," was the reply. "Only the man in the farthest corner keeps boarders."

A certain man in this town was given some dead trees for wood. He was barely able to cut them up into stove wood due to a recent illness. He labored hard all day and completed the job late in the evening. When he returned the next morning, some one had stolen the wood. He has a wife and four children and is hardly able to be out of bed himself. How's that for a chance at the hall of ill-fame?

Speaking of mean cusses, when Brother Ingram was down with the flu, some onery fellow milked his cow secretly in day time. Stealing milk from a sick preacher is about the limit. If the reader ever heard of a meaner person, let's have a story on the case for this column next week. In the meantime, this seems to have capped the prize for low down oneriness for the year 1932.

Our Weekly CHURCH CHAT

W. E. FERRELL Minister First Christian Church

"MISSIONS"

The missionary spirit is the spirit of the Bible. From the fall of man, the great end of God's revelation of His will to man has been to bring wandering, rebellious man back to Himself. This great purpose became more apparent as the ages rolled by, until it burst all bounds in the great commission given to the apostles, to go into all the world, to all nations, to every creature, and preach the glad news of the pardoning love of God as set forth in His gift of His Son, to suffer and to die for our redemption, that man might be reconciled to God in loving surrender to His will. The missionaries of the first century of the Christian era fully realized the missioning genius of the gospel of Christ; and with burning zeal for the salvation of men, went forth and suffered and endured untold hardships in their efforts to bring the world to Christ. So great was the power that they exerted and so mighty was the conquest they achieved that they were described as the men who turned the world upside down. (Act 17:6.)

But this missionary spirit was smothered and paralyzed by worldly pride, ambitions, love of preferment, and bitter controversy about petty things, such as priestly order relics, images, vestments and many other things. For sixteen hundred years the missionary spirit that characterized the first century was all but dead. But the nineteenth century was particularly noted for the revival of this

How Governor Roosevelt Acted While President Hoover Waited

In March 1930 Governor Roosevelt appointed a committee in New York State to stabilize industry during the crisis he saw coming

In March 1930 President Hoover was still assuring the Nation that prosperity was just around the corner and the turn already in sight.

As times grew worse, Governor Roosevelt called a special session of the legislature, stating that: "... modern society, through its government, owes the definite obligation to prevent the starvation or the dire want of any of its fellow men and women who try to maintain themselves but cannot." He urged and obtained the creation of an emergency relief body with a fund of \$20,000,000 to meet the needs of the unemployed.

For two and a half years the administration at Washington alternated between putting its head in the sand and saying there is no large number of destitute people, and then saying the states should take care of them if there are. The series of relief measures finally passed (and by Democratic as well as Republican support) were so long delayed that their effect has not yet reached to the people who need help most.

The New York Temporary Emergency Relief Administration has already aided over 1,000,000 persons—not through a dole but by Work Relief to the able-bodied, and Home Relief of food, shelter, clothing and supplies to the sick and helpless. Its budget so far has been met by special state taxes levied on those who could bear the burden best.

Instead of forestalling disaster when times were good, the Republican party has made matters worse: 1. By encouraging a wild orgy of speculation and over-production; 2. By permitting the Farm Board to buy and sell farm products—which has cost the Government huge sums and has put nothing into the farmer's pocket; 3. By passing the highest tariff bill in history—which has shut foreign markets to American goods, caused still greater over-production, still more unemployment, and still wider misery.

The Democratic Party, like its candidate for president, Franklin D. Roosevelt, looks forward. It offers not only present relief but future security. It protects the American investor, small as well as large, against another era of unchecked inflation. It promises help to the American farmer through practical plans to market his extra crops. It stands for a fair tariff that will improve trade for the American business man and that will bring back work and good wages to the American working man and woman.

FRIENDSHIP CLUB
This club met with Mrs. J. A. Meaders Tuesday afternoon, eight members being present. During the business session plans were made for the annual dinner to be held the 10th of November at the home of Mrs. G. J. Teel. The remainder of the afternoon was spent in fancy needle work and conversation.

A delightful refreshment was served to Mesdames Skinner, Teel, Stocking, Mongole, H. Tyree, Eva Womack, and Mrs. Meaders and Miss Katie Meaders, hostesses.

SURPRISE BIRTHDAY
Mr. and Mrs. M. W. Mosley surprised their daughter, Mrs. Bill C. Bromley with a "42" dinner party the evening of the 19th. Halloween colors were used in table decorations and garden flowers were used for interior room decoration.
At a late hour the birthday cake and coffee was served to the honoree and her Hedley friends and

schoolmates Messrs. and Mesdames R. F. Newman, Joe Nipper, Jiggs Mosley, Misses Ruby Moffitt, Danne Battle, Alice Noel, Vera Garland, Coteal Moreman, and Messrs. Reed Chilcoat, Winfield Mosley, Kermit and Earnest Johnson, Leon Reeves of Hedley.

Clarendon guests were Mr. and Mrs. Joe Bownds, Mr. and Mrs. Ben Tom Prewitt, Mrs. Vestal Mosley, Bill C. Bromley, Bill Ray, Jack Bromley, Mrs. E. W. Bromley, Mrs. A. T. Cole, and Misses Louise Adamson, Vera and Eugenia Noland, and Morris Whiteside.

MISS OMA WILSON WEDS DALLAS MAN
Of interest to their friends in Ashtola and Clarendon was the marriage October 1st of Miss Oma Wilson, former teacher of Spanish and English in the Ashtola school, and Olie Ford, former resident of Clarendon while employed by the Southwestern Bell telephone company.

The ceremony was performed at Ardmore, Oklahoma. The bride was dressed attractively in black and white. They were accompanied by Mr. and Mrs. Edgar Hamilton of Dallas.

The bride is the daughter of Mr. and Mrs. P. M. Wilson of Canyon where she graduated from W. T. S. T. C. in the class of 1931. While in school she was prominent in the Sesame Society and in the women's athletic association. The past summer she has been working on her Master's degree in the Colorado state school at Greeley.

Mr. Ford, who is associated with the Southwestern Bell system, is now stationed in Dallas where they will make their home at 4932 Victor Street.

Mac DOWELL CLUB
The MacDowell chorus will meet for practice at the Club Room at 4 p. m. Monday.
The regular monthly meeting will be held in the Club Room November 19th.

COUNTY COUNCIL
Delegates from clubs at Skillet, Chamberlain, Martin and Clarendon were in attendance at the meeting of the County Council here Saturday afternoon.

ESTLACKS ENTERTAIN
Mr. and Mrs. Alfred D. Estlack entertained a number of their friends with a 42 party at their home Thursday night. Four tables of progressive forty-two were played. Halloween decorations were in evidence and refreshments were served carrying out the same color scheme.

Guests were Messrs. and Mesdames J. Marvin Warren, Joe Bownds, S. L. Tidwell, Frank White, U. Z. Patterson, Elmer Palmer, E. H. Estlack and Miss Ethel Hutto.

ANDIS-WILSON
Another young Clarendon couple repaired to Oklahoma's famous Gretna Green Thursday and were united in marriage by Rev. Henson pastor of the Methodist church, Thursday night of October 20th.

The bride, Jennie Lee Wilson, is a daughter of Mr. and Mrs. R. P. Wilson who recently moved here from Weleetka, Oklahoma where she was a student in high school. She is to complete her high school work here this year, continuing the course after marriage.

The bridegroom is Wilford Andis, son of Mr. and Mrs. Ben Andis. He is a Clarendon product, student of the high school and a leader in athletics playing an important part on the Broncho football team.

The Leader joins the many friends of this popular young couple in wishing them much happiness.

THIS WOMAN LOST 45 POUNDS OF FAT

"Dear Sirs: For 3 months I've been using your salts and am very much pleased with results. I've lost 45 lbs., 6 inches in hips and bust measure. I've taken 3 bottles—one lasting 5 weeks. I had often tried to reduce by dieting but never could keep it up, but by cutting down and taking Kruschen I've had splendid results. I highly recommend it to my friends."—Mrs. Carl Wilson, Manton, Mich.

To lose fat SAFELY and HARMLESSLY, take a half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—don't miss a morning. To hasten results go light on fatty meats, potatoes, cream and pastries—a bottle that lasts 4 weeks costs but a trifle—but don't take chances—be sure it's Kruschen—your health comes first—get it at any drug store in America. If not joyfully satisfied after the first bottle—money back.

SPECIAL OCTOBER CLEARANCE TRADE-IN SALE on Firestone Non-Skid Tires

FISCAL year closes October 31, and we are offering unusual bargains during the month of October.

October and November are the dangerous months of the year for driving. Trade in your thin, worn tires for Firestone non-skid tires, used by race drivers because they are the safest tires in the world.

Glen Schultz recently set a new world's record for the Pikes Peak climb, where hair-pin turns were made at high speeds and where a skid or tire failure meant death.

All world's records on road and track, for safety, speed, mileage and endurance are held by Firestone Gum-Dipped Non-Skid tires.

Come in today and exchange your smooth, thin, worn tires for the safest and best tires you can buy.

They cost you no more — besides, in this October Clearance Sale we will give you a liberal allowance on your old tires in exchange for these safe non-skid Firestone tires.

The Firestone tread is designed with angles and projections to give the maximum traction and non-skid. The brakes can stop the wheels, but the tires must stop the car.

EDUCATIONAL DIGEST

Throwing stones at education is a favorite indoor sport, these times.

—Journal of Education.

Those who raise the loudest outcry against the so-called "Fads and Frills" of the present-day education are the very ones who once berated the schools for confining themselves to a narrow field of studies which did not fit the need of all.

—Journal of Education.

One dollar of each poll tax goes to the available school fund. If you really want to aid your children, pay your poll tax.

The education of the children is a debt that we owe; and we are going to pay it now in support of our schools; or we are going to pay it in later years in support of penal institutions or through contributions to charity.

It costs only 51c to teach one child one day. The teacher gets only 28c of this 51c.

—N. E. A. Research Bulletin.

The general property tax is one of the most unjust taxes in existence, because the small land owner and small property owner, through loyalty to his children and through his devout patriotism to his state and nation, renders his property nearer the market value than some of the larger property owners and land owners. Most of these people live in the rural regions of Texas and their children receive less benefit from these unjust taxes than any other children of Texas.

It has been said that there is nothing certain but death and taxes, but evidently there are some people who do not agree to the certainty of taxes, or there would not be such a term as "Tax-dodger". It is a well known fact that a great deal of personal property escapes assessment and taxation, thereby increasing the burden of taxes on real property. The assessment of intangible property is particularly difficult, so that not much of this class of property appears on the tax rolls. Real property is immovable and visible and as a result it is assessed much more completely than personal property.

Another injustice of this tax is the tendency for the ratio of the assessed to the true value to decrease as the value of the property increases. The wealthy property owner pays least in the proportion to what he possesses and the small property holder pays the most. Another defect in the operation of the property tax is the escape of the personal property, with the results that two thirds of the burden of tax falls on real property.

—B. F. Pittenger.

Former Tax Commissioner Wehnert stated in one of his reports that not five percent of the intangible personal property is rendered for taxation.

If we had a just and efficient tax system for Texas, we would have adequate funds to run our state government without burdening anyone.

Mississippi is the only state in the union that is adequately supporting her schools during this depression. She is able to do this because she overhauled the tax system of the state. Texas might profit by the example of Mississippi. By-the-way Mississippi is one of the poorest states in the union when considered from the standpoint of natural resources.

Unjust taxes have been the cause of several of the worst revolutions that the world has known. Since this is true, we should profit very much from our knowledge of

New Age of Simplicity Makes Living Easier and Finer Than Ever Before

history and adjust our tax system before we are plunged into a revolution that will wreck our civilization.

A. L. Millsap has been a bit indisposed this week. The trouble was likely caused from an overfeed in the home of H. B. Rhodes of Goldston last Sunday.

Probably the boldest steal in recent years was perpetrated on the Carl Adams farm last week, when some unknown party hauled off about three hundred bushel of barley in broad daylight. Mr. Adams saw them loading the grain, but as he had sold the barley to a party in Clarendon, he thought it was the owner hauling it. So far the culprit has not been apprehended. The boldness of this chap reminds us very forcibly of the tactics of a certain Governor that we all know, who tried to win to steal the nomination from his opponent, but when the courts said Nay, Nay Bonnie then with the spirit of Benedict Arnold, we see the Governor sulking away to the camps of a political enemy, whose intrust has at all times been foreign to Texas and the south. This rule or ruin spirit of a baby governor, should inspire each of us to adopt that old slogan which said, "Now

Kindness to Animals Phrase Practiced by Shoffitt

We often hear of people who preach "kindness to animals", but we seldom see it exemplified in actual practice. Old doc Shoffitt, as he terms himself, has been closely associated with the animal world a long time. He has administered to them in sickness and played with them in health.

This week he spends the price of a classified advertisement in an effort to find a good home for a fine police puppy of five months. He wants this puppy to go to the country where it will serve a useful life amid surroundings conducive to the best interests of character forming of dogdom. "First come, first served," the doctor says, "so better hurry up and get the last thing of value in America that is being offered absolutely free."

What a Dollar Bill Will Do

It is with a source of pride that we announce the renewal and new subscriptions being added to the already long list of the Leader. The extremely liberal offer is an extra inducement to our readers and friends to PAY UP NOW.

Less than 2 cents a Week

At the rate of \$1.00 a year, the Leader costs you less than 2 cents a week. There is no other publication of the same quality being offered at such a fair price. (Due to excessive postage, we are forced to charge \$2 a year for the Leader beyond the second postal zone.)

Looking at Texas

New features are being added to make the Leader even better this winter. New pictures every week in connection with state news. This costs us quite a sum, but we want our readers to have the best weekly published, and will not quibble over any ordinary expense to do it.

Mail or bring your subscriptions to the Leader office at once. This rate of \$1.00 a year is for a limited time, and those in arrears at the expiration of the offer, will be dropped from the list. We would dislike to drop even a single name, but we have carried a load for two years, and must collect up this fall.

You are a Guest—Not Merely a Passenger Aboard the Katy

Railroads can prosper only to the extent that they are able to serve. Prime requisites of service are comfort, convenience and courtesy. Every Katy employee is trained to serve patrons in a manner that will impress upon them the fact that on the Katy no one is merely a passenger, but that each passenger is an honored and appreciated guest.

Giant Maize Head Brought To Leader Office

A maize head weighing seven pounds and three ounces was brought to the Leader office Tuesday by W. B. Morgan. The maize grew in the field of John Edwards on the Jake Masterson farm six miles north of Hedley.

This head of maize represents what is commonly known as a "sport", the stalk easily being distinguished from the others because of its extra height. The freak is common among maize, and has been noted in fields of other similar row crops in west Texas.

Geo. H. McCleskey is looking after financial interests down Weatherford way this week.

D. W. Clappitt Explains Crop Situation

Returning Tuesday from an inspection of their farming interests near Lariat switch eight miles east of Farwell, Mr. Clappitt says that the greater part of the feed crop is a failure due to dry weather there in midsummer. Much of the row crops did not head out.

He has 200 acres of kaffir that is good. He expects to hold his grain crop as in former years. Threshed kaffir and maize is selling at 30 cents a hundred, or two dollars a ton in the head.

He was accompanied by his son Roy, both of whom are of the opinion that, with the exception of cotton, this is the sorriest crop year of all out there.

Baby Legislator

Otis T. Dunagan, Upshur county, District 4, will go to the next session of the Texas legislature as the youngest of them all. Only 23 years old, Dunagan was elected by a two to one margin. His age in no way impairs his ability, reports from his district say.

Rev. McClung is Called To Floydada Church

Rev. S. R. McClung, pastor of the Central Baptist church at Lawton for the past three years, has accepted a call to the First Baptist church of Floydada and will begin his work there the first Sunday in November.

Rev. McClung served the First Baptist church of Clarendon for three and a half years and was one of the most successful pastors ever stationed here. He made the same record at Lawton and Floydada is fortunate to have the McClung family as citizens, and the minister as their pastor.

Church People Visit Borron Home Near Groom

Mr. and Mrs. W. Z. Borron, formerly of Clarendon, were made happy Tuesday when a number of the ladies of the W. M. S. of the First Baptist church, and a few of their husbands spent the day with them. Each lady took a covered dish for the luncheon hour and the day was pleasantly spent indeed.

Those from Clarendon were Mesdames A. T. Cole, Cap Lane, T. B. Fox, A. W. Simpson, T. M. Couch, Eva Draffen, T. L. Kimbriel, J. T. Warren, Ed B. Barnes, Ben Hill, Buel Sanford, B. N. Shepherd, Mr. and Mrs. W. A. Massie and Mr. and Mrs. W. B. Sims, and Mrs. I. S. Mullins from Panhandle.

Martin School Gets Under Way in New Building

The Martin school in charge of Mr. and Mrs. Kavanaugh and Mrs. Jim Baker opened the middle of last week with a fair enrollment, school opening having been delayed pending the arrival of seats and other fixtures.

The new building of brick replaces the frame building destroyed by fire several months ago, and was built at a cost of approximately four thousand dollars. The present building has three large rooms and an auditorium in the basement. It is said to be one of the best rural school buildings in the Panhandle.

Chas. A. Crowe of Giles is doing service on the Grand Jury, not the first time by any means, or the last.

Mrs. Mary Dolan of Greenville arrived the last of the week for a visit with her sister, Mrs. Monica Harvey.

Mr. R. S. Hastings of Lubbock and his sister, Mrs. Bernard Smith of Pampa were week end guests in the Cap Lane home.

Mrs. O. L. Fink and son Kenneth returned from Denison, Iowa Wednesday where Mrs. Fink has been visiting relatives for several days.

Mr. and Mrs. T. R. Crabtree have moved to Chickasha, Oklahoma where they will engage in raising poultry.

J. C. Cason and R. W. Scales of Hedley country were in Clarendon Wednesday. R. W. called at the Leader office and renewed his subscription.

Mr. and Mrs. H. T. Burton and Nelda Sue returned home Wednesday from Decatur where they attended the funeral of a niece of Mrs. Burton Tuesday.

A. L. Chase is having some remodeling done at his home in the way of built-in features, papering and painting.

Mrs. J. D. Stocking spent the week end at Dumas looking after her business interests up in Moore county.

Mr. and Mrs. Paul Smithy announce the birth of an eight pound son who has been given the name of Paul Bennett Smithy.

Confesses

John M. Pickett, who is pictured above, has confessed that he murdered Edgar Arledge, Texas university, and wounded his companion, Margaret Jean Trull, while they were parked in a lonely lane near Austin. Pickett is also charged with a similar crime in San Antonio. He is an ex-convict.

Mr. and Mrs. L. McComb of near McLean were guest of Mr. and Mrs. T. R. Broun Sat.

T. M. Pyle of Longfellow visited his brother, City Marshall T. M. Pyle and family here over the week end.

Sheriff Guy Pierce has purchased the Lyle farm west of town formerly owned by Barney Fielder. W. W. Brewer of Granite, Oklahoma visited in the R. I. McGowan home Thursday night on his way home after looking after his farming interests at Lubbock.

Mr. and Mrs. Horace Pyle of Longfellow came Saturday to visit her parents, Mr. and Mrs. S. I. Johnson on the J. A.'s. They returned home Monday.

Mr. and Mrs. A. D. Lightsey of Tyler spent his birthday Friday, Oct. 21st with his mother, Mrs. Alia Lightsey and his sister, Mrs. G. G. Kemp and family.

Mrs. J. D. Swift had as her guests Wednesday and Thursday, her aunt, Mrs. Vashti Jackson and her cousin, Mrs. Loyd Leeper. They were on their way from a visit in Colorado to their home in Shreveport, Louisiana.

Visitors in the Leader office from near Hedley Monday were W. B. Morgan, R. H. Munn, A. T. Dotson and Wilson Morgan. The elder Mr. Morgan is of the opinion that farmers will be in some better shape this fall because they do not owe as much as last year.

Mr. and Mrs. Wilmer Reeves announce the arrival of their eight pound daughter, Wilma Jean, who has come to see what this old world is all about. She is really a live wire. Wilmer says he thinks he will make an Automotive Electrician out of her.

Practical Farmer Hasn't Any Advice to Give

Among the more successful farmers, and a mighty good citizen is C. H. Grooms who resides north of Lelia Lake in what is known as the Naylor community.

Mr. Grooms lived in Hall county for a long number of years. One year in Kaufmann county satisfied him that he could get along without the aid of black mud and he moved to old Donley some twenty-five years ago.

When asked what he considered a farmer's most profitable crop here, he said "speaking from experience, a man would have to mix it up and include some good cows and hogs with his cropping system." He refused to give any advice.

He has a number of good cows and stated that they had been the main stay of the family through "thick and thin" during the depression, and that he had neighbors who had also followed the same line of work successfully. He keeps hogs and plants a general variety of crops, but not very much cotton.
