CORNERSTONE LAYING OF MUSEUM COMBINED WITH HOMECOMING SAT.

Clarendon Masonic Lodge, First In The Panhandle, Will Have Charge of Laying Of Historic Cornerstone. Material is Native Red Sandstone

Cornerstone laying ceremonies will be said next Saturday at 10:30 for the Panhandle-Plains Historical Society Museum. This ceremony will be in charge of Clarendon Masonic lodge, mother lodge of the Panhandle. W. H. Patrick is a member of this lodge, and is also a member of the Board of Directors of the Panhandle-Plains Historical Society.

The West Texas State Teachers College will hold their annual homecoming at the same time. Though less than 23 years have elapsed since its establishment, thousands of former students are numbered in all parts of the nation, and some in foreign countries. It is believed that an extra effort will be made this fall to have a record attendance. Three meals and a night's lodging is free for each former pupil.

A general assembly in the Auditorium will mark the beginning of the festivities beginning at 10:30 a. m. next Saturday. The cornerstone laying ceremonies will be at 11:30, at the southwest corner of the campus at the site of the new building. Ex-students association and the Historical Society will assist the Masonic body in the program, Dr. J. A. Hill opening with an address in which he will pay tribute to the builders.

Hon. Joe O. Guleke of Amarillo, member of the State Board of Education, will represent the state, and a Masonic representative of the Grand Master will be present.

Directors of the Historical Society are T. D. Hobart of Pampa, president; Judge Hoover of Canadian first vice. Others on the Board are Dr. J. A. Hill of Canyon; W. H. Patrick of Clarendon; Judge A. J. Fires of Childress; Horace Russell and W. T. Coble of Amarillo; Judge James D. Hamlin of Farwell.

Judge H. E. Hoover of Canadian is chairman of the building committee. With him are associated W. T. Coble of Amarillo, Col. R. F. Smythe of Plainview, Mrs. Billie Dixon and Gene Howe of Amarillo. \$25,000 was contributed by the state and a like amount was contributed by citizens toward the cost of the building.

In the afternoon, John Snyder will serve barbecue to the guests at Buffalo Park at 12:30. This will be followed by a football game between the Buffaloes and Sul Ross of Alpine. Neither team has been defeated in a conference game.

A dance will be given in honor of the ex-students in the evening. At the same time a variety program of speech, music and physical education will be given in the education building.

Prof. L. F. Sheffy, field secretary of the Society, will have charge of the ceremonies of the day. Floyd B. Studer of Amarillo will have charge of museum exhibits. Mr. Studer has contributed valuable prehistoric animal specimens to the museum, and has been a faithful and enthusiastic co-worker with Prof. Sheffy in gathering material for the Museum for several years.

Orville Bullington Will Speak Here Monday Morning

On his return from a speaking trip taking him over much of the Panhandle country, Orville Bullington, candidate for the governorship on the Republican ticket, will speak in Clarendon next Monday.

This information is given the Leader by local Republicans. The exact hour at which Mr. Bullington will talk, has not been definitely decided, but it is presumed that he will arrive some time during the forenoon.

Later—The Leader is advised that Mr. Bullington will speak in Clarendon at 11 a. m. Arrangements are being made to get out as large a crowd as possible at that hour as this is the only opportunity to hear the Ferguson opponent here.

Miss Martha Buttrill visited in Abilene over the week end.

VISITORS ARE HEARD ON LIONS PROGRAM TUES.

Tom Connally Sums Up Perils Confronting The Nation From Economic View

As chairman of the program committee for the luncheon hour of the Lions club Tuesday, Homer Mulkey felt himself fortunate in having a variety of visiting talent present who graciously responded to a request to supply the material for entertainment.

J. R. Bartlett, former member until moving to Childress some years ago, spoke in a reminiscent mood picturing the early efforts to establish the Club, and the many accomplishments since that date.

Mrs. Litson of Dalhart favored with a number of beautiful piano solos.

Tom Connally, member of the Club and speaker of note on many subjects, spoke of conditions in Russia, emphasizing communistic ideas extant in that nation and spreading to other nations. He also paid his respects to a number of ideas in our own nation that might be made objects of economic reform in the near future. Mr. Connally is a versatile speaker and has the faculty of adding humor with common sense in putting over his thoughts.

Dr. B. L. Jenkins called to announce the speaking date of Hickman Price as being Thursday evening of this week at the Methodist church. Mr. Price will speak to the school pupils and the public at large on the subject of "Communism" as he learned it first hand in Russia.

Boy is Injured Wednesday While Playing

J. L. Reid Jr., aged 11, received an injury while playing at school Wednesday. Upon examination it was discovered that his collar bone had been broken when another boy playfully jumped upon him.

He was given medical attention immediately and is reported as doing nicely at this time. He is a son of Mr. and Mrs. J. L. Reid at the fire station.

AMERICAN RED CROSS ROLL CALL NOVEMBER 11TH

Annual Drive For Citizen Cooperation Is More Urgent This Year

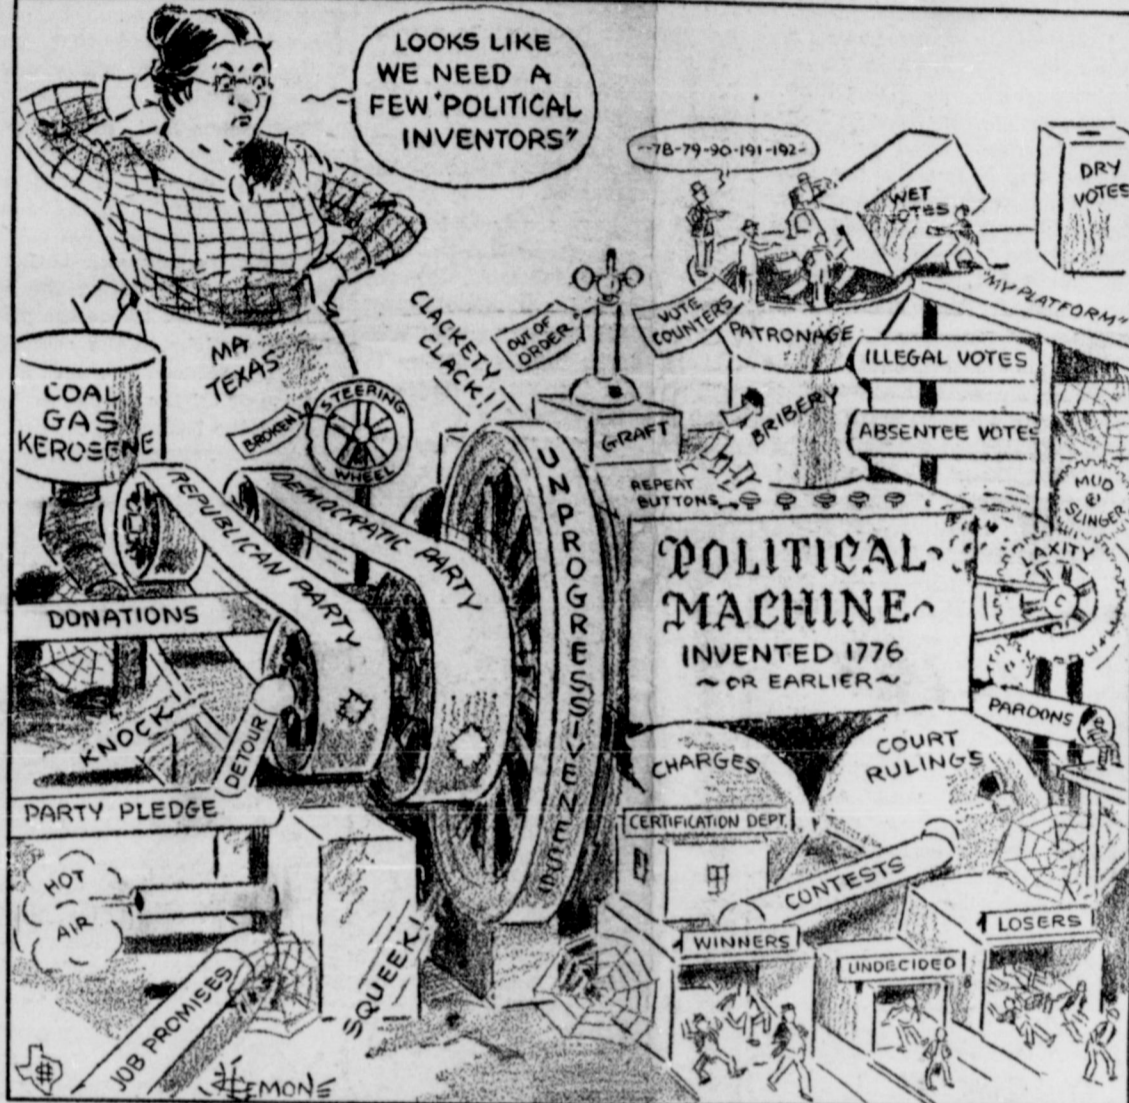

With millions out of employment at this time and winter coming on, the need for Red Cross contributions becomes far more urgent possibly than ever before in the history of the organization.

The annual roll call over the nation begins with Armistice Day, November 11th. Homer Mulkey of Clarendon is county chairman of Red Cross work in Donley county.

At this time the good women of the county are making into garments hundreds of yards of cloth contributed through the Red Cross. Other worthy contributions to the welfare of the needy in this county the past year were five thousand pounds of flour at one time and \$1600 in money at another time. Smaller contributions have been numerous.

"After fifty-one years as the official national relief agency, the American Red Cross finds itself in 1932 carrying the largest peacetime load in its history" chairman Mulkey said Wednesday. Donley county people have always responded nobly to an invitation to contribute, and it is believed that this year will see a greater incentive to help than in former years.

The Nemesis of Good Government

GOLDSTON WILL STAGE CARNIVAL SATURDAY NITE

Proceeds Go For Purchase Of Song Books, Balance To School Fund

The citizens of the Goldston community invite the public to be present at a carnival show at the school building Saturday evening of this week where they will be entertained with a variety of fun provoking novelties, many of them new to this section.

A fiddling contest will attract some of the best talent of the county, many of them prize winners in contests open to the Panhandle. Other instruments will be listed in the musical entertainment including the school piano. Those who like to hear the old 'break-downs' will not regret hearing this part of the program.

Among the carnival entertainment features will be found bingo, fishpond, spook show, fortune telling booth and a number of other features.

There will be plenty of "eats" in a big variety. The ladies will have this feature of the entertainment in charge, and the Goldston women folks know what it takes to please the crowd. Don't forget the date, next Saturday evening.

Parent-Teachers to Present Play Two Nights

Miss Francis Benton of North Carolina is here to direct "Miss Bluebonnet", a play that is to be presented two nights, November 14-15th.

This play is being given for the benefit of the Sims Parent-Teacher association.

Gentry Didn't Bring Home The Bacon—It Was Deer

So far this season P. B. Gentry is the only local hunter to be so fortunate as to get away for the deer hunt. This has been for many years a favorite hunting season of the year for a number of local men.

Gentry, in company with Amarillo parties, inspected the deer crop in the San Mateo range beyond Magdalena on the west side of New Mexico. While others got deer, Gentry pulled down the biggest prize in the form of a 225 pound twelve point buck.

Sheriff Warns Auto Owners Against Carelessness

Due to the number of minor thefts in the Panhandle, and since these thieves have invaded this section, Sheriff Guy Pierce has asked the Leader to carry his warning that no autos should be left parked on the streets.

He also asks auto owners to put their cars inside at their homes as many are stripped of casings when left on the street in front of the home. In making this request, he does so, solely in the interest of the auto owner.

Halloween Passed Quietly With No Damage

Clarendon folks experienced the quietest Halloween in history Monday night, there being very little mischief played and no damage done.

The town was well policed through the cooperation of the Sheriff and City Marshall. The officers wish to thank the entire public for the assistance given them, and especially do they thank the youngsters for complying with the requests printed in the Leader of last week.

HONOR PUPILS OF CLARENDON HIGH SCHOOL

The Clarendon Home Demonstration club will meet at the home of Mrs. H. J. Eddington Friday afternoon at 2 o'clock.

Mrs. W. J. O'Neal of Hedley, mother of Clarence Davis of the M & M store, suffered a stroke of paralysis Monday.

ARMISTICE DAY PROCLAMATION

Whereas it is very important that the American people should always revere and remember November 11th, 1918, as it was on of the most momentous days of recent History, and considering the fact that on this date the bloody war in which our nation was involved, came to an end. Therefore it is befitting that each year we should observe the memory of our participation in the World War, when our loved ones returned from that war of wars,

Now, therefore, I, as Mayor of the City of Clarendon, Texas, respectfully request that our citizens observe November 11th, 1932 as a Holiday, and ask those business houses whose proprietors deem it expedient, to close their doors during at least a portion of the day, and join with the American Legion and other organizations in their observance of this day, and implore the God of our Fathers to give us peace world without end.

Respectfully,
W. P. CAGLE, Mayor

TWO CAPTURED IN LELIA STORE THIS MORNING

Two Men Had Burglarized The Moreman And Howard Stores When Caught

Mrs. John Howard, the nemesis of burglars of Lelia Lake, scored another victory about 3 a. m. this (Thursday) morning when she heard the front door burglar alarm of the Howard store.

A call to the sheriff's office brought Sheriff Guy Pierce and Deputy Guy Wright to the scene post haste. John Howard met them this side of the store and Howard and Pierce armed with shotguns went to the front door of the Howard store. Guy Wright went to the rear of the store, he too being armed with a shotgun.

Upon entering the Howard store, the two men were crouched behind the counter apparently armed with 22 targets which they had allegedly taken from the Frank Moreman hardware. At the sheriff's demand to "stick 'em up", both men surrendered with upraised hands without protest.

Upon learning that they had set off a burglar alarm when they entered the Howard store, both men appeared to be disgusted with the idea of such an arrangement. They were informed that this same burglar alarm had resulted in the capture of several others.

Upon being searched, the men were found to have targets, knives, gun shells and a number of small articles which are said to have been taken from the Frank Moreman hardware, they evidently visiting that store first. A number of articles were being sacked from the Howard stock when the two were stopped.

The men are strangers here and gave the names of J. T. Connor and Roy Jackson, both being about 30 years of age. They have been finger panted and an effort will be made to check up on them by local officers. For the time being, they are guests of the local jail.

COMMUNISM WILL BE DISCUSSED BY HICKMAN PRICE

Judge Cole Has a Number Of Interesting School Facts For Rotarians

The customary attendance of near a hundred percent were in attendance at the Rotary luncheon Friday, president O. L. Jenkins presiding.

After disposing of routine business, Judge A. T. Cole discussed present day school problems, its good points and bad, as compared with ideas advanced in former years. Himself a university graduate, Judge Cole was thoroughly conversant with the problems which he brought to the attention of the membership.

Plans were made to secure Hickman Price for a speaking date some time in the near future. School children are expected to benefit most from his visit. No admission charge will be made and the public will be invited to hear him.

Mr. Price, as an employ of the Russian Empire, spent several years in that section teaching them modern ideas of wheat production. At that time he was the largest individual wheat grower in the world. He made a careful study of the habits and customs of that nation, their 5 year plan, communism, etc. Mr. Price has been making his home in the Panhandle for some time. His expenses will be paid by the Rotary club.

The Armistice Day Football game between the Cyclones and Bronchos will be played at Memphis this time, they having played here last fall in annual celebration. This arrangement will be sponsored by Charles R. Simmons Post of Memphis, with the help of Aubyn E. Clark Post of Clarendon. Each Post will furnish thirty men to police each of their sides at the game.

Armistice Day will begin with a parade of ex-service men headed by the Clarendon band under the direction of Gus B. Stephenson shortly before 11 o'clock. The parade will come to a halt at the platform on the north side of the court yard. Judge J. R. Porter, member of the Clarendon Post, will deliver the Armistice Day address.

The band boys will be guests of the Memphis Post for luncheon after which they will render a 45 minute concert at 1:15 p. m. The band will also play at the Fair Park field before the game starts at 2:30, and will be admitted to the game free.

It is understood that business men in both towns will close from 10:30 a. m. to 5 p. m. in order to encourage a record breaking attendance. The bleachers will hold fifteen hundred, and both Posts are making an extra effort to fill them.

Each Post will share in the proceeds after giving five percent to the Hall County District Fair Association for the use of the grounds. Prices of admittance will be the same as charged here last season—75 cents for adults and 35 cents for children.

Local Legionists will put on a strenuous campaign to encourage the sale of tickets starting this week, several days in advance of the celebration. A large number of Donley county people are planning to be present for the game which is always considered the biggest event in local football history of the season.

McCracken Gets Big Deer In Black Range

A message from M. M. McCracken to the Leader states that he killed a deer that measures eight feet and seven inches "from tip-to-tip" on the Gila river in the Black Range of New Mexico a few days ago.

He further states that he will exhibit the horns here on his way home this week. This last part, no doubt, is a final effort to tantalize other hunters who have set new records in the past. Congratulations, bring on the horns, but we are more interested in the "eatable" portion than horns.

Miss Margaret Puryear Is Married at Erick

Hundreds of voters in Donley county will recall the handsome young lady who ably represented her father, John E. Puryear in his race for a place in the Legislature. She had much to do with his winning in Donley according to a number who expressed themselves.

Miss Puryear became Mrs. John E. Peters and the wife of a Vinson, Oklahoma gin manager at Erick Sunday, October 23rd. They will make their home at Wellington after January 1st.

Rev. Swan filled the pulpit at St. James church Dalhart last Sunday and completed the purchase of a rectory as the residence of a regular rector.

Rev. Ingram's Monthly Report For October

In his report handed the Leader, Rev. Ingram's churches had 216 in Sunday school during October. He preached to 270, had 43 professions made 33 visits, preached 25 sermons. Collections for the month were \$8.65.

He states that he has had 293 conversions since Conference last November.

Democratic supporters of Bullington down state boast of being "Bull-O-Crats."

Bull-Headed Democrats.

Despite the fact that Gov. Sterling has endorsed Orville Bullington for the governorship, the plain democrats continue to demand the formalities of an election the 8th.

Joy Killers.

Kansas has passed a law prohibiting the sale of pink lemonade from an open tub at a circus. There's another personal liberty gone to smash.

Christian Fortitude.

Debts are being paid, we are informed, every day now. It begins to look like they will get around to paying the preacher and the doctor by Christmas, except in a case of sickness or death, neither receives much consideration until the final showdown.

Our Free Country.

A free country has been defined as one where the citizen may cuss the government twelve months in the year and remain at home on election day. Election day will be over after the 8th, and cussing the government will begin all over again regardless of who wins.

Financially Eliminated.

You never hear of Charley Dawes dabbling in the present campaign. In fact he has not been heard from since his bank in Chicago drew eighty million dollars from the Reconstruction Finance Corporation. Perhaps Charley is too busy counting the money.

Men And Monkeys.

While the people of the cotton belt, in the main, have plenty of food for winter, they will go ragged because they produced "too much cotton" this year. Monkeys would not think of such foolishness. Some day our children may wish they had been born monkeys.

Free Speech—Free Press.

A number of excerpts from other papers are being printed in this issue of the Leader in which various editors express their views on the Centennial amendment up for consideration on election day.

These newspaper men refuse to be dictated to by the State Press Association's managers or dictators. Texas, in a measure, may yet boast of a free press.

Pastoral Prosperity.

A minister near Norman, Oklahoma recently performed a marriage ceremony for which he received \$2 in cash, a box of cigars and a pound of chocolates for his wife. In the receipt of these commodities he was astounded. Just as the young couple was departing, the minister was shocked when the young man handed him a six shooter remarking that "the old man is too blamed late and I know I can beat him across the Kansas line."

Food And Fools.

While more than ten thousand hungry men, women and children paraded the streets of Chicago Monday crying for bread, farmers in the corn belt were using corn for fuel. At the same time, idle coal miners were hungry in the coal belt of Illinois.

During the same day in the state of Illinois, hungry men begged for a job and corn; hungry miners begged for a job and corn; farmers begged for coal and had plenty of corn to pay for it if given a fair price. And we boast of the most

highly civilized nation on the globe

Definition.

After witnessing the antics of the candidates of his state, Harold Dwyer of Tipton, Kansas defines politics as being composed of selfishness, greed and deceit, to which has been added great gobs of hokum, horsefeathers and hooey, sprinkled with plain lies, white lies, black lies and damlies, then mixed with enough "gooey" handshaking to make it stick. How do you suppose he knew what brand we had in Texas?

Land of The Free.

The cost of government in this nation today is \$14,500,000,000. This means that every individual little, big, old or young, is taxed an average of \$116 a year for the privilege of being misgoverned.

All free government service is a myth because the government has nothing to give. There are no free schools. The most costly service we get today is through the so-called free government service method. Stopping waste in government is not stopping any service that might be rendered, but is merely an act to give the people better service at lower cost.

Political parties cannot afford any direct relief because there are only a few in each party willing that government expense should be reduced. Government reduction cost must come through the united efforts of the people at large. This may be made possible through taxpayers leagues since some such organizations have already unearthed encouraging results. In this, as in all other national questions, aroused public sentiment is the strongest factor.

pressed his opinion in regard to the amendment to the Texas Constitution, which would permit the State of Texas to appropriate money for the Texas Centennial, because of the fact that we felt that we might be in the minority as opposing the amendment. We do not feel that the state of Texas can afford to appropriate money for this institution, regardless of the fact that we are heartily in favor of the centennial and feel patriotically inclined to do our part. Since last week, however, we have observed that other papers and organizations have come out in opposition to the amendment. It is being widely published that the Texas press is heartily in favor of the amendment, as a result of a vote taken at a meeting in Dallas some two weeks ago. The vote, to be sure, was in favor of the adoption of the amendment, but it was not unanimous, and smacked somewhat of the "steam-roller" plan. We cannot but be in accord with the action of the West Texas Chamber of Commerce, in opposing the amendment, not because we do not favor the Centennial, or because our patriotic spirit is lagging, but because we realize that as a state, Texas can ill afford to increase the tax burden on its people.

SILK STOCKING SOLDIERS

It is rather vexing to note the digs that are being taken at the American Legion by silk stocking soldiers for the organization's stand on the bonus question. The Hesperian, along with a lot of other people who are not well enough versed in economics, especially in its national aspect, has been more or less silent on the question.

But we are beginning to like the cash bonus payment idea, sound or

unsound as a business proposition, for the enemies it is making. For instance the silk stocking soldiers are withdrawing from the Legion and a lot of them are pointing a "National Economy League" which appears to have as one of its principal objects the prevention of the payment of the bonus. Admiral Sims, who bitingly "resigned" from the American Legion because of its stand on the bonus matter, from his youth has drawn a fat salary and still is on the payroll of the government. He has never been hungry, and a few hundred dollars wouldn't mean anything to him. General Pershing, whose retirement pension is enough to support two or three dozen Floyd County families is against the bonus cash payment, and although he has never done anything but soldier, qualifies as an expert and says the thing is unsound.

Thus we have scores and scores of admirals, generals and whatnot, beneficiaries of subsidies, flaying the Legion, which is made up of rank and file boys largely who think of a few hundred dollars in cash now for themselves and their families as a Godsend. If charged with the responsibility of voting for or against the cash payment of the adjusted compensation certificates, we have no idea what would be the wise thing to do. But we wouldn't seek the advice of the silk stocking soldiers. How appropriately they could be silent!

AGAINST "NO LIMIT" IDEA

No limit is proposed in the constitutional amendment to be voted upon next month, allowing the legislature to appropriate any amount for a state centennial celebration. It has been claimed that it will take five million dollars to stage the kind of celebration wan-

ted by the promoters. Voters will do well to vote against this amendment.

TEXAS CENTENNIAL

The News believes the people of Texas should properly celebrate the 100th anniversary of the freedom of Texas from the Mexican yoke, but The News does not believe it is necessary to change the constitution of Texas for that purpose. While the proposed amendment does not mention the sum of money the Legislature could appropriate for that purpose, but it is generally understood that bonds in the sum of three million dollars is the goal set.

That means that some city in Texas would be selected for the site of the celebration and that large sum expended upon the erection of buildings and other requirements for the purpose, with the people of Texas footing the bills. The News wants to see the people of Texas celebrate the centennial of Texas freedom, but not at the expense of all the people, as taxes are now too high and too many of

"THE LORD'S DAY"

Reason tells us that one day of rest a week is needed by the body, mind and spirit. To Christians, justice demands that at least so much time each week should be consecrated to God.

In this, Moses is not our authority. The Sabbath law was given upon Mt. Sinai, but is now abrogated, for Christ has "blotted out the bond written in ordinances that was against us, which was contrary to us, and He hath taken it out of the way, nailing it to the cross."

Many confound the Jewish Sabbath with the Christian Lord's Day. The early disciples knew the difference. The one was the last day of the week, the other, the first day.

Upon the first day of the week our Lord rose from the dead. (Mark 16:9), met with His disci-

ALWAYS READY CLASS OF BAPTIST S. S.

The following officers have been elected for this year:

President—Emma Ruth Burkett
 Vice-President—Evelyn Stoddard.

Secretary—Christine Lamkin.
 Social chairman—Eugenia Noland.

Service chairman—Elizabeth Dunn.

The first class meeting was held at the home of the president on Wednesday, October 26th. Members have decided to visit shut-ins and old people once each week. Essie Wood and Evelyn Stoddard were appointed to plan a program for our next meeting. The class is planning a social to be held in November. A permanent date for the business meetings was discussed but since several members were absent, it was decided that this should be carried over until the next meeting. The class members are proud of the fact that two visitors were present at the first meeting. We hope they will join our class. They were Ruby Tucker and Gladys Hutton.

NOWETOMPATIMNIN'S ENTERTAIN

Miss Margaret Kelly most charmingly entertained the charter trou-

pe of Nowetompattimis Camp Fire girls with a novel Halloween party in the lovely home of her grandmother, Mrs. K. Chamberlain on Friday evening.

The house was artistically decorated with Halloween decorations. Guests arrived attired in very pretty and clever costumes. Various appropriate games and stunts were enjoyed throughout the evening. Fortune telling in a "spooky" room proved to be the chief diversion of the evening.

A delicious refreshment course was served to the following: Misses Fannie Maet Saxye, Ruth Lawler, Eloise Hill, Mary Lois Hayter, Elizabeth Sanders, Avis Lee McElvany, Nell Cook, Rebecca Welsh, Emma Lee Johnson, Marjorie Shepherd, Kedron Evans, Frances Sanford, Frances Arnold, Dorothea Watson, Hulda Jo Caution, Messrs. Boy Scout Movement Gets Under Way Here

A meeting was held at the Baptist church Tuesday evening for the purpose of reviving interest in Boy Scout work here. The meeting was called by Rev. B. N. Shepherd, pastor of the First Baptist church where the meeting was held.

C. A. Clark, Scout executive of this district, was present and summed up the work of the district, pointing out the advantages to be gained by a live Scout troop in Clarendon.

In the election of officials, R. E. Drennan, principal of the Junior High School, was elected district chairman, and O. C. Watson vice chairman. W. A. Clark, Jr., dean of the municipal Junior College, was elected chairman of the training committee.

A meeting of the "Training Committee" has been called for at 7:30 Friday evening at the Legion Hall. Until a few months back, Clarendon boasted of one of the most active Boy Scout movements in the Panhandle, and those interested in the work, feel that several troops may be organized again in the near future. A small troop has recently been in action under the direction of Lee Vaughan and S. L. Tidwell.

Rebekahs Hail Halloween With Lodge Party

Sixty members and guests were said to be present in Rebekah hall Friday night where they entertained with games of fortune telling, reading of wills and other humorous contests. Twelve tables of 42 games was a favorite with many.

Refreshments of pumpkin pie with whipped cream and hot coffee was served. Ed I. Fox of the Jitney Jungle grocery contributed the coffee, and Frank Whitlock applied his skill in brewing up the favorite beverage.

The hall was decorated in all the colors of "spookdom" including black cats, owls, bats, witches and lanterns.

PLEASANT VALLEY

Mr. and Mrs. R. M. Wilson most delightfully entertained a large crowd of friends with a Halloween party Saturday night. The house was artistically decorated with Halloween decorations, and much merriment was had by ghosts and goblins. Everyone present reported a very enjoyable time.

Mrs. Edd Bromley and son Jack visited friends and relatives at Hedley Sunday afternoon.

Mr. and Mrs. Wheeler went to Brice Sunday to stay with her brother who has been ill. He was moved to the hospital in Amarillo Tuesday.

say that he will help the democrats to defeat Hoover who has betrayed the masses of the American people in favor of the classes and special interest.

Bullington was nominated and is supported by the same Republican crowd that is bending every effort to re-elect Hoover.

The Fergusons may not be all that we would like for them to be, but they received a majority in the democratic primary, and should have the loyal support of every democrat in Texas. Bullington tells us we should vote for men and not party. Wonder why he does not practice the doctrine. Four years ago, Texas listened to that bunk,

and gave the electoral vote of our good state to Hoover. And now that same organization is passing their plate back for another helping. This time it's a governor. But Texas with all America is eating their crow dished out to them by the Republican party, and we believe they are fed up on this kind of menu.

And with Lincoln they are saying, you can fool all the people part of the time and part of the people all the time, but you can't fool all the people all the time.

Let's everyone go to the poles next Tuesday and give Mrs. Miriam Ferguson the largest majority a Texas governor ever received.

Victory or death

William Barrett Travis

St. Cal. com. dt.

The appeal of William Barrett Travis from the besieged Alamo to "all Americans in the world," dated February 24, 1836, is one of the most heroic documents of human history.

"If this call is neglected, I am determined to sustain myself as long as possible and die like a soldier who never forgets what is due to his own honor and that of his country."

Thus wrote Travis, and he carried out that determination in a manner so heroic as to command the admiration of all men of all time.

One hundred years after Travis died that his country might live—shall not Texans show to the world that they revere the memory of his magnificent sacrifice?

Let us revere the memory of all the immortal heroes of Texas by observing the Centennial in a manner worthy of it.

Such a patriotic event must have the official sanction of the present-day government of Texas.

This sanction must spring from the people themselves. At general election on November 8th, Texans will be given an opportunity to make possible the celebration of a centennial through the passage of the Texas Centennial Constitutional Amendment authorizing it.

Mrs. Robert Weatherly, formerly of Plainview, joined her husband Sunday evening.

The members of B. T. S. attended the B. T. S. and Sunday school associational meeting in Memphis Sunday afternoon.

Mr. and Mrs. Rex Reeves of Hooker visited in the home of her parents, Mr. and Mrs. E. L. Lewis.

Mr. and Mrs. McHenry Lane of Clarendon spent Saturday night and Sunday with Mr. and Mrs. E. L. Lewis.

Rev. R. B. Morgan of Fort Worth spent Saturday night and Sunday visiting with Mr. and Mrs. Jim Christal and Mr. and Mrs. E. L. Lewis.

Mrs. Jack Reed spent the week end with her sister, Mrs. Lovett Noble, and her daughter who are attending school in Canyon.

Mrs. Bascom Webb and Miss Eula Bess Hill were hostesses Saturday evening in the Ellis home, with a very entertaining Halloween party. The ghosts, witches, and goblins arrived at 8:00 to sit around the porch. A few minutes later a ghost appeared and directed the guests to meet "Bloody Dan" at a church house. After this was done he took them to a haunted house, where he committed his first crime, and his last was a man in the state of being hanged. Too, with all the spooks, their fortunes were told, among the weird surroundings. Then the guests returned to the beautifully decorated home, where the charming hostesses led in several appropriate for the occasion. After much merriment, refreshments of ghostly pop-corn balls, coffee, and jack-o-lantern sandwiches were served to Mesdames and Messrs. Earl Myers, Elmer Kennedy, W. V. Thomasson, Wilton Grounds, Claude Morton, Alvin Mace, Misses Layma Taylor, Vera Garland, Wilma King, Effie Dean Ballard, Ruby Bullard and Messrs. Leroy Leathers, Dave Waldron, Robert Weatherly, Frank White, Ekke Balson and the hostesses.

Can't Scare Him!

"They can't scare me, even though I am little," said Charlie Lockhart, state treasurer of Texas, when he learned of a plot to rob the State Treasury. "Besides, they're welcome to that \$3,000,000 deficit," Charlie added. Lockhart is the smallest state official in Texas, and probably the smallest public official in the world.

Miss Gray a good entertainer as well as a good teacher.

Miss Jennie Mae Owens of Sulphur Springs is a guest of her uncle Claude Nixon and family.

The people of Goldston is to stage a Carnival Saturday night, Nov. 5th. All kinds of carnival games and a fiddling contest will be among the many things of entertainment. Something for big, little, old and young in the way of amusement. The public is invited to come out and help us. We will also have a complete assortment of "eats."

The proceeds from the carnival will be used to purchase song books and the remainder will be spent for school supplies.

Miss Dixie May of Chamberlain was a week end guest of Bertie and Uva Stewart.

Mrs. S. J. Dyer entertained her Sunday school class with a Halloween party at her home Monday night.

Refreshments of cake and hot chocolate was served to Doris Jean Morgan, Edith Earthman, Georgie Lee Burrow, Cora Lee and Geraldine Jordan and Kenneth and S. J. Dyer.

Mr. and Mrs. Dykes of the North Plains visited Mr. and Mrs. J. J. Seago and family Sunday.

EDUCATIONAL DIGEST

The general property tax does not place the burden of taxation where most of the wealth is to be found. In fact, two-thirds of the burden of taxation is on the land.

The first essential of a tax system is that it be enforceable. Therefore, we must conclude that our present tax system is not enforceable.

Our present tax system does not take into consideration the fact that there is abundance of wealth involved in intangible property that escapes taxation from year to year. The value of the intangible property in Texas is increasing more rapidly than the value of land consequently the land is being taxed to pay for the increased cost of government that is being increased steadily because the government is taking part in more and more activities each year.

In the Comptroller's report for 1931, table 82, only forty-two of the 254 counties of the state reported stocks and bonds for taxation. The writer is glad to inform the readers that Donley county reported stocks and bonds for taxation. In this same report, only 26 counties reported shares of capital for taxation. This report also

states that only 123 counties of the state reported money on hand or on deposit for taxation.

From the twentieth to the fortieth legislatures, inclusive, the appropriations have increased from 4.9 million dollars to 49 million dollars. Then we wonder why our taxes are higher than they were in the good old days. However, part

of this increase can be contributed to the fact that the government is engaged in more activities than formerly.

The assessment of property for state ad valorem tax is made by locally elected county assessors. The work of these officers is not supervised by any state agency, and there is no state board of equalization. The inevitable result of such lack of system is that some counties bear a larger part of the burden of the state general property tax than they should, while others escape with the payment of less than is just. The operation of the property tax is such that progressive counties using a high ratio of assessed to the true value are discriminated against, whereas counties in which property is greatly undervalued are favored.

The problem of taxation is a present a very vital public issue, and a great deal is heard about the general property tax in particular, both because of its importance as a source of state and local revenue and because of its defects. The constitution provides that the taxes shall be equal and uniform, but the general property tax results in inequalities burdens due to the lack of uniformity between counties and individuals in the proportion of assessed to the true value of property.

Donley County Leader, \$1.50 a year

Governor Roosevelt Says:

"The word 'individualism' is a bitter word in the mouth of Republican leaders who have fostered regimentation without stint or limit. Opposition to financial exploitation is a ghastly sham in men who have created, encouraged and brought into being the very powers of exploitation. We must get back to first principles, we must make American individualism what it was intended to be—equality of opportunity for all, the right of exploitation for none."

"If we would get to the root of the difficulty, we will find it in the present lack of equality for agriculture. The things that our farmers buy today cost nine per cent more than they did before the World War. The things they sell bring them forty-three per cent less than then. These figures, as of August first, which are authenticated by the Department of Agriculture, mean that the farm dollar is worth less than half of what it represented before the war. Remember this, my friends: The things that farmers buy, protected by Mr. Grundy's tariff, are nine per cent above pre-war prices; the things that farmers sell—and remember world prices fix domestic prices—are forty-three per cent below pre-war prices. The correction of this condition must in some way bring the purchasing power of the farmer within reach of the things that Mr. Grundy has protected."

"There is no reason to disguise the fact that the railroads as a whole are in serious difficulty. And when so large a part of the American people have a direct cash stake in the situation, I take it that our job is neither to howl about a calamity nor to gloss over the trouble, but patiently and carefully to get to the bottom of the situation, find out why the trouble exists and try to plan for a removal of the basic causes of that trouble."

The members of the Rebekah Lodge No. 149 I. O. O. F. entertained with a Halloween party Friday night, Oct. 28th. About 60 members and guests were present. The hall presented a very "spooky" appearance with its decorations of black cats, owls, bats, witches, Jack O Lanterns in colors of black and yellow. Fortune telling, reading the last wills and other contests were enjoyed when 12 tables of 42 games were in progress until a late hour. Refreshments of pumpkin pie with whipped cream and hot coffee was served. All wish to thank Mr. Fox of the Jitney Jungle grocery store for donating the good coffee, and also we thank Mr. Frank Whitlock for making the delicious coffee, that was enjoyed by all. Diet Didn't Do This!

HAPPY little girl, just bursting with pep, and she has never tasted a "tonic!"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsin. Stimulate the body's vital organs. Dr. Caldwell's prescription of pure pepsin, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's

Syrup Pepsin. This gentle stimulant will soon right things! The bowels will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

Get some Syrup Pepsin; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsin at any drug store; they have it all ready in big bottles.

School Days

Are on us again. Statistics show that 25% (1 out of 4) school children are retarded in their studies by defective eyes. Children who see better learn more.

Dr. Montgomery has special equipment for examining children's eyes. He does not use drugs or dilate the pupil in making the examination. He has had twelve years in the exclusive study of the human eyes, and the correction of their defects. So when you think of your eyes, think of ————

Clarendon Musical Artists Broadcast Saturday

A special program was offered over station WDAG of Amarillo by Clarendon musicians Saturday afternoon, the program being arranged and announced by Mason King of the Globe-News.

Appearing on the program were Mrs. Allen J. Bryan, pianist; Miss Delphia Bones, pianist; Elizabeth Kemp, Harvey Lou Strawn, Joyce

Link and Virginia Cluck in a violin quartet; Mrs. G. L. Boykin, violinist; Hubert Reavis, clarinetist.

Monley Bryan, son of Mr. and Mrs. A. J. Bryan, sang a number. He is said to be the youngest artist to broadcast over the station.

Gus B. Stephenson of Clarendon and Robert O. Sandusky of Shamrock presented trumpet and clarinet solos and duets.

NOTHING NEW IN FIGURES

There is nothing new in the system of keeping up with the expiration date on your paper. The first figure tells you the name of the month. The second figure or figures, the day of the month. The last figures tell you the year of expiration.

If your last is followed by figures 9-1-32, that means that your paper expired on the 9th month of the year which is September. The figure one denotes the first day of that month. The figures "32" means that your subscription expires this year. Again, if the figures 8-14-32 is printed after your name, your subscription expired on the 8th month, or August, the 14th of that month of this year.

Look at the figures after your name on this paper. If you are behind, mail or bring a dollar or a check to the Leader office at once and get square with the account. The last figures on your paper should read "32" to extend your subscription into next year. The postal laws will not permit us to carry your account, and should we receive orders to drop your name from the list, we would reluctantly be compelled to do so and you would miss the next issue. Please attend to this matter today—right now. We would do as much for you any time.

Purchasers of Past Month To Profit Saturday

The merchants of the town who are members of the Trade League, will complete the first promise offering special inducements by purchase from them next Saturday when buyers will be rewarded if they are present at the City Hall soon after the noon hour.

A large crowd is expected to be present when the distribution of merchandise begins. It is seldom that one gets anything of value without paying for it. Saturday crowds have been growing each week, and next Saturday is expected to be the biggest day of the year.

Highway Paving Project Is Dragging Along

Judge Alexander states that the Highway Commission has notified him that the \$15,000 loan has been made ready to help secure the right-of-way through Donley county.

Construction will begin just as soon as the survey is made. The shipping corrals at Ashtola continues to be the bone of contention at this time. It is said that a committee from this county will visit the Denver railway offices at Ft. Worth in an effort to offset a compromise on the corral proposition that the highway may be constructed without further delay.

As the matter now stands, the state will complete the highway across the county if the county will supply the right-of-way. The state will lend the county \$15,000 with which to supplement the purchase in an effort to avoid any raise in taxes.

Tire Thieves in Second Raid Here Tuesday

The second raid within two weeks of tire and wheel thieves was made here Tuesday night. So far as can be learned Havas Warner lost a truck casing. Bert Smith came up two wheels and two tires short. Frank White Jr. lost a tire to the visitors. Nat Wood mourns the loss of two good tires. U. T. Fowler apparently had nothing in their regular line, so they took his car battery.

It is claimed that an organized bunch of thieves out of Oklahoma raid Panhandle towns periodically and transport the collection back east to a market.

Father-Son Banquet Dated November 17th

According to an announcement of Dr. E. L. Jenkins, father of the movement in Clarendon, the annual Father-Son banquet affair will be held this year on the 17th. The Doctor states that the program will be decidedly different this time to anything presented in the past.

This affair has always been one of the big events of the year. It will be held in the basement of the First Christian church as in times past where hundreds have gathered each year to do honor to the occasion.

A full program of particulars will be given through the Leader next week.

Harry Ruddell has sufficiently recovered from an eye operation to be back on his job again.

Rev. Ollie Apple and family were in Clarendon on business Wednesday. He is pastor of the Methodist church at Lakeview.

BRONCHS WALLOP SKYROCKETS IN BATTLE FRIDAY

Best Game of The Season Results in a Score of 14 To 24 Victory

The thrill that so rarely finds its way into the tussle of gridiron classics, exploded in all its frenzied hilarity here Friday afternoon when the Clarendon Bronchos came from behind during the last four minutes of the game and passed and plunged their way to a 24-14 victory over the fleet and hard fighting Skyrockets from Wellington. The deciding blow that shattered the hopes of Wellington fans and sent Broncho stock skyward came suddenly with only a few minutes to play, when Whitlock whipped a well directed pass into the out-stretched arms of Bolls who carried the ball into scoring position and a few seconds later plunged across for a touchdown.

Whitlock, Clarendon quarterback, proved himself the outstanding player of the game. He was the main battering ram of the team, gaining yard after yard over left and right tackle plays. Watson and Bolls also stood out for the Bronchos, each scoring a touchdown with Whitlock making two.

Clarendon was never able throughout the game to add the extra point after touchdown—that precious little one point that so often wins the game. The third period ended with Clarendon trailing 12-14.

Entering the fourth period with a two-point lead, the Skyrockets were playing defensive football, determined that the Maroon and White should not cross their goal stripe. It looked as though they were going to do that very thing, when suddenly with but four minutes left to play, Whitlock whipped a fast pass to Bolls who carried the pigskin to a scoring position. With a smashing line play, Boles plunged across for a touchdown to put Clarendon ahead with a four point margin.

Just before the kickoff after the last score, the Clarendon mentors sent in Frank Holtzclaw, one of the reserves to do the kicking. And, Frank, little but unversed, sent the ball rolling into an off-side punt. The Skyrockets completely taken off guard were unable to reach the ball before Whitlock scooped it up on a fast run and sped on across the goal line for the fourth and last touchdown of the game. So great was the reaction after the last two scores that the Bronchos were fighting hard and lacked but a few feet to go for another counter when the game ended.

Pie Supper at Martin For Friday Night

The nice new brick school building at Martin has been completed, school has opened with bright prospects, but it would be just a bit brighter if they had more equipment.

In order to secure funds for this equipment, the women folks of the community have devised plans in the nature of a pie supper which will be held there Friday evening of this week the 4th. The public is cordially invited to attend. There will be plenty of good music which is by no means a side issue when it comes to entertainment out there.

Officers Arrest An Alleged Counterfeiter Sunday

After a number of counterfeit coins had shown up at the medicine show at Hedley over the week, a trap was laid and the lead took the investigator who was an ordinary young lady of that community, to a house about three and a half miles east of Quail.

Sheriff Pierce was informed about the matter and he and Deputy Guy Wright asked Sheriff Claude McKinney of Wellington to meet them at Quail. The officers then went to the home of a man by the name of Creed, an old settler, where more incriminating evidence was found.

During the investigation at the Creed home, Wright found some broken molds and more of the coins. The coins circulated were of five, ten, twenty-five and fifty cent pieces. The metal was lighter than the genuine, had the same color but no ring to it. They were defaced to represent old or worn coins.

The owner of the home was taken in charge by McKinney and jailed at Wellington and a federal man at Amarillo notified.

NAYLOR

Mr. and Mrs. Lewis Fields and sons of Amarillo visited here Sunday with the lady's sisters, the Misses Naylor.

Leroy Tidrow is attending school at Hedley. Mrs. M. L. Wood entertained a Halloween crowd Saturday night. Most all came in 'spooky' attire and enjoyed the entertainment immensely.

Miss Louise Tidrow, employed in a Clarendon beauty parlor, spent Sunday with homefolks. T. E. Naylor and sister, Miss Ava, were Memphis visitors Monday.

Naylor community made a good sweet potato crop which has been placed in dry house storage.

Rev. and Mrs. L. A. Reavis visited in the home of their son, Mr. and Mrs. Cecil Reavis at Turkey Sunday and attended quarterly conference.

C. A. Bryan has returned to Clarendon after spending several days with his son at Turkey.

Mr. and Mrs. Reagan Bryan of Turkey visited relatives here over the week end.

Mrs. Curtis Van Zandt of Post returned home Wednesday after a short visit with her parents, Mr. and Mrs. J. H. Hurn. She was accompanied by Mr. and Mrs. Nathan Cox.

Bible Study Course Begins At Presbyterian Church

The local Presbyterian church will begin Sunday night a systematic course of Bible study. The course has been arranged and planned by Dr. W. M. Anderson the course has been given the title of "Through the Bible Reading Course." The entire Bible will be studied.

The idea originated and was carried out in the First Presbyterian church at Dallas, and was so popular and successful that many churches far and wide are now conducting the Bible study course. The evening service will be held at 7 o'clock.

How Democrats May Vote For ORVILLE BULLINGTON FOR GOVERNOR

Assuming you want to vote for ROOSEVELT and GARNER and all the rest of the Democratic nominees, except Mrs. Miriam Ferguson, the only name you mark out in the Democratic column is Mrs. Miriam Ferguson, as shown below. In the Republican column you mark out everything from top to bottom, except Orville Bullington. In the next column, the Socialist, you draw a line from top to bottom, and the same for the other five columns.

Two gubernatorial candidates' names appeared unmarked, neither would get a vote and your ballot would not be counted. You must leave all the 25 electors unmarked in the party you want and mark out all of them in the other columns in order to cast a vote for your presidential choice. Below is the important corner of the official ballot correctly marked if you want ROOSEVELT, GARNER and BULLINGTON and the rest of the Democratic nominees.

A National Landslide for Goodyear!

1932 Tire Ticket

GOODYEAR for National Leadership

FOR PASSENGER CARS

Goodyear Airwheel

Goodyear Duty

Goodyear Star All-Weather

Tire Users vote the GOODYEAR ticket straight—again in 1932

By a plurality of MILLIONS, the car owners of America have elected Goodyear their FIRST-choice tire! Every year since 1916 Goodyear Tires have carried the country in steadily increasing popularity.

Why buy any second-choice tire when a GOODYEAR—the first choice—costs no more?
