

The Donley County Leader

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

Volume 5 Number 6

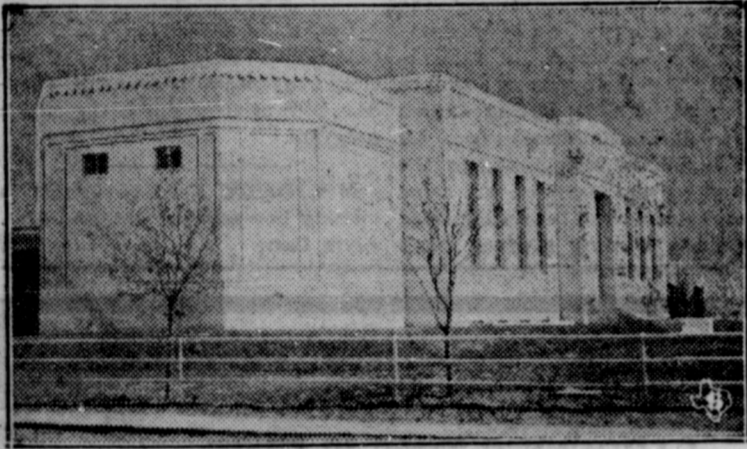

CLARENDON, DONLEY COUNTY, TEXAS, APRIL 13, 1933

A Common Paper For Common People

ANOTHER SPRING TONIC.

As we understand it, the major oil companies want Texans to adopt crude oil as a spring tonic rather than the old-fashioned sulphur and molasses treatment for spring fever.

Panhandle Historical Museum Opens

The Panhandle-Plains Historical Society Museum was dedicated last week. It has just been completed at a cost of nearly \$55,000. The structure, of Texas limestone, was made possible by the contributions of hundreds of people, from all parts of the United States, though mostly from Northwest Texas.

Big Crowd at Brice Sees Convict Play

The Odd Fellow Dramatic Club scored another big hit when the play, "Tony the Convict" was taken to Brice Tuesday evening. The "troupe" was in better practice from a number of presentations and those who saw the performance state that each member of the "gang" acted like a veteran.

The largest crowd yet of the several towns and rural schools where the play has been shown, was on hand Tuesday night and showed a high sense of appreciation. The Brice school shared in the proceeds and will use the money for the purchase of athletic equipment. The portion shared by the Club goes to the Odd Fellows Home for widows and orphans.

Misses Julia, Rhoda and Helen Wiedman visited friends in Amarillo Sunday.

RURAL SCHOOL FOLKS CONVENE HERE SATURDAY

G. G. Reeves as President Presides Over County Convention

The first county convention of the new Teacher-Trustee association was held in the District Court room here Saturday. A number of districts had representation in the central organization at this meeting, and the attendance in general would indicate a growing interest in school affairs, if one may judge from the reports of these district meetings.

School legislation and standardization of rural schools were the subjects uppermost in the minds of those present. Talks were made by a number of men whose enthusiasm was further spurred on by the energetic action of the President who is making quite a reputation for himself as a friend of Donley county school interests.

Judge W. T. Link discussed school management and the necessity for economy in school management. Fred Story complimented the teachers and trustees for the progress made and added his personal encouragement to further success.

R. G. Dillard of the Windy Valley school spoke on pending bills affecting the schools, and bills that have already been passed by the Legislature.

Sid Thomas of the Ashtola school paid his respects to the Interscholastic League movement and suggested methods of improvement.

Frank Behringer of the Hudgins school spoke on standardization of rural schools bringing out a number of good points.

E. H. Estlack of the Fairview school was appointed reporter of the organization by the President.

The matter of rural school tournaments for the coming year were not overlooked. In this respect a committee was selected. Sid Thomas is chairman and R. G. Dillard is secretary of the committee. Other members are Dennis Smith of Skillet, C. W. Howard of Bray and Clarence Jackson of Chamberlain.

'No Garden, No Relief' Slogan Of Texas R. F. C. Board

"No garden, no relief" is a slogan of Lawrence Westbrook, director of the R. F. C. relief commission for the state of Texas.

He has advised all county chairmen and relief officers that should there be "no garden" there will be "no relief."

He has instructed all county relief committees to purchase seed and to incur the necessary expenses incident to the making of a garden "by every able-minded person on the lists of those receiving relief."

Westbrook takes the position that every one who can, and is unwilling to grow a garden, is not entitled to any further consideration, their cases being hopeless.

W. I. Rains of Hedley was a business visitor in the county seat Wednesday.

MARTIN SCHOOL TO PRESENT PLAY FRIDAY EVENING

"The Whole Town's Broke" Is Three Act Comedy To Be Shown at Goldston

Martin school will present their play, "The Whole Town's Broke" Friday night, April 14th at Goldston. The cast will be:

William Stanley—Glen Sibley, a village banker.

Sarah Stanley—Louise Patterson, his wife.

Paul Stanley—Royce Turnbow, his son.

Martha Stanley—Bernice Self, his mother.

Mary Garner—Margaret Easterling, his secretary.

James Watkins—Ralph Shannon a rival banker.

Florence Watkins—Freida Helton, his mother.

Betty Simpson—Margarite Lafon, the village belle.

Jack Bryant—Fred Easterling, a garage man.

Hon. John Davis—Henry Davis, the county judge.

Lanky Primrose—Luther Pittman, a colored janitor.

Jerry Hansen—Lloyd Connel, deputy sheriff.

Bert Ryan—Fred Helton, a laborer.

Biddy Lampert—Eddie Wood, an old maid.

The admission will be five cents for children and ten cents for adults. Eggs will be accepted at market price.

The play is a comedy-drama in three acts. William Stanley, a village banker, is honest but too kind hearted for the position he holds. He invests the funds of the bank injudiciously and when the bank fails, he is sent to prison. While some of their former friends shun the Stanleys on account of this disgrace, Paul, the son, resolves to make something of himself and to clear the family name. How well he succeeds is told in the play, in the last act.

There are many good parts. Lanky Primrose, a colored servant and Biddy Lampert, a maid, furnish some excellent comedy. It is a play that is well worth while and provides two hours of wholesome entertainment for any audience.

Hall County Ex-sheriff Gets Another Trial

Wednesday the court of criminal appeals at Austin reversed and remanded the conviction of S. A. Christian, former Hall county sheriff, on an extortion charge in which he received a sentence of two years some months ago.

This is one of the several cases in Texas in which it was alleged that officers accepted fees larger than to which they were entitled under the laws of the state.

Methodist Revival to Begin Next Monday Evening

A Methodist revival is to begin at the church here Monday evening according to announcement of the pastor, Rev. E. B. Bowen. Rev. W. G. Bailey of Plainview will conduct the meeting.

Two services will be held each day at 2:30 p. m. and at 7:30 in the evening. There will be plenty of good singing. The pastor invites every one to attend these services.

Hospital Barn is Becoming Much Needed Garage

G. L. Heatherly is master carpenter of a squad of men who have torn down the large red barn west of the Adair hospital, the material being worked into a garage that has been needed for some time.

It was necessary to purchase new material only for the roof of the new building which measures 18 feet in width and 56 feet in length. The building will likely receive a stucco job later in the season, though it is said this is not necessary due to the method of planning the structure by Mr. Heatherly who was instructed to use economy, and did.

Doc Howard Wants Demand For Home Grown Beef

No one would dare dispute the fact that Donley county can and does produce beef equal to that of any other section. Doc Howard, in conversation with the writer Wednesday offered the suggestion that home people should be acquainted with the idea that the best beef could be had right here at home for less money.

He suggested that beef producers get in line with local meat market men and supply them with beef at a price any one could afford to pay after the market man got a fair profit out of the deal.

Those who want to get lined up on home grown beef production for home people should see Mr. Howard at once and get the idea to working. Better beef can be grown here for less money than poorer quality can be shipped in for, he says. Some of the markets specialize in home grown baby beef already. All of them should handle beef produced here, and will, if there is a demand.

JUNIOR CHOIR SPONSORS EASTER PAGEANT SUNDAY

The Junior Choir and Orchestra of the Methodist church will present next Sunday evening at 7:30 a simple and beautiful tribute to Easter with a pageant called "Jesus' Neighbors."

The musical setting for the descriptions of the characters as given by the Pastor, include many well known and loved songs. Assaph, an orphan of Tyre, Rachel, a woman disciple; Pilate, the governor of Judea; Anna, the grandmother of Jesus; Philemon, a Greek apothecary, and Mary Magdalene, are the characters in the evening's program.

A cordial invitation is extended to the members and friends of the Methodist church to this Easter night service.

Havas Warner was taken to Amarillo Tuesday for medical examination. His condition appears to be different to that ordinarily coming under the examination of the average medical practitioner.

DEDICATION OF MUSEUM BUILDING FRIDAY, 14TH

Canyon Expects to Welcome Largest Crowd of Real Panhandlers

Canyon, April 10—Everything is in readiness for the dedication and opening of the Museum of the Panhandle-Plains Historical Society Friday, April 14. The program is complete. The exhibit of the work of Panhandle artists is being hung in the Mary E. Hudspeth Art Room of the building, and the other rooms of the Museum are being arranged for the throng of visitors who will come from every part of Texas for the first public view of the edifice which has been made possible by the gifts of nearly \$29,000 by the citizens of northwest Texas during the hardest times the oldest of them have ever known.

With trees beginning to bud around it, and with the grounds terraced for grass, with a bird's nest perching upon the top of the antelope head which forms part of the trim of the facade, the white structure of shining Texas limestone seems already to have become a part of its environment.

The cattle brands, XIT, JA, LX, and many more will tell their own story to the hundreds of old timers who will come on Friday to view "Pioneer Hall," built to honor the generation just preceding their own.

On two polished blocks on either side of the entrance appear the names of the directors of the Society, T. D. Hobart, president; H. E. Hoover, W. H. Patrick, H. M. Russell, J. D. Hamlin, Mrs. W. T. Coble, and A. J. Rires; the Building Committee, H. E. Hoover, chairman, T. D. Hobart, J. A. Hill, W. H. Patrick, H. M. Russell, R. P. Smythe, Mrs. W. T. Coble, Mrs. Olive K. Dixon, and Gene Howe; Governor, Ross S. Sterling; Board of Regents, A. B. Mayhew, president, Henry Paulus, Will Hayes, Thomas H. Ball, J. W. Fitzgerald, John E. Hill, H. L. Kokernot, Jr., W. C. Crane, Webb Walker, J. A. Hill, President of the College; Rittenberry and Carder, Architects; W. Frank Little, Contractor.

It was Field Secretary L. F. Sheffy who successfully and untiringly carried on the campaign which resulted in raising the money necessary to match the Legislature's appropriation of \$25,000. This Professor Sheffy did, according to Mrs. W. T. Coble, "At a time when there was no money" through the interests of citizens who made sacrificial contributions to bring about concrete expression of the Panhandle's cultural progress.

The final event of the Dedication Day will be the banquet Friday night, when Judge J. D. Hamlin of Farwell will deliver the dedicatory address, and J. Evetts Haley, first field secretary of the Society, now of the University of Texas, will speak on "The Lure of the Soil." Only 200 can attend the banquet and every seat will be occupied, according to Professors Sheffy and W. L. Vaughn, who are receiving the checks for reservations.

The day's activities begin at ten and are divided into three sessions, with arrangements for rest periods so that elderly honored guests may not be too fatigued. Following is the complete program:

Morning Program, 10 o'clock. Clyde W. Warwick, of Canyon, in charge. Pageant Depicting Early Life of the Plains—sponsored by the Lloyd Green Allen Chapter of the Scholarship Societies of the South, and the Senior Class of 1933, West Texas State Teachers College, under the direction of Misses Hattie M. Anderson, Angie Debo, Edna Graham, Mary Morgan Brown, and Messrs. C. W. Batchelder and S. H. Condon.

Chuck Wagon Dinner, 12 o'clock. Sweetwater Chuck Wagon, served by John M. Hendrix of Sweetwater.

Afternoon Session, 2:30 o'clock. Business Session in Auditorium of Education Building.

Evening Program, 6:30 o'clock. Annual Banquet at Cousins Hall, T. D. Hobart, of Pampa, presiding. Toastmaster, Hermon C. Pipkin of

More Witnesses Are Called In Peabody Case

Sheriff Pierce has served summons on seven more citizens of Donley county to testify for the defense in the C. M. Peabody extortion case that is scheduled for trial at Austin May 1st.

Those receiving notice the past week to appear at Austin were Mrs. Inez Peabody, wife of the defendant, and Joe Bownds, Paul Shelton, M. M. Noble, Lon Rundell, John Goldston and Geo. A. Ryan.

Nazarine Revival Progresses At Denver Hotel

Rev. S. R. Brannon of Amarillo and evangelist of note is in charge of the revival in progress in the large dining room of the Denver hotel building.

Services are being conducted twice daily, at 10 a. m. and again at 8 p. m. Those in charge cordially invite the public to worship with the congregation at any of the sessions. Services will continue over next week.

Births Through March Show Decline in Comparison

The births in Donley county for the month of January totaled fifteen. For February, a gain of one was made with a total of sixteen. March shows a decline with a total of thirteen.

Births for March according to record are: Edward Dale Hall, Ernest Floyd Hunt, Jr., Lois Marie Hommel, Kay Marcia Jackson, Franklin Clemmens, George B. Melton, Clayton Carol Peabody, Edna June Aduddell, Dewey Arnold Foster, Ruthie Geneth Hatfield, Luella Taylor, Carl Rae Mc Neal, Boyd Wesley Pipes.

Hereford Will Entertain Federated Clubs

Clubdom's outstanding event of the year takes place this week when Hereford will entertain officers of the Texas Federation of Woman's Clubs, the officers of the 7th District and the delegates from 137 clubs which make up the district.

Donley county women identified with this program on April 19, 20 and 21st, are Mrs. J. W. Noel of Hedley of the Fine Arts division, and Mrs. James Trent of Clarendon who is a member of special committees during the convention.

Mr. and Mrs. Houston Miller and son Elton of Canadian spent the week end visiting their daughter, Mrs. Otis Jackson and sister, Mrs. Eula Cox.

Mr. and Mrs. Frank Houston of Childress were in Clarendon Monday. Mr. Houston, manager of the West Texas Utility interests in this district, was here on a tour of inspection and meeting the folks.

Criticises Taxes

Tom Hunter, Wichita Falls lawyer-economist, who was a candidate for Governor last year, claimed that taxes are not justly assessed in an address before the convention of the Texas Cotton Ginners' Association in Dallas last week. He said that public utilities, oil companies and other great organized industrial interests have avoided payment of just taxes.

Amarillo; Welcome Address, Dr. J. A. Hill of Canyon; Response, W. H. Patrick of Clarendon; Violin solo, Herschel Coffee; Address, "Lure of the Soil," J. Evetts Haley; Cowboy Songs, Wallace R. Clark; Dedicatory Address, Judge James D. Hamlin of Farwell.

DISPOSITION OF LAST CRIMINAL CASE WEDNESDAY

Court is Adjourned Until Next Monday Account Of Dull Business

Except for minor matters, the business of the District Court is pretty well wound up for the term. Judge Fires adjourned court Wednesday until Monday when a civil suit is scheduled for trial.

The case of W. R. Martin of Amarillo in which he was charged with burglary of the Clarendon Grain company November 16th, 1932, was tried before Judge Fires Wednesday morning. The defendant was represented by Lee P. Pierson of Amarillo. Martin was given a term of three years in the pen.

Martin was the last of a trio charged with this offense. Tolliver Towles was given five years and Chester Shelton a like term some days ago on the same charge. All three are alleged to have been captured in the act of knocking the grain company's safe knob. Each of them waived jury trials and evidence was submitted Judge Fires with results as above stated.

This has been a dull week in court. Judge Fires likened it to the weariness of waiting for a train, only worse, he said. The Judge left today for Amarillo and will be at Canyon tomorrow for the dedication ceremonies of the Panhandle-Plains Historical Society museum building.

District Attorney John Dever and Court Reporter Tommy Easterling will spend the adjournment period with their families at Memphis, returning Monday morning.

City Books Being Audited By Amarillo Firm

Contract was awarded Dempsey A. Winn and Company of Amarillo for an audit of the City's books. Mr. Winn began the work in person Monday of this week. He is a C. P. A. man and the firm has been auditing the books annually for several years.

DON'T OVERLOOK COMMUNITY PLAY FRIDAY EVENING

Fairview Literary Society To Present Comedy Play In Three Acts

The first play to be presented by the Fairview Literary Society will be "The Deacon's Honeymoon" on Friday evening of this week, beginning at 7:30. This is a three-act comedy play with plenty of laughs thrown in to make it a hit.

The players include young and middle aged of the entire community, Elmer Espy taking the part of the "Deacon" while Miss Bill Sneed will officiate as the Deacon's wife. A play without terror, thrills, and intrigue would be lifeless, so Glenn Wood functions in the play as the "constable" in a manner most acceptable.

Clifton Adams is ideally gifted as the colored man about the place. Others in the play are Mr. and Mrs. Ray Hefner, Hazel Hefner, Letras Scott, Fannie Naylor, Austin Sneed and Dorris Espy.

No admission charge will be made. The entire public is cordially invited to share in the entertainment. Carl Naylor is president of the literary society and we have his word for it that this will be "some" show.

Miss Helen Martin, teacher in the Pampa school, visited home folks here Sunday.

POULTRY-DAIRY INTERESTS PAY GROCERY BILLS

Farmers Are Adopting Plan Of "Pay as You Go" With Much Better Effect

In speaking to a small land farmer Monday, this man reiterated a phrase that has been heard a great deal lately. He said: "We have adopted the pay-as-you-go plan at our house, and when we can't pay, we just don't go."

That appears to be the idea of a number of the energetic citizens who have tired of being in debt through the trying period of the past three years. The cream can has paid bills weekly for a large number, and this number is increasing.

During the month of February, 350 ten gallon cans of cream were expressed out by individuals and local buyers. This number was further increased to 375 for the month of March. This amount represents about two-thirds of the actual amount sold here for the reason that trucks haul out at least a third of the cream receipts. One local buyer trucks his cream to Pampa and another to Childress.

Will poultry production in Donley county exceed that of last year? That is a question often asked at this time because the Clarendon hatchery is running at the height of the season.

This question could best be answered by reference to the books of the hatchery here where it is shown that some eight thousand custom hatch chicks are going on to the farms of Donley county each week. The number is increasing each week with every indication that early fryers will be plentiful with a fair market price.

Produce men are of the opinion that the consuming public will be on the pay roll this spring and summer to enable them to buy the farmer's product this fall, as one of the Roosevelt plans for rebuilding the nation. If this be true, there will be a much better demand with corresponding higher prices for both dairy and poultry products from here out.

Mmes. Edd Teer, B. F. Kirtley, Frank Stoking, Thornberry, Simon Powell were Amarillo visitors Friday.

Jim Everett, popular postmaster of Hedley even tho a republican, was in town Monday meeting a lot of folks who are always glad to see Jim.

NEW MACHINE TO REPAIR STREETS IN THE FUTURE

City Purchases Maintainer For Street Work With Cash Outlay

Those who remember back to the time when our streets were almost impassable, and are today making comparison of present day streets with those of that time, will be glad to know that the City has purchased a machine for continuing the improvement of our streets.

The new machine known as a "maintainer," is a combination tractor and grader all in one unit requiring only one man for operation. The cost of the new machine is \$2,150 to be paid for on the celebrated installment plan. The old caterpillar tractor purchased some nine years ago under the So Relle administration, and which was worn out, was accepted by the company as a part of the purchase price. A number of bids were received, and the machine purchased was the lowest in price and deemed the best suited for the work here.

One hundred blocks of streets have been topped with clay by employing RFC fund labor. This street improvement will continue as long as funds last according to Joe Holland Jr., member of the City Commission having charge of street work.

THE DONLEY COUNTY LEADER

J. C. ESTLACK, Editor and Owner

Published on Thursday of each week.

Subscription \$1.50 a year 1st zone. Other zones \$2.00

Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE—Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

NATIONAL EDITORIAL ASSOCIATION MEMBER 1932

West Texas Press Association

Fanning The Leader.

Editorials reprinted from the Leader over the week appeared in the following out-of-state weekly papers: Taylor County Star-News, Melford, Wisconsin; Butler, Georgia Herald; Tri-County Press, Polo, Illinois; Democrat, Lamar, Missouri; Star-Clipper, Traer, Iowa; and Amarillo News as the one lone daily within the state.

Distinction.

The firm publishing the Donley County Leader enjoys the distinction of being the only printing firm in the county that is required to enter into a competitive bid in order to secure county printing.

We are in favor of the competitive bid on all county printing, and would appreciate a chance at the remainder that is printed here at home.

That Homestead Exemption.

When your tax assessor comes around, be sure to tell him which property you wish to claim as a homestead so that you will be entitled to the \$3,000 exemption. Otherwise you will not be entitled to an exemption. Most assessors will ask you which property is your homestead, but in the long run it will pay you to look after your own affairs yourself and the sure the assessor the trouble.

Winnie Mae Wins.

Winnie Mae is the name of the "robot" airplane that recently made a trip from Brownsville, Texas to Mexico City. Wiley Post was aboard, but that did not count as the plane was controlled by radio from Brownsville. He landed safely and so did "she" without mishap. This was also the same ship that took Post and Gatty 'round the world as the first men to circumnavigate the globe.

Getting The Job Done.

Besides reducing his own salary 15 percent, President Roosevelt has thrown the Federal Farm Board into the junk heap after it has cost the American people \$350,000,000. He has united seven federal agricultural agencies into one unit. These seven agencies formerly had 14 heads of as many departments or bureaus, now they have two and appear to be getting along better than before.

The Iron Heel.

Ladies, let's go shopping. One of the largest cosmetic concerns in Chicago has reduced the pay of its women workers from \$15 a week to \$4, and the price remains the same. That beautiful silk dress, advertised as a special, was made complete for 15 cents, and the wage is the same regardless of the retail price of the garment. The woman who fashioned those "daddy hats" worked five full days for \$1.95, and the best she can earn in any one week is \$4.15.

More About Taxes.

Some time ago we heard much about the sales tax going to work & great hardship upon the poorer class of folks. Who is fighting the fight most?

Radio speeches are being made against it most every night, and by whom? The retail merchants associations and chambers of commerce down state.

What are the school heads of Texas telling us? They strongly urge the passage of a sales tax and give as their reason that our school terms next season will be out far short unless a sales tax of some kind brings in the money.

Governor Ferguson, long a

friend of Texas schools, also urges the passage of a sales tax for the same reason.

Our legislative bodies have done so little this session that taxpayers in the main will not pay property taxes for 1933. The people will rebel against taxpaying as their only recourse to express their disapproval of the acts charged against the lawmakers down at Austin.

The Texas Almanac.

Again the Dallas News publishers do Texas and the nation a great favor by publishing a Texas Almanac for 1933.

While many new articles have been included, the chapters of information that have become standard in the Texas Almanac are retained, completely revised and enlarged. There are more than 7,000 names of individuals in the book. Especial attention is given to historical features, particularly those of importance in connection with the tentative plans for a centennial celebration. The volume this year lives fully up to its reputation of being the "Encyclopedia of Texas." Incidentally, a review of its contents reveals a marvelous amount of development in the Lone Star State, even during the last few years of business stagnation.

Price, 50c at news stands, 60c by mail.

Message of Hope.

Easter, April 16th, the day designated for commemoration of the resurrection of the Christ this year, has become the symbol of the bright side of life—the joy, the good, the light, the immortal hope of humanity. It is ushered in with the songs of birds, the renewed grasses, the greening trees, the flowers, the refreshing rains, the odor of growing fields, the zephyrs of spring, the rebirth of love and the responding joy in the hearts of men.

Among many it is a day long looked for, eagerly expected, hallowed by dreams and spiritual

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

- 1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

Fruit Grower Discusses Cold Damage of Past Winter

Mr. J. J. Cockrell of Mills county says that apples are more profitable than any other fruit that can be planted on the land. Mr. Cockrell raises many kinds of fruit, it takes more care to raise apples than any other fruit. The trees must be sprayed several times a year. This is one reason he thinks, there will never be an over production of good apples. He has Delicious, King David, Ruby Red and Yellow Delicious. The Delicious gets ripe and ready to eat on the trees. The others have to be ripened off the trees. A Delicious apple that is not over ripe is one of the best eating of all fruits.

If a man has apple land he can raise this fruit and sell it for what the northern people pay in freight getting it to us and make money. Many people are sleeping on a gold mine by not planting their land in apples and then taking care of the trees. A few apple trees out in a peach orchard seldom make anything. They must be planted in a block and the trees looked after.

Many people are now wondering if the English walnut can be grown in Texas. The English walnut is now growing fine here at Stephenville. There are some large trees of the Wilson Wonder and many trees of the Mayette and Franquette coming into bearing. The Wilson Wonder is an extremely large nut but the kernel has a dark skin over it so that it would never do for market. However the Mayette and Franquette are extra quality nuts and are growing and bearing well. Again Texas can score one over another state. The land is cheap and we do not have the swarms of insects they have in California. At no distant day Texas will be growing thousands of bushels of English walnuts and will also grow the improved black walnuts.

This winter has certainly tested the hardness of all our fruits. After a long hot spell the temperature suddenly dropped to seven below zero. In fact it dropped in half an hour. A my twenty year old Keiffer pear trees were killed to the ground and some kinds of apricots shared the same fate. The America plum came out whole.

Very few were killed if any, some other varieties of plums were hurt especially Burbank. We are looking for a big crop on our America and such kinds as Sapa, Hanska, Compass, the South Haven, Early Rose and Golden Gem Peaches were not hurt in tree nor fruit. The Elberta Giant strange to say stood the weather to perfection. This giant peach is a big yellow peach seedling of Elberta but different to Elberta in the respect that it has big white blooms. The Haupt berry plants were killed to the ground and the much whooped pineapple pear trees were all killed.

They might do well along the coast but we would not give another one of them room in our orchard. The Scuppernong grapes came out without getting killed and so did all the other grapes. All our fig plants were killed to the ground but the Harrison will come from the roots and bear a big crop. We are planting a great many

cherry trees. They come into bearing quickly and never get caught by frost. In this country the trees should be headed low so as to expose as little of the bodies to the hot sun as possible. Also the more varieties of cherries planted in a block the better, one cherry tree alone will not bear fruit and this not only holds good with cherries but it is true with many other fruits, including apples. Maybe that is the reason so many people think apples will not do in the south.

—J. E. Fitzgerald, Stephenville, Texas.

Drs. B. L. and O. L. Jenkins attended the Panhandle Medical Society convention in Amarillo Tuesday, both of them appearing on the program.

Mrs. Dalton Ford of Groom is visiting her parents, Mr. and Mrs. Alvin Lane.

GARDENING TIME IS HERE

Those who would profit most from the live-at-home theory, will plant plenty of garden stuff for early canning. They will begin canning early and can right on through the season. That's why thousands in Donley county lived better for less during the past year.

TEMPLE OF TRUTH
By the Apostles

The above snapshot was taken as the old Apostle located the champion patch of greens of the season Tuesday. It was mostly lamb's quarter and rates A-plus. A lot of fellows are natural born "jinners" for the popularity that is supposed to appear, in a measure, an exaggerated bunch of egotism. The man who can locate a good patch of greens these days has done far more for the human family than some bozo who butchers the language trying to make a speech around a banquet table.

And another thing, if you folks don't begin to keep your cows up at night, and quit turning them out when dark comes, some of these good women who are trying to grow more flowers around their homes are going to shoot them. I saw some of the maddest women

By L. F. Van Zelm

this week, and believe me, they mean business. They don't wait for the City to take care and protect their homes and yards, they propose to do it themselves. Keep up your milk cows—you may need them later. Also keep up the bulls. Two women were chased by a bull. When a woman can't get out without being chased over town by a bunch of wild stock, or mad bulls, it's about time to get the men folks mixed up in the racket. A lot of folks here are already tired of

this foolishness, and the writer is one of 'em.

Sam W. Morgan, Justice of the Peace at Clovis, N. Mex. received the following letter from an Anadarko, Oklahoma man recently: "The Peace Justice, I have bin tole you male divorsis cheap. write how much it costs and how to git started. I am in a hel of a hurrie and meen bisness."

There was a time when one could get most anything in New Mexico, but it never was sold "cheap" by any means. Here's an enthusiastic brother doomed to disappointment—the world is full of such stuff.

The fellow who fears to do right for what others may say by way of criticism, pays a tribute to pure cussedness.

Knowing that a lot of folks were enjoying 3 and 2 percent Saturday, Ed Duncan went as far as he could by selling two cans of tobacco and a pipe for two-bits. Did they buy and how!

G. G. Reeves of the Chamberlain community was in to see me Saturday. He is president of the county organization of public school principals and trustees. He is president of the local school board out there and a thorough-going school man with plenty of ability and energy to get the job done all-round. We need more such school men. Fellows who will stick up for the right thing and not be backward about telling the rest of the folks the reason why. More power to you G. G.

By golly don't fail to get one of the latest Texas Almanacs put out by the Dallas News. They put out one each year and have for a long time, but this year they have the best. It is fine for the children in school as well as the grown-ups.

Now since they are to beat Texas as to the 3 and 2 percent market, the women folks are in for a hard session right. Up to the present, she did not know in which state her daughter was getting married, now she won't know in which state her husband is getting drunk—Oklahoma or New Mexico.

"Personal service is merely the rent you pay for the space in the world you occupy."

Next Sunday is Easter day upon which millions celebrate with a style show.

Speaking of smart boys, E. Bryson has one. While at Amarillo seeing the national league ball game that failed to happen, "Red" Bryson bought some baseball equipment for his local team. This included a number of balls. On the way home in a spirit of fun, the boys wrote names of famous ball players on the ball covers and spread the news to the local yokels that the great were invading the Chamberlain diamond in name and spirit if not in person. A lot of folks fell for the joke and some insisted that a news article be run in the Leader—which it was. Mr. Bryson's oldest and youngest son is a humdinger, full of fun and originality.

After surviving halitosis and E. O. in connection with soap and toothpaste ads, we are confronted with K. U. (kitchen unhappiness) and have to buy another new-fangled soap. We'll be darned glad when this chemistry class gets through experimenting.

Matrimony—The high sea for which no compass has been invented.—Heine.

The College Hill Widow says "When you get old and ugly there ain't much chance of finding a mate, but that's your only chance to have anybody treat you like a necessity instead of a nuisance. A woman just naturally has to feel like she's the cream in some man's coffee or life simply ain't worth living."

The old Apostle blushes to admit that he is undergoing a siege of the chicken pox this week. His habit of having a lot to do with little folks perhaps is the cause of his chicken trouble, but it was worth it. They busted out Monday after two days on a bone ache, fever, headache, bad taste and smell schedule that got the old man almost into bed. The GW put me on a cracker diet and I got up and beat it for the office in self defense. But the disgrace of an old man having a kid's disease proves that second childhood is still a possibility.

Speaking of young folks, when the Apostle was somewhat youngish, we lived under a rigid rule of table manners among other things. To laugh at the table was the signal to dodge out the back door. The school teacher fought us all week and we rounded out Friday with a bunch of sad 'speeches' by the girls that killed smiles and nothing else. The girls had a tough time too. Saturday was a busy day with one hour off for play. We arose extra early for Sunday school, then church and home for dinner at the fourth table where wings, legs and necks filled the menu. After we filled up on the 'leavings' at 3 p. m., we were taken out to get a bit of air and cheer up our spirits by visiting the cemetery where we could read epitaphs on the tombstones. It was a regular weekly feature. We were reminded of the final judgment and shown the evidence scattered over forty acres. After listening to the horrid tales on those Sunday afternoons do you wonder that we had a deathly fear of the cemetery?

In the winter time boys fared better. He drew his annual allotment of one pair of shoes and was permitted to coon and possum hunt with "old Spot" between quitting time at 10 p. m. and beginning time at 4 a. m. We put in some hard licks and despite our rigid training, roasted potatoes, eggs and hens taken from the neighbors. Boys were still boys and it seemed impossible to kill the spirit in them. How men of fifty today can resurrect a smile after skidding his mind back to his happy (?) childhood is one of the heathen mysteries of the dark ages.

Boys and girls, or at least most of them, have a thousand time better chance to enjoy life today than 40 years ago. No one is prouder of the fact than the Apostle.

This is the time of the year that old folks yearn to go back to Arkansaw. Not that they like Arkansaw so well, but to get shut of their rheumatism. Those who do not have a flivver that will carry them back to Arkansaw, stop in Jack county which is second best.

The never falling remedy for rheumatism back there is left to only one person in a community. The conjurer, as that person is called, stops blood between seasons when necessary and all by faith as he never sees the victim. In the spring, his attention is centered on rheumatism which also requires a lot of faith along with the mechanical process of treatment. The toe nails of the patient are trimmed first. The trimmings are carefully collected and taken in charge by the "conjurer" who must slip off unseen, bore a hole in a certain kind of tree and place the toe nails therein, and plug up the hole by reaching back over his

shoulder. The moon must be in last quarter and the sign in the feet. This remedy never fails to stir up the anger of the medical men, and sometimes is known to effect a cure. The natives believe it never fails. A man who experimented upon himself put the "trimmings" in a hickory tree and went nutty. It was the wrong kind of a tree.

SUNNYVIEW

The play "Fools Holiday" at the school building here was well rendered and thoroughly enjoyed by a good size crowd. No admission was charged but Pies and Coffee, cocoa doughnuts, candy, chewing gum, etc. was sold which brought a nice little purse which will be used to buy equipment for the play ground.

Mrs. Sada Gray Payne and Mrs. Emly B. Ballew took their pupils on a picnic to day (Monday). Am sure all had a jolly good time, as usually do on such occasions.

Mr. and Mrs. Sam Dale and daughter Lucile and Mrs. Roy Morgan and children all of Goldston spent Sunday afternoon with their parents, Mr. and Mrs. R. A. Brame and family.

The Jury of View of the Hi-way here are calling on the farmers in

behalf of the road today (Monday) We are getting very anxious for the road work to begin as so many need employment.

CLARENDON H. D. CLUB
The Clarendon Home Demonstration Club will meet at the home of Mrs. J. M. Acord, Friday, April 21st at 2:35 p. m.

CONTRACT BRIDGE CLUB ENTERTAINED
Mrs. Chas. Trent entertained the Contract Bridge Club at her home Thursday afternoon with two tables of contract bridge. Mrs. Lenode Goldston was presented a award for high score.

A delicious one course salad refreshment was served during the social hour.

MOTHERS CLUB
The Mothers Club met at the Club Room Friday afternoon. Mrs. R. E. Paxson was hostess; Mrs. Homer Gorman leader and discussed a chapter in child psychology.

Mrs. Will McDonald—Helping your child to succeed.

Mrs. T. H. Ellis—Heading off disobedience.

At business session, the club decided to have a husbands evening instead of their annual spring luncheon.

A lovely salad plate was served to 13 members.

The club will meet April 21st in the home of Mrs. T. H. Ellis.

FRIENDSHIP CLUB
Mrs. M. T. Crabtree was hostess to the Friendship Club Tuesday afternoon. Meeting was opened with a prayer by Mrs. C. R. Skinner. Mrs. J. D. Stocking gave the scripture reading. Several different pieces of poetry was given by members.

The afternoon was spent in doing needle work. Refreshments were served to Mesdames Skinner, Tyree, Teal, Allison, Lindsey, Ballew, Stocking, Thornton. The next meeting will be with Mrs. J. H. Harris April 25th. Each member bring flower plants for exchange.

MISSIONARY SOCIETY
Circle No. 2 of the Woman's Missionary Society of the Methodist church met at the home of Mrs. J. C. Estlack Wednesday afternoon. 12 members and 3 visitors were present.

Mrs. C. A. Burton presided in the absence of the pres., Mrs. Will Johnson. Mrs. Carrie Wiedman led the devotional. A salad plate refreshment was served during the social hour.

The Belle Bennett Circle met Wednesday afternoon in the home of Miss Eula Naylor.

A splendid program was given with Mrs. Braswell as leader. Of special interest was a report given by Miss Naylor of the annual conference held at Vernon last week. After a short business session a social hour was enjoyed. Refreshments of ice cream and cake were served to Mesdames John Bass, Elba Ballew, Curtis Gallaway, Carl Bennett Jr. Claude McGowan, Sam Braswell, Lester Schull, Walter Wilson, Nathan Cox, Fred Russell, Rayburn Smith; Misses Fannie Perry and Christie Morris, by the hostesses, Miss Eula Naylor and Mrs. Slim Haggerty.

LOYAL WORKERS UNION
Program for April 16, 1933. Subject—The Optimism of Jesus. Leader—Mrs. Reid. The True meaning of Optimism—Mrs. Vinson. Jesus lived in the presence of

Beauty Advertises "Etex" Convention.

There are several ways of advertising a convention, but Jacksonville's method is both novel and effective. The circular placard and attractive girl cannot fail to attract attention to the seventh annual convention of the East Texas Chamber of Commerce, April 23, 24, 25. The girl heralding the big event is Miss Billie Sue Hackney of Jacksonville. The placard is an over-sized reproduction of the official convention badge.

God—Mrs. Holtzclaw. Jesus had faith in Men—Mrs. Mosley. Jesus believed in His ultimate victory—Mr. Holtzclaw. The duty of Christian optimism—Mrs. Miller.

CONN UNION
Program for April 16, 1933. Subject—The Optimism of Jesus. Leader—Mrs. Alfred Estlack. Scripture reading—Mrs. Huffstuttle.

The True meaning of Optimism—Jim Cannon. Jesus lived in the presence of God—Mrs. R. A. Hay. Jesus had faith in men—Lee Vaughn. Jesus believed in His ultimate victory—Mr. Huffstuttle. The duty of Christian optimism—Mr. Oller.

CHURCHES

FIRST PRESBYTERIAN CHURCH

JOHN BAPTIST (Episcopal) CHURCH**—Rev. L. L. Swan, rector Services on Good Friday—The

Young Grocery

The 4-H pantry of Mrs. L. D. Chappell of the Palacios Home Demonstration Club in Matagorda county has 81 varieties of fruits, vegetables, meats and preserves in 250 containers. The pantry was planned, filled and organized as a part of the A. and M. Extension Service living-at-home plan.

May First is Designated Child Health Day

Franklin D. Roosevelt has designated May first as Child Health Day, and calls upon all agencies, public or private, and all individuals having the interest of the children at heart, to set aside that day for earnest consideration of the needs of the children in their communities and in their homes, and to inaugurate constructive activities to protect and promote the health and physical vigor of the youth of the nation.

In this State the work will be sponsored by the Texas State Department of health. The purpose of this observance is to focus the attention of the general public upon the child and that the interest thus aroused will continue throughout the year. The list of activities included in this program start with

prenatal care and continue through the school life of the child.

Dr. H. N. Barnett, Director, Bureau of Child Hygiene, said, "The most solemn duty of any civilized society lies in the protection of child life, as no form of government can perpetuate itself unless it insures its future through fostering and safeguarding the lives of the children upon whom its very existence must depend. We have made great strides in art, science, and literature, which our advanced civilization demands, but unless we have a people of intelligence, full of health and vitality,

all these are as nothing. Without health, it is impossible for our children to carry on the burdens of our civilization."

Plans and literature for the building of child health programs may be secured from the Texas State Department of Health, and it is hoped that the President's call for this observance will be enthusiastically received.

Mrs. L. A. Reavis was called to Crosbyton the last of the week due to the serious illness of her father there. She was accompanied by two of her daughters, Mrs. Daily Vandergriff and Mrs. Pete Sittin.

Need New TIRES?

TODAY you can buy a Goodyear All-Weather Tire—the world's standard of quality—for less than you paid for little known or unknown brands only a few months back.

When you buy Goodyears here's what you get:

TRACTION
in the center of the tread, where it belongs. The most positive non-skid tread on any tire.

SUPERTWIST
in the body of the tire—cord that absorbs rather than resists shock and strain—the best insurance against blowouts in any tire.

APPEARANCE
If you want good looks, Goodyear is about the handsomest tire on the road.

CLARENDON MOTOR COMPANY

SAYS HER HUSBAND LOST 16 POUNDS IN 4 WEEKS

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still leaves you 'pepped up'. I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

Donley County Leader, \$1.50 a year

FORGET—REMEMBER

Forget each kindness that you do As soon as you have done it; Forget the praise that falls to you; The moment you have won it; Forget the slander that you hear Before you can repeat it; Forget each slight, each spite, each sneer, Wherever you may meet it.

Remember every kindness done To you, what'er its measure; Remember praise by others won And pass it on with pleasure; Remember every promise made, And keep it to the letter; Remember those who lend you aid And be a grateful debtor.

Remember all the happiness That comes your way in living; Forget each worry and distress, Be hopeful and forgiving; Remember good, remember truth, Remember heaven's above you, And you will find, through age and youth, True joys, and hearts that love you.

Mr. and Mrs. R. R. Dawkins visited friends in Memphis Sunday.

Highway Statistics Given By Roads Association

Austin, Texas, April 12.—Donley county's state highways bring \$216,000 a year in extra business to the county in the form of tourist trade, the Texas Good Roads Association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars or those of adjoining counties, which obviously would increase with improved roads.

State checkers, from four day's actual count, found the average daily traffic to be: 800 motor vehicles on Highway 5; 150 on Highway 66; and 300 on Highway 88.

Motor traffic in Texas is divided the experts have found, in two almost equal classes. Roughly, half are local cars or from adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are genuine tourists.

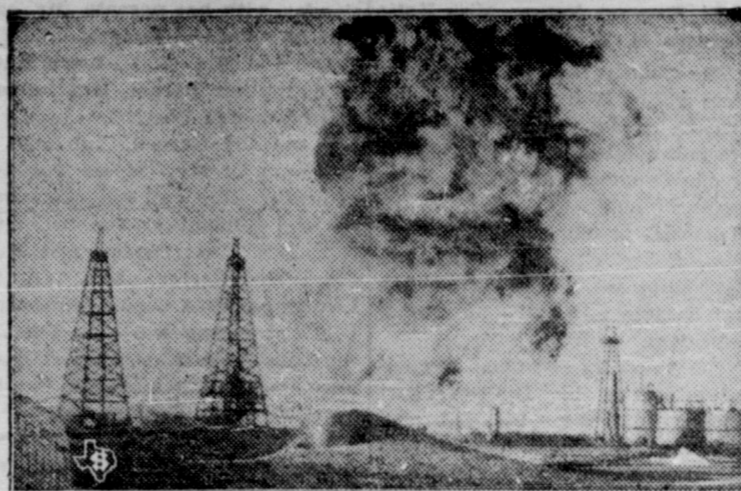

"On this basis, some 600 outside cars cross Donley county each day," the Association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways.

"If they spend as little as \$1 per vehicle within the borders of the county, then Donley county's trunk roads mean \$18,000 in added business per month, or \$216,000 a year, exclusive of their convenience and saving to her own 10,000 people, who operate some 1,500 cars themselves."

The survey, conducted by the Association for every county in Texas, was designed to show importance of roads to each community, and thus arouse public opinion against any further diversion of gas tax money, which would cripple the highway program.

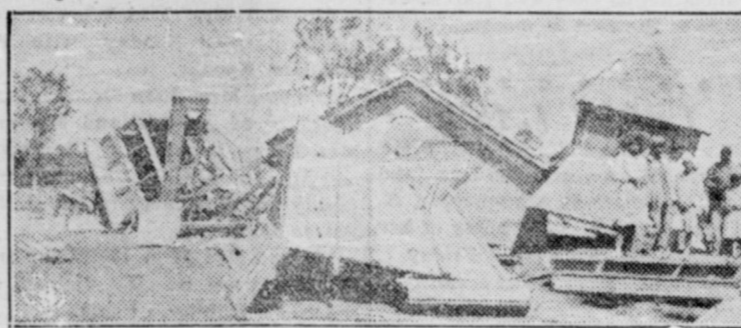

Mr. and Mrs. Leonard Nunn and Mrs. Arthur Nunn of Amarillo visited in the C. M. Lane home Tuesday.

When Gasser Went Wild in Refugio

A peculiar well in Refugio, Texas, was responsible for this fire, which destroyed eight buildings in the South Texas town. It was an artesian water well, but suddenly started spurting gas, which ignited, setting fire to nearby buildings. Rapidly, the well dug itself a crater and threatened several nearby wells before being quelled. Firemen played water on the surrounding buildings all day, but the intense heat won the fight and they were burned, one after the other.

Tornado Wrecks Pennington Church

The walls, which are still intact, fell flat on the ground, allowing the roof to fall. The church was practically new. It is near Groveton.

Where Texas Tornado Kills Boy

R. E. Welch Jr., 13 years old, was killed when the storm wrecked this home in the Huntington community, near Lufkin.

Mr. and Mrs. George Bulman and children, Mrs. J. A. Sowell and Miss Polly Sowell spent Sunday afternoon at Clarendon with Mr. and Mrs. J. F. Cannon.

Mr. and Mrs. Wes Sullivan and children spent Sunday with Mr. and Mrs. Otto.

ON GOING TO HELL

A kindly correspondent, fearful of modern tendencies, expresses herself, with much conviction, that this world is now on the highway to hell with all switches closed, and cites the "flapper" as the outstanding evidence. Far be it from us to quarrel with a lady, but why pick on the "flapper?"

Society promotes the "flapper," and then scolds itself by taking a kick at its own offspring. But this is a good sign. When society becomes shocked at its own doings then society begins to seek a correction for the evils it has wrought. This is true whether the evils complained of be moral, spiritual, physical or economic.

But, usually, society undertakes to correct that which manifests itself as the evil instead of undertaking to correct that which produced the evil. That is because people do not understand sexo-social complacency.

The "flapper" is not an illegitimate social child, and should not be a social outcast. She has no more to do with her status than the unresponsive spinster has to do with her procreancy. This is a sociological question; but who wants to be bothered with sociology?

The world is just as good and just as old as its young. So, then, let us take by the hand our clear-eyed, frank, unafraid and often shocking girls of today and all go to hell together.

—Blue Valley Farmer.

NAYLOR

Naylor folks are busy making gardens. aMay are planting quite a bit of truck.

Frank Tidrow and niece Miss Louise Tidrow are now at Cooper where they will visit relatives for some six weeks.

Mr. and Mrs. Walter Scott and baby and Mr. and Mrs. T. B. Dowiny and family also Waldon Dowiny spent the week end with relatives at Littlefield. Waldon will spend the summer there.

We are delighted to say that our trustees have employed Prof. E. H. Estlack and Miss Pickering to teach our school another year. We are pleased with their work this year and feel they will do even better another year.

Mr. and Mrs. Dae Crites of Lelia Lake spent the week end with Mr. and Mrs. A. E. Tidrow.

Mrs. K. C. Reed was a Hedley visitor Wednesday.

Frank White and Earl Naylor of Clarendon were visitors at the Bowlin home Saturday and delivered 800 baby chicks to Mrs. Bowlin.

Mr. Cecil Allen who was taken sudden ill last Tuesday is slowly improving.

Mr. and Mrs. Ben Lovell and family and Mr. and Mrs. W. A. Poovey visited in the home of Mr. and Mrs. Del Shores and family of Goodnight Sunday afternoon.

Mrs. A. L. Allen's nephew and friend of Kentucky are visiting here.

Mr. B. L. Collier, Mr. and Mrs. Bob Perry and son spent last week in and around Greenville visiting relatives and friends.

Mr. Robert Holley who teaches school at Brice spent the week end with home folks.

No Substitute for Mother Nature

Old Mother Nature has no substitute when aid is needed for torpid, constipated liver. That's why Carter's Little Liver Pills are made out of pure vegetable calomel. Starting thirty-two ounces of bile flowing freely, they thoroughly cleanse body of all waste. Red bottles. All Druggists. Insist on Carter's by name. Take Carter's.

REDUCE RADIO OPERATION COSTS ON BATTERY SETS

The new 2-Volt Tube cuts down cost of operation of battery sets at least half.

Have your old 6-Volt battery set re-wired to use these new tubes. The cost is a small item. Let me explain this new invention. Several are having the changes made now—why not you?

"We Serve to Serve Again"

COUNTY SCHOOL NEWS
By Sloan Baker
County Supt. Schools

Austin, April 10.—James E. Ferguson and executive committee members of the Texas State Teachers' Association have gone on record, in a conference here, that unless the Legislature revives the sales tax bill it has killed, schools throughout Texas will be closed far short of the full term starting this fall.

Emphatic resolutions on behalf of more than 40,000 teachers, calling for the sales tax as an emergency measure "to prevent so serious a loss as would be sustained by closing the schools of Texas", were adopted by the teachers' executive committee.

The executive committee recited in resolutions that closing the public schools will be an "unwarranted

calamity," and that it believes a sales tax "is the only remedy now feasible to prevent that extreme alternative, and at the same time bring relief from burden of the general property tax on real estate and homes."

The Trustees and patrons of Donley County schools have gone on record as favoring the sales tax for public school purposes and have so petitioned their representative and senator.

The following district trustees were elected, for Sunnyview, S. W. Lamberson; Giles, A. E. Ransom, J. A. Lemons, R. O. Proffit; Windy Valley, Henry Stogner; Fairview, Carl Naylor; Goldston, L. H. Earthman, Sam Dale; Jericho, Jodie Helm, George Shoop; Smith, C. A. Crow, J. F. Hawkins; Bray, L. M. Spear; Watkins, G. W. Fowler, L. A. Kalka, G. P. Folley; White Fish, Enlo Crisp, Gordon Thomas; Skillet, W. F. Burr, C. F. Weaver; Ashtola, Ben Lovell; Martin, W. F. Baker, U. G. Pitman; Blairfield, Clarence Blairfield; Chamberlain, Gilbert Mann; Hudgins, L. M. Putman; McKnight, H.

W. Cauthen; Glenwood, Marvin Hall; Pleasant Valley, Miss Katie Meaders, M. W. Meaders.

The County Board for the next term will be W. A. Poovey, county Trustee at large, Edwin Bailey, precinct number one; H. T. Burton, precinct number two; Claud Nash, precinct number three; W. M. Pickering, precinct number four.

A number of the schools of Donley county are improving so they will be able to qualify for Standardization.

The Teachers-Trustees Organization met in the District Court Room at Clarendon last Saturday afternoon. A lively interest was shown in the discussions of school legislation and standardization of schools. Mr. Story editor of the Clarendon News invited the schools to use his paper for their community news items. Judge W. T. Link, spoke to the Association on need of economy in administering school affairs. G. G. Reeves, president of the Association, urged everyone to continue in their support of the organization as they had started out to do in the past meetings.

Mr. and Mrs. Lon Foster spent Sunday with her parents, Mr. and Mrs. Meadows of Hudgins.

Mr. and Mrs. E. L. Lewis have as guests her mother, Mrs. Reeves and brother of Post.

Home and Garden Club met in the home of Mrs. Myers Tuesday afternoon. Roll call was answered by twelve members and two visitors, Mrs. Ross Darby and Mrs. Clara Mae Carter. Mrs. G. F. Leathers gave a demonstration on jelly roll baking and Mrs. Thompson angel food cake. A short business session was presided by the president, Mrs. Cottingham.

Mr. and Mrs. Wallace of Ashtola spent Sunday with their daughter, Mr. and Mrs. Atkins Mace.

PLEASANT VALLEY

Mr. Mollie Dorsett of Lubbock, formerly of this community visited friends and relatives here over the week end.

Mr. and Mrs. Edd Wheeler of Goldston spent Sunday with Mr. and Mrs. Knoutz.

Mr. and Mrs. John Drennon and daughter of Ashtola and Mr. and Mrs. Elmer Drennon of Clarendon and Mr. and Mrs. Pat Longan and family spent Sunday in the J. M. Potter home.

Mr. and Mrs. H. S. Mahaffey and children were Sunday visitors in the Neise Robinson home.

Miss Youree of Hedley and Laverne Lamberson spent Saturday night and Sunday with Mr. and Mrs. Hal Riley.

WHY WE LIKE SCOUTING

We like scouting because it makes us better citizens when we are grown, and it helps us in life as we grow older. The good turn of a Scout means to help some one every day which makes us useful while we are young. We have the Scout laws that if you live all twelve you will be a good citizen of your community and country. We like Scouting because it teaches us safety and how to save people's lives, it teaches us to save and be useful.

I like Scouting because you can have a lot of fun when you are camping, by signaling, and fishing, and swimming, and cooking our own food.

Two fellow Scouts,
Truett Holtzclaw
Jesse Carne!

Chamberlain School News

This Friday will bring a big Easter egg hunt and a ball game with the outsiders. Every one in the community is invited to take a part in the hunt. Be sure and bring some eggs with you.

We have plenty of green things to look at around our school house, as there is about fifty or sixty acres of wheat and oats around.

Last Sunday the Chamberlain ball club played Goldston and won. The boys have a good team this year and we hope they will pile up plenty of victories this year. Last year they won plenty of games but this year they will win more.

There will also be songs and a debate at the school Friday before the Easter egg hunt.

Second Honor Roll:

George Moore, 89; True Barbee, 87; George Reeves, 85.

RAILROADS SELL 'VISITS' TO CENTURY OF PROGRESS

New Low-Rate Plan Covers All Expenses in Chicago Except Meals

Chicago, April 10th.—The railroads of the entire country, according to a formal announcement made today by the Western Railway's Committee on Public Relations, have adopted a new low-rate plan for the convenience of the visitors to Chicago's Century of Progress Exposition, whereby a prospective visitor may purchase before he leaves home, his hotel accommodations in Chicago, his transfer from the railroad station to his hotel and back again, tickets of admission to the Exposition, and a sightseeing tour of the city. Everything but meals is included in this new plan which combines the several advantages of lower prices to the visitor and of re-

lieving him of any inconvenience in securing his hotel accommodations and of enabling him to know before he leaves home just what his trip will cost.

These "visits" to the Century of Progress will be sold at every railroad station in the United States. They will allow stays in Chicago from one day up to five days or more. The prospective visitor will have his choice of 27 first-class hotels in Chicago from which to select his accommodations.

These hotels are grouped according to their normal scale of prices: for a one-day "visit" the cost will range from \$4.50 to \$6.50, including taxi from railroad station to hotel, one night's lodging (single room), a souvenir Century of Progress admission ticket, and taxi from the hotel back to the railroad station. For a double room occupied by two persons, including the above additional services, the cost per person will range from \$4.00 to \$5.50. For a five-day visit, including taxi both ways between station and hotel, a tour of Chicago, three admission tickets to the Exposition and four night's lodging, the cost will range from \$14.75 to \$22.75 for a single room, and from \$12.75 to \$18.75 per person for two occupants of a double room.

At every railroad station in Chicago special World's Fair departments will be installed, staffed by American Express travel men who will see that all incoming visitors secure their taxis to the hotels named on their coupons, receive their Exposition tickets and whatever else they are entitled to, and who will provide information and in general, serve as a Chicago reception committee. This sale of complete "visits" to the Century of Progress is perhaps the most outstanding departure ever made, on a nation-wide scale, from the standard railroad practice. This new plan is unique and promises to be one of the greatest cooperative movements ever fostered by

the country's railroad systems. It is instituted in addition to the substantial reductions, previously announced, in railroad passenger fares between Chicago and all points.

GOLDSTON

Last Sunday closed a contest among the young people's Sunday school class. The losing side entertained the winning side and the teacher, M. W. Hatley Saturday night with a party at the school house.

After various games were played refreshments of sandwiches and soda water was served to fifty-eight members and visitors.

These young people are entering a contest with the old folks Sunday school class which will last four weeks.

Mr. and Mrs. Doc Garrett and family of Shamrock were guests in the home of Mr. and Mrs. C. E. Mixon and family Sunday.

The many friends of Mrs. George Barrow are glad to know that she is improving nicely after undergoing an operation at Pampa last Tuesday.

Mrs. J. W. Rhodes had as visitors Tuesday afternoon her mother and brother, Mrs. Mattie Lewis

and Claude Lewis of Shamrock. Honoring the fourth birthday of her son, Robert, Mrs. Gordon Gatewood entertained a number of his little friends with a delightful party Saturday afternoon.

Mr. and Mrs. R. H. Clemmons and Mr. and Mrs. George Clemmons and children of Lefors visited in the John Clemmons home Thursday.

WEALTH

I have not known—
Marble mansions,
Perfume from Cologne,
Sequin Soats,
Rings of jade,
London fogs,
Vine-yards of France,
Moonlight in Hawaii,
Venice from a gondola,
Money, power, or position!
All these I have not known.
Yet, I know wealth,
For I have known—
Wisteria over a cottage door,
A morning in May,
White lilies on an altar,
Perfume of Magnolias,
Pine needles underfoot,
Silver-leafed poplars in the wind,
Pale lilacs in the moon,
A lake, a canoe, and you!
—Lucinda Justine Davis.

Don't Get Up Nights

Make This 25c Test
Physic the bladder easily. Drive out impurities and excessive acids which cause irritation that results in leg pains, backache, burning and getting up nights. BU-KETS, the bladder physic, containing buchu, juniper oil, etc. works on the bladder pleasantly and effectively, similar to castor oil on the bowels. Get a 25c box (5 grain size) from your druggist. After four days, if not relieved of getting up nights go back and get your money. You are bound to feel better after this cleansing and you get your regular sleep. Sold by—

SPEED!

Time counts when you're in pain! Insist on genuine Bayer Aspirin, not only for its safety but for its speed.

The tablet that is stamped Bayer dissolves of once. It is many minutes faster than remedies that are offered in its stead.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped—

THAT SUPREME SATISFACTION

When you phone us about your clothes cleaning trouble, your trouble is at an end. We call for and deliver promptly.

There is a supreme satisfaction in knowing that the job will be done just like you want it to be done. Our reputation is back of every piece of goods returned to the customer.

WE MAKE TIRES A BUSINESS—NOT A SIDELINE

Our Weekly CHURCH CHAT

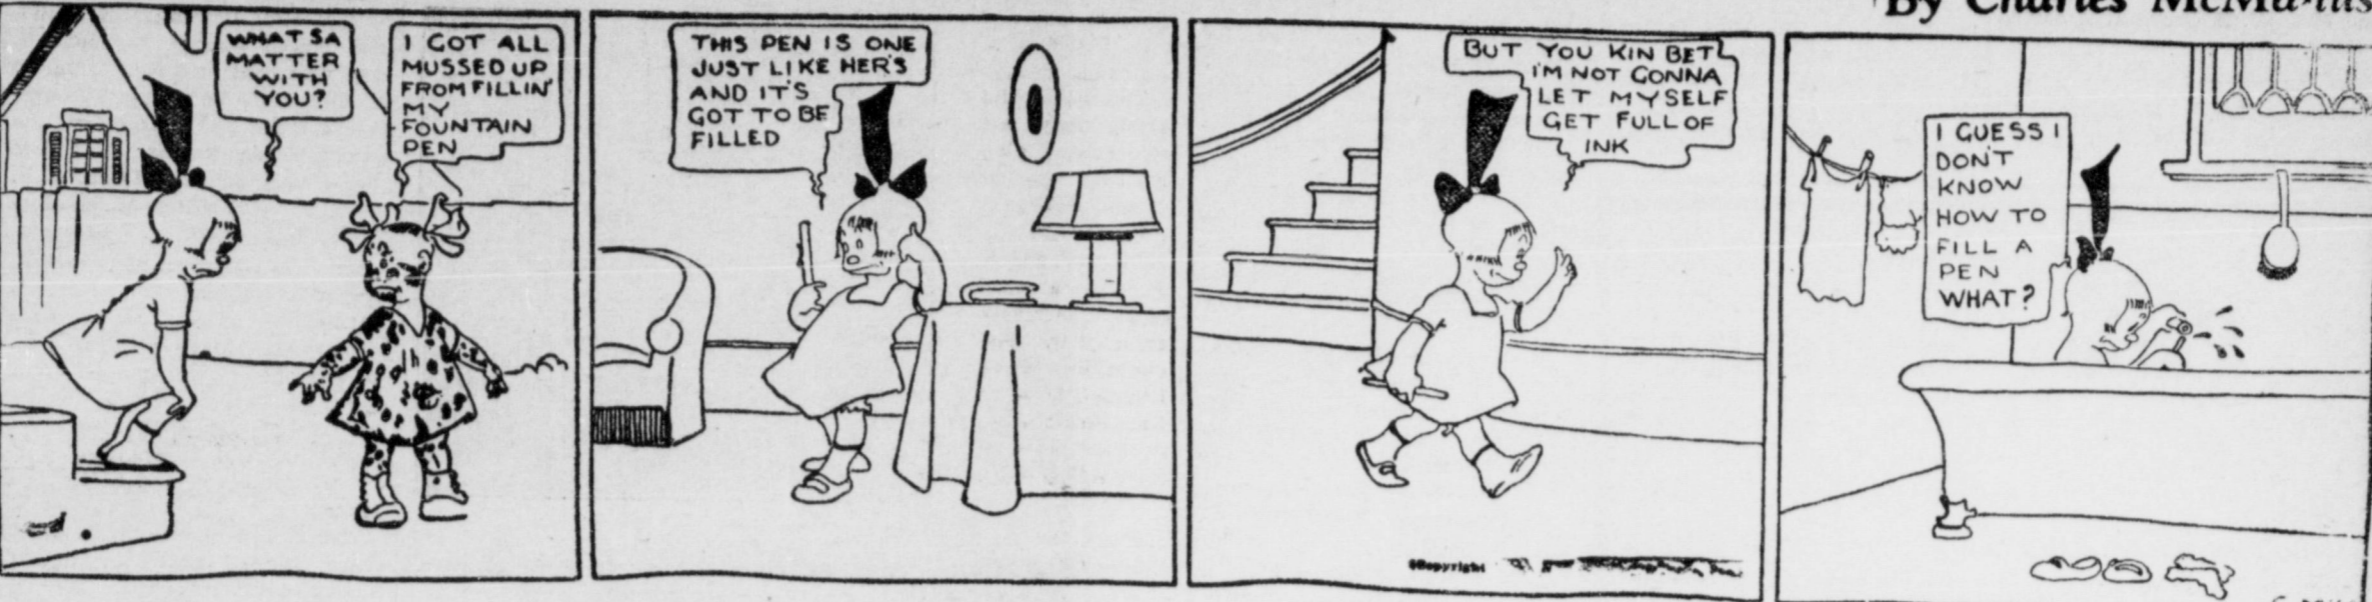

W. E. FERRELL
Minister First Christian Church

"THE RESURRECTION."

At this season of the year the Christian world is brought face to face with the most salient doctrine of the Christian faith, the resurrection of Jesus Christ. Remove our Lord's resurrection, and Christianity will fall and crumble to nothing, for you take away the very keystone from this great arch. You thus prove Calvary, our preaching, faith, etc. to be in vain, and that we are yet in our sins. (See I Cor. 15:14-17.)

We should rejoice that no event has greater proof, for Christ's resurrection is the basis of all we are and hope for. Against this doctrine the opposition of unbelievers has done as little damage as one bullet shot from the smallest gun against the world's largest and strongest fortress. Christ being our head, and we being members of His body some day we shall follow the glory of our Head, and share in His triumph in rising from the tomb. Christ by His resurrection, has made death to us but an incident

DOROTHY DARNIT

By Charles McManis

in a neverending life, and sanctified for us the grave. The victory is ours. "O death where is thy victory? O death where is thy sting? The sting of death is sin: and the power of sin is the law: but thanks be to God, which giveth us the victory through our Lord Jesus Christ", (I Cor. 15:55-57) The question of immortality is

one in which all normal-minded people are interested. If there is such a blessing as life everlasting given unto the children of men, it is only natural to seek to obtain that gift. Man has certain natural desires, and provision has been made for their satisfaction. The body becomes tired and desires nourishment, so sleep and feed have been provided to satisfy these desires. The body becomes thirsty, there is water, the mind desires knowledge, so the world is filled with knowledge, the human heart desires companionship, so mankind become a great brotherhood. The greatest desire of the human heart is the desire to live and enjoy life. Is it not reasonable to believe that the same God who provides food, water, knowledge and rest has also provided for the

satisfaction of man's greatest desire. Sunday morning our subject will be, "The Risen Christ." At our evening hour our subject will be, "If a Man Die, Shall He live Again." We have some very interesting facts regarding these questions, and invite you to be present.

Mr. and Mrs. Frank Heath and son Frank visited the Hukel family at Abernathy and spent Sunday with his parents at Crosbyton.

Mr. and Mrs. J. H. Hurn saw the dairy show at Plainview Monday.

Mrs. Van Zandt of Post, who has been visiting her parents, Mr. and Mrs. J. H. Hurn for several days, returned home Monday.

RHEUMATISM IS CURED AFTER 3 MONTHS' AGONY

Confined to Bed Until New Remedy Recommended By Friend is Tried

About October 1, 1930 I was stricken with rheumatism and confined to my bed for nearly three months. After different treatments failed to relieve me, I was induced by a friend to try a medicine that completely cured. I have not had any recurrence of rheumatism to this day.

Out of gratitude for its having cured me and others who have since tried it, I have agreed to act as agent for the remedy in this territory. This remedy removes the cause by purifying the blood through the liver and kidneys, and is therefore said to be a great nerve and system builder.

The price is very reasonable—only \$1 per sealed box of 30 capsules.

If you have rheumatism, or feel run down in health, send me a trial order and if you are not satisfied with results, I will cheerfully refund your money. The company manufacturing this remedy is cap-

able to make my guarantee to you binding beyond question. A. L. Millsap, Clarendon, Texas (Advertisement) 3c

Mr. and Mrs. J. T. Cearley visited Mr. and Mrs. W. D. Cearley of Martin Saturday night.

We had a good crowd at Sunday school Sunday. We invite everyone to be present next Sunday.

Don't forget we will have an all day singing at Hudgins on 5th Sunday. Everybody is invited to come and sing.

Mrs. Frank Behringer visited

Miss Gertrude Dingler of Chamberlain this week end.

Mrs. W. W. Beatty and Mrs. Rushing of Memphis visited in the Joe Holland home Sunday.

E. A. Sloan, aged 84, is continuing on the road to recovery from a major operation for hernia at Adair hospital recently.

ARE YOU LOOKING FOR A CHANGE IN SHAVING RESULTS

We're putting the question to you squarely. Are you really satisfied with your present razor blades? Do you feel you are getting the utmost in shaving comfort? We ask you because so many men have told us their problems and how they solved them.

If your beard is cross-grained and stubborn, if you have particularly tender spots on your face, we

have the answer. Try the double-edge Probak. Man after man has switched to this blade and ended his shaving troubles.

Probak is best for difficult beards because its edges are distinctly different. They are particularly tempered and honed for smooth shaving under hard conditions. Give Probak a trial. We guarantee a revelation in comfort. Buy a package tonight.

Fitzgeralds Nursery

Stephenville, Texas

Mrs. John Clark and son Mick visited her sister and family, Mr. and Mrs. W. H. Crane at Amarillo Friday.

Mr. and Mrs. R. N. Estlack and Harry Boyd of Childress visited relatives here Sunday.

Willis Groom, son of C. H. Groom of the Naylor community, returned from California the past week. Willis was right in the middle of the quake, so to speak, when the front end of his sleeping quarters fell out leaving him undamaged.

Local Merchants Attend Hall County Singing Convention

Sunday was a great day for singers of Hall and nearby counties when the county convention was in session all day at Leslie. Mr. and Mrs. Ed Duncan were present to enjoy meeting dozens of old friends. Mr. Duncan also was one of 28 leaders to contribute their skill, several of whom were ladies. One small girl did an excellent job of it according to Mrs. Duncan.

A singing convention is to be held at Goldston school the 5th Sunday in this month—April 30th. These singers will be asked to help out at that time.

PROSPERITY HITS EAST TEXAS HARD

Stolen from the Plainview News, who stole it from the Clayton news who stole it from the Canyon City Record, who stole it from an Oklahoma newspaper, which probably stole it from somebody else:

Cliff Skinner received the following letter from one of his Texas friends the other day:

"Well, since I sold the little farm in Arkansas, I have prospered. You know we always lived in the one-room shack, but I came to East Texas and bought a farm and pretty soon I leased it to an oil company, and I was sure lucky. They hit a big oil field on the place and now I have a big house here in Alto. It has six rooms. There is one room that we just sit in; two rooms that we don't do anything but sleep in; one room that we don't do anything but cook in, and there is one that is all white and has a place where we can wash all over, and over in the corner is a place that you can wash your face in, and over in the other corner is a place you can wash your feet in. When we moved there were two lids on this, but we have taken them off. We are using one of them for a dough board, and we have framed Grandpa's picture with the other."

Bill Johnson, Homer Estlack and Bill Weatherly visited Esker Trostle who is in the Shamrock hospital, over the week end. Esker recently underwent an appendix operation.

Meet Queen Noino V.

This beautiful young lady will rule over the Fifth Annual Onion Fiesta in Raymondville on April 6, 7 and 8. The onion crop of Texas increases every year. The queen is Miss Lenore Presley of San Perita.

Epidemic of Stock Running At Large Ires Women

Did you ever wake up in the morning to find a stray Bossie standing right in the middle of your favorite flower bed? Such a scene, even on early morning, is not calculated to put the housewife in proper humor for the day, to say the least of it. Such things have happened right here in Clarendon recently.

Complainants are of the opinion that cows are deliberately turned loose after night that they may graze on posies and sweetpeas and thereby possibly increase the value of the flavor of the milk.

Those who own beautiful front yards and have early gardens out in the open are in no mood or position to entertain a cow in the day time much less at night. They refuse to be further molested and some few have parked a shotgun by hubby's bed with the expressed instruction to use it on the family milk cow of a careless and indifferent neighbor.

The City should put a stop to this procedure before some cow suffers damage. Several dispositions have been badly bent and some may crack under the strain of another week. Cows, dogs and chickens are a fine thing in their places, but their places are at the home of the owner, say those who object to being pestered if not damaged beyond repair.

Mrs. Reavis and her daughters, Mrs. Daily aVndergriff of Tullia and Mrs. Sitten of Pampa left Sunday for Ralls to visit her mother, Mr. Davis who is very ill.

Special Services at Church Sunday Night

The Ladies Missionary Society of the First Christian Church will put on a special devotional service Sunday night. The general theme will be: "We would see Jesus." Mrs. E. C. Herd, the president of the Society, will be the leader during the program and several members of the society will take important parts.

After the devotional program, Rev. W. E. Ferrell, the minister of the church, will bring a lesson on the subject, "We would see Jesus", or "If a man die, shall he live again?"

The questions of immortality are one in which all normal-minded people are interested. And at this time of the year, Easter time, people are considering this theme. Mr. Ferrell promises to bring some interesting facts regarding the immortality of the souls of men. All who are interested in this question are invited to be present. Services to start at seven thirty p. m.

Friends Seek Parole This Week For Bill Miller

The jury trying the case and court officials are said to have signed a petition asking the Governor to grant Bill Miller a parole. Several friends of influence have written personal letters to the Governor asking leniency.

Miller was given a year sentence last week by a jury in the district court when he was called to answer to a charge of transporting intoxicating liquor some weeks ago.

WINDY VALLEY SCHOOL NEWS

Ercell W. Brooks, State Rural Supervisor, inspected the school in Windy Valley Monday morning. After inspecting the plant he recommended that the State grant aid to the amount of \$344.00, this being the maximum that we could receive. Mr. Brooks left many friends in Windy Valley and it is our sincere hope that he will return to us in the capacity of rural inspector next year.

After all the smoke had cleared away and the votes had been counted last week, Mr. Stogner was elected to fill the position of school trustee to take the place of Mr. J. H. Harlin. We will all miss Mr. Harlin in the capacity of trustee, but we have not lost his enthusiasm and interest for he will still be in the community, and we want him to feel that he is just as welcome at the school house as though he was a trustee.

Mr. Stogner being a new man at the job of trustee and having had very little experience in public, enters upon his duties as though he was a veteran. The Trustees Principles of the county meet in Windy Valley last Friday night to have their district program, and in the process of electing officers they elected Mr. Stogner for Pres. We extend to him our unmitigated support in carrying on the duties of his office.

Wylie Buchanan and Jimmie Lee Cole, winners of the Senior Boy, and Senior Girl's Declamation at the County meet at Clarendon are almost ready for their trip to Canyon. Mr. Dillard is of the opinion that they will make a good showing at the District meet.

The baseball club of Windy Valley played their first game of the season with Ashtola, the game ending in a score of 19 to 4 in favor of the home boys. We are always glad to meet on the athletic field with a group of boys that portray as fine a spirit of sportsmanship as is exhibited by the boys from Ashtola, and we look forward with much interest the returning of the game, for the chances are the tables will be turned.

JOHN S. LOTT

Funeral services were conducted by Rev. E. B. Bowen at the Methodist church Friday for John S. Lott who died in a sanitarium at Wichita Falls Thursday. The Odd Fellow lodge had charge of the service. Those attending the casket were Homer Bones, E. Dunn, W. L. Clampitt, J. B. Miller, M. W. Mosley, C. E. Lindsey.

Mr. Lott was born at Cauthern, Arkansas February 18, 1889, his father being Jessie S. Lott and his mother Mrs. Jane (Miller) Lott. He was one of eight children, four of whom survive of the family. They are Mrs. R. E. Blair and Will Lott of Clarendon, Mrs. J. K. Porter of Wellington and H. Lott of Amarillo.

The family moved to Texas 27 years ago, and John Lott came to Donley county more than 20 years ago. He was married to Miss Edna L. Bryan on September 20, 1911. To this union four children were born, two of whom survive. Of his immediate family, he is survived by Mrs. Lott and Johnnie aged 13, and Jessie aged 9.

Mr. Lott led an active business career until his health failed some two years ago. He amassed quite a bit of property and enjoyed a wide reputation for honesty and truthfulness in his dealings. Few men ever enjoyed the confidence of more friends than he, and these friends remained loyal to the time of his death.

The Leader joins with the wide circle of friends of John Lott in extending to the bereaved sincere condolences.

Mrs. Eva Draffin has returned home after a weeks visit with her sister, Mrs. Olen Walker at Amarillo.

Henry Watters, son of J. H. Watters and stationed at Lordsburg, N. M. where he is in the employ of the meteorological division of the government airways, is visiting home folks this week.

Bowie—W. R. Lamb, owner of the land on which the town was established and a resident here for 58 years, died in a Ft. Worth hospital Wednesday.

New Federal Building for Plainview

The new postoffice building for Plainview is being completed in record time and is expected to be ready for occupancy about April 15. It cost \$125,000.00.
