A Common Paper for Common People

Donley Co. Fat Stock Show Set For Friday, March 3rd

At a meeting of the board of directors Saturday afternoon at the County agents office, the 1944 Donley County Fat Stock Show was set for March 3rd. Chas. Franz of Turkey was selected to judge the lamb and pig entries, and County Agent C. O. Reed was asked to contact G. W. Barnes of College Station to judge the baby weaves.

Bill Thornberry, J. H. McMurry, Chas. Rains, O. C. Hill, Quinn Aten, and J. R. Brandon were added to the board of directors. Bill Weatherly, Lee Bell, G. W. Estlack, C. O. Reed, R. E. Drennan, J. R. Brandon, C. L. Lewis, Quinn Aten, Chas. Rains and O. C. Hill were appointed to serve as members of the finance committee.

The show will be held at the Mayfield livestock pens in east Clarendon. The premium list will be much the same as last year, and the finance committee is attempting to raise \$300 premium money. George B. Bagby will offer a \$25 war bond to the grand champion barrow, and E. S. Ballew and Burt Mayfield will offer special awards of \$10 each to other outstanding barrows.

The next regular meeting of the board was set for January 29th.

NEW GRANDSON

Mrs. G. H. McCleskey received word of the arrival January 16th of a new grandson, born to Mr. and Mrs. Geo. W. McCleskey of Norfolk, Va. The new grandson weighed 8 1/2 lbs., and was given the name of George Harrison McCleskey.

Cottonseed Should Be Treated Early

Donley County Agent Charles Reed has received the following information from College Station: "Texas cotton growers can render a service to themselves by doing two things—getting their planting seed early and chemically treating it for protection against disease well in advance of planting.

The old saw that the first customer who gets the pick of the goods is as true of buying cottonseed as of merchandise. The farmer who buys when the stock is large gets the best of the variety he wants, and is more likely to get the quantity of good germinating seed he needs. If there is any question about the quality of germination, a farmer with seed on hand will have time to run his own tests.

According to M. C. Jaynes, cotton work specialist for the A&M College Extension Service, the seed situation in Texas is variable. Registered foundation seed—that is, approved varieties of first growth, is being bought rapidly. However, there still is a fair supply of class "B" seed remaining. This is the first year increase of the foundation seed and is in the registered classification also. On the whole, Jaynes adds, the situation affecting registered seed is better than it has been for the past two or three years.

There is a third class, namely, seed of reasonable purity although not certified, which is good enough for general planting. Jaynes suggests that all of this should be kept for cropping.

There is a further important reason for obtaining seed early even if the farmer has to get it from a distant point. Railroad transportation is congested and truck hauling is steadily on the down grade. If he delays ordering until spring, the farmer may not get his seed in time for the best planting time.

Jaynes recommends treating seed with one of the mercury dusts ahead of planting. Treatment controls disease carried by the seed, and it doesn't take so much seed to get a good stand of cotton. See the county Agricultural agent for the method of treatment.

JUDGE A. S. MOSS NOT TO BE CANDIDATE FOR REELECTION

The following announcement was received this week from District Judge A. S. Moss:

"During this year the people of this Judicial District will again be called upon to select their District Judge for the next four year term. The question of me offering again for reelection for a third term has often been mentioned by numbers of good citizens of the District, they at all times assuring me that in their opinion I could be assured of the confidence of the voters. I am extremely grateful for these expressions and for this reason, and others that I need not mention at this time, I have taken the question under serious consideration and after doing so I have decided, that under the conditions as they confront me, not to be a candidate for reelection. There cannot, I am sure, be any public necessity for me to offer again and I am, therefore, following my inclinations as they dictate at this time, otherwise I should not do so. "Believing that it was my duty to make this statement at this time, I shall go further to express my grateful appreciation to the citizenship of this District for the helpful and kindly consideration they have given during the time I have had the pleasure to serve them as District Judge."

MRS. AMELIA GERNER DIES AT AMARILLO

Mrs. Amelia Gerner, 93 years old, died at the home of her daughter, Mrs. Ernest Smith Monday night. She was the widow of the late J. A. Gerner, who passed away in 1935.

Other surviving relatives are a daughter, Mrs. J. C. Smith of Lelia Lake; four sons, Albert, Edward and John Gerner, all of Lelia Lake, and L. B. Gerner of Dallas; 17 grandchildren and six great grandchildren.

MRS. ALLEN BRYAN TO PRESENT PUPILS IN RECITAL

Mrs. Allen Bryan will present her pupils in a piano recital Monday night at the College Auditorium at 8 o'clock.

Those appearing on the program include: Juanita Carpenter, Juanelle Stevenson, Delene Blair, Ochanita Heath, Louva Hunt, Ira Jean Estlack, Sybil Head, Shirley Brumley, Layma V. Tatum, Willeta Riney, Donna Ree Bryan, Scharlean Pyeatt, Arvazene Smith, Mary Ladelie Cox, Lynn Leathers, Dorris Knorpp, Mae Morris, Billie Hodnett, Margie Nell Crawford and Harold Lee Clappitt.

Those interested are cordially invited to attend.

Mr. and Mrs. Bill Carroll and children, Mrs. Johnny Beard and Mrs. Willard Skelton left last week for Long Beach and San Diego, Calif.

DeLuxe Cleaners Open for Business This Week

A new firm was established in this city this week when the DeLuxe Cleaners opened for business in the building two doors south of the Pastime Theatre. The proprietors of the firm are T. M. Shaver and Walter Hagler. Both of these men are well known to Clarendon residents, along with their ability in this line of work. Mr. Shaver has been in the Cleaning and pressing business for the past 40 years and Mr. Hagler has had 28 years of experience.

Read their advertisement in this issue of the Leader for more complete details about their opening.

RATIONING AT A GLANCE

By PEPPY BLOCKER

Motorists and automobile dealers of Donley County were reminded today by the local War Price and Rationing Board, that the new plan designed to assure the return of outstanding gasoline ration coupons for all new and used automobiles and trucks that are sold is now in effect.

Since January 1, persons buying new or used vehicles from anyone, whether a dealer or a private individual, have had to obtain a duplicate receipt form surrendered gasoline rations from the seller in order to be eligible for a gasoline ration, the Board explained.

"Under the plan, the owner of a vehicle intending to sell it must return to the board, in person or by mail, all unused ration coupons issued for the vehicle," they said. "After it receives the coupons the board will issue in duplicate, a receipt for surrendered gasoline rations." Both copies of this receipt together with the tire inspection record are to be given by the seller to the person buying the car or truck.

Like private individuals who sell their cars, automobile dealers are to obtain duplicate receipts for surrendered gasoline rations for each car they have for sale, and will deliver both copies of the receipt to the buyer when a car is sold. By January 11, each dealer must report his inventory as of December 31 to the local Board, and the Board will send him a receipt. In duplicate, for each car reported by him.

The board explained that the buyer of a vehicle is to give the original copy of the receipt for surrendered gasoline rations to the state motor vehicle registrar when applying for a new registration certificate. The duplicate copy of the receipt and the tire inspection record are to be given by the buyer to his local Board when he applies for a new gasoline ration for his car.

Without this receipt the local Board cannot issue a new gasoline ration.

DONLEY COUNTY MEN ACCEPTED FOR SERVICE

Fifteen Donley county men, including several fathers, were accepted for military service at Lubbock January 19th.

Those accepted for the Army were Charles Lee McCrary, Karl Porter Stewart, Guy Max Durant, Noel Douglas Hewitt, John Wesley Reed, Billy Herman Higgins, Edwin Eugene Mills and David Eugene Stephens.

Selected for the Navy were Lloyd Alvin Marshall, J. C. Wortham, Barney Lee Horton, Emory Lowell Davis, Johnnie Roland Stiles and Jearl Seth Swinney.

Damon Farr was the only one selected for the Marines.

HARVEY SELLS RANCH IN SNOW BELT

"I'm trying to find a warmer location," said R. E. "Bob" Harvey Monday when he was asked as to his plans since selling his ranching interests and cattle near Middlewater up near Dalhart. He has been up there some three years. He did not like the dry weather but managed to get along. When this winter set in with a blizzard and kept it up, and he, like other cattlemen, was unable to buy feed—well he sold out and turned over the worries to the other fellow.

LEGION AUXILIARY TO COLLECT WASTE PAPER FIRST OF WEEK

Due to the bad weather experienced the past few weeks, the ladies of the Legion Auxiliary have had difficulty in collecting waste paper but say as soon as the roads permit or possibly the first of the week they will be around to get the paper you have saved up, so be sure and save it for them.

Funeral Services Held Monday for S. T. Sayre

Funeral services were held Monday at 3:00 o'clock for S. T. Sayre, who passed away Sunday, January 16th at the Wilson Hospital in Memphis, Texas. Mr. Sayre was recovering from an attack of flu when he suffered a recurrence of an old diabetic ailment and was rushed to the Memphis hospital on Saturday morning. He passed away at 12:50 on Sunday afternoon. Surviving him are his widow; one step-son, John F. Blocker; two grandchildren, Johnnie Blocker of Clarendon and Penelope Blocker of Dallas; one great-granddaughter, Jonna Lee Blocker of Clarendon; and several nephews and nieces.

Services were held at the family home in accordance with Mr. Sayre's wishes. Rev. H. W. Hanks, pastor of the First Methodist Church, and Rev. G. T. Palmer, District Superintendent of Clarendon District, officiated. Pallbearers were Frank Whitlock, Wesley Knorpp, C. T. McMurry, Roy Bartlett, Buel Sanford and W. W. Taylor. Interment was in Citizens Cemetery with Buntin Funeral Home in charge.

Samuel Thomas Sayre, son of F. A. and Sarah A. Sayre, was born February 26, 1861, in Dallas County, Texas. Often, in relating some of his interesting early childhood experiences, Mr. Sayre would refer to the fact that he was born on the first day of the War Between the States. His father was the first "pill-roller" in Dallas County and "Sammy" vividly recalled the burning of Dallas at the time of the invasion of the Carpetbaggers and the Scalwags.

He was married to Penelope Laws Blocker on January 2, 1890 at Oak Lawn Methodist Parsonage in Dallas, with the Rev. T. R. Pierce officiating and John F. Blocker witnessing the ceremony. Immediately after the marriage, they moved to Bowie, Texas, where they lived "long enough to make two cotton crops". In the fall of 1891, they moved to Col. (See S. T. SAYRE, page Eight)

General Expresses Deepest Regret To Local Mother

Out of the Southwest Pacific war zone comes a letter from General Douglas MacArthur to Mrs. Bernice B. Morton, expressing his condolence upon the death of her son, Joe, who was killed recently in the battle for New Britain. The letter is personal, signed by the General himself.

A. P. O. 500
January 8, 1944

Mrs. Bernice B. Morton,
Naylor Route,
Clarendon, Texas.

Dear Mrs. Morton:
In the death of your son, Private Joe B. Morton, I have lost a gallant comrade-in-arms, and I cannot express to you the poignancy of my regret.

His service under me in the Southwest Pacific was characterized by his complete devotion to our beloved country and by his death in our crusade for freedom and liberty he is enshrined in its imperishable glory.

Very faithfully,
Douglas MacArthur

TO STABILIZE ENERGY BUYING POWER

Under the new ration token plan effective February 27, the housewife will be able to buy about the same amount of rationed processed foods and meats-fats as she can now. Point values will be adjusted so the individual's allotment of 60 points for buying meats and fats will buy the same amount as the present allotment of approximately 64 points. Similarly, under the token plan the 50-point allotment for processed foods will buy an amount equal to the present 48-point allotment.

WORTH WHILE COMMENTS

BY COUNTY AGENT Charles O. Reed

With shortage of cottonseed meal and cake cattle and milk cows in this area probably will not receive balanced rations. Normally a balanced protein ration supplies most of essential minerals required for livestock. Few people realize that the high protein feeds are relative high in mineral content. Green grass, wheat pasture, sudan pasture, cottonseed meal, cake, alfalfa hay, wheat bran, contain relative high per cent of protein and minerals.

Phosphorus and calcium are the most essential minerals and are most likely to be deficient in rations. A deficiency of phosphorus is indicated by bone chewing, poor quality meat, less milk, smaller animals, slow maturity less progeny and loin disease and less profit.

At present time bone meal is recommended phosphate supplement for deficient rations. It can be fed by mixing two parts of bone meal to one part of salt by weight. Bone meal is too expensive to feed in haphazard manner. It is easy to blow out of trough and damaged by snow or rain. It should only be fed from sheltered mineral box. When stock receive sufficient protein feed (cottonseed cake, meal, green grass, legume hays, green wheat or sudan pasture, wheat bran, etc.) very little bone meal and salt lick will be used by cattle, but when protein feeds are reduced or grass is dry more bone meal and salt will be eaten.

Calcium is deficient in most rations unless each head of stock consumes at least three pounds of green alfalfa hay per day. Pulverized limestone or pulverized oyster shell flour is best source of calcium. (Note—lumber yard lime is not recommended because it is alkaline). Cattle may not eat or lick calcium in sufficient quantity to consume the 1/10 pound required for daily needs. Pulverized oyster shell flour or ground limestone flour should be mixed with grain ration by adding about two pounds of calcium to 100 pounds of grain.

A deficiency of calcium in ration has caused animals to use calcium out of their own body and bones to supply needs, for minerals. If this condition continues stock will get down in hind-quarters, easily break bones, and some authorities believe that milk fever in high production milk cows is caused by lack of sufficient calcium in cows' body at calf birth.

A general all purpose mineral mixture of equal parts of salt, bone meal and oyster shell flour or pulverized limestone fed in sheltered mineral box will benefit poultry, hogs, milk cows and beef animals. If this method is used only two or three days supply of mixture should be placed before stock at one time to prevent waste and contamination by dust and water. Rations deficient in protein are deficient in minerals.

SOCIAL SECURITY FOR FARMERS

Social insurance for farm operators, farm workers, business and professional men, household workers, and employees of governmental and non-profit organizations was recommended by the Social Security Board in its eighth annual report. The Board urged inclusion of these groups in an expanded social security program which would include insurance against costs of medical and hospital care without disturbing the present principle of free choice in selection of physicians or hospitals. The Board recommended that a comprehensive social insurance system should be set up now while earnings are "at record levels" in order to have it in full operation for the post-war period.

Mr. and Mrs. Jack Merchant and daughter Jacqueline of Pampa were visiting his parents, Mr. and Mrs. Cal Merchant the week end.

4th War Loan Drive Officially Opened

LIONS CLUB ENTERTAINED BY HIGH SCHOOL BAND

Approximately thirty-five members of the Clarendon High School band presented a musical program for the Lions Club at their regular luncheon Tuesday.

Their program consisted of several musical numbers, and since Clarendon has no band director, the directing was done by members of the band. They were Jack Shelley, Helen Porter, Billy Lowe, and Manley Bryan.

Judging by the quality of their music, they hardly need a band director, for they displayed a bountiful supply of talent and music. Dean R. E. Drennan of the Junior College is to be complimented for his good work, for he meets with the band members two nights each week and has been able to keep them together and further progressing with their work.

FINAL NOTICE TO PAST DUE SUBSCRIBERS

This Saturday, January 22nd, is the final deadline for renewing delinquent subscriptions to the Leader. There are only a few names on our list at this time that have recently expired, and we don't want to pull your name off our list, but it will be done this week if not paid by Saturday afternoon.

You can tell the expiration date of your paper by the figures at the right of your name. If the last figures are not a 44 or 45, your subscription is past due.

We wish to call your attention to the future also. Watch the date of your paper as your name will be removed from the list after a two-week delinquency in the future. The first figure to the right of your name tells what month your subscription expires.

COYOTE PELTS BRING BETTER PRICES

Quite a number of farmers and ranchers are cashing in on the big coyote crop this season. The pelts are bringing from seven to twelve dollars on an average, the Leader was informed.

Trapping and shooting methods both are being used, but most of them are trapped. No other kinds of pelts are being taken so far as can be learned. This is also a choice skunk section, but the boys don't seem to want to bring up a second front.

MRS. CLINE PASSES AWAY

Mrs. R. H. Cline died at Rusk Dec. 24, 1943 and was buried at Dallas Dec. 25. Mrs. Cline lived in Clarendon many years and had many friends here.

In B-2 and C-2 books issued effective Dec 1, the coupons nationally have a value of 5 gals. each. Other B and C coupons, including B-1 and C-1, still outstanding will retain their two-gallon value. "R" and "T", five gals. each; "D" one and one-half gals. each; and "E" one gal. each.

The Fourth War Loan drive was officially opened Tuesday, January 18th with committees in most all districts reporting satisfactory progress.

The county has been divided up into separate districts in order to get the job done right and to finish it before a last minute call has to be made. It also gives everyone an opportunity to own a war bond because every single person will be called upon by someone in their respective locality, and it will take all this and some more to put this drive over, for \$91,000 is to be in E series Bonds.

No official report will be made as to amounts already sold until next Monday, and therefore will be published in next issue of the Leader. It is understood that sales are beginning to mount up and should be hitting a top gait by this coming week.

Everybody talk War Bonds and everybody buy War Bonds, and we can put this drive over.

JR. BEAUX ARTS CLUB TO HOLD FOOD BAZAAR THIS SATURDAY

The Clarendon Jr. Beaux Arts Club is sponsoring a Food Bazaar Saturday, January 22. It will run throughout the entire day, the proceeds going to the Red Cross. Home made pies, cookies, cakes and candies will be offered for sale, and public cooperation will be appreciated on the part of the Club. It will be held at Thompson's Hardware Store.

S/SGT. RAY PALMER THROUGH HERE THURSDAY

S/Sgt. Ray Palmer was in Clarendon for a little while this Thursday morning to see his parents, Mr. and Mrs. Doss Palmer. Sgt. Palmer was on his way to Camp Bowie at Brownwood where he will be Motor Sergeant. He had recently completed his schooling at San Anita, Calif.

Sgt. Palmer stated that one of the highlights of his experiences on the West Coast was the Rose Bowl game which he witnessed at Pasadena New Year's day.

Accompanying Sgt. Palmer was Sgt. Henry Samsman who will be with Sgt. Palmer in the Motor Division at Camp Bowie.

SELECTIVE SERVICE CHANGES

Occupational deferments generally will be denied 18 to 22-year-old registrants, other than those in agriculture, fathers and non-fathers alike, unless they are engaged in activities in which deferment is specifically authorized, according to Selective Service. Furthermore, all registrants will be given pre-induction physical examination at least 21 days before being inducted. Therefore, the period of three weeks in the enlisted reserve now granted by the army and the one-week period granted by the navy will be eliminated. These changes become effective February 1st.

Bert Smith Jr. spent the week end at Amarillo visiting Billy Killough.

Bell Re-elected C-C President

Lee Bell, was re-elected president of the Clarendon Chamber of Commerce at the regular monthly meeting of the board of directors, January 17. Bell has served two terms as president of the body. Dean R. E. Drennan was elected vice-president and J. R. Gillham was re-elected Secretary-manager.

Drennan, C. J. Douglas and Van Kennedy were elected for a two-year term as directors of the Chamber of Commerce in the recent ballot. J. R. Porter, E. S. Ballew, C. M. Lowry and Lee Bell are the holdover directors.

United Gas Co. Employees To Help In Fourth War Loan Drive

Employees of United Gas Pipe Line company and associated companies have a special interest in helping put the fourth war loan drive over the top, according to A. L. McClellan, company treasurer, who is in charge of bond sales among employees of the organization.

An advertisement appearing this week in the Donley County Leader and 350 other daily and weekly newspapers in the Gulf South gives the reason. It tells the record of "Lil Joe", one of the bombers which took part in the attack on the Ploesti oil center in

Rumania which paralyzed one third of Nazi oil production. On this, the plane's 55th mission, it returned to its base on two motors and blasted beyond repair.

"Lil Joe" was piloted by Lt. J. W. Viers, one of United's men of war. Lt. Viers has been reported missing over Germany since Dec. 19. Now, former fellow workers at home of Lt. Viers are paying tribute to him and other men in service by buying bonds to replace "Lil Joe" and other American planes being sacrificed in the battle for freedom.

Of the more than 3000 regular employees of the companies 825 are now in the armed services. "If buying bonds will help bring these men back and end the war even one day sooner, there can be no better reason for increasing our bond purchases all that we can," Mr. McClellan said.

MIDWAY
Mrs. John Goldston

The snowstorm of the past weeks has surpassed any we have experienced since 1918.

The Midway school bus made the trip from Clarendon on Friday to the John Goldston home, but could go no farther. The bus did not run any this last week.

Mrs. Edith Longan returned from Plainview Tuesday after a visit with her sister and daughter. Mrs. Longan accompanied the Nelce Robinsons to Plainview.

Mr. and Mrs. Nelce Robinson and Mr. and Mrs. Dempsey Robinson have moved to Plainview; this is another Midway family that we regret to lose. We are hoping they will return again.

Mrs. W. D. Higgins received word this past week that her brother, Manor Lawson, had been seriously wounded in action in Italy. Mr. Lawson lived in Midway for some time and friends and neighbors are sad to hear of his condition.

Midway people were grieved to hear of the passing of S. T. Sayre in a Memphis hospital Sunday. Mr. Sayre was an old time com-man of Midway, having lived just across the river on his ranch when Midway was first settled. He passed through our community on his way to Clarendon.

Mr. Sayre numbered his friends by his acquaintances. He had great influence in the making of our county, a good place to live.

Mr. and Mrs. Gene Chamberlain were over Sunday from Altus. Mrs. Dan Keller returned with them after a week's visit.

Mrs. Dan Keller left Tuesday for San Diego, Calif. after a month's visit with her parents, Mr. and Mrs. John Goldston.

Mrs. Keller will continue her work at Consolidated Air Craft where she is a junior mechanic, having been employed at Consolidated for the past two years as a riveter.

Jim Riley left Tuesday for San Francisco after a few days visiting with friends and relatives here. Jim is in the Navy.

Mary Sue Stone visited her sister, Mrs. Pete Riley, and her mother, Sunday through Monday.

Mrs. W. D. Higgins leaves soon for Houston, to be with her daughter, Mrs. Clyde Pittman, who is to undergo an operation there.

Hermon Higgins is to leave the last day of January for military service.

Pat Myers of the Chamberlain community left Monday for Tyler, Texas to attend the funeral of a sister, Miss Kate Myers before her marriage. The Myers family

was a next door neighbor to us several years ago. Miss Kate taught the school known then as Hackberry. She will be remembered by the older residents of Midway.

Mr. and Mrs. Loyd Moreland and Mrs. Al Word and daughter visited in the W. D. Higgins home Sunday evening.

Billy Moreland left Sunday for Amarillo.

Jim Riley visited with Mr. and Mrs. W. K. Davis Monday morning.

What Can Women Do To Help Win The War?

You can't do more for your country in 1944 than to enlist in the Coast Guard Women's Reserve. Women are needed desperately to replace the hundreds of trained Coast Guardsmen who must give up their shore jobs, important though they are, to take on fighting assignments at sea. In fact, 3,000 more must be enlisted immediately as SPARS to fulfill our military needs. But this quota will be met if you—and other re-

sponsible patriotic women like you, respond immediately to your country's call.

Make this your year's resolution: I'll do more in 1944 and join the SPARS today. To be eligible for enlistment in the SPARS you must be an American citizen, between the ages of 20 and 36, be in good physical condition, have at least two years high school and no children under 18 years of age. If you fulfil these qualifications, do not wait, write to the Coast Guard Recruiting Office at Box 1142, Postoffice Building, Lubbock, Texas today, and you will be mailed a free copy giving you facts and information about the SPARS. As a SPAR you will be trained in Palm Beach, Florida, after your training period is over you will be given an interesting shore job, where you will be eligible for advancement in rating and pay, up to as much as \$217.50 each month. It's an opportunity you can't afford to pass by.

Mrs. Lu McClellan has been visiting in the home of her parents, Mr. and Mrs. R. H. Elkins for the past week from Ashtola.

Lil Joe

Although "Lil Joe" completed 55 missions before coming in on two motors and blasted beyond repair, she is probably little different from many other gallant American bombers which are daily helping paralyze Nazi war production.

We have a special interest in the career of "Lil Joe" because it was piloted by one of United's men of war on many of its 55 missions, and on the last raid to the Ploesti field, heart of Nazi oil production.

Now at home fellow workers of the pilot of this famous plane are buying War Bonds to help replace "Lil Joe" and the other gallant planes being sacrificed in the battle for freedom. They are taking this means of paying tribute to United men in uniform—and to help make possible the never-ending line of planes, ships, tanks and guns that soon, we hope, will mean victory for freedom-loving people.

In Brazil the natives are said to chew a kind of rubber to allay hunger. We do the same thing but call it war time steak.

"Music hath charms to soothe the savage beast," wrote the sage of old. We need much more music in this age of mass murder. The school band program Tuesday at the Lions club luncheon was a real treat. Made up of college and

high school boys and girls, members of the band took a turn at directing on this program. The war has deprived them of a bandmaster. Dean R. E. Drennan of the College spends two evenings each week helping out there as he does many, many other places in the community. Those who like neither children, music nor dogs are classified as dangerous characters. It is great to meet these youngsters and note those who have talent, and those who fill in a need mechanically. One can always note those who have talent because they just "feel rhythm in their bones." For after all - - - Our lives are songs that God writes.

And we put them to music at pleasure;
And the strain grows glad, or sweet or sad,
As we choose to fashion the measure.
Adios mi amigos.

A BABY'S PRAYER
By Sibyl Rattan

She's a little angel that
Came to us one day.
As she was coming down the stairs
She whispered to pray.

I wish for one thing,
More than all the world;
If you can only let me be a
Darling baby girl.

It seemed there were so many
angels,
As I was on my way;
But they all seemed so very sad,
As I looked around so gay.

I wondered, wasn't I the one?
Why weren't they smiling too.
I often thought—
Maybe I wasn't the one they
really knew.

There seemed to be one that knew
I had a place.
She turned her head and smiled.
She had the loveliest face.

She whispered very softly;
Her voice seemed so sweet—
My dear your hair will be like
mine,
Though your eyes will be a
brightness of a crown.
You will be our precious, so
Smile and look around.

HILL—MOSS

In an impressive double ring ceremony solemnized at 5:30 p. m. January 14, Miss Eloise Hill became the bride of Lt. Robert C. Moss of Camp Barkely, Abilene. The bride is a daughter of Mrs. Lee Holland of Clarendon and Ben H. Hill of Vega, Texas. Lieut. Moss is a son of Mr. and Mrs. T. W. Moss of Dyer, Ark.

The vows were read in the lovely home of Lt. and Mrs. Charles Moss, at Alma, Ark. by the Rev. O. D. Peters, pastor of the First Methodist Church.

The bride was lovely in a charming winter white wool dress trimmed with brown and white, brown faille hat with veil and other brown accessories. Her corsage was of orchids.

Attending guests were Mr. and Mrs. W. E. Poe, Miss Beatrice Penrose, Mrs. G. M. Woods and Mrs. W. C. Gregory.

Mrs. Moss is well known in Clarendon, having graduated from Clarendon High School and Clarendon Junior College. She received her B. A. Degree from Texas Tech. She was a member of the Epsilon Sigma Alpha Sorority; attended business school in Amarillo. At the time of her marriage

she was employed in the office of General Mills, Inc. in Amarillo. Lt. Moss was educated in the Public schools of Alma, Arkansas, attended the University of Arkansas, and Capital College of Pharmacy, Denver. He has served sixteen months over seas in Hawaii and other islands of the Pacific. After a wedding trip to Kansas City, Mo and Fort Worth, the couple will be at home in Abilene, Texas.

PAYNE—LYLE

Miss Mary Jeannette Payne, daughter of Mr. Clarence Payne of Pratt, Kansas, and Tech. Sgt. Thad O. Lyle, son of Mr. and Mrs. B. F. Lyle of Clarendon, were married Saturday, January 1, 1944, at nine o'clock in the evening in the Christian Church parsonage of Kingman, Kansas, with the Rev. Ralph Tillery officiating. The matron of honor was a cousin of the bride, Mrs. Orville Bonham, and the groom's attendant was Sgt. Frank Huettmaker.

The bride wore a powder blue dress with brown accessories, and her travelling dress was a three-piece brown suit.

Mrs. Lyle attended the Kingman high school and has been em-

ployed at Boeing Aircraft in Wichita for some time. Mr. Lyle graduated from the Clarendon High School. He received his wings and is now stationed at the Pratt Air Base after serving eighteen months active duty in the Pacific area.

The couple will make their home in Pratt, Kansas.

PATHFINDER CLUB

The Pathfinder Club met at 4:30 Friday afternoon in the home of Mrs. Ruth Kennedy with Mrs. Jo Ellen Hess and Mrs. Walker Lane as hostesses.

This was the business meeting of the year. After roll call was answered by twenty-six members, Mrs. Ed Dishman, parliamentarian, discussed some necessary parliamentary procedures with special reference to clubs.

The report of the Treasurer showed Club finances in good shape. Mrs. U. J. Boston, chairman of the Social Committee, reported plans for the thirty-third anniversary party which will be held at the home of Mrs. Pete Kunz on Jan. 28th., each member inviting two guests. She announced the various necessary committees.

The main business of the afternoon was the election of officers for the coming year. The result was as follows: President, Mrs. R. Y. King; vice president, Mrs. T. H. Ellis; recording secretary, Mrs. Pete Kunz; corresponding secretary, Mrs. Walker Lane; treasurer, Mrs. Harold Phelps; parliamentarian, Mrs. C. B. Morris; federation counselor, Mrs. Lena Antrobus; historian, Mrs. C. D. McDowell.

The hostesses served a very pleasing refreshment plate to the twenty-six members and one guest, Mrs. Margaret Frey, who was a former member.

JR. BEAUX ARTS CLUB

The Jr. Les Beaux Arts Club met in the home of Dorothy Kennedy on January 6th at 5 p. m. The program was on music.

Mary Nell Keys gave the life of Rubenstein and Sue Burton played a piano solo, Rubenstein's "Romance." Helen Porter played a flute solo, "Melody in F," by Rubenstein. Glenda Davis gave the life of Edward Greig and Frankie Hommel played Greig's "Concerto." Patricia Alverson gave the life of Godard and Dorothy Kennedy played Godard's "Second Mazurka."

Delicious refreshments were served to members: Patricia Alverson, La Voise Armstrong, Sue Burton, Betty Ann Craft, Glenda Davis, Joline Etter, Joan Hillman, Frankie Hommel, Mary Nell Keys, Sara Lowry, Leona McCraw, Annie Ree Porter, Helen Porter, La Rue Shadle, Margaret Wadsworth, and sponsor, Miss Howren and hostesses, Dorothy Kennedy and Frances Phelps.

WINDY VALLEY NEEDLE CLUB

The Windy Valley Needle Club will meet January 26th at the Club room to quilt for the Red Cross. New officers will be elected for this year and draw names for polly-anna friends.

1926 BOOK CLUB

The 1926 Book Club met Tuesday afternoon in the attractive home of Mrs. Rayburn Smith.

After the business meeting was disposed of, Mrs. Frank White Jr. gave a very interesting review of "And Grandma Called it Carnal," by Bertha Damon. The story depicts a grandmother seventy years young, with a very active mind and a good sense of humor. She believes pleasures should not be gotten thru the five senses and that happiness on Sunday is more wicked than on any other day of the week.

The hostesses, Mesdames Smith, Cox and Ritter, served delicious refreshments of chicken salad, Parker house rolls, date pin wheels and spiced tea to twenty-two members and Mesdames G. T. Palmer, Turner, Gordon Bain, Walter Knorpp, Landreth, Hanks, Elliott, Ernest Hunt, Marguerite Goodner, Vernon Reed and McCuam, as guests.

WOMEN'S SOCIETY OF CHRISTIAN SERVICE

Animal Hair Goes to War

Army Ordnance is buying tons of animal hair to protect the lives of our combat troops, to keep tanks and jeeps roaring into battle, and to package many of the powerful battle tools that are blasting the Axis in Europe and the Southwest Pacific.

A few years ago quite a lot of people thought that the best that could be said for animal hair—a lowly by-product of Chicago stockyards—was that it was plentiful. As long as beef was eaten and hides were tanned, it would always be available. No WPB or OPA regulations or restrictions—just a lot of cheap, non-critical, non-strategic hair.

Then J. A. McManaman of the American Hair and Felt Company of Chicago got busy. He worked out a broad conversion program, drafted specifications, and supervised the necessary development work. He also made a nation-wide tour, explaining the merits of hair and hair felt to various Army Ordnance engineering groups, and showing how critical materials could be conserved.

Army Ordnance welcomed McManaman's manufacturing suggestions and promptly subjected them to rigorous factory and field tests. When results proved satisfactory, animal hair went to war in a big way.

Capt. R. M. Smith, commanding Pantex Ordnance Plant, near Amarillo, Texas, outlined to-day some of the current Ordnance uses of this amazing material.

Hair felt has replaced sponge rubber in tank crash pads. This has resulted in a saving of 17 pounds of rubber for every one of the thousands of medium tanks produced. The new pads will not burn. They resist impact shock even better than rubber pads.

Hair felt has been very recently adopted as a padding material in tank seats. It is likewise being used in jeep seats, thereby conserving more than 11 square feet of sponge rubber per vehicle. Total crude rubber saving on the tank and jeep program in 1943 was 2,997,000 pounds or 133 long tons.

Hard and semi-hard hair felt has replaced wool in various pyrotechnic items, such as signals and flares. It is employed as a protective covering for anti-tank mines. A softer variety has replaced wool felt as a padding in chests and boxes to cushion artillery ammunition, bombs and fuzes.

This same plentiful material is also used in tank helmets, in the packaging of telescopes and other easily damaged Ordnance equipment, and for seat backs on half-track vehicles and scout cars. Further utilization of hair felt is under consideration.

Rev. and Mrs. E. D. Landreth of Lamesa were guests of Mr. and Mrs. C. M. Lowry Tuesday night. They were on their way to Amarillo to attend the Bishops Crusade of the Methodist Church.

—On Pay Day, Buy Bonds—

I HEAR A LOT OF FOLKS AT HOME CLAIM THEY CAN'T AFFORD TO BUY AN EXTRA WAR BOND!

WHAT WOULD a wounded soldier think of you if he could hear you say: "I can't afford to buy an extra War Bond?" He might remind you that he couldn't "afford" to go to war! But he went, and now he's making more sacrifices . . . for you. No wonder he expects you to do something that will help him!

Especially when all you're asked to do is to buy an extra \$100 War Bond this month. So check over your budget . . . see if you can't swing at least an extra \$100 . . . or \$200 . . . or \$300 . . . or even \$500 for extra War Bonds. You'll find that you can . . . and it's no sacrifice, either, for War Bonds are the best investment in the world today!

Protein Requirements Should Be Obtained Through Normal Trade Channels When Possible

Stockmen should make every effort to obtain their requirements of protein concentrates through normal trade channels, B. F. Vance, Administrative Officer of the State Triple-A, advises.

Fifty per cent of the soybean meal produced in southern mills from midwestern soybeans is reserved by Commodity Credit Corporation for distribution to critical areas. The remaining 50 per cent is left in the hands of processors for distribution through regular trade channels. The War Food Administration has issued an order effective January 1, 1944, requiring the processors of cottonseed, soybean (except midwestern soybeans crushed in southern mills), peanut, and flaxseed to set aside 20 per cent of their January production of protein meals for distribution only to protein deficit areas through State and county Triple-A Committees.

The 50 per cent of the soybean meal left with the southern mills, 80 per cent of any other soybean meal, and 80 per cent of the cotton seed, peanut and linseed meal, plus all other types of protein concentrates, are therefore left in the hands of the industry for distribution through the established channels of trade.

"Although Texas will get its fair share of the protein meals made available for directed distribution by the War Food Administration under the set-aside order, it can readily be seen that the small amount available for such distribution will not be sufficient to take care of all the needs of all feeders," Vance said. "It will be sufficient only," he continued, "to relieve the most critical areas where regular channels of distribution have failed to supply the requirements of local feeders."

Vance stated that recent storms and near-zero temperatures developed a critical situation with range livestock in the Great Plains Region. Every effort is being made to rush supplies of protein cake into that area to prevent heavy death loss.

Winter Flock Management

Egg production during winter is not difficult if poultrymen keep the layers comfortable and well fed.

According to George P. McCarthy, poultryman for the A&M College Extension Service, consumption of water and feeding mash, and ventilation of poultry houses are the important factors. During cold weather, fresh, warm water must be provided each morning in order to maintain production. If higher production is to be sustained, the water consumption of the layers also must be maintained.

Equally important is the consumption of mash. Plenty of good laying mash should be kept before the birds, and stirring it occasionally will increase consumption. Where possible, feeding of a moist mash at noon will stimulate production. In preparing this, about three pounds of mash, dry weight, mixed with just enough water to make it crumbly, will be sufficient for 100 hens. During extreme cold an extra feeding of grain just before the birds go to roost will help to keep them warm and also aid in maintaining better winter production.

Boy Scouts On the Job

One hundred thousand Boy Scouts will distribute the Fourth War Loan Poster, "Buying A Bond Is No Sacrifice," to retail street-floor stores in 2,900 cities and towns on January 15, the Office of War Information announced.

The Boy Scouts will circulate the posters as OWI Government dispatch bearers, and will request the retailers to give the poster message frontwindow display. The Fourth War Loan drive opened officially January 18 and will continue until February 15.

Ted R. Gamble, National Director, War Finance Division, Treasury Department, praised the patriotic spirit of the Boy Scouts:

"I was pleased to learn that the Boy Scouts of America will participate in the Fourth War Loan. During the Third War Loan in September the Boy Scouts did a fine job for the Treasury. I know that they will perform most effectively in bringing our message to every American."

Pvt. Kenneth R. Lyle, formerly of Clarendon, was recently sent abroad to serve with the fighting forces in the Pacific area. For the past several months, Pvt. Lyle has been in training with the Medical Corps in Alexandria, La.

With the largest motor-vehicle fleet in the world to maintain, Army Ordnance maintenance units have hung up a record of having less than 4 percent of all vehicles in shops for periods longer than 4 days.

VICTORY**

Every American fighting man has a dream. A dream of a day to come—of the day when the war is won. When he can return to home and family and friends, once again to live in the ways of peace. We at home

can help his dream come true sooner—by doing the little things asked of us to speed Victory. We can buy bonds, and more bonds, and keep them, and keep on doing it—till the boys come home.

SPRING SEMESTER

Here we are, on this bright morning, ready really to get to work in earnest and do better than ever before in our school work. Just think, we only have to go to school from January 17 to May 12. Now that isn't a long time; is it? The New Year is only three weeks old, and New Year's resolutions are still in order, you know; so let's all resolve to work hard now before spring gets here when we won't want to work. Come on, let's all work so that when spring comes, we will not have worked in vain, and our efforts will have been crowned with success.

SOUTH WARD

Miss McGowan's room began their first spelling lessons last week. The shelves in Mrs. Mears' room have new curtains made from the cotton bagging which was given them by the Smiths. Mrs. Prewitt has a record of 100 per cent in attendance. They have learned nine Spanish sentences. Miss Mongole's room has started a study of birds. Arland Hatfield withdrew from school. Mrs. Holland's room is planning their chapel program for this month.

EFFORT

By E. A. Guest
He brought me his report card from the teacher, and he said He wasn't very proud of it and sadly bowed his head. He was excellent in reading, but arithmetic was fair; And I noticed there were several "unsatisfactory's" there. But one little bit of credit that was given brought me joy— He was "excellent" in EFFORT and I fairly hugged the boy. "Oh, it doesn't make much difference what is written on your card." I told the little fellow, "If you're only trying hard." The "very good's" and "excellent's" are fine, I must agree; But the effort you are making means a whole lot more to me. And the thing that's most important when this card is put aside, is to know in spite of failure that to do your best you've tried. "Just keep 'excellent in effort,' all the rest will come to you. There isn't any problem but some day you'll learn to do; And at least when you grow older, you will come to understand, That by hard and patient toiling, men have risen to command. And some day you will discover when a cherished goal's at stake, That better for than brilliance is the 'effort' you will make."

JUNIOR HIGH

Mid-terms are over. We hope everyone is happy Wednesday when report cards are distributed. We have two new pupils, Alice Durant and Judy Riley. The seventh grade in Jr. High School is studying health. The health posters are up and the class wants to be a good First Aid Class. The following epitaph was picked up near Kelly Creek late Sunday night. Here lies the body of Charlie Claude Hearm, Whose humble life was of no concern To anyone but his roommate Pyeatt, Who took his clothes on that fateful night. After scrubbing them clean with brush and soap, He washed them twice for he was no dope. The pants were too tight and the shoes were too small, But he didn't mind—he wore them all.

QUOTH THE CROW
(to the tune of "The Bowery")
The scarecrow, the scarecrow, He stands there motionless all the day In the garden, the garden I'll never go there any more.

And have you heard of that movie producer who was urged to make a picture about O. Henry? "Who," he asked, "wants to see a picture about a chocolate bar?"

Insecticide has been defined by a student as a person who studies insects.

Classic: A book we think great because old-timers thought it great because it had little competition.

Ten to twelve commercial air transports carrying 50 to 150 passengers each will fly the Atlantic daily in the post war period, predicts a University of Texas air transportation expert. Dr. John H. Frederick, University professor of transportation, believes this stage in non-stop flights will be reached within five years after the war.

Texas' Farmers Receive AAA Payments

The New Year for thousands of Texas farmers will be brightened by the receipt of AAA payments which they have earned for building soil fertility and increasing food production for the war effort.

B. F. Vance, State AAA administrator, announced today that payments covering 138,804 applications have already been made to over 195,000 producers, and the pay off program is just getting under full headway.

Under the 1943 AAA Agricultural Conservation Program payments totaling \$38,644,000 will be made to Texas' farmers who cooperated in the program, the Administrator said.

Payments for 1943 will include \$16,854,000 for cotton; \$2,622,000 for wheat; \$100,000 for Irish potatoes; \$250,000 for fresh vegetables; and \$14,547,000 for soil-building practices.

Increases in small payments will total about \$4,271,000. Payments of less than \$200 are automatically increased by a designated

amount. The smaller the payment, the higher the proportionate increase.

Special dairy feed payments totaling \$480,280 have been made to 34,745 dairy farmers in Texas through December, Vance said. These payments covering production for market in October were made to dairymen to help them meet the increased cost of feed. Similar payments for November and December will be made this month.

Payments have been made on 94,758,400 pounds of milk and 1,094,850 pounds of butterfat sold. Payments have gone to nearly every county in the State. Counties receiving the highest total dairy feed payments include Bexar, Dallas, Harris and Tarrant.

Luther Gribble Announces For District Judge

Having learned that Judge Moss is not to be a candidate for reelection as Judge of the 100th Judicial District, I desire to offer my candidacy for this office for the consideration of the voters of this Judicial District.

I am fifty-two years of age and a native of this District, having been born and reared in Collingsworth County. I have been engaged in the practice of law at Wellington for the past twenty-five years, during which time I served as County Attorney of Collingsworth County for eight years, and as County Judge for six years.

Due to present war regulations it will be impractical to attempt to contact each voter personally as under normal conditions, and I will have to rely largely upon my friends and acquaintances over the District to recommend me to those with whom I am not personally acquainted.

Should I be your choice to serve as your District Judge during the coming four year term, it will be my purpose to discharge the duties thereof fairly and impartially to all litigants, and to the entire citizenship.

Respectfully submitted,
LUTHER GRIBBLE

S. T. Sayre—

(Continued from Front page)

Collingsworth County where Mr. Sayre was engaged in the cattle business; they remained here until 1901 at which time they moved to Clarendon and bought the old Johnnie Martin home on College Hill, and Mr. Sayre and John Blocker became engaged in the cattle business, acquiring the land that is now known as the Blocker Ranch and the Sayre Ranch. In 1918, due to ill health, Mr. Sayre retired temporarily from the cattle business and he and Mrs. Sayre spent a great deal of time in San Antonio, Corpus Christi, California and other resort points. In 1923 they returned to Clarendon and Mr. Sayre returned to the cattle business until 1928 at which time he permanently retired from active business of any kind, and he and Mrs. Sayre moved to Mineral Wells, Texas. It was during their residence in Mineral Wells that their grandson, Johnnie Blocker, met and married his wife, "Peppy".

In the spring of 1940, the Sayres moved back to Clarendon, this time purchasing the Johnnie Martin home near the First Methodist Church, and were residing there at the time of Mr. Sayre's death.

With the passing of this pioneer resident, Clarendon mourns the loss of another "old-timer". He was well-known throughout the Texas Panhandle, not only through his ranching interests but for the help he has given many boys and girls in completing their educations at Clarendon Junior College.

Here for the funeral were Miss Penelope Blocker, Mrs. I. O. Miller, Mrs. Louis Moore, all of Dallas; Miss Beth Stiles and Gordon Stiles of Wheeler, all relatives, and many lifelong friends from Amarillo, Pampa, Shamrock, Wellington, Groom and Memphis.

John McMahan visited his wife and daughter here Sunday. Mr. and Mrs. Doss Palmer and Mrs. McMahan and daughter took Mr. McMahan back to Pampa Sunday afternoon.

Mrs. F. E. Williams of Amarillo is visiting her mother, Mrs. Anna Wadsworth who is ill with the flu. She is also visiting with her brother, Douglas Wadsworth and family.

Mrs. G. O. Walker of Sweetwater is a guest of Mrs. Frank White Sr. this week. Mrs. Walker is an old time resident of Clarendon some 25 years ago.

Mr. and Mrs. Glen White of Shamrock visited the week end with his parents, Mr. and Mrs. Frank White Sr.

Mrs. Winn Collier and two children of Tahoka who visited her sister and family Mr. and Mrs. Bill Bentley and mother Mrs. Latson last week have returned home.

1st. Lt. Jack Latson of Camp Beale, Calif. is visiting home on a furlough. Jack and his mother, Mrs. O. W. Latson went to Dallas after his wife and baby who will make their home here until Aug.

Baptists to Launch Endowment Campaign

A three million dollar campaign for the endowment of Baptist educational institutions, hospitals, nurses training centers, and seminaries will be launched Sunday, January 23, by the Baptist General Convention of Texas as its 1944 project. There are 800,000 Baptists in Texas.

The convention is asking the Baptists of Texas to give or subscribe \$125,000 from this fund to Mary Hardin-Baylor college, the only private or protestant senior college for women in the six southwestern states west of the Mississippi having national recognition. The college which was organized under the Republic of Texas in 1845, is cosmopolitan rather than regional.

On January 23, Baptist ministers throughout Texas will preach on the endowment campaign. Pledge cards will be distributed for the designation of the amount and the institution or institutions to which the donor wishes to make a gift.

According to Dr. Gordon G. Singleton, president of Mary Hardin-Baylor college, the students and faculty plan to raise \$5,000 toward the endowment fund.

Mrs. N. C. Gilmore, mother of Mrs. Emma Blackwell and grandmother of Mrs. Joe Terry died at the age of 93 at Spur Sunday. Mrs. Terry and Mrs. Wade Hilliard went to Spur Sunday and attended the funeral Monday. Mrs. Blackwell accompanied them home.

R. Y. KING ANNOUNCES FOR REELECTION

In announcing my candidacy for the office of county judge, I wish first to thank the people of Donley county for the whole-hearted cooperation and support which they have given me in the past, both at the poles and in the performance of my duties as county judge. If elected I will administer the laws and conduct of the county business as fair, as justly, and as economically as possible.

R. Y. KING
