CHAMBERLAIN'S BALL TEAM PLAYS AMARILLO TUES.

Meet Panhandle Foes With Slight Casualties In Fast Game

Chamberlain's famous team of baseball players took a loss of 9 to 4 at Metro Park in Amarillo Tuesday afternoon. A local rooter is authority from the statement that Johnny Costillo, Indian pitcher for the enemy, was imported from the Gran Chaco region of South America where Bolivia and Paraguay have been fighting with baseballs for the past four years. Johnny did a plenty of the yokels from below the Cap Rock.

Gus B. Stephenson pitched the first two innings in which the enemy scored seven runs. Behringer took the mound in the third inning and was scored on only two times in six innings.

The outstanding plays for the home team is said to have been when Fitzgerald knocked a home run over the right field wall, and a triple by Reid that enabled Behringer to land home.

The score for Chamberlain at Estelline Sunday was 8-4 in favor of Estelline. Uncle Johnny Baird is hot and bothered at last accounts demanding moonlight practice, the daylight periods not being sufficient. Johnny is mentor-mascot and advertising manager as well as financial backer of the Chamberlain team. The team has bucked some of the best teams in the Panhandle on a limited amount of practice. The story will be different in the near future.

Old Timer Celebrates 77th Birthday Saturday

A nicely prepared dinner Saturday called to mind of Wm. Spitzer that he was the honored guest in celebrating his seventy-seventh birthday. The meal had been prepared by Mrs. Spitzer and her daughter-in-law without the knowledge of the elder Mr. Spitzer. A cake bearing 77 candles was easily blown out by him at one puff.

The family came to Donley county from Ft. Collins, Colorado in 1909 at a time when a number of men from that section came to this county on a home-seeker's excursion, many of whom are our leading citizens, like Mr. Spitzer, to this date. The Spitzer home was on a farm near Ashtola until 1919. At that time Clarendon became the home with the purchase of the commodious home on the south side. The many friends of this young and active man of 77 will wish for him many more such birthdays.

SUMMER SCHOOL TERM WILL BEGIN HERE JUNE 5TH

College And High School Subjects Offered For Advanced Students

A summer term for the benefit of advanced students will begin at the College on June 5th. Subjects will be offered where there is a sufficient demand for them. Dean W. A. Clark Jr. of the College will be in charge but will do no teaching.

No resident teachers will be on the summer faculty. Only out of town teachers of proven ability will be employed.

The summer term is made possible for the benefit of those who wish to effect a saving over the cost of going elsewhere for instruction. Full information may be had by consulting Dean Clark who has made arrangements for Board and rooms for out-of-town students. He may be reached by calling the College office phone 194.

Full information relative to the costs, merits and advantages of the summer term will appear in the Leader columns next week.

Mr. and Mrs. R. H. Carver left Monday for Buffalo, Okla. where they will make their home this summer.

Annual Poppy Day Calls For Greater Effort Because Of Greater Need

To America, now going forward in a great drive against the economic enemies which have invaded the country, comes a message from the men who fifteen years ago were giving their lives in defense of the country against an armed enemy. It comes in the form of the little red poppy that we will all be asked to wear on Poppy Day, May 27. It tells us to serve and sacrifice for our country now with the same patriotic spirit that those men served and died among the poppies in France in 1917 and 1918.

The poppy is a symbol of remembrance for the World War dead. Poppies glowing on every coat on Poppy Day will show that we still remember and honor the supreme sacrifice our war dead made for America. A country which remembers deeds such as theirs cannot be indifferent to present calls for patriotic service. As long as the memory of our heroes is kept bright, America can be confident that heroic service will come from its citizens in every hour of need.

The women of the American Legion Auxiliary, who will bring us the poppies on Poppy Day, are carrying out a very valuable work for the country. With their memorial flowers they are helping keep alive a memory more precious than vast material riches—the memory of men who were willing to die that America might live in freedom and happiness. With the poppy they are calling to us all to carry on for America in the spirit of those heroic men the flower commemorates. Every American who is a true American should show his response by wearing a poppy on Poppy Day.

Have you forgotten those fields—where poppies grow?
Have you forgotten the crosses—row on row?
Have you forgotten the torch which dead hands flung?
Have you forgotten the "blessed" no longer young?
Have you forgotten the symbol of poppies red?
Have you forgotten the broken the maimed, the dead?
Have you forgotten that on some hospital bed,
Racked with pain, lies a soldier, who fought, who bled?
For whose comfort we're selling these poppies red?
No?—Then please buy a poppy!

Band Attends 66 Highway Meet in Amarillo

The Clarendon band was one of two outside Amarillo to be present at the Highway 66 convention there Monday and Tuesday. The other band was from Shamrock. Since Clarendon is not located on the highway, bandmaster Gus B. Stephenson was complimented highly for the interest taken in the matter.

Messrs. Stephenson and Robt. O. Sandusky of Shamrock played two cornet duets for the edification of the big crowd. Both of these bandmasters paraded the streets with their bands and otherwise added to the reputations of their respective towns.

Mrs. O. T. Smith Visited in Abilene the latter part of last week.

Simpson Appointed Chairman in Beer Campaign

Major E. A. Simpson of Amarillo has been named chairman of this senatorial district to lead the campaign for the legalization of 3.2 percent beer under the direction of the Texas Liberal Legion.

Major Simpson as Captain of company H from Clarendon was attached to the 142nd infantry, 36th division and saw service in France. Several years later he received the distinguished service cross for devotion to duty.

HERE'S TEXAS' NEW CONGRESSIONAL DISTRICTS

This map shows the 21 congressional districts in Texas as set up by a bill signed last week by Governor Ferguson. Under the plan none of the 18 former districts retained its former boundaries, and some of the new ones drew counties from as many as five of the old districts. Three districts in which San Antonio, Dallas, and Houston are composed of single counties, and have larger populations than many of the west Texas districts.

Celebration of 60th Birthday U. T. Dever Sunday

A number of friends and relatives gathered at the U. T. Dever home Sunday, May 21st to give him a surprise celebration on his 60th birthday.

Upon his return from church, he found these present: a sister, Mrs. N. S. Bagwell, also Mrs. Leon Bagwell and family, Mr. and Mrs. Claude Bagwell and family, Mr. and Mrs. Charles Dye, Mr. and Mrs. John Jasper and family, Mr. and Mrs. Lacey Solver and son and Mr. and Mrs. Frank Bagwell, all of Claude.

Friends from Clarendon present were Mr. and Mrs. John Potter and family, Mr. and Mrs. John Russom, Mr. and Mrs. C. E. Lindsey and Mrs. F. M. Caraway.

At the noon hour, a big feast was had including the 60 candle birthday cake. The recipient proceeded to blow out all of the candles at the first trial proving to those present that he wasn't so old after all.

The afternoon was spent in the usual pleasant conversation and as each guest departed they wished him many more birthdays and a bigger celebration for each.

Childress to Entertain All Panhandle Golfers

Sunday will be a big day for goldom in Childress according to "Hank" Bagby, local golf enthusiast who announces that teams from many places in the Panhandle will be on hand for the keen competition that is bound to develop.

Local golfers are advised to show up at the Childress golf course not later than 1:15 Sunday to defend the title of the Clarendon players.

Diplomas Given Clarendon Seniors Friday Night

Superintendent H. T. Burton presented fifty-three diplomas to High School graduates, the largest number of any year, here Friday night at the Methodist church. Judge J. R. Porter delivered the graduating address.

The American Legion of Clarendon presented a medal to the best all around boy and girl graduate based on activities for four years in high school. Bill Greene was presented the medal for the boy and Miss Ruby Armstrong for the girl. These two students were graded on their attainments over four years in all lines of school activities and were declared the most outstanding in their class.

Spanish Gold Coin of 1712 Found Near Muleshoe

From time to time over a long number of years since the advent of the present racial inhabitants, articles have been found in a number of places in the Panhandle indicating early explorations of Spanish.

The latest article is a Spanish coin found near Muleshoe by R. T. Riddle which bears a date of 1712. The coin about the size of our \$5 gold coin, is also of gold and much thinner. One side bears the image of a woman's head with a circle of words, "Anna Dei Gratia" surrounding the head. The reverse side lettering is barely legible with the lettering "Mag Br Fra Etie" alone legible, and four crowns.

An old Spanish sword of the era of the 16th century was found in Lamb county in 1912. A saber, dirk and a spur were found under a rock on the rim of a draw south of Muleshoe in 1904. The articles were unmistakably of early Spanish origin.

In 1908 one Chas. White picked up a mysterious iron ornament in the sandhills south of Portales some thirty miles. It bore a Spanish inscription and was evidently a "medal of merit" of some kind.

Lions Refuse Presidential Endorsement at Lubbock

Mineral Wells won over Temple by a narrow margin of four votes in the closing sessions of the state convention of Lions clubs at Lubbock Monday and Tuesday.

Proposed resolutions endorsing President Roosevelt came to naught when a heated discussion arose over the President's attitude on the liquor question. As a consequence, the endorsement was voted down.

Ira Merchant and T. D. Nored were delegates from the local club.

Tablet is Unveiled Tuesday At Hospital

C. D. Hobart and W. H. Patrick were the principal speakers at the unveiling of a bronze tablet at Adair Hospital Tuesday morning in memory of the donor, Mrs. Cornelia Adair, one of the famous ladies of the Panhandle and owner of the J A ranch at her death. Many were the benefactions of this good woman in Donley county.

Richard Richey of England, and a relative of Mrs. Adair, spoke a few words in accepting the honors on behalf of his relative, with a feeling of deep emotion.

Every Club and other organization contributing to the fund was represented in the ceremonies.

Jerome Humphrey Seriously Injured by Horse

A message was received here Wednesday stating that Jerome Humphrey, son of Mr. and Mrs. Joe Humphrey Sr. was seriously injured. This message came to J. C. Estlack and read: "Please break news to father Jerome is seriously injured."

A reply to this message asking for particulars brought his parents another message later in the afternoon reading as follows: "Dragged by horse. Severe brain concussion. Still unconscious. Have hopes."

The messages were received from John Humphrey who, with his brothers Joe and Earl, were employed at Brawley, California where Jerome has been foreman of large ranching interests for the past six years. Jerome also has cattle interests there where he has prospered and is held in highest esteem by all who know him.

The injured man grew up in Clarendon where the many friends of the family will await with the parents renewed hopes and improvement in his condition.

Nail Picker Gathers Many Worries of Autoists

The highway nail picker operating on the streets here the first of the week gathered up several hundred pounds of worry in the form of nails and roofing tacks to say nothing of a lot of other tire destroying junk.

Somehow these tire pests naturally accumulate on the streets, and the periodical visits of the nail picker means a lot to the comfort of the autoists of this section. The highways of the state entering town were also gone over.

Dumas Editor to Broadcast New State Claims

A discussion of the new state of West Texas will be given over radio by W. W. Hoicomb, Dumas publisher, Monday evening May 29. The talk scheduled for 7 p. m. will be broadcast through KGRS, Amarillo.

Holcomb, publisher of the Moore County News, is known to his readers as the "World's Worst Hick." He presented a discussion of the new state subject at the recent convention of the Panhandle Press Association.

Those who have not given this subject much thought will do well to hear Mr. Holcomb. He is one of the most logical thinkers in Texas journalism and will present facts of interesting value.

THREATS BEER SALES STIRS UP LOCAL INTEREST

Law Enforcement Officers On Watch For 3.2 Beer Sales Under Federal Permits

When rumors gained ground here early in the week that a few places of business had made application for federal permits to sell 3.2 beer, local law enforcement officers began to make statements indicating a definite stand for enforcement of the Dean law.

It is generally agreed that any sale of beer or more than one percent would be in violation of the Dean law in this state, and as such, would incur liability to prosecution.

Drys are of the opinion that a stand should be made to the last ditch. More liberal dries are of the opinion that if beer is sold in Oklahoma and New Mexico, it should be made legal in Texas to secure the benefits of the tax.

Wets developed a theory during the week that threw a bomb into their own camp when leaders declared that hasty beer sale action at this time would weaken their cause when it came to a vote on August 26th. Several of the more liberal wets stand for enforcement of the Dean law until it is removed from the statute.

The "beer rebellion" that broke out in Amarillo the last of the week when Colorado products of three different strengths was offered for sale in cafes, came to an end Monday with the arrest of the vendors. Bonds were made in the sum of \$750 in each case and the beer confiscated by the officers.

Threats of padlocking the places of business if further attempts were made to sell beer stronger than one percent were made at Amarillo and Wichita Falls following a number of raids in each town. This appears to have been the rule over the state except in the towns along the border in East Texas.

South Texas remains quite under the old rule of "them as wants it, gets it, and them as don't want it let it alone," according to the saying of an Arkansawyer soon after national prohibition went into effect.

In discussing the matter Monday, Sheriff Guy Pierce stated that he deemed it his duty to enforce every law in the same manner. And further, that he expected to enforce the Dean law relative to beer sales until such law was repealed, or during the tenure of his office. It is his intention to use every effort in seeing that no 3.2 beer is sold in Donley county. "It will be much better for the folks to wait until every voter has a say on August 26th" were his closing remarks.

Local Artist to Picture Old Goodnight Camp

Harold Bugbee, nationally known brush and sketch artist of Clarendon is to prepare plans showing the famous old Goodnight camp house in Palo Duro canyon as it was when first erected back in 1878.

The building will be duplicated on the original site soon as a part of the attractions for sightseers. Mr. Bugbee is consulting old-time cowboys getting an o. k. on sketches made from descriptions given him. Those who worked at the original Goodnight ranch, or were frequent visitors there, are requested to see Mr. Bugbee.

Miss Eleanor Morris is visiting friends in Wichita Falls.

Open Air Band Concert To Be Given Friday

Gus B. Stephenson, director of the Clarendon band, announces the first open air band concert of the season for Friday evening at 8 o'clock.

These concerts are free. Plenty of parking space around the band stand location at the old grammar school building. Large and appreciative crowds were present on each of the occasions last season, and it is believed that the concerts will be even more popular this season.

B. & P. WOMEN IN MATCHED GAME SECOND OF JUNE

Ladies Promise Not to Use Catcher Mitts Larger Than a Basket

Soft ball games started Monday with the Rexall boys lined up against the Highway gang. Rexalls won by a narrow margin of 45 to 6. Few runs, occasional hits and gobs of errors.

Tuesday opened fair and bright with Lions matched against the deep water Baptists. Although dry and needing rain, "them Baptists" fought to win a rep in League circles and did to the tune of 11 to 4. It was necessary to call a halt at one time to rake the errors off the diamond.

Wednesday the Legionists crossed bats with Oilers (filling station) team. The carnage was frightful while thousands looked on without a dissenting opinion as to what should be done with the losers. (This paragraph is in error according to Milton Shaver, who declares the game was rained out.)

Sullivan Cooper, ardent soft ball fan is of the opinion that rooters should bring their knitting. Milton Shaver is equally enthusiastic about taking up other girls' games in the hopes that he-men will develop from the exercise.

The exhibition is free. Any one who can stand it is invited to look on till they get disgusted, according to some of the school boys playing for the Lions who blame their loss on Tom F. Connally because he was the only grownup in the game. From one to a half dozen are being saddled with all the blame in each game.

Legionists Will Observe Decoration Day

Members of the Aubyn E. Clark Post of the American Legion will gather at Legion Hall Tuesday morning where they will fittingly observe Decoration Day. Judge J. R. Porter will address the group.

Milton E. Shaver is chairman of the committee having arrangements in charge. Other members of the committee are T. R. Broun, Ralph Andis and Guy Kerbow.

Flags will be placed on the graves of departed veterans. This will be done by a committee composed of Barcus Antrobus, Tom Tucker, Cliff Decker and Guy Kerbow.

The Ladies Auxiliary of the Legion will decorate the graves and plant flowers as is their usual custom.

RADIOS REPORT RAINFALL COVERS MOST OF TEXAS

Donley County Gets Second Rain in 10 days With Fall of 1.2 Wed.

Heavy rains have fallen since Wednesday noon over an area extending from Tascosa to San Antonio according to radio reports this morning. Some parts of Donley received a fall of two inches and all county is covered. The fall in Clarendon is officially given at 1.2 inches by weather observer Joe Goldston.

Heavy rains are reported over an area extending from Tascosa east to Shamrock, south as far as Lamesa, east to Palestine. Heavy rains fell at Tulia, Plainview, Lubbock, Ralls, Matador and Spur according to reports.

The San Antonio radio station reported rains falling today there, at Waco and Dallas with the drouth definitely broken over a wide scope. The severest drouth in the state was along the coast from Corpus Christi south from where no reports have been received. Since the rain wave was travelling east, it is presumed that Texas is pretty well covered with the exception of the extreme northern Panhandle and the southwestern part of the state.

World-Wide Publicity.

After cutting up like he has and pulling silly didoes, we have about come to the conclusion that most of Ghandi's stuff is propa-Ghandi.

Beloved Editor III.

The continued grave illness of J. H. Lowry of Honey Grove over a period of several months will occasion great concern among his hundreds of friends in the newspaper profession. Mr. Lowry is known and loved by more people in Texas than perhaps any other single individual.

Read the Amendments.

Four proposed Constitutional Amendments upon which voters of Donley will have an opportunity to pass judgment on August 26th, appear in this issue of the Leader, it having been selected as one of the weeklies of widest general circulation of the state.

Read these Amendments, study them carefully and know better how to vote when the time comes. The state is paying out thousands of dollars for your special benefit in placing this matter before you that you may vote more intelligently.

Cream Pay Rolls.

Many towns no larger, and many more not so large as this, have a cream pay roll of several hundred dollars a week. Portales, New Mexico no larger than Clarendon, boasts of a cream pay roll of \$1200 to \$1700 per day.

We have the soil and climate to produce a winter pasture of rye, barley and wheat. We have one of the best sections for growing sudan for spring and summer. Both of these statements may be verified by a visit among the farmers of Donley county.

Power of President.

Some folks appear to be alarmed over the fact that Congress has voted President Roosevelt a lot of power. There is no cause for alarm. He has no more authority now after all this granting by Congress than the other recent presidents assumed without consulting anybody about the matter.

As the matter now stands, Roosevelt can go ahead and act on his own judgment. Other presidents stopped to consult Wall Street before doing anything. Roosevelt seems to favor a square deal for everybody. That is an innovation in the highest office of the land because the big boys have been ordering up and getting all the special favors for years.

Prices Advancing.

There is every indication that better times are coming. In fact they have already started in some centers. There is no better indication of recovery than the advance in farm product prices. Should the advances continue until and through marketing time, the nation will have taken a long step forward.

Food prices are rising in many lines. Flour, due to the short wheat crop, is taking the lead. Other prices are steadily advancing. Dry-goods, both cotton and woolen, are also on the upward trend. These advances are so sharp at this time,

it would pay any one to stock up. The saving effected over prices of two months hence will be quite a sum if the purchases are many.

Firestone Said It.

After a silence of two years, Harvey Firestone, staunch old Republican and owner of extensive auto tire manufacturing interests, condescends to come out of his shell at this time with the statement that "May tire sales will be twice as large as any month in our history."

No doubt of it.

Firestone tire interests are bombarding the nation with a weekly newspaper schedule of a more extensive scale than ever before. Why should they not be selling more tires than ever before?

Continuing on he said: "I thought it would be a calamity not to re-elect Hoover, but I've changed my mind. Roosevelt went right in and commenced to do things. We're employing twice as many workmen now as we were sixty days ago."

National advertisers are getting the business when they reach the buying public with facts regarding the merits of their wares. There is no better method of reaching buyers today than through the weekly press because practically all other papers were discontinued by rural readers during the retrenchment period.

Raido and King George.

Another thing has been accomplished during the financial squall. The blue bloods of royalty are being recognized as human beings. The Emperor of Japan personally thanked President Roosevelt for his "message to the nations."

Now comes announcement that King George of England will tell it to the world over the radio on June 12th when the Economic World Conference opens up in his historic city. George has not been doing so well himself. In fact many mornings during the past few years George has been impelled to make inquiry regarding his status of the day lest his dignified threshold had slipped through the night of changing public opinions.

Roosevelt, more sensible and cosmopolitan than Wilson, will be content to stay at home where he belongs and listen to the proceedings by radio just like any ordinary American citizen.

Banking Racketeers.

While talking with a mighty good man, good citizen, husband and father recently who also happens to be a real banker, he said: "I used to think all big bankers were honest. As my opinion began to change, I thought surely they would know when to stop before bankrupting the nation. Now I have lost faith in the big majority of them."

That was the private, candid opinion of a man who knows. Read the Liberty Magazine of issue May 13th, "The Inside Story of Banking."

Speaking of restoring confidence, after you have read that article, you will feel like taking a shotgun to some of the big boys. No wonder the nation is down and out. No wonder thousands upon thousands of human beings today are branded with poverty, disease and crime by the cruel money magnates. Rounding up a bunch of financial outlaws and sending them to federal prison for a maximum sentence would do more to

restore confidence than most anything right now.

Bold Bad Barebacker.

Recently an alleged drunk is said to have ridden the streets of Wellington bareback astride a nag wholly unaccustomed to bad men and still badder ideas of strolling upon sidewalks. A peace officer promptly put a stop to the foolishness and the alleged drunk was jugged. Without a saddle, we could expect nothing else.

There was a time when bold bad men armed with shooting arms astride a steed of speed took in the towns on special occasion. They rode saddles and knew nothing whatever of blind bridges. They operated as clans, stirred up feuds and campmeetings by firing guns with nicked butts or handles. Some went so far as to maintain private grave yards and boasted of the increase of the inhabitants.

Those were the days of the wild, romantic west, and they are gone forever. Bad whiskey has been displaced by home brew. The "hot roll" passed out and "tuffy-wuffy" brands of mattresses are now in use with the user wearing pajamas or nightshirt. The wild-eyed broncho gave way to the burro-minded jitney that hath many symptoms and no man knoweth what they are since they are overcome by experiments. At any rate, the driver cannot be sent up for a term simply because his jitney won't jit, and that is some improvement over the days when men shot at each other for pasture. Such a custom would likely meet with court disaster in this day and time when we try many and occasionally pen a few of them.

Friendly Enemies.

The 43rd Legislature has authorized numerous individuals to sue

the state for alleged damages incurred through some act of employees of the state, principally the Highway department, it is claimed. An appropriation of \$35,000 has been made to defend the suits, all of which are to be tried in Austin courts for the convenience of the state's defense counsel.

The next thing we hear will probably be some disgruntled patriot asking the Legislature for permission to sue some of its own members for obtaining money under false pretenses, and make them refund their salaries.

That State Bond Issue.

Texans will have a glorious opportunity of voting a \$20,000,000 bond issue upon themselves August 26th. It is a great idea if the money is to be used judiciously. We mean by that if the money is spent in carting the sand, dust and dirt back to West Texas where it was located before the spring sandstorms, we're for it. That material belongs to us, and besides, we will need it again next season. If the money is to be frittered away like most of the RFC funds, we are inclined to oppose the measure.

SUNNYVIEW

The farmers were glad to get the good little rain that fell here late Saturday afternoon, some hail fell which knocked quite a lot of the cherries and peaches off. We would be glad of more rain as tis needed.

Mr. and Mrs. L. L. Taylor of Clarendon also Mr. and Mrs. Milt Allen and son Riley, Mr. and Mrs. Clifford Davis and son, Mr. and Mrs. Lois Davis and Mrs. Guy Stidham were visitors in the W. K. Davis home Sunday afternoon.

Mr. and Mrs. A. M. Lanham made three calls in the Chamberlain community Sunday afternoon. After finding no one at home called on Mr. and Mrs. F. L. Behrens for a short visit.

Miss Pauline Brame spent Friday afternoon with Miss Ina Riley.

Mr. and Mrs. Heckle Starks very delightfully entertained a few of their friends with a social Saturday night. Games and other enjoyment was had. Delightful refreshments were served to Mr. and Mrs. Adams of Clarendon, Mr. and Mrs. Luther Butler of Lelia Lake, Mr. and Mrs. Neal Bogard of Hudgins,

and Mr. and Mrs. Sam Roberts. Miss Pauline Brame and Windfield Mosley were among others of the cast who went to White Deer tonight (Monday) to help out on the play "Tony the Convict."

Mrs. M. Starks has been on the sick list but is better at this writing.

Mr. A. H. Baker of Clarendon

called on A. M. Lanham Monday afternoon.

Mr. and Mrs. R. S. Moss and two sons spent Sunday in Willow, Oklahoma where his father, Dr. B. H. Moss observed his 88th birthday in due and ancient form. Thirty-two relatives were present for the festive occasion.

LOW-COST Hot Water... at the Turn of a Faucet...

with a Modern ELECTRIC Water-Heater

When you turn your "hot water" faucet you want... and NEED... an adequate supply of piping hot water. That, however, is only the primary requisite. If you can get this constant supply of hot water inexpensively, automatically and with perfect safety at all times, isn't that a perfect combination?

The modern ELECTRIC water heater gives you a surplus of hot water, and for good measure adds safety, cleanliness, health, dependability, quiet, comfort and convenience. Contrast these advantages with the flame noise, fumes, soot, smoke and odors of old-fashioned methods.

Ask a trained representative to show you the beautiful new electric water heaters now on display. They are equipped with emergency reliefs for both temperature and pressure... they offer all the well-known advantages of modern automatic electric water heating... they operate on the new "constant hot water service" plan that means LOW COST to you... and prices and terms are especially attractive!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

TEMPLE OF TRUTH

Great men's minds run in the same channel. Here I go looking for Edwin Eanes to have the radio fixed up for King George's speech June 12th.

We are going to visit some Hardshell friends pretty soon. They are great folks—at least these are that kind.

A distinguished member of the French embassy was a guest at the silver wedding celebration of an eminent bishop.

Leaning over to a neighbor, the Frenchman asked, sotto voce, "Tell me, mon cher, what does this silvaire wedding which we celebrate? I do not understand."

"Oh," replied his neighbor (the bishop's nephew), "don't you know? Why, my uncle, the bishop, and my aunt have lived together for twenty-five years without having any quarrels in that time."

"Ah," exclaimed the diplomat, heartily, a light breaking upon him. "And now he marry her? Bravo! Bravo!"

Chloe—"What you call it when a gal gets married three times—bigotry?"

Mose—"Bigotry? Lawze no, dat's when a gal gets married twice. When she gets married three times, dat's trientromtry."

Have you heard of the man who got his car back from the auto laundry with the starter button missing?

Some smart aleck says his neighbor's son is fifty percent in everything at school including his studies. He's a half wit, halfback, generally half tight and may half to come home finally.

An Amarillo pastor announced song No. 108 Sunday morning beer style by saying, "we will now sing a stick, a ring and a pretzel." Three-point-two has got the town.

Old Lady—"Will you give me a dime to help the old ladies home?" Loafer—"Has that bunch busted loose too?"

Listening to an animated discussion on the street Monday, one fellow who recommended himself most highly was suddenly stopped by the other party who said—

"What you really are speaks so loudly that I can't hear a word you say."

Charley Parks is a patient in the

insane hospital at Wichita Falls. At that he has more sense than half of those on the outside when he says - - -

"I keep busy all the time spending half of that time attending strictly to my own business, and the other folk letting the business of other folks strictly alone."

Some old ladies spent a lot of time getting ready to get married way back yonder by quilting and fixing, buying things they would need and help the cause along. Today she may have a daughter whose principal marriageable assets are a dental bill and an appendix operation.

Mrs. T. C. Isham, that canned sausage was among the very best I ever tasted, and I want to thank you for the privilege of sampling it. You sure know how to can sausage in a manner that really makes it better than the fresh kind. Let us print your recipe.

Sight Correction

IS OF FIRST IMPORTANCE

Efficient Treatment

SCIENTIFIC development within the field of optometry has been just as rapid and as marked as in all other fields of science and medicine, with the result that old rules and old methods no longer apply in the treatment and care of the eyes. . . . Sight correction is now of first importance . . . Hundreds of thousands of those with impaired vision have been completely cured through scientific sight correction . . . in the finding of cause . . . Not all eyes can be made whole and normal again . . . but very few cases will fail to respond to intelligent treatment. Let us examine your eyes and tell you honestly if you are enjoying the full comfort of good vision.

AUTO REPAIR

We Specialize in Periodic Overhauling

Many cracked cylinder heads, scored cylinders, out-of-line crankshafts could have been avoided if small adjustments had been made periodically. When a car is running well enough there seems to be no need to leave it in a garage for a few days. But the habit of having your car overhauled twice a year will pay in lower actual repair bills over the life of the car. We know this and can prove it to you by actual cost figures.

We are equipped to grind cylinders, install new bearings, balance cam and crank shafts, put on new piston rings, reline brakes and other heavy repairing jobs. Our costs are often below factory standards.

Zeal for Specialization in Medicine Attacked

"Scoffing at a fanatical zeal for specialization," Dr. B. L. Jenkins, Clarendon, told the State Medical Association section on Medicine and Diseases of Children yesterday that the time has come to revert back to the old-time family physician and the country doctor.

"The specialists," he said, "have appropriated every section of the body and every field of medicine and marked it with 'no trespassing' signs. The family physician is acting 'unethically' if he ignores the signs."

"As a result," he said, "ours has become an impersonal, rather than a human profession. Patients these days aren't the Sallies, Johnnies and Marys we brought into the world and helped through measles and whooping cough, but strange people with case numbers. Sometimes we have to look in the card index before we know whether it's Mrs. Smith with appendicitis we're talking to or Mrs. Jones with arthritis."

"Forty-one per cent of the medical doctors are specialists," he continued, "and yet it is generally conceded by all thinking men that the family physician can give proper care to more than 90 per cent of all the persons who appeal to him. He can and does give better service to that 90 percent than the

specialist who knows nothing of the background and temperament of the patient."

For the 10 per cent, Dr. Jenkins conceded, there is need for well trained specialists. Before any man is entitled to call himself a specialist, however, Dr. Jenkins thinks he should spend many years as a family physician, many more years of general study and still more years in learning all there is to know about his particular specialty."

(The above excerpt was taken from the Star-Telegram and is a part of an address made by Dr. B. L. Jenkins of this city before a state convention of physicians at a meeting of the State Medical Association at Ft. Worth recently. It was regarded as one of the 'high lights' of the many sane addresses made during the convention.)

Medals Are Awarded Pupils Friday Morning

A contest ranging through the entire school term at Junior High finally came to acimmax Friday morning when medals were awarded to Johnnie Lott for being the best all-round boy, and to Peggy Word for being adjudged the best all-round girl. Both medals were given by Dr. B. L. Jenkins. Johnnie is a son of Mrs. John Lott, and Peggy is a daughter of Mr. and Mrs. W. G. Word.

SAYS HER HUSBAND LOST 16 POUNDS IN 4 WEEKS

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still leaves you 'pepped up'. I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

As previously explained in the columns of the Leader, the pupils selected five boys and five girls whom they deemed most worthy of the honors. The teachers then made one selection from each of the groups.

The medal offered by the Sons of the American Revolution off Texas for the boy who measured best up to the standards of dependability, co-operation, leadership, patriotism, etc. was given to Nickey Stewart, son of Mr. and Mrs. W. C. Stewart.

Johnnie Lott and Lucile Nidever received the prizes offered by the 1926 Book Club to the boy and girl who read and reported on the greatest number of books for the school term. Mrs. F. A. Stocking presented the prizes of \$2.50 each. R. E. Drennan presented 8th Grade diplomas to 58 graduates.

Mr. W. T. Cagle and daughters, Mrs. John Bass and daughter, Rosalyn, Mrs. Van Kennedy and children are visiting his daughter, Mr. and Mrs. Doc Anthony and family at Lubbock.

Sam Darden has returned from Dallas where he underwent severe facial surgeon operations due to acute sinus trouble. He is greatly improved.

Miss Lotta Bourland and Jack Bourland left Sunday for Indianapolis, Maryland to be with their brother, Joe Bourland who is graduating from the U. S. Naval Academy.

We believe in supporting home industry, and more especially when our customers reap a benefit. For some time we have specialized on the better grade of meats without additional costs to the consumer.

In specializing on BABY BEEF of the grain fed type, we knew we had the best that could be produced. The next question was—would the public appreciate it? We have constantly advertised the fact through the Leader, and over the counter. Satisfied customers have become permanent. They told others and altogether, our meat business has increased beyond our expectations.

We are making a market for a home product, by and through the help of our patrons. We have daily compliments and feel that we are really "getting somewhere" in our efforts. We want to unselfishly serve the people by helping them to help themselves. Our groceries are as good as the meats. Come in, ask any questions you like, and feel at home.

NOW IS TIME TO BUY TIRES DEALER STATES

Low Prices Coupled With High Quality Is Reason, Goodyear Man Says

Real savings in price, coupled with highest possible quality, are available to the motorist who purchases his tires now, is the declaration of Holland Bros., local Goodyear dealer.

"By checking the present price of the tire size he needs the automobile owner will be convinced that now is the time to equip his car with new tires," Mr. Holland asserted.

"The saving in price is in itself an attractive reason for getting ready for summer driving, but when it is pointed out that tires of highest quality may be secured at these low figures, the motorist will be wise to take advantage of the opportunity.

"Highest quality is assured by the Goodyear policy of concentrating on but two main lines of tires, instead of manufacturing three or four lines," he continued. "This policy saves money for the factory that builds the tires, the dealer who handles them and the car owner who buys them.

"Goodyear's two lines are the well-known All-Weather Tread, for many years the standard of first line tire values, and the Pathfinder,

both having full center traction and both constructed with the famous Supertwist Cord. This patented cord, by its extra stretch, absorbs road shocks and springs back into place millions of times, thereby adding miles of life to the tire, while ordinary cord fatigues loses its stretch and causes failures.

"With summer coming on and with it the extra driving the season brings, aggravating road delays can be avoided by replacing old tires with safe, sturdy, good-looking new ones at the present time while prices are still low," Mr. Holland concluded.

STATE NEWS

A resolution was presented the Legislature Monday that would, if adopted, enable former Gov. James E. Ferguson to hold office again. Barred by impeachment from holding office himself, he has twice elected his wife to the office.

A sentence of 2 years imposed on G. W. Shelton in Federal court in Amarillo Monday for robbing the Groom postoffice, has been suspended pending good behavior.

Otto Deats, former cashier of a Graham bank was released from serving a prison term in Amarillo Federal court when a number of business men of his town appeared in his behalf. The sum alleged in the embezzlement charges, \$1,350, was restored to the bank.

Jack Strickland, aged 28 of

COUNTY SCHOOL NEWS

By Sloan Baker
County Supt. Schools

Twelfth report on Legislation. The question is frequently asked of us at this time how much money is in sight for the schools next year. Nobody can tell at this time. The Governor has not signed the oil tax bill yet or the intangible tax bill on pipe lines. Judge Harman, chairman of appropriations committee, told me Thursday that he estimates that we have enough for about \$8.50 per capita next year after the deficit that will remain in the fund on September 1st has been paid and that is taking into account that all the bills that have been passed will be signed by the Governor. The Governor and Governor Jim told me Friday in a conference that the Governor's estimate is about \$10 for the per capita next year after the deficit is taken care of and the measures that have already been passed are taken into account. Some of the other representatives estimate that we shall have about \$13 per year for the next biennium. I am giving you below the estimates made by Mrs. Hughes, who is one of those estimating that we have \$13 for each year of the biennium:

Receipts for Biennium
Revenues expected—\$46,050,140.00
probable additional income from cigarette tax—\$3,500,000.00
One half gross receipts on oil and pipe lines—\$4,224,500.00
One half the intangible assets tax pipe lines—\$3,000,000.00
Total revenues biennium \$56,774,640.00

Expenditures
Text book requirements—\$3,600,000.00
A per capita of \$16—\$50,111,728.00
Deficit on August 31, 1933—\$7,617,796.93
Total needs for a \$16 per capita—\$61,329,524.93

Whether Mrs. Hughes with those who agree with her is correct, or whether Mr. Harman is correct, or whether the Governor and her advisors are correct, I cannot tell, only one thing is certain, and that is the Legislature up to the present has not made provision for the public schools for the next biennium.

Gulf Refining Co. Puts New Deal to Practical Use

Here's one of the most remarkable stories, as well as one that is of special interest to all the people of Texas. Three years ago the Gulf Refining Company engineers made a discovery of revolutionary importance to the oil industry. A discovery so advanced, so significant, that it made possible a finer, longer-lived motor oil than the industry had ever seen.

This discovery was an utterly new refining process—the now famous Alchlor Process, exclusive with Gulf. The oil made by it is called Gulfpride.

At first it was possible to produce only limited quantities of this new and remarkable oil. But so amazingly outstanding was its quality that—utterly without advertising and publicity—its fame spread throughout the United States and all foreign nations. It came into universal demand wherever the finest motor lubrication was sought.

Gulfpride has now proved itself beyond question the finest motor oil in the world. This oil is manufactured in the Gulf Refinery in Port Arthur, Texas. It has established seventeen world's records! It has surpassed every set of specifications ever issued for a motor oil, including U. S. Army, U. S. Navy, and British Government.

Gulfpride is now in demand in all corners of the earth and shipped to all points from Port Arthur, Texas, where it is manufactured.

The current extensive advertising campaign of the Gulf Refining Company now appearing in Texas newspapers is stressing this oil and, too, the fact that Gulf stations sell three grades of oil and gasoline at three different prices, ranging from the buying power of the motorist who wants a low priced gasoline or oil, but wants the most possible value for the money, to the motorist who wants the very best regardless of cost.

Will Rogers can be heard on the air every Sunday evening on the Gulf Refining Company radio program at 7 o'clock and Irvin S. Cobb on Wednesday and Friday evenings at the same hour. A weekly comic paper is distributed free at all Gulf stations.

Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you. Look at the present prices of the world's most popular tire, the Goodyear All-Weather — and the prices of the thrifty Goodyear Pathfinder — and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.

SPECIAL NOTICES

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 32

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Section 1-a of Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article VIII, Section 1-a: Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; provided that this exemption shall not be applicable to that portion of the State ad valorem taxes levied for State purposes remitted within those counties or other political subdivisions now receiving any remission of State taxes, until the expiration of such period of remission, unless before the expiration of such period the board or governing body of any one or more of such counties or political subdivisions shall have certified to the State Comptroller that the need for such remission of taxes has ceased to exist in such county or political subdivision; then this Section shall become applicable to each county or political subdivision as and when it shall become within the provisions hereof."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas exempting Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads from State taxes."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 30

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto another Section, Section 51a, which shall read as follows:

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, not to exceed the sum of Twenty Million (\$20,000,000.00) Dollars, bearing interest at a rate not to exceed four and one-half (4½%) per centum per annum; and payable serially or otherwise not more than ten (10) years from their date, and said bonds shall be sold for not less than par and accrued interest and no form of commission shall be allowed in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, but to be fairly distributed over the State and upon such terms and conditions as may be provided by law and the Legislature shall make such appropriations as are necessary to pay the interest and principal of such bonds as the same become due. The power hereby granted to the Legislature to issue bonds hereunder is expressly limited to the amount stated and to two years from and after the adoption of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof from some source other than a tax on real property and the indebtedness as evidenced by such bonds shall never become a charge against or lien upon any property, real or personal, within this state.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State on the Twentysixth day of August, A. D., 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the Amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds"; Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the amendment to the Constitution providing that the Legislature may authorize the issuance of bonds of the State of Texas," not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS H. J. R. NO. 43.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Subsection (a), of Section 20, of Article XVI, of the Constitution of Texas, be amended so as to hereafter read as follows:

"(a): The manufacture, sale, barter or exchange in the State of Texas of spirituous, vinous or malt liquors or medicated bitters capable of producing intoxication, or any other intoxicant whatever except vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight, (except for medical, mechanical, scientific or sacramental purposes) are each and all hereby prohibited. The Legislature shall enact laws to enforce this Section, and may from time to time prescribe regulations and limitations relative to the manufacture, sale, barter, exchange or possession for sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight; provided the Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct, town or city may, by a majority vote of those voting, determine from time to time whether the sale for beverage purpose of vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcohol by weight shall be prohibited within the prescribed limits; and provided further that in all counties in the State of Texas and in all political subdivisions thereof, wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article 16, of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county or in any such political subdivision thereof, any spirituous, vinous or malt liquors or medicated bitters, capable of producing intoxication or any other intoxicant whatsoever, unless and until a majority of the qualified voters in said county or political subdivision thereof voting in an election held for such purpose shall determine it to be lawful to manufacture, sell, barter and exchange in said county or political subdivision thereof vinous or malt liquors containing not more than three and two-tenths per cent (3.2%) alcoholic content by weight, and the provision of this subsection shall be self-enacting."

Section 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Saturday in August, 1933. At this election all voters favoring the proposed amendment shall write or have printed on their ballot the following words: "For the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Those voters opposing said proposed Amendment shall write or have printed on their ballot the following words: "Against the Amendment to the Constitution of Texas, authorizing the sale of vinous or malt liquors of not more than three and two-tenths per cent (3.2%) alcoholic content by weight."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election and to have same published as required by the Constitution and Amendments thereto.

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 31.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as hereinafter provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those residents qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for service, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax

greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to Article IX of the Constitution of Texas, authorizing the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds"; Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the Amendment to Article IX of the Constitution of Texas, authorizing the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

NOTICE OF THE PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS S. J. R. No. 31.

Be It Resolved By The Legislature Of The State Of Texas:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it hereby is ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It further is provided that the Legislature, by a favoring vote of two-thirds of the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once per week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected county. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of any incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may in any way affect the operation of the General Laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a county to operate hereunder; or may provide for a governing body otherwise constituted, which shall be elective, and service therein shall be upon such qualifications, for such terms, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter, such governing body shall exercise all powers, and discharge all duties which, in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"b. A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this Constitution, and the duties of the Judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as hereinafter provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and or County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code, and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"c. Save as hereinabove and hereinafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department, whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service therein, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save, that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution, at such time as a Charter provision adopted hereunder may be in effect (save as to those offices which must continue to be elective, as herein elsewhere specified), all contracts for the giving of service by deputies under such officers, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"d. Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"e. In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(4). Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefor its obligations. Such obligations, other than those to refund a lawful debt, shall not be valid unless authorized by a majority of all votes cast by those residents qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations, maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures, which tax shall not exceed the then existing Constitutional limits.

"(5). Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for that same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for service, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(6) a. Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town, district or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal is submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district, or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified votes cast within the yielding defined governmental entity, and a majority of the qualified votes cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reposed in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures, and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency, to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"b. In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"c. When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided, however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities or towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any Amendment thereof) for incorporated cities according to the population, provided that no tax

greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"d. Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then existing Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits as control taxation for a city or a town of like population. Likewise such Charter may provide for the governing board of the county subject to existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relative to the same.

"(7). No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX, shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation, and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may forbid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to Article IX of the Constitution of Texas, authorizing the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds"; Those voters opposing said amendment shall write or have printed on their ballots, the words: "Against the Amendment to Article IX of the Constitution of Texas, authorizing the issuance of bonds of the State of Texas, not to exceed Twenty Million (\$20,000,000.00) Dollars, for relieving the hardships of unemployment and for the necessary appropriations to pay said bonds."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

"THE DAY OF MEMORY"

The thirtieth day of May has long been set apart as Memorial Day, a day when every loyal citizen of these United States, commemorates the deeds of valor, self-sacrifice and heroism and love of those brave men who have given their lives for their country. It is a day, when tribute is paid to their memory in song and stirring addresses, a day when to the sober

SPEED!

Time counts when you're in pain! Insist on genuine Bayer Aspirin, not only for its safety but for its speed. The tablet that is stamped Bayer dissolves at once. It is many minutes faster than remedies that are offered in its stead.

If you saw Bayer Aspirin made, you would know why it has such uniform, dependable action. If you have ever timed it, you know that the tablet stamped Bayer dissolves and gets to work before a slower tablet has any effect.

Stick to genuine Bayer Aspirin. You know what you are taking. You know it is harmless; nothing in it to depress the heart. You know you will get results. For headaches, colds, neuralgia, rheumatism, the safe and certain relief is always the tablet stamped

strains of the funeral march, the comrades of those who have gone before, journey to the cities of the dead to pay them the respect they merit. It is a day, when our youth gather the choicest blossoms to adorn the graves of our nation's heroes. It is fitting that Memorial Day should be thus kept, and that honor and respect should be shown to our silent heroes, who fought valiantly for the right, and who sought to establish justice and equity.

In recalling the past we find that our Memorial Day is a day with many important lessons.

1. It teaches Christian patriotism. Love for country is not only a national sentiment in every true heart, but it is right in the sight of God. No man can ignore his relation to his country and not sin against God.

2. It teaches the value of peace. It shows the cost of war. What it cost us in dollars and cents, may be wiped out and forgotten; but the cost of the thousands of lives will never be forgotten, while Memorial Day continues to be observed. At a great price we have obtained freedom. It was the price of blood, the blood of our nation's heroes. Our nation will not soon forget the value of peace purchased at such a cost.

3. The day also brings lessons of gratitude and hope. Memory is the mother of gratitude. So when we recall our national blessings, how much cause we have for gratitude to God. We can truly say: "The Lord hath done great things for us, whereof we are glad." "The Lord of Hosts is with us The God of Jacob is our refuge."

In our Memorial Day Services next Sunday morning our subject will be "The Supreme Gift of Patriotism." Our Sunday night sermon will be the fourth in the series on "Salvation" the subject will be, "The Unrevealed Salvation."

GOLDSTON

Sunday school was held with good attendance. We had some visitors and welcome them back.

Mr. and Mrs. Herbert Hunt of Jericho visited her parents, Mr. and Mrs. H. Morgan this week end. The play "Spooky Tavern", was

well attended Saturday night in spite of the threatening weather. The amount taken in was eight dollars.

Eldon Dyer and Carl Dilll spent the latter part of last week with George Dilli at Pampa.

Mr. and Mrs. Darnell of Jericho visited Sunday school here Sunday.

This community was some what surprised at the wedding of Mr. Wilson Gray and Mrs. Blanche Odon Saturday. Mr. Gray is a prominent citizen of our community and we extend our best wishes for a happy and prosperous life to Mr. and Mrs. Gray.

Miss Zona Malone of Memphis is visiting relatives and friends here this week.

Mr. and Mrs. Worley of Le Fors visited Mr. and Mrs. G. R. Grant Sunday.

Mr. and Mrs. H. M. Stewart and daughters, Mr. and Mrs. Dick Eichelberger of this place, and Mr. and Mrs. Neely Hudson of Chamberlain. All surprised their grandsons and nephew, little Gilbert Stewart with a birthday dinner Saturday, honoring his second birthday.

Miss Irene Rhodes is at home since school closed in Clarendon last week.

Mr. and Mrs. H. T. Stewart spent the week end with relatives Dorothy Rhodes returned home with them for a weeks visit.

Mrs. J. L. Goldston and children are visiting her parents in Amarillo this week.

Mr. and Mrs. C. E. Nixon visited Mrs. N. L. Murff of Brice Sunday. Mrs. Murff has been ill for some time. It is reported that she is some better.

Mr. H. B. Rhodes and Mr. and Mrs. A. L. Millsap visited in Chamberlain Sunday morning.

Mrs. Aderine Pharr visited with Mr. and Mrs. Edd Wheeler over the week end.

Mr. and Mrs. Patterson entertained the younger people with a party Tuesday night.

Mrs. Vera Knowles of McLean spent last week visiting her sister, Mrs. Fred McAnear.

Mabel Maness of Hedley spent the week end with her sister Lola Maness.

Mr. and Mrs. A. H. Rhodes of Amarillo visited Mr. and Mrs. C. E. Nixon Saturday night. They were enroute to Brice to visit Mrs. Rhodes' mother, Mrs. N. L. Murff.

BRICE

Little Miss Vada Fay Holland has been on the sick list but is some better now. Zack Salmon is also on the sick list.

Misses Virginia and eVlma Lemons spent Sunday in the home of Mr. C. J. Holland and family and had a most enjoyable time.

All of the ladies had a wonderful time at the quilting last Tuesday. They quilted three quilts and started on the fourth one. Their motto is, "By helping others you will always receive help in return." The dinner was very delicious and enjoyed by all.

Miss Velma Lemons and Miss Mildred Pitman spent last Tuesday night and Wednesday in the home of Mr. and Mrs. Glispy. They enjoyed their visit very much. Miss Velma Lemons, then spent Wednesday night and part of Thursday in the Pitman home. She enjoyed it very much as they have a radio which is so much parttime.

Miss Thelma Ruth Lemons spent Sunday in the home of Bro. Milton Evans and family.

The attendance at Sunday school was not very large Sunday but we hope to have better attendance next Sunday.

We are very sorry to report that Mrs. Murff is still on the sick list. All of her children were here Sunday, with the exception of one daughter.

Miss Nina Mae Higgins gave a birthday party last Friday night and invited the boys and girls. The girls spent the night with her.

Mrs. Beil Hill has moved back at Brice for the summer. We are very glad to have her back in the community again as she is such good helper in the community where she is.

The folks of this community were very proud of the rain that fell here Saturday night. It did not rain as much in the upper part of the flat as it did in the lower part but everybody is pleased with what God has given us and we feel that He has blessed us wonderfully.

School closes here next week. We are expecting to be entertained three nights by the school children. Next Thursday week, all children and parents, will have an all day picnic at the school house.

Friends, what does friendship mean to you? It is something that is very hard to express in words. Jesus was the best friend that ever

walked this earth but some of us today have many good friends. A friend is one who can sympathize, and try to help you carry your troublesome burdens. When you speak of a friendship that is lasting and true, you are describing the friend that you have been to me. I had many friends in school. One of these has composed a poem about myself and dedicated it to me. I would like to give you this poem and I know it is from her heart.

TO MY FRIEND

(Dedicated to Velma Lemons)
I often think of you, my friend,
And wish that you were near;
If I again your voice could hear,
'Twould fill my heart with cheer.

I think about those days in school;
When we were taught the golden rule,
We dealt with each other, fair and square,
Those were the happy days spent there.

Sometimes when we felt the gloom,
We went up stairs to our little room,
Then some funny songs we'd sing;
And to each other joy would bring.

Many times to God I pray,
That I may see you some glad day,
Having more of those joys anew;
Once again, my friend, with you.

She was a friend that soothed my sorrows when life was dark and dreary and I truly hope that we shall meet again some glad day.

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

Dr. W. B. CALDWELL'S
SYRUP PEPSIN
A Doctor's Family Laxative

night at school house was enjoyed by a large crowd.

Mr. and Mrs. R. E. Beach entertained at dinner Sunday the following guests: Homer Beach of Clarendon, Mr. and Mrs. Nelse Robinson and family and Sidney Naylor of Hackberry, Mrs. Mattie Beach, Mrs. H. L. Whitfield and children of Hedley.

George Ennes of Chamberlain visited with Leroy Tidrow Sunday.

Mr. and Mrs. Tom Bain also Mr. and Mrs. Tommy Bain attended the graduation at Hedley Thursday

night, Kenneth aBin receiving his diploma.

ONLY SIX CAUSES OF ILLNESS

There are no more than six causes for illness, according to Dr. Wilfred Trotter of Chicago, with the possibility of the number being reduced to four through future discoveries of science.

One cause is injuries, such as sprains or wounds. Another is deformity at birth, such as hunchback. A third cause is diet, a

fourth poisoning, and a fifth is infection by parasites, including the large number of diseases caused by germs. The sixth is such malignant growths as cancer, which are known medically as "neoplasms"

Dr. Trotter believes only four of these causes real, and that deformities are due to injuries, bad diet, or germ infection before birth, while the cause of cancer will some day probably be definitely attributed to the germ recently isolated.

Public Weigher Gets Ready For Bigger Business

In anticipation of increasing business in his line, public weigher Rayburn Smith has reconditioned his scales through the skill of the Dillon scale company of Dallas, licensed repair men.

All parts worn in any manner have been replaced. A new platform has been installed and other improvements made bringing this service up to that standard of new equipment throughout.

Miss Winnell Stillwell of Memphis is visiting her cousin, Miss Wilma Dee Smith and other relatives.

Billy Gamblin, chaperoned by Boyd Wood, is visiting relatives at Greenville.

NATIONAL NEWS

A Cyclone at Garden City, Kansas injured 12 Monday. Two were injured when an auto in which they were riding was lifted up and slammed down on its top.

President Roosevelt has asked for an appropriation of \$3,300,000, 000 to carry out his plans of a Public Works Bill that is designed to give employment to thousands this summer.

Armed with what is alleged to be inside secrets of the Morgan banking interests, a hearing was begun at Washington this week in an effort to ascertain if any banking laws had been violated, or income tax payments omitted.

C. E. Mitchell, former chairman of the National City Bank of New York is on trial there on a charge of having swindled the government out of thousands of dollars by failure to pay income tax over several years through a manipulation of stock transfers.

The name of "Hoover Dam" has been officially changed to Boulder Dam as it was originally termed when the plans for construction were made.

A new federal regulation limiting a doctor's whiskey prescriptions to 400 per year has been repealed taking the lid off. Attorney General Allred of Texas demands that the higher courts pass on such regulations for his state before the new rule takes effect.

Miss Ruth Price is visiting homefolks for the week.

Many Applicants Appear For Forestry Work

Odos Caraway stated Wednesday that he had received seventy-eight applications for forestry service from young men of the county. He further stated that nothing further could be done until blanks were received from headquarters at Austin.

Some eight or ten young men have taken the first or preliminary physical examinations, but will have to make another trip to Amarillo for the second if notified of a possibility of their passing.

To date only two have been accepted and sent on to Ft. Sill. These young men are Charles Dyer of Goldston and P. C. Dever of Clarendon.

VISITORS FROM SEVERAL STATES SEE CLARENDON

Tourists Are Optimistic As To Recovery of Nation From Oppression

Interviewing tourists at random the past few days, Lynn Ray secured some interesting information extending over a wide section. One thing of particular interest was the optimistic feeling expressed by these men from the several sections.

Another idea expressed by them of particular interest is the fact that they liked the Panhandle, and in one instance a tourist "fell" into town in the midst of a sandstorm, forgiving it as he fell.

Among the tourist visitors here was Wilson E. Myers whose home is in Independence, Kansas. He says his section will make a fair wheat crop, but that the central and western part will not be much. He expects top wheat to bring a dollar this time.

J. A. Thomas of Birmingham, Alabama was entirely pleased with the Panhandle. "It does not seem reasonable that you people should feel the effects of the depression here as we do in the east, considering your resources," he said. "I don't think I could ever get used to your pet sandstorms, but I should not let them bother me if I lived here." He went his way headed for Los Angeles.

R. H. Melbourne of Ainsworth, Nebraska was impressed with our diversification for he said, "when our country will have completely recovered from the depression, your section will still be in the lead because we have a one crop (wheat) section, and the wheat crop is very short this year." He expects a remarkable change by fall.

T. C. Schulzer of Boston, Mass. was on his way to Galveston. Insurance is his line in the city of baked beans. He said business was improving rapidly in the east and unemployment fading rapidly leading him to believe that recovery was near. "Prices in all lines are mounting back east", he said.

W. H. Lewis of Fargo, N. Dak. said that increasing confidence of the people in the President and his drastic actions in restoring the economical structure has caused a turn for the better in his section. Mr. Lewis asked: "Where is the Cap Rock, what does it look like and how big is it?" He was due for a surprise there, but since he liked the country, what difference would it make?

Hundreds of foreign state tourists pass through here every week. With the paving of Highway 5, there will be thousands. The Highway department in keeping count last summer totaled over six hundred autos a day on No. 5.
