\$238,424.75 Cash Will be Paid Donley Co. Cotton Farmers Under Wallace Plan

20,827.25 Acres Offered to be Plowed up out of 56,137 Acres Planted on Farms of 842 Applicants According to G. L. Boykin, Local Investigator Wednesday

Offers to destroy 20,827.25 acres on 842 farms have been made by Donley County cotton growers in the Federal reduction campaign, according to G. L. Boykin, who has been in charge of this work in the county. Figures show that 56,137 total acres of cotton have been planted on these 842 farms. The average of lint per acre accepted by the County Committee was 169.23 pounds which comes within the pound limit allowed for Donley county.

Those accepting the first or total cash settlement will receive \$176,294. The second or optional plan will receive \$62,130 in cash and an option on 2,495.66 bales of cotton. All totaled the cash settlement of both plans will net local farmers \$238,424.75. On the basis of present market prices every farmer who holds an option in this county has about \$20 per bale made on the cotton on which he holds option at 6 cents figuring the market at ten cents. If sales were made on the basis of these market figures \$49,913.20 additional would be brought into the county on the 2,495.66 bales in option contracts.

Below is a copy of a telegram received by the local committee dated July 15, from C. A. Cobb which is self explanatory:

"Secretary declared cotton program in effect today at one forty-five p. m. Contract offers being rushed through tabulating unit with utmost speed. Will begin mailing notices of acceptance from Secretary to producers in bulk to county agents Wednesday for distribution to local committeemen. Caution farmers not to plow up cotton until they receive their notice of acceptance showing that their offers have been accepted. See that the local committeemen who inspected the land at the time contract was signed makes the in-

Warren Lott Opens Service Station Tuesday

An old familiar name was again added to the list of business firms along main street this week when Mr. Warren Lott took over the management of the Magnolia service station operated by Mr. Mike Baird in the Lott building.

Several years ago a garage was operated in the same building by Mr. Lott. The new firm will maintain a day and night service and also storage.

Miss Margaret Dillard, daughter of Mr. and Mrs. R. J. Dillard, and Miss Ruth Nichols, daughter of Mr. and Mrs. S. T. Nichols who are student nurses at Houston, will be home Sunday for a visit with homefolks.

Headquarters for Drug Ring and Murderers

Many secret compartments and secret rooms in the palatial two-story home of O. D. Stevens, northeast of Handley, Texas, were found by officers endeavoring to solve the triple murder mystery in Fort Worth last week. They claim that Stevens was head of the drug ring and also master mind of the \$71,000.00 mail truck robbery in Fort Worth last February. He has been charged with the triple murder and the mail robbery. In the lower left photograph Sheriff J. R. Wright finds a secret panel leading to a hidden room in the attic. In the lower right photograph City Detective Reams discovers a secret entrance to a hidden basement room. Narcotics worth thousands of dollars were found.

Principals in Triple Murder, Drug Ring and Mail Robbery

Jack Sturdivant of Eula One of three murdered men

Harry Rutherford of Dallas Another of three murdered

Weldon Routt of Dallas Charged with mail robbery only

O. D. Stevens of Handley Alleged "master mind" charged with murder and robbery

M. T. Howard of Handley Charged with mail robbery and Murder

M. B. Howard of Dallas Charged with mail robbery and Murder

A crime ring probably surpassing any other organization in the annals of Texas crime history has been unearthed at Fort Worth in the search for the bodies of three missing men, Jack Sturdivant, Harry Rutherford and J. B. Rutherford. The finding of three sets of blood-stained clothing and later the horribly mutilated bodies of the three men, ensnared in only a hog wire net for a shroud, eventually led to the arrest of four men charged with the murder. Investigations also solved the mystery of the \$71,000.00 mail truck robbery at Fort Worth last February, the same four men and one other being arrested and charged with that crime. Thousands of dollars worth of narcotics were found in the home of O. D. Stevens near Handley, which has been headquarters of a big drug ring, and headquarters of the men murdered and other men indicted. Police say Stevens was head of this ring and "Master Mind" of the mail robbery.

FARMERS HAVE PLENTY MOISTURE TO PLANT FEED

Rains of Friday Cover Most of Donley County With 1.84 at Clarendon

The rainfall of Friday afternoon, again that night and showers since then have practically covered the county with a rainfall sufficient for the planting of feed crops of all kinds.

During the dry spell of several weeks, cotton did not suffer except from windstorms. Having put down a taproot, the growth since the rain has been extra good.

Early corn and some of the feed crops perished when rain failed for more than two months.

Planting on a large scale began early Monday. This planting is largely limited to hegarria, cane, millet, sudan and other feed crops. Due to the advancing feed prices, plantings are expected to be on an extensive scale.

In many places, farmers are planting feed in the cotton middles where they expect to plow up the cotton when orders are received. This is being done to take advantage of the excellent moisture that is present at this time.

Crops over the county are spotted this season due to the fact that some sections received heavy showers during the dry spell. The best crops at this time are said to be in the Goldston and Ashtola communities.

Local Lions Hear Report Convention Delegate

President-Elect Nored reported to the local Lions Club Tuesday on his trip to the International Convention held in St. Louis. He left here Saturday, July 1; spent seven days at the Century of Progress at Chicago and four days at the Convention.

In his report Mr. Nored told of the humorous side of his trip but especially stressed the important points as explained to the 4,000 delegates from every country where Lionism is represented. Major activities as well as local civic programs were discussed by competent members of Lions International.

New officers will probably be installed at the next meeting, Tuesday July 25th.

Chamberlain School Building Nearing Completion

The beautiful new school building at Chamberlain is rapidly nearing completion at this time under the direction of the contractors, Speed brothers of Clarendon.

The top and floor is expected to be added by the last of the week, and the building is expected to be ready to turn to the school board within a few days thereafter.

This is one of the many fine rural school buildings of the county and much credit is due the school board for the excellent judgment used in their selection of contractors, material and size and plan of the building.

G. C. Reeves is president of the school board. A. O. Hott and Gilbert Mann are the other members of the Board. This Board is said to have had the unqualified support of the leading citizens of the community in getting the building job done.

Chamberlain Team Shuts Out Claude Team Sunday

The Chamberlain baseball team played its best game of the season Sunday at Claude with a 6 to 0 win. The Claude team had been beaten only twice this year and that by two crack teams from Amarillo. The Chamberlain team showed so much fire that local fans are talking it up to enter them in the Globe-News tourney at Amarillo.

Clarendon made six runs, fourteen hits and one error while Claude made no runs, 3 hits and 2 errors. Roy Blackman was 'right' with his pitching to Schull Sunday. Claude used two pitchers, Byrd and Warner with Tucker catching. Buck Parker led in the hitting average with Stephenson and Bianton each getting tripple hits. The Claude players could not get better than a single.

Blackman fanned ten men while Claude's pitchers fanned three of the Chamberlain players. One local fan said, "they were there from everywhere but Clarendon." A return game is to be played on the Bryson diamond on the Brice road south of town Sunday, July 23rd at 2:30 p. m. Let's give the boys better support.

Chamberlain's line-up: Blanton, 3b; Isham, ss; Blackman, p; Schull c; Stephenson, 2b; Reid, lf; Parker, lb; Ozier, cf; Johnson, rf.

Mrs. Kelly Chamberlain and children are visiting her mother Mrs. Reber at Colorado Springs.

SUNDAY SCHOOL SOFT BALL LEAGUE GAINS INTEREST

Baptists Leading Soft Ball League With Three Wins And No Losses

Changing interest from the old Twilight League to the new Sunday School soft ball league is being noted as more games are played. All of the Sunday School teams are getting in better condition and showing more real ball playing form.

The Baptist team is leading the League with three straight wins and no losses, although some of the scores were very close. The Methodists are in second place with two victories and one loss. The Presbyterians follow with one win and two defeats. The Christian team is in the cellar with three losses and no victories, but they are gaining strength in their team, and according to the preacher they are going to spring an upset at the least expected time.

If you have not been coming out to these games, you are missing the best free entertainment offered in Clarendon. You will enjoy the spirit of rivalry and bantering that accompanies these games played by both men and boys. The Presbyterians played two young ladies in their game Saturday to make up a team and won by the largest score yet to be made.

Third Annual Legion Rodeo Draws Interest

The third annual American Legion rodeo at Claude, Texas being held today (Thursday) and tomorrow, Friday, July 21st, appears to be attracting more attention this year than ever before. Many of the cowboys from around Clarendon are participating in the ten events trying for the four hundred dollars offered in prizes. Regulation contest rules are being used, and entries close at 12 noon.

A number of Clarendon people are getting together to go to Claude Friday. They will leave here about eleven o'clock. At this time it is not certain whether the Clarendon band will make the trip with the boosters or not.

PETITIONERS ASK DONLEY BEER LAW REPEAL

Strong Sentiment Favors Vote to Determine Beer Question

It is said that ten percent of the legal voters of Donley County have signed petitions this week asking the County Commissioners to hold an election on the County option at the same time that the State election is held. Backers of the movement say that the County will be saved the expense of another election, and the only cost this way will be the special ballots needed.

In looking over the list, the names of both wets and dries are noted. Both sides believe that the only fair way to test the true sentiment of the County and to get the question settled as to whether Donley county will have beer or not providing the State as a whole goes wet, is to hold an election.

The petition, as shown to the Leader representative is as follows:

"County-Wide Election Petition To the Honorable Commissioners Court of Donley County Texas.

We, the undersigned, constituting at least ten percent (10%) of the qualified voters of Donley County, Texas, according to the vote for Governor of the State of Texas in the general election held in the year 1932, respectfully petition your Honorable Body to order an election for said Donley County, to be held on the twenty-sixth (26th) day of August, A. D., 1933, within the hours, in the manner and by the election officers provided by law; at which election there shall be submitted to the qualified voters of said County the question of whether or not the sale of beer containing not more than three and two-tenths per centum (3.2%) of alcohol by weight shall be permitted or prohibited in such County."

The Clarendon band will be out filling the air with snappy tunes. Your friends will be looking for you; let's all have a big get-together in Clarendon next Saturday, July 22nd.

G. F. Lane Manager of Motor Freight Terminal

G. F. Lane who has been in the motor freighting business in and out of Clarendon for the past ten years accepted the management of the Miller & Miller motor freight terminal which was opened here last week. Mr. Lane is well known in the Panhandle as one of the first in the motor freighting business.

Trucks will arrive from Amarillo and Wichita Falls every night and the freight will be delivered by Mr. Lane the next day.

Dr. B. H. Moss, father of Mr. R. S. Moss of this city, died at his home in Willow, Oklahoma this (Thursday) morning at 12:45 a. m. at the age of 88. Dr. Moss had for many years been practicing medicine in that section of the country. While visiting his son and family here, he has made many friends who admired the aged doctor. His death came from paralysis. He was buried this afternoon at 4:00 p. m. at Willow, Oklahoma.

Mr. and Mrs. R. S. Moss and family attended the funeral.

Three Murdered Men in Hog Wire Coffin

The lower photograph shows the bodies of the three men brutally murdered in Fort Worth last week, shortly after they were found in the Trinity river near the First street bridge. The upper photograph shows a crowd on the bridge, just before the horribly mutilated corpses were hoisted 75 feet from the river to the bridge. Police say the bodies were cut and battered in an effort to prevent identification. The men killed were Jack Sturdivant, 24, of Eula; Harry Rutherford, 28, of Dallas, and his brother, J. B. Rutherford, 30, of Dallas.

West Texas Press Association

NEWSPAPERS AND THE NEW DEAL.

Ray S. Carney, editor and manager of the Robstown Record gets off a witticism in his last issue concerning the cotton-plowing-government-pay-process that tells a complete story in two sentences.

"You farmers are in luck. Think of us poor country editors who had to plow up from two to four pages of our paper and didn't get paid for it."

Editor Carney knows what he is talking about. He has been doing just that for several weeks—yea several months. Others have "plowed" up even more. We might add to this statement that the next thing to having a bank "bust right in your face" just as the cashier is preparing to hand you your money, is to receive a wire canceling a fat schedule after you have had the electros in your office for a week.

THE SURVEY MANIA.

According to the modern method of "making surveys" no instrument is needed; not even brains are needed. Some kind of an organization merely runs out of something to talk about and some boob suggests that a "survey" be made. This merely means that a committee will be appointed to investigate something. That something is usually the farmer. The next step is to print some tracts for the membership to study, the subject being supplied from the committee's report. After careful study of the tract, several speeches are then made by a member to the other members. After that, some other method must be studied up—the survey subject has been exploited. This is a favorite topic of civic organizations in many places where the plan has been used with the usual success. Some times the chamber of commerce will take the lead and open up a wonderful new field for investigation which is crowned with the usual success of the civic clubs.

ROOSEVELT "WHAMS" REPUBLICANS.

The ornriest dig that a fellow can take is to hit a fellow in the face behind his back. That is just what Franklin Delano Roosevelt did recently when he put the postmasters on a civil service basis. He knew that most of them were Republicans anyway, and this intelligence test will be their finish. A civil service requirement means that a postmaster applicant will have to know how to read.

Take for instance up at Dalhart. No matter whom he succeeded, Dave Autry has been named acting postmaster. Dave has been "acting" for the county democratic committee for several years. He ran into that literacy test the first thing. A politician does not necessarily have to know how to read since being a good listener is his most valuable political asset. Dave had neglected some of the opportunity of his early school days. He is still "acting" postmaster because he acts like he may learn something yet. If he does, then he will be crowned postmaster with all the honors and emoluments of office.

Coming on down nearer home, our local postmaster knew "beans" to begin with from having hailed from Boston. They may have been baked, but he was a first-class judge of the delectable legumes, and especially after being treated to heat. Local democrats are banking their confidence for a change in the fact that our postmaster is rated as a tip-top clarinet player, he having for several years been a member of the Boston Symphony Orchestra. Did he neglect his reading lessons while undergoing the spell of syncopation in early manhood? That is the question in which local democrats are vitally interested. If friend postmaster felt the guiding hand of a benevolent tho firm Boston schoolmaster in his Webster Blue-Back speller days, then a local ambitious democrat will have cause to blame Webster. Those blue-bellied yankees have always been playing smash with the ambitious of southern democrats anyhow, Webster being no exception. It has been hinted that Postmaster Bugbee has not been giving much attention to his musical instrument since being handed the local postoffice, he being more of a resourceful disposition, turned his attention to reading with the second week of the Hoover administration when he strongly sensed the necessity for a national change in the political complexion of Uncle Samuel's domain which also incidentally includes the state of Texas.

COOPERATIVE FARMING.

Government officials connected with the farming division of the Industrial Recovery Act have been consulting officials of the farmers cooperatives. A certain element of farmers have been for many years attempting to pattern af-

ter the cooperative organizations of Denmark and other nations of that section. They have found more profit in working together rather than as economic enemies.

Cooperatives as a rule are free from political prejudice and domination. Other nations have proven that such organizations are logical. Had it not been for the mutual understanding of farmers and dairymen of Norway, Sweden and Holland not to mention several others, those nations would have been bankrupt long ago. Instead, they are most prosperous today of all nations.

A few shrewd men have dominated the farming and manufacturing element up to the present. The manufacturer was controlled through financial channels, and the farmer through prejudice.

Farmers were kept disorganized. They were made to fight the interests of each other. During this mad scramble of competition, a few shrewd men took all the profits. Stock gamblers and middle men gobbled up the profits and the producer was left at the end of the year to begin where he had left off the end of the preceding year.

This may sound strange but we have to face facts. There was but one way to help the farmer. He must be made to quit working against his own interest. This is to be accomplished through government control. The government enters upon the scene at this time and demands of the farmer certain things. Failing in a compliance, he will be left to his own individual destruction.

Not only does our government demand that farmers quit the old cut-throat method of competition, but the same demands are being made of those in other lines. Factories must pay a higher or living wage and cut down the working time. Children must be liberated from long hours of toil in a factory workshop and directed to a school room where they belong. Cut throat competition in every line of endeavor is to be eliminated according to present plans. Waste will be turned into useful profit. In other words, during the next twelve months we are to get a glimpse of a real civilization for the first time.

TEMPLE OF TRUTH
By the Apostle

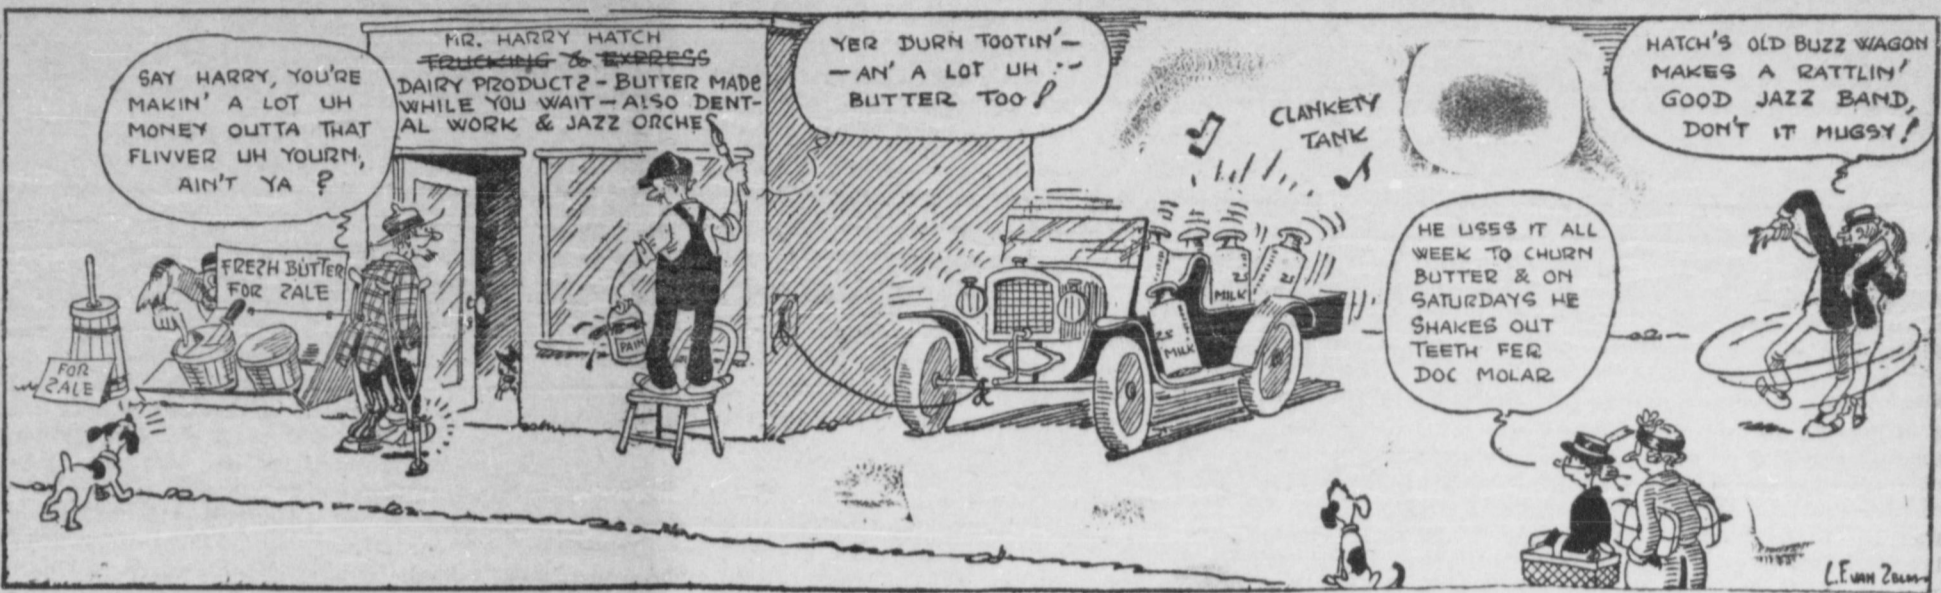

Colorado folks don't like the new liquor law. They prefer the good old days of prohibition. Six months ago open saloons operated dispensing beer with a wallop. This information was given the writer Saturday by the daughter of a parson who never drinks. Neither do any of the members of his family drink. She spoke of a Mey festival where 80 percent of the men and a lot of the women were drunk. Now they have to be content with 3-poin-2 and they can't drink enough to create a wobble. She said the quality of the gin and wine had deteriorated, according to the drinking element. Looking the situation over, the men folks looked disappointed. They are plainly being buncoed. Many of them have turned to the prohi side too late. If they could vote over again, they would vote against any change in the liquor laws simply because as they claim, they have been robbed of a kick long expected.

Those who have been up the Denver road beyond the state line before the recent showers will attest to the dryness of John McCarty's territory around Dalhart. They have about as much grass as would grow on a pavement. Showers from Clayton on into the mountains have given the folks relief. Feed planting has been done and a heroic effort is being made to head off the high prices of feed this winter.

Will some of the fraternity please state the whereabouts of "The World's Worst Hick." Local readers of the Moore County News come in every week and inquire. Did you ever have a perfectly good friend look you square in the

face and appear to look like he thought you were a liar or just plain crazy? Well, we did Friday morning. A farmer came in for a visit which was being appreciated in the fullest up to the time the Apostle popped off with the statement that "farmers here will raise more than they can gather this year." At that time the weather was beyond reason and had been for several days. The fields were in the grip of dry weather. That fellow looked at the old Apostle in a half-pitying sort of way and walked out. Was he mistaken? Information is correct, he got a good rain within 10 hours from the time he left the office disgruntled. Will he come back and plank down and say the old man was right one time? We hope the creek got up to where he couldn't get to the well. He had never stopped plowing, and we had never stopped guessing.

Counting the lonesome time put in, and the hardships endured causing time to drag, the Apostle has been in the Panhandle 150 years and has never lost confidence in the ability of the country to produce plenty to carry the folks through to the next year.

Radio fans report that about 1 p. m. Saturday, all interference suddenly ceased. It had been that for some time that the "cracking" noise was from static. It is now thought to be caused from a leak in the high line. Without a leak somewhere, there is no reason why we should not get the same service from radio in summer as in winter. It is hoped that the Utilities company will remedy the defects while working over their high lines at this time.

Tells How She Took 4 Inches Off Hips 7 Inches Off Waist

In 40 days by taking Kruschen Salts, Mrs. Helga Blaugh of New York City reduced 26 1/2 lbs.—took 4 inches off hips, 3 inches off bust and 7 1/2 inches off waist. She writes: "I haven't gone hungry a moment—I feel fine and look 10 years younger."

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upper arms SAFELY and with out discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar lasts 4 weeks and costs but a trifle at or any drugstore the world over. Make sure you get Kruschen because it's SAFE. Money back if not joyfully satisfied.

SPORTS
By Hack

Clarendon Fans missed the best game of the season by failing to go to Claude for the game between the Chamberlain team and Claude. This game was a game from start to finish, with neither team getting away with a large lead that could not have been overcome with a little luck.

Another thing was the lack of errors committed. Only three errors in the game were made, two by Claude and one for Chamberlain.

The Chamberlain boys with a week of rest were in high spirits

(not 3.2) and made the most of every break they got. Blackman, having relinquished the role of relief pitcher and gone to work as a starting pitcher, pitched a wonderful game, allowing only 3 safe hits and striking out 10.

These same teams will battle on the Chamberlain diamond on the Brice road Sunday. An overflow crowd is expected. Since most of the citizens of Ashtola and Goodnight are more than anxious to see the return game. Also many fans from Claude are coming to root for their boys.

The Yanks are again at the top of the Heap in the American League and game ahead of the faltering Senators. However, we still believe the Senators will end the season with a percentage higher than the Yanks.

Pittsburg is stepping along nicely now and will probably end the season in a better position.

Let's all go out to the Bryson ball diamond Sunday eve about 2:30 p. m. and see another good ball game.

REVIVAL TO BE HELD TEN DAYS AT NAYLOR

Rev. M. D. King will begin a ten day revival at the Naylor school house Sunday morning at 11:00 a. m. July 23rd. Evening services will commence at 8:30 p. m. Due to the fact that the farmers will be busy with their planting and cultivating Rev. King said that probably only one service would be held each day; that being at night.

There will be plenty of good singing and real preaching. Everyone is cordially invited to come out to the Naylor school house and participate in this revival.

BRICE

Velma Lemons
We had a large attendance at Sunday school Sunday morning. We are just hoping that the Sunday school will continue to grow.

Miss Eloise Hill has two of her friends from Clarendon spending the week end with her. Mrs. Morriw Pitman and son visited in the home of Mr. M. L. Pitman last Friday night. They went to Amarillo Saturday to visit other relatives. Mrs. M. L. Pitman went with them on this occasion to visit her sisters.

The Baptist revival will start the

first Sunday in August. Brother Reed will hold the meeting. Mr. Hubert Dickson and Mr. Haskell Lemons spent part of Sunday with Mr. John and Jim Lemons.

Mr. and Mrs. Kihough gave a party for the young folks of the community Saturday night and everyone had a most enjoyable time.

Miss Lowena Moore of Memphis will give a violin recital Tuesday July the 25th. Tickets will be sold for fifteen cents each. She is going to the Texas school for the blind and as she is specializing in violin she thinks this will be a great start to her musical career. She has kindly asked me to sell some tickets for her but as I did not figure I could do any good selling them in my own community, I thought I could help her by broadcasting it. All who wish to attend write her and send the money for your ticket or else have your tickets reserved. Write Miss Lowena Moore Memphis, Texas.

Miss Claudine Smallwood, who has been going to Canyon to school has finished the six weeks term and has come home to spend the week end. She is going to attend school six more weeks.

The club ladies of Brice are going to entertain their husbands and families next Saturday night. I am sure all who go will enjoy themselves very much.

There was a quilting at Mrs. Zack Salmon's last Tuesday. Every one had a nice time, although it was a scorching day.

Lolodrop Church in Cameron, West Africa, was founded in 1905. In these days the Christians were few and the boy who beat the call drum went to Doctor Wilmer S. Lehman, medical Missionary, and said, "this should finish. I beat the drum and no one comes." Doctor Lehman replied, "keep on beating the drum, for the day will come when this country will be full of Christians." The prophecy has come true. On a recent Sunday morning at the Chapel, where the old drum called in vain many years ago, four hundred and ten people were present. Beyond, there were fifty-two chapels to which more than six thousand go when they hear the drum. We all should try to be like the drummer and keep on beating the drum. Many times the drum has stopped beating and there was still a soul unsaved.

I have just returned from a most enjoyable trip or visit, whichever you wish to call it, with friends at Goldston. That's a good place to visit I must say. I think the most important thing that happened while there, was the picnic, July the fourth. I enjoyed Rev. McKee's talk very much and it was somewhat on the order as I believed it. The lemonade was delicious and we all hand it to Mr. Earthman for it. I was teased a great deal of the day but as I do not mind that a bit I did not get angry. I was given water for lemonade one time by a man that gets lots of kick out of teasing me.

I must also hand it to Goldston for having such quiet Sunday school classes. I honestly believe you could hear a pin drop in the class as they are so quiet.

Brice community cordially invites a large crowd to Brice for the singing next Sunday afternoon. Our singing days are the fourth and second Sundays afternoons. We enjoy good singing and like to have large crowds.

Readers of the Donley County Leader, just a word for the Apostle He is the jolliest fellow I ever met. When he meets a person he talks to them as he had known them all ways and that is what I like about any person. All you folks that haven't met him have missed one joy of your life and my advice is that you make it a special point to meet him if you have not already. Believe me he knows his business.

SUNNYVIEW

Mrs. A. M. Lanham
Every one is rejoicing over the good rain that fell Friday afternoon. We now have a fine season and crops look nice.

Mr. and Mrs. Ed Cox and son Raymond of Amarillo visited with his sister, Mrs. R. A. Brame and family. Miss Mildred Brame who has been visiting with them returned home.

Mr. and Mrs. Sam Roberts had as their dinner guests Sunday, Mr. and Mrs. Devertie Leathers and children, Mr. and Mrs. Quin Aten, Mr. and Mrs. Rice Batson, Mr. and Mrs. Floyd Parker and daughter, and Winfield Gattis, all enjoyed the dinner and in the afternoon all gathered around the piano and had an old fashioned singing.

Mr. and Mrs. Heckle Starks spent Saturday night at the

Mrs. Neal Bogard of Hudgins. Mrs. Elizabeth Rowley spent Sunday with her sister, Mr. and Mrs. Pat Longan of Midway.

Mrs. A. M. Lanham and Mrs. Elizabeth Rowley called on Mrs. A. T. Russell of Clarendon Monday night.

Mrs. George Kennedy of Lelia Lake called on Mrs. Heckle Starks Monday morning.

Mr. and Mrs. A. M. Lanham and Mrs. Elizabeth Rowley called on Mrs. Emmett Bryson and Mrs. W. S. Hearne of Chamberlain Wednesday afternoon.

Winfred Gattis spent Saturday night and Sunday with Ray Roberts.

Mrs. Hugh Riley received a message Wednesday that her mother, Mrs. Fletcher of Palo Pinto was not expected to live. She left at once but her mother had passed away when she arrived there. She returned home Saturday. Mrs. Riley has the sympathy of the entire community.

A. M. Lanham was caught in the rain and sandstorm Friday evening on his return home from Pampa. He spent the night with Mr. Fortenberry near Jericho.

Mr. and Mrs. Frank Hardin and children called on Mr. and Mrs. Pat Longan Sunday afternoon.

Harry Kerbow stopped over a few days on his way to California to visit his parents, Mr. and Mrs. Kerbow. Ray Prestridge visited with June Taylor on his way to Seattle, Washington.

A BUSINESS TRAINING VS. A COLLEGE COURSE

Under the present conditions, is it wise to undertake a four-year college course? A very prominent educator said recently that since the World War the Colleges of the country have been over-crowded with students, with the results that there is now an enormous over-supply of college graduates. Young men and women with even Masters Degrees are walking the streets unable to find employment. They are told by the business men that their Degree is very valuable and desirable to have, yet they must know how to do some specific thing in order to be of any service to them.

A young man or young woman with a high school education, supplemented with a Complete General Business Course, stands a far better chance to find employment than one who has, or will spend four years in College. A four-year College Course equips one for just a very few places, mostly teachers. The records disclose more than fifteen thousand surplus teachers in Texas alone. The same thing is comparatively true in other states. This record is not much inducement to spend the time and money for a college degree and be unable to find employment.

Business is on the upgrade and this means, of course, that we will see a vast improvement in the employment situation immediately. We hope by fall to be placing every one of our students who graduate.

Comparing the chances for immediate employment and the small cost in taking a business course with that of a College Course, and the cost incident to a college course and the slim chance of employment thereafter, we think the odds greatly in favor of a business training.

man!
WHAT TIRE VALUES GOODYEAR OFFERS!

WITH COTTON and rubber advancing, with everybody hustling to stock up with new tires before higher raw materials force tire prices up, it stands to reason you save money by getting a full set of Goodyears NOW. . . . This new Pathfinder has FULL CENTER TRACTION for complete non-skid safety. It has 20% thicker tread for bigger mileage. And a still stouter body of extra-elastic, heat-resisting, blowout-preventing Supertwist Cord. . . . The famous Goodyear All-Weather—the world's best seller—is also stepped up in safety, mileage and good looks. Think of buying the very best quality tire for no more money than an off-brand, "nobody's tire" might cost!

"THE SINNER'S SAVIOUR."
Text: "Jesus of Nazareth passeth by."—Luke 18: 37.

There are many incidents in the Bible, that reveals the great love of Christ for lost and despairing souls, but none that reveals it more tenderly, than the scene of the rich man, where He meets the poor blind beggar, and touched by his condition, pauses on the journey to heal him.

I. The blind man's condition is a type of the sinner's. He was blind, not of the beauties of God's creation were closed to him. There are two worlds, a physical and a spiritual. As this man was blind to the physical, so the sinner of today is blind to the spiritual. He knows not the joy of pardon, and doubts the reality. "The natural heart" reveleth not the things of the kingdom. He was helpless. "Had suffered many things of many physicians." He had lost faith in external remedies, but as he hears of Jesus, he is filled with emotion and hope and cries out for help. Jesus the Great Physician of today

DOROTHY DARNIT

By Charles McManis

and if the sinner would cry out to Him and accept His remedy, he will find a sure cure for the ailments of sin.

II. The blind man, placed himself in Christ's way. Difficulties were before him, and the crowd tried to keep him back, but he allowed none of these things to hin-

der him. To the sinner of today who would find Jesus, there are many difficulties in the way, and many hindering causes, but to the person who "would see Jesus" the hindering causes can and will be overcome. Nothing should stand between us and eternal Salvation. The blind man surrendered himself to Christ, was willing to trust his case in the hands of the Master. If he had any pre-conceived notions as to how the healing would be conducted, he cast them aside, and trusted in Christ's judgment and power. To find salvation we must trust and obey Christ. He improved his opportunity. Had he not been healed then, he never would have been healed. This was Christ's last trip to Jerusalem. Today may be your last opportunity, to secure the services of the Great Physician use it while you may." Jesus of Nazareth passeth by."

To help you find the Great Physician, we will bring two lessons, next Lord's Day. In the morning, "The Ideal Church," and in the evening, "The Sinner's Peril." Both lessons are of vital importance to every one, come hear them.

MIDWAY NEWS

Mr. John Goldston
This community received a good rain Friday evening and early Saturday morning. Crops are looking fine now and everyone is busy.

The contract for the new school building has been accepted by Mr. John Watters of Clarendon. The well has been started and work on the school house and teacherage will begin soon. Alfred Taylor Navy Pilot Home on Leave

Alfred Taylor, son of Mr. and Mrs. June Taylor of Lelia Lake is home this week on a leave of absence from his duties at the Naval Air Station in San Diego, California.

Alfred entered the Navy six years ago and served continuously until over a year ago when he was

transferred to the Naval Air Service. He studied aviation at the Naval Air Station in San Diego for about a year before he had amassed his required 112 hours to become a full fledged pilot. Counting the hours he flew coming to Amarillo with an officer whom he worked in shifts with at the controls, he now has 246 hours to his credit.

In talking it over, Alfred said

that he had been trying to get into the air service every since he entered the Navy. He now works in the overhaul office while not actually flying. He is required to fly four hours per month.

speciation to see that cotton has been destroyed. It is necessary for him to certify to the fact that the land covered in the offer made to the Government is the same land taken out of cultivation. Have local committeemen, county committeemen and county agent follow implicitly instructions necessary to complete certification. In the meantime checks will be prepared and ready for mailing immediately certificates of performance by the farmers have been received here. C. A. Cobb, Chief Cotton Section."

A list of producers will be sent the local committee and the producers whose names appear on the list will be notified that they can start plowing. Any farmer whose name is not on the list should not plow up his cotton until his name has been sent to the local committee from the Washington office. Some contracts may be held up or returned for correction.

Suicides is Theme Rotary Club Program Wed.

Denzil Davis had charge of the Rotary program Wednesday which consisted of several talks on the subject of "Suicides" and why everyone had "something to live for." It was brought out that the reason that there was ten times as many suicides in the past year as there was ten years ago is the fact that most people spend too much time seeking personal happiness and satisfaction and because of selfishness, they fail to find these priceless treasures, then they decide that life is not worth living. The program of Rotary "Service Above Self" was brought out.

SUNDAY SCHOOL—

Games to be played in July are: July 20—Baptists vs. Christians; July 21—Presbyterians vs. Meth. July 24—Baptists vs. Methodists; July 25—Pres. vs. Christians; July 27—Baptists vs. Pres. July 28—Christians vs. Meth. July 31—Baptists vs. Christians. August schedule will be given at a later date.

Mail Carrying Bids Called For Next Year

Sealed proposals for carrying the mail both to and from the depot to the Post office will be accepted by Postmaster Bugbee as late as July 25. The position will not be awarded for an unlimited time yet. All bids must be made by competent men over sixteen years of age on a yearly basis.

Mother of Mrs. Hugh Riley Dies at Palo Pinto

Mrs. Mary E. Fletcher, aged 87 and mother of Mrs. Hugh L. Riley died at her home at Palo Pinto Wednesday of last week following a fall. She recovered a year previously from a broken hip due to a fall.

Mrs. Fletcher had many friends in this section where she had visited relatives on several occasions.

CLARENDON OILERS TAKE BALL GAME FROM BRICE

Led by Capt. Mgr. Mike Baird, the Clarendon Oilers lifted a sweet ball game from the Brice club Sunday July 16th to the tune of 7 and 4. Radney and Hallford pitched for the Oilers and Tidwell caught. McNeel pitched for Brice.

A large crowd witnessed the game which started off with the Oilers making three runs in the first inning. Joe Baton almost started a winning rally for Brice in the fifth inning with a home run scoring two men on base.

This is the second straight win for the Oilers. Watch for their games and then give them your support.

John Watters is Contractor On Midway School

Work on the Midway school is expected to begin about the first of August. It is said that material from the Hackberry and Pleasant Valley school buildings will be used in the new structure cutting the cost of the new building to approximately \$2,500.

The Midway school is a result of the consolidation of the Hackberry and Pleasant Valley schools which was voted some months ago. Miss Mattie Rhodes will teach there the coming term.

Church Singing Program At Martin Friday Night

A church program sponsored by the Baptist people of the community will be presented at the Martin school building Friday night of this week.

Among the more efficient talents to be heard on this occasion will be the **Almo Quartet of Amarillo**. This quartet has a reputation for skill and the public is invited to hear them. The program will be given with no charge.

See That Date Change On Sub List is Correct

Due to the fact that a large number of renewal and new subscriptions are being placed on the mailing lists at this time, you are requested to take notice that the figures showing your expiration is correct.

Should there be any error in advancing the dates, kindly call at the Leader office, or write a postal and the matter will receive prompt attention.

School Transfer Time Will Expire August 1st

Transfer of school children from one district to another is very important where necessary. Many parents overlook this matter forgetting that there is a time limit.

Go to the office of Sloan Baker, county superintendent of schools and make the necessary transfer. If for any reason you cannot call at his office, write him for a card on which to make the transfer. After August 1st, it will be too late.
