Entered as second-class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE—Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

West Texas Press Association

BLOOD FROM THE TURNIP.

When it comes to originating new ideas, there is no section to equal the citizens of the Panhandle. Not that these ideas are worth anything, or amount to anything, but they are at least original and in some instances shocking to the point that criticism is developed.

Up Dalhart way, the city has certain outstanding bonds. Some of this financial paper is said to be due. Now the city dads are being urged to adopt drastic measures to enforce a collection of taxes. We naturally presume that the taxes are back taxes since no one is expected to pay anything in advance, and only a very few in the past.

Just when and how this interesting process will begin, the sages have not announced. One who has looked over the pitiful condition of that drouth-swept desert in which Dalhart is the metropolis, will look upon the suggestion with disgust. Citizens of that fair city have done more than their part in developing that section through the years. To add insult to injury at this time by filing tax suits could not be equaled in all criminal history. Unless it would be to start similar proceedings in Clarendon. This is no time to rock the boat, stir up strife or start an insurrection. It is a time for cutting expenses and cooperating to the extreme limit. Bond owners can wait just like thousands of other people are doing, and those waiting often includes big corporations that expect to do business in the Panhandle after the storm blows over.

IMPULSIVE LATIN REBEL.

People of many races of the Latin strain are slow to act, but once they have their minds made up that an imposition must stop, they proceed to stop it. Such a thing has happened in Cuba recently.

Back during 1898 the United States forced Spain to remove her iron heel from the necks of the Cubans. Three years later, Cubans were permitted to begin governing themselves, or as best they could considering that the American sugar trust had slipped in and gained a strong foothold.

Many times since that date, Cubans have become resentful lest big corporations take over the island. During this depression, when Cubans had little left except what might be found among the ruling class that catered to outside influence, they have become distrustful, resentful and rebellious.

The lid flew off Saturday when the army joined the masses and gave President Machado his walking papers. He really got his riding papers because he hurriedly left by plane which was piloted by an American. The objective for safe landing purposes was the Bermuda islands. The Bermudas are owned by England. He did not so much desire to hide within England's domain as he hoped to avoid Florida where many Cubans have taken up residence since he had them chased out of their homeland.

Machado has been president of Cuba for the past eight years. He has catered to corporations in which foreigners owned the stock. These investments at this time total the stupendous sum of \$1,500,000,000. Of this sum, 90 percent is owned by American capitalists, the sugar trust being the largest investor.

Ignorant natives cannot understand why they should be denied the fruits of the home land. They lived in peace until the "modern" civilization began to "develop" their natural resources. As the developing process continued, more and more Cubans were reduced to poverty, or were forced to seek a home in other lands. While this process continued, foreign corporations grew richer and richer. Just what will happen in Cuba during the next few months will be interesting to those who are students of national economics.

NRA PROGRESS.

It is estimated that already the NRA program has taken 2,000,000 people off the unemployment lists and put them in jobs. This means, conservatively figured, that a billion dollars a year is already added to the purchasing power of the American people, and the movement is only beginning. This circumstance alone ought to be sufficient assurance to those timid people who have been doubting the success of the great experiment.

Ultimately, of course, all the business of the United States will be conducted under the codes, which have for their chief purpose correction of the unemployment situation. Elements in this accomplishment are the elimination of child labor, the shortening of hours of work, and a higher wage scale. It needs no statistician to demonstrate that every de-

crease of unemployment brings us closer to the end of economic depression, for every man who is earning a living indirectly contributes by what he buys to the employment of others, and so the wheels of commerce will turn faster and faster until the great depression becomes merely a memory. The rapidity with which we reach this desired goal depends on the promptness with which industry generally comes into the fold. Already most of the larger industries are in. But the smaller manufacturer or merchant, taken in the mass, is even more important than the big corporations. Incidentally, the consumer must play his part. Every purchase made now is an investment, the dividends of which will come out of future prosperity. Moreover, the encouragement the consumer can give to the businesses that comply with the requirements of the NRA will not only encourage him but will be a warning to those who are holding back that if they expect to share in the general revival they had better get aboard at once. —NRA News.

A BIG FIELD FOR CONSUMPTION.

The Russian proposal to buy a million bales of American cotton, provided the Reconstruction Finance Corporation or the Farm Adjustment Administration will finance the deal by lending \$50,000,000 on six years time, has been revived as an aftermath of the large crop estimate. It is pointed out that Russia offers the only field in which consumption may be increased to such a degree as to affect the carry-over very materially, and it is said that there is much sentiment in the Department of Agriculture in favor of the proposal. Some time ago the Reconstruction Finance Corporation was approached on the matter, but it was not very responsive on account of the period of time involved. The proposal has the virtue of being one to promote consumption, which is the big thing that is needed. This feature gives it an aspect of economic soundness which most proposals to relieve agriculture do not possess, and it is a strong argument in its favor. To be sure the problem of obtaining repayment of the loan is not a simple one, and while the proposal may be regarded as one to extend credit it is not very different from a proposal to export capital to Russia, which would be a doubtful policy in all the circumstances. But a similar deal with China was recently negotiated, which provides a precedent, and this Russian proposal might be justified as an emergency measure. Any measure calculated to promote consumption in the present situation cannot fail to have strong considerations to commend it for that reason alone. Increased consumption is the only way out of the present situation ultimately. The situation was brought about by an unprecedented falling-off in consumption, and its cure is to reverse the process. So true is this that it may be said that the soundness or unsoundness of any proposal may be judged by whether it tends to increase consumption or not. —Texas Weekly

Marine Corps Announces Vacancies

During the month of September there will be a few openings for young men in the United States Marine Corps, provided they have the necessary qualifications, mental and moral, and can pass the rigid physical examination required of all men enlisted in this branch of the service.

Any young man graduated from a high school, who is interested, should write Major P. D. Cornell, officer in charge of recruiting, District of New Orleans, 535 St. Charles Street, New Orleans, La.,

who will furnish full information regarding the service and the duties of a marine, ashore, afloat and in the air, in this, and in foreign countries. The rigid requirements for enlistment also will be explained in detail, for this branch of the military and naval service which is recognized here and abroad as one of the finest in the world, and is the most difficult to enter due to its high educational, moral and physical standards.

Miss Ira Huckaby of Memphis visited Miss Louise Smith Sunday. Miss Smith returned home with her to spend the week.

Reconstruction Act Provides Fines, Prison

Washington, Aug. 12.—Both fines and prison sentences are provided by the National Industrial Recovery Act for violations of codes of competition.

There is a fine of \$500 for each violation of the terms of a code approved by the President. No provision is made under this section for imprisonment, but each day that the offense continues is regarded as a separate violation.

Also, violation of any standard set by a code is considered a breach of the Federal Trade Commission law, punishable like any violation of the anti-trust statutes.

When the President finds it necessary to impose licenses on any business because of activities contrary to the policy of the industrial law, persons who continue operating their business without obtaining a license are liable to be fined not more than \$500, or imprisoned not more than six months, or both, each day again to be considered a separate offense.

Violations of regulations proclaimed by the President, such as those now set up by the application of the voluntary re-employment agreements, also are punish-

able both by the \$500 fine and six months' imprisonment, but no provision is made for each day's violation being considered a separate offense.

This last provision has been interpreted by the recovery Administration as applying to any one fraudulently displaying the Blue Eagle insignia devised for those

who sign the re-employment agreement.

Mrs. W. O. Bower and children, Margaret, June, Jack and Ann of Port Arthur are visiting her parents, Mr. and Mrs. W. T. Lowe and other relatives.

"I'm getting an All-Electric Kitchen

Step by Step

LIKE the Modern Mother pictured above, hundreds of progressive home-managers throughout West Texas have set their hearts on owning a complete Electric Kitchen. Perhaps you are one of them. If you are, why not follow her idea?

... She is installing her Electric Kitchen one step at a time—and applying her savings on the purchase of her next "Electrical Servant." She makes her payments out of the household budget—for the payments are moderate and the new economies ample recompense.

The Electric Range and Refrigerator are essentials in the modern home. They save time, work and money . . . safeguard health and happiness . . . provide better and more healthful meals. Then there's the mixer, water-heater, cooker-jug, dishwasher, ventilating fans, clock and many others—all of them marvels of convenience, comfort and economy.

—And these modern "Electrical Servants" PAY FOR THEMSELVES! Their savings in time, work and actual cash soon amass an impressive sum. Ask for complete details today . . . and begin the installation of your modern Electric Kitchen without delay!

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

West Texas Utilities Company

TEMPLE OF TRUTH
By the Apostle

Just been talking with a smart alec from Amarillo. He spent two days in Clarendon for, as he said, trying to figure out the artistic outlines of Clarendon's "Solarium" or "Moonorium" as he termed it. He had reference to our City Auditorium and nothing else. He took pains to call attention to the fact that RFC or some other kind of funds could be used to establish a lake, gymnasium, park or sewer system, and suggested that our City Auditorium need some of each. With all these attractions, people would pay to see the architectural zoo, the only one of its kind in the Panhandle. He then had the unadulterated gall to suggest that a specimen of one man each be collected from the faction that wants a top on it, and one from the faction that don't want a top on it and add these to the zoo. We like to have visitors come to our fair city. We have no objections to their making a "survey" of the resources—natural and artificial—

TRACES BREAK ON DOC GRAVES AMBULANCE

HAVING ALMOST REACHED THE TOP OF PUTT'S HILL WITH DOTTY COYNE & SAM SLICK IN HIS AMBULANCE, THE TRACES BREAK & THE WAGON ROLLS BACKWARDS DOWN THE HILL - MUCH TO THE SURPRISE & DISCOMFORT OF THE TOWNFOLK WHO HAVE BEEN PUSHING IT.

By L. F. Van Zelm

but we do object to these smart alecs suggesting too many improvements or ideas for what they think is our betterment. We know too much already without outside suggestions.

Mineral Wells is like Amarillo early in the morning when it is cool, and the remainder of the day it is like Amarillo—hot and dry. There is a lot more suckers and scrub oak here, but they don't mean anything now.

Most of these folks down here at Mineral Wells sit around and talk about what they had back in '29. Some are hard pressed now because of the expensive friends they accumulated back in the hectic

days when the folks got wifid about spending.

Some folks may not know it, but Mineral Wells is located on a jerk-water line out of Weatherford. It is said to continue out north to Jacksboro though it does not look like the roadbed or railroad would get very far in any direction. Farmers along the line are continually kicking because the passengers lean out of the car windows and milk their cows as they pass along going to the famous city of mineral water. (P. S. The water IS mineral.)

Jack County Bootlegger: "Here's pre-war stuff at \$4 a gallon."

Health Seeker: "Good Lord! Is there going to be another war."

These folks in Mineral Wells claim it is the most expensive place to live in the world. Not because of the price of things, but because of the quantity used. Every one here has friends who visit them long and often. Some are not so expensive as they were a few years ago because they do not expect so much in the way of luxuries, but still they come just the same.

Women here are wearing a wide bottomed pajama on the streets. So wide that they take two steps before the pajamas begin to move. They are loud in color and give the wearer an Easter egg tint from the sun's reflection. They are said to be fine to dance in, and very convenient to get out of in case of a fire.

A man in Ft. Worth claims that his business has been making money for the past three years. If it has, he ought to be charging admission at the front door. Lots of

people would be glad to pay a dime to see a curiosity like that.

The brains of this column has inside information that Clarendon is due to have some more civic improvement in the nature of a factory. It will be known as the "Shooth Cream Products Company" with Jim Heckman as inventor and manager. This time he comes out with a bright idea in a bright tube that will have face cream in one end of the tube and shoe polish in the other. Jim's factory slogan over the main entrance will also be the same on all stationery emitted or expunged from the office by the handsome steno. The slogan is, "Make Both Ends Neat." Later on he intends to add "And No B. O. in Between."

Business men under the depression have great ideas. They used to meet and talk over their affairs, collect bills and such but now they write letters to each other instead. Some officing in the same room write letters to each other. Form letters are used and the girl drawing 20c a day writes a copy and mails it. She works for both firms and all three of them, both firms and the combination stenographer, save strength. No money passes because there ain't none in circulation any more.

The new preacher at Crooked Creek church up in Jack county is a much better preacher than the other one according to an old timer there. In forming his conclusion, he said the new preacher in praying could ask the Lord for things that the other preacher did not know he had.

On a recent visit to Jacksboro, the bunch spied an assistant deputy constable from down in the brush. He had on a "hog leg" and wore a glass eye. He kept the good eye closed to save it for a scrap. He is said to be the only constable in Texas who can see with a glass eye, or track a criminal by the scent hound fashion. Nothing looks quite so dangerous as a petty peace officer in the back woods districts, or is more harmless unless his gun goes off accidentally.

Some women make their husbands quit smoking tailored cigarettes because it is too expensive for both of them to smoke.

A lady out in the Palo Pinto mountains fully three miles from Mineral Wells has not been to town in 8 years. She has 13 children. All are husky fellows except one, she claims. The weakly one has to wear underwear in winter.

In last week's issue of the Memphis Democrat a boxed story on the front page was carried concerning a trantula that was brot to their office by a little girl in a fruit jar. "The ugly looking spider measured two inches in length, with long, slick legs protruding from its hairy body." Say fellows, that is nothing. One night the boys were working about 12:30 a. m. (before NRA) and amongst the visiting bugs, mosquitoes, grasshoppers, etc. was a "big ugly looking trantula" that had the one you mentioned beat by an inch. It was delicately put out of existence by a pig of metal and put away to show the rest of the force the next morning but the pet mice feasted on trantula that night so we could not prove our story hence it was not run.

Boy, did you say get results. We have been fairly stormed with cucumbers since our mentioning it. The GW is converting them into those delicious "butter and bread", ten day or just regular sweet pickles to most everyone. Her recipe called for 75 cucumbers so she just doubled and redoubled.

What's the matter with the watermelon crop this year. We still like 'em.

Horse stealing is still in evidence. A negro down at Chillicothe was arrested for "borrowing" a horse to carry him to Truscott where the animal was sold and the negro boarded a train for Chillicothe.

Graham Crackers of the State Line Tribune says it sounds mighty good to hear thunder again in his section. He must have been talking about the weather.

COUNTY SCHOOL NEWS

By Sloan Baker
County Supt. Schools

Chamberlain community is very proud of their new school building Speed Bros. Contractors are to be commended for the high class of workmanship put into the building. The trustees, Gilbert Mann, A. O. Hott and G. G. Reeves wish to thank the community and everyone concerned for the friendly cooperation shown. The contractors are laying the foundation for a four room brick teahouse which will complete the school plant. The school session began Monday. Mr. Clarence Jackson is principal, Mrs. Maud Crawford Mosley, intermediate teacher, and Miss Mary Sue Watters, primary. These teachers are very proud of the new building and equipment, and plan a very successful year.

Mr. George Kavanaugh is superintending the beautification of the school grounds at Martin. He plans to have most beautiful and serviceable school campus in Donley county.

Mr. Dave Waldron and Mrs. John Naylor started school at Sunnyview Monday. The trustees have leveled the grounds and repaired the equipment for the new term.

The school grounds at Fairview have been inclosed by a strong fence. The equipment is new and in good repair. The trustees and community expect a great school year. Mr. Eugene Estlack and Miss Pickering expect a large attendance at Fairview this year.

Midway's New Consolidated school is being roofed this week. With the new teahouse which is planned the community will have an up-to-date school plant.

Bray, Ring, Pleasant Hill, and McKnight will meet at McKnight Thursday night to plan for a rural high school.

Donley county schools are to be complimented because of the teachers who have attended summer school or who attended regu-

lar term last year. Twenty-two of the forty-four teachers have increased their usefulness by further schooling this year. A number of the other teachers have taken correspondence courses.

Mr. Daniels from the State Department of Education explained the new rural aid law and the rulings of the State Board of Education under the law. Two reasons seem to be against Donley County Rural Schools complying with the Act. First, is the inaccessibility of the schools to a bus line and second, the lack of good roads in the county. The County Board will meet Saturday to plan a transportation system for the county.

Ed Carlson Will Be Taken To Mineral Wells

Friends were making arrangements this week to send Ed Carlson to Mineral Wells Friday for his health. Mr. Carlson has not been able to work for the past six months.

Ed has lived in this country so long that the old timers could not remember when he first hit these parts. He worked for several years as cook for the JA ranch and since moving to town has operated or worked in restaurants.

Friends are hoping that he will stay down at Mineral Wells long enough to regain his health. His familiar "how are you?" has been missed since his health broke.

Baptist Married Men's Class Defeat Single Boys

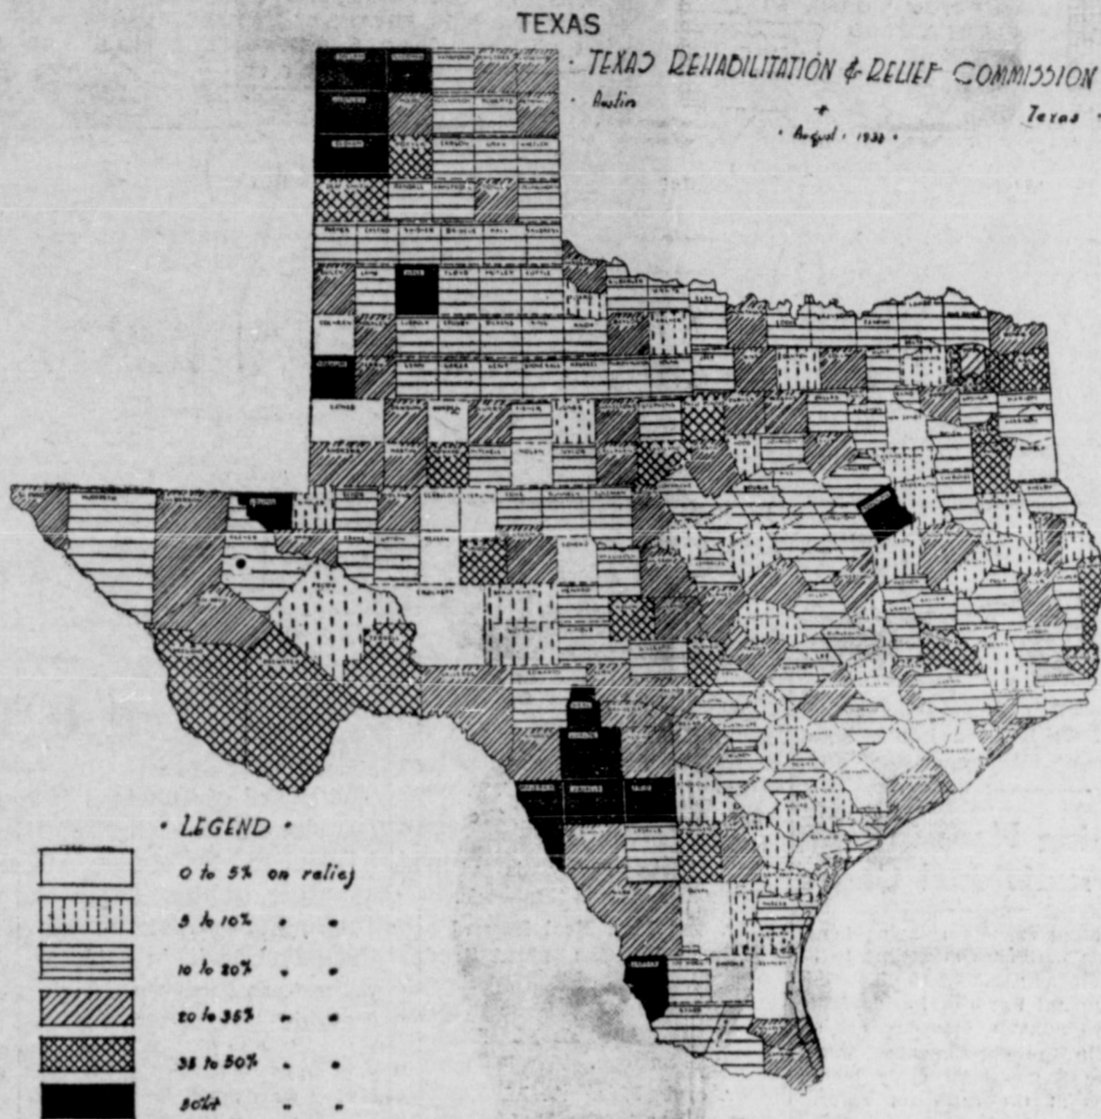

N a hotly contested soft ball game Wednesday afternoon the Young Married Men's Sunday School class of the Baptist church taught by Bro. Shepherd defeated the class composed of single boys taught by Mr. O. C. Watson by a score of 3 to 2.

The losers will have to entertain the winners by some form of entertainment.

Mr. and Mrs. Bernard Harvey and daughter visited his mother, Mrs. Monica Harvey the first part of this week.

Mr. and Mrs. R. C. Spitzer who have been visiting at the home of his parents, Mr. and Mrs. Wm Spitzer, are now living in Amarillo.

DISTRIBUTION OF RELIEF FUNDS IN TEXAS

FAIR DIVISION OF RELIEF FUNDS MADE IN TEXAS

Austin, Texas, August 12.—An even distribution of relief funds to all sections of Texas is reflected in the map prepared by the Texas Rehabilitation and Relief Commission, a copy of which appears above. This map was prepared from the requests from county chairmen for aid for the month of August and the percentages are based on the 1930 total populations of the counties.

An outstanding dark era is in the Panhandle, where drouth and winds have killed all crop prospects. The effect of the drouth is also reflected all along the Rio Grande and particularly in the Southwestern portion of the state. The extreme Northeastern counties and some Southeastern counties are dark, while interspersed throughout the central portion of the state great distress is reflected by the map.

Contrary to the belief of some that relief is in greater demand in the cities than in the rural districts the map shows that in proportion to the total population there is virtually no difference. Harris and Dallas counties have about the same percentage as the whole state, it being 17 and 19 per cent respectively. Tarrant and Bexar are slightly higher, the percentage being respectively 25 and 22 per cent. It will be noted that the extreme counties of El Paso, Cameron, Bowie and Lipscomb are all in the grouping of from 20 to 35 per cent.

There are a few counties not having relief organizations. These are Borden, Cochran, Crockett, Duval, Glasscock, Kenedy, King, Reagan, Sterling and Van Zandt. All of these except Van Zandt are in the big ranch country where a few individuals own nearly all the land.

All of the funds requested from the counties as reflected in the map is now being furnished by the Federal government, but will be cut off at the end of this month if the proposed constitutional amendment for relief bonds is defeated. It has been steadily mounting, with a total of \$2,377,000 for the month of August. It is being used to feed more than 1,000,000 unemployed and destitute Texans.

If the bond issue is authorized the legislature will issue such bonds as may be needed before the national program has hit its full stride. If it is defeated the local county and city governments will have to feed the destitute, and this will be impossible in most cases because taxes are not now sufficient to meet the ordinary expenses of these local governments.

G. L. Boykin is off on a fishing trip somewhere.

Mr. and Mrs. Jesse Lowe and Mr. Vineyard and children, George Henry and Willie attended the Old Settler's picnic near Canyon.

SPORTS

By Hack

Baseball loving fans were treated to several good games during the recent Amarillo News-Globe Tournament. But the writer (as usual) was wrong in his prediction of a winner. The Red & White of Wichita Falls came out in fourth place, being eliminated by the boys from Claude in one of the best games ever witnessed in a Tournament.

I still believe however, that the Red & White could have placed a stronger team in the Tournament had they picked the sandlots there more carefully.

The Berger Tournament starts Saturday with quite a number of strong teams ready for play, in included are the Phillips "66" team and the Pampa Danciger Road Runners, winners of the Amarillo Tournament.

Baseball will probably be revived here again soon as there will be quite a number of teams that are not so anxious to enter Tournaments.

The Washington Senators are sailing along with a 5 1/2 game lead over their closest rivals, the Yankees and the Giants of the National League continue to hold first place with a margin of 3 1/2 games over the Pirates of Pittsburgh, who is having quite a battle with Chicago to hold second place.

The "Rambler" Sports writer for the Wichita Falls Record News seems to think Jack Dempsey should retire from the ring even as a referee.

He compliments Jack on his fighting but thinks he is gyping the public on his barnstorming trip as referee.

It's all true that you see some second and third class boxers and wrestlers appear at a show with Dempsey, but if the public wants to pay \$2.50 to see Jack Dempsey let them pay it. Dempsey as a fighter always gave his best, which was plenty good. They payed to see him fight and he really fought. If he can capitalize now on his popularity, I say let him go. The Rambler or myself or anyone else would probably do likewise.

CHAMBERLAIN (Frances Hott)

Mr. Bill Barbee celebrated his 53rd birthday Wednesday of last week. A large feast was served to the following guest: Mr. and Mrs. Frank Reid and baby, Mr. and Mrs. Frank Barbee and family, Mr. and Mrs. Edd Aduddell and family, Mr. and Mrs. H. M. Reid and family, Mr. and Mrs. Lloyd Reid and family, Mr. and Mrs. J. A. Huffstutler and family, Mr. and Mrs. John Aduddell and family, Mr. and Mrs. Mann and family of Hedley, Mr. and Mrs. Gilbert Mann and family, Mr. and Mrs. Henry Mann and baby, Mr. and Mrs. Putman and family, Mr. and Mrs. Robert Wil-

GOODYEAR WILL ADD TO POWER EQUIPMENT

Akron Tire Co. to Spend Half Million Dollars on New Construction

During the next few months, Goodyear will spend more than a half million dollars in purchase of new power plant equipment and in construction of a new power plant building, representing one of the largest major construction improvements in the Akron area since the depression.

A portion of the present power plant building, back of the general office building, is to be tore down and six boilers, some of which have been in service since 1910, will be dismantled.

The building itself, of conventional brick-steel construction, will cost approximately \$20,000 and will provide employment for 100 men during the course of erection. Award of the building contract will not be made for at least another month.

The new building will house a single large boiler, capable of generating 300,000 pounds of steam per hour at a pressure of 800 pounds per square inch and a temperature of 740 degrees F. Contract for the boiler, which will cost \$250,000, has been awarded to Babcock & Wilcox, Barberton.

Coal will be used as fuel after being pulverized in a ball-type mill. An interesting feature is the fact that all ashes remain in a liquid state in the bottom of the boiler and are drawn off at intervals in much the same manner as the molten metal from a blast furnace. The molten ashes are cooled, solidified and then broken up by action of a water spray, after which they are taken by conveyor to cars to be hauled away. About \$25,000 will be spent on the ash handling equipment.

Water softening equipment, to remove any scale forming ingredients from water for boiler use, will cost \$25,000.

Approximately \$30,000 is to be spent on control equipment for synchronizing the amount of water fuel and air that is fed to the boiler. This synchronizing is necessary to get the greatest efficiency from the boiler. Extremely heavy piping will be necessary for use with the boiler and the new turbine, and it is estimated the piping installation will amount to \$30,000.

Steam generated by the boiler will be conveyed to a new turbo-generating unit, costing \$140,000, contract for which was recently

awarded. The unit has a capacity of 10,000 kilowatts, generating at 2,300 volts.

The unit is known as a "high back pressure extraction type turbine" and will exhaust steam into a 100-pound factory steam main, the exhaust steam being utilized for heating, curing, etc. It will also extract steam at 200 pounds pressure to be used to generate electric current on low pressure turbo-generating units already in use.

Additional electrical equipment tools, ect., will cost approximately \$250,000.

Many other small miscellaneous items will of necessity be purchased during construction. All of the work—construction of the building, erection of the turbine and boiler, and installation of electrical equipment, piping, etc.—is expected to progress simultaneously; and November 1 has been set as the date for the new plant to begin operation.

All of the engineering department work will be handled by Goodyear's own Engineering Department.

Revival Church of Christ At Lelia Lake Aug. 18th

This is to announce a Revival at the Church of Christ of Lelia Lake which will begin Friday night, August 18th.

Elder C. McClung of Fort Worth will conduct the Revival which will last about ten days. The public is cordially invited to attend.

Hogs Must Not Run Loose Says City Marshall

City Marshall T. M. Pyle stated this morning that hogs must not be allowed to run at large within the city limits of Clarendon. He was all out of breath from chasing some hogs out of a lady's yard.

Hogs are not permitted to be kept in town if there is any complaint by neighbors.

Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blooms up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

Maybe never again such VALUES!

THIS new Pathfinder is a bigger value than the old Pathfinder. It has the bigger safety margin of FULL CENTER TRACTION — bigger mileage from the 20 PER CENT THICKER TREAD — stouter body of heat-resisting Superwrist Cord — and other improvements that make it a still better buy than the 17,000,000 Pathfinders that went before.

Look at the All-Weather values, also! This great thoroughbred — the finest tire that money can buy — waves an alluring price tag.

Whichever you want — Pathfinder or All-Weather — remember this: More people are saving money with Goodyears than with any other kind.

Table listing Goodyear All-Weather Superwrist Cord tires and Goodyear Pathfinder tires with prices.

CELEBRATES BIRTHDAY

Mrs. D. A. Herndon honored her daughter, Kathaleen, with a party celebrating her tenth birthday on Monday afternoon.

A variety of games, both old and new, were played and special favors were given to those who won in the contests.

The members of Kathaleen's Sunday school class and several other friends helped her celebrate. The colors of yellow and white were carried out in the refreshments of ice cream and cake.

SUNDAY SCHOOL CLASS ENTERTAINED

Members of the Busy Womens Sunday School class of the Methodist church met at the home of Mrs. W. W. Gorman for their regular monthly business meeting and social hour. After the business of the class was transacted, the afternoon was spent in visiting and a pleasant time was had by all.

The hostess, Mrs. Gorman served a delicious ice cream and cake refreshment to about 25 members and guests.

KILL KARE KNEEDLE KLUB

Mrs. S. W. Lowe opened her home Thursday afternoon to members of the Kill Kare Kneedle Klub and other invited guest at which time a pleasant time was had sewing and social chat and later a refreshment of ice cream and cake was served to invited guest, Mmes. B. L. Jenkins, A. A. Mayes, D. O. Stallings, club members, Mmes. M. L. Stricklin, W. A. Massie, Homer Mulkey, W. B. Sims, Eva Draffin, Buel Sanford, F. O. Wood, M. W. Mosley, Misses Etta and Ida Harnden.

CELEBRATES BIRTHDAY

Mrs. Lee Vaughn entertained Thursday afternoon with a party

honoring her son, Lee Owen on his 4th birthday.

Those to help celebrate were: Masters Homer Charles Wilson, Carl Eugenia Parsons, Misses Jean Dawkins, Wanda Rea Fitzgerald, Johnnie Johnson, and Lee Owen's great grandfather, Mr. N. M. Vaughn of Lubbock, who is 80 years of age.

YOUNG FOLKS ENJOY PICNIC

A group of young folks enjoyed a picnic and swimming party at the Rowe Ranch Sunday evening. Picnic delicacies and watermelon were eaten before the swim.

Those taking part in the occasion were Misses Maragret Hill of Amarillo, Nova Cook, Helen Rogers, Ruth Hartzog, Lucile Yates, Delphia Bones, Louise Adamson, Mrs. Theida Hough, Messrs. Bill Word, Homer Bones, George Eanes W. K. Hardin, Bill Wood, Arthur Davis.

CLARENDON H. D. CLUB

The Home Demonstration Club will meet with Mrs. Lonnie Hahn, Friday, August 18th at 2:30 p. m.

VISITORS HONORED WITH PICNIC

Misses Cecil and Wilma Hukel, formerly of Clarendon, were honored with a picnic by Miss Virginia Wisdom and Miss Reatta Thomas.

The picnickers gathered at the Clarendon Hotel about dark and motored to the river where a fire was built and a delightful picnic lunch spread.

Besides the honor guests, Misses Hukels, were Misses Lodi Green, Mary Frances Caraway, Virginia Wisdom, Nova Cook, Mildred Allen, Reatta Thomas, Ruth Hartzog, Joyce Link,

And Jack Bourland, Mut Allensworth, Phifer Estlack, Rufus

CABIN BOY TO MASTER IS LIFE OF LUCKENBACH SKIPPER

CAPT. M. A. JURKOP, MASTER OF THE ANOREA F. LUCKENBACH

LEWIS LUCKENBACH, SECOND IN COMMAND OF THE GREAT SHIPING ORGANIZATION

By L. JAY STEVENS

If you investigate to discover the name of the commander of America's largest express freight steamer you will find two men tied for the honor. One will be Captain M. A. Jurkops, master of the giant intercoastal liner, Andrea F. Luckenbach, pictured above. The other will be Captain Lewis Neff, commander of her sistership, the Lewis Luckenbach. Both of these fast, modern industrial carriers gross 14,200 tons and they are the largest freight ships under the American flag.

For 33 years the Luckenbach lines have carried American goods from port to port on our two vast coast lines and in former years to all corners of the globe. Now all 21 of the gigantic and speedy Luckenbach liners are used in the transportation of products of the mills and factories of New England and Middle Atlantic states, from Boston, Providence, Brooklyn, Manhattan and Philadelphia, down through the Canal and up to Los Angeles, San Francisco, Portland and Seattle. And they bring back to the eastern cities huge cargoes of Pacific Coast fruits, vegetables, lumber, salmon, nuts and countless other products of western progress.

From its Pacific ports another fleet of great Luckenbach steamers carries goods to Houston, Mobile and New

Oriana, to return loaded with Gulf State products or Middle Western steel, wheat and corn floated down the Mississippi over the wonderful new Great Lakes-to-Gulf Waterway.

For the first time in eight decades a few passengers are being carried on all the Luckenbach ships on long, restful, inexpensive voyages free of the jazz distractions of life ashore. On each ship they dine with the captain.

Captain Jurkops' life is a regular Horatio Alger tale. It would be entitled "From Cabin Boy to Master." In 1909, aged 18, he shipped as apprentice on a square rigged sailing ship and for two years he adventured around the world on various "wind jammers." Then he turned to steamships and, with an exciting record as master of Shipping Board vessels during the War, has progressed steadily to the top.

The Luckenbach company is the largest privately owned steamship organization in the United States. At its head is Edgar F. Luckenbach, son of Lewis Luckenbach, who started in 1860 with one small tug boat. Now Lewis Luckenbach, of the third generation, is second in command and is off on a long inspection tour of his company's ports, on which he is finding a perceptible uplift in the nation's business and in the spirit of the American people.

CHURCHES

FIRST PRESBYTERIAN CHURCH

Robert S. McKee, Pastor.

Sunday school, 9:45 a. m. Morning worship, 11 a. m. Sermon subject, "The Church's N. R. A. Code, or how the Church Can Do Its Part."

There will be no evening services during August.

ST. JOHN BAPTIST (Episcopal) CHURCH

Rev. L. L. Swan, Rector.

There will be church service Sunday August 20th. Church School and Bible Class at 9:45, to which all are invited.

WHAT TO DO

If you're feelin' tired and blue
And you don't know what to do,
Do nothin'.
If your appetite's not right,
And your waistband's gettin' tight,
Stop stuffin'.

If your plans are all awry,
And you think you're goin' to cry,
Go fishin'.
If you can't see far ahead,
And wish that you were dead,
Stop wishin'.

If you know you talk too much,
And your neighbor's feelin's touch,
Stop talkin'.

If your nerves are all askew,
There is one good thing to do,
Go walkin'.

If you want to win life's race,
With a smile upon your face,
Stop shirkin'.

If you have a task to do
And would like to get it through,
Keep workin'.

If you're runnin' into debt,
And your bills not promptly met,
Stop buyin'.

If you long to reach the top,
But are just about to stop,
Keep tryin'.

—Grenville Kleiser.

Mrs. C. R. Gambin and son Billy visited Mrs. Claudine Ratcliff in Amarillo Tuesday.

Mr. E. F. Bryan of Amarillo spent Saturday and Sunday here visiting relatives.

Donley County Leader, \$1.50 a year

Appendicitis Prevention

During the past year 605 persons have died of appendicitis in Texas, according to the Director of Vital Statistics for the State Department of Health. Many of these deaths were caused by the persons' ignorance of the disease.

There are two forms of appendicitis, acute and chronic. The form that appears suddenly, with great pain and sickness, is acute. Chronic appendicitis may extend over a long period of time and consists of slight attacks at intervals, but, at some time, there will usually occur an attack worse than any before and the disease may then become serious.

The acute attack appears suddenly. The first symptom is pain, sometimes over the entire abdomen, sometimes in a particular portion in the right side of the abdomen. Sometimes this pain extends around to the back or down into the right limb. The pain is cramp-like and is often mistaken for colic. The fever rises to 100 or 101 degrees and the pulse becomes quickened. Chronic appendicitis is the result of repeated attacks of the milder forms of appendicitis.

How to prevent appendicitis? Keep the body in perfect health as long as possible. Watch your teeth, your tonsils, any place where an infection may occur. Get plenty of good food, plenty of sleep, plenty of exercise. Have a thorough medical examination at least once a year and have your teeth examined and cleaned by a dentist at least once every six months. This kind of watchfulness will not only help you to avoid appendicitis, it will help you to avoid many other illnesses as well.

Mr. and Mrs. Eugene Estlack and daughter, Margaret Rochelle returned to their home at Naylor Monday, August 14th. Mr. Estlack opened school there on that date.

14 DAY SWEET PICKLES

75 cucumbers, 3 or 4 inches long.
5 pints strong vinegar.
6 cups sugar.
1/2 ounce celery seed.
1 tablespoon alum.
1 ounce stick cinnamon.
2 cups salt.
Slice cucumbers 1/4 inch thick (round) and place in stone jar and add 2 cups of salt to 1 gallon boiling water. Let stand one week. Skim every day if necessary. On the 8th day, drain salt water off and pour over them 1 gallon of boiling water. Let stand 24 hours. On the 9th day, drain and pour over them 1 gallon boiling water and 1 tablespoon of powdered alum and let stand 24 hours. On the 10th day drain and add 1 gallon boiling water and let stand 24 hours. On the 11th day drain and put in stone jar and add following syrup mixture: vinegar, sugar, celery seed, cinnamon and let come to boiling. Drain off every day and bring to boiling and add 1 cup sugar every day for 3 days and on 4th day pack in jars and seal. If desired will keep in stone jars indefinitely. (sent in by Mrs. J. C. Estlack)

John Russell Beville of Amarillo is visiting George Wayne Estlack.

QUALITY MEATS

And Groceries

We stress quality in our Meats and Foodstuffs because anyone can match price --- But to supply quality foods at LOW Price is another thing—and this, we think, is the secret of our Growing Business.

A STORE WITHOUT ENEMIES

Jitney-Jungle has no enemies. No sir, not one. We have always believed that an enemy was a friend just misunderstood. Jitney-Jungle policies are the same today they were yesterday and will be the same tomorrow as they are today—a policy to supply every customer the finest foods at the lowest possible selling price.

CITY _____ STATE _____
MADE IN AMERICA FOR MISS AMERICA

DISTRIBUTION OF RELIEF FUNDS IN TEXAS

FAIR DIVISION OF RELIEF FUNDS MADE IN TEXAS

Austin, Texas, August 12.—An even distribution of relief funds to all sections of Texas is reflected in the map prepared by the Texas Rehabilitation and Relief Commission, a copy of which appears above. This map was prepared from the requests from county chairmen for aid for the month of August and the percentages are based on the 1930 total populations of the counties.

An outstanding dark era is in the Panhandle, where drought and winds have killed all crop prospects. The effect of the drought is also reflected all along the Rio Grande and particularly in the Southwestern portion of the state. The extreme Northeastern counties and some Southeastern counties are dark, while interspersed throughout the central portion of the state great distress is reflected by the map.

Contrary to the belief of some that relief is in greater demand in the cities than in the rural districts the map shows that in proportion to the total population there is virtually no difference. Harris and Dallas counties have about the same percentage as the whole state, it being 17 and 19 per cent respectively. Tarrant and Bexar are slightly higher, the percentage being respectively 25 and 22 per cent. It will be noted that the extreme counties of El Paso, Cameron, Bowie and Lipscomb are all in the grouping of from 20 to 35 per cent.

There are a few counties not having relief organizations. These are Borden, Cochran, Crockett, Duval, Glasscock, Kenedy, King, Reagan, Sterling and Van Zandt. All of these except Van Zandt are in the big ranch country where a few individuals own nearly all the land.

All of the funds requested from the counties as reflected in the map is now being furnished by the Federal government, but will be cut off at the end of this month if the proposed constitutional amendment for relief bonds is defeated. It has been steadily mounting, with a total of \$2,377,000 for the month of August. It is being used to feed more than 1,000,000 unemployed and destitute Texans.

If the bond issue is authorized the legislature will issue such bonds as may be needed before the national program has hit its full stride. If it is defeated the local county and city governments will have to feed the destitute, and this will be impossible in most cases because taxes are not now sufficient to meet the ordinary expenses of these local governments.

G. L. Boykin is off on a fishing trip somewhere.

Mr. and Mrs. Jesse Lowe and Mr. Vineyard and children, George Henry and Willie attended the Old Settler's picnic near Canyon.

SPORTS By Hack

Baseball loving fans were treated to several good games during the recent Amarillo News-Globe Tournament. But the writer (as usual) was wrong in his prediction of a winner. The Red & White of Wichita Falls came out in fourth place, being eliminated by the boys from Claude in one of the best games ever witnessed in a Tournament.

I still believe however, that the Red & White could have placed a stronger team in the Tournament had they picked the sandlots there more carefully.

The Borger Tournament starts Saturday with quite a number of strong teams ready for play, included are the Phillips "66" team and the Pampa Danciger Road Runners, winners of the Amarillo Tournament.

Baseball will probably be revived here again soon as there will be quite a number of teams that are not so anxious to enter Tournaments.

The Washington Senators are sailing along with a 5 1/2 game lead over their closest rivals, the Yankees and the Giants of the National League continue to hold first place with a margin of 3 1/2 games over the Pirates of Pittsburgh, who is having quite a battle with Chicago to hold second place.

The "Rambler" Sports writer for the Wichita Falls Record News seems to think Jack Dempsey should retire from the ring even as a referee.

He compliments Jack on his fighting but thinks he is gyping the public on his barnstorming trip as referee.

It's all true that you see some second and third class boxers and wrestlers appear at a show with Dempsey, but if the public wants to pay \$2.50 to see Jack Dempsey let them pay it. Dempsey as a fighter always gave his best, which was plenty good. They payed to see him fight and he really fought. If he can capitalize now on his popularity, I say let him go. The Rambler or myself or anyone else would probably do likewise.

CHAMBERLAIN (Frances Hott)

Mr. Bill Barbee celebrated his 53rd birthday Wednesday of last week. A large feast was served to the following guest: Mr. and Mrs. Frank Reid and baby, Mr. and Mrs. Frank Barbee and family, Mr. and Mrs. Edd Aduddell and family, Mr. and Mrs. H. M. Reid and family, Mr. and Mrs. Lloyd Reid and family, Mr. and Mrs. J. A. Huffstutler and family, Mr. and Mrs. John Aduddell and family, Mr. and Mrs. Mann and family of Hedley, Mr. and Mrs. Gilbert Mann and family, Mr. and Mrs. Henry Mann and baby, Mr. and Mrs. Futman and family, Mr. and Mrs. Robert Wil-

GOODYEAR WILL ADD TO POWER EQUIPMENT

Akron Tire Co. to Spend Half Million Dollars on New Construction

During the next few months, Goodyear will spend more than a half million dollars in purchase of new power plant equipment and in construction of a new power plant building, representing one of the largest major construction improvements in the Akron area since the depression.

A portion of the present power plant building, back of the general office building, is to be torn down and six boilers, some of which have been in service since 1910, will be dismantled.

The building itself, of conventional brick-steel construction, will cost approximately \$20,000 and will provide employment for 100 men during the course of erection. Award of the building contract will not be made for at least another month.

The new building will house a single large boiler, capable of generating 300,000 pounds of steam per hour at a pressure of 800 pounds per square inch and a temperature of 740 degrees F. Contract for the boiler, which will cost \$250,000, has been awarded to Babcock & Wilcox, Barberton.

Coal will be used as fuel after being pulverized in a ball-type mill. An interesting feature is the fact that all ashes remain in a liquid state in the bottom of the boiler and are drawn off at intervals in much the same manner as the molten metal from a blast furnace. The molten ashes are cooled, solidified and then broken up by action of a water spray, after which they are taken by conveyor to cars to be hauled away. About \$25,000 will be spent on the ash handling equipment.

Water softening equipment, to remove any scale forming ingredients from water for boiler use, will cost \$25,000.

Approximately \$30,000 is to be spent on control equipment for synchronizing the amount of water fuel and air that is fed to the boiler. This synchronizing is necessary to get the greatest efficiency from the boiler. Extremely heavy piping will be necessary for use with the boiler and the new turbine, and it is estimated the piping installation will amount to \$30,000.

Steam generated by the boiler will be conveyed to a new turbo-generating unit, costing \$140,000, contract for which was recently

Revival Church of Christ At Lelia Lake Aug. 18th

This is to announce a Revival at the Church of Christ of Lelia Lake which will begin Friday night, August 18th.

Elder C. McClung of Fort Worth will conduct the Revival which will last about ten days. The public is cordially invited to attend.

Hogs Must Not Run Loose Says City Marshal

City Marshal T. M. Pyle stated this morning that hogs must not be allowed to run at large within the city limits of Clarendon. He was all out of breath from chasing some hogs out of a lady's yard.

Hogs are not permitted to be kept in town if there is any complaint by neighbors.

WAKE UP YOUR LIVER BILE - Without Calomel

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas, bloating, your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

How to train BABY'S BOWELS

Babies, bottle-fed or breast-fed, with any tendency to be constipated, would thrive if they received daily half a teaspoonful of this old family doctor's prescription for the bowels.

That is one sure way to train tiny bowels to healthy regularity. To avoid the fretfulness, vomiting, crying, failure to gain, and other ills of constipated babies.

Dr. Caldwell's Syrup Pepsin is good for any baby. For this, you have the word of a famous doctor. Forty-seven years of practice taught him just what babies need to keep their little bowels active, regular; keep little bodies plump and healthy. For Dr. Caldwell specialized in the treatment of women and little ones. He attended over 3500 births without loss of one mother or one baby.

COUNTY SCHOOL NEWS

By Sloan Baker
County Supt. Schools

Chamberlain community is very proud of their new school building Speed Bros. Contractors are to be commended for the high class of workmanship put into the building. The trustees, Gilbert Mann, A. O. Hott and G. G. Reeves wish to thank the community and everyone concerned for the friendly cooperation shown. The contractors are laying the foundation for a four room brick teacherage which will complete the school plant. The school session began Monday. Mr. Clarence Jackson is principal, Mrs. Maud Crawford Mosley, intermediate teacher, and Miss Mary Sue Watters, primary. These teachers are very proud of the new building and equipment, and plan a very successful year.

Mr. George Kavanaugh is superintending the beautification of the school grounds at Martin. He plans to have most beautiful and serviceable school campus in Donley county.

Mr. Dave Waldron and Mrs. John Naylor started school at Sunnyview Monday. The trustees have leveled the grounds and repaired the equipment for the new term.

The school grounds at Fairview have been inclosed by a strong fence. The equipment is new and in good repair. The trustees and community expect a great school year. Mr. eGne Estlack and Miss Pickering expect a large attendance at Fairview this year.

Midway's New Consolidated school is being roofed this week. With the new teacherage which is planned the community will have an up-to-date school plant.

Bray, Ring, Pleasant Hill, and McKnight will meet at McKnight Thursday night to plan for a rural high school.

Donley county schools are to be complimented because of the teachers who have attended summer school or who attended regu-

Ed Carlson Will Be Taken To Mineral Wells

Friends were making arrangements this week to send Ed Carlson to Mineral Wells Friday for his health. Mr. Carlson has not been able to work for the past six months.

Ed has lived in this country so long that the old timers could not remember when he first hit these parts. He worked for several years as cook for the JA ranch and since moving to town has operated or worked in restaurants.

Friends are hoping that he will stay down at Mineral Wells long enough to regain his health. His familiar "how are you?" has been missed since his health broke.

Baptist Married Men's Class Defeat Single Boys

On a hotly contested soft ball game Wednesday afternoon the Young Married Men's Sunday School class of the Baptist church taught by Bro. Shepherd defeated the class composed of single boys taught by Mr. O. C. Watson by a score of 3 to 2.

The losers will have to entertain the winners by some form of entertainment.

Mr. and Mrs. Bernard Harvey and daughter visited his mother, Mrs. Monica Harvey the first part of this week.

Mr. and Mrs. R. C. Spitzer who have been visiting at the home of his parents, Mr. and Mrs. Wm Spitzer, are now living in Amarillo.

Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning Rin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

DOROTHY DARNIT!

By Charles McManus

BRICE (Velma Lemmons)

Little Misses Vada Fay and Patsy Ruth Holland have been on the sick list for the past few days. Patsy is some better at present and we are hoping that Vada Fay will soon be up playing again soon.

Mrs. George R. Dickson is still ill but is a great deal better than she was. We hope that she will soon be entirely well.

Mr. Joe Wood, wife, and sister spent last Friday in the home of Mr. Milton Evans and family.

Mr. Zack Salmon and family spent last Thursday with Mr. Star Johnson and family.

Mr. W. H. Lemons, wife and daughter Virginia spent Sunday in the home of Mr. Marcus McCray and family and had a most enjoyable time.

Brother Reed spent Sunday in the home of Mr. Zack Salmon and family.

We are sorry that Miss Frankie Smallwood has been on the sick list the last few days.

Mrs. Mammie Harrison, little daughter, and husband of Canyon, are spending a few weeks in the home of Mr. Henry Youngblood. Mrs. Harrison is Mr. Youngblood's daughter.

Mr. Dexter Todd, Haskell Lemons, Ralph McCray, Merle and Katherine Lemons spent Sunday in the home of Mr. W. H. Lemons.

Mr. Robert Holley of Ashtola spent Sunday in the home of Mr. C. J. Holland and family. Mrs. Fay Murrif and Mr. Barum and family were also there. Mr. Holley was in the home of Mr. W. H. Lemons Sunday night. They were very glad to have him.

We had our usual attendance at Sunday school Sunday and we hope it continues so. The revival is still going on. The young folks are enjoying their prayer meetings before the night service. They were very glad to have Robert Holley with them as he is such a good help. He led in our prayer service Monday night.

We had several visitors at singing Sunday afternoon. The singing

My wife coaxes two stray dogs home, hoping to get a reward.—H. R.

WHAT DOES YOUR WIFE DO?

was very good and everybody seemed to enjoy it.

Miss Susie Salmon spent Sunday with Miss Darleene Salmon.

Mr. Robert Holley and Mr. W. H. Lemons made a business trip to Memphis Monday afternoon.

The trustees of Brice went to Memphis last Thursday night to hear a state inspector of some sort talk on this school business.

Brice community is hoping that

they will have a good rain. Monday afternoon it is cloudy and thundering and we hope that it will not be a disappointment.

Keeping Hens in Individual Cages

Individual cages for laying hens, or laying batteries, according to E. B. Powell, manager of the 330 acre Experimental Farm of Purina Mills at Grays Summit, Missouri, are no longer in the experimental stage. Mr. Powell has been using laying batteries at the farm for several years.

"Laying batteries give excellent results," says Mr. Powell, "when a proper feeding and management

Courtesy: Educational Div. Purina Mills

program is followed. The old idea that the hen must be forced to take a large amount of exercise by feeding scratch grain in litter is obsolete."

IN THE SWEAT BYE AND BYE

Though it's true depression's ending, And our broken spirit's mending, Have you thought of how we're spending Wide and high?

Won't our bonded situation Be enough to sink the nation? How about the liquidation Bye and bye?

My belief and idle guess is That our U. S. printing presses Will gold bond us into messes Some sweet day;

Every day they're printing gold ones, Every day they're printing gold ones, Bonds for interest on the old ones, So they say!

Though I'm no financial wizard, I've a feeling in my gizzard We'll be sicker than a lizard With a chill;

Every bond and every debt 'll Put us in a pretty kettle On the day we have to settle, Which we will!

—Bristol New Era.

SUNNY VIEW (Mrs. A. M. Lanham)

We reported the school here beginning last Monday. We were in error. The school began this Monday morning with a full attendance. Supt. Sloan Baker was present and made a good talk.

Miss Eula Haley and Mr. and Mrs. A. P. Smith and family spent Sunday afternoon with Mr. and Mrs. Will Haley.

Mrs. Gene Whatley of Lelia Lake called on Mrs. R. A. Brame Friday afternoon.

Mr. and Mrs. A. M. Lanham spent a short time visiting Mr. and Mrs. M. C. Reid of Clarendon Sunday evening.

Mr. and Mrs. Floyd Parker and baby of Clarendon spent Saturday night and Sunday with Mr. and Mrs. Sam Roberts.

Mrs. A. M. Lanham called on Mrs. Cecil Beach Mohday afternoon.

Mr. Brame has a very sick horse at this time.

Miss Nannie Behrens is home from Claude where she has been visiting her sister, Mrs. T. T. Waggoner and family for the past month.

Miss Weta Haley is visiting friends in Amarillo this week.

Mr. and Mrs. Neal Bogard and family of Hudgins spent Sunday with Mr. and Mrs. Millard Starks.

Mr. and Mrs. Sam Roberts called on Mr. and Mrs. A. M. Lanham Friday afternoon.

Mr. and Mrs. A. M. Lanham were callers in the F. L. Behrens home Sunday afternoon.

Mrs. W. M. Riddle and Melton Flowers of Odell (old time neighbors) called on Mr. and Mrs. A. M. Lanham Tuesday morning. They are here visiting her brother.

NOTICE

The Board of Trustees of the Clarendon Independent School District will meet in the office of the First National Bank at 8:30 p. m., Saturday, August 19, 1933 for the purpose of adopting a budget for the Clarendon Public Schools and Junior College for the school year 1933-1934. All interested tax payers within said school districts are invited to be present to register their approval or disapproval of said budget.

By order of Board of Trustees this 12th day of August 1933. W. W. Taylor, Secretary.

CARD OF THANKS

Words fail us as we attempt to express unto our many friends our thanks and appreciation for their many words of sympathy and deeds of kindness extended to us at a time when our trouble is so great and our sorrow so hard to bear, brought on us by the death of our dear daughter, Mary Will, and as we go to our Heavenly Father in prayer you will always there be remembered and that His richest blessings may ever be upon you, and yours, will be the subject of our prayer.

Mr. and Mrs. J. F. Newman

Judge and Mrs. W. T. Link and daughter, Miss Joyce returned home Sunday from Throckmorton where they had visited the past week.

NAYLOR
(Mrs. R. Bowlin)
*** * * * ***

Naylor had the best get-together Saturday night at the home of Mr. and Mrs. Harvey Adam. Everyone enjoyed every minute and ice cream was served at just the right time, but the hour to say good bye came far too early. We say Mr. and Mrs. Adam, please let us come again soon.

Mr. and Mrs. J. W. Carnes and daughter of Shamrock spent mid week with J. W.'s sister Mr. and Mrs. A. E. Tidrow.

Mr. and Mrs. Felton Espy and family also their uncle Wylie Espy of North Port, Ala. are visiting Fetton's mother, Mrs. Jane Espy.

Mr. and Mrs. Lonis Fields and sons also Miss Bettye Austin of Amarillo spent weekend with Misses Minnie, Lou and Ava Naylor.

Mr. and Mrs. T. R. Broun of Clarendon called Sunday afternoon on Mr. and Mrs. W. M. Pickering, also on Mr. and Mrs. Rich Bowlin.

Mr. and Mrs. A. E. Tidrow attended church services at Lelia Lake Sunday and were dinner guests of their daughter, Mr. and Mrs. Dee Crites.

Mrs. Jim Bell of Bray sponsored a crowd of Bray young folks Sunday to visit our Sunday school where they enjoyed a picnic dinner at Naylor Springs. Mr. and Mrs. K. C. Reed and family, their dinner guests.

Miss Ethel Ball of Bray is house guest this week of Miss Ethel Robinson.

Leroy Tidrow left Monday for Cooper to visit relatives for the next two weeks.

Mr. and Mrs. T. E. Naylor and sons also Louis Fields and son Jr. of Amarillo called at the Pickering home Sunday afternoon also at the Rich Bowlin home.

Miss Fay Frost of Bray spent week end with Miss Ethel Robinson.

Our school opened Monday and seemed glad to be together once more. Visitors present were Supt. Sloan Baker of Clarendon, the trustees, K. C. Reed, Tom Bain, and Carl Naylor; patrons, Mr. and Mrs. R. E. Beach and Slzey Kidd.

The singing club had another good singing Sunday night.

Misses Minnie, Lou and Ava Naylor and their guests from Amarillo Mrs. Louis Fields and Miss Bettye Austin visited Mr. and Mrs. Rich Bowlin Sunday afternoon.

TO THE
OLD TIME COW PUNCHERS:

Amarillo, Texas, August, 1933.

The twelfth Annual Old Time Cow Punchers' Round-Up on the T-Anchor Range, will be held Thursday August 31, at Wragge's Park, one mile north of Canyon on the Amarillo-Canyon Highway.

Every person who punched cattle or worked on a ranch on or before December 31, 1895, his wife and children and their wives or husbands or the widow of a deceased member are eligible to attend, but please leave the grand children at home.

On account of the uncertainty of knowing how many would attend an expensive barbecue, the management has decided to hold a "Basket Picnic" instead. We tried this out last year and it was voted a great success.

Every family is requested to bring a basket of "Grub" and a little extra to take care of the old bachelors.

We will furnish buns and coffee for everyone. If you have any tin cups bring them along.

THIS IS NOT A FAMILY PICNIC.

This Association was Organized for the purpose of the Old Time Cow Boys meeting Old Time Buddies and "harking" back to the early day when they rode the range together.

The grounds will be open the night before and all who wish to come and camp may do so.

Yours truly,
JOHN ANNOT, President
1409 Lincoln St., Amarillo, Texas

MISS LAURA V. HAMNER, Secy.

A successful revival meeting conducted by Rev. Shepherd of Clarendon closed Sunday morning with six additions to the church. The baptizing was held on the Elmore creek Sunday afternoon at 2:30 o'clock.

Mr. and Mrs. Joe Thomas and family of Clarendon spent Saturday night and Sunday with friends and relatives here.

Mrs. Mattie Hudson of Chamberlain is spending this week with Mr. and Mrs. Clyde Hudson and Mr. and Mrs. W. C. Veazy.

Mr. and Mrs. C. E. Mixon and family were dinner guests in the home of Mr. and Mrs. Doc Garrett and family of Shamrock Sunday. The dinner was given in honor of

Mr. Nixon's birthday.

Granville McAnear returned home Saturday after a visit in Okla. City.

Mr. and Mrs. Roy Stewart and son, Gilbert, spent Saturday night in the home of Mr. and Mrs. H. M. Stewart and family.

Mr. and Mrs. Fred McAnear and family also Robert Lee Kerbow of Brice visited with Mr. and Mrs. Ned Scaff of McLean Sunday. Mrs. Scaff returned home with them for a week's visit.

Mr. and Mrs. Arville Smith of Shamrock were visitors here Friday and Friday night.

Mrs. Howard Stewart of Chamberlain is visiting her parents, Mr. and Mrs. John Rhodes and family this week.

Those that attended the church of Christ at Clarendon Sunday night were Mr. and Mrs. H. M. Stewart, Mr. and Mrs. Murphy Brock, Misses Bertie and Uva Stewart, Velma Morgan, Hazel Dyer, J. D. Hendrix, R. V. Hatley and Leonidas Elmore.

Mr. and Mrs. Edd Wheeler visited friends at Clarendon Sunday.

Mr. and Mrs. Odell Mantooth and small daughter, Lynna Dell is visiting his parents, Mr. and Mrs. R. Mantooth and family of McLean. James McAnear is spending this week with relatives at McLean.

HOW TO AVOID CALF SCOURS

Slow growth and death losses in calves because of scours can be overcome readily by proper feeding methods. That has been definitely proven by nearly three years of investigation at the Purina Mills Experiment Farm, in which no trouble from scours was experienced after the milk was removed and the calves placed entirely on a calf meal pressed into cubes or checkers.

Dairymen do not need to be told that calves which run with their dams do better than those which are fed from the bucket. One of the main reasons for this, dairy specialists say, is that the calf prefers to feed itself many times a day. Its stomach is never overloaded and it is never hungry for long periods of time.

In feeding calf checkers this preference for frequent eating is satisfied. The cubes or checkers are left before the calf constantly. The calf helps itself whenever it feels hungry, so that the method is much the same as letting it suck the cow. Of course, the checkers must be made of the right ingredients in the proper proportions to meet the requirements of the growing calf.

The checkers, in which are concentrated all needed nutrients, are hard so that the calves can crunch and chew on them, a practice they seem thoroughly to enjoy. Dry feeding also eliminates buckets, which frequently spread diseases and scours. Temperature differences, which are one of the principal causes of scours in bucket-fed calves, are avoided. Most dairymen have found that even extreme care and cleanliness will not prevent scours when liquids are fed. Nor do these calf meal checkers cause scours by becoming soggy, caked or sour, as powdered milk and loose rations often do.

"There are scientific reasons why the new way of calf feeding develops better young stock," says Dr. Smith, head of the Research Division at Purina Experiment Farms. "Chewing the hard calf checkers starts the flow of saliva in the mouth, mixes it with the food, and lessens the work of the stomach."

THE LIFE OF A CAR DEPENDS GREATLY UPON YOUR MECHANICS

Yes It Does

Very few owners give an automobile the attention they should. There is but one result—rapid deterioration. Once a car is on the down grade it is difficult to stop it unless you take it to a competent mechanic.

We repair many cars of all makes, and the owners are always satisfied. Without blowing our own horns, we wish to say with due modesty that we are—

COMPETENT MECHANICS

When The Argument Is Ended - - - -

Some one will have to repair that smashed fender—don't take it to any repair shop just because it's handy. Cool off—then recollect that Finis Harp's Auto Hospital—your repair shop—does the most satisfactory—and least expensive repair work.

Of course, it isn't necessary to wait for a smash-up to establish a need for our service. General overhauls are as necessary to your car as your own semi-annual trip to the dentist. Get our low bid on life-extension for your automobile.

NOTICE

To our friends and customers:-

This will advise you that on Sept. 1st, 1933 our rates on Mutual Policies, especially the older classes, will be materially increased on all new business written on and after that date. This is in compliance with the new Texas laws recently passed by the last legislature. We have until that time to use the present rates, which are most reasonable, so if you are contemplating buying insurance soon, please see us before that time.

Very truly,
J. A. WARREN, Agent.
