City Dads Announce Street Traffic Laws

Maximum Fine for Violation Is \$100. Speed, Parking, Street Signals

"Be a good citizen; obey the law," will become a watchword in Clarendon now that the City Commission has acceded to the demands of citizens that traffic laws be passed and then enforced for the protection of the public in general.

A full text of the ordinance appears in this issue of the Leader. Read it. It may save you a fine since "ignorance of the law excuses no one."

The speed limit is 20 miles an hour within the corporate limits.

Stop at stop signals. That means a stop, and not a slackened pace, so states one of the enforcement officers. If the signal says "stop," it means that and nothing else. The auto must come to a full stop.

Slow down at slow signals. Bring the car to a speed of 10 miles an hour or less when passing the slow signals, we are advised.

It is now a violation of this ordinance to park a motor vehicle more than 20 feet in length on the main street, Kearney, anywhere from First street intersection to Fourth street intersection. The measurement may include the load, or a trailer if one is attached.

Highway 5 is located on Second street. It is now a fineable offense to park on that street in any manner except parallel with the curb.

"No center parking on any street within the fire limits," reads the ordinance. That means that autos shall be left at the curb if one cares to do so rather than lay down a sum of money anywhere up to one hundred hard earned plunks.

The city authorities have been besieged for some time by citizens who rebel at the thoughts of accidents, and perhaps death under auto wheels. Then again, some mornings it is said that long trucks stick out from the curb, and this with two cars parked in the street, simply does not leave room for passage of any other cars.

Present conditions are due to the negligence of both city authorities and our citizens. No special one is at fault, but we are all at fault in not providing protection needed, and such protection as is provided in most every other town. Again, "be a good citizen; obey the law."

4 Narrowly Escape Death In Collision

Just as the truck driven by Leslie Pickering had crossed the narrow bridge on the detour north of Goodnight about 10:30 Friday forenoon, a coupe driven by a traveling man struck the left side of the truck. The truck turned upside down in the barrow pit.

In the truck with young Pickering were two youths, Leonard Walker and Tom Pierce, all of the Midway community. Immediately behind the truck came W. M. Pickering and Mr. Walker, fathers of two of the boys pinned beneath the truck.

While the top of the truck was demolished, the bed torn up and the front portions bent and sprung and radiator smashed, the boys were pulled from under the debris with only minor injuries. Leslie Pickering was skinned down the left thigh and a piece of the windshield was sticking in his left cheek. The other youths were bruised.

The boys were rushed to Clarendon for medical aid, but needed little. The party in the car was unhurt, but his front wheel and fenders on the left side were smashed.

Presiding Elder to Preach At Goldston Sunday

Announcement is made that Presiding Elder T. S. Barcus will preach at the Goldston school next Sunday at the 11 o'clock hour.

Rev. Barcus is one of the most talented ministers of the Methodist denomination in the Panhandle.

Carroll Home Is Destroyed By Fire

One of Clarendon's most noted landmarks went up in smoke early last night when sparks from a grass fire are said to have started the blaze on the south side of the imposing Carroll home on the hill west of town.

The building was erected for Dr. T. W. Carroll about 1902. At that time it is said to have been the most beautiful home in town. The building since the doctor's death some years ago, has continued to be owned by the family. Mrs. Carroll resided in Long Beach, California for the past six years.

Mr. and Mrs. Bill Carroll had gone to the home late in the afternoon, and burned some grass in the yard. It is believed that sparks from the yard caused the blaze.

The building carried no insurance. Aside from the loss of the building, expensive furniture, china and cut glass stored in the upper rooms brings the loss to several thousand dollars, according to a statement of a relative of Mrs. Carroll today.

Firemen reached the scene of the blaze on record time, but were unable to make any headway due to the numerous small rooms in the second story.

Trench Silo Is Opened On Claude Bain Farm

During the fall of the year a trench silo demonstration was held on the Claude Bain farm ten miles north of Hedley. The trench filled with 115 tons of silage which was cut to a very small size and stored in the trench.

This silo was opened last week and Mr. Bain reports that it is in fine shape and will be glad for any one to visit his farm and see the results of the silo. He is feeding steers at the present time and reports that the steers are very fond of the silage and the feed is fine. Visitors are invited to visit this silo demonstration and be convinced of the importance of the trench silo.

Dick Bain Attends Safety Meeting at Wichita

Among those to take a part in the safety contest conducted at Wichita Falls the 12th, was J. R. Bain, local distributor for the Panhandle refining products here.

The marketing division, of which he was a member, was awarded the silver loving cup.

Hundreds of Acres Terraced In Donley

During the last week and up to and including today there were eight farms terraced for a total of 1189 acres of land. Most of the farmers intend to use the county machinery to put up their terraces. There is great number on the waiting list to have their farms terraced and it is estimated that this year will be one of the greatest terracing years in the history of Donley county.

Terracing is no longer an experimental proposition but is a proved fact and the question now is to get all of the farms terraced as quickly as possible. Terracing combined with strip cropping is one of the best ways to prevent soil erosion and preserve the moisture and is urged that in the coming years the farmers try strip cropping. All of these means combined will help to hold the soil and preserve our farms that have been moving from us in the last few years.

McClesky Recovering From Auto Accident

While returning to Memphis Monday of last week, where he is employed in a bank, Geo. H. McClesky had the misfortune to become principal in an auto accident to the extent of receiving most of the injuries.

He was taken to Memphis where he has been confined to his room suffering from strains, wrenches and slight lacerations. Mrs. McClesky stated Tuesday that he was slowly recovering.

Clarendon Schools May Be Discontinued

School Board Says Taxes Are Not Being Paid Any More Than Last Year

The letter printed below was given the Leader with a request to give it publicity. The contents of the letter is self-explanatory.

To The Patrons of The Clarendon Independent School:

The Board of Trustees of the Clarendon Independent School District wish every patron of the entire school to read this letter through. If you could be shown by facts that are indisputable, that the Clarendon schools will close at the end of six and one-half months school term, would you be interested in knowing why? If you would be, then read this letter and act upon the suggestion made herein.

There is approximately \$45,000.00 worth of delinquent taxes. The 1935 taxes are not being paid any better than they were in 1934. With these facts before us and with no hopes of receiving any Federal Aid or outside help, the School Board sees no other alternative than that the school will have to be closed at the end of six and one-half months, unless the 1935 taxes are paid in full and a large amount of the delinquent taxes are paid. It is not sufficient that the 1935 taxes alone be paid. They must be paid and in addition to them, delinquent taxes must be paid.

If the school closes by reason of the tax payers failing to pay their taxes, you know of many inconveniences and much disappointment, but probably you do not know that if the schools have to close short of a nine months term, that all of the affiliation of our High School is lost, and that means that there will be no graduating class this year and that the classes hereafter graduating must take entrance examinations before they are permitted to enter other schools. It also means that the Junior College, in all probability will be permanently lost, never to be opened again. The School Board has been so advised, and on such information believes these to be facts.

This letter can be considered in different ways by you. It can be ignored; it can be scoffed at; or it can be considered in the class of the old, old story of wolf! wolf! but you are invited to make inquiry and to verify the facts above stated, and if you are interested in the schooling of your children, then act. If you cannot pay all of your taxes, pay part of them. Partial payments will be received, and you will receive credit for any payment made.

Trusting you will work with us in this most urgent situation, we beg to remain Yours truly,
Clarendon Independent School District Board of Trustees.

Mother-Daughter Affair Is February 13th

The annual Mother-Daughter banquet will be held February 13th, the usual custom being followed as to date.

A portion of the public has been under the impression that the cannery has been closed. It has not been closed and is open from 8 A. M. until 2 P. M. The producer gets 60 per cent and the cannery 40 per cent. The cannery will be glad to have the public bring in their products to be canned.

All Classes Protest Jones On Farm Deal

Stirred to action following the death of the AAA, petitions have been circulated and freely signed urging Congressman Marvin Jones to use all the influence possible to afford relief at the earliest possible moment.

Mr. Jones is chairman of the congressional agricultural committee, and has all along had much to do with shaping the plans for the relief of agriculture.

A petition circulated by Edwin Baley netted 205 names. Mr. Baley stated that 90 percent of all classes signed the petition. He was assisted in the circulation of the petition by Nollie Simmons.

Jack Bailey also circulated a petition which was signed by 45 of his neighbors.

Petitions were also circulated from Lelia Lake and Hedley. All classes, trades and professions were represented in signing the petitions assuring a sympathetic understanding of the local situation.

The petitions were sent to Washington by air mail, Mr. Baley stated.

Important Announcement

Fifteen More Days To Pay Poll Taxes

Despite the fact that elections will be held this year to select officials from constable to president, only 389 poll taxes had been paid up to last night out of a possible 2,500.

Twenty-one new voters had filed for exemption certificates.

All persons who become 21 years of age since January 1, 1935, or who will become 21 before election, will be allowed a free vote under the laws of this state, provided they file for exemption certificates at the office of the tax assessor-collector, Joe Bownds.

Overs, persons over 60 years of age, need not apply for exemption certificates.

Never before in the history of the nation will a voting privilege be worth more than this year. Many county and state races will be close. As the campaign warms up, the voter will appreciate his privilege, and those not qualified will regret it many times over.

The price of the poll tax is \$1.75. That is too much most people think, but it has to be paid under our state law. January 31st is the dead line. All those who expect to pay a poll tax are urged to do so not to avoid the grand rush that occurs at the last minute each year.

The high man of the contest was J. D. Back of McLean. E. Palmer of Quail and D. Devins of Tullia were second and third high men in the contest.

Annual C-C Banquet Will Be January 27

While complete plans have not been made for the annual Chamber of Commerce banquet to be held here Monday night of January 27th it is a settled fact that a prominent speaker has been obtained.

The speaker will be H. H. Finnell supervisor of soil erosion and conservation work in Texas, Oklahoma, New Mexico and Colorado. Since soil protection is upper most in the minds of our Panhandle citizens, and the federal government is to spend millions in the three states putting over the plans, Mr. Finnell will be heard with a great deal of interest.

The plate charges will be nominal as usual, and the affair will be held in the basement of the Christian church, it is announced.

Bronchos Lose Basketball Game at Memphis

The Bronchos engaged the Memphis black and gold basketball team in the gymnasium at Memphis at 7:30 Wednesday evening.

The final score stood 27 to 31 in favor of the Memphis team.

Donley County Calf Show Is March 7th

Approximately twenty-five baby beef calves will be shown in Clarendon on Saturday the seventh of March. These calves are composed of 4-H club calves and FFA calves. The place where the show will be held has not been definitely decided but will be announced in the next issue of the Leader.

Prizes will be awarded for the best calves in the county. These details are being worked out now by the show committees.

The show will be held all day and then the calves will be loaded in the evening and go on to the Amarillo fat stock show, where they will be sold to the highest bidders. The calves will also be judged at Amarillo and premiums given on the best calves.

Persons having any other kind of livestock will be permitted to show it but prizes will only be given to the boys who have the calves entered. Several farmers and ranchers have already agreed to bring in some of their best stock to be on display the day of the show.

Judges will be out of the county judges who are not known to any of the parties with calves in the show.

It will be announced at a later date as to where the show will be held and the amount given for each prize. This show is only the beginning of an annual fat stock show that will be held in Donley county each year before the Amarillo show. It is being planned to have at least fifty calves in the show for 1937 and in this make the show become something of importance to the county. This is the first show so every one should get behind it and make the boys feel good and give them encouragement for the next year so that the show will be bigger and better.

A swine show will be held later in the season, according to county agent H. M. Breedlove, who states that Donley county has a number of the best hogs in the Panhandle.

Goldston Pie Supper To Be Friday Nite

The folks out at the Goldston school need some help about getting their basketball games going just right, or like they think they should. Funds are lacking, natural enough, it's that way most places.

In order to overcome the deficit in the treasury, the good women—and girls too—of that community have agreed to cook pies which will be sold at the school Friday night of this week.

To make it worth while for the public to get out for the affair, a short play will be presented, music and other attractions will make up for what some might mistakenly call a dull evening.

No better cooks exist anywhere than in good old Donley county. When it comes to pie-making, boy, howdy! If you are looking for harmless amusement, a neighborly chat, and a fill of good pies, get over to the Goldston school building Friday evening.

Large Crowds Attend Gospel Meeting at Lelia Lake

The meeting conducted by Mr. Rolfe Wagner and sponsored by the Church of Christ, Lelia Lake, is attended by large crowds. Bro. Wagner is a capable and fearless defender of the faith, and an interesting speaker. You will not be disappointed for having gone to hear him. The meeting will continue through next Sunday, Jan. 19th. Bro. Wagner announces the following subjects to be considered during the remaining portion of the meeting.

Thursday evening—"God's unchangeable laws."
Friday evening—"Along journey on the wrong road" or "Why I left the Methodist church."
Saturday evening—"Excuses."
Sunday morning—"Walking with God."
Sunday evening—"Individual responsibility unto God."

A cordial welcome is extended to all.

TEXAS PLANS BOARD GETS RESULTS.

The Texas planning board and the state parks board have brought to Texas so far about \$100 for every \$1 spent by the state on them and for their operations.

The planning board has secured definite action upon a mineral resources statewide survey to cost nearly half a million dollars. Its main expense has been the few months of salary of a Washington representative, first Col. Paul Wakefield, then Former Secretary of State Gerald C. Mann.

The parks board, which operated for a decade without any state appropriation, and has received only a few thousand since for its own maintenance, sponsored and secured

about 65 emergency conservation works park development camps for the state, large sums for planning park programs and improvement of the large parks such as Palo Duro, Davis Mountains and Big Bend. In addition, it has secured without cost, about 30,000 acres of state lands for park development purposes.

W. W. "Hick" Holcomb, former newspaper man of Dumas and Dimmit, is private secretary to Mr. Mann in Washington. He was chief clerk in the office of the secretary of state at Austin, before Mr. Mann resigned to accept the appointment at Washington. The two have done team work, and have made a fine record that is appreciated by all our state.

AUSTIN WRITER "INVENTORIES" CANDIDATE.

Commenting on the candidacy of Roy Sanderford, Julian Capers has the following comment to offer:

"So Mr. Ferguson has changed his strategy. He has entered State Sen. Roy Sanderford, of Belton, in the governor's race against Mr. Allred. Mr. Sanderford frankly admits in his platform that he favors abolition of state ad valorem taxes, and a 3 per cent sales tax in its stead. Mr. Sanderford emerged from the obscurity of an automobile agency in Belton during the hey-day of Mr. Ferguson's power in that county, as a state senator. Then, two years ago, he managed the campaign of Charlie McDonald, upon whom Mr. Ferguson sought to drop his mantle as the state political head man. But Mr. Ferguson believes that Sen. Sanderford, who is fairly accomplished as a disciple of the Ferguson "pour it on" technique, may be able to divert public attention from the sales tax issue to Mr. Allred's habit of attending barbecues, rodeos, county fairs and other politico-social events at frequent intervals; or to his belief in prohibition; or to his difficulty in persuading a recalcitrant legislature to do the things he tells them to do; or to anything, in fact, but the fact that every man who buys a loaf of bread or a bottle of milk for his children must pay a sales tax on these articles, and every hamburger stand in the state must become a tax collector, under Mr. Ferguson's sales tax scheme."

Mrs. R. S. Moss is recuperating at St. Anthony's hospital, in her home here after a minor operation at Amarillo, last week.

Students Select Their Texas Hero in Recent Vote

Denton, Jan. 14.—Stephen F. Austin was selected the most outstanding figure in Texas history by high school students throughout the state following a recent poll conducted by Texas State College for Women (CIA). Sam Houston ranked second and David Crockett, third.

The nine other famous Texans who lead in the balloting and who will be included in the original Texas Hall of Fame, which is being established at the college, include Moses Austin, James Bowie, James W. Fannin, James Hogg, Mirabeau Lamar, Robert LaSalle, Ben F. Milam, Deaf Smith, and William Travis.

In the near future the college will attempt to secure portraits of these twelve Texas heroes, and later on when funds are available busts will be obtained. These will be placed in the college library.

Four hundred and fifty-two high schools of the state participated in the project. Two ballots were submitted, the final one containing the names of thirty-nine outstanding Texans.

"Identity of the N. T. Church" Article II

It may be well to mention here that the Bible Church is not a denomination. No denomination contains all the saved, hence it is too small to be the Church in the general sense; neither is any denomination restricted to one congregation or locality. Therefore it is too large to be the Church in a local sense.

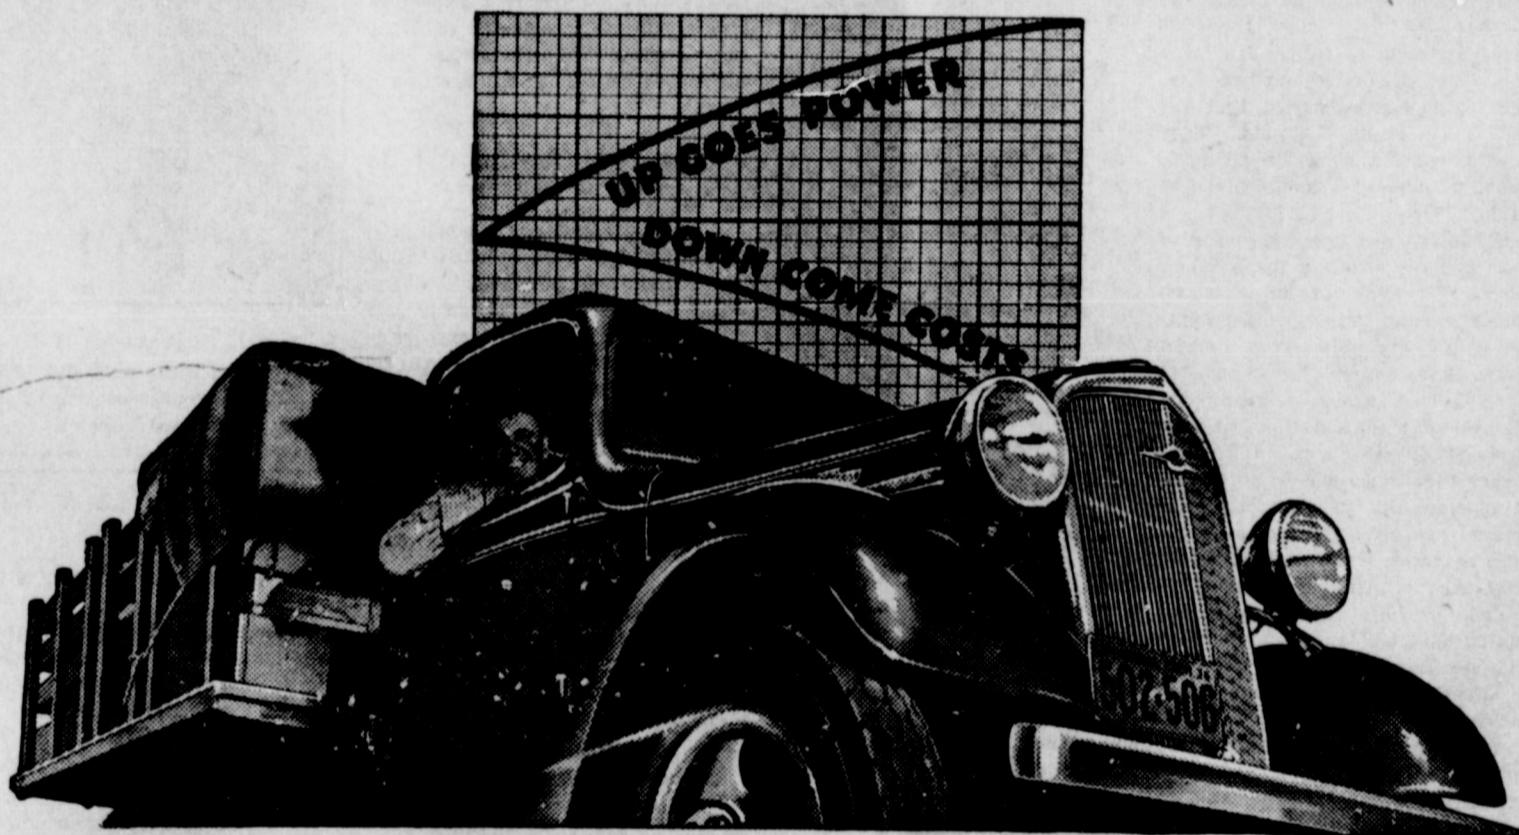

Again, the church of the Bible existed before the birth of denominations, so also can it exist today without them. A man can be saved and go to heaven without ever being a member of a denomination at all, so we inquire, "what use are they?" If they are not an important figure in the eternal destiny of man then it is better that they be eliminated, for it is obvious that they generate confusion and division.

Suppose a union meeting is held by four preachers of different sects which we shall call A, B, C, and D. One hundred people are reported as having responded to the gospel urge. If they are saved, the Lord added them to the Church we read about in the N. T.—(Acts 2:47), and they are Christians, so why be more? If 25 of them decide to join the A-church, then they have done something more than God authorized. (I Cor. 4:6b) If another 25 join the B-church, and 25 more join the C-church, they too have become something more than just Christians. If the remaining 25 go ahead and worship as it is written, and join no church, take upon themselves no name but Christ, adopt no creed but Christ, use no book of disciples but the Bible, then is this not sufficient since God has added them to the church? And too, if all the other 75 had adopted this method, would there have been a division among them? Certainly not! But they are divided, and who is responsible? Are those who did nothing that God had not authorized, responsible? No, of course not! But those who have overstepped the command of God are guilty, of generation division, because they have "joined" a denomination. I conclude therefore that the Church of the N. T. is not a denomination; and that denominations are responsible for division. (to be continued)

TEMPLE OF TRUTH
By the Apostle

Jim Ferguson announces in his Forum, last issue, that he favors state senator Roy Sanderford as a candidate for the governorship in the mild (?) campaign that is about to ensue. This comes as a surprise as the matter has not been mentioned before outside the dailies and "Farmer" Jim's Forum for the past six months. The fact that Ferguson is against Alfred may be readily figured out by the average person in three days with a favorable wind and proper lubrication.

One advantage in the \$50 Jackson Day dinners is that it will eliminate all the argumentative curbstone democrats, and also put five dollars in the national party treasury.

never meant strong bodies and alert minds. Being bumped against the jagged edge of adversities is not by any means a liability. Being able to pick out the advantages is the biggest asset of every experience.

It is just as honorable to be honest in politics as in any other walk of life. But so long as the voters don't give a rap, it isn't necessary.

Of all the calendars coming to me this new year, nothing quite equals the beautiful "homey" picture of the Dionne quintuplets sent me by Fred M. West of Carlsbad.

An Amarillo pupil who had never been in the country before, was being shown through the zoo. A bright youth of 15 years and a high school senior, he was making a list of the birds as the teacher explained the names, origins, habits, etc. "Now this nervous little fellow is a skylark," she said. The pupil looked up in wonderment and blurted out: "Hell, I thought a skylark was a cocktail party on an airplane!"

A poll tax costs \$1.75 in this state, but it will be worth it in voting "aga-inst" some one you know will be on the list. January is the last month in which to get a legal poll tax. Do it now!

The religious inclined who recall "Look not upon wine when it is red," may yet fall back on "white mule."

He lived a very simple life, didn't drink or smoke or chew; he never deigned to take a wife, for girls were all taboo. He didn't stay out late at night; didn't gamble, dance or swear; disdained temptations and delight, and theatres could not bear. Oh yes; he said "gosh" now and then, and sometimes "dern"—no more. He lived to be one hundred ten—What for? we ask, what for?

"Well, the eldest is a senator, and the second is also a half-wit. The third has a Croix de Guerre. The fourth wasn't in France either. The 5th is a banker, and the youngest occupies a cell next to him. All are doing well in permanent locations."

Children's Colds Should Have This Safe Treatment

Young Mothers Benefit from Two Generations' Proof of This External Treatment For Fighting Colds.

IT AVOIDS CONSTANT "DOSING"

There's nothing like a child's cold to upset a young mother. And mothers of two generations, anxious to help end colds, have depended on Vicks VapoRub. It is effective—external—and safe. It avoids the risks of constant "dosing," so often upsetting to children's delicate digestions. Just rubbed on throat and chest at bedtime, VapoRub acts two ways at once:

1. By stimulation through the skin, like a poultice or plaster—
2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to inflamed air-passages.

Continuing through the night, this combined vapor-poultice action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion.

A Practical Guide for Mothers
Each year, more and more families are being helped to fewer colds and shorter colds by Vicks Plan for Better Control of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions. Full details of the Plan in each package of Vicks VapoRub.

W. G. Word Announces For Re-election

The Leader is authorized to announce the candidacy of W. G. "Bill" Word this week for re-election to the office of county clerk. Mr. Word wishes to thank the voters for every consideration shown him in the past. He has done his best to conduct the office in such a manner as to merit the approval of the voters of the county. He feels that he is thoroughly familiar with the work of the office, and that he can render the kind of service that every citizen has a right to expect. He will appreciate the vote and influence of any citizen of the county.

To The Voters of Donley County

For approximately three years I have served you as County Judge as best I could. In announcing for another term I do not do so assuming the attitude that the office belongs to me. The office still belongs to the people, I am merely asking their consideration. As regards the financial side of county affairs I believe in treating it most economically. As regards what might be termed the "Law Enforcement" side I feel that my views are reasonably well known by the people of this county. I respectfully ask consideration at the hands of the voting public in the summer Primary. Very truly yours
S. W. Lowe

Mr. and Mrs. Charles Didway announce the birth of a daughter, Jessie Charline, on December 31st. Mrs. Didway was formerly Miss Zula Bain of Clarendon, and Mr. Didway was an employee of the News.

Mrs. Thompson Announces For Office County Treasurer

This issue of the Leader carries the announcement of Mrs. Curtis E. Thompson, for the Democratic Nomination for county treasurer of Donley County. Mrs. Thompson is the widow of Curtis E. Thompson, deceased, who was for some years prior to his death, county attorney and a practicing lawyer at Clarendon. She came to Clarendon in the fall of the year, 1920, and Donley county has been her home since. Mrs. Thompson plans to see all the voters before the democratic primary, and will deeply appreciate any consideration shown her candidacy.

Joe Bownds Asks For Second Term of Office

After serving as Deputy Tax Collector for six years, and as assessor and collector in the office a part of his first elected term, Joe Bownds feels like he is better qualified to serve the people of Donley County better than ever before. He further feels like he needs the office, or would not ask for it. He invites an inspection of his work at any time, and assures the voters that he will give them his very best effort, and undivided attention if re-elected. "The best way to express appreciation is in faithful service," he says. Price Shannon left the first of the week for Ft. Warren, Wyoming after spending his furlough period here and at San Antonio. Mr. and Mrs. Sloan Baker and children visited his sister and family, Mr. and Mrs. Vivian Wilkerson and daughter of four months, little Miss Caroline Vivian, of Miami.

Guy Pierce is Candidate For Re-election

In announcing for Sheriff again, I first want to thank the people of Donley County for everything you have done for me; for the cooperation you have given me in law enforcement. Without cooperation no Sheriff can make an officer. I have tried hard to merit that confidence, I am asking for the office again on two things—have I made you a Sheriff; am I now making you a sheriff? If so, I am asking your support. If you do not think that I am or have, vote for someone else—that is your duty. I believe in a person holding office by what he is now, not what he is going to do. The sheriff's office should be filled by a man that lives what he preaches. If you think I do that, I want your vote and support. I have been in office just long enough to just begin to learn how to be a sheriff. No man can make an officer in a short time. Why does the Federal Government and the various states train and keep their officers? Because the more training and experience they have, the more efficient they become. If they do not they are fired. That is what I am asking for office again. Am I making you a sheriff. Please do not think you can get in the sheriff's office and make a lot of money in a short time and get out. There is a living in the office and no more. Why then would you want to put an inexperienced man in office? Just for a change. If there is anybody in the county that cares to look in to any record regarding the sheriff's office since I have been in office, I would be glad to have them do so. If I can't show a 40 to 50 per cent saving covering a period of several years I will withdraw my candidacy. So I am asking the voters of Don-

ley County to consider and let their conscience be their guide. I will more than appreciate your support in the coming election and will keep on in the future with what experience I have had to make you a better sheriff. Thank you,
Guy Pierce
Sheriff, Donley County, Texas.

Tender Tale Transferred to Screen with Warmth and Understanding

The delicate tracery of Eugene O'Neill's drama with its poignant humanness, its down-to-earth simplicity, and its dynamic dramatic power is vividly caught on the talking screen in "Ah Wilderness!" Metro-Goldwyn-Mayer's film transcripion of the great stage success, playing at the Pastime Theatre, Sunday and Monday the 19-20th. Acclaimed on the stage where it was played both by George M. Cohan and the late Will Rogers, the film version now adds the lavish scope of screen production to the dramatic story. Its location scenes in the quaint New England town of Grafton, Mass., its charming home sequences, and its camera effects add a sense of reality that only the talking screen could achieve. Wallace Beery plays one of the greatest roles he has ever given pictures as the ineffective, alcoholic but lovable Uncle Sid, running the gamut from comedy to poignant tragedy with Aline MacMahon, who plays the spinster aunt who loves but cannot marry him. Lionel Barrymore, in the role played by Cohan and Rogers, gives a performance that rivals his famous delineation in "A Free Soul." childish comedy. Charles Grapewin, Frank Albertson, Edward Nugent, Bonita Granville and Helen Flint are excellent in supporting roles.

O'Neill's story deals with an American family of 1906, with the young son in the throes of his first love affair, with its transports and despair. This is compared with the mature romance of the spinster aunt and shiftless uncle, and the steadfast love of the parents.

The boy's ineffectual urge to do something important, which involves him with a sinister charm; the coming to the rescue by the father, and the varied human theme make it a living, vital chronicle of American life.

INTERESTING FACTS REGARDING TEXAS HISTORY IN AN EARLY EXCITING EPOCH

The constantly increasing control of individual and corporation rights by the Federal government is a subject of bitter discussion at present. Spanish Texans were so accustomed to their paternalistic form of government, that they took government control of public health, medical treatment, and hospitalization, as a matter of daily routine. Records in the Bexar Archives of The University of Texas show that the health of Spaniards in Texas received considerable government attention. On April 13, 1804, for instance, the

king issued a royal order giving instructions for the safe performance of the Caesarian operation. A few years later another royal order was circulated explaining the method of preventing infantile paralysis. The dreaded scourge of World War days--Spanish influenza--was not unknown in Spanish Texas days. On March 21, 1808, the comandant General wrote the Governor of Texas: "I have read in your letter that there is an epidemic of influenza in that town. Consequently I am hereby advising you to order Doctor Jayme Gurza

to draw up a simple method for checking the spread of the epidemic to other towns." By April 18, 1808, the epidemic had been completely controlled.

Since there was only one army hospital in Texas and no civilian institutions of that nature, on April 17, 1809, the Comandant General issued a command permitting civilians to be taken to the squalid army hospital, where the mattresses on the forty cots were not changed until they rotted away.

The Comandant General was ever watchful for any danger to his subjects. On June 22, 1809, for instance, he wrote the Governor of Texas, saying, "Since it has been learned that bubonic plague is at present destroying the city of Vera Cruz, I am hereby warning Your Lordship to issue the strictest orders to the effect that any ship coming from that part to the coast of Texas is to be quarantined and no person or article allowed to land." On July 6, 1809, the comandant at Trinidad reported that his tropas were suffering bilious fevers and that there were "no soldiers available for service." The Governor sent Don Pedro Lartigue, a physician to Trinidad, and advised the comandant: "As soon as the settlers recover, you must try to clear the settlement of trees. I

IT'S TRUE!

By Wiley Padan

"IT'S TRUE! that the madcap Marx Brothers started the fireworks for their latest laugh riot by interviewing fifteen band directors, just to find one that couldn't read music for a scene in their new Metro-Goldwyn-Mayer comedy 'A Night at the Opera'." says artist Wiley Padan. "Also, IT'S TRUE! that this grand opera of grand gags' has the unique distinction of being the first film ever previewed on the stage! To test the humorous situations, the Marx Brothers toured coast theatres for six

Showing at Pastime Theatre, Wed. & Thur. January 22-23rd.

attribute to this cause the fever which is prevalent there." Physicians and surgeons were extremely scarce in Texas. There was usually a midwife, who was compelled by law to post a large sign over her door, to take care of women's afflictions. Men generally had to rely on Don Jayme Gurza, or his assistant, the only doctors in Texas. Sometimes the barber was summoned to bleed or operate on someone. When no one else could be found, the Spaniards appealed to an Indian medicine man. There is recorded in the Bexar Archives a case of a fight between two soldiers, one wounding the other with a small knife. A sergeant reported: "An Atacapa Indian, whom I sent for, sucked the wound on said Serbin, drawing some blood, and he has continued to doctor him with a certain herb, making me understand by signs that the patient will not die."

The most dreaded scourge in Texas both to Spaniards and Indians was small-pox. Part of a royal order dated May 20, 1804, reads:

"The King has had the gratifying news of the safe arrival on the American continent of the overseas commission whose purpose is to disseminate among his beloved subjects of the Indies the marvelous discovery of vaccination, after having introduced it in the Canary Island and in Puerto Rico; and although I expect the director and the other individuals commissioned will carry out their obligations in which they undertake to make known its use in the principal cities of his vast dominions, in conformity to the method which they will explain; you will aid them in this important undertaking, in compliance with the circular of September 1st of the year just past."

A translation of an original letter, dated Chihuahua, March 11, 1806, found in the Bexar Archives of The University of Texas, which deals with small-pox, follows:

"In order to furnish Your Lordship the necessary means for the distribution in that province of vaccine small-pox, I am herewith remitting a vial of pus and a paper sack of small-pox scabs, so that Your Lordship may make the necessary use of them. "May God guard Your Lordship many years."

Nemesio Salcedo "P. S. The pus is packed in a small box, along with instructions for the use of the scabs."

MARTIN SCHOOL GOSSIP

We are just wondering if Mr. Kavanaugh would be of a better disposition if he did not have to be up so early to meet the bus.

Emily Davis did not do so good in her English today. Jr. Brame was seen with another girl at the party. You will learn better by and by Emily.

Oleta Marshall has been testing all brands of lip stick. We wonder if she is trying to find some way to

destroy evidence. Please let us know if you do Oleta (an un-interested girl)

Why is Christine Pittman so sleepy every Monday at school? Maybe Forrest Helton could give us some light on this question.

Mrs. Baker does not like for the boys and girls to be together. It must remind her of her childhood days.

Willie Nell Shannon got the surprise of her life. She thought she was kissing Carroll but later she discovered it was his twin brother Clyde. Aren't they all the same Willie Nell.

Billy Goodman does not like the new dodge car. He said the front seat is too large for four.

Try an Austin for a better fit, Billy.

Wonder who put those nice waves in Rex Shannon's hair.

All the boys seemed to be interested in Frances Easterling this week. She drew five dollars last Saturday.

We wonder how J. P. Matherson likes these new Plymouth coupes. We think Miss Polk has a nice one.

If Johnnie LaFon attempts to drive a certain Chevrolet again I hope her mind is on her business.

Walking from one room to another before and after school is not good for fallen arches, Mrs. Kavanaugh. Give us a chance.

Why is it that the Martin boys like to go to Ashtola? Ask Billy Goodman.

Inez Tolbert wants to know why we are having a big dinner at the school building on the same day that the Inspector is coming.

Some one should ask Maggie Lee and Kitty Ruth how they manage for Jungle Pies.

It is reported that Mr. Kavanaugh spends most of his time burning up notes that a certain couple in his room writes to each other.

Wonder whose remark drove Billie Ruth Bulman to using hair oil on her freckles. Try a big sun bonnet, Billy Ruth.

Mr. Kavanaugh is having trouble with his new car which has knee action. It has developed a severe case of jake-leg from using so much alcohol during this last cold spell.

Mr. and Mrs. W. A. Massie have moved to their farm near Groom.

Mr. and Mrs. Roscoe Trostle and Miss Bishop of the Hedley school attended the Teachers meeting here Monday evening.

Visiting his wheat farm near Pampa Tuesday, Mr. Mongole reports the prospects as very encouraging. He was accompanied by Miss Mabel Mongole.

Be Sure They Properly Cleanse the Blood

YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work--do not act as nature intended--fail to remove impurities that poison the system when retained. Then you may suffer nagging back-ache, dizziness, scanty or too frequent urination, getting up at night, puffiness under the eyes; feel nervous, miserable--all upset. Don't delay? Use Doan's Pills. Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

The Masonic lodge of Memphis will be host tonight to certificate men of the district following an all-day session.

Tonight the degree team of the Wheeler lodge will conduct several candidates through the mysteries of the third degree. The Wheeler degree team is said to be one of the very best trained in the Panhandle, and the elaborate robes and other paraphernalia cannot be excelled in the state.

Auction Sale Nets Fine Results Wednesday

Mrs. M. H. Lewis' auction sale on the C. L. Benson farm near Leslie Wednesday, drew a large crowd. M. L. Putman cried the sale.

The stock sold well as did the other chattels that were offered, indicating that there is some money left in the country despite any calamity howling.

Rev. and Mrs. E. D. Landreth and Mrs. Eula Cox spent Tuesday in Amarillo.

Store Locations Are Due To Change Soon

A number of business locations are due to change soon. Among them being the well known firm of H. C. Kerbow & Sons, dealers in hardware and furniture.

This firm has occupied present quarters since 1917. The change will be made within the next two weeks to their own building now occupied by the Salmon drygoods firm.

Kerbows announce a special sale in this issue of the Leader to avoid moving any more goods than possible. At the prices quoted, they believe that quite a bit of expense can be saved in moving, and room conserved in the new location.

The Salmon drygoods firm will move across the street to the J. Ray building that has been vacant for some five years. Carpenters will put the building in readiness for the move within the next few days.

A grocery firm composed of Ben Hill and John Rhodes will occupy the north half of the building being vacated by the Kerbow firm. It is not definitely known at this time who will occupy the other portion of the building. The space will be divided into two store spaces, and possibly three, it is said.

Teachers To Gather Here Next Monday

All teachers of Donley county are being urged to attend a special demonstration class in the College Auditorium next Monday evening, Supt. Sloan Baker stated Wednesday.

Mr. Stuart H. Condron, teacher of the curriculum extension class, lends his unqualified endorsement to the work of the ladies who will make the demonstration.

Mrs. Laura Sanders, second and third grade critic teacher of the Teacher's College of Canyon, and Miss Ruth Lowes, head of the primary division of the training school, will develop an intermediate curriculum unit, and a primary unit for the observation of the teachers.

Hommel Brothers Represent New Auto Agency

Announcement is being made through the Leader this week of a new auto agency in Clarendon, Hommel Motor Company being the name of the firm which has accepted the agency for the well known Oldsmobile.

Hommel Brothers, F. J. and W. O., have long been identified with the auto business as dealers until a few years ago. They now resume the dealership as times become better.

Their announcement appears on page three of this issue of the Leader. Both men stand high in the estimation of the public here and their varied business interests enable them to make a wide and profitable acquaintance.

Crepe Myrtle Drive Continues Few Days

The urge to buy crepe myrtle comes from ladies interested in giving encouragement to a plan designed to make Clarendon and Donley County more beautiful. This plan is being followed over the state at this time to make ready for Centennial visitors.

Special prices were secured. Plants 12 to 18 cents; 18 to 24 inches, 22 cents; 2 to 3 feet, 26 cents. The plants must be ordered in lots of fifty. This is not a profit making plan for any organization. Simply leave your order with the county agent.

More than 400 plants have been received already. They are hardy, well above the size of the grade price, and buyers are well pleased, Mrs. Oscar L. Jenkins states.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

Does the road that you are traveling seem all up hill? Then just remember that you are headed toward the heights. It is the down hill road that is dangerous. It is the path of least resistance that makes both men and rivers crooked. If your life is a grind be thankful for the opportunity to sharpen your wits on it. A razor can't be sharpened on a piece of velvet. A soft job is the job of a soft man. Heads up! Hands to the task. The

day is ours and we are equal to the occasion. Be hopeful. Have faith in God, yourself and your fellowmen. The darkest night the world ever saw did not put out the stars. Hope hears the music of the broken violin, sees the dawning of a better day and overcomes difficulties. Confident faith is the high power line of aggressive action. A faith that really removes mountains is not above using dynamite and steam shovels. Right now in our town with our schools and churches we need to push out from shore and go after the deep things of God. With men many things are impossible, but with God, by the help of the right kind of men, there are no impossibilities. God is our partner, and the thing we need to do is to call him into council and do what he says.

Services as usual at The Baptist Church Sunday. We will be happy if you are there.

John Robert Ayers Buried Here Friday

Funeral services were conducted at the family home in Clarendon Friday afternoon for Mr. Ayers who died at 6:10 that morning at the age of 79 years, 11 months and 5 days. He had been afflicted with a kidney trouble for some time.

The funeral service was in charge of Rev. J. Perry King, pastor of the First Baptist church, and the Buntin mortuary had charge of arrangements.

Pallbearers were friends of many years and included Wallace and Joe Odell, Wallace and Mark

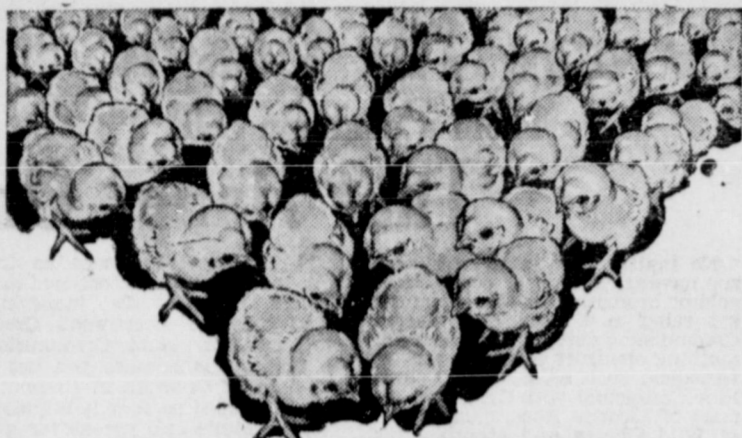

Rainey, Ike Rains and Jim Tidwell.

Those from out of town attending the last rites were a brother, Bill Ayers of Burleson, Texas, Wallace Odell of Quitaque, Joe Odell of Plainview, Mr. and Mrs. Weaver of Amarillo, Mrs. J. C. and Sam McClellan, Mrs. Barney Fullbright of McLean.

Surviving are his widow and the following children: Mrs. Addierene Pharr, Mrs. L. M. Lane, Mrs. F. L. Jones, Miss Emma Ayers, and Robert and J. T. Ayers, all of whom live in or near Clarendon.

Mr. Ayers was a native of Kaufman county, Texas where he was born Feb. 5, 1856. The family home was near McLean as their introduction to the Panhandle. In 1918 a move was made to a farm near Hedley which continued as the home until in 1929, when the family moved to the farm west of town. It was there that the last family reunion was held last year, and where a large number of relatives gathered to do honor to the aged parents.

Mr. Ayers chose farming as his occupation early in life, and made a success of his efforts until the depression came sweeping away his savings of a lifetime. Despite his handicaps, he remained cheerful and took matters as they came, making the most of conditions as they confronted him. He was a member of the Baptist church, a loyal friend and neighbor, and ever thought first of his duty to his family.
