Commissioners Cut Expenditures By \$15,116.07 As Shown By Annual Report

In looking over the county clerk's annual report in this issue of the Leader, one will find that the county commissioners curtailed expenditures of the road and bridge fund \$15,116.07. The total revenues accruing to the Road and Bridge fund for 1934 was \$43,294.67 and for 1935 the total was \$36,857.27.

The expenditures for each precinct from the Road and Bridge fund during 1934 and 1935 were:

Precinct No. 1 spent \$8,054.72 in '34 and \$5,407.27 in 1935.

Precinct No. 2 spent \$15,831.78 in 1934 and \$11,060.29 in 1935. A tractor was purchased for this precinct this year for which the cash was paid.

Precinct No. 3 paid out \$11,810.62 in 1934, and \$8,272.23 in 1935.

Precinct No. 4 paid out \$7,687.09 in 1934, and \$3,528.35 in 1935.

Reading further, the report shows the total indebtedness of the county at present to be \$105,421.86 as compared with \$93,607.68 in 1934. The increase in county indebtedness is due to the purchase of a right-of-way across the county for Highway 5, for which approximately \$35,000.00 was vouchered for, and the equivalent of \$23,000.00 paid.

The county warrants were re-financed during the year effecting a saving of one-half of one percent on old indebtedness. Donley county has no bonded indebtedness, only warrants being issued for such debts as are now existing against Donley county.

Jack Hayes Becomes Agent For Amarillo Dailies

Growing up here, Jack Hayes has been a familiar figure scurrying around at odd jobs and otherwise making himself useful in a community where reward awaits the industrious.

Jack has taken on the agency for the Amarillo News and the Globe, evening and morning papers by which the metropolis of the Plains serves her people. Jack is intensely earnest in serving the Clarendon folks. Read his advertisement in this issue.

More Interest Being Taken In Orchard Planting

The receipt of trees for orchard and shade tree planting indicates an awakening to the value of tree growing in Donley County. Not many years ago, large orchards were to be found here where at present only a very few exist today.

The scarcity of orchards is said to be due to a late freeze some four years ago that killed practically all the more tender varieties.

Director Adult Education Visits In Donley

Mr. Ercell Brooks, director of Adult Education, with headquarters in Amarillo held a conference with the teachers of Adult Education of Donley County last Friday. All the teachers were present. Mrs. Homer Glasco, teacher of English, Mrs. Maurine Lackey, teacher of Dramatics; Mrs. C. G. Hall, teacher of Mathematics; Mr. C. H. Summers, teacher of Current History; and Miss Leone Merritt, teacher of Homemaking reported the success of their different classes.

Mr. Brooks discussed the great future of Adult Education in Texas. He is also planning to start a nursery school in Clarendon soon. County Superintendent Sloan Baker is supervisor, Miss Laura Black is time keeper for this project.

Wellington Gets Meeting Masonic Body Next

All Masonic lodges of the district were represented in a meeting of the Panhandle Certificate Association at Memphis Thursday. A large number of Masons from here were in attendance that night when the Wheeler lodge inducted a number of candidates through the mysteries of the third degree.

W. H. Patrick of Clarendon was elected vice president of the Association which will hold the next meeting in Wellington next month.

Judge's Chores Make For Late Hours

Keeping late hours to accommodate the marital inclined is but one of the many duties of Judge W. A. Davis, local marrying justice of the peace.

Friday night he was called from peaceful slumbers to perform a ceremony for Jim Pegram Jr. and Miss Elizabeth Sanders. The judge states that it was near the strokes of midnight when he retired at the end of his day's chores. He hears no strokes because there is no city clock, but a trusty Ingersoll at the bargain price of 98 cents comes in handy for a west Texas jurist who must oblige the young couples of the best people in the best country on earth.

SIDELIGHTS

By Marvin Jones

Our tariff system makes a farm program necessary in the interest of the entire nation. Complete and permanent recovery can be had on no other basis.

No one wishes this country to sink back to the depths it had reached in 1932.

The decision of the Court in the AAA case is a far-reaching one.

However, I cannot believe that a national tariff is legal and that a national farm program which merely restores the price balance cannot be made legal.

I cannot believe that the cotton farmers and the producers of other world market crops must purchase their supplies in a higher-priced protective market and that there is no constitutional means by which they may be given an even break.

The greatest fundamental in our system of government is equality in the operation of its laws.

I am sure a constitutional method of putting all our citizens on an equal footing can be found. Certainly in the interest of simple justice the effort should be made. To this task the House Committee on Agriculture is devoting its earnest attention.

Personally I favor a domestic allotment plan linked with a soil conservation and rebuilding program and also including the seeking of new and additional outlets and markets, domestic and foreign.

While proper adjustment is desirable, we should of course produce all the market will absorb, both at home and abroad.

The legislation should be broad and flexible so as to permit different plans for different commodities, thus fitting to each commodity the plan best suited to its peculiar production and marketing conditions.

Such a program will be to the advantage of both producer and consumer.

The Congress added the domestic allotment plan, the soil conservation and market expansion features to last year's legislation. However, as other plans were already in operation, these had not yet been brought into full effect. Since the domestic allotment, soil conservation and market expansion plans were not involved in the decision of the Supreme Court, these were probably not affected; but as they were linked with some of the provisions that were held invalid, it would probably be wise to carry them forward in a new act.

The domestic allotment plan is peculiarly suited to cotton and wheat, but other methods will probably be better suited to some of the other crops. No single plan would be suited to all of the different commodities.

These are merely my own views. Legislation will be worked out by the Congress to accomplish the desired end in so far as it is possible to do so within the limits set out in the decision of the Supreme Court.

4-Act Comedy Play Will Be Presented

"Windy Willows" is the name of the roaring 4-act comedy that will be presented at the Goldston school Saturday night at 8 o'clock.

Characters in the play are: Hubbel Tibbs, country boy, Robert Kerbow.

Scarcely Nuff, constable, Dennis Smith.

Donald McAdam, banker, Granville McAnear.

Glover McAdam, his father, Earl Parker.

Billy Fortune, tramp, James McAnear.

Gladys Wellington, lead, Dorothy Dill.

Carrie Tibbs, Hubbel's sister, Virgie Skinner.

Mrs. Llewellyn de Puyster, character part, Margaret Milam.

A small admission charge will be made to raise funds for the purchase of song books.

This home talent play is said to be chock full of good, hearty laughs. There will be music and other features to interest the audience. The public is urged to turn out and get the biggest value for their money and time to be had in any man's country, we are advised by one in authority in the cast.

Large Number Donley County Teachers Here Monday

Typical of the interest taken in school matters, a large number of teachers over the country were at the College Auditorium Monday to witness the class demonstrations.

Mrs. Laura Sanders, second and third grade critic teacher of the W. T. S. T. College of Canyon developed an intermediate curriculum unit.

Miss Ruth Lowes, head of the primary division of the Canyon school, developed the primary unit.

The teachers were addressed by Dr. Stuart H. Condon, head of the history department of the Canyon school.

The visit of these trained instructors has done much to arouse enthusiasm in their respective lines of work, and have the appreciation of the many teachers who were so fortunate as to attend the demonstrations.

President's Ball Will Be Held 31st

The President's ball is an annual affair over the nation the purpose of which is to secure funds to provide facilities for helping crippled children to regain their normal health, so far as possible. The principal sanitarium and hospital is located at Warm Springs, Georgia.

Donley county's annual President Ball will be held at the local opera house on Friday night, January 31st. Homer Mulkey will have charge of arrangements this time. Seventy percent of the funds raised through this method will be retained here for the crippled children's fund, and thirty percent will be sent to the national organization for crippled children as in former years.

In order to secure an orchestra of the highest standing, it is necessary to have the ball on Friday night instead of Thursday night, Mr. Mulkey stated Tuesday.

The Harry Hickox and Johnny Floyd orchestra of ten pieces has been secured. This orchestra played at the Amarillo Nat for more than a year.

The president's Ball movement has the endorsement of Gov. Allred in Texas, as it has been endorsed by notables in other states. The President himself lent his name to the movement from the beginning. It was at Warm Springs that he was enabled to walk after an attack of infantile paralysis a few years ago.

Large numbers have attended the local affair in times past, and every effort is being made to make this event far surpass anything tried in the past.

Phifer Estlack of San Antonio arrived today for a short visit with homefolks.

7 Days More To Pay Poll Tax

Poll tax payments continue to lag with only 634 paid out of a possible 2,500. The exemptions total \$9 for those who became 21 years of age since January 1935.

National, state and county elections are to be held this year. State and national elections will be the hottest in a long number of years, leading politicians announce. In fact the fireworks have already opened to a certain extent in national affairs.

Pay your poll tax now—you might forget it later. You can pay your poll tax without paying a property tax, but you can't pay a property tax without paying a poll tax. If you own property, you will have to pay a poll tax some day, why not now?

Some Rural Homes Of Donley Among Nicest

Many of the farmers of Donley county occupy some of the nicest homes to be found anywhere. Among those recently completed is the home of Mr. and Mrs. W. C. Bridges on their farm northwest of Hedley.

The home contains eight rooms with all modern conveniences. The concrete basement under the building measures twelve by twenty-eight feet.

In the construction of the building, Mr. Bridges superintended the building. The walls are double, shiplap inside and tar paper lined with stucco outside, assuring comfort for the occupants from cold and dust.

Gas furnishes both light and heat for the home. This gas is of what is termed the "bottled" variety, being sold in drums. Mr. Bridges states that one drum will last for from seven to ten months in his home. Besides the utility features, the home has a very beautiful appearance, and is among the best in the county.

Mr. and Mrs. J. D. Swift and daughter, Miss Anna Moores Swift, visited relatives and friends in Memphis Sunday.

Mr. and Mrs. D. O. Stallings attended the funeral of Mrs. Stallings' mother in Hereford. Mrs. Stallings will remain for a few days.

Matrimony Hinders Recitations

More than 35 percent of the pupils in the highest grade at the Goldston school north of Clarendon have married since school began this term. The class boasted of 14 whereas only 9 remain to march in at the top of the bell. Five are marching in under matrimonial orders, but in homes of their own.

Dr. Dennis P. Smith is said to be instructor in the class, but denies that matrimony is a part of the curriculum. "My pupils don't know a thing more about Dan Cupid than a jackrabbit," he states as an alibi when accused of encouraging his pupils to marry in order to lessen his labors.

Dotting mothers are making applications for their daughters to enter the Goldston higher school grades, we are told, but not by Prof. Smith. Four girls and one boy have abandoned the three R's for matrimony, which would indicate that the fond mothers are correct in their deductions. Marriage certificates are often preferred to report cards. This might be said of the excellent school north of Salt Fork should present pleasant relations continue. Training homemakers is not altogether a part of any school's curriculum, but it is a credit to any school to have made such a record.

Soldier Payment Is Now Up To President

By a vote of 346 to 59 the House concurred in the Senate bill Wednesday authorizing the issuance of \$50 bonds for the payment of deferred World War soldier payments.

The bonds will be cashable on demand after June 15, 1936.

In addition to providing the baby bond method of payment, the bill provides that veterans may receive 3 percent interest annually after June 15th if they prefer to hold the bonds as an investment.

The bill automatically cancels all unpaid interest on loans against certificates that has accrued since October 1, 1931.

The President is expected to sign the bill within the ten-day limit since there is sufficient votes in both law-making bodies to override his veto.

Hedley Pupils Delve Into Past History

Mr. Roscoe Trostle, Principal of the Junior High School of Hedley, with a committee of pupils were in the court house at Clarendon Friday securing information as to the establishment of the Hedley schools from the County Commissioners Court records. The members of this committee were Eutha Davis, Della McLaughlin, Inez Meeks and Yvonna Meeks. The seventh grade of Hedley are editing a School History of Hedley. The information the pupils received will become a part of this history.

High School Beats College In Basketball Game

The Clarendon High basketball team were victors in a match with the College team here Tuesday night in a 31-27 score.

The High School boys will play Memphis here Friday night. Clarendon H. S. girls will play Lelia Lake girls here Friday night, the 24th.

The Clarendon H. S. boys and girls will play the Hedley boys and girls here Wednesday night, the 29th. Similar matches will be played at Hedley Friday night, the 31st.

Teacher-Trustees To Present Program

Teachers, trustees and patrons will hold their annual banquet Friday night instead of Saturday noon, as was announced last week. Conflicting dates caused the change to be made.

President W. A. Poovey will have charge of the Rural Teacher-Trustee Luncheon to be served by the ladies of the First Christian church in the church basement, January 24th at 7 p. m. Teachers Trustees and patrons are invited.

Program: Invocation—Rev. L. A. Reavis. Banquet

Orchestra—Howard Stewart, I. B. Pierce, and Royce Hughes. Cowboy Quartet—Bill Todd, J. B. Millsap, Clarence Jackson, and Dennis P. Smith.

Reading—Miss Lopez Whitt. Vocal Solo—Miss Margaret Milam.

The Recent Progress of Education in Texas—Deputy State Superintendent Wilson.

Trends in Modern Education in Texas—Judge W. L. Helton. Co-operation—Sloan Baker, Co. Superintendent.

The County Board—Supt. H. T. Burton.

Pupil Transportation—Dial Cearley.

Business Session—President W. A. Poovey.

School Officials Inspect Schools of County

Deputy State Superintendent, J. D. Wilson and County Superintendent Sloan Baker, are inspecting the rural schools of Donley County this week for both Standardization and State Aid. Mr. Wilson is Supervisor for the State Department of Education of Texas for twenty-five West Texas Counties.

Live At Home Plan Is Being Suggested

College Station, Texas, Jan. 15.

—In planning the agricultural program for 1936, Texas farmers can and should take out a \$250,000,000 group insurance policy," H. H. Williamson, director of the Texas Extension Service, said today.

This, he explained, means simply the adoption of a "live at home" program on every Texas farm.

Such a program of "insured or protected" farming, outlined and stressed at all of the Extension workers conferences in December when plans for the new year were being considered, is, in the light of present conditions, especially important, he added.

"In this immediate period of uncertainty and confusion engendered by the abrupt halting of the agricultural adjustment program, the economic importance of a live at home program on the farm is emphasized more than ever," Williamson said.

"Such a program is not only economically sound but it is beyond controversy. Immediate decision on the part of farmers to adopt such a program would represent a definite and a sound step in planning for the new year, irrespective of whatever may happen insofar as government crop control is concerned.

"The half million farmers in Texas today no doubt, figuratively speaking, are scratching their heads and pondering over their farm programs for 1936," Williamson continued in amplification of the need and in explaining the details of a widespread "live at home" program.

"It is only a few weeks before it will be time for seed to go in the soil. There is no knowledge of the probable planting, harvest or price of farm crops for 1936.

"The real purchasing power of the farmer is the difference between the cost or expenditure for production and the amount received. The cost of the food and feed consumed by the farm family and livestock has a direct bearing on the cost of production.

"It has been conservatively estimated that the value of the food supply of the average farm family of five, provided it is well balanced, has a retail value of approximately \$500 a year. This means that the farm table market of Texas is worth \$250,000,000 which is equal in value to five million bales of cotton at 10 cents a pound.

"The Extension Service is recommending that each farm family, insofar as possible, take out a \$500 protection policy by including in their 1936 farm program such features as will make possible the production and storing of an adequate food supply for home use. This is equivalent to group insurance.

"If such a program could be carried out completely by each of the half million farm families it would mean approximately 250,000 acres of garden and truck crops for home use, 250,000 acres in half acre plots of fruit for home use, twenty-five million hens for an adequate supply of eggs and poultry for home use, one million head of hogs of average weight for the smoke house for next winter and a daily consumption of milk on the farm of at least a million gallons.

"It will be recognized that such a program as outlined is not sufficient within itself. It must be part of a larger program. There must be a cash income, but no part of the cash income, large or small, should be for the purchase of food and feed products that can be produced on the farm. If this expenditure is eliminated or reduced there is more money for debt paying, education of children, for clothes, for better homes and more comfort in the homes."

Instructions to county and home demonstration agents throughout the state to take to the field and to push vigorously through community groups, both organized and unorganized, the 1936 "live at

Temporary travel over Highway 5 from here to Goodnight will be possible by Friday, if the weather permits. Traffic to Ashtola is already pressing down the clay topping.

From Clarendon to Lelia Lake, the topping will soon permit of traffic, the roadbed being completed to Johnson lake at this time.

Work on the stretch from Lelia to the Memphis end of the pavement is now in full swing.

Asphalt topping will be laid with the coming of warm weather, states W. J. Van London, highway division engineer. This means early May if the season is regular.

Work is being rushed to take care of the extra load of traffic to Dallas for the Centennial through the late summer and to the end of the year.

The same kind of work is being done on Highway 66 across the north end of Donley county, traffic being detoured the entire distance at this time.

The stretch on Highway 5 now under construction, extends from Amarillo to Memphis, a distance of 85 miles.

Tom Naylor is Now Patient Amarillo Hospital

Latest reports from St. Anthony's hospital of Amarillo indicate that Tom E. Naylor is showing slight improvement. Mrs. Naylor is staying in Amarillo to be with her husband as much as possible.

Mr. Naylor has been suffering from what has been diagnosed as a nervous ailment, for the past several weeks. He has been at Mineral Wells and Dallas, and for a time a patient in the veteran's hospital at Muskogee, Oklahoma for treatment.

New Business Houses Will Open Here Soon

The firm of Hill and Rhodes expect to have their grocery stock in readiness for opening by February 1st in the building now occupied by the Kerbow firm.

A gent's furnishing store will likely be opened here by the first of March, it is learned on reliable authority.

Ashtola School Becomes Standardized

Following a visit of deputy state Supt. J. D. Wilson Monday, he announced that the Ashtola school had scored 929 points out of 1,000, and thus becomes the first standardized rural school in the county.

A standardized rural school is placed on a parity with an accredited city school, Mr. Wilson stated. Rural schools are judged according to courses of study, equipment for study as well as playground. The building alone has a lot to do with securing the standardized rating in meeting the requirements of the state department.

Other Rural schools meeting the requirements for standardization this week are Martin, Goldston, chamberlain, Midway, Bray and Windy Valley.

Boy Scout Court of Honor Friday Night

Scoutmaster C. B. Morris announces that a Boy Scout Court of Honor will be held in the Girls Dormitory at the College Friday evening at 7:30. All Scout committeemen are urged to be present. The Scouts meet each Monday and Friday immediately after school, and are being directed by Messrs. Robbins and Hazelwood, teachers in the high school here.

"home" program have been issued by the Extension director. Special stress will also be placed on the enrollment of demonstrators and 4-H club members, and on soil conservation and other phases of Extension work.

Declaring that the opportunity for the Extension Service to render timely and helpful service to agriculture and the farm people was never greater than at present, the Extension director stressed the importance of clear thinking and caution.

AGRICULTURE AND COMMON SENSE.

Occasionally one runs across a fellow who dares say what he thinks—and does it. Another type of American thinks as he chooses, and prints it. The article printed below was taken from the last issue of the Alice News, a weekly printed in Alice, Texas, way down in Jim Wells county. This article was written by C. L. Tanner, editor and owner of the News. He seems to be an iconoclast because he is an image breaker. He cares so little for images that when the din of his trusty old Oliver dies down, images lie broken all about his desk. Now for the article:

Agriculture was shoved out on an experimental limb by the New Deal, and now that it has been "sawed off" from Federal aid, export markets for cotton, the South's only sure money crop, almost entirely cut off, all forms of credit about wiped out, some bolstering plan must be found, and it is gratifying that Mr. Roosevelt has set himself seriously to the task. However, it is regrettable that the scope of his imagination and that of his advisors seems to go no deeper and rise no higher than their one and only cureall CROP REDUCTION, with twenty millions of people hungry and cold.

It is an axomatic fact that "the source of all wealth is inherent in the soil." Destroy its PRODUCTIVE value and you cut foundations from under every known investment and bring about chaotic conditions that may only be adjusted by restoring the equilibrium of dirt productivity. It matters not whether it be a little forty acre farm, a great

oil field or the ranches of the Western plains, it is all the same, since land VALUE is based solely upon what it may be made to yield of substance useful to mankind. Nobody realizes this more than do owners of farm lands. Since 1930 land values thruout the South, and I venture to assert thruout the entire American nation, have fallen 50% and in thousands of cases to the total vanishing point.

It would seem that all New Dealers could think of to cure the depression was to CURTAIL PRODUCTION with millions of people crying for bread and for raiment, but it is to be devoutly hoped that out of the welter of conferences now being held at Washington that some plan will be evolved that will make it once more profitable for farmers to "make two blades of grass grow where one grew before." There is no more land than there was five, ten or a thousand years ago, but the human race is increasing all over the world and it seems to Brainstormer that if Mr. Roosevelt and his advisors could solve the problems of DISTRIBUTION, or in plain English, "getting the stuff that farmers produce to the folks who fain would consume it, and at a price they can afford to pay, yet yielding a fair profit, a long way will have been traveled up prosperity hill.

Newspaper Man Who Escaped From Hell—Or Did He?

The following words that carry volumes of information, are the product of the fertile brain of Perry T. (Buck) Buxton, publisher, editor and what not of the Wheatland, Iowa Gazette. It appeared in the Publisher's Auxiliary, a weekly printer's journal last week:

"For some time past my mind was in a terrible shape—due to bad assets—nothing new these days among printers and even millionaires. I didn't consult my banker—I was way past all that, so I resorted to the next lesser evil—and I don't mean a lawyer either. Just went to a doctor. He said: "You've diagnosed your own case. Got any life insurance?" "You betcha," says I, "and I ain't borrowed on only half of it. Like-wise I gotta cousin who's an undertaker, who's always glad to help me out—or in—whichever this turns out to be. So What?"

With those preliminaries over, Doc chases me to the hospital and proceeds to take me apart to see what makes me tick. Figures by removing a few of the surplus cogs from my differential, like they used to speed up old Fords—if you recollect your mechanics—he can get me to navigating again in high speed.

All of which he does—but I don't know what it's all about because about that time I'm galloping around in the ether, rehearsing

what I'm going to tell St. Peter in case Doc don't happen to get the rest of the gears a-meshing right again.

Some several hours later I'm making mighty sure he's made just that kind of a miscue and has gone off somewhere to call that cousin of mine, for there's the purtiest little angel a-standing by my side, holding my hand and tellin' me that I sure made the grade—I know right then that somehow I musta gone up instead of down—so I looked around a-kinda woozy expecting her to hand me a golden harp or maybe a lyre—or don't they have lyres in Heaven, I don't know. Anyway, it just popped into my noodle that I was sure going to be outa luck and might have to do a bit of prevaricating anyhow, if she asked me to play for her, cause I sure neglected my musical education when I was young. But there she stood, lookin' so sorta expectant like, I just couldn't disappoint her, so I started to sing!

She musta thought I was trying to tell her something—not realizing I was just croonin' a bit, for she patted my hand and said: "Now tell me, what is it you want most?" "Well, angel," says I, "have I got any wings yet, and if I have, how did I ever get my shirt on over 'em?" "My, oh, my," said the angel, "you simply must be quiet and not worry about such trifles. Isn't there something I can do for you—something I can get you?"

And then, of all the things I mighta asked for—and maybe got—if I didn't up and yell, "Gosh, yes, I want my AUX!" I simply never before saw such a sympathetic expression as the one that came over that angel's face, as she rammed a hypo into my left wing, smoothed the feathers down and murmured, "All right, go to sleep, and when you are feeling better, you shall have your Aux, with gravy on it, but right now you are on a STRICT DIET."

I musta passed out of Heaven right then, for the next thing I knew I was just in a hospital bed and my Lady-Who-Dictates was right there with me, and telling me, "Here, here, you do as the nurse tells you—and never mind about calling her 'angel,' either."

But I got my Aux while I was still confined—maybe that isn't exactly the right term, as I wasn't in maternity ward—and my stay among the angels was cut rather short because I insisted on reading your colyum to the other patients. They weren't printers.

Sincerely yours,
"Just Buck."
P. S. I am no longer "in the red."

LET'S MEASURE UP STRAIGHT

on your winter gasoline

If you work your starter only eight or ten times a day, from now till March 21st, that will be 400 to 500 starts altogether. Let's say you only cut your time in half on each start, using Winter Blend Conoco Bronze gasoline. Even so, that's something like saving your battery 250 starts before next Spring!

Right there Conoco Bronze might easily save you the price of a battery, or the fuss and expense of re-charging. Besides, you choke less, with Conoco Bronze, so you will not waste gasoline, or risk the life of your engine. And neither will your oil get so thin that you change it too often—another good saving.

Now Conoco Bronze costs you only the same as a gasoline you might buy for no special reason at all. Then isn't this a fair request: test a tankful of sure-start Conoco Bronze. Continental Oil Company, Established 1875

TEMPLE OF TRUTH
 By the Apostle

Speaking of personal liberty, any fool can buy a jitney for twenty-five dollars, run out on the highway and kill some one.

Every person so disposed can get one break in this life. You may have a mind dull as mud, a reputation as black as an Ethiopian, but your dog will love you just the same.

A man by the name of Bordwine is in the liquor business in Dumas.

Some men are so honest that they like to let the public know about it even if they have to take advantage of the bankruptcy law.

Headline: "Car Theft Gets Sapp Five Years."—Sayre (Okla.) Sun. Von Sapp was the name of the party who placed to much confidence in his own ability.

Church attendance records most always are broken on election year.

Just about the time we demogot the Jackson Day dinners started going full blast, a republican calls attention that a biography of Andrew Jackson, given in the encyclopedia, states that Andrew wiped his nose on his sleeve. The information is too indefinite. Did he give her the triple shuffle of the average school boy of forty years ago? That is, nose to left, transfer to right and then to side? Maybe he was a great economist—saved the folks a lot of handkerchief material by starting a custom that became universally adopted.

No task is impossible, we are told, if proper effort is put forth. Now how many have ever pushed toothpaste back into the tube?

Age of Miracles: "Mr. Wood and Mr. Stone were standing on the side walk talking when a swell

looking lady came by. Wood turned to Stone, and Stone turned to Wood, they both turned to rubber and the girl turned into a drug store."

"Dere ain' no jestis in dis land—I gets a vorce frum mah ole man Ah had to lauf at de cote's 'elision, Dey give him de kids, and de kids ain hisn."

Is there no one to object to the last snow storm giving us the highball and hitting into Dallas? All east of here they had real winter while we were sunny. But we needed the snow for the wheat, which made it worse for us after all.

Uncertainty in the enforcement of our laws makes for criminals. For instance last week when convictions were being had in Houston for open saloon practices, Dallas officials were informed that loopholes in the law made convictions there impossible. A number were arrested for maintaining open saloons in Dallas, but turned loose. "Loopholes" are said to be injected into laws to make business for attorneys. Maybe so, no one else profits from it.

Texas is first in everything. Here comes W. F. Milligen of Brownsville announcing that he has discovered the secrets of Stradivari, the great violin maker. Our Texas man says it's in the varnish and seasoning of the wood. Milligen has produced some of the greatest violins of this age, and will now equal the masters of the 16th century. Yep, Texas is first in everything.

"The destiny of youth becomes the destiny of America," President Roosevelt stated in his Jackson Day dinner speech. National politicians tell us that, next to those receiving relief, the Young Democrats are the most solidly democratic voting body in the nation. All along we thought that the Young Democrats had the interests of the nation at heart rather than the political fortunes of some professional politician.

Styles announced for the women call for tweeds like men, except a short skirt rather than pants. Flat shoe heels are specified. If she is

compelled to wear that tweed coat in hot weather, as men are, she might resort to high heels and women's wear rather than resort to the savagery of torrid heat. The women folks may imitate us, but they can't stand the heat. That's where we whip 'em every time.

One often hears the wife of a president or governor spoken of as being the "first lady of the land." I don't like the idea. Thinking of Gold Star mothers and the hundreds of pioneer mothers of many sections, we have a whole lot of "first ladies." It takes more than mere politics to make a "first lady", folks, it sure does.

And another thing, while we are on the subject. One hears about great men. One flew across the ocean; another may have won a golf championship, or drew a prize as the swellest dressed man in the parade and the papers blow them sky-high as heroes. My idea of a real hero is a fellow who rears his family right on after his wife dies. He has his ups and downs, the children help, but he carries the load. I know such a man right here in Clarendon who reared a house full of youngsters, about all grown now. All fine men and women, too. He did a man-sized job of it.

Next to that kind of a fellow, a man who marries a widow and helps her rear her little fellows to be fine men and women is another kind of hero in my estimation. I know a man right here in Clarendon who helped rear three like that, two women and a man, all fine folks. Hats off to the "forgotten heroes" of this or any other age.

Every community has a hero or two if we care to find them. He may drive a frazzled flivver and look like heck, but have a heart as big as a ham and be all man. That kind of a ready-to-do-it fellow is worth a million dollars to any community.

School children who became familiar with "Kipling's If" as they are pleased to term it, will regret to learn of his death recently in England. "If" was and is the school room masterpiece of Rudyard Kipling.

As a school boy in Galveston, coming from the untutored west of that day, I knew little and thought less than most boys of my age. In passing to a certain class room, we could hear the agonizing screams of the grown students studying "voice" culture. Lobos and coyotes were nothing as compared to the wail coming from that department. We green cow hands made up our minds that surgical work was being done on somebody without the blessings of anesthetics. Today in listening over the radio, that wail has no more admiration than it did then, some 35 years later. A "blues" singer could give any sensible-minded galoot the delirium tremens, and a tinnp orchestra is not a bit better. It takes time, tune melody and rhythm to make music, classical or a common "hoe-down."

One of the old "blue laws" of Connecticut read as follows:

"That all women of whatever age, rank, profession or degree, whether virgin, maid or widow, that shall from and after such act impose upon, seduce and betray into matrimony any of His Majesty's subjects by means of scent, paints, cosmetic washes, artificial teeth, false hair, Spanish wool, iron stays, hoops, high-heeled shoes or bolstered hips, shall incur the penalty of the law now in force against witchcraft and like misdemeanors, and that the marriage upon conviction shall stand null and void."

That law was passed long before they got to wearing men's clothing, the thought never having been born, or else it would have been included in this effort to brow-beat, coerce and intimidate the fair sex of that day. It must have been a great day for women!

Divorce was unknown. When a man got to the separation stage, he simply accused the old girl of being "be-witched" and that settled it. The law took her out and drowned her like a cat. Witches were man's best friend. The women must have had it in for each other even then because all witches are pictured as women riding broomsticks carrying a cat. All dark of course, because it happened in the dark ages.

Not counting Sunday, you just have seven more days in which to pay your poll tax. Do it now—today.

"I put TERRAPLANE first because I put Safety First"

"Go ahead, kids... that car's got BRAKES!"

NO one needs to be reminded that safe driving in winter, more than at any other season, calls for a car that is safe. Then why not start this new year with the "safest car on today's highways?" Terraplane—with more new and important safety features than any other low priced automobile ever had!

Bring Safety up to Date!

For safer riding, safer steering, safer stopping, Terraplane brings you Radial Safety Control (patent applied for). Here is a revolutionary principle of front axle and spring design which new owners from coast to coast are hailing as the greatest safety feature in many years.

None but the best brakes are good enough. And no other low priced car but Terraplane meets that demand with Duo-Automatic Hydraulic Brakes (patent applied for). Latest and best hydraulics with a separate safety braking system that takes hold automatically if ever needed.

For added safety on the highway—greater steadiness on curves—two more

1936 improvements: Tru-Line Steering and the Rhythmic Ride.

Safer Bodies! Safer Chassis!

The world's first safety engineered chassis is now combined with America's first bodies all of steel, and seamless roof of solid steel.

There is extra safety, too, in Terraplane's record-breaking performance, to take you out of traffic "tight spots." And in the Electric Hand, an optional extra, for easier gear shifting and safer driving.

Drive safely in 1936—in a car that you know to be safe. Drive a new Terraplane.

For a Happier and Easier 1936

Just think of the happiness and ease that the modern housewife of 1936 may enjoy in comparison with less convenient methods.

Imagine yourself preparing an entire meal, placing it in the oven of the electric range, snapping a switch and returning later in the day to a perfectly cooked, delicious meal.

That's electric cookery, 1936. You can buy a Hotpoint Electric Range on the most convenient terms. Electric cookery rates are most reasonable and you will marvel at the full, rich flavor of electrically prepared meals. Let this modern method of cookery give you more ease in your home during this new year.

CLARENDON H. D. CLUB

Mrs. Sloan Baker entertained the Clarendon Home Demonstration Club Friday afternoon with President Mrs. Fink in chair. Sixteen members and two visitors were present.

Mrs. Cap Lane was elected to membership in Club. After a short business session a pleasant social hour was enjoyed by all present.

The hostess served a lovely salad course to invited guests, Mrs. J. R. Bartlett and Mrs. Joe Cluck, and to members Mesdames Karl Adams, G. A. Anderson, C. L. Benson, A. L. Chase, H. J. Eddington, J. C. Estlack, O. L. Fink, G. L. Green, M. A. Hahn, Frank Hommel, C. D. McDowell, L. R. Schull, Ed Speed, W. D. Van Eaton, Irene Mitchell, and the hostess, Mrs. Sloan Baker.

Club adjourned to meet with Mrs. A. H. Baker February 7, 1936.

ADAMS—MONTGOMERY

Miss Gladys May Adams of Lakeview and Paul Montgomery of Clarendon were married Sunday at 3 p. m. The ceremony was performed by Rev. Robt. S. McKee at the home of Mr. and Mrs. W. M. Montgomery, parents of the groom.

ANNIVERSARY LUNCHEON OF LES BEAUX ARTS CLUB

Les Beaux Arts Club enjoyed the hospitality of Mrs. Walter Taylor's lovely home Saturday for its anniversary luncheon with Mesdames Taylor, Stocking, and Bourland as hostesses. This club was organized in January of 1927 and each year it has an anniversary celebration.

A delicious luncheon of two courses carried out in club colors was served on tables decorated with yellow daisies. After the luncheon the game of forty-two was played by Mesdames Allensworth, Bagby, Barcus, Bigger, Boston, Bourland, Evans, King, Merchant, C. E. Morris, J. H. Morris, Stocking, Swift, Taylor, Word, and Misses Howren and Harris.

A pen and ink sketch of "The Steamboat Around the Bend" by Jean Bourland was given as a prize and won by Mrs. C. E. Morris.

LAS TRES MESAS CLUB

The Las Tres Mesas Club was entertained Friday evening by Mr. and Mrs. Royce Hall at their home. The Valentine motif was carried out in tally cards and napkins.

Forty-two and visiting was thoroughly enjoyed until a late hour, and a few plans for future meetings were discussed.

A delectable salad and pie course was served to Messrs. and Mesdames John Naylor, Rhea Bowlin, Edwin Eanes, E. H. Estlack, Royce Hall and Miss Ruby Hall and Floyd Naylor.

In spite of disagreeable and cold weather, all members except Mr. and Mrs. Tom Naylor, whose absence everyone lamented, were on hand to enjoy the fun.

The next meeting will be with Miss Ruby Hall on February 22.

STITCH AND CHATTER CLUB

Mrs. John Lynch was hostess to this club at her home Tuesday afternoon. The time was spent in sewing and chatting.

Those present were Mesdames Homer Bones, Verna Lusk, A. W. Hicks, H. M. Breedlove, Carmichael, Ray Hefner.

1930 NEEDLE CLUB

A very pleasant afternoon was spent at the home of Mrs. U. Z. Patterson Tuesday by members of this club and guests.

The hostess served a dainty salad course to invited guests, Mrs. Frio Walling and Mrs. Ben Buck and Miss Hulda Joe Cauthen, and club members, Mesdames Marvin Land, Turner Kirby, Vada Carpenter, Rhea Couch, E. R. Andis, Karl Tyree, Ralph Decker, C. E. Whitlock, Alvin Landers, Ernest Hunt, Karl Peabody.

PRESBYTERIAN AUXILIARY

Mrs. A. L. Chase and Mrs. Will C. McDonald were hostesses to the Auxiliary at the Chase home. Mrs. Dishman had charge of the devotional and Mrs. Brents led the program on home missions. Mrs. Williams gave a paper on home missions among the negroes.

Miss Mabel Mongole gave a paper on missions among foreigners. Mrs. Green gave a paper on missions in the mountains. Mrs. Adams gave a paper on missions among the Indians.

A plate lunch was served to eighteen members following a social hour.

SANDERS—PEGGRAM

Miss Elizabeth Sanders and Jim Peggram Jr. were married by Judge Davis, local J. P. Friday night.

They will make their home at Quail where they will reside on a farm owned by the father of the groom.

KENNEDYS ENTERTAIN WITH 42 PARTY

Mr. and Mrs. Van Kennedy entertained their 42 club at their home Thursday evening.

Games were enjoyed until late when Mrs. Kennedy served a lovely salad course to invited guests Mr. and Mrs. L. E. Thompson, Mr. and Mrs. J. M. Bass, and members, Dr. and Mrs. Gallaway, Mr. and Mrs. Ralph Andis, Mr. and Mrs. Joe Bownds, Mr. and Mrs. Marvin Warren, Mr. and Mrs. Rhea Couch, Mr. and Mrs. Roy Ingram, Mr. and Mrs. Frank Heath and Van Kennedy.

1922 BRIDGE CLUB

Mrs. Eva Rhodes entertained the bridge club at her home Tuesday afternoon. Games of bridge were played at three tables. Mrs. J. L. McMurtry was awarded high score prize for guests, and Mrs. Letts high for members. Mrs. Ellis drew consolation, while Mrs. Caraway received the traveling prize.

The hostess served a delicious two-course luncheon to afternoon guests, Mesdames Chase, McCann, McMurtry, Evans, C. McMurtry, H. B. Kerbow.

MRS. LYNCH SHOWERED

Mrs. F. C. Johnson and Mrs. Lonnie Hahn were joint hostesses in a kitchen shower Wednesday afternoon complimentary to Mrs. Bob Lynch of McLean whose home burned recently.

The shower was given at the Hahn home. Following a social hour, Master Alfred Hahn drew into the room a red wagon piled high with useful gifts which were presented Mrs. Lynch by Mrs. Johnson, with the compliments and good wishes of her friends here.

After the gift packages were opened and admired, Mrs. Lynch thanked her friends in a most pleasing manner.

Refreshments were served to the honoree, Mrs. Lynch and to Mesdames Andrew Watkins, Carlton Hall, Byrom Halle, E. C. Herd, J. D. McAdams, Homer Mulkey, J. R. Tucker, G. A. Anderson, Nat Wood, F. A. AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

A long time ago the greatest Apostle of Christianity declared, "that love never fails." Then the thing that we need for our churches and one another, and for Christ is more love. The abiding element of Christianity is love. "Now abideth faith, hope, love, these three; but the greatest of these is love." Trying to create a passion for a perishing world in hearts that do not love God is like trying to kindle an iceberg into flames. Warm your hearts with the love of God if you would be a great christian. You can't follow Christ a far off and do that. Indifference creates icebergs in Christianity. We cannot assume the atmosphere of an iceberg and bump against each other as such and get very far in the christian life. The difference between the iceberg that sent the Titanic to her doom and the ocean that carries on its bosom the traffic of the world is simply a difference in temperature. When we lower the temperature the ocean of life becomes iceberg; but when we raise the temperature with the love of God, the iceberg becomes ocean and men and women can find the way without danger. The difference between christians who are attracting people to the church and those who are repelling them is just the difference in temperature. The cold and frozen heart repels, no matter how orthodox it may be, while the warm and glowing spirit attracts all who come within its influence.

We believe that you will find a warm welcome to all the services of the Baptist Church Sunday.

Dr. and Mrs. G. L. Jenkins are visiting relatives and friends in central Texas.

Misses Edgar Mae and Mabel Mongole and Mrs. R. S. McKee visited in Amarillo Saturday.

Miss Mamie Smallwood of Brice visited with Miss Irene Rhodes Wednesday.

Rev. E. D. Landreth attended a church meeting in Plainview returning home Wednesday.

Mrs. Irene Mitchell of Dallas visited here over the weekend. She was accompanied home by her sister, Mrs. Laverne Shufford and son Chas. Brittain who will make their home in Dallas.

J. E. Blankenship of Hedley had business here Tuesday. He stated that he was doing alright except that the big court might declare the president unconstitutional, and leave him without a president.

Mrs. D. P. Ross of Amarillo was here Monday attending to business. She was on her way home after spending the holidays with the family of her daughter, Mrs. Harwood Beville at Dallas.

For a better understanding yet of the New Testament Church, let us now consider its relation to Christ who owns it. Paul says in Eph. 5:25-32: "Husbands love your wives even as Christ also loved the church and gave Himself up for it; for no man ever hath his own flesh, but nourisheth and cherisheth it, even as Christ also the church; because ye are members of His body—This mystery is great but I speak in regard of Christ and of the Church." The fact that Christ and the church are but one body is clearly set forth in this text. Their intimate relationship of Christ to His church is illustrat-

ed by husband and wife—"the two shall become one flesh." There could no more be several churches—bodies—with Christ as head over each, as there could be legitimately several wives, each of them having one and the same husband.

In Isaiah the fourth chapter we have the picture of modern, man-made churches, under the figure of false women. "And in that day seven women shall take hold of one man, saying, we will eat our own food, wear our own apparel; only let us be called by thy name to take away our reproach from among men." Any one can see that these false women represent false churches, the kind that manage their own affairs, plan their own doctrines, and set forth the rules that shall govern their respective churches. Does God have several institutions, or does He have one? Can men be born into the family of God and not be members of His

church? Can they be translated out of the power of darkness into the Kingdom of God's Son, and not at the same time be a member of the church and a child of God?
 As to institution, is there a difference between the kingdom of Christ on the earth and the Church on earth? If so, how many people are in the kingdom of Christ who are not in the church of Christ? Jesus Christ is the foundation of the church, the chief corner stone of the temple of God, that holy place in which God dwells by His spirit. (Eph. 2:20-22)

THE LAST ROUND-UP

There's thundering of hoofs on ranges wide
 In Texas, where the long-horned cattle go
 Down winding thorny trails they wander slow,
 While frisky calves romp by their mother's side
 And cowboys round up strays, and steers divide
 To brand them near the camp-fire's ruddy glow.
 They bed at night where flowering cactus grow,
 And sinuous rattlers round their blankets glide.
 The cowboy's last round-up will come some day

 He dreams of heaven with its riders there
 To lasso steers, or stars, if they should stray,
 Or twist a comet's tail, would suit him best;
 In heaven's active service, he would share.

Does Bladder Weakness WAKE YOU UP?

Make this 25c test. Remove the cause. Use buchu leaves, juniper oil, etc., to flush out excess acids and impurities which causes irritation that results in restless nights, burning, scanty flow, frequent desire, or backache. Ask for little green tablets called Bukets, the bladder lax. They work on the bladder similar to castor oil on the bowels. In four days if not pleased any druggist will refund your 25c.

(Mrs. John Goldston)
We missed Mr. and Mrs. Mahaffey and children in our Sunday school Sunday. They have attended so regularly, and much of the success of our S. S. has been on account of Mrs. Mahaffey being such an efficient secretary. They have moved from Midway to Ashtola, so what is our loss is Ashtola's gain. Treat them fine Ashtola, for they are fine people.

Mr. and Mrs. John Goldston were guests of Mr. and Mrs. Walter Morrow of Martin Thursday in a trip to Amarillo in their new Plymouth, they taking Mr. Goldston up for radium treatments from Drs. there.

Mr. and Mrs. J. C. Longan have moved to the Miss Annie Bourland place near Midway. We are so glad to have them in our midst, as they are fine community workers.

Mr. Millsap and some of the boys worked on the play ground equipment Monday getting the ground ready for the inspector who is to be at Midway school Wednesday morning, 8:30 o'clock.

The patrons are planning on being there.

15,000 Wild Horses Stamped In Western Drama "Stormy"

Thunderous hoofs and the unearthly screams of 1500 fear-crazed, stampeding wild horses as primitive forces engage in mortal combat!

"Stormy," which comes to the Pastime Theatre next Wednesday and Thursday with Noah Beery, Jr., and Jean Rogers in the leading roles, was filmed in its entirety on the Painted Desert and in other remote and beautiful Arizona spots.

Directed by Louis Friedlander, it is the picturization of the popular novel by Cherry Wilson. Weeks were spent in the picturesque and lovely Arizona locations with the company most of the time more than 112 miles from a railroad. More than 1500 wild horses were rounded up over an area of several hundred square miles for the sensational stampede scenes. The seven weeks old colt of Rex, the king of wild horses, was brought in from the range where it had run with the wild horses since birth and is said to be the hit of the film.

Climaxing work of several weeks by Indians and cowboys, this spectacular stampede was staged by the Universal Pictures unit filming "Stormy" on location in Blue Canyon, Arizona. Declared to be the most stupendous and spectacular scene of its kind ever staged or a motion picture, the stampede was filmed while the mercury hovered around 122 degrees. Blue Canyon, one of the most picturesque spots on the Painted Desert, is approximately 300 feet deep at

the spot where the stampede was held. In addition to Jean Rogers and Noah Beery, Jr. the cast of "Stormy" includes J. Farrell Mac Donald, Fred Kohler, Raymond Hutton, Walter Miller, James Burtis, the original Arizona Wranglers, a septette of real frontiersmen nationally known to radio fans; Rex and his colt, which has been named "Stormy" in honor of the picture.

GOLDSTON SCHOOL NEWS

Another successful week has passed in the history of our school. Friday evening, January 17, marked the event of a pie supper, the proceeds of which was to buy basketball suits for the girls. We were well pleased with the returns and hope the customers were pleased with the pies that were auctioned off by the capable auctioneer, Bill Klaus. We appreciate his acting in that capacity for us. A play "Rounding Up of Minnie", was presented for the audience's approval before the pies were sold. The play was interesting as well as being given in a commendable manner. Those taking part in the play were T. W. McAnear, Vivian Veazey, Odell Davis, Viola Clemmons, Leroy Hendrix, Junior (Chic) Lynn, and Herman Mooring. Last week terminated the second six weeks of the school term. Tests were given and we found that the pupils were doing good work regardless of the fact that many of them had to be out a great part of the time. The following honor roll is submitted: First grade, Wilma June Hendrix, Sylvia Faye Morgan, Fed McAnear Jr., second grade, Vanell Clemmons, Ouida Lynn, Sammie Iree Hill, Betty Jo Rhodes, Arvis Davis, Henry Hendrix, John Simmons, third grade, Margaret Jo Roberts, Beatrice Smith, J. R. Morgan, fourth grade, Alma Lou Pegram, Len Goldston, Edith Marie Roberts, Peggy Stewart, L. E. Lynn, Lorraine Wallace, Fifth grade, J. J. The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuralgia or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin. We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach, or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice. Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct. Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly. You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

QUESTION MARK

(San Quentin Prison Bulletin)
If all the seas were made of ink,
And all trees were a pen;
If all lands were a clean white sheet—
Well, what would I do then?
I'd dip the pen into the ink,
And in letters bold and dark,
I'd draw upon the clean white sheet—
A great big question mark. —I. S.

Women should take only liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true. Do what doctors do to relieve this condition. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all. Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

THREE STEPS TO RELIEVING CONSTIPATION

I. A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

QUESTION MARK

(San Quentin Prison Bulletin)
If all the seas were made of ink,
And all trees were a pen;
If all lands were a clean white sheet—
Well, what would I do then?
I'd dip the pen into the ink,
And in letters bold and dark,
I'd draw upon the clean white sheet—
A great big question mark. —I. S.

Women should take only liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true. Do what doctors do to relieve this condition. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all. Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

THREE STEPS TO RELIEVING CONSTIPATION

I. A cleansing dose today; a smaller quantity tomorrow; less each time, until bowels need no help at all.

II. Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

III. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

There will be a four-act play presented at the school house Saturday night entitled, "Windy Willows." Every one is cordially invited. There will be a small admission charge and the proceeds will be used for new song books. Mr. and Mrs. George Barrow of McLean visited Friday afternoon with Mr. and Mrs. N. D. Scaff.

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations BEFORE you take any preparation you don't know all about, for the relief of headaches, or the pains of rheumatism, neuralgia or neuralgia, ask your doctor what he thinks about it—in comparison with Genuine Bayer Aspirin. We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach, or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice. Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct. Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly. You can get real Bayer Aspirin at any drug store—simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy. Bayer Aspirin

C. Huffman Announces For Sheriff's Office

I have resided in Donley county for the past seven years, being engaged in the bakery business. It has been hard to get by the past five years, but I have made a decent living, and to do that you have got to know to save and cut down expenses.

It has always been my plan to work along and attend strictly to my own business, and treat my fellow man in all fairness.

I am announcing for the office of sheriff of Donley county first, because I think I am qualified and capable of filling the office, and second place, I have been solicited by many to make the race. Then again, I promised you two years ago that I would make the race this time.

As to how I stand for law enforcement, I think the people of Donley county know that. I want to see them enforced fairly to all alike.

Why do we have elections every

two years? Ask yourself that question. To elect new officers and give some one else a chance. I am asking for that chance now. You are the judge as to who you vote for. Don't let any man dictate to you whether you should vote for a new man, or one already in office. Be your own judge as to whether a new man can make a good officer. It has been done, and I will do that if you elect me to that office. I think the office belongs to the people and not to one person.

I want to take this opportunity to thank those who supported me two years ago, and I earnestly solicit your vote and influence in the coming election. And to those who did not vote for me, will you please give me your consideration, for this time your vote and influence will be more than appreciated. And if you elect me sheriff of Donley County, I will work earnestly as an officer to enforce all laws alike.

I am asking for your vote and influence, and assure each of you that both will be greatly appreciated.

Thank you.
C. Huffman

Pyle Announces for Office City Commissioner

This issue of The Donley County Leader carries the announcement of T. M. (Flop) Pyle as a candidate for the office of City Commissioner of Clarendon at the election to be held in April, 1936.

"Flop" Pyle, as he is known to most people, has been a resident of Clarendon for many years, and served the town for many years as city marshal. He is probably as familiar with the affairs of the city as any person living.

In making his announcement he promises a square deal for all, and for a careful conduct of the city's affairs.

Will Publish Guide Book For Texas Panhandle

Persons to be consulted on questions expected to arise in the preparation of the Amarillo section of the Texas guidebook, Works Progress Administration project for writers on relief, have been named by J. Frank Davis, state director of the Writers' Project.

Members of the committee will be consulted in connection with the various phases of the research during the preparation of the guidebook. Each has been selected as an advisor on some special topic.

Those who will be consultants on the comprehensive manuscript were announced by A. A. Meredith, director of WPA district 16, as follows:

- History—L. F. Sheffy, Canyon.
- Folk-Lore—Albert H. Law, Dalhart.
- Architecture—Guy Carlander, Amarillo.
- Catholic Church—the Rev. R. E. Lucey, Amarillo.

Protestant Churches—the Rev. G. H. Bryant, Texline.
