President's Birthday Ball Is Tribute To Him For Relief Of National Scourge

Funds From Ball at Opera House Next Tuesday Night Will Assist Warm Springs Foundation In Relief of Those Afflicted Following Attack of Infantile Paralysis

President Roosevelt will deliver a radio address Tuesday night as a token of his personal appreciation of what is being done for the relief of the afflicted. The success of this county-wide party, sponsored by citizens in practically every part of the nation that evening, is termed a glowing tribute to a man who has waged and won a hard personal fight against what might have been accepted as a lasting handicap.

Johnny Beard is general chairman, and to him is due the honors for having made arrangements for any degree of success that may come to the movement locally. A 9-piece orchestra directed by "Humpty Hampton" and a special novelty trio will supply the music for the ball.

The purpose of the huge party, which most people already understand, is a simple and humane effort to assist the President in establishing through the direct help of the public an endowment fund for the Warm Springs, Georgia foundation that it may carry on a crusade against the national scourge that yearly afflicts thousands of American children.

This endowment will be used entirely for the protection of humanity, and under the leadership of the President, plans to centralize and coordinate all other factors in the national crusade against a disease that is little understood that may affect individuals and often a whole community. The Foundation is a nonprofit making institution, non-sectarian and has no lines of social distinction. Every worthy cause will be given equal consideration.

This tribute being paid the President on his 52nd birthday is the first time in American history that such a tribute has been given while a president is living. Small towns, as well as cities will be paying that tribute Tuesday evening all over the nation.

The local admittance price has been set at one dollar. The party begins at nine o'clock. It is expected that the President's short address will be heard by the dancers where the ball is held. This plan is being made in general over the nation.

Auction Sale Scheduled For Next Saturday

There will be another auction sale at the Nat Woods feed yard here next Saturday according to an announcement of Cleo Woods. Several have been held during the past few months with success, and Cleo is strongly of the opinion that they should be made a regular feature.

These sales enable both buyer and seller to get together at a minimum of expense. Live stock, implements and household goods are the principal items that are auctioned. The sale starts at 2 p. m., Saturday, January 27th.

Local Insurance Man Writes From Old Mexico

Gathering at Dallas the last of the week, a large number of insurance agents of the United Fidelity company began a journey to Mexico City, the trip requiring several days.

Geo. B. Bagby in writing the Leader under date of the 20th sends along some interesting scenes of that nation. George was "doing" Monterey Monday.

COTTON CONTRACT MUDDLE HINDERS FURTHER RELIEF

Cotton Contracts Must Be Signed up Before First Day of February

Due to a misunderstanding, the signing of cotton contracts over much of Texas has been at a standstill the past two weeks. This is only too true of cotton growers to a large extent in Donley county. The County Control Committee has interpreted the meaning of the contract in such a manner that the landlord and tenant share equally the proceeds received from the government on the contract basis for cotton reduction.

The first payment of 50 percent allowed under the contract is to be paid between March 1st and May 1st. This was taken to mean that payment was so arranged to assist the planter in having funds with which to produce a crop.

The second payment is to be made between July 15th and September 1st. The second half of the lease money will be paid during this period, and is said to be so designed to afford the planter means with which to gather the crop.

The county committee of the Donley County Cotton Control Association of which E. L. Lewis is chairman, and J. G. McDougale and M. M. Noble associate members, gives notice through the Leader this week that no contract will be recommended unless signed by both land owner and tenant. This statement appears in another column in this issue.

All contracts must be signed up before midnight of January 31st. It is the opinion of Chairman E. L. Lewis that if the cotton acreage is not reduced in compliance with government request, that the crop this fall will not be worth picking. This seems to be the opinion of a number of other cotton producers who are becoming alarmed at the delay in getting contracts signed lest the government contract date bring about the expiration of the one best opportunity offered the farmer.

Nurseryman Praises Pulling Power Leader Ads

A letter this week from J. E. Fitzgerald, whose nursery advertisement has been running in the Leader for the second season, says: "I am having the biggest business on record and trees are going in a hurry. Better continue my ad. It may sound irregular for a man to say he has all the business he can handle, but such is the case. I appreciate the opportunity of sending a large number of orders to your section for which I give the Leader the greater credit."

Mother-Daughter Banquet February 13th

The second annual Mother-Daughter banquet will be held here on February 13th according to announcement.

Committees have been appointed and plans completed for the success of this lovely affair. A complete program will be announced in the Leader in due time.

THAT COTTON REDUCTION CONTRACT

(An Editorial)

The hesitancy upon the part of a number of cotton growers to sign the government cotton reduction contract at this time has brought us face to face with an issue of vital concern. Should the administration's cotton measure fail, it means a bumper cotton crop this fall and abject poverty will again be the lot of those who suffered before the plow-up campaign started in 1933.

With a 10 million acre cotton reduction in 1933, the cotton crop brought approximately 857 million dollars as compared with the 426 million dollar crop of 1932. Under the contract plan as proposed today, the farmer gets his money in advance without producing anything, and gets more money for producing less cotton marketed in the fall.

With the carryover of some 25 million bales visible world supply, the 1934 crop must be reduced again or sell for 2 cents this fall if there is any market at all. It sold for 3 cents when there was less carry over in 1932.

The Donley County Leader goes into hundreds of farm homes each week, and there is no class of readers that this newspaper values more highly. The Leader has no hesitancy in urging every land owner and tenant in backing the administration on the cotton deal. The federal price of 3½ cents per pound of lint, plus the parity arrangement of another cent seems more than fair. We doubt if many farmers have realized that much cotton profit during the last four years.

We shall not attempt to discuss the contracts—your Cotton Control Committee is the proper authority to interpret the contract. But we will say that if the farmers received no money from the government at all, the crop reduction would enable him to be in much better condition at the end of the season by far, than if no reduction were made.

The assurance of a fair price for cotton this fall is of vital importance to all of us. Talk it over with your County Agent or Cotton Control Committee if you have not already signed up. We need your help. This is a time when we must all pull together and help the President to put over the measures that have and will help us.

Clarendon Hatchery To Open Hatching Season On Fourth Year Here Saturday

Largest Chick Production Plant in Northwest Texas Ships Products to Four States. All Leading Varieties of Chicks Are Sold As Well as Custom Hatched

More and more each year do citizens of Donley county come to realize the importance of poultry production. What was once a very insignificant side line, has become an important adjunct to the average farm, and in some instances, the poultry production end of the business claims the entire attention of the farmer.

"Prospects are much better right now than since 1929," Frank White, operator of the local hatchery stated Tuesday. Eggs are higher and there is an increasing demand for good poultry.

During the 'run' last season, business increased over the previous year. More than three hundred thousand chicks went out last season from the two big Smith incubators having a combined capacity of one hundred and ten thousand at each hatch when in full operation. During the last season White Leghorns took the lead with Reds and Buffs following.

Eggs will begin to be placed Saturday of this week, and on Monday morning the machine will begin poultry production not by hundreds, but by multiplied thousands. Mr. White has a hatchery advertisement in the Leader this week giving the public specific instructions.

T. L. Naylor of the Naylor community breeds in large quantities the celebrated English strain of white leghorns. C. C. Carter east of Sunnyview is said to have the same variety.

Buff Orpingtons have ever been a favorite with Hermesmeier Bros., numbered among the more extensive farmers and stock growers of the county near Jericho. They always take their share of premiums in an exhibit contest, and lead the county in the production of Buffs.

Will poultry insure a better income than cotton? Ask Walter Goldston who has one of the best valley farms northwest of Goldston. He has abandoned the cotton plan and devotes practically all his attention to producing an excellent strain of White Leghorns. Earl Holley's White Leghorns

are well known over the Panhandle. His method of producing poultry at a minimum of expense, and tapping the best markets, has been a subject for consideration for many years on the part of those who would learn more of "profits in poultry production."

Then there are others, many of whom produce on a large scale. The industry is increasing in volume and the fact that capacities are being enlarged would lead one to believe that poultry production pays. Most all of those engaged in the poultry game get their checks from the Clarendon Hatchery because they are better and consequently cheaper in the beginning. Custom hatch runs into the thousands each season.

Chamber of Commerce Will Celebrate Tonight

The annual banquet program of the Chamber of Commerce will be carried out this evening at the Antro hotel coffee shop along the lines of the program as announced in the Leader last week.

Officers are to be elected and a silver cup awarded to the store making the best Christmas window display. Plates will be priced at 50 cents.

Largest Taxpayers Not Yet Over The Deadline

The Denver railway company, the largest taxpayer in the county has paid one-half of their tax amounting to \$6,148.20. The next largest tax payment is that of the J A ranch interests. One-half paid amounts to \$3,179.24. Taxes become delinquent after Jan. 31st.

Cars or autos are more numerous than last year. Those registered to date total 507, or 152 more than at this time last year.

Trucks are being registered under to classifications this season—commercial and farm trucks. The commercial trucks total 25 and farm trucks that pay only one-half as much tax for license plates as the commercial, total 14 to date.

CITIZENS SLOW IN MAKING POLL TAX PAYMENTS

Less Than a Third Poll Tax Payments With Time Limit Drawing Near

Though this is election year, and there is a total of more than 3,200 poll tax assessments on the rolls, only 1,012 have paid for the privilege of voting up to Wednesday. The final limit for paying poll tax expires at midnight, January 31st.

Clarendon voters casting ballots at the Courthouse total 210 making allowance for "overs and unders" in each instance here cited. The City Hall box has 177 voters so far. Other voting places in the county with the poll tax payments are: Hedley 192; Lelia 101; Clarendon 67; Glenwood 5; Wilson 11; Watkins 5; Giles 23; Naylor 16; Bray 22; Jericho 17; Martin 30; Rowe 18; Smith 15; Whitefish 9; Goldston 19; Ashtola 44; Skillet 31.

In comparison with the voting strength of two years ago, only about half have qualified in some of the precincts. It is believed there will be a grand rush during the last days of payments.

City, precinct, county, state and some national officers are to be elected this year. There will be two state primaries and one general election. In Clarendon, two city commissioners will be elected in April. Those due to pay a poll tax cannot vote in either of the above elections without paying a poll tax.

Roy Blackman Was Not Fined For Violating CWA Rule

A story going the rounds here the past week to the effect that Roy Blackman was fined \$50 for working on the Brice highway under the CWA, is unfounded and untrue.

Stories went the rounds to the effect that he had purchased and paid cash for a new car, and that he had something like a \$1,000 in the bank and was otherwise to be classed as a plutocrat if not an aristocrat, and on top of all his wealth had sought government relief. This was "nigger news." Nigger news is a story that gets in the air and you can't find it attached to any source.

CWA WORKERS QUOTA CUT DOWN ALL OVER STATE

All Those Expecting Jobs Under CWA Registering Again This Week

An appeal was made to Senator Tom Connally Monday in a telegram asking for aid for relief workers in Donley county. The Senator's reply reads:

"Have been working on and urging continuance of civil works relief. Glad to advise that sufficient funds are available to continue work to February 15th, and that President is making request for additional funds sufficient to carry on work until middle of April or May 1st. Am delighted to have been of service.

(Signed) Tom Connally

National Administrator Harry L. Hopkins had ordered a reduction of 45,000 workers in Texas due to a shortage of funds. Hours of workers in Donley county were cut from 30 per week to 24. Those in the rural districts were cut to 15 hours per week. All team work was stopped. These changes were made to comply more fully with the request as above stated. It was at this point that a telegram was sent Senator Connally asking that assistance be given the needy of his district.

No work is going on this week under the CWA. A large number appear daily at CWA headquarters for registering. It is necessary for every one seeking employment on any government relief job to register again, no matter how many times they may have registered in the past. This is said to be a plan upon the part of the national administrator to weed out the less needy, and to give the more needy more relief.

Tax Collector's Office Will Remain Open Sunday

In keeping with a custom in many places, M. W. Mosley announces that his office will remain open next Sunday for the accommodation of men who are working through the week during the regular hours that the office is open.

He believes that this will give a number an opportunity to pay their taxes, poll tax, etc. who might not otherwise get them paid.

* * * * * CWA BULLETIN * * * * *

With the completion and approval of a part of the registrations, CWA work in Donley County will be resumed the latter part of this week. Donley County will be allowed to work a maximum of 327 men which is an unusually large allotment for a county of this size. Employees on Civil Works projects in rural districts will work 15 hours per week and those working in towns and cities will work 24 hours per week. In no case will any one be permitted to work more than the allotted hours. Eligibility for work will be determined through Case Records on each registration; and only those who actually need the work will be given employment.

Last week \$5,984.20 was paid in salaries and wages from the Relief and CWA funds combined. This is probably the largest payroll that will be disbursed in Donley County since the new allotment of men can not be exceeded; and for the past two weeks approximately four hundred men and women have been employed on CWA projects.

Those projects that are now under construction will be completed before new work is started provided they are considered beneficial to the community or town in which they are being carried on.

County agent T. R. Broun and G. L. Boykin, Ed Kinchlow, John Hermesmeier, Elba Ballew and Bert Mayfield attended a meeting of Panhandle farmers at Amarillo Monday seeking information relative to the government's corn-hog relief program.

County agents, vocational agriculture teachers and committeemen from all sections of the Panhandle heard E. M. Regenbrecht of the state extension service and administrator of the plan in Texas, and O. S. Fisher of Washington explain the plan of operation.

Panhandle farmers are now on the mark and ready to go for the administration's corn-hog relief program.

County agents, vocational agriculture teachers and county committeemen from all sections of the Panhandle went to Amarillo Monday for an all-day schooling in administering the plan.

E. M. Regenbrecht of the state extension service, administrator of the plan in Texas, and O. S. Fisher, federal agronomist of Washington, D. C., spent the day there in making the county agents and others familiar with the way the plan will operate.

Briefly the plan is this: All owners of three or more litters of hogs each year (1932-1933) are eligible to sign the hog contract. Those signing the contract will be required to reduce litters and market hogs by 25 per cent in 1934.

In return for contracting with the government to decrease production, the farmers will receive \$5 per hog on 75 per cent of the average production in the base years, 1932-1933.

To be eligible to sign the corn contract, a farmer must have raised a minimum of 10 acres in the base years (1932-1933). The return for signing this contract will be 30 cents a bushel on the allotted yield.

If farmers produce above the minimum of both corn and hogs, they must sign both contracts, but if they produce only the required minimum of either corn or hogs, they will be compelled to sign only the one contract.

Preliminary educational meetings will be held soon in the various communities where they have not been held up to date, at which time farmers will receive definite information regarding contract and the complete plan. The county agent or committeemen will conduct these meetings.

District Governor Del W. Harrington Visits Club Here

El Paso Attorney Visits Lions Clubs of West Texas Under His Jurisdiction

The local Lions club deferred the meeting day to Wednesday due to the itinerary of District Governor Harrington who spoke to a large gathering of Lion members and friends at Panhandle Tuesday night.

Mr. Harrington was a resident of Clarendon for some time many years ago, is a brother of our esteemed "Dad" Harrington, and consequently felt very much at home among friends of former days.

His talk was based upon the aims and objects of Lionism in the main, with an occasional reference to his boyhood days in Clarendon. In behalf of Lions International, he presented key-member keys to F. W. Rathjen and Homer Mulkey.

One feature of the entertainment provided for the Governor on his visit here was of exceptional merit according to a number of local Lions. This was the trumpet duets by Messrs. Robt. O. Sandusky, band leader of Shamrock, and Gus B. Stephenson, our local band instructor. Mrs. Powell accompanist.

Attention to Land Owners and Tenants

We, the County Committee of the Donley County Cotton Control Association of Donley County, take this opportunity to notify the farmers of this County and the public at large, that we cannot recommend to the Secretary of Agriculture for acceptance any contract, that is not signed by both Landowner and tenant, as provided for in Contract.

THE POWER OF NEWSPAPER ADVERTISING

HOW MUCH is a dollar?

Dave Harum said, "When you get hold of ten dollars get it into you or onto you as soon as you can, for there ain't no pocket in a shroud, and you're a long time dead."

If you had nothing but money you would be poor indeed. It is the things for which you can exchange the money you earn that set the standards of your living comforts and conveniences.

You know this. But do you know that it is you who largely determines the value of your dollar?

Many things contribute to the distance a dollar will go, but the greatest agent in "value received" is Advertising.

The advertisements in this paper tell you about the best grades merchandise. They tell you where they can be had and for how much.

They tell you of the new things that manufacturers are producing to make your dollars of real worth to you in greater comforts, better living, more enjoyment.

Read the advertisements. Take time to save time. Take trouble to save trouble. Read to save walking. Search the ads to save searching the stores. And to make the dollar go farther!

DONLEY COUNTY LEADER

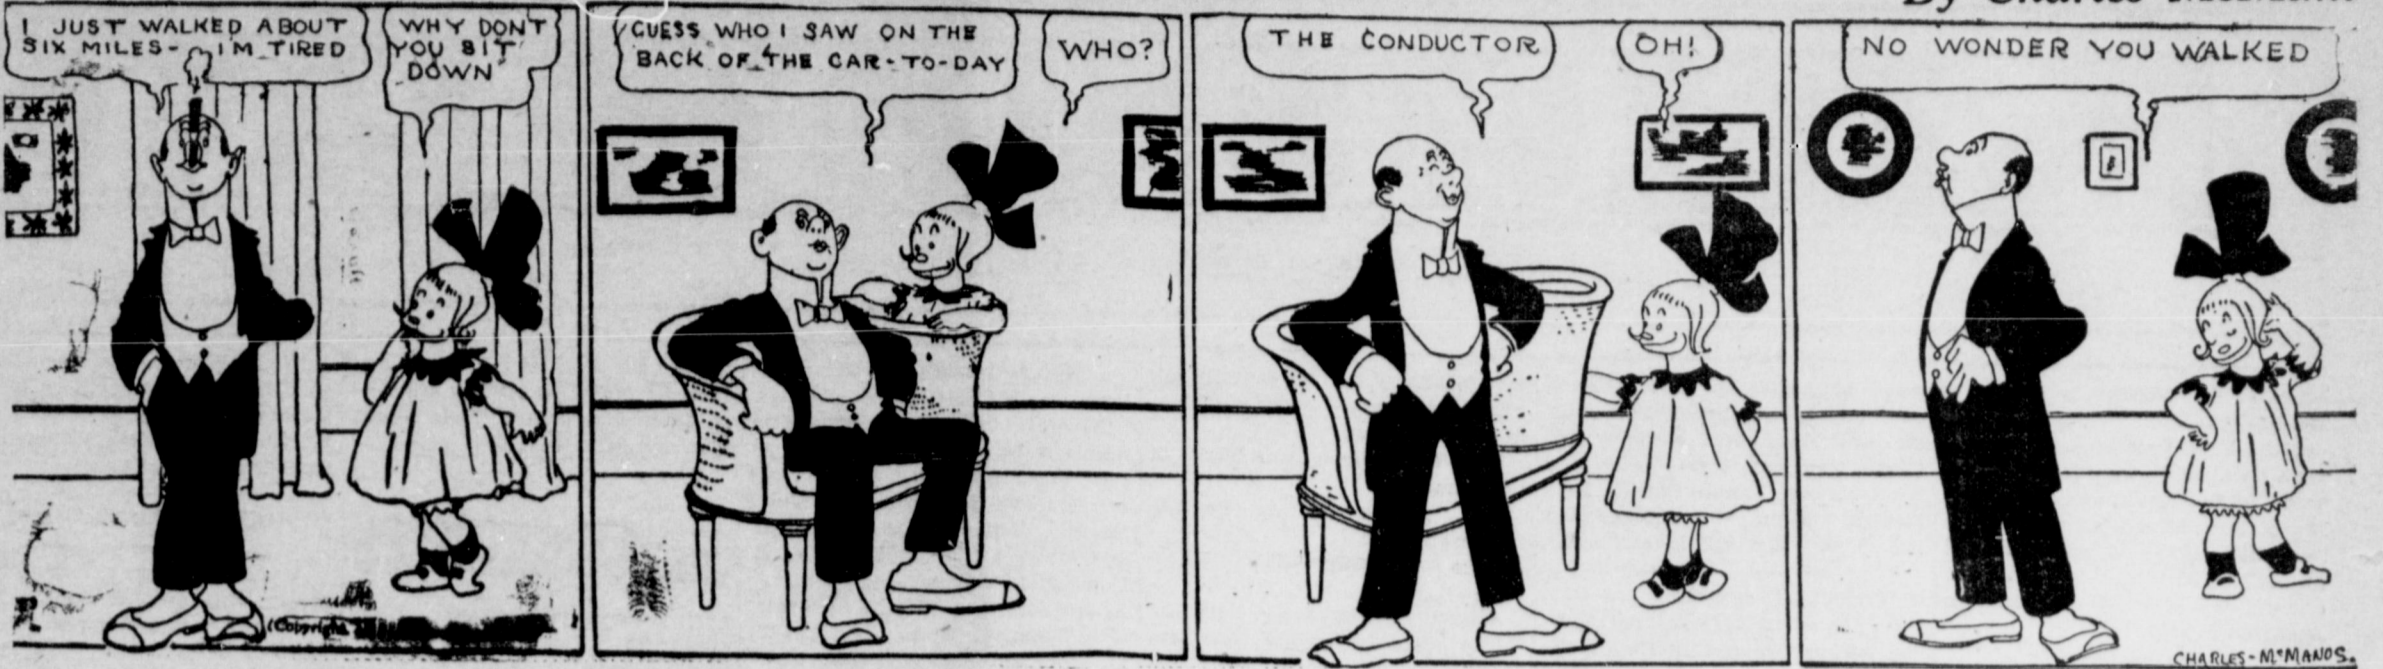

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church
"Building The Church of Christ."
"Builded together for a habitation of God." Eph. 2:22.

During the ages human beings have passed through three important occupational stages—hunters, growers, builders. The last represents most forcibly the ideals of civilization. Paul's readers were surrounded by exquisite examples of builder's art. Those pagan temples were "fittly framed together"—a phrase which conveyed to their minds a noble estimate of the church of Christ. Building involves three considerations.

I. First the foundation. Nobody begins at the roof. Security is the first essential. Strong and deep it must be built into the heart of the earth. A good foundation is the price of permanence. So Paul begins with the foundation, and immediately we understand the nature of the building. Apostles and prophets by their examples, testimony and influence first established the church in the heart of history. Paul is careful to declare that even the apostles and martyrs are only to be remembered for their experiences of Christ. Christ, his teachings and examples as made known by the Apostles, and recorded in the New Testament, is the foundation of the church. To remove or change any part of it weakens the structure.

DOROTHY DARNIT

By Charles McManis

II. The structure. "Ye also are built together." The quality of a building depends much upon the material used in it. The church of Christ is not stone, lime and brick, but human lives, regenerated people. It is composed of men and women, who believe in Christ, adopt His ideals and share His service. Christ's living cathedral, is the fairest of all structures known to man. The best of buildings will succumb to the exigencies of earth and sky, but the church remains so long as Christ saves men from their sin, and that is forever.

III. A building must have a purpose. Paul says this is a holy temple, sacred to the salvation of the world. It's end is not political, material or even intellectual, but spiritual—a term that must be used as Christ used it.

Sunday our subjects will be: "The superiority of the new dispensation over the old," and "Uncertainties and Certainties."

* * * * * GOLDSTON SCHOOL NEWS * * * * *

Every Monday morning seems to bring new faces to school. We are glad to have the new pupils with us and we hope that their stay will be both profitable and enjoyable. We are going to try to make them feel as if they are welcome to our circles.

The teachers are arranging materials and getting ready to begin training the pupils for the various Interscholastic League activities. Several of the pupils have expressed their desire to enter the various contests. It is probable that we will have quite a number of declaimers as usual. Indications are good for a winning spelling team this year; competition will be keen in Tiny Tot Story telling this time also.

The teachers and pupils are rapidly getting their materials ready for display on that long looked for visiting day. It won't be long now, because the time is drawing near. We want each and every patron in the community to come and see the work that will be displayed by the pupils.

Last Friday the Junior and Senior boys from Lelia Lake were to play us here but due to casualties and illness, Mr. Cooper could not bring his Senior boys' team. Instead the senior girls came and went home with the long end of the score again. But our girls showed remarkable improvement over their last game with Lelia. However the club from Lelia is a well organized club and they show that they are well coached.

But, Oh! boy, oh! boy. Did you see how well our junior boys played. Talk about team work, they have it. If our senior boys had the team work that our junior boys displayed last Friday, they would be a dangerous team. The out-

standing players on the junior team are Harrold Simmons and Cleon Allee, however the other boys are contributing much to the team and before the season some of them will probably receive honorable mention. The final score of the game was 16-2 in the Goldston boys' favor.

T. D. Nored and Mr. and Mrs. Sam Braswell attended the Lions zone meeting at Panhandle Tuesday night.

Mr. and Mrs. Henry Tice who has been visiting her parents, Mr. and Mrs. A. H. Baker left for their home at Wellington, Monday.

Claude Nash of Hedley had business in the county seat Tuesday.

Mrs. Hicks Daniels and children of Amarillo spent the week end with her sister and family, Mr. and Mrs. Sloan Baker.

B. & P. W. SOCIAL

One of the prettiest social affairs of the week was staged Sunday afternoon, at the Women's Club Room, from 2:30 to 5:30, in an International Tea given by the Clarendon Business & Professional Women's Club. One hundred and seventeen guests and members gathered for this occasion, including members of B & P W clubs of Amarillo, Childress, Memphis, Plainview, Pampa, Shamrock, Vernon and Wheeler, two non-member guests from Claude and several non-member guests from Clarendon.

In the receiving line were Mrs. Faye S. Gordon of Amarillo, President of the Texas Federation of B&P W Clubs, Miss Clara Lee Shewmaker of Pampa, District Director of District No. One, Miss Lottie Lane, District Chairman of International Relations of District No. One and local president, and Misses Fannie Perry and Norma Rhode.

In line with the purpose of this tea, that of creating a closer fellowship among the clubs of this district and of creating a better knowledge of and closer contact with the International Federation, the program featured several foreign countries, each number representing its country with the costume applicable. The program included:

Welcome—Lottie Lane.

Hungarian Dance—Mrs. Allen J. Bryan.

Two Irish Songs—When Irish Eyes are Smiling; Mother Machree by Mrs. J. H. Howse.

Piano solo demonstrating Egyptian music—Mildred Martin.

History of the International Federation—Clara Lee Shewmaker

Three Italian readings—Lonely Honeymoon; Greata Faith; Wedding Anniversary—by Mrs. Rita Foster Stocking.

Activities and accomplishments of the Federation—State, National, and International—Mrs. Faye S. Gordon.

Past District Directors Adella Drew of Plainview, Frankie Gober of Amarillo, and Irene Huber of Vernon were introduced by Mrs. Faye Gordon, who was the first District Director of District One.

Miss Mary Cooke was well received in a tap dance representing this country, and a Japanese Orchestra, under the direction of Mrs. G. L. Boykin, played while refreshments were being served.

Delectable refreshments, carry-

ing out the motif of the USA, were served from a beautifully appointed table where Miss Julia Wiedeman and Mrs. Ruth Teat served.

BUSY BUSINESS MAN

A young lawyer, having only recently hung out his shingle, liked to appear busy and important. One morning a man with a bag in his hand entered his office. Thinking the man a salesman and wishing to impress him with the fact that he was too busy to listen, the lawyer grasped the telephone.

"No, I'm very sorry," he said importantly, into the mouthpiece, "but it will be impossible for me to take your case now, unless it is very important - - All right, I can give you five minutes on Thursday afternoon. Yes, yes, good bye."

"And now," said the lawyer, turning to the stranger, "what can I do for you?"

"Why nothing much," said the stranger, "I'm from the telephone company and was sent here to connect your telephone."

Roy Beverly Announces For Re-Election

In announcing his intention to make the race again, Mr. Beverly mentions the fact that the records show how he has discharged the duties of the office as county commissioner. That his Road and Bridge fund is now operating on 25 percent of what it was when he first took office. That he helped put the county over on a cash basis on a 47% tax collection.

He especially wishes to help put through Highway 88 north and south as he has Highway 5 now in process of improvement. He favors every improvement possible that will not increase the taxpayer's burden. He further states that if elected, he will continue to discharge the duties of the office to the very best of his ability. He asks the vote and influence of all voters.

Ladies of Legion Auxiliary Entertain Tuesday Nite

Fifty-seven signed the register at the Legion Hall Tuesday evening when the ladies of the Auxiliary served coffee, cakes and sandwiches to the Legion boys.

Games in variety furnished entertainment and the evening passed all too quickly.

Mrs. Guy S. Pierce was chairman of the entertainment committee. Other ladies helping to make this social affair a decided success were Mesdames J. A. Meaders, C. C. Fish, B. C. Antrobus, C. G. Stricklin, C. Huffman, Price Morris, Cecil Beach, C. B. Morris, O. L. Fink and A. O. Bauer.

Mr. and Mrs. Ralph Bourland of Quail visited the week end with her parents, Mr. and Mrs. Dave Johnson.

Mrs. Claudine Ratcliff of Amarillo spent week end with her parents.

ASHTOLA

By Christine Knox
Athlyn Drennon, who has been in the hospital at Clarendon came home Sunday morn. She is doing fine.

We are glad the school Board has seen fit to put on another teacher here in our school. We were very short on teachers and we are sure she will be kept busy. Miss Helen Goldston will teach Home Economics, also part of the 6th and 7th grades. We are very glad to have her.

Miss Jean Piercy from Clarendon spent Sunday with Theda Parker.

Othella Poovey spent last week at McLean with Mr. and Mrs. Leo Wallace.

Our basketball boys played the Clarendon Stars Friday afternoon at 4:30. The score was 12-19 in favor of Ashtola.

The Ashtola B. Y. P. U. pre-

sented a very interesting play, "The Dream that came true" last Wednesday nite at the school house auditorium.

Earl Buttler and Willa Poovey spent the week end at McLean. Othello Poovey accompanied them home.

Jessie J. Tomlinson and Christine Knox visited Mary Jane and Anita Cook of Lelia Lake last Sat.

Mr. and Mrs. D. W. Tomlinson motored to Memphis Sat. While en route their car turned over, but no one was injured.

Mr. and Mrs. Van Knox were in Memphis Friday.

We are glad Mrs. D. E. Randall is better and is at home again.

Mr. W. P. Holley is in Olton on business this week.

Miss Jessie Cook of Clarendon is visiting her mother and father, Mr. and Mrs. J. C. Cook and sister, Mrs. W. P. Holley of this place.

The work shop for the farm mechanics class of this school is nearing completion.

Mr. and Mrs. Otis Smith visited relatives and friends here last week.

Mr. and Mrs. Van Knox and three daughters and Jessie J. Tomlinson visited Mr. and Mrs. Mirza Crain and daughters at Goodnight last Sunday.

CHAMBERLAIN

SCHOOL NEWS
Our school is progressing very nicely now, as we have been for several months. Our school house is now full to capacity. There were several new pupils came in to school the past week.

Now is the time to begin to watch us go. We now have plenty of girls for a good team. The boys have been working out some in their basketball work.

Interscholastic League work will begin very soon. We hope to have some entrants in every literary department, and as many entrants in track events as possible.

Sixth Grade News

We are very sorry that Joe Frank Heathington's mother had to be operated on last week for appendicitis at Adair Hospital. We are all glad that she is doing fine and they think they will get to bring her home soon.

Billie Dwane Killough from Brice spent this week end with his uncle, Ray Isham.

Mr. and Mrs. A. O. Hott and family spent Sunday with Mr. and Mrs. R. P. Wilson.

Junior and L. B. Hartzog from Martin spent the week end with Ray and David Isham.

Mrs. Mable Johnson from Clovis New Mexico is visiting her sister, Mrs. Velma Heathington who was operated on last week.

Mr. and Mrs. Harry Hartzog from Martin and Mrs. Killough from Brice spent Sunday with Mr. and Mrs. T. C. Isham and family.

Billie, Jack, and C. C. Yates spent Sunday afternoon with Rebecca Eanes and W. H. Nelson.

The sixth and seventh grade are having to frame the picture of our president, Franklin D. Roosevelt for their room.

We have taken all of our six weeks exams and most of us made good.

Seventh Grade News

We are happy to have a new member in our class, Miss Juanita Estes, who moved from Brice to Chamberlain a short while ago. She will be on the basketball team.

The seventh grade pupils are framing a picture of our president Mr. Roosevelt.

Rose Donham's sister was operated on last Thursday morning about nine o'clock. Rose Donham is having to miss school now because she is very sick.

The seventh grade pupils are progressing nicely in their studies. They have taken all six weeks exams. Everyone made pretty good grades.

In government the seventh graders have to know the rep. from this district, all county officers, and all the representatives in the lower house from this district.

In spelling the seventh grade is having a contest. It will end at the closing of school. The one that gets the most headmarks will be rewarded by some prize. They surely have to study. Jasper Rippetoe is leading now.

Sometimes Mr. Jackson lets the one in the seventh grade that knows his lesson the best teach the class.

Will Chamberlain is a candidate for the office of county commissioner in Precinct 4 this time. He made the race two years ago and believes that with the knowledge gained at that time that he can win this time.

TEMPLE OF TRUTH
By the Apostle

There is an old saying that "half the world does not know how the other half lives." The person who started that thought he or she was smart, but they certainly never lived in a little country town.

In a small town the neighbors know all about a fellow. If they don't, they ask him.

A reader of this column says it is a funny thing to him how his wife can see a hair on his coat shoulder at ten feet, but can't read without her glasses. Brother, you are in for a lot of training yet.

"Get along little doggie, get along! Said the castor oil to the weiner."

Some people say that a woman always has the last word. Right here and now we are taking the part of the down-trodden woman. Of course she doesn't always have the last word. For instance how about one woman talking to another?

Lean men and clean men,
Wild men and mild men,
Jobbers and robbers—
Women harry them.
Tall girls and small girls,
Neat girls and sweet girls,
Cash girls and hash girls—
Cooks and Crooks marry them

Coops Give Faculty Tea

On last Wednesday afternoon at four o'clock, the Lelia teachers were delightfully entertained by Mr. and Mrs. Cooper. Mrs. Cooper proved herself a charming hostess both in her manner of entertaining and in her way of making her guests feel at home.

Refreshments of sandwiches, cake, fruit cake, candy, tea, coffee and punch were served in a most pleasing manner.

Refreshments of sandwiches, cake, fruit cake, candy, tea, coffee and punch were served in a most pleasing manner. Miniature candles adorning individual cakes added to the attractiveness. For favors, each guest was presented with cleverly written mock autobiographies illustrated with amusing cut-outs.

As the teachers left, each felt like saying with John Gilpen of old "When next" the Coopers entertain at tea.

CWA Workers to Work on School Building

The school is going to furnish material and the state is going to furnish CWA workers to work over the school building. Work will be done as the following:

Paint the ceiling, Re-varnish the wood work, build more shelves in library, paint window facings, tightening the windows, patch and paint all outside wood works, build a place for brooms, etc., put new plaster on walls where it is buckled, put in new window glasses where necessary, work over doors, stop up some holes on outside of school building where formerly was ventilators, have more dirt and fill in around trees.

Victory

The Lelia Lake basketball girls mas necktie, there beats a heart of gold." (PS. His conscience flying up and hitting him in the face is said to keep the tie well-pressed).

In summing up the cotton reduction scramble at this time, a certain hamburger agent said, "If the renters get the money, they will buy my hamburgers. But if the land owners get the money, they will pay taxes."

It is against the policy of this column to sink to the level of a matrimonial agency, but we are tempted now and have been for several months. A mighty fine man, a widower, was in recently and announced that he'd come to the conclusion that he had to get married in order to carry on his farming operations.

journeyed to Goldston last Friday evening where they met Goldston girls. The game was started as soon as the Lelia Lake Junior boys finished playing. At the half of our game, the score was 6 to 4 in Lelia favor.

Sophomores Win Book Contest

The Sophs won the book contest which we have been working on. They had fifty-three books. One of the rules was for six magazines to count one book. They had about one hundred and fifty magazines.

The Sophomores will get an hour and half off some day soon. They are looking forward to missing some class.

Junior Boys Basketball

The Junior team won second place in the tournament and had to fight hard for that, but there was one team that fought harder and played better and that was Clarendon. Clarendon's team were good sports and didn't get the big head over the victory.

There was good sportsmanship displayed at the tournament and it was appreciated.

Some boys and girls who were planning on entering tennis met in Miss Hill's room for the purpose of organizing a "Tennis Squad."

Tommie Allen was elected captain, and Margetta Cruse was elected co-captain.

The purpose of the club is to promote better tennis players, build a good court, and arrange a schedule for playing time, between the girls and boys.

We are planning on having some good tennis players to represent us in the county meet.

Boy's Basketball

The tournament at Clarendon the past week gave the boys good work out, although several of them got a few injuries.

The boys fought a great fight, but lost in the last game. As several of the boys were off the team there were not any substitutes, and the main string were worked down the last game.

On Tuesday afternoon the boys were working out and Reynolds received a broken hand and was unable to play in the game Thursday.

Four men of the first string were out of the game on account of injuries on Thursday afternoon when our substitute team ran Windy Valley a close score of seventeen to eighteen in favor of Windy Valley. When the rest of the boys get a

bone broken we'll be tougher and more game than ever. We intend to clean the path before us.

In the tournament which is to be held at Hedley, we intend to have a six-foot-two lineup. The men are Reynolds six feet, two; Finch six-three, Howard six-two, Allen six, Reeves six-three. The average wt. is one hundred and fifty.

The boys have started practicing on field and track. When Reynolds and Finch are high-jumping, they take up their parachute. In the mile run, Finch and Howard are proud of their speed as they are making it in record time.

We have several boys in every event this year, and we are very proud of them.

The junior boys have a good track team and they are plenty fast. Radell Saunders broke the pole just before he made his record jump. We are also expecting Grimsley to be the leading man in the dashes and when he hits the tape.

We have several coming out for tennis. The opposing teams better watch out for they are really driving those balls.

Rubye and Juanita Jones Entertain

Miss Rubye and Juanita Jones entertained a few young couples last Wednesday night with a party.

Euell Admire, Greer Cottingham and John McCauley furnished some entertainment with their singing and Euell's playing. Billie Admire sang and played which was real good.

Games were played until a late hour when delicious refreshments were served to the following: Misses Margaret Gerner, Francis Johnston, Billie Admire, Vernelle Leathers, Lanette Lewis, Maxine Tomlinson and hostesses Miss Juanita and Rubye Jones. Messrs. Greer Cottingham, John McCauley, Euell Admire, Billie Floyd, Morris Finch, and M. L. Allen. Everyone reported a real nice time. We are looking forward to the next party she will give.

FUNERAL SERVICE R. H. ALEXANDER IS HELD SUNDAY

Resident of Donley County
Since 1901 Dies From
Heart Failure

Funeral services were conducted Sunday afternoon from the First Methodist church by the pastor, Rev. E. B. Bowen for Robt. H. Alexander who died Saturday. The deceased had been ill only a short time, and is said to have suffered

a second heart attack shortly before his death.

Mr. Alexander was a native of Tennessee where he was born October 1, 1861. He was married to Miss Cynthia Bourland in 1881, and survives. The surviving children are a son, Earl of Clarendon and Clyde of Amarillo. The daughters are Wylfa Lee and Lois at home, and Mrs. H. K. Edwards of Crowell and Mrs. C. E. Galin of Martin, Tennessee.

Those attending the casket were old friends and are C. W. Bennett, W. B. Halle, Tom F. Connally, Bill Upham of McLean, S. W. Lowe and Dave Johnson. Buntin & Son had charge of funeral arrangements.

ments. Mr. Alexander was a farmer for many years until his retirement, though he continued the management of his farming interests. He was a member of the Methodist church, a man of unquestioned honesty and though he was of a reserved disposition, he had many friends.

The Leader and other friends of the family extend condolences to the bereaved family in the loss of a devoted husband and father.

Rayburn Smith Announces For Public Weigher

The Leader has been requested to announce Mr. Smith's candidacy for the office of Public Weigher of Precinct No. 2.

Mr. Smith is or unquestioned integrity. Not only that, but he is willing to spend money in keeping his scales in an accurate condition insuring his patrons honest weights and fair treatment. His scales were overhauled within recent months and were brought up to that point to meet that rigid test required of one operating a public weighing device designed to serve the public with official weights.

He will appreciate your influence and votes in the 1934 campaign.

Debt Conciliation Meet Held At Amarillo Monday

The Donley County Committee members attended a district meeting of the Debt Conciliation Board at Amarillo Monday for the purpose of gaining information. Dr. B. L. Jenkins is chairman of the Donley county committee. The other members are C. W. Bennett, G. J. Teel, J. F. Jones, Jerome Stocking.

Any farm owner whose loan is past due may apply to either of the above named for information that may be of value to him. It is the primary purpose of this organization to relieve land owners whose indebtedness is causing them distress at this time.

The committee serves without pay and operates under federal jurisdiction. Similar committees have been appointed by the Governor in each of the counties of the state. M. G. Abernathy is district manager with offices at Amarillo. He has charge of 107 counties.

"CIVIL SERVICE" TO BE PRESENTED AS COMEDY PLAY

Goldston Literary Society
Will Present Play On
February 2nd

On Friday evening February 2, 1934 the Goldston Literary Society will present the play entitled "Civil Service" by Walter Ben Hare. This promises to be an evening of entertainment that you cannot well afford to miss.

This play is a comedy drama of American life depicting the joys and sorrows, the heartaches and struggles and temptations of a small group of employees working in a post office in a small city of the middle west. There is the stern inspector, the officious postmaster, the busybody mail clerk, the ambitious young clerk who yields to temptation and robs the postoffice, the kind hearted old man who carries the rural route, the raw recruit and the noble hearted plucky little stamp clerk, who bravely stifles her own feelings and lives for the advancement of her friends.

Those that are helping produce this play are: Howard Rhodes, Gordon Gatewood, R. V. Hatley, Ralph Stewart, Roy Morgan, Robt. Lee eKrow, Miss Ailene Rhodes, Miss Nan Potter, Miss Willie Mae Blanks, Miss Uva Stewart, and Mrs. Orville Smith. All of these characters have had considerable experience in the production of Home Talent plays. And remember that the Goldston Literary Society is noted for producing plays that are of the highest type. Watch the Leader for a more detailed announcement next week.

Rural School is Requesting Library Help

Often around every home there are to be found odd books, magazines and other reading matter that would mean much to the children of the rural schools. If you have such material for the foundation of a library, notify E. H. Estlack at the Fairview school who requests anything of value to the pupils of that school.

"We need books, magazines and newspapers", he says. Modern newspapers would help and that modest request from this and other of our rural schools should be complied with by every one interested in school work.

Mead and Bugbee Named to Decorate Panhandle Museum

Canyon—Two Panhandle artists were designated this week to place two mural paintings in the Panhandle-Plains Historical Society Museum here.

This work is being done as a Public Works of Art project, and director John S. Ankeney, director of Region 12, came to Canyon to inspect the proposed project and make plans with the artists.

Harold Bugbee of Clarendon and Ben Carlton Mead of Amarillo were designated by him as Class A artists to carry out the projects.

Scenes Preserved

On the east wall of Pioneer Hall Bugbee will place a panel six and one half feet by fourteen feet, depicting the entrance of Col. Charles Goodnight and his herd of cattle into the Palo Duro Canyon. On the west wall opposite, a panel of the same size will be painted by Mead, showing Coronado's entry into the Palo Duro Canyon, 400 years before. The Coronado panel will tell of the coming into use of the horse in the Panhandle of Texas, while the Goodnight panel will suggest the last period in which the horse was supreme.

Six Panels Planned

Mr. Bugbee and Mr. Mead have already planned six more panels for the museum walls. These are a picture of pre-pueblo life which will face the main entrance of the building; a panel depicting the life of plains Indians; one showing the Mexican period; another the buffalo hunters; and a fifth the military occupation of the Panhandle, with the coming of permanent settlers as the last panel.

The two panels now being painted are to be completed by February 15, 1934, or as soon thereafter as possible. The six additional panels will be added

Andis Brothers Open Motor Freight Office at Memphis

In order to more adequately service the trade, Andis Brothers have this week opened a motor freight office at Memphis. This office will be in charge of Wilford (Snooks) Andis, son of Ben Andis who, with his brother Ralph, own the truck line.

Before the advent of the motor truck years ago, the elder Andis, father of Ben and Ralph Andis, operated a dry line here. With the coming of the motor truck, the boys readily took up that line after having operated horse drawn wagons since they were large enough to drive a team.

The present motor freight line will serve Memphis, Clarendon, and Amarillo, making trips daily. The firm has been operating between Clarendon and Amarillo for a number of years, it being among if not the first.

Funeral Services for Montieith Warren Held Monday

Funeral services for Montieith C. Warren, who died of a brain abscess in San Francisco last week, were held at the First Methodist church in Ft. Worth Monday at 2 p. m., the Rev. S. H. C. Burgin officiating.

Members of Masonic Lodge No. 148 had charge of services at the grave in Rose Hill Burial Park.

A son of Mr. and Mrs. Joe M. Warren, Montieith was reared in Clarendon where he graduated from old Clarendon College as valedictorian of his class. He was voted the most popular boy student and was a most likeable fellow with the general public.

He leaves his widow, his parents, a brother Harry and sister Lucile of Ft. Worth. Another sister is Mrs. Leta Beck of Amarillo.

Mr. C. L. McGowen has been made divisional manager for Texas territory for the Gleaner-Baldwin Harvester Co.

Lane Ingram Dies Tuesday At Waxahachie

Rev. C. B. Ingram received a message informing him of the death of his son Tuesday night at Waxahachie following a long illness.

His mother, Mrs. C. B. Ingram, had gone to be with him more than a week ago, but Bro. Ingram, who has been confined to his home from illness for several weeks, was not physically able to make the trip. Roy Ingram is also with his relatives there.

Your Interests Are Our Interests

With this thought in mind, and being desirous of helping our customers and the citizenship in general, your banks are making an appeal at this time that cotton reduction contracts be signed up as soon as possible. The time limit is January 31st.

In 1933 cotton farmers of the south received approximately 857 million dollars for their crop as compared to 426 million dollars in 1932. By plowing under 10 million acres of cotton, the southern farmers doubled the price of their product. There seems to be no doubt that if this excess had not been destroyed, the price in the fall would have been less than 5 cents, if it had any market at all.

The cotton grower entered 1933 in a desperate condition and almost hopeless. Today this feeling in a large measure seems to have passed. With a carryover of some 25 million bales, it is our candid opinion that if a reduction is not made as is proposed through administrative measures at this time, that cotton in the fall of 1934 will sell at a very low price.

Since all interests devolve upon the success of the farmer, we strongly urge every cotton grower to cooperate with the President in signing up the cotton reduction contracts.
