MORE CRAZY IDEAS.

It appears to have become the custom to send lunatics—real or alibis—to the insane asylum where they are permitted to walk out at leisure and kill others for evident pastime.

FAMILY NECESSITY.

An electrically propelled razor has been placed on the market at a \$1.09 that is said to "whisk off the whiskers" in a jiffy. The only drawback to the machine is that it lacks a lipstick attachment, otherwise the whole family could use it.

UNRECONCILED IS RECONCILED.

John L. McCarty, skipper of the Dalhart Texan and elected a vice president of the Young Democratic League at Lubbock, practically lends his endorsement to C. C. McDonald for the governorship forgetting the fact that Jim Ferguson had already done the same thing.

NATIONAL WEEKLY HAPPENINGS.

Senator Long is sued for \$500,000 on a damage suit for calling a man a liar and thief. Governor Murray calls the state auditor a liar. A man charged with bond swindling in Kansas is shelved for 673 years according to a jury edict.

LOWER AUTO TAX INCREASES REVENUE.

While our own state legislative bodies are debating the idea of an auto tax reduction, it might be well for them to consider the experiment in Oregon, 1933 being their first year under the tax reduction as applied to autos and trucks.

ELDERS SET PACE FOR YOUNGSTERS.

With 43,000 men and women enrolled for a return to school in Chicago alone under CWES teachers, the adult education movement is getting a tremendous boost from the National Government.

Adult schools, of course, are largely confined to the larger cities. The pupils enjoying this privilege include many native Americans, though foreign born are in the majority.

RAIDING UNCLE SAM'S TREASURY.

Those who would escape the effects of a depression, need only to get in with the gang that has been bleeding this nation to the point of ruin for the last four years.

Then along come twelve men in Detroit who invest \$1200 and get control of \$800,000,000 in deposits which they loaned at a high rate of interest.

Then a New York bank on a capital stock of \$5,000,000 got the use of \$90,000,000 and unloaded millions of dollars worth of worthless South American stock on their depositors.

During the past few days the United States Senate investigating committee has been investigating the air mail subsidy which appears to have them all backed off the map when it comes to plundering your good old trusting Uncle Samuel.

company's stock and had seen it grow to a cash value of \$35,575,000 within four years. Had it continued at the same rate for another four years, it would be worth 4 trillion, 980 billion, 500 million dollars.

Another stockholder in the same company with an investment of \$40 during the same four years saw it increase in cash value to \$5,624,000 or at the rate of \$140,600 for every dollar he had invested.

Stopping a few leaks like this will provide plenty of cash for paying laborers under the New Deal.

CRIMINALS AND SOB STUFF.

Too often our criminals are glorified by the over-sentimentalists who rush to the jail and shower attentions of mercy and laudation upon those who are guilty of the most hellish crimes in the land.

A favorite sob story is to the effect that criminals "inherit" the tendency to rob, steal and take human life. There might be some excuse along this line in extreme cases, but the great majority of criminals have adopted that method because they wish to 'get by' without earning, and have no conscientious scruples against attaining that end even to the extent of taking human life.

When one hears about inherited criminal tendencies, they should remember the suggestion of Ezekiel in Holy Writ when he said: "What mean ye, that ye use this proverb concerning the land of Israel, saying, 'The fathers have eaten sour grapes, and the children's teeth are set on edge'."

Ezekiel was not very strong for the idea that all criminals were born that way, and human nature is the same today as it was in ancient times—it never changes.

BRICE (Velma Lemmons)

There was a pretty large attendance at Sunday school and church Sunday. Bro. Dearmore filled his regular appointment Sunday morn and Sunday night.

Zackie Salmon spent Sunday with Virginia Lemmons.

Mrs. Holland and children went shopping in Clarendon Saturday.

Several of the folks from Brice attended the Donley County singing convention Sunday afternoon.

It seems that all kind of bad luck happened in the community last week and especially, most of it happened on Monday. To begin with, Mrs. McCrary got her hand in an electric wringer, and it was badly hurt. It seems to be some

better. Then Dexter Todd was playing ball after lunch, the same day, and fell. His leg was broken but we hope that it will soon be better and be back in school. He seems to be some better but is still bedfast.

Miss Mildred Pitman left Sunday to go to college at Canyon. We are wishing her the best of success.

Mr. and Mrs. Ernest Lemmons and

A Three Days' Cough Is Your Danger Signal

Don't let them get a strangle hold. Fight germs quickly. Consumption follows a major help in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Croemolonia.

family spent Sunday afternoon in the home of W. H. Lemons and family.

Mr. Scott Lemons has returned to his home after several weeks of absence. He had been upon the plains working.

The club ladies met in the home of Mrs. W. H. Lemons Friday and quitted. All seemed to enjoy themselves very much. They will meet with Mrs. Crews the next meeting day, which is the third Friday.

The community met two weeks ago and organized the P. T. A. They will meet the second and fourth Thursday in every month. We are just hoping that all the parents will take part in this and help every way they can.

We are inviting all of the singers to be with us, Sunday afternoon as it is our singing day. Mr. Wills is expected to be with us as well as other visitors from the surrounding communities.

There seems to be lots of sickness in the community but are just hoping that everybody will soon be well and back at their

work soon.

Mr. and Mrs. Holley have returned from Ft. Worth, where they have been with her parents. Mrs. Holley lost her father last Monday. We owe her our greatest sympathy and feel that he has gone to a better place to meet his Maker.

We have put on a fifth teacher in the school. Mrs. Holley was

elected by all trustees and we know that she will do her very best toward the pupils and helping in the community.

Mrs. W. H. Crane and daughters Ethel and Edna and Mr. and Mrs. Burr Shane and small daughter Sandra of Amarillo visited Mrs. Crane's sister, Mrs. John Clark and family here Sunday.

Our Bank Is Your Bank FARMERS STATE BANK A bank has no merchandise to show. It must stand on its record, and the successful issues of the services it has rendered to its patrons; on the confidence and good will it has created. This bank offers a record replete with just such service.

Quality and Economy Together Today's unusual conditions enable us to offer you the greatest bargain in washing machine history... an economy washer with a quality guarantee. But today... the day of bargains... can't last forever. Already prices are creeping up. First quality merchandise is costing us more. Act now. Buy your washer today. You will be saving money without sacrificing quality. INVESTIGATE One of our salesmen will be glad to show you this superior washer, or arrange a demonstration. A small cash payment places this washer in your home. The savings will more than pay the remaining balance month by month. Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and operating costs amount to but a few pennies a week? West Texas Utilities Company

TEMPLE OF TRUTH
By the Apostle

The old Apostle had more appreciative visitors Saturday than for any one day in years. They ranged in ages from little tots to grandmas and grandpas. We were really expecting the fortune teller that morning and had a marcel wave in our whiskers. They caught us all dressed up for company sure enough. We were mighty glad to have them, all ages and sizes. Come again, folks.

The most pathetic sight is a healthy invalid.

We read in the papers that a movie actor is engaged to six girls at one time. Cupid must have shot him with a machine gun.

There is something good in the worst of years; there is something bad in the best of years. It requires a sensible view to sift the nuggets from the sands of time.

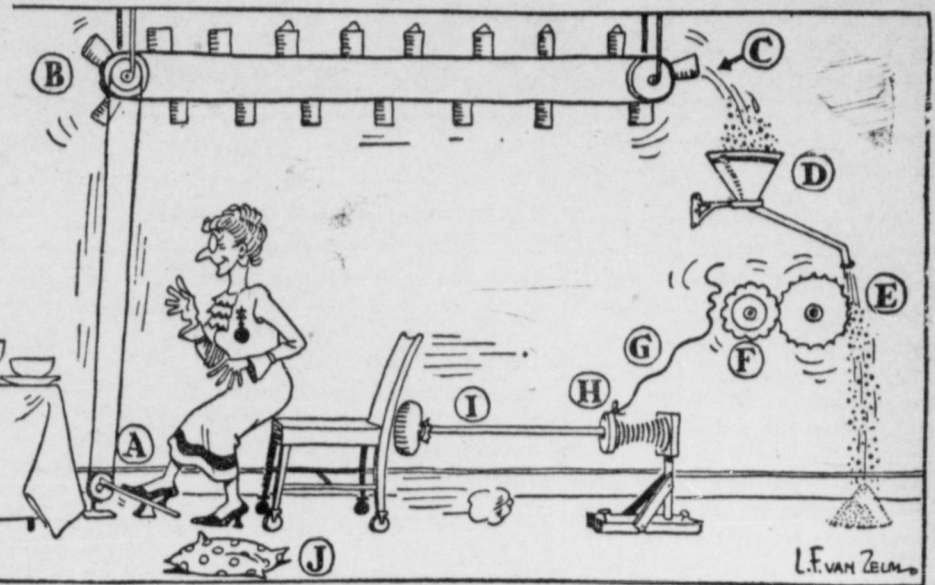

"THE MAIN THING ON MAIN STREET"

Daily Buzz
MAIN STREET'S
LEADING NEWSPAPER

LATEST INVENTION IS
FOR LONELY LADIES

T. EDISON SMITH, MAIN STREET'S BOY INVENTOR, BRINGS JOY TO THE LADIES BY HIS LATEST BRAIN-CHILD, WHICH IS KNOWN AS "SMITH'S SELF-SEATING CHAIR."

MY INVENTION THIS WEEK IS DESIGNED FOR THE SPINSTER OR THE LADY WHOSE HUSBAND GENERALLY DINES AT THE CLUB, AND WHO, THEREFORE, MUST SEAT HERSELF AT THE TABLE.
IN ORDER TO SEAT SELF, STEP ON PEDDLE (A) WHICH STARTS BELT (B) IN MOTION. ON BELT ARE NUMBER OF CUPS FILLED WITH SAND. WHEN CUPS REACH POINT (C) THEY DUMP SAND INTO FUNNEL (D). THE FLOW OF SAND STRIKES ON TEETH OF WHEEL (E) AND IT REVOLVES - AT THE SAME TIME REVOLVING WHEEL (F). STRING (G) THEN UNWINDS FROM WHEEL (F), RELEASES SPRING (H), WHICH SHOOTS OUT ARM (I), WHICH PUSHES CHAIR QUICKLY UP TO LADY. WHEN CHAIR HITS LADY IN BACK OF KNEES, IT IS TIME TO SIT DOWN. IN CASE THIS INVENTION SHOULD NOT WORK SMOOTHLY WE ADVISE HAVING PILLOW (J) HANDY.

Why keep a barometer around to tell when there is to be a change in the weather so long as people have rheumatism?

The College Hill Widow says that a smart man gives in when he's wrong, but when a man gives in when he is right—he's married.

The ladies will be especially interested to know that dress styles will be changed to pajamas this summer, fashioned after the latest auto designs. Two-cylinder trouser type, valve sleeves, knee action. Stream lines instead of seam lines. Colors to harmonize with traffic lights. Non-glare buttons, greater

operating flexibility around the waist with bumper protection in the rear.

In the language of the movie actor, "Come up to see me some time."

A man writing in from the Jack end of Briscoe county asks: "I read in the papers some years ago that the government was going to change the size of the bills. Did they ever do it? Answer—yes, but we can't prove it."

Speaking of gifts, our birthday will happen around the 18th. Gosh! We are getting old in years in spite of all we can do. Last year we got a number of reminders. We still have some letters received at that time, and there is nothing that we appreciate more. Just good old-time friendly letters about the things the writer has in mind. Get them in early folks if you care to send them. We'll do our best to reply to every one as we did last year, though it may take a month. It's great just to be remembered. It is the greatest method yet invented to spread joy and sunshine, and costs the least. We never do enough of it. The day comes on Sunday, and what a day for reflection and taking personal inventory.

"When sorrow tears away our calm,
The friends who come with healing balm,
Reveal the brotherhood of man,
Far better than a sermon can."

Rain predictors in this western country are generally given two classifications, one is that of a newcomer. After serving this community well and faithfully for some twelve years as a City Marshall, T. M. (Flop) Pyle has completed a correspondence course in weather predicting. While in the act of receiving his diplomas at the postoffice Saturday, he announced plenty of rain during the months of March and June, according to the pep squad that was present when he opened his graduation letter. When asked relative to the possibility of any sandstorms, he calmly announced that sandstorm predictions came under the post-graduate course he was to complete about the middle of March, which will be a little late to do his customers any good this season. With the assurance of plenty of moisture next month, his popularity has increased a thousand fold.

The old-time "clod-busting" preacher who chased sinners over the fields, was something akin to a "home-spun philosopher." That kind of preachers are a matter of history with the exception of Bro. Ingram, and he's laid up—we are very sorry to say.

Speaking of home spun philosophers, old man Bill Barker of near Martin is one of that tribe. While hemmed up by him at the singing convention, this is what that man got off: "The man who gets by these days is going some. He's got to keep his back to the wall and his ear to the ground. He's expected to keep his nose on the grindstone and his shoulder to the wheel; keep a level head and both feet on the ground. At the same time the New Deal tells him to keep his head in the clouds looking for the silver lining, and I'm danged if I see how he's goin' to get by with it all." That's what Bill has to say about it all, and Bill knows his onions.

Willard and H. B. Rhodes Jr. paid us another call bringing along their mother and grandmother. Our specialty is little boys. We like little girls too since we have grandchildren of the fair and bossy sex. We used to refer to the women as the "weaker" sex, but they

ain't any more except when over-worked. They have taken the places of men to such an extent that they are no longer prudish and silly. They talk like real folks, make their visits, transact business a lot better than their men folks and really get the job done up right without so much of a loss of time.

Ed Fox up at the City Grocery is going to get two ponies so that he and his daughter can ride around some and get some real exercise. Ed is an old-time cow puncher and knows what it takes to fill the bill. Besides being a rider, Ed as a kid cooked for the Baptist college at Goodnight in his bashful days. He took the job on a guarantee that they would keep the girls out of his kitchen and refused to begin the job until assured that he would be left alone. He got the job done. Ed was so shy about the women folks that when the girls wanted to compliment him on his sour dough bread, they had to send him presents through the mail and put some old cow-punchers' name on the outside to get Ed to open it.

The old Apostle is enjoying the fragrance of a beautiful hyacinth just now blossoming from a large pot, a gift of Mrs. Monia Harvey. We thank her every day for her kindly remembrance.

GOLDSTON

This community was made sad by the death of Mr. Shannon early Monday morning in the hospital at Clarendon. Mr. Shannon has for a long time been a resident of this community and his friends were numbered by all who knew him. In his passing it can be truly said that Donley County has lost one of its very best citizens.

Bro. Ferrell filled his regular appointment here Sunday afternoon. He was accompanied by Mrs. Ferrell and Mr. Nat Woods and lady.

Mr. and Mrs. Broun of Amarillo visited over the week end in the M. W. Hatley home. Mr. Broun is a teacher in the Amarillo schools. Granville McNary attended to unfinished business in the Brice

flats Sunday.

Mr. and Mrs. Roy Robinson have recently moved to their home purchased in this community last fall.

Mr. and Mrs. Dock Garret of Shamrock attended the play here Friday night.

Curtis Mixon of near Memphis was a week end guest in the home of his brother Claud.

Ed Wheeler and Bill Rowe motored to Nevelor Sunday.

Miss Mattie Rhodes primary teacher at Midway spent the week end with home folks.

Because of the illness of Messrs. H. M. Stewart and Richard Idleburger a goodly number of neighbors gathered in Monday and hauled and stacked their bundle crop. The following are the ones who helped: J. R. Dale, Sam Dale, Wilson Gray, John and Ralph Stewart, M. W. Hatley, Frank and Fountain Elmore, Ray Swafford, William Jordan, J. R. Grant and Howard Rhodes.

Civil Service under the auspices of the Literary Society was staged here Friday night. This comedy drama is much more than its name would indicate. The local talent was at its best as was clearly indicated by the tears or ripple of laughter that played over the large audience during the two hours performance. The play will be staged at Chamberlain Friday night of this week and Wednesday night of next week at Midway. The admission will not be more than 10 and fifteen cents. The high class entertainment is worth several times that amount.

In a double header basketball game here Friday between Ashtola and Goldston, resulting in Ashtola taking the long end of a twenty to twelve count, while the local girls led the visitors by a count of eight.

Alvin Barnes has returned from an extended visit in east Texas.

Elba "Snooks" Murff of Brice and a coming canvas painter of the Panhandle, visited the Leader of-fice Saturday.

C. H. Grooms marketed a flock of those large buff orpington hens here Tuesday.

Needham Murff, formerly of Brice and who has been a student of an army medical school at Denver for the past three years, is visiting relatives at Brice.

C. W. Bennett has been confined to his home the past several days due to illness.

Clarence Piercy is again able to be up and around looking after his business after spending two weeks at the hospital following a hernia operation.

"Did the work" says Miss Glivar
WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles Nerveine which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order. Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and \$1.00.
DR. MILES NERVEINE

TIRE TO SUIT ALL NEEDS AND EVERY POCKETBOOK TOO

Local Goodyear Dealer Has Complete Line to Fit Every Demand

With a tire priced to meet the needs of everyone's pocketbook, Joe Holland, local Goodyear dealer, points out that no one need take a chance on badly worn tires in winter when good tread and traction are so important.

"For the lifetime of the car, we of course have the deluxe tire known as the Double Eagle, extra heavy and extra durable for the

larger, heavier cars," Mr. Holland declared.

Then there's the Goodyear All-Weather Tread in both heavy duty and standard types made to suit the needs of the strenuous driver and the family car.

Goodyear's Pathfinder tire is a slightly lower priced but none the less sturdy, for the very careful buyer who must have quality with low price. This tire is also made in four sizes for trucks, he continued.

And finally, there is the Speedway tire, for the motorist whose car does not warrant the investment of a higher priced tire, or who feels that he must buy in the lowest price class commensurate with quality.

"We are indeed glad that we have a complete line of Goodyear tires to meet every buyer's need

New "Knee-Action" Chevrolet Gives Passengers Ride Like a Glide

In the design and development of the new 1934 Chevrolet, particular attention has been given to driver and passenger comfort, all annoying sensations of disagreeable sound and feeling having been eliminated. The upper photo shows the new Chevrolet coach with its long sleek lines. Wind rush has been eliminated by the Fisher No Draft Ventilators and the new streamlined bodies. Chevrolet's "Knee-Action" wheels enjoy the advantage of being completely enclosed in a weathertight housing; the coil springs and shock absorbers ride in a bath of oil. William E. Holler, Chevrolet's general sales manager, is shown at the left holding a chart which shows the internal construction of the system. The radiator of the new car has added beauty through its graceful and sharply pointed design. Smartness has been the theme in every line of this year's Chevrolet.

The driver and passengers in the new 1934 Chevrolet get a ride like the glide of an airplane. One of the main factors in improving the riding qualities of the new car to such a great extent is the "Knee-Action"—or independently sprung front wheels, to use the technical term.

So much has been written about independent springing that the public has doubtless concluded that it is something too technical to understand. As a matter of fact, there is nothing complicated about either the principle involved or the construction of the system. Chevrolet's "Knee-Action" enjoys the advantage of being enclosed in a welded weathertight housing in which the entire spring mechanism and shock absorbers ride up and down in a bath of oil.

An automobile gives a perfect ride when both the front and rear springs have the same "frequency," or tension. Actually this has been impossible to carry out in the past because the front springs had to be over twice as "stiff" as the rear springs in order to hold the front axle, wheels and brakes in place. In independent

springing, the wheels and spring mechanism are rigidly attached directly to the frame and there is no front axle. By relieving the front springs of the task of carrying wheels and axle, therefore, it became possible to make the front springs as "soft" as the rear springs. When the new Chevrolet strikes an irregularity in the road, both front and rear move up and down with the same frequency—there is no inclination on the part of the rear end of the car to leap into the air and throw the passengers forward and upward.

Chevrolet's "Knee-Action" has additional advantages all contributing to a comfort in riding never before thought possible in a motor car. There is a decided improvement in handling, steering, safety at high speeds and tire economy.

In design, the front spring is a neat, compact and efficient unit, as Mr. Holler points out in the above picture. The entire spring mechanism is attached rigidly to the frame. From this enclosed unit the wheels spring vertically at the ends of strong, steel horizontal arms.

The basketball boys motored to Windy Valley Saturday to play ball. The score was 27-18 in their favor. They also played Goldston Friday. Again they came out victorious, the score was 26-15. Next they played McKnight, the score was 35-21. Next Chamberlain, beating that team 21 points.

U. J. Boston purchased the first 1934 model Chevrolet delivered to the Clarendon Motor company last week.

Tinsley Mullins of the McKnight country had business here Wednesday.

Mrs. O. L. Fink and Mrs. R. L. Bigger attended to business in Amarillo Saturday.

Lee Walker and Zeb Land of Hedley had business here Wednesday.

Mrs. Thelma Lee Whaley and small daughter of Breckenridge is a guest in the J. E. Teer home.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"No Substitute For the Church."
 "Christ also loved the church, and gave Himself for it." Eph. 5:25.
 The Church of Christ, has for its definite purpose the salvation of souls. It is not like any other organization in the world and there is no other organization that can do the work of the church. Lodges, Clubs and other orders can and do do a great work but there is no substitute for the church.
 I. The church is the medium through which the Creator asserts His sovereign majesty to man. The church is no accident as some cynics would have us to believe. The story of the church was written by the prophets many years before it was established. The New

DOROTHY DARNIT

Testament sets forth the facts con-

cerning its beginning and its purpose and program.

II. Jesus loved the church and gave His life that it might be established and perfected. He was Himself a devoted participant in the synagogue worship, and He knew all about its imperfections. The greatest parables He gave were directed toward the church. He was revealing a better program, better promises, better covenant, and a better system of worship, with a better purpose, than the old Hebrew law and program, and when He finished with it, it was perfect.

III. The best people in the world are affiliated with the church. This is a broad affirmation, and is made advisedly. We know that a multitude of good people do not belong to the church, but their neutrality has curbed their usefulness in the world. We become members of the church by obedience to the commands of the New Testament, and God will not be satisfied with anything less. No Lodge, Club, or organization can give to its members the gift of eternal life, nor are they substitutes for the church and its program. God established the church for this work.

IV. The church is the unlimited source of life's greatest asset—service. The church is the university for training of world's leadership. The church believes in deeds. It believes in preparing people to perform tasks.

V. The church of God is the greatest outstanding institution in the world. It is the mother of many great institutions that are doing great works, but there is no substitute for the church, nor is there any excuse for not being a member of it. God has left us without excuse.

THE FRIENDLY FEW

I'd rather have a friendly few, Around me any day.

Than crowds that shut true comrades out, and put the soul at bay. There's nothing like a friendly few

To help us on our way, I like the few who really last, Far more, as I grow older.

There's nothing in this "Hello John!" with loud slaps on the shoulder

I'd turn and glare at such like fools

If only I were bolder. The friendly few make life worth While, as twilight comes apace, You can't expect a big return, From every fellow's face.

And when the evening settles down

How few are in the race, The Friendly few! Keep them With you as years rush on my lad! Be thankful for one faithful chum

To make your old heart glad. And, when I think of it, that's all

That any man has had! —C. Towne.

Fairview School News

The teachers, pupils, trustees, and patrons of Fairview school celebrated President Roosevelt's birthday with an appropriate program, January 30, at 7:30 p. m.

The following program was given:

- Song—America, by Group.
- Invocation—Bro. Downing.
- Greatest name in America—Group of primary pupils.
- Happy birthday—Group of girls
- Toast to President Roosevelt—Lloyd Hefner.
- The Blue Eagle—Joe Reed.
- Leadership—Margarete Beach.
- The Battle Cry of Feed 'em—J. R. Naylor.
- The New Deal—Jo Laverne Tidrow.
- Warm Springs Georgia Foundation—Mr. E. H. Estlack.
- Reforestation—Mr. K. C. Reed.
- President Roosevelt's Monetary Policies—Mrs. Richmond Bowlin.
- Success of the NRA—Mr. Carl Naylor.

A free will offering of \$1.14 was given.

After this program an enjoyable hour was spent listening to the President's speech, and other radio programs. The radio was furnished by Goldston Bros., and installed for the occasion by Edwin Eanes.

MARTIN Mrs. Jim Baker

The County Singing Convention held at Martin Sunday afternoon was a wonderful success. We feel that Mr. Kavanaugh was responsible for our having the convention here and we wish to express our gratitude to him. We also wish to thank Mr. Earthman for the little "welcome" song that he composed for Martin. Mr. Earthman is always doing nice things for Martin. There was a large crowd out, far more than the auditorium could accommodate and the singing was very good indeed. Mr. J. D. Wilson Supt. of Collingsworth County, gave an interesting talk on community work.

- Martin Honor Roll for 4th Month.
- 1st Grade—Charlie Speir, Helen Bulman.
- 2nd Grade—Josie Davis.
- 3rd Grade—Bennie Speir, Jimmie Goodman, John Murray Peabody, Bobbie Marshall.
- 4th Grade—Kitty Ruth Baley, Billie Ruth Bulman, Maggie Lee Davis, Inez Tolbert.
- 5th Grade—Doris Bailey, Chris-

Don't Get Up Nights

Lax the Bladder With Juniper Oil, Buchu, Etc.

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep.

You've heard and we've heard a lot of tire claims but here are facts straight from Akron: The Goodyear people have completed more than 8,400 stopping tests on automatically-braked cars equipped with various makes of tires both new and worn. By accurate measurements on wet slippery pavement, smooth tires slide 77% farther than new Goodyear All-Weathers—and other new non-skid tires slide 14% to 19% farther than the Goodyears. These figures check with the experience of our Goodyear customers and ourselves. How safe are your tires today?

THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

Donley County people, suffering from chronic diseases, should not submit to painful operations and take injurious medicines without first investigating the facilities of this wonderful Sanatorium.

Milling's tried and proven methods of treatment, which has had an outstanding national reputation for over forty years, has administered relief to thousands of suffering humanity. The truth of this statement can be greater appreciated if one will ask about the Sanatorium from anyone that has visited Mineral Wells—The Greatest Texas Health Resort.

Free information concerning our treatment of various diseases, can be had upon request. Also with this information, we will furnish in booklet form, pictures of the \$125,000 Sanatorium, with its spacious lobbies, inviting dining room, comfortable living quarters and modern convenience—together with many other out-door features.

Rates are very reasonable—for \$21.00 per week and up, rooms, meals, and treatments can be had.

An Institution with a National
 Reputation for the Treatment of
 CHRONIC DISEASES

Sluggish Motors

Is your motor slow on the "take off" these cool mornings? It will be even more so when the real cold weather begins.

Your battery and the electrical equipment have most to do with easy starting. The life of your battery can be extended if your wiring is doing its full duty. We make it a business to make motors start more easily. Let us look over yours.

TALLEY SUPER SERVICE STATION

Auto Upholstering....

Ragged upholstery in any make of car ruins the looks of the car pretty much as dirty shoes detract from one's personal appearance.

No matter what detracts from the appearance of your car, let us tell you how little it will cost to make it look respectable.

We do furniture upholstery, too. If you demand an extra nice job—well, that's what we want.

CORN AND HOG PRODUCERS MEET HERE SATURDAY

Committees For The Various Precincts Appointed And Plan Discussed

Quite a number were here in the District Court room Saturday afternoon to hear the corn-hog reduction plan discussed. Following is an explanation of how the plan works.

Take the case of John Doe, who farms 160 acres of land. During the two years of the base period, 1932-33, he has marketed an average of 60 hogs per year.

In signing the contract, John Doe agrees to reduce his hog production at least 25 per cent. Mr. Doe will keep only enough sows this winter to raise 45 pigs during 1934, instead of 60. Part of Mr. Doe's 1934 allotment of pigs may be farrowed in the spring and part in the fall. However, the total number of pigs raised and marketed from the 1934 farrowings on his farm must not exceed 45 head. Hogs raised for butchering and use by the farmer or his hired men are not counted in this allotment, but are figured in it, if they are killed at home and the meat sold.

For reducing to 45 head, John Doe will receive a reduction payment of approximately \$225, which represents \$5 per head on 75 per cent of his average production for the two-year base period. This is the equivalent of \$15 per head for

the pigs he agrees not to raise.

The hog payment to John Doe will be made as follows: \$2 per head on his hog allotment as soon as his contract is accepted by the government; \$1 per head about November 15, 1934 and \$2 per head, minus local administrative costs, February 1, 1935.

Total hog reduction payments at the time the contract is accepted for this particular farmer, John Doe, would be \$90. His hog reduction payment next November would be \$45. The final hog payment in February 1935, would be \$90. From these reduction payments which total \$225 would be deducted John Doe's pro rata share of the expense of the County Control Association. In addition, John Doe, along with other cooperators, will benefit from any increase in the regular market price for the 45 hogs he sells in the fall of 1934, and the spring of 1935.

The total of reduction payments received by an individual producer depends on the average number of marketable hogs produced by sows owned by the contracting producer during the past two years.

Judge Fires is Disqualified At Memphis by Influenza

Judge A. J. Fires, venerable judge of the 100th Judicial District, is confined to his home at Childress this week due to an attack of influenza.

C. A. Williams is presiding at Memphis this week. Judge Fires is said to be improving at this time and expects to recover in the customary period.

COUNTY SCHOOL NEWS

By Sloan Baker
County Supt. Schools

The Donley County Board of Trustees consisting of W. M. Pickering, H. T. Burton, Claud Nash, Edwin Baley, and W. A. Poovey, Chairman, met in regular session last Saturday at two o'clock in the County Superintendent's office. The Board endorsed the Teacher's Relief School work which had already been approved by Mr. George H. Fern. There was a unanimous vote cast for the requirement of a seventh grade Standardized test in the County schools. A library purchasing committee and a school Supplies Purchasing Committee. Edwin Baley, O. L. Jacobs, Gordon Gatewood and the County Supt. comprise the School Supplies Purchasing Committee. A library Committee will be appointed later. A county Circulating Library Plan was endorsed by the Board. The Board voted to assist in every way possible the Survey of our Donley County Schools under the Supervision of Mr. H. S. Alves, Assistant State Superintendent, who is directing research in forty Texas counties.

Mr. Bryan Dickson, Deputy State Superintendent will be in Donley County February 14th, 15th and 16th. He will speak at the T. T. Banquet Friday night. The Rural Interscholastic League Meet to be held two weeks before the County Meet will be called off on account of an epidemic of measles in a number of the Rural Districts. The County Interscholastic League Meet will be held March 16th and 17th.

POLITICAL Announcements

John Deaver Announces For District Attorney

The many friends of John Deaver in Donley County will be pleased to read his announcement in this issue of the Leader. He has worked faithfully to secure more respect for the laws, and at the same time he has acted fairly in his prosecution of the accused. Mr. Deaver in writing the Leader sums up his program so well that we print it here verbatim:

"I have served one term in the office and have done my best to render a fair and impartial discharge of the duties of the office and on the record made I ask consideration for a second term. I want to thank the citizenship of the entire district for the support given my candidacy at the last primary and ask their consideration for a second term."

State Representative 122nd District of Texas: JOHN E. PURYEAR

District Attorney, 100th Judicial District: JOHN DEAVER

District Clerk: WALKER LANE

County Judge: S. W. LOWE

County Assessor & Collector: MARVIN SMITH

County Attorney: R. Y. KING

Sheriff of Donley County: M. W. MOSLEY

County Clerk: W. G. (Bill) WORD

County Treasurer: MRS. R. WILKERSON

Commissioner, Precinct No. 1: J. R. DALE

Commissioner, Prec. No. 2: W. A. MASSIE

Public Weigher, Prec. 2: RAYBURN SMITH

Teacher-Trustee Meeting At Chamberlain School

Clarence Jackson, principal of the school, presided at the Teacher-Trustee district No. 3 meeting at Chamberlain Friday night.

Speakers were Frank Behringer of Hudgins, Robert Dillard of Windy Valley, Supt. Sloan Baker and J. C. Estlack.

The Chamberlain pupils entertained with singing, readings and a dialogue that was both amusing and entertaining. Miss Eunice Johnson of the Windy Valley school gave a reading and Miss Agatha Taylor of the same school gave a piano solo.

The H. D. Club ladies served sandwiches, cakes, coffee and to all the crowd. The number present while not as large as was expected by the school folks, were enthusiastic in their support of the effort being made to better the rural schools.

CARD OF THANKS

We take this means of expressing our heart-felt thanks to our kind friends and loyal neighbors for their ever watchful attention and kindness shown our dear father during his illness, and for the christian spirit of fellowship extended during all our darkest hour of trial. We pray God's richest blessings upon each of you, and may you always enjoy the presence of just such friends and neighbors as we have.
