Mrs. Phoebe K. Warner Is Principal Speaker At Mother-Daughter Banquet

The second Mother-Daughter Banquet in Clarendon was held on Tuesday evening of this week at the Lion's Den, under the auspices of the Business & Professional Women's Club.

The maximum seating capacity of the hall was sold prior to the evening and several who had not secured tickets were unable to obtain admittance. One hundred and eighty-nine persons were served.

The guests were greeted at the door by Miss Julia Mae Caraway, general chairman, and were ushered to their places by Misses Mantie Graves, Lotta Bourland, Rhoda Wiedman, and Annie Ruth Johnson.

Miss Norma Rhode, with characteristic charm, acted as Toastmistress, and after invocation spoken by Mrs. W. C. Stewart, a unique program contrasting the mother and daughter of the Gay 90's with the mother and daughter of today began with the singing of "Love's Old Sweet Song" and "Believe Me, If All Those Endearing Young Charms", songs of yesterday, with Miss Anna Moores leading and Mrs. J. L. McMurtry at the piano.

Fond memories of yesterday were recalled as wee Myrne McDonald, dressed as a heart valentine, accompanied by her mother Mrs. W. C. McDonald, sang "Mother is my Sweetheart."

A clever sketch was given wherein Mrs. W. B. Sims and Miss Carroll Holder, representing the mother and daughter of the Gay 90's, skillfully portrayed the girl of that period as devoting herself chiefly to preparation for home making and cultivation of the social graces and such accomplishments in the fine arts as she was privileged to acquire, daughter's social activities and selection of friends being religiously supervised by mother, and climaxed with daughter's singing "In the Gloaming," accompanied by mother.

The mother and daughter of today, represented by Mrs. R. S. McKee, and Miss Marjorie White cleverly portrayed both mother and daughter with a life full of overflowing with activities in the home, school, church, lodge, club and society and was fittingly climaxed by mother's admonition to the youthful daughter to conduct herself discreetly and as becoming her responsibility to her home and to society, being ever mindful that unguarded freedom is conducive to pitfalls. The audience then sang "The Old Spinning Wheel," a modern song.

Miss Dorothy Kerbow, accompanied by Miss June McMurtry, was enthusiastically received in a violin solo "Lieberleid" by Fritz Kreisler (continued to back page)

TWO ARRESTED ON DRUNK CHARGE AFTER COLLISION

Two Charges Are Lodged Against Amarillo Men Saturday

Following a car head-on collision in which both cars were wrecked west of town Saturday, Sheriff Pierce arrested J. O. Jenkins and B. Pottinger and swore to charges of operating an auto while intoxicated, and transportation of intoxicating liquor against each of the two men.

They were taken before Judge Sam W. Lowe who set their bond at \$2000.00 each. Amarillo parties came down Saturday afternoon and qualified as bondsmen.

Jenkins and Pottinger are said to have been coming towards Clarendon until they met a party by the name of Whitt, an Amarillo resident, a short distance west of town. Whitt is alleged to have been on the right side of the road near the barrow pit when the cars came together with such force that the jaw of Whitt was broken and some teeth loosened. He was taken to an Amarillo hospital after his wounds were dressed by a local physician. The men alleged to have been intoxicated were only slightly injured.

DONLEY FARMERS GET \$51,624.72 PAST TWO WEEKS

Practically All Wheat And Cotton Money Now Due Has Been Received

Wheat farmers of Donley county this week received a total of \$11,338.40. This being the amount due on reduction plan of government. All claims were paid except four, which are to come later. The checks arrived Monday. John Hermesmyer of Jericho is secretary of the County Wheat Board.

Last week a total of \$40,286.32 in 182 checks were paid Donley farmers on the cotton option plan.

The total money received by Donley farmers the past ten days amounts to \$51,624.72. This with the rise in cream prices, and an upward trend in prices of all farm products, has lent an optimistic atmosphere to general conditions. Buying of necessities has gone forward steadily through the winter. More new autos are to be seen here now than since the fall of 1929. Altogether, conditions are very hopeful for 1934.

Donley County Baby Bees For Amarillo Show

Three local boys taking vocational agriculture under G. L. Boykin in the high school will exhibit baby bees at the Amarillo Fat Stock Show in March.

The boys are Walter Brady, George Wayne Estlack, John Howard Gilbert. Aubrey Brady, though not a senior class school boy, will have his baby beef animal on display along with other Panhandle boys. All of the animals are being carefully groomed for the big show.

Corn-Hog Committee to Meet At Lelia Lake

The Leader has been asked to announce that Ed Kinslow and Elba S. Ballew will hold a Corn-Hog contract sign-up in Lelia Lake Tuesday and Wednesday, February 20-21.

All those wishing to share in the corn and hog deal are asked to meet the committeemen on that date.

INFORMATION IS GIVEN ON COTTON REDUCTION PLAN

Federal Department Suggests More Diversification For Money Crop

To the cotton farmer who has already reduced his cotton acreage by diversifying with other crops and livestock in previous years, and who feels the Government cotton program is unfair to him, the corn-hog contract may offer interesting possibilities, says T. R. Brown, county agent.

Suppose a farmer changed from an all-cotton farm system to half cotton and half feed a few years ago. He milks cows and feeds hogs and raises chickens for a steady year 'round living, and takes his cotton money in the fall for paying the bigger bills. He makes the same percentage reduction in his 1934 cotton crop as the neighbor who still plants nearly the whole farm to cotton, but he will receive only half as much in the way of a Government cotton benefit check.

In many such instances it works out that the diversified farmer may sign a corn-hog contract to reduce corn acreage or hog production or both, and receive Government benefit checks that will total just as much or even more than those received by the all-cotton farmer. In addition the diversified farmer is in a much better position than the all-cotton farmer to use the extra feed which the farm can grow under the terms of

Local Men Are Affiliated With Life Company

The advertisement of the United Fidelity Life Insurance company appearing on page three of this issue of the Leader will carry more than special interest for local people.

At the top of the advertisement appears the photo of Fred E. Chamberlain, one of the members of the directorate. At the bottom appears a photo of Geo. B. Bagby, member of the Agents' Advisory Board.

Both men occupy prominent positions in their field of work in this section. Mr. Chamberlain has long been identified with banking interests through the Donley County State Bank. Mr. Bagby has repeatedly won signal honors in securing special recognition from the United Fidelity company because of the large volume of business he has passed on to the head office. His recent trip to Mexico in company with his mother was complimentary to his ability as a business man in the insurance field.

Local Masons Will Observe Washington Birth Date

Announcement is made by Nolle Simmons, Master of the local lodge, that a special program will be arranged to observe Washington's birth date, though the affair will be held on Friday night of the 23rd.

District deputy Grand Master Dr. H. E. Nicholson of Wheeler and other speakers will be present as well as one from Hedley and a local man.

Members are advised to arrive early since the banquet will be served preceding the speaking hour. Barbecue will form an important item of the eats. A more complete program will appear in the Leader next week.

Miss Grace Sample who taught music here a few years ago, has returned to Egypt where she formerly spent some twenty years as an instructor.

The cotton and corn-hog contracts.

The corn-hog contract is open to every farmer in the county who produces a surplus of either corn or hogs and who can otherwise qualify, the county agent points out. The rush of the cotton campaign makes a farm-to-farm canvass of farmers in the interest of the corn-hog program an impossibility, but men who may be eligible to sign these contracts should investigate the plan, he suggests.

Teachers-Trustees Banquet Will Be Friday Night

George Kavanaugh, principal of the Martin school will be toastmaster when teachers and trustees of the county meet at the Girl's Dormitory Friday night of this week.

Bryan Dickson, deputy state superintendent who, in company with Sloan Baker, is visiting the schools this week, will be one of the speakers.

W. A. Poovey, president of the County Board will speak on the plans of that organization as mapped out for this school term.

Other speakers include Misses Nova Cook, Zell Rogers, Eunice Johnson, Agatha Taylor. Sloan Baker will discuss the county schools. G. G. Reeves, president of the Teachers-Trustees organization will be heard in explaining the work of the T-T.

Arnold White will speak on inter-scholastic league work, and M. S. Swinburn on community building. Dennis Smith will have a place on the musical program.

A banquet will be spread with plenty of turkey, dressing, gravy, cranberry salad, cream potatoes, string beans, cherry pie with whipped cream and coffee.

Clarendon Boy Recovering From Illness at Canyon

O. L. Smith of Jericho was called to Canyon the last of the week due to the serious illness of his son O. L. Jr., a student of the W T college there. The young man's condition remained critical until Tuesday, he having contracted pneumonia in both lungs. Within a few hours after physicians administered a serum, he began to rapidly recover.

Miss Joyce Smith, his sister, and Mr. and Mrs. E. H. Estlack and babe Margaret Rochelle were with the lady's brother during his critical period.

March 31st Becomes Auto License Deadline

By an act of the Legislature this week, the time for payment of auto license was pushed up to March 31st. The old date is February 1st.

The act authorizes remittances of penalties paid by registrants who waited until after February 1st to secure their auto license plates.

Mr. and Mrs. Chas. Dean and small daughter of Dimmitt visited in the C. M. Lane home Sunday.

Present City Commissioners Announce Again

The election of city commissioners in April is called to mind at this time by the announcement of A. L. Chase and Joe Holland appearing in the announcement column. Neither of them have any statement to make, and neither of them asked that any mention be made of their candidacies.

Mr. Chase was appointed to fill out the unexpired term of H. W. Taylor in 1924, he having been elected Mayor to fill out the unexpired term of Mr. SoRelle at his death. He has served the people in such a manner that, he has been re-elected and has held the office since the trial period nine years ago. He has charge of the water and sewerage system of Clarendon.

Mr. Holland is serving his first term. He has charge of the streets and alleys. Like Mr. Chase, he expects no more consideration than his past record. The past few years have been most trying on any city official, funds being so low because of delinquent tax payments that little could be accomplished.

Sheriff's Car is Damaged Friday Night

While returning from Hedley Friday night after the basketball game between Panhandle and Hedley, a model A Ford said to have been driven by Marland Eagle, son of a deputy sheriff of Panhandle, is said to have scraped the side of the Pierce car.

The Sheriff's car was minus the left back fender and had a punctured tire after the other car rushed by. The Panhandle car did not stop, but Pierce got the number of the car and Sheriff Brunson of Claude picked it up and learned the names of the three parties in the car with Marland Eagle.

Don't forget the school rally in Hedley tonight.

Parker's Variety Store Will Have Carnival of Bargains

In a page advertisement in the Leader this week the Parker 5c to \$1.00 store next door south of the Little mercantile store announces the beginning of a "9c sale" on a gigantic scale.

The items listed in the Leader are but a few of the thousand and one items that the firm will have to offer Clarendon trade territory beginning next Saturday. The sale will extend over the week including the following Saturday, according to their announcement.

President's Awards Are Received By Clarendon Scouts At Pampa Saturday

W. H. MARTIN IS CALLED BY DEATH HERE SATURDAY

Resident of Clarendon Over Thirty Years Dies After Lingerin Illness

William Henry Martin passed away at his home here Saturday, at the age of 88. The funeral service was conducted from Sacred Heart Cathedral at Amarillo with Rev. Father J. A. LaHive pronouncing mass.

Those attending the casket were Odus Caraway, F. E. Chamberlain, John Bugbee, H. B. Kerbow, E. A. Ford and E. A. Westmoreland. Interment was had in Llano cemetery.

He is survived by his widow and one daughter, Mrs. Bob Younger of Amarillo.

Mr. Martin came to Clarendon about 1900. For several years he was in the employ of Martin, Bennett & Co. in which his two brothers and C. W. Bennett were in business where the Shelton & Sanford grocery is now located. He retired several years ago due to the infirmities of old age.

He was the last local surviving ex-Confederate soldier of a Camp organized here several years ago with a large membership.

Austin Man Made New State Relief Head Monday

Adam R. Johnson, formerly city manager of Austin was chosen director of the Texas Relief Commission at a meeting of the board there Monday. He succeeds J. F. Reed, acting head since Col. Lawrence Westbrook resigned to accept a position with the national administration at Washington more than a month ago.

Reed refused to accept his old position as assistant director, stating that politics had been played in the selection of another man to succeed him.

Bonds to the amount of \$5,000,000 voted by the Legislature last week will be offered for sale February 20th. Counties will be allotted 60 per cent of their requests for funds until the sale of the bonds.

GOLDSTON HEADS LOCAL CHAMBER COMMERCE BODY

Boykin Elected Secretary To Serve His Seventh Consecutive Year

Joe Goldston, well known member of the firm of Douglas & Goldston drug company and of Goldston Brothers jewelry firm, was elected president of the Chamber of Commerce body this week at a meeting to effect a new organization of the official family.

J. T. Patman of the firm of Patman & Son insurance was elected vice president. G. L. Boykin was re-elected secretary for his seventh term. He is also instructor of the vocational agriculture department of the high school which also includes manual training.

Other members of the Board of Directors are W. E. Ray of the grocery firm of Clifford & Ray, and who is retiring president; P. B. Gentry, stockman and farmer; Sam Braswell publisher of the Clarendon News; J. D. Swift, cashier of the Farmers State Bank; and H. R. Kerbow of the firm of Kerbow & Sons hardware and furniture.

Secretary Boykin announces a meeting to be held soon with the City Council in an effort to secure the reduction of gas rates in Clarendon.

W. E. Ray as chairman of the Membership Committee plans a drive in the near future to secure a larger membership among the business element and individuals of the town.

On the 10th day of February, Clarendon Troop of Boy Scouts, mobilized with approximately 20 other troops of the Adobe Walls Council at Pampa, Texas, to receive the Award of the President of our United States. Due to the fact that the weather did not permit other troops to be present we had only 812 Boy Scouts mobilized that day and a number reported by wire stating that they were listening in by radio.

Yesterday I had a letter from Mr. C. A. Clark, Scout Executive of the Adobe Walls Council and it reads in part:

"First I want to congratulate you on being the first troop of the 46 Troops of the Adobe Walls Council to mobilize your strength at Pampa.

Second I especially wish to say that your troop was the outstanding troop as to appearance and conduct present here in Pampa Saturday."

Due to this rating Clarendon Troop 37 had the honor of leading the parade.

After being recognized by the Chief Scout Commissioner Dr. James E. West, the President of our United States made his awards and ask any boy in the troop "if that wasn't the most important part of the ceremony?"

The last Friday night of each month is set aside for Court of Honor Night. This is the Night that the public is urged to come, especially the parents. Parents are not backing their boy in Scouting as they should and I feel that if they would only make it a purpose to attend at least one Court of Honor and see their boy make that progress in scouting they would be more encouraging. However, I wish to make one correction at this time. I said all parents. This might mislead so I must say that we have parents that are putting lots of interest in our boys. But there are some that are not taking hardly any.

I wish to take this opportunity to thank the cooperation of those who took time to go with us to Pampa on the 10th day of February and for their whole hearted support of our troop.

I also, in behalf of the Clarendon Troop 37, wish to thank Mr. Green, of the Green Drygoods Co., for his support and interest shown in Clarendon boys by allowing us the privilege of one show window for a display during Boy Scout week. Mr. Greene, being the Council outfitter is spending lots of time in his efforts to suit out the boys in uniform. He makes hardly any commission on the Official Merchandise, but he is showing a willingness to spend his time and the time of his employees in helping the Boy Scouts of Clarendon, (Continued to back page)

DRENNON TELLS LIONS OF LOCAL SCOUT ACTIVITY

Need of Marker For Ancient Townsite of Clarendon Is Discussed

Boy Scout week being nationally observed supplied R. E. Drennon with plenty of subject matter in that line as principal speaker at the Lions Club Tuesday. After paying his respects to the national organization, he took up the conditions of the local scout work being carried on here.

Local Scouts were represented by Nickey Stewart in a saxophone solo after which Harold McDaniel further brought out the more important phases of Boy Scout efforts as he saw them.

J. T. Patman brought to the attention of the Club the idea of placing a marker at the old Clarendon townsite location north of the river. The matter was referred to the committee on major activities.

Joe Goldston, fellow member, was introduced as the new president of the local Chamber of Commerce. Tom Connally was welcomed back into the Club and M. M. Noble was a guest.

SAME OLD QUALITY.

Those who thought repeal would make a difference are sadly disappointed. It is the same bum quality and can be had most any place just like prohibition days.

EMMA BECOMES BACK NUMBER.

Along about 1918 we heard much about the radical ideas of one Emma Goldman who was branded as being an anarchist of the first water. She was banished to Russia where she remained until a month or so ago. Now she's back in America where radical ideas have outstripped anything she has to offer. In fact Emma is now referred to as an "old standpatter."

BOULDER DAM POWER POSSIBILITIES.

The irrigating value of Boulder Dam sinks into insignificance as compared to its power as an electric generating plant. Niagara Falls produces a total of 557,500 horsepower as compared with Boulder Dam's peak load of 1,200,000 when completed.

Stainless steel towers to the number of 2,530 each weighing more than 40 tons and towering 109 feet above the desert will be used to transmit power from the Dam to San Bernardino, a distributing point 75 miles east of Los Angeles. A single cable carrying an energy pressure of 275,000 volts will supply Los Angeles from San Bernardino. Other towns in California are to be supplied from the line that will be owned in its entirety from the Dam to Los Angeles by the latter city that has borrowed \$22,800,000 from the RFC with which to construct the line.

Power transmitted from Boulder Dam a distance of 271 miles will cost \$3.06 for 200 kilowatt hours as compared with a rate of \$3.05 at Seattle, \$16.16 at New Orleans and \$18 over west Texas and eastern New Mexico. Service is expected to begin early in 1935.

BIG BUSINESS HAS ITS DAY.

While threshing out some of the larger deals of big business this session, the U. S. Senate took time out from the airways mail contracts recently, to pay its respects to the large utility corporations.

The Johnson bill passed by the Senate corrects an evil that has existed wherein the public had no chance to control the actions of a utility regarding the rates charged. Some two years ago citizens of Hedley protested to the gas division of the Railroad Commission that their gas rates were too high. The matter has been investigated along with those at Childress, where complaint was filed in regular order about the same time, in a hearing held at both Childress and Clarendon several months ago. No decision in the matter has been made by the Commission to date.

The new law gives the utility company the same rights of the individual—state courts, and a final appeal to the United States Supreme Court. The federal court has been left out of the reckoning. Individuals and companies are now upon the same basis. In times past when the Railroad Commission made a ruling against a utility company, the federal court stepped in and issued an injunction to prevent the ruling of the Railroad Commission from taking effect. The state had no need of a Commission under such conditions.

The new law specifically states: "No district court shall have jurisdiction of any suit to enjoin, suspend or restrain the enforcement, operation or execution of any order of an administrative board or commission of a state, or to enjoin, suspend, or restrain any action in compliance with any such order, where jurisdiction is based solely upon the grounds of diversity of citizenship, or the regnance of such order to the Constitution of the United States, where such order (1) affects rates chargeable by a public utility, (2) does not interfere with interstate commerce, and (3) has been made after reasonable notice and hearing, and where a plain, speedy, and efficient remedy may be had at law or in equity in the courts of such state."

Not only is the federal court prevented from injuncting the Railroad Commission, but the district courts as well, according to the above paragraph copied from page 1944 of the Congressional Record, issue of February 5th, of a far reaching effect and one of the many remedial measures to be brought out in favor of the masses during the session with President Roosevelt demanding that big business release a stranglehold on millions of helpless citizens.

Col. Jess Pool of Hedley was a business visitor here Tuesday.

Mr. and Mrs. Robert C. Holley, members of Erice, were Clarendon shoppers Saturday.

John and Henry Hermesmeier of Jericho were in town Monday.

Mrs. Tom Blasingame is ill at the St. Anthony hospital at Amarillo.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church
"The Great Choice."

Text: "No man can serve two Masters." Matt. 6:24.

Many years ago, the Master Teacher said: "Ye cannot serve God and mammon." The wise man builds upon the rock, the foolish man upon the sands. They that be wise shall shine with the glory of God, brighter than the stars. The foolish shine with the glory of Gold. The wise enter into the narrow way of life, the foolish into the broad way of death. The wise take no anxious thought for the morrow, the foolish make every provision for earthly things.

I. There can be no real compromise between good and evil, no third or neutral position regarding moral questions. He that is not for Christ is against Him. Everyone must choose as Moses did, who chose rather to suffer affliction with the people of God, than to enjoy the pleasures of sin for a season. Joshua cried out: "Choose you this day whom ye will serve," and Elijah exclaimed, "How long halt ye between two opinions?" We must decide which road we will take, up the rugged Hill Difficulty or down the gilded path to ruin and death eternal.

II. If we follow Him whose footsteps were stained with blood, up Calvary, we shall reach the realm of light: while always downward is the night that knows no morning. "For what shall it profit a man if he gain the whole world and lose his soul?"

The Master Teacher, God's Son, said: "That a house divided against itself could not stand." We know from observation that this is true. We are either working for Christ or against Him, we cannot divide our time influence and money and remain true to Him who gave Himself for us. There is no neutral ground, we must choose between Him and Satan.

III. There is always the war of

right against wrong, going on. We are called to stand by our colors and fight for the right. Delay in making the proper choice is dangerous, so while ye have time, decide to serve God and fight against sin. Decide to live a righteous life and use your influence to fight unrighteousness. We cannot occupy a neutral position.

THE INTER-RACIAL PROGRAM

The Inter-Racial program put on by the Henderson Chapel Colored M. E. Church was well attended last Friday night. The outstanding object of the meeting was to promote a better understanding of the problems of the White and Negro races. The members of Henderson Chapel furnished the songs for the program and they consisted of "Negro Spirituals, Jubilants, and Spiritualistic songs." The speakers from the white race, representing the churches of Clarendon and their subjects, were as follows: Rev. W. E. Ferrell, of the First Christian church, "The Church and Race Relationship," Mrs. R. S. McKee, of the Presbyterian church "Presbyterianism and its Work among the Negroes." Prof. Clark, "The Board of Education and its Contribution toward the Negro." Mrs. C. A. Burton, "Methodism and Paine College." Rev. E. B. Bowen, pastor of First M. E. church, "Abraham Lincoln."

Is This Too Good for Your Cough?

Creomulsion may be a better help than you need. It combines seven major helps in one—the best helps known to science. It is made for quick relief, for safety. Mild coughs often yield to lesser helps. No one can tell. No one knows which factor will do most for any certain cough. So careful people, more and more, are using Creomulsion for any cough that starts. The cost is a little more than a single help. But your druggist guarantees it, so it costs nothing if it fails to bring you quick relief. Coughs are danger signals. For safety's sake, deal with them in the best way known. (adv.)

Science says Today use a LIQUID Laxative

If you want to GET RID of Constipation worries—

The unwise use of harsh laxatives may drain the system, weaken the bowel muscles, and in some cases even affect the liver and kidneys.

A doctor will tell you that the wrong choice of laxatives often does more harm than good.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptive preparation in which there are no mineral drugs. Its ingredients are on the label. By using it, you avoid danger of bowel strain.

You can keep the bowels regular, and comfortable.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First: select a good liquid laxative. Second: take the dose you find is suited to your system. Third: gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

NOTICE TO CAR AND TRUCK OWNERS

The Legislature has passed House Bill No. 6 setting date of the Registration year for the registration of motor vehicles beginning on April 1, and ending March 31 of each year.

Section 2 of the above bill reads: That every registration made for the year 1934 is to be made for the Full Annual License Fee to April 1, 1934. This will be the beginning of the new current registration year as defined by this Act. Registration during the month of April, 1934 must be accompanied by the full amount of the Annual Fee. Application for registration received on May 1st or during the month of May 1934, must be accompanied by Affidavit that the car or truck has not been operated during the Month of APRIL 1934 and be registered eleven-twelfths of the Annual Fee. Unless this affidavit accompanies the application, the full annual fee plus twenty per cent penalty will apply.

We would like to emphasize the fact that the Full Annual Fee must accompany all Registrations for 1934 beginning December 1, 1933, to April 30, 1934, inclusive, and that beginning May 1, 1934, penalties will apply unless affidavit accompanies the application.

INCONVENIENCING THE PUBLIC

The classic for a public official to get even with a newspaper which doesn't agree with the official is to refuse to give the newspaper information pertaining to his office. This is supposed to be a terrific handicap to the newspaper.

All it is, is an indication of the official's attitude towards his responsibilities. It shows that he regards his office as his private possession instead of being the property of the public.

The only effect of such an attitude by a public official is to inconvenience the public the public official is supposed to be working for. —Chillicothe Valley News.

TEMPLE OF TRUTH
By the Apostle

At the Chamber of Commerce banquet there were a number of ladies and a few men who do not smoke intimated that they would not attend another if smoking around the banquet table was allowed. In that respect the women folks seems to have kept their banquet affair up to the standard by having no smokers perform the art during their program. Smoking is nauseating to a lot of folks, and they should not be punished simply because they want to attend a public function. Smokers can wait a bit to indulge. This is mentioned here at the request of two ladies.

With the folks coming and going Saturday, the "Mc's" were in at one time. M. M. McCracken of Hudgins, Thad McAnear of Goldston and Bill McDonald from across the river. It may never happen again that these Mc's all meet up in my office again, and I want them to know that it was a fine visit and mighty nice of them to come around to see me.

Bennett Kerbow recently tried to deposit a \$5 gold piece in a local bank, and was refused the privilege. Who ever thought that we would come to this? He had it at last account, expecting to work it off on some one in a purchase. Falling in that, he says he will attempt to pay a past due account as a final resort to become rid of a nuisance that, until a few months ago was regarded as a prized possession any place on the globe.

A noted columnist writing of his experiences relates that "he had a funny feeling when he awoke one morning to find himself a father." If he had found himself to be a mother, he would have found himself dumbfounded, no doubt. That would be only natural, of course. I mean being dumbfounded. Column writers are subject to all the vicissitudes, even unnatural.

A complaint has been made to the mosquito hibernating division of the city sanitary commission against the owning and operating of hirshute appendages upon the part of one certain chiropractor and one certain manager of a burial club. The complaint specifically calls attention to page 462, article G-6, paragraph 7-c, line 432-x of the halitosis code west Texas reporter of the session of 1933, an emergency act designed to prevent the spread of abnoxisis insects, per se against the peace and dignity of delinquent tax payers, etc. By gar we don't propose to stand for reverting to the "beaver" stage of human existence so long as there is a razor made that will whittle off a mustache.

Under the stork code of the birth control bill, flying time is limited to 2 hours a day, one day a week and a passenger list limited to one person only with a due observance of holidays and bad weather. The doctors are said to have written up this code.

There was a time when a fellow stuck his valuables under his pillow when he went to bed. He would have some job of it now sticking a radio and an old model T under there.

Weddings are not what they used to be, folks, not by a jug full. Remember the big crowd and the bridal party partly engulfed with embarrassment? Then the wedding supper. Next day the "in-fair" and a party or dance that night. Nor was that all. When they got located (and sometimes before) there was the charivari. Hard thing to spell but an easy thing to do. Back east in the piny woods they use a circular saw sometimes 6 feet in diameter and pound on it with a 16-pound sledgehammer. Yes, and when the newly married couple started on the customary honeymoon, the folks threw old shoes and rice on them. Now they eat the rice and wear the shoes. Honeymoons in the most cases are a thing of the past because they take them before marriage now.

A suggestion taken from the latest book of etiquette relative to drinking parties suggests: "Careful attention should be paid to the flavor, color and aroma of the drink, the graceful shape of the glass, the interchange of wit, (or half-wit), the knowledge of friendship existing between the drinkers, etc." Capacity was evidently overlooked.

Telling the public the difference between an "economist" and a "professor," a man who claims to have the low-down on both, says that an economist is one who knows a great deal about a little; and who goes on knowing more and more about less, until finally he knows practically everything about nothing. A professor is said to be one who knows a very little about a great deal and keeps on knowing less and less about more until finally he knows practically nothing about everything.

Read the classified column this week. There's bargains there every week. That is where we have the hoeses, plow tools, bundles and anything else that you want to convert into cash.

There is a lady in this town who, were she a bit older, would look exactly like Mrs. Roosevelt. Her daughter born with two teeth two months ago ought to be in the permanent wave stage by this time.

The latest natural freaky experience happened in the Connally home recently, when eggs hatched in a carton placed above the hot water heater.

The College Hill Widow says matrimony is like a besieged city. A bunch on the outside trying to get in, and a bunch on the inside trying to get out.

When I asked Gene Noland Saturday when he began working on autos, he looked kinder proud and said: "Why I'm the boy that fixed a roadster for John Smith when he was making a build to Pocahontas."

When a fellow pulled a sample copy of the Dallas Semi-Weekly out of his box at the postoffice Monday he showed surprise when he said, "well I'll be hanged. I stopped that paper 5 years ago and thought they went broke."

In conversation with a femm-sole recently who was about as old as the magazine in a dentist's office, the conversation naturally turned to things to eat and gradually got around to chicken. She finally owned up that she could eat most any part of it, but really preferred a "limb or the bosom."

Innocence survives the onslaughts of progress, it do.

A studio is where they paint. While it should have been thought of long ago since they do painting, a furniture store in Dallas advertises as a "furniture studio." Reasoning along the same line, every home in the land almost, has become a studio.

Fat men never make golf players. When he puts the ball out where he can see it, he can't reach it. And when he gets it up close enough to hit it, he can't see it.

My birthday episode on the 18th is getting somewhere already—mostly promises. No autos or European trips will be accepted. This is a hint not to go too steep until we are sure that we are out of the "rugged individualist" stage sometimes referred to as the oppression. The 18th should not be a black Sunday for anyone, not even me. Several invitations have come in to spend the day among folks who can stand anything—some out of the state. On the other hand there will be sox, ties and other things that never fail to bob up on February the 18th. Seriously speaking without the foolishness mixed up in it, a letter will be appreciated more than anything. If you want to bawl me out, here is your chance. If you want to write on any subject nothing akin to a birthday, shoot that letter in. Mark all letters "personal-birthday" and there will be nothing lost that should be given special attention. I've written a many a letter on just such occasions, and never did anything that gave them more pleasure because they knew that it would not happen again for a year.

It is possible that I shall want to print some of the letters, but in NO instance will any name be printed without the consent of the writer. If you prefer to have only your initials used, I will see that your wishes are complied with. Don't hold back expecting me to pull any funny stuff. I've never double-crossed any one yet.

MARTIN
Mrs. Jim Baker

Sunday school was fairly well attended Sunday morning and all stayed for service conducted by Rev. Williams. Let's don't let our Sunday school die. Everyone come out and do your part and help us keep it going.

We are glad to report that Earl Shannon is rapidly recovering from Pneumonia.

Mrs. Jim Baker took her Sunday school class of Intermediate girls to call on Earl Shannon for a short time Sunday afternoon, then from there they went on a kodaking party. Those to enjoy this outing were Mr. and Mrs. Jim Baker, Clarice Jones, Freida Helton, Louise Patterson, Johnnie LaFon, Emily Davis, Margaret Easterling.

Mrs. Ed Hodge had a rather serious accident Saturday when she slipped and fell from her front porch. She has been confined to her bed since then. Those to call to

see her Sunday were Mr. and Mrs. J. D. Wood, Mr. and Mrs. Buck Roberts, Mr. and Mrs. Rufus Pool, Mr. and Mrs. George Bulman, Mr. and Mrs. C. J. Talley and Mr. and Mrs. Atkins Mace.

Mr. and Mrs. Jim Pool were pleasant callers in the J. E. Baker home Sunday afternoon.

Mr. and Mrs. Kavanaugh entertained the following pupils with a theater party in Memphis Friday night. Johnnie LaFon, Louise Patterson, Ella Mae Sullivan, Winston Wood and Margaret Easterling. These pupils were kind enough to help Mrs. Kavanaugh with her teaching when she was ill Tuesday morning.

Mr. Lon Rundell is building a nice little bungalow on his farm that he purchased from the Bugbee Estate in the early fall. The new house is just across the road west of Jim Pool's home.

We are glad to have the Clyde Easterling family move into our community. They have moved on the Elba Ballew farm just west of the J. H. Easterling farm.

Mr. and Mrs. Carl Peabody and baby spent Sunday afternoon with Mr. and Mrs. Will Peabody.

Mrs. Catlett spent Friday with Mrs. J. E. Baker.

Mr. and Mrs. D. T. Goodman and family visited Carl Barker and family of Ashtola Sunday.

Mr. and Mrs. J. T. Easterling, Mr. and Mrs. J. G. Powell and Mrs. Guy Sibley spent Sunday with Mr. and Mrs. W. F. Barker.

Mr. and Mrs. Horace Wood and family of Lefors spent the week end with Mr. and Mrs. Dave Patterson.

Mr. and Mrs. J. B. Turnbow, Royce and Ralph Shannon spent Sunday afternoon in the Dave Patterson home.

Mr. and Mrs. Walter Morrow had Sunday dinner with Mr. and Mrs. Virgil Jordan. Mr. and Mrs. Kavanaugh joined them in the afternoon.

Luther Hall has returned home after visiting his parents in Clarendon the past week. His little baby brother who has been very ill is much better.

The young bronc riders of the community staged a rodeo at George Bulman's Sunday afternoon. Henry Davis seems to have been the only one who could ride his mount. Roy Morrow sustained a pretty badly bruised and skinned leg and Fred Easterling came out second best with his bronc.

Chamberlain School News

Goldston brought an extra good play to Chamberlain Friday night, Feb. 9, 1934. The name of it was "Civil Service." Chamberlain will put on a play at Goldston named, "The Clay's Thing." Watch the Chamberlain news column for the date. This play will be good and funny, so don't miss it.

Chamberlain girls played a basketball game Thursday with Ashtola girls. The Ashtola girls were defeated by Chamberlain. The scores were 17 and 20.

Tuesday night the teachers and Independents of Clarendon played a basketball game. Chamberlain had one teacher to play in the game.

Goldston boys played the Chamberlain boys Friday evening at Chamberlain school. Our boys won.

Goldston girls were supposed to come to Chamberlain school to play ball, but some of the girls on the team were sick.

On Valentine's day, Chamberlain will have a valentine box. There will be a program put on by the pupils.

NAYLOR

If You Get Up Nights
Lax the Bladder With Juniper Oil, Buchu, Etc.

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep.

ROUT OIL BOOTLEGGERS

Sinclair Dealers defeat motor oil substitution with new TAMPER-PROOF can

Motor oil bootleggers are clever! By hook or by crook they've managed here and elsewhere to substitute inferior oils—even "reclaimed" crankcase drainings—for motor oils of honest reputation. Some authorities estimate that as much as 25% of all motor oil sold in America today is "bootleg".

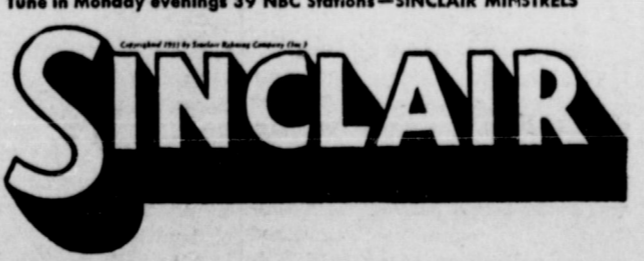

But Sinclair dealers here have met this menace. They serve you from the new Sinclair 1-quart or 5-quart Tamper-Proof can—a can that can't be opened for serving you without smashing it beyond all repair. And it's smashed before your very eyes.

These cans come to the dealer straight from the Sinclair refinery where they are filled (and sealed) with Sinclair Opaline Motor Oil, mellowed 80 million years, or Sinclair Pennsylvania Motor

Oil, "mellowed a hundred million years". They're dirt-proof, contamination-proof—and an absolute guarantee against motor oil substitution.

Protect yourself—get your money's worth—ask for Sinclair Motor Oil in the Tamper-Proof can. This service costs you nothing extra.

September, and then she went to Glendale, California. All of us who knew Miss Brown are wishing her the best of success in her work.

Miss Margaret Childre, a graduate of 1932, from the Texas School for the Blind, has just ended her second year in college work. The first year she was out of school she went to the Texas State University. Since then, she has been going to S. M. U. in Dallas. On her higher mathematics, at exam time, she made a hundred. Miss Childre is very talented and likes sports of all kinds. Especially is she fond of horseback riding, swimming, and esthetic dancing.

Mr. Jim Estes and family visited in the community Sunday. They are now living at Chamberlain but used to live in this community. The ladies of the community presented Mrs. Estes with some friendship blocks to make her a quilt.

Notwithstanding the enclemency of the weather a good crowd was out to see Civil Service staged at Chamberlain Friday night under the auspices of Goldston Literary Society.

state is sent to Washington. The winner from the school receives a medal; the one from the state ten dollars, and the National winner receives \$500 and a \$200 trip to Washington to receive it. There is also a second and third prize given at Washington.

Those entering themes from Lelia Lake were Ruth Davis, Beatrice Hardin, Lottye Maye Holland, Ruby Jones, Aledamae Richardson and Virginia Williams.

We extend our congratulations to our junior girl, Virginia Williams, who won the contest. We are hoping her theme will travel to Washington.

The Climbers Report
 "The Climbers Club" met and reorganized last Thursday, February 8, 1934.

As the girls of our club like tall boys, Morris Finch was elected as president and Billie Howard as vice-president. Aledamae Richardson was elected as our secretary. We thought that she might need some assistance to write up the business—as we have so much now so we elected Geneva Robertson as assistant secretary. Then Virginia Williams was elected as club reporter.

Our president, Ruth Davis, and Lorene Brown are the new program committee.

We are all hoping to climb forward with increasing rapidity this last half of the year.

Boys Basketball
 The Lelia Lake Zebras have had two hard games last week. Tuesday they went to Hedley where they were defeated by the Hedley outlaw team.

Thursday night the Zebras journeyed to Goodnight, where again we were defeated. The Buffaloes run the score up in the third quarter and we were not able to gain back the loss.

As all the boys had a good work out and especially a "good time" they did not feel bad about the game.

We ordered six new suits Saturday and we can hardly wait until they come.

Program a Great Success

The program Friday night was opened with a group of selections by the old fiddlers, Will Walling, W. C. Reeves and Wallace Walling. Mr. Boyce, Mr. Howard, Mr. Usery and Andy Davis proved their ability to sing when they rendered several selections. Mary Ella Williams gave a very interesting reading entitled "Jenny Entertains sister's beau." Who's afraid of the big bad wolf, Joyce Tomlinson sang this in such a way we are convinced she isn't. A short playlet was given by Maxine Tomlinson, Morris Finch, and Elbert Bain. This furnished many laughs for the crowd. "Flippety Flop" was presented by a group of children out of the lower grades. Justine and Lucille Gregg furnished much amusement when they entertained us with a tap dance. They were

both dressed as negroes and also proved to us that they could sing.

Last, but not least was "The Womanless Wedding." Morris Finch, the bride, was married to Jeff Wiggins, the groom. The bride's mother, Euell Admire, was very saddened at the event. The baby, Greer Cottingham, was continuously crying over something. We are convinced now that he was afraid the wheel barrow would turn over. Bobby Leathers, accompanist looked like a real girl, with his beads, earrings and evening gown on. Mr. Thomason, train bearer and William Hardin were dressed very comical. As the preacher, Tommy Allen, pronounced them man and wife, Bobby Leathers played, "The Fight is on" Mr. Cooper made such a good woman, we thought he was his wife.

This program furnished much amusement and we are hoping for another one soon. We are glad to report that \$18.61 was made, and the boys have already ordered their suits. The girls are hoping that the time is not long until we will get new suits.

(Footprint copy was received too late this week to admit of it all being printed. Please send in copy not later than Tuesday morning—Editor)

BRICE

(Velma Lemmons)

The attendance of Sunday school was not so good Sunday as it could have been. Bro. Jones, the pastor, of the Methodist church, filled his regular appointment, Sunday and Sunday night.

We had an immense crowd out to singing Sunday afternoon. Several visitors were here from the surrounding communities and Mr. Willis was here with his quartette. Everybody enjoyed the singing and we invite all visitors to be with us any time they can.

Mr. and Mrs. Churchman of Clarendon, spent Sunday with their daughter, Mrs. Salmon. They all attended church services at Liberty.

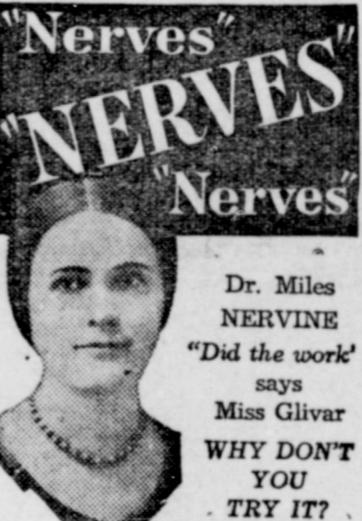

We are very sorry to report that Grandma Evans is still ill, and doesn't seem to improve very readily.

Mr. and Mrs. Robert Holley spent the week end with his folks at Ashtola, but returned to Brice, and with the community Sunday.

We are very glad to report that Dexter Todd is improving very rapidly. He was able to be out at the singing Sunday afternoon.

The folks of Brice Flat was very glad to have a shower of rain the latter part of last week. I am sure that it did a great deal of good but we are just hoping for more soon.

MRS. WARNER—

(continued from front page)

ler, responding to an enchoire with "Shadow Waltz."
Mrs. Phoebe K. Warner of Claude, a pioneer mother of the Panhandle, a trail-blazer for women, in thinking and activity, spoke upon the subject "The Privileges and Responsibilities of the Modern Girl." She paid beautiful and loving tribute to "The Mothers of Yesterday," each generation enjoying more privileges and opportunities than the one preceding hers, who, though often unlettered, helped to emancipate woman from the confines of "her home, her kitchen and her church" and to create and establish for the girl of today equal opportunities with men in education, with the inevitable result that woman has not only become a citizen but that the prepared woman is a welcome co-worker on an equal plane with men in every field of endeavor. Mrs. Warner stressed the fact that the girl of today has a greater outlook upon life than the girl of any other generation, and urged the girl not

to be afraid to accept every new opportunity offered her, concluding with the challenge that every new opportunity and every new privilege brings added responsibilities and she admonished the girl of today to use caution and discretion in her use of the freedom accorded her lest by misuse of it she break faith with the Mothers of Yesterday whose untiring efforts and many sacrifices paved the way for her toward a larger and more useful life than was their privilege to enjoy.

Among those present three generations were represented in Mrs. H. C. Kerbow, Mrs. Don Grady and her daughter, Zona Pat. The youngest mother present was Mrs. Snooks Andis, whose six-months old daughter was the youngest daughter present. Among the mothers present was Mrs. Linnie Cauthen who is the mother of five daughters, three of whom were present; and Mrs. W. C. McDonald, Mrs. W. W. Taylor and Mrs. Fred Wiedman is each the mother of four daughters.

Mrs. Fred Wewerka (nee Miss Leta Verne Martin) of El Reno, Oklahoma, was the greatest dis-

ance from home, other out-of-town guests being Mrs. B. L. Wolford of Lelia Lake, Mrs. Lillie Belle McClure of Claude, and her little daughter Corinne, Mrs. Alexander of Wellington, mother of Mrs. C. E. Bairfield, and Mrs. H. E. Westmoreland of Amarillo, daughter of Mrs. Tom F. Connally, all of whom were introduced.

The Mother and Daughter Banquet is sponsored annually by the Business & Professional Women's Club, and the unparalleled success of the banquet this year is due to the capable management of Miss Julia Mae Caraway who served as general chairman, ably assisted by the following committees:

Program—Mantle Graves, Mrs. J. T. Patman and Mrs. Sam M. Braswell.

Menu and Arrangements—Rhoda Wiedman, Mrs. J. L. McMurtry, and Mrs. Nadine Halle Tucker.

Decorations—Lotta Bourland, Fannie Perry and Ruth Tucker.

Tickets—Annie Ruth Johnsey, Sara Virginia McGowan and Mrs. T. D. Nored.

Printing and Publicity—Norma Rhode and Katherine Stark.

The following committee was appointed for next year: Mrs. Ruth Teat, Mrs. C. C. Powell, Mrs. W. C. Stewart and Misses Sara Virginia McGowan and Geraldine Pratt.

Laundrying Plant Opens With New Service Plan

A plan of laundrying the family wash meeting with success in other towns and cities reaches Clarendon this week in the opening of a plant in the Warren building next to the Donley County Abstract company east of the courthouse.

"We furnish everything except the soap and bluing," Mrs. T. W. Trussell stated Wednesday in placing her advertisement in the Leader. The new plan provides a laundrying plant available to the public at a cost of 35 cents an hour. New washing machines and other necessary equipment has been provided to enable ladies taking their wash there to get the job done in the shortest possible time. A lady is in charge to give any necessary instructions.

Memphis has two such plants. Amarillo has several. Those who prefer to have their washing done by the operator, may have that service for 25 cents additional regardless of the size of the washing done. The local plant is owned by Mrs. Alice Townson and T. W. Trussell.

Renewals Constantly Coming In to Leader

Among those to renew their subscriptions recently were:

- J. G. McAnear
- Mrs. Orville Smith
- Virgil C. Moore
- M. M. McCracken

- Tom Messer
- Will Chamberlain
- W. H. Youngblood
- Claude Nash
- D. T. Heath
- Tom Connally
- Lon Rundell
- Jim Hinkle
- E. H. Watt

Mrs. G. E. Valentine
A few of the above are new readers. The management trusts that each of them may enjoy the excellent service of the Leader as a first-class country weekly. If the last two figures following your name do not read "34," your time is up. Please renew now so that you will not miss any copies of the paper.

HOLIDAY PROCLAMATION

General George Washington was born February 22, 1732, in Westmoreland County, Virginia. No star, no sign foretold his coming, but I believe the God of Heaven led and guided his every step from the cradle to the grave. In wisdom he was great, but in humility greater. In justice he was strong but in compassion stronger. He became a leader of men by being a lover of truth and righteousness. He was Commander-in-chief of the armies of the Revolution. The first President of this nation as a General and statesman he had few equals and no superiors. Washington was loved and adored by his soldiers. It was said of him, "First in War, first in peace, and first in the hearts of his countrymen." God of Heaven give us more men like Washington.

Therefore it is befitting that each year we should observe the memory of this great and good man.

Now, I as Mayor of the City of Clarendon, Texas, respectfully request that our citizens observe February 22, 1934 as a holiday and request that the business houses whose proprietors deem it expedient close their doors and honor the great hero of Valley Forge.

W. P. CAGLE, Mayor.

Chester Grounds is Killed At Amarillo Wednesday

While on radio scout car duty as a regular policeman since 1931, Chester Grounds was slain early Wednesday morning by Clarence Hammonds when Grounds and another policeman, Audrey Giles, went to the Hammonds home to investigate a report that a "woman had been knocked in the head."

Grounds was found in the yard with a flashlight in his left hand and his pistol in his right, by his fellow officer who rushed him to a hospital only to find that he was dead.

A short time later, Hammonds was located by officers Curtis Grays and Sales Coffey at a filling station. When Hammonds is alleged to have pulled his gun, the officers riddled his body with bullets killing him instantly.

Chester Grounds is a cousin of Wilton Grounds of Lelia Lake.

Miss Bessie Heatherly and J. B. Wallace were married at Memphis Monday. They left immediately for Shreveport, Louisiana where they will make their home.

Drillers Find Water Strata On Mountain Top

The Davis mountain range, considered to be in a deep water country because of the scarcity of water strata in the valleys, offers drillers a surprise when they locate a strong flow at a depth of 818 feet when a hole is drilled on and near the top of Mount Locke where the observatory is to be located.

The drilling was an experiment when the only other source of water supply appeared to be through a pipe from a spring 17 miles distant. The well produces 3,476 barrels daily while wells at a greater depth in the valleys produce at the rate of two gallons a minute.

Mrs. Phoebe K. Warner and Mrs. McClure of Claude attended the Mother-Daughter Banquet here Tuesday evening.

Odus Caraway and the manager of the M System at Claude while doing blind driving in a fog at Claude Saturday, had a head-on collision doing considerable damage to nothing but their autos.

who will be the future citizens of this country.

The members of Troop 37 have started a Scout News Bulletin, called, "The Tenderfoot." They are asking only fifteen cents for a four month subscription to this little bulletin and the profit derived therefrom is to go to the purchase of Troop equipment. Isn't it possible that you could give this much support to your community boys. At this writing they lack twenty subscribers to pay for the cost of printing.

The Leader is indebted to Scoutmaster Judge Hubert P. Day for this excellent report of Boy Scout activities, he having written the report for publication.

Complimentary to the excellent showing made by the local Scout boys at Pampa, Homer Mulkey gave each of them a free admission to the Pastime Wednesday night.

Don't forget the school rally in Hedley tonight.

Collection of Native Birds Attracts Attention

A collection of native wild birds now caged in the museum at Canyon attracts as much attention as most anything on exhibit. The birds are kept in the basement of the Panhandle-Plains Historical building.

The collection includes such birds as robins, wrens, juncos, meadow larks, etc. Some of these are even more scarce than other specimens, and it is the rare specimens that are being selected first.

MANY OF OUR CUSTOMERS

"Your new Goodyear, Pathfinder is the best buy on the market!"

● We've made a lot of friends by sizing up their driving needs and recommending the new improved Goodyear Pathfinders. In many cases they provide all the tire service a driver can use—and if that's our opinion for your car, we'll honestly say so. Come in and talk it over, no obligation.
