THE FARMER AND BUYING POWER.

According to a report of the Department of Commerce, farm prices have increased fifty percent as compared with a year ago, and farm buying power twenty-five percent.

During the month of March as compared with March of 1933, department store sales increased 75 percent, and chain stores 30 percent. Both heavy advertisers.

ANATOMY OF WEEKLY PUBLISHER.

It remains for the editor of the Macon (Georgia) Daily News to dissect the publishers of the average country weekly. After having taken several of them apart, he finds that they come under three general classifications. They are either lazy, incompetent, or have rubber backbones.

We are not being told something that we do not already know. The big question is, what are we going to do about it?

IN THE DAWN OF A NEW ERA.

There's a good time coming for the man who has salvaged from the wreckage of the past three years, health, optimism, credit and courage. We have been taught the utmost fallacy of riches. He who felt snugly safe with his money during this trying period's beginning, sat helpless and saw dollars disappear as if by magic. Character has been put to the extreme test and we can face the future with a much better understanding. We've at least located the "yellow" streaks in our respective communities.

LEGION OF DECENCY AND THE PICTURE SHOW.

On the third Sunday after Easter, Catholics of the nation estimated to number approximately twenty million, were asked to sign the pledge of the Legion of Decency, having for its object a protest against indecent picture shows.

In the Alice, Texas News under date of April 19th, Rev. Raymond G. Stocker, pastor of the Catholic church there, contributes an article protesting against lewd pictures closing with: "Then our children on their way to school will not be confronted with pictures of nakedness on billboards, handbills, etc. If today we have so many cases of sex-maddened morons, what will the next generation bring?" This is his personal protest against a local situation.

The Methodist church at Wheeler brings the matter closer home, but handle it in a little different manner. The Sunday school of that church has installed a Victor moving picture machine capable of showing both silent and talkies. They advertise to show pictures of three types that are entertaining, educational and religious with the lewdness cut out of each. The shows will be staged on each Wednesday night. There will be no admittance charge. Rev. J. E. Kirby is pastor of the church.

DEFENDING THE WEEKLY PAPERS

Charles J. Bayne, editor of the Macon News, recently stirred up quite a bit of comment in an editorial in which he took the small town editors of Georgia to task for being lazy, incompetent and spineless. Now comes Kirk Suttive, editor of the Blackshear Times, vice president elect of the Georgia Press Association, and one of the brightest of the state's editors—and makes the following able defense of the "country" press:

Some few weeks ago the able editor of the Macon Daily News wrote an editorial in which he took the so called "country weekly" editor apart to see what made him tick. The News editor's investigation brought to light the fact that some "country" editors are lazy, some are incompetent and some have rubber backbones.

Macon News Editor Bayne's commentary on rural editors did just what he had secretly hoped it would do—resulted in a rise from the country quill wielders. Several agreed with the Macon scribe and several dipped pens in vitrol and took Critic-Editor Bayne for a good old fashioned buggy ride—or, in other words, gave Mr. Bayne pure, unsullied hell.

each individual case that should be considered before judgment is passed.

For instance, a large number of weekly newspapers of the state can be classed as "one man shops" That is, the publisher or editor, because of a tremendous decline in business, is able to employ one worker in his shop. This employe usually does the greater portion of the mechanical work. To the editor is left the arduous tasks of writing the news for the paper, soliciting advertising, keeping books, chasing job printing, collecting accounts, paying bills, assisting in the mechanical department, attending to his subscription list and other necessary duties too numerous to mention.

The fact that the editorial columns of this type of weekly do not blossom forth each week with journalistic gems—or should we say buds—is not prima facie evidence that the editor is lazy. In many cases he is over-worked and over worried. His thoughts, when he does have an idle moment, are probably of his wife and children or other dependents whom he fears will be deprived if the "damnable depression doesn't lift."

Now, in deference to any editorial critic's analytical opinion, we offer this in defense of the editors in the "one man shop" class: There is no man, no matter how competent, no matter how courageous, no matter how brilliant, who can sit himself down to a typewriter and grind out Brisbane-like Grady-class editorial copy

while harrassed with the thought that to-morrow we might not be able to care for those who are depending on him.

This may smack of sentimentalism, but nevertheless it is true. More than one weekly editor in Georgia is fighting valiantly to keep his doors open -- his personal problems are so great that he has neither time nor desire to editorialize the problems of others. And while—as we said—we agree that some editors are derelict in their editorial duties, nevertheless we think that certain ones deserve a great deal of credit for getting out any paper at all.

While we have no desire of inviting a controversy, we feel that we are not exaggerating when we make the statement that with the possible exception of two daily newspapers in the state, the editorial pages of the urban press are woefully lacking in reader interest, brilliancy and aggressiveness. Most of them are as staid and straight laced as a corset of the gay-nineties period, snapping out of their lethargy only during political campaigns to champion the cause of some candidate.

The editorial writer or writers of a daily newspaper have only one duty to perform—get out editorial copy. Their minds, unlike the thinking apparatuses of the "country" editor, are not occupied with mechanical, advertising, collection, subscription or reportorial problems. Therefore there is far less excuse for lackadaisical editorial pages in the daily press than in the papers of the hinterland.

In conclusion, let us state: We have been thrown in close contact with a majority of the editors of the weekly press. Quite a few of them are men and women of unusual editorial capacity -- able to conjure more thought provoking opinion and comment in 52 issues in a year than some moulders of public opinion of the daily press are able to produce in 365 issues.

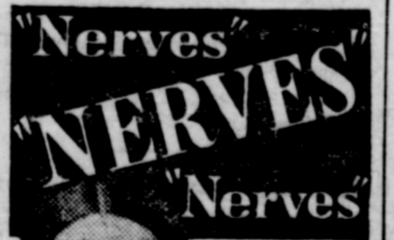

ALL WEST TEXAS FEEDER'S DAY

The All West Texas Feeder's Day will be held at the Spur Experiment Station on May 4. At this time the final results of a 112-day feeding test in which 100 standard steer yearlings, divided into lots of ten will be announced.

Last year representatives from 31 counties were present at the Spur Station Feeders' day and indications are that there will be this year a larger attendance from more counties than in any former year. There appears to be a new and widespread interest in a fuller and more intelligent use of west Texas feeds.

The experiments conducted at the Spur Station were planned for a special study of farm feeding a few head but the results are applicable in commercial feeding. Some of the problems being studied are:

- (1) Does it pay to grind milo heads?
(2) Is silage more profitable than dry roughage?
(3) Can cotton seed be used in a ration for fattening beef steers?
(4) Can cotton seed be used to replace a portion of the grain ration?
(5) How much mineral should be added to the ration?

Dr. Miles NERVINE
"Did the work" says Miss Glivar
WHY DON'T YOU TRY IT?

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles NERVINE which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order. Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective. At Drug Stores 25c and \$1.00.

(6) Can roughage be profitably fed without grinding?

Every effort is being put forth at the Spur Station to develop means for reducing the cost of finishing cattle for the market. West Texas produces large quantities of rough feeds, cotton seed and cottonseed meal as well as grain but the grain crop is sometimes short. It is very important therefore to secure the maximum gains and finish with minimum grain.

The cattle used in this test were purchased as short yearlings in March, 1933 and weighed 412 pounds. They will go to market well finished weighing 1100 pounds or approximately 700 pounds gain with a total grain bill during the 14 months of approximately 1500 pounds of milo heads, the equivalent of 1125 pounds of grain. Sudan and alfalfa pastures, bundle feeds, silage, cotton seed and cottonseed meal and cake have been used in preliminary feeding to secure cheap gains.

A MERE MINUTE

A man 35 years of age has 17,000,000 minutes yet to live, according to the expectancy tables.

So when a motorist takes chances to arrive a minute sooner, he is staking 17,000,000 minutes against one. Is it worth it?

Who would think of wagering \$17,000,000 to win one?

A youngster 17 has about double the expectancy of life of a man 35. Every time a boy roars around another car on a curve he is risking 35,000,000 for the sake of one. Every time anyone takes a blind intersection without due precaution, he is playing the fool from the bettor's standpoint, as well as from that of everybody else.

Racing with a train, or another car, with 17,000,000 up against one, and usually for some trivial purpose, possibly no greater than just to beat the other fellow, is probably the greatest gambling game of all time.

We fume against gambling ships putting money up on a horse or Monte Carlo, and then stake our

lives and the lives of others in the car on perfectly insane odds.

And when we arrive, it may be just to complete a foursome, or light a cigarette!

The Secret of Feeding Cows!

FEED is "milk in a bag." Your cow takes the feed you give her and gets the milk out of it. She can get more milk out of good feed, because it contains so much more of the things which make milk.

A. B. Cobb, over on the south side and who takes quite a bit of pride in his home surroundings, lost seven Chinese elms and some evergreens to a herd of cows one night recently. Cobb ought to drum up that cow election we are to have pretty soon. A lot of other folks are full up on live stock running at large, too, and we ought to get out a heavy vote against cows, jacks, jennets, horses and mules when we find out what time the election is to be held. The County Commissioners said we would be given an opportunity to head off this stock, and if we don't, it's just our hard luck.

Last week there passed two men who had quaint philosophies, each a kind of his own. Each had, in a sense become embittered with the world's hypocrisy, each were outspoken in their sentiments but nothing alike. One was Emmons L. Kennedy and the other was Judge J. J. Alexander. Both will be greatly missed.

The greatest trouble with this horseless carriage age is that too many of the drivers have too much horse power and not enough horse sense.

It can do no possible good for you to tell a woman of her husband's conduct. It is really none of your business, and it may cause a great deal of trouble if you tell her about the things that you "think" are true. Maybe she knows it already, and tries to pretend that she does not. If they are your friends, you should try to protect them from gossip. If they are not your friends, it is none of your business. A woman of this town who lived near a couple for five years went to their home and vomited up a bunch of rot to that man's wife that almost caused a separation until it could be proven that the informer was a cock-eyed liar. This busy-body never visited that home but once, and that was to attempt to leave in her slimy trail a pair of wrecked lives. Having been asked to say something about it in this column, here it is, and may it at least do some good.

We have special days and special weeks for most everything, but what we really need most is an enforceable "Attend-strictly-to-your-own-business Week." A lot of folks will enjoy the rest, and more will enjoy the relief.

If the American people could be caged and exhibited, it would be the finest menagerie on earth. Water makes us dry—borrowing makes us prosperous; work makes us tired—entertainment makes bandits; elections destroy citizenship—or mark its failure; legislatures and officers surrender the rights of the people; everybody raises hell—nobody cares.

One of our candidates for governor made a speech down state recently opening with the remark: "Friends, I have never done a dishonest thing in my life." After talking for an hour or more, he closed by saying: "All I ask is a chance."

The candidates ought to draw up a code. If the government keeps on providing jobs and grub and handing out money, what is left for the candidates to promise?

Political days are upon us. We know because the "handclaps are a little stronger."

A young, pretty school teacher over across the canyons troubled with tardy pupils recently remedied the matter by offering a kiss to the first arrival at the school building each morning. The next morning three young men were

seen on the schoolhouse steps at 5 a. m. All the boys in school and two members of the school board had arrived by 7:30.

The American Legion post at Perryton has sold 1,500 cherry trees this season. The trees were sold at 20 cents each, the whole plan being and inducement to get more people to plant the fruit producing varieties that never fail.

Donley county should have done the same thing. When we have a full crop of fruit here, there isn't enough to get started. Orchards have died out and interest has become a lost art so far as planting out orchards is concerned. Cherries and grapes are our surest fruits, with apples a close second. There are other varieties that do well most every year.

The death of Walter Dyer this week recalls many instances mentioned by my father, Alfred Estlack, now of Hobbs, New Mexico, who ranched near the Goodnight & Dyer Bros. in San Lotis valley in Colorado back in the early 70's. He states that "cattle rustlers" finally induced them to move to Palo Duro canyon about 1876, and that he and other early ranchers left within a short time afterwards for the same reason since honest men could not cope with the cattle thieves.

I am printing a letter this week from my good friend Mrs. N. D. Hudson, who is visiting down in east Texas in and near Dike. To have the privilege of numbering such pure, sweet christian characters as she among one's friends makes life worth living. To mellow with the years is one of God's

greatest gifts, and she is so blessed. My scrapbook containing letters of appreciation and encouragement from men and women in the sunset of life is my most priceless possession.

VISITING THE OLD HOME IN EAST TEXAS

Nelta, Texas 4-19-34

As I am a reader of your paper I thought I would write a few lines. I am visiting the old Home that I left 29 years ago. I left Clarendon three months ago, visited in Childress two days, then started on our trip. Spent one night in Alvord with some friends, and after a good nights rest, we were up to make our drive to Sulphur Springs, our old Home Town. We arrived there about 4 in the evening and met Mr. H. W. France, a brother-in-law, and I was very glad to see him. We all went to his home at Nelta where we all lived for a number of years. Mr. France and his wife gave me this wonderful trip and I am enjoying it very much. They have a nice home almost as modern as a city home, also her brother, M. I. Hudson has a nice home and I am glad to be with them.

My friends have shown me a nice time and I shall always remember them. There have been many changes made in 29 years. There are very few things that look natural. I visited our old Home. The house has been changed some but the old Bois'darc tree still stands as one of the oldest trees in this country.

It seemed to me that I could almost see my children and their playmates playing and swinging beneath the old tree. I couldn't keep tears back. I attend church in the same church where I did in those days and where most of my children and husband gave their heart to God. I have many friends here and love the old home, but I am glad I live in the west. I enjoy some sand and not so much rain and mud. It has averaged raining once a week ever since I have been here, but everything is green and gardens look fine, and yards full of

beautiful flowers. All of this is nice but I love the west and my friends there also.

Those who enjoyed this trip with me was F. B. Hudson and wife of Wellington, and Miss Mavis Hudson of Childress, Mr. W. C. Veazey of Goldston and the writer.

I am enjoying your paper. My boys and myself are readers of the Leader, among the first to subscribe for it.

Best wishes to all, Mrs. N. D. Hudson of Clarendon, Texas.

**BOYS HONORED WITH BIRTHDAY PARTY**

Robert and Wilford Hott, cousins, were honored with a birthday party Saturday night last by Robert's mother, Mrs. E. M. Hott at her home in the Chamberlain community.

Indoor as well as outdoor games supplied plenty of amusement for the twenty-one invited guests present to make of this a memorable occasion in the lives of the two young men.

The honorees received a number of nice and useful gifts from their many friends adding much to the jollity of the occasion.

Pink and white angel food cake, fruit salad and coffee were served by Mrs. Hott throughout the evening.

**B&P WOMENS CLUB**

Katherine Stark was hostess to the B&P W. Club Tuesday evening at the Club Rooms; fourteen members and one guest; Mrs. Louie Holloway attended. Mantie Graves new president of the club made a brief talk in which she made an outline of plans for the years work, asking co-operation of all members in planning programs and other assignments given them. It was decided to begin an attendance contest to last from May 1st until August 1st. Mildred Martin and Mrs. Andrew Jay were appointed captains. Julia Wiedman, Gwendolyn Couch and Lela Lamson composed a committee to divide the membership list between these teams, and it is feared there will be stiff competition as each side feels confident they will win.

**LOST 20 lbs. OF FAT IN JUST 4 WEEKS**

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Douglas & Goldston or any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

**Why Hospitals Use a Liquid Laxative**

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right dose of a liquid laxative brings a perfect movement, and there is no discomfort at the time, or after.

The wrong cathartic may often do more harm than good.

A properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin brings safe relief from constipation. It gently helps the average person's bowels back to regularity. Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given to the youngest child. Mrs. Potters brother from Tullia visited them Tuesday.

Mrs. Roberson, Mr. and Mrs. Roy Roberson and Mr. and Mrs. Pat Roberson visited in the Potter home Sunday.

**CHEVROLET GETS READY FOR BIG CHICAGO FAIR**

Installation of equipment for the assembly of Chevrolet automobiles in the General Motors Building at the 1934 "Century of Progress International Exposition," Chicago, has already been started by the Chevrolet Motor Company, M. E. Coyle, president and general manager, announced today.

Complete installation will be effected well in advance of the scheduled re-opening of the 1934 World's Fair on May 26. Mr. Coyle said, assuring early visitors that they will be able to see an automobile built up from the bare frame to the completed car, from the opening till the closing day of the exposition.

Machinery is identical with that used in Chevrolet's nine other assembly plants, with the exception of overhead conveyors. The latter have been replaced by floor type conveyors to bring parts to the proper stations along the line. This slight change in factory procedure provides visibility for the thousands who will watch the assembly each day. Machines will again be finished in silver with black trim, and will be manned by approximately 200 workers in white uniforms.

A balcony seven feet above the assembly line and erected in circular form so that the maximum number of visitors may walk completely around the line and watch every operation in the building of a typically modern automobile, has been provided, Mr. Coyle said.

There is no better advertisement for a curative institution than the grateful appreciation expressed by cured patients. Here is one testimonial among hundreds that we have on file. Write for booklet.

"This is to certify that I, Hugh Denby, of Kress, Texas, Route 1, came to Dr. H. H. Milling at the Milling Sanatorium for treatments for my knee and leg. My leg was drawn up to my body; my knee was stiff and swollen, and I could not sleep at night unless I was full of dope. I tried all kinds of things, and several doctors; all the time got worse. I heard of Dr. H. H. Milling at Mineral Wells, Texas, and decided to give him a trial. I stayed five weeks and am now a well man. Can walk and use my leg and knee as well as I ever could. If you want to get well, go see Dr. H. H. Milling at Mineral Wells, Texas."

**SILVER TEA GIVEN**

The Les Beaux Art Jr. Club entertained with a lovely Silver Tea at the home of Mrs. J. W. Evans Saturday afternoon, from 3 to 6 o'clock. Spring flowers of poppies and bridal wreath were used for decorations. Mexican glassware in aqua, blue, green, and amethyst were on display and quite a lot was also sold, of which the club received 10 per cent.

Miss Roach's Spanish class entertained, and were all in Mexican costumes. The Mexican ideas were used in the refreshments which was served by girls in Mexican costumes. The tea was well attended.

**FRIENDSHIP CLUB MEETS**

Mrs. M. E. Thornton entertained the Friendship club at her home Tuesday afternoon. The club opened with prayer. Scripture reading 131 Psalm, Mrs. Allison, 12 members present, 2 guests. Afternoon spent in visiting and needle work.

The club will meet May 8th at the home of Mrs. J. A. Meaders.

**BOYS HONORED WITH BIRTHDAY PARTY**

Robert and Wilford Hott, cousins, were honored with a birthday party Saturday night last by Robert's mother, Mrs. E. M. Hott at her home in the Chamberlain community.

Indoor as well as outdoor games supplied plenty of amusement for the twenty-one invited guests present to make of this a memorable occasion in the lives of the two young men.

The honorees received a number of nice and useful gifts from their many friends adding much to the jollity of the occasion.

Pink and white angel food cake, fruit salad and coffee were served by Mrs. Hott throughout the evening.

**B&P WOMENS CLUB**

Katherine Stark was hostess to the B&P W. Club Tuesday evening at the Club Rooms; fourteen members and one guest; Mrs. Louie Holloway attended. Mantie Graves new president of the club made a brief talk in which she made an outline of plans for the years work, asking co-operation of all members in planning programs and other assignments given them. It was decided to begin an attendance contest to last from May 1st until August 1st. Mildred Martin and Mrs. Andrew Jay were appointed captains. Julia Wiedman, Gwendolyn Couch and Lela Lamson composed a committee to divide the membership list between these teams, and it is feared there will be stiff competition as each side feels confident they will win.

**CLARENDON H. D. CLUB**

Mrs. John Clark was hostess to the Clarendon H. D. Club Friday afternoon at her home. Vases of Iris, Lilacs and Spirea were used for decorations.

After discussion of plans for club work, the club presented Mrs. A. H. Baker and Mrs. C. D. McDowell, each with a birthday package of gifts which were opened and admired. A delicious plate luncheon was served to Mmes. A. H. Baker, G. A. Anderson, A. L. Chase, Major Hudson, Edd Speed, J. C. Estlack, C. D. McDowell, Lester Schull, John Lott, M. T. Crabtree, Lonnie Hahn, O. L. Fink, Sloan Baker.

The Ashtola baseball club came here last Wednesday, March 18, to play baseball. They were defeated by a score of 11 and 4. We enjoy playing the Ashtola team because of the sportsmanship and fair play

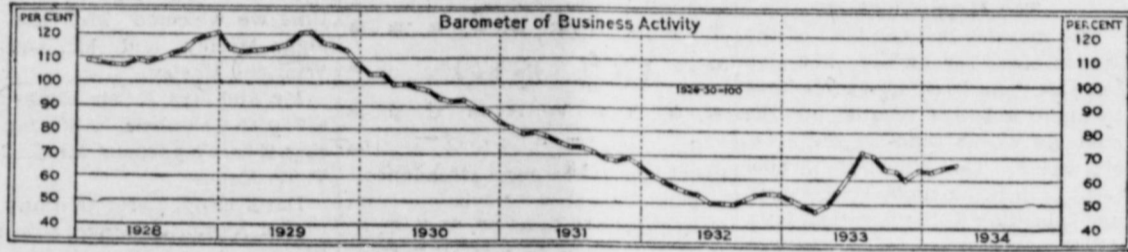

manifested by the teachers and pupils.

Our baseball club went to Lelia Lake Friday 20th. They beat by a score of 16 and 6. Part of the outsiders played with each team.

The sixth and seventh grades put on an excellent program in chapel Monday morning. They were coached by Ralph Stewart,

who is still substituting in Miss Nan Potter's place as she is still unable to teach. Several patrons were here to see the program.

School was turned out Monday afternoon for the benefit of those who wanted to go see the show "The Birth of a Nation." A majority of the school pupils from here went. It was an interesting and educational picture.

Mr. Gatewood attended a teachers meeting last Friday evening at Hedley. There were some very interesting inspirational instructive talks made by various teachers of the county.

We are proud of four new pupils, the Peden children from Sunnyview, who started here last Monday.

Next Friday there will be a visiting day here. All patrons are invited.

**MIDWAY**  
(Mrs. John Goldston)

Malley and Alton Dorsett of Lubbock visited friends here the past week.

A large crowd of the younger set attended a party in the W. M. Pickering home Saturday evening. Rev. McKee preached Sunday

and there was a good attendance for Sunday school also.

Mr. and Mrs. Roy Wilson and daughter Billy Joe, and Miss Lucy McMahan of Clarendon were dinner guests in the John Goldston home Sunday.

Miss Neta Pierce, daughter of Mr. and Mrs. A. Pierce and Mr. Van Wofford of Lefors were married Saturday. Miss Neta has been attending school at Lefors and they were married there. They will make their home at Lefors.

Mr. Jess Cornell and family moved from Clarendon to the old Emmet Hutton place. Mr. Cornell has bought the place.

Mr. and Mrs. Bill Gathers moved to Memphis last Wednesday where Mr. Gathers will be interested in a filling station.

F. L. Koontz moved his family to our community from Hedley last week.

Mrs. Koontz visited her daughter Mrs. Swinney of Windy Valley the past week.

Mr. and Mrs. Fred Madison and son of Amarillo and Mr. and Mrs. Hugh Brown of Clarendon visited Miss Nan Potter Sunday. Miss Nan has been sick for some time but is gradually improving. We are so glad to say.

Mr. and Mrs. Reamer and family from Glennwood and Helen Goldston were dinner guests in the John Chamberlain home Sunday.

Mrs. Potters brother from Tullia visited them Tuesday.

Mrs. Roberson, Mr. and Mrs. Roy Roberson and Mr. and Mrs. Pat Roberson visited in the Potter home Sunday.

**CHEVROLET GETS READY FOR BIG CHICAGO FAIR**

Installation of equipment for the assembly of Chevrolet automobiles in the General Motors Building at the 1934 "Century of Progress International Exposition," Chicago, has already been started by the Chevrolet Motor Company, M. E. Coyle, president and general manager, announced today.

Complete installation will be effected well in advance of the scheduled re-opening of the 1934 World's Fair on May 26, Mr. Coyle said, assuring early visitors that they will be able to see an automobile built up from the bare frame to the completed car, from the opening till the closing day of the exposition.

Machinery is identical with that used in Chevrolet's nine other assembly plants, with the exception of overhead conveyors. The latter have been replaced by floor type conveyors to bring parts to the proper stations along the line. This slight change in factory procedure provides visibility for the thousands who will watch the assembly each day. Machines will again be finished in silver with black trim, and will be manned by approximately 200 workers in white uniforms.

A balcony seven feet above the assembly line and erected in circular form so that the maximum number of visitors may walk completely around the line and watch every operation in the building of a typically modern automobile, has been provided, Mr. Coyle said.

**THE MILLING SANATORIUM**

MINERAL WELLS, TEXAS

There is no better advertisement for a curative institution than the grateful appreciation expressed by cured patients. Here is one testimonial among hundreds that we have on file. Write for booklet.

"This is to certify that I, Hugh Denby, of Kress, Texas, Route 1, came to Dr. H. H. Milling at the Milling Sanatorium for treatments for my knee and leg. My leg was drawn up to my body; my knee was stiff and swollen, and I could not sleep at night unless I was full of dope. I tried all kinds of things, and several doctors; all the time got worse. I heard of Dr. H. H. Milling at Mineral Wells, Texas, and decided to give him a trial. I stayed five weeks and am now a well man. Can walk and use my leg and knee as well as I ever could. If you want to get well, go see Dr. H. H. Milling at Mineral Wells, Texas."

**New Library Books**  
 We are very happy to report that we have some new books to add to our library. Below can be found a little about a few of our new books.

"Around the World in Eighty Days" is a book written by Jules Vern that tells of a man who made a bet that he would go around the world in eighty days. How he overcame all obstacles and made the voyage in less than eighty days is told in a very interesting way.

"We" is told in Charles A. Lindbergh's own words. How he became an aviator and many of his experiences are told in a way that would interest most anyone.

In the interesting book "Great Modern Short Stories", many stories by such noted authors as Joseph Conrad, John Galsworthy, Somerset Maugham, Katherine Mansfield, D. H. Lawrence, Earnest Hemingway, Willa Cather and other may be found.

In the very interesting book of "The Girl From the Golden West" by Belasco, a story is told of an outlaw, who, without any mercy for anyone, robbed all American people until he fell in love with an American girl who gained his freedom.

"On the Open Range" by Dobie is a collection of tales and facts which would be very interesting

to young people who wish to know of the early life on the plains.

**Grammar School Graduation Class**  
 The pupils of the seventh grade are very proud that at least most of them are planning on being high school students next year. Their class has fourteen members, Edward McDaniel is their president, and Mrs. Thomasson is their sponsor.

Since they have some very bright pupils, we feel sure that they have some scholars who will provide some sort of entertainment. Then we shall be proud to say that we once knew them.

We have not yet found out what sort of program they are preparing for the last of school, but we have confidence that they will provide some sort of entertainment.

Several of the seventh graders are working on State Reading Certificates. Edward McDaniel and H. R. King have already received theirs and several more have theirs almost completed.

**The Happy Juniors**  
 The measles had the best of the Junior class for awhile but we have all them back again. We hope to make a better record of the next six weeks than we did last six weeks. The end of the school term is drawing nigh. Most everyone is looking to the vacation days. All the seniors are real anxious to pass, also the rest of us. The Juniors are looking forward to Junior and Senior day. We have not had very many socials during the year, but watch out, they are going to plan one soon. Picnic time is here as every Junior realizes. Don't worry for you will hear from us again soon.

It seems rather natural for Miss Hill, coach, to be calling her basket ball girls together again. We've had ever one fooled because they thought we were going to play ball again. No, we're not, but we are going to have a picnic. We have planned to have it twice but due to rain and sand we have not had it yet. The third time is the charm, so we plan again to go one day this week. You'll hear from us later after our picnic!

**Signs of the End of the World**  
 Mr. Cooper not being called Boliver.

Fern Martin studying her Algebra.

Billy Admire getting rid of dandruff.

Laird Reeves smelling Borger.

Tommie Allen knowing when to stop playing with his baseball glove in the study hall.

William Hardin not writing "I will not talk in the study hall" anymore.

Margaret Gerner and Ruby Jones not playing in the sand at noon.

Bernice Self couldn't see Royce coming.

Winston Nippert wearing a new black hat.

Laird Reeves calling Maxine "Buggy."

Jeff Wiggins growing to be a tall man.

Bobby Leathers forgetting to get his Algebra lesson up.

Mrs. Thomasson forgetting to say something about the library.

**"Are We Fresh"**  
 That grand old eighth grade is just fresh from those six weeks tests. We know they're fresh because they haven't quit griping yet.

They are hating Julius Ceasar in English, experiments and tests in science, religion in history, and squares and square root in Algebra.

They really did good in history, despite their grumbling. The lowest grade was eighty-one and there was one hundred. They haven't heard their other grades yet but they probably won't be so good.

If you are ever in Lelia Lake and you wish to hear some wise-cracks, just come around to the

eighth grade because they know their stuff.

**Locals**  
 Fern Martin, Anita and Mary Jan Cook, and Laura Mae Gerner spent a very enjoyable week end at Ashtola with Miss Jessie J. Tomlinson. Doyle Martin and Johnnie Leathers of Lelia Lake and Christine Knox of Ashtola also spent Sunday with Miss Jessie J. Tomlinson.

Margaret Gerner spent Sunday with Rubye and Jaunita Jones. Margetta Cruse, Elsie Sisson, Lorene Brown, Ora Johnson, Ruth Davis, and Aledamae Richardson spent Sunday with Inez Woods. They all visited Elsie Sisson Sunday afternoon.

Lottie Maye Holland spent the week-end in Clarendon.

Millard Cruse spent Sunday with Edward McDaniel.

Edward McDaniel spent Saturday night with Millard Cruse.

Maxine Tomlinson spent Thursday and Friday night with Lanella Lewis.

**GOLDSTON**

Sunday school was held at the usual hour, with good attendance.

The T-Anchor cowboys from Canyon, students of W. T. S. T. C. gave a program to a small but appreciative crowd Saturday evening.

Mrs. Clyde Hudson entertained her S. S. class with a picnic Saturday at 6 p. m.

Mrs. M. W. Hatley and son R. V. returned home Sunday after visiting relatives in Amarillo.

Miss Willie Mae Blanks primary teacher, visited her parents at Lakeview over the week end.

Mrs. Audley Rhodes and son, Larry are visiting relatives here.

Mr. and Mrs. A. L. Millsap are at Pampa at the bedside of their son, Jimmie who underwent a successful operation for appendicitis last week.

Mrs. Hattie Johnson returned Friday after visiting her daughters near Memphis.

Joseph, the small son of Mr. and Mrs. Pink Hahn is slowly improving.

Mr. and Mrs. Hamp Morgan were called to Belton last week, to attend the funeral of his only sister. The community extends sympathy.

Mrs. Leonard Goldston and children visited her parents in Amarillo last week.

**NAYLOR**  
 (Mrs. R. Bowlin)

We enjoyed a good singing Sunday nite sponsored by the singing club.

Mr. and Mrs. Clark Alexander and daughters have moved to Ft. Worth, selling their farm to M. W. Mosley. We are very sorry to see the Alexander family go but wish for them the best of all things in their new home and at the same time we welcome Mr. and Mrs. Jiggs Mosley and Mr. and Mrs. Winfield Mosley.

Mr. and Mrs. Edwin Eanes made a trip to Chamberlain Sunday visiting Edwin's parents, Mr. and Mrs. T. W. Eanes.

Doris Espy, Leroy Tidrow, Miss Fanny Naylor, Mr. and Mrs. Pringle Hurst and Miss Mildred Tunnell of Clarendon and Mr. and Mrs. Dee Crites of Chamberlain formed a party and spent week end at Ox-Bow. They report Bill Carnes and Jake Chamberlain fine hosts.

Mr. and Mrs. K. C. Reed and Mr. and Mrs. Tom Bain attended the funeral of Mr. Ben Kempson at Hedley Sunday.

Cecil Cooper, who was taken to Amarillo last Monday for operation, is reported doing nicely.

O. P. Naylor spent Sunday with his sisters, Misses Naylor.

E. H. Estlack and Mrs. Edwin Eanes, our teachers, attended teachers meeting at Hedley Saturday.

Mr. and Mrs. A. E. Tidrow spent Sunday afternoon with Mr. and Mrs. Pittman.

Lesley Pickering entertained the younger set Saturday nite. All report a fine time. The marshmallow man was given as favors.

Mr. and Mrs. Verna Lusk of Clarendon spent Sunday with Mrs. Lusk's parents, Mr. and Mrs. A. O. Hefner.

Milt Mosley this week took over the J. J. Alexander farm near Naylor, and will have same tended this season.

Forest Holloman of Granite, Oklahoma, an officer of the state penitentiary, paid Jimmie Chilton a visit Saturday evening on his return from a vacation in New Mexico. He and Jimmie grew up together near Mangum, Oklahoma.

### Our Weekly CHURCH CHAT

W. E. FERRELL  
Minister First Christian Church

#### "Why Art Thou Lean?"

Text: "And he said unto him, Why art thou, being the king's son, lean from day to day? Wilt thou not tell me?" II. Sam.13:4.

As we behold the professing people of God, with all their privileges and opportunities of life, we are perplexed some what, like the author of our text, to know why they are so lean or seem to get so little out of Christian life. After having become a child of our heavenly Father and having tasted the good things of this kingdom, why are they lean?

I. Have we not, through His

saving and sanctifying power, been made heirs to an inheritance which is both incorruptible and undefiled and that fadeth not away? Then, why are we, being the King's son, lean from day to day? Why do we not possess more joy and gladness of heart and soul? Have we not within our souls a well of water springing up with eternal life? Then why so lank as though our God were inadequate or altogether insufficient to meet our demands, either spiritually or materially.

II. When we cease to love, that faculty at once becomes weakened. When we cease to sympathize with our fellow beings, that particular part of the spiritual man begins to decrease, and likewise, when we cease to give or to obey and believe the divine injunction "Give and it shall be given unto you," our once liberal or giving faculties become dwarfed. Are you falling away from God, retrograding in your spiritual life? Are the spirit-

ual springs of your inner life still flowing freely or are they becoming torpid and just moving along at a poor dying rate? Are you a living example of what a Christian ought to be? Or have you got on a dimmer as the autos are required to have? Do the folks in your neighborhood believe in your kind of religion?

III. It is for everyone who will to devote his or her life to service and thus have the abundant life which our blessed Saviour intended. The promises are for you and you may enjoy the wonderful gifts and blessings promised. Why art thou lean? You must obtain these blessings for yourself.

#### AN EDITOR'S LAMENT

The editor of a rural weekly unbosoms himself in the following way: "Getting out a high class family journal is no picnic. If I print jokes, folks say I am silly; if I don't they say I'm too serious. If I publish original matter they say I lack variety; if I publish things from other papers they say I'm too lazy to write. If I don't go to church they say I'm heathen; if I do go I'm a hypocrite. If I stay in the office, I ought to be out rustling the news; if I rustle for

news I am not attending to business at the office. If I wear old clothes they say I'm a sloven; if I wear new ones they say I must be making a pile of money, or the clothes aren't paid for. What in thunderation is a poor editor to do anyhow? Like as not somebody will say I swiped this article from some other paper. So I did."

## HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men  
Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.  
But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.  
Only a free flow of your bile juice will stop this decay poison in your bowels. One mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25c at drug stores. Refuse "something just as good" for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.C.O.

TEACHERS HOLD—  
(continued from front page)

Several teachers paid high tribute to Miss Elizabeth Stevens of the Clarendon schools, who has been a teacher in Donley county for twenty-seven years.

Round table discussion was an interesting part of the program. A temporary organization was formulated in which every teacher of the county may take a part, as well as school board members. The organization already existing is for the benefit of rural teachers and trustees only and the organizations will in no wise conflict, according to county superintendent, Sloan Baker.

Luncheon was served at the noon hour by the Home Ec. class of the Hedley school. Miss Alice Bishop was in charge because of the enforced absence of Mrs. Glass.

Bert Smith had business in McLean Tuesday.

Old Offender is Killed With Six Shooter

For several months depredations have been made on the poultry population at the M. M. McCracken home in the Hudgins community. Almost nightly the family dog would become greatly disturbed leading his owner to believe that all was not well about the place after dark.

A few nights ago the dog yelped for help and grabbed the intruder about the same time and held him until the arrival of Mr. McCracken armed with a flashlight and a six shooter put in an appearance. One well-directed shot put the thief out of business—there was one less coyote in that section, and he died at 3:30 a. m.

Except for the gyp water, a very successful fishing expedition was made into the Quanah country the last of the week by Sullivan Cooper, John Goldston, U. G. Pitman, Walter Morrow. A big batch of channel cat were brought back.

Richmond P. Bowlin Has Birthday Wednesday

Friends gathering at the Bowlin home some 15 miles northeast of town Wednesday found "Uncle Rich" jubilant over the prospect of celebrating his 85th birthday, this having been an annual custom for some thirty years, according to Mrs. Bowlin.

Forty-three years a resident of Donley county, surrounded by near neighbors and friends of more than a quarter of a century from other places, is a privilege fate permits but few men to enjoy. Many more good friends would just as gladly enter into the spirit of the occasion had they been present.

Active in both body and mind, Mr. Bowlin showed his male guests through his wonderful orchard loaded with a fruit prospect seldom equaled, and to his water lot where Jersey cows in number added more charm to a well appointed rural home. He took a delight in telling his guests of the large quantity of cans of food stored, largely due to the energetic disposition of his good wife, the food having been produced on the farm.

At the noon hour, the guests were invited into the kitchen where they were served cafeteria style. To attempt to describe the delicious food beyond boiled ham and baked turkey, would be useless. The table groaned with variety and there was a plenty for another such serving after every guest was filled.

A large, white double deck cake bearing 85 pink candies was presented Mr. Bowlin.

Following the feast, the honoree was presented with his gifts. Mr. Bowlin removed first a box bearing the name of his small grandson, little Sidney Rhea Beach in which he found a small pair of pliers—something he had often wished for on the spur of the moment. The boxes included nine pairs of six as well as many other useful gifts, bringing to the honoree smiles as the crowd joked with him, Mrs. Bowlin entering heartily into the amusement.

No more beautiful tribute was paid Mr. Bowlin than when Miss Ava Naylor with the guitar accompanied his daughter, Mrs. H. L. Whitfield in singing "That Silver Haired Daddy of Mine." Before the first stanza was sung, Mrs. Whitfield burst into tears in which she was joined by other ladies and many of the men. This part of the program was abandoned because of an overplus of sentiment, love and affection for the man who has so lived that he enjoys the respect and esteem of his neighbors and others, and the devoted love and affection of those nearest and dearest in his well-spent life.

Those privileged to pay Mr. Bowlin tribute on this occasion were Mrs. J. D. Stocking, Mrs. Jerome Stocking, Mr. and Mrs. A. O. Hefner, Mr. and Mrs. Tom Bain, Mr. and Mrs. W. M. Pickering, Misses Ava and Minnie Naylor, Mr. and Mrs. J. C. Estlack, Mr. and Mrs. A. E. Tidrow, Mrs. K. C. Reed and children, Mrs. Richmond Bowlin and daughter, Mrs. H. L. Whitfield and children.

His birthday being on the same date, Will Chamberlain was accorded all the honors of a celebration, cake and everything. Standing in line with Mr. Bowlin, the two honored guests received the congratulations of their friends and became the center of attraction.

HEDLEY

Mr. E. N. Kempson died at his home here Saturday about 6 o'clock. He had been in failing health for some time. He was able to be up however and ate a hearty breakfast but later in the day began vomiting which continued until he died. His children were all at his funeral but one daughter who lives in Ohio and was unable to get here but arrived Tuesday.

The funeral services were conducted at the Methodist church, Rev. Helms of Memphis, an old time friend of Mr. Kempson had charge assisted by Rev. A. V. Hendrix and Rev. Nannie Carter and he was laid to rest in the Rowe cemetery by the side of his first wife who died about 15 years ago. Those left to mourn their loss is his second wife and 9 children. Mr. Kempson was 73 years old having died on his birthday. He had lived in and near Hedley for many years. Some of his parting words were that he was ready to go.

Mr. Kempson was born April 21, 1861 in Georgia. He was first married to Miss Rebecca Gray in 1881; second marriage to Miss Lizzie Baker in 1918.

ONE GOOD TURN DESERVES ANOTHER

You have heard that expression many times before. We naturally believe it to be a fact, and so do you.

When times were trying; when it looked like everything had happened except the sky falling; when you were blue and down-hearted, we kept your paper coming. We traded and swapped and you did your best to keep even "with the board" when money was out of the question.

Times are better now. We bore the brunt of the load when you needed us. We need your help now. We have expended our force, and financial demands compel us to say that we cannot swap any more during the year beyond the trades already made. Since prices have almost doubled on everything that we use in making the Leader, we believe that you will agree with us that keeping the Leader at \$1.50 a year is fair.

We want to continue as your neighbors. We want to do everything that is humanly possible to better your condition as well as ours. It will take money to do it. Please look up the date on your paper this week, and hand in the \$1.50. No one will appreciate it more than we. On the other hand, we'd do as much for you any time.

McKnight Pie Supper Nets School Neat Sum

When Marvin Smith, candidate for assessor-collector drew down pie number 13 at the McKnight pie supper Thursday night, he refused to take time by the foollock. He is said to have grabbed it by both the mane and tail and proceeded to get a nice bunch of publicity out of his number 13 pie constructed of

cotton camouflaged behind what some termed soap foam.

The pie sale cried out by M. W. Mosley netted the school \$25.10. Prof. White presided and Victor Shelton sponsored the deal. Quite a number of candidates were present and a large crowd was out to do the subject justice.

Mrs. Van Allen Kent of Borger visited her parents, Mr. and Mrs. John Clark this week.

Miss Thurzia Mae Turner of Memphis was a week end guest of her sister, Mrs. R. J. Webster of this city.

Match the Performance

of the FORD V8 for 1934

against any Car at any Price

THE car that flashed down a Florida beach to the world's land speed record was powered by the V-type engine.

The V-type engine knifed an Italian plane through the air at the record-smashing speed of more than 420 miles per hour.

On the St. Clair River, the V-type engine swept a speed-boat to the world's record of 124.8 miles per hour.

And that's the type of engine that powers the Ford V-8 for 1934. It's the only V-8 engine in a car selling for less than \$2,845.

That's why the Ford V-8 will streak down a highway at 80 or better. That's why it will purr along at 50 or 60 without the slightest effort. And why it is unsurpassed in acceleration by many high priced cars!

Despite its power, the new Ford V-8 is the most economical car that Ford has ever built. The new Ford V-8 gives you the riding ease of free action for all four wheels—with the safety of strong axle construction.

Before you buy any car at any price, drive the new Ford V-8.
