## CITY DADS HOLD BUSY SESSIONS OVER TUESDAY

### Proposed Gas Franchise Is Studied And Some Minor Changes Will Be Asked

The first busy session under the new administration was held at the City Hall Tuesday when a varied assortment of proposals came up for consideration.

The matter of selecting a successor for Mayor W. P. Cagle, resigned, was quickly disposed of with the appointment of J. W. Martin. Since Mr. Cagle had handed in his resignation some time ago, effective May 1st, the matter has been given careful and studious attention by the Commissioners resulting in the selection of Mr. Martin who kindly gave his consent after being urged by the Commissioners and friends.

The proposed gas franchise asked for by Smith brothers of McLean in which they propose to sell Clarendon gas at a cheaper rate than is now to be had, was given careful study. Some minor changes in the wording of the franchise will be asked for by the city authorities. A spokesman for the Smith brothers assured the Commissioners that the changes would be made. The principal change asked for is relative to serving buildings in the more isolated sections.

Smith brothers proposed to pipe the town for gas laying lines convenient to serve all residences and business houses without the consumer being forced to supply piping to reach the mains.

Those favoring the town sponsoring a band appeared before the Commissioners, but the matter was deferred until further notice.

## Sloan Baker Not Candidate For Superintendent

According to a ruling of F. O. McKinney, assistant attorney general, Sloan Baker holds office for two years longer, and he will not be a candidate for the office of county superintendent of schools in the present campaign.

The ruling was made at the request of W. E. James, first assistant to the State Superintendent, and applies to a number of similar cases over the state.

## Candidates Are Invited To Bray Friday Night

The Leader is requested to announce that the Bray community will sponsor a pie auction on Friday night of this week to which the public is cordially invited.

All candidates are requested to be present where they are assured of meeting a large number of the community.

## Political Rally at Hedley Will Be Held the 8th

The Leader is requested to announce the following: "The Wifadosos Club invites all candidates for county and precinct offices to be guests at a political rally to be held on the evening of May 8th at 8 o'clock in the High School Auditorium at Hedley."

The Clarendon band has been invited to be present to furnish music for the rally.

## Rain! Rain! Rain!

There are times when the receipt of heavy rainfall is an occasion for jollification in the southwest. It is at this time in Donley county. What is said to be the heaviest rainfall during the same period of time in many years fell Tuesday evening and that night when the government gauge registered 5 inches.

The gauge showed three-fourths of an inch fall Wednesday night. Clarendon today has a number of enforced visitors waiting for the highways to clear up due to mud and lakes. We hope they bear with us in letting nature take its course. Nature does not smile on us in this manner any too often.

## RITES HELD FOR POPULAR TEACHER HERE SATURDAY

### School Boards, Teachers And Pupils of Many Schools Pay High Tribute

Following an illness of several weeks, Miss Nan Potter passed away Friday night at the home of her parents, Mr. and Mrs. John Potter of the Midway community. She was a teacher in the Goldston school at the time of her death, and had spent a long service in the cause of public school education.

Elder H. P. Cooper of Shamrock conducted the funeral service at the Church of Christ here at 4 p. m. Saturday. Those attending the casket were Bill Hardin, Bill Meaders, Slayton Mahaffey, John Goldston, Charles Corder and Pat Longan. Twenty flower girls were necessary to place the floral tribute from school boards where she had taught through the years, teachers, friends and neighbors who appreciated the beautiful life of sacrifice exemplified by Miss Potter.

Immediate relatives surviving are her parents, Mr. and Mrs. John Potter, two sisters, Mrs. Ormy Harlan and Mrs. Elinor Drennon. Two nieces, Ethelyn Drennon and Margery Harlan. Her nephews are John and Donald Harlan.

Relatives from a distance attending the last services are Mr. and Mrs. Joe Brown, Mrs. Loper and son, Mrs. Jeff Potter, Mrs. Jimmy Waters of Amarillo; Mr. and Mrs. Reed Clayton and Jeff Potter of Tulsa; Mrs. Minnie Wise and son of Oklahoma; Jim Wise and daughter of Estelline.

Her neighbor and friend of more than twenty years, Mrs. John Goldston, pays the deceased a fitting tribute in the Midway items this week attesting again the noble character and high esteem in which she was held. Truly, in that time spanning the years from February 13, 1893 to her passing on April 28, 1934, her's was a busy life well spent that has left an indelible impression upon the lives of those with whom she associated.

## County School Board Date Of Meeting Changed

A change in the meeting date of the County School Board is announced by W. A. Poovey, chairman of the Board.

This meeting is to be held the 26th of this month instead of the 12th. The classification of the schools of the county will be made at this meeting. All school authorities are urged to attend.

## SINGERS WILL HOLD AN ALL DAY SESSION SUNDAY

### Fourth Session of Donley County Singers Will Meet at Hedley

President R. W. Alewine of the Donley County Singing Association announces that the fourth session of the Association will meet at Hedley next Sunday, the 6th. The sessions will be held in the High School Auditorium.

A cordial invitation is extended the public to arrive early and spend an enjoyable day in singing. Those who attend are kindly requested to bring well filled baskets, boxes or tubs since the noon meal will be in the form of a picnic spread, according to plans already perfected, and announced by Mr. Alewine.

Professional singers from outside the county, and quartettes will be heard in this all-day session, it is also announced. Large crowds attended the sessions held at Martin, Chamberlain and Goldston on the several occasions, and since this is to be the first all-day session, an even larger attendance with more singers is confidently expected.

Rev. Swan returned from Childress Sunday morn last, being unable to hold services owing to illness.

## Babe Seriously Scalded By Falling in Stewer

While preparing the noon meal at the home of Mrs. Monica Harvey Saturday, Margaret Rochelle, aged 9 months, fell from the arms of her aunt, Miss Joyce Smith head on in a stewer of boiling potatoes.

The upper portions of her face and a part of the top of her head was painfully scalded, but no injury to her eyes. It is the opinion of the physician that the hair will grow out again, and that no serious results may be expected. The babe is a daughter of Mr. and Mrs. Eugene H. Estlack of Fairview.

## Clarendon College Student To Waco Track Meet

Among those to advertise the town and the Municipal Junior College here, few if any have done more than Hubert Reavis, son of Rev. and Mrs. L. A. Reavis of this city. Hubert won 1st in high hurdles and 2nd in low hurdles at the track meet at Ft. Worth during the Pat Stock Show in March.

On Tuesday and Wednesday of next week he will enter the track meet for college students at Waco. He will be accompanied by Gus B. Stephenson, local band director. His trip is being sponsored by business men, and individuals of Clarendon who believe that he will win there, and who admire his courage and determination.

Mrs. O. L. Fink and Miss Reba Longino spent the week end in Wellington.

## Relic From Indian Grave Is On Exhibit Here

While on a visit to his son-in-law, B. D. Howe of Shamrock recently, M. V. Harvey learned that Howe had located an Indian grave north of Shamrock near the river. The skeleton, pipe and bride bits with a bit of leather was all that marked the last resting place of the brave.

Mr. Harvey brought the leather and bride bits back with him and left them at the Stocking drug store on exhibit. The bits are of the 'limber' type and badly decayed, though the skull and much of the bone structure of the skeleton are in a good state of preservation. This is the first Indian pipe located in some time.

## M. T. HOWARD DIES IN MEMPHIS WEDNESDAY EVE.

### Came to This Section More Than Forty Years Ago As Cowboy

Another pioneer stockman and J A cowboy of the early days passed away about 7 p. m. at Memphis where he was taken Monday when he became critically ill at his ranch home 30 miles southwest of Clarendon.

Funeral services were conducted here at 3 p. m. today at the First Baptist church by Rev. S. R. McClung, pastor of the Baptist church of Floydada, and formerly pastor of the First Baptist church here for four years.

A prominent Mason for many years, services at the cemetery were in charge of that Order with pallbearers selected from its membership.

Mr. Howard had been in failing health for the past few years with a heart affection that refused to yield to treatment which he sought from many sources. Though ill, he persisted in looking after his extensive ranch interests with that courage and energy that had enabled him to amass a comfortable fortune through the years.

He came to this section when hardly grown and worked as a cowboy on the old-time ranches being with the J A outfit for a long number of years. He was highly respected by all who knew him and enjoyed a large number of warm friendships among the old timers and those who had come to know him in his later years. He was past seventy-one years of age at his passing.

Besides his widow, he is survived by two sons. They are Arthur of Memphis and Floyd of Tulsa, Okla.

The Leader joins with the many friends of this good man in expressing deepest sympathy to the bereaved.

Mr. and Mrs. Geo. Harp of Post City are visiting their daughter, Mrs. Doss Palmer.

Mrs. Ira Merchant and daughter Marilyn accompanied Mr. and Mrs. Meade Halle Sunday to their home at Dimmitt for a short visit.

## Boy Scouts Will Observe Music Week

The third annual boys' concert will be given at the Baptist church Thursday evening at 8 o'clock, May 10th.

This program will be sponsored by Boy Scouts. Teachers will present their boy students. These teachers are Mesdames Allen Bryan, H. R. Kerbow, R. Wilkerson, Elizabeth Powell, G. L. Boykin.

Mr. Stephenson will have a number of his band boys appear on the same program.

## Second Monthly Trades Day Will Be May 16th

The second Trades Day to be sponsored by the Trades Day League will be celebrated on May 16th for the month of May.

Customers of local merchants shared 'handsomely' in the Trades Day event last month and went away feeling that they had been unduly fortunate. A larger crowd is expected to be here on Wednesday, May 16th than last month's trades day.

Merchants are putting forth every effort to make of this a regular monthly event that will attract buyers from an ever increasing territory. Better goods and better prices will prevail as the best form of inducement.

Watch for a more extensive announcement in the Leader next week.

## Rev. E. H. Kennedy of Lelia Lake, who has been ill for several days, is reported as improving at this time.

Members of the Club speak in high praise of the excellent and informative address of Mrs. C. A. Burton before the Club during their luncheon hour Tuesday noon.

Mrs. Burton explained the facilities of the library being maintained at the City Hall, its scope of usefulness and the wonderful possibilities for serving the masses. Books may be secured by any one in the county on the payment of a membership fee of only one dollar a year. A reasonable time is granted each library patron in which to read or study the text so loaned them through this arrangement.

## CHAMBER BOARD WIRES PROTEST TO RELIEF HEAD

### State Relief Chairman Is Asked to Function Or Quit Her Job

Following a conference of Chamber of Commerce board members here Tuesday, a telegram was sent Miss Marie Dresden, chairman of the State Relief Committee demanding that she either act on pending highway matters, or resign her official position.

The telegram read: "After weary months of waiting, Panhandle people find relief road building funds released by federal administration now being held up by your ruling. Our highway projects are approved by state and federal departments partly under construction are now halted by this political delay and we urge immediate release of funds for relief road work in the Panhandle where important gaps exist in trunk highways. Moreover, our people are pinched for employment. Our candid opinion is that any sincere official will aid resumption of construction for relief of worthy West Texas citizens out of warm sympathy for needy populace or resign and make way for someone who will."

The above telegram is said to have been signed by Joe Goldston as president of the Chamber of Commerce, and Sam Braswell as chairman of the highway committee of the Chamber of Commerce.

In explaining delay in highway construction, Miss Dresden is reported as stating that "the highway commission just can't build roads with only 40 percent of the cost of materials."

Gibb Gilchrist, state highway engineer, asserts funds set aside for materials are insufficient. All road relief work is done under the supervision of the State Highway Department. The PWA grant specifies that funds may not be spent for materials beyond 30 percent of the cost. State bonds specify that only 10 percent may be spent for materials cost. The relief administration contends that funds from that source may be spent for labor cost only.

## Ladies Attend Presbytery At Dallas This Week

Ladies of the Presbyterian church attending the Presbytery at Dallas this week are Mrs. Sloan Baker, Mrs. F. E. Chamberlain and Mrs. McKee.

## FEDERAL PORTION HIGHWAY MUDDLE STRAIGHTENED UP

### Federal Highway Department Pledges Funds For State Highway Construction

Highway construction from Clarendon to the east county line has been held up pending further instructions from the Bureau of Public Roads according to a statement of county commissioner J. Les Hawkins of Hedley Monday.

"Just as soon as the federal department grants us the means, the money will be matched with state funds, and of course the county is ready to do her part as agreed in the beginning, and our highway will go right ahead," Mr. Hawkins said.

The Federal Relief Administration Monday authorized Miss Marie Dresden, director of state relief, to release funds necessary for the completion of highway projects approved at this time. The Federal appropriation is \$8,900,000.

The Denver has about completed the trestle work over Bell Creek, thus removing one state and federal objection to highway construction at that point. Payment for highway right-of-way from Clarendon east has not been paid for to date, but now that the funds are available, it is expected that the matter will be pushed as rapidly as possible.

## PANHANDLE DRY SPELL IS BROKEN TUESDAY NIGHT

### Rain Torrents Extend Over All of Southwest The First in Months

Donley county along with other portions of the southwest ranging from Albuquerque, N. Mexico east to Memphis, and from points in western Oklahoma to Big Springs, received her heaviest rainfall Tuesday evening and again at night, the fall amounting to 5 inches within five hours here.

Intermittent rains had enabled farmers to proceed with an orderly process of preparing for their spring planting, but much of the county had remained rainless, small grain suffering to a great extent.

Reports have it that the county was covered with a heavy rainfall amounting in some places to several inches up to this date.

North plains sections dry since June of last year received a generous rainfall during Tuesday for the first time in almost a year, following showers the preceding day.

Rainfall reports from Lubbock, Tulla, Dimmitt, Perryton, Pampa and Shamrock each report heavy rain amounting to as much as four inches at Tulla. Eastern New Mexico had some hail extending into Texas as far as Dimmitt.

The rain here was accompanied by lightning which struck a number of trees. The only residence struck was that occupied by the family of A. O. Yates on upper West Second. The roof took fire but was promptly extinguished by the fire department which made a quick response to a fire alarm. The damage was slight.

## Ladies Auxiliary Announce Entertaining Date

The Second Division of the Ladies Auxiliary entertaining committee announce that they will entertain at the Club Room Friday evening of this week at 7 o'clock.

All Legionnaires and their wives, and members of the Auxiliary and their husbands are invited to be present.

## Memphis Minister Secured For Baccalaureate

Graduates of the local schools will hear the baccalaureate address at the Methodist church on Sunday, the 13th.

Rev. O. K. Webb, pastor of the First Baptist church of Memphis will deliver the sermon on this occasion, according to announcement of Supt. H. T. Burton.

## Baptist Church Calls Rev. Weathers of Panhandle

To date no notification of acceptance has been received from Rev. J. W. Weathers since the First Baptist church extended him a call to fill the pastorate here more than a week ago, according to C. C. Watson, official of the church.

Rev. Weathers has preached here a number of times and besides being a very able minister, is a most likeable young man and will no doubt be a valuable acquisition to the town.

## Sheriff Requests Machine Gun

Sheriff Guy Pierce is circulating a petition asking the County Commissioners to purchase him a machine gun to better cope with the modern hoodlums and outlaws.

Sheriff Bill Adams of Amarillo has been provided with a machine gun. Mrs. Tiny Pipes, sheriff of Gray county, has asked for a machine gun. Quite a number of sheriffs have been provided with machine guns in west Texas recently.

His auto already equipped with bullet-proof windshield, Sheriff Pierce believes that with the addition of a machine gun, he can cope with any outlaws that may come this way.

MEMBER OF PANHANDLE PRESS ASSOCIATION WEST TEXAS PRESS ASSOCIATION NATIONAL EDITORIAL ASSOCIATION

FOUNDATIONS OF AMERICANISM.

A man by the name of L. P. Dryden, one of a small colony of families which sponsored a back-to-the-land movement rather than accept public charity, walked and begged rides on a 200-mile trip from the southern Oregon coast mountains to Portland to ask CWA headquarters for sufficient money to build a log school and to pay a teacher \$50 a month. He felt that the little colony was entitled to it. He got both. Their colony is fifteen miles from a highway or other settlement school. That is the type of courage and independence that built and will perpetuate our nation. It refuses "handouts" from the public "pork barrel." It will fight to maintain a respectable home—the foundation stone of this or any other nation.

BLAZING THE TRAIL FOR HUMANITY.

The National Industrial Conference Board finds that of the \$200,000,000 spent in scientific research in this nation each year, two-thirds is spent by industrial corporations, and one-third that sum by our government.

More than 1,000 American companies maintain research divisions, financed by them, and seventy trade associations do likewise. Cellophane is a product of corporate research. Cellophane comes from the wood of the beech tree which also supplies artificial silk. The only difference is that the substance is spun into thread for the silk, and pressed flat in a body for cellophane. Hundreds of health protective products have resulted from research during the depression. In the medical world, ST37 has displaced iodine and mercurchrome for several reasons.

Some old-fashioned business men still consider research expensive and impractical preferring the open fly-swarming pickle barrel to the taste-appealing glass container. The truth is that American industry owes its supremacy today largely to this kind of scientific pioneering.

YOU AND THE TAX COLLECTOR.

During the present campaign, it would be a mighty good thing to check up on the past record of candidates, where possible, as to their past attitude in regard to spending your tax money.

We hear a lot about "income tax" but at the same time local and state governments in Texas spent fifteen times as much money as the government collected in income tax over the whole nation, and this during the depression year of 1932 when the taxpayer was flat on his back.

Federal, state and local taxes have not only been consuming all the profits from agriculture and industry, but have already begun to eat up the capital invested.

You farm owners who owe delinquent taxes must remember that after July 1, 1934, which is near at hand, that your 1930 delinquent taxes will be increased by 30 percent, or almost doubled. That 24 percent will be added to your 1931 taxes and 18 percent to your 1932 taxes. That is why the statement is made here that your capital invested is being eaten up by "tax eaters," who are strongly entrenched and constitute the tax spending committees in each county. Have you any committee to represent the taxpayers in the county?

The taxpayer, and not the tax spender, must bring about this reform.

Under our existing laws of this state, we have just 8,466 different governmental units with authority to pledge the value of your property in tax spending. At this time these same units owe \$51,000,000.00 more money than the combined capital, surplus and undivided profits of the 4,176 national banks of Kentucky, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas.

With the exception of North Carolina and Florida, this state has more counties which have defaulted their bonds than any other state in the nation. More cities and towns of this state have defaulted on bonds than any other state with the exception of Ohio, Florida, and North Carolina. Our governmental units went the limit in assuming obligations during the boom period, and when the depression came they simply could not muster enough credit to meet their obligations. Very little if any effort has been made to curb further indebtedness except in isolated cases.

The taxpayers of Texas are putting up an average of more than 225 million dollars each year to run the state and local governments. Office holders have their organizations, but the taxpayers have none.

Tax reform cannot be accomplished in a day. It took us a long time to get into this financial mess. We will have to cut corners for many years to come. Organized office holders down state are advocating bringing suit and closing out the delinquent taxpayers. They squandered the money and now advocate taking homes from their victims. It is possible that hell will be popping a plenty when they get started.

The pitiful part of the whole affair is that the big majority of our citizens do not seem to realize the seriousness of the situation. Any state or local government becomes "bad" when the citizens cease to take any interest in their affairs. Taxpayers must begin to make this tax problem a personal affair and not one to be listened to from a "hot air" politician running for office who has no more interest in the welfare of his people after the election than you would have in a mangy coyote.

THE QUEEN OF SHEBA'S LOST CITY

By Albert F. Gilmore

Aviation has scored another triumph—that is, if it be a triumph to discover a lost city far out on the Arabian desert, supposedly the home of the Queen of Sheba. When the news came that two French aviators, flying from French Somaliland at a point several hundred miles southeast of Mecca, had found a half-buried city with a score or more of marble towers reaching high up into the azure of a desert sky, attention was centered again upon an event about which has grown up a tradition recorded in various languages. Reports of the uncovering through archaeology of countless proofs of the historicity of important events in the Old Testament has become almost an everyday occurrence; but this feat of establishing historic certainty from the air is something new.

While nothing is actually known historically about the Queen of Sheba as to her lineage and personal qualities, her fame has become crystallized into a beautiful legend written in divers languages, and all based upon the charming story recorded in the Book of Kings and repeated in Second Chronicles. Bible students have long been impressed by the brief though graphic account in the Scriptures of the visit of Sheba's famous Queen to Solomon and, of course, there has been endless speculation as to her identity and the place of her abode.

Abyssinia claims her, but the weight of evidence seems to be that the region over which she ruled in such splendor was in Asia rather than Africa, and presumably somewhere within the confines of that great stretch of desert country known as Arabia. At Aden, sitting at the extreme end of a peninsula extending south from the mainland of Arabia, the traveler hears it boldly asserted that the Queen of Sheba passed this way en route to Jerusalem. But one learns both in the Far and Near East to make liberal allowance for the facile imagination of the Oriental.

No doubt the report of the two French aviators is stirring anew an intense interest in this glamorous personage of ancient times, and it is a safe prediction that in the not distant future, expeditions will sally forth from Aden, from Mecca, Tor or Suez, to explore the forgotten city discovered by these itinerant airmen. The newly discovered city, it seems, lies approximately 1000 miles southeast of Jerusalem. For the Queen on her visit to Solomon to have journeyed directly would have meant the crossing of this vast expanse of desert; consequently, it seems logical that with her gorgeous train she should have taken the easier course of travel through the Red Sea; and it is not unlikely that she utilized the canal which the Pharaohs even at that early day had excavated, to connect this torrid sea with the waters of the Mediterranean. This would have made the journey a comfortable, even an enjoyable one, except perhaps during the summer.

History records no country or region termed Sheba. The word is manifestly a corruption of the word Sabaeen, a people that lived in Yemen, a region in southeastern Arabia, centuries before the Christian era. The Sabaeans were a commercial people, who traded with many neighboring countries. And it is even said that on occasion they conducted successful marauding expeditions for the collection of plunder.

Both Latin and Greek historians take account of them. Even Homer makes reference to the Sabaeans in the Odyssey, and they appear in several books of the Old Testament. Ezekiel speaks of them as men "from the wilderness, which put bracelets upon their hands, and beautiful crowns upon their heads." Isaiah speaks of the Sabaeans as a mercantile people, while Job describes their maraudings against his herds and servants. The evidence is ample that the Sabaeans were active and aggressive, and so far as property can make a people prosperous, sufficiently prosperous to maintain a ruler in the traditional splendor of Solomon's regal visitor.

Almost nothing is known archaeologically, of the Sabaeans, as, apparently, they were little inclin-

ed to record their history and current events upon clay tablets, as did many ancient peoples. In consequence, there seems little likelihood that their history will ever be accurately determined. But what stimulus to the explorer, who starts out with a well equipped expedition to traverse the weary miles of burning sand which separate this city from the outside world! The report that the airmen were fired upon by nomadic Bedouins camped temporarily within the walls of the old city will but add zest to the quest.

That the Queen was deeply impressed by Solomon's wisdom in answering her many queries as well as by the splendor of his surroundings, the Bible narrative assures us. And we read that, her

visit ended, she returned to her native land having presented to Solomon many costly gifts. It is historically certain that the Sabaeans lived in a highly fertile land, for their exports, spices, incense and myrrh, were of a kind that can be produced only under favorable tillage. And to have maintained their ruler in such regal splendor bespeaks a degree of prosperity scarcely possible in a desert country. The Sabaeans as a race have long since disappeared, perhaps overwhelmed in the surge of the ethnic tide which produced the Arabic race of the present day.

Whether or not the sands of the desert will ever yield up the key to the mystery which enshrouds this famous Queen and her surroundings is at least a fascinating problem. Until further knowledge is obtained, however, the legends about her will still persist as the story of a grand ruler who injected herself into permanent literature through a colorful visit to another great ruler, the wise man of Jerusalem.

Mrs. T. G. Stargel of Amarillo is visiting her parents, Mr. and Mrs. G. W. Antrobus.

\*\*\*\*\* HEDLEY \*\*\*\*\* Mr. W. C. Maxwell and Ray Culwell left Tuesday for Pritchett, Colo. on business.

Mrs. Dell Cooper was brought home from the Adair hospital in an improved condition Monday.

The Joint Missionary Society met Monday at the Methodist church. A good crowd was present from Hedley, McKnight and Lelia Lake. A splendid program was given which was much enjoyed. Mrs. E. V. Cooper of Lelia Lake gave a very interesting talk on Alaska, she and her husband having taught there. She had many interesting things to show such as

baskets, totem polls, bear and other skins that she had brought from there, and we were delighted to have her with us. The ladies of the church served delicious refreshments. These are wonderful meetings and those who do not attend do not know what they are missing. We welcome the ladies of other places.

Mr. and Mrs. H. L. McElvany and Avis Lee and Sarah Virginia McGowan were Plainview visitors Sunday.

Mrs. O. T. Smith of Tyler was here a short time Saturday on her way to visit relatives in Amarillo. She expects to again make her home in west Texas.

TEMPLE OF TRUTH  
By the Apostle

Well while we knew something was going to happen, here it is: Rouges of a wine flavor are now being advertised. The bottled kind has been tasting like cosmetics ever since 3.2 got the upperhand.

Several large oak trees growing on a rocky knoll near the Richmond Bowlin home are proof that the country would have had quite a bit of timber if the country had not been burned off so frequently, thinks Mr. Bowlin. Several such clumps of large oak are to be found over the country.

Of the crowd at the birthday dinner at Mr. Bowlin's last week.

eight people present were born in February. Texas took the lead as a birth place with Iowa, Illinois and North Carolina tying for second place. Three couples paired as having the same birth date—something unusual.

The average person has no idea what a Spanish design will do towards beautifying a town. The Hertzlein building at Clayton is wonderful, and the Live Stock Pavillon will be just as pretty when completed. They have had little rain and no snow at Dalhart and that country is a hard looker. Moore county threatens to open up an oil field to overcome their drouth handicap.

My old friend N. Dingler is bound to return to Hot Springs, N. Mex. He finds he has better health there and I'm glad he is going. Look up the Donald family, Mr. Dingler when you get there. They are fine folks and will make you good neighbors. I've known them for about forty years.

A down state paper in commenting upon our poem predicament, suggests that they will not accept anything unless a word rhymes with "Texas" before the third line, and goes so far as to bar "exes and sexes."

Neighbors now claim that Bill Barker can tell the weight of a hog by the squeal a mile away. They

think lots of Bill's ability up that way. Planted canteloupes yet, Bill?

The Methodist church at Floydada is offering 5 gallons of gas to the farmer attending services each Sunday from the greatest distance. Wonder if they are old-fashioned enough to let the poor devil praise his Lord with song when he gets there. Some have a choir now, and the main membership do their singing other places than the church.

The politician who will "chloroform" with words before election, never "reforms" after election.

Then there is J. F. (Shorty) Oller up in Arkansas. Shorty, send me a crate of ripe strawberries by express c. o. d. We get some here that were picked green and arrive half ripe and tasteless, but they are poor dope except in a short cake—the shorter the better.

A Californian put a bullet through his head at Los Angeles recently. Before doing so, he wrote the following note: "To grandma, I apologize; to my sisters, I am sorry; to my supposed friend, nerts; to the bill collectors, go to hell."

You men who are suffering from prostate gland trouble can find men here who have been cured at Millings Sanatorium, Mineral Wells, Texas without drugs, pain or knife. If you want to talk to some of them, come in and let them gladly tell you if their experience. This is your hard luck if you don't, and this is being printed in the cause of suffering and discouraged humanity. It doesn't mean a thin dime to me either way you take it.

Short, spasmodic hot and continuous outbreaks continue this early in the governor's race with most of them shooting at Allred. Typhoons, hurricanes, tidal waves and cyclones will bob up in early July, or before.

Dalhart is a lucky burg and nothing is omitted to advertise the town. They even have a hotel they call "The Gushwa."

Falling out over a drainage canal, a Shreveport paper head line states "Nine Widows Lose Suit." All I got to say about it is that there is going to be either a bunch of "shutins" or an unveiling at a nudist colony.

Old timers tell of the time when Clarendon had a policeman dressed out in blue uniform with blue helmet and gold braid. Now here we are with chief of police F. Leck Goldston chasing around with a straw hat on looking like the rest of us. We crave dignity. There is no way to get the "hick" out of a hick town quicker than dignity. Then if Leck balks at the uniform, let's get him a Mexican hat with bells around the edge of the brim. Something has got to be done before the tourist season to make them remember our town as they zip through at 90-to-nothing.

Joe Hall is asking the folks for concrete, stucco and plastering jobs. He has dependents and knows how to get the job done at his trade. Give him a chance to figure on your next job.

R. S. Moss ran an advertisement in the Leader last week trying to give the public something for nothing. Only a few took advantage of it. Hunt it up in this issue and let him give you something. His one big idea is to prove that his new mechanic knows how to do the job.

Mrs. Batson, who used to be Miss Texas Lewis of Lelia Lake, operates a private boarding house in Amarillo in the brick second building east of the Magnolia station at the corner of 9th and Polk. After eating there, I'm telling you folks that you can't get a better meal in the state than she serves, and the cost is only 30 cents. People who really want to be fair should have a little boost, and Mr. and Mrs. Batson deserve it. Eat with them next time you go up to Amarillo.

A woman over in east Texas is said to be growing her third set of teeth and her hair is growing darker. It would be wonderful if all could get two whacks at youth instead of one. We could then repeat all our mistakes and follies, run off by spells, stay out late at night, slip off to dances, fall in love and fall out again, take in the circus and ball games, sass our parents, sneak into the victuals between meals and have a general good time.

The College Hill Widow is reported to have said "A man doesn't take a girl around these moonlight spring evenings because he admires her mental qualities any more than a burglar enters a house

because he's interested in interior decoration."

Bachelor Bill says it requires energy, effort and time to be a consistent sinner. That is why a man who is busy making a living or a career, and a woman who is busy helping her mother make a home and bring up children are always the safest matrimonial bets."

MIDWAY  
(Mrs. John Goldston)

"Tis 'true God loves a shining mark" else he would not have chosen Miss Nan Potter whom he took from our midst last Friday night, after an illness of several weeks.

Miss Nan was the daughter of Mr. and Mrs. John Potter who have lived in our community about twenty years. She is survived by her mother and father, two sisters, two nieces and two nephews, Mrs. Anna Harlen, Mrs. Elinor Drennen, Ethelyn Drennen, Margery Harlen, John T. and Donald Harlen.

Funeral services were conducted at the Church of Christ Saturday afternoon at four o'clock by Rev. H. P. Cooper from Shamrock.

Those attending the casket were Bill Harden, Bill Meaders, Slayton Mahaffey, John Goldston, Chas. Corder, Pat Longan and twenty flower girls.

Though we know that our loss is her gain, we cannot help but grieve. She had so lived that she had endeared herself to everyone who had the pleasure of knowing her. Though delicate in health for the past ten years she had gone on with her work teaching. She was one of Donley county's most popular teachers. Her sweet disposition her kindness to each and everyone of us, her willingness to help in every enterprise, her unselfishness in helping others, her faithfulness to her work, will ever live in our memory. In her we have lost a loving teacher, friend and neighbor whose place can never be filled in our hearts.

The beautiful floral offerings from schools where she had taught, school teachers, school boards, friends, neighbors and relatives was a symbol of her life.

We know that "Heaven's Orchestra plays the sweeter now that Nan is there."

May the vine of God's love ever entwine around this sad home, and may the loved ones feel that some day they will meet her, from whom they will never be parted.

Relatives attending the funeral were Mr. and Mrs. Joe Brown, Mrs. Luper and son, Mrs. Jeff Potter, Mrs. Jimmy Waters of Amarillo, Mr. and Mrs. Reid Clayton and Jeff Potter of Tulla, Mrs. Minnie Wise and son of Oklahoma Mr. Jim Wise and daughter of Estelline.

The Midway school won the "Texas Flag" given for selling the most Texas Centennial seals in this county. Harold McKee sold nine hundred of the entire fifteen hundred sold by the school.

Thursday night at the Midway school house there is to be a pep rally with ice cream and cake, candidates speaking and fun galore. Everyone is cordially invited to come. The funds received from the sale of cake and ice cream will be used to pay carpenter bills and other debts relative to the school building.

Mr. McMahan and son and Miss Lucy visited in the Nelise Robinson home Sunday afternoon.

Mr. and Mrs. P. H. Longan, Mr. and Mrs. J. C. Longan, Mr. and Mrs. Bill Gaiter of Memphis and Mrs. Lizzie Rawley of Amarillo were Sunday dinner guests in the home of Mr. and Mrs. Cecil Beach of Clarendon.

Mr. and Mrs. Romeo Derrick entertained with a dance Friday night. Mr. and Mrs. Arthur Arnold and children of Silvertown spent Saturday night and Sunday with his brother, Mr. and Mrs. Porter Arnold.

LaVerne Goldston attended the senior day picnic at dripping springs Friday.

Mr. and Mrs. John Chamberlain visited with Mr. and Mrs. Gene Hardin Monday afternoon.

Mr. and Mrs. Jim Baker of Martin and Mr. and Mrs. Carl Naylor and children and Mr. Gene Chamberlain were dinner guests in the Porter Arnold home Sunday.

Mr. Jarett Wilson of Los Angeles, Calif. and Durwood Jones of McPherson, Kansas visited in the John Goldston home Monday afternoon.

Mr. and Mrs. Homer Beach and daughter of Amarillo and Mr. and Mrs. Otto Beach were Sunday evening visitors in the Nelise Robinson home.

Mr. and Mrs. R. S. Moss and children visited relatives in Oklahoma Sunday.

NAYLOR  
(Mrs. R. Bowlin)

Mrs. Shackelford and children of Akron, Ohio, also her step mother, Mrs. Ben Kempson of Hedley spent Tuesday with Mrs. K. C. Reed.

Mr. and Mrs. A. E. Tidrow and children spent Sunday with their daughter, Mrs. Dee Crites and Mr. Crites at Chamberlain.

Mr. and Mrs. W. M. Pickering and son Lesley, Mr. and Mrs. Edwin Eanes also Mr. and Mrs. A. O. Hefner and son, Lloyd spent Sunday with Mr. and Mrs. F. M. Barton on the J. A. ranch.

Mr. and Mrs. Claud Bain and family of Hedley spent Sunday with Mr. and Mrs. T. E. Naylor. Mrs. Naylor and Claud are sister and brother.

Miss Joyce Smith of Jericho is spending this week with her sister, Mrs. E. H. Estlack and Mr. Estlack.

Mr. and Mrs. Walt r Scott made a trip to Wichita Tuesday. Their daughter, Miss Letraus who has

been working at that place returned home with them.

Misses Minnie, Lou and Ava Naylor visited relatives at Amarillo Sunday.

W. M. Pickering is driving a new Chevrolet, driving it home Friday.

Mr. and Mrs. Printice Hurst spent Saturday nite with the lady's parents, Mr. and Mrs. A. E. Tidrow.

The young set enjoyed a party Saturday nite at the home of Mr. and Mrs. Harvey Adams. Will Pickering has melons up and growing—6 acres of them.

J. O. Quattlebaum of Amarillo was a business visitor here Monday.

Wade Hillard of the Utilities force spent the front end of the week in Childress for a tonsil operation.

Miss Carrie Davis is again cashier at the Utilities office, having been transferred back from Shamrock. Miss Ruth Johnsonsey is with the company at Paducah.

RECONSTRUCTION----

The most futile attitude that man can assume is that of surrender, no matter what the situation or conditions may be - - - Regardless of losses, disappointments and seeming disasters - - - the job ahead is one of reconstruction. Individually and collectively we must start to build anew - - - and that means to dig in - - - This institution stands pledged to that end.

Make this bank your bank - - - Step in and meet its officers and give them the opportunity to assist you with your problems.

DONLEY COUNTY STATE BANK

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER..

Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found...

The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!

It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE)

All gasolines tested, except a few "third grade" brands, sold for approximately the same price as That Good Gulf. Each brand is denoted by a letter.

TEST	WINNER	2 <sup>ND</sup> PLACE	3 <sup>RD</sup> PLACE	4 <sup>TH</sup> PLACE	5 <sup>TH</sup> PLACE	6 <sup>TH</sup> PLACE	7 <sup>TH</sup> PLACE	8 <sup>TH</sup> PLACE	9 <sup>TH</sup> PLACE	10 <sup>TH</sup> PLACE	11 <sup>TH</sup> PLACE	12 <sup>TH</sup> PLACE
#1	GULF	A	B	C	D	E	F	G	H	I	J	K
#2	GULF	K	B	F	M	N	A	C	O			
#3	P	GULF	C	D	F	O	R	S	L	K	N	Z*
#4	GULF	B	F	C	P	N	D	Q	K			
#5	GULF	P	C	D	B	F	Q	N	K			
#6	GULF	M	A	B	C	N	K	P				
#7	GULF	C	A	N	M	B	F	K				
#8	Y	GULF	M	F	K	U	Q	N	V	W	X	
#9	B	Y	GULF	Z	P	J	Z*	Z*	Z*	Z*	Z*	Z*
#10	C	GULF	N	A	M	B	F	K				
#11	A	GULF	K	F	C	M	B					
#12	GULF	P	F	M	C	A	N					

EACH OF THE BRANDS of gasoline tested is indicated on the chart by a letter, A to Z6. Note that Gulf gas was uniformly best! Other high-ranking gasoline varied widely in different tests.

## 1922 BRIDGE CLUB

Mrs. L. L. Swan in her charming way entertained the ladies of the 1922 Bridge Club at her home Tuesday afternoon. In the games of bridge, Mrs. T. H. Ellis received high score favor. Mrs. R. A. Chamberlain second high score favor. Mrs. Gentry consolation.

At the close of the games the ladies were seated at the dining table which was very attractive with dainty spring flowers as a center piece.

A delicious two-course refreshment was served to Mmes. T. H. Ellis, John Sims, Odos Caraway, W. H. Cooke, Sella Gentry, A. R. Letts, Chas. Bugby, R. A. Chamberlain.

## 1926 BOOK CLUB

The 1926 Book Club met at the Club Room Tuesday afternoon. Mrs. Elba Ballew and Miss Mildred Martin were hostesses.

The Book review, Heart compell-

ed by Samuel Jesse Warshausky was given by Mrs. G. L. Boykin. Mrs. Thornberry gave report on district Federation at Amarillo.

After a short business session a lovely refreshment was served to 18 members and visitors, Mrs. Forest Taylor and Mrs. W. M. Patman.

## BLUE BONNET CLUB

Mrs. J. L. McMurtry entertained the members and guests of the Blue Bonnet Club at 3 o'clock Thursday afternoon at her home. The rooms were attractively decorated with tulips and other spring flowers. Games of bridge were played. Mrs. Chamberlain was awarded high score prize for club and Miss Anna Moores high score prize for guest.

In the late afternoon the guests were seated at the dining table, which was very attractive with a large bowl of pink tulips for center piece. The pink color scheme was

carried out in the dishes and other accessories. A lovely two-course refreshment was served.

Guests present were Mrs. B. L. Jenkins, Mrs. J. W. Evans and Miss Anna Moores.

Club members, Mmes. F. E. Chamberlain, Odos Caraway, R. L. Bigger, John Blocker, A. R. Letts, W. H. Patrick, Geo. Ryan, C. G. Stricklin, C. T. McMurtry.

## FRIDAY AFTERNOON BRIDGE CLUB MEETS

Miss Mildred Martin entertained the Friday afternoon Bridge Club at her home Thursday afternoon. Two tables of contract bridge were enjoyed.

Mrs. Kirtley received high score. A lovely refreshment was served to Mmes. Forest Taylor, P. L. Chamberlain, B. F. Kirtley, Frank Stocking, Floyd Lumpkin, Chas. Trent, Miss Lotta Bourland and hostess, Miss Mildred Martin.

Games of 42 were enjoyed until late when Mrs. Andis served a delightful ice course refreshment to Messrs. and Mesdames Joe Bownds Rhea Couch, Van Kennedy, Frank Heath, C. W. Galloway, Roy Ingram, Marvin Warren, Mr. and Mrs. Andis, hosts.

## MISSIONARY SOCIETY MEETING

Missionary Society of the First Christian Church met at the church Wednesday afternoon with the president, Mrs. E. C. Herd presiding. The general theme discussed was "Lift up your eyes." Talks were made on the subject by Mmes. Tucker, Johnson, White, Ferrell, Scripture lesson: John 4:27-38. Program and Devotional leader,

Mrs. E. C. Herd. Those present were Mmes. G. A. Anderson, W. E. Ferrell, W. T. Hayter, E. C. Herd, F. C. Johnson, J. R. Tucker, A. N. Wood, J. N. Woods and F. A. White.

## CARD OF THANKS

We want to thank our friends for their aid and sympathy during the illness and burial of our daughter, sister, aunt and niece, Nan M. Potter. Especially do we wish to thank the Board of Trustees, the teachers, children and community at Goldston, also Dr. M. L. Stricklin.

Nothing was done or said to make us sorrow except that she will be with us no more here on this earth. May God's richest blessing attend you and when grief and sorrow overtakes you, may you have friends as true as we.

Mr. and Mrs. J. M. Potter

Mrs. Ormie Harlan and Children.

R. E. Drennan and Family.

Mrs. Molly Scoggins

Mrs. Minnie Wise.

## CHURCHES

### ST. JOHN BAPTIST (Episcopal) CHURCH

Rev. L. L. Swan, Rector.

Services for the fifth (Rogation) Sunday after Easter—May 6th.

Anti Communion and sermon—11 a. m.

Church School and Bible Class—9:45 a. m.

Thursday (May 10th) being the Feast of the Ascension, the Holy Eucharist will be celebrated at 10 o'clock.

All are cordially invited to worship with us.

### FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, Pastor.

Sunday School—10 a. m.

Morning Worship, 11 a. m. Sermon subject, "Christ and the Law"

Intermediate Y. P. Society, 6:30 p. m.

Evening Bible Lesson, 7:30 p. m. Read Revelation 14:8-20.

The Auxiliary Circles will meet Wednesday, 3 p. m.

### SCOUTING

A large number of Clarendon Scouts and Scouters, thanks to the mothers, enjoyed the Spring Round-up at Pampa. The next date on the Scout aCalendar will be the Camp-O-Rall which will be held at Dripping Springs or Nature Park on May 25th and 26th. Last year Folley won the cup for taking the most points but as soon as the Scouts decide whether Troop 37 or 38 should have the cup I anticipate that it will change hands. The Scouters that attended the Court of Honor at Pampa say that with a few exceptions it would not be a bad idea to do our Court very similarly. They especially enjoyed the presentation of two local Scouts with their Star Badges. The Scouts were Jay and Mitchell. The proposed and provisioned Cub Troop for the younger boys has not been definitely started but, the younger scouts are welcome to attend the scout meetings until they may be organized into a Troop. Those who do come are expected to act like most Scouts in matters of conduct.

—Reporter.

### SUNNY VIEW

(Mrs. A. M. Lanham)

The farmers of this community are wanting rain pretty bad.

Miss Mildred Brame has returned home, after a weeks visit with her sister, Mrs. Roy Morgan.

Mrs. F. L. Behrens and Miss Nannie Mae Behrens called in the Lanham home Monday afternoon.

Mr. and Mrs. Luther Butler of Lelia Lake, Mrs. Sam Roberts, Mrs. M. Starks spent Friday of last week in the Heckle Starks home.

Mrs. M. Starks called on Mrs. A. M. Lanham Tuesday of last week.

Mrs. Beavers and daughter Dovie and Morris spent week end at Hereford.

## FAT GIRLS! HERE'S A TIP FOR YOU

All over the world Kruschen Salts is appealing to girls and women who strive for an attractive, free from fat figure that cannot fail to win admiration.

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses and does it SAFELY and HARMLESSLY.

In the morning take one half teaspoon of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar.

"It's the little daily dose that takes off the fat" and "brings that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

But be sure for your health's sake that you get Kruschen. A bottle that lasts 4 weeks costs but little. You can always get Kruschen at Douglas & Goldston and money back if not satisfied with results after first bottle.

**Will Visit Aged Mother Next Week at Richardson**

With the arrival of his daughters, Mrs. Pauline Lamb of California, and Mrs. Zevilla Lynn of Amarillo, S. A. Pierce will accompany them on a visit to his mothers home at Richardson, down near Dallas.

Mrs. J. S. Pierce, the mother, has resided in Richardson since 1882. Her daughters have been postmaster and assistant postmaster for the past twelve years in their home town, each having a position the two attending to all the duties of the office.  
Donley County Leader \$1.50 a year

**Brick Cottage Demolished By High Water**

After standing through the years through many flood periods, the brick cottage second door north of the Homer Taylor residence melted down somewhat and the east side fell out late Tuesday night when the high water reached that section.

The cottage was occupied by Mr. Bell's family. Mr. Taylor helped him remove his effects far into the night. The home is a total loss, it is said.

Mrs. Annie Wadsworth returned home from Panhandle Sunday. She was accompanied by her son, city manager Guy Wadsworth, who remained for the day visiting his brother, D. F. Wadsworth, station agent of the Denver.

Mrs. Bowen visited relatives at Happy the past week.

**Peach Tree Produces Freak Type of Fruit**

Mrs. O. L. Fink brought to the Leader office Tuesday sample limbs taken from a seedling peach tree at Wellington which shows a rather abnormal fruit arrangement.

The tree is eight years old. The blossoms are small and are clustered. The fruit sets on in clusters resembling garlic pods, and then drop off before maturing. This has been the course of the tree through the years without deviation.

Mr. and Mrs. Logan of Lubbock visited the week with her brother, Mr. and Mrs. Will Hayter. Mr. and Mrs. Hayter took them to their home Monday.

Bishop Seaman made his semi-annual visitation to the parish of St. John Baptist Sunday 22nd, accompanied by Mrs. Seaman and Mr. C. J. Lowndes of Amarillo, where they were dinner guests at the rectory.

**PUBLISHERS OF PANHANDLE WILL CONVENE FRIDAY**

**Annual Convention Convened At Amarillo Two Days This Week**

Members of the "Fourth Estate" of the Panhandle always look forward to the annual sessions of the Panhandle Press Association. It means a big time for all who can attend, and an interesting program with plenty of amusement supplied by organizations of Amarillo.

Besides all the fun and frolic, the regular program represents some of the very best talent in the profession. This association is the largest regional press association on the globe.

Mayor Ross D. Rogers of Amarillo will make the welcome address at 10 a. m. Friday. Vice President Dave Warren of the Panhandle Herald will make the response.

President T. E. Johnson of the Amarillo News will deliver the president's annual address. This is expected to be the highlight of the sessions.

"The Future of Newspapers" will be handled by Olin E. Hinkle, astute editor of the Pampa Daily News, and acknowledged to be one of the most talented men in the profession in this or any other state.

The luncheon at the noon hour will be a compliment coming from the Amarillo friends of the publishing profession of the Panhandle.

Theatre parties will be provided for the ladies from 1 to 3 p. m. and the publishers will open the afternoon session at 2 o'clock with E. B. Miller of the Plainview Herald speaking on the subject of "How to Secure More Grocery Advertising."

Norris Ewing, advertising man on the Globe-News will tell the publishers about "Promotional Advertising." No one is better prepared to cover this subject than he. Dave Warren of the Panhandle Herald will open the round table discussions.

Homer Steen of the Floydada Hesperian will speak on "How I Developed Reader Interest," and will be followed by Frank Engleman of the Tulsa Herald speaking on the subject of "Building and Holding Circulation."

Adjournment will be had at 4 and a motorcade to the famous Palo Duro canyon will be the one big treat of the two days. A banquet will be served at 7:30 at the Herring, to be followed by a dance in the Crystal Ball Room at 10 p. m.

W. W. (Hick) Holcomb of the Castro County News will pan the "Panhandle Paragraphers" at the opening session Saturday morning at 9 o'clock. Holcomb is a candidate for representative from his district, and this will be plenty good.

The remainder of the day will be given over to appointment of committees, election of officers and the selection of a meeting place for next year. The Globe-News and Tri-State Fair will make the barbecue possible at 1 p. m.

**"YE CANNOT SERVE TWO MASTERS"**

It is an open and acknowledged fact that certain members of the Texas Legislature, both the House and Senate, have received and are receiving "retainer fees" from certain corporations who, at various times, are interested in pending legislation.

It may be that these men are not employed because they are members of the Legislature.

It may be that a man can serve a corporation and the people of his district at the same time. Personally, I don't think that it is possible, but I cannot be certain. But if a man is serving his people and a corporation at one and the same time, then THE PEOPLE WHO ELECTED HIM SHOULD BE SO INFORMED!

The people are entitled to know just where their representatives get their income.

Why has the Senate of Texas repeatedly turned down a law which would require a publication of these so-called retainer fees? Why is it that clerks, stenographers, etc., of the Legislature are forbidden by law to draw compensation from any other source than the State of Texas?

And yet at the same time the Legislators themselves can draw all the "retainer fees" that they may be fortunate enough to get!

If the people want to elect a man to the House or Senate knowing that he is drawing "retainer fees" from corporate interests then that is their business.

But it should be—by law—the business of the Legislature to inform the people just where each individual member of that august body gets his income!

I defy any man to deny this statement!

The fact that a man is a member of the Legislature does not excuse him from strict accountability to the people who sent him there!

The Good Book says: "No man can serve two masters, for either, he will hate the one and love the other, or, else he will hold to the one and despise the other."

LET THERE BE LIGHT!  
And when that is done:  
LET THERE BE MORE LIGHT!!

W. W. (Hick) Holcomb

Mrs. Matt Bennett is visiting her sister, Mrs. Forbes at Quanah.

The Kill Kare Kneedle Klub will meet at the home of Misses Etta and Ida Harned May 10th in the afternoon.

O. L. Jacobs was up from Hudgins Wednesday muddied to his knees. He said the car bogged up on the highway.

W. H. Youngblood was up from Brice Tuesday. It is presumed that he arrived home before the flood that evening.

Mr. and Mrs. Slick Naylor of Panhandle visited home folks Monday night.

**THE MILLING SANATORIUM**

MINERAL WELLS, TEXAS

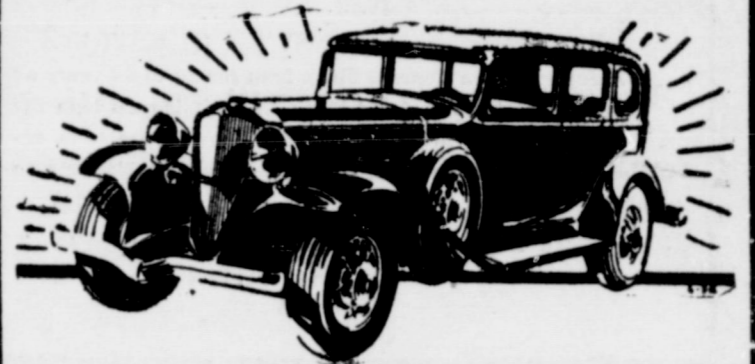

Follie, Texas, Motley County.

Our little girl seven years old was taken with what the doctors called Saint Vitas Dance. We tried a number of doctors without receiving any noticeable help. Our little girl was growing worse every day and our hearts ached to see her in such pitiful condition. She could not speak, walk or even hold her head up; she was entirely helpless. A friend advised us to go to Dr. Milling of Mineral Wells, Texas. We did so and at the end of three weeks our little girl was able to walk and talk as she had before taking sick. At the end of five weeks we came away with our child entirely cured. We take pleasure in recommending Dr. Milling in any case of this kind, for we positively know what he did for our child. We can not say too much for him. We would advise any one who is sick to go there and be cured. We will answer any personal letter written us. MR. and MRS. LEON NALL.

### Nearing An End

These last few weeks of school are proving very busy times for the seniors. It is only a short time now until graduation exercises and other programs must occur. For this reason the seniors have plenty to think about now, and also plenty to do. Ruth Davis is the only girl of the senior class was honored of late as valedictorian and Elbert Bain as salutatorian.

We certainly do have an inquisitive bunch of juniors especially when it comes to asking questions about plans of the seniors. Even though they do ask lots of questions they are a jolly group and we hope that they will make a

good record while taking our place next year.

### The Juniors Pep Up

Last Thursday night the Juniors and their invited guests met at Juanita and Rubye Jones home. After everyone arrived we journeyed to the Camp Ground where we enjoyed a "weiner roast". Most of us had lots of fun roasting the "weenies." Some of the juniors didn't have time or the fire was too hot for they did not roast them. Everyone enjoyed the weiners, pickles, mustard, buns and cookies. The lemonade was real good as we were all thirsty. Some of the juniors must have been upside down as it seemed like they all tried to turn their glasses of lemonade over on someone. After everyone was tired of jumping the rope other games were played as "Three Deep," "Dropping the Handkerchief" and "Crossed Questions Crooked Answers." These games were played until a late hour. The only fault that anyone found was some of us sat down on some stickers. They were thick, I guess at least in one spot where some of us sat down. If you don't believe it ask Rubye Jones and Margaret Gerner.

Those that reported a good time were Misses Rubye and Juanita Jones, Margaret Gerner, Virginia Williams, Geneva and Ruth Robertson, Inez Wood, Margaretta Cruse, Lorene Brown, Lottie Mae Holland Ora Johnson, Aledamae Richardson and sponsor, Miss Hill.

Messrs. Billie Floyd, Mutt Warren, Greer Cottingham, Jim Ben Williams, James Reynolds, Wallace Grimsley, J. T. Floyd, Herman Hamm, Morris Finch, Winston Nippert, Dennis Roberson, Merle Chenault and M. L. Allen.

—oOo—  
**Locals**  
 Madeline Cruse spent Friday night with Laura Mae Gerner. Owing to the death of Miss Nan Potter, there was no school Saturday.

Millard Cruse spent Friday night with Richard Davis. The Juniors enjoyed a weiner roast at Cottingham's camp ground Thursday night. The Sophomores also enjoyed a weiner roast at Vernelle Leathers' Friday night.

Ma Grimsley spent Sunday and Sunday nite with Madeline Cruse. Mary Jane Cook spent Sunday with Laura Mae Gerner. Millard Cruse spent Friday nite with Richard and S. A. Davis.

Miss Lafon, Miss Hill and Miss Taylor were Amarillo visitors Saturday. W. J. Carrol spent Sunday with Richard and S. A. Davis. They visited Ernest and Henry Gerner Sunday afternoon.

Anita Cook spent Sunday with Margaret Jean Leathers. Doyle Martin spent Sunday with Johnnie Leathers. Margetta Cruse, Inez Woods, Ora Johnson, Ruth and Geneva Robertson and Ruth Davis spent Sunday with Aledamae Richardson.

Miss Garland spent Sunday with her sister, Mrs. Putman of Hudgins. James Reynolds was host to a number of young folks Saturday night when he entertained with a party.

—oOo—  
**Take a Look Around the School Ground and You Will See**  
 Fern delivering her notes. Rubye Jewel and Margaret learning their ABC's. Billie and Morris jumping the rope.

Mavis and Marie parked in a car Ruth writing Arvie a letter. Juanita and Elbert see-sawing. Ora day-dreaming. Geneva watching the boys play ball.

LaNelle looking for a black hat. Ruth Davis planning her graduation dress. Bernice taking exercises, chasing tennis balls. Frances flirting with Laird. Mavis hiding in her new bonnet. Vernelle telling about her last show.

### Fern calling E. J. "Fannie Mae." Tommie in a tree after blossoms for Winston.

—oOo—

If you listened you, would probably hear Rufus ringing the bell, Jeff singing "Love is the Sweetest Thing" with Maxine joining in on the chorus of "Home Sweet Home"

### Soph's Picnic

Just because you haven't heard from us in a century is no sign we've completely left the country. Believe me we surely had a time Friday night. We had fruit salad consisting of scrambled eggs, bacon, potatoes, bread, pickles and onions. Now do you wonder at us not having a good time?

Twelve members of the class with their invited guests and chaperones left Lelia Lake at 6:30 for a hike and picnic. After hiking several miles you may be sure we were all more than willing to cook our own supper. After supper many games were played, followed by a marshmallow toast. Feature one package of marshmallows on one stick. Well—this happened.

 Ruth Davis.

### First Grade

The first grade room, which is taught by Miss LaFon, received sixteen new library books several weeks ago. The pupils are very enthusiastic about these books and some pupils have read as many as five books since that time. The books are at the disposal of the pupils just when they feel inclined to read them. Each pupil has been taught to take care of the book that he is using. Paper covers have been put on each new library book. These books are appreciated very much for they are a great help in broadening the pupils reading vocabulary.

This is a list of the new books: Nature Stories for Children—Spring.  
 Mr. Browns Grocery Store. A Story About Boats. Story-a-Day Book. Grandfathers Farm. Native Stories—Autumn. All Through the Day the Looking Glass Way. Rhymes and Tales for Children. Mother Goose Children. Work-a-Day Doings. City and Country. Boy Blue and His Friends. Great Pictures and Their Stories Bob and Betty at Play. Kitten Kat. My Health Habits.

### MARTIN

(Polly Sowell)

Sunday school was held at the usual hour Sunday morning. There was a big increase in our Sunday school and hope to see more come next Sunday.

Singing was well attended Sunday night.

Miss Fredia Helton entertained Saturday night, honoring Miss Clarice Jones with a birthday party. There were a large crowd of young folks present and all reported a grand time.

Friday night May 4th the Ashtola Seniors will have a play at Ashtola. The people of this community have an invitation to attend.

Thursday afternoon of this week Mrs. Jim Baker will entertain her school pupils at her home.

The Singing Convention goes to Hedley next Sunday, May 6th for an all day singing. All were requested to take lunch.

Those that have been visiting in the home of Mr. and Mrs. Oscar Kempson, this past week are his brother and sisters, Mrs. Ida Jones and daughter of Alexander, Texas, Mr. and Mrs. W. L. Shackelford, Akron, Ohio, Mr. Edgar Kempson, Dumas, Texas; Mr. Clyde Nixon and Mr. D. Childress of Dublin, Texas; Mrs. Ben Kempson and children of Hedley.

The community was grieved Saturday morning when they heard of the death of Cad Smith. The family have the sympathy of this community.

The daughter of Mr. and Mrs. Rufus Pool and the Shannon children and Johnnie Lafon are the latest victims of the measles. Little Helen Joe Bulman has just recovered from the measles.

Mr. and Mrs. T. R. Adkins and Mr. and Mrs. Carl Pittman and daughter spent Sunday at Claude with Mr. and Mrs. Glen Adkins.

Mr. and Mrs. J. C. Sutton, Mr. and Mrs. Jess Sutton and daughter spent Sunday with Mr. and Mrs. Harold Granham.

Mr. C. J. Talley has bought the Martin store and will move it on the south side of the railroad on

### the new highway. Mr. and Mrs. Earl Long who have had charge of the store have moved their business to Lelia Lake Touring Camp.

Mr. and Mrs. Charlie Chitwood and family of Ashtola spent Sunday with Mr. and Mrs. G. C. Spier. Miss Polly Sowell spent the week end at Windy Valley with her aunt and family, Mr. and Mrs. J. R. Hillman.

Mr. and Mrs. George Kavanaugh and daughter spent Sunday at Pampa visiting relatives.

Mrs. Horace Wood and children of Lefors spent a few days last week with their parents, Mr. and Mrs. Dave Patterson.

Mr. and Mrs. Oscar Kempson and children, Mr. and Mrs. Jack Eddings, Mr. and Mrs. W. L. Shackelford of Akron, Ohio were supper guests of Mr. and Mrs. S.

### A. Eddings Sunday night.

Mrs. Pauline Lamb of San Bernardino, California is expected to arrive Friday for a visit of three weeks or more with her parents, Mr. and Mrs. S. A. Pierce.

**IT'S AS SOON BE WITHOUT TOOTHBRUSH OR SOAP AS NOT TO HAVE OIL - OF - SALT**

When quick action is necessary for burns, sunburn, cuts, scalds, and bruises, Oil-of-Salt is wonderful. And what relief for sore, tired, aching, itching feet—and torturing Athlete's Foot. Oil-of-Salt is a liquid. A liquid is always better. Soothes—promotes fast healing—checks blood flow—relieves pain. Used in 32,000 factories and fire departments. Get it at your druggist. The family's best friend when a friend is most needed. Comes in 50c—75c—\$1.25 sizes.

## OPPORTUNITY

If an opportunity is now afforded you to buy Life Insurance, why not act while that great asset is yours?

Many people who would like to have good, Old Line, Legal Reserve Insurance do not have that opportunity now, because of ill health, old age, or other reasons, and are compelled to buy any kind they can get.

Remember, your dollars will not always buy Life Insurance, for your money must be accompanied by good health, so if you lose that, then you lose both.

**SEE US TODAY**

If it is a Standard Life Insurance Contract, We Write It.

J. A. WARREN, Agent      Clarendon, Texas

## FREE! FREE!

### Friday & Saturday

To further acquaint you with the expansion service being offered by this firm at this time, for the above two days we will without charge -----

- CHECK YOUR IGNITION SYSTEM
- CHECK YOUR LIGHTS
- CHECK YOUR BATTERY
- TUNE UP MOTOR
- CHECK YOUR SPARK PLUGS
- CHECK YOUR CARBURETOR

Most every car has some fault in either one or more of the above points. Often the trouble baffles mechanics to the point that you merely "make out" with them because you failed to get the trouble remedied. Don't do it. Your safety demands that all of them give you good service. If they don't, there is a reason. We will show you that reason without charge—FRIDAY and SATURDAY. Bring in your car—that's all.

- 4 SMOKE IS THEN PUT INTO LARGE STORAGE TANKS & THE BEEF & HERRING SPRAYED AS THEY PASS ON MOVEABLE TRACK.

# Our Weekly CHURCH CHAT

W. E. FERRELL  
Minist. First Christian Church

**"Objects of our Love"**  
Text: "We love Him because He first loved us." I. John 4:19.

Love is a feeling of strong personal attachment induced by that which delights or commands admiration. Love has a wonderful power in our lives. In the word "love" is concentrated the essence of the Christian religion.

I. There are objects which we are commanded not to love. The world, "Love not the world, neither the things that are in the world." A man love the world, the love of the Father is not in him." Money, For the love of money is the root of all evil, which some reaching after have been led astray from the faith, and have pierced themselves through with many sorrows." Iniquity, "And because iniquity shall be multiplied, the love of many shall wax cold." The result of loving such objects is degrading to a man's higher life. We cannot love such things without ourselves becoming affected, therefore we are commanded not to love them.

II. There are objects which we are commanded to love. The first is God. "Thou shalt love the Lord thy God, with all thy heart, and with all thy soul, and with all thy strength." The next object is Christ. "He that loveth father or mother more than me is not worthy of me." Mercy, He hath showed the O man, what is good, and what doth Jehovah require of thee but to do justly, and to love mercy, and to walk humbly with thy God." Should love one another. "Be tenderly affectioned one to another." We should love our neighbors. "Thou shalt love thy neighbor as thyself." Love your enemies. "Love your enemies, do good to them that hate you." This is one of the highest tests of all.

III. The result of loving these objects. Love of such nature worketh no evil. "Love worketh no evil to his neighbour. Love therefore is the fulfillment of the law." They shall prosper. "They shall prosper that love thee." There are blessings promised. "But if any man love God, the same is known to Him." "Yea, I have loved thee with an everlasting love; therefore, with loving kindness I have drawn thee." Jehovah "keepeth covenant and loving-kindness with them that love Him and keep his commandments."

Mr. Cagle left Tuesday for Lubbock for a short visit with his daughter, Mrs. Dock Anthony and family.

Dewey L. Wood candidate for the office of county commissioner from the 4th Precinct was a Clarendon visitor Monday. He was accompanied by Jarrett Wilson and Durwood Jones.

strength." The next object is Christ. "He that loveth father or mother more than me is not worthy of me." Mercy, He hath showed the O man, what is good, and what doth Jehovah require of thee but to do justly, and to love mercy, and to walk humbly with thy God." Should love one another. "Be tenderly affectioned one to another." We should love our neighbors. "Thou shalt love thy neighbor as thyself." Love your enemies. "Love your enemies, do good to them that hate you." This is one of the highest tests of all.

Monday afternoon in the game with Goodnight, Gregg again pitched superb baseball, allowing only three hits in six innings. In the seventh he was relieved by Hatley, who allowed four hits in that inning. In the seventh with the score Ashtola 15, Goodnight 1, a series of pinch hitters were rushed into the game and succeeded in running in three scores before Hatley struck out the last batter. The infield exhibited a much better brand of ball than in any other game this season.

Friday nite at the school auditorium the senior class will present the play "The Wild Oats Boy" by Lillian Mortimer, a comedy-drama in three acts. Eddie, the "Wild Oats Boy" may acquire a fortune of \$50,000 by complying with the conditions of his uncle's freak will and being in bed every night for three months at 8 o'clock. For a night-bird like Eddie that is some chore, especially when the bed is placed in the living room. His scheming relatives, who will benefit by the will if he fails, try to thwart him but he finally outwits them all, and wins back his sweetheart, Judy. A nick widow, and her son Trout, an old time farmer, and an Irish female impersonation, keep the audience in a roar. There will be no admission.

**ASHTOLA POLITICAL ANNOUNCEMENTS**

**SCHOOL NEWS**

**THE LOG OF A PIRATE**

The Ashtola Pirate baseball team is slowly improving. After dropping two games to Goldston we took two straight games, one from Hedley and one from Goodnight. In the Hedley game, although the infield made many errors, Gregg kept the game well in control, allowing only five scattered hits and striking out eleven batters.

**LAS PIRATAS NEWS**

Mildred James—Reporter

"Hoorah!" We the jolly group of Las Piratas are off for a two day's trip to the Harding Ranch. We expect to have a grand time, because as you all know, we Piratas, have a good time wherever we go. But we will tell you no more until we return.

We the wise, witty, little creatures are hoping someday to gain fame and fortune in this old world. Although others may follow, we are striving to reach the goal. There is no greater love that will exist for our brother Piratas than from their sisters, Las Piratas.

From the days we first entered the doors of old Ashtola High School, never did we dream, we would be drawn so closely as to become sisters and brothers. All this credit we owe to Mr. and Mrs. Sid B. Thomas, the sweetest teachers in the world. Although our hearts are sadly broken of the departure of Mr. Thomas next year, from Ashtola, we will strive to carry on with our organization. But no matter how sad it may be, we must carry on, with a cheerful smile, because we Piratas, are never to be sad.

In years to come as we leave Ashtola High School we'll carry the memory of two happy years spent together with Mr. Thomas—Piratas and Piratas.

- Commissioner, Precinct No. 4:**  
DEWEY L. WOOD

hand is 27 feet long and the hour hand 20 feet long. The hands weigh 1,000 pounds each despite the fact that they are constructed entirely of cast aluminum and duralumin. The cross-section of the hands was made oval similar to the construction of the wings of an airplane—and for the same reason—to lessen wind resistance.

The clocks were manufactured by Telechron and are operated from a synchronous alternating current circuit, making the time automatically correct. A re-setting device is provided so that in case of interruption in current, the clock automatically resets itself. This is accomplished by using two motors, the first operating at a speed to produce correct time, the second operating at twice the speed for correct time. In the event of interruption of current, the second motor is thrown into service and it drives the hands at twice the speed for correct time until the hands arrive at the correct time, then it is automatically cut out and the first motor takes up the work.

To facilitate work on the structure and maintenance during its life, an electric elevator was installed from the ground level to the middle of the display. This is the only sign in the world with an elevator. The shaft is 200 feet high and a closed cab of 500 pounds capacity operates electrically. It is, of course, provided with all safety devices, just as in any modern building elevator.

When operating, the electrical connected "load" is 445 kilowatts, sufficient electrical energy to supply the normal demand of a town of 3,500 population.

It was necessary to build a 15 by 20 foot penthouse behind the display to house the control equipment. It is for the electrical motors, flasher, motograph control, time switch and remote controls. The flasher operates the movement of light on the circle and those parts of the sign flashing on and off. There are 305 contacts on the flasher.

More than 20 different materials were used in the construction of the sign, the metals alone including iron, steel, zinc, copper, tin, lead, brass, duralumin and mercury.

Neon tubing is used only on the sign borders and for the numerals and hands of the clock. The numerals and hands are in gold neon and the borders around the clock are in red neon.

The world's largest sign is a part of Chevrolet's gigantic 1934 advertising campaign now current in more than 5,600 newspapers, all leading national magazines, on the radio and on outdoor boards in many cities.

Determination is probably the greatest factor in success. A man who started as an apprentice in a business at a very small salary, today is the head of a fifty million dollar concern. That man states that there is much room at the top in business today and that men already there feel lonesome. They have little company and wish for more to succeed to occupy the same plane with them.

Here in our own community, and the same is true in every community, we look around us and see young people who have been content to take jobs and who have failed to display the proper determination in trying to forge ahead at the work that they have chosen. The open road to failure, according to those who know, is the tendency to just "get by." The young

## HOW WOMEN CAN WIN MEN AND MEN WIN

### The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild, vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions, today. 25¢ at drug stores. Refuse "something just as good," for it may grip, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M. Co.

## CHEVROLET WILL HAVE LARGEST ELECTRIC SIGN

The Chicago skyline will soon be dominated by the world's largest electric sign.

Built for Chevrolet Motor Company by Federal Electric Company, this mammoth display is nearly finished and awaits only final arrangements of fitting opening ceremonies.

The display is located at the north end of Grant Park, on the air rights of the Michigan Central railroad. It spans two driveways and six railroad tracks, and is said to be the only electric sign in the world to be built on the air rights of a railroad company.

Plainly visible from a distance of six miles on land, and by vessels more than 10 miles out in Lake Michigan, flashing lights of the sign will fall upon the "Century of Progress" exposition grounds, two miles away.

The steel structure, which contains 330 tons of fabricated structural steel, rises 275 feet from the ground level and is 153 feet wide. The distance from the ground to

## "Nerves" "NERVES" "Nerves"

Dr. Miles NERVINE  
"Did the work" says Miss Glivar  
**WHY DON'T YOU TRY IT?**

After more than three months of suffering from a nervous ailment, Miss Glivar used Dr. Miles NERVINE which gave her such splendid results that she wrote us an enthusiastic letter.

If you suffer from "Nerves," if you lie awake nights, start at sudden noises, tire easily, are cranky, blue and fidgety, your nerves are probably out of order.

Quiet and relax them with the same medicine that "did the work" for this Colorado girl.

Whether your "Nerves" have troubled you for hours or for years, you'll find this time-tested remedy effective.

At Drug Stores 25c and \$1.00.

**DR. MILES NERVINE**

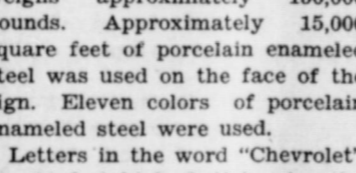

## Don't Buy Drugs Blindfolded

Doctors throughout the world agree there is no greater folly than to buy and take unknown drugs. Ask your own doctor.

So—when you go into a store for real Bayer Aspirin, see that you get it.

Remember that doctors endorse Genuine Bayer Aspirin as SAFE relief for headache, colds, sore throat, pains of rheumatism and neuritis, etc.

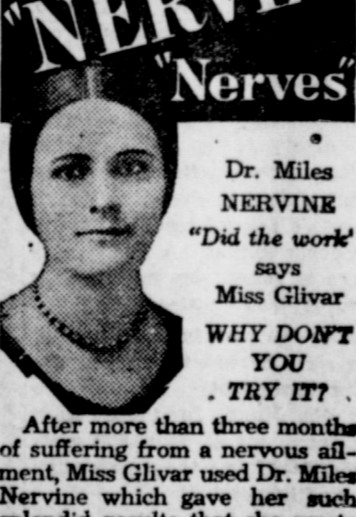

Just remember this. Demand and get Genuine Bayer Aspirin.

Genuine Bayer Aspirin does not harm the heart

Emergency Crop Loan Dead Line is Extended

County agent T. R. Broun is in receipt of a message from Chas. W. Sherrill, regional manager of emergency crop loans in this district in which he states that "period during which applications for emergency crop loans may be accepted will be extended to the close of business May 15th, 1934."

Those desiring crop loans under this plan are directed to the office of J. T. Patman who will fill out application blanks from a stock supplied him by the government.

W. B. Webb, mail carrier on the Naylor route, has been in Altus this week.

Mrs. G. W. Antrobus and Mrs. T. G. Stargel are in Dallas visiting their daughter and sister, Mrs. Fred Maher.

Stephenson Announces Band Program at Pastime

The Clarendon band directed by Gus B. Stephenson, will give a varied musical program at the Pastime Theatre on Sunday of the 13th, at 4 p. m.

Special musical numbers have been arranged including solos, duets, etc. There will be no admittance charge. The public is cordially invited to enjoy this concert which has been arranged in observance of Music Week.

Mr. Stephenson will appear in a solo number on a musical program at Shamrock on the 11th, Miss Delphia Bones playing the accompaniment.

Doc F. O. Woods was called to Albany, Indiana Monday due to the death of his brother Everette, who visited here something like a year ago.

Shoffitt is Transferred To Memphis Monday

The appeal bond of G. W. Shoffitt was approved by Sheriff Guy Pierce upon the advice of District Judge Fires.

Shoffitt was taken from the local jail by the sheriff Monday, given a hair cut and shave and then taken to Memphis where he remains in the custody of Sheriff Alexander of Hall county pending the disposition of an assault to murder charge on the person of deputy Guy Wright.

The last charge was transferred to Hall county by the state. Shoffitt was given a two-year sentence in District Court here recently on an assault to murder charge on the person of Sheriff Pierce December 31, 1933.

Sheriff Alexander of Hall county is said to have refused to accept the appearance bond on the Wright charge though it bore the same signatures as those on the appeal bond. It is said that Sheriff Alexander refuses to accept the bond until it is approved by Sheriff Pierce of Donley county.

In speaking of the matter Tuesday, Mr. Pierce said: "You can say for me that when a good and sufficient bond is presented, I will approve it."

Local Citizen Says Wheat Crop Will be Short

Visiting his holdings in Deaf Smith county the last of the week, J. H. Hurn is of the opinion that no amount of rain will enable them to make any wheat in that section. He says that this is the third wheat failure in succession and the country is in hard shape.

His opinion is that he will make a fair wheat crop on his holdings in Armstrong county since the heavy rains of the past few days.

He was accompanied by Mrs. Hurn and they also visited their land interests in Wheeler county before those west of here.

J. W. MARTIN IS APPOINTED MAYOR OF CITY TUESDAY

Came to Panhandle in 1887 And Has Seen Clarendon Grow From Ground Up

While it could not be by any means be considered a financial achievement, to become mayor of a town one has seen grow from a raw mesquite flat to one of the leading towns of the Panhandle, it is at least some satisfaction. From a standpoint of public opinion the City Commission could not have selected a man whose general qualifications meet with more popular approval.

Mr. Martin coming to this section from Harrel, the terminus of the Denver in Wichita county, making the trip on a load of corn in 1887. He was a cowhand on the J A ranch. Later in 1893, he became manager for the Goodnight-Thayer cattle company with headquarters on Salt Fork for the next eleven years. He went up the trail to Dodge City more than once, though he never got to make the trail drive to the northwest as such drives had become history with the building of railroads.

When the Goodnight-Thayer company sold their ranch holdings to Bugbee & Knorpp, Mr. Martin moved to town but soon moved to Claude where he resided for some years.

In discussing his official career Wednesday, Mr. Martin readily agreed that he had served in several "thank you" official capacities. He was county commissioner in Armstrong county, a member of the Claude school board, a member of the old Goodnight college board at different times. He also served on the Clarendon school board eight years.

For the past few years he has practically retired from active pursuits. His previous 15 years was spent in the auto business here with branches at Claude and Hedley.

Tuesday Mr. Martin was inducted into the office of Mayor of Clarendon upon the insistence of the City Commissioners and various citizens who felt that he was capable of administering the affairs without bias or prejudice, and because of his long service to the communities where he served well his people in other positions paying no salary at all. He now draws the munificent sum of \$25 per month.

Business Special to Arrive May 12th Over Denver

Several hundred Dallas business men are due to arrive here at 7:30 a. m. of Saturday, May 12th. They will remain one hour meeting the natives, making merry and talking business, the New Deal and other things they may see to brag on about our fair city.

This is the annual business tour of the Dallas Chamber of Commerce. They will occupy an entire train running on a special schedule.

Salvation Annual Appeal In Donley County

The annual appeal of the Salvation Army will be made in Donley county this week, W. D. Pedigo, campaigner from the headquarters office who was here last year, will be in charge.

It is well known that the Salvation Army is a non-sectarian christian organization operating without regard to church or creed, helping a class not reached by any other organization. A good percentage is shared by small towns and rural communities.

During the past in this division, meals were served to 476,000 deserving transients, clothing to 5,000, jobs found for more than 2,000, and more than 200 girls taken care of in the maternity home and hospital.

This appeal is for the entire year, and other solicitation will be without authority from the Organization.

Lightning Does Damage On Tuesday Evening

The Yates home on west Third street was struck by a bolt between the trees scattering soot over the interior and setting the roof on fire which was quickly extinguished by the fire department.

The Milus Little home was struck but did not catch fire.

The cross on the Catholic church was struck and splintered but the roof did not catch fire. The same happened about 12 years ago calling for a repair job. The church was remodeled at that time.

TWILIGHT LEAGUE

OPENING GAMES DRAW LARGE CROWDS

The Twilight League, officially began its schedule Monday evening, and a large crowd of baseball fans gathered at the play-ground to see the opening game.

This game was a real fast one and was played by the Methodist and Presbyterian teams, the Methodists winning by 10 to 6.

The timely hitting of the Methodists gave them the lead in the early part of the game and safe hitting when needed kept them out of danger from then on.

The second game of schedule was called because of rain and was postponed until a later date.

The third game was played Wednesday between the Baptist No. 6 team and the Christian Church.

This was a very fast game and both teams showed good style and fast team work. For several innings it was anybody's game but before the game was over the Christian boys got the lead and won by a score of 10 to 5.

County Cotton Committee Holds Sessions

Due to the fact that Donley County cotton contracts show an excess of 4080 bales over government estimated allotment, the County Committee and precinct committees have been holding sessions at the City Hall this week

working out proportionate reductions on the hundreds of contracts that have been signed up.

E. L. Lewis of Lella Lake is chairman of the County Committee. The other members are M. M. Noble of Clarendon and J. G. McDougale of Hedley.

L. M. Putman is moving to the small farm of Mrs. Donnell east of the stock pens.

W. D. Martin and John Eudy have business in the San Angelo country this week, going down Monday.

A Ford V-8 "delivered" price is the total cost to you—no extras

IMMEDIATE DELIVERY

\$515 and up—F.O.B. Detroit—easy terms through Universal Credit Company—the Authorized Ford Finance Plan

THE Ford V-8 for 1934 is the most economical car that Ford has ever built. It gives you even more miles per gallon of gasoline than last year's money-saving model...

Tungsten steel exhaust valve-seals inserts make valve grinding virtually unnecessary for the life of the car. Aluminum-alloy pistons minimize carbon formation...

Brakes need relining less frequently because of the great braking surface per pound of weight. And Ford springs—which give free action for all four wheels—seldom require lubricating.

In addition, Ford parts cost from 17% to 59% less than parts for any car selling at near the price. And the record shows that Ford gives you greater "trade-in" value than any other car.

Before you buy any car at any price see and drive the Ford V-8 for 1934. AUTHORIZED FORD DEALERS OF THE SOUTHWEST
