PANHANDLE-PLAINS MUSEUM RECEIVES LARGE GIFT COLLECTION INDIAN RELICS

A huge collection of Indian utensils of all kinds has just been received by the Panhandle Plains Historical Society Museum from Miss Susan J. Allen of Haverford, Pennsylvania, the collection to be a memorial to her parents, Samuel L. and Sarah H. Allen.

Miss Allen has been collecting Indian handiwork for many years, exhibiting the materials in her eastern home and finally planning that they should be returned to the region from which they came.

About 2 years ago she saw an account of the Panhandle Plains Historical Society Museum and, as she expressed it, felt that the museum was "made for her". The collection required 10 trunks and boxes for shipment to Canyon and only a small part of it is now on display. In the collection there are belts, sashes, and head dresses of beautiful bead work. Among these are the buckskin gauntlets, once owned by Jack London. Among the silver trinkets are rings, bracelets, necklaces, buckles, blanket pins, and spoons, all hand made and many of them decorated with turquoise.

A collection of baskets designed for almost every possible family need is also included. Professor L. F. Sheffy states that some of the baskets are the most beautiful he has ever seen. Toys once the property of tiny Indian children are also included. Heavily beaded rattlers and balls were popular with Indian infants.

Altogether there were more than 500 articles in the collection, and it is valued at many thousand dollars. The gift came as a result of correspondence between Floyd V. Studor, Amarillo Archaeologist and Miss Allen.

Boy Scout Party is Camped On Forest Reserve

Information from the "Clarendon Racketeers" early in the week located their camp site as being located on a government forest reserve at 87 West Wabash Avenue, Chicago.

Two trucks and more than fifty men and boys left here Thursday of last week bound for the Century of Progress. The first night out was spent in Missouri.

The troopers arrived at Chicago about 6 p. m. Saturday. They were directed to the camp named above through an arrangement made by Melvin Jones, secretary of Lions International. That organization is looking after the best interests of the Boy Scouts who visit the Fair.

Information received from various individuals of the party indicates that they may return to Clarendon Thursday, Friday or Saturday, all depending upon how the individual writing felt about the matter.

Denver to Add Through Freight Saturday

Beginning next Saturday, the 11th, the Denver road will begin a new through freight service from Denver to Ft. Worth.

This train will arrive at Clarendon at 2 p. m. and reach Ft. Worth at 4:30 the next morning. This service will be of special interest to stockmen in that it will give them practically a night run to Ft. Worth from this point.

This road makes connection with the Frisco at Quanah which will enable shippers to reach the Oklahoma City market the next morning the same as Ft. Worth.

Cotton Land Measuring Gets Under Way This Week

Measuring of Donley county cotton land rented to the government under the reduction plan, got under way during the week. The community cotton committee is doing the measuring.

This land is being measured in compliance with instructions from headquarters based on 1934 cotton reduction contracts. This precaution is being taken all over the cotton belt and is no reflection on any individual cotton grower.

Revival at First Christian Church Continues

The Revival services being conducted in the First Christian Church are drawing larger crowds every evening. Rev. Chas. A. Chastain of Quanah, is bringing messages of great interest and importance. Those who have heard him so far have enjoyed the sermons and speak well of him as an evangelist, and he promises greater things as the meeting goes on.

Rev. Billy Reaves of Shamrock is leading the singing, in a fine way and he really makes the people sing. Nothing fancy or sensational is being attempted, but those who attend the services are coming back from night to night and bringing others with them.

The meeting will continue on through next week and the public is invited to attend every service.

The following are the subjects of the evangelist for the next few nights: Tonight, The Crown Transformed; Friday night, The Sinful Woman; Saturday night, Shall We Know each other in Eternity; Will we be conscious; Will we know our friends; will they know us? Sunday night, Seeking the Lost; Monday night, The Man Who Married the Wrong Woman; A humorous sermon lecture; Tuesday night, The Greatest Day of All Time. Other subjects will be announced later.

Canning Season Opens Early Due to Drouth

Thousands of cans of meats have been stored up the past two weeks in Donley county. Ordinarily this canning duty on the farms has been put off until fall, but due to the apparent shortage of feed, the process was begun earlier this season.

Most of the meats canned so far consists of fowl, though a number of beaves and hogs have been canned. Many have said the past week that if no reasonable rain fell with in the next two weeks, hog killing would be done on a different scale this year. Instead of salting down the meat, it would be canned in in greater part, and the remainder rendered up or be put down in grease as sausage.

Hedley Man Reports Another Interesting Egg Story

While in the grip of the "egg difficulty," we are in receipt of the following letter from V. Alewine of Hedley. His letter reads:

"You have mentioned at different times freak eggs being brought to your office. I think I can beat anything mentioned yet. Mrs. W. T. Sweatt got one measuring 7 1/4 by 8 1/4 inches.

After breaking the shell she found the white of the egg, and in the center instead of a yolk, there was another egg. The inside egg was normal and of average size containing both a white and yolk.

Later Mrs. Sweatt found another in her poultry yard of the same kind but not quite so large.

Beat it if you can"

Well, folks, what about it? It looks like Brother Alewine has the dog until we can hear from old Donley county from 'kiver.'

Boy Dies Near Brice While Swimming in Tank

While taking part in a swimming party at the Davis tank some three miles west of Brice Monday about 11 o'clock Jack Bufkin, aged 19, was suddenly seized with a heart attack and died before he could be rescued from the water.

He had suffered from heart attacks for some time, and though a good swimmer, was unable to help himself when the attack came.

Funeral services were conducted at Lakeview Tuesday from the First Baptist church with Rev. Brownlow in charge. His parents, two sisters and three brothers survived.

FOREST NURSERY IS POSSIBLE IN DONLEY COUNTY

Tree Experts Claim This Section Adapted To Proper Growth

Some time ago soil experts made a survey of the Panhandle east section looking for a suitable location for the establishment of a forest nursery. Several locations were given careful study relative to soil value and the possibility of irrigation in connection with small tree growth until the roots became established.

During the past week a crop of government engineers made surveys of the north side of the Y. O. McAdams land west of Goldston, the work being done after a soil survey had been made.

It is learned on good authority that plans are under way to lease such land as is necessary from Mr. McAdams. A dam is to be constructed on Carroll creek below the bridge west of Goldston for the purpose of impounding irrigation water. In normal years this creek has running water with several springs along its banks.

This is a part of the tree planting project of the national government to begin this fall. The strip to be planted extends from Canada to Childress county, Tex.

Trees are to be planted in rows, the rows to be a quarter mile apart and cover a strip 50 miles in width. The varieties of trees include native and Chinese elm, hackberry, Russian olive and such other varieties as may be suited to the different sections.

Forest trees on the McHenry county, North Dakota project show a loss of only 10 percent over the year with a rainfall of less than 13 inches. This instance is cited in refutation of doubts as to the feasibility of growing trees in the semi-arid sections.

Other government tree projects in the semi-arid west show even a smaller loss where the trees were properly irrigated the first three years after planting.

Should a nursery be established on the McAdams farm, it means that millions of trees will be produced each season over a period of about ten years to meet the requirements of the government under the tree planting plan.

County Demo Convention Met Here Saturday

W. P. Cagle, chairman of the democratic party in Donley county presided at the convention held here Saturday at noon. Bob Weatherly was selected as secretary.

Delegates with alternates were selected to attend the state convention which convenes at Galveston next Saturday. Among those selected as far as could be learned were J. P. Pool, W. T. Link, W. P. Cagle, Pink Rodgers, J. T. Patton, J. R. Boston, R. W. Moore, P. C. Johnson, A. B. Bynum, Bob Weatherly Jr., G. R. Grant, Edwin Bailey, Dewey L. Wood, W. D. Van Eaton.

A resolution was adopted seeking to make arrangements with the Texas Election Bureau to furnish early election returns by quickest methods rather than wait for a daily paper as was the case at the recent primary. It was pointed out that returns from local points could be withheld unless such an agreement be made, and that it was only fair as between the Bureau and the local agencies to 'swap' election news.

McClung Revival Continues At Church of Christ

The revival being conducted by Elder Fred McClung at the Church of Christ continues to attract large congregations. It is said that numbers from other denominations are attending the services.

The singing is a special feature of interest in which the congregation is invited at all times to take a part.

Guard Against Fire Hazards

At this time when the inflammable substances are dried, utmost caution should be taken against fire. Care should be taken to see that all matches and cigarettes are extinguished before throwing them down. Be careful where any form of fire is thrown.

All pasture land is in such a state that a spark may cause a fire that will burn over an indefinite area. Grass has broken off and fallen to the ground. The land may appear almost bare, but there is enough grass on the ground to make a prairie fire. The stock need every blade as it were, and caution should be used to see that no fires are started.

This suggestion is being offered at the request of one interested in stock and pastures. The suggestion is timely. Let's all help where we can.

DONLEY COUNTY DESIGNATED FOR DIRECT RELIEF

Due to Continued Drouth Conditions Help For Stockmen Necessary

Telegrams noted below were welcome news to stock owners in this section since it means that special freight rates on stock being shipped out to market or pasture is now possible.

It also means that special freight rates will apply on the shipments of feed and such other measures as will tend to lessen the loss to stock owners who are caught in the grip of the drouth.

The following telegrams have been received by Mr. Patrick, president of the First National Bank here:

Winks Adams Adds Two Deer To His Menagerie

The Word ranch is being stocked up with wild life through the kindness and forethought of Winks Adams. Austin (Polly) O'Neal, game warden of Wellington brought over two baby buck deer Monday which had been brought from the fire district of Colorado. He presented them to Winks who accepted them gladly.

His other wild life consists of ducks that are too fat to fly though at liberty to try any time. Prairie chickens and pheasants are included in the list. As a safeguard, Winks has two Russian wolf hounds to guard the "works" as he terms his treasure of wild life.

FIRST PAYMENT COTTON CHECKS BEING PAID OUT

More Than \$80,000 Comes To Cotton Growers Of Donley County

Cotton checks due to have been paid out here in March arrived Saturday night totaling approximately \$58,000. Monday a second installment came making a total of more than \$80,000. This is money being received for rental on land retired from cotton production.

Though somewhat belated, it was never-the-less most welcome coming at a time when prospects are most distressing due to a lack of rainfall.

This is the first payment or the first half of what is due each party who signed a contract. The second payment is now due, the first having been due in March. The second payment may be expected any time between now and any time in the future, according to best information that could be gotten Tuesday.

District agent R. C. Land with a corps of assistants, spent Tuesday in Hedley making payments of checks to individuals residing in the east end of the county.

The City Hall presented a busy scene this week as the steady stream of landowners and tenants came for the checks. The government meant to be fair to each alike, payments being made on the basis of the contract which both contracting parties signed in the early spring.

Highly Flavored Brother Has Wonderful Experience

A meandering mendicant fell into the city recently asking alms of the more lenient citizens. He was given cash with which to buy food as he requested, but instead bought vanilla flavoring.

After flavoring himself with several bottles, he became top-heavy and got down on the sidewalk. There was nothing left for the officers except to park him in the 'hougown' where he remained overnight. He was liberated the next morning and went his way though unconcernedly.

Imagine the chagrin of Sheriff Pierce next day when his Hedley deputy brought the self same man back to jail. He had gotten as far as Hedley, imbibed too freely of whatever he could find and had gotten down again. After remaining in jail another night, he was liberated with a warning that evidently 'stuck' for he departed for parts unknown.

Sheriff Pierce Warns Liquor Violators Must Stop

Just a fair warning to the Liquor violators of Donley County. It seems some folks are under the impression that Home Brew is not a violation of the law, but it is a violation of both the Federal and State Law. I do not want to see any one get in bad that is the reason I am giving you a last warning, but there are some Liquor violations going on in Donley County that is going to stop. It may cost me some money to stop it but it is going to stop, so if you get caught don't holler as you have been warned as long as I am Sheriff. I will give \$10.00 reward to any one for information that will help me catch a Bootlegger. It is unlawful for any one to have any thing in your possession other than three two Beer in Donley County. You can take it or leave it but the Liquor law is going to be enforced in this County.

Guy Pierce.

Boy Today to Start Home Today (Thursday)

T. W. Welch of the Western Union had word from his brother in Chicago today stating that the Clarendon men and boys would start home at 4 a. m. today.

They expect to reach here some time Saturday night. All are reported as being 'extremely' well and having a good time, as one would naturally expect.

LEONARD STROUD RODEO TO OPEN HERE THURSDAY

\$420 in Cash Prizes Will Be Given in Events Over Three Days

The three-day rodeo to begin near Clarendon next Thursday to extend over three days, has been widely advertised. Cleo Wood, Homer Mulkey, Dude Gentry and others have been diligently passing out the page circulars in all the surrounding towns the past week.

Leonard Stroud is too well known in the west to need any special mention as to his ability to put over a rodeo of western events. He has been before the public for more than twenty years. He has been showing at the entrance of Palo Duro canyon park only recently with big crowds admiring the skill of Stroud and others of his show.

Contests will be open to all in which \$90 will be offered in the bronc riding; \$150 in the calf roping; \$90 in the steer riding; \$90 in the bulldogging contests.

For the special pleasure of the crowd, Leonard Stroud will display some of the expert horsemanship stunts in which he has no equal anywhere. Riding a horse while standing on his head is one of his special stunts. Roping four horses while standing on his head has never been equaled by any one.

There will be trick riding, trick roping and a cowboy clown will make fun for everybody.

Black Diamond, the famous jumping horse will "show off" to best advantage. There is a treat in store for those who see "Chief" perform. Chief is an educated horse who astounds with his startling mental tests. You will have more respect for a horse after you see him perform.

"Amarillo Boy" is a horse that defies all riders. There will be a cash purse of \$100 for any one who can ride Amarillo Boy.

The big events will begin at 2:30 p. m. each day—Thursday, Friday and Saturday, August 16, 17 and 18th. An admission charge will be made for admittance to the grounds. Free seats will be provided. There will be plenty of refreshment stands. The location will be south of town where the last rodeo was held according to latest information to be had.

Rev. Ferrell To Preach In Quanah Sunday Morning

Rev. Ferrell will fill the pulpit of the Quanah First Christian Church next Lord's Day morning while the Quanah minister carries on the Evangelistic service in the First Christian Church here.

COTTON CROP IS ESTIMATED BELOW 1933 PRODUCTION

Government Estimate Placed At 9,195,000 On Account of Reduction And Drouth

On top of the government reduction plan, the weather man has taken a bolder stand in cutting the estimated production far below the former government estimate.

The Department of Agriculture released a 1934 estimated crop at 9,195,000 Wednesday. The Texas estimate was 48 percent of a normal crop. The United States produced 13,047,000 bales last season.

Cotton prices jumped up \$2.50 a bale on this government report. October price is quoted at 13.63 and December 13.70.

The crop is deteriorating in all the cotton belt. Alabama and Mississippi are credited with the best prospects with around 70 percent of a normal crop.

The ginner report shows 99,536 bales to have been ginned this season as compared with 171,254 at this date a year ago.

TRI-STATE FAIR TO HAVE BIGGER AND BETTER SHOW

Many New And Thrilling Sights Will Greet All Visitors in Sept.

Amarillo, August 7th.—With more feature attractions, including daily horse races, and larger premiums than ever, all guaranteed, the Tri-State Fair this year, September 15-22, easily will measure up to the old slogan—"bigger and better."

Preparations have been made for record crowds to pass through the free gate each of the seven days.

Besides horse racing with legalized wagering, there will be the Sam B. Dill circus with Tom Mix, the Western States Shows, a carnival company with sensational rides and other feature attractions.

The Tri-State Fair is just completing a \$30,000 building program to accommodate the 1934 crowds.

Back under the old management of Wilbur C. Hawk as president and O. L. "Ted" Taylor as secretary-manager, the Tri-State Fair this year is guaranteeing more than \$15,000 in cash premiums.

Catalogues containing all the premiums list, rules and regulations are available now. A catalogue will be mailed upon written request to Mr. Taylor, P. O. Box 2454, Amarillo.

Several new departments will be added this year. For instance, \$5,000 in cash prizes will be offered exclusively for Hereford cattle. There also will be exhibits of milking shorthorns, jersey and holstein.

Cash prizes in all of the other departments are equally liberal. This year for the first time there will be no competitive system of judging county exhibits. Instead, each county that enters an exhibit will be paid \$50.00 in cash.

Advance inquiries already indicate each of the exhibit buildings will be jammed with displays. The automotive building will house the latest models for a motor show throughout the fair.

"The Tri-State Fair weathered a depression and this year's drouth will have no effect either upon the quality of exhibits or the attendance," declared Mr. Hawk.

"So don't forget the dates," he added. "The 1934 greater Tri-State Fair begins on Saturday, September 15, and ends on the following Saturday, September 22."

Revival at Goldston Draws Large Congregations

HISTORY REPEATS.

Reading from an issue of the Lamar (Colo.) Register forty years ago under date of August 18, 1894 we are surprised to find an editorial squib which reads: "The latest thing in journalism is a daily paper at every cross roads." History is repeating when we also read that 871 small dailies have sprung into being in our nation since January 1st of this year.

*** **

THERE'S A REASON.

"The three Wichita Falls candidates for the office of governor voted in the same precinct. Hunter carried that precinct, lead in the City and in the county", we read in Hunter announcements from his campaign headquarters in Amarillo.

"There's a Reason" as Post would say. Allred had been living down at Austin three years. He was out of personal touch with his neighbors. The biggest reason is that Wichita county is an oil county. It is supported largely by the payrolls of oil companies, and large utility companies. No employee of either was instructed to vote for any one but Hunter.

On the other hand, we might ask, why did adjoining counties not oil producing counties, give Allred a majority?

It will be recalled that Herbert Hoover carried Franklin Roosevelt's home town of Hyde Park, New York in the last presidential election. Does that mean that Hoover would have made us a better president?

*** **

TEXAS AT THE CROSSROADS.

For many years citizens of our good state have been forced to witness political squabbles at Austin among those whom we have selected to attend to our business down there. The fact that a depression had us under foot, and later a blazing drouth that has practically destroyed our source of sustenance for the coming year, does not deter those in highest authority in Austin from continuing the same old grab game of playing politics.

Our prospects for a governor has been narrowed down to Tom Hunter and Jimmie Allred. In some respects both advocate a number of similar remedies to relieve distress. In the main, there is as much difference in the two men as day and night, and the vital suggestions of each relative to helping a bad situation.

Allred suggests in one instance that the voters adopt Senate Joint Resolution No. 16, one of the amendments to be voted on the first Tuesday in November at the general election. This amendment provides that: "Taxation to be equal and uniform as to real estate and to be equal and uniform as to all reasonable classifications of property; and occupation and income taxes, etc." Read the amendment in full on page six of this issue.

Hunter proposes that ad valorem or state property tax be abolished entirely, and that the necessary revenue be gotten from some form of special or sales tax.

Right here in Donley county who pays the first tax each year that benefits our schools? The railroad companies do. Then next come the pipe lines. Other sure-shot taxpayers are the utility interests. Were each of these exempted along with the others as advocated by Hunter, it can be readily seen that the big middle class of people would carry the tax burden. It appears that Hunter, being an oil magnate himself, would have the property of himself and his oil and utility friends exempt from taxation. Then too, comes along the big pipe line and Lone Star gas company interests all to be exempt from state taxes if Hunter could have his way about it.

A man is generally best known by the company he keeps. Did you know that Hunter carried all the oil producing counties in Texas in the first primary? This with the exception of oil producing counties of the Panhandle carried by Small. These same counties are said to be lining up for Hunter at this time.

"Who will we get to beat Allred?" was the slogan of the big interests in the first primary. The answer is—Tom Hunter! Clint Small has thrown his forces to Hunter. Charley McDonald has thrown his strength to Hunter.

It is hardly possible that those who supported either Small or McDonald can be driven to the polls under the lash of a master. That was clearly demonstrated over the state when Jim Ferguson failed to gather his sheep into the fold of McDonald. Voters prefer to use their own heads in 1934. Right here in Donley county where the Ferguson vote was 691 two years ago, that vote directed to the McDonald camp by Ferguson on July 28th totaled only 75. Our folks refused the dictations of a master almost one hundred percent. The majority of the 75 naturally voted

for McDonald from personal choice largely, and not because Jim Ferguson told them to. It is possible that those who voted for Small or McDonald in the first primary will select their own candidate August 25th without dictation.

Verily Texas is at the crossroads in her most critical economic period since 1845. It is up to the voters to decide whether they want the big interests to take charge of the state, or restore the people their rights of freedom as citizens permitting them a voice in their public affairs.

Why The Texas Centennial?

By Cullen F. Thomas
 President, Texas Centennial
 Commission

The most splendid conception of this generation in behalf of a greater Texas, is the Texas Centennial.

It will celebrate one hundred years of unexampled progress, from barren wilderness to modern commonwealth.

It will foregather the marvelous products of Texas' brawn and brain in every field of human endeavor.

It will turn toward Texas the attention of the peoples of many tongues and lands beyond the seas.

It will make the tale of Texas table-talk in ten million homes, in the two Americas, from Baffin Bay to Cape Horn.

It will repay Texas for all outlay from her treasury, from out uncounted millions dropped within her borders by the unnumbered hosts who come by rail and road and plane to behold her resources

and applaud her strides.

It will be an epochal event in which the Nation will claim the right to share, since in succession 1836 was followed by 1845, San Jacinto by Chapultepec and American domain and destiny pushed westward from the Sabine River to the Pacific Ocean.

It will be far more than a mammoth modern exposition, whose buildings are models of architecture, in brick and stone, coupling triumphs of invention and miracles of science and the riches of Texas soil and sun.

It will testify that Texans are not unworthy the incomparable heritage left to them by martyrs and patriots, dying and ready to die, that Texas might become an Anglo-Saxon commonwealth.

It will commemorate the sacrifices of the plain pioneer men and women who first trekked the unpeopled wilds, with ax and plow and rifle and spelling book and Bible, to lay the mudsills of civilization.

It will Texanize Texans.

"No other electric refrigerator has the Super Freezer—that's why

Ours is a Frigidaire '34"

● Frigidaire's Super Freezer is superior to the freezing unit of other refrigerators because of a combination of three major features.

It has automatic ice tray release... the trays slide out of the freezer at a finger touch!

It turns itself on—automatically—when defrosting is completed!

And, the freezer is centrally located... a feature which not only provides room on both

sides of the freezing unit for tall bottles, but which helps account for the fact that the entire food compartment of the Frigidaire '34

has a uniformly cold temperature!

The Frigidaire '34 has many additional, fine features too. There are models with adjustable shelves; Lifetime Porcelain inside and out; the Frigidaire Servashelf and—come in and see for yourself! There's a model for every size of family and purse.

TEMPLE OF TRUTH
By the Apostle

The less a man knows, the tighter he clings to the things he thinks he knows.

It is said that at least once in every man's life, he has a strong desire to do something for his community. The Apostle has just such a thing in mind right now. He would fashion some kind of a dingus on the front of his car akin to about 10 feet of railroad rail, and just when a road hog crowded him into the narrow pit, it would be his delight to hit the old boy's car head-on kerlam.

At times we have produced Texas girls who made a record for daring exploits like riding a Mexican lion and whipping him with a

live rattlesnake, but even at that she would have nothing or little on a New Hampshire girl. Miss Lois Ford of Danbury, N. H. last week while out berry picking captured a live bobcat and took it home. It gave her a little trouble until she clamped her bucket over its head. Of course nothing but children would play with so harmless a thing as a bobcat. There is a good market for the lions up there folks.

The College Hill Wid-w says that in his wild stage, a man made love to his cave maid in signs and grunts. Now he talks baby talk.

Hats off to Ruth, by ganney!! Ruth's other name is Magden and she lives in Beverly Hills, California. That girl during the year has won first place in three bathing beauty contests; four beautiful leg contests; two back contests; one face contest; three artist competitions; eight whistling contests; one top honor for riding a hog at a burlesque show, and has been queen at one orange and three flower shows. If she has ever frilled suds or spanked dish-water, the paper failed to mention it.

The "A's" have it in the Cobb family here. Albert and Annie Cobb are the parents. The children are A. B. Jr., Alton, Arthula, Agatha and Arlene. Since the children stick to the main Cobb yet, would they be called little grains?

We always did think that a brassiere was an infringement upon the rights of men in a feeble effort to imitate.

A certain Panhandle hotel is resorting to passing out cards with the hotel name and location on one side and a fairly accurate description of the service rendered on the other. The reverse side reads: Best hotel in the Panhandle; fresh hay every day and a new tie rope in every stall; running water when it rains; towels changed weekly; boots or shoes must not be worn in beds; anyone troubled with nightmare will find a halter on the bed post; not a single bedbug in the building—all married and have families; rubber gums furnished elderly people in the dining room two-bits extra. If you can't stick a fork in the gravy, you need physical development—don't cuss the gravy.

Without Col. Ed Bulls, Jack county would be a howling failure, or at least her social side of the existence of the large number of mighty good citizens who inhabit that region.

Col. Ed has many interesting incidents recorded in the Bowie Enterprise the past week relative to the excitement in his section. Some places might become quiet and disgusted because of a combination of drouth and depression, but not Col. Bulls and Jack county.

Where they had only two meetings of the Epworth League and one graveyard working last year, they are well on their way to civic progress and accomplishment at present with the summer only about half gone.

Reading Newport items in the Bowie paper we note that a protracted meeting is in progress, and a co-operative meeting at that, Col. Bulls hastens to assure us. He tells us that Rev. Matlock conducted a similar meeting there four years ago. Naturally some few would have backslidden during four years since in Donley we know of some who have backslidden until their pants have grown slick.

This meeting is no little affair when one reads of a man by the name of Jones who thought he was going to die, ran out into the yard and got religion without putting forth very much effort. Then there was Curley Dunn armed with a mule team attached to a wagon equipped with cotton frames in which he hauled folks to the meeting. Curley no doubt knew the necessity for more re-

ligion in his community and was willing to use his mules in injecting it into some of the folks who had about lost interest. The only thing that marred Curley's success was the fact, as recorded by Col. Bulls, the wagon wheel broke down and spilled quite a number out of his crowd perched on the cotton frames.

Then while Mr. and Mrs. Raymond Clifford were at the meeting some one entered their home and stole two suits of clothing. Curley can do some good mule team work over in Raymond's community perhaps. His two cylinder jackson hauls 25 at a whack, according to Col. Bulls who enjoys telling the world about the progress of his excellent community.

A jitney broke loose from Mr. Fitz Sunday night at the meeting and almost disrupted the excellent choir as it headed on a bee-line for a deep-creek. The congregation was relieved to see the flivver straddle a large mesquite tree after tearing through two wire fences. There is no telling how soon the choir could have been collected had the flivver continued on its straight course for Col. Ed tells us that "it ran as straight as if driven." He means by a sober person as no other kind would be allowed in a meeting of this kind even though beset by tragedy such as has been enumerated above. We find consolation in the statement by Col. Bulls that "the devil is taking to the tall timber." This leaves us out of danger of the devil because the tall timber is "something that we have the leastest of."

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

It is remarkable how many problems can be solved by the simple rule of religion. Faith in God gives a silver lining to the darkest cloud. Somehow we can't just quite explain it, but every time we go to church things look brighter. When we get to the end of our rope we just tie a knot in it and hang on; pretty soon we find that worship has steadied the storm-tossed ship of the soul and all is well. It is a great feeling to believe that all things work together for good to those who love the Lord. If we do not love the Lord things may not work together for our good. The promise is not to us at all. The things of time seem to have failed us, it is time to get in touch with the eternal. The psalmist David has said, "Trust in the Lord, and do good; so shalt thou dwell in the land, and verily shalt thou be fed. Commit thy way unto the Lord: trust also in him; and he shall bring it to pass." Now is exactly the time when we ought to cultivate the grace of persistence.

"Hang on! cling on! No matter what they say.

Push on! Sing on! Things will come your way;

Sitting down and whining never helps a bit;

Smile in the face of drouth, and hang on to your grit."

Regular services at the Baptist church Sunday morning. Sunday School at 9:45. Judge S. W. Lowe, Superintendent. Sermon at 11:00 by the pastor. Baptist Training Union at 7:30. Miss Jessie Cook, Director. You are cordially invited to worship with us.

There will be no preaching service at the evening hour due to the fact that there are two revivals in progress in our next door neighbor churches.

Mrs. Amie Lu Deering of Claude and Miss Minnie Serebee of Vernon are house guests of Mrs. Cap Morris this week.

WHAT'S THE IDEA?

In C. C. McDonald's proposal to his supporters that they write him their choice for Governor in order that they may use their "balance of power" and thereby swing the election to the man whom their majority prefers, what is his purpose?

For illustration, let us call the two candidates for Governor X and Y. Let us assume that 51 per cent of his sup-per cent, when, according to their better judgment, they would be voting against the interests of the State, their own interests?

Why would we have them do so? Does he want them to vote in a body, disregarding their own judgment as to the interests of the State just for the sake of "sticking together" as McDonald supporters.

Did his supporters vote for him in the first primary because they thought him to be the best qualified or does he think they voted for him because of personal worship?

Does he assume his supporters to be a clan or an organization that votes together regardless of State welfare?

He says he will sacrifice his own personal choice in order to vote with the majority of his supporters. Is this statesmanship? Doesn't a true statesman vote his own conscience?

If his supporters do justice to themselves and their fellow-citizens, they will inform him that they will not be herded together by him, but will vote according to their own judgment.

THE PLACE CALLED HEAVEN

"I go to prepare a lace for you." John 14:2.

A little boy's kite was so high up that it was out of sight. A man said: "How do you know it is up there? You can't see it."

"No," said the little fellow, "but I know it's there, because I feel the tug of it."

We all can feel the tug of heaven and we believe it is there. I do not believe that God would put such a universal longing in the human heart without making some provision for its realization.

I. HEAVEN IS A PLACE. "I go to prepare a place." When Jesus left the earth He must have gone somewhere. He said, "In my Father's house are many mansions." Those mansions are just

as real as the houses we have down here. You can always trust God to make good his promises. Heaven is a prepared place and those who will inhabit it must be a prepared people.

II. HEAVEN IS A PREPARED PLACE. "I go to prepare - - -" There are three things about this place that I want to point out. First, it is prepared big enough. Merely a look at the solar system staggers our imagination. There will be room enough in heaven for all that are prepared for it. Next, heaven will be full of beauty. Today with the eye of faith we see the outside of it, some day we will see the inside and will find it filled with things of beauty. Heaven will also be a comfortable place.

III. HEAVEN IS ALSO A BUSY PLACE. A heaven where we didn't have anything to do but sit by the side of the crystal sea and pearly streams and gaze forever upon the eternal beauty about us would be too ghostly. It would be too senseless. God works and He has a special work for us to do in this life and in the life to come, but it will be a work we will enjoy.

IV. HEAVEN IS A PLACE OF COMMUNION AND SOCIAL ACTIVITY. The people you will enjoy in heaven are the ones the Christian like: to enjoy here. There will be no liars, no backbiters, no gossipers, no meddlers. But we shall have there the pure heart, the noble and the loving.

V. HEAVEN IS AN ETERNAL PLACE. Earthly nations and places pass away but heaven is eternal. It stands forever. It is a place worth preparing for. Christ revealed the way to heaven, the

J. FRANK GOODSON

J. Frank Goodson was born in Memphis, Texas July 22, 1891, and died in Lubbock, Texas August 3, 1934 in a hospital after an illness of two years.

His body was brought to Clarendon where services were conducted at the family home by Rev. W. E. Ferrell, pastor of the First Christian church, assisted by Rev. E. B. Bowen pastor of the First Methodist church. At the services Mrs. Ferrell and daughter sang beautifully "Face to Face" bringing much solace to the bereaved.

At one o'clock the body was taken to Spur by R. C. Goodson where services were conducted by Elder R. C. Brown from the Church of Christ.

Those attending the casket were Bud Morrison, Al Bingham, Ted Bowers, Jim Foster, Bill McArthur, Floy Wilhoit. Flower girls were mesdames Hubert Brown, Sadie Dodson, Edna B. Allen, Maxine Walker.

Interment was made in the Spur cemetery.

Surviving relatives are his wife formerly Myrtle Walker of Spur who he married in 1914, and a son Frank J. Jr. both of Hobbs, N. Mex.; his mother, Mrs. Hugh Brown of Clarendon. A sister, Mrs. Milton Myers of Alexandria, La. His four brothers are R. C. of Wellington; Claude of Gladewater; Ed of Clarendon, and Hubert Brown of Clarendon.

goes out for the unfortunate in all walks of life, and his leadership has become so universal that should this be invaded by an enemy during his life time, then regardless of age or social standing the men of America would rise up as one man and put into effect that old motto which reads "now is the time for all good men to come to the aid of his party."

Miss Dixie May of Pampa visited in H. M. Stewart home over the week end and attended church here Sunday. Large crowds are being attracted by the strong uplifting sermons brought by Rev. King, Clarendon pastor who is doing the preaching in the Baptist revival at Goldston. You have a special invitation to come once, then you will come after that without an invitation to hear this man whose trust in our welfare is community wide.

Glad to note W. H. Morgan is able to be out among friends again after several weeks illness. Ed Wheeler is reported on the ailing list. Well yes it does look a wee bit suspicious that the cause might be founder for Ed came in a few days ago from a trip to the south plains.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. Beware of drug stores. ©1931 C. M. Co.

GOVERNMENT TO PERMIT SALE OF FEED FROM RETIRED COTTON and WHEAT LAND

Drouth conditions have resulted in a new administrative ruling relative to retired cotton and wheat land in this county where by feed crops grown thereon may be fed to livestock, which is to be sold, or may be sold. Or the feed may be sold directly as feed.

This message was received the first of the week and passed out through the extension department of the A. & M. College of Texas.

The message from the College Station headquarters states that because of the drouth emergency, farmers who have planted feed crops on lands retired from cotton, wheat or corn production may dispose of such crops for cash if they wish.

Heretofore, products off such contracted lands retired from corn, wheat or cotton production could be used only for home consumption.

Mr. and Mrs. R. E. Drennon and daughter Ethelyn returned home from Norman, Okla. Saturday where they attended summer school. Mr. Drennon received his M. A. degree and Mrs. Drennon her B. S. degree.

Dr. Charles H. Falkenbach and J. C. Blick of the American Museum of Natural History in the City of New York were in Clarendon Saturday and Sunday. Both men are distinguished paleontologists who have been connected with the Museum for the past seventeen years. Each have led expeditions into Africa, China and South America.

Lee Casey Taken To Amarillo For Examination

His continued illness caused friends to take Lee Casey to Amarillo Wednesday where facilities for a more thorough examination could be had. It is said that an X-ray examination here disclosed what was thought to be a tumor in his side. Homer Mulkey accompanied Lee in a car made comfortable for the patient.

Lee Casey has been in charge of the mechanical department of the Pastime here for more than twenty years. In fact he grew up with the business. His quite, courteous manner has endeared him to a lot of folks in both town and country who will anxiously await word of his improvement.

ALLRED OPENS SECOND CAMPAIGN SATURDAY NITE

Attorney General's Leaders From Over State Hold An All-Day Rally In Dallas

Serving notice that he will wage an aggressive run-off campaign, Attorney General James V. Allred of Wichita Falls declared before a statewide, all-day rally of leading supporters in Dallas Saturday that the issues in the race for governorship are: "Misguided, wild idealism versus things that can be done; achievement versus unsecured promises; training and experience versus an unknown and untried quantity; a practical and a progressive program versus extravagant and unworkable ideas and real relief versus visionary political nostrums."

Referring to his opponent, Tom F. Hunter, also of Wichita Falls, Allred said that the former had publicly stated that if the Legislature did not carry out his recommendations "there would be the worst bear fight on Capitol Hill that the State has ever witnessed."

The witness continued: "This is no time for bear fights between the Governor and the Legislature. What Texas needs is patriotic cooperation."

Assails Opponent

He added that his opponent's statement indicates "the inner yearning of the man for power—a yearning reflected throughout his platform. He repeatedly uses the words 'there shall be,' 'not 'there should be.' We must emphatically reject any leader who seeks to emulate in Texas the political philosophy of European chancellors or dictators. We must hold fast to that leadership which sincerely believes in our form of government."

At the outset of the speech which he read outlining his platform, the Attorney General asserted: "The campaign has narrowed down to a choice between a candidate upon the one hand who apparently does not believe in our form of government and who frankly proposes to revolutionize it in what he calls a 'bloodless revolution,' and on the other hand a candidate who is patriotically devoted to his State and who believes that we should seek for betterment within that government as it now exists."

In an extemporaneous speech at the morning session, Allred said he had no alibi to offer for not carrying Wichita County. He added, however, that he had not lived in Wichita Falls for three years and that he "beat the socks off of my opponents" in Austin, where he now resides as Attorney General.

Explains Vote.

By way of further explanation of the vote in Wichita Falls, where Hunter led, the speaker said that a group of oil men from there had threatened to defeat him in that county every time he ran if he did not recede from what he regarded as his duty. He cited that Grover Cleveland was twice elected President, but lost his home box, and that Herbert Hoover carried President Roosevelt's home box.

"I carried Wise County, where my opponent was born, more than two to one."

Asserting that Hunter would be called on to prove the "unfounded statements" he had been making, Allred stated: "A man who will misrepresent to the people is not worthy to be Governor."

In his principal speech of the day, he declared that relief was a vital subject.

"Relief must be taken out of politics," he exclaimed, and there was one of the many outbursts of applause. "We must get more dollars direct to destitute people and spend less in administration."

He dealt with taxation, court reform, reformation of criminals, remedying of pardoning abuses, highways, conservation of natural resources, lobbying, utilities regulations, child welfare and education.

Mrs. H. M. Fish of Long Beach, Cal., a cousin of D. F. Wadsworth, is here this week visiting in the Wadsworth home. Mrs. Fish was formerly Miss Eunice Greer, and made her home in Clarendon.

Clark McDonald Passed Away Near Bowie Saturday

Will C. McDonald returned home Monday from Bowie where he had been with his father, Clark McDonald, in his last illness and attended the funeral Sunday.

Mr. McDonald died at the home of his daughter, Mrs. Georgia Hugh who resided on the old McDonald homestead about five miles north of town. He first moved to Montague county with his parents in 1872 during Indian days and saw many of the hardships through the years until the country settled up.

Thirteen years ago he came to Donley county to make his home with his son Will C. McDonald on the Sims farm north of town. He went to Bowie just before Christmas and decided to spend the winter there.

He was ill about twenty days from gall stone trouble but died following a stroke.

The funeral service was held Sunday with the Masons in charge at the grave, he being buried in the old McDonald cemetery.

Surviving are three sons: B. H. of Bowie, W. C. of Clarendon and Lewis L. of Holiday. His daughters are Mrs. Georgia Hugh and Mrs. Maggie McNatt, both of near Bowie.

It is said that pioneers gathered for this funeral renewing acquaintances of thirty to fifty years. Hundreds of citizens paid their last tribute of respect to the man who helped to make Montague county safe for her citizens against outlaws and Indians. He was always considered one of the foremost dependable citizens of that country and had a large circle of friends.

Smash-Up on Main Street When Signal Ignored

A Ford struck another Ford broadside this morning on the main street intersection at First and Kearney.

It is said that the car on Kearney failed to stop at the stop sign, and struck another Ford headed west on the highway.

Only yesterday citizens commented on the fact that the average citizen failed to observe the stop signs, and had evidently forgotten that cars running east and west on First street had highway privileges since that street is on the main highway, and has been for some time. Drivers should use due caution to avoid accidents when crossing any highway.

Miss Margaret Dillard left Tuesday for Houston after a two weeks visit with home folks.

Mr. and Mrs. Robert Dillard and children and Mr. and Mrs. Billy Dillard spent week end with their parents, Mr. and Mrs. R. J. Dillard.

C. F. Bagard returned Friday from a trip to east Texas visiting his children mostly around Tena-ha. He says that crops are fair to good in that section but wholly lacking over a big scope of country this side of there.

Eugene Worley, candidate for representative from this district, was in town Tuesday meeting the voters.
