RELIEF ROLLS USED TO REPAIR FLOOD DAMAGE

Commission Approves More Labor For Street Work From Relief Rolls

The following is a report as given out by the local relief headquarters this week following the flood.

"Relief help to the city of Clarendon to aid in repairing flood damages will amount to approximately \$525.00. The city has recently completed a street improvement project on which \$1066.50 relief funds had been expended in addition to materials and equipment furnished by the city.

In a telegram received Sunday from Mr. E. A. Baugh, Chief Engineer of the Texas Relief Relief Commission, he stated that Donley County would be allotted no additional funds for food and storm relief. The commission has, however, approved additional labor to be used on street work which will be secured entirely from the relief rolls with the exception of regular city and county employees.

No new cases will be opened to supply this labor, the relief rolls having reached a new high last week with 425 families totalling approximately 2750 persons being certified for relief. Rules for eligibility will be strictly enforced and action will be taken on any misrepresentation of facts to the County Board, the County Court or to the local relief authorities.

Mr. F. O. Fernald, District Project Engineer, has advised that all counties must be conservative with allotments, distributing relief only where it is absolutely necessary."

MORE TRAINED TEACHERS ADDED TO CURRICULUM

University Trained Men And Women Mean Much To Student Body

The Clarendon Public schools started for the fall session with an opening program Monday morning at 10:00 a. m. Rev. E. B. Bowen addressed the students as did Mr. O. C. Watson in behalf of the School Board.

Reports show an enrollment of fifty-three in the College the first day. This will be materially increased by the end of the week. The other enrollments show 186 in High school, and 189 in Jr. High. The Ward school's enrollment was around four hundred.

The teaching staff of the College will be valuably strengthened by the addition of Miss Bita May Hall from Texas Christian University and the University of Toulouse, France, Incidentally, Miss Hall has a record of making all A's (41), while attending T. C. U. for four years and a spring term. She will teach French and Spanish.

The commercial department will be headed by Mr. J. L. Kerby from Texas University. In the High School Miss Maurice Berry from C. I. A. will teach Home Economics.

Mr. Ewell Bone from Simmons University will teach Math and science in the Jr. High.

The only new Ward teacher will be Miss Ella Mae Hogan from McMurry.

The following rules governing the conduct of the students and the school have been formulated for the school year 1934-1935:

As attendance during the regular class period is a matter of primary importance, the following regulations have been incorporated relative to such attendance:

If a student is tardy or absent he shall, before reporting to class, see Mr. Stocking in the office. Mr. Stocking may be found in the office for that purpose from 8:32 to 9:22 a. m. and 1:07 to 1:37 p. m. daily. If the student has a valid excuse for such absence or tardiness he or she will be given an admission slip to class with such ex-

DEATH COMES TO EDITOR'S MOTHER MONDAY MORNING

Was Making Home With Son At Carlsbad When End Comes Suddenly

Following an illness extending over a period of several years, death came to the relief of Mrs. Margaret Calista Estlack at the home of her son, L. J. Estlack, at Carlsbad, New Mexico at 8:10 Monday morning. She had been improving for several days until within a few hours of her death.

Funeral services were conducted at the beautiful West funeral home at 2 p. m. Tuesday and interment made in the Carlsbad Protestant cemetery. Rev. Henry Weldon, pastor of the First Baptist church had charge of the services, assisted by members of the church choir.

Mother Estlack, as she was affectionately known to hundreds, was born December 24, 1859 on the edge of an Indian reservation near Mankato, Minnesota. It was there that the few settlers received their baptism of fire and slaughter in the historic "Mankato Massacre" by the Sioux, Cheyenne and Arapahoe Indians in the fall of 1864. She survived by little more than a year the other remaining member of the Association that kept a record of the brutal slaying of helpless women and children while their men folk were engaged in the Civil War.

With her family she became one of the first homestead settlers near where Joplin, Missouri now stands. She was a resident of Gonzales county, Texas in the outlaws days of John Wesley Hardin. Later she was a resident of Silver Cliff and Leadville during boom days and lived in Tascosa when Jim East was city marshal in the early 80's.

She is survived by her husband, Alfred Estlack and the following children, who were all present at the funeral: Mrs. L. W. Boyd of Hobbs, N. Mex.; J. C. Estlack of Clarendon; L. J. of Carlsbad; Ray N. of Hobbs with whom the father is making his home.

Lions Vote San Antonio Tex. Centennial City

Last week speeches were made by various members boosting different cities as the ideal location of the Texas Centennial. A vote was taken this Tuesday at the regular luncheon with the following results: Houston 4; Austin 1; Ft. Worth 2; San Antonio 17; and Dallas 10.

Lion Burton announced that the schools were again in session with an increase in attendance at the Grade, Junior and High Schools, while the College registration was not completed.

Guests were introduced as follows: Meredith Gentry, Dr. E. H. Boelsche, of Ballinger, and J. Roy Wells, of Huntsville.

Following a reading of a communication from Lions International regarding attendance contests, it was voted to enter the fall attendance contest, Sept. 17 to Nov. 26, and also the individual members contest.

Continuing the program of last week, Program Chairman Drennon called on Lion McKee, who spoke on the Texas Centennial.

The club adjourned, singing America.

Old Clothing Wanted Sunday For Relief Needy

Those having clothing or shoes which can be used by the needy, are kindly requested to leave them on the porch Sunday where they will be collected by the representatives of the Legion and Boy Scouts.

The parties collecting the clothing will cover the streets of the town beginning at 3 p. m. Sunday. If for any reason you will not be at home, please call 377-W and the collection will be made just the same. The clothing will be taken to Relief Headquarters to be used by the needy through the winter.

BARRED

REVIVAL SEES FORTY ADDITIONS BAPTIST CHURCH

Evangelist Dossey Makes Success of Efforts Tho Many Handicaps

Although during two weeks of the most unfavorable and unseasonable weather Clarendon has experienced in a long time the Baptist revival came to a successful close Sunday night in the midst of a sandstorm. For this closing service the house was well filled. Between three and four hundred people heard Evangelist Dossey deliver one of his powerful sermons, and there were a number of conversions and additions to the church even in the midst of a storm. During the meeting there were 40 additions to the church, 26 coming for baptism.

In speaking of the wonderful success of the meeting despite the many handicaps, Rev. J. Perry King said:

"Many will be interested to know that we recovered all of the lumber used in the tabernacle which was swept away by the flood waters, and that the piano was not damaged seriously. We feel indebted beyond words to express to the Shamburger Lumber Company who furnished lumber for this meeting. We have felt, and do feel now that the churches of a community should provide a place for these open air meetings without imposing on the lumber companies for the material. Perhaps such place can be provided for

West Texas Utilities Changes Managers This Week

Clarendon loses one of her most valuable civic leaders this week when the West Texas Utilities changes managers. Mr. T. D. Nored is being transferred to the office at Paducah.

Mr. Nored moved his family here in August 1928, and has been manager of the office here since that time. The Lions Club, Chamber of Commerce, Methodist Choir, Country Club and numerous other civic movements have felt the influence of Mr. Nored's public spirited energy.

Football Boys Start First Season Practice Tuesday Evening

"Intelligent Aggressiveness Is Only Hope For Team," Says Coach Stocking

The Clarendon High Broncos snapped into active practice Tuesday afternoon under the watchful eye of Coach Stocking and manager-trainer "Heavy" Whitlock. Coach Kerby, product of Weatherford College and Texas University will be the Assistant Coach.

Faced with the prospects of having the lightest team in many years the Broncos will be put through hard paces to equip themselves with football essentials to take the place of weight and experience.

The main springs of the team will be a couple of young dynamic lettermen, backs from last years squad, Paul Greene and Bob Word, the only ones returning. Experience in carrying the Maroon and White last year will place Sam Barrow, Frank Holtzclaw, Vernon Martin, Wesley Powell, Charlie Word, Bobbie Boston and W. Hudson a little above the new crop of prospects coming in from the surrounding communities.

Chamberlain school will contribute another Reid, but this time his name is Vernon. Hot will also come from the Chamberlain district. Martin sends in some boys with old football names belonging to by-gone heroes in Turnbow, Easterling and Sibily. Several are coming from Ashtola with Gregg the only one out Tuesday afternoon.

"I expect to have at least fifty boys out by the end of the week getting toughened up," stated Coach Stocking. "The only hopes for a light squad as we are going to have this year will be an intelligent aggressiveness."

The prospects have looked dark before and the schedule has been harder, but with the cooperation of the town and plenty of hard work on the part of the boys the Maroon and White has been carried far in the field of competition for the championship.

A schedule for this season will appear in the Leader next week.

WINDY VALLEY LAD IS KILLED BY LIGHTNING

Was One of Several Riding On a Truck Coming To Clarendon Saturday

When nearing the Knight dairy about 1:30 Saturday afternoon, a bolt from the flood cloud struck a truck being driven by John Nichols instantly killing Alfred Walker and stunning others of the Windy Valley community aboard. The body was taken in charge by the Buntin mortuary.

The wiring on the truck motor are said to have been melted. So far as can be learned, no other car or truck in this section has ever met with this form of calamity.

Alfred Roy Walker was born Feb. 25, 1918 in Parker county, Texas, and died Sept. 1, 1934 being 16 years, 6 months and 7 days of age when death came. He had only resided in this community this year, moving from Quail. Funeral services were conducted at the Quail Baptist church by Bro. Williams, pastor of the Windy Valley church, Sunday afternoon; interment was made at Quail by the side of a brother who preceded him in death nearly two years ago. The large church at Quail was filled to capacity by friends and loved ones from Windy Valley, Hedley and Quail to pay their last respects and tribute to the noble young man showing the high esteem in which his friends held him. He was possessed of a lovable disposition, and will be greatly missed by his friends and loved ones.

He leaves to mourn his passing, his parents, Mr. and Mrs. W. B. Walker; two brothers and three sisters as follows: Troy, Lester, Mary, Ruth, Lucile Rene and Dorothy Jane. The bereaved loved ones have the sympathy of the entire community in this sad hour.

Prairie Chicken Hunt In Hemphill County

Dr. C. W. Galloway and Fred Buntin accompanied by L. E. Miller and T. Fletcher of Wichita Falls returned Monday from a successful prairie chicken hunt near Glazier over the week end. The exact number of chickens bagged could not be ascertained, but a "goodly number" was obtained according to reports, besides a very enjoyable time.

Government Aid Possible For Worthy Pupils

The following letter has been received by Mr. A. H. Baker, local NRS office manager, regarding students who are interested in securing FERA aid in attending school this year:

All applicants in your county desirous of taking advantage of the assistance offered through FERA to college students, should be contacted immediately and notified to apply to the school they desire to attend. However, some schools have already filled their quota, but Mr. B. E. Masters, president of the Amarillo College, is holding open application, and selections will not be made until next week. Students who would be interested in attending the Amarillo college are asked to contact Mr. Baker at the Donley County Relief office.

Pastime Theatre Installs New Cushion Seats

Keeping up his policy of giving the people of this territory the very best in the form of picture show entertainment, Mr. Mulkey is installing this week three hundred new, Irving spring-cushioned seats for the comfort of his patrons.

Besides having recently signed contracts with MGM, Fox, Warner Bros. and First National picture corporations to insure the very latest and best pictures, Mr. Mulkey has changed his sound equipment from batteries to an Aluminator which is the very best in talking picture equipment.

REV. SWAN IS TRANSFERRED TO KANSAS CHARGE

Clarendon Episcopal Rector Will Assume Charge Of St. Paul's Parish

At the conclusion of the conference of the Executive Committee of the North Texas district of the Episcopal church at Amarillo, announcement is made of the transfer of Rev. L. L. Swan from this Parish to assume charge of St. Paul's Parish at Wellington, Kansas. Rev. Swan was rector of that Parish some thirty-five years ago.

Rev. Swan has had charge of the work in this district for the past thirteen years.

As evidence of their appreciation of him and his work in this district, Rev. Swan was presented with a beautiful robe by the Bishop at the conclusion of the Amarillo conference.

Mrs. Swan's parents reside in Wellington where she has made frequent visits on several occasions while living in Clarendon, and where she spent three months of the present summer.

Because of his wide experience in travel, and the fact that he spent many years in India, this coupled with his scholarly training and genial disposition, has made him a favorite among all the people where he has resided and his services in demand as a speaker on special occasions outside his regular church duties.

The many friends of Rev. and Mrs. Swan regret their removal from their local church field, and wish them abundant success and contentment in their new home.

CITY RAPIDLY RECOVERS FROM SATURDAY FLOOD

Flood Prevention is Unable To Cope With Cloudburst Of Five Inches

It never happened before on such a colossal scale, and it may never happen again. The flood prevention measures of concrete ditches through the main part of town simply were unable to cope with the flood because of the cloudburst. Under ordinary rainfall the ditch has taken care of the situation a number of times, but the rainfall was within the bounds of reason—not five inches within about an hour.

Today little remains to remind one of the flood except to see silt being shoveled on the street to be carried away. Merchants have cleaned up damaged stocks and minor repairs to buildings have been made.

The most serious damage perhaps was at the Will Johnson home when the filling of the basement caused a cave-in that threatened to capsize the large two-story residence. The concrete repairs to this home will run about \$1,000 it is said.

Along the ditch near the South Ward school, household effects were washed from the homes of a few. Fences were destroyed and scattered in a few instances.

The basement of the First Christian Church was flooded causing some damage to two pianos that floated in the water several hours. A table floated with a Bible and a song book for some time after which the books were removed dry and undamaged. A crew of men and women with the pastor worked most of Sunday rescuing valuables. The fire wagon was used in pumping water from the basement as at the Johnson home.

M. M. Noble's auto struck the Smith-Hudson filling station. He was helped to safety by several colored men as the waters began raging down on the location. He gladly rewarded his helpers "most liberally."

From every flood we learn a little more. We learned a whole (continued to back page)

THE PROPER ROAD FOR EVERY LOAD.

When the oil boom hit Wichita County, they were with out adequate roads to take care of the heavy hauling, and trucking that is required to develop an oil field. As soon as possible, after proper investigation the county constructed a system of concrete roads and the same roads that served during the development of the Burkburnett, and Electra oil fields, still serve the traveling needs of today, after more than 16 years.

With the development of oil in Wilbarger County, came the same need for heavy duty roads, and again concrete roads came to the rescue.

A look at the Texas Highway Map of today, will reveal that on Highway No. 5 from Hall County, through Memphis, Vernon, Electra, Wichita Falls, and on through to Clay County, is constructed a concrete road which is almost 200 miles in length. This section of road carries the heaviest of traffic.

On Highway No. 5 in Donley, and Armstrong Counties, there remains a gap of approximately 70 miles, which is the most important unpaved section in the state system. This section is due to be paved soon, and it is our belief that this gap should be paved with the same type of pavement (concrete) that is on highway No. 5 east of us, for it will have to carry the same type of heavy traffic, and concrete is the best in the long run. This has been proven by numerous states in their search for the most suitable type of paving material. The figures show that it cost up to two cents per mile more to operate a car on other types of highways than on Concrete Highways.

Highway No. 5 in Donley County will be paved only once, so lets all pull for the best; and concrete pavement is the answer to our paving needs in this county.

*** **

POLITICAL AFTERMATHS.

Some twelve years ago, a special session of the Legislature passed a law redistricting but gave the boys three years in which to prepare for it. That was back in the days when we thought a little bit more of a square deal than expediency.

A special bill is said to be in the making at this time to be "daddied" through the Legislature by Representative W. E. Pope of Corpus Christi. This bill is said to have for its purpose redistricting that section of south Texas over which the "Duke of Duval" has held sway for these many years, and which the Duke, sometimes referred to as Senator Archie Parr, lost to Jim Neal in the last primary. The bill is said to have for its purpose giving Parr another chance to beat Neal.

In other words, if reports coming from Austin are true, we have a new brand of political rape that the "deer peepul" are likely to have a lot to say about it before the political mob gets it put over to their liking. The folks back home are likely to take it for granted that when a man makes a race and wins an office fair and square by the legitimate choice of the people of that district, they intend for him to have it.

Not only will the "Dukedom" be affected, but a number of other senatorial districts will be affected calling for a special election at the expense of the taxpayers to satisfy the yawping desires of professional politicians who place politics ahead of obligation to their people who elected them to office.

If this bill becomes a law, the Legislature will be assuming the election rights of the voters trampling their wishes under foot.

We don't need any more districts. In fact we need less. We need no quick changes. It all looks suspicious, and more especially since it has come up following the elections.

Forty-Four Page Brochure Is Being Sent Out To Portray History of Texas Centennial

Coricana, Texas, Sept. 3.—Within the last few days there has been mailed by the publicity committee of the Texas Centennial Commission more than 4,000 copies of a forty-four page brochure, accurately portraying the history of the Texas Centennial movement from its inception some eleven years ago to the present date.

This brochure has been mailed to every newspaper editor in Texas, to the manager of every Chamber of Commerce, to the fourteen hundred members of the Advisory

Boards in the two hundred and fifty-four counties, to all members of the Texas Centennial Commission, to all libraries and state schools and to all state officials.

The distribution of the brochure is necessarily limited, and being sent to the various agencies outlined above is intended to serve in every Texas community as a reference work for writers, teachers, students, speakers and other public-spirited citizens.

It will be available for inspection at all times at the places named above to any person desiring information from it. No additional copies, however, can be mailed by the publicity committee because the supply is exhausted.

The book is a master creation of the printer's art, and its content has been carefully edited, with the purpose of being absolutely true to facts and history in every instance.

On the frontispiece is shown in colors the six flags under which Texas lived, underneath being a reproduction of the State capitol in Austin. The title of the brochure is "Commemorating a Hundred Years of Texas History."

The preface of the book is an eloquent explanation of the purposes of the Texas Centennial from a historical and romantic viewpoint, written by Cullen F. Thomas, president of the Texas Centennial Commission.

On this page begins a series of footnotes, one appearing on every page, where is recounted in brief the running story of the early day history of Texas, the facts for this presentation having been obtained from the State Library in Austin.

Next comes the eloquent proclamation issued by the then Governor Pat M. Neff on February 12, 1924, calling for the first Texas Centennial conference.

Then comes a page discussion of

the History of the Texas Centennial movement, followed by a review of the meeting of the Tenth District Advertising Clubs in Corsicana November 5-7, 1923, when the idea of the Centennial first was advanced.

Following this is the report made to the committee at a meeting in Austin by Lowry Martin, who had been named chairman of a Survey Committee. This showed sentiment to be practically unanimous in favor of the Centennial. Then followed a mass meeting in Austin in answer to the proclamation of Governor Neff when a Centennial Board of one hundred was created with Cato Sells of Fort Worth as chairman.

Later the governing board named Jesse H. Jones, now chairman of the Federal Reconstruction Finance Corporation, as director general.

The brochure then discusses how in the intervening years the Centennial movement was kept alive by the work of a few men, until the legislature submitted in 1931 a constitutional amendment authorizing a Centennial. Followed a determined campaign waged by

the Texas Press this amendment was adopted by an overwhelming majority.

The signing of the legislature enactment carrying out the purposes of the amendment early in 1934 then is reviewed, followed by the listing of the present Texas Centennial Commission, as provided for in the enactment.

Officers of the Advisory Board are shown, together with an outline of its duties, and also is carried the full list of Advisory Boards in all Texas counties.

The creation of a Federal committee headed by Senator Tom Connally is reviewed, also the organization of the Commission and the active work it has carried through to the present.

A beautiful reproduction of the Texas Centennial map is given, and text of the constitutional amendment and the legislative act following are carried in full.

The book throughout is beautiful.

fully illustrated, and it is the hope of the Publicity Committee that it will prove a valuable contribution to the history of the State, not only at this time, but for the perusal of future generations.

Nobility Takes Back Seat In South Texas

The people again take charge of their portion of the state with the defeat of the "Duke of Duval" county Saturday. "Big Jim" Neal, more often referred to as the "Abe

Lincoln of the Rio Grande" becomes state senator after January, from the revolutionary belt, succeeding Archie Parr who has held that post for 20 years.

Neal, a typical cowman standing 6-5 is credited with being in favor of the common people, against boss rule and for a "new deal" for the best interests of his people. The battle was waged all along the Rio Grande in one of the fiercest battles that has ever been witnessed by a people sorely tired of boss rule.

TEMPLE OF TRUTH
By the Apostle

Some of the papers in the dry sections that have recently been drenched by rain contribute it to the fact that the people "got right" when they elected Jimmie Allred governor. Clarendon really went over in a big way.

The papa bat, the mama bat and the baby bat were coming home from the show one night. "I hope all five of us get home alright," said the baby bat. "What do you mean; all five of us," exclaimed the mama bat. The baby bat replied, "Well, I can't count."

The College Hill Widow surmises that since most of the boys are going off to college, the girls that stay at home will have a harder time capturing them when they return.

We didn't mind the flood; we were glad to see the water. We did not mind the sandstorm; so much, because we are accustomed to them.

The flood didn't leave many funny stories. About the best was Cecil Beach abandoning his truck near the Jr. High playground when it looked like it was going away.

The truck had some homing instinct as it landed at about the same place Cecil would have put it at the station. Ed I. Fox had things under perfect control at the City Grocery and Market until someone opened the front door. Dewey Heath stepped on what he thought was a curb, but happened to be a floating crate out of a gutter hole. He had a nice swim, if you like your's muddy.

"He who makes no mistakes, makes nothing."
He who makes too many loses his job.

Saw this ad in a Chicago paper: "Widow with 5 children would like to meet widower with 4. Object baseball!"

The person in a mental fog is usually the person who storms.

I've always had a sneaking idea since the fad began, that it would be great sport to happen around at a nudist home about the time the gravy was spilled in the lap.

There is nothing that will make a man work harder than "free advertising."

The highs and lows in 1934 are, "getting by" and "getting caught."

An old sage said "if you can't make light of your troubles, keep them in the dark."

Bachelor Bill says that point will make an old house look newer, and he surmises girls get about the same idea.

Famous last words: "Now I'll tell you what I'd say to my wife if she talked to me like that."

Mr. and Mrs. W. O. Bower and children, June, Jack and Ann, of Fort Arthur visited in the home of her parents, Mr. and Mrs. W. T. Lowe and other relatives this week.

THE RETURN OF UNDERSTANDING

By JOHN H. PUELICHER

GRADUALLY the unreasonable prejudice which held the banker responsible for both the depression and all of its dire consequences is now passing.

It is being realized that had the borrower been able to pay, the banker would have met the demands of the depositor. That there was no adequate market for mortgages, bonds, stocks—

as a matter of fact for any of the merchandise in which the banker deals—was not taken into consideration by his critics. With them, it was a question of finding someone to blame no matter what ruin blame brought with it.

The sneers and jibes against the banker which for so long a time were front-page stuff are gradually disappearing. Will it ever be possible to measure what these unreasonable slurs and criticisms have done to America? Bruce Barton hits the nail squarely on the head in the following statement: "The country has been flooded with sneers and wisecracks against bankers. Most of these are not funny and their influence is unfortunate. America will pay a heavy price in the future if it now allows faith in its bankers and banks to be undermined."

Loud denunciations at political gatherings and loose talk in highway and byway regarding banker and banking did more to break down the financial structure of our country than any inherent fault in the banking system.

Bankers Lost Before Depositors One must always remember that before a depositor lost a dollar, the banker lost his all. Deposits in banks are again mounting, proving conclusively that the bank is not an outworn, useless institution; that as soon as confidence in it is restored, the necessities of the people compel its patronage. We are slowly but steadily moving out of our slough of despond. People are again looking forward.

Now that the emotional reaction to the depression is no longer gaining converts, we are beginning to look at ourselves and our circumstances with some degree of conscious maturity. We are seeing changes. The very distresses of our economic situation have pierced our complacency.

The chief factors that mold public opinion have become more rational and have begun to realize the fatality of uninformed expression. We are beginning to see that underneath all is a lack of information. But will we even now go forward with intellectual courage? Will we continue, as a people, in our half-education, our half-information, our following after false gods, our untrained intelligence, our inadequacies of mind? Man's intelligence adequately trained can solve the problems of our social order. There is the frontier that calls the pioneer. There is the undiscovered land that beckons to the explorer. Therein lies the fate of democracy.

FEDERAL RESERVE BOARD FINDS BANKING BETTER

WASHINGTON, D. C.—A review by the Federal Reserve Board indicates that the condition of operating banks, particularly in country districts, has improved in recent months, as shown by the fact that these banks have been able to reduce their indebtedness to the reserve banks, to the Reconstruction Finance Corporation and to others.

The July bulletin of the board in discussing these findings says: "At the same time progress has been made in making available to depositors funds that had been tied up in closed banks."

"Banks financial centres have been out of credit to the Federal Reserve Banks for a long time and in addition have had a large volume of excess reserves. At the beginning of the year there were still many small banks throughout the country, however, that carried a considerable load of indebtedness.

Country Banks Reflect Improvement "The liquidation of indebtedness by these banks reflects in part improvement in business conditions and the consequent ability of customers to repay bank loans which long had been frozen. It constitutes a strengthening of the banking position."

The board pointed out that the reduction of member bank indebtedness has been continuous since the beginning of 1932 except for a brief period during the banking crisis in the Spring of 1933. The review said: "In 1932 liquidation of indebtedness of member banks to the reserve banks was accompanied by an increase of their borrowings from the Reconstruction Finance Corporation. In the past year and a half, however, indebtedness of member banks to the Reconstruction Finance Corporation has also been reduced."

Relief Roll Clients May Seek Prickly Pear to Feed Drouth Stricken Cattle This Winter

Austin, Aug. 27.—The wide cactus-covered expanses known to the Southwest Texas ranchmen as pear flats may be invaded this winter by relief roll clients seeking sustenance for drouth stricken livestock.

The prickly pear, rid of its small sharp stickers, is a choice bit of vegetation upon which ranchmen have been known to fatten their herds during winter for many years.

Relief commission officials are considering a plan whereby an army of relief roll clients will go into the flats with pear burning machines, singe the stickers from the plants, and make the pears safe for consumption by the hungry herds.

Meanwhile, officials are seeking thousands of acres of pasturage for cattle in acute need, most of them in the extreme western part of the state. Federal Surplus Relief corporation has urged that up to 200,000 head of cattle be pastured but it is doubtful that sufficient acreage for that number can be found in the state, according to C. Z. Crain, head of the surplus commodities department, in charge of the cattle program.

"I want it made clear," Crain said, "that the Relief Commission will not go into competition with the ranchman in the matter of leasing land. If there is available sufficient pasturage at a price we know to be right, we will take it, but if owners begin to raise prices in anticipation of competition between the government and the private livestock owner also seeking pasturage, then we will get out of this program."

Many counties have been reluctant to offer pasturage because they are in the emergency drouth classification and fear they will lose such designation if land is leased for grazing purposes within their borders.

Crain explained that leasing for pastures will in no case have any bearing on the county's drouth classification.

The leasing program also has been made difficult because of lack of grass in North and West Texas. Although there is some grass in South and West Texas, tick quarantine covering many counties will prevent movement of cattle into much of that area.

To The Voters of Donley Co.

Please accept my thanks for the splendid support given me in the recent primary which insured my nomination and, I trust, my election.

I fully realize the enormity of the task lying ahead during the regular session and assure you that the same energetic efforts and enthusiasm used in my race for election to this office will be applied while I am your representative.

I assure you that I am under obligation to no one except to the common people of this district. I have the highest respect and regard for my opponent and all those who supported him, and feel confident everything he did was done in good faith and with the desire to give the people of this district the best representation possible.

Please give me your continued cooperation and confidence and I shall try in every way possible to give you the best representation in my power.

Sincerely yours,
Eugene Worley

Cattlemen of State to Have Large Share in Studying And Carrying Out Cattle Program

Austin, Sept. 3.—Cattlemen of the state will have a large share in the buying and movement of cattle in the government's Texas program, it was announced here today by Adam R. Johnson, state relief director, after the appoint-

ment of a coordinating committee at Houston, last week.

The committee includes Dolph Briscoe, Uvalde, past president of the Texas and Southwest Cattle Raisers association; E. J. Spiller, Fort Worth, secretary-manager of the same association; Grover B. Hill, Amarillo, regional drouth relief director in Texas; Dr. H. L. Darby, inspector in charge, Bureau of Animal Industry; R. D. McCrum, cattle movement supervisor, Texas Relief Commission and J. C. Weaver, Livestock agent of the Missouri Pacific railroad.

This committee, Johnson said, will study and approve all contemplated changes in the quota buying program, adopted last

week to prevent congestion at pens and processing plants. The new committee already has approved a plan whereby counties where government canneries are located will not ship purchased cattle out of the county but will process them at the home cannery.

This arrangement will allow for additional shipments above the 450 per week quota from counties where cattle are in a more distressed condition than in other parts of the state. In all such cases, this committee will have the final word in determining what areas will be designated for the additional shipments, Johnson said.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go
If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.
It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.
But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25c at all stores. © 1931, C. M. Co.

Mr. and Mrs. Alfred Estlack announce the birth of a second daughter, Patricia Ann, weight 8 pounds, born Wednesday morning, September 5th. Mother and babe doing well.

Misses Minnie Lee and Ruby Armstrong returned Monday from a week's trip with Mr. and Mrs. C. O. Baldwin of Amarillo. They visited Denver, Colorado Springs and other points returning through the scenic parts of New Mexico.

Rev. and Mrs. Swan were the guests of Mr. and Mrs. C. J. E. Lowndes of Amarillo, while attending the meeting of the Clergy Conference and of the Executive Committee of the District of North Texas which they pronounce of exceptional interest.

At the conclusion of the proceedings the Bishop made the presentation of a handsome robe to Rev. Swan as the gift of the Clergy of the district on his retirement, to assume charge of St. Paul's Parish Wellington, Kansas, of which he was rector 35 years ago—the home city of Mrs. Swan's parents.

Poem By Two Eighth Grade Pupils "MY PUPPY"

One day I saw a puppy In the window of a shop. The little puppy was so lonely, I couldn't help but stop.

I asked the man whose dog it was And how much it would cost, He said it didn't belong to him, And that it must be lost.

It barked when it saw me, As if I were the one That was supposed to have it, And so I took it home.

Its color was black and brown, And it seemed very sad, But when I took it home with me, It seemed very glad.

Its eyes were dark blue And it was very small, And that's the reason I liked it, Just like a little doll.

"You are a nice little girl," That's what it seemed to say. I gave him some bread and meat And that was at close of day.

This is the end of my poem, But this I am sorry to say, That the owner came after him, And took him right away.

—By Mary Massey.

Mr. and Mrs. W. L. Culberson of Wichita Falls visited Geo. E. Ragland and family over the week end.

Mr. L. E. Miller and daughter, Miss Meiba and Mr. T. Fletcher of Wichita Falls left Tuesday after a visit in the Dr. C. W. Gallaway home.

* * * * * HEDLEY * * * * *

Miss Pauline Boliver left Saturday for Wichita Falls where she will attend college this year.

Mr. and Mrs. Alton Hawkins were in Hedley Monday.

Mr. and Mrs. Ellis Carter returned home Thursday, he from a trip to Waco and she from Bethany, Oklahoma.

Mr. and Mrs. R. C. Strickland left Monday for their home in Dallas after a lengthy stay in the mountains of N. M. and with their parents in Hedley.

Mr. and Mrs. Oscar Alexander returned to their home in Amarillo Friday after a visit with home folks here.

The tragic death of Mrs. Francis Cooper at Amarillo Tuesday caused a gloom of sorrow over our community. Mrs. Cooper was buried here Wednesday.

The Hedley School opened with a good attendance Monday, four new teachers have been employed to take the place of those who did not return.

Two new school buses have been purchased by the district and will carry pupils from surrounding

COMMUNITIES.

Alfred Walker who was killed near Clarendon Saturday afternoon by lightning was brought here to the home of his uncle, Earnest Walker and was taken to Quail for burial Sunday.

J. B. Masterson left for St. Louis Wednesday where he will buy dry goods for his store.

Mrs. S. J. Cannon of Ardmore has been visiting her daughter Mrs. J. B. Masterson, and went to Amarillo to visit relatives.

Prof. Lovell of Channing has been elected Superintendent of our school and is here to take up his work. His family will join him later.

Dodge Dealers Again Report Busy Week

Detroit, Sept. 4.—The latest Dodge sales report issued by the office of A. vanDerZee, general manager of Dodge Brothers Corporation, and including activities of the week ending August 25, continues to emphasize the effective factory-dealer team work that has kept the organization in the spotlight of trade attention throughout the year.

"The six-day period ending August 25 proved another Dodge week," says Mr. vanDerZee. On that day our dealers' 1934 retail deliveries amounted to 98,093 Dodge passenger cars and trucks; in addition, our dealers delivered 71,279 Plymouth cars, a fact making the grand total of sales reported so far 169,372 vehicles. As Dodge dealers' deliveries for the like period of 1933 amounted to 112,538, the present year's retail activities up to August 25 mark an increase of 50.5%.

Deliveries tabulated for the single week ending August 25 were 3,054 Dodge passenger cars and trucks and 2,482 Plymouths, or a total of 5,536 vehicles. The week's sales of Dodge commercial

cars and trucks alone reached their highest point for the year, accounting for 1,151 units. The total of Dodge truck deliveries between January 1 and August 25 was 30,630, against 11,557 deliveries recorded for the like period of 1933.

Commenting on the truck sales made by Dodge dealers, Mr. vanDerZee sees hardly any point of view from which the future of the truck business does not look encouraging, especially for the manufacturer producing a full and comprehensive line of commercial transportation.

"One observation we make," says the sales chief of Dodge, "is that dealers are becoming increasingly conscious of the ever-improving chances for multiple and repeat orders for commercial cars and trucks. They are stocking trucks and displaying them more effectively—they are applying more and better-trained man power to truck selling—with the result that they are selling trucks more rapidly."

Miss Roberta Lafon left Sunday for Childress where she will again teach in the public schools.

Miss Nola Gordon left Sunday for her school near Pampa where she will again teach this year.

SUNNY VIEW

Pauline Brame
Mr. and Mrs. Neal Bogard, Mr. and Mrs. Heckel Starks called on Mr. and Mrs. M. Starks Sunday.
Mr. Delbert Lanham attended to business in Amarillo Saturday.
Mr. and Mrs. J. Devanport called in the F. L. Behren home Monday night.
Mr. L. E. Scott of Chillicothe will stay with his Grandfather Mr. A. M. Lanham and attend college.
Mr. and Mrs. Heckel Starks spent last Sunday in the home of Mr. and Mrs. Luther Butler of Lelia Lake.

CHAMBERLAIN

Jimmie Estes
Our school term for this year opened Monday, August 27. We have a good three teacher school and they teach all subjects necessary through the 10th grade. Monday morning there was good attendance in all three rooms. We feel sure that all the pupils will take interest and our school term will be a great success.

Mrs. O. A. Smith of Martin is visiting her parents, Mr. and Mrs. T. W. Eanes.

Mr. and Mrs. R. R. Dinger visited relatives and friends in Hedley last Sunday.

Miss Louise Hughes of Windy Valley spent the week end with Jaque and Cleo Foster.

Mrs. N. J. Estes who has spent the past few weeks with her son, Mr. J. B. Estes returned to Brice last Wednesday where she will visit with her daughter, Mrs. P. M. Baten.

Mr. and Mrs. T. W. Eanes Jr. and family visited in the home of his parents last Sunday.

Last Monday afternoon the High school girls organized their basketball team. Even though it is early we want to get lots of practice before basketball season opens. Annie Marie Hardin was elected captain, Frances Hott, treasurer, and Miss Taylor is our coach. We hope we will win all our match games and as Chamberlain has taken championships in the county for three years in succession up until last year, we hope we will take "championship" this season. Chamberlain girls didn't get to enter the tournament last year due to the fact that so many of our players had the measles at that time but we hope to have better luck this year.

Mrs. Nealey Hudson went to Goldston last Tuesday to visit her parents, Mr. and Mrs. Stewart. She returned home Thursday night.

Miss Marie Tyler of Claude spent the latter part of the week with her cousins, Jimmie and Jaunita Estes.

Robert Hott and Jake Estes were dinner guests in the Hardin home last Sunday.

Mr. and Mrs. Nealey Hudson and little son, Dwain called in the home of Mr. and Mrs. A. O. Hott Saturday night.
Last Sunday we had good attendance at Sunday school and our lesson was splendid. We were delighted to have a duet sung by Frances Hott and Mrs. Nealey Hudson accompanied at the piano by Mrs. Cooper.

We want to give everyone a special invitation to our singing next Sunday afternoon. We have recently changed our singing to second and fourth Sunday evenings instead of every Sunday night. By doing that we felt that we could have better singings and more visitors from adjoining communities.

Jaunita Estes spent the night with Mary Kathryn Hardin last Monday night.

MIDWAY

(Mrs. John Goldston)
Mr. and Mrs. Henry Riley, Mr. and Mrs. Elmo Riley and Mrs. Lillian Hesterio of Shamrock visited in the W. K. Davis home last week end.

Mr. and Mrs. John Chamberlain and Mr. and Mrs. John Goldston and children were dinner guests Sunday of the newly weds, Mr. and Mrs. Gene Chamberlain at their home at Spade Flat.

Mrs. Elizabeth Riesley of Amarillo visited her sister, Mrs. Pat Longan Saturday and Sunday.

Mr. and Mrs. Mack Beach and family of Hereford spent Sunday with Mr. and Mrs. Nelce Robinson. The pounding given Mr. and Mrs. Dennis Smith last Wed. eve proved quite a success. In thanking the people for their kindness, Mr.

and Mrs. Smith said, "The great assortment of food would be a help and a source of enjoyment for many a day and the fast decreasing flock of chickens a great help as well as a source of enjoyment to the little daughter, and that they hoped that some thing just as nice happened to each and everyone there.

A meeting begins at the Midway school house tonight. We invite all our neighbors to come and worship with us.

Mrs. Pat Longan spent Wed. with Mrs. Bill Gather at Memphis. Mrs. Nelce Robinson canned a beef into chilli the past week.

Mr. Rhea of Lefors spent the week end with Mr. and Mrs. A. A. Pierce.

Mr. and Mrs. Powell Arnold left last week for their home in El Paso, after an extended visit with his mother, Mrs. Arnold.

Mrs. Carl Hall of Stratford visited her mother, Mrs. Arnold the past week.
T. L. Naylor was a visitor at Amarillo last Monday.

NAYLOR

(Mrs. R. Bowlin)
Mr. and Mrs. Eugene Estlack and daughter spent Sunday in Clarendon, guests of Mr. and Mrs. J. C. Estlack. Mrs. Estlack will spend the week there.

Mr. and Mrs. Carlos Robinson and daughter, Miss Ethel have returned from a two weeks visit to Paris.

Mr. and Mrs. Leroy Tidrow spent last week with Mrs. Tidrow's parents, Mr. and Mrs. Perry Tunnell at Sunnyview.

Mr. and Mrs. Edwin Eanes spent Sunday at Clarendon, guests of Mr. and Mrs. Thomas Eanes.

Many of our folks were caught in the Clarendon flood Saturday.

Misses Katharin Metcalf, Martha Metcalf, Gladys Davis and Mary Alice Scott all of Amarillo spent Sunday and Monday with Misses Minnie, Lou and Ava Naylor.

Misses Naylor and their Amarillo guests visited Monday morning with Mr. and Mrs. Rich Bowlin.

Plenty of rain and wind, also sand have been ours this weekend. Mmes. Carl Hall and Mullins of Stratford visited with Misses Minnie and Ava Naylor Thursday.

Tri-State Fair Exhibits To Excel Other Years

Amarillo, Sept. 4.—Bands by the score, each accompanied by large delegations, will be here, September 15-22, for the Tri-State Fair.

Every section of the region served by the second largest exposition in Texas will be represented. It will be a "free gate" fair.

Interest in the 1934 fair never was more intense, according to Mason King and Bill Beechler, who have just completed a long tour of the Panhandle, New Mexico and Oklahoma.

"I predict the greatest attendance in the fair's history," declared Beechler, chairman of the as-

sociation's reception committee. "Everywhere we went there was unusual enthusiasm over the 1934 greater exposition," added King, director of racing.

As president of the exposition this year, Wilbur C. Hawk has arranged larger premiums and more attractions.

"There will be full exhibits in every department," said Mr. Hawk. "Even the worst-hit drought counties are sending agricultural displays."

The livestock show probably will be the best, because famous herds have been entered to compete for increased cash prizes. Approximately \$15,000 is offered to Hereford exhibitors alone.

Prizes in all departments will be equally liberal.

Requests for entry blanks have come from far and wide.

Seven days of racing with entries from all of the major tracks; Tom Mix, screen star, heading the Sam E. Dill three-ring circus; a motor show offering capital prizes, a carnival company, two baseball games with the House of David tournament-winning team, a baby show, choral contests and other attractions have been arranged for entertainment of the crowds.

Texas Birthday Not To Be Exclusive Affair

Texas is going to have a birthday in 1938, but it isn't going to be an exclusive affair, says the Temple Telegram in the following editorial:

"Texas is going to have a Centennial birthday, not an uncommon thing for States to have, but Texas is going to give a birthday party and invite all the other states.

"The Centennial Commission, composed of leaders throughout the State, is working steadily toward the goal, extending invitations to every organization and individual in the State to contribute some effort or idea which will make Texas stand out as the most gracious among all hostesses, when she entertains with a mam-

moth birthday party in 1938.

"With the entire State as a setting, this party should prove an interesting and educational one for all guests, many of whom will come from states which are minute in size, and lacking in historical spots which, can compare with those which the length and breadth of Texas embrace. Unlike any other state, Texas has the distinct advantage of a background of years when it was a republic with a president and all that goes into the making of an independent country.

"The largest state in the Union, with the most widely scattered but small population, and long the subject of much discussion among our sister states because of our 'wild west' setting, Texas will find in this party her first real opportunity to show any and all visitors how things can be done in Texas and on such a scale that it may astonish the natives.

"The necessary preparations will have a two-fold value, in that historic spots which long have gone uncovered, will be disclosed with well-defined markers which will be of value long after the celebration, and the evident progress of the state will help to eclipse any doubt on the part of the visitors that Texas is yet a state of 'gun tottin' bad men and howling coyotes.

"Long handicapped in any effort that she may have made to do away with the misconceived ideas which have been gained by outsiders concerning the customs of Texas, the State will be able to put on a show that will do away with the comical ideas which natives of distant states believe to be true pictures of Texans.

"She will be able to present her modern and model grown daughters, the cities of Dallas, Fort Worth, San Antonio and Houston;

their smaller sisters, Amarillo, Austin, Waco, Beaumont, Galveston and the many other cities of similar population, and the innumerable towns of varied population which are scattered from the borders of Mexico to the tip of the Panhandle, and Louisiana, Arkansas, Oklahoma to New Mexico and Colorado.

"It promises to be an elaborate affair rather than an ordinary party, but it will be worth the time and money which will be used in making it a success, this success to be dependent upon the co-operation which is given by the people of Texas."

Canyon College Students To Benefit by FERA Relief

Canyon, Texas, August 29.—88 of the 91 students who will be able to attend the West Texas State Teachers College under the provisions of the Federal Educational Relief Administration have been announced by Dr. J. A. Hill. Students who receive this Federal Aid were chosen on the basis of need, scholarship, character, and special ability. More than 400 applications were received by the college and each one was carefully considered by a committee headed by Professor C. A. Murray, head of the Mathematics Department.

Clarendon and Donley County are represented by Harry Hartzog, Goodnight is represented by Isla Mae Donald.

These students will report to their work when the West Texas State Teachers College fall session opens on September 18th.

Mrs. J. T. Warner returned home Saturday night from Amarillo where she spent an enjoyable week with her daughter, Miss Melba Del.

Two Things

Are absolutely necessary to obtain good life, accident and health insurance.

First: Physical Fitness.

Second: Ability to pay your premium.

We cannot do anything for you on the first requirement—you are just too late, if you cannot meet it.

We can help you arrange for the second requirement if you will give us an opportunity.

Why delay this, the greatest investment of life? Let's talk it over.

Every standard contract written at ages 1 day to 65 years.

DON'T!

No package contains genuine "BLUE BLADES" unless it carries the portrait of King C. Gillette.

Don't overlook the small expenses if you are trying to save money. Use, for example, the cheapest shaving method known. Cut costs and get greater comfort than ever with the famous "BLUE BLADE." Here is real economy, practiced by thousands and thousands of thrifty men. You can shave and shave and shave with every "BLUE BLADE." It starts much higher in the scale of sharpness, assuring long-life and low cost. It's easy to prove this. Try the "BLUE BLADE" on our guarantee and learn for yourself.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"Conditions of Salvation" IV. SOME CHURCH HISTORY AND PROPHECIES.

We have learned in our previous lessons, that the Bible is the inspired word of God and that its purpose is to reveal a plan of salvation and that only one way is revealed in that great book. Today we wish to study some prophecies and history about the Church and its program. There are thousands of organizations that should study the early history of the church in the light of "God's Word." We wish to do that one thing in this lesson.

I. WHEN WAS THE CHURCH ESTABLISHED. If we can settle this question, much and lasting good can be established. According to prophecy this organization was to begin in the latter days. (Isa. 2:1-3; Mic. 4:1-2) Paul in his writing, Heb. 1:1,2 shows that it was established at the proper time. In the 2nd chapter of Acts we find the history of the beginning of the church and in Acts 11:15 we find the apostle Peter referring to this event as the beginning. From these references we find that the church began on the day of Pentecost following the resurrection of Christ. Any Church who claims to have its beginning either before or after this date is not scriptural.

II. WHERE THE CHURCH WAS ESTABLISHED. Our next important question is: where did the church begin. In Isa. 2:1-4; 62:1-4; Micah 4:1-2, we read that the prophets pointed toward Jerusalem as being the starting point.

In Luke 24:49 Christ told his disciples that the program was to begin at Jerusalem. In Acts 1:6-8, the disciples were told to tarry in Jerusalem until the Spirit come. In Acts 2nd chapter we find them waiting and we find the Holy Spirit leading them in the establishment of the church. See also Acts 11:15: From prophecy and facts we learn that the place was Jerusalem. Then the true Church of Christ could not have its beginning in any other place.

III. HOW THE CHURCH WAS ESTABLISHED. When God gave the law from Mt. Sinai he demonstrated His power. When he began the church in Jerusalem, he demonstrated His power. Peter in his sermon Acts 2:16-21 quotes from Joel 2:28-32 and said this was the fulfillment of that prophecy. It tells how the plan began. When God is ready to change it he will demonstrate it with power.

IV. THE SUCCESS OF THE CHURCH. Daniel said, (Dan. 2:36-45) that the church's power would never decrease, but would continue to grow. Christ said, (Matt. 16:18) that the gates of hell would not prevail against it. The church and its program will never fail, it will be a success. (Next lesson, "The Church, its purpose and mission.")

cooked as if the stalk had been dipped in boiling water.

H. M. Morgan sold and delivered to the government twenty head of cattle last Wednesday, consisting of six cows and fourteen yearlings and calves.

Thursday the same U. S. agents accepted one hundred and seventy five at the Lewis ranch on Kelley Creek. Fifty of these were killed as undesirable, and the remaining will be shipped to a Government cannery and stored away to feed the needy.

Some dozen friends of Miss Blanks, primary teacher, gave her a complete surprise party on the occasion of her birthday, Thursday night. Among the useful presents were Garrett snuff, chewing gum and all-day suckers. Games were played, readings given and everyone reported an enjoyable evening.

LÉLIA LAKE (Mrs. H. R. Kilg)

Mr. and Mrs. E. R. Myers and sons and Mr. and Mrs. Albert Sanders and sons returned Friday from a stay at Hot Springs, New Mexico.

Mr. and Mrs. Wilson Bloodworth and Mr. and Mrs. Frank Brown of Texarkana and James Bloodworth of Clarksville left Monday after a short visit with their uncle, Mr. H. R. King and family.

Mr. and Mrs. Auyer Robinson left for Denton Friday and Mr. and Mrs. Charley Robinson, who had been visiting there returned home with them.

Altha Knox went to Hedley Monday where she will work.

James Reynolds left Monday for Melrose, New Mexico where he will be in school.

Sam King returned Saturday from a visit with relatives and friends at Lubbock and Hale Center.

Rev. and Mrs. F. N. Allen and family returned Wednesday from a few weeks stay in East Texas. They were accompanied home by Mr. Allen's brother, who will remain for a short visit.

Mr. and Mrs. Richard Finch of Marilla spent the week end with his grandmother, Mrs. H. Woods.

Mr. Clyde Grimsley and son Wallace made a business trip to Claude Tuesday.

E. J. Myers and Leroy Leathers made a business trip to Lubbock Saturday where they plan to go to school next term.

Mr. and Mrs. Odell Holland and family of Quail spent Friday and Saturday and Sunday with his parents, Mr. and Mrs. C. H. Holland.

School started Monday with a very nice attendance of the patrons. Rev. McKee of Clarendon delivered a most interesting address. Supt. Kirb asks the co-operation of the patrons in sending their children to school on time and every day if possible and assures them the full co-operation of the teachers. We welcome the new teachers and wish them a very pleasant work here in our community.

The Home and Garden Club entertained in the home of Mrs. S. R. Tomlinson Tuesday with a surprise birthday party in honor of

Mrs. J. A. Thompson. Games of bridge and forty-two were played during the afternoon and delicious refreshments of ice cream and cake were served to: Mesdames B. J. Leathers, M. G. Cottingham, Guy Taylor, G. F. Leathers, Will Kennedy, C. G. Aten, D. M. Cook, W. V. McCauley, Clark, John Ger-

ner, H. R. King, S. R. Tomlinson, Visitors, Miss Ganelle Lytle, Mary Jane Cook, Anita Cook, and honoree, Mrs. J. A. Thompson.

Mr. Cecil Longley, former mail carrier to Silverton and now located in Seymour, was a Clarendon visitor Monday.

Good School Grades

No parent is justified in blaming a child for poor grades unless every precaution has been taken to learn if the fault really is that of the child - - - Defective vision quite often is the cause - - - and the child has no way of knowing what is wrong. At the start of every school year, eyes should be tested and proper glasses fitted if needed. Our optometric service charge is very moderate. We do not recommend glasses unless actually needed or to correct faulty vision.

GOLDSTON

Sunday school was well attended with good lessons at the regular hour.

Mrs. C. E. Wright and son Victor of Little Rock, Ark. is spending a few days in the home of her sister, Mrs. Bill Jordan.

C. Davis and family and Raymond Pharr left for Ark. Friday in answer to a message that Mr. Davis' father was at the point of death.

Mrs. Mattie Lewis of Brice visited last week in the home of her mother Mrs. John Rhodes.

Jack Murff who has a position in the chemistry department of the Army located at Denver is spending a few days in the home of his sister, Mrs. Claud Nixon.

Velmer Morgan, Kathleen Oden and Aline Rhodes enrolled for school at Clarendon Monday.

Claud Nixon accompanied by Ben Hill made a business trip to east Texas last week.

Aline Rhodes spent a few days last week with friends at Lake View.

L. G. Goldston and family spent Saturday night in home of relatives at Clarendon.

Only a shower fell here Saturday, while Clarendon which is well out in the suburbs of Goldston was flooded with moisture. It was an unusual sight to see cars, not propelled by their own power but forced on and on by the mighty rush of the roaring water. On Kearney street and from the window of the Farmers Exchange the writer saw three cars and two trucks swept onward with no power save that of the muddy fluid. After her car had gone dead Mrs. Dike of Goldston was rescued from one of these helpless cars and carried to safety, while the car moved eastward and drifted against the elevator where it received a damaging jab from a large high line pole that was hurrying on for parts unknown. Two tourist cars were noticed stranded on the highway just west of the ice plant, they were large cars and with brakes on and gear set they managed to hold their ground. Yes, there were some ladies in these cars, but they refused to stampee, and spent more than one hour there amusing themselves by making many kodak pictures.

Sunday evening and night a terrific sand and electric storm raged here badly damaging an already poor cotton crop. Fields are black as if a killing frost had fallen and boles are shriveled and

AUTOMOBILE REPAIR

A LOT OF NOISE!

It's wonderful and annoying how a slight defect in a motor will make a lot of noise as you drive down the street. It is just as wonderful how a trained mechanic can correct that defect in a short time at a small cost.

REMEMBER—Any defect will not cure itself. It will constantly get worse, and each day's delay is costing you more and more money loss from neglect. Let us give your car an examination. Find out your trouble and the cost to remedy it.

THE MILLING SANATORIUM

MINERAL WELLS, TEXAS

Abilene, Texas.

The rheumatism hit me during the 1929 Fat Stock Show at Fort Worth, Texas. I went to the Doctor and he said it was caused by my teeth. I had the teeth pulled that were bad. Went to Hot Springs, New Mexico, took a course of baths, went home and got worse. Then I went to Marlin, Texas, and went through the Clinic. They said it was my tonsils, so I had them removed for the second time; took a course of baths, went home and got worse than I ever was. I then heard of the Milling Sanatorium at Mineral Wells, Texas. I took treatment for eight weeks. Went from there to the Cheyenne Frontier Days Celebration, where I took part in the roping, bulldogging and bronco riding, and have been doing it ever since and still feeling fine.

flights as will be required to place every player. Appropriate and attractive prizes will be awarded the winners, runners-up, and winners of consolation in each flight with a special prize list.

The local membership has been divided into groups and these groups are making trips to neighboring clubs boosting the tournament and extending personal invitations to enter the play.

Local enthusiasts of the ancient game are invited to drive out to the scenic course and watch their favorites in combat.

Mrs. Jesse Lowe and children returned from a visit at Goodnight Saturday.

MORE TRAINED—

(continued from front page)

cuse indicated. If the student does not have a valid excuse, such failure to furnish cause for absence or tardiness will be indicated.

Tardiness-excused—1/2 an absence—May be made up. Tardiness-unexcused—1/2 an absence—May not be made up.

Absence-excused—4 points deducted from marks of the subject missed—May be made up.

Absence-unexcused—4 points deducted from the marks of the subject missed—May not be made up.

Such excuses must be presented immediately that the student reports to school. Failure to furnish such excuse immediately in case of absence will cause that absence to be irrevocably recorded as unexcused.

In general, conduct unbecoming a high school student will be considered grounds for immediate suspension. Malicious destruction of property, either of the school district or of a fellow student, regardless of how trivial, will automatically result in suspension until such property is restored to its original state.

Instructors may demand that deficient students remain after regular class hours for additional instruction. Such demands are imperative and may be excused by no one save the instructor making such demands.

Marks of each student will be sent the parents or guardians of that student at the end of each six weeks period, such periods falling on the following dates: October 17, November 28, January 18, February 29, April 12, and May 24.

Fort Worth & Denver Installs Air-Conditioned Cars

Effective September 4th, air-conditioned diner-lounge cars will be operated on the Colorado Special trains (trains No. 1 and No. 2) between Fort Worth and Denver, according to D. F. Wadsworth, local railway agent.

Co-incident with the establishment of this improvement in the dining and lounge service, 12-section drawing room sleepers will be substituted for the 10-section observation cars now being operated in these trains, Mr. Wadsworth said.

The air conditioned car regulates the temperature of the lounge and diner car by automatic control. The temperature is always kept at about 70 degrees, according to Mr. Wadsworth.

New Duck Hunting Stamps Arrive at Post Office

Sportmen who intend to hunt ducks this fall must purchase migratory-bird hunting stamps, according to Mr. Chas. H. Bugbee, local postmaster.

"Hunting without the stamps," Mr. Bugbee said, "is unlawful and is punishable by a fine of not more than \$500, or by imprisonment for not more than six months, or both fine and imprisonment."

Duck season in Donley county opens October 28, the date for Texas hunting. The season continues until December 30, but hunting is allowed only on Friday, Saturday and Sunday of each week, which makes a total of 30 days hunting for the season.

Buying the stamps does not exempt the hunter of migratory waterfowl from complying with

First Baptist Church Host To Panhandle Association

The First Baptist Church of Clarendon will be host to the Panhandle Association September 11-12. Several of the local churchmen are on the tentative program, which is as follows:

3:30—District missions, D. D. Sumrall, District Missionary. 4:00—Address, George Mason, Dallas.

Adjournment.

Miss Lorene Hayes who has been attending school at Amarillo returned home Sunday.

state and federal regulations. It is not transferable and must be carried by the hunter while hunting waterfowl.

The buying of the stamps is the requirement of an act of Congress approved by the President. It became effective June 16. It was designed to aid the program for restoratory waterfowl.

The stamps were designed by J. N. "Ding" Darling, noted newspaper cartoonist.

Miss Lorene Hayes who has been attending school at Amarillo returned home Sunday.

THE TEXAS RELIEF COMMISSION

Austin, Texas

NOTICE TO PERSONS ON DONLEY COUNTY RELIEF ROLLS:

Upon instructions embraced in a Resolution passed by the Texas Relief Commission June 27, 1934, notice is hereby given to the effect that persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuses to accept without good cause, shall not be furnished relief.

The following instructions are issued to all citizens of Donley County:

Any person or persons offering employment to others, whether on relief rolls or not, will inform the local County Relief Board Chairman in writing immediately when employment offered by such citizen is refused. Such advice to the County Board Chairman will in-

clude, when possible, the work-seeker's full name, address, employment offered and wages offered.

When any person has been offered employment, and has refused it, under the conditions above stated, the County Relief Board of Donley County is prohibited from giving either direct or work relief to such person.

This pronouncement is published under the direction from the Texas Relief Commission, whose membership requests the universal cooperation of the people of Texas in support of this action which is directed at the displacement of persons on relief who refuse to accept work.

Adam R. Johnson Director

Mr. Geo. E. Ragland went to Electra on business Tuesday.

Miss Hazel Gilbert left Sunday for her school near Pampa where she will teach this year.
