W. A. KINSLOW DIES AT HEDLEY FRIDAY EVENING

Native Kentuckian Made His Home in Donley Co. For More Than Thirty Years

The aged man passed away at the home of his sister, Mrs. J. S. Beach, with whom he had made his home for the past three years following the death of his wife.

Mr. Kinslow was a native of Kentucky where he was born 83 years ago. He came to Texas at the age of seven where he grew to manhood. He later made his home near Mexico, Missouri where he was married to Mary E. Evans. The home was continued there until Hedley became the home in 1904.

Funeral services were conducted by Rev. Robt. S. McKee, pastor of the Clarendon Presbyterian church at 3 o'clock Saturday afternoon at the Hedley Methodist church. Pastor McKee was assisted by Rev. E. V. Hendricks, pastor of the Methodist church of Hedley, Dr. J. A. MacMillan, pastor of the Presbyterian church at Memphis, Rev. J. A. Irwin pastor of the Presbyterian church at McLean.

Burial was made in the Hedley cemetery with the Buntin mortuary of Clarendon in charge of arrangements. Those attending the casket were Zeb Mitchell, Carl Dixon, Roy Jewell, J. P. Pool, L. Spalding and P. L. Dishman.

Surviving are three children, Ed of Hedley, C. W. of Memphis and Mrs. Ed Dishman of Clarendon. One brother and four sisters also survive him. The sisters are Mrs. J. S. Beach of Hedley, Mrs. I. N. Whitaker of Avondale, Mo., Mrs. Alice Simmons of Temple, Texas, Mrs. Bettie Davis of Abilene, Texas, Henry Kinslow of Sadler, Texas is the only brother, and was present for the funeral service. The two grandchildren are Mary Helen and Billie Kinslow of Memphis.

Mr. Kinslow was a faithful christian, member of the Presbyterian church, a good citizen and a man of much moral influence. Because of his long residence in this county, he was widely known and highly respected by a wide circle of friends.

Clarendon Lady Speaks On Pampa Church Program

Miss Helen Martin, who spent several years teaching in a school in Cairo, Egypt spoke Wednesday night on the Food, Faith and Fun program at the First Methodist church of Pampa.

Miss Martin is a member of the public school faculty, and has been for the past few years. She is a daughter of Mayor John W. Martin of Clarendon.

WARRANT ISSUE COUNTY FINANCES IS CONTEMPLATED

Commissioners See No Other Method of Meeting Present Obligations Now Due

A condition said to be due to curtailed tax payments, and unwise expenditures of funds in the past, Donley county now has a number of obligations due and no funds with which to pay.

The present commissioners believing the better plan at this time is to borrow funds to take care of the pressing debts, plan a refunding process. At a recent meeting the commissioners upon a motion of Will P. Chamberlain, second by John H. Hermesmeyer and a unanimous vote, accepted a proposal of the R. A. Underwood company of Ft. Worth to refund present county Road and Bridge indebtedness into 5 1/2% warrants. The payment of the warrants will be extended a number of years, and will be payable in series form, it is said.

The amount of warrants to be issued to care for pressing debts will not exceed \$50,000.00 Judge Lowe said Wednesday.

BULL CIRCLES BEING REVIVED DONLEY COUNTY

Midway Community Men Take Lead in Purchase of Three Registered Bulls

Nelso Robinson, Slayton Mahaffey and F. O. Naylor returned the last of the week from Whitewright where they bought three registered Jersey bulls as foundation stock for future dairy herds in their section.

These bulls are the best that are available in this part of the country. This bull circle was organized by county agent H. M. Breedlove, and it is planned to have several other bull circles in the county soon.

Pictures of the first bulls mentioned above will appear in the Leader at an early date, according to a promise of Mr. Breedlove.

"My Jersey cows have set my table and clothed my family through the depression", stated Mr. Mahaffey Saturday. In expressing his opinion further on the matter, he gave it as his candid opinion that a farmer should be milking three good cows instead of five scrubs.

Cotton Reduction Contracts To Exceed Last Year

Six hundred contracts will leave the county agents office for the state board of review in College Station Texas this Wednesday. This year we are expecting around nine hundred or nine hundred and fifty contracts in the place of eight hundred and forty last year.

This shipment is a large percentage of the contracts in the county for 1935. County agent H. M. Breedlove is anxious that contracts be signed promptly that producers may have their checks at the earliest date possible.

All cotton contract signers for 1934-35 cotton acreage reduction contracts who did not sign up for 1935 with their local committee-man will please come to the county agents office as soon as possible and sign their contracts.

We are expecting to get all of the contracts signed up within the next week and the longer that the producers wait to sign up their contracts then it will naturally be longer getting their checks. This office is urging that all producers who have not signed their 1935 contracts come to the county agents office and do this at once.

Infantile Paralysis Victim Taken to Oklahoma City

Mr. and Mrs. Homer Mulkey left Wednesday for Oklahoma City taking little Miss Evelyn Reed aged 9, of the Naylor community for special treatment, she being unable to walk since an attack of infantile paralysis last fall. Mrs. K. C. Reed, mother of the little girl was one of the party and will remain in Oklahoma City with her daughter. Mr. Mulkey is chairman of the Crippled Children's committee of the Lions club which is sponsoring the treatment.

Mr. and Mrs. Mulkey will visit at Ardmore and other places in that state before going to Dallas where they will make a selection of pictures for their Pastime Theatre.

Les Beaux Arts Club Will Conduct Plant Exchange

A flower and plant exchange will be conducted by the members of the Les Beaux Arts Club the last Saturday in this month in the building near the Club Room.

Flower seeds, plants and shrubbery will be exchanged. Rural ladies are cordially invited to bring or send plants, seeds or shrubs for the exchange.

April First is Deadline Corn-Hog Contracts

The Washington office has set a final closing date on corn-hog application for contract county agent Breedlove stated Wednesday. No applications will be accepted after April 1st.

LEGION SHOWS "A BOLD FRONT" THIS EVENING

Thirty People Are Included In Cast That Shows Two Evenings

The modern day musical comedy play will be presented at the College Auditorium for the first time, this evening at 7:45. Practically all reserve seats have been sold for both shows. General ticket sales are exceeding every expectation, according to Clyde I. Price at the Douglas-Goldston drug store where reserve seat ticket sales are being made.

This show under the auspices of the local Legion Post is for the benefit of the Sons of the American Legion drum and bugle corps. Rehearsals indicate that every effort is being put forth to make this the best show ever staged by the organization.

Dancing and singing chorus, colorful costumes, beautiful scenery, popular song hits, romance and comedy have been included to appeal to every temperament.

The date, Thursday and Friday nights, March 14-15th.

Cinema Train Arrives Late Due to Bogging Down

Homer Mulkey was all "a stew" most of the day Tuesday due to the late arrival of his cinema train which did not arrive until about three o'clock, greatly overdue, or one day late to be exact.

The reason the train could not maintain schedule was that they were equipped for an all-weather highway, and bog holes happened to exist between here and Claude, delaying them several hours.

The camera car was here with a special showing the Metro-Goldwyn-Mayer picture show making equipment and was viewed by a large number.

Three pairs of trousers, two overcoats, a suit, a uniform and auto tools were stolen from the train in Amarillo, according to the Amarillo News.

Ashtola Senior B. Y. P. U. to Present Three Act Comedy

The Ashtola B. Y. P. U. will present a three act comedy drama March 21, 1935 entitled "Kicked Out of College." The play is under the direction of Mrs. Louie Merriell. The cast consists of Viola Barker, Athlynn Drennan, Merle Harp, Emma Sue Graham, Geneva Collier, Dola Faye Gregg, Pauline Shelton, Muffett Merriell, Doris Barker, Foster Gregg, Doyce Graham, Horace McClellan, Marvin Baker, H. W. Lovell, Lu McClellan, Richard Hatley, Clyde Barker and a chorus of eight boys and girls. The play will offer plenty of laughs and thrills. There will be no admission charge. Everybody come.

Engineer Approves Projects For Flood Control

W. J. Williams of Plainview, government engineer in the soil conservation department, visited here Tuesday for the purpose of inspecting the flood control work of the city.

He approved the work so far and made further recommendations, according to city commissioner H. C. Brumley.

Giles Man Has Resided In Panhandle 44 Years

Phoneing in this section more than forty years ago was no new thing to Mr. and Mrs. E. H. Watt of Giles. Mr. Watt was in Collin county when it was an open range. They made their home at Childress at first, landing there in 1890. For ten years he was in the employ of the Denver road, three years of that time located 23 miles west of Amarillo.

These good citizens have resided in Donley county near Giles since 1895. Mr. Watt takes an active part in the arrangements and programs of the Donley county old settlers association each summer, that meets at Tate park northeast of Hedley.

AGGIE BOYS TO PRODUCE BETTER GRADE OF HOGS

Pupils Under J. M. Hill Make First Purchase Of Eight Head of Hogs

Eight boys, in the Vocational Agriculture department of the Clarendon High School, have recently bought eight pure-bred Poland-China gilts and a boar of the same breed. These fine hogs were bought cooperatively and will be used as foundation stock to raise pigs to be fed out - and exhibited next February in a Donley County Livestock Show and also at the Amarillo Fat Stock Show. The Farmers State Bank, through Mr. J. D. Swift, has made the purchase of these breeding hogs possible at this time by helping to finance the boys in this project. Mr. Swift is chairman of the Agriculture committee of the Chamber of Commerce, and he is very greatly interested in a fine livestock program for Donley County. The eight boys who each bought one of the gilts are: D. W. Tomlinson, Marti Mason, M. L. Baker, Oscar Butler, Jack Yates, Rayburn Smith, Bobby Wilson, and Howard Strawn. The boys own equal shares in a registered boar that is being kept by M. L. Baker at Ashtola.

The gilts will be bred for September litters and the pigs will be fed out for show and sale in the Amarillo auction. The price of hogs has been advancing steadily for several months and they should continue to do so since the U. S. Department of Agriculture reports that hog supplies are lower than they have been in over 20 years. This seems to be a very favorable time to get into the hog business and these boys should be able to make money on their hogs. The gilts were selected by J. M. Hill, teacher of Vocational Agriculture, from hogs owned by J. K. and Jack Adams who are members of the F.F.A. chapter in the Tulla High School. These two boys had the grand champion litter at the Amarillo Fat Stock Show last week.

McGowan Buys Barber Shop In Lelia Lake

The Sisson barber shop in Lelia Lake was purchased Wednesday by R. I. (Bob) McGowan who for many years has been associated with John Potts in conducting a barber shop here. He sold his interest to Mr. Potts several months ago, spent some time in the black land belt and returned to Clarendon where he worked in the old Potts & McGowan shop.

Mr. McGowan will move his family to Lelia Lake about the first of the month if the boom subsides to the extent that he can rent a house. He may buy a home if a bargain bobs up.

\$44,872.64 IS PAID TO DONLEY COUNTY FARMERS

Pool, Parity, Second Rental and Corn-Hog Checks All Arrive This Week

In addition to the varied assortment of checks received here this week, old Jupiter Pluvius got busy and sent along a sufficient amount of moisture to admit of continued preparation of land for early planting.

Truly this is farmers week in old Donley. Those who have been listing on the sandier soils were greatly benefitted by the slow fall of moisture that soaked right down to a seed bed that had not been damp for several months. The pool cotton checks amounted to \$39,311.60; parity checks totaled \$1,805.35; second rental checks were \$2,883.33; and the corn-hog money of \$872.36 made up the grand total of \$44,872.64 to be received by the farmers of Donley county this week.

SUICIDE PACT CLAIMS LIFE OF ASHTOLA WOMAN

Bodies of Man and Woman Are Found in Tourist Park Near Amarillo

The bodies of Lawrence W. Hurdle and his sister-in-law, Arlene Bellamy, were found at a tourist park near the helium plant 12 miles west of Amarillo about 4 p. m. Sunday. They had been dead about 12 hours, authorities stated.

Miss Bellamy resided at Ashtola until a few months ago when she went to Amarillo where she resided with her sister, her husband and two children, Mrs. Lawrence Hurdle, at 736 North Mirror street.

The verdict of Justice of the Peace Charles W. Carder following an inquest was "murder and suicide." Mrs. Peggy Hurdle, widow of the dead man, testified that her husband "had acted queerly for several days." His employer said that he was a faithful workman at the Linde Air Products company.

Womens' Civic Club Sponsors Page in Leader

In observance of National Business Women's Week, members of the local B. & P. W. club are sponsoring a full page advertisement in the Leader as their economic effort, similar plans being carried out over the nation between the dates of March 17-23.

The business men and individuals of Clarendon have been most liberal in approving the plan as will be noted on page six. One Pampa firm extends compliments in substantial form by being represented on that page.

Miss Julia Mae Caraway is chairman of the committee having this work in charge. She is assisted by Mrs. Beatrice Antrobus and Misses Lottie E. Lane, Lotta Bourland and Ruth Hartzog. All of these ladies are members of the B. & P. W. Club of Clarendon.

Dramatic Class Production Gets Out Big Crowd

The play, 'Bertie's Cave Woman' was presented to an appreciative audience March 6th at the College Auditorium by the members of Miss Maude Crawford's Dramatic Class.

All of the characters rendered their parts well, but Mr. Cornelli was the star performer as the valet.

He also helped Miss Crawford in the directing of the play.

The members of the cast were: Mrs. Jones, Misses Maude and Nina Crawford, and Messrs. Hertelle, Cornelli, Turner, Roberts and Stevenson.

South American Resident Visits Relatives Here

After residing in Peru of South America for a long number of years, Robert Garrison arrived this week to visit his parents, Mr. and Mrs. J. D. Garrison and other relatives in Clarendon.

He hardly recognized his relatives, time having made so much change. He is in the employ of the government there and is on his way to California where he will purchase a plane and fly back.

Wives Pilot Natives Into Piney Woods Section

Mr. and Mrs. James (Pud) Bain and Mr. and Mrs. Phil Couch returned recently from a visit to Cooper, Texas down in the Delta county country where the "tall pines grow."

The ladies are sisters and grew to womanhood down there. They came out here and married and escorted their husbands back to a land where squirrel time is common, and dry weather is never known.

Both men state the middles in the fields were full of water. If any fishing was done, they will tell the big fish stories privately, both being of a more or less of a timid disposition along the line of fish stories.

HONORS COME TO LOCAL BOYS AT FAT STOCK SHOW

Pat Slavin's Calf Sells For Third Highest Price In Herd of 139

The calf owned by J. D. Jordan of Mason topped the herd at the Amarillo Fat Stock Show according to the judges. The sire and dam of this calf are owned by H. A. Talley of Miami, so it was really a Panhandle calf that won first after all.

The calf owned by Pat Slavin that placed first in Donley county, sold for the third highest price at the auction in Amarillo. The price paid was \$19.50 a hundred. This calf placed 71st in the herd there.

Second prize winner in the Donley exhibit here, placed 49th at the stock show, and sold for \$13 a hundred. This calf was owned by John Howard Gilbert.

The calf of Roy Beverly Jr. sold for \$12.75 a hundred, and was 115th in the herd.

The first 40 calves only were awarded prizes.

Calves from nearby sections winning prize money were exhibited by Carrol Hilton and W. S. Britten of Groom, and Billie Wilson and Farris Hess of McLean.

Seed Loans to Farmers Being Handled by Relief Office

Austin, March 12.—Special funds have been made available to the Texas Relief Commission by the Federal Emergency Relief Administration for the purpose of making emergency seed loans for spring planting of commercial and forage crops, it was announced today by Adam R. Johnson, State Relief Director.

"These funds have been made available to meet the emergency created by the temporary lack of funds in the Farm Credit Administration which heretofore has made such loans," Mr. Johnson said. "Loans will be made in all cases of emergency regardless of whether the applicant is on relief rolls or not. Applications will be taken by County Relief Offices."

All applications will be passed upon by the Local County Committees which heretofore have functioned under the Farm Credit Administration. It was pointed out, however, that no loans would be made to farmers who are able to obtain credit through usual commercial channels and that in cases where existing crop or chattel liens existed, waivers and non-disturbance agreements from such lien holders will be required before any loans will be approved. For non-relief clients, loans not to exceed \$50 will be approved.

Mr. Johnson said the Relief Commission will discontinue making these loans immediately upon resumption of activities by the Farm Credit Administration.

Midway Community Petitions For New Roadway

A petition signed by Pat Longan and others of the Midway Community was granted by the County Commissioners this week in which a road of the first class will be laid out.

The petition calls for a widening of the road right-of-way running east between J. A. Meaders and A. H. Baker farms for approximately one mile, thence south between J. A. Meaders and W. M. Meaders farms, connecting with the new highway about one and a half miles west of the Midway school.

T. L. Naylor, Jess Cornell, Frank Hardin, Sam Spradlin, A. A. Pierce have been appointed to view out the road.

Interscholastic League Will Meet in Clarendon

County Superintendent Sloan Baker announces that the Interscholastic League meet will be held here March 29-30th.

The program which will appear in the Leader next week will include events from those of Thursday night to Saturday afternoon.

TRUCK COLLISION RESULTS IN DEATH BOYD McNEAL FRI.

Truck Rams Telephone Pole When Driver Avoids Car Turning Ahead

Boyd McNeal of this city was fatally injured when the driver of the Tims grocery truck swerved to avoid striking a car opposite the Blankenship dairy 12 miles east of Amarillo about 11:30 Friday morning.

J. L. Tims and Chas. Summers were seated in front, Summers driving. Dalton Howard and Boyd McNeal were riding on the load of crated poultry and eggs behind the cab. The truck was headed west on the pavement behind a car going west. Just as the truck neared the car, the driver of the car turned across the highway in front of the truck.

Summers turned to the right to avoid striking the car, ran across the barrow pit and struck a telephone pole. The bed of the truck was demolished scattering the load. The car was driven by a Mr. Taylor of Claude who stopped as he turned in the dairy gate, and rendered aid.

McNeal walked around the wreck and when asked by Mr. Tims if he was hurt, replied that "his head hurt some." A few minutes later he was taken to the dairy residence. After about thirty minutes, Howard came back to the wreck and told Mr. Tims that McNeal should be taken to a hospital as he was delirious.

He was rushed to an Amarillo hospital where he died three hours later from a skull injury. The other men escaped with bruises.

Rev. J. Perry King conducted the funeral service at the home of his parents, Mr. and Mrs. E. E. McNeal at 3 o'clock Saturday afternoon. Besides other relatives, he leaves a wife and daughter, George Bell aged six.

Lady Suffers Broken Ribs When Door Strikes

Mrs. Joe Horn has been a patient of Adair hospital for several days due to broken ribs and a wrenched knee. While on the ranch near Jericho Monday of last week, a door of the feed house was blown too striking her with great force causing the painful injuries.

Today she is reported as having improved to the extent that she can sit up, and expects to be released within a few days.

LOCAL HATCHERY BUYS EGGS AT \$1 FOR HATCHING

Dark Cornish Game Eggs Are From World's Fair Prize Winners

The highest price to be paid for eggs for hatching in the Panhandle is \$1.00 each. They are of the Dark Cornish Game stock, prize winners at the Chicago Fair. The eggs were purchased by the Clarendon Hatchery. Mr. White is making the extra investment with a view of building up flocks of this variety in this section, a policy that has been followed consistently for several years.

The local hatchery capacity has been increased from 104,000 to 156,000. Shipments of chicks are being sent into several points in Oklahoma, Colorado, New Mexico and Kansas as well as Texas.

The varieties leading in popular demand right now are Rhode Island Reds, Buff Orpington, White and Brown Leghorns. Barred Rocks-barred to the skin—are gaining favor rapidly, Mr. White states.

A new method of placing the eggs in the hatchery trays enables them to increase the capacity seven percent. This idea is supplied by the local hatchery by the manufacturer of the large incubators being used.

decorated with green, carrying out the St. Patrick colors, and candles were lighted and wishes made and the candles were blown out.

Guests were Lama V. Tatum, Dorothy Jean Tatum, Clara Joe Hayes, Ira Jean Estlack, Billie Louise Herington, Jimmy Douglas and honoree Jimmy Palmer. All were served a lovely refreshment by Mrs. Palmer.

PATHFINDER CLUB

Mesdames A. T. Cole, Fred Rathjen, James Trent, John Bass, R. Y. King, Chas. Bairfield and J. H. Howze were hostesses when the Pathfinder club met at the Club Room Friday afternoon.

Program—House party directed by Mrs. U. J. Boston.

The stage represented an old southern home porch. Flowers were arranged on each side of the porch steps as if they were growing. Trellis at each end of the porch with vines running upon them. Porch furniture and flowers upon stand were used to make it home like, the large square porch post and the walk weather boarded with a real door were cleverly made by Mr. John Bass. Mrs. W. B. Sims was supposed to live there and was entertaining a house party, consisting of Mesdames W. A. SoRelle, W. C. Stewart and Allen Bryan who were dressed in olden times costumes. After seating her house guests, Mrs. Sims told the ladies she had a surprise for them. She was giving a tea party for some noted guests who were Mrs. R. E. Drennan, Mrs. J. H. Howze and Mrs. Joe Goldston, and they gave readings and solos.

Marches of Glenn Sidney Laner by Mrs. R. E. Drennan. Mrs. Howze gave two numbers: Just a Weary-in' For You and His Lullaby. Mrs. Goldston gave Stars in the Valley.

Mrs. Sims then asked her old colored maid Victoria Walker to serve the guests tea and her favorite beaten biscuits. Three numbers of negro spirituals were sung by Victoria Walker, Alberta Walker, Willie Myrtle and Earnestine Boyd.

The hostesses served lovely angel food cake and pink ice cream to guests, the members of the 1926 Book Club and invited guests, Mesdames W. A. Davis, J. C. Estlack, Walter Taylor, W. A. SURPRISE BIRTHDAY PARTY GIVEN

A few of the many friends of

Mrs. A. L. Chase gathered in the home of Mrs. Karl Adams on Monday afternoon, to tender her a surprise birthday party. Mrs. Chase was called by telephone and asked to come over to help Mrs. Adams out with some indefinite "something." When she opened the door she was greeted by a more-or-less tuneless but altogether sincere birthday greeting song. A happy afternoon was spent by the guests who played "42", amid decorations modeled upon the designs and colors of good St. Patrick.

Those present were Mesdames Karl Adams, Beveridge Brents, L. S. Bagby, Sloan Baker, A. L. Chase, Close, G. L. Green, J. H. Howze, T. B. Lumpkin, Liles, J. H. Morris, J. W. Morrison, R. S. McKee, J. SHIRLEY TEMPLE'S SWIFT RISE PUTS HER AMONG TEN BEST SCREEN STARS

She's Moviedom's baby queen! Five-year-old Shirley Temple's climb to fame within half a year, is certainly the outstanding event in picture history!

Overnight almost, the little Santa Monica girl has skyrocketed to fame. With each picture her popularity increases, till her following is legion. Shirley has attained with comet-like speed the stellar honors which others struggle hard to attain.

It is almost miraculous, her climb, and the way she outshines in popularity, the Chevaliers, Pickfords, Fairbanks, Dietrichs, Harlows, and Garbos.

Three months after her screen debut, this child prodigy ranked eighth among the silver sheet favorites. A poll of 9,000 independent exhibitors placed the diminutive Fox star among the first ten money-making leaders.

That little Shirley is neither a flash in the pan, nor a seven-day wonder, is proved by the sustaining power of her popularity—a popularity that extends to men, women, and children. She is, as it were, the common denominator that takes in all humanity.

She is not precocious. Smart aleck mannerisms are foreign to her. She is the living, breathing, romping, happy image of what every fond parent hopes his youngster will be.

Naturalness is undoubtedly the

key to the success of this wonder child. The trait is evident whether she acts, sings, or dances.

As her image flashes across the screen, millions laugh and weep. She puts over a song as effectively as does a Helen Morgan or an Ethel Merman. As for her dancing, Bill Robinson, the world's crack tap dancer, and who plays with Shirley in her latest picture, "The Little Colonel," is authority for the statement that she is the greatest natural dancer he has encountered in his 52 years of hoofing and teaching.

In "The Little Colonel," her latest vehicle, which comes to the Pastime Theatre next Wednesday and Thursday, the 20-21st, she is co-starred with Lionel Barrymore, in a role that will further endear her to the millions. Her dancing feet, smiling eyes, and honey curls are her ammunition in her campaign to soften the heart of an old rebel colonel, who forgot the Civil War was over, and nursed his prejudices.

In keeping with the importance of the stars and the vehicle, a supporting cast of stellar calibre has been assembled. Evelyn Venable, brilliant young Shakespearean actress, John Lodge, Sidney Blackmer, William Burress, and the already mentioned Bill Robinson have important parts.

Part of the picture is filmed in life-like Technicolor.

It is a De Sylva Production.

Here Is True FARMALL POWER

reduced in size, weight, and capacity to take over the power problems on tens of thousands of small farms, and to serve as an auxiliary tractor on larger farms.

FARMALLS Now in 3 Sizes—a Size for Every Farm.

THE tremendous success of the McCormick-Deering Farmall tractors naturally created a demand for the same efficient Farmall power in a smaller size. International Harvester engineers have produced such a tractor. The new McCormick-Deering Farmall 12 is the result. It has surprising power for its size. Weighing a little over a ton, it displaces four or more horses in field work. It handles all the operations in growing and harvesting all crops. Pulls a 16-inch plow bottom or two 10-inch bottoms. It is an ideal tractor for planting and cultivating corn, cotton, etc., the capacity on these operations being 25 to 33 acres a day. Wheels are adjustable to a wide range of row spacing. The Farmall 12 is ready to middle bust, handle haying operations, pull tractor binder and corn picker, cut ensilage, grind feed, etc. Like every other Farmall, the Farmall 12 is a true all-purpose tractor.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

One of the oft repeated phrases of the Apostle Paul is, "I would not have you to be ignorant brethren." Over and over again he says that to the New Testament churches and Christians. You have a right to know what is going on at your church, in your church and by your church. The only way you will know for sure, is to be there every time the doors are opened and take part in the services. If you had fifty thousand dollars invested in a business you would surely want to know how it was being conducted. Its success or failure would depend upon your being present and looking after it personally. Your church has that much or more invested and many are willing for some one else to look after your interest there. God

Our Weekly CHURCH CHAT

W. B. FERRERLL
Minister First Christian Church

Analysis of Bible—Acts.
Continuing our study of the book of Acts, we note that the book is or may be divided into two parts. The period of Home Missions and the period of Foreign Missions. Jesus told his Disciples to tarry in Jerusalem until they received the Holy Spirit and that after that they would be His witnesses in Jerusalem, Judea, Samaria and the uttermost parts of the world.

I. THE PERIOD OF HOME MISSIONS. Obedient to the command of the Master the Disciples tarried in Jerusalem, they received the Holy Spirit at Jerusalem, and they began their work from this point. For several years Jerusalem was the home base of the missionary workers. The work for some time was with the Jews only and the apostle Peter stands out at the prominent figure.

1. The Preparatory events. The divine commission, 1:4-3. The ascending Lord, 1:10,11. The descending spirit, 2:1-4. The workers equipment, 2:4.

2. The Ministries. Of Peter at Pentecost, 2:14-40. His second sermon, 3:12-26. Peters address to the Sanhedrin, 4:5-12. The work of Stephens, 7:1-60. Of Philip and Peter, 8:5-25. Of Philip 8:26-40.

3. Facts concerning the church. It beginning, 2:11-15. The infilling with Holy Spirit, 4:31. The unity and benevolence, 4:32-37. The appointment of deacons, 6:1-6. The growth of the church, Acts 2:41,47 4:4. 5:14. 6:7. 11:21. It will be noted that the church had its beginning at Jerusalem and that its growth and program fulfilled many of the ancient prophecies. The seers of old saw the many wonderful and interesting things concerning the church and by checking the New Testament records against the Old Testament prophecies we find the full program harmonizes. See Isa. 2:1-4. 62:1,2. Mis.4:1,3. Joel 2:28-32. Luke 24:46,47. Acts 1:4-8. If Bible lovers and church members would let the Bible answer all of their questions regarding the church, its beginning, name, terms of entrance and other things important to Christians, there would not be much division in the religious world today. Jesus never intended that there be division among his followers and He made clear the plan, system and teachings of His church, and we should study the Bible to see what God, Christ and the Holy Spirit has to say about this subject.

(To be continued)

Value Terracing in Western Farm Regions

Land terraced and contour listed increased the first year's crop 37.5 per cent over the adjacent unterraced area on heavy silt loam soil, says Harley A. Daniel, acting director of Panhandle Experiment Station at Goodwell, Oklahoma.

The experiment was started January 26, 1934 and the furrows were left open until May 16, the time the plots were planted to Tepary beans. The ridges were nosed out with a lister and the beans planted in a furrow. Both the terraced and unterraced plots were cultivated alike throughout the season.

The total rainfall from the time the terraces were built until the beans were harvested was 11.8 inches, and that which fell during the growing season was 5.8 inches. When the effective rainfall was calculated from rains in excess of .5 inches and less than 2 inches, only 3.4 inches of water were available for plant growth.

The yields from both the terraced and unterraced plots were low, compared to a normal season. The terraced plots made an average of 672.2 pounds of hay per acre, and the unterraced area made only 488.7 pounds per acre. These data show the importance of holding the water in place when it falls, since the yield of hay was increased 133.5 pounds per acre from only 3.4 inches of available rain throughout the entire growing season.

Since terraces during the last nine years at this station have increased the crop yield an average of 32.8 per cent per year over the adjacent unterraced land, the director believes that each farmer in the Panhandle region should terrace and contour list as much of his row crop land as possible during the winter and spring months.

NOTICE OF INTENTION TO ISSUE FUNDING BONDS

Notice is hereby given that on the 13th day of April, 1935, the Commissioners' Court of Donley County, Texas, will pass an order authorizing the issuance of Road and Bridge Funding Bonds of said County in the maximum amount of \$500,000.00, for the purpose of funding and in lieu of a like amount of indebtedness against the Road and Bridge Fund consisting in valid and legally issued time warrants now outstanding against the Road and Bridge Fund, described as follows:

Interest-bearing time warrants, aggregating \$500,000.00 and certain registered scrip warrants issued for the purpose of purchasing right of way and for other road and bridge purposes, aggregating \$500,000.00 as is shown on the list of said time warrants and scrip warrants on file in the office of the County Clerk.

Said funding bonds shall bear a maximum interest rate of 5 1/4% and shall mature serially over a maximum period of not exceeding thirty (30) years.

This notice is given as required by law.

WORKER'S EDUCATION CHATS

By Earle Jones

Practically all the Latin countries began with subsidized voluntary plans and ended up with compulsory contributory systems. Old age pensions in France went thru many stages of development. France's compulsory insurance law known as the 1910 Worker's and Peasants' Old Age Insurance Law, hardly got into working order, because of the World War. However, in 1928, a bill for compulsory insurance against old age, sickness, invalidity, death and maternity was adopted. This plan went into effect in 1930 and took over the outstanding obligations of the Workers' and Peasants' Act of 1910. Italy also experimented first with voluntary subsidized insurance, but the system was unsuccessful. As a result a compulsory contributory insurance was set up by a decree of April, 1919, and went into effect July 1, 1920. In 1908, Spain set up a system of voluntary old age insurance but ten years experience proved that it was impractical. In 1919, a Royal Decree made the old age pension compulsory for all workers of both sexes.

Old age security did not begin until after the World War in South America. Uruguay led the way in 1919, by the establishment of a system which required contributions for all workers of both sexes. Main features of the contributory plan are:

1. Systems which include all wage workers and salaried employees together.
2. Separate plans for all wage earners and all salaried employees.
3. Schemes covering only special classes of workers.

Conditions for Benefit:

1. The insured must have attained a certain age.
2. He must have paid contributions for a certain fixed period.

Most countries have set up a government insurance institution or central funds to administer old age pensions. Both workers and employers are represented in these bodies. It is worth noting that in no country has compulsory insurance been turned over to profit making insurance companies.

Denmark in 1891, led the world in instituting an old age pension system financed entirely by the government, which for reasons of economy was modified in 1927, but continues satisfactorily on a non-contributory basis. The Union of South Africa is the latest in the British Dominions to adopt a sys-

tem of old age pensions which granted some help to needy person of sixty-five years and over.

In addition to age, all pensions laws require a fixed period of residence in the Country or State. Many countries also require good character. In Denmark, persons condemned or persons who have been convicted of crime are denied benefit, as well as persons who have received public charity or poor relief three years prior to his application.

Prior to 1900, there were only five nations with approximately 10,000,000 inhabitants which had any form of aid for their superannuated wage earners. To-day, 42 foreign countries with a population of at least 600,000,000 persons, offer a part or all of their aged some form of protection. More than 1-3 of the earth's population and over 1/2 of the civilized world is now covered by various governmental systems of old age protection. China, India, and the United States are the only large countries still remaining without any National system of old age security.

Old Age Pensions in the U. S. next week.

How Masonry Had Beginning In State of Texas

Texas was still part of Mexico in March, 1835, when some members of the Masonic order among the early settlers decided to establish the organization in Texas. The first meeting was held on March 16, 1835, under an oak tree at Brazoria. The necessary steps were taken to obtain the charter from the grand master at New Orleans, the nearest jurisdiction of the order. After some delay the charter was received, and meetings were held in the courthouse at Brazoria until the war with Mexico began. During that war Brazoria was occupied by the Mexicans and all the records of the lodge were destroyed.

Anson Jones, the Massachusetts physician who was to be the last president of the Texas republic,

was the first worshipful master of the lodge at Brazoria. A Masonic roster in those days would have included the names of many others who figured prominently in the young republic's affairs. Sam Houston's name would have been on it. There is a legend that the bond of Masonic fellowship was a factor in preventing the execution of Santa Anna after the Texans captured him.

The centennial is one that Texas Masons can observe with reverent pride.

Mr. and Mrs. J. T. Wilson of Alanreed were Clarendon visitors Tuesday.

Geo. E. Ragland made a trip to Wichita Falls Tuesday. Mrs. Ragland returned home with him after spending several days with relatives and friends there.

Panhandle Club Organized At Texas State University

After an absence of three years from the University campus, the Panhandle Club has been reorganized. The initial meeting was held Thursday night, attended by a group of Northwest Texans. Officers were elected and plans were made for a picnic to be given Sunday afternoon, March 17.

Meetings will be held each Thursday night at 7:30 o'clock in Texas Union. All students from the Panhandle are invited to attend as plans are to be made in the near future for a spring dance.

Officers elected Thursday night are as follows: Zed Doshier of Amarillo, president; Emma Jackson of Hereford, vice-president; S. B. Whittenberg of Canyon, secretary; Phifer Estlack of Clarendon, treasurer; and David Dial of Miami, reporter.

Miss Mildred Brame is spending the week with her sisters, Mrs. Sam Dale, Mrs. Roy Morgan.

Mr. E. H. Watt and daughter, Mrs. E. M. Glass of Giles were in town the last of the week where they attended to business. Mrs. Glass renewed her subscription to the Leader while here.
