\$2,000,000.00 PANHANDLE HIGHWAY IMPROVEMENT HAS BEEN APPROVED

Gaps on Highway 5 From Texline to Memphis Are to be Closed. Jericho Gap on Highway 66 is Included in Latest Approval of State and Federal Road Fund Expenditures

All the Panhandle is elated over the prospect of highway improvement on three highways, two of them among the most important in America.

Highway 5 across Donley county is included in the strip from Texline to the end of the pavement at Memphis. 66 Highway gap near Jericho is included. Another highway of major importance is that from west Potter county line to the New Mexico state line.

Credit for this new \$2,000,000 highway improvement secured for the Panhandle is given Congressman Marvin Jones and Carl Hinton, secretary of the Amarillo Chamber of Commerce. These two men have been in conference with national officials at intervals ever since several prominent Texas men, including Chairman Hines of the State Highway Commission, made a trip to Washington recently.

The Texas delegation was made promises. Jones and Hinton wanted something more definite than mere promises, and got it.

The longest strip in the approval is that between Amarillo and Memphis. This strip has grade and drainage and it is said that active construction of paving will begin within sixty days.

For many years tourist traffic has been diverted from the Panhandle because of muddy roads. Denver and Kansas City were most active in warning strangers against the 'terrible' roads of our section.

Fort Worth and Dallas were just as active in diverting traffic off Highway 5 across our county.

With the closing of the Jericho gap, the "Broadway of America" will be paved from Amarillo into all eastern states.

The total paving mileage under these approved projects is 174.1 and is estimated to call for a paving cost of \$2,162,750.

Federal Judge Refuses To Stop Bank Night

The application of R. M. Fuller and others for an injunction to stop the use of "bank night" in the theatres of the Robb & Rowley chain of Dallas has been denied by Federal Judge William H. Atwell.

HISTORIC PAST WILL BE SHOWN IN PARADE 4TH

Prancing Cow Ponies, Bands, Chuck Wagons and Indians Features of Pageant

When the big parade wends its way down Main street Thursday at 1:30 headed by the Sons of Legion drum and bugle corps, interest will be popping. Chairman Homer Mulkey of the parade doings says it will be the biggest thing in the parade line ever shown here.

The JA ranch, largest of its kind in the state, will lend color by chucking in chuck wagons, cowboys, Dutch ovens, boots and spurs attached to proper places and riders with the gay colors of other days. It will be a knockout, if we are to believe-half what we hear.

Dozens of old time scenes will be displayed. Indians, former residents of this section until long after the Civil War, will be shown.

The Clarendon and other bands will be placed about the middle of the column that is expected to be a half mile long. A regular "Duke's Mixture" of sights that the younger grown-ups have never before seen.

An effort will be made to picture a "wagon yard", but how. There might be a sham battle, quon sabb? The only way to find out about the surprises in store for the dear public is to be there and look it over, 1:30 p. m. on July 4th. It's all free, folks, it's all free.

PRE-CENTENNIAL SIDELIGHTS

Among the exhibits of old relics, the personal pictures seem to attract attention in any of the show windows where such exhibits have been placed.

For instance, at the Alderson studio are shown four Daguerreotypes. These pictures are made on tin by the bromine and iodine and mercury vapor process. Named after the inventor, Francois Daguerre, a Frenchman in the 17th century. This process became obsolete about 75 years ago.

Another exhibit in this section is a "rock moccasin" that is quite a curiosity to be formed by water.

Another is an old family album around which gathered perhaps "sister and her beau" in the long ago. Now they go to a picture show instead. The family album was a favorite entertainer and whiled away trying hours.

In the exhibit at the Greene drygoods store window is shown an early musical band in which Frank A. White appears. Who knew he could play anything? But he must have, or did he use the instrument for impressive picture purposes? Sheriff Beverly is shown astride his "charging steed" in the days when folks really respected the social standing of the horse. Mrs. Beverly also rides out on a handsome prancer.

At Shelton & Sanford is shown one of the first school groups of the county—girls in pig-tails. Walter Taylor was a "gay Lothario" about that time and looks at you with an intelligent demeanor far ahead of the times. No wonder Walter made a good banker! The large school group will recall to many, friends forgotten in the march of time.

Besides the prehistoric exhibit constantly on display, Stocking's drug store has a wonderful lot of pioneer articles. A frying pan used on the Z-B ranch in Gray county 55 years ago still is in good condition.

Guns play an important part in the settlement of every frontier. In this line is shown the Civil War musket carried by Donley county's first county judge. Guns of many other types are shown and labeled for the convenience of the sight-seeing public.

A 50-foot rawhide lariat of 40 years ago is interesting. Much of the early Texas land surveys were measured with rawhide "thongs" which is said to account for the "acres more or less" expression in our land deeds. If it rained, the thongs stretched and consequently an overplus of land was "crammed" into each section.

Parsons Bros. are featuring old pictures. A photo of the first art class of old Clarendon College of 1900. Photo of "Quarter-Circle" ranch headquarters in 1890 brings back history when men made their own laws and enforced them. Most of them were good laws, too. A buffalo picture is included in the interesting lot of photographic history.

Norwood's Pharmacy shows a fire shovel, hand made, in 1861 at a time when pioneers depended upon their own resources. Blacksmiths continued to make fire shovels and "andirons" up until about 1900.

A shark's tooth found in Hall county where sharks roamed at will in a sea thousands of years ago is shown. It is the property of S. A. Pierce.

Jack county shows up with a land grant dated in 1883, the property of Mrs. J. R. Cox.

A pitcher of ancient design made in Majolica, Bohemia and (continued on back page)

SOIL EROSION WORK OF CC CAMP TO HELP DONLEY

Millions to be Spent Saving Soils of Panhandle Cotton and Wheat Areas

While millions may be spent in Texas saving soils the coming two years as planned by the soil erosion department of the Agricultural Department, the benefits to be derived from the work will amount to many times more than the amount spent, according to soil experts who have made a careful study of the results obtained in other sections.

County agent H. M. Breedlove had a conference with H. H. Finnell, director of soil erosion work in this district at Hereford Monday. The matter of the CC camp to be established northwest of Memphis was gone over.

Mr. Breedlove was informed that a radius of twenty-five miles each direction from the camp would be worked by the members of the camp under competent instructors.

He is of the opinion that this will include some of the best cotton growing section of Donley county. The camp will be in active operation within less than sixty days, Mr. Breedlove was informed.

Mulkey Shows Improvement In Projection Machines

Looking at the picture projection machine of 1910 on display in the rotunda of the Pastime Theatre, one is reminded of old days when the pictures were poor—so poor that one could hardly distinguish a man from a mule.

This machine operated with a hand crank and sold for \$275.00, and was the best the market afforded at the time.

On the other side of the ticket booth is shown the new machine for the new show house to be. This machine is used in connection with sound pictures, pictures real and life-like as we know them today.

The machine is the last word in projection sound pictures, and cost only \$1400.00

Take a look at both machines and note the improvement in the picture show business. Mulkey demands the best for his patrons as evidenced by the recent purchase. Other equipment will be on a parity with this machine, he says.

New Officers Lions Club Installed Tuesday

During the Tuesday luncheon hour, past director Sam Braswell read the installation ceremony and was followed by remarks of retiring president J. T. Patman, and the incoming president, Odos Caraway.

The new officers are: President, Odos Caraway; 1st Vice president, H. T. Burton; 2nd vice president, D. O. Stallings; 3rd vice president, W. H. Patrick; secretary, Robt. S. McKee; treasurer, A. A. Mayes. Tail twister, M. K. Reading; lion tamer, Oscar L. Jenkins.

Added to the directorate were J. T. Patman, R. E. Drennon, A. W. Hicks, W. T. Link.

Free Dinner at Christian Church for Pioneers

Those who came to the Panhandle prior to 1896 should get badges at the Clarendon News office and register. Mr. and Mrs. John T. Sims will be hosts to the old-timers, and Frank Whitlock and Bill Patman will manage the dinner prepared and served by the ladies of the church.

Harold Bugbee Art Exhibit At Club Room 4th

Paintings done by Harold Bugbee, local cowboy artist of national reputation as one of America's most skilled brush artists, will be shown in the Ladies' Club Room all day the 4th.

The Club Room is located in the City Hall. No admission charge will be made to see these famous paintings, many of them typical of the southwest and Panhandle of Texas.

ROMANTICS OF OLD WEST WILL BE SHOWN 4TH

Romeos of the '80's With Western Queens Produce "Six-Gun Romance"

A one-act burlesque directed by Miss Lorraine Patrick under the title of "Six-Gun Romance" will be shown at the College Auditorium at 8:45 the evening of the Fourth.

"If all the crowd cannot see it, we will put on the second show," said Jerome D. Stocking Tuesday.

It may look like comedy in 1935, but it was tragedy 'way back yonder' when men and guns were plentiful and women plenty scarce. Thrills pictured in boots and spurs, big hats and gay colored regalia (around the neck at least), riding habits of range days and all go to bring back to life a picture that has long since passed into history.

Jerome Stocking, playing the part of a wealthy ranchman though a villain, has his plans shot full of holes as it were by the acumen of one Keith Stegall, a mysterious cowpuncher who meets with the approval of Miss Dorothy Jo Ryan, riding range girl and popular fiancée of Stocking.

The sheriff gets mixed into this comedy farce just as naturally as a duck takes to water. Yes sir, Dude Gentry has a 'hog leg' that might be mistaken for an immature cannon, but he gets the job done.

Cowpunchers of the cast include John Hermesmeier, Skinny Adams, Ben Chamberlain, Winks Adams, Curtis Vaughn and Cap Evans.

Several cowboys and cowgirls take a part in the melodrama or whatever you are a mind to term it. The principal reason for the presentation of this comedy mix-up is to show the younger generation what they have missed by being born too late—or possibly one might say at a more fortunate period.

There will be no admission charge. The play is given for the enjoyment of the public at large as one of the features of the 4th of July celebration.

Williams Sells Interest In Pharmacy to Norwood

The Norwood Pharmacy is now owned exclusively by G. E. Norwood, he having purchased the interest of Ted Williams this week.

This firm was established and opened business here as successors to the City Drug store in September of 1931. The firm has grown constantly during the depression and is now one of the leading drug stores of the Panhandle.

Mr. Norwood states that he will employ a registered pharmacist to assist him in conducting the business aside from the help of the young men who have been employed regularly in the past.

Mr. Williams has not announced his intentions except to say that he is taking a rest and fishing trip on the Concho and a visit on his father's ranch there where his wife and children are now visiting.

Blacksmith Produces Huge Apricot Fruit

The life of an apricot is just one weary calamity after another in this section of late frosts. Fruit of this kind is the next thing to a curiosity.

Here comes one Will Johnson, village blacksmith with a "spreading chestnut" but an apricot tree that produces fruit that measures six and three-fourths by seven inches in girths.

A sample brought to the Leader office by Billie Johnson had all the flavor and quality as well as the size. The variety is unknown, and the tree grew in the yard of the Johnson home.

Grocers to Close 4th

The Leader is requested to announce that the grocery stores will be closed here Thursday that owners and employees may celebrate with the general public and otherwise relax over the Holiday.

PIONEER JUDGE WILL SPEAK ON STREET THURSDAY

Judge L. Gough of Amarillo Will Give Experiences Of 40 Years in Panhandle

A former cowboy on the T-Anchor ranch back in the 80's will make the principal address for the 4th of July celebration. Judge Gough has been in the Panhandle more than 40 years. He has seen vast cow ranches cut up into wheat farms and towns and a city built on the old cattle bed-grounds.

No man in the Panhandle with the possible exception of Judge Hoover of Canadian, could entertain the public better with stories of past history of our own section than Judge Gough.

He got his title of "judge" from having been a county judge over in Deaf Smith county, or thereabouts many years ago.

When cow ranches became financially unpopular, he became and is today, one of the big wheat growers of the "bread basket of America."

Judge Gough will speak at 11 o'clock from an improvised platform on the main street somewhere between First and Second streets. Those who hear him will be pleased with his talk. He has visited here a number of times, and has a number of friends in this section who will welcome him to the Pre-Centennial Thursday. Mrs. Gough will accompany him, and meet her friends while the Judge is 'hobnobbing' with the boys of other years.

Tourists to Remain Over All Night in State Park

Canyon, July 3.—Visitors to the Palo Duro State Park will be able to spend nights there in comfort when more cabins are added to those now ready for use there. Superintendent Louis Bryan has received word that the additional cabins have been approved by the National Parks service.

That the cabins will be needed has been shown during the last week when 583 cars, 64 of them from out of state, were registered at the park.

Fiddlers Will Gather Here On the Fourth

While in town Tuesday, W. C. Reeves of Lelia Lake suggested that old-time musicians get together for a "jamboree" on the 4th. In this he has plenty of backers who want to hear the old-time music.

Banjos, guitars, mandolins and other instruments usually played at old-time dances and other places of amusement in the long ago, will be on hand to help make the day merrier.

Pioneer Piano Tuner Visits Here Again This Week

"I could have come a bit later, but I wanted to eat with the pioneers," Mr. C. Daughtry told the Leader editor Monday. He came to the Panhandle more than forty years ago. He first came to Clarendon in July of 1894.

For almost that length of time, it seems, he has been tuning pianos in this section. Mr. Daughtry is sightless, but takes an active interest in public affairs, and is regarded as one of the most expert piano men in the state.

Mrs. Daughtry, a daughter of Mrs. Manley, is with her husband as is their custom to travel together. They expect to be here for several days.

Baseball Games Scheduled For July 4th

Real baseball contests will be staged here at 3 p. m. Thursday at the diamond on the High School ground.

The main contest is said to be between the teams of Clarendon and Ashtola.

Martin claims to have a team that will beat the better. In other words, Martin's team proposes to "take on" the winner of the first contest.

OLD FIDDLERS TO HAVE CONTEST HERE THURSDAY

Master Musicians Will Get Chance to Turn Talent Into Cash

No section can lay claim to better fiddlers than old Donley county. Plumb plenty of them and "a rearin' to go" any old time. They will play for the pioneers at the noon hour. With them will "appear" any form of accompanists that might be expected, and some unexpected. It's up to the old fiddlers to furnish the music as they see best. It will be plenty good.

Following the show at the College Auditorium at 8:30, the old fiddlers will have a contest, each playing two tunes. First prize will be \$5, the second \$3 and the third \$2. Three judges will decide the matter and each fiddler will furnish his own accompanist.

Fiddlers of the county who wish to enter the contest should get in touch with J. C. Estlack, who will have charge of the fiddling contest.

Relatives Attend Services For Mrs. Alexander

Among the relatives here for the funeral service of Mrs. J. J. Alexander Saturday were her four sons and their wives: Mr. and Mrs. Grady Alexander, Mr. and Mrs. Byron Alexander, Mr. and Mrs. Clark Alexander, Mr. and Mrs. Cecil Alexander.

A niece, Mrs. Ed Mercer of Alva, Oklahoma; Ray Woods, a nephew of Dallas; Mrs. M. J. Charles, a sister-in-law, of Canyon.

Friends from many points were also here from outside the county. A large congregation and a profusion of flowers attested the high esteem in which this section of the Panhandle held one of its pioneers and leading citizens of a family name that has had much to do with the development of both Hall and Donley counties.

Clampitt Says Panhandle Is In Sorry Plight

"We can't hope to do much until we grow a good crop and get something for it," was the statement of D. W. Clampitt Wednesday. He says the plains section is in hard shape as compared with normal years.

He and Mrs. Clampitt visited their farm near Canyon Tuesday where the wheat is ready for harvest. Mr. Clampitt says some of it will make three and some ten bushels, but he thinks his field of 260 acres will average about five bushels.

He expects a better wheat yield on his farm near Farwell which will not be ready to harvest until late next week.

John Stewart Captures Bug For Pre-Centennial

A bug, worm or reptile of miniature prehistoric outline or contour was discovered by John Stewart and brought to the Stocking drug store where it now reposes in pickle.

Some are of the opinion that it is a "Child-of-the-Earth", while others classify it as a "Chatz" frequently found in New Mexico. At any rate, most any one would agree that it is most deadly though it is not known whether it would bite or sting or do some of both.

In captivity, the animal may be seen as a part of the Pre-Centennial exhibit at the Stocking drug store.

Rain at Ashtola Tuesday Helps Crops

Water was standing in the furrows at Ashtola Wednesday morning as W. A. Poovy gave an enthusiastic report on the shower over that section today.

Fred Shores got a good rain but the limit was reached two miles this side of Ashtola, though it extending almost to Goodnight on the west. Showers of varying quantity extended from Claude to Estelline late Tuesday.

SINGERS WILL MEET SUNDAY AT McKNIGHT SCHOOL

Both Modern and Old Time Songs Are Included On Every Program

Making a program that will please all ages, is one of the chief objects of the leaders in the Donley County Singing Convention movement. Solos, duets, trios and quartets and specialty numbers are enjoyed at each of the meetings.

The next convention date is next Sunday. The place is McKnight school, one of the modern, roomy buildings that will accommodate the crowd. The program will begin promptly at 2 p. m. advises Mr. Newt Waldron, the president of the Convention.

All those who like to hear good singing are invited to attend. Those who feel so disposed, are invited to share in the songs in which the whole crowds join in.

The good citizens of McKnight will appreciate your presence and give you a warm welcome.

Kimberlain to Hold Family Reunion Here This Week

Miss D'Laurel Beville, granddaughter of the late Col. R. S. Kimberlain, will have as her guest the last of the week a number of Kimberlain relatives.

Mr. and Mrs. Geo. Archer and daughter Virginia, and Mrs. Laura Looney and Mrs. Sam Kimberlain, all of Los Angeles; Mrs. Dee Blocker and son Z. H. Blocker of Hondo, Texas and include all the children of the late Col. and Mrs. Kimberlain.

Z. H. Blocker is American consul in Morocco, northern Africa.

Attend Family Reunion In Murvall Bottoms

The Heath boys—Frank, Roy and Dewey—returned here Tuesday after attending a family reunion with their father, G. T. Heath of Crosbyton. The reunion was held in Murvall Bottoms down in Panola county, the former home of the Heaths.

The Heath clan was out in full, according to J. Frank Heath, who states that about three hundred were present. These were relatives on his father's side of the house, and came from Brownsville to the Panhandle.

CONTRACT LET FOR IMPROVEMENT UTILITIES PLANT

First Unit of Improvement In Bettering Service Of Light and Power

A contract has been let to the L. E. Myers construction company for the installation of the new 720 horsepower Diesel engine that is to displace the Prinn engine, manager Charles Lowery has informed a Leader reporter.

The same company will dismantle and remove the foundation of the old engine. It is understood that Speed Brothers will subcontract the concrete work from the Myers company.

This equipment is to be used only in cases of emergency should some fault or accident develop to the power feed over the high line that extends from Lake Pauline.

It is possible to receive power and light over the high line from the Abilene plant should it become necessary.

Local labor will be used so far as possible. The Myers company will bring in such skilled workmen only as is necessary. This is a policy of the West Texas Utilities company regarding any of their properties.

After the installation of the new power unit here to take care of local needs, Mr. Lowery states that a number of extensive improvements will be made to the highline between here and Childress.

REAPING AS THEY HAVE SOWN.

During the past nine months forty death penalty cases came before the Texas court of criminal appeals for adjudication. Only six of that number were saved from the electric chair at state's prison by appellate court action. Seven other cases were carried over for the October term.

Rape, murder and robbery with firearms constitute the major portion of the offenses. The conviction of a San Antonio preacher on a perjury charge and given seven years was upheld.

It appears that nobody is exempt from prosecution for murder now except the sons of high judges. It was either a "big mistake" or the wild youth was simply crazy "about science" when the crime was committed.

The public at large will feel more secure in "Life and limb" since the highest state court is more seriously concerned in the protection of human happiness and the enforcement of the law of the land.

*** **

THE HIGHWAY THAT LASTS.

With the announcement Saturday that the gaps on Highway 5 and 66 would be completed, a long suffering public will welcome the news with enthusiasm. Work is said to begin within 60 days.

If the finish is to be of a cheap material that will deteriorate with the pounding of heavy trucks in the first six months, the effort is hardly worth while.

A concrete surface properly laid, is the only system of highway construction worth while. Concrete lasts longer and reflects the auto lights at night thus cutting down the accident hazards. Concrete paving down state in use eighteen years is said to be in good condition. No asphalt topping laid in 1934 remains except with patches. Concrete highways pay a dividend in good service though they cost some more than the cheaper material in the first cost. The saving of gasoline alone over concrete as compared with the cheaper topping will more than pay for the extra expense of concrete. Now is the time for the Panhandle to urge that lasting, all-weather roads be built—concrete ribbons of sufficient width to take care of traffic for years to come.

HISTORY OF LIGHTED ATHLETIC FIELDS

By J. L. Kerby

A complete study of the history of athletic field lighting would be most interesting; however, so far as I know there has been no complete study of the subject and surely there can be no final analysis made until the system is complete.

There seems to be no definite place at which the idea started. Florida and California introduced lighted fields a number of years ago; the chief cause being the high temperatures during the day. The University of Illinois and other colleges used lighted practice fields in order to secure a time at which all the boys could be out of school, and also in order to avoid the heat during the early part of the season.

In Texas, the West Texas State Teachers' College at Canyon was one of the first to light its football field. Lights were also introduced on the practice field at Southern Methodist University; and many of the other State Teachers' Colleges lighted their fields. The high schools took up the plan in a few years and have increased a great deal since 1930. It has been reported that about one-fourth of the fields of the member schools of the Interscholastic League were lighted for the 1934 season or before.

When the lighted field was introduced there was a great deal of criticism to it. Some contended that it was merely a novelty or fad and would soon pass out of the picture. In the early development of the lighted fields, the East Texas State Teachers' College team of Commerce went to W. T. S. T. C. at Canyon and played a night game. Many fans stated that the Commerce boys would lose because they could not see the ball because of the glare. Some sidewalk coaches told that the game would be terrible from the fans' standpoint because the fan would not be able to see well enough at night. Of course these remarks came from people who had not seen a night game. After the trip the East Texas boys reported that they enjoyed playing under the lights, and had been able to concentrate on the ball more because there was a lack of outside interference.

As a result of teams playing under lights at other schools and practicing under lights at home, the novelty of the system decreased and the players and fans began to prefer the night games.

The growth has continued until we find that the towns, which do not have lighted fields, are now making plans to install a lighting system. This has been the result of many things, including the following: attendance has been increased over day game attendance; night games are becoming more popular with the fans and the players; there are certain advantages of night weather conditions; the field may be used for other night activities such as playground ball, field nights, pageants, recreation park, track meets, rodeos, and many other events.

At the present time the schools and cities are making history in lighted athletic fields used for other recreational purposes. Many cities, large and small, in our state are using the floodlights every night, except Sunday, for the recreational activities of the city. There is an increasing interest being shown in physical recreation for adults; and use is being made of the lighted athletic fields for this purpose. In these recreation parks they are playing volley ball, softball, croquet, horseshoes, and many other games. Full recreational activities for adults is being developed throughout our state, and many of these activities have come because of the fact that the city has a lighted football field, which has made light available for the night activities. It has built a

surprising community spirit in many places. Night track meets over the country have created or renewed interest in this oldest form of physical sports.

In our football district, composed of eight schools, it may be found that Memphis, McLean, Shamrock, Wellington, and Lefors have lighted fields, while Clarendon, Mobeetie, and Wheeler do not have lights. Wheeler is completing its project and expects to have lights for the 1935 season; while Mobeetie has scheduled all of its games away from home because of lack of interest in day games. What shall we do?

It seems that the trend is toward lighted fields, and will continue in that direction. Several schools throughout Texas are putting in their lights this year and it would not be surprising to find that by the end of the 1935 season that at least 60% of the athletic fields, in cities of over 2,000 population, have been lighted.

This is the first of a series of articles for your benefit. Please read them carefully and think about our need of a lighted field. The other articles as planned will follow week by week as follows:

Advantages of Lighted Athletic Fields.

Relation of Clarendon to Other Cities with Lighted Fields.

Plans for Installation of Lights on Athletic Fields.

A possible Community Program for the City of Clarendon on a Lighted Athletic Field.

My summer address is 411 Amarillo St., Denton, Texas, and I shall welcome letters from any of you, especially your opinion and suggestions concerning the problem of a lighted athletic field.

R. E. Nowman of Hedley was transacting business here Monday.

Miss Julia Hahn returned home Sunday from McLean, where she visited friends and relatives.

TEMPLE OF TRUTH
By the Apostle

Surgery is a great science, but what we need right now is for some old boy to come forward with a method of transferring the "bone" from the head of the statesman to his back.

A financier is one who can make money when times are hard, and save money when times are good.

Advice: "Never do anything too often."

It's a pleasure to know that we don't have to believe everything that we hear. It is bad enough to have to listen to it.

A bird may not have as much sense as a human, but they sing most, and certainly know the way to get "home" when the proper time comes.

Another good reason why we should steer clear of the war now brewing, is that we can't afford to

win another one for years to come. The College Hill Widow says that women are naturally born unlucky. For instance she goes to the trouble to marry a man just to get an audience, and then he won't listen to her.

Old-timers will recall that back in the "buggy and horse" days there never was an instance of where a young couple was driving old Dobbin leisurely down a lane, ran into soft gravel and turned over three times.

"As another evidence that you are not two-faced," Ima Fallyur said to her boy friend Sunday, "you certainly would be wearing the other face."

As a picnic appetizer, did you ever smell any of this prepared fish bait just before eating?

It's getting so that the chief public enemies are not fugitives from the law, but some who are operating within the law.

A lady who has three grown daughters says that if she has something that she wishes to hide from the girls, she places it in a bowl and stacks dirty dishes on top of it. Pie, cake, candy etc. are as safe there as if placed in a safety deposit vault.

Why is it men brag more on a good dog than on a good wife?

Shezza Fizzle says her boy friend from Jericho is so dumb that he thinks Purgatory is something for the liver.

Most of our troubles come from

workers who do not think, and thinkers who do not work.

A good paint job will hide the marks of time, good lady, but it won't change the chassis.

If your insurance is all paid up, you can go on and blow on the fuse of that giant firecracker that doesn't look like it was going off.

English is called the "mother tongue" because mother is said to use it the most.

Hay! Hay! San Angelo fair proposes to start a whisker growing contest paying prizes for the most comical, best trimmed and the longest handle bars type. That's likely some smart mattress factory boy's idea.

Down in Upshur county a "yamboree" will be held in October. Yeh they do it with 'taters. 'Member those good old yaller yams?

A man pulled from a car wreck near Enid Saturday was skinned up but got consolation out of the fact that his radio was singing "Nearer, My God, to Thee." It always pays to have an auto radio.

A hitchhiker was heard to remark recently that "these rains sure play hell with the tobacco business. He had not found a dry snipe all day."

In getting things back to normal channels, hadn't we better call the Legislature out and do something about the river beds of south Texas?

In seeking a rebirth, the republicans had better get old Doc Dafoe on the job.

The world looks most selfish to the most selfish man.

Fashion Note: What the dickens is a "halter blouse?"

What a lot of liberty is spread around these days. Back yonder when a couple diked in their best when they were to meet by "appointment" and both were cramped and strangled by dame fashion. Fashion was cruel but custom was a monster as compared to it.

I see a young couple sprawled on a lawn. He is coatless, tieless, sockless and shirtless and his sandals are untied. He never wears a hat. Why dang him, he is getting real enjoyment out of life. The girl is almost undressed as compared with 30 years ago. She has on a skimpy dress, is bareheaded with only a narrow ribbon to keep the hair off her neck or out of her eyes. Sockless and sandaled, perhaps she is enjoying life. Dressed like that, what care they if the legs are bowed or that the teeth stick out. Nature is lenient in love affairs of today. Bulging muscles burned to a soft brown by the sun's violet rays means health and happiness. Love goes on just the same.

Back in our young days we had a high celluloid collar, sat stiffly on a chair and our clothing fit as if we had been melted and poured into the rig. What a torture! And we thought we were smart—all of us—back in the alleged "good old days." How did we ever manage to keep out of the fire? No wonder so many old fossils wish they were young again. In this late day, all that we can do is admire and wish them well. They will probably succeed in spite of our narrow ideas anyway.

And it won't be many years until the young will learn that pouring oil on the hair only makes them get bald a few years earlier.

With all this snake-biting-preacher stuff in the papers, we get a grand idea. Why not have one of our local preachers bite a

snake the 4th of July? It would be a great idea and skinny Adams says he has a pet rattler that is willing to be bitten by a sincere preacher. Who'll be the first preacher to volunteer to bite a snake July 4th. Come on, we have to have a show, fellows.

To the preacher biting the snake, he will get his picture in the paper as a "leading snake biter," and a write-up along side live reading matter on the front page.

The swellest tomatoes and cabbage ever donated to our poor farm were those given us by Mrs. O. L. Fink. She brought them from Ironton where she visited her daughter, Mrs. Edgar Brittain. Thank you Mrs. Fink.

Jim Ferguson is mailing out letters to the larger property owners asking them to donate him \$50 to fight the old age pension idea. He tells the boys—and girls—that if they don't kick in to him, taxes will be high as a cat's back. One fellow here wrote him:

"Dear Jim: You got my address too late. When I was donating to your campaign, I was well hooked up. But you did not give me the job you promised. I got my place soaked and lost it. I moved to town and joined relief. I may get a pension if you don't beat me out of it. I've reached bed rock and am too busy looking for a job to fight the old folks even if I was turned that way—which I ain't."

Fishermen don't seem to be having any luck. There was a time when a cotton string tied to a limb baited with bacon would catch a string of fish as long as a constable's cigar. Now they won't even bite a factory bait on a silk thread on a cane pole harnessed with a \$10 reel. Fish are simply getting uppish—nothing else. They are that much like folks.

That's all for this week. Now go on and blow off a hand or a foot. I'll tell them next week what hospital you are in. A big 4th to you and yours.

Phifer Estlack left Saturday to attend school in Akron, Ohio through the summer.

SALES GIRLS—
ZEETA IS YOUR
BEST FRIEND

When you suffer from perspiring, tired, itching, burning feet, water blisters, Zeeta is as welcome as the boy friend. For in just 5 minutes it brings you relief—cool, soothing, healing comfort. Get a can to-day and rub Zeeta on your feet, sprinkle it in your shoes and you won't mind the long hours you stand on your feet. Zeeta, the antiseptic foot-dressing powder, is recommended by doctors, chemists, leading druggists everywhere.

AN ORDINANCE

Be it remembered by the City Commission of the City of Clarendon, Texas:

Upon and after the passage of this ordinance, it shall be unlawful for any person, firm, or Corporation to erect, maintain, equip or operate any kind or manner of pump or device through which motor fuel oil may or can be dispensed any where along or upon the length and breadth of Second Street any where within the corporate limits of the City of Clarendon.

This ordinance is amendatory to all ordinances heretofore passed dealing with the same subject, and all ordinances in conflict in whole or in part herewith, are hereby expressly repealed.

Any person, firm, or Corporation who violates this ordinance shall, upon conviction, be fined in a sum not to exceed One Hundred (\$100.00) Dollars and not less than Ten (\$10.00) Dollars.

The fact that Second Street through the City of Clarendon has been designated as State Highway No. 5 and that the same is a Federal Aid Project, and that the Federal Government will not advance Federal funds to complete such Highway work with such pumps aforementioned existing on such Street, creates an emergency, and an imperative public necessity that the rule requiring ordinances read on three several occasions be suspended, and it is hereby suspended, and this ordinance shall be in force and effect from the date of its passage, and it is so enacted.

Passed and approved this the 19 day of June, 1935.

CHICKEN BARBECUE ENJOYED

Mr. and Mrs. Frank Whitlock and Mr. and Mrs. Leck Goldston entertained a few of their friends with a party on the lawn at the home of Rev. and Mrs. J. Perry King Thursday night. Mr. Whitlock barbecued the chicken and they were just the finest ever. Salad, cake and ice cream also were served.

Those enjoying this occasion were Rev. and Mrs. J. Perry King, Messrs. and Mesdames G. G. Kemp, Lon Rundell, Allen Bryan, McCleskey, Leck Goldston, Clarence Whitlock, Sam Lowe, W. A. Land, W. C. Stewart, Joe Goldston, Frank Whitlock.

And, Misses Margaret Goldston, Sammie Joe Lowe, Joe Ella Stewart, and David McCleskey, Billie Lowe, Nicky Stewart, John Burton King, Price Whitlock.

JOLLY GROUP CLUB MEETS THURSDAY

Mr. and Mrs. Homer McElvany entertained the Club at their home Thursday evening. The guest rooms were made more attractive with Garden Flowers.

Games of 42 were played until late when delicious ice cream and cake were served to guests, Mr. and Mrs. M. S. Parsons, Members, Messrs. and Mesdames Karl Tyree, Arthur Morgan, Sloan Baker, Fred Russell, McElvany.

KILL KARE KNEEDLE KLUB

Mrs. Mark Stricklin was hostess to the members and guests of the Needle Club Thursday afternoon when they met at her home. Pleasant conversation and needle work were enjoyed for a few hours. Lovely salad course refreshments were served to guest, Mrs. Joe Goldston. Club members, Misses Etta and Ida Harned, Mesdames Massie, Land, Lowe, Braswell, Cluck, Sanford, Bartlett, Williams, Stewart and King.

WIN ONE S. CLASS

Mrs. J. A. Meaders and Miss Katie Meaders entertained the Win One S. S. Class of the Methodist church Monday evening at their beautiful country home north east of town, Mesdames Bill Meaders, Glen Williams and John Goldston assisting hostesses.

Mrs. Barcus in her impressive way led the devotional. After the business session a social hour was enjoyed while lovely refreshments were served to invited guests, Mesdames Barcus, Landreth, Morris and James and children and 32 class members.

CLARENDON H. D. CLUB

The Clarendon H. D. Club will meet at the home of Mrs. N. M. Lawler Friday at 3 p. m.

MIDWAY STUDY CLUB

Misses Virginia and Jane Williams were charming hostesses to the Midway Study Club Friday at their beautiful country home, Miss Katie Meaders, the president, presiding.

Devotional led by the hostesses, Miss Virginia reading scripture, after which Miss Jane led in prayer.

The lesson taken from the Book of Ruth was given in a beautiful story form by Miss Beatrice Hardin, and the first half of the Book of Samuel was given by Mrs. Naylor.

The poem, "Ruth", was given by Miss Gladys Hardin. Readings by Misses Lucile and Betty John Goldston, Edna Lee Mahaffey and

Mary Elizabeth Cornelius. After a social hour, cake and punch was served from the dining table which was laid with a lace cloth and centered with sweet peas in pink and white. Sweet peas were also used as plate favors.

Members present were Mesdames J. A. Meaders, Jenny Stone, Laura Mahaffey, Erma Naylor, Susan Hardin, Jimmie Millsap, Pearl Meaders, Joe Jones, Mary Jones, Nora Goldston, Eddie Williams. And:

Misses Beatrice Hardin, Gladys Hardin, Lucile and Betty John Goldston, Mary Williams, Edna Lee Mahaffey, Katie Meaders, and the hostesses, Misses Virginia and Jane Williams.

The next meeting of the Club will be July 17th in the John Goldston home with Misses Lucile and Betty John as hostesses. Mrs. Jimmie Millsap will be leader.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

Strange isn't it that people who demand so much of other people are satisfied with so little in themselves? Those who know all about soul-winning never won a person to a knowledge of Christ as their Savior. Those who never preached a sermon know exactly how and what a preacher ought to preach. The ones who never taught a Sunday School class are bored at the efforts of their teacher. Some who never held an official position in a church know all about church administration. Those who have no children know exactly how to rear a family. There are those who never published a news paper who would make a wonderful success of the business. The best farmers never pulled a pair of lines across the backs of a span of mules. The best bankers never had a bank account. The man who ought to be President of the United States has never been mentioned as such. The best doctors never went to a medical school. The best peace officers never arrested a criminal. The most efficient school teachers never taught a class. The most successful business man never owned a business.

"If we could see ourselves as other people see us, We'd swear that what they see Just can't be us."

The rules regulating righteous christian living, as set out in the Sermon On The Mount by Christ himself should be the dominating principle in every one of our lives. When we measure up to Christ, then and only then should we make a tirade against those who are doing their best to measure up to his teachings and follow in his footsteps.

Regular services Sunday at the Baptist Church, the pastor preaching both morning and evening.

Mrs. J. R. Bartlett and children who visited in Panhandle last week returned home Sunday. Bettie Joe remained for a longer visit.

Mrs. Louie Holloway and daughters Gail and Bettie of Medicine Park will spend the 4th of July with her parents, Mr. and Mrs. Wiley Morris.

CHURCHES

ST. JOHN BAPTIST CHURCH (Episcopal)

Rev. Newton C. Smith, Rector.

Services at St. John Baptist Church, Sunday the 7th, the third Sunday after Trinity. The Holy Communion will be celebrated preceded by a short sermon by the rector. A cordial invitation is extended to all to worship with us on this morning.

FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, pastor.

Sunday School, 9:45 a. m. Morning Worship, 10:55 a. m. Sermon subject: "The Ninth Commandment." Intermediate Society, 7 p. m. There will be no evening service. The Auxiliary Circles will meet Wednesday.

FIRST METHODIST CHURCH

E. D. Landreth, pastor.

The pastor will preach at both services Sunday. Morning worship 10:50, Evening worship 8:15. Sunday School 9:45. Epworth League 7:30. Leadership Training Group 7:15. For three Sundays the attendance at Sunday School and Church has maintained the highest mark since Easter Sunday. Yet there are many who should be with us who are not. Worship with us Sunday. You will find a welcome, and a helpful service.

Mr. and Mrs. C. Daughtry of Ft. Worth is visiting her sister Mrs. Allen Bryan.

Miss Ruth Perry of Oklahoma City is visiting her aunt Miss Fanny Perry.

Mr. and Mrs. W. R. Blocker of Texas City who have been visiting in the C. M. Lane home left Tuesday for their home.

Penner Scores Touchdown In "College Rhythm" Movie; Chortling, Tuneful Comedy

Flop! Right down in the middle of a stirring football season comes Paramount's giddy and scintillating comedy, "College Rhythm," coming to the Pastime Theatre, Sunday and Monday, July 7-8th, to show just what can be done with football, properly mixed with girls, music, Joe Penner and a whole bevy of Paramount stars.

Appearing in his first featured picture, Joe Penner, together with Goo-Goo and his famous floppy hat, is supported by a cast that includes, Lanny Ross, Jack Oakie, Helen Mack, Lyda Roberti and Mary Brian.

The story opens with "Love and Kisses" Finnegan, (Jack Oakie) streaking up the field with State's winning touchdown, while Mary Brian exults and Lanny Ross, who plays a piccolo in the band, burns. Both the boys are in love with Mary.

Their college feud is carried over into the business world when the two boys, together with Penner, keeper of the team's mascot duck, go to work in Stacey's department store. Chock full of ideas from their college training, they begin to transform the store and what a job they do!

Before they're finished, Stacey's staid and decorous institution is transformed into a college jamboree with banners, chorus girls, bands and a real football team.

Naturally their competitors follow suit, even down to the football team. And soon the Stacey team is challenged by the Whimples to

a game for the individual store's honor.

This game is the highspot of the picture. Under the direction of Jim Thorpe, one of the all-time heroes of the national game, and with stars recruited from the coast's eleven, the film presents a contest that will start your heart throbbing and bring you to your feet to cheer.

After the game, Lanny Ross discovers that it is his little secretary Helen Mack, whom he has loved all the time, and Oakie, now free to propose to Mary Brian, becomes his most valued friend.

Every department of the picture, girls, music, comedy, have been so well executed that there is never a dull moment in the entire film.

The comedy scenes between Penner and Lyda Roberti, musical comedy sensation, are excruciatingly funny. Ross' singing of the bevy of brand new Gordon-Revel hits is even better than his radio performances, and you know how good they are. And Jack Oakie turns in a sparkling comedy performance.

And lest we forget—score another hit for Norman Taurog, ace Paramount director. He smacked the bull's eye with "College Rhythm."

Mr. and Mrs. C. J. Van Zandt of Tulsa are visiting with her parents Mr. and Mrs. Joe H. Hurn, and will remain for the Thursday celebration.

SUNNY VIEW

Pauline Brame

Mr. and Mrs. Heckle Stark attended a weiner roast Saturday in the home of Mr. and Mrs. Earl Myers of Lelia Lake.

Our Weekly CHURCH CHAT

W. E. FERRELL
Minister First Christian Church

"The Gospel, A Charter of Liberty" "And ye shall know the truth, and the truth shall set you free." John 8:32.

This week our nation is thinking about liberty, Independence, and freedom.

1. TRUTH. A term variously employed in the Scriptures. It means, veracity in opposition to falsehood; substance in opposition to types and shadows. It often means the whole word of God. In our text it refers to Christ's holy and blessed gospel. Now the gospel includes every other definition of truth. It is veracity. It is substance. The gospel is full of Christ's person and glory. It's histories are truth. The gospel is divine truth heavenly truth, infinitely precious truth eternal truth.

2. The Knowledge of Truth. It is very important that we have a knowledge of truth, of the gospel. The knowledge of truth may be, (1) merely mental, without any effect being produced on the heart or life, (2) Experimental. That is, when tried and tested it will produce a wonderful change in the life of the individual that accepts it. All who cordially hear, believe and obey the gospel know this is true. The woman of Samaria knew this. The man born blind knew this. Saul knew it and all who are truly converted know it.

3. The Influence of Truth. It shall make you free. The bondage of slavery is here premised. All men are naturally the slave of sin and need to be freed from this bondage. Christ is the only one

that can bring that freedom. He promised this freedom to all who would accept and obey his gospel, his eternal truth. An experienced knowledge of truth makes us free from, the condemnation of guilt, from harassing fears. Guilt and sin are ever associated with fear of death. The gospel points to Christ's universal reign. It promises great things for the future. While we celebrate our national freedom and independence, let us not forget our spiritual freedom and independence, which comes through obeying truth.

Smithsonian Institute Lends Endorsement to Museum

Canyon, Texas, July 3.—The West Texas State Teachers College is now registered as a patron of the Smithsonian Institute, Washington, D. C.

A certificate giving the basis for this designation has been received by Dr. J. A. Hill, president of the college. It states that the recogni-

tion is given because of the aid which the Canyon college has been to the Smithsonian scientific program which has for its purpose the diffusion of knowledge.

The work which is being done by the Panhandle-Plains Historical Society and by the college department of archaeology and paleontology was recognized by the Smithsonian Institute as valuable not only to Northwest Texas but to the cause of science everywhere.

Professor L. F. Sheffy directs the work of the Historical Society and Professor Johnston and Floyd V. Studer of Amarillo have directed the excavations which interested the Smithsonian Institute in this region.

Miss Jessie Ingram is attending the University of Southern California to which place she asks that the eLader be sent her in Los Angeles.

Donley County Leader, \$1.50 a year

GOVERNOR GETS PLANNING BOARDS TO MAKE SURVEY

Every County in State Will Be Included in Effort To Further Business

Austin, July 2.—Governor James V. Allred announced this week completion of plans for a far-reaching industrial survey designed to provide jobs, attract outside capital into Texas and rehabilitate dormant and ruined industries.

The governor revealed that Dudley P. South of Houston, an industrial engineer of exceptional training had already done several weeks of work in determining the feasibility and possibilities of the survey.

Mr. South, a graduate of Rice Institute and Columbia University, close associate of Dr. Walter B.

Pitkin, will head the survey.

Governor Allred, pointed out that an industrial survey of Texas, with particular reference to getting men and women off public relief rolls into gainful private occupation, had been recommended by the Democratic Party in its convention last September.

"Inauguration of the Texas Industrial Survey," the Governor said, "with Dudley P. South as director, offers almost unlimited possibilities for co-ordination public and private initiative to the end that jobs for the jobless will be provided and the entire industrial welfare of the state be promoted.

"We have already assurance of co-operation from leading civic organizations, including chambers of commerce throughout the state, the University of Texas and Southern Methodist University, also from many public-spirited citizens. An advisory council composed of prominent commercial and industrial leaders of Texas, will be announced shortly. Also, a co-ord-

ination committee, composed of several men who have worked with Mr. South in the preliminary surveys and will assist him in furthering the work."

The governor released a statement from Mr. South briefly outlining objectives of the survey as follows:

"The function of this survey is to make available for all business enterprises such data as will enable them to expand their work, undertake new development, hire more men, and judiciously invest more capital.

"There are many types of manufacture which require little investment and use considerable hand labor. We are beginning our survey with this type in the foreground.

"There are also many major industries outside of Texas which do not have important branches in the state and which could profitably establish such branches. We hope to furnish them with data that will convince them of the wis-

dom of coming here.

"The survey will be entirely impartial with respect to the different cities and sections of the state and will make its findings available to all. It invites the co-operation of all institutions which have been doing this sort of work on a local or regional scale; and we have already received assurance of help from many of these.

"National and world opportunities for Texas business enterprises will be studied. We hope to increase the scope of the survey and this increase will come steadily if we receive the co-operation we have been encouraged to expect."

Mr. South is a veteran of the world war, having served with the signal corps in the Meuse-Argonne, St. Mihiel and other offensives. He is married and has two children.

Mr. and Mrs. Breedlove made a business trip to Herford Monday. Mr. Breedlove made the trip in connection with soil erosion work to be done here.

Welcome, Pioneers!

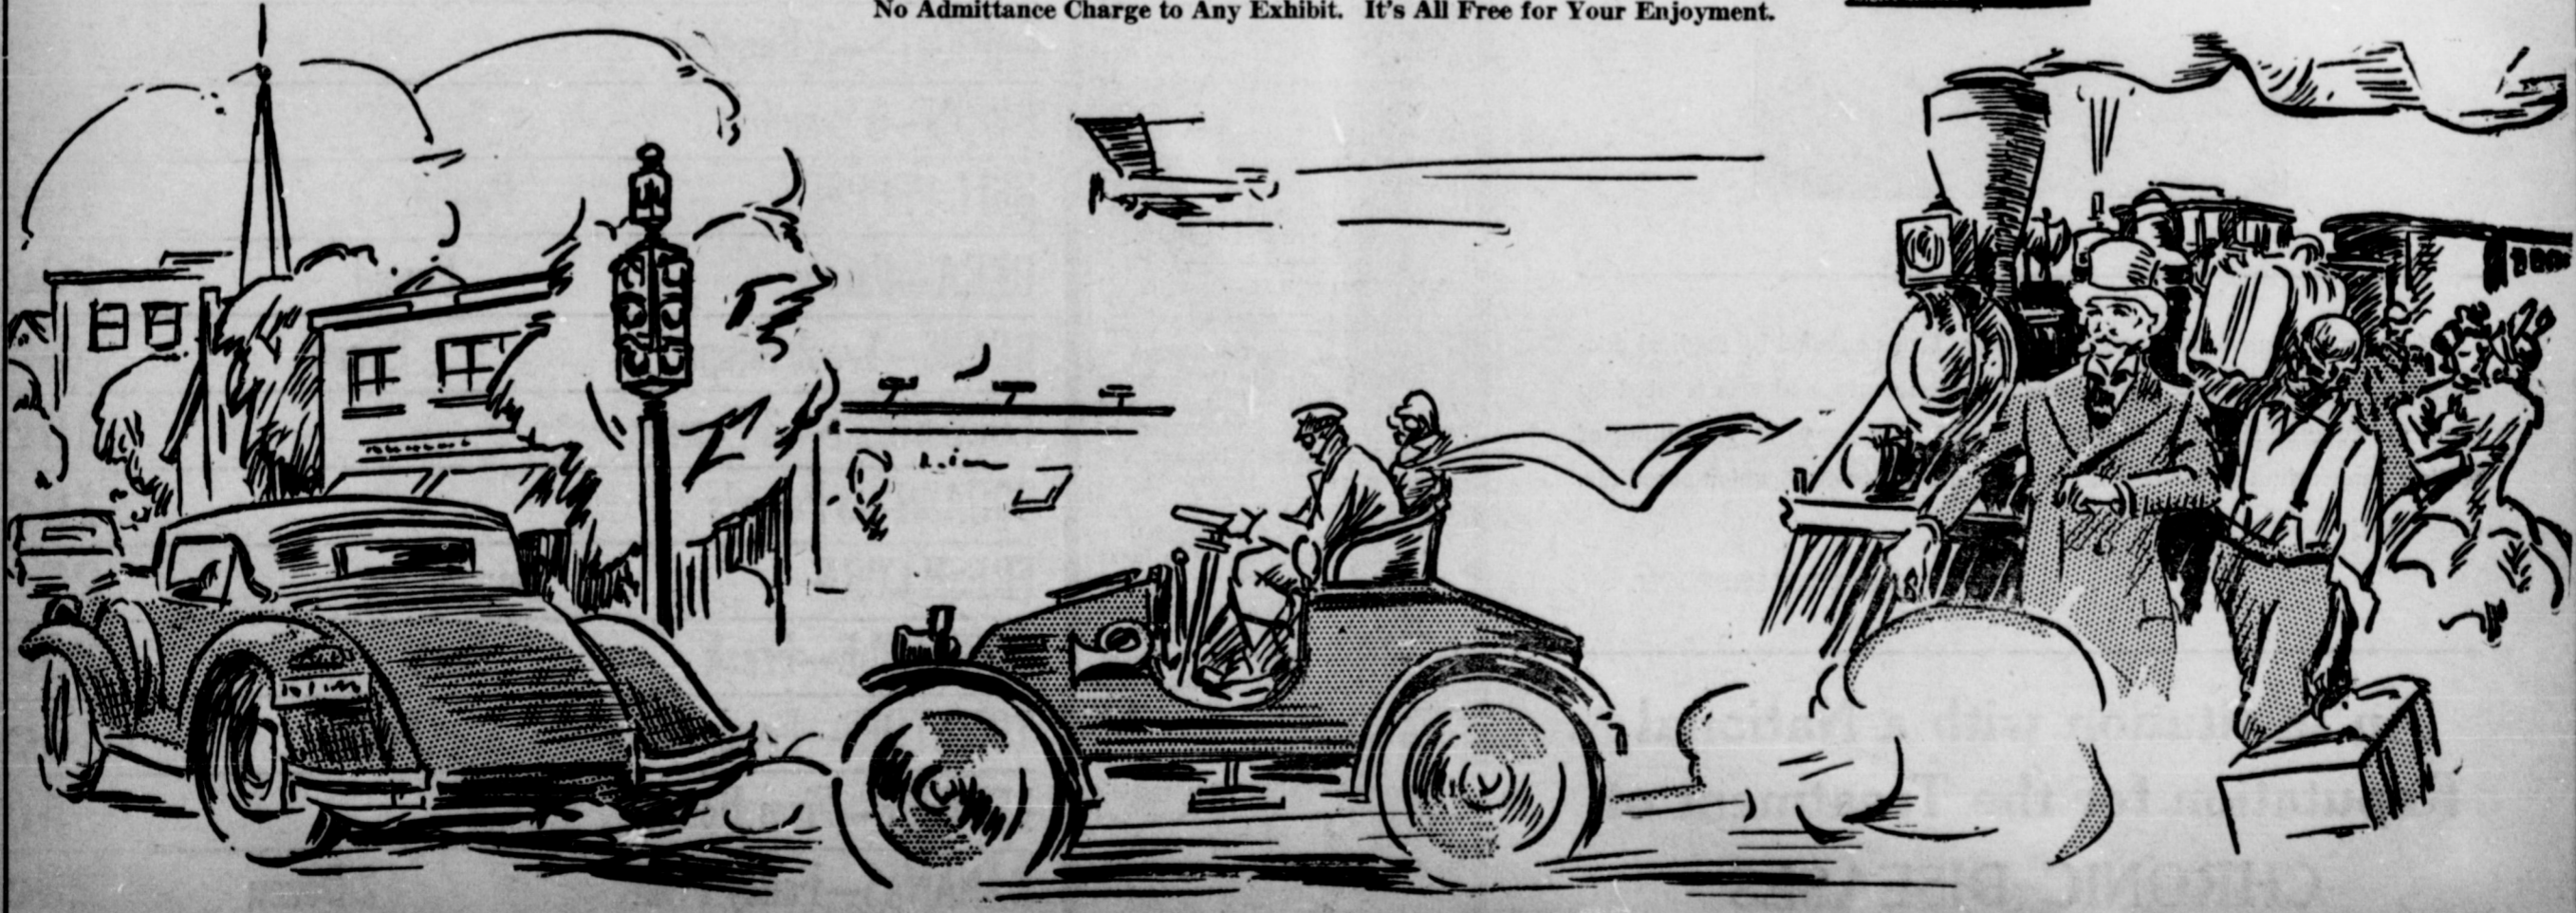

FREE PIONEER DINNER

All those who came to the Panhandle prior to 1896 are eligible to "sit in" with the Pioneers at a dinner given in their honor at the noon hour.

This dinner will be given in the basement of the Christian church, and will be served by the ladies of that church.

This is a courtesy paid "only" to the old folks who blazed the trail and endured the hardships that a younger generation might enjoy more of the luxuries of life here.

WELCOME PIONEERS!

CLARENDON WINS IN FIRST GOLF MATCH SUNDAY

Will Play Return Game At Memphis Next Sunday If It Doesn't Rain (?)

In the first inter-club matches of the season, the Hillcrofters won

by a score of 16 to 5. Results of Sunday's game is given below:
 Memphis winners—Thomas Hampton defeated Ira Merchant, 3-2; L. M. Hicks downed "Pinkie" Kerbow, 3-2; Carl Harrison erased Meredith Gentry, 5-3; J. C. Ross beat Walter Wilson, 2-1; and L. M. Hicks Jr. defeated Loyd Martin, 2 up.
 Clarendon winners—A. N. Wood clubbed R. S. Greene, 5-4; Dick Cooke stopped J. D. Webster, 4-3;

Otis Jackson beat O. B. Smith, 2-1; Joe Jackson erased Floyd Springer, 2-1; U. J. Boston swamped M. E. Allen, 5-4; Alex Cooke downed John Deavor, 5-4; J. T. Patman scratched T. M. Harrison, 4-3; Fred Buntin stopped H. D. Delaney, 5-4.

B. Haile beat Charles Davenport, 6-4; Glenn Allison stopped Harold Foxhall, 5-4; Doss Palmer won over Leslie Foxhall, 1 up; Paul Greene nicked Jack Walker, 3-2; Wesley Knorpp stopped M. J. Draper, 1 up; Bennet Kerbow erased T. H. Deaver, 3-2; Carl Parsons downed Lewis Foxhall, 2-1; and Tom Connally defeated George Loveless, 1 up.

Farmers Receive Thousands Of Dollars This Week

The second payment of Bankhead surplus certificates pooled last fall amounting to \$23,988.33 was received by county agent H. M. Breedlove Monday.

This payment is approximately \$3.45 per bale, less 20 cents handling charges. There were 69 percent of the certificates sold. The remaining 31 percent can be pooled in a special pool that is being created in the south part of the cotton belt where production is earlier.

This pool is connected with the regular pool that will exist this fall.

LAST RITES FOR MRS. ALEXANDER HELD SATURDAY

Wife of Former County Judge Came to Donley County Over 40 Years Ago

Funeral services were conducted at the First Baptist church Saturday afternoon for Mrs. J. J. Alexander, who passed away at the home of her son in Ft. Worth at 6 a. m. Friday. Her former pastor, Rev. B. N. Shepherd conducted the services, being assisted by the present pastor, Rev. J. Perry King.

Mrs. Alexander had been in failing health for some time. For the past several months she had become steadily worse, and remained with her children in Ft. Worth where she had every care and attention.

She is survived by four sons. They are: H. G., B. R., T. C., and W. C. all of whom reside in Fort Worth, and were here with their wives to pay their final tribute. Judge Alexander had preceded her in death some few years. Her sisters are Mrs. J. Nat Woods of Clarendon and Mrs. P. M. Bush of Crisfield, Kansas. T. J. Roberts of Ft. Worth, aged 91, is her father.

Other relatives here for the last rites were Ray Woods of Dallas, Mrs. Ed Mercer of Alva, Oklahoma and Mrs. M. J. Charles of Canyon.

Pallbearers were old friends of the family and included E. R. Andis, Ben Andis, Odos Caraway, G. J. Teel, A. E. Tidrow and Roy L. Clayton.

Mrs. Alexander was born near Bartlettville, Arkansas February 25, 1875 and came to Hall county at an early age. She joined the Baptist church in her youth and led a devoted christian life.

It was in Hall county that she met and married the late Judge J. J. Alexander. They moved to Donley county more than forty years ago.

It has been said, that "To live in hearts we leave behind, is not to die." Truly may it be said she lives in loving hearts, today, and her memory will continue to remain through the years to come.

Inured to pioneer life, she learned that courage was necessary in climbing the hill of life. With each disappointment, she took fresh courage and it was mother's encouragement that soothed the rough places for the members of her family, and her friends.

She was great in doing the little things—the things that count for most, after all. Often when those nearest and dearest to her wearied with the toils of the road, discouraged, and paused to rest, it was then that her great motherly influence shed its brightest ray lighting the pathway for those who needed the steady influence of one of greater faith.

She encouraged her children in all things and endeavored always to instill in them the principles of Christian living. In her last days as life slowly ebbed away, those stalwart sons became ever nearer and put forth every effort combined in affection and science to keep her with them. Every want was supplied and a constant vigil was kept by some of the sons at her bedside—a wonderful tribute to motherhood.

She left behind life's most enduring monument—good men and a star of hope that will guide them in right living, that they may pay mother a tribute every day of their lives.

The legion of friends in the old home of Donley county regret the passing of one of our foremost pioneer citizens, and extend to the bereaved sincerest sympathies.

PRE-CENTENNIAL—

(continued from front page) brought to America by ancestors of J. C. Estlack in 1802. It was owned by Barca Von Tries of Alsace-Lorraine and became the property of Franz Mueller, great grandfather of the present owner when he emigrated to Virginia.

Another ancient bit of statuary comes from the ruins of Pompeii in Italy. This bit of bronze was buried in A. D. 79 by an eruption of Vesuvius. Owned first by Franz Mueller in 1828, it being purchased from an Italian family in Virginia. Property of J. C. Estlack.

Shaver & Whitlock are specializing on photos of cow camp and other ranch scenes. Rowe ranch of 1895 is shown among a lot of old-timers. The Clarendon high school photo of 1897 should make the present generation appreciate the modern facilities of today.

Rieger drygoods firm shows pictures of an early Clarendon "bar room" back when nature could be viewed in the raw. The Shoe-Bar ranch scene of 1885 will recall old days to many of our old cowpunchers yet living.

A Confederate reunion scene of 1904 was probably the last big gathering of its kind here. That was back about the time Col. R. S. Kimberlin furnished the barbecue and trimmings as a compliment to soldiers of the war on both sides who happened to be here.

The Kandy Kitchen has an interesting exhibit, chiefly among the pictures is an advertising scheme fostered by the Chamber of Commerce back in 1908. Ranch scenes and pictures of old settlers make up the list.

The Nook Drug shows a buffalo scene of 30 years ago, the picture being made by Homer Mulkey. Flop Pyle and family when living on a ranch, the old Methodist

church and other pictures may be seen. See Clarendon in 1889.

Rathjen's shoe store specializes on flood scenes, June of 1904 and May of 1918. Floods are not a new thing, but being better controlled.

Four mules are hitched to Homer Mulkey's photo gallery as the wagon moves from Estelline to Silverton in 1901. He took a number of Palo Duro canyon scenes

which appear in the exhibit. The first graduating class of old Clarendon College and a large number of other old-time pictures make up a wonderful pioneer exhibit.

R. A. Brame, farmer residing in the Sunnyview community says some crops are dying from the lack of moisture, especially the late plantings.
