

## Many Projects Are Started In WPA Work Drive

Miles Of Lateral Roads Being Constructed In 12-County District.

Construction of farm to market roads, to connect the farm home with paved highways and marketing centers, is one of the dominant features in the WPA work program.

Approximately 200 miles of lateral roads are already under construction in the 12-county area comprising WPA District 14 with Brownwood as headquarters. Several hundred miles of additional farm to market roads in this area have received Presidential approval.

Lateral road projects in Madison and Blanco Counties will be started next week. Other projects will be placed in operation as soon as the necessary labor becomes available.

**Athletic Stadium**  
Township school districts and other political subdivisions will likewise share in a large portion of the emergency appropriation money. District Director Carl E. Wallace states. Construction of athletic stadiums is already under way in San Saba, Llano and Brownwood, while work orders have also been received for improvements on the Williams School (Brown County) and the Eola School (Concho County). A group of WPA workers is rushing to completion an imposing new native rock gymnasium-auditorium at the Rochelle school in McCulloch County to prepare the structure in readiness for basketball ball season. This building, equipped with a large stage, will also serve as a community center and recreational center.

On the Eden School grounds WPA workmen are finishing two concrete tennis courts, the first of which is to be completed in this district.

Construction projects of permanent value, many of them filling immediate needs, are being sponsored by mayors and city councils. Sewer systems are being built with WPA funds in Ballinger and Llano townships of Richland Springs and Brownwood have begun improvement and extension of their water systems with WPA grants. At Coleman eight blocks of street paving are well under way. A masonry and ten Masonry drain boxes under construction at Ballinger. At Brady the municipal flood protection wall is being extended 100 feet along the banks of Brady creek, while 1200 feet of the present wall are being raised to more effectively protect the business district against recurring flood disasters. A rock crusher, manned by WPA personnel, has been crushing material for WPA street building projects in this town.

**Park Being Improved**  
Work has started on the improvement of the 194-acre park at Lake Brownwood on which extensive improvements are to be made including the construction of a boat repair shop, pavilion, concession stands, barbecue pits and tables, picnic boat docks, a water storage tank with water distribution system, 2 1/2 miles of paved roadways and similar improvements.

Work orders have been received for several additional projects, including the construction of a new fire station in South Brownwood and the operation of a rock crusher in Brady as well as for several road jobs. These projects will be started as soon as the necessary labor becomes available.

## FARMERS MARKETS

Producers' prices quoted in Brownwood, Thursday, Nov. 21.

<b>Vegetables</b>	
Vegetables, doz	40c
Peas, lb.	2 1/2c
Peas, doz	40c
Pepper, lb.	30c
<b>Butter and Cream</b>	
Butter, lb. butter fat 25c and 27c	30c
No. 1 Sweet Cream, lb.	30c
<b>Poultry and Eggs</b>	
Hens	14c
Hens	12c
Under 2 1/4 lbs. 14c and 18c	11.35
Under 1 1/2 and 15c	12.20
Strict Middling	12.20

## First Picture of Marina's Son

In the arms of his nurse, the recently born son of the Duke and Duchess of Kent, is pictured for the first time as he was being taken to Buckingham Palace in London, for his grandparents, King George and Queen Mary to see. His mother is the former Princess Marina of Greece.

## BROWNWOOD ARTISTS APPEAR ON PROGRAM

A large delegation of Brownwood people attended a sectional meeting of Kiwanis held at Coleman Monday night. Kiwanis clubs of Abilene, Brownwood, Coleman, San Angelo and San Antonio were represented. Each club provided a part of the program.

Brownwood club's contribution was several readings by Miss Elizabeth Britton and songs by the Mellow Dears Trio, Misses Wilson, Taylor and Melrose, accompanied by Mrs. Edna Saunders.

The chief address was delivered by Joe Nailer of San Antonio, governor of the Texas-Oklahoma district of Kiwanis International. He made an interesting talk on the subject of "The Meaning of Kiwanis."

fencing on new state highway right of ways. New bridges are being built in Llano, Menard, Runnels and Gillespie Counties, as well as numerous small drainage structures in connection with the farm to market roads in each county. Improvement of these lateral roads provides for a 6 to 8 inch caliche base approximately 30 feet wide assuring a permanent all weather road. In a number of instances a bituminous surface will be added.

**Lateral Roads**  
WPA officials believe that improvement of farm to market roads to provide the farmer with a 365-day per year all weather road to his nearest marketing and trade center will not only benefit the agriculturist but also the business men in the various trading centers. Sewing rooms in District 14 are expected to be placed in operation within the next 10-day period according to a telegram received by District Director Carl E. Wallace Wednesday, in which he was advised that these projects have been finally approved at Washington. The operation of these sewing projects will give employment to several hundred women in this area.

## NEIGHBORING TOWNS WILL HELP WELCOME SANTA CLAUS HERE

Invitations have been sent to schools in neighboring towns to send representatives to help Brownwood welcome Santa Claus when he makes his pre-Christmas appearance here Thursday, December 5, accompanied by the Gainesville Community Circus. Local merchants are contributing to the fund being raised by Brownwood Chamber of Commerce to make the welcome planned for jolly St. Nicholas a gala event.

He will be honored by a gigantic parade, which will form at Soldiers and Sailors Memorial Hall and move through the business section of the city.

There will be decorated floats with characters representing Mother Goose and Old King Cole and Little Jack Horner and Felix the Rabbit, and many other characters. Then there will be a score of funny story book characters with gigantic heads, a score of the funniest clowns you ever saw including still walkers, a funny Ford that runs by itself and other attractions.

Local stores will have window displays offering hundreds of gift suggestions. The streets will be decorated with colored lights and other ornaments. The Lions Club will be in charge of the decorations. G. F. McKay of that club is chairman of the committee at work on plans for dressing up the town for Santa Claus.

## SENATOR SHEPPARD WILL SPEAK HERE THANKSGIVING DAY

Senator Morris Sheppard of Texas will speak in Brownwood at 10 o'clock Thanksgiving morning, the place to be announced later. He will spend the remainder of the day making an inspection of the water project and conferring with officials of Brown County Water Improvement District No. 1 to secure first hand information which he will use to assist the district in securing a loan from the R.F.C.

Water District officials will meet Senator Sheppard, who is visiting various points of the state, at Abilene and accompany him to Brownwood. The Senator will return to Washington early in December.

## GRAND JURY AGAIN CALLED IN SESSION BY DISTRICT JUDGE

Grand jury, in recess for the past two weeks, was called into session Monday morning for further investigations. District court has not been in session this week. A number of criminal cases were completed last week and the week before.

Otis Lee Thomas was adjudged sane by a jury late Friday afternoon. Thomas, charged with burglary, was granted a sanity hearing by the court, when petition was filed claiming him insane. No trial date has been set for the burglary case, but the trial will be held later in the term.

J. C. Dyer, charged with A. F. Garms with theft of wheat, was given a three year suspended sentence upon a plea of guilty last week. He was charged in one case with stealing wheat from the barn of Chas. Cavel.

R. L. Armstrong was given two years in the penitentiary upon his conviction of theft of an automobile. The jury reported after having been out nearly 24 hours.

Two-year sentences in the penitentiary were given Morgan Cranford in each of two theft cases. He pleaded guilty in both cases. The terms are to run concurrently, and Cranford was taken to Huntsville last week to begin serving his term. The case was one of a number of those for pipe theft being tried this term of court.

Wilburn Elliott was given a five year suspended sentence on a charge of swindling. He pleaded guilty to having swindled George Norwood on an automobile deal.

Oly Werner, charged with swindling, was given a verdict of guilty and assessed a three-year suspended sentence.

A number of cases, set for last week, were postponed until November 25 and December 2. These cases are against Carl Nix, three cases for pipe theft, and L. E. Franks, three cases for the same offense.

Cecil Clark, charged by grand jury indictment for theft of oil field pipe and equipment was arrested Monday night at Rising Star by members of the sheriff's department. Officers say he is also a parole violator from the federal penitentiary.

City police arrested a man giving his name as Bill Byrd Monday morning on a charge of burglary of a mattress factory at Abilene Saturday night. He is being held in city jail for Abilene officers.

Willie Jones, charged by a grand jury indictment with forgery in this county, was arrested in Tahoka last week. Sheriff W. E. Hallmark brought Jones to Brownwood Monday where he will be held for trial in district court.

## PECAN SHOW TO BE HELD AT ABILENE

The annual winter meeting and pecan show of the West Texas Pecan Association will be held some time in December at Abilene, according to an announcement made here this week by J. C. Dodds, of Menard, president of the association. Abilene was selected as the place for the meeting at a conference of officials of the association and leading growers of this section here Monday. Wendell Mayes, of Brownwood, is secretary of the association.

Exact date for the show, which is the largest of its kind held in the state every year, will be announced soon. It will draw exhibitors from leading growers in all parts of the state. The show has been held at Rising Star, Brady and San Saba in recent years.

## MAY F. F. A. CHAPTER-CONDUCTING TEAM

Here is the May School FFA team that won first place in the state chapter conducting contest at the state meet in Huntsville a few months ago. Those in the picture are: Front row—Travis Burnett, Dow McBride, Leon Woods. Second row—Robert Willett, Pershing Goss, Lewis Langster, James McDaniel. Third row—G. H. Morrison, Advisor; Ben Doyle Morrison, Tom Frank Harris, Rayburn Brown and Melvin Stewart.

## COVERAGE OF WHEAT CONTRACTS GREAT IN BROWN COUNTY

During the two years in which the wheat program has been in progress the entire expense account has totalled \$1,850.94, and in that period Brown county wheat farmers have received \$56,631.56 in rental payments, according to a statement made by County Agent C. W. Lehmgren this week.

The statement: "Wheat growers of Brown County have again demonstrated that they are wholeheartedly in favor of the continuation of a wheat control program by signing 208 applications for wheat contract for 1936 to 1939.

"It is estimated that these contracts cover approximately 85 per cent of the land sown to wheat annually in Brown county.

"The wheat program has been in progress more than two years and the total expense to date amounts to \$1,850.94. Brown county wheat farmers have received in rental payments to date \$56,631.56.

"The reduction for 1936 has been set by the Secretary of Agriculture to be 5 per cent of the growers base acreage, however, adjustment payments are made on 54 per cent of the growers base production.

"Wheat expenses for the months of May, June, July and August, 1935, have been as follows: "Supervisors, \$15.00; clerical help, \$178.50; telephone, \$15.00; office supplies, \$3.75; office equipment, \$15.00; total \$237.24.

"The entire expense for the past year has been only 1 1/4 cents per bushel."

## PASTORS ASSOCIATION PLANS UNION SERVICE

Plans for the annual Union Thanksgiving service, to be held Wednesday evening, November 27, at Coggin Avenue Baptist Church, were outlined at a called meeting of the Brownwood Ministerial Association Monday morning. Rev. Ben H. Moore, pastor of Austin Avenue Presbyterian church, has been requested to speak at that time.

Rev. Robert Y. Davis, rector of St. John's Episcopal Church, was elected president of the association to succeed Rev. H. S. Goodenough, former pastor of Central Methodist Church, who recently moved to San Antonio. Rev. P. E. Chappell was elected vice-president of the organization to succeed Mr. Davis, who previously held that office.

Resolutions of regret at the departure of Mr. Goodenough were passed at the meeting. The new pastor of Central Methodist church, Rev. D. A. Chisholm, was introduced and spoke briefly.

## W. C. T. U. OFFICIAL VISITS BROWNWOOD

Mrs. Thomas C. Jensen of Austin, State Secretary of the Texas Christian Temperance Union, spent several days in Brownwood last week conferring with Brownwood church women and assisting them in the preparation of plans for an aggressive temperance campaign in this community. She spoke in several churches and addressed a number of women's organizations during her stay here.

The five-point program of the W. C. T. U., as outlined by Mrs. Jensen, includes: Spiritual education, alcohol education, character education, citizenship education and peace education.

## C. OF C. RECEIVES RESPONSE TO LETTER

A letter was received by Brownwood Chamber of Commerce Friday from a large sash and door company in response to letters and folders sent out by the C. of C. advertising Brownwood as a manufacturing and industrial center. Officials of the company, the first organization to reply to the letters, stated that they hope to have the opportunity to avail themselves of Brownwood's hospitality often in the future.

The industrial letters were sent to jobbers, manufacturers and wholesale distributors all over the United States.

## PECAN BODY SEEKS CHARTER TO STORE CROP FOR ADVANCE

Application for a charter has been filed with the Secretary of State, Austin, by the Southwestern Pecan Growers' Association. H. G. Lucas, president of the new association, filed the application. Other officers are T. O. Hurst, vice president, and Wendell Mayes, secretary-treasurer. Directors, in addition to the officers, are C. L. McCartney and C. G. Sivells.

The association, as soon as charter is received, will accept pecans of members for storage. A loan of 4 cents a pound will be advanced by the Houston Bank for Cooperatives as the pecans are stored, and this will be advanced to the grower members. The pecans then will be held for an advance in market price.

Mr. Lucas the first of the week attended a meeting of Texas pecan growers at Dallas, where growers conferred with E. M. Graham of the special crops section of the Agricultural Adjustment Administration. Mr. Lucas said an agreement will be worked out among the growers and submitted to the AAA for consideration. Plans call for a control board of nine members, five of whom would be growers, including one from the seedling pecan production group.

The agreement will include all pecans sold in the shell above eleven-sixteenths of an inch in diameter, but not shelling stock pecans. The AAA will be asked to lend the growers eight cents a pound on pecans through the Commodity Credit Corporation.

Growers will hold another meeting in Belton Friday, where plans to form local pecan pools over the state will be discussed. Mr. Lucas and possibly other growers from Brown county will attend the meeting.

## PUBLIC INVITED TO CHRISTIAN SERVICES

Rev. A. W. Anderson, pastor of the Boulevard Christian Church of Fort Worth, is the guest of the First Christian Church here this week and is conducting several evening services for the congregation. He conducted his first service Wednesday night and will preach in the church auditorium Thursday and Friday nights.

Mr. Anderson is one of the outstanding preachers of the Christian brotherhood. An invitation has been extended to all members of the church and to the public in general to attend the services.

The Grand Canyon of the Colorado extends about 290 miles.

## SANITATION WORK IS UNDERTAKEN AS WPA PROJECT IN COUNTY

A community sanitation WPA project for installation of sanitary pit toilets and septic tanks at rural schools, rural homes and sections of the county not served by a sewer system, was started this week. The project, sponsored by Brown county, was approved by WPA for \$24,713.99, and will be operated under WPA rules and regulations. It will give employment to common laborers, carpenters, cement finisher and four women.

W. E. Sheppard, supervisor of Community Sanitation and Malaria Control in WPA district 14, has established his headquarters office in the Veterans of Foreign Wars room at Memorial Hall. The Brown county project is being supervised by James C. Epps, Jr.

The sanitary toilets or tanks will be installed for anyone who will furnish the necessary material, labor to be furnished without cost. Minimum expense is \$4.95, the cost of one unit which must be purchased new. Cost of new material for the other two units, the cribbing and the building, is \$11.04, but old material may be used. Hardin Lumber Company was low bidder for the \$4.95 unit.

Preference is being given schools and dairies for the project, and individuals will be given attention in the order of applications received. Interested persons may mail a request for installation of the toilet to Hardin Lumber Co., enclosing a check for \$4.95 for the sanitary unit. A representative of the project will call on the applicant to determine the amount of other materials needed. Information on the project is available at Mr. Sheppard's office at Memorial Hall.

In addition to this sanitation program, a malaria control program for straightening and draining Adams Branch in the city and doing other drainage work in the county is expected to be approved by the WPA.

Great Serpent mound, a prehistoric earthwork in Adams county, Ohio, extends 1,330 feet, being 16 to 20 feet wide and less than 4 feet high.

## NEW AUTOMOBILES REGISTERED

Week Ending November 21, 1935

## Boy Scout Drive For Funds To Be Started Tuesday

Annual Solicitation For Year's Finances To Be Undertaken By Committee.

The Boy Scout committee of the Brownwood District will set out Tuesday of next week to raise the funds necessary to carry on the work through the coming year. A number of men have been appointed to assist in the campaign, which will start with a breakfast Tuesday morning.

Although times have not been so good the past year as they have been at other times, the scout membership has continued to increase and more boys and men are enrolled in the scout program than ever before. It takes some funds to carry on the work, it is pointed out.

An announcement from the committee in charge said:

"The committee is hopeful that citizens of the Brownwood District will respond readily and liberally. There is no question as to the fact that it is about the best investment the citizen and business man can make. You may invest in land, in stocks, in bonds, yet none of these investments can be compared to the investment in boyhood that you make when you contribute to the Boy Scouts of America. There you invest in good citizenship, in improved community morals and in character. Nothing can bring greater returns to a community than a generation of the fine upstanding, right-thinking, right-acting citizens.

"The Boy Scout organization with its well planned program of useful activities under the leadership of men of character is a great power of good. It reaches the boy in a way that nothing else could, and through the boy it reaches the whole family.

"The Boy Scout has something to sell to the people of the Brownwood District; something of vital importance—good citizenship."

## Collecting Supplies For Orphans Home

All churches and individuals of the Brown County Baptist Association having contributions of dried or canned fruits or vegetables, live poultry, wearing apparel and bed clothing for Buckner Orphans' Home are requested to pack all canned or preserved fruits and vegetables in substantial crates, live poultry in substantial coops, all potatoes well sacked and all bedding and wearing apparel wrapped and firmly tied, to be collected at your church and your committee to deliver.

All contributions to the Johnson Storage and Distributing Company in Brownwood, opposite the Austin Mill and Grain Company elevators on Monday, November 25, 1935. If all contributions are properly crated and packed the Johnson Storage and Distributing Company will deliver same to the Buckner Orphans' Home free of any charge. Kindly furnish the company with an itemized list of all contributions and also furnish the county committee with a copy of same.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in this newspaper will be promptly corrected when brought to the attention of the publishers.

Any error made in advertisements will be corrected upon being brought to the attention of the publishers, and the liability of this paper is limited to the amount of space consumed by the error in the advertisement.

From N. H. Hander, Belton pecan grower and president of the Bell County Pecan Growers Association, an active organization, comes the suggestion that Governor Allred proclaim the second week in December as "Pecan Week." A resolution from the Bell county organization has been prepared and forwarded to the Governor requesting such action, and the cooperation of pecan growers in other sections of the state is sought.

Now we have a lot of "weeks" for this and that, some of them worthy and some of them not so worthy, so the suggestion of another week might not meet with enthusiastic response from many quarters. But to those of us who live in the pecan growing section and are intimately acquainted with the critical situation pecan growers are facing this year, the suggestion seems worthy. That is, it will be a worthy week if something can be devised that will be of benefit to the pecan growers.

The pecan industry is on its knees. Too many pecans, too much competition of foreign nuts, too little attention from the government; and, as it must affect the price, too much governmental protection to other products at the expense of the pecan.

The pecan is a peculiar nut; the most delicious, most nourishing, most palatable of the large nut family. And yet, the American public has never been educated to its value. The pecan season is a short one. For a few months after the harvest starts in early fall, sales are brisk, but the housewife, who multiplied by millions makes up the great consumer, has never been educated to the year-round use of pecans.

The result is that the pecan business is unsteady. Witness this present season. Pecan growers who have spent years and thousands of dollars bringing their production up to the record proportions of this year are helpless in the face of a 4 to 5 cent market for nuts that last year sold for about 11 cents. Even at the cheap price, which is bound to extend through several more months unless the government steps in and helps out the pecan growers or the growers themselves perfect some sort of workable scheme of self-help; even at the cheap price of this year, the market is not expected to support heavy consumer buying over a long period. The result: a short crop next year, high prices, and the buyers profiting from the hold-over crop, while the pecan growers stand another loss.

"Pecan Week" would help to draw attention to the situation, and no doubt the pecan growers would be enabled to attract the attention and possibly the sympathy of the public. But unless they do something for themselves—something radical or dramatic, but effective, the chances are that they will lose money on this year's big crop—and again the next year and the next and the next, no matter whether the crop is a large one or small.

From the vantage point of our easy chair on the side lines of the parking war, the contest takes on interesting proportions, and has possibilities that the promoters evidently have not chosen to bring into play to enliven the day. Parking 'em parallel or pell mell or perpendicular is not of much concern to us, as we are going to park 'em the best we can when we can where we can so far as possible in the manner prescribed, and hurry on to our multitudinous worries of another nature, leaving the more important problems such as parallel parking to other and greater minds.

It seems to us, however, that the promoters of the Saturday election, which will settle the problem of how to park cars on Brownwood streets, have overlooked several matters. In the first place, the election, as we understand it, is to be confined to the residents of Brownwood. Pedestrians are to have a vote equal to that of automobile owners, which doesn't seem fair. And yet pedestrians vote. Maybe the best solution would be to give them a half vote or a quarter vote, for everyone likes to vote.

Then there is the matter of confining the vote to the residents of Brownwood. After all, they have to park on the Brownwood streets whether they want to or not. They shouldn't really have a vote at all. The vote should be confined to those people who don't live in Brownwood, but who either do business here or want to, or should. At least, the vote should be county-wide, for country people park their cars in Brownwood. Maybe the best answer to this would be to have the election embrace the area in the chamber of commerce's much discussed "trade territory" for from this section are the potential automobile-parking customers of Brownwood merchants.

Then again, the little ballot with just two choices, "For the present system of parking," or "For parallel parking" is mighty small, and really it looks too insignificant to attract voters in any large number to the polls. Why not put a few other issues on the ballot and draw out more voters? Many suggestions come to mind. "For Wider streets" should be a popular vote getter. Or, if you want controversy, we might have an expression of opinion on the Ethiopian War. "For Mussolini" and "For Selassie" on the ballot should bring out the colored vote. It really looks like a waste of time, to have a plebescite with such a short ballot.

But anyway, we are for it, and we hope that everybody has a good time and at least part of the people are satisfied with the results.

While we are a bit hesitant to call attention to two worthy needs in two successive weeks, the annual Boy Scout drive for funds is deserving of the attention of every resident of Brown county. The drive will be launched next week, starting Tuesday morning and continuing throughout the week.

During the campaign, funds for the operation of the Boy Scouts will be sought. Not much is asked, for a Boy Scout is thrifty, and the program which is doing so much good among the youth of this country is operated at a minimum of expense. Never the less, it is necessary to secure funds, and the only method the Boy Scouts have to meet the expenses of the work throughout the year is through the annual contributions of Brown county business men. Consider this when you are called upon next week to contribute.

It is Wrigley's boast that the sun never sets on his chewing gum. But almost everybody else does—Houston Post.

Probably another reason why the worm does not turn is because it is waiting for the Government to give it a lift. Waxahachie Light.

THIS CURIOUS WORLD By William Ferguson

(LESS THAN ANY MAMMAL ON EARTH.) SKYLARKS HAVE BEEN INTRODUCED IN AMERICA ON SEVERAL OCCASIONS, BUT IN EVERY INSTANCE THEY SOON DIED OUT.

Little Lights on Living by MARIA LEONARD Dean of Women, University of Illinois

THE AMERICAN SPEAKING VOICE

The American speaking voice is usually unlovely. So much so that when one hears an exceptionally well modulated low-pitched speaking voice, it attracts attention at once. To my mind it is one phase of the human personality that broadcasts one's culture almost more than any other evident thing. One may be well groomed, and may have the manner of a Chesterfield, but when his speaking voice is heard he unconsciously brings to the fore all the cultural heritage from his family tree.

I am sure it is not because I used to sing that makes me sensitive to speaking voices, for I have conversed with singers of unusual merit whose singing voices were soft and smooth as velvet, but whose speaking voices, strange to say, were as rasping and coarse grained as their singing voices were lovely. I have heard high lyric sopranos with low, heavy and unlovely speaking voices until I wondered they did not offend themselves when speaking. It is a striking master's duty to cultivate both the singing and the speaking voice. This, however, is not always done.

When traveling in foreign countries the contrast is evident, for the occidental voice carries in its every speech the tension and "high stringiness" of American life and manners. We are as a nation high keyed and hurried and our life is reflected in our speech. Our modern hurry-scury is not conducive to placidity of mind or body, so how could our speaking voice, the outward index, respond differently? Think what our children are absorbing from the noisy voices and jargons that come into our homes daily over the radio. Our sports, too, like baseball and football games, help to whack away the voices of American crowds to a pathetic degree.

It is said that the little mountain rollers, the exquisite muffled tiny canary singers of the Hartz mountains, are trained in a room far away from noise of any kind. Artist violinists, slipped in heavy felt, play with mute-violin, hour after hour for these little songsters to imitate the quality of their notes. After several weeks, the reward comes for one can hear the velvety notes of these little birds trilling and warbling "soto voce," like the hushed exquisite notes of a violin with its mute. If birds can be so trained, what could we do with our own speaking voices and those of our children?

FLAPPER FANNY SAYS

An idea that puts a bee in your bonnet must be a honey.

SALESMAN SAM BY SMALL

"DEATH AFTER DARK"

"Of 36,000 motor fatalities last year, 20,900 occurred at night," writes Governor Harold G. Hoffman of New Jersey, in an article in Liberty entitled "Death After Dark."

"The total economic waste of night-time automobile accidents is estimated at nearly one and a half billion dollars . . .

"Sixty-nine per cent of those killed are pedestrians . . .

"As a nation, we have failed to grasp the fact that as the sun goes down, so must our speed. We are simply driving too fast for our eyes."

Night driving, Governor Hoffman points out, involves three definite factors, each of which contributes to the hazard: 1. Overdriving our headlights; 2. Slow perception due to poor illumination; 3. The night pedestrian hazard. The first factor is probably the most important, inasmuch as it affects the other two. Governor Hoffman says that the average man is fortunate if he can see 100 feet clearly with his headlights. That is less than the distance required to stop from a speed of 35 miles per hour, on good pavement with first-class tires and brakes. If the night driver is traveling 60, not an uncommon speed on our highways today, that 100 feet of visibility will have been passed by the time he is able to even substantially lower his speed.

Thousands of us are driving 50 and 60 miles an hour in cars equipped with 20 mile headlights. One solution to that is better illumination for streets and highways—irrefutable figures, based on extensive tests, show that the saving in economic waste, to say nothing of the human waste, pays the cost of good lighting many times over. But it will be a long time before the average highway is lighted at all—and in the meantime, the only solution is to drive moderately if you wish to avoid "death after dark."

Nobody seems to know when the mute, which is attached to the bridge of a violin to change its tone, was invented. One of the earliest printed scores to call for its use is that of Lully's "Armide."

Hitler's "My Struggle" has been issued in Braille, as Nazi propagandists want Germany's blind to read Nazi theories and thereby "plant our world outlook" in their memories.

CLOSEUP and COMEDY

WHEN MARY CARLISLE WAS 15 SHE HAD TO GIVE UP HER SCREEN CAREER FOR A SHORT TIME BECAUSE HER FAMILY INSISTED THAT SHE RETURN TO SCHOOL ON ACCOUNT OF HER YOUTH.

JACK BENNY AND PAT O'BRIEN WERE SAILORS AT THE GREAT LAKE NAVAL STATION DURING THE WORLD WAR.

JOHN BOLES ONCE STUDIED MEDICINE AT THE UNIVERSITY OF TEXAS.

ON TEXAS FARMS

Victoria—Terracing of 75 acres of land last fall meant a 15 per cent increase in corn yield this fall, or a gain of five bushels per acre, to Alonzo B. Dentler of Victoria county, he reports to J. L. Moore, county agricultural agent.

The terracing was done with the county grader at a cost of \$1 per acre. The five bushel increased yield per acre at 50 cents per bushel meant \$2.50 gain per acre due to terracing, leaving a net profit of \$1.50 gain per acre.

Canyon—Crooked rows made the difference between a feed crop and a failure on 150 acres of grain sorghum on the W. W. Kuehn farm in Randall county this year, according to W. H. Upchurch, county agricultural agent. Kuehn has about 320 acres of his farm worked on contour this year.

He lost his wheat crop in the drought and high winds last spring. Contour lines were run and the entire field was listed with level rows and planted to grain sorghum late in May.

A field with similar slope across the road was listed up at the same time and worked in a similar manner, except that the rows were run in the usual way. The field not contoured was hardly worth harvesting, Kuehn says, while the contoured field had a splendid yield of both rain and forage. Kuehn estimates that the level rows made a difference of at least 20 bushels per acre.

Dimmit—Accurate records kept throughout the year show that the flock of 140 White Leghorn hens belonging to D. H. Allmon of Castro county made a net profit of \$2 per hen for the year, according to E. W. Thomas, county agricultural agent. This record was made in spite of the fact that Allmon was located in the worse blown out part of the county and every pound of feed that the hens consumed had to be purchased. Allmon attributes his success to the purchase of pullets out of a high producing flock, up-to-date housing facilities, and well established methods of feeding and sanitation.

Groveton—The desire for a convenient, attractive and modern pantry for storing her canned, dried, and brined products has been realized by Mrs. H. H. Friday, Trinity county home demonstration club woman, at a cost of \$6.50 for materials, according to Miss Clara Rettiger, home demonstration agent. The work was done by Mrs. Friday and her husband.

Mrs. Friday has 51 varieties of canned food in her pantry which contains the equivalent of 705 quarts, or more than 1400 containers. In addition to her canned products, she has an ample supply of milk, butter, chickens and eggs assured; one beef and two hogs to provide meat and lard, a variety of dried vegetables; hickory and walnuts which she gathered in the woods; a supply of syrup which she traded surplus bacon for; and a year's supply of soap made from fat that otherwise would have been wasted. Her pantry has a net value of \$370.55.

Eldorado—"Cutting cans properly and sealing them successfully depends largely upon having the sealer fastened securely so it will

be steady and hence give an even cut and seal," says Mrs. R. A. King, pantry demonstrator for the Mayer home demonstration club in Schleicher county.

Mrs. King has added to her pan-

Think of the power of plunging steep mountain grades. Yet the piston depends on the adequate combustion chamber. Carbon-stuck leaking rings, weaken the piston and make motors lag and balk. PYROIL increases power in motors. It seals rings and keeps valves cool. Simply added to regular gas and oil. Provides constant lubrication to the entire motor where wearing heat bearing lubricants. Actually builds extra into the metal. PYROIL deposits a patent-proof heat-, wear- and dilution-proof on all metal parts, building and maintaining an actual self-lubricating face. Bearings run freer, cooler. Durability, are marvelously improved. saves many times its small cost. Ask at your filling station or garage for further data. Buy PYROIL today.

Fabric for covering airplanes is now being made fireproof by chemical impregnation.

**Mukewater**

Miss Florine Kellogg visited relatives at Cross Plains since last report.

Rev. Edgar Owen filled his regular monthly appointment at the school building Sunday afternoon.

Bob Browder has returned to school after several days absence, due to a broken arm.

Some of the young people of our community attended the Howard Payne-St. Edwards football game at Brownwood Friday evening.

Mrs. Jack Brooks of Brownwood was a guest in the home of her brother-in-law, V. K. Brooks and wife, Saturday night and Sunday.

Rev. Edgar Owen attended the Baptist general convention at Houston last week.

Mr. and Mrs. Raymond Brooks have moved to the Walter Brooks farm.

Mrs. Kle Fritts has been quite ill for several days from a spider bite.

Tony Halford returned home Sunday night from Ruby.

Mrs. Vardeman of Bangs was a Sunday visitor in the home of her daughter, Mr. and Mrs. Raymond Brooks.

Among those attending preaching here from Bangs Sunday afternoon were J. E. Halford and wife, Ed Halford and family and Mr. Green.

Edmond Marbroucher and wife from Shields were Sunday visitors in the home of their parents, Mr. and Mrs. H. C. Mosier.

E. B. Tongate and wife, Roy Tongate and wife and Walter Tongate and wife from Brooksmith were Sunday and Monday guests in the home of their daughter and sister, Mrs. Bessie Starkey and other relatives.

Vance Mosler of California is visiting his parents, H. C. Mosier, and children.

Sorrow overshadowed our community Wednesday afternoon at 5:56 o'clock when the spirit of one of our most esteemed citizens, Mrs. J. C. Hollaman, left its earthly tabernacle to return to God who gave it.

Mrs. Hollaman was struck by an automobile at an early hour on the morning of October 13 at County Line Filling Station. She was immediately rushed to Sealy Hospital at Santa Anna where she remained until last week returning home where she died. Julia Parker was born July 23, 1882, at Minden, Texas. She was married to J. C. Hollaman March 20, 1913. Mr. Hollaman passed away eight years ago.

Mrs. Hollaman was converted at the tender age of twelve years and lived a true Christian life.

Our entire community extends sincere heartfelt condolences to the beloved ones. May God who doeth all things well comfort their grief stricken hearts.

Winter really arrived the past week with several heavy frosts and freezing temperature.

Mr. and Mrs. M. K. Clark have moved to Comanche since last report. Mr. Clark has employment on the highway there.

Dewey Cox and wife from Brooksmith and Miss Cassie Hicks from Creamer were Saturday guests in the home of S. J. Cox and family.

Among those from our community attending singing at Bangs Sun-

baby, but reports today (Tuesday) are that he is improving.

Mrs. Cull Earp visited Monday with Mr. and Mrs. Clabe Reagan. Mr. and Mrs. Davis of Clay county were here a few days ago visiting relatives and transacting business.

### LIONS AND BILLIES PLAY GAMES HERE DURING WEEK-END

Two of the three remaining football games to be played here this season will be played this week. Brownwood High School meets Rancier here Thursday afternoon, and Daniel Baker plays the Southwestern University boys from Georgetown Friday night at the Yellow Jacket stadium. Howard Payne's Yellow Jackets are taking the week-end off, but will wind up the season Thanksgiving day when they meet Southwestern at Georgetown.

The Rancier Bulldogs promise to give the Lions a tough battle, although they have failed to take a single win this season. The Lions have won five of their seven games this season, and if they win Friday's game they will have made an outstanding record to blot out the memory of last year's sad history.

The Georgetown Pirates outweigh the Hill Billies several pounds per man, and although they have won only one conference tilt to date they will in all probability force the Daniel Baker boys to play their best brand of football if they are to pile up a winning score. Most of the Billies are in good condition for this week's battle.

Playing on the home gridiron the D. B. C. gridsters completely outplayed the Abilene Christian College Wildcats Friday night to win a 7-6 Conference victory, their second this season.

The Yellow Jackets lost their Homecoming Day contest with Hardin-Simmons gridsters Saturday afternoon 14 to 0. A large crowd of visiting ex-students saw them turn in the best game of the season, although the score registered their defeat.

#### MORE FISH FOR LAKE

An addition of 3,990 bass fingerlings, all four inches long or better, was made to the stock of fish in Lake Brownwood last week. The fish came from the hatchery at San Angelo on application of Pecan Valley Chapter of the Izaak Walton League.

### MANY NIMRODS SEEK DEER AND DUCKS AS NEW SEASON OPENS

Texas duck season opened Wednesday, and many hunters from this section are taking advantage of the abundant game at Lake Brownwood, and other nearby lakes and tanks. The duck season is regulated by federal game laws. Hunting is prohibited except between 7 a. m. and 4 p. m. The bag limit is 10 ducks in one day and four geese or brant in one day. Duck hunters must have a federal stamp, obtainable at the Post Office for \$1.

Many local sportsmen went to the deer hunting country around Mason, Kerr and Kimble counties at the opening of the deer season Saturday. The white or flag tail deer season will continue through December 31. The season west of the Pecos river will continue through November 30 for black-tail, or "mule" deer. The bag limit in the eastern zone is two bucks in one season and in the west zone, one buck per season.

Turkey season opened at the same time and will continue through December 31. The limit on turkeys is three gobblers per season. Many counties in the state are closed for turkey and deer this season, so a careful study of game law guides should be made before any hunting is done.

#### BROWN COUNTY GINNINGS

Total ginnings in Brown county to November 1 was 7,554 bales from the 1935 crop as compared with 5,990 bales ginned at the same time last year, according to report of the Bureau of the Census. Pre-season estimate of production for the county was 8,000 bales.

Window Glass at Peerless Drug Co.

Whole Grain Sweet Meal is better, also get our price on Flour and Sugar before you buy. —Looneys.

### No Basis For Rumor He Is Moving, Says Howard Payne Head

The rumor that Dr. Thos. H. Taylor, president of Howard Payne College, might be offered the presidency of North Texas Agricultural College at Arlington, a state institution, was branded as "just gossip" by Dr. Taylor last week.

"There is to be a change in the administration of the Arlington school, due to the ill health of the present president," he said, "but I have not been approached on the subject and am sure I shall not be so approached. I have a job here," he added with a smile, "that is plenty big for me. We are about to build a college in Brownwood, and I have no intention of leaving it."

### Achievement Day Is Held At Dulin

The Achievement Day program for Dulin home demonstration club was given at the home of Mrs. Fred Maedgen, yard demonstrator, Wednesday, November 15. The program included a piano selection by Miss Iris Maedgen and readings by Miss Tylene Williams and Mrs. H. J. Starnes. Miss Mayesie Malone, Brown county home demonstration agent, spoke on the Centennial. Mrs. Maedgen made a report on her yard demonstration and directed an inspection of her yard. A report was also made on the bedroom demonstration for the club.

Following the program, which was given under the direction of Mrs. Clarence Wilson, the guests were served refreshments of nut cookies and hot chocolate. About 25 guests, including a number of men, registered during the afternoon.

### Missionary Tells Of Conditions In Oriental Country

Dr. Rex Ray, Baptist missionary in China for many years, delivered several lectures to Brownwood audiences last week in which he described his experiences in China and discussed conditions there. He delivered daily lectures at the School of Missions at First Baptist church and spoke in the church auditorium Friday night. More than 100 people attended the lecture, to which the public was invited, and heard his vivid description of his capture by Chinese bandits and his experiences during the time he was held captive and of his escape.

Friday noon Dr. Ray addressed the Rotary Club on economic conditions in China. He spoke of the effect of the deflation of the American dollar there and said that the depression did not reach China until this year, when it struck with telling force.

He said that the Japanese encroachment had done much to unify China, but that the competing war lords are still unwilling to pool their interests in order to combat the common foe.

#### ON HONOR ROLL

Miss Vivian Day, daughter of Mr. and Mrs. Earl Day, Brownwood, and student in Abilene Christian College, Abilene, was one of the students whose names were posted on the honor roll of the college for work done the first six weeks term. All students listed for honors made grades of ninety or above in one or more subjects.

### LOCAL VFW POST TO INSTALL BOWMAN AS POST COMMANDER

J. M. Bowman will be installed as new commander of the Brownwood post of Veterans of Foreign Wars Thursday night. Other new officers will also be installed at the meeting, to be held at Memorial Hall. District Commander J. H. Sprinzer will have charge of the installation ceremony.

A resolution which calls for cooperation between the V. F. W. and the American Legion for securing payment of the bonus has been approved by the posthere. It invites national legion officials to participate in a conference to be held in Washington soon.

### George Raft, Joan Bennett Top Cast Of Columbia Film

Walter Connolly, Billie Burke Are Featured.

The widely-praised George Raft-Joan Bennett comedy-romance, "She Couldn't Take It," will open its local engagement at the Lyric Theatre starting Friday and Saturday, Nov. 22 and 23. Raft, who first won the heart of American audiences in a series of gangster portrayals in "Scarface," "Hush Money" and "Quick Millions," reverts to this type of characterization in "She Couldn't Take It" for the first time in over a year. He is seen as the ex-convict Ricardo, repenting his sins in the federal penitentiary, where he meets Walter Connolly, millionaire financier serving time for tax-evasion.

Connolly is impressed by the young felon's earnestness and determination to go straight, so that when death comes to him in his prison cell, his last words are a plea to Raft to act as executor of his estate and guardian of his petulant family.

What happens when Raft takes charge of the family and fortune, despite the vigorous protests of the tempestuous Miss Bennett, her play-boy brother, James Blakely, and her count and poet patronizing mother, Billie Burke, accounts for the vivid and amusing screenplay which has won such spontaneous popularity.

Others in the cast are Lloyd Nolan, Wallace Ford, Alan Mowbray, Donald Meek and William Tannen. Tay Garnett directed the adaptation prepared by Oliver H. P. Garrett from a story by Gene Towne and Graham Baker.

### C of C Directors Discuss Highways

The importance of improved roads between Brownwood and Hamilton by way of Priddy and from Brownwood to Richland Springs was discussed by F. S. Abney, who was a guest of Brownwood Chamber of Commerce directors at their weekly luncheon Wednesday. Efforts are being made by the local organization to bring about an improvement of these roads.

Chester Harrison, secretary, was authorized to attend a hearing of the Railroad Commission at San Angelo Thursday on the application of the Bowen Lines for a direct route from Brownwood to San Angelo through Ballinger.

### Automobile Glass at Peerless Drug Co.

### TO ELECT DELEGATES AT MEETING SATURDAY

Three delegates to the Texas Agriculture Association meeting at Dallas, December 3, 4 and 5 will be elected at a meeting of all agricultural councils at Brown county court house Saturday afternoon at 2 o'clock. Members of the 12 councils will also discuss other important matters.

The meeting was called by County Agent C. W. Lehmburg.

### WOOD MAY ACCEPT 10-YEAR SENTENCE

The Court of Criminal Appeals at Austin ruled that Stanley Wood, given a 10 year sentence in Brown county on conviction of killing Fred Brown, can accept the original conviction and need not have a new trial.

### CHRISTIAN SCIENCE LECTURER TO SPEAK HERE THANKSGIVING

Frank Bell of New York City, member of the board of lectureship of The Mother Church, First Church of Christ, Scientist, in Boston, Massachusetts, will lecture in the Gold Room at Hotel Brownwood at 8 o'clock Thursday evening, November 28. The public is invited to hear Mr. Bell's lecture, which will be given under the auspices of the Brownwood Christian Science Society.

27c per doz. for your eggs this week at Looneys.

### NEW ANGELO ROUTE SOUGHT BY BOWEN

A number of Brownwood business men accompanied officials of Bowen Motor Coaches to San Angelo to attend a hearing of the Texas Railroad Commission there Thursday. The party left Brownwood by bus at 7:30 Thursday morning.

The Bowen delegation is seeking permission to change their present Brownwood-San Angelo route to save time, distance and travel over dirt roads. A direct route between San Angelo and Ballinger will be requested. The present routing is from Brownwood to Ballinger and then to San Angelo via Paint Rock.

### 34 CARLOADS TURKEYS SHIPPED FROM HERE FOR THANKSGIVING

Turkey growers in this section will receive more than \$140,000 for the 34 carloads of dressed turkeys shipped from here during the Thanksgiving marketing season which closed the first part of this week. Shipments on the market were much heavier than pre-season estimates, and the price was higher than was anticipated, opening at 18 cents and reaching a high of 21 1/2 cents, the highest quotation here since 1929.

The Christmas market will open December 1, and dealers are expecting shipments of from 15 to 25 cars to be shipped from Brownwood during the Christmas and New Year's markets.

W. L. Brown of Hardin in Liberty county grows selected varieties of sweet potatoes and grades them carefully. He then puts them in a large storage house, and keeps them until spring. He never receives less than 75 cents a bushel for his potatoes.

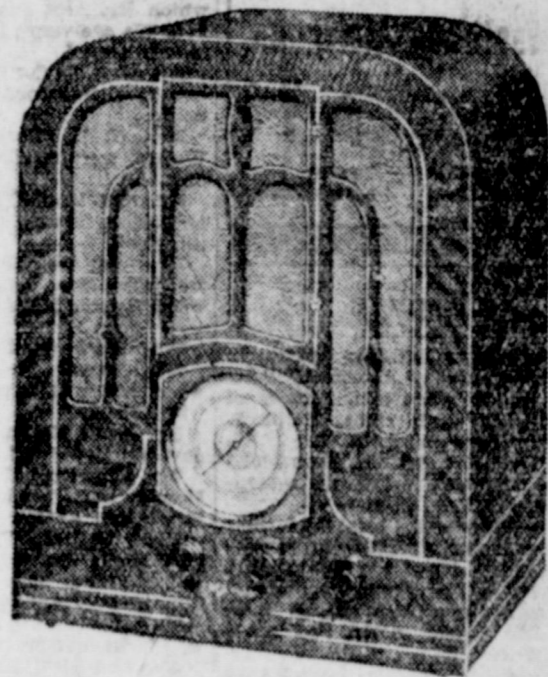

### Dr. Whiteside To Take Pastorate Of Methodist Church

Dr. W. P. Whiteside, former presiding elder in the Wichita Falls district of the North Texas Methodist Conference, will arrive Friday in Brownwood where he is to assume his duties as pastor of First Methodist Church. Rev. P. E. Chappell, pastor of the local church for the past year, has been transferred to a pastorate in Semi-Oklahoma.

Mr. Chappell and his family expected to leave for their home the latter part of the week. The announcement of the change was made Wednesday by Pres. Elder J. T. McClure.

Sunburn is more easily acquired on the seashore than inland. Three persons in Japan were expected to observe the 1935 sun. They are the emperor, the press and the empress dowager.

PERSONNEL CHANGES IN OFFICES OF WPA DISTRICT ANNOUNCED

Several changes have been made in the personnel of the WPA district 14 staff recently. New members of the staff are Roland Curry, under statistical clerk in the finance and reports department; and Miss Lilybud Boenicke of Brownwood, Mrs. Thelma Pollock of San Saba, Miss Margie Strickland of Fort Worth and Miss Emily Bockhaus, typists.

SCOUTERS TO TAKE COURSE NEXT WEEK

Scouters from the eight counties that comprise the Comanche Trail Council will be expected to be in attendance at a training course in scouting to be held November 30 and December 1. All scouters and interested laymen may take the course, which will be credited toward the Scoutmaster's Key and the Scouter's Training award.

Scouters of Blanket were hosts to the monthly scouters pow wow held there Monday night. The supper was prepared by the scouts of Blanket troop. A round table discussion gave each scouter present an opportunity to ask questions and give experiences with their troop programs. The next meeting will be held in Brownwood December 15.

MATHEWS PETITION FOR NAMES REMOVAL IS FILED TOO LATE

A list of 173 names of persons who wished their names removed from a petition filed with City Council by Texas Power & Light Company for a referendum to be held on a power franchise granted R. O. Mathews was ruled unacceptable last week by City Attorney R. L. McGaugh. In a written opinion filed with the council Mr. McGaugh stated that the 20 day period after publication of the franchise ordinance for filing names either for or against the election ended Saturday, November 9. The list of those seeking removal of their names from the petition was filed by Mr. Mathews Tuesday, November 12, which date his attorney, Gih Calloway, contended was within the 20 day period.

The city attorney's decision is in agreement with the argument of C. L. McCartney, attorney for T. P. & L., who said that the 20 days should be counted from the first publication date. Mr. Calloway held that the period should begin with the second publication date.

There are 356 names on the T. P. & L. petition, which is now being checked by City Secretary F. E. Scott. There must be at least 300 qualified voters signing, according to law, before the Council is required to call an election.

MORE MEMBERSHIPS NEEDED TO FILL RED CROSS QUOTA

The quota of \$1,000 set for Brown county for the annual Red Cross membership drive must be filled by Saturday night, according to a statement made by A. P. Rowland, chairman of the drive for the county. A total of \$520 representing contributions received at the booths last week, made from the schools and several communities and received by the district captains. Some of the captains have not yet made a report on their receipts.

"Although we are well pleased with results of the drive to date we are still far short of filling the quota," Mr. Rowland said. "If we are to get \$1,000 by Saturday night everyone in the county who possibly can will have to contribute."

Anyone who wishes to help in the campaign may leave his contribution with one of the district captains or at the Banner Office Friday or Saturday and receive their buttons and Red Cross credentials.

Brownwood firms having 100 per cent membership are J. L. Brown & Son, Gilmores, Gus J. Rosenberg's Mens Store, Safety Tire Company. The Leader, Community Natural Gas Company and the Banner. There are possibly others which have not been reported to the chairman.

Contributions totalling \$20 were received from the town of Bangs where Mark Boler was in charge of the roll call. Many communities have not yet reported. Students of Ford school contributed \$13.58 for memberships. Contributions from all the city schools amounted to \$64.

SERVICE LEAGUE TO SPONSOR DANCE THANKSGIVING EVE

A Thanksgiving Eve dance will be given Wednesday, November 27, by Brownwood Junior Service League. An 11-piece orchestra under the direction of Les Winters has been secured for the dance, which will be at Hotel Brownwood Roof. Many out of town as well as local dancers are expected to attend the dance, which will be one of the largest entertainments of the season.

Proceeds from the affair will go into the general fund maintained by the League for use in their many charitable enterprises.

SOIL CONSERVATION WORK PROGRESSING

Work being done by the soil erosion CCC camp here under the soil conservation program is going forward on a number of farms in the one mile district around Brownwood. This week maps were completed on the Homer Boyd and J. W. Martin farms. Plans have been completed on tracts belonging to Mrs. Willie K. Turner, Misses Sarah and Suella Clark, S. C. Holloway, H. C. Moody and J. L. White.

Eggs are up, get our price before you sell—Looney's.

Approval Of Local Airport Secured

Project for construction of an airport in Brownwood was approved last week by William J. MacKenzie, district airport advisor for the Bureau of Air Commerce, and submitted to Works Progress Administration state headquarters at San Antonio. The application for the project was submitted to the bureau along with similar projects for Childress, Fort Worth, Ft. Stockton, Laredo, Temple and Georgetown as a part of a statewide program of development.

MORTUARY

BROWN—Elaine Sims Brown, 23, Indian Gap, died Tuesday night in a local hospital. Funeral services were held at 3 o'clock Wednesday afternoon at Indian Gap with Rev. Mr. Gibson of Carlton, Texas, officiating. He was assisted by Rev. Mr. West of Hamilton. Interment was at Indian Gap with Austin-Morris Funeral Home in charge of arrangements.

Mr. Brown was born at Indian Gap September 29, 1912, and lived there all his life, graduating from the Indian Gap high school. He was active in athletics. Mr. Brown collapsed in a tennis match in Hico, more than six years ago, and afterwards developed heart trouble that he never overcame. He was a member of the Baptist Church.

He is survived by his parents, Mr. and Mrs. S. H. Brown, one brother, Owen Brown and a sister, Imogene Brown, all of Indian Gap, and a cousin, H. T. Hayes of Brownwood.

FAIRROW — Willie C. Fairrow, three year old son of Mr. and Mrs. Johnnie Fairrow of Blanket, died at the home of his grandparents, Mr. and Mrs. A. O. Pittman, Owens, at 5 o'clock Monday afternoon. Funeral services were held Tuesday morning at Salt Creek church with Rev. Mr. Crimm officiating. Interment was at Salt Creek with White & London Funeral Home in charge of arrangements.

Willie C. Fairrow was born at Blanket, August 27, 1931. He is survived by his parents and grandparents, Mr. and Mrs. John Fairrow of Blanket, and Mr. and Mrs. Pittman. One brother, Clarence, and two sisters, Violet May and Edith, also survive.

WRIGHT — Funeral services for Loy Ann Wright, infant daughter of Mr. and Mrs. Burt Wright, route 4, were held Thursday afternoon at the home of Mr. and Mrs. C. C. Wright, Brownwood, with Rev. W. H. Foster, pastor of First Presbyterian church, officiating. Interment was in Greenleaf cemetery with Austin-Morris Funeral Home in charge.

HENNERSDORF—Harry W. Hennesdorf, 43, died from gunshot wounds at 1:15 Thursday afternoon. He was found near his home, 407 East Anderson street, wounded in the stomach. Although dead when found his body was taken first to a hospital and then was carried to White & London Funeral Home, A .12 gauge pump shotgun with one shell discharged was found beside his body. A short ramrod was lying nearby.

Funeral services were held at 10 o'clock Saturday morning at the residence with Rev. W. H. Foster officiating. Interment was in Greenleaf cemetery.

Mr. Hennesdorf was born in Brownwood May 22, 1892. He was formerly a member of the Knights of Pythias and Elks lodges, and was a world war veteran. He had been in the automobile business in Brownwood for a number of years, and he occupied the position of credit manager at Weatherby Motor Company at the time of his death.

He was married to Miss Russle Oden of Goldthwaite September 8, 1923.

Survivors are his wife, an uncle and an aunt, and the following brothers: Albert Hennesdorf, of Brady; Chester Hennesdorf, Fort Worth; Otto Hennesdorf, Dallas, and Otto Hennesdorf of Jefferson City, Mo.

DUNNAM — Pat Donald Dunnam, infant son of Mr. and Mrs. Ross Dunnam, died at the home of his grandmother, Mrs. W. J. Clements, Saturday evening. Funeral services were held at the residence Sunday afternoon with Rev. W. A. Todd officiating. Interment was in Greenleaf cemetery with Mitcham Funeral Home in charge of arrangements.

BENNIE—William Bennie, 55, died at his home near Fairland Farm at 4 o'clock Sunday morning. Funeral services were held Sunday afternoon at Belle Plain Baptist Church with Rev. Mr. Henry officiating. Interment was in Greenleaf Cemetery with White & London Funeral Home in charge of arrangements.

Mr. Bennie was born in England December 17, 1849. He came to the United States at the age of 17, settling in Bedford, Indiana. He lived there until coming to Brown county 49 years ago. He was a member of the Presbyterian Church from early childhood. He was a Master Mason, having his membership in the Bedford lodge.

His wife died in 1919. He is survived by the following children: Will Bennie, Rising Star; Charles Bennie, Byrds; Al Bennie, and Mrs. Alice Sowell, both of Brownwood. Thirty-three grandchildren also survive.

Another effort to climb Mount Everest will be made by British explorers in 1936.

The Para rubber tree still is being successfully Florida.
