## OFFICERS OF NORTHWEST TEXAS ARREST TWELVE RECENT HIGHJACKING EPIDEMIC

Man Identified as Highjacker on Highway 66 is Held in Local Jail Tuesday Night. Clothing and Jewelry Taken Are Found in Wichita Falls Apartment

Rain, the harbinger of prosperity, was a bad omen for Arthur Spencer who shot his way out of a trap laid by officers in Wichita Falls, but was captured on the highway near there when the stolen car in which he was riding stuck in the mud.

At the time of the raid on the apartment in Wichita Falls, two women were captured and held on a charge of "harboring" outlaws. Pete Traxler, half brother of Spencer, made his escape.

Searching the apartment, officers found clothing and jewelry, a part of which has since been identified by victims of highjackings on Highway 66 in Donley county as their property. Guns, ammunition and money were also found. A doctor's first aid kit, medicines and bullet probes were in the cache.

Twelve alleged robbers and highjackers have been collected by officers and put out of circulation in the Wichita Falls jail within the past ten days.

Mr. and Mrs. Arthur Van Neevil from Rock Island, Illinois, and robbed of clothing, jewels and money amounting to about \$2,000 on Highway 66 in this county March 4th, about 2:15 p. m. identified Spencer, and a picture of Pete Traxler as being the two men who held them up.

When the robber car pulled in front of the Neevil car just west of Jericho, the Neevil car stopped. Two robbers got in the car with the man and woman and directed them off the highway. Mrs. Neevil was instructed "not to look" at him as the robber took her rings. Her husband was obeying orders and looking straight up, though he had gotten a good view of both men.

After taking their valuable, the robbers drove north. Mr. Van Neevil started back to Groom on foot. He was overtaken by his wife just before he got to town. She had found the car key where it had been thrown in the road, and drove to overtake him.

On February 29th about 5:30 p. m. Mr. and Mrs. C. J. Jackson of Beaver Dam, Wisconsin were held up near the same place as the Neevils. Money, clothing and jewelry lost to the robbers amounted to about \$1,200 it is reported.

Both couples identified Arthur Spencer here Wednesday as being one of the two men who robbed them with a gun.

Spencer was brought from Wichita Falls Tuesday by Sheriff Pierce. He was accompanied by Mr. and Mrs. Neevil. Mrs. Neevil pluckily sat on the back seat with the handcuffed robber. She had plenty of time to remind him of all the dirty, mean acts he had committed in taking her valuables, and did tell him. He held a gun on her while the other robber instructed him to "shoot her" for looking at his face. She finally looked up after being cautioned by her husband to follow directions.

Spencer taken before Judge Davis, local Justice of the Peace Wednesday morning, had nothing to say. Testimony of the witnesses was taken to be used in the trial to save them a return trip to Texas.

## Townsend Pension Plan Will Be Discussed Friday

Through a letter to S. A. Pierce, announcement is made by W. W. Parkinson of Amarillo, speaker for the Townsend pension plan movement, that he will be here at 2:30 Friday afternoon to speak.

An effort will be made to organize a Townsend club at that time. The speaking will be held at the courthouse, it is said, and all those interested in learning about the plan, are asked to be present.

A district meeting will be held in Amarillo next Sunday for the purpose of nominating a congressional candidate favorable to the Townsend pension plan. Mr. Parkinson stated in his letter.

as. Spencer is held on two charges of "robbery with firearms," both a capital offense in Texas.

Spencer offered to "dig up" all the Neevil property in Oklahoma if they could get him across the line. He is wanted on assault to murder and car theft charges only in that state, according to Sheriff Pierce.

Sheriff Guy Pierce and Deputy Marion Quisenberry took Spencer to Amarillo Wednesday where he was placed in a "tool proof" cell of the Potter county jail.

## Theaton Park Now Ready For Tourist

Pure Water, Scenery, Modern Conveniences Make This An Ideal Playground

When a fellow takes an interest in something, and really accomplishes what he sets out to do, and that thing meets with public approval, the man back of the scheme just naturally feels that it is all worth while.

Such is true of Theaton Park down near Giles. In fact it is across the roughs from old Giles on the south side, right on Highway 5 that the Park is located.

Bob Rankin, highway foreman of this district, has had the park in the making. His workmen have built a rustic bridge across the creek. The same creek that has been dammed up so the kiddies may wade.

A well 13 feet in depth supplies plenty of pure water through a pump. The water has been tested by a chemist. No danger there.

The tables have rock legs and the tops are a concrete slab. No chance to accumulate anything that should not be there. They may be washed with hot water without fear of "drawing the paint." The seats match the tables. All the furniture is built for the centuries. Bob states, and he is a stickler for lasting qualities.

Local people and picnic parties are welcome. Shade trees make gatherings possible. The only requirement is that the grounds be cleaned up after the show is over.

Scenic highways have been constructed from the top down to creek making a round trip possible.

Dealer and Salesmen Given Trips on Merit

One dealer and two salesmen here are awarded free trips to the factory for having made the most sales. Donley county is one of 17 counties in this district competing on Maytag sales.

Two dealers and seven salesmen of the 17 counties are to receive free trips. J. Frank Heath has been notified that he is one of the dealers to be rewarded, and two of his salesmen out of the seven, Roy Heath and C. E. Culver, are also to get a free trip.

These trips are to be made to the Maytag factory at Newton, Iowa. Of course side trips will naturally have to be made. The three men left here Sunday, and are expected back here today.

## Rain Damages Terraces Very Little Over Donley

Out of the seven thousand and five hundred acres of land that had been terraced in Donley county the past few months, only two units failed to survive the heavy rain of Sunday.

These two were in the Hudgins communities in a draw, or else so placed that they were below a large section of terraced land and received the full force of the water.

Farmers are jubilant over the terracing idea and the fact that water was stored up in the field rather than allowed to run off into the creeks in the test of Sunday's big rain.

## Pampa Lions Visit Local Club Tuesday

Judge Ivy Duncan Speaks on Pampa Centennial Fete To Be Held Soon

The program of the day at the Lion club luncheon Tuesday was provided by a group of Lions from Pampa, Olin E. Hinkle acting as master of ceremonies, boosting the Pampa Centennial celebration.

Judge Ivy Duncan made an address explaining an outline of the program to be carried out at the celebration.

A quartet composed of Babe Rose, Duke Balthorpe, Jack Dunn and Chick Hickman sang several interesting numbers.

Delegates to the district Lion meet at Childress selected by convention committee, J. T. Patman chairman, were announced. They are Judge S. W. Lowe, D. O. Stallings, H. T. Burton and R. S. McKee. Alternates are Joe Bownds, Verna Lusk, Chas. Lowery and Joe Goldston.

Autos were pledged to take the band to the Convention, and incidental expenses of the band will be paid by the local Club.

## PIONEER PASSES 87th BIRTHDAY

Came to Donley County More Than Forty Years Ago

Observing the birthday of Richmond Bowlin is an annual affair of his friends and neighbors. Saturday, Mr. Bowlin observed his 87th milestone with a large number of friends gathered in the Bowlin home some 15 miles northeast of town.

Mrs. Bowlin had prepared plenty of food, among the lot was an extra large boiled ham of the home cured variety. Other ladies brought covered dishes to make of it a community affair.

Mr. Bowlin comes of a Virginia stock related to Pocahontas. For more than 40 years he has been a stock farmer in old Donley, where he is recognized as a worthy citizen by a large acquaintance.

Among those present Saturday were Mr. and Mrs. A. E. Tidrow and daughter Jo LaVerne, Mrs. J. C. Estlack, A. Estlack and Mr. and Mrs. E. H. Estlack and daughter Rochelle; Mr. and Mrs. J. T. Bain, Mr. and Mrs. L. Pickering, Mr. and Mrs. W. M. Pickering, Mr. and Mrs. A. O. Hefner, Mrs. Edwin Eanes, Mrs. J. R. Chamberlain, Mr. and Mrs. L. Bowlin and Letha Rea; Mr. and Mrs. E. V. Quattlebaum, Mrs. J. D. Stocking, W. P. Chamberlain, Misses Ava, Lou and Minnie Naylor, Mrs. Elizabeth Whitfield and children, Hazel, Clifford, Betty Nell, Ora Lee and Sidney Rhea Beach.

Mr. Bowlin expressed highest appreciation of the numerous gifts, among them being a 10-gallon Centennial hat.

## Lubbock Relatives Visit In Polk Home Here Sunday

Mr. and Mrs. J. T. Polk and daughters, Jonnie, Imogene and Evelyn from Lubbock, also Mr. and Mrs. John Balois and three small sons who have just recently moved to Lubbock from Alaska, were dinner guests in the home of C. L. Polk, Sunday.

## New Cotton Program Will Begin Next Week

Cotton producers of the several communities will receive letters informing them where to meet their committeemen and fill out work sheets.

The new cotton program will get under way all over the county next week county agent Breedlove states.

Cotton producers are urged to be prompt in taking advantages of the opportunity, and to meet with their committeemen in each of the several communities on the dates specified in the letters that are to be mailed out by the county agent.

## MCCARTY ISSUES 2ND POEM BOOK

Two Writers of Clarendon Featured in Latest Anthologies

The names of Mrs. W. T. Lowe and Sarah Sewell Hall appear among the names of poets listed in the new book of poems, "Wind in the Cottonwoods," collected and edited by John McCarty, editor of the Amarillo News, himself a worthy contributor to the poetic collection.

Miss Peggy Caldwell of Hedley is awarded first place in writing "Panhandle Panorama." Her other poem, "Country Road," is typical of the talent of this well known authoress.

Miss Elvira Davenport, another Hedley lady, is listed with the contributing poets.

The book was printed in the Dalhart Texan plant, and bound by the Russell printers of Amarillo. The cover design is by H. H. Hutson, and the make-up design by that master artist-printer, George Autry of the Russell printing company.

## Democrats To Hold Convention Tuesday

County Chairman W. P. Cagle announces a democratic convention to be held here Tuesday, May 5th, at 2 p. m. The meeting will be held in the courthouse.

"Our purpose will be to elect delegates to the State Democratic Convention, and attend to such other business as may come before the convention," Mr. Cagle states. The state convention will be held in San Antonio this year.

## Lightning Kills Team Near Ashtola Saturday

The loss of a team fell heavy on Henry Wilson, tenant farmer north of Ashtola. The team was killed by lightning late Saturday afternoon during the heavy shower that fell over that section.

A rainfall of approximately three inches is said to have fallen in some parts of that section Sunday afternoon.

## Large Number Here Wed. Night for Council

Masonic brethren from Tulla, Memphis, Wellington and other places were here in large numbers Wednesday night for a Council meeting of the Masonic lodge.

## FARMERS JUBILANT AS RAIN COMES AT OPPORTUNE TIME FOR EARLY PLANTING

Showers Saturday were followed by a general down-pour covering the county Sunday afternoon and night. The fall in Clarendon amounted to 2.35 inches according to official weather observer instruments kept by Joe Goldston.

Giles had a fall of approximately three inches, it is stated. A car driven by Sloan Baker coming west near the Johnson station on Highway 5 drowned out.

G. G. Reeves coming in from Wellington about 3 p. m. Sunday, caught up with the cloud 14 miles east of Hedley. He stated the fall was heavy from that point this way.

Charley Risley reports a fall of approximately four inches on his farm near Goldston.

Geo. Bulman of the Martin community estimates the fall there at three inches.

Midway had about an inch while the JA ranch country had a light fall of a half inch in some places.

Terraces in the Hudgins community were washed out on the Caraway and other farms.

Rains are reported Sunday from Castro, Hale, Swisher, Randall, Briscoe, Potter, Armstrong counties. Showers fell in several other counties of the Panhandle.

## Harrison Simpson Accepts Government Job

Having taken the examination something like a year ago, nothing more was heard of the matter until Monday when Harrison Simpson was called to Amarillo.

A message to Mrs. Simpson Tuesday informed her that her husband had accepted a place in the soil erosion work, and would be sent to Stratford. No further particulars has been learned by relatives here.

## Singers Will Meet At Goldston Sunday

Public is Invited to Hear Best Talent in This Part of State

The Donley County Singing Convention will meet at the Goldston school ten miles north of Clarendon next Sunday. The conventions are held on the first Sunday of each month.

The best singers from several counties are attracted to these gatherings each month. Donley county has some of the best vocalists to be found anywhere. Most of them never pass up an opportunity to contribute of their skill to the fine programs that are heard at these community gatherings.

The public has a cordial invitation to take a part in the singing. Those who do not sing, have the privilege of hearing good music. It is really a fine place to be, to mingle with folks you know, and spend an enjoyable afternoon.

The program will begin at 2 p. m., it is stated. Plenty of seating capacity, and since the sessions will be held indoors, rain will be no barrier.

## Protest Palo Duro Park Entrance Fees

Panhandle Protests Raise In Entrance Fees

Citizens of Clarendon and Donley county voiced protests against a raise in entrance fees to Palo Duro park Tuesday and Wednesday. The raise is to be made Friday, May 1st.

The old rate is 35c a car with a cargo limit of five. The new rate is 35c a car and driver, 20c for each adult and 10c for children.

School children as closing days come visit the Park in large bodies. It is believed the raise will prevent a large number seeing the Park this spring. "It virtually closes the gates against the poorer class of families," said a prominent Clarendonite today.

Protests were being made to Pat M. Neff, Waco, chairman of the State Parks Board.

## Republican Convention Will Be Held Here Saturday

A precinct convention of republicans will be held here Saturday, May 2nd at 10 a. m., according to H. J. Edington, precinct chairman. A county convention will be held here May 5th at 2 p. m. for the purpose of electing delegates to the state convention of that party.

## Hedley Athletes Winners At Canyon

Richardson and Jones Lose By Four Points to Team From Lamesa

Region One, Interscholastic League track and field events at Canyon Friday brought out some new records. Lamesa's Golden Tornado replaced Pampa's Harvesters by counting 18 points to lead Hedley's two man team by only four points. Amarillo failed to score.

Ivan Jones of Hedley led the individual scoring with 10 points of his two-man team's 14. He won the century and 220 yard dashes setting a new record of 21.5 seconds. He won both at Pampa the week before.

Homer Richardson of Hedley took 4th place in 120 yard high hurdles, and 2nd place in high jump. He was first at Pampa.

Howard Strawn of Clarendon winning first in 440 yard dash at Pampa, took 3rd place at Canyon in competition with 67 schools.

Extemporaneous speaking for girls, Sybil Holland of Hedley won first place.

Ivan Jones, Homer Richardson and Sybil Holland, all students of the Hedley school, will enter the state meet at Austin Friday and Saturday in their respective classes.

## Donley County Talent Asked To Share Folk Festival

A letter from director Margaret K. Woodruff of Amarillo asks that talent from Donley county be represented in the Folk Festival to be staged in Amarillo May 20th.

Folk songs, folk dances and old-time fiddle music talent is all wanted on this program, Mrs. Woodruff states. Write her at 1910 Tyler street.

The Folk Festival is being sponsored by the Panhandle-Plains Historical Society. The original date was May 8th, but the date has been changed to the 20th.

## Mischievous Boys Are Given Lecture Wednesday

Highway officials brought two Hedley lads, aged 13, to the Sheriff's office Wednesday. The boys on their way to Lella to fish, placed large stones on the highway, and capped it off with some old fencing.

Sheriff Pierce lectured them on the possibility of causing an auto accident resulting in cripples or dead travelers on the highway. The lads promised in tears to behave better and were returned to their homes.

## Memphis Delegation to Visit Clarendon Monday

A number of leading citizens of Memphis, headed by J. Claude Wells, publisher of the Memphis Democrat, are to visit Clarendon Monday. The purpose of the visit is to invite Donley county's participation in a Folk Festival at Memphis.

Contestants of eight counties will enter the contest at Memphis. The winning representatives of any one county, will be entertained at the Centennial at Dallas with all expenses paid, it is understood.

## Odd Fellows Will Meet Sunday Night

J. Perry King Will Preach Sermon Observing 117th Anniversary

Odd Fellows and Rebekahs will gather at the Hall at 7:30 Sunday evening, and go in a body to the First Baptist church at 7:45 where the pastor, Rev. J. Perry King, will preach a special sermon in observance of the 117th year since the founding of the Order.

Ex-Odd Fellows are urged to go to the Hall and march with the other men and women, Noble Grand O. S. Anderson stated.

The arrangements of last Sunday evening were declared off due to the heavy rain.

## MUSEUM RECEIVES MORE SPECIMENS

Ashtola Youth is Champion Collector of Exhibits

If Donley had more enthusiastic collectors in the field like H. W. Lovell, Jr. of Ashtola, the building would soon be filled.

This young man's latest contributions include a tea kettle and a pot with legs 50 years old such as was used by pioneers. A Mexican cup dates back 60 years; signet ring that has been smashed flat in its battle through the adversities of years; green glass cup bought in 1903; a purse used during the civil war; a basket more than 100 years old.

Other gifts come from a wide source and include largely articles used in the homes of the long ago.

The exhibit now contains several hundred specimens. The public is also reminded by the Board of managers that the Donley County Museum is the property of the entire county. Contributions are solicited, either as gifts or loans.

The Museum is open every Monday from 2 to 5 p. m. There is no admittance charge. Ladies sponsoring the work for the pleasure and educational value of a museum, contribute of their time and means that others may enjoy the largest county museum in West Texas, and equaled only by the museums at Canyon and Bandera.

Funds for labor alone to the amount of \$1,020 has been appropriated for work at the college time keeper Keith Stegall stated Wednesday.

## College Rebuilding Awaits Further Appropriations

Reports that \$9,000 had been set aside to begin work on the dormitory is in error, he said. Work at present is being directed to leveling up the campus and tennis courts.

## Sheriff Pulls Negro Off Passenger Train

Monday, Memphis officers phoned the sheriff's office here to search the 6:08 passenger train for a negro who was alleged to have knifed another negro in Memphis.

Pierce and Quisenberry located the negro on the train and took him to the local jail. Memphis officers were notified and came for the prisoner within thirty minutes.

## Citizens Appreciate Work On Street Leveling

Lose dirt washed badly during the heavy rain Sunday, leaving washes on the streets to say nothing of a multitude of bumps. The city force has been put to work leveling down the streets, a fact that is being voiced in appreciations. Sand washed in on the paved streets, and this will be removed just as soon as a force of workmen can be had off other jobs.

## Lowly Pea is Coming Into Its Own This Season

Though a standby through the depression, the lowly "one-eyed" pea has borne the brunt of much unfavorable comment. Since every other row is to be planted to peas under the soil erosion plan, pea seed is at a big premium.

## \$27,000 IS PAID DONLEY FARMERS

Money Comes From Special Cotton Certificate Sales Recently

Approximately 40 percent of the special cotton pool certificates has been made, county agent H. M. Breedlove stated Wednesday. Cotton producers of Donley county received \$27,000 this week. Notices were mailed out promptly to each owner of a check at the county agent's office.

No information has been received relative to the cotton certificates in the national pool, county agent Breedlove states, but he is expecting something from that source within the coming month.

MEMBER OF PANHANDLE PRESS ASSOCIATION

RAIN DISPELS GHOSTS OF WANT.

Cathedral chimes under the most hallowed circumstances are nothing as compared to the music of the patter of rain on the roof in the great Southwest. Fields that were but great mirages of thirst a few hours before, instantly reflect the great plan of nature in rehabilitation. Anxious faces on sturdy manhood of yesterday, are wreathed in smiles today. It rained. That's all—it just rained and that in large quantities.

Inhabitants of unpainted homes, the outer walls made bare by heat, dust and wind over three years, never gave up. They can take it on the chin, and do. Hope never fades though energy is dormant awaiting opportunity to apply that energy to profitable work with nature's assistance.

Half-starved birds are singing. Horses, cattle and sheep scarred by poverty through the long months of waiting, creep over the moist dirt to nibble the first green blades that come hurriedly after the rain.

Where yesterday dirty ghosts whirled dust over the devil's playground, today flowers are fashioning blossoms of beauty and entrancing aroma.

The great Southwest! There is no other section like it. There is no other people who can and do face calamity with abiding faith such as they do here. There is little said about a drouth because nothing can be done about it. We have had them in the past. We will have them in the

future. We prefer dry weather to floods or blizzards. After all, we are pretty well off. The Southwest is back on the job again—since the rain.

\*\*\*\*\* he has others do the farming for him.

VISITING WITH OUR NEIGHBORS

Another good man paying his sub up Saturday was H. W. Lovell of near Ashtola. He was taking the dry weather on the chin with a grin that morning, and little did he think that he would get a good rain that afternoon. But he did.

S. H. Lovell came in and paid two subs. Ben paid his a short time ago which completes the rounds of the Lovell family. If all men were like the Lovells, we would have no need for officers, jails or courthouses. Fine fellows and we prize them among our best friends.

Another old-timer is L. R. Dean who resides on his farm south of town. He came to Clarendon with the building of the railroad—before it—in 1886. When the Denver was being built into here, he handled a scraper in making the dump. He afterwards wrangled a switch engine in the Childress yards for several years, and was a fireman on the main run through here at another time.

Mrs. A. H. Bowling was in Saturday to have the Leader sent to her daughter, Mrs. J. C. Mills at Wetumka, Okla. Mr. and Mrs. Bowling married in Denton county and soon afterwards came to Donley in 1904. She says in addition to rearing five children, they have bought and paid for two farms since coming here.

Our old friend D. W. Clappitt was in paying his sub Saturday and had a bit to say about deep plowing before sowing wheat. When asked his opinion as to how or why some wheat is so much better than other fields at this dry time, he said it was due to the way the land had been plowed. He has a good crop so far on his farm near Canyon, but the wheat on his farm near Farwell is not so good. He has been in the Panhandle over thirty years, and is a very successful farmer, or farm director since

Bill Barker was run out of the black land belt and landed here in 1906. He says he has never been able to get away since. Old Donley can use a lot more Bill Barker type of men.

Another pioneer is J. W. Mann of the Hedley country. In remitting his sub price by mail Mr. Mann said: "I came to Donley county in 1909, and that just about puts me in the pioneer class." It sure does, J. W. and we are mighty glad you came to Donley instead of going to Jack county or some other fool place, as Bill Barker would say.

Mr. and Mrs. G. G. Reeves and children visited over in Collingsworth county Sunday.

Mr. and Mrs. Sloan Baker and children visited in the Smith community and at Memphis Sunday.

—McLean News.

More Material.

Texas voters have an additional candidate for governor in the forthcoming Democratic primary. Judge Tom F. Hunter, of Wichita Falls, in addition to several other candidates, has thrown his hat into the ring. He came out with the ringing declaration that Governor Allred has mistreated the aged poor who are expected to share in the benefits of the Old Age Assistance Law in Texas. He further charged the governor is not "attending to business." The governor answered the last charge by announcing he will make a week's trip through the east with a special Texas Press Association train, trying to interest people of the big centers in Texas' Centennial celebration. Mr. Allred evidently feels secure in his behalf that he is not neglecting the business of the state, and that the voters are not going to take seriously the charges made.

—Floydada Hesperian.

Memorable occasions in the history of Texas will be shown in dioramas now being prepared by the Humble Oil Co., and which will be on exhibit at the Centennial Central Exposition in Dallas. Following the Central Exposition, the dioramas will be donated to The University of Texas for the Texas Memorial Museum.

Campaigns for the sale of Texas Centennial half-dollars are now being carried into every section of the state, it has been announced by Beauford H. Jester of Corsicana, general chairman of the campaign. The coins are being sold to raise funds to augment state and federal aid received for the construction of the Texas Memorial Museum on the campus at The University of Texas. The first unit of the Memorial Museum will cost \$1,000,000.

FORD V-8 TRUCKS DO MORE WORK AT LESS COST...

because they have RESERVE POWER AND EXTRA STRENGTH!

ON long or short hauls—up steep grades—through gravel or gumbo, Ford V-8 trucks have the reserve power to deliver their loads on schedule and no favors asked.

The mighty V-8 engine is conservatively rated by Ford at 80 horsepower—more than is needed for most work. And this is one of the main reasons for a Ford truck's economy. Because, with so much reserve power, the Ford V-8 does its work easier, with less effort. The engine operates efficiently and at low cost because it is usually below "peak." The whole truck, straight through to the rear axle, gives you longer life than would be possible with a relatively under-powered, over-worked unit.

And V-8 power is coupled with extra strength in the Ford truck... Frame,

clutch, rear axle—in fact, the whole chassis, including springs, is ruggedly built to insure users the greatest possible freedom from servicing cost.

But the best way of all for you to learn for yourself exactly what a Ford V-8's reserve power and extra strength means, is to ask for a demonstration. Call your Ford Dealer today. Put it up to him to prove this great Ford truck's advantages to you.

AUTHORIZED FORD DEALERS OF THE SOUTHWEST

FORD V-8 TRUCKS and Commercial Cars

Commercial Cars: \$340 and up, F. O. B. Detroit, payments as low as \$25 a month after down payment, U. C. C. 1/2 per cent a month finance terms. Trucks: \$300 and up, F. O. B. Detroit, new U. C. C. 1/2 per cent a month plan for easy payments.

and here's the proof!

Benj. Cain of Cain's Truck Lines, Oklahoma City, Oklahoma, says: "The first trip to Franklin, Pa., and return with a 12,000 lb. load of oil well drilling equipment more than substantiated my claims and now I am telling you the Ford truck is making me more money than I ever expected to make in the trucking business."

M. C. Rogers of Enid, Oklahoma, says: "The regular load on my Ford V-8 truck consists of a 2,500 gallon semi-trailer gasoline tank. Operating cost has been very low. Total expense for repairs at 40,000 miles was \$15.60 and gasoline mileage an average of nine miles to the gallon."

O. E. Mullman of Mullman Bros., Oklahoma City, Oklahoma, says: "These are two of my five Ford delivery cars which I am at the present using. They are very economical as to gas and oil consumption and I might add that the last car traded in ran 62,000 miles with absolutely no repairs being made."

L. D. Shannon, owner of the Shannon Feed Co., Tulsa, Okla., says: "We operate seven Ford trucks and I want to say they are most satisfactory in every way. We previously operated heavier and more costly units but are planning to replace them as quickly as possible with Fords as they are doing the job better and more economically."

A. D. Stoddard, Chief Engineer of the Halliburton Oil Well Cementing Co., says: "For a number of years our company has been using Ford cars and pickups as standard equipment for employees engaged in the cementing of wells."

"We have found that the block exchange by the Ford Motor Company and also the purchase of replacement engines is an aid in giving the service we desire. We are able to replace motor, front and rear ends, and various parts with very little delay and feel that all of this has been a great aid."

\* **TEMPLE OF TRUTH** \*  
\* By the Apostle \*  
\*\*\*\*\*

If the American home is doomed, why do republican papers continue to publish household hints?

A lot of people talk about the monied interests controlling the newspapers. Here I've been waiting all these years and never had a single offer. What a world!

Do you suppose the republicans really think that if they win this time, they could go to Washington and wipe out all the New Deal at one swoop?

Zioncheck of Washington state is the only congressman heard from for the past month during the present session. He paid \$45 for speeding on a Washington street, and next day got up courage to call Rep. Blanton of Abilene a liar. Blanton denied it vehemently—whatever that is.

You call up your wife, and she calls you down. Good old American custom!

It doesn't seem possible that there was a time in the Panhandle when we had fresh beef, jerked beef, and a hunk of a quarter hanging from the windmill tower. But we did! Good old days! Now we often pay 30 cents a pound for a piece of bull neck so tough that you can't stick a fork in the gravy. We need a "beef belt" more than a shelter belt out here where trees cannot exist except in petrified form.

A down-state candidate admits that he was born in a hospital instead of a log cabin. Son, you might as well go home. The opposition was not only born in a log cabin, but a double log cabin with an ash hopper in the back yard. Piney woods folks go strong on log cabins.

Ima Fizzle visited with a girl friend in Amarillo Sunday who was so "plicated that she referred to a chicken leg as a "limb." Still Ima prefers refinement in women, but in men—well that's different. Red Kian, her boy friend from Hog Jaw, refers to the same article as "shank" and is typical cave man in the raw.

Peculiar coincidences happen. At a social gathering in Clay county as reported in the Bellevue News last week, there was present Mesdames Naylor, Stewart, Duncan, Bromley, Russell, Bristler, Douglas, Davis, Jenkins, Mc Adams. Ladies bearing the same names reside here. Some are common, but in the spelling of "Bromley," and the Bristler name, there is a strange coincident. More than that, the Leader goes to each of the above named ladies here.

In advertising an auction, a Bristow, Oklahoma man refers to the noon lunch as "Free lunch on the ground featuring alphabet soup, constitutional sandwiches, blue eagle gravy, 3-A-tater balls and corn-hog julep."

"The Ethiopians would a simply caught hell from them Wops if it hadn't a bin for the League o' Nations," Hastoon Yazzie remarked Monday.

A safe man is the best safety device on the highway, but until more qualify, we're in favor of screwing the legal lid down on the wild ones.

KPDN, the new broadcasting station of the Pampa Daily News located on the dial just above Amarillo News' KGNC, put on the air another fine program Sunday afternoon. You are missing a treat if you don't tune in for the new Pampa station next Sunday right after noon.

He has paid too much for life who has been too busy to live it. To grow old without ever having really lived, is life's greatest tragedy in which one may supply all the actors in the cast.

You don't have to bite a dog to make news. Just try fighting your neighbor's live stock and chickens out of your flower beds.

The crawdad is the only creature that takes the proper attitude toward a stranger. He raises his hands and backs down into a hole and pulls the hole in after him. Be like the crawdad. Don't buy stocks, bonds or lottery tickets that give you a chance to "make millions."

The lowest form of ego is that which is ballooned to ecstatic rapture by a bath of deflected glory.

They don't like the name "Vertebra" so they are cutting out the joints in Amarillo—bookie and otherwise. We may all be calling it Amarillo again within a month.

Reading the daily papers, women

Just have a strong tendency to use poison to get rid of a husband, but a husband uses a hammer and boasts about it.

Mr. and Mrs. Roger Bond are asking that names be suggested for their first born, a son. In this connection this column hastens to be of service. "Baby Bond" is most appropriate right now but he may grow up some day if the autos and bandits let him off. Then the name would not fit the size of the victim. How about "Cash Bond?" He may be a financier, and in that case, this name would mean something. Or we might suggest "Liberty Bond" until he is married, then of course losing his liberty would likely cause a change in his name to "hey you!" Held Without Bond" might not be such a bad name, and would instantly put him on speaking acquaintance with strangers. "Denied" Bond is about the last thing on the list. Here's hoping it won't come to that whatever name is given him. If you keep that dog in the house now as much as you did, just name him after the dog—"Spot Bond." The dog may object, but the kid will appreciate it later knowing your regard for the dog.

Under the libel laws, calling a man a fat-head may not be libel. It depends on circumstances, says a New York court. If you call a man a fat-head and he can prove it, that may be libel. (See Hunter vs Post, 1903 Ark. J. P. Court 227.) If several thousand read it and get to yelling it all over the state, the case may have to be carried to a higher court to quench it.

In the case of a man using a knife, and claiming to be a professional knifer, and you print a request that some one throw the bum out of the state, without stating just how far over the state line, it may be said to be part liable. (See Brinkley vs Howe & Co. 849 Mexico S. W. 1849.)

Again, if you are held up and kicked in under your machine, and you say to yourself "that — yellow —, and you publish your opinion using the exact words, the expression will be taken as complimentary, and the highjacker will have no cause for action until caught. (See Groom vs Jericho, Panhandle No. 1936.)

Another example, if a man sees the need of slinging mud in favor of his candidate, and calls the opposing candidate a grave robber, though he may not produce the tombstone, he cannot be held liable without the corpus delicti (tombstone) proving his assertion. (See Farmer Jim vs the People.) The act within itself is generally regarded as an expression of love and esteem among politicians, and politicians largely manage the courts.

Just a word of common sense. Quite a number of our folks are wondering if the stock—cows, horses, mules, hogs, dogs and numerous chickens are to be allowed to ruin the flowers and the gardens again this spring. Both men and women, the finest folks we have, people who have worked hard to have a home, want to know. A lot more flowers would be put out right now if the owners had any assurance of protection. This one fact of wanton destruction has held in check beautification of Clarendon a long number of years. I've heard men cuss and have seen women cry over a ruined yard or garden. Yes, sir, and right here in Clarendon. The city dads will enforce the law of protection if you call their attention to it. If the laws that we now have are enforced, we will be safe. Let's make it a point to ask Mr. Fyle and Mr. Halle and Mayor Sims about it. Let them know that we want to fix up our yards, or homes and quit putting it off. A home without shrubbery and flowers is a mere stopping place. It takes flowers to make a home. It is squarely up to us to say something. There is no doubt of results once the City official family is assured of our interest in the matter.

**CARD OF THANKS**

We are deeply grateful to those who assisted us in any way during the illness and at the death of our dear one. You were thoughtful, kind and considerate. We pray God's blessings upon each of you, and may you have such friends in your darkest hour.

Mrs. J. T. Ayers.  
Mrs. J. R. Ayers and Family.

"People who drink beer and light wines are not given to belligerence," says a Washington student of types. Then who are these strangers who line the Rhine?—Grand Rapids (Mich.) Herald.

**TEXAS HEROES**

They fought not because of bargaining nor petty victory Nor foolish thought that they were right! Indeed, they had no lawful code save justice for which to fight— And those that were to be.

Not for gold nor trade they made the sacrifice But fought through bitterest war To make us free, and now have we Made our lives worth dying for? With blood and tears they paid the price!

For un-born hope they gladly died— That we might never see tyranny, turmoil, nor horror Twas not for selves they fought but the destiny of tomorrow They gave us then a single star, born free! Destroy not, then, that hope but be an empire staunch and strong and brave A worthy tribute to those who be in sodden graves— Still "pledging our allegiance Our faith, our love for thee!" —Marie Waters, Mobeetie, Texas.

Every time something goes wrong in Europe we are reminded of the foresight of Christopher Columbus. He surely discovered America in the right place.—Toledo Blade.

In Calcutta a merchant offers "fabulous riches" to any one who can put him to sleep. Is there a dark-complexioned gentleman named Joe Louis in the house?—Troy (N. Y.) Record.

Departments of Anthropology, Zoology and Geology have employed experts to prepare exhibits for the University of Texas Centennial Exposition to be held in Austin, June 6 to December 1. All exhibits to be shown in the Centennial Exposition will later be transferred to the Texas Memorial Museum, of which the first unit will be under construction during the Centennial Exposition.

**TERRACING PAYS CARSON COUNTY FARMER**

"Terracing on my farm paid for itself the first year in increased yields," said G. T. Colgrove, a farmer living in Carson county, seven miles north of White Deer, Texas. Mr. Colgrove did his terrace line running and constructed level terraces on a 170 acres of his farm a year ago. This field last year produced enough more Hegari and cane than his unterraced land to pay for his total terracing costs. In addition to the increase in yields due to moisture conservation, the terraced land has a good protective covering of stubble, which is preventing wind erosion during this blowing season.

Saving water by terracing and contour farming is one of the major steps of the program of soil conservation service in increasing the possibility of getting a crop cover.

The Panhandle A&M College experiment station increased wheat and grain sorghum yields 34 percent over a period of eleven years by terracing and contour farming.

Charley Shaw of Hedley had business here Tuesday.

A giant sea turtle, believed to be more than 50,000,000 years old, which was found near Waco, Texas, is being prepared for the Geology exhibit in the Texas Memorial Museum to be built on the campus at the University of Texas. The giant fossil will be seen during the summer months in the University Centennial Exposition.

More than 10 per cent of the 700 species of birds found in Texas are already contained in exhibits either donated or loaned to the Texas Memorial Museum when it is completed on the campus at the University of Texas. These exhibits will be featured in the University Centennial Exposition which opens June 6, and will be transferred to the Museum upon completion of the first unit.

### SURPRISE BIRTHDAY ENJOYED

Mrs. Nadine Whitlock had a happy surprise when a few of her friends came to her home Monday evening to help her celebrate her birthday.

Mrs. Whitlock received many nice gifts from the guests.

Those enjoying this happy birthday and also playing the new game Monopoly were Mr. and Mrs. Alvin Landers, Mr. and Mrs. Geo. Garrison, Mr. and Mrs. Lawrence Whitlock, Frank Whitlock, Marvin Land. The hostesses were Mrs. Marvin Land, Mrs. Lucile Garrison and Mrs. Alvin Landers served lovely refreshments.

### PATHFINDER CLUB

The Pathfinder Club met at the Club room Friday afternoon. Mrs. Fred Rathjen presided. During the business session, Mrs. E. P. Shelton was appointed to represent the Club on Centennial committee. The Club also voted to have the story hour for children this summer.

Mesdames J. R. Porter, Cap Morris and Clyde Douglas were appointed to work out the schedule.

Mrs. Nathan Cox who was sent as delegate to the district meeting, gave a very interesting report.

Program—Poems of the Panhandle, Mrs. W. B. Sims, leader and she discussed the life of the author. Mrs. Cox read the poems. Some of the poems were written by local people. Mrs. W. T. Lowe, Homer Charles Speed, and Mrs. Braswell.

The hostess, Mrs. Louie Thompson and Miss Vada Waldron served a lovely refreshment plate to invited guests, Mrs. H. C. Brumley, Mrs. Buel Sanford, H. W. Melton, John Naylor and J. H. Headrick, and twenty members.

### McCRORY—GARMAN

Miss Jaunita McCrory and Clarence Garman of Lelia Lake were married Tuesday, Rev. Joe E. Johnson officiated.

### T. E. L. CLASS

The T. E. L. Class of the First Baptist Church met in the home of Mrs. T. Nichols Tuesday afternoon April 28 in a social and business meeting.

After a short business meeting a social hour was enjoyed. Dainty refreshments were served by group number two to Mrs. W. Z. Borron, guest, and Mesdames R. W. Moore, Finis Harp, W. B. Sims, Edd Speed Linnie Cauthen, W. A. Land, Perry

King, J. C. Taylor, J. C. Ray, W. J. Deal, C. C. Phelps, P. O. Wood, Eva Draffin, Frank Whitlock, Buel Sanford, R. R. Dawkins, T. Nichols C. Thompson and Misses Hula Jo Cauthen, Reba Nichols, Lilly Jewel Barnes.

### MR. and MRS. VAN KENNEDY ENTERTAIN "42" CLUB

Games of 42 were played and enjoyed for several hours Thursday evening when Mr. and Mrs. Kennedy entertained the club at their home. At the close of the games, Mrs. Kennedy served a lovely salad course refreshment to guests, Mr. and Mrs. McHenry Lane and Club members, Messrs. and Mesdames Joe Bownds, Marvin Warren, C. W. Gallaway, Frank Heath, Ralph Andis, Harrison Simpson, and Mr. and Mrs. Kennedy.

### ENTERTAIN WITH "42" PARTY

Misses Fannie Perry and Carrie Davis entertained with a 42 party Saturday evening at their home.

Guests present were Glenn Churchman and Paul Schull, Mr. and Mrs. Victor Smith, Mr. and Mrs. Lee Meers, Mr. and Mrs. Homer Bones, Mr. and Mrs. Lester Schull and hostesses, Misses Fannie Perry and Carrie Davis.

### BLUE BONNET BRIDGE CLUB

Mrs. A. R. Letts entertained the Bridge club at her home Thursday afternoon. Games of bridge were played at three tables.

Awards were given Mrs. J. L. McMurtry for club high score. Mrs. Sella Gentry for guests, Mrs. Patrick consolation.

Joan Bennett and George Raft in "She Couldn't Take It" A Columbia Picture

Saturday night Prevue, Sun. & Monday, May 2-3-4th

Mrs. Letts hostess, served a delicious two course luncheon after the games.

Guests present were Mesdames Sella Gentry, L. S. Bagby, Bruce McClellan and T. H. Ellis. Club members were Mesdames J. L. McMurtry, Chas. McMurtry, W. H. Patrick, Odos Caraway, John Blocker, F. E. Chamberlain, Geo. Ryan and C. G. Stricklin.

### MISS FRANCES HOTT ENTERTAINS

Miss Frances Hott entertained her brother, Wilfred Hott, with a surprise birthday party on April 21, 1936. Marshmallow roast and other games were enjoyed.

Delicious refreshments were served to Misses Agatha Taylor, Juanita Estes, Mrs. Bill Todd, Mrs. O. A. Hott, Miss Gladys Salmon, Messrs. Winfred Barbee, Bobby Wilson, Marvin Salmon, Bill Todd, O. A. Hott, James Earl Hott, T. C. Isham, the honoree Mr. Wilfred Hott and the hostess, Miss Frances Hott.

### FIRST PRESBYTERIAN CHURCH

Robt. S. McKee, pastor. Sunday School, 9:45 a. m. Childrens Day Exercises.

Morning Worship, 11 a. m. Sermon subject, "The Kings Business"

Evening Service, 8 p. m. Sermon "The I Ams of Jesus."

The Young Peoples Forum, 7 p. m. Monday.

Womans Auxiliary, Business Meeting, Wednesday, 3 p. m.

### CHURCH OF CHRIST

W. Wallace Layton, Minister. Hours of Worship—Sunday

Bible Study (all ages)—10 a. m. Worship and sermon—11 a. m.

The Lord's supper—11:45 a. m. Young peoples meeting—6:45 p. m.

Gospel preaching—7:45 p. m. During the week

Ladies Bible class (Wed)—2:45 p. m.

Bible study (Wed.)—8:00 p. m. Sermon topics—May 3rd

Morning—"Building up the Church."

Evening—"Platform of the Church of Christ."

### ST. JOHN BAPTIST EPISCOPAL CHURCH

Third Sunday after Easter. Holy Communion and sermon at 11:00 a. m.

The topic for the morning sermon is, I believe.

A most cordial invitation is extended to all to worship with us in this service.

Rev. Newton C. Smith, rector.

Another trouble with modern civilization is that too many people try to stretch the "cocktail hour" into twenty-four.—Tampa (Fla.) Tribune.

Verde Morris is down east on a business trip and expects to return to Rush Springs, Okla. and make his home there again. Mrs. Morris and the children are in Rush Springs.

Frankie Smallwood  
Singing was well attended Sunday afternoon.

Sunday school was held at both churches Sunday morning with a good attendance.

There was a pie supper at the school house Friday night and also a candidates speaking. Mr. Otho Fitzgerald of Memphis was the auctioneer. Ice cream and pop corn was sold also. There were numbers given with each sack of popcorn. Mr. Boyd Dixon held the lucky number and drew the sack of sugar. The money is to be used to send the children to the Centennial.

Mr. and Mrs. Bill Todd of Chamberlain spent Saturday night with Mr. and Mrs. A. P. Todd.

Miss Neville Harper, of Eli spent the former part of last week with friends here.

Several from here attended the Junior play at Lakeview Friday night.

Mr. and Mrs. Press Baten entertained the young folks with a party Saturday night.

Mrs. Arm Hightower has had her small nephew of near Memphis visiting her the past week.

Mr. and Mrs. Bryan Todd of Canyon spent the week end with relatives here.

Mr. and Mrs. Layon Gillispie and baby spent last week end in McLean.

Mr. Rusty Gibson was on the sick list last week.

Several from here are suffering from colds and hoarseness.

A little Washington item explains that the income tax division of the U. S. Treasury is seeking a new mark, but of course, all the old ones will have to pay up just the same as ever.—Boston Herald.

original, true church that entered? We can only tell by identity. Out of so many churches which emerged from the dark ages, can we find the one that will measure up in detail to the church of the Apostolic day? In order for us to BE THE church, we must be scriptural in origin, in doctrine, in name, and in practice. The purpose of this study is to show conclusively that the Church of Christ in Clarendon is EXACTLY like the congregations which we read about in the N. T. That it originated as they; has the same name as they; same doctrine, and same practice. Any church that cannot do this, cannot be the Church of the Bible, and therefore has no right to exist.

The word is the gospel (Eph. 1:13) This was the message of the Apostles in every place where they preached—At Corinth (I Cor. 15:1-4); Rome, (Rom. 1:16); Thessalonica, (2 Thess. 2:14); Ephesus, (Eph. 1:13); Galatia, (Gal. 1:11) etc. The same message was preached in every place. Jesus said this word (gospel) is the seed of the kingdom (Luke 8:11) hence if the word (seed) was preached in every place we can logically expect the same results, for seed bears after its kind. If we sow wheat in Clarendon, Claude, Amarillo, etc. we would expect wheat to spring up in each of these places. So when the same Gospel message was preached in Galatia, Corinth, Rome and Ephesus, it would be foolish for us to look for Methodists in Galatia; Baptists in Corinth; Presbyterians in Rome; and Catholics in Ephesus. What did this gospel seed produce then? We learn that it produced Christians, nothing more—(Acts 11:26) (I Pet. 4:16). (To be continued)

Mr. and Mrs. Reagan Bryan and daughter Donna Rea, of Turkey, visited relatives here Sunday.

### FLOWERS IN BLOOM ALL YEAR ROUND GROWN IN MRS. JACK WISE' GARDEN

The fact that Mrs. Jack Wise of Briscoe has had flowers in bloom continuously the past year proves that her choice of flowers for a hobby is not a mistaken one. In Mrs. Wise's garden, roses bloomed until Christmas last year, followed immediately by crocus, then tulips, violets and roses again.

Water, courage and plenty of strength and ambition are listed as the qualities needed in raising Panhandle flowers, the Briscoe woman states.

Some of the varieties of flowers she has at present include: Japanese barberry, bridal wreath, weigela, bush honeysuckle, and several other varieties of shrub, two different lilacs, crepe myrtle, mock orange, althea, California pivot hedge. Other plants are hibiscus,

"baby breath," pinks, carnations, roses, bachelor buttons, twelve varieties of perennial phlox, nine varieties of gladioli, four varieties of ferns and almost every type of bulb. She has geraniums grown from seed, a lily pond and all the "fixings" to go with it.

Besides her work with flowers, Mrs. Wise is the 4-H club sponsor, secretary of the Briscoe Missionary society, Eastern Star and Royal Neighbor member. She has worked twelve years in a print shop, also as a bank cashier and at writing insurance. As proof of her varied abilities, she recently papered her home and finished the woodwork, and helped in converting a rolling slope into a beautiful lawn to add to the attractiveness of Briscoe.

### Mrs. J. H. Tidwell Dies At Home Near Brice

Mrs. J. H. Tidwell age 61 years died at her home near Brice early Friday morning, April 17, 1936.

She was born in Alabama January 1, 1875. Funeral services were conducted from the Church of Christ at Lakeview Sunday afternoon at 2:30 o'clock. Interment in Lakeview cemetery.

Miss Violet Williamson and John H. Tidwell were married at Granbury, Texas, November 2, 1892. To this union eleven children were born. Ten are living, one died in infancy. There are also twenty-one grandchildren and two great grandchildren.

All the children attended the funeral also one sister, Mrs. Annie Spaulding, Shawnee, Okla.; one brother Emmett Williamson, Granbury, Texas, and many other relatives.

She is survived by her husband, J. H. Tidwell, seven daughters, Mrs. Virgil Whitehead, St. Louis, Mo.; Mrs. Russell Lott, Hot Springs, New Mexico; Mrs. Sid Eadsley, Clarendon; Mrs. Hershel Armstrong, Hot Springs, N. Mex.; Mrs. Louranzo Smith, Amarillo; Mrs. Byrd Adkins, Amarillo; Mrs. J. L. Walling, Amarillo; three sons, L. H. Tidwell of Post, Texas; Emmett, Amarillo; Raymond, Clarendon; two sisters and four brothers.

Mrs. Tidwell had been a member of the Church of Christ 33 years. She was a kind loving wife and mother and leaves a host of friends and loved ones to mourn her going.

—Contributed.

### NAYLOR

Mrs. Richmond Bowlin

Sunday afternoon we had a good rain, raining most of the night.

Bro. Caldwell of Hedley preached Sunday in place of Bro. Bristor, who is in a meeting elsewhere.

Mr. and Mrs. Glenn Wood and daughter, Mr. and Mrs. George Eanes and son of Chamberlain, also Mr. and Mrs. E. H. Estlack and daughter were dinner guests of Mr. and Mrs. Edwin Eanes Sunday.

Mr. and Mrs. W. C. Scott visited Sunday with their daughter, Mrs. Eay Hefner and Mr. Hefner at Clarendon Sunday.

Mr. and Mrs. A. E. Tidrow honored their son J. D.'s birthday Sunday with a big birthday dinner. Guests were Mr. and Mrs. Dee Crites of Lella Lake, also Mr. and Mrs. Leroy Tidrow of Jericho.

Mr. and Mrs. A. O. Hefner spent Sunday with Mr. and Mrs. Carl Naylor.

Miss Mary Morrison spent Sunday also that night with Mr. and Mrs. Porter Arnold.

A large crowd attended Sunday school Sunday.

Rev. and Mrs. Caldwell were dinner guests of Mr. and Mrs. W. T. Eain Sunday.

The good rains will put all the farmers planting.

T. E. Naylor of Hedley spent the week end with his aunts, Misses Minnie, Lou and Ava Naylor.

Mrs. Dee Granger and daughter, Jaunita also Waldon Downing and sister Gertrude went to Dozier Wednesday to be with their friends Mr. and Mrs. Sechrist whose daughter, Alma was killed in the school bus crash Tuesday.

Orion Lee Nutt spent Friday night with Chester Lee Scott.

Mr. and Mrs. Cecil Killough were accompanied to Amarillo Sunday by Mrs. Harry Hartzog and Mrs. C. T. Isham. Mrs. Killough did not return with her relatives Monday evening since she must remain for medical treatment.

### ON TEXAS FARMS

Minnie Fisher Cunningham  
Extension Service Editor

After reading the March reports of the county agricultural agents, M. R. Bentley, Extension agricultural engineer, comits himself to the belief that the work done in terracing and contouring land on Texas farms and ranches was "stupendous and colossal!"

Bentley thinks that the answer to the oft-asked question "How can I terrace when there is nearly always a growing crop?" is to be found in some of these reports.

Live Oak county—Crops must be planted on this land before the terracing machinery will be available, but the farmers are leaving out a 25 foot strip along the terrace line so that the terraces may be built at any time the machinery becomes available.

Howard county—Early maturing or soil improvement crops will be planted on a strip 40 feet wide along the terrace line to leave ample room for the terrace building work without molesting other crops.

Oldham county—Henry Creitz, farmer of Adrian says, "I will mark my terrace lines at present with one round of a disk plow or small county grader that I can pull with my own tractor. Then I will do all working and planting on the contour between the lines, adding at least one round to the terrace each year until a good crop is made; then I can complete the terraces, in the meantime getting some advantage from the terraces and much from the contour farming."

Lee county—C. F. Wiedner, farmer in the Good Hope community, recently decided to strip crop his land and build the terraces next fall after harvesting the crop.

Falls county—H. E. Wrenn, farmer living near Marlin, has had terrace lines run on 90 acres, changed his rows to run with the lines and will strip crop this land before building terraces. Part of these strips he has planted to sweet clover and will plant hegari on the other strips with the intention of building the terraces this summer after these crops are harvested. This gives an opportunity to build the terraces after crops are made and during a time when the ground is in better shape for moving the dirt.

Henderson county—The county agricultural agent in this county has been suggesting to farmers that in all instances where terrace lines are being run, if they fail to get their terraces built at the present time, by all means run the rows on the terrace contour with the intention of building the terraces after the crop is harvested, when more time is available.

Wheeler county—Farmers in this county who will be unable to wait for the county grader are leaving a wide row so that the line can be found next year and there will be no necessity for rerunning these lines again. Many of these farmers who will not have time to build terraces are listing their land with the terrace lines.

### THE New Firestone

#### HIGH SPEED TIRE for 1936

RACING drivers will not take chances on any tire except a Firestone Gum-Dipped Tire in the grueling Indianapolis 500-Mile Race, where its greater blowout protection has been repeatedly demonstrated.

Ab Jenkins, the famous driver, used Firestone Gum-Dipped Tires on his 3000-mile run over the Salt Beds of Utah, which he covered in 23½ hours—a record of 127 miles per hour. He has driven more than a million miles on Firestone Tires, in every state in the union, on all kinds of roads, in all kinds of traffic, without tire failure or accident of any kind. What a tribute to safe, dependable, economical tire equipment.

When you drive at today's higher speeds, your life and the lives of others are largely dependent upon the degree of safety built into the tires of your car. Take no chances—equip your car with new Firestone High Speed Tires today and be sure of the safest driving equipment money can buy.

SIZE	PRICE	SIZE	PRICE

6.50-17H.D.	<b>16.55</b>	32x6H.D.	<b>36.25</b>

Other sizes priced proportionately low.

The body of the New Firestone High Speed Tire is made from selected long-staple cotton dipped in liquid rubber, absorbing eight pounds of rubber in every hundred pounds of cotton. This patented Gum-Dipping process insulates every fiber in every cotton cord, preventing internal friction which creates the heat so destructive to tire life, and giving to the tire added strength.

A leading university in 2350 tire tests has found that the new, scientifically designed Firestone High Speed tread stops a car up to 25% quicker. Its super-traction and non-skid efficiency have also been proved in the famous Pike's Peak Race where for eight consecutive years it has been used on the winning cars.

## INTERESTING FACTS REGARDING TEXAS HISTORY IN AN EARLY EXCITING EPOCH

Peace now and then descended on the Mexican settlements in Texas in the days prior to the Texas revolution, but it was often dispelled by the bullets that flew between the Spanish soldiery and the French, Anglo-American and other encroachers on what was considered Spanish terrain. In the brief periods when smoke and powder were not in the air, arrows were apt to be flying, for there was always the threat of

Indian attacks. These depredations, as well as the national and international conflicts, are mirrored in the governmental documents, written in Spanish script, which comprise the Bexar Archives in the University of Texas Library.

After the defeat of the Americans by Arredondo at the battle of Medina, the province of Texas was again at peace—but not for long. The Indians of Texas, particularly the Comanches, Lipans and Tahuacanos, had had a taste of lawlessness, and they were eager to have more of it. Therefore, they decided to exterminate the Spaniards, who symbolized law and order in its most absolute form. Early in 1814 the Comanches pitched their tepees near San Antonio and commenced a systematic and relentless campaign against Spanish settlements. The Comanches were so ruthless and determined, and the province was so destitute of men and supplies, that Governor Arminan begged the commandant general for permis-

ion to issue passports to settlers so that they could retreat to Coahuila. His request was denied, but aid was promised.

Early in April, 1814, a party of Comanches raided the Calvillo ranch, a few miles from San Antonio, killing the settlers and burning their homes. This was the beginning of major raids. In July of the same year a band of five hundred Comanche braves started down towards Rio Grande—a settlement near modern Eagle Pass—pillaging and burning ranches as they went. They heard of a supply train that was to be sent from San Fernando to San Antonio de Bexar and decided to intercept it. A group of vaqueros reported that the Indians had killed so many head of stock on the range that the stench was unbearable. Don Francisco Adam, commandant at San Fernando, Coahuila, hearing of the approach of the Indians, withheld the supply train and sent a detachment of troops to meet the raiders. In a letter written by the commandant of San Fernando to the governor of Texas on September 4, 1814, we find a brief account of the encounter of the Spanish troops and the Indians. A translation of the original letter, which is found in the Bexar Archives, reads as follows:

"Your official letter dated the 31st of last month has apprised me of the fact that on the 17th of the same month you sent a body of 100 men to meet and escort the convoy which was soon to set out from the post of Rio Grande on its way to that province. The convoy would have started out if it had not been for a large number of Indians—about five hundred—who were on their way to this frontier to commit depredations; they had already committed a number of murders and robberies. I ordered a detachment of 168 men to go out against them. The Indians were attacked on the banks of the Moro. The engagement lasted from eight

o'clock in the morning until four in the afternoon. Over sixty Indians were killed, and many were wounded. This was the obstacle which prevented the departure of the convoy—which would surely have been destroyed by the Indians.

"You may rest assured that I shall do everything in my power to prevent the delay of the mules which are to be sent to that capital with supplies. I shall inform you of their departure beforehand in order that you may determine whatever you may deem convenient for their safety.

"May God guard you many years."

Although the Indians were defeated on this occasion, the Indian menace was not diminished. Treaties of peace were made with the Indians often, but to the savages of those days treaties were mere "scraps of paper"—useful only when the Spaniards were close upon their trail. Furthermore, the Spaniards were destitute of arms, money, and supplies.

### Chevrolet Purchase Plan Appeals to Buyers

Chevrolet dealers' used car sales for the first six months of the current model year will reach the staggering total of more than 900,000 units.

This announcement by W. E. Holler, vice president and general sales manager of the Chevrolet Motor Company, was a highlight of an interview this week, in which Mr. Holler pointed out that his company's record-breaking new car volume is giving used car prospects an exceptionally wide assortment from which to choose. High volume sales of used cars, he said, are the natural outcome of the public's recognition that these offerings are sound transportation values.

"While the figures are remarkable," said Mr. Holler, "they are

easily understandable in light of what happened last November when the new Chevrolet was announced. The 1936 models received the most enthusiastic welcome of any new cars in the history of the company. In spite of the fact that dealers had been stocked in advance, it was necessary to maintain production at high levels all winter to keep pace with the demand.

"Such a situation can be accounted for only by the explanation that thousands of owners who would normally have driven their old cars a year or two longer were so strongly impressed by the new Chevrolet that they bought at once. As a matter of fact, the word 'old' in this connection is not at all accurate; for a high percentage of the trade-ins since November 2 have not been old cars at all, but recent models with thousands of miles of satisfactory service left.

### What Resettlement Plan May Mean to the Landless

The Resettlement family will have running water in its bathroom, and perhaps electric lights, the same as the city family. But it will also have what the city family does not—home grown hams in its pantry, long shelves of home-packed fruits and vegetables, poultry and fresh eggs and butter of its own raising. Meanwhile, it will be acquiring ownership of its own home, at cost no greater than renting a worn-out farm with a tumble down cabin.

A typical plan as worked out by Resettlement is for a 71-acre farm in the Harris County project announced last week. Out of its home-grown products, the family on this farm will eat 20 bushels of potatoes, and garden and orchard products valued at \$75. It will use 25 bushels of home-grown cotton seed for planting, and feed to livestock 500 bushels of home-grown corn and seven tons of Sudan. The value of the 15-acre home pasture for livestock is estimated at \$70.

Livestock products used at home will include 200 pounds of butter, one calf, three pigs, 25 hens and 200 dozen eggs. Crops and livestock products used at home have a combined value of \$695 per year, or \$58 a month.

The family will need to put out only \$225 in cash during the year, for living expenses—food \$60, clothing \$75, supplies \$10, furnishings and equipment \$20, housing upkeep \$30, medical care \$15, personal items \$15. In addition, cash expenses for operating the farm will be \$416. This covers feed \$36, fertilizer \$35, containers (for home grown food) \$30, machinery repair \$20, hired labor \$75, seed \$35, veterinary \$10, taxes \$60, insurance 15, ginning \$35. It will be noted that the item for automobile \$15 is charged by the Resettlement Administration to necessary operating expenses, the administration not voting with those who advise the farmer to "take the tires off his car and put them under the bed."

Adding he \$225 a year for cash living, and \$416 for cash operating expense, cash outlay of the family buying this 71-acre Resettlement farm is estimated at a total of \$641. This is more cash than the average farm family in Texas takes in during the year, but Resettlement families are being placed only on the best land, and the farm management program is based on practices which return more income per acre than most farmers have been able to earn in the past.

After using what he needs at home, it is estimated that the Resettlement farmer will sell seven bales of cotton for \$350, three tons of cotton seed for \$60, two tons of Sudan hay for \$19, 90 bushels of peanuts for \$65, 200 bushels of potatoes for \$150, 12 tons of cabbage for \$120, 25 fryers for \$10, five hogs for \$50, one calf for \$10, one colt for \$40, 500 pounds of butter for \$125, and 700 dozen eggs for \$140. It will bring him \$1,138 cash. Out of this, he will have to pay the \$641 cash for living expenses and farm operation. Then he will hand the Resettlement Administration \$315 as annual installment on the farm, which will pay out in 40 years. For five years, he will pay \$75 a year to clear up the debt for livestock and farm machinery. Even then, he will have left \$117 cash to bank.

Mrs. Walter Wilson, critically ill for the past several days, is showing no improvement. Her condition is a source of grave concern to her many friends.

Mrs. Lafe Smallwood, who is receiving medical attention in Dallas, is showing a decided improvement according to late information received by Mr. Smallwood.

### Texas Farmers Organize To Administer New Program

College Station—That the Soil Conservation Allotment program is progressing is evidenced by the many hundreds of meetings being held throughout the State by county agricultural agents, and the organization of county boards to administer the new farm program.

Farm demonstration councils and key farmers have divided the counties into "communities" of about 500 farmers. Each of these "communities" has elected three committeemen who altogether will constitute a County Soil Conservation Board.

Officials point out, in reviewing some of the highpoints of the program, that all crops will be classified into two classes—soil depleting and soil conserving; and that a neutral classification has been set up to include idle land, fallow land, woodland, pastures, vineyards, tree fruits, small fruits and so forth.

Payments will be made to farmers upon proof of having cooperated in the program. This money, which will be paid in one check, will include payments for replac-

ing certain percentages of soil depleting crops with soil conserving crops and for using soil building practices.

Bases established on the old reclamation contracts will be taken as a guide for establishing the bases for 1936 on the soil conservation program, with due allowance for crops not included in former contracts.

About 20 percent of the base acreage in soil depleting crops in 1936, must be replaced by soil conserving crops in order to qualify for participation in the program.

The soil conserving payments will be based on the productivity of the land; for cotton it will be five cents per pound; for peanuts 1 1/2 cents a pound based on the average yield per acre of the farm; for rice it will be 20 cents for each 100 pounds of the producer's domestic consumption quota, subject to certain specified agreements.

Rate of payments for soil building practices is being approved, according to officials of the program.

### Did Yourself of Kidney Poisons

Do you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's at any drug store.

**School Teacher of Wheeler County Writes Poems**

West Texas may well boast of excellent writing talent. This talent includes feature stories, historical sketches and often poetry of the better class.

In this issue of the Leader appears a poem written by Miss Marie Waters, a school teacher on the faculty of the Totty school near Mobeetie. The title of the poem is "Texas Heroes." Another to be printed next week is of the strong sentimental kind. Watch for it, those of you who enjoy word pictures in rhyme.

Mr. and Mrs. D. C. Carver of Wheeler were here Tuesday evening in the home of Mrs. Carver's parents, Mr. and Mrs. L. L. Carver.

**Former Clarendon Girl Wins Honors at Canyon**

In the High School Art department of the Interscholastic League contests at Canyon Friday, Miss Ann Marie Walker of Amarillo was awarded first place. She is in Austin for the state contest at this time.

Miss Walker is a daughter of Mr. and Mrs. A. O. Walker, former residents here some years ago, and is a granddaughter of Mr. and Mrs. W. B. Sims of Clarendon.

Mr. and Mrs. O. E. Broome, Mr. and Mrs. R. S. Moss and W. O. Hommel were Amarillo business visitors Saturday.

Confidence seems to be returning, but a lot of it is the kind of confidence that causes one to play a slot machine.—Grand Rapids (Mich.) Press.

**Baker Is Heard By Hedley School Club**

The Sixth Grade Club of Hedley School, better known as the Bluebonnet Club, was especially fortunate to have Mr. Sloan Baker at our club meeting April 17th.

Mr. Baker spoke on the Texas Centennial and particularly on the trip he took last summer. He described many places of historical interest, such as, the San Jacinto Battle Field, Washington-on-the-Brazos, missions at San Antonio, Houston's home at Huntsville, Navasota and others. We enjoyed every word of Mr. Baker's talk, but the part that we liked best was the description of Sam Houston's home. We hope we can be so lucky as to have Mr. Baker visit us again some day.

The remainder of our program as given on April 17, is as follows: Reading—Billy C. Johnson.

Musical Number—Billy McBiffle Playlet—Nell Simmons, J. B. Long, R. H. Alexander, and Bruce Stuart.

Song—Club, Texas, Our Texas. Jokes—Peggy Doherty.

Musical Number—Bart Edwards and Billy McBiffle.

Program arranged by Josie Wilson Plunk, Lena Mae Nash and Geraldine Land.

The Bluebonnet Club was only recently organized, but we have already had some good programs and much fun. Our officers are: President—Robert Grimsley. Vice President—Ozier Jenkins. Secretary—Mary Lane Hendricks.

Treasurer—Billy McBiffle.

A report of the meeting is made possible through the kindness of the secretary, Miss Mary Lane Hendricks.

**Davis Corn Crop Got Ahead Of The Rain**

Roasting ears are on the way in the Z. D. Davis field east of Sunnyview. Mr. Davis had corn up and godedviled before the rain Sunday. Mr. Cornell had a fine lot of corn out that way last year. It is a corn country.

Mr. Davis planted a mixed variety of Sure Crop and White Pearl, which he states makes excellent roasting ears as well as a feed corn.

**DONLEY FARMERS SAVE ON LOANS**

**Farm Loans at 4 Percent Now Being Made**

Refinancing debts through the Farm Credit Administration has saved Donley County farmers more than \$14,900 a year on interest alone, according to figures from the central office of the Farm Credit Administration in Washington.

Over \$628,000 of farm debts with interest rates that averaged 7.0 per cent a year have been refinanced with long-term mortgage loans carrying interest rates of 5 per cent a year or less.

The figures show that the local National Farm Loan Association has been a big factor in making these long-term mortgages available at low interest rates. The Association guarantees loans to the Federal Land bank.

From May 1933, when the Farm Credit Administration was organized, to the end of last year, 170 Donley County farmers obtained \$600,000 for the specific purpose of refinancing old debts.

The Federal Land Bank made 78 first mortgage loans and the Land Bank Commissioner 155 loans. Many of the Commissioner's loans were made on second mortgage security to farmers who also obtained first mortgage loans. Most land bank loans are endorsed by associations and advanced from funds obtained by selling farm loan bonds. The Commissioner lends from funds provided by the Federal Government.

As in the past, the Federal land banks are making loans only on first mortgage security, lending up to about one-half of the appraised normal value of the farm property. The Commissioner lends on second as well as first mortgage security in amounts up to 75 per cent of the value. The largest amount of a Commissioner loan to one farmer is \$7,500.

An act of Congress last summer temporarily reduced interest rates on all Federal land bank loans—old and new. Where land bank loans are made through National Farm Loan Associations, the rate is only 3 1/2 per cent for all interest payable in the year ending June 30, 1936, and 4 per cent a year in the two years following. This temporary reduction of interest rates on all Federal land bank loans is paid for by the Federal Government, which reimburses the banks for what otherwise would be a loss to them.

Due to favorable investment market conditions when the Federal land banks sold bonds recently, the banks can offer new loans, at present, at the interest rate of 4 per cent a year—the lowest at which they have ever lent money.

The statement from the Farm Credit Administration points out that a farmer who gets a Federal land bank loan through the local National Farm Loan Association while the 4 per cent interest rate lasts will not have to pay a higher rate during the entire term of the loan, which may be made for a period as long as 30-odd years. Farmers who are paying higher interest rates on short-term farm mortgages, or other accumulated debts, may find it advantageous to refinance with a long-term loan while investment market conditions remain favorable, the statement adds.

**\* \* \* \* \* CHAMBERLAIN \* \* \* \* \***

Mr. and Mrs. C. C. Oakley, Miss Agnes Oakley, Mrs. Johnson, and Mr. and Mrs. A. B. Oakley were all-day guests Sunday in the home of Mr. and Mrs. C. E. Salmon and family.
