## SWORD OWNED BY CASTILLIAN GRANDEE 446 YEARS AGO SEEN IN LOCAL MUSEUM

It was back in 1490 that a Castilian officer, Gonsalvo de Cordova by name, was a court attendant of King Ferdinand and Queen Isabella of Spain. Christopher Columbus, an Italian, disgusted with the nonprogressive attitude of his own nation, appealed to the rulers of Spain to assist him in locating a new source of spices, gems and minerals for the king and queen.

No doubt Gonsalvo de Cordova was a Grandee of Seville, and therefore not much given to associate with the lowly Italian who came begging for help in outfitting ships. All the globe knows the history of Columbus today, but few know Gonsalvo de Cordova except locally.

Cordova, swabbing officer, was a favorite at Seville where big things socially were held in a large building now known as the "Hall of the Amassadors." The ceiling and other portions on the same ratio.

In 1903 a decedent of Gonsalvo de Cordova, a coal miner at Lyra, Palo Pinto county became greatly in need of the professional services of a physician. So pleased was he with the results of the learned physician, that he gave him this sword—the sword carried by Gonsalvo de Cordova.

That physician was Dr. E. L. Jenkins of Clarendon. In addition to the gift of the sword of ancient lineage, he gave the physician a straight sword picked up from the battlefield of San Jacinto. Both implements of warfare were this week loaned to the Donley County Museum here.

## ASHTOLA OFFERS ENTERTAINMENT

### Eats Will be Auctioned In Several Forms While Music Goes On

The Ashtola community announces a combination of pie, box and sox supper Saturday night, June 13th. The affair will not be a political rally, it is further announced.

There will be music and other entertainment. Not a dull moment at this affair, we are told. L. H. Earthman will be right in the big middle of it all, and promises not to eat anything until the big show is over.

The proceeds from the sale of the pies, box and sox auctions will go toward paying an instructor to teach a singing school.

Here is evidently another opportunity to meet your neighbors in a wholesome affair to raise funds and put over something that is needed in every community. Young folks seldom have an opportunity to go away to learn to sing, hence the teacher must be brought to the pupil.

Mrs. D. P. Ross of Amarillo had business here Wednesday.

## Meet Old Newsboy Friend

After taking his mail from his postoffice box one day recently, C. R. Skinner had in his arms a number of dailies, etc. As is his custom, he sat down at a convenient place and began discussing issues of the day with his many friends as they came along.

Then along came a stranger, handed Mr. Skinner a nickel and called for his favorite daily. When explanations were made, it was a difficult matter to determine who was most perplexed, bamfoozled or what have you.

To clinch the bargain, Walter Taylor came along just in time to see the performance that gave Mr. Skinner a new story to tell in his wide experience of some eighty-odd years. But a banker-farmer selling newspapers on the streets is "some" experience to relate in the old home town.

## Mrs. J. W. Gordon Dies In Pampa Mon.

Funeral services were conducted at the Methodist church in Pampa Tuesday by the pastor in the last rites for Mrs. Gordon. Interment was made at Miami.

Mrs. Gordon passed away in the family home at Pampa at 2:30 a. m. Monday following a long illness.

She is survived by her husband, two sons and two daughters. The sons are Joe and Bob Gordon, attorneys of Pampa. The daughters, Mrs. Rodney Robinson, Port Arthur, Texas; Miss Alice Gordon of Pampa.

Mr. and Mrs. Gordon resided here for a long number of years to take advantage of the schools, and moved away about 1932.

Those attending the last services from here were Mr. and Mrs. J. H. Hurn, Mr. and Mrs. J. W. Evans, Mr. and Mrs. Durwood Skelton, F. E. Chamberlain, J. R. Porter and Chas. Summers.

## Gene Worley Will Protest Tugwell Picture

A delegate to the national democratic convention that meets in Philadelphia the 26th, representative Gene Worley of this district will ask that the Tugwell moving picture be withdrawn from circulation and destroyed.

"The picture is a libel on the Texas Panhandle," Worley says.

This picture, "The Plow That Broke the Plains," is said to have been gotten up to secure a large fund allotment for the resettlement administration, and does injustice to the "dust bowl" area in that only the worst pictures are being shown on the reel through the medium of the moving picture shows.

## Tractor Lugs on Highway May Occasion Heavy Fine

The penalty for crossing a state highway with a tractor or other machinery equipped with lugs on wheels, runs from \$25 to \$100, according to Bob Rankin, district foreman of the highway department.

Rankin suggests that planks be used on which to cross highways. These may be laid down, and if long enough to rest under two wheels on a side, will save the highway damage and the owner of the lugged wheel a fine.

## Mrs. Herrington Buys Home In Arkansas

Returning from a trip to Benton county, Arkansas, W. B. Haile has much to tell about a country that is different. His daughter, Mrs. Verdine Herrington, purchased a farm near Rogers, and she will soon make her home there. The farm is well improved and has a variety of orchard fruits, near a paved highway and daily school bus to a high school.

Mr. and Mrs. Haile and Mrs. Herrington and her two sons, Bert and James Lon, made the trip that took them over much of the northern part of that state before a suitable place was found.

## City Equalization Board Will Meet June 20th

Notices are being mailed taxpayers calling attention to a meeting of the City Equalization Board at the City Hall on June 20th.

## Lions To Sponsor Boy Scout Movement

During the luncheon hour of the Club Tuesday, the local Lions club voted to sponsor the Boy Scout troop here.

Those appointed on the organization committee are Odos Caraway, R. E. Drennan, Ray Robbins, Rev. E. D. Landreth, W. M. Patman, E. R. Andis, Rev. Robt. S. McKee.

This committee held a meeting in the Legion Hall at 3:30 this afternoon for the purpose of perfecting a district organization, and to lay plans for a drive for funds next Monday.

Trained men are to be here from time to time to instruct the Scouts further in the work and accomplishments of the Boy Scout movement.

## Heavy Fine to Allow Stock To Run on Highway

Due to carelessness, some stock is being allowed to run on our highways, Sheriff Pierce states. "The fine for this offense of allowing stock on the highway without being under herd, is from \$25 to \$100," Pierce stated Tuesday, "and violators of this important law will be prosecuted."

It is pretty generally understood that stock on a highway even under herd is plenty dangerous. Allowed to roam at will in the night time is little short of murder. It is classed as being next to a drunken driver so far as the degree of danger is concerned.

## Denver Offers Special Round Trip Fares to Dallas

In order that as many school children as possible may take part in the Folk Festival in Dallas Saturday, a special train will run from Amarillo to Dallas Friday, June 12th.

This special coach train will leave Clarendon at 9:22 p. m. and arrive at Dallas at 7 a. m. Return can be made on train leaving Dallas at 11 p. m. Saturday night, or 9:30 p. m. Monday, June 15th.

The round trip fare for adults is \$6.21, and \$3.11 for children.

## Miller Visits Clarendon On Speaking Tour

John R. Miller, congressional candidate of this district, and who has been endorsed by the Townsend Old Age Pension clubs, was in Clarendon Saturday meeting voters. He spoke at a number of towns in this section over the week end.

Mr. Miller is serving his third term as mayor of Borger, and has received a popular reception over the district on his speaking tour.

## Veterans To Receive Bonds Next Tuesday

Will be Distributed by Local Postoffice. Must be Called For in Person

Each man to receive bonds on the deferred soldier payments next Tuesday must appear in person. If necessary, he must be identified, according to the rules governing the distribution of the bonds.

In speaking of the matter, Postmaster Bugbee said: "Because of the lack of room in the front office Veterans are asked to come to the rear of Post office to receive their bonds. These bonds will be received on the morning train of June 16th. The carrier will receive his allotment and the Post Office will commence delivering at 9 a. m., June 16, 1936. Bonds must be delivered to addressee only."

## Shooting Club Changes Time Of Holding Contests

The night for the weekly shooting of the Clarendon Rifle & Pistol club has been changed from Friday night to Thursday night of each week. No change in the hour.

Secretary Keith Stegall urges each member and prospective member to be present tonight.

## CENTENNIAL DAY EVENTS PLANNED

### Relic Exhibits Are Expected To Hold Center Attraction Same as Last Year

At a meeting of the Centennial Committee in Legion Hall Monday afternoon, further plans were laid for the entertainment of the large crowd that is expected here July 4th.

An individual style show in each of the drygoods houses, and a food demonstration in each of the grocery stores on the 4th was discussed. Mrs. O. L. Jenkins is chairman of the committee to arrange these features.

An old fiddlers contest and possibly a square dance, if enough interest develops, is expected to be a feature that will please many. Old fiddlers are taking quite an interest in this annual 'stunt' as W. E. Reeves terms it.

The rodeo arrangements are held up pending the return of Dude Cherry, who has that matter in charge.

Those who came to the Panhandle 40 or more years ago, will become special guests of the City. A dinner in the spacious basement of the First Christian church will be a feature of entertainment for the old-timers. Others will be served at 40 cents a plate. Ice water will be provided at every point where it will best serve the public.

Ball games galore! Gus B. Stephenson will have charge of the ball game contests. The first prize team of Donley county will be determined here on July 4th. Practice begins here Saturday of this week.

Two visiting bands will be here—perhaps others. Three bands are expected to afford plenty of martial music for the Centennial feature.

The public will find a royal welcome in the third oldest town in the Panhandle. Clarendon was started up on "Old Town" location in 1878. The New Town wants to entertain you on its 49th birthday.

## Centennial Relics Wanted By Stocking

Jerome Stocking, relic chairman for the Pioneer Centennial celebration to be held here July 4th states that the committee is making a wide search for old pictures, relics and curios for display on that day.

The committee asks that every one dig into their old trunks, attics and other storage places in search of material. Old photographs are wanted. Pictures of pioneer picnics, early day pictures of pioneer families, ranch scenes, early street scenes in Clarendon and the old town are especially desirable.

It is planned to display relic material in the various show windows as was done last year. Every merchant in town is requested to assist the committee in making window displays and to assist as far as possible in locating pioneer display material.

Other relics beside old photographs are wanted. Desirable material includes old guns, branding irons, pioneer pistols, shooting irons of frontier days, powder horns, bullet moulds, Indian relics, old spurs, old saddles, old historical books of the southwest and anything and everything which reflects a custom, style, or tradition of days gone by.

## Old Sol Breaks Record Monday

A new heat record was set for June here Monday it is said, when 111½ was registered on the official thermometer of Joe Goldston. The high point was reached about 2 p. m. Other sections of the southwest registered intense heat, but nothing above 108. As a rule, June is the hottest month of the year in the Panhandle.

## Highway Five Will Be Completed July 1

That portion of Highway 5 from Hedley to Memphis has been open to traffic for several days. That portion from Clarendon to Goodnight has been in use a few days, and will be completed to Claude by tomorrow, resident engineer G. K. Reading stated.

From Clarendon to Hedley, short portions are being used. The complete job across Donley county will be completed by July 1st, it is announced, if working weather prevails.

Only a seal coat is being placed on the clay at this time. This one coat is expected to last a year. Next year, highway officials state, will call for the three or more coats of asphalt to complete the work.

## Minister's Family to Spend Vacation in N. M.

No one is looking forward to a vacation with more enthusiasm than John Burton King, son of Rev. and Mrs. J. Perry King.

They will leave early in the coming week to spend several days on the ranch of a brother-in-law near Mountainair, New Mexico. Camping, fishing and other amusements will make the time pass all too quickly.

The minister is advised to let his whiskers go Centennial, and practice 'peeling' bronchs while in a secluded spot where the audience cannot comment on his skill. Anyway, it will be a great week profitably spent.

Soon after their return, Rev. King will plunge into revival work of the summer.

## McMurtry Sees Improvement In Tucson Sanitarium

A recent letter from Jim McMurtry states that he is showing quite a bit of health improvement since becoming a patient of Desert Sanitarium at Tucson, Arizona. He has been out there several months.

Mrs. J. L. McMurtry and children, Alfred, June and Lavera are leaving today accompanied by Mrs. A. L. Chase. They expect to visit in California, but will visit with Mr. McMurtry going and coming.

## New Mexico Ranchers Visit Friends in Clarendon

Mr. and Mrs. J. W. Morrison, who have been staying on their ranch near Clayton, New Mexico for several months, are here this week to look after their property interests, and to visit friends.

They have spent some time on their ranch near Miami, and in visiting relatives in that section.

## Car Badly Damaged In Queer Accident

Except for the intervention of fate, Mrs. Virgil Merchant and son Calvin, aged 3, would have no doubt been seriously injured Tuesday afternoon.

Mrs. Merchant had driven up to the Dewey Heath home on East First street and had taken her little boy into the Heath home shortly before a Brown auto supply truck came along. The truck driver allowed room for ordinary passage, but just as the truck came along side the new car, the truck door came open allowing car axles to protrude from the door.

The axles are said to have smashed the headlight, door and side of the body of the car. Any occupants of the car would have no doubt suffered serious injury, it is said by those who viewed the car.

## County Board Equalization Will Meet Two Days

The County Commissioners of Donley county will sit as a Board of Equalization here on the 19th and 20th.

Those who have cause to inquire relative to tax matters, may have an opportunity to discuss the matter on the above dates.

## CLAY FROM RISLEY FARM TO BE USED IN DRILLING PANHANDLE OIL WELLS

### WPA Cannery Makes Excellent Showing

Since going under the WPA November 22, 1935, the cannery here shows a record total of 99,490 quarts of food canned.

Of this amount, 77,563 were vegetables; 15,456 of fruit; 6,471 of a varied assortment of meats.

The ladies worked 20 days of each month, and turned out an average of 829 cans daily.

Aside from being a public convenience in canning on a percentage basis, profitable employment has been afforded women of industry and thrift who were more than willing to do an honest day's work.

Since the cannery was established here, thousands of cans of food has been given to relief agencies where families were in dire need.

Mrs. J. M. Acord has been in charge of the cannery since the first day's run began, and has been assisted much of the time in the management by Mrs. Joe Humphreys.

## Springtown Pupils Gather In Annual Reunion

Each year about this time, former pupils of the schools of Springtown, down in Parker county, return 'home' where a feast, music and other attractions offer amusement.

John Potter makes the grade each season. He is said to have been a more or less regular student of a college located there about a half century back. Mr. Potter went down Saturday to make sure that he got to see all of the old-timers, a feast within itself.

## Farley Will Explain Delivery And Payment of Veterans' Service Bonds

James A. Farley, Postmaster General, will deliver a special bonus message to men and women who participated in the World War over a nation-wide hook-up of the National Broadcasting Company from 8 to 8:15 Central Standard Time, Saturday, June 13, explaining final preparations for delivery and payment of their Adjusted Service Bonds.

## Panhandle Citizens Making Tour of District

Five citizens of Panhandle were in Clarendon Wednesday in the interests of Curtis Douglass, senatorial candidate of this district. The office is now held by Sen. Clint C. Small.

Those accompanying Mr. Douglass were R. E. Vaughan, Jim McCaskey, W. L. Boyles and Ralph E. Randle.

## Memphis Merchant to Occupy Rathjen Building

The well known Rosenwasser drygoods firm of Memphis has taken a lease on the Rathjen building formerly occupied by the Hanna-Pope firm, and will have their stock in readiness for the early fall trade, it is stated.

The firm will include Jess Rosenwasser and a brother-in-law of central Texas, both men being experienced drygoods men of many years.

Miss Helen Baley, daughter of Mr. and Mrs. A. E. Baley of the Martin community is a patient of Adair hospital. She expects to return home Sunday, Mr. Baley stated.

## Davis Brothers Make Annual Trip to Southwest

Returning a few days ago, the Davis brothers—Denzel and Ed—had more "true stories" added to their collection.

They spent some time in Ruidoso admiring the scenery and later looked over the scenes around Clouderoft, New Mexico's most beautiful summer resort.

A large drilling concern has contracted with Chas. F. Risley to take the clay output from a lower Miocene deposit on his farm near Goldston. The firm is said to have contracted to pay two dollars a ton for the clay delivered at Alanreed.

Machinery is being installed at Alanreed to pulverize and sack the clay that is said to be without rocks or grit.

In drilling the deep oil wells, dry quicksand of former water strata is frequently encountered. This clay will be used to wall the hole as the drill goes down. No casing will be required until proof shows up at the bottom of the hole that it is worth casing with the heavy, expensive material commonly used.

Similar clay beds are said to exist on the Dill farm, and on the ranch of C. T. McMurry in the same vicinity of the Risley farm.

Fossils are found in this form of clay deposit, and arrangements have been made to take care of any specimens worth while that may be found.

## Mr. Cagle Finds Governor Aired Leading

Returning home Tuesday, W. P. Cagle feels quite sure that his favorite candidate, Gov. Aired, will win in the first primary. He made diligent inquiry on his rounds over much of the northern part of the state.

Brothers at Greenville and Abilene were visited as well as the grandfather of John M. Bass at Mineral Wells and a cousin north of there. He visited relatives at Pauls Valley, Okla. and at Lubbock.

Mrs. Van Kennedy and daughter and Miss Rosalyn Bass accompanied Mr. Cagle on this trip of visiting relatives that he says "afforded him a whole lot of pleasure."

## Baseball Contests To Begin Saturday

Homer Bowling, manager of the Windy Valley baseball team, has challenged any other team in Donley County for a baseball game next Saturday at 3:30 p. m. at the Junior High School grounds in Clarendon.

It is expected that several teams will be in to accept this challenge on Saturday. It is planned to have one or more ball games each Saturday in Clarendon to determine the county championship.

All teams in the county are urged to get organized and start playing.

A team from Lakeview was in Clarendon last Saturday working out on the local diamond.

The strongest contenders in the county will play on July 4, for the county championship as an entertainment feature of the Centennial Celebration at Clarendon.

Gus B. Stephenson is chairman of the baseball committee for this series of games ending on July 4. Managers of teams wishing to compete for honors should see Mr. Stephenson at the ball ground any Saturday afternoon.

## Champion Fisherman Aged 7 Years

Braggers and the fellows who see the biggest ones "get away" may take a back seat. Jimmy Douglas, aged 7, a son of Mr. and Mrs. C. J. Douglas caught exactly sixty fish from the waters of Taylor lake near Lella Monday forenoon.

Clyde Benton Douglas caught 15, and Glenn Taylor Jones, caught 17. Both of near the age of the champion were in the same fishing party.

Clyde J. Douglas, father of the champion, explained matters by stating that he baited the hook of the champion, and removed the fish which were being jerked out almost momentarily.

MEMBER OF PANHANDLE PRESS ASSOCIATION

CONGRESSIONAL INVESTIGATIONS.

Most congressional investigations simply simmer out. Others introduce comies and turn the matter into a holiday picnic affair. Fan dancers and midgets have both been used on occasion, not as part of the investigation, proper, but as a matter of entertainment.

Doctor Townsend evidently became disgusted more with the "drill bit" than with the fact that he was being detained of his liberties while other men in the room were making the front pages as well as he. Now that the investigation has died, not even the doctor himself could diagnose the ailment that caused its death.

On March 28, 1935 a congressional resolution providing for an inquiry into what seems to be an obvious violation of the Sherman Anti Trust Law in a rank conspiracy of restraint of trade on the part of the Standard Oil company, was turned over to the Rules Committee. Perhaps the matter was embalmed, and will be taken up later, but when?

The great big John Public has an idea—in fact several of them. Some are of the opinion that some of the investigators have no other method of getting their names in print. The majority of the average citizens have quite another idea about the matter.

At any rate, it is apparent that our national congress is controlled by big companies today as in the past. It might not be a bad idea to change the personnel and let others get in and feather their nests.

\*\*\* \*\*

TOM'S TANTRUM.

Texas is entertaining company this year. The welcome mat is out for hundreds of thousands of Centennial visitors—distinguished visitors, too, including among their number the President of the United States. For months, we have been figuratively dusting and sweeping and putting our house in order against the day when the company will come. We wanted them to have a good time and we particularly wanted them to see us at our best.

And now it looks like our visitors are going to be placed in the uncomfortable position of the guest who is present when a peevish child of the family takes it into his head to stage a tantrum because he has been told he can't have something he wants.

The Voters of Texas told Tom Hunter two years ago—and four years ago, too, for that matter!—that he couldn't have the governorship he wanted because they didn't think he was the man for the job. That was a bitter disappointment to Tom, especially so since he was a man of reputed wealth and had been accustomed to getting the things he wanted.

For the last two years now he has been nursing his grudge—not against the voters who denied him, but, strangely against Jimmy Allred. The fact that Governor Allred has been proving to the voters in the meantime that they chose wisely has done nothing to help Tom's temper. And now, with our house crowded with honored guests, Tom has chosen this most unfortunate time to vent his spleen.

His outburst of personal abuse at Austin when he opened his third gubernatorial campaign there June 2 is to be deplored. In any other year it might be shrugged off as only the bitter taste of sour grapes in the mouth of the disappointed office seeker. But this year we have a housefull of company. We can but apologize to our visitors—and take Tom out behind the woodshed for a ballot-spanking on July 25.—Floresville Chronicle-Journal, June 4, 1936.

WITH OUR EXCHANGES
Centennial Furniture.

Jeane Suits, conductor of "Chat-tergrams" column in the Lockney Beacon informs the cock-eyed world that her office chair is of the ancient cane bottom vintage. In fact she claims that the old chair has so much "set down" that the top rungs have made calloused places on her ears.

Professional Sundaes. Sunday nowadays belongs to the doctor, Monday to the garage man and the undertaker. Over the week-end the medico is kept busy patch- ing the broken bones of car crash

participants or trying to keep the spark of life in their frames. In his wake come the undertaker and the sexton to inter the dead and the wrecking crew to straighten fenders, put in new windows and try to breathe new existence into shattered engines and dislocated parts. What would the healing and mending trades do without the great American Motorized Week End?—The Jayton Chronicle.

Newspaper Included. In the shadow of every prosperous business you'll find a serious hard-working man.—The Tullia Herald.

Camp Verde, old frontier fort in Southwest Texas, prior to the War between the States, was the eastern terminus of the U. S. Army's famous experiment—the camel express route, which extended to Fort Yuma, California, in the west.

Casey to Conduct Newspaper Clinic at Canyon

Canyon, June 7.—John H. Casey, journalist of the University of Oklahoma will conduct a news clinic at the West Texas State Teachers College June 9 to 13. During this time he will also address meetings of business men and newspaper correspondents. His lectures at the college will be open to all who wish to attend.

Members of the Panhandle-Plains Press Association and members of all newspaper staffs throughout northwest Texas have been invited to hear Casey.

Each year Casey takes a mythical Newspaper "Eleven." Deskins Wells, Editor of Wellington was on the team picked by Casey one year.

Tree Records Texas History Over Long Span

Dallas, Texas, June 7.—The History of Texas from the cession of Louisiana by Spain in 1762 to and including the world war is recorded in a cross-section of the trunk of a gigantic oak tree which is part of the scientific exhibit in the federal building at the Texas Centennial Exposition.

The exhibit is labeled, "The Tree that Records History" and the tree, known as the General Gordon Oak grew on the estate of Mrs. Bettie K. Grieg, the old Governor Hamilton farm, near Austin. The tree was the result of the natural grafting of five trunks together and the cross-section of the trunk is roughly six-feet in diameter. The trunk shows three "rings" for each year and scientists have determined its growth began in 1756.

Groups of incandescent lights are arranged across the trunk in pairs with an arrow pointing from each light to its corresponding light. A row of electric buttons set into a specially made device and over each button is labeled some salient incident in Texas history. If the visitor pushes the button labeled, "Texas Revolution, 1835," two lights will become illuminated

showing the diameter of the tree's trunk at that time.

The great tree has a branch-spread of 40 feet and convenient limbs were frequently in demand in the hard days of Texas. There is a legend that on one occasion 21 men were hanged from the General Gordon Oak together. The tree died in 1934. The exhibit was prepared by Dr. E. M. Jones, professor of biology at Baylor University.

The entire scientific exhibit is a co-operative effort involving the Smithsonian Institute, the U. S. Public Health Service, and five Texas Colleges, Universities and Institutes, S. M. U., T. C. U., University of Texas, Texas A&M College, Baylor University and Rice Institute.

Mrs. Curtis E. Thompson has been informed of an accident to her father, B. B. Cash of Stephens county. He was thrown out of a wagon and his shoulder received painful injuries. Mr. Cash is 76 years old.

Cecil Dodson of Amarillo and family spent Sunday night here with his parents, Mr. and Mrs. Woodson Dodson.

A subscription order from Mrs. J. M. Camp locates them in Comal county. The Camps formerly were residents of Donley.

Texas Centennial half-dollars, proceeds from the sale of which will be used in construction of the first unit of the Texas Memorial Museum, will be on sale at the three major Centennial Expositions in Texas—the University Centennial at Austin, the Central Exposition at Dallas, and the Frontier Day celebration in Fort Worth.

The University Centennial Exposition at Austin was the first of the three major Centennial Celebrations to get underway in Texas. The first week of the Austin Exposition which is being held on the campus at the University of Texas opened with fitting ceremonies on June 1.

FORD V-8 ECONOMY MEANS HIGH "Dollar Mileage" (MORE MILES PER DOLLAR)

NO MATTER how you classify your expenditures for car up-keep—it's your total expenditure that counts. How much "dollar mileage" is your car giving you? Dollars do go farther in the Ford V-8. Modern improved carburetion gives you unusual gasoline mileage with brilliant V-8 performance. Most owners of today's Ford change oil only every 2000 miles and add none between changes. And after the first few thousand miles you begin to understand what Ford V-8 "dollar mileage" really means.

It gives you more miles per dollar because it gives you all-round economy—low first cost, low up-keep cost, low depreciation and long life—as well as low gasoline and oil consumption. All these are big items if you aim to buy the most economical car.

FORD MOTOR COMPANY Ford V-8 A GOOD CAR AT A LOW PRICE

\$25 A MONTH, after usual down-payment, buys any model 1936 Ford V-8 car—from any Ford dealer—anywhere in the U. S. Ask your Ford dealer about the new Universal Credit Company 1/2% per month Finance Plans.

TEMPLE OF TRUTH By the Apostle

Every once in a while a man's creditors make it so hot for him that he collects fire insurance.

A teacher of adult classes near Hamlin is said to be an expert at playing the harmonica and a yo-yo at the same time.

Then there is the story of the Hill-Billy woman of the Blue Ridge Mountains who was riding a mule looking for her calves. She spied a man stooping along and decided the old boy was spying for a still. She leaped over, grasped her mule round the neck and spied on the man between the mule's ears. She got so deeply interested in watching the man that she let her feet down and was simply carrying the mule in her arms. This made her sore and she threw the mule away, and took after the stranger on

fool. He turned out to be a nutty fisherman from the city looking for some dirt expecting to dig worms for bait. The old lady made him hunt up the mule, then beat it for town.

Ima Fizzle says that "marriage is simply a public confession of a private intention."

Some people who boast of being "self taught" evidently cut too many classes.

Believe it or not, a letter directed to the ramrod of this column at Pampa, quickly found its way to Clarendon. It so happens that GW's cousin is superintendent of mails at Pampa. "Sure I know that guy," Wesley McDonald said when he saw the letter. "He married my cousin."

Hollywood Flash: Just as the actress succeeds in catching a bird, he begins to go to seed.

Old Doc Supreme court seems to think his patients are suffering mostly from "Ignoramus Anemia," with a large number afflicted with "Speculativ Rashinvesti." That's the way with these old country doctors—blurt out the truth.

Listening in on a political speech the other night, the loud voiced mammalia of prehistoric mind blurted out: "The cause of all this present comotion is a lack of money." Ah, say now! Whose gone broke?

Up at Amarillo there is about a half hundred numbered in a "re-poirtre" investing time in an attempt to discover if the folks have "brown tooth stain, if so and why?" There is a similar investigation going on in Kansas to determine just how much food a grasshopper can eat." They at least have found a 'opper.

Appearing on the 824th page of a report on university investigation, appears this statement: "Fewer students are injured by over-work and study than are dragged down by a super-abundance of social functions and night life."

Rastus: "Parson, will yo' please pray for my floatin' kidneys?" Minister: "What makes you think I can help your kidneys?" Rastus: "Well, las' week yo' was prayin' fer loose livers."

Oh horrors! The new dances are said to make the gals bow-legged.

You are getting old when the girl at the fountain serves you without a smile.

Fashion Note: Button shoes will be all the go among the women this fall.

A monoxide blonde? Sure! That's the girl with a bad breath.

A preacher on the south plains refers to his choir (away from home) as the "war department" of his church. Choir singers will all understand if no one else.

A journalist is a fellow who can't write a news article if he were to be hanged. An agriculturist is a fellow who thinks one-eyed peas are soy beans.

Wilson got balled up with a League of Nations, and Roosevelt is balled up with a "League of Notions."

And you never saw the picture of a man used in connection with a laxative advertisement. As Post would say, "There's a Reason." Why? (Enclose a dime and a stamped envelope.)

Then again, you walk into a drug store and see a luscious blonde doing a cat stretch in a gown about the size of a filmy hanky. She's not advertising silk underwear, cold drinks or sandwiches. Not her. She's burdened with acidosis, poor kid.

It is said that 95 percent of the niggers in Detroit speak with a southern accent. And one hundred percent of them expect to return to ole Alabam just as soon as they get the price.

Ima Fizzle thinks B.V.D. is a college degree.

Well, well. Republicans who predicted that grass would grow in the streets of every American town if Roosevelt were elected, now claim that the cars driven by the WPA workers have kept it down.

The best part about a trombone is that in an emergency, you can use a part of it for a funnel.

When you see some one sitting around with a grouch on, just remember that some folks just don't talk. They may be expecting to change brands of coffee. Or it may be toothpaste. This radio stuff affects people in different ways.

The man who has done his level best, and knows he has done his level best, is a success even though the world may write him down a failure.

"Know thyself," says the smart fortune teller on the radio. Yes, but who is to introduce us to the introducer who is to introduce us?

An insurance company claims that an average of 200 people are being killed every Sunday by autos. If some other nation shot and killed 200 of our folks every Sunday—but that's a different question. We prefer to kill in peace.

Education will not produce brains, it merely develops them. Education does not make a fool of any one. It merely permits that person to show off a natural talent to better advantage.

Mrs. C. R. Skinner is taking a needed rest while on a vacation with her sons near Denver, Colo.

Mr. and Mrs. J. C. Estlack and Ira Jean Estlack were present at the Hurn-Estlack nuptials at Henrietta Saturday.

Good Night's Sleep Important To Life

Austin, June 10.—Sleep is a necessity of life and health, and habitual loss of sleep will tend to retard the body's recovery from the fatigue of the day's activities, advises, Dr. John W. Brown, State Health Officer.

"The average healthy adult," he said, "spends about one-third of his life in sleep. Far from being a waste of time, this one-third of your life spent in restful sleep will make possible a happier, healthier and longer life."

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one. When good health can be maintained to such a large degree by merely sleeping and thus allowing overtaxed bodies and minds to regain a proper balance, it is hard to understand why so many persons are heedless of this necessary requirement of a balanced program of life."

"Some individuals need more sleep than others, and the most valuable experiments in this line are the ones each person makes on himself. We must each take into consideration in this experiment, however, that how well we sleep is as important as how long we sleep."

Liquor Violators Donate \$37,935.50

Austin, June 10.—Discouraged because they are finding it so expensive, bootleggers and others convicted of violating Texas' new liquor law have already paid out approximately \$50,000 in fines and court costs.

A number of others have gone to jail.

These facts were revealed this week in a preliminary survey by the Liquor Control board's enforcement division.

A 'good night's rest' means a sufficient number of hours spent in sleep to enable each individual to feel well, do efficient work, and to keep in a cheerful humor the next day.

"Some exercise out of doors each day will help us to sleep soundly at night. We must also have fresh air in our sleeping quarters. Give as much consideration as possible to the comfort of your bed and bedclothes. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well being, you will be amply repaid for your thought in planning a 'good night's sleep.'"

"If we can continue to make it so costly, the people who are breaking the law will have it impressed on them that there's no profit in what they're doing," declared Liquor Administrator Charles R. Miller. "When we finally succeed in taking the profit out of their business, these people are going to fold up and quit."

Actual money paid in fines amounted to \$37,935.50, but an additional \$11,914 in court costs brought the total to \$49,849.50, Administrator Miller disclosed.

Counties in which convictions result are enriched by the money paid in fines, he explained. Specifically, it goes to road and bridge funds.

Since the liquor control act went into effect, inspectors have filed 1569 cases and have disposed of 784, leaving 785 pending. There have been 24 jail sentences—ranging from one day to 60—and only

31 acquittals. Fines after convictions have usually been from \$10 to \$100, but the maximum of \$1000 was assessed in a San Antonio case. The most severe jail sentence—60 days—was given a liquor-sale-by-drink violator in Houston.

"The Liquor Control board's inspectors have encountered many difficulties in their enforcement work but it has been uniformly successful where cooperation of local officials was forthcoming," Miller asserted. "Without the help of local authorities we can not hope to accomplish as much as could be desired."

Miller said completion of the survey, which will include information from some counties yet unreported, undoubtedly would show an increase in the amount of money paid in fines.

The sun is losing in weight.

## BLANTON-WHITE

In Oklahoma City at Epworth Methodist Church, Northwest Eighteenth Street and Douglas Blvd. Miss Dorothy Blanton and Mr. Frank White Jr. were married in an impressive double ring ceremony. Cathedral candles burned in the tall candleholders at each side of the altar. The altar was banked with large baskets of blue larkspur and pink roses. A friend of the bride, Mrs. Estes sang "Because," accompanied by Mr. Fred Tucker, Organist. The Wedding March from Wagner's Lohengrin was played by Mr. Tucker. From an arch at the right of the altar the bride and groom entered. The blonde bride wore a long Alice blue dress of tuckered Moussoline de soie, a large picture hat of French felt, long pink suede gloves, and

pink sandals. The groom wore a white Congo Cloth suit. Dr. E. Gaston Foote read the vows. Out of town guests at the wedding were Mr. and Mrs. Frank White Sr. and Miss Dorothy White of Clarendon, Texas and Mrs. John E. Oakes, 3714 Fountain Terrace, Amarillo, Texas and Mrs. Mary K. Blanton, sister and mother of the bride.

Mrs. White received her B. S. degree from West Texas State Teachers College and has done graduate work in Colorado University Boulder, Colorado and the University of Oklahoma, Norman, Okla. For the past two years she has been a popular member of the Oklahoma City Public School Faculty where she taught Dramatic Art and English in Senior High School. Mrs. White is a member of the Chi Omega social sorority and the Sigma Alpha Iota musical sorority of the Oklahoma University chapters. She is a member of the American Association of University Women, and of the Metho-

dist Church, South.

Mr. White is a prominent young business man of Clarendon. He attended Clarendon College, Texas University, and West Texas State Teachers College where he received his B. A. degree.

## T. E. L. CLASS

This class met the 9th in the home of Mrs. R. R. Dawkins. After a short business session, a social hour was enjoyed, group Three entertaining.

Refreshments were served to Mesdames Frank Whitlock, W. B. Sims, G. G. Kemp, Buel Sanford, J. H. Harris, Eva Draffin, Houdashell, J. C. Taylor, J. T. Warren, A. W. Simpson, E. O. Barnes, Linnie Cauthen, Major Hudson, Monte Garrison and the hostess, Mrs. R. R. Dawkins.

## FRIENDSHIP CLUB

Mrs. H. Tyree was hostess to the club Tuesday afternoon, eleven members being present.

Mrs. J. D. Stocking presided in

the absence of the president.

Meetings will be discontinued until the second Tuesday in August. Mrs. Glenn Williams will entertain the Club at that time.

The afternoon was spent in fancy work and pleasant conversation.

Members present were Mesdames Allene Skinner, G. J. Teel, J. A. Meadors, C. E. Lindsey, Glenn Williams, J. A. Tomb, G. A. Anderson, J. D. Stocking, Eva Womack, J. E. Mongole and the hostess, Mrs. H. Tyree.

A dainty refreshment of ice cream and cake was served.

## PROCTOR-DONNELL

Miss Marion Proctor of Wichita Falls, and Robert Donnell of Wink were married in the parlors of the First Presbyterian church at Wichita Falls Sunday afternoon, the ring ceremony being used.

The bride has been a member of the faculty of the South Ward school for the past two years. She graduated from the local Junior College and Texas State Teachers College at Denton.

Mr. Donnell is a son of Mrs. A. C. Donnell of Clarendon. He has been employed by the Magnolia oil company for some time, and is now located at Wink where they will make their home.

## HURN-ESTLACK

The marriage of Miss Rosemary Hurn and Phifer Ira Estlack was solemnized at the home of her parents, Mr. and Mrs. Frank R. Hurn at their beautiful farm home eight miles north of Henrietta, at 8:30 p. m., Saturday, June 6, 1936.

Rev. Paul Martin, presiding elder of the Wichita Falls district of the Methodist church officiated in a beautiful ring ceremony.

The ceremony was said under a canopy of lillies and ferns, and the parlor was lighted with fourteen cathedral tapers.

The bride, who was given in marriage by her father, Mr. Frank R. Hurn, was gowned in a white traveling suit with accessories to match. She wore a corsage of sweet peas and carried an arm bouquet of lillies and ferns.

The bride was attended by Miss Lulu Johnson, who wore a white traveling suit with accessories to match, and a corsage of sweet peas.

Charles Lewis Kruger of Austin attended the bride-groom as best man, both being dressed in the conventional black.

Miss Margaret Graham of San Antonio and Austin, played Lohengrin's wedding march softly as the wedding party entered the parlor.

Following the ceremony, a reception was held in the spacious dining room of the Hurn home. The table was laid with lace cloth and decorated with flowers and other decorations carrying out the color motif of silver and rose. A large cake made in the form of a cross carrying out the same color scheme was a product of the skill of Mrs. Alfonso Greer. Mrs. Eugene Hurn presided at the crystal punch bowl, and the bride cut the cake.

The bride received her education in the Henrietta public schools, Clarendon College and the State University. She has been teaching in the Henrietta public schools for the past three years.

The bride-groom is a son of Mr. and Mrs. J. C. Estlack of Clarendon, and received his education in the public schools of Clarendon, Clarendon College, and received his B. B. A. degree from the State University at Austin in June of 1935. He holds a responsible position in the offices of a large corporation in San Antonio.

They left immediately after the ceremony, and are at home at 1542 North Alamo street, San Antonio.

## SUNDAY DINNER IN ROBERSON HOME

Those who enjoyed dinner at the home of Mrs. M. F. Roberson Sunday were all of her children and families and some of her friends. They were Misses Minnie, Mary and Hollas Roberson; Frank Roberson of Colorado Springs, Colo.; Mr. and Mrs. W. C. Roberson of Dodsonville; Mr. and Mrs. L. E. Graham and children of Quitaque; Mr. and Mrs. Tom Roberson and daughter of Amarillo; Mr. and Mrs. Charlie Norrid and children of Silverton; Mr. and Mrs. Roy Roberson and daughter of Goldston community;

And Miss Minnie Mae Roberson of Quitaque; Mr. and Mrs. A. C. Birkford of Quitaque; Mrs. T. H. Allen and children of Pampa; Mr. and Mrs. J. A. McGuire of Amarillo; Mrs. Ruth Hogan and daughter of Amarillo; Mr. Bud Mathis of Amarillo;

And Mr. and Mrs. Jack Bailey of Martin community; Mr. and Mrs. Ira Smith and children and Uncle John L. Smith, all of Clarendon; Mrs. Margaret Clardy and son of

**J. Perry King, Pastor**  
**There is Always Worship Fellowship :: Service**  
 \* \* \* \* \*  
 Jesus, the Son of God, the Savior of men, the founder of Christianity said while he was on earth in the person of Christ, "Lift up your eyes and look on the fields; for they are white already to harvest." Then he said pray ye therefore the Lord of the harvest, that he would send forth labourers into his harvest. The need of our church, and every church is workers. Christ never intended that we should be onlookers and idlers in his kingdom. He wants us to see the needs of those around us, then do something about it. If we cannot go ourselves, pray that the Lord shall send somebody. We need workers among the people who never go to church. In very truth, we owe them as much and even more than those who go every Sunday. Their need is greater, their lives are impoverished, their spiritual destitution is more pronounced. Yet we pass them by, apparently disclaiming any responsibility for them and scarcely realizing that we have any duty toward them. Let us change our attitude and position as Christians and face out instead of in, and go instead of stay, and work instead of resting, live for others instead of ourselves, thus making our lives count one hundred per cent for Christ and humanity.  
 We are always happy to have you in the services at The First Baptist Church.

Open from 5:30 a. m. to 7 p. m.

**WASH the E-Z WAY**

Our plant has 5 units. Each unit consists of a modern, electric Maytag washer. Three tubs are provided with sanitary drain system. Hot water is provided by means of an overhead pipe system keeping the heat away from the operator. The boiler is placed in a separate room to the rear.

**WATER SOFTENER**

A water softener provides plenty of hot and cold water from which the minerals have been removed. This method saves the clothing, saves labor, and a third of the soap cost. A roomy table the full length of the building provides plenty of room for any need. The building is fireproof - - - another safeguard against danger. The designers have followed this idea through the entire plant. A large skylight admits of plenty of light, and fresh air circulation.

**CURB SERVICE**

Drive up and blow your horn. Helpers will wait on you at the curb the same as they wait on those in the work room.

LOCATED NEXT DOOR TO THE TEXACO WHOLESALE OFFICE.

**THREE VALUABLE WASH TICKETS WILL BE GIVEN BETWEEN NOW and the 18th (ASK US ABOUT THEM)**

 "We Serve to Serve Again"

The State Department of Education has arranged a school exhibit which is attracting widespread interest at the University Centennial Exposition which opened its celebration on June 1. The Education exhibit has been arranged by C. M. Elwell, director of the Division of Information and Statistics for the Department.

Widespread publicity on Centennial celebrations in Texas has materially increased the sale of Texas Centennial half-dollars thru-out the entire country. The Texas half-dollars, upon the faces of which memorable pictures of Texas history are depicted, is the official memento of Texas first birthday party.

Mr. and Mrs. Earl Smith and babe, Rochelle Ray, of Pampa, visited relatives in Clarendon Sunday.

Mrs. J. C. Estlack and granddaughter, little Miss Ira Jean Estlack, are visiting relatives at Bowie, Bellevue and Vashti this week.

The flames of jealousy add fuel to the fires of desert war in 20th Century's "Under Two Flags". This is the magnificent spectacle-drama which presents RONALD COLMAN, CLAUDETTE COLBERT and VICTOR McLAGLEN with a cast of ten thousand in a story of men's heroism and women's devotion. 2PA

### Star-Filled Spectacle of Sahara Desert In "Under Two Flags", Showing June 17-18

Four great stars, a cast of ten thousand, and a story that flames with the intensity of Sahara's burning sands, bring one of the mightiest spectacle-dramas of motion picture history to the screen in 20th Century's "Under Two Flags", coming to the Pastime Theatre, Wed. & Thurs., June 17-18th.

Topping the star-studded story of flaming love and smoldering rebellion are Ronald Colman, Claudette Colbert, Victor McLaglen and Rosalind Russell, who lead a supporting cast of forty character stars and numberless extras.

The setting of the story is a sunbaked post of empire on the edge of the Sahara. McLaglen is the hard-bitten commander of a battalion of Legionnaires and his outstanding soldier is Ronald Colman.

McLaglen is the slave of the tantalizing "Cigarette", played by Miss Colbert. When he discovers that she has given her heart to Colman, he comes to hate his subordinate.

Colman, however, falls madly in love with the beautiful Rosalind Russell. Sent to a fortress in the heart of Arab territory, McLaglen persists in putting Colman in posts of danger, hoping that his death will remove the obstacle between himself and Miss Colbert. He recants of his deed, and goes to Colman's rescue.

Just as the entire force seems doomed, Miss Colbert leads reinforcements of legionnaires to their rescue, giving her life to send the man she loves back to another woman.

Mr. and Mrs. Frank A. White and Miss Dorothy White were present at the marriage of Miss Dorothy Blanton and Frank White Jr. in Oklahoma City Sunday.

Texas University girls will "man" the booths at the three major Centennial Expositions, at Austin, Dallas and Fort Worth, where Texas Centennial half-dollars will be sold. Proceeds from the sale of the half-dollars will augment state and federal funds in the construction of the first unit of the Texas Memorial Museum to be built in Austin.

Thousands are killed or injured every year when blow-outs throw cars out of control because at 40, 50, 60 miles an hour the heat inside the tires is terrific—as hot as boiling water.

**NO OTHER TIRE HAS THIS BLOW-OUT PROTECTION**

But built into every Goodrich Silvertown is the Life-Saver Golden Ply. This amazing invention resists heat so that rubber and fabric do not separate—blisters do not form—thus this great unseen cause of high-speed blow-outs is checked before it gets started.

### Newspaper Clinic at Canyon Conducted by Casey

County correspondents of newspapers throughout the Panhandle have been invited to hear John Casey at the est Texas State Teachers College June 12. Mr. Casey is a member of the journalism faculty of the University of Oklahoma. From June 9 to 13 he will conduct a newspaper clinic at the West Texas State Teachers College, and his lecture, "What is News" has been scheduled at 2:30

Friday for the convenience of community reporters. Editor Clyde W. Warwick of the Canyon News, the Canyon Chamber of Commerce, and the West Texas State Teachers College have united to bring Casey, who is an authority on journalism problems, to the city.

Mrs. J. H. Miller of Frederick, Okla. returned home Tuesday. She was accompanied by her mother, Mrs. A. E. Benson who expects to spend several days in Oklahoma.

### SUMMER MONTHS ARE SAVING MONTHS

Living costs are lower for most of us during the summer months. We have our home gardens, the less expensive outdoor amusements, the lowered cost of maintaining our homes—summer months are saving months. And summer months offer the ideal opportunity to balance your budget by increasing the regular deposits in your bank account.

**GOLDSTON**  
By Vivian Veazey  
We had quite a number at Sunday school Sunday. (the sum of twenty)  
Come on folks, let's come to

Sunday school and get some community spirit in our community. We had quite a bit of excitement last Thursday night; a little twister came through the country. I didn't do much damage. All tho it did tear things up quite a bit. It came a nice little shower along with it which was a great help.

Mr. and Mrs. Floyd Guthrie of Chamberlain spent the week end with relatives.  
Mr. Murphy Brock has been on the sick list the past week but is better at this time.  
Mrs. Warren Bray and boys of Amarillo visited her mother, Mrs. G. R. Grant the past week, returning home Saturday.  
Quite a few of the quilters with their covered dishes went to Mrs. Major Hudson's of Clarendon Tuesday. Everyone reported a nice time. The next quilting will be at Mrs. Jim Pegram's, the regular meeting day.

**Sheriff Pierce in Statement To Donley County Voters**  
To the Voters of Donley County: I take this means of asking you your support and influence in the coming election for reelection to the office of sheriff. It is impossible for me to see each one of you personally as I am financially unable to hire another man to work in my place, however, I would like to see each one and solicit your vote.

I want to thank each and everyone for everything you have done for me. I appreciate your favors very much. I have tried hard to merit your confidence by working hard. I am running for reelection on my record; a record I am proud of. I think anywhere you go in West Texas you will hear folks speak of Donley County as a clean law abiding county. Ask any officer concerning Donley County, and see what he says. Local officers, state officers and federal officers if they do not say Donley is a clean law abiding county, and is a little above the average county in that respect I will withdraw from the race. I have made mistakes and will make more; I am only human. You have tried me as your sheriff. You know just what I can and will do; I do not have to tell you.

**THE GREAT CONTROVERSY**  
W. Wallace Layton, Minister  
Identity of the N. T. Church  
Article XXIII  
Some, desirous of using the instrument in connection with the singing, may use as their authority the argument that God hasn't said "not to use it." But when God says a thing respecting our worship, He needs not give all the implied "nots" to make us realize that we are to do JUST as the commandment or example states. When Christ gave the commission, "Go into all the world"; needed He to say, "Not to Mars; not to Jupiter; not to Neptune? Certainly not. The very fact that he names the place where the Gospel is to be proclaimed, prohibits his warning them against going outside the world. But again, he told the Apostles to "tarry in Jerusalem." Now if they had wanted to "tarry in Jericho" instead, possibly they would have done so, and if they thus would have followed their own desires, they would no doubt have used the argument under consideration, that God "didn't say not to tarry in Jericho." But, think you, did Jesus have to state all the implied "NOTS" in order to make his ambassadors understand that he wanted them to "tarry in Jerusalem"? Why the very fact that he stated the place naturally excluded all other places, and if we believe that we have free reign to practice all things simply because God hasn't said "not to do so," then we have a law that tends

to scatter abroad rather than to centralize and unify. By such an argument the Apostles may have been partly in Jerusalem, Jericho, Bethal, Joppa, etc.  
Now the Lord has said (Col. 3:16), "teaching and admonishing one another with psalms and hymns and spiritual songs, SINGING and making melody in YOUR HEARTS unto the Lord." and again in (Eph. 5:19) "Speaking one to another in psalms, hymns, and spiritual songs, SINGING with grace IN YOUR HEARTS unto the Lord." Now if God has thus specified the instrument as being the heart, then that naturally excludes all other instruments. And we need not expect God to say, "not a piano, not an organ, not a jews harp. Surely when God specifies a thing then we are bound to that observance and matters of expediency in such cases are to be set aside. (Cont.)

Mr. and Mrs. J. F. Heath and Roy Heath visited their parents, Mr. and Mrs. G. T. Heath at Crosbyton Sunday.

## Low Operating Cost is not enough! FRIGIDAIRE PROVIDES ALL 3 BASIC NEEDS . . .

- 1. LOW OPERATING COST**  
● The "Meter-Miser" . . . Frigidaire's sensational cold-making unit . . . cuts refrigeration costs to the bone. At all times! Under all conditions!
- 2. FASTER FREEZING—MORE ICE**  
● Vitally necessary during hot summer months. Frigidaire's remarkable Super Freezer provides it. We prove it on our showroom floor. Ask us for proof!
- 3. SAFE FOOD TEMPERATURES**  
● Frigidaire keeps food safe. Maintains temperatures between 32 degrees and 50 degrees all the time. Dares to build a Food Safety Indicator into every cabinet to prove it! See the proof!

## COME IN AND SEE FRIGIDAIRE'S PROOF OF TRUE REFRIGERATION VALUE

● Low operating cost is the mark of a good refrigerator . . . but not proof that it is refrigerating. Before you even consider operating cost, you should be satisfied, with proof, that the refrigerator you buy can under all conditions give you the refrigeration required to keep food safely . . . that it can freeze plenty of ice quickly!

When you buy a new Frigidaire with the "Meter-Miser" you get all 3. Not low operating cost alone. But low operating cost plus safe food temperatures . . . faster freezing . . . more ice. Frigidaire offers complete refrigeration . . . true refrigerator value!

Don't take our word for it. Make us prove every claim. Only then can you be sure. Buy this logical way . . . not on unsupported statements . . . but on actual proof. Come in and ask for it now!

# West Texas Utilities Company

least two other Counties by good substantial people if I would come and live there my required time and also by their grand juries. The sheriff office in Donley County is not a political plum any more, nor has it been since I have been in office. I make three sworn annual reports each year. Of all fees earned and collected, one is on file at Austin, Texas, one in the District Clerk's office and one in the County Clerk's office of this county. I would be glad for any one to examine my records at any time. I can show you a saving in the sheriff office of better than fifty per cent in the last four years to what it was in previous years. I have had three automobiles stolen, and taken out of the county in the last four years, and have recovered them. In a neighboring county, year before last there were fifty-nine stolen cars. We have had two burglaries in the county in the last year, and the parties were caught and convicted in each case. I have never lost a stolen car that has been stolen in Donley County. I would appreciate very much if you would compare this county with any county in Texas along that line.

I do not want to seem like I am bragging; I lay my success on two things, not as to my ability being above the average, but on hard work staying on the job night and day, and the co-operation of the people. Without that co-operation, I could not be a success. The people make the law and the people enforce the law. As to my character, I have lived in Donley County most of thirty years. I think you folks know me pretty well. I have lived so I am not ashamed to look anyone in the eye, man or woman as to what I do here, at home or when I leave home. I am not on the fence on any subject. I can tell you where I stand without hesitation. I can say anything to any one's face that I say to their backs. We have some folks that can not do that. I want to be thoroughly investigated on anything I do. If I do not come up to standard, do not vote for me. A sheriff is in a hard spot every time you make an arrest. Usually you make some one mad, but that is part of the job and as to the time I have been in office. Since the sheriff's office is just a job like any other job, is it reasonable if a person has made a success of the job to fire him just because he has been in a certain length of time. Would you, as individuals, fire someone working for you because he had worked for you a long time and done a good job of it? You would not. If you or any of your family got sick and you should call a doctor, would you call one that has had some experience or would you call one just beginning to learn how? There's no one a born officer or anything else; he or she has to have experience and training before they have any success regardless of who they are, so I ask the folks of Donley County to take my opponent and myself, put us side by side, compare us the way we have lived, compare us every way, that is fair and honest and then vote for the one you think will make you the best sheriff, because the sheriff's job is a responsible job and means a whole lot to your community.

I want to again thank each and every one for past favors, and to solicit your support and influence again. You owe me nothing. The sheriff's office is yours; I would just like to be your sheriff another term on my merit alone not on any one's demerits.

Yours respectfully  
Guy Pierce

SONG

Somewhere along the sea a song is flying;  
Oh, if you hear, bid it return to me!  
I drove it forth because my love lay dying—  
And what had I to do with melody?

And now by rock and dune the wind is wailing;  
The beach lies bleak and emptied of delight.  
Unmoved I watch the gray gull's graceful sailing;  
No moon can beat a pathway through my night.

Come home again, my song!  
Within your measure  
There lay a char into silence grief and pain.  
I did not know! Now, lacking every treasure,  
I long in vain your secret to regain!

—Marie L. Eglington in New York Times.

## E-Z Laundry Latest Asset of Housewives

### Modern Community Laundry In Full Operation

"Sanitation and safety," were the principal objects under consideration of the owners in building a modern community laundry completed here this week and given the name of the E-Z Laundry. The owners are J. R. Webster and Hugh Eldridge, both young men have a wide reputation in this section. They are likewise receiving congratulations for their civic pride and zeal in the latest addition to the business just established next door to the Texaco office.

A general description of the arrangement of the plant appears in an advertisement of the Leader in this issue.

Heat in every instance is kept away from those who operate the machines, five Maytags, each equipped with three stationary tubs. Hot and cold water is placed in the tubs and drained from the bottoms without danger or inconvenience to those in the room. San-

itation and service is featured at every turn.

The work room is lighted by skylight, cooled by the fan method with plenty of outlet for air circulation. Ice water, plenty of table room and an arrangement that avoids spilling water are some of the things the average patron will appreciate.

Mrs. R. J. Webster will act as hostess and attend to the office duties. Help is provided to wait on patrons at the curb, and assist workers in the wash room. The rates are the same as has been customary in Clarendon, and the laundry will be open from 5:30 a. m. to 7 p. m.

### MARTIN NEWS

Willie Nell Shannon

Sunday school was very well attended Sunday.

The farmers of this community are all very busy planting over from the damage of the hail and rain last week.

Sunday, Mr. and Mrs. L. M. Marshall visited with Mr. and Mrs. P. M. Marshall of Ashtola.

The farmers of this community

helped repair the barns on Mr. Conda Jones' place last Friday. The barns were blown down by storms last week.

Mrs. and Mrs. Claude Easterling spent Sunday with Mr. and Mrs. Guy Sibley.

Mrs. N. E. Harvey and children visited Sunday with Mrs. Hall of Groom.

Mrs. McAdams visited Sunday afternoon with Mrs. C. J. Talley.

We are very sorry to report that one of our teachers, Miss Helen Baley had to undergo an appendix operation at the Adair hospital last week.

Willie Nell Shannon spent Monday with Mrs. Jim Baker.

Mr. and Mrs. G. A. Anderson were business visitors in Amarillo, Tuesday.

Mr. and Mrs. Walter Hagler of Lefors visited in the Marvin Smith home here Sunday.

Mrs. Otis Jackson and children visited relatives in Hall county Sunday.

Miss Eunice Johnson has returned home from State University where she received her B. A. degree with honors.

Mr. and Mrs. B. Chenault and little daughter of Lella Lake, are

on a visit with friends and relatives at Sayre, Okla.

The Portland, Oregon, Journal, a standpat Republican Newspaper, warns its Republican brethren "that the great mass of people will never punish a public man for putting bread into the mouths of the hungry and faith in the future into their hearts; for saving their homes and farms from going under the mortgage and for trying to find jobs for the jobless."

Dorris Bailey spent Sunday with Cora Lee Jordan.

Many a woman who now washes the Maytag way wonders why she waited so long to adopt this modern method. It means so much to the health and economy of home making. When the clothes are washed in her own home, and in a Maytag, she knows that they are handled carefully and that the conditions are sanitary.

By all means, own a washer, but first see how much more

the Maytag offers in fine construction, efficient performance, and convenience. It is so simple to operate, and does the average washing in an hour or so. Find out why Maytag is the choice of the majority. You may now iron as well as wash the Maytag way. See the new Maytag Ironer.
