Enthusiasm is Shown By Number Birds Entered

The Green Belt Poultry Association opened its annual show here this morning with a large number of entries coming from various points over the Panhandle. The show is being held in the center of the business district, two doors north of the Pastime Theatre.

Judging of all entries will feature the second day of the show. Mr. R. B. Galloway of Amarillo will again judge the show. The judging will begin at ten o'clock Friday morning.

The poultry judging contest for Vocational Agriculture students will be held at Clarendon College, beginning at ten o'clock Saturday morning. Teams from 15 Panhandle high schools are expected to compete for honors in this contest. A new Chamber of Commerce trophy will be awarded to the winning team.

Due to the fine cooperation of the business men of Clarendon, a very attractive list of premiums will be awarded at the close of the show, Saturday. Those who have contributed to this show have helped to build up one of the leading industries of this section. The Green Belt Poultry Association wishes to thank the following firms and individuals for their contributions to the 1936 Show:

Dr. C. G. Stricklin, Donley County Leader, Shamburger Lbr. Co., West Texas Utilities Co., Wade Roach, Clarendon Furniture Store, E. V. Quattlebaum, J. M. Former Clarendon Resident Killed Near Dalhart

Clarence Liston, 32, was killed near Dalhart about 6:30 Tuesday evening when a bakery truck he was driving skidded from an icy pavement into the barrow pit.

Liston had apparently attempted to leap clear of the truck, was caught beneath it as it turned over and his body crushed. He died a few moments after the driver of a car close behind his truck reached him.

He formerly resided in Clarendon where he was employed at the depot. He had been in the employ of a Dalhart bakery since leaving here some four years ago.

Tax To Be Paid On Indebtedness

A shipment of state tax stamps was received this week by County Clerk W. G. Word to be used on all instruments of indebtedness filed for record, in accordance with a law passed at the last session of the legislature on the Old Age Pension Omnibus Bill.

Ten cents is now charged on every \$100 or fraction thereof of indebtedness filed, exclusive of the first \$200.

The stamps may be purchased direct from Austin in 10 cent, 30 cent, 50 cent, 80 cent, \$4.80, \$9.80, and \$49.80 denominations. It is expected that banks, automobile agencies, and a few other concerns will stock the stamps.

Ashtola Couple Observe Three Thanksgivings

Observing Thanksgiving with a feast is common, but observing Thanksgiving with "three" feasts within three days is out of the ordinary. This feat of fortune came to Mr. and Mrs. Ed Wheeler of Ashtola the past week.

Being prominent in the order, Mr. and Mrs. Wheeler were guests at the Shrine barbecue in Amarillo Wednesday night. Thursday they were guests in the Fred Johnson home here at a Thanksgiving feast. Then to complete the proper observance of the national holiday, Mr. and Mrs. Wheeler were guests of a Thanksgiving dinner at the M. W. Hatley home near Goodnight Friday. The last named was delayed a day in order that all the relatives might attend.

Hospital Patients Showing Improvement Daily

The many friends of those taking an enforced vacation in Adair hospital will be more than pleased to know that improvement is noted at this time. Among them is Miss Ruth Hartzog, well known beautician, who is suffering from typhoid.

W. D. Martin, seriously ill for several days, is said to be much better at this time. Miss Lucile Polk, popular member of the Martin school faculty, is improving nicely. Little Miss Willia Huckins is also showing satisfactory improvement.

Methodist Brotherhood In Session Wednesday Night

Approximately twenty-one men were in a meeting of the Methodist Brotherhood at the church Wednesday night. An excellent course of "eats" was served the enthusiastic.

The big hit of the evening was Rev. Landreth's discourse on "Father Divine," the noted negro preacher of the Harlem district of New York city. The "lecture" is said to have been "most" humorous.

M. R. Allensworth is president of the organization, and Lester Schull is secretary.

House Mover Made To Pay Heavy Fine

Arrested Near Goldston and Tried Before Judge Davis Here Monday

For many years Dennis Head has been a professional house mover in this section. Saturday he is said to have started from Hedley bound for a point near Alanreed with a house loaded on a truck. He passed over the streets of Clarendon and headed out Highway 88 with serene and calm attending the way.

When he reached a point near Goldston, he was stopped by highway patrolmen E. C. White and Pearce. After explanations on both sides, Head was brought before Judge Davis.

While the patrolmen alleged eight law violations, only three were pressed. It is said that Head was charged with the absence of a trailer license, hauling a load over 45 feet in length, and hauling a load more than nine feet in width, all on a state highway.

In the final analysis of the affair, Head paid fine and costs totaling something like seventy dollars, according to county attorney R. Y. King who contended that eight charges were too many.

Mrs. Anderson Continues Ill At Her Home

The many friends of Mrs. G. A. Anderson will regret to learn that she is not showing the improvement expected over the past week. She is suffering from a heart ailment.

Special Sub Rate Is Extended

In compliance with a large number of requests from our rural friends who have been too busy to get around to it, the special subscription rate of a dollar a year on the Leader has been extended through December.

The rate outside the first zone of fifty miles is \$1.50. This is a reduction of fifty cents on each subscription, and applies to both new and renewal subscriptions.

At this time the management wishes to thank the friends of the Leader for the large number who have taken advantage of the special rate. Don't forget that the Leader makes a very desirable Christmas present since it becomes a weekly reminder all through the year.

Lodge Members to Feast Next Monday Night

Members of the Odd Fellow and Rebecka order are to meet at their lodge hall next Monday night, December 7th, at 8 o'clock for their annual Turkey feast.

Other interesting features are said to be on the program for this gathering to which all members are cordially invited.

Homer Taylor is Noble Grand, and Homer Bones secretary of the Odd Fellow lodge.

Attend Musical Comedy In Amarillo Tuesday Night

Among those to attend a play presented by the Little Theater in Amarillo Tuesday night were Mr. and Mrs. Frank White Jr., Mike Stricklin, Miss Rhoda Weidman.

The play was directed by Mrs. Eloise Gibson, talented choir leader of the Presbyterian church in Amarillo.

World War Veterans District Convention

District 18 American Legion To Meet in Amarillo Two Days

Amarillo, Dec. 3.—Hanson Post of Amarillo is arranging extensive entertainment plans for the convention of the 18th District, American Legion, which meets here Saturday and Sunday, Dec. 5 and 6th.

Congressman Marvin Jones, Department Commander Drury Phillips and National Chaplain Bryan Keathley are among the speakers.

Saturday will be devoted to social events, including a 40&8 "Wreck" with the Pampa Voiture in charge, followed by a smoker for the men at the Legion Home and a dance at the Herring hotel. During the Smoker hours, Mrs. Will M. Benton, State President of the Ladies Auxiliary, will conduct a School of Instruction, in the work of that organization.

Sunday morning, Commander Phillips will speak and motion pictures taken in France last summer by Cal Farley, will be shown.

Mr. Jones and Chaplain Keathley will speak at a public meeting in the afternoon. This will be followed by the business meeting. A buffet supper will be served the visitors following the business meeting.

All Legionnaires of the Panhandle-Plains area are eligible to attend.

Braswell to Return Here On Clarendon News

A deal was closed the first of the week under which Fred L. Williams disposed of his interests in the Clarendon News to Sam Braswell, who is expected to take charge some time this week.

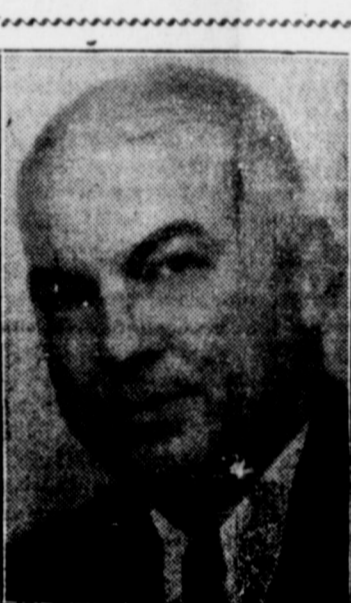

Mr. Williams purchased the News from Braswell in July of 1935, coming here from Taft, Texas. He has not indicated his intentions for the future at this time.

Braswell has been operating the Paducah Post for Ed Carlock for the past several months under lease.

NUTS AND DOLTS

State Auditor

Tom C. King of Dallas, who becomes state auditor, succeeding C. B. Sheffield December 1. King's appointment announced last week by Governor Allred is a promotion from the position of assistant state auditor. Prior to his connection with the auditor's office he was with the RFC in Washington.

King attended Vanderbilt and Tulane Universities and received his law degree at Washington University in St. Louis. He was admitted to the bar in Texas in 1927 and received his Certified Public Accountant certificate in November, 1931. He is a member of the Texas Society of Certified Public Accountants and has resided in Texas since graduating from Washington University.

King's appointment was highly popular with capitol newsmen.

Clyde Butler Opens Service Station in Clarendon

Returning with his family to make his home in the old town where he formerly resided for many years, Clyde Butler has taken charge of the Texaco Service station in the building of Mrs. Bigger.

Aside from a service station a full line of auto accessories will be handled as well as servicing autos. Carl Pittman has charge of the firm's wash and grease rack. Mr. Butler makes announcement in an advertisement in the Leader this week.

Write Letters Now To Santa Claus

Our little friends, are requested to write their letters to Santa Claus at once in order that he may get them on time. Please "print" the name so that no mistake will be made.

All Santa letters should reach us not later than December 12th. Parents should write the letters for little tots who are not old enough to write plainly. Mail or bring them to the Leader office. Letters from all sections of the county are welcome to space in the Leader.

Relatives Visit in Judge Davis Home Here

Rev. and Mrs. D. J. Nail and his sister, Miss Edith Nail of Plainview spent the week end here in the home of Judge and Mrs. W. A. Davis. Mrs. Nail is a granddaughter of Judge and Mrs. Davis.

Rev. Nail is numbered among the most influential of the younger Baptist ministers. He preached at Chamberlain at the morning hour, and at Ashtola Sunday night.

Strangers Are Married At Courthouse Tuesday

It was Rev. J. Perry King who officiated in a beautiful ring ceremony in the office of the country treasurer Tuesday afternoon. The affair united in marriage D. E. McCarlie of Oklahoma and Miss Geraldine Graham of McLean.

County Officers In Amarillo Radio Meet

More Than 125 Panhandle Officials Endorse Movement

Representing Donley county in the short wave radio meeting held in Amarillo Monday were county judge S. W. Lowe, sheriff Guy Pierce and county commissioners G. G. Reeves and Will Chamberlain.

In speaking of the matter sheriff Pierce stated that the police radio station would cost approximately \$8,000. That county like Donley could equip with an outlay of some \$300, less than the cost of phone calls in one year.

Mr. Pierce stated that four radio sets here, one in each of the cars used by the sheriff's department, one in the jail and one in the office of the sheriff, four in all, would be sufficient.

By this arrangement, he pointed out, an officer could be reached any time from the central station in Amarillo. Should an offense be committed in this county, the information would be phoned to the central station, and from there broadcast, reaching the officers of thirty-six Panhandle counties immediately.

Both officials of these counties, and a large number of citizens are said to be enthusiastic over the prospect of the installation of this modern method of crime prevention, and detection.

Annual Thanksgiving Dinner At Johnson Home

Mr. and Mrs. Fred Johnson observed their annual Thanksgiving dinner in which their relatives and friends joined with them in their home in Clarendon.

The list included Mrs. Della Johnson, Martin Nall, Mr. and Mrs. Hubert Johnson and family, Man Foust of Clarendon. Mr. and Mrs. Ed Wheeler, Ashtola; Mr. and Mrs. Roy Foust and son, Claude; Mr. and Mrs. Bryan Johnson, Albuquerque, N. M.; Mr. and Mrs. H. E. Johnson and family, Pampa.

ASHTOLA SCHOOL CARNIVAL FRIDAY

Public is Invited to Enjoy Games, Music, Eats And Other Amusements

The folks of the Ashtola community extends a royal welcome to the public to help them celebrate Friday night with a carnival. Coffee, cocoa, cake and pie will be served. Games of 42 and dominoes along with "beano" is on the list of features.

Music on string instruments accompanied by the school piano will help to enliven the crowd.

A turkey sale will be an exciting feature of the evening. School girls selling tickets to the event report an enthusiastic reception on this particular part of their efforts to entertain a big crowd Friday night, December 4th.

Grows Champion Gobbler In Donley County

Growing turkeys is a "farm accessory" at the home of Orion Holt in the Chamberlain community. One sold the Clarendon Home Demonstration Club for their annual turkey dinner Friday of this week, weighed 32 pounds.

This is believed to be the heaviest turkey marketed in Donley county this season, and perhaps for many years.

Tom Connally Builds Up Lucrative Business

Beginning on a small scale some months ago, Tom Connally of Amarillo began selling auto and other bearings to mechanics. As his business increased, he increased his scope of operation until today orders to the Connally Bearing company come from three states. He makes his territory in person, and takes along a stock of the bearings most widely used.

Tom is the son of Mr. and Mrs. Tom F. Connally of Clarendon.

Marion Quisenberry Resigns As Deputy Sheriff

Expecting to enter the truck business line at Houston, Mr. Quisenberry expects to leave here within a few days after resigning his deputyship. He has been working with Sheriff Guy Pierce for about a year and a half, and has made an excellent record.

Guy Wright, who formerly held the position, will succeed Quisenberry as Pierce's right hand man. The Sheriff has been fortunate in securing competent talent according to general opinion here.

Clarendon Girls Make Honor Roll in College

Miss Joyce Link earned honor grades in Home Ec. and English, Miss Wanda Mayfield in Home Ec., Education and Bible, and Miss Wilma Dee Smith in French and mathematics at Abilene Christian College in mid-semester examinations the past week.

Tax Survey Workers Taking Vacation Period

The Government Statewide Tax Survey which has been in operation in this county for some 11 months has been suspended indefinitely, presumably for adjustments for the new year.

27 COUNTIES OF AREA RECEIVE \$13,728,480 FROM COTTON CROP

In spite of drouth and other adverse weather conditions, cotton brought farmers of this area—including Hall and 26 other counties—a return of approximately \$13,728,480 for the 1936 planting thru October, according to figures compiled from the United States department of commerce ginnings report for Nov. 1.

The return for the same period last year from both seed and lint totaled approximately \$16,555,980. The price paid for the combination of seed and lint averaged \$70 a bale, both for the 1935 and the 1936 crop. Of this amount \$15 was for seed and \$55 for the lint of each bale.

A total of 196,121 bales of cotton had been ginned from this year's crop up to Nov. 1, and processors were of the opinion that only a small fraction of the cotton remained in the fields at this time. Hall County's crop up to Nov. 1 this year was valued at \$569,870. Collingsworth's crop was valued at \$311,850, and Childress County's crop was estimated at \$191,870. The Donley County crop to Nov. 1 was valued at \$337,330. The Briscoe County crop to the same date was valued at only \$60,410.

CHAS. T. ISHAM DIES THURSDAY

Paralysis Claims Leading Citizen of Chamberlain Community

The passing of few men caused more genuine regret over two counties than that of Mr. Isham who passed away near midnight Thursday in his home some four hours after he became seriously ill.

Funeral services were conducted at Lakeview Saturday afternoon by Revs. R. G. Brister and T. H. Gattis. The Buntin mortuary here had charge of funeral arrangements.

Pallbearers were friends of many years and included Ben Hill, G. G. Reeves, Oren Holt of Clarendon, C. J. Holland of Brice, Tom Luttrell of Lakeview and A. N. Hightower of Memphis.

A large number attended the last tribute paid this noble citizen, and the floral tributes in profusion further attested the high esteem in which Mr. Isham was held by those who knew him.

Surviving are his widow, and the following children: Lowell Isham of Oklahoma City; Mrs. Fred Henry, Whitesboro; Mrs. Joe Sims, Ashtola; Mrs. C. K. Killough, Clarendon; Mrs. H. B. Hartzog, Giles, and T. C. Ray and David who remain at home.

Mrs. A. E. Ramsey and Tom Isham, both of Lakeview are his only surviving sister and brother.

He was a member of the Methodist church and lived his ideals of a christian in his daily walk of life and in the treatment of those who associated with him, or had dealings with him. A more complete outline of his life appears in another column of the Leader of this issue.

Relatives Meet in Holland Home Thanksgiving

Mr. and Mrs. Joe Holland Sr. were among the happiest folks in the county Thanksgiving Day when a number of the relatives gathered in their home. All of their children were said to have been present.

Besides the aged parents, those to enjoy this delightful gathering were Mr. and Mrs. John Holland family, Hamlin; Mrs. W. B. Berry and children, Albany; Mr. and Mrs. E. E. Paterson, Rotan; Miss Opal Patterson, Tucumcari, N. M.; Miss Lucile Patterson, Stephenville; Mr. and Mrs. Clarence Piercy and daughter of the JA ranch; Mr. and Mrs. M. J. Whitfield, Hedley; Mr. and Mrs. B. J. Leathers of Lelia Lake; Leroy Leathers of Texas Tech at Lubbock.

Thanksgiving Dinner In Hatley Home

A number of friends enjoyed the hospitality of the home of Mr. and Mrs. M. W. Hatley and Mr. and Mrs. R. V. Hatley and son Richard Von Hatley near Goodnight Thanksgiving Day.

Those to enjoy this reunion of friends and relatives were Mr. and Mrs. J. W. Hatley and family of Brice; Mr. and Mrs. E. C. Gilbert, Goodnight; Mr. and Mrs. W. Brune Amarillo; Mrs. Hattie Firoben, Amarillo; Mr. and Mrs. Ed Wheeler of Ashtola; Mr. and Mrs. Will Hearn of Clarendon; Mr. and Mrs. Nichols of Claude.

MEMBER OF PANHANDLE PRESS ASSOCIATION

WRONG AGAIN AS USUAL.

The staid old Dallas News finds much at fault with Governor Allred, his policies, and what he has to say relative to his appointees. It will be recalled that this same Dallas News found much fault with Gov. James Stephen Hogg, before his election, during the time that he held the various offices to which he was elected, and hounded his reputation until he died.

ASSOCIATION OPPOSES OLD AGE PENSION.

Before the law becomes operated regarding unemployment insurance, and old age pensions, a Tax Saving Association is organized in New York City. This association proposes to sell a book that tells how to "lower payroll taxes," and offers "146 suggestions for saving your income and undistributed profits taxes."

Like every other law that is passed, there is always an element ready to become active to defeat the particular law that has for its objective the helping of the masses.

PRESIDENT BEGINS AT BOTTOM.

A continued increase in farm tenancy during the past half century was cited by President Roosevelt recently as "significant evidence that we have fallen far short of achieving the traditional American ideal of owner-operated farms."

Farms operated by tenants depreciate in value, as a rule because rented farms carry no incentive for the farmer to rebuild so long as he must move every year. Soil erosion is greater, and much of the land loss of the nation is directly traceable to farm tenancy as well as low prices. Home owners make the best citizens, as a rule. It would seem that land sold on a forty year basis at a very low rate of

interest would help matters.

At any rate, the President has thirty-eight advisors on the committee to help him work out a plan to rescue landed America from the sea.

Pliocene Age Life Revealed In Discovery

EXTENSIVE EXCAVATION ON PROJECT STARTED BY PALEONTOLOGIST

Canyon—A fossil bed within 17 miles of Canyon promises to become one of the most important in the United States, according to C. Stuart Johnston, paleontologist of the West Texas State Teachers College.

"These fossils represent the life of the Pliocene Age about 5,000,000 years ago," said Johnston. "We have found a great variety of animals and they enable us to fill in a wide gap in our pre-history."

Although the beds have been known for two years, extensive excavation has just started with 10

That Political Barrage.

Both the DuPonts and Father Coughlin have washed their hands of politics and have called it quits.

The DuPonts spent a good sized fortune sponsoring the Liberty League and other hate fomenting movements against the President.

Coughlin poured out his wrath against the President and bragged that he could handle 10 million voters. The DuPonts will now go back to their munition plants and other vast business connections to make more millions.

The priest will retire to his parish to counsel with his immediate friends, rather than control a nation. It is a well known adage that few men are able to do more than one thing successfully, and that failure awaits those who step outside their own role.

After a year on the farm, he turned to railroading again and located at Denison working in the Katy shops. He located the job before marrying. It was at Denison where six children were born of the second marriage.

In 1916 he moved to Colbert, Okla. and again took up farming, living as a tenant on the same farm ten years. Boll weevils displaced the farmers efforts there, and Mr. Isham came to West Texas where no such handicaps were known. He came to Hall county in 1928, to near Brice, and to Donley county in 1930.

His only earthly riches were banked in friendship and goodwill of his fellow men. He provided his family with every necessity and luxury at his command, and his business friends all that was due them, even at a great sacrifice at times to his own comfort and convenience.

He lived as a man to whom hard knocks and depressions meant only harder work, more economy and with no other man suffering from his financial problems.

He died in the peaceful and serene calm of his Maker, loved and respected by all who knew him. He was a soldier to the end who took life's battles as a matter of fact. And even when he knew that his time was short, never worried or shared his troubles with others.

He drew his reward in a sudden, peaceful passing, and the heritage of good will left to others. God bless the grand spirit of this noble voyager.

CARD OF THANKS

The kindness of neighbors and friends helped us in a great measure to bear our sadness in the loss of our husband and father. May each of you be blessed with such help when your sad hour comes, is the wish of all of us.

Mrs. C. T. Isham and Family, Mr. and Mrs. H. B. Hartzog, Mr. and Mrs. C. K. Killough, Mr. and Mrs. Joe Sims.

Untouchable Can you put your hand where the other hand cannot touch it? Yes, by holding your right elbow in your left hand.

WPA workers under the supervision of Mrs. Stuart Johnston and with R. O. Reynolds of Clarendon as project foreman. More men will be added as they are available.

A camp building for the use of workers and paleontology students is being erected at the fossil beds this week. It was given by C. S. Lambie of the Lambie Construction Company to help along this work in which he is interested.

Fossils which are excavated will be prepared and exhibited in the Panhandle-Plains Historical Society Museum and duplicates will be exchanged with other museums in all sections of the country.

CHARLES THOMAS ISHAM 1879-1936

Fannin county, Texas was the birth place of Mr. Isham, and the date was November 18, 1879. He passed away November 26, 1936 near Clarendon, Texas.

Born of sturdy Irish-American parents, death left him an orphan at the age of 12 years as the provider of a family of eight younger brothers and sisters. He willingly assumed the responsibilities and kept them together until each one grew up.

After rearing his own family of eight, he married Miss Molly Trent and Hugo, Oklahoma, then Indian Territory, became his home, and where three children were born to this pioneer couple.

With the advent of railroads in this rapidly developing section, Mr. Isham gave up farming and became a fireman on the "Frisco" for four years on a passenger and freight run from Ft. Smith to Hugo. Firing a locomotive did not mean turning an oil valve then, but it did mean handling tons of cord-wood.

While he was firing on this job, his wife died in 1907 leaving him three small children. With his home thus broken, he turned his thoughts to the farm and new country. He visited Hall county, but returned to the central Texas section and became a farm hand for C. C. Phelps for some time. It was about this time that he met and married Miss Nora Bell Phelps.

After a year on the farm, he turned to railroading again and located at Denison working in the Katy shops. He located the job before marrying. It was at Denison where six children were born of the second marriage.

In 1916 he moved to Colbert, Okla. and again took up farming, living as a tenant on the same farm ten years. Boll weevils displaced the farmers efforts there, and Mr. Isham came to West Texas where no such handicaps were known. He came to Hall county in 1928, to near Brice, and to Donley county in 1930.

His only earthly riches were banked in friendship and goodwill of his fellow men. He provided his family with every necessity and luxury at his command, and his business friends all that was due them, even at a great sacrifice at times to his own comfort and convenience.

He lived as a man to whom hard knocks and depressions meant only harder work, more economy and with no other man suffering from his financial problems.

He died in the peaceful and serene calm of his Maker, loved and respected by all who knew him. He was a soldier to the end who took life's battles as a matter of fact. And even when he knew that his time was short, never worried or shared his troubles with others.

Cork in the Bottle

Take a bottle, and a cork small enough to drop into it. Turn the bottle on its side; lay the cork in the mouth, and try to blow it in. Blow hard, and it will come out and hit you in the face. The way to blow it in: Take a piece of paper, roll it up like a tube smaller than the cork, blow with it right at the back of the cork, and it will go in at once.

THAT FAVORITE "MODEL T"

I used to go to see my gal, Oh! boy, I tell you she's a pal. My way of going ain't so grand, But it beats thumbing it by hand.

My old car is a Model T, A most favorite car to me. It goes chugging down the lane, Always makes it, shine or rain.

One day I went to get a date. I knew my "can" would make the gate.

Oh my! The rain was pouring down, Made my clothes look like a clown.

My "can" you see, ain't got no top. Some folks would call it a "flop."

I like it tho it rattles and shakes And often gives me pain and aches.

My gal don't think it's so grand, Of course she wants a sedan; One that is all shiny and new, And I don't blame her—do you?

I prefer the "cans" without the tops, As long as there's a shortage of crops.

If my gal don't like it, I'll leave her be, And just keep on driving my "Model T."

CHOSEN FIRST HELD TO LAST

LEADER CIRCULATION HAS SUFFERED LEAST OF ALL IN DROUTH AND DEPRESSION

Only \$1 a Year Now

Have you wondered how circulation of your Leader was holding up? Let us put you at ease: Leader circulation has suffered less than any of the public services because home newspaper reading has steadily increased in recent years.

Are you surprised? If you are, then let us remind you that the Leader, first choice in the homes of Clarendon trade territory, has been last to be discarded when it became necessary to economize in the homes when the depression was at its worst. More than one good citizen has stood before our counter and said: "We have given up many things, but we can't get along without the county news."

LEADER REALLY COSTS YOU NOTHING

Of course there is more than sentiment to this. In reading the Leader each week, you often save the price of the paper for a full year in knowing where to get the best bargains on one Saturday alone. In that way, the Leader costs you nothing. You really save many times the price of the Leader during the year in making your purchases from the advertisements in the Leader.

Donley Co. Leader

TEMPLE OF TRUTH
 By the Apostle

Geo. A. Ball, manufacturer of fruit jars, and whose corporation had the Texas A&M college furnish them a salesman here last year in demonstrating a canning process with Ball jars, is to succeed to the Swearingen place on the board of directors of the Missouri Pacific railway.

Wives may complain that their husbands carry too much life insurance, but widows never do.

Men make considerable fun of the effort of the women folks in concealing their ages, but the most subtle compliment that can be paid a man above 50, is to express surprise when he tells his age.

The best time to start a good day's work is to begin the night before by going to bed in time to get 8 hours of peaceful sleep.

Judging from the little attention given him, the groom might as well be listed as one of the bride's accessories.

As boys we used to hide Diamond Dick's "Gold Wizard" under the mattress upstairs. Worse books than that now repose on the front room library table.

A year-round garden,
 And some sows;
 A thief-proof smokehouse,
 And some crows;
 A flock of laying hens,
 A blooded rooster;
 And you won't go hungry
 Like you used to.

Most of these funeral dirges sung over the radio refer to "some place back there." Why not pull

out "back there" and shut up?

Bachelor Bill referred to his fat lady friend as "animated jello." Anyway, she hasn't seven colors, Bill.

Ima Fizzle says the reason some people look so glum is that they are fussing with themselves within their own minds.

Among those to come in Saturday to renew subscriptions was Mrs. W. T. Lowe. Besides being a farmer's wife used to plenty of hard work through her younger years, and being the mother of most a dozen children who grew up to be fine men and women, Mrs. Lowe found time to write poetry. Her poems have appeared in print in many magazines and newspapers, and in poetry anthologies. Her product is among the best in the latest book gotten out by John L. McCarty in which poets of the Panhandle supplied the material. Among the Leader's long list of friends, we value none more highly than this sweet christian character, Mrs. W. T. Lowe.

Next to these improved electric gadgets in the kitchen, nothing is handier than a few dutiful daughters.

Who "lit the fuse" in this Roosevelt-DuPont romance anyway?

Can you recall a time in your life when you told something in confidence that later made you wish you had never learned to talk? That's where gossiping gets started, too.

Hastoon Yazzie's half-wit son, Scobie, thinks a 4-H club is made up of horses, hogs, hound dogs and hair cuts.

The big shots in the newspaper field continue to be limited to Exchange and Anon.

Had you noticed that newspapers that brag on themselves most are abused by the public most? And that on "free" circulation, too.

Women were in the majority in

paying subscriptions Saturday as usual. Among the large number were Mrs. M. W. Hatley of Goodnight and Mrs. Ed Wheeler of Ashtola. Mrs. Hatley is very enthusiastic about her first grandson, Richard Vaughan Hatley, the son of Mr. and Mrs. R. V. Hatley born Nov. 19. They had a big Thanksgiving dinner at the Hatley home, and Mrs. Wheeler's description of the affair made it sound just right. Thanks for the compliments on the Leader, ladies, thanks a lot.

There's a lot of talk about a boom, but with the seat of my pants about to go through, how can a fellow get into the swing of prosperity menaced by a calamity like he is sitting on every day. Besides, the rummage sale held here last week offers little consolation.

Radio enthusiasts are said to have been greatly handicapped Thanksgiving Day through ether interference. They allege further that practically every electrical equipment in town was going full blast all forenoon. Electric sweepers were judged as being the greatest offenders in this connection it might be well to have a certain period for sweepers, and hour for percolators and such other devices on special days. Football fans suffered great agony during the afternoon when a blast of interference came over the waves instead of football play-by-

play blasts from the bally-hoo man. Surely this matter can be settled without bloodshed.

A very fine trait in some of our men folks should not go unnoticed. This has reference to those fine fellows who have no boys, and yet who took some other boy to the Father-Son banquets. Some men here have taken a boy other than their own for a number of years.

What is so homely as a yo-necked guy in a uniform?

The curtailed mustache down in Arkansas, for want of a better name, is known as a "cookycuster."

While here for Thanksgiving, and while her mother is away on a visit, Miss Jessie Ingram, teacher in the Amarillo public school, did something that should not be passed unnoticed. She may have established a precedent for other girls, and especially girls whose mothers are getting well along in years. It so happened that the writer came into a certain furniture store just as Miss Jessie was selecting furniture for two rooms for her mother's home. What a grand surprise that mother will get! And what a dutiful daughter, always doing something for her mother.

While the passing of one may be made with stolid indifference

to save others the pain of parting, often the passing leaves a sting of sadness just the same. In the passing of Mr. C. T. Isham, his friends seem to sense the loss most keenly. His means were limited, but he used what means he had to make life happier for others. He sat many a time near my desk and joked in an innocent way about hardships. He was a real optimist. His eyes carried a merry twinkle, and that expression grew more as he did something for some one else. He brought in fresh meat when he killed hogs, and did not forget us. He was that way about his friends and neighbors. He was honest, kind, loving and had a character as solid as a rock. He met his obligations regardless of the loss it might mean to him. He passed on loved and revered by more genuine friends than most any man I ever knew. He had a brand of religion that "took" in

that he lived it every day. No one ever had any doubt about that trait in our departed friend, Mr. C. T. Isham.

Pull the switch, Red, we're signing off till this time next week.

Miss Emma Ayers underwent a minor operation Sunday from which she is recovering nicely.

Miss Lucile Polk underwent an appendix operation Thanksgiving Day. She is said to be improving daily.

Winter be blowed!...

OIL-PLATE YOUR ENGINE

This is exactly true: Oil-Plating supplies lubrication in LESS THAN NO TIME AT ALL!

Faster than "instantly"... faster than the fastest-flowing Winter oil might even begin to flow, Oil-Plating is ready to lubricate.

That's because a genuine Plating of Conoco Germ Processed oil is always left firmly bonded to every working part. Like any other real Plating, this Oil-Plating cannot run off. After hours or days of standing in the cold, Oil-Plating

is still perfectly ready-to-go. Now these days you read on every side, how poorly-oiled starting causes most engine wear, and how fast a Winter oil ought to flow. But you cannot have even a doubt of sure starting-lubrication, when it is always UP IN ADVANCE. That's Oil-Plating... a plain, straight, economic reason for changing to your correct free-flowing Winter grade of Conoco Germ Processed oil—patented. Costs no more than changing by hunch.

1926 BOOK CLUB
The members of this club met in the Club Rooms Tuesday with Mrs. Lena Morris and Miss Temple Harris as hostesses. This being a Texas program, the book, Charles Goodnight, dealing on Panhandle history, was reviewed.

Myrtle Ingram briefly sketched the life of J. Evetts Haley, the author. Mildred Martin, in a very interesting manner, reviewed the book. Charles Goodnight.

On display for the program was a miniature ranch house of Chas. Goodnight that was made by the late J. W. Martin.

A pronunciation drill was given by Nita Williams. Thelma Bairfield, a delegate to the 39th annual convention of Women's Federated Clubs, which met in San Antonio, gave a report of the convention. The members were happy to learn that this, the 7th district, was of the leading districts in Texas the past year.

Delicious refreshments were served to about twenty club members, and six guests. The guests

were Mrs. Rufus White, Mrs. Jim Morris, Mrs. Ed Dishman, Mrs. Fred Wewerka, Mrs. Kirby and Miss Marie Morris.

CLARENDON H. D. CLUB
The Clarendon H. D. Club will meet at the home of Mrs. C. L. Benson Friday in all day meeting.

JUNIOR H. D. CLUB
Hattie Palmer entertained the Junior Home Demonstration Club at her home Friday afternoon. The business meeting was presided over by Pres. Hattie Palmer. Helen Estlack gave devotional. Mrs. S. R. Tomlinson assisted by Mrs. H. R. King of Lella Lake demonstrated making Christmas candy.

A lovely salad plate was served by hostess to each guest. The afternoon guests were Mrs. S. R. Tomlinson and Mrs. H. R. King of Lella Lake and Mrs. Elmer Hayes. Club members were Helen Estlack, Marie Patterson, Neva McCrary, Viola Bones, Dale Holland, Irene Cox, May Quisenberry, Lucy Goldston, Mrs. Jennings and hostess Hattie Palmer.

SCOGGINS—ESTLACK
Miss Ruby Dell Scoggins and George Wayne Estlack were united in marriage Saturday night, November 28, W. Wallace Layton, pastor of the Church of Christ performing the ceremony at his home. The bridal couple was accompanied by Mr. and Mrs. Carl Tyree, uncle and aunt of the bride.

The bride is the daughter of Mrs. Faye Scoggins of Pyote, Texas. She completed high school here and at the time of her marriage was a student in West Texas College at Canyon.

The bridegroom is the youngest son of Mr. and Mrs. J. C. Estlack of Clarendon. He is a graduate of the high school and Clarendon Junior College. For more than a year he has held the position of advertising manager on the staff of the Donley County Leader, a position he will continue. They will make their home in Clarendon.

RUSSELLS ENTERTAIN WITH 42 PARTY
Those to enjoy the 42 games at the home of Mr. and Mrs. Fred Russell Wednesday evening were Mr. and Mrs. Sloan Baker, and Mr. and Mrs. Ernest Hunt, Mr. and Mrs. G. G. Reeves, Mr. and Mrs. Jerome Kerby, Miss Eula Naylor, and Mr. R. M. Chunn.

The Thanksgiving Motif was carried out in the refreshments served at the conclusion of the games.

POOVEY—EDWARDS
Miss Flora May Edwards and Tate Poovey were united in marriage November 30th at Ft. Sumner, N. M.

Tate is the son of Mr. and Mrs. W. A. Poovey of Ashtola.

A singular coincidence appears in this family union in that Tate is the only boy in the family and has seven sisters. His wife is the only girl in her family and has seven brothers.

They will make their home in Magenta, Texas where Tate is employed in operating a service station.

Miss Lottie E. Lane and Mrs. Kinney Lane visited in Amarillo Sunday.

PATHFINDER CLUB HEARS REPORT ON STATE CONVENTION FEDERATED CLUBS

Mesdames Joe Cluck and F. W. Rathjen were hostesses to the Pathfinder Club Nov. 27th at the Women's Club Room. Mrs. H. C. Brumley was a welcome guest.

During the business session presided over by the president, Mrs. L. N. Cox, Mrs. E. D. Landreth was unanimously elected to membership. This fills our roll of 40 active and 8 associate members, but there still is room on the waiting list to which there is no limit.

Mrs. B. L. Jenkins, program leader, took those present on an imaginary journey to Florida via New York which is a 48-hour ride by train and 24 hours from New York lies America's winter playground, "Florida with its many miles of ocean shore, and countless inland lakes and numerous water courses."

She told them briefly how to prepare themselves physically for such a trip, and what not to eat and drink enroute.

Mrs. Joe Goldston then read an excellent paper on "choosing your clothing and lodging" for the journey and stay in Florida, or any other ocean voyage.

Mrs. R. L. Biggers gave a graphic description of "Florida—The Fountain of Youth," first discovered by the intrepid, visionary Ponce de Leon." on Easter Sunday, March 3, 1513. We learned from her paper that while Florida was the first of the states to be discovered, it was the last to be developed, therefore it is both old and young. This old state of Florida geologically speaking as "ages" go on this terrestrial globe, is the youngest member of our Union. It is so young that practically all of it rests on coral foundation, laid by tiny builders of the Salton sea. It is so young that nowhere does any part of it rise more than 500 feet above sea level.

At the conclusion of the program, President Cox gave us the "high lights" on the 39th annual convention of the Texas Federation of Women's Clubs in session at San Antonio Nov. 9-13. From her report we learned that two improvements had been made at permanent home headquarters. First, landscaping of lawn and planting of shrubbery; second, building concrete walks and other improvements including garages and painting and repairs on the building. Today it presents the picture of a well kept home.

Total received from the building during the year was \$6,958.90, which includes rent received from bedrooms, apartments and garages office rooms, stage gifts, etc. Old age pension offices are housed in part of it has been taken care of and a surplus paid the Federation.

The furnishings today consist of ninety-nine \$4 mahogany chairs. (One more is needed.) 24 card tables, one piano. The library has lovely books, that have been received all during the year from individual clubs. One mahogany table, a gift from the Shakespeare club at Hearne. Eight garages have been built at a cost of \$600 each.

Mrs. Fincher, state treasurer, reported that the 7th District, of which we are a part, was the banner district in the way of pledges to permanent headquarters building for the past three years, having made 77 new pledges this year, and there were only 106 new pledges from all the clubs in the state.

Seventh district also leads in a number of other things, viz.: Has the greatest number of clubs; leads in penny art fund, being 100 percent and received prize of picture for same. For three years this district has lead in observation of Woman's Day, contributing \$886 this year. This district was the first to furnish a bed room in permanent headquarters building. It also leads in the number of junior clubs. Mrs. Ardelle S. George of this district received \$15 prize for sponsoring the greatest number of singing choruses.

Mrs. S. E. Fish of Amarillo, radio chairman, received a book for writing the best essay subject, "Truth About the World Court." Another club in this district received a prize for the best community singing.

This district's retiring president, Mrs. W. P. Averett, chose as the keynote of her administration, "growth," and surely we have grown both in membership and prestige.

Seventh District has grown to the size of the State Convention, more than 650 women registering at district meetings each of the past two years.

Mrs. Averett was designated at the recent state convention as "the woman who received all the prizes."

In her report to the State Federation, she said that "7" was a lucky number for her. She is the 7th daughter in her family, born on the 7th day of the 7th month of the year, married a man with 7 letters in his name, and first lived in Abilene, which is spelled with 7 letters.

She moved farther west and became the 7th president of the 7th District comprising 197 senior clubs and 47 junior clubs.

The Convention went on record as opposed to the use of any Christmas theme in advertising liquor; as favorable to the use of voting machines in Texas; establishment of a department of fine arts at the University of Texas; more money for state health services; favoring a state department of public welfare, and for a neutrality program which would provide adequate defence, economic neutrality and taking the profits out of war.

Mrs. Richard J. Turrentine of Denton was elected president of the Texas Federation of Women's Clubs to succeed Mrs. Volney W. Taylor, and our own Mrs. W. P. Averett was chosen first vice president.

President Cox announced the appointment of Mrs. B. L. Jenkins as chairman of motion pictures in the 7th District, and Miss Mary Howren of the Les Beaux Arts club chairman of pottery.

Refreshments were served after adjournment.

Cor. Secretary.

B. & P. WOMEN'S CLUB
At the regular meeting of the Business & Professional Womens' Club on Monday evening, November 23rd, the girls of the Senior Class of the High School were honor guests. The subject for the evening was Vocational Guidance and Its Value, in furtherance of the National Club's theme for the month "Continuing Education for All."

After repeating in unison the Club Collect, the group sang several songs paraphrased to suit the occasion and meted to popular and well-known tunes, led by Miss Mantie Graves and accompanied by Miss Agatha Taylor, a guest. Mrs. Virginia Schull, accompanied by Miss Agatha Taylor, excelled her already enviable reputation as a whistling soloist, and Misses Jean Teat and Phoebe Ann Buntin, accompanied by Miss Mantie Graves, were enthusiastically received in a tap dance. Miss Ethel Swanson, in charming manner and humorous vein, gave an interesting and instructive resume of New Vocations open to women.

A fitting climax to this program was the address by Mrs. C. A. Burton, on the subject "The Value of Vocational Guidance", a subject near to the heart of the speaker, and by reason of her education and training a subject upon which she is qualified to speak authoritatively. Out of the abundance of

Mrs. Burton's heart of experience, she brought a ringing challenge to all women to choose wisely a vocation and prepare adequately to fill it, and by force of her personality the facts presented were driven home to our minds with keen appreciation.

Appetizing refreshments were served at the conclusion of the program, to seventeen Seniors, seven other guests and ten club members.

Mr. and Mrs. W. A. Johnson and family of Taos, N. M. visited in the J. E. White home Saturday night.

We had a nice crowd present for Sunday school Sunday. We had 51 present. We wish everyone would be present next Sunday. The contest is rather interesting. The Young People's class had 3 present and 6 absent while the Intermediate class had 6 present and 5 absent. You had better look out Young People.

Miss Lopez Whitt carried a part of her Sunday school class to the

show last Wednesday. The pupils who were entitled to the trip were the ones who had not missed a Sunday since the contest had begun till the show Shirley Temple in Dimples came. The following students attended the show: Cymantha Hester, Ivon Ellis, Ladell Tankersley, Bobbie Harold Smith and Z. D. Davis Jr.

If you were not at Sunnyview Thanksgiving night, you will never know what you missed. A short program was given by students of Miss Lopez Whitt and Miss Orene Riley's rooms. We were also favored with some musical numbers by Miss Mary Dooms on her accordion, which was enjoyed very much. After the program, we had plenty of sandwiches and coffee. There isn't nothing more enjoyable than an old-fashioned community get together.

On Friday evening Miss Lopez Whitt and her students entertained Willie Nell Lamberson with a surprise party and a shower. Willie Nell Lamberson received many nice gifts. After playing many games refreshments were served to the following: Louise Hall, Cymantha Hester, Robbie Zoe Moreland, Ivon Ellis, Mary Ella Williams, Willie Nell Lamberson, Z. D. Davis Jr., Bobbie Harold Smith, Billie Frank Moreland, Rogers Hester, Joe Smith and Miss Lopez Whitt.

Miss Lopez Whitt pupils are working on two plays for Christmas which are as follows:

1. A Christmas Heroine.
- Characters—Miss Mealy, Louise Hall; Peggy, Ivon Ellis.

2. Christmas at Stebbins'.
- Characters—Mr. Raymond, a well to do business man, Frank Cannon; Mrs. Raymond, a Society Woman, Robbie Zoe Moreland; Mr. Stebbins, a genial farmer, Z. D. Davis Jr.; Mrs. Stebbins, his big hearted wife, Mary Ella Williams; Grandma Stebbins, his old mother, Cymantha Hester; Hettie, Tom, children of Mr. and Mrs. Stebbins, Lou Ella White, Rogers Hester; Joe, an orphan boy, Billie Frank Moreland; Jake Jarley, the hired man, Bobbie Harold Smith; Mary, the help, Willie Nell Lamberson.

**Eskimo Cowboys
Ride Herd' On
Alaska Reindeer**

Barrow, Alaska, Nov. 22.—Cowboys of the tundra—fur-clad Eskimos—rode herd today over thousands of reindeer in the great annual roundup on Point Barrow's frozen plains.

It marked the major fall gathering of the arctic coast natives, one group coming by dog-team from Barter Island, 500 miles to the east, where famine threatened last

summer. Three thousand of the estimated 30,000 reindeer were driven to a new corral 50 miles inland for marking and counting.

With the mercury well below zero, eskimo herdsman drove the deer from the lonely ranges where they fattened on lichen during the summer. Arriving herders were greeted by friends they had not seen since last season.

The roundup was a family gathering. Wives and children pitched tents near the corral. Almost the entire Eskimo population deserted

the little settlement of Barrow.

J. R. Bartlett Jr., University student, spent Thanksgiving with home folks.

The Big Sneeze

This sounds well in a room, but better still in the open air. One third of the guests agree to shout "Hish!" all together; another third to say "Hash!" and the rest to say "Hosh!"—all at a given signal. The result is the sound of a tremendous sneeze.

**WALLACE BEERY IN "OLD HUTCH"
SCREEN ATTRACTION DECEMBER 9-10**

Star Reunited with Eric Linden and Cecilia Parker of "Ah, Wilderness!" in Human Drama of Town Loafer Who Finds Fortune But Can't Spend It

Millions of readers roared at "Old Hutch" when the story appeared in a national magazine. They and additional millions will laugh when they see Wallace Beery in the title role of the film version opening Wednesday, Dec. 9th at the Pastime Theatre.

The "laziest man in the world" finds \$100,000 in stolen bills—and he can't find a way to spend it! That's the predicament in which Wallace Beery finds himself in Metro-Goldwyn-Mayer's "Old Hutch."

Eric Linden and Cecilia Parker, the lovable romantic team of "Ah, Wilderness!" supply the heart in-

"Old Hutch." He was great in "Ah, Wilderness!" and many other notable triumphs, but never has he been cast in a role that was better adapted to his peculiar abilities.

The picture was filmed in the picturesque Santa Cruz ranch country.

Beery portrays the indolent but lovable native who finds a fortune but can't find a way to spend it.

When he finally discovers that it is stolen money and that he can capture the criminals if he can summon the courage, Beery gives a performance that tops anything in his career of popular roles.

There is strong love interest in

Wallace Beery in a scene from "Old Hutch"

terest for the production, which was directed by J. Walter Ruben, of "Riffraff" and "Trouble for Two" fame.

Elizabeth Patterson, who recently scored as Janet Gaynor's mother in "Small Town Girl," appears in the role of Mrs. Hutchins, Beery's wife.

The original story by Garret Smith was hailed as a screen natural when it appeared in "The Saturday Evening Post." It was produced by Harry Rapf.

Beery encompasses the rich personal experience of his colorful lifetime in his characterization of

the parts played by Eric Linden and Cecilia Parker. Also featured in the supporting cast are Robert McWade, Caroline Perkins, Julia Perkins, Delmar Watson, Harry Watson, James Burke, Virginia Grey and Donald Meek.

This trio works together with artistic sureness of touch that is sure-fire for the box office. A capable cast provides the type of support that patrons appreciate.

Comedy, romance and thrills follow in swift succession in this front-cover story from the most popular magazine published in America.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

Happy is that person who knows and follows the teachings of Christ in life. Regardless of social standing and wealth if one is living within the will of God he is happy. Lord Nuffield, an English motor sovereign worth a \$100,000,000 said this week, "Life holds for me little that is worth while—not even peace of mind. Money means nothing to me. I could just as easily go back to where I started—in fact, I might be happier if I did." Lord Nuffield recently donated \$7,750,000 for a medical school, a gift which, he says, lent a new zest to existence. "It is a great pleasure to work for others" he maintains. Whether we are rich or poor, happiness lies in unselfish service to humanity. The greatest organized force in the universe today teaching such service is your church. Do not neglect the opportunity of investing your life in a worthy cause by absenting yourself from the services of your church.

Regular services at The Baptist Church Sunday. The time has been changed to 8:00 o'clock for the Training Service and 7:00 p. m. for the evening preaching service. The ordinance of baptism will be administered at the close of the service Sunday evening. We will be happy to have you in the services, and you will be happy if you come.

Chevrolet Motor Changes Means Greater Power

In designing the power plant for the 1937 Chevrolet, the engineers instituted advances so extensive that the resultant engine, though adhering closely to time-proved Chevrolet principles, is new throughout, according to J. M. Crawford, chief engineer of the company.

It is new not only in performance and capabilities as recorded on paper after exhaustive engineering tests, Mr. Crawford declared, but also in actual operation on the road as determined by hundreds of thousands of miles of driving prior to its introduction a few weeks ago.

So far as its general type is concerned—valve arrangement and the number of cylinders—it is identical with the power plants whose efficiency, smoothness and long life have earned Chevrolet world leadership seven years out of the past ten, the chief engineer said. It is a valve-in-head six. But bore, stroke, displacement, compression, and horse power all have been changed, and the aggregate of these changes, and of general refinements throughout the engine, is reflected in exceptional performance under all conditions of weather, climate, and load; according to Mr. Crawford. The bore has been increased

from 3 5-16 to 3 1-2 inches, and the stroke reduced from 4 inches to 3 3-4 inches. The displacement is 216.5 cubic inches instead of 206.8 as formerly. Compression ratio has been raised from 6 to 1 to 6.25 to 1. The result, Mr. Crawford said, is greater power and torque at all engine speeds, and smoother operation throughout the range.

L. B. Puyle and daughter Stella spent the holidays with Mr. Puyle's daughter, Mrs. L. G. Hermesmeier.

Mr. and Mrs. Lawrence Whitlock of Amarillo spent Thanksgiving with relatives here.

There are some church members who go to church about as seldom as the man who said the first time he went the preacher threw water in his face, which was when his mother took him there to baptize him as a baby, and the next time was at his wedding, when the crowd threw rice in his face. "And the next time," spoke up his friend, "will be when the undertaker will throw dirt in your face."—Richmond Christian Advocate.

Wall Trick

Ask your guests to stand sideways against the wall, with the left cheek, left heel, and left leg touching it, and try to raise the right leg. It cannot be done.—Mrs. R. L., Melbourne, Australia.

Pampa to Observe Santa Day Saturday

W. H. Patrick, Tom Connally, Odos Caraway, Homer Mulkey, J. C. Estlack and Harold Bugbee have been invited as special guests at the premier ceremonies at the LaNora theatre in Pampa Saturday night, December 5, which will be the climax to the annual Santa Day celebration.

Guests from all Panhandle towns will be introduced as they arrive at the door over the public address system and Radio Station K.P.D.N. The Santa Day program will open with a free picture show for all school children at 9 a. m. Other features include: Christmas carols at 10:30; Santa Claus parade featuring newspaper comic figures, kid pet and hobby units, with Santa Claus throwing candy and souvenirs to the kiddies as a climax beginning at 11:00 a. m.

In the afternoon, the Pampa Harvesters of 1937 will meet Borger Bulldogs of 1937. Panhandle Old Timers are invited to a square dance starting at 7 p. m. and at the same hour, the premier will open with the principal Hollywood stars represented by local impersonators.

AT FIRST METHODIST CHURCH
E. D. Landreth, pastor

"What Did Jesus Teach Concerning Property?" This question will be the basis of the sermon Sunday morning at the service beginning at 10:50 o'clock. Holy Communion will be observed.

The evening service will begin at 7 o'clock and the pastor will discuss, "What did Jesus teach concerning the family and the social order?"

Sunday school opens at 9:45 with a completely departmentalized and equipped school of religion, fitting the needs of every individual. Surely every adult and every child should spend at least this one hour in some Sunday school. Find your way to the Church Sunday. Bring along the family. You will find a hearty welcome, a helpful service, a Scriptural and a Christian message.
