Two County Range Committeemen Are Elected Monday

Will Appoint Range Appraiser Within Next Few Days

County committeemen, elected here Monday at a meeting of ranchers, will select a range appraiser within the next few days to measure ranch lands for the 1937 federal range program.

The committeemen also will work with 1937 farm soil conservation committeemen, who were chosen at meetings over the county which terminated last weekend. Over 200 farmers attended these meetings.

Members of the county committee are John Blocker and Charles Bairfield, ranchers, and Nolle Simmons, W. C. Bridges and O. L. Jacobs, farmers.

Community committeemen and their districts are Jack Bailey, Ashtola; Edwin Baley, Clarendon, Martin; Neise Robinson, Naylor, Midway; Roy Jewell, Hedley; A. E. Ranson, Giles, V. V. Johnson, Hudgins, Windy Valley, Chamberlain; Jess Stiles, McKnight, Bray; G. F. Leathers, Lelia Lake; Marvin Hall, Goldston, Jericho, White Fish, Skillet.

Provisions of the 1937 range and farm programs were explained by County Agent H. M. Breedlove at the meeting. The committees will begin functioning at an early date.

Second Moss Child Dies Wednesday

Death Follows That Of Brother By One Week

One week after the the funeral services for her 5-year old brother, J. D. Moss Jr., who died from a throat infection, Betty Jo, 8, succumbed from the same disease at the home of her parents, Mr. and Mrs. J. D. Moss, Wednesday about noon.

The only other child, Edith, 10, is recovering from the throat trouble.

Funeral services will be held this afternoon at the First Methodist Church. Rev. E. D. Landreth will officiate. Other details were not learned by press time.

Digs Money Out Of Field

Many ways have been devised for getting money, but digging it out of a plowed field is somewhat new in this section.

Upon reaching his home a few days ago after plowing, Sam Rundell discovered the loss of his purse containing quite a sum. He looked several places without result.

The field must be the lucky spot, thought Sam. After noon, he made an investigation of the listed furrows. After uncovering a furrow some 200 yards of what he took to be an all-day job in the beginning, the purse was brought to light.

Sam counted the contents. There was a bit over \$28 snugly cached in the purse against that day of need. Again Sam is happy—and lucky.

Clarendon-Pampa Highway Is Hinted By Hines In Talk

Member of Commission Outlines Highway Program In Address at Pampa Tues.

Speaking of a \$3,000,000 highway program, Harry Hines, member of the Texas Highway Commission, strongly indicated early improving of Highway 88 between Pampa and Clarendon when he outlined plans for a cutoff between Borger and Pampa and tie ups with Highways 66 and 5, in an address at the Pampa Chamber of Commerce annual dinner Tuesday, according to Odos Caraway, who attended.

Other highlights of the program included permanent asphalt surfacing on Highway 5 in Armstrong and Donley counties and building a "loop" road through the Palo Duro Canyon, possibly branching off of No. 5 at Memphis and emerging at the city of Canyon.

Frank White, Jr., president of the Clarendon Chamber of Commerce, Sam Braswell, also were there. Representatives from a dozen other towns in the eastern part of the Panhandle were invited.

Government Grants \$1,591,522
HOUSTON, March 10.—Under the terms of the last Hayden-Cartwright federal highway appropriation bill, the national government has granted Texas \$1,591,522 for expenditure, during each of the next two years, on roads that are not on the state highway system.

To take advantage of this extraordinary appropriation, however, Texas must put up a similar amount, making a grand total that will be expended, if Highway Department finances are left undisturbed, of \$6,366,088 that will be used in improvement of the lateral road system.

In addition to the amount specifically allocated to lateral road betterment, the counties may also share in \$2,724,825 appropriated to Texas by the federal government for the elimination of dangerous railroad grade crossings.

Miss Opal Cooper Is Buried At Hedley Monday

Miss Cooper, a daughter of Mr. and Mrs. J. H. Cooper of Hedley, was taken ill last fall while a student in the Canyon college. Since then she had been in an Amarillo hospital where she underwent several operations. It is said that pneumonia caused her death Sunday morning.

Why Sun Didn't "Shine"

Down at Hobbs, N. M. Thursday the Dally Sun failed to come out. The pressman forgot to lock the form on the press bed. When the machinery started, the Sun scattered over the floor. Well, there just wasn't time to set and make up the forms again that day—hence no Sun.

STOCK SHOW IS SUCCESS IN 2nd. ANNUAL EXHIBIT

Easter Play Will Be Given At Church

Mrs. Frank White Jr. Will Direct "Release" At Christian Church

In observance of Easter, a special cast has been selected to present "Release" at the First Christian church on the evening of the 28th. The play will be directed by Mrs. Frank White, Jr.

Mrs. White is a dramatic artist of splendid reputation both by talent and training. For a number of years, she was instructor in the dramatic art department of the Oklahoma City schools.

In speaking of the play, Mrs. White stated that "Release" calls for more dramatic action, more skill both on the part of players and the director than any play of the kind that it has ever been her pleasure to direct.

"However, knowing the talent that Clarendon possesses, I feel quite sure we shall produce a play that our people here shall never forget," Mrs. White stated Tuesday.

Clarendon To Be Host To Legion And Auxiliary Meeting Next Week

R. W. Moore, post commander of the Aubyn E. Clark Post, of the American Legion here, said yesterday that Clarendon had been chosen for the next interpost meeting which is scheduled for Thursday, March 18.

The meetings are held monthly and are a combination Legion and Legion Auxiliary gathering of the 18th district. All ex-service men and those eligible to become members of the Auxiliary are urged to attend, Moore said. The group will convene at the Legion Hall at 8 o'clock.

Clarendon School Band To Go To Amarillo

The Clarendon High School band will go to Amarillo Thursday, March 18 to play in Cal Farley's mule parade, director Ray Robbins said Monday.

Four other bands and two drum corps are expected to participate, he said.

While in Amarillo the band will be guests of Cal Farley, and will be re-paying the favor of the benefit show given for the band here recently.

FRANK WHITE, JR. ANNOUNCES NEW TRACTOR AGENCY FOR CLARENDON

New Improved 30 Horsepower Rubber Mounted Fordson Will Arrive Here Tomorrow; Will Be Demonstrated By Factory Man Next Week

Frank White Jr. announced yesterday that he had secured the district agency for the New improved Fordson Tractor and will begin demonstrations here tomorrow.

The first tractor, is expected to arrive here some time tonight and will be on display Friday. The demonstrations will be under the supervision of a factory man and will continue next week.

White said tests showed the Fordson to have the greatest pulling power on the draw-bar of any 30 horsepower machine. "It is the lowest priced machine in its class," he stated.

White will be agent for eight other counties besides Donley. They are, Hall, Childress, Armstrong, Gray, Carson, Collingsworth and Briscoe.

The New Fordson is rubber mounted with electric lights and power lift. Commenting on the improvements, White quoted Henry Ford as saying "The New Tractor is a greater improvement over the old Fordson than the V8 is the Model T."

Former Clarendon Man Helps Invent Low Tire Signal

Permission Given Chrysler Corporation To Test Device

Permission for the Chrysler Motor Company of Detroit to build a patented "Deflated Tire Warning Device" upon test automobiles was granted this week, according to George Garrison, of Paducah, one of the inventors.

Garrison who was here on business said the device worked on a pressure spring attached to the hub of the wheel and would flash a red dash light when as much as five pounds of air escaped from the tire. He said four wheels and a spare could be equipped at as low as \$6.00.

He stated permission was given after several weeks of negotiations with A. H. Knight, chairman of the Chrysler Corporation advisory board.

According to statistics, 85 per cent of blowouts are caused by improper inflation, Garrison asserted. Even though this occurred and the tire "run on while flat," the device would not be damaged," he added.

Garrison, formerly of Clarendon and now engineer of the Coko-Cola bottling works in Paducah, and Howard Reynolds, employed by the Texas Company as an electrician at a Paducah lease are co-inventors of the device.

Rev. Barcus Presides At Quarterly Conference In Memphis

Memphis, March 10.—The second quarterly conference of the Methodist Church was held here Monday night, Rev. T. S. Barcus, elder, of Clarendon, presiding. The past quarter has been one of constructive activity in the church, as revealed by the report of the pastor, Rev. Orion W. Carter. Bishop H. A. Boaz, of Fort Worth, has appeared on a program of the church since the first of the year, and Dr. R. W. Goodloe, of SMU, Dallas, has just concluded a Bible conference of three days in the church.

P. A. Buntin Is Honored On 88th Birthday With Surprise Dinner

P. A. Buntin, West Texas pioneer and one of the first funeral directors in the Panhandle, celebrated his 88th birthday at his home here Sunday.

A surprise dinner was given him and a white birthday cake gleamed with 88 lighted candles. In the morning he attended the Methodist Church of which he is a charter member, having joined about 1887.

Mr. Buntin first came to Clarendon in 1887 from Mobeetie. He entered the dairy business at that time and remained for 12 years when he established the first funeral parlor in 1899.

Guest at the party were Mr. and Mrs. Fred Buntin, Mr. and Mrs. C. E. Griggs, Dr. and Mrs. C. W. Galloway, J. O. Quattlebaum, Phoebe Ann Buntin, Densel Davis, E. D. Landreth and Miss Alvera Robinson.

Leland Lewis, 14, of Lelia Lake, 4-H Club boy, almost dominated the second annual Donley County Fat Stock Show here Saturday when his entries won three prizes.

Placing the grand champion, his Herefords also captured first and sixth places in the junior division.

The final judging for grand champion of the show was between two steers bred by the W. D. Jordan estate, fed by Don Harlan and Leland Lewis. Another Jordan steer placed second in the junior division. It was fed by Harlan.

Two Ja Ranch calves placed third and sixth. They were fed by Floyd and Leland Lewis of Lelia Lake; Mrs. Hugh Reed's brand, entered by John Gilbert of Clarendon, was fourth and fifth. James Welch with the A. C. T. McMurtry brand won the seventh ribbon.

Winners in the swine division were: First fat barrow, Jesse Cornell; second D. W. Tomlinson; third Jesse Cornell; Boars, first and second, L. B. Hartzog; D. W. Tomlinson.

Donley County's 4-H Club steers placed high in the Amarillo Fat Stock show club division Tuesday when Herefords of Leland Lewis placed second and eleventh in the junior group; Don Harlan's placed in the senior and junior class and Donley County was awarded second in the best carload lot of 15.

The Grand champion of the Donley County exhibit, owned by Lewis, was second in the junior class to Victor Leimberg's of Mason County whose entry was judged the grand champion of the show.

Wednesday was devoted entirely to Club boys which gathered from all over the Panhandle. They were entertained with free theatre parties and a banquet at the fair grounds.

The program Tuesday concluded a series of educational programs started Monday by experts of the Texas Extension service.

son, third; Gilts, Jack Robinson, first; Second, Johnnie Leathers; third, Joe Williams, and fourth Earl Shannon; Sows, first, Billie Goodman, second, L. B. Hartzog; and third, D. W. Tomlinson.

In the swine sweepstakes, Jack Robinson won first in the Hampshire division. Jesse Cornell won best Duroc Jersey and best Poland China prize was awarded Billy Goodman.

Total premiums reached almost \$200 when other donations were added Saturday morning. Elba Ballew awarded a registered Hampshire pig and W. B. Mayfield contributed cash.

In commenting on the show, H. K. Edwards, assistant district agent, who judged the show said the exhibition was outstanding from the standpoint of so many extraordinary fine calves. "Usually in a county show the majority of animals are rangy with only one or two good show calves."

Donley County's 4-H and F.F.A. Club boys and their sponsors should be highly complimented on the modern type of cattle, he stated.

In his decision on the grand champion he said he chose the Lewis calf because Harlan's entry was slightly deficient in the hind quarters. The Harlan calf was also longer bodied and had a slight crook in the hind leg, he asserted.

Red Cross Contributions Continue to Climb

A letter received the past few days by county chairman A. H. Baker from Red Cross headquarters thanked him and Donley county for a total of \$340 sent in so far. This was the extent of the flood relief calls made upon this county.

These funds were accumulated from all over the county. Naturally, the greater sum was made up here, but each section had a part in the worthy contribution.

TRAINING FOR JURORS.

In order that jurors may not face their task in the jury box with fear, uncertainty and dread, schools of training are being conducted in some states.

Judges are the instructors. The tuition is free, the instructor's service being given in the interest of the public.

Under the system of instructing jury material, the courts come more nearly under the scrutiny of the public. If the people are to appreciate our courts, they must learn more about them.

Prospective jurors are instructed in jury room procedure; listening to testimony; taking notes during the trials; weighing the evidence and the court's charge.

Lax sentences may be due to the trickery of a shrewd criminal lawyer to a large extent, but in the final analysis, the jury is at fault for giving criminals light sentences when the accused should be removed from circulation for years to come after having been proven a menace to the lives and happiness of others.

After all, the lives, liberties and happiness of our people depend upon the actions of our juries who must perform

a public service regardless of personal feelings or public opinion.

WEALTH AND ITS VALUES.

In most every town of any size, one may find parallel lives of men of approximately the same talent for accumulating money and property. One may be disposed to accumulate his life's valuables by sharp bargaining. He may be disposed to watch for foreclosures of property, sheriff sales and the like. While legally right, his mind digs down into the depths of human misery for his gain. Such a character knows not charity in any sense.

The other fellow seeks a more legitimate channel morally. He is charitable, sympathetic and highly respected for it.

When death comes to the first named, his success is measured in the terms of his wealth, but his place is forgotten when the funeral is said. Often there is an echo in the form of lawsuits among the heirs over the division of his ill-gotten means.

When the second dies, his good works live after him because he knew and enjoyed the great things in life. He knew love and laughter, charity and compassion, courage and resourcefulness, sympathy and understanding, faith and hope, neither of which could be purchased with mere money. He led a happy, useful life because he had learned the truth of the advice of that wise old philosopher who said:

"There are nine requisites necessary for anyone to pass in order that he might have a successful and contented life—Health enough to make work a pleasure; Wealth enough to support his needs; Strength enough to battle with difficulties and overcome them; Grace enough to confess sins and forsake them; Patience enough to toil until some good is accomplished; Charity enough to see some good in his neighbor; Love enough to move him to be useful and helpful to others; Faith enough to make real the things of God; and Hope enough to remove all anxious fears concerning the future."

 Press Freedom.
 Notwithstanding NRA require-

ments have been rendered null and void, there is still considerable evidence that freedom of the press may be curtailed. Two bills are now in the hopper of the Texas legislature which, if passed will have such effect. Tennessee has recently passed a bill which imposes a fine upon editors letting any untrue statement appear in their papers, Nevada is considering a measure which will put newspapers under a state advertising board which would also issue a license to publishers to operate, in Pennsylvania there are now about 40 bills of various kinds in the legislative hopper, Washington has a bill providing for state owned papers, while it must not be forgotten that at Washington there have been various high official criticism of newspaper utterances of different kinds, and if dictatorship eventually becomes a fact a controlled, but not substituted press may be a fact in the near future—just as it is in Germany, Italy and Russia.
 —Muleshoe Journal.

That Menace of Murder.

Driving an automobile is a privilege. However, too many take it that car ownership is a license to do as they please on the highways. The automobile is a vehicle of pleasure and convenience, but in the hands of a careless driver, it makes an engine of death and destruction. Safe driving always pays.—Canyon News.

Republicans Set The Pace.

By Geo. C. Robinson
 In Hepburn vs. Griswold the Supreme Court maintained the validity of the law making treasury notes legal tender only in so far as it did not affect contracts made before its passage. A year later, when two new judges had been appointed by President Grant, this decision was reversed and treasury notes became a legal tender for all debts public and private.

It will be noted that it was a Republican congress and a Republican President that added to the membership of the Supreme Court to meet what seemed to them to be an emergency.—Clay County Leader.

Prison Made Goods.

A bill has been introduced at Austin that will put the prison system in the printing and office supply business in a large way. It will allow the prison system to enter into competitive business with printers and stationers in the state to make bids on state printing.

The business prison system was never designed to become a business institution and thus offer "closed" competition to legitimate business. It perhaps should be made self-sustaining as far as possible, but the business of supplying the state with its regular needs, as we see it, should come from regular business channels.

Prison made goods of any nature never have to worry about competition. The cost figure in production usually considered "labor costs" by the average business man is charged off. Prison labor for prison made goods is "free."
 —Moore County News.

Gillentine Writes Story For National Magazine

An interesting true story appearing in the April number of "True Detectives" is that written by Jimmie Gillentine. The story has to do with the kidnapping of city marshal Paul Hardy and sheriff George Corry of Wellington by Buck and Clyde Barrow and Bonnie Parker April 21, 1933.

The officers were kidnapped near Wellington and released near Sayre, Oklahoma after a harrowing experience. Thirteen months later, Clyde and Bonnie were riddled by bullets of officers in Louisiana. Buck was killed in Iowa.

 in the Ford "60"*

The 60-horsepower Ford V-8 engine was first developed for Europe, where fuel costs are high. Two years' usage there proved its unusual economy.

When the "60" came to this country this year, the Ford Motor Company made no mileage claims—waited for facts, written on American roads by American drivers.

Now Ford "60" owners are reporting averages of 22 to 27 miles on a gallon of gasoline. That makes it the most economical Ford car ever built!

Best of all, the Ford "60" is just as big and roomy—just as handsome, sturdy and safe—as the famous 85-horsepower Ford V-8. And it sells at the lowest Ford price in years.

If you want a big car for a small budget—a car you can drive with pride and profit—see the thrifty "60" soon!

TEMPLE OF TRUTH By the Apostle

Well it had to do its raining one day after the Leader was out. Still, the patter of rain on the roof is the sweetest music of all sounds or tones, and it did just that Friday night.

The folks back east can't understand why we make such a fuss about a rain, but they could appreciate it better if they knew that we seldom have snow any more, and it rains just a few times during the year. At that, we don't require much rain to make a crop in this wonderful country.

Did you ever notice how grouchy folks get if the sky is "cloudy all day?" We like for it to rain and get the job done and clear up right now. We are gluttons for fresh air and sunshine, and that's what we get "the mostest of."

Over in Arkansas where the grown-ups of the family use the same pair of shoes, the following conversation took place between the grown son and his father last week:

"I tell yuh pappy, I ain't intendin' to git married uv 'er." "Well whut the thundah air you-all a wearin' out the best shoes uv the fambly fur?"

Believe it or not, this is about the last year that we shall see any grapefruit. They are putting in factories at the orchard, and we will be getting grapefruit juice in paper bottles. A lot of it is being shipped that way now. It saves freight. It was a Texan's idea to beat California and Florida, since we have the best flavored fruit of either.

It is said that more than half the Chinese paying to be smuggled into the United States fail to get here. They are being wrapped in bundles to escape detection, and the bundles are dropped overboard before reaching the three-mile shore limit. It's just a Chin's hard luck since no one wants him.

It may have been a long time ago, but you can recall your first thrill at seeing a human skull in the back office of your family doctor. It is claimed the doctors used to display that material "ethically" in order to impress their patients. Some patients at that, got the wrong idea.

Speaking of religious martyrs, no one suffers more for her belief

than the average woman. So long as she believes that she should urge a number 7 foot into a number 4 shoe and endure the misery, she suffers more for her 'belief' than any one.

When they want to start a new town in an oil field, they build an auto service station and a grocery as decoys. Within a few days there are several of each. One New Mexico town with growing pains boasted of forty more service stations and groceries within 24 hours.

A practical joke going the rounds now is to send the new grandfather's address to a number of companies catering to clothing, food and care of infants. Older folks today will wonder how a baby ever grew up at all fifty years ago without the modern aids such as the radio, government bulletins, old maid aunts, gadgets and dodads by the dozens. While the old-fashioned grandmother might have been a nuisance according to modern-day standards, no one felt like knocking grandmother in the head just because a baby had been born to her generation.

Speaking of old times, there was a fat woman got on the train at Bowie bound for Decatur a long time ago. She lived in Jack county, possibly near Newport. When she started to get off the train she had to turn around and back off on account of her size. The porter thought she was trying to get on and gave her a shove back up the steps. She kept trying to get off at each station after she passed Decatur, but didn't have any luck until the train reached the end of the line at Ft. Worth. That was a long time ago, too. The fellow who told this story clinched it by saying that the track still was there to prove it.

Suggestions for short story writers are many, but the best yet is that given by Editor Lovelace Eve in the Tri-County News. Here it is: "There are four requisites to a good short story," explained the English teacher to the class. "Brevity, a reference to religion, some association with the royalty and an illustration of modesty. Now, with these four things in mind, I will give you thirty minutes to write a story."

Ten minutes later the hand of Sandy went up.

"That is fine, Sandy," she complimented, "and read your story to the class."

Sandy read: "My Gawd, said the Countess, take your hand off my leg!"

Eastern newspapers are enjoying deserved patronage in the form of fertilizer advertising just now. Their land has been depleted for a long, long time. Out here, we are getting a dust mulch every few days. Before the ground could dry Sunday, after the rain the day before, Colorado and Kansas sent us a nice dust mulch to build up our land. Of course some would rather not have the dust mulch at all, and build up or save the soil by terraces and contour row crops.

And the largest potash production in the world comes from our beloved southwest near Carlsbad. Potash is one of the east's most valued soil builders.

Sam Jones, preaching on "squeeze-me-tight" buggies that were the rage in the late 90's, wound up his sermon by saying that he "would rather his daughter met the dirtiest whelp in town in his parlor, than to meet the best man in town in the alley."

He slipped her up to 90, With no place to go. Out looking for pleasure, But he landed down below.

Speaking of Evangelist Sam Jones, it is told that Jones happened along about the time two fellows were ready to fight. After hearing them argue for some time, one turned to Jones and said: "Don't you think it would be manly of me to beat him up?" Jones smiled his usual customary smile and replied that "it might be manly to fight, but that it would be more God-like to forgive." That settled the fight, as Sam Jones told it to his congregations.

Generally regarded as a harmless pest, a fellow was returned to Huntsville prison for the third time last week. "What," said the warden, "you stuck in here again?" And the old boy smiled and looked pleased about something when he asked: "Yeh, any mail for me? I ain't heard from her since I been out the whole two weeks."

So far as known, the Santa Fe line alone supplies free pillows at night to its patrons.

When taking a trip, Choose the Santa Fe, Because when tired, The pillow is free!

Then compare that provision with a down state line where the patrons sit in the aisle "because the sitting is easier. In fact they have coal heaters on the passenger coaches of that line. Match that if you can!

Remember the days of kaffir flour and karo when you read this jingle in your paper?

My Tuesdays are meatless, My Wednesdays are wheatless, I'm getting more eatless each day; My home—it is heatless, My bed—it is sheetless, They're all sent to the Y.M.C.A. The barrooms are treatless, My coffee is sweetless, Each day I get poorer and wiser; My stockings are feetless, My trousers are seatless, My God, how I hate the Kaiser.

Colonel Edward R. Bulls, internationally known writer on social affairs and hill-billy articles from Newport, Jack County, refers to our issue of last week as the "Dust Bowl" special. Ed does not know that we know every time we have a dust storm here, his good wife makes him sweep out their home with a hoe. It really gets dusty down there—pure old de Kansas and Colorado stuff!

Anyway, we're going down to eat peaches in God's country this summer, and the biggest treat will be the time we spend with this versatile writer. Honestly, old Ed Bulls ought to be on the Chicago-American or New York Times.

A number of folks connected with the stock show here Saturday stated that the extra large crowd was due to the excellent publicity given the matter through the Leader, with the cooperation of the merchants. Our merchants, almost to a man, are real boosters for worth-while things. They go their length in proportion to their busi-

ness volume and particular line followed. No bunch of business men anywhere more willingly assist the communities over the trade territory than those right here in Clarendon.

Lincoln-Zephyr Production Reaches New High

Dearborn, Mich., March 9.—Demonstrating effectively the constantly growing acceptance of its "first anniversary" models, retail deliveries of Lincoln-Zephyr 1937 model cars to March 1 were more than three times as great in volume as in the same period a year ago, it was announced today at the Lincoln Motor Company offices here.

Retail deliveries of 1937 cars to date totalled more than 10,000 units, the announcement said, as compared with 3068 units during the same period last year. The volume of 1937 units represents an increase of more than 218 percent, it was pointed out. The increase was general over the United States.

Exports of Lincoln-Zephyr cars also are making a new high record, it was said. More than 1400 of the 1937 series have been shipped to date, an increase of 100 percent over 1936 model shipments for the same period.

Colored Man Held Here On Coal Theft Wednesday; Bond Set at \$1,000

James Henry King, (colored) was arrested here last week on a charge of burglary and is in the county jail in lieu of \$1,000 bond set by Judge W. A. Davis, Thursday, Sheriff Guy Pierce said Saturday.

Pierce said King was held in connection with a coal theft from the Stallings Coal company Wed-

nesday night. According to Pierce, King is suspected of stealing coal on numerous occasions and selling it to other colored people.

King was released from the penitentiary in October after serving a term for burglary, the sheriff asserted.

—BY DICK COOKE—

Football Schedule For This Fall Formed By District Committee

SHAMROCK, March 10.—W. C. Perkins of Shamrock, was re-elected as chairman of district 3-B interscholastic football executive committee for another year at a meeting of the superintendents and coaches held at Shamrock high school.

Supt. J. L. Gilmore of Wheeler was re-elected to serve on the executive committee, and Supt. C. A. Cryer of McLean was elected to succeed Supt. W. C. Davis of Memphis, who served on the board the past season.

Other than electing officers for the ensuing year the main subject of the meeting was the working out of the schedule for conference games between the teams of district 3.

The dates of the games, without the place where they will be played, were scheduled as follows:

Sept. 17.—Wheeler vs. Wellington; Shamrock vs. Lefors, and Mobeetie vs. Memphis.

Sept. 24.—Clarendon vs. Wellington; Shamrock vs. Lakeview, and Mobeetie vs. Lefors.

Oct. 1.—Clarendon vs. Wheeler; McLean vs. Mobeetie; Wellington vs. Lakeview, and Lefors vs. Memphis.

Oct. 8.—Memphis vs. Wheeler; McLean vs. Lakeview; Lefors vs. Wellington, and Shamrock vs. Clarendon.

Oct. 15.—Wheeler vs. Lakeview; McLean vs. Memphis; Lefors vs. Clarendon and Mobeetie vs. Shamrock.

Oct. 22.—Shamrock vs. Wheeler; Wellington vs. McLean; Lakeview vs. Memphis, and Mobeetie vs. Clarendon.

Oct. 29.—Wheeler vs. McLean; Mobeetie vs. Wellington; Memphis

vs. Shamrock, and Lakeview vs. Clarendon.

Nov. 5.—Wheeler vs. Mobeetie; Lefors vs. McLean, and Memphis vs. Clarendon.

Nov. 11 and 12.—Clarendon vs. McLean; Wellington vs. Shamrock; Nov. 11; Wheeler vs. Lefors, and Lakeview vs. Mobeetie, Nov. 12.

Nov. 19.—Shamrock vs. McLean; Wellington vs. Memphis, and Lakeview vs. Lefors.

A complete schedule of the entire district giving the date and location of all games including non-conference encounters will be announced by the officials later.

High School Cindermen Begin Work Out

Track and fieldmen took easy workouts this week as first training for the interscholastic league meet got underway. Gene Baxter looked good when he stepped the century in 10.5 in a trial run and McClenney showed polish in the mile.

Coach Jones said besides Baxter and McClenney, Cornell, Rolls, Grady, McGowen, Hillman, Hickman and Led Jay were expected to offer strong competition.

Memphis Griders Appear Slow In Spring Workouts

MEMPHIS, March 10.—Just how slow the 1937 Cyclone football team will be was indicated last week when Coaches Harold Walker and Frank A. Hubbell checked members of the squad on a 100-yard dash against time.

The fastest man, according to the stop-watch, was Blackmon Montgomery, an end who stepped the century in 12.4. Two of the regular backfield men on last year's grid team, Billy Hall and Talmage Pounds, were clocked at over 14 seconds, Coach Walker said.

Mr. and Mrs. Frank White, former residents, announce the birth of a daughter, Elaine, at Smithfield, Texas March 1st.

GREEN BELT GOLF MEET TO QUANAH

Bill Cooke Named Director To Replace Carl Parsons; Dates Set For June 7-10

CHILDRESS, March 10.—Directors of the Green Belt Golf Association at a meeting here Sunday awarded the 1937 tournament to the Quanah Country Club for the third consecutive year. The tournament will be played June 7 to 10.

Every club in the association was represented with the exception of Clarendon. Bill Cooke was named as the Clarendon director to replace Carl Parsons who died in an automobile collision recently. A resolution in the memory of Mr. Parsons was also approved.

President R. S. Greene of Memphis named T. S. Haney of Crowell, Paul Vinson of Paducah, and L. S. Walker as committeemen to select tournament trophies.

Representatives were at the meeting from Electra, Vernon, Quanah, Crowell, Paducah, Childress, Shamrock, McLean, Memphis, Lefors, Sayre, Okla., Frederick, Okla., and Altus, Okla.

Tennis Eliminations Are At Slow Pace This Week

With only a few tennis matches played in the elimination tourney this week upsets marred the tranquility of fan's hopes for strong representation in the county tourney set for Friday, March 26th.

Hard battles are expected over the week-end, according to coach Glen Allison, who said most first round bouts would be completed then.

Wellington Gridsters Out For Spring Training; Seven Lettermen Report

WELLINGTON, March 10.—With seven lettermen out to set the pace, thirty-two candidates for the 1937 Wellington High School Football Team will begin a rigid spring schedule in preparation for the grid season this fall. Actual practice will begin upon the arrival of football materials.

Lettermen who have reported for spring practice are Don Austin, Richard Bailey, R. V. Estes, F. C. Fuson, Ralph Fulton, Pete Moulton, and Billy Rainer.

Clarendon High School Band Orders Uniforms

Band uniforms for 25 members of the Clarendon High School Band were ordered this week, according to Ray Robbins, director. They are expecting them to arrive about March 28.

Both trousers and jackets will be maroon trimmed in white and Robbins gave the cost at approximately \$380.

Money, for the uniforms, was obtained by benefit performances, Robbins said, although the Lions Club donated \$100 to the fund, and the Clarendon trade league \$41.58. A box supper and amateur show, together with sales of coupon books netted about \$100, he stated.

A stag smoker within the next week or two and concession rights for the county league meet will swell the fund.

Robbins asked anyone wishing to contribute get in touch with him or Allen Bryan at the Bryan Clothing Company. Mr. Bryan ordered the uniforms at cost, Robbins pointed out.

Personals

Olin W. Kyser, one of the best citizens and fine fellow all-round, was in from Bray Wednesday.

Mr. and Mrs. Andrew Watkins and children of McLean, spent Sunday with her parents, Mr. and Mrs. M. A. Hahn.

Mrs. Carl Pittman and children, and Mrs. Leisburg, were in Amarillo Tuesday.

Mr. and Mrs. Ralph Nichols announce the birth of a daughter Friday.

Mrs. Floyd Parker and daughter Margerie, spent the week end with her parents, Mr. and Mrs. Sam Roberts.

Mr. and Mrs. G. G. Kemp are again at home after a pleasure trip over the southwest visiting relatives and friends.

Born to Mr. and Mrs. Ralph Nichols a girl, Friday.

The 11-year-old daughter of Mr. and Mrs. J. L. Holt is ill with pneumonia.

Mr. and Mrs. Ben Kyser of the Bray community were Clarendon shoppers Wednesday.

Irish Report For Spring Training

SHAMROCK, March 6.—Thirty-five Irish lads, including six lettermen from last season's squad, are reporting daily for spring football under the direction of Coach G. B. Rush and assistant, John Walker.

3-B Coaches Dope Next Fall's Grid Winners

SHAMROCK, March 10.—In the estimates of some of the coaches of district 3-B, McLean, Wellington and Memphis are picked to finish in the order named.

McLean leads the list with the largest number of lettermen returning. The Tigers will have 11 men back from the ranks of last season's lettered players. Roy Laswell, hefty Tiger ball toter, is the only member of last season's backfield who will not be available this season. In addition to this, the Tigers only lost two or three of last season's linemen.

Next in line comes the Wellington squad with the fastest of their host of jackrabbit backs back and enough other lettermen back to total 8.

Memphis and Lakeview each have 8 boys who earned numerals last season available for the 1937 squad. Wheeler and Shamrock each have 6 men back and Clarendon has 3. There was no report from Mobeetie and Lefors but it is known that the Lefors crew will have their star back of last season a lad by the name of Carruth, back.

Colleen Abernathy Captures Hedley Amateur Contest

Fred Wells And J. M. Dixon Are Second And Third

Before a packed house, Colleen Abernathy won first prize in the Hedley Music Club's Good Will Amateur contest at the Hedley High School Friday night. Fred Wells won second and J. M. Dixon was third.

Miss Abernathy captured first with an intricate tap dance. Mr. Wells sang "Trees" and J. M. Dixon played the harp.

Eighteen numbers were on the program which was sponsored by the club to promote good will in neighboring communities.

W. C. Payne, superintendent of Hedley schools was the master of

ceremonies. Mrs. E. R. Hooker and Mrs. Alva Simmons were on the arranging committee.

Admission charges and entrance fees were not charged.

W. E. Nelson, former insurance man here, was in town Monday. He is representing an Amarillo auto supply house in meeting dealers of the trade territory.

BING CROSBY, MADGE EVANS, EDITH FELLOWS IN "PENNIES FROM HEAVEN"

There's happiness ahead at the Pastime Theatre, where Bing Crosby's latest picture, Columbia's "Pennies from Heaven," is due on Sunday, March 14. A cast that includes Madge Evans, Edith Fellows, Donald Meeks and Louis Armstrong, famed king of swing, works along with Bing in the film.

Crosby's latest picture was "Rhythm on the Range," in which he scored a hit. Madge Evans was last seen in "Piccadilly Jim," and little Edith Fellows, thirteen-year old starlet, will be remembered for her performances in "She Married Her Boss" and "And So They Were Married" and other films. Armstrong's celebrated swing band appears with him in "Pennies from Heaven."

The story concerns a vagabond troubadour who falls in with a little girl and her improvident grandfather and proceeds to take them under his somewhat patched-up wing. The child is about to be sent to an orphanage and the elderly man to an Old People's Home

when the troubadour hits upon a plan to make enough money for all three of them to live on.

The county welfare worker who is responsible for the child, happens to be just the type of girl the troubadour can love, and he finds himself doing it thoroughly. However, they are on opposite sides of the fence, hence complications. Things manage to work out for the best along toward the end of the picture, after merriment, romance and music take turns with the entertainment.

Crosby is said to sing some of the best songs of his career in "Pennies from Heaven." The numbers—"Let's Call a Heart a Heart," "Pennies from Heaven," "So Do I," "One Two Button Your Shoe" and "Skeleton in the Closet"—were fashioned by Arthur Johnston and John Burke. Johnston wrote the music for two of Crosby's biggest successes, College Harmony and "Too Much Harmony." He has such songs as "Please Listen to My Pleas," "Just One More Chance," "Thanks a Million," "Setting High on a Hilltop," "Cocktails for Two," "Moonstruck" and many others to his credit.

Burk won fame for writing "The Beat of My Heart," "Annie Doesn't Live Here Anymore" and others. Norman McLeod directed, from the screen play by Jo Swedling.

'ROUND AND 'round it goes, and where it stops, nobody knows. It's carnival time for Bing Crosby, Madge Evans and little Edith Fellows in Columbia's new musical comedy, "Pennies from Heaven," showing at the Pastime Theatre, Sunday and Monday, March 14-15th. Even the horse seems to be having a good time. Bing sings several hit tunes in this film. And Louis Armstrong goes to town on his hot trumpet.

Christianity Unchanging
Christianity is the same today as it was in the first century. What God approved then He will approve now; and the things then sinful are sinful now. If we would please God we must stand upon approved ground. In the days of the apostles, the gospel believed and obeyed made Christians; made Christians only, and it will make the same today. "Every seed will bring forth after its kind." The word of God is "the seed of the kingdom."—(Luke 8:11)

In the apostolic age there was not to be found the great number of churches that exist now. The Lord did not build churches differing with each other in doctrine and practice. There was no such thing then as "Pharisee Christians," and "Sadducee Christians." They did not have "distinguishing" names, for there was no division among the people of God—approved by Him.

Division among the people of God is sinful. (I Cor. 3) Those who preach any other gospel than that preached by the apostles is condemned. "Though we, or an angel from heaven, should preach unto you any gospel other than that which we preached unto you, let him be anathema." (Gal. 1:8) Those who cause division are to be marked and avoided. "Mark them that cause the divisions and occasions of stumblings, contrary to the doctrine which ye learned: and turn away from them." (Rom. 16:17).

Does the church of which you are a member teach and practice things not necessary for one to do to be a Christian; is it causing division, or perpetuating division among the people of God by teaching things not authorized by the word of God? Are the things you teach (different from what others teach) necessary things?

Can one be a Christian and not believe the things peculiar to your church? If "yes," then why perpetuate division by teaching those things? One must believe and obey the gospel to be saved. (Mark. 16:15,16) (Heb. 5:8,9). If one can be saved and not believe the doctrine peculiar to your church, such a teaching is not the gospel.

Supreme Court Judges May Retire Now on Full Pay

A bill sponsored by Cong. Hutton W. Summers of Texas secured approval of the President's signature in Washington Monday. The bill provides that Supreme Court Justices may retire at the age of 70 on full pay.

The President has asked for permission to add six new members to the Bench provided six above 70 years of age do not retire. All of the members are above the 70-year age limit.

In this land of sunshine and sand, nothing slows up activities. This is proven by the fact that everyone of the large crowd attending the party given by Mrs. Sims Wednesday night left smiling, spitting out sand and coughing dust from their billows and congratulating their hostess for a grand evening of entertainment.

Mr. and Mrs. Johnnie Driver of Lesley were visitors in the W. B. Proffitt home Sunday.

Mr. and Mrs. A. R. Childress of this community spent the week-end at Memphis.

Mr. and Mrs. H. E. Hartzog of this community spent the week end in Oklahoma. They reported having a nice time.

Mr. and Mrs. G. T. Foster and family entertained a number of their friends of Giles and surrounding community with a party Saturday night.

Everyone enjoyed the games and report a splendid time.

The friends of Mrs. J. A. Lemon are sorry to hear that she is ill. We all wish her a speedy recovery.

The county basketball tournament will be the 19th and 20th of this month.

The Giles Junior boys have won the tournament for six years and hope to be successful another year.

Mr. P. L. Jerrigan and family of Giles have moved to the R. O. Proffitt place where they will make their home for the coming year.

Mr. and Mrs. Travis Bland and Mr. and Mrs. Gordon Mann were charivariated on March 4th at the home of Mr. Gordon Mann.

Boy, oh boy, a warm day in early spring is something alright, but a warm early spring Sunday in West Texas is an event. All this was proven by a picnic last Sunday. The group consisted of High School students and all reported an excellent time.

Mr. D. C. McCown and son D. T. were seen leaving Giles Friday morning before day break. They returned late that evening hauling a horse in a trailer. Better be careful D. C., laws getting pretty tight on the modern "hoss thieves."

You went to Quanah and got the horse and he already belonged to you? Oh! Well far be it from us to push the matter.

All rural schools get ready. We are from deep in the country, but once each year we come to town. March 19 and 20th is our day to see the bright lights and we "shore" are hard to keep up with on hard wood floors.

Miss Laura Black, who has a position as cashier of the Williams Hardware Co. at Amarillo, spent the week end with her parents, Mr. and Mrs. John Black.

Mr. and Mrs. Geo. Garrison and daughter "Tinnie" of Paducah and Mr. and Mrs. Lawrence Whitlock of Amarillo visited their parents, Mr. and Mrs. Frank Whitlock, Sunday.

North West Texas Conference For Education To Be Held In Canyon Next Week

The Northwest Texas Conference for Education is to be held at Canyon Friday and Saturday, March 12 and 13, according to information received by County Superintendent, George W. Kavanaugh, this week.

Sponsored by the West Texas State Teachers College about 3,000 teachers, county superintendents and members of school boards are expected to attend.

President Irby Carruth has arranged a program of strength and variety, Kavanaugh said. Section meeting on Friday afternoon will be devoted to problems of teachers and administrators in almost every phase of public school life.

Educators of national and International reputation have been secured as speakers on the general program.

Mr. Kavanaugh asserted that he urges all school boards to dismiss teachers who wish to attend the meeting. Special meeting for county board members and county superintendents will be held Friday afternoon March 12.

"Miss" It's not the "miss" in the engine That causes trouble, by heck; It's the Miss beside the driver With both arms around his neck.

A stranger, passing some mines in Pennsylvania, asked a little boy why the field was so full of mules. These mules are worked in the mine during the week, replied the boy, and are brought up into the light on Sunday to keep them from going blind. The application is apparent. Do not allow yourself to go spiritually blind. Go to your church on Sunday and let the light of God's word shine into your heart. Those who are buried in the duties and responsibilities of life all the week should come up for a breath of spiritual air on Sunday. Take one day a week to look up and get your bearings. We ought to go to church to get away from ourselves. Church going is a tonic which makes the comers thereunto happier for the week ahead.

There will be no special attraction at the Baptist Church Sunday. Just the regular services, but duty calls you and we are happy to believe that you will answer with your presence in all of the services. Whosoever will may come.

 Services 10:50 a.m. and 5 p.m.

The Revival Services begin Sunday morning to continue until Easter Sunday morning. Services will be held at 10 a. m. and 7:30 p. m. except Saturdays. Doctor T. S. Barcus, Presiding Elder, will do the preaching. Group meetings for Adults, Young ePople, and Children, will be held each evening preceding the services. A children's choir will be organized, and the young people will fill one half of the regular choir space at each service.

The two weeks preceding Easter morning were significant in the life of Christ. It should be the most meaningful of all seasons to christian people. Therefore we invite all who are interested in the Christian religion to come with us in these services that we may together work for the deepening of the spiritual life of our community.

GOLDSTON SCHOOL NEWS

Interscholastic League events are taking up the spare time of all the students. Each of the students has entered at least one event while others are more industrious and entering two or more events. Choral singing has been very enthusiastically met. When the pupils learn to spell all of the words in the spelling list, they will at least have a large spelling vocabulary. It is much easier to learn declamations than it is to select one that is apropos.

It seems that Holland has gained or taken March as her month. Both Miss Milam's and Miss Skinner's pupils have been working on Dutch projects. The Dutch windmills that were constructed are quite clever.

Basketball is destined to be in the background for a short while giving the time to track events and play ground ball, however, the tournament that is to be held soon will not be forgotten.

The play, "Aunt Jerushy on the War Path," given at Martin, Friday night, March 5, was well attended. This was the last presentation of the play and the crowds were appreciated.

It is evident that a great many pupils in the sixth and seventh grades have been doing some reading. Application for reading certificates have been made. It is necessary that twenty books given on the reading list be read before this certificate is obtained.

Isn't March full of school activities? Playground ball tournament basketball tournament and county meet. We plan to take part in each, but how can we have rural basketball and playground ball on 19th-20th? Can't be done. I tell you.

The Goldston boys and girls came over last Tuesday to celebrate March 2nd. We always enjoy their visit. Goldston boys had won a game and our boys had won a game from them, and this time our boys won 24 to 9. Where was Lloyd Hahn? We would have had a fight to win if he had been along. He is a good guard. Our girls won 14 to 5.

George Seaton is always present with his tractor when we need our ground re-modeled. Monday, he built us a playground ball ground, new tennis court, track ground and others. The ground looks real pretty now and was easier worked following the good rain. We appreciate your help, George.

Our newest trustee is Ben Chamberlain. Watch out for applications because he's single, girls!
 Our Friday night spelling match has been postponed. Is everyone going to the Canyon meeting?
 The play "Goin' Modern" will be presented next Thursday night, March 18th. Everyone come. The Literary Society will also have a business meeting then. The characters of the play:
 Miss Marjorie Harlan—Mrs. Livingstone, "Marje."
 J. B. Millsap—Mr. Livingstone, "Jimmie."

George Seaton—John Livingstone, "Their modern son."
 Lucille Goldston—Alexander Livingstone, "Sandy", their modern daughter.

Boyce Pierce—Willie Randall, "A country lawyer."
 Pearl Derrick—Annie, the maid. (Friends from New York)
 J. T. Stone—Robert Lawrence, "Bibbie."
 Robbie Zoe Moreland—Genevieve Derwent, "Gin."
 Otha Koontz—Priscilla Griggs, "Cilla."
 Joe Reed—Donald McArthur, "The King."
 Rachel Longan—May Rogers, "The Queen."

DEALERS HERE GO TO AMARILLO FORD MEETING MONDAY

Doss and Elmer Palmer, John McMann, D. Cearley, Rex Lawley and Bud Anderson attended the meeting of Ford dealers and their salesmen at the Herring Hotel in Amarillo Monday night.

Dealers and salesmen from all over the Panhandle gathered to hear and discuss sales policies for 1937. Officials and executives of the Ford Motor Company from the Oklahoma City division were present to conduct the affair.

Walter Irvin, head of the Ford Agency in Amarillo, was in charge of all arrangements for the meeting. A film was shown in connection with a discussion of the sales policies.

"The meeting was scheduled during the Cattlemen's Convention so that our many salesmen could greet their friends here for the convention and Fat Stock Show," Walter Irvin said.

Large Crowd Enjoys Social At Christian Church

More than a hundred is said to have been present at the church social at the First Christian church Friday evening. Lady members of the church brought covered dishes, the food being served cafeteria style.

An enjoyable number on the musical program was that of the "Royal Aces," a Houston negro quartet.

Mrs. Frank White Jr. directed a junior "negro minstrel" that brought plenty of responsive applause. Not only did the youngsters perform as veterans of the stage, but the musical interpretations were superb.

Outstanding players in the junior minstrel were Earnest Eudy and Harry Kerbow. All others of the cast were thoroughly trained in their lines as end men.

Impromptu remarks were made by Homer Mulkey, Roy Clappitt, Frank White, Sr., Mrs. Loyd Johnson, Mrs. John Beverly of Pampa, and Earnest Earl Eudy.

Rev. Robt. E. Austin, the pastor, presented a palcard upon which members signed their names pledging their presence at the morning church services each Sunday until and including the 28th, reaching a grand climax Easter Sunday morning.

Mr. and Mrs. Faulkner and twin daughters, Thelma Ray and Velma May returned to their home in Vernon Sunday after a visit with her sister, Mrs. G. A. Reiger and family.

Mr. and Mrs. Bill Bromley and children are expected to visit here Saturday. They reside in Sweetwater where Bill is in the service station business.

HERE AND THERE

By Dick Cooke

THERE—While serving on a jury, charged with the responsibility of deliberating the case of another woman facing the gallows on a murder charge, a woman was jailed for intoxication at Los Angeles when the foreman made the startling report that she was apparently too drunk to continue sober reflection after the case had been in the jury's hands for one and a half hours.

THERE—A new gold strike was reported in California last week when prospectors located "pay dirt" in the crumbling brick ruins of an old building at North San Juan, ghost town of the old gold rush days. Pioneers apparently handled their dust with careless fingers and the precious metal is being found in buildings used by gold buyers years ago.

HERE—Mary Tom Atteberry left Tuesday night for Childress where she accepted a position in the law office of Mahan and Broughton. For the past several months she has been connected with the county superintendent's office here. Miss Atteberry was graduated from the Shamrock High School in 1934 with high honors. She won first place in the shorthand division of the county Interscholastic League and was awarded a prize for her ability by the Shamrock B & P. W. Club.

HERE—Attending the Amarillo Fat Stock show this week were Mr. and Mrs. W. J. Lewis, Mr. and Mrs. F. E. Chamberlain, Mr. and Mrs. W. H. Patrick, Mr. and Mrs. G. G. Reeves, R. W. Moore, H. A. Harrison, Marti Kelly, John Hermesmyer, Charley and Clarence Bairfield, Fred Buntin, Phoebe Ann Buntin, Mr. and Mrs. F. L. Bourland, Lotta Bourland, Joan Thompson, Kathleen Ryan, Isabel Wright, C. T. McMurtry, Dick Bain, K. S. Cox.

HERE—Jerome Price assisted H. M. Breedlove at the Amarillo Fat Stock Show this week.

HERE—Proof that the army of amusement seekers is growing rapidly in Clarendon, over 200 were counted at the Opera House dance last Saturday night.

THERE—German hot dogs will be made of fish, German authorities announced last week. Faced with a meat shortage, ground fish wieners were developed by experts which are better than its American cousin, it was reported. The new hot dog will be called bockwurst.

HERE—R. Y. King, county attorney, said recently that there were no public roads and but one town in Kennedy County, Texas. The whole county is owned by the Kennedy family, he said, who built a court house for cash, elected officers from their own cowboys, and discouraged infringements.

THERE—A bill re-enacting the Texas liquor search and seizure law was signed by Governor Allred last week. The bill adds to the present liquor control act. Courts have held that when the former Dean prohibition law was repealed the former authority for officers to search for liquor on warrant and seize it, if found, had also been repealed.

HERE—Tom Goldston of the Goldston Brothers Jewelry Company was in town for the first time, in several months, Wednesday. Mr. Goldston is rapidly improving from a long illness.

THERE—A 19-year-old father broke the right leg of one of his twin daughters while in a jealous rage in Wisconsin recently. Convicted of cruelty and sentenced to four months in the house of correction, he sobbed, "I didn't know what I was doing—I didn't mean to harm her." His wife testified at the trial that earlier in the week, he had tied the child's hands to the bed because he didn't like the way she behaved.

HERE—The slow timely rain of last Saturday was officially measured at one-half inch. Added to 40 of an inch in January the total for the year stands at .90 which is .05 inches short of the same period last year. Last year's precipitation was .56 in January, .18 in February and .21 in March.

THERE—A 22-year bone dry statutes was swept aside yesterday when Alabama voted to repeal in a county local option election. Alabama thus became the 43rd state with legal liquor.

THERE—Texas now boasts of a singing mouse which also dines on birdseed. Brought to McKinney for exhibition someone suggested placing birdseed in the cage. After consuming the entire lot usually consumed by a canary, the mouse continued with his song.

THERE—Under an oxygen tent at an Amarillo hospital, Frank Cummings, 9, was fighting for his life after being buried in a sand bank yesterday afternoon. The lad and a companion were rescued shortly after five o'clock by a smelter workman, after the barrow pit in which they were digging caved in on them. The other managed to keep his head above the sand.

HERE—With the changing of Highway 88, which brings it nearer the old town of Clarendon, a committee from the Lions Club was appointed to follow a suggestion of Judge Ralph Porter to petition the highway department for a marker.

THERE—James F. Heasley, justice of the peace at McLean, died suddenly from a heart attack yesterday while visiting in the home of Mayor J. W. Bullington in Tucumcari. Funeral services will be held in McLean today.

THERE—Nearly 150 well finished baby heaves, fed by 4-H and FFA Club boys will be auctioned off today, terminating the Amarillo Fat Stock Show. Grover B. Hill, treasurer of the club said: "There are more well finished calves in the sale this year than ever before."

CHARGES OF CHILD DESERTION FILED THIS MORNING

Preliminary Trial Waved By O. H. Williams; Bond Set at \$1,000

On the day of his eleventh wedding anniversary, O. H. Williams was arraigned in justice court here this morning on charges of child desertion. Waiving preliminary trial, his bond was set at \$1,000 to await action of the grand jury which convenes March 22nd.

Williams was arrested at Vernon Tuesday morning on the bus he was on after the complaint had been filed. He said he was on his way to Hagerman to visit his father, and to obtain a job.

In a volunteer statement before county attorney R. Y. King, Williams told of jealous nagging which had prompted him to leave. He said he decided to take the trip Tuesday morning and was going to send money to his wife from Hagerman. He arranged with officers to send his wife \$15 of the remaining \$29 he had left from the sale of his car the first of the week.

Deputy sheriff Guy Wright said Mrs. Williams stated that her husband had left on other occasions. When the complaint was filed Tuesday morning, there was nothing in the house to eat and they were practically destitute, Wright said.

Williams is the father of three small children.

Man Returned Here Today On Felony Charges

Sheriff Guy Pierce returned Gordon Camper, wanted in Donley County on charges of passing a worthless check for over \$50, from Pampa this morning where he had been taken following his arrest in Wichita Falls last night.

According to Pierce, Camper bought a car from the Palmer Motor Company on March 1, giving a \$100 worthless check for the down payment. Pierce said Camper also passed a \$15 check at the Clarendon Hatchery at the same time.

Camper allegedly bought another automobile at Vernon for \$85 giving a spurious check. Later he purchased a car by the same means at McLean where he drew a check amounting to about \$275. He borrowed \$150 on this machine in Childress, Pierce said.

Acting upon a tip, officers from Childress, Gray and Wheeler counties arrested Camper in Wichita Falls last night.

Mrs. Royce Hall and small daughter of Naylor visited her parents, Mr. and Mrs. J. H. Harris.

Panhandle Apple Growing District of Texas

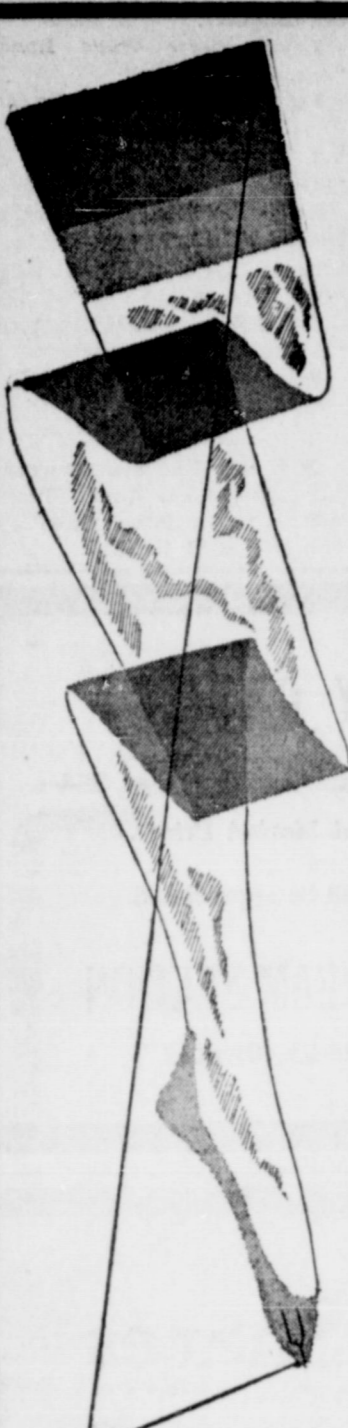

According to a government census, Wheeler county has 8,496 bearing apple trees and Gray county 4,182. Apples below the Cap Rock in the Panhandle are said to have a flavor and color equal to mountain grown fruit.

Apples, European and Chickasaw type of plums, pears and cherries are recommended for this section by experienced fruit men.

Holland Stallion Became Part of Parade

The large black Percheron stallion led by W. J. Holland in the fat stock parade here Saturday was little short of a novelty in this auto age. The horse is owned by Howard Holland of Amarillo.

Work stock is scarce and high of the Percheron class, and a larger number of mares will be bred this season. At this time it is impossible to buy heavy draft work stock

Holland Brothers Install Lubrication System

Announcement is made in an advertisement in this issue of the Leader of a Lincoln auto and truck lubricating system at Holland Brothers service station, installed this week.

This is said to be the only system by which trucks may be lubricated successfully. A "globe lift" is used and three tons of pressure, if necessary, is behind the grease as it is forced into the grease cups. This forces out of the way any dry crusty grease that would prevent the new grease reaching every part of the surface intended for lubrication.

Mr. and Mrs. A. G. Lane, Jr. of Whittensburg, Mr. and Mrs. Dalton Ford and children of Miami and Mrs. Roy Gammon of Ft. Worth spent the week end with their parents, Mr. and Mrs. A. G. Lane.

School Census Slow As Compared To Last Year

School enumerators in Clarendon said today that listing of children between the ages of 6 and 18, within the school age is depressingly slow. H. T. Burton, who is in charge, announced that as it stood now Clarendon schools would be approximately \$1,900 short in state apportionment compared with last year. "Seven hundred and twenty children were listed in 1936," he said, expressing doubt that 620 would be reached now.

School census will close April 1, Burton stated.

Mr. and Mrs. Marion Cox of Panhandle visited her parents, Mr. and Mrs. A. H. Baker, Friday.

Mr. Cagle returned home from Lubbock Monday after a visit with his daughters and families, Mrs. John Bess and Mrs. Anthony.
