Glass, in a Glass House.

Dispatches from Washington indicate rather strongly the opposition of Senator Glass to a supreme court change. It will be recalled that the Senator opposed a bill recently to grant loans to farmers to buy seed because he does "not believe that the power and duty of the general government ought to be extended to the relief of individual suffering."

Only recently, the Senator sponsored a bill to extend the life of the Reconstruction Finance Corporation—a government agency that has loaned over six billion dollars to "suffering railroads, banks, insurance companies and other large corporations."

Senator Glass is said to be the "daddy" of the infamous federal reserve system which is not a federal system at all—it is privately owned. The only place the government comes in on the deal is the fact that Uncle Sam pays the federal reserve bank boys for the privilege of lending them money.

Imagine, if you can, our President being surrounded by such men while he is diligently trying to save the nation from the money lords! Just how many men of mercenary motive continue to dog the footsteps of the only President that has ever shown a decided sympathy for common humanity, and the general welfare of the nation?

New Law to Regulate Utilities.

The only regulatory law dealing with public utilities this session of the Legislature, is known as the Tennyson Bill. This bill was put through the House by Rep. Tennyson, and through the Senate by Ben Oneal of Wichita Falls. The vote in the House was 123 to 6, and in the Senate, 24 to 2.

The new law will give incorporated towns of less than 2,000 population control over utilities using their streets and alleys and authorizing the fixing of rates. Telephone companies are included. The present law applies only to electric power, light, water and gas and to towns of more than 3,000. It now will apply to all incorporated cities.

Another important change is fixing a maximum return of 8 per cent a year on a fair valuation of the property. The present law allowed a minimum of 10 per cent on the cost of the plant, betterments and equipment.

Abandoned mines in the Central Texas mining area are now yielding a small amount of gold, according to C. W. Walker, Texas Planning Board mineralogist, who has discovered some individuals recovering from one ounce to two ounces of fine gold per week.

MIDWAY

Mrs. John Goldston

The first of April was a hilarious day at Midway school. Instead of threatening the children of what would happen if anyone should try to have a little fun on April fool day, Mr. Millsap, the wise teacher which he is, invited all Martin school, teachers and parents to bring lunch, come over and spend the day, which they did in full force. Midway parents did the same and the day was really worth while to each and everyone.

The college young people gave us a good start for the day by coming out and putting on a program which was certainly worth while and really enjoyed by all. Then at the noon hour a long table was supervised in the school house. A bountiful dinner of country ham, sandwiches, salads, cakes, pies and other good eats of all descriptions was laid. Some twenty of the college folks stayed and were guests for dinner, and then there was some eats left on the table—trust Martin and Midway for eats. The afternoon was spent in playing soft ball, between the different teams, the Martin boys winning, and the Midway girls.

Tennis game was played by Midway champion player and Mr. Kavanaugh and Mr. King in which our girls won, much to our joy. When the busses returned, everyone went home feeling that the day spent in pleasure visiting, sports, eats, etc. would long be remembered and everyone would be just a mite better for the day.

The Martin people were such wonderful guests, we shall ask them to come again.

The report of the Midway trustee election is Mr. John Naylor and Mr. Romeo Derrick was re-elected.

Mr. and Mrs. Mills and boy were guests in the Goldston home Monday evening.

Mr. Breedlove accompanied Harley and Beryl Logan to the Setters ranch Monday looking for calves to buy for the boys club another year. These two boys received \$365 for their calves after losing one and one being sick quite awhile.

Allen Harden spent Saturday night with the Longan boys.

Mrs. Potter spent Saturday with Mrs. Bob McCowen.

Mr. Potter spent the week end with his sister, Mrs. Scoggins of Ashtola.

Mrs. Harlan visited Monday afternoon with Mrs. Elliott.

Mr. and Mrs. Owen Seaton visited with Mr. and Mrs. Jimmy Millsap Wednesday evening.

W. D. Higgins and family have a new Ford V-8.

Mr. and Mrs. Herbert Johnston visited her mother, Mrs. Johnston of Clarendon Sunday.

Mrs. Harold Longan visited Mrs. Cecil Killough of Clarendon Sat.

Lucille Goldston attended the S. S. party of her class in the home of Mrs. Wilkerson in Clarendon Sat. night.

Mr. and Mrs. Gene Chamberlain who have moved to Spade Flat for Mr. Chamberlain to put in his cotton, spent the week end with her parents.

Mr. and Mrs. Duglus Arnold of Silverton returned Grandma Arnold to her home and spent the week end here.

Mrs. Neta Swafford is visiting relatives at Lefors this week.

Mrs. Talley has been on the sick list this week.

Mrs. Everett Stevenson is also confined to her bed this week.

Old mother nature has given us another series of moisture of which we are very proud of. Muddy today and probably sandy tomorrow. This was proven by a good snow which fell sometime between two and three o'clock Saturday night.

In this land of sunshine, snow, sand and rain nothing slows up activities—this was proven by a party Friday night at the home of Mr. and Mrs. C. C. Tims. All reported an excellent time.

B. H. Stotts of Giles and Aline Abernathy were united in marriage recently. The bride is a student of Hedley High School. The bridegroom has attended school some at Giles.

The Giles High School students are looking forward to a trip to Palo Duro canyon this week-end. We hope the weather is somewhat befitting our plans.

BORING FROM WITHIN

A shipment of 16,500 pounds of butter imported from Russia and carrying the label "Made in U. S. A.," was seized by Federal authorities in Boston last week. According to Assistant Attorney General Rome, Armour & Company, Inc., received the butter at New York, repacked it, labeled it and shipped it on to Boston.

Federal Judge Brewster ordered the seizure as a violation of the Pure Food and Drug law. It was also a violation of the United States Tariff Law, which requires every article imported into the United States to be properly marked with the country of origin.

Ironically, Communist Russia did not put the false label on this butter. Nor did labor racketeers, pet-

Mr. and Mrs. E. O. Mills were guests in the F. M. Perkins home Saturday night and Sunday.

Mr. Chester Hill and Mrs. Beatrice Johnson were united in marriage here recently.

John Mackenzie New Matador Ranch Head

DALHART, April 3.—John Mackenzie, son of Murdo MacKenzie, has been made general manager of the Matador Ranch, which covers more than 900,000 acres in Texas, South America and Canada, according to information from the new manager when he recently visited the headquarters near Channing.

MacKenzie succeeded his father as general manager by order of the directors in Scotland.

Apparently it was the work of a large American corporation, Armour & Co., whose sales manager probably knew that his American customers could not stomach Russian butter while their own dairy farmers had lost the home market.

Well they finally got up a beautiful shaft on the San Jacinto battle field without a squabble. When it came time to letter the monument, trouble broke out between the patriotic society and the politicians.

No, there wasn't any lawyers on the resolution committee!!

Anyway, sit-down strikers are removed from the dangers of auto traffic.

The owner of a number of bulls near here received a letter recently which read:

"As secretary to 'Mr. So-and-So,' I am directed to notify you to quote a price on your registered bulls, giving full particulars as to description."

To this the bull man replied: "In the absence of a secretary, upon motion of my bulls, promptly seconded by my jackass, you are directed to tell your boss that he does not need bulls, he needs brains and common sense."

And I'd give a dollar for permission to print both names in this column.

As between the two, it is hard to say which give our folks the most worry in this section—high winds or high taxes.

Well sir, the supreme court discussion goes right on. Many of the talkers didn't know we had such a court until somebody read about it in the papers last month and told them the fuss was on.

Where is the oldest residence in Donley county, and the oldest business house? A year's subscription to the Leader will be given for information of either when proper evidence is submitted. How about it, old timers?

During this period "between the hay and the grass," we have the dangedest weather! Snow every week end right on schedule. In between, we have weather of spring which permits the folks to bud out in spring clothing.

Aunt Cillia's first husband was a glutton for green stuff in the spring. One spring he took to wild onions and got a batch of crow poison mixed up with his eats. He finally got home but in bad order. Aunt Cillia called in the local veterinarian, an old standby of the family. After giving uncle an eye examination, the old livery stable graduate pronounced him drunk.

WEEKLY SERMONETTE FROM THE CHURCH OF CHRIST

W. Wallace Layton, Minister

IN HIS PLACE

When God called Ezekiel to prophesy to His people he found them possibly in one of their most despondent periods in all their history.

For his difficult task, Ezekiel needed a special preparation. The record says that God sent him among those to whom he was to speak and "he sat where they sat."

This was the method of Christ's preparation when God sent him to this world to help mankind. A like preparation is needed by us today.

How much this would help in our industrial affairs. Suppose that capital would sit in the seat of labor; and labor would sit in the seat of capital.

What ever the walk of life let us learn the lesson of putting ourselves in the other fellow's place. This is a God-given school of preparation for our relationship one to another.

MARRIAGES

HELEN RODGERS WEDS IN EL PASO

BORGER, April 8.—Mrs. Jack SoRelle announces the marriage of her sister, Miss Helen Rodgers, to Robert Conley, son of Mr. and Mrs. H. E. Conley.

The couple were married March 22 in El Paso. The bride graduated from the Whitesboro High School and attended Clarendon College, where she was a member of the Alpha Delta Psi sorority. She is the daughter of J. Pinkney, Rodgers of Clarendon.

The bridegroom, a graduate of the Borger High School, is employed by the Phillips Petroleum company. The couple will make their home here.

MANESS—HOLLAND

Vinoka Holland and Miss Mabel Maness were married recently at the Methodist parsonage in McLean with Rev. Sharpe, pastor, officiating. The bride wore a dress of royal blue sand crepe, with grey accessories.

The bride is the daughter of Mr. and Mrs. A. C. Maness of Paradise, former Hedley residents. She graduated from Hedley high school with the class of 1932 and attended college at Canyon. She has been teaching school at Liberty for the past three years.

The groom is the son of Mrs. J. L. Holland of Hedley. He graduated from the Hedley high school in 1931, and also attended college at Canyon. He is employed by the

Coltoco Carbon Co. at Pampa.

SIMMONS—MESSER

The rites of matrimony between Mr. C. D. Messer and Miss Levenia Simmons, both of Hedley, were solemnized Sunday afternoon at the Clarendon Hotel, by W. Wallace Layton, minister of the Church of Christ.

The couple returned immediately after the ceremony to take up their abode in Hedley vicinity.

RYAN JURY—

brand inspector for the Texas South-Western Cattle Association, said he inspected the cattle in the Drover pens and they bore a 4-H brand on the neck and jaw. He stated that some of the brands were peeling and appeared to be fresh.

Enoch Darnell, testified that he had seen the cattle being driven July 14. Donley Darnell also testified that he saw the cattle but could not say who was driving them although it was a boy and man. He also said that he worked with Hunt in rounding up his cattle and they had counted 92 head. One bull and maybe a cow had been found next day, he stated.

Grady Phillips said he was going down the road with a combine on the afternoon of the 14th and had seen the cattle. He said he thought the drivers were Ryan and his son.

Bud Hermesmeier, 15, said he was hauling wheat and saw the heard. Although he didn't pay much attention he thought Ryan and his son were driving the cattle.

Junior Glazener, 13, also witnessed the head and drivers.

J. E. Hunt, took the stand and swore that he had cattle in a pasture two miles south of Jericho. He said all but young calves bore his brand. By a count (previous to July 14), Hunt asserted he had 111 head with 4 bulls in the pasture. They were branded with 4 on the right jaw and H on right neck, he said. Calves had an H on right hip, he stated. He further testified the calves had been branded in the latter part of June, and they were peeling, at harvest time.

Going to the pasture on the 15th or 16 of July, Hunt said he noticed the cattle were scattered and seemed nervous. "They usually were grouped near the water," he stated. He got Bill Phillips and Donley Darnell to help him round up and the count showed 92. A bull and cow were later found to bring the tally to 94 he testified.

He said he tried to locate the missing animals and after learning some had been shipped, had gone to Oklahoma to investigate.

Under cross examination he said there had been another man at the round-up, but he couldn't remember his name. He said he had counted the cattle four or five days before the shortage was noticed. Hunt added under questioning that he counted them by riding around the pasture.

He said he had known Ryan for about 20 years and had sold him cattle. Asked by the defense attorney if he remembered a sale to Ryan in 1933 he said yes, but couldn't remember about yearlings. Every thing had 4-H brands he

said. Hunt asserted he made 5 or 4 trips to Oklahoma City and on one found a 4-H cow hide. He said he bought one but admitted that he didn't see any branded calf hides.

Bob Muir of Amarillo was the first witness to take the stand for the defense. He said he was a buyer for Shelton & Williams in 1933 and had bought some cattle from Ryan. Included in the sale were some 4-H, branded on the left. Asked where brands were, he replied, maybe anywhere on left side with some on the left jaw. He stated he noticed brands for he used to be an inspector for the cattlemen's associa'on. He said he bought about 190 head and cut back 35 or 40 from the herd, probably some 4-H were with the cut-backs, he said, although he didn't know.

Under cross examination by the state he stated the brands were only on the left side, and replied in the affirmative that his former position of brand inspector caused him to notice brands.

O. L. Smith, who lived near Jericho for 17 years was next and said he sold Ryan cattle in the spring of '33. He said he was present at the time the cattle were cut back and delivered and the brands were 4-H on the jaw and neck. He said he couldn't remember how many were cut back.

Under rigid cross questioning by the state, Smith said that he didn't know where the brand was, what it was, or what side they were on.

O. J. Trout was called and said that he worked for Ryan during 1933. He said he remembered Ryan's buying cattle from Hunt. He said it was a large bunch of heifers and steers. He also remembered Muir's purchase from Ryan and remembered some cut backs. Questioned by the state his testimony was confused and largely "I don't know" and "I can't remember." He said he counted Ryan's cattle every time he fed, but couldn't remember about how many he had.

J. D. White of Pampa testified that Ryan pastured some cattle on his place, this side of Pampa in 1935. About 15 or 20 head, he said.

White admitted to the State's attorneys that he had been indicted twice on charges of running a gambling house and had been acquitted twice.

Fred Barrett, employed by White in 1935, said he had seen Ryan's cattle, bearing the 4-H brand on White's pasture in May.

Dick Shafer, Alanreed, said he lived 4 1/2 miles north west of Jericho and was employed by Ryan to drive a bunch of cattle to Ryan's pasture to the Jericho loading pens on an afternoon in July. He said he got to the pasture about 4:30 and Ryan was there

and the cattle were ready to go. He described the brand of the cows as 4-H on left side. He stated that the calves were not branded, as well as he remembered. When they got to the pens, the train had left so the cattle were driven to a pasture south of Jericho, Shaffer testified. He said he didn't know who owned the pasture or who had charge of it.

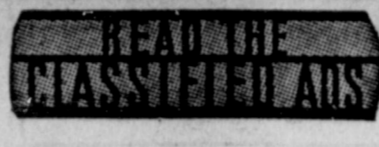

Answering the state's questioning, he said that he wasn't working for Ryan, but had been hired to drive that bunch of cattle. He said he had driven for lots of cattlemen and for Ryan before. He remembered seeing no one while they were driving the cattle. Asked if Ryan was with him when they got to Jericho, he said he couldn't remember. He said he didn't know much about the train, but it had left so they went to the other pasture. He believed he saw the train as they were on their way to the pens, but couldn't remember, he asserted. He said none of the H and 4's on the cattle were alike. They looked like running brands (drawn with a hot iron) instead of stamp brands. He said some were branded on their jaws, others on necks, and others on shoulders, but he couldn't say about all of them, and he couldn't see any brands on the calves.

Ryan was on the stand for two hours Tuesday afternoon and for nearly two hours Tuesday night. He testified as to the purchase of the Hunt cattle, the shipments to Oklahoma and return shipments to Texas. In answer to the state's questioning he said he could not remember where the cattle were pastured, after their return from Oklahoma.

Allen Jeffries was called by the state Wednesday morning. He said he examined brands for a Ryan-Wills shipment to Oklahoma in 1934 and he remembered no 4 and H brands. He said he again examined Ryan-Wills cattle after their return. He admitted on cross questioning that it was possible for him to overlook some.

J. F. Wills, Ryan's one time partner, was called by the state in an endeavor to show the ill logic in any Hunt cattle remaining in Ryan's possession from the 1933 sale. Wills stated that out of the entire stock sale to Muir, about 22 head were cut back. Ten of these were added to the Muir deal later, he stated, adding that out of the remaining number, five were shipped to Oklahoma and bore the McDowell brand.

C. T. McMurry and Karl Adams were called to testify of cattle purchases from Ryan. J. F. Henry was re-called to testify on freight records concerning cattle shipped from Oklahoma to Ryan. C. G. Hill, Alanreed, was the last

defense witness and swore that he drove cattle belonging to Ryan to Jericho in November, 1934. He said Jeffries was at the pens to inspect the brands and it was about dark. By his testimony the defense hoped to show that brands of the Oklahoma bound cattle were confused because of darkness.

BALANCE

If all the world should drip with grief And reel in blasts of pain, I'd search and find brave buds of song Upspringing in the rain, And warm my fingers in the nest Where laughter's wings had lain.

Should burnished joy encase the earth In blazing, cloudless blue, I'd chip the lacquered shell and let Cool winds of grief blow through, For deepening hearts must savor both To keep the balance true.

NEW ALFALFA MAY BE USED IN DUST BOWL

WASHINGTON, March 26.—A creeping alfalfa, discovered by H. L. Westover, plant scientist for the Department of Agriculture, on an exploration trip to Asia three years ago, promises to be a valuable grazing and soil-holding plant for the semiarid, Texas-Nebraska dust bowl.

He found the plant in a stony goat pasture in Northern Turkey. The goats had grazed the pasture so closely that it was impossible to obtain seed. However, a root was dug from the ground, sent back to the Department of Agriculture, and 2,700 plants obtained from the original by a series of stem cuttings.

Cuttings in thirty-inch rows in the sand hill country near Hyannis, Nebr., sent out shoots that rooted in the first season as far as twelve inches from the crown. Similar studies will be made in the Kansas, Oklahoma and Texas experiment stations.

The plant is a poor seed producer and does not grow high enough for mowing, which limits its uses to grazing, and because of its strong root system, to protection against erosion.

Mr. and Mrs. H. Lott of Fort Worth, visited relatives here, and transacted business, Wednesday.

Mrs. W. H. Martin visited in Tulsa with Mrs. Bert Officer last week end.

School Children Of State Will Honor New London's Dead

Letters From Pupils Over Texas Ask Gov. Allred To Make Appeal

AUSTIN, April 1.—City and county school superintendents throughout the state have been called upon this week to cooperate with Governor James V. Allred's New London School Memorial Committee by making it possible for every school child in Texas to participate in memorial donations.

The Governor has designated April 7th as "New London School Memorial Day" and called upon teachers throughout Texas public schools to conduct classroom memorial exercises and allow each child to contribute a penny toward the erection of a suitable memorial. The funds collected will be forwarded directly to the Governor at Austin for use by the Memorial Committee.

Hundreds of school children have written him and asked for permission to cooperate in the movement, Governor Allred said in his proclamation.

"Such an expression of love and sympathy from the school children of Texas would be comforting to the grieving parents of those who so short a time ago shared the joys of the classroom," said his proclamation. "Such an expression from the living would say of New London's heroic little victims 'your sacrifice was not in vain;' that those who carry on in the classroom will do so under every pro-

tection known to state government."

Governor Allred suggested that the memorial will serve the twofold purpose of memorializing the young victims of the school blast and as a perpetual resolve that no such disaster should ever again be visited upon a Texas community.

All donations should be addressed to the New London School Memorial Committee in care of the Governor's office, Austin, Texas.

B. F. Kirk Accepts Position With Flomot, Schools

B. F. Kirk, for three years superintendent of the Lelia Lake High School announced recently that he had resigned to accept a position as superintendent of the Flomot High School.

Besides the supervision of the schools, Mr. Kirk was noted as an able instructor. He also coached a county championship girls basketball team.

He was instrumental in the erection of a new gymnasium and auditorium. Under his leadership, \$2,000 or more work was done on the school campus.

Mr. Kirk will succeed S. D. Rattan at Flomot who after 17-years in professional life, will retire and enter business.

The Flomot school was distinguished last year by their District and Bi-District football championships.

J. A. Warren and daughters, Letha and Ardith, visited relatives over Sunday in Amarillo.

ARE your tires safe? Do you realize what havoc one blow-out can play with life, limb, car and pocketbook? Decide now whether it isn't wiser to come in today and let us put a set of Goodrich Safety Silvertowns on your car. No other tire in the world can give you the priceless protection of the Life-Saver Golden Ply, a layer of special rubber and full-floating cords, scientifically treated to resist the terrific blowout-causing heat generated inside all tires by today's high speeds. You're protected because rubber and fabric don't separate. Dangerous heat blisters don't get a start inside the tire. And when you prevent the blister, you prevent the high-speed blow-out.

And—this is remarkable—in spite of the fact that Goodrich spent thousands of dollars to develop this life-saving invention, the Silvertown does not cost you a cent more. In fact, Silvertowns cost even less than other super-quality tires! Keep danger a stranger. See us about a set of Golden Ply Silvertowns today.

RHYTHM ON RANGE TRIO IN COMEDY OF SOUTH SEAS

"Waikiki Wedding," a comedy of love and music in the South Seas, brings Bing Crosby, Bob Burns and Martha Raye to the Pastime Theatre on April 14-15, and 16th in another fit of buffoonery of the type that made "Rhythm on the Range" one of the outstanding comedies of last year.

This time Bing is a press agent—for a pineapple cannery in Hawaii—and in the furtherance of his campaign to keep Waikiki sold as the glamour spot of the universe it becomes necessary for him to fall in love with Miss Ross who is about to walk out on a well laid publicity scheme of his concoction.

When Crosby discovers that he really is in love with the blonde beauty and that he must choose between losing her or see his scheme go boom, the climax is reached. In the meantime Burns, Bing's assistant, and Miss Raye, Miss Ross' secretary, have been making hey-hey while the tropic sun shines, leading to further complications.

One of the big moments in "Waikiki Wedding" is promised in the performance of the famous "drum dance," once practiced by native Polynesians before making a human sacrifice. The dance is performed by Miri Rei, noted Tahitian dancer who took Broadway by storm in one of the recent Ziegfeld Follies productions.

The cast includes George Barber, Leif Erikson and some two hundred and fifty native dancers, musicians and performers. The picture was directed by Frank Tuttle, director of "College Holiday."

Wheeler To Stage Boxing Meet Soon

First Annual School Boy Invitation Expected To Draw Large Entry List

WHEELER, March 29.—With seven schools already entered and several others having indicated they intend to participate, the First Annual Wheeler Invitation Boxing Tournament to be held in Wheeler on April 9 and 10, gives promise of becoming one of the biggest athletic events in the history of the Wheeler schools, according to Bob Clark, sponsor.

Teams will be entered by the athletic coaches of the various towns, through the permission of the superintendents, and only students who are attending school now and attended last semester, will be eligible for the matches. All ten weight divisions will be matched, ranging from the speedy little 90 pounders to the hard punching heavy weights.

The fighters will be weighed in on Friday morning, and the bouts will begin Friday afternoon at one o'clock. Sessions will also be held Friday night and Saturday morning, with the finals scheduled for Saturday.

The fights will be held according to interscholastic rules, with judges, from towns not represented

by fighters, officiating. Two judges and the referee will decide the winners of all bouts. Trophies and prizes will be awarded.

* SCHOOL NEWS *

Besides an enjoyable trip to Chamberlain where the boys and girls played two games of playground ball, the pupils and several patrons and members of the community took part in a very cleverly arranged party given at the school house in honor of Zoro Hudson who has resigned as bus driver and Joseph Stewart who has been elected as new bus driver. All of the games were very entertaining and the games were conducted by Elgin Risley and Helen Peden.

The report cars, which usually lend both joy and sadness, were given out this week.

The following honor roll was submitted for the third, fourth and fifth grades:

Third Grade—First Honor Roll
John Simmons, Henry Hendrix, Vilas Ann Ziegler, Arvis Davis.
Second Honor Roll—Wilma Smith, Johnny Smith, Jaunita Mooring.

Fourth Grade—First Honor Roll
Margaret Jo Roberts.
Second honor roll—Charles Spier Beatrice Smith, J. R. Morgan, Quincy Bond.

Fifth Grade—First Honor Roll
Peggy Stewart, Thelma Lee Holcomb.

Second honor roll—Edith Marie Roberts, Alma Lu Pegggram, Dennis Ration, Alice Rowe, Bonnie Rowe, Bob Word, Bill Mooring.

The fifth grade geography class is writing to the fifth grade in Saskatchewan, Canada. They hope to receive an answer before school is out.

Since the weather is fair the pupils are getting to play tennis the desired length of time. They seem to be learning and promise to be fair tennis players in the near future.

Willard Cook, Ralph Stewart, and D. W. Tomlinson attended the

college banquet Thursday.
Ralph Randal of Panhandle visited his parents, Mr. and Mrs. D. F. Randal Sunday night.
Mr. W. T. Hayter attended to business in Amarillo Monday.

Had you noticed how the social security tax had boosted the price of what a working man has to buy. Good gosh! What if Townsend got his pension plan going? One single spud would cost a poor devil a quarter.

Although Texas is the largest producer of cattle, there are only three small commercial tanneries in the State.

Well Known Girl Dies At Her Home In Parnell

Dorothy Lurelen Allen, 20, who was in the J. D. Moss home here for about two months recently, died at her home in Parnell, community, Hall County, Tuesday, March 30th.

Miss Allen succumbed from a short illness of Pneumonia. Funeral services were held at the Parnell Church Friday afternoon at 2 o'clock. Rev. Byron Todd, assisted by J. E. Mel, officiated. Burial was in the Hulber Cemetery.

Chenault Ranch To Be Stocked By Owners

S. W. Richardson, Fort Worth and Howell Smith of Wichita Falls will stock the recently purchased Chenault ranch with 3,000 steers, Ranch Superintendent Ballew, said recently.

The stock will be shipped from the company's Gulf Island ranch 40 miles off coast from Corpus Christi to Ashtola.

Originally known as the Goodnight-Thayer Land and Cattle Company and managed by Johnnie Martin, the ranch followed a succession of pioneer interests, passing as joint interest through titles of the late Col. T. S. Bugbee, Bugbee and Knorpp and Ed Grogan & Sons. It was acquired by Chenault about 1922 and was obtained by J. J. Perkins a few days ago.

Clarendon Women Alleged Highjacking Witnesses

Among those indicted by a Potter county grand jury closing Saturday were Toliver Towles and Alvin Ash, who were charged Wednesday night with an alleged "strong-arm" robbery of a 70-year-old Amarillo man, were indicted for robbery by assault. They have been held in county jail since Wednesday night.

The grand jury didn't indict two women, Lily Mae Allard and Lily Summers, who were arrested with the two men, but they were placed under \$500 bonds each as material witnesses.

The young women in signed statements to District Attorney Jim Lumpkin yesterday told of being with Towles and Ash in an East Fourth Avenue cafe when they offered Igo a ride home.

Instead of taking him home, the youths headed the truck north, they stated. During the time that Ash and Towles are alleged to have robbed Igo, the girls remained in the car, they stated.

Both declared they were from Clarendon and had been in Amarillo only a short time.

J. R. Gillham Keeps F.F.A. Boys Hitting on High

The Clarendon Chapter of the Future Farmers of America held its regular meeting, Thursday, April 1, in the chapter room at the high school building. J. R. Gillham, local adviser, made a brief talk in which he discussed the work of an active F.F.A. organization and pointed out the fact that greater stress would be laid upon this phase of the agricultural work in the future.

Rev. E. D. Landreth, pastor of the local Methodist Church, addressed the group at length on the topic of new developments in agriculture. New work in the agricultural field and great men involved in agricultural activities were emphasized in his discussion.

HERE AND THERE

By Dick Cooke

HERE—County Agent H. M. Breedlove announced this week that the date for signing the 1937 federal farm and ranch compliance papers had been extended indefinitely. He said, however, that interested parties should come to his office as soon as possible. By a count Wednesday, only about 850 applicants had signed work sheets.

HERE—Two inches of moisture has been recorded for this section during the months of 1937, according to the records of Joe Goldston, weatherman. The wet snowfall over the week-end netted this vicinity .60 of an inch to be added to one inch in March and .40 in January. Actual moisture, however, is above this figure as slight precipitations in February were recorded as only "traces."

HERE—Mayor J. T. Sims was restored to office in the city election, Tuesday, by a unanimous vote totaling 60. The election was undoubtedly the quietest and most uninteresting in several years. Mayor Sims at the time of the election was enjoying a 10-day relaxation at Mineral Wells. He will return to Clarendon tonight.

HERE—In a benefit stag domino party Monday night the Clarendon High School band netted about \$53 toward payment on their new uniforms. Only about 20 or 30 persons were present but the ticket sale was reported at 60.

THERE—Vestal Lott, former Clarendon resident and student in Clarendon College, recently purchased the Pecos Times and assumed management April 1st. Lott began his newspaper career in Clarendon College on the "Clarico" a school publication. Later he was with the Old Amarillo Sun and the Lubbock Avalanche. He returned to Amarillo and was manager of the Panhandle division of the Associated Press and was later transferred to Dallas.

HERE—Donley County recently purchased five sewing machines for the local WPA sewing room, according to a press report by Jerome Stocking of Clarendon. Thirty dresses have recently been made, the report said.

HERE—Old age assistance granted applicants in Donley County for the month of March totaled \$2,001, according to a report received by county clerk W. G. Word. The consignment was in 183 checks.

HERE—College Week terminated Sunday night with an inspirational service at the Methodist Church following a week of social and booster activities. Dorothy Powell was crowned queen and she, and her attendants, were on the royal float in the parade which featured clubs, organizations and students.

THERE—After dressing her three small children in their Easter finery, Mrs. J. Martin, 29, of Illinois, took them to church, returned home, strangled them to death and then hanged herself. Police believed the mother was mentally unbalanced due to absence on Easter of her husband.

HERE—Approximately 85 hungry children are being fed at the school lunch room daily, according to Charles Lowry, who said, today at noon, that finances were rather low for this project. Not an organized body and originally sponsored by the Lions Club, which donated \$100, the "humane" project has endeavored to function with unsolicited contributions. Recent contributions have been slow and the organization is weekly going in the hole.

THERE—With no money to buy food and too proud to ask for government relief, Mrs. Etta Pitchford of Carlsbad cooked a mess of greens which resulted in her death, and her two sons are seriously ill in a hospital. Before she died the mother said she went to New Mexico for her health and could find no employment.

Broncho Gridsters Begin To Shape Up In Training

Although adverse weather has kept Broncho gridsters indoors most of this week fundamentals of the game are being absorbed rapidly by first year men while old timers are snapping into form rapidly.

Coach Jones will have one of the best array of backs for next fall of any club of recent years. Allison and Watters loom as heavy plunging fullbacks. Speed will be developed from Mears, McWhorter, Grady and Longan. Cooke will probably work as a combination man and bear most of the aerial work. Allison is also being groomed for a heighth and distance kicker.

At the close of the first week, Lumas was the favored candidate for center duties with Palmer, Huffman, Lane, D. Robinson, McGowen, Lyle, Wilson and Hay all combining to make upward to a 180 pound line.

Clarendon Netters In Good Shape For District Go

Coach Glenn Allison said this week the outlook for Clarendon High School netters was exceptionally good for the District competition in Pampa Saturday.

Allison asserted both boys and girls were hitting the ball good, and although they all dropped matches to Amarillo in the Memphis invitation recently, the experience in fast company was a great aid.

Clarendon racketeers to be in Pampa Saturday are Edith Shelton, Jo Ann Thompson, Frances Grady, Junior Swift, Jess Cornell and Billie Cooke.

District Meet Outlined By H. T. Burton

In a skeleton outline of the district meet to be held in Pampa, superintendent H. T. Burton said today that girls volleyball and boys tennis competition would be played on Saturday, April 10th. One act plays on April 15 and 16 and track, field and other literature events on Saturday 17th.

Bones, Scrap Iron New Source Of Revenue To Texas Farmers

AUSTIN, April 6.—Texas farmers are reaping a harvest selling bones at \$10 per ton and scrap iron at \$4 and \$5 a ton, according to a survey just completed by the Texas Planning Board.

Most of the bones are being purchased for fertilizer, chicken feed and bone meal. The best grade of bones are being bought up by sugar factories for use as a bleaching agent for pure cane sugar.

The scrap iron is being purchased by buyers representing Japan.

Texas farmers who "plowed under" thousands of head of cattle for the Government during the AAA cattle buying program are now writing a glorious end to this phase of the New Deal by digging up the bones of the slaughtered cattle and selling them for fifty cents per hundred pounds.

It is not uncommon to see scores of wagons scouring the countryside in some parts of the state for bones. In several West Texas towns huge piles of bones have taken the place of the usual scrap iron heaps.

THE LIGHTS OF HOME

Returning from the city's work, The daily stress and strain, Our hearts are lifted as we see The lights of home again.

They promise warmth and kindly ways, A welcome and a rest, The common joys and sorrows shared With those we love the best.

Above the dark their steady glow Will always cheer our way, The lights of home a guide, a hope, A beacon's golden ray. —Lydia Lion Roberts

Frank Whitlock and Homer Mulkey attended a Lions club luncheon in Pampa Thursday.

Montie Richie of the JA Ranch left last night for a visit in Dallas.

Mesdames E. F. Kirtley, U. J. Boston, Floyd Lumpkin and Simmons Powell were Amarillo visitors Wednesday.

FAITH

By Jessica Morehead Young The storms of life shall not prevail Nor panic fears, obscure my goal My Savior guides and sets the sail His love, the bulwark of my soul.

Then confident, I can afford To go where'er he leadeth me; With His great plan, in sweet accord One step ahead enough to see.

GOLD AND PRICES

The stimulating effect of new gold discoveries upon business activity and commodity prices of the recent tremendous rise in world gold production may be overlooked by many investors. The annual average gold output from 1903 to 1932 was 19,850 million ounces. In the past two years, average annual gold production has been nearly 33,000 million ounces, and is still rising to the certain advantage of world economic recovery.

Clarendon F.F.A. Boys Order Membership Pins

Members of the Clarendon F.F.A. ordered Greenhand and Future Farmer pins Wednesday, April 7. The local chapter is one of the 450 in Texas and 3,000 in the entire nation. The first year students ordered the Greenhand pin, which is a bronze button type pin, that is emblematic of the owner's rank in the F.F.A. organization.

The second and third year students ordered the gold Future Farmer pins which are the emblems worn by the F.F.A. members of an advanced rank. One of the objectives of the Texas F.F.A. is that every member should own and wear the F.F.A. pin, and in ordering the emblems the local chapter is doing its part in fulfilling the state objective.

Clarendon Junior High School Takes Jr. Soft Ball Title

Clarendon Junior High School trounced Chamberlain 29 to 11 to take first honors in the Junior boys playground ball of the county meet here Friday.

Clarendon advanced to the finals with Chamberlain with victories over Martin and Midway, while the south county boys were winning over Hedley Ward and Hedley. In the first round, Midway downed Clarendon South Ward and Hedley beat Lelia Lake. Midway won third place honors.

Food Prices Rapidly Reaching Level of Boom Days

During the last half of 1936 the wholesale price index in the United States went up 9 per cent. In some other leading countries advances were as follows: France 42 per cent, Japan 20, Netherlands 18, Canada 12, United Kingdom 11 and Germany only 1 per cent.

In the United States the price level is still 9 per cent below that of 1929. In France it is 14 per cent below, in Canada 16 per cent, in Italy 18 per cent, in Germany 23 per cent and in Netherlands 27 per cent. Japan has a price level near that of 1929 and the price level of the United Kingdom is not far below the predepression normal.
