OLD TIMERS TO BE FETED HERE JULY THIRD WITH LUNCHEON

Clarendon Yards Are Judged For City Contest Awards

Mrs. Ryan, Rev. King Win
First; Other Firsts
Not Announced

In the first judging of the summer in the Clarendon Yard Beautiful contest, Tuesday, Mrs. Geo. Ryan placed first, Mrs. W. H. Cooke, second and F. E. Chamberlain third, in the home owned group.

In the second group Mrs. C. W. Taylor, Mrs. Joe Goldston and D. O. Stallings were rated evenly. Group three, or tennant group, Rev. J. Perry King placed over Rev. Newton C. Smith.

Miss Margie Lyon, Childress County Home Demonstrator, was selected as the first judge. Other judges will inspect the yards later in the summer with dates set for the latter part of July and the first part of September.

In commenting on the lawns, Miss Lyon expressed surprise over the Clarendon yards, saying they were far lovelier than she "ever imagined."

In her report on the points of judging she said Mrs. Ryan's entry was placed first for its information, arrangement, native and other shrubs. It was criticized however, for having too much rock around the flowerbeds.

Mrs. Cooke's was second for its open front, arrangements of garage, color scheme, and colorful flowers.

The Chamberlain entry placed third on its terrace system, excellent flower beds, and ground ivy in shady spots.

Miss Lyon said that the blue Spruce in Meredith Gentry's yard was one of the most lovely she had ever seen. P. B. Gentry's home was complimented on its good foundation work with the tall poplars by the tall house and its excellent backyard lawn.

The Homer Mulkey entry was selected as being one of the most practical well kept places in the entire entry list, with excellent fruit in the back yard.

In the second group, Miss Lyon said there was little to choose between the three top entries of Mrs. H. W. Taylor, D. O. Stallings and Mrs. Joe Goldston. The Taylor home was praised for its excellent landscaping, native plants, and permanent yard work. The Stallings entry was outstanding in its flowers, and yard arrangement. Mrs. Goldston's entry was complimented on its backyard, lovely lilies, and its beautiful raintrees. J. D. Swift's front yard, with incinerator was deserving of merit as was the front yard arrangement of Mrs. Tom Connally's home.

In the tenant group, Bro. King's work with his trees, backyard, and his formal flower beds was honored with first position. Rev. Smith was complimented on the start he has made with his yard especially considering the fact that it is a first year project.

No New Development In Gas Reduction Action

City Commissioner T. M. Pyle said today "there is no development in the gas reduction situation."

Pyle said he was to meet with D. R. Davis yesterday afternoon or this morning and would issue a statement in the near future.

John Lott Accepts Office Position With Austin Co.

John Lott, formerly of Clarendon and honor student of the University of Texas, has accepted an office position with the Brown and Root, Inc. and the McKenzie Construction Company of Austin.

Lott is the son of Mrs. John Lott of Austin who was a former Clarendon resident.

Plans For P.-T. A. Show Are Still Incomplete

Plans for the P.-T. A. Pet Show to be held here July 3, in connection with the Old Settlers reunion and 50th. anniversary celebration, are still incomplete, Mrs. O. L. Jenkins, president of the organization said this morning.

However the tentative program was released.

The show will be all day and will be held at the Kerbow Harware old location north of the Pastime Theater. Prizes for first and second places in group competition will be awarded as will a premium for the outstanding pet.

A ten cent entrance fee will be charged which will give the payee a pass to the show.

Cages will be furnished for the competitors with the exceptions Canary Birds which must be entered in their own cages.

Registration for the Pet Show may be made at the County Agent's office, Mrs. Jenkins said.

Grit Western Cowboy Shown In Horse Fall

M. J. Gibson Lies For Hours
Under Tree Before
Rescue Comes

Although the west is rapidly changing, hardships must still be endured by cowboys riding the range far away from headquarters as was shown by M. J. Gibson, of the J. H. McMurtry ranch, who received a broken leg when his horse fell with him Tuesday.

Gibson bandaged his leg with strips torn from his shirt and handkerchief "to keep the bones from grating" and crawled to a shade tree. A small boy saw the accident and after freeing Gibson's horse, walked to the house for aid. Gibson spent several tortuous hours before being rescued. Had the boy not witnessed the accident, Gibson would not have been missed before night fall which would have made rescue practically impossible before morning.

Wheat Emergency Loans Available Here Soon

Loans to Donley County farmers will be available here about next week, Pauline Sanford, in charge here, said this morning.

The loans will probably range up to \$400, she said.

RECENTLY NAMED RA COORDINATOR

AMARILLO, Texas, June 16—Roy I. Kimmel, recently appointed coordinator for the several federal agencies serving the Great Plains "dust bowl", and who will have charge of all departmental activities in the wind erosion area in the five-state region is "depending largely on farmers to recommend a definitely constructive program to solve their present problems."

"No matter what programs may be designed to correct conditions in this problem area and to establish a permanent, and, insofar as possible, a drought-proof type of agriculture," Mr. Kimmel said, "the country may be assured that we will be guided very largely by those men who live on the soil."

Mr. Kimmel said he will look to the general and special farm organizations in this area whose experience and advice will be invaluable in developing a coordinated conservation program.

Appointed by Secretary of Agriculture M. L. Wilson, Mr. Kimmel will devote his attention to the special problems in the 103 counties of Texas, Oklahoma, Colorado, Kansas and New Mexico. The area over which he will work totals 90,779,555 acres, and involves farm lands aggregating 70,927,420 acres.

Clarendon's First Wheat Is Sold Here Wednesday

Clarendon's first load of wheat was sold Wednesday to the Clarendon Grain Company who paid a premium of 10 cents above the market price of 90 cents.

Grown by R. W. Moore of near Clarendon, the wheat tested 63 pounds and the yield averaged about 20 bushels per acre.

C. W. Bennett of the Clarendon grain company said the average yield of Donley County would be 15 bushels per acre with as high as 25 in some spots.

Harvest proper near here would not begin until the last of next week, he said.

GIFTS FOR OLD SHOES

There's a payoff on old shoes in Clarendon.

A free pair of Peters shoes will be given to the man and woman guessing the nearest to the number of old shoes received by Mellinger and Rosenwasser during the recent bicycle contest.

There are no strings attached to the guessing contest. Isadore Mellinger, manager of the store said.

Lightning Strikes Local Home Monday With Only Slight Damage

Lightning struck the home of George Heckman late Monday afternoon during the heavy thunder shower. The bolt hit the corner of the house doing only slight damage.

The family had gone to the cellar because of threatening clouds. Firemen who were called to the scene said the blaze was almost extinguished before they arrived. They reported only the wall-paper damaged.

Beef Expert Talks To Club Boys Tues.

Gives Information On The
Care of Herefords

Do not start Hereford calves on too highly concentrated feed at the beginning, but work up their ration slowly, G. W. Barnes, beef cattle expert of the Extension Department of College Station, said in an address to 4-H Club boys at the court house here Tuesday afternoon at 2:30 o'clock.

Mr. Barnes also said pens should be small and calves led for exercise and above all animals should be kept gentle.

The extension expert was here all day Tuesday inspecting range land and looking over 4-H Club show calves. In commenting on the outlook of the baby beves he said all should make exceptionally good stock.

Mr. Barnes was in this section assisting in the range program of the Plains Section One. He left immediately, after his talk, for Young County.

Local Wife Talks of Her Pantry As Most Women Do Of Going to Stores

Mrs. W. A. Davis, wife of the Justice of Peace in Clarendon, stated Monday that while most housewives talked of going to the store to purchase supplies for the meals, she talked of going to her pantry.

As a point in her talk, she exhibited a small branch of home grown cherries deep red, laden with berries. "Out of the four trees like this at home, last year I canned 20 pints after giving some to my friends."

The trees bear sufficiently each year for the use of the family, she said.

LOCAL ARTIST TO INSTRUCT SCHOOL

CANYON, June 16—Harold Bugby, Clarendon artist, took up his residence at Palo Duro School of Art Monday, June 14th. He will spend a week giving criticism to the forty students who are attending the six weeks school conducted by the West Texas State Teachers College and under the direction of Miss Isabel Robinson, head of the college art department.

Mr. Bugby is one of Texas foremost painters of western scenes. His pictures have been exhibited in many galleries throughout the east, as well as in Texas.

Rev. and Mrs. Austin To Go to Church Convention

Rev. R. E. Austin will deliver two discourses at the state convention of the First Christian Church in Port Arthur June 25 and 26, he announced yesterday.

Rev. Austin will also preside over the conference, June 24.

Mrs. Austin will accompany her husband and besides her duties as pianist will teach a course in evangelistics.

Mr. and Mrs. Austin will leave about Tuesday.

Epsom Salts Used To Kill Hoppers

Oklahoma farmers are using Epsom Salts to war against grasshoppers, according to L. E. Haskett Farm Editor of the Childress Index. Haskett quoting a dispatch from Norman, Oklahoma under the date of June 12 said:

"Wide interest has been aroused in a cheap grasshopper control formula, the work of Dr. and Mrs. Hubert W. Frings, by which common Epsom Salts is substituted for the usual poisonous arsenic. The results obtained with the grasshopper control are said to have been successful and at so low a cost that inquirers to both Stillwater and Norman have come from many arts.

The formula as used by Oklahoma farmers follows:

"Bran, 60 to 65 per cent; molasses, 15 per cent; Epsom salts, 20 to 25 per cent, and enough water to moisten into a mash which can be scattered without being too thin or to thick.

"Research workers state that years ago Dr. V. R. Harber of Pennsylvania State College discovered that Epsom salts is poisonous to insects. He asked other entomologists to give the simple house hold purgative, reducing remedy and poultice a trial in their control methods of chewing insects. It now appears that the Epsom salts substituted for the five per cent arsenic is just as effective and much cheaper as well as being absolutely harmless to livestock, poultry, human beings and birds.

"In Maine Epsom salts have been included in a formula to fight wheat wireworms and in Pennsylvania against bean beetles."

Hopper Poison Being Distributed Here

Distribution of poisoned grain to Donley County farmers for the fight against the grasshopper menace started yesterday, according to County Agent H. M. Breedlove.

Over 400 sacks of brand were received Monday and a supply of arsenic Tuesday.

The mixing station is located at the rear of the Clarendon Grain Company's building and farmers may obtain the grain from the county agent at that place.

Train Schedule Change Is Announced For June 20th.

D. F. Wadsworth, local agent for the Fort Worth and Denver railroad announced today a change in train schedules for Clarendon to become effective Sunday, June 20. The change is as follows:

Last Half of 1936 Taxes Due In June

Penalty and Interest Increase Monthly

The last half of 1936 Taxes for Donley County fall due during the month of June, and if not paid by July 1st, will become delinquent, it was announced today by Glenn Churchman, Deputy Tax Assessor and Collector.

All unpaid 1936 taxes which were not paid by the half payment plan became delinquent on February 1, and these bear a penalty of six per cent through June. On July 1, all unpaid taxes take a penalty of eight per cent and draw six per cent interest, plus the redemption costs.

The 1935 delinquent taxes during June carry a penalty and interest of fourteen per cent, while 1934 taxes, and taxes for previous years, carry a twenty per cent penalty.

"The penalty and interest is increasing each month, and it will be of interest to the tax payer to see that his delinquent taxes are paid as promptly as possible in order to avoid the high penalties," Mr. Churchman said.

Credits On License Tags From Destroyed Cars Not To Be Refunded

In the future credits will not be granted on license fees paid on destroyed motor vehicles, deputy Tax Collector, Glenn Churchman said today after receiving a letter from Gibb Gilchrist, State Highway Engineer.

The letter enclosed a copy of the recently passed House Bill No. 781 which said in substance that the practice of rendering affidavits, for license plates from wrecked or destroyed automobiles, in order to obtain a refund on new plates, would be eliminated.

Baptist Young People's Revival Well Attended

Attendance at the Young People's revival, being conducted at the First Baptist Church, is steadily increasing, according to Rev. J. Perry King, who says the number is expected to reach 200 before conclusion of the work, Sunday.

Miss Helen Gardner is in charge of the Adult class and Kelly Barnett is leading the Young People. Miss Nola Hasty is in charge of the intermediate and Mrs. J. H. Hedrick the beginners and primaries.

The classes have two fifty-five minute periods each evening with an inspirational address between the sessions.

Following is the remaining program: Wednesday evening, "Christian Realities"; Thursday evening, "Athens of Jerusalem"; Friday evening, "A way to God"; Saturday evening, "Enduring Gifts"; Sunday morning, "The Power of Endless Life"; Sunday night, "Where to Youth."

Report Change In Dove Hunting Law

Season Will Open At Same
Time In All Parts
Of The State

Will J. Tucker of the State Game Fish and Oyster Commission announced this week a drastic change in the migratory game law which will require amending the state hunting seasons.

Tucker was advised by the U. S. Biological Survey that hereafter the open season on shooting doves in Texas will apply to all parts of the state at the same time. The First period to shoot doves will be from the 15th of September to October 15. The second will be from December 1 to January 16.

The season will run concurrently with the quail season and the white wings season will also be made to conform.

Regardless of the state seasons on game shooting in violation of the federal regulation making the hunter liable to prosecution.

The present session of the legislature will likely be asked to change the state seasons to conform.

New white wing seasons were passed at the regular session of the legislature which ended May 22.

Three Bills Vetoed By Governor Allred

AUSTIN, June 16—Three more bills passed at the regular session of the legislature succumbed today as Governor James V. Allred again exercised his power of veto.

One would have remitted certain ad valorem taxes to East Texas counties where taxable values have declined because of federal land acquisitions for reforestation purposes.

Another amended the law authorizing leasing for mineral development of penitentiary lands. Its purpose was to remove conflicts in terms of the leases.

The third proposed exemption of county mutual insurance companies from the tax provided for support of the state firemen's relief and retirement fund.

Counties which would have profited by the tax remission were San Jacinto, Polk, Houston, Trinity, Walker, Angeline, Shelby, Sabine and San Augustine.

The governor said that while the federal government's action had worked a great hardship on the counties the condition would not be cured by the state's assuming the burden of financing local county government.

Patrick Will Act As Toastmaster For This Gala Occasion

C. V. Terrill Will Speak
From Mainstreet Platform
At Two O'clock

Invitations are being mailed this week to Old Timers of this section who are eligible for the Pioneer luncheon to be held in their honor at the First Christian Church, Saturday, July 3, at noon, as part of the mammoth celebration of the 50th anniversary of Clarendon.

The invitations are being addressed to everyone who is listed with the Chamber of Commerce but in some instances a name may be over looked, J. R. Gillham, secretary, said in stating the committee urges all Old settlers to attend. W. H. Patrick will be the toastmaster.

Other plans for the Fiesta are going forward nicely. C. V. Terrill, Chairman of the Texas Railroad Commission, will be the principal speaker of the evening. He will address the crowd over the public address system probably about 2 o'clock Saturday afternoon.

The tentative program released yesterday by Gillham gave the singing contests (open to any community in the trade territory, for class and quartet singing) will be held at 10 o'clock in the morning. Cash prizes of \$20, \$10 and \$25 for group singing and \$10, \$5 and \$25 for quartet singing.

If entrants warrant interest the Old Fiddlers contests will be held at one o'clock as scheduled.

Stock has been secured for the 4-H and F. F. A. Clubs rodeo which is on the program for 2:30. To be held at the College Field, this attraction will feature calf roping, broncho busting, steer riding and horse racing. Winks Adams will give exhibitions with his trick horse.

BISHOP TO TALK HERE

Bishop E. Cecil Seman of Amarillo, will preach at the St. John Episcopal Church here Sunday evening at 8 o'clock, it was announced by Rev. Newton C. Smith, local rector.

The Bishop is well known as an interesting talker and the public is cordially invited, Rev. Smith said.

Burglary Near McLean Is Cleared By Confession

Guy Pierce, sheriff of Donley County, said last night that he had obtained a written confession concerning the burglary of the John Nelson home near McLean about the 9th of May.

Arrested on two counts of burglary in Wheeler County, the suspect, giving his name as Tom Barnes, of Arkansas and Oklahoma, told Sheriff Pierce of the McLean looting when confronted in the Wheeler jail, the officer stated.

A rifle and razor, identified as part of the loot, was recovered, Barnes will not be returned to Clarendon for a few days.

Youths Arraigned Here On Charges of Burglary

Two youths were arraigned on burglar charges here Tuesday afternoon following a daylight robbery the same day in Rockledge, when food stuffs and \$10 in money were taken from the home of G. J. Garret.

Bond was fixed at \$1,000 each. The youths, Tad O'Malley, Rollings, Wyoming, and Lesley Sharp, Detroit, both giving their ages as 19, were arrested in Alanreed and returned by Sheriff Guy Pierce of Clarendon.

The Garrets were away from home at the time of the robbery, but the youths were observed by a section crew.

TEMPLE OF TRUTH By the Apostle

Temporarily away from the land of long and lonely stretches, it is great to hear of the continued rains. In our beloved Panhandle of harsh canyons, high mesas and undulating hills and green valleys, rain is even more necessary than in the days when "the coyote's undulating chorus was the lonely cowboy's nocturne."

With women ever reaching out for masculine territory in the matter of dress, men are becoming more effeminate, in dress at least. Looking at the inmates of a dude ranch at short range brings a surprise. Those disposed to play because of an overplus of wealth, or for mere show, dress simply.

for the feminines of the dude ranch is described as "rough woven material and bradded together at the seams." The women have the masculine portion of the dude wardrobe. The ponies they ride or attempt to ride, are plow plugs on a pension or furlough after becoming wind broken in the cotton field. They are at least gentle. This is a description of some of the exteriors of a central Texas dude ranch. They are no doubt more elaborate in the big West.

The Fiesta Bag is designed to advertise the big show this summer over at Ft. Worth. Its principal value lies in the fact that it is doing free advertising for the show, though the user pays a big price for the lady's bag.

Speaking of advertising, the Fiesta crowd of Ft. Worth has set aside thousands of dollars for billboard advertising, but nothing for newspaper advertising just yet. It is naturally presumed, of course, that the weekly papers will run the pictures and do all the boosting necessary without charge. Why pay the gullible for a space commodity when so many are willing to part with it without charge?

Every publication in the state should crack down on all this show business, big and little, Dallas, Ft. Worth or any other place and demand cash for every inch of space used in promotion.

What is political economy, anyway? Who ever heard of anything political being economical?

Texas offers many, many advantages to those who want to get out and look around even if for but a few days. Within thirty minutes from where I sit, one has an abundance of scenery. Beautiful woods, running streams, rocks of many ages and a fine bunch of folks to associate with. Right over in Palo Pinto county, too, Col. McClure, native stockman, showed the writer around, reviewed his-

tory and finally wound up at the Taylor museum. This is the private affair of a groceryman. In fact the exhibit, in hundreds of curiosities, is displayed on one side of the grocery store. Scientists from many lands have looked at a skull about the size of a coyote's, but cannot determine its origin. The skull is modern, shows no place for teeth, but has across the top from ear to ear a bony ridge two or more inches in height. The writer suggested to Mr. Taylor that it might have been a "Hodag." Having been deprived of the advantages of this column for several years, the gentleman was unable to form a mental picture of the Hodag.

Pity those whose lives are hedged by walls, and whose trails are paved highways. It is the rough country where nature is most lavish with her entertainment.

The Milling Sanitarium where GW and I are making our 'home' for the present, stands out like a beacon in the stormy seas of life, beckoning storm-tossed human wrecks to its haven. Most of them come as a last resort after all other help has failed. Most of them are restored to their loved ones sound and well. Walking across the reception room is a man of perhaps 65 who came here two weeks ago a victim of creeping paralysis, unable to walk. Today he walks and proudly displays his skill with as much gusto as an athlete. Woman's ills, rheumatism, St. Vitus's Dance, stomach disorders, prostate gland, and practically every form of human affliction is treated here. The cures are marvelous. But no more marvelous than the patience of the doctors, or the kindness of the entire staff of employees connected with Milling's Sanitarium, owned and managed by Dr. H. H. Milling. Drs. W. H. Brown and R. Z. Able have been on the staff with Dr. Milling for several years. They number their patients by the hundreds, and grateful friends by the

thousands. A visit to this sanitarium from curiosity alone, is well worth your time. If you are at the point of giving up, come here. Many a mother at the cross-roads has come here, staid a few weeks, and returned home to happiness. They will gladly tell you about it. This article is written, and every statement made in grateful recognition of the help rendered my family and myself.

GW, who, because of arthritis and rheumatism, finally got to the point to where she had to eat like a prairie dog, can now feed herself like a human being after taking treatment here at Milling's eight days. She's really much, much better.

Quite a number of children are here at present for correction of crossed eyes, epilepsy, soft bones and what not. Among the younger set is Harold Blanton, aged 13 of Goodnight. Harold was brought here a week ago by his uncle, Martin Davis. Harold is doing nicely, and is a fine manly fellow to stay here by himself. Every one is his friend.

Looking over the Amarillo News which I read religiously every day, it is noted that Line Rider Vance Johnson, he of the younger set, dotes much upon Mulligan stew and bakes pies as the gastronomical paradise of the modern newspaper man. It is a far cry from the old-timer who smoked a pipe, wore his shoes on top of his desk and indulged in a Dutch lunch every Saturday night. Often more frequently. That same old-timer would probably classify the moderns as "softies."

The second criminal impulse is "churchitis" in which the accused seeks to hide his heinous reputation. It may be a desecration, but the environment is better.

One evidence of a real hick town is where some of your neighbors won't take time to speak to you when you meet them on the street.

Dallas wants the state to turn over to them the Hall of State at the Centennial location, but they want the state to make necessary repairs. The building cost the state a million dollars less than a year ago, but is about to fall down, the roof leaks and the walls are crumbling. One official allowed as how the matter called for an "official investigation" to determine whose was the fault. A number of people will not enter the building, it is said, because of the faulty construction. It may develop into a scandal yet since Texas taxpayers have a right to know why they have been swindled out of a cool million at one whack.

Ladies who read this column to keep up with the latest styles will not be disappointed though the old Apostle is away down in the sticks. Naw sir! The newest note in the use of skins, (animal, not snake) they are to be worn horizontally this coming season rather than vertical, whatever that means. The idea is to have a streak of hairy skin on the shoulders that will hide protruding hips that might counter balance to a degree that would off-set a symmetrical Adonis higher up. Collars? None at all, girls. This because hair is to be worn longer just as soon as the hot season passes. Another note that will be appreciated is that the furriers announce blue fox and opossum will be the favorite skins. Texas is noted for her fine possums, none the less than for her fine looking women. But who would have thought that a possum would ever been used to hide hips?

Dentists are soon to quit advertising or carry their troubles to the courts. The Legislature passed a bill to this effect recently. It may spread to all forms of advertising later if this can be put over successfully. The lawmakers had time, space, green grass and the rising sun to play with, but somehow they jumped on the modern dentists. The demand for haywire things brought birds of a feather together forcing upon the public the ineffably ridiculous.

"I'm proud to own HUDSON'S 2,471,047th CAR"

As soon as I saw this Hudson... found how much more it gave me than any other car priced anywhere near it... there wasn't any question. I knew it was the car I wanted. I had heard a lot about Hudson's No. 1 performance, roominess, safety and other features. Believe me, now I know what they mean to a Hudson owner. I've put this car through all its paces, and found it's

No. 1 in every way they say... and more. A company that has built over 2,470,000 cars certainly ought to know how. And my car is all the proof I need that Hudson is "top." I've got a fine automobile... with a fine dealer behind it. Real service is just as important as a real car... and that is going to add a lot to my enjoyment.

Says --- Local Doctor Owner of HUDSON'S 2,471,047th CAR

And there are others, just as great, waiting here for YOU!

It's great to be able to prove everything we claim for the cars we sell. We proved it to this owner, and he's proving it again for himself every day. What's more, our other Hudson and Terraplane owners agree. They'll tell you, to a man: "I'm driving America's No. 1 Car." What cars smashed 40 American Automobile Association stock car records on the Utah Salt Flats... beating the best that any stock closed cars at any price had ever done before? A 1937 Hudson and Terraplane! What car set the 1000-mile endurance mark at 86.54 miles an hour? A stock

model 1937 Terraplane! What car traveled 2104 miles in 24 hours, averaging 87.67 miles an hour in the most punishing test ever given a stock car? A stock model 1937 Hudson! What car beat every other Eight in the Los Angeles-Yosemite Economy Run, with 22.71 miles per gallon? A Hudson Eight! And what car beat every other leading low priced car in the same run? A Terraplane... with 22 miles per gallon. See the cars that are No. 1 in performance, endurance, size and roominess, economy and safety! The proof is waiting for you. Come in today!

Special Display of new Hudsons and Terraplanes now on! Come in and see America's No. 1 Cars. Ask about the new low-cost Hudson-C.I.T. Time Payment Plan—terms to suit your income.

MISS EUNICE GRIGGS IS BRIDE OF DR. BUFFINGTON IN PRETTY CEREMONY AT MILLER HOME

Wichita Falls, June 15—Beauty and simplicity marked the ceremony at which Miss Eunice Griggs daughter of Mr. and Mrs. C. E. Griggs, became the bride of Dr. Fred Courtney Buffington, of Norman, Okla., Saturday evening at 8 o'clock at the home of Mr. and Mrs. L. E. Miller, 1605 Austin Ave. cousins of the bride.

The nuptial vows were read by Rev. Henry A. Morton, pastor of the Grace Methodist church.

The couple stood before an improvised altar of ferns and palms. Large baskets of gold calla lilies and matching candelabras holding lighted gold tapers were on either side of the altar, and another basket of gold calla lilies banked the mantelpiece.

Proceeding the ceremony, Miss Anna Mary Lowe played "Conzone Amara" (Venetian Love Song) by Nevin. Mrs. Lalar Wilkerson of Seymour sang "Because" by D'Hardelot and the Bridal Chorus from Lohengrin was played as the processional. Miss Lowe also played softly "Salut d'Amour" (Love's Greeting) by Edgar and "Melody in F" by Rubinstein during the ceremony.

Mrs. V. J. Drew, sister of the bride, was matron of honor, and Virgil Drew served as best man. Mrs. Drew wore a beautiful hand-embroidered rose net gown over rose taffeta and carried an arm bouquet with satin. In her hair she wore a tiara of sweetpeas.

Bride's Costume

The bride, who was given in marriage by her father, was charmingly gowned in white organdy, fashioned with a tight-fitting bodice and rippling skirt over white taffeta. Lace was inserted every few inches from the waist to the bottom of the skirt and also in the short circular sleeves. The neckline was high with a soft collar. Tiny white taffeta-covered buttons adorned the front of the dress.

She wore a tiara of lilies-of-the-valley and carried a shower bouquet of calla lilies and lilies-of-the-valley. For "something old," the bride wore a gold pin which was given by the groom's grandfather to his bride 55 years ago.

The wedding took place on the 39th wedding anniversary of the bride's parents, Mr. and Mrs. C. E. Griggs, and the eleventh anniversary of the bride's sister, Mrs. C. W. Gallaway, and Dr. Gallaway of Clarendon, Texas.

Mrs. Griggs wore navy blue sheer with white accessories. Her corsage was pink sweetheart roses Mrs. F. E. Smith of Eagle Lake, Texas, mother of the bridegroom, wore navy blue chiffon with matching accessories. Her corsage was of Talsman roses.

Reception

Immediately following the wedding, an informal reception was held, at which the bride's chosen colors, gold and white, were further carried out. The punch bowl was covered with an Italian cut-work cloth and was centered with a three-tier wedding cake, decorated with hand-moulded gold calla lilies. Crystal candelabras holding lighted gold tapers were on either side.

Mrs. L. E. Miller served the cake after it was cut by the bride, and Mrs. Betsy Henry of Mineral Wells presided at the punch bowl. Mrs. C. W. Gallaway of Clarendon presided at the bride's book.

The couple left for a wedding trip to Colorado. Upon their return they will be at home in Norman, Okla.

For traveling, Mrs. Buffington chose a black and white marquisette dress, made on Redingote lines, with accessories of white. She wore a corsage of white roses.

Out-of-Town Guests

Out-of-town guests for the wedding were: Mrs. F. E. Smith of Eagle Lake, Dr. and Mrs. C. W. Gallaway, Mr. and Mrs. Fred Bunlin, Mrs. E. M. Ozier, and Mrs. Bill Thornberry, all of Clarendon, Mr. and Mrs. J. R. Griggs and Mr. and Mrs. T. Y. Benefield of Vernon, Mrs. Lalar Wilkerson of Seymour, Mrs. Betsy Henry of Mineral Wells, Miss Billie Clark and Jerry Layme of Oklahoma City, Mrs. Cole of Nocona.

Dr. Buffington is a graduate of the University of Oklahoma Medical school. He did his pre-medical work at Oklahoma A. & M. in Stillwater, Okla., and served his internship in Wisconsin General hospital, Madison, Wis. At present, Dr. Buffington is connected with Dr. Clifton in Norman, Okla.

THE BARS OF FATE

I stood before the bars of Fate,
And bowed my head disconsolate;
So high they seemed, so fierce their frown.

I thought no hand could break them down.

Beyond them I could hear the songs

Of valiant men who marched in throngs;

And joyful women, fair and free,
Looked back and waved their hands to me.

I did not cry "Too late! too late!"
Or strive to rise or rail at Fate,
Or pray to God. My coward heart,
Content, played its foolish part.

So still I sat, the tireless bee
Sped o'er my head, with scorn for men,

And birds who build their nests in air

Beheld me, as I were not there,
From twig to twig, before my face,

The spiders wove their curious lace
As they a curtain fine would see
Between the hindering barn and me.

Then, sudden change! I head the call
Of wind and wave and waterfall;
From heaven above and earth below

A clear command—"Arise and Go!"
I upward sprang in all my strength
And stretched my eager hands at length.

To break the bars—no bars were there;
My fingers fell through empty air.

Ellen M. Gates.

TO MEXICO CITY

Miss Clarinne Allensworth will leave June 28 for Mexico City where she will study Spanish at the National University of Mexico.

Miss Allensworth will also visit a classmate at Mexico City.

Many Looking Longingly At Speakership

AUSTIN, Texas, June 16—"Who will be the next speaker of the house?"—this is the big question which intrigues every member as the session ended.

It may be said that at this far away date—the election of a speaker will be in January, 1939—Bob Alexander of Childress has a big head start, a long lead on all others.

Mr. Alexander, a conservative, clutched, 37-year-old farmer, holds a big lead because his friends put him in the race first and because his friends know he is able, and popular and influential leaders from all sections are working for him. These include Judge A. T. McKinney of Huntsville; Walter Jones of Atascosa; Augustine Celaya of Brownsville; A. B. Tarwater of Plainview and George Moffett of Chillicothe.

A question heard on all sides whenever the next speaker is mentioned is: "Will Emmett Morris run? The Houstonian always has a strong bloc eager to see him wield the gavel. In the forty-fourth legislature the gavel was virtually within the reach when he learned his close friend, Coke Stevenson, wished a second term and so Mr. Morris stepped aside.

Both Alexander and Morris are popular and conservative and it will be tough, indeed, for their friends if both run.

This is the third term for Mr. Alexander, the fifth for Mr. Morris. Judge McKinney in the last few days has circulated petitions on which there are many names, for Alexander for speaker. Incidentally, McKinney himself is mentioned as a possibility.

How to Save People From Drowning Given

No Elaborate Equipment Is Needed To Save A Life

AUSTIN, Texas—"No elaborate equipment is needed to save a life from drowning," is the opinion of Dr. Geo. W. Cox, State Health Officer. "In fact, actual harm has been done by the misuse of so-called lung motors. Modern resuscitation apparatus has been perfected so that oxygen and carbon dioxide can be used without inflicting more damage to cases of asphyxiation and drowning. It is tragic enough to have a drowning accident, but it is far more tragic if no one present at the time knows how to save a life by artificial respiration.

"The prompt application of artificial respiration is of primary importance, and for this purpose the prone pressure method is the easiest simplest and most effective." This should begin at once and continue rhythmically until natural breathing is established—this may take four or more hours.

Procedure:

First: Kneel, and straddle the patient below the hips placing hands on small of the back with fingers over the lowest ribs, tips of fingers just out of sight.

Second: With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.

Third: Swing backward while counting one, straightening up and thus relieving pressure—this allows air to be drawn into lungs.

Fourth: Rest in this position for two counts.

Fifth: Repeat these movements

rhythmically, forward and backward, without interruption, about twelve to fifteen a minute, until natural breathing is restored.

Sixth: Meanwhile, if assistance is at hand, a physician should be sent for, the patient's tight clothing should be loosened at neck, chest, waist and he should be kept warm.

The patient should not be moved until he is breathing normally and then should not be allowed to get up but should be carried in a lying position to a place where he can be kept warm and receive medical attention.

Gold Rivet Is Lost As San Francisco Begins Dedication Rites

SAN FRANCISCO, June 16—The golden "last" rivet in the Golden Gate Bridge became the lost rivet today when it shattered beneath a pneumatic hammer, somewhat disrupting dedication of the \$35,000,000 structure, longest suspension span in the world.

The rivet valued at more than \$400, was donated by Charles H. Segerstrom of Sonora, who had fashioned it himself of gold from the historic old southern mines district.

Arching 4200 feet across the harbor entrance, the new bridge is the greatest single suspension span yet built. With its approaches the structure totals 9000 feet in length.

REDDITT SAYS ALL SCHOOL MONEY TO BE PAID ON TIME

AUSTIN, June 16—John S. Redditt, chairman of the senate finance committee, expressed the opinion today that full payment of the \$19 per capita scholastic apportionment would be made by the end of the fiscal year, Aug. 31. He said that on May 31 there was a balance of \$2,291,630 in the available school fund and in order to pay the remaining \$4 per capita by the end of the year it would be necessary to have \$6,266,042 on hand. Based on the rate of receipts during the first nine months, he estimated income would total approximately \$7,650,000 leaving a cash balance of \$1,383,958.

F. F. A. CONTINUES TO OUT-MUFF RIVALS; CHAMBERLAIN WINS

The F.F.A. boys continued with their carnival of errors and missed 15 chances to give the Chamberlain club a 27 to 21 softball win Thursday night. The farmers pushed over 11 runs in the first inning and apparently had the game salted away but eight walks, combined with the errors caused their downfall. Cornell of the F.F.A. led the hitting for the night with four singles and a double out of five times. Gillham, also an F.F.A. got three singles and a double in five times. Isham led the Chamberlain contingent with two one basers and a circuit clout in five trips. Gillham, pitching for the club boys, struck out 12 of the Chamberlain crew.

16 Per Cent Gain In Farmers Income

WASHINGTON, June 16—A 16 per cent gain in farmers' cash income from marketing of principal farm products in the first four months of 1937 was reported by the Bureau of Agricultural Economics this week. Economists placed the January-April, 1937, total at \$2,322,000,000 compared with \$1,997,000,000 in the like period of last year. Government benefit payments sent the total up to \$2,604,000,000 compared with \$2,050,000,000. The April cash income amounted to \$583,000,000 compared with \$493,000,000 in the same month of last year. Government payments totaled \$76,000,000 compared with \$37,000,000. A 650-acre deposit of coal tar near Palestine, Tex., will provide the raw material for a new aniline dye plant at Houston, the first in the Southwest. These dyes, expected to be of unusually high grade will be used as the base for paints and inks. The deposit, to be mined at a minimum rate of 100 tons a day, is said to be sufficient to last 300 years.

WEEKLY SERMONETTE
 FROM THE
CHURCH OF CHRIST
 * M. F. Manchester, Minister *

The Bible is the subject for this weeks sermon, and I hope it will encourage everyone to appreciate their Bible more than ever before. The Bible is the book that came from God, and was given unto man to guide him in the way that is right.

David says; Thy word is a light unto my feet, and a lamp unto my path. PS, 119: 105. Therefore the man who is not following the teaching of the Bible, is walking about in the paths of sin and darkness, and knoweth not weath he goeth.

If you are in this condition you should read, PS 119: 130 which is as follows: The entrance of thy word giveth light, it giveth understanding unto the simple. Great peace have they which love the law; and ncthing shall offend them PS, 119:105.

The law of the Lord is found in the Bible and no where else. The

Bible is inspired by the Holy Spirit, sent from God. And that from a child thou hast known the holy scriptures, which are able to make the wise unto salvation, through faith which is in Christ Jesus. All scripture is given by inspiration of God, and is profitable for doctrine for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works. 2. Tim., 3 15: 16.

We would like to say more about the Bible, and its history but space will not permit, therefore I will use the rest of my space in showing the difference in the Old Testament, and the New Testament. The first division of the Bible is called the Old testament, and was given to the Jews, and the Jews only. No gentile enjoyed the blessings of the old testament unless he was a proselyte, or bought with Abraham's money. The old covenant was given by God, to Moses on mount sinai, and was to last until Christ came.

Paul says: Wherefore then ser-

vedth the law, or the old testament, which was done away with—e-To which was to be done away when the seed should come. Gal., 3: 19. The seed was Christ, see Gal. 3: 15.

For the law was given by Moses but truth and grace came by Jesus Christ. St. Jno. 1: 17.

Took old covenant out of the way, and nailed it to the cross. Blotting out the hand writing of ordinances, which was against us, nailing it to the cross, Col., 2: 14.

Old Testament sealed with blood of animals. See, Heb., 9: 18

New: Blood of Christ: Neath by the blood of goats and calves, but by his own blood he entered once into the holy place, having obtained eternal redemption for us, Heb. 9: 12.

Old Testament Faulty.: For if the first covenant had been faultless, then should no place have been sought for the second. Heb. 8:7. But now hath he obtained a more excellent ministry, by how much also he is the medeator of a better testament, which was es-

tablished on better promises. Heb. 8: 6.

The New Testament is in force to day, and we must look to it for our salvation. In the book of Acts we learn how to become christians, and the twenty one letters written to the churches, teach us how to live a christian life. The last book in the Bible, the ,of Revelation, shows the final triumph of the church. Read the Bible to be wise, and obey its cammandments to be holy.

Laura Black of Amarillo spent the week end in Clarendon.

Mark Spurgeon was an Amarillo visitor Saturday.

Clara Belle Pounds of New Castle is visiting her aunts, Mrs. T. Jones and Miss Cora Ferris.

Mrs. Della Mahaffey of Santa Anna, California is visiting her son Slayton, here this week.

BETTE'S BACK IN BEST FILM

Absent from the screen for nearly a year, Bette Davis who won last year's Academy Award as the greatest dramatic actress in pictures, comes to the Pastime Theatre on June 23-24-25, in "Marked Woman," the First National expose of clip joints, which critics declare gives Bette her strongest role and her greatest emotional opportunity.

Underworld Story "Marked Woman" Showing Three Days

Noteworthy in several respects is the First National melodrama "Marked Woman," starring Bette Davis and featuring Humphrey Bogart and Eduardo Ciannelli in addition to a number of other prominent players, which will have its local premiere at the Pastime Theatre, Wednesday, June 23 and continues through Thursday and Friday.

For one thing, it brings back to the screen, after a rather extended holiday, the slim blonde emotional actress who last year won the coveted gold statuette of Academy of Motion Picture Arts and Sciences for the best performance by any feminine player.

For another, it has a strong and vivid story dealing fearlessly with the plight of a group of night-club hostesses who are the unwilling tools of a big-time racketeer and his ruthless gang.

Miss Davis is shown as one of a group of hostesses who are under the domination of the boss racketeer. The other girls are Isabel Jewell, Jane Bryan, Lola Lane, Rosalind Marquis and Mayo Method.

Ciannelli, the menacing villain of "Winterset," plays the head man of the rackets, and Humphrey Bogart, who was one of the traitorous "Black Legion" in his last screen appearance, is the fearless prosecutor.

Lloyd Bacon, whose forte is strong melodrama, directed the picture from an original play written especially for Miss Davis by Robert Rossen and Abem Finkel of the Warner staff.

Miss Virginia Wisdom, who is now employed in Amarillo, spent Sunday here with her parents, Mr. and Mrs. C. H. Wisdom.

Donley County Leader, \$1.50 a year.

Mrs. O'Hair at Quail, Wayne and Betty Lou Naylor stayed with grandmother Arnold while the Porter Arnold family were away.

Mr. Nelse Roberinson took the Derrick family to Estelne Sunday to the bed side of Mrs. Derrick's brother in law Mr. Frasier. Mrs. Derrick and daughter Pearl staying over.

Mr. and Mrs. Jiggs Mosley of Amarillo visited her mother Mrs. H. L. Riley Sunday.

Misses Bertie Brunson and Sibley Burlinson of Amarillo visited with Mrs. Charles Corder the past week.

Mr. and Mrs. Jeff Nance visited in the J. C. Longan home Sunday. Mr. and Mrs. Breedlove of Clarendon were Sunday guests in the Nelse Roberinson home. They visited in the Longan home in the afternoon also.

Nell of Windy Valley visited Miss Inez Skinner Friday.

WAR DECLARED ON UNSAFE TIRES!

News from the Front by **EDDIE RICKENBACKER** Ace of War Aces

FROM my "reserved seat" in the sky amid the thunder of anti-aircraft guns, I have seen our boys mowed down on shell-torn battle fields like blades of grass. Yes, I thought that in those hectic years of strife the loss of American life had reached an all-time high.

But I was wrong. In 1936 nearly 38,000 American motorists were killed in accidents. In the past 15 years nearly 450,000 Americans have lost their lives in traffic accidents. Included in this appalling total are thousands of motorists who are killed or injured every year when blow-outs throw cars out of control—thousands of car owners who do not seem to realize that one great factor in safe motoring is safe tires.

EDDIE RICKENBACKER

Goodrich has mobilized an army of 36,000 Goodrich dealers whose main objective is to replace unsafe, tread-worn tires with new, safe, full-treaded tires—tires that provide motorists with real protection against high-speed blow-outs.

Their ammunition is the Goodrich Safety Silvertown—the only tire built with the Life-Saver Golden Ply. This is a layer of special rubber and full-floating cords, scientifically treated to resist the terrific blowout-causing heat generated inside all tires by today's high speeds. By resisting this heat, the Golden Ply prevents the great, unseen cause of high-speed blow-outs.

Keep off the 1937 casualty list. Join the "safety first" army by starting to ride on Goodrich Golden Ply Silvertowns today. Remember, these life-saving tires that also give you months of extra trouble-free mileage actually cost much less than other super-quality tires. Come in today.

HEAT CAUSES BLOW-OUTS. PREVENT THESE BLOW-OUTS WITH THIS HEAT-RESISTING GOLDEN PLY

Dalhart To Honor XIT Ranch Hands

Annual Reunion To Be Held August 9-10th.

DALHART, June 16 — Honoring the men and women who lived on the famous three-million acre XIT ranch, the Second Annual XIT Ranch Reunion will be held in Dalhart August 9-10. It was held at Fort Worth last year.

Prominent in every successful community entertainment in the past several years, S. E. (ECK) Brown, has been chosen general chairman of the Reunion, announces Roy Taffinder, secretary of the chamber of commerce.

Charles Shultz and his clowling retinue; a two-day rodeo with more than \$750 in prizes; an old relic and piho exhibit, a chuck-wagon dinner the first night for all the old XIT waddies and a dance each night is just a starter for the program, said Mr. Brown today.

The chamber of commerce is arranging a motorcade to take every XIT man and woman to Buffalo Springs, 30 miles north of Dalhart, No. 1 division of the noted ranch, from where two-year-old steers were trailed each year to Montana to be finished as four-year-olds.

Rich in pageantry, the event will roll back the curtain of the years bring the Old West and the New West together in the greatest entertainment Dalhart has ever attempted, Brown declared.

Geraldine Pratt Is Honor Graduate At University Of Texas

AUSTIN, June 15.—The accolade of graduation with honors was laid on 180 seniors at the recent spring commencement exercises of The University of Texas. The list of honor graduates among the 1,063 candidates for the various degrees included Geraldine Pratt of Clarendon, who received the bachelor of arts degree with honors.

Highway - Railroad Grade Crossing Accidents On Increase

FORT WORTH, June 16.—Fatalities resulting from highway-railroad grade crossing accidents in the first two months of this year totaled 332, an increase of 38 compared with the corresponding period last year, the Safety Section of the Association of American Railroads announced today.

In the first two months this year, 1,017 persons were injured in such accidents compared with 996 in the corresponding period in 1936. Report showed 874 accidents at highway-railroad grade crossings in the two months' period this year, an increase of 41 compared with the first two months in the preceding year.

Saturday is the day of greatest frequency for highway-railroad accidents, analysis show. In approximately 79 per cent of the accidents, the train speed was less than 40-miles per hour.

Rains In This Section Does Not Mean Future Prosperity

CHILDRESS, June 16—Heavy rains throughout the Panhandle section of Texas does not mean future prosperity. Droughts have prevailed in Northwest Texas since the beginning of time, and will visit this section in future years.

In the summer of 1886 farmers in Wilbarger County stopped Fort Worth and Denver passenger trains, riding to Fort Worth without payment, because the country was suffering from drought.

The year 1892 started another drought period, continuing for four or five years, when the grass almost disappeared from the soil. There were dry summers for four years, with cattle dying by the thousands throughout this section.

After that period other droughts have visited all of West Texas, but none so serious.

Farmers and cattlemen should not forget, but plan year after year to meet drought conditions when it comes. Trench silos can be depended upon to give actual assistance to farmers and cattlemen.

12,000 Acres Added Resettlement Area

Success of Venture Calls For Expansion In Plains County of Hockley

AMARILLO, June 16 — Purchase of slightly more than 12,000 acres of land in Hockley county, Texas, as an addition to the Texas Rural Communities, community type farmsteads project at Ropesville, Texas, was announced today by Regional Director L. H. Hauter of the Resettlement Administration, through Ralph R. Wills, head of the Resettlement Division in Region Twelve.

The new acreage when divided into farm units will comprise approximately 95 farmsteads, including the present 33 units. Present plans for the new units provide for farmsteads of about 180 acres each.

Moreover the additional units will include pasture lands. A field crew is now on the project to study the soil and various other features which will eliminate the maximum number of farming hazards. Portions of the land lying on steep slopes, in lake beds or, because of peculiar types, are more subject to erosion, will be retained in grass.

The addition to the Ropesville project carries an authorization totaling \$450,000. A study is now under way to determine the advisability of setting up a community and cooperative service for the farms.

Farmers selected to resettle on the new additions, Mr. Will announced, will be taken principally from the Panhandle-Plains area of Texas, and those with a thorough knowledge of dry land farming practices. They will be compelled to pass a rigid inspection as to character, ability and stability.

"We shall emphasize a careful selection of families for these new farm units," said Mr. Will. "We intend to use a method similar to that used in selecting families on the 33 units. We will demand a good class of people because the people already living at Ropesville are that kind."

The initial units at Ropesville were completed in 1935 and were taken over by Region Twelve of the Resettlement Administration with headquarters in Amarillo, in September, 1936. The project has been branded as one of the finest of its kind in the United States. The farmers living there apparently are headed for economic security in spite of shortened crops in 1936. Ropesville Community is eighteen miles southwest of Lubbock, Texas.

NEGRO CHARGED WITH AGGRAVATED ASSAULT

R. L. Williams (colored) was facing an aggravated assault charge this morning after complaints were received by the sheriff's department of a disturbance at the George Kennedy farm south of Lella Lake.

According to Sheriff Guy Pierce, Kennedy called his office saying the negro had been quarreling with his (Williams) wife most of the night.

Shortage of Laying Hens In Prospect For Fall And Winter Months

COLLEGE STATION, June 16—A heavy shortage of laying hens, with a corresponding increase in egg and poultry prices, is in prospect for the fall of 1937 and the early part of 1938, according to George P. McCarthy, assistant poultry husbandman of the Texas A&M Extension Service.

McCarthy said that high feed costs and low prices for poultry products had resulted in the heaviest culling program in recent years. The unfavorable price picture has also resulted in a decline in the purchase of baby chicks, McCarthy pointed out that commercial hatcheries have reported a 35 per cent decline in the sale of baby chicks.

With better egg prices in prospect, McCarthy urged that poultry men give their pullets every chance to come into early production and to maintain production. "Poultrymen who feed their pullets properly during the summer and give them every opportunity to develop will be well repaid during the fall and winter," he said.

Not much chance exists of any unforeseen increase in the number of laying hens before well into 1938, according to McCarthy. June and July chicks have never proved profitable, and commercial hatcheries have suspended operations for the summer.

PROWLERS BUSY

Anyone observing a suspicious car at night is asked to notify the sheriff's department at once, according to Guy Pierce who said last night that petty thievery is occurring almost nightly.

Wednesday night prowlers were scared away from the Knight's dairy after dragging one sack of feed through a window.

Mr. and Mrs. Glenn Riley and Patsy Smith of Dumas spent the weekend in Clarendon.

CEMETARY FUNDS LOW

The trustees of the Citizens Cemetery announced this week that funds, to carry on the work of keeping down the weeds and grass, are entirely exhausted. In cards mailed Tuesday the trustees asked that any persons interested in making donations to do so at once.

Fossil Found Near Here, Now In Canyon Museum

CANYON, June 16—A complete skeleton of a Florida sea-turtle, which weighed 300 pounds is a new exhibit at the Panhandle-Plains Historical Society Museum. This turtle is an example of one of the largest reptiles now in existence. In the Museum is a fossil turtle which weighs approximately the same amount which probably lived a million years ago.
