

PUPIL APPORTIONMENT SET AT \$22 TUESDAY

No Ad Valorem Tax Reduction Is Seen as State Board Hikes Per Capita \$3

Approximately \$4,700,000 more will be received by public schools of Texas, from the per capita apportionment, starting next September 1st.

The board of education voted Tuesday, 6 to 2, to boost the allotment from \$19 to \$22 per scholar. An effort to set it at \$21 had failed on a tie vote.

The action apparently crushed hopes for a reduction in the state ad valorem tax for school purposes. Gov. Allred pointed out the levy could be abolished if the apportionment was continued at \$19 and added he would like to see the ad valorem tax get a break.

Proponents of the increase to \$22 said a reduction in the tax rate would benefit only large property holders. They pointed out that homesteads up to \$3,000 valuation already were exempt.

Mrs. Nathan Cox Elected President Club Board

At a meeting of the Club Room Board held Wednesday, vice president Mrs. Nathan Cox was elected president of the Board to succeed Mrs. Ralph Andis, resigned.

Mrs. Will G. Word was elected vice president. Mrs. C. E. Bairfield, Mrs. Ernest Hunt and Mrs. W. G. Word were appointed on a committee of Club Room repairs and improvement.

Five Clubs were represented at this meeting. They were Pathfinder, Clarendon Senior and Junior H. D. Clubs, Mothers Club, 1930 Book Club. Clubs not represented, but holding membership, were Senior and Junior Les Beaux Arts Clubs, and the American Legion Auxiliary.

John McCarty Comes Down For Show Saturday

Among the 'nobility' to put in appearance here Saturday was John L. McCarty, editor of the Amarillo News. Mrs. McCarty accompanied him. They were guests of the pioneers at the noon luncheon where he made a typical McCarty pioneer talk.

McCarty is a plains product, gifted writer and poet. His speaking engagements cover practically every field of thought in the Panhandle where he is equally at home before any kind of an audience. Hall fellow and well met, few, if any, are more popular with the masses than is John McCarty.

Former County Clerk Now With Local Bank

With the resignation of Miss Annie Bourland, the same position was offered to and accepted by Miss Lottie E. Lane who becomes official secretary of the Donley County State Bank.

Miss Lane served several terms as county clerk, has held stenographic positions with law firms, and filled other positions requiring office training and extreme accuracy.

563 Lives Paid to Celebrate July Fourth

Violent deaths in the two-day celebration of the nation's 161st birthday reached 563 men, women and children, believed to be the highest in history.

A total of 310 were injured on streets and highways, and 142 drowned Sunday and Monday. Three children and a man died from fireworks. Texas' death toll reached 25.

Grasshopper Poison Kills Cow On Kennedy Farm

You never can tell what a cow will do, stated Mr. Garner on the Tom Kennedy farm west of town. One of his favorite cows nosed around to find a sack of hopper poison. She ate enough of it to kill her early this morning.

Annual Hillcroft Golf Invitation For August 15-16th.

If present plans materialize, the annual Hillcroft Invitation Golf Tournament will be held here Sunday and Monday, August 15 and 16, it was decided here yesterday.

This year's play was advanced to August because of inclement weather always encountered in September.

The Donley County open will probably be held in September.

The invitation yearly attracts topflights from over the Panhandle but is the cake of the locals with the title only being carried away from home over once or twice.

DONLEY COUNTY'S BANK DEPOSITS STEADY DESPITE EXPECTED DECLINE

Despite the normal decline in bank deposits at this period of the year, Donley's are expected to hold steady or show a slight increase as compared to three months ago.

Only three banks had reported officials figures last night but an estimate by the fourth set the figures at approximately \$926,883.97. The March call showed \$926,841.75. The call received Tuesday was for the conditions as of June 30.

While banks in the wheat belts showed uptrends ranging from \$350,000 to \$892,000, wheat played only a minor part in Donley. Only 10 cars had been shipped from Clarendon, Tuesday.

First Christian Church To Close Meeting Friday

The meeting at the First Christian Church under the direction of E. Gilbert Cays will close Friday, July 9, Rev. Robert E. Austin announced Tuesday.

The topic tonight will be "What I Would Do if I were The Devil." The closing topic for Friday night is "Not Far From The Kingdom."

Rev. Austin said the Church as a whole wished to thank all who have supported the meeting. He said they wished to thank the other Churches for their cooperation and especially the Baptist and Rev. King for bringing his mid-week meeting to the services last Wednesday night.

Returns From Vacation Trip To Colorado Points

After spending several days with her niece, Mrs. Price Whitlock and husband at Ft. Collins, Colorado, Mrs. R. L. Bigger finds the climate of West Texas just as refreshing as the fabled vacation country. She was accompanied by her niece, Miss Geraldine Pratt.

Mrs. Price Whitlock returned with Mrs. Bigger and will visit relatives and friends here and in Amarillo.

Mrs. J. T. Wilson Remains Critically Ill

All of Mrs. Wilson's children have visited here the past few days, some of them remaining with her constantly. Mrs. Fannie Rector and Mrs. John Goldston reside here.

Others of the family are Mr. and Mrs. Roy Wilson; Mrs. Blanche Williams of Dalhart; Mr. and Mrs. Dewey Wood and children of McLean; Ernest Wilson of Dallas; Mr. and Mrs. Jarrett Wilson of Pampa. All have been making frequent visits here to be with their mother.

BIRTH

Born to Mr. and Mrs. W. W. Noblet, Sunday, July 4, a boy, named Wayman William.

MISS ANNIE BOURLAND

A resident of Clarendon thirty-seven years, twenty-one of those years being spent as official secretary of the Donley County Bank is a most worthy record. Miss Bourland resigned her banking position to enter the life insurance field. She is now insured with the Aetna company of Hartford, Connecticut.

Three of Oldest Towns Represented By Clarendonites

Oldest Panhandle Towns Are Mobeetie, Tascosa and Clarendon

While Mobeetie, Tascosa and Old Clarendon are the oldest towns in the Panhandle in the order named, only the remnant of Mobeetie remains as a postoffice. Clarendon was moved to the present site in 1887. Tascosa ceased to be in the early '90s, the courthouse being used for years as headquarters of the Bivins ranch.

At the luncheon here Saturday, Mobeetie was represented by Mr. and Mrs. J. H. Hurn of Clarendon who moved to that section in 1901, and continue to own land near there where they resided several years.

Mrs. Sella Gentry arrived at Old Town (Clarendon) in 1883. The home was formerly in Clay county near Cambridge where her father was a farmer as well as a rancher. His wheat field covered some 1200 acres at that time.

Mrs. J. B. McClelland and husband came from Virginia to Old Town in 1886. The trip was made by rail to Harrold, thence by stage to Old Town. After a short time, they moved to their new home about halfway between the present site of Clarendon and Old Town.

Tascosa was represented by J. C. Estlack whose parents moved to that frontier town in 1883. All of the above named old-timers were present at the pioneer luncheon here Saturday.

Lovells Take Vacation Trip To Hopkins County

Leaving today, Mr. and Mrs. S. H. Lovell expect to spend several days in Sulphur Springs with their daughter and husband, Rev. and Mrs. C. H. Russell. Russell is pastor of the Methodist church.

Both Mr. and Mrs. Lovell have many relatives in that section. They formerly resided in Commerce for several years. Mr. Lovell had the Leader address changed so they could keep up with home news while on a vacation trip of some thirty days.

Gas Reduction Remains At Standstill As City Commissioners Wait

City commissioner T. M. Pyle said yesterday the gas rate reduction situation remained the same and "the only thing to do now is to wait and see if the bills are reduced in August."

Pyle said that although the council had not heard from the company's home office, D. R. Davis, local manager, had informed him the cut was forthcoming.

Pyle stated that Davis had told him the reason for the delay was the city-gas company rate fight of a few years ago which was handed to the Railroad Commission.

Lack of Law Violations Over Fourth Complimented By State Patrolmen

Boyce Long, state highway patrolman, who was on duty in Clarendon during the celebration, Saturday, reported "very favorable" concerning law violations.

In complimenting Sheriff Guy Pierce and his department, Long said he had worked in many towns on holiday celebrations but Clarendon's record was unexcelled.

Local officers reported the week end very quiet. Only one arrest was made during the entire week-end.

Federal Government Allots Over Million to Needy Texas Pensioners

The Federal Social Security Board at Washington announced Wednesday the allotment of \$1,605,672 to the state pension fund for the first quarter of the fiscal year beginning July first.

This fund supplements the state appropriation from specific taxes. Of the federal allotment of \$3,100,236 Wednesday, Texas received more than half.

CROWD ENJOYS STUNTS RECALLING EARLY DAYS

Old-Timers Enjoy Luncheon Program

Photo Is Taken of 50-Year Residents; Mayor Patrick Presides as Toastmaster

At the noon hour, 225 pioneers who had resided in the Panhandle for 40 years or longer, were given a luncheon at the First Christian church with Mayor W. H. Patrick presiding as toastmaster.

Fellowship and a neighborly spirit of the old days was in evidence as the more aged entered into the speaking with a zest interspersed with humor. C. V. Terrell, chairman of the State Railroad Commission made the first talk. He was followed by J. Clude Wells, editor and co-publisher of the Memphis Democrat who made the big hit of the speaking session mixing wit and humor with common sense.

Other speakers, each with a message appropriate to the occasion, included Judge W. R. Ewing of Pampa; Judge H. S. Bishop of Amarillo; Roy Stocking of Plainview; Mrs. J. D. Stocking of Clarendon; E. H. Watt, Giles; Mrs. J. B. McClelland and Mrs. Sella Gentry, each of Clarendon.

Ed Hartzell, old-time Denver engineer and resident of Childress; John Potter of Midway; Mrs. F. Richmond P. Bowlin of Hedley; John McCarty, editor of the Amarillo News each made interest remarks. P. A. (Dad) Buntin, sang a song which he learned more than sixty years ago, and typical of the thoughts of those of elder years.

Residents of the Panhandle for more than fifty years were photographed on the steps of the church at the close of the session. In this picture are the faces of Mrs. Emma Terrell, Mrs. Sella Gentry, Mrs. R. A. Chamberlain, Mrs. Ida B. Atteberry, Mrs. G. W. Antrobus, L. R. Dean, M. E. Bell, C. C. Gilbert, Cal Merchant, Mrs. Sarah M. Stocking, J. C. Estlack, W. C. Culwell, A. H. Baker, J. H. Hurn, W. R. Holder, Mrs. Emma Hathorn, Roy Beverly, Roy Stocking, Mr. and Mrs. J. D. Shaw, C. W. Taylor, P. A. Buntin, Ed Hartzell, Mrs. John Beverly, Billy Robinson, J. L. Reid and Mrs. J. H. Myers.

J. L. Reid of Lelia Lake, just past 90, was the eldest pioneer present. He has made his home on the same farm for more than fifty years. Though not feeling his best because of a recent illness, he did not forego the pleasure of meeting with other pioneers as has been his custom in years past.

More Poison Arrives As Hopper War Continues

War on grasshoppers continued in full swing this week with the arrival of 20 additional tons of government bran for poison mixture.

The 20 tons received Tuesday brought the total for the county to 60 tons.

Farmers report the fight successful but the hopper hoard is alarmingly strong.

Loss resulted in wheat by the pests weighing down stalks, below the combines. One farmer said the hoppers had left almost his entire early maize field white by eating only half of the grain.

Clarendon School Band To Go To Memphis

The Clarendon High School band will participate in the Memphis annual "Old Settlers" reunion, July 23, director Ray Robins announced yesterday.

Robins also said beginners band practice would be held Monday afternoon at one o'clock instead of 9 o'clock as usual. The change will be for the one day only, he said.

Carries Two Lobos In His Pants

Sally Rand is said to have used a fan when appearing in abbreviated garb. Our hero had no such modern feminine adornment. It happened way back in 1896 when Jim Christian of Claude was cowpunching. Lobo wolves were a menace in that day more than now. Discovering a lobo with eight whelps, Jim dispatched the mother wolf.

He wanted to take the young home with him but had no way to carry them. Necessity being the mother of invention, Jim's mind gave birth to an idea may pronto. He pulled off his pants, tied the bottoms of the legs and put four lobo whelps in each leg. In this manner he easily took them home horseback. It might have been two to the leg, but he took them just the same.

Mr. Christian is president of the Panhandle Old Settlers Association, and a mighty fine man.

Morgan Visits Birth Place Down in Old Hopkins

Looking over an old log house in good repair constructed more than a hundred years, and the birthplace of both himself and father, was the experience of J. S. Morgan last week. This is one of the earliest homes in Hopkins county built when Indians and Mexicans alternated to give the first white settlers plenty of trouble where Birthright is now located.

With Mr. Morgan was his wife and daughter, Mrs. Jess Calcott and children of Amarillo.

They visited relatives and friends of the long ago in Hopkins county. A side trip was made to Atoka, Oklahoma to see Mr. Morgan's sister, aged 77, and whom he had not seen for 15 years. The trip of some 1,200 miles was made in a car in use ten years without any trouble even so much as a puncture, Mr. Morgan stated Tuesday.

Visit Ruidoso and White Sand Country

Returning here Tuesday night, Verna Lusk has some interesting stories to tell of a week end visit to the Mesquero Indian reservation and the White Sands between Alamogordo and Organ, New Mexico.

The trip was made primarily to take Mrs. A. O. Hefner to the Hefner lodge on the Ruidoso where she makes frequent stays for her health.

In the party were Mr. and Mrs. A. O. Hefner, Mr. and Mrs. Verna Lusk and son Bobby. Mrs. Hefner remained for an indefinite visit.

Baptist Pastor to Conduct Revival at Cross Plains

Having accepted an invitation of the church there, Rev. J. Perry King will leave Monday to begin a revival at Cross Plains, Callahan county. The revival will begin the 14th and close the 25th.

The pulpit at the First Baptist church here will be supplied by a minister to be selected by the deacons during the absence of pastor King.

Mrs. King and son John Burton, will visit with relatives at Ballinger during the absence of Rev. King in revival work.

S. A. Pierce Jr. Is Reported Seriously Ill in Colorado

Sheriff Guy Pierce and father, S. A. Pierce, left this morning for Lewis, Colorado, in response to a telegram received last night stating S. A. Pierce Jr. was in a critical condition.

The telegram stated S. A. Jr. was in a hospital, but failed to name the institution.

Additional information could not be obtained at press time today.

Cows Die From Eating New Sudan Grass Monday

When a bunch of milk stock got out of the lot and into a sudan patch on the M. M. Nobles farm Monday while the family was eating supper, two of the cows were almost dead when discovered. A total of four head died from bloat despite all that could be done.

Paying tribute to the Pioneers of the Panhandle, hundreds of persons thronged Clarendon streets for the 50th Anniversary and "Old Settlers" reunion, Saturday, July 3.

The program which officially began at 10 o'clock in the morning, entertained to crowds until for into the night, a street dance climaxed the full day.

Goldston Wins Singing. Following concerts by Clarendon and Memphis bands, as the first feature of the day, the singing contests, were held on the main street platform. Goldston made a clean sweep by winning first in both the class and quartet group. Director Clyde Hudson was presented with checks of \$20 and \$10 as prizes.

Sunnyview, under the direction of Jim Cannon, won second place in the class but were third to the Earthman quartet.

A quartet under the direction of Mrs. Joe Crawford did not compete but sang by request.

Mrs. John Arnold gave a reading on the Pioneer spirit of the west which was followed by a community singing.

Terrell Speaks. C. V. Terrell, Chairman of the Texas Railroad Commission, was the principal speaker of the day. In his address from the platform, Terrell told the group of the organization of the commission and its duties. He stressed the value of oil conversation in Texas saying schools received \$13,000,000 annually from royalties. The University of Texas and A&M College receives \$26,000,000, he said.

On the platform with Terrell were Claude Wells, Memphis publisher; T. T. Waggoner, Claude publisher; Judge W. R. Erwin, Pampa; Judge H. S. Bishop, Amarillo; District Judge A. S. Moss, Memphis; Mayor W. H. Walker, Shamrock; Mayor Vester Smith, McLean and A. W. Biffie, Texarkana, Texas.

Shortly after two o'clock the parade formed, composed of cowboys and cowgirls, the Clarendon and Memphis bands, floats of clubs and organizations bearing banners of the Lions Club, Campfire girls, 4-H Club, Pathfinder and others.

Hugh Brown, a pioneer who still maintains a buggy, also participated in the parade. He escorted Miss Jo Ella Stewart who was dressed in old time costume.

Rodeo Big Feature. One of the highlights of the day was the 4-H and F. F. A. clubs rodeo, which packed all the thrills of a professional troupe.

In the pony race, G. C. Whatley of Groom paced the field nosing out Pat Salvin and Floyd Lewis who were second and third.

In the steer riding event, John Howard Gilbert was first, Darrell Bailey second and Clyde Peabody third.

THAT IMMUNE CRIMINAL CLASS.

The daily papers of the past week have carried accounts of some of the most brutal murders, vicious crimes and acts of pure cussedness possible to be conceived by rape fiends and child murderers. The Dallas jail is said to be holding in check twenty-one "insane" sex maniacs "who should be placed in an asylum for safe keeping," according to a leading physician of that city.

Why should the taxpayers of any state be obligated to maintain in respectability insane criminals? Why pet and coddle this class when thousands of deserving crave an opportunity to attend school that they may become more useful citizens? Why waste time and money in a lost cause?

When a crime as hideous as hell is committed, the fate of the guilty party is largely determined by the ability of a criminal lawyer. That lawyer's ability is measured in terms of money. If the accused has money or resourceful backers, the ability to defeat the cause of justice is readily accomplished. The unethical criminal lawyer disregards his oath and obligation to humanity and stresses every avenue that the criminal may be turned loose upon the public to again repeat a dastardly crime.

Socalled sex murders are largely a modern invention. Seldom is death meted out to the guilty. This encourages other specimens of the scum of humanity to venture into a world of crime inhabited only by demons who find pleasure in bruised, broken and torn bodies of innocent and helpless strewn along a slimy path that leads from the doors of uninterested lawmakers to perdition. The screams of the ravished child-victims of the sex murder has placed him in the lowest ranks of the beast kingdom. Those who find "insanity" a convenience, deserve death. Nothing less.

SURVIVAL OF THE FITTEST.

Daily papers fail to report much of the labor struggles now in process. Without taking sides with either capital or labor, one may inquire if orderly process of law has broken down. Are we tolerating civil war unconcerned?

A Denver visitor Monday tells this writer of inter-state truck drivers striking in that city. Battles with clubs, brickbats and guns have been fought within the past week. Did you see anything about it in the daily papers?

Then again, right down here in our beloved Lone Star state, Emma Tenayuca, organizer of WPA workers in San Antonio puts on a show. This Mexican woman of 20, represents the Workers Alliance of America. She and her assistants are jailed.

Down in the Rio Grande Valley Alonso Salinas of San Benito, is the king bee of the WAA, an affiliate of the A. F. of L. The price of cotton picking and fruit gathering is the bone of contention. Farmers are protesting. More heads have been cracked. Laborers from other sections brought in have been attacked. Fields and orchards are being picketed.

The gas strike at Ft. Worth continues. First hand information there would indicate the public cares nothing for the interests of the gas company. The citizens and the gas company have been having innings in court for several years. More heads have been bludgeoned. Pickets patrol and Rangers roam the streets to see that crime does not become too rampant.

Many students of public matters blame it all on the dole system. When men could do no better, they say, they accepted small wages. Now that conditions are improving, they want to grab the whole thing.

We who live in the Texas Panhandle are more than fortunate. Our citizenry represents the highest class of law-abiding children of Uncle Sam's domain. We prefer to live in a manner acceptable to a people who represent a class of which ninety percent are native born whites. Half of the remaining ten percent were brought to this country in infancy, and are thoroughly acclimated.

"specials" on the exchange list, but yours was so well balanced as to ads and news that we examined it closely, and I am sure we got some good ideas."

PUBLIC OPINION

The Leader staff has received many congratulatory messages from both the press and individuals complimenting the "50th Anniversary Edition" of the Donley County Leader. A few of these valued compliments are here given that other friends might share in them.

"Allow me to congratulate you on your "50th Anniversary Edition" of the Leader. Its completeness and neatness make it well worth filing away for future reference."

The above comes from Mr. Blake of Amarillo, for more than thirty years a publisher and printer in Clarendon. No man living today has more accurate, first-hand knowledge of early Panhandle newspaper history than Mr. Blake after spending near a half century in the profession in northwest Texas.

The next comes from that brilliant young journalist, Jimmie Gillentine, editor of the Hereford Brand.

"Every one in the office thought your paper was unusually good, and I especially enjoyed the historical stories. Everything considered, I think that it was one of the best balanced papers I have seen. Somehow, I got a real kick out of the Leader. We get lots of

"The Donley County Leader, owned by J. C. Estlack, published a Pioneer Edition on June 24th advertising the 50th anniversary of Clarendon. There were three sections to the issue, totaling 24 pages. Many historic points in and around the city were described in the issue. News and advertising along with feature stories and editorials were well handled by the Leader staff."

"Some one put out a good birthday issue. Lots of historical matter. Good reference for students and new-comers."—A. W. Gerner, Lelia Lake.

The next is comment by The Publisher's Auxiliary, a national printer's journal of Chicago, as appearing in their issue of July 3, 1937.

Congratulatory messages have been received from other publishers in Texas, Kentucky, Georgia, Utah, South Dakota, Colorado, New Mexico, Oklahoma, Kansas and Missouri.

TEMPLE HOUSTON

Temple Houston, son of General Sam Houston, represented a senatorial district of 57 counties in Northwest Texas. There are thousands now living in this large area who well remember the colorful Temple Houston.

The story of Temple Houston and his life in the Panhandle has never been adequately written. The first issue of the Panhandle Herald July 22, 1887, mentioned that Temple Houston had come to Panhandle in regard to a homestead he had established near this city.

Carson county records of the early days are filled with notations of the appearance of Houston in local courts. One of the most famous cases in which he participated concerns a local minister who is charged with the murder of his wife. Because of the limited population of Carson county, this case was transferred to Wilbarger county. Houston lost the case, as the defendant was given a death penalty and the prisoner was hanged.

W. N. Stokes, of Vernon, a new associate justice of the 7th judicial district of the court of civil appeals in Amarillo was the court reporter at that trial. At the joint meeting of the Lions and Rotary club here this week he told about this case.

John L. McCarty, editor of the Amarillo Daily News, has under consideration the writing of a life of Temple Houston. His family has turned over boxes of documents to McCarty who is considering wheater he can take the time to write the story. It is believed that hundreds of incidents concerning his life could be unearthed by making a thorough check of newspaper files and court records in the Panhandle counties.

Such a biography would do a lot to place the Panhandle in a proper light in a literary way. J. Everts Haley has made a step in his story of the life of Col. Charles Goodnight. If Mr. McCarty cannot undertake this work, it is hoped that some one else, equally as capable, can write the story of Temple Houston.—Panhandle Herald.

AREN'T MEN FUNNY?

By Ruth Vesely
My father looks as if he'd burst
If Mother reads the paper first.
He acts a very martyred man
If she sits down with it to scan
The news or read about a tea
Or study a new recipe.

And so, in just a little while,
My mother with a knowing smile
Says, "Take it, darling. I am
through."
But I'm afraid that isn't true,
She always picks it up again.

Men, I guess, can't wait a
minute
To get the Leader and see
what's in it.

TEMPLE OF TRUTH
 By the Apostle

Burned Near Right.
 Most every one knows what a man will do. He will do as little as he can get by. When it comes to women, nobody knows what they will do. In Sioux Falls, S. D. a bunch of women have organized what they term a "Spank You Club." Only women spanked by their husbands are eligible. The preamble of the Club reads: Spanking makes wives happy, prevents divorces, makes them think more of their husbands and creates a better understanding. There may be a lot of truth in that. When the average peace officer is called upon to "wangle" into headquarters a husband who has been beating his wife, that officer knows that the main defense witness will be the woman who, as a wife, complained of the cruel treatment. When the spanking husband is haled before "hizzoner," the court, the wife talks as though her family has been insulted, and that her husband is the best man in the world. Ask your peace officer if this isn't a fact.

Hick Towns.
 Hick towns are recognized better when the fire whistle blows. All those who can, beat the fire machines to the blaze and get in the way. Others often block the streets with their cars before the fire wagon gets to the blaze. After all, it is a fine old custom to go to the depot and help get the passenger in on Sundays.

Believe It Or Not!
 Brownwood, Texas has two newspapers. Each is published by men of the same name and initials. Wendell Mayes. They are cousins.

Day of Reckoning.
 A fellow here Saturday said Sunday had gotten to be simply a 'day of reckoning.' He was so used to it that it caused him no worry. But on the way home, he was pinched by a traffic cop. He classified the latter as "simply a hell of a mess."

Then and Now.
 The old boy who used to roll his own, get off his horse and drink out of a mud puddle, now has a six-foot son who smokes tailor-made, rides in a swell car and drinks beer. More than that. He has a giddy-headed gal half dressed and known as a 'car hopper,' bring it to him. At least some do.

Historical Renovations.
 Bachelor Bill attended the debating contest at Hog Jaw Saturday night where a good time was had by all. Squire Fizzle, father of Ima, and a district candidate for WPA directing, took charge of the honor of introducing the debaters. The subject up for discussion was: "Resolved that Christopher was a greater man than Columbus." After listening to both sides for two

hours, the judges finally concluded the Indians discovered the whites first, and rendered a "draw" decision. One of the ladies got insulted when a debater charged that "an Indian was declared a savage because he painted his face." That was the reason the constable closed the session instead of Squire Fizzle.

Building New Business.
 Leaders in the labor racket find it pays so much better than legitimate business that honesty will soon be as old-fashioned as the horse and buggy.

Don't Believe It.
 With all the safety measures taken over the week end of the 4th, and all the talking and official protection in person, the idea just didn't jell. A large number managed to get their names included in the "killed and crippled" list in Monday morning papers.

Cactus and New Deal.
 Republican tourists through the southwest in examining the multi-colored cactus blossoms along the highways, claim the things are protected by thorns of malice conceived in political spite. Just alleged New Deal method of preventing the tourists from denuding the highways of all its beauties.

The Texas Planning Board estimates the 1937 Texas orange crop will exceed 2,000,000 boxes. The 1936 crop filled 747,000 boxes.

New manufacturing industry is coming into Texas at the rate of more than \$2,000,000.00 per month.

Texas is the largest manufacturing state south of the Mason-Dixon line.

PICNIC SQUIBS

If one had any question in mind about what the folks liked best at a picnic, the way the crowd hung on at the public dance Saturday night would convince them. Or was it just the good music? At least something kept them standing until the thing broke up. And did they have a good time, and how! The honors for that entertainment went to old Homer Mulkey. He had J. R. Gilham right in there pitching by his side all the way through. There was plenty of applause all the way through, and several have said it was the best part of the big show. Donley county has the best stringed manipulators in the Panhandle, and the best dance managers. The street dance was planned and some of the folks did not like it a bit when it looked like it was to be passed up. It was then up to somebody to put it over, and Homer Mulkey and John R. Gilham got in there and put it over in a big way.

Thos. T. Waggoner, aged 75, general ramrod of the Claude News was right on hand but could not dance on account of his hay fever. He does a lot of bowing and scraping when he shakes a hoof.

Then there was J. Claude Wells, ramrod of the Memphis Democrat who spilled a lot of truth when he said "the pioneers did not have any Santa Claus in Washington. They had to thresh out their troubles on their own hook." Neighbor Wells made the best talk at the pioneer luncheon.

Mrs. John Arnold of Silverton did her bit by reading an original poem dedicated to Clarendon's 50th anniversary.

Mr. and Mrs. Walter Hogg of Claude were down. They are among the oldest old-timers, in point of residence. Mr. Hogg is a relative of the best Governor Texas ever had.

All day long one could hear about what a fine thing it was to not have fireworks going off like the year before. The officials did a mighty fine job of it in keeping things quiet. The crowd was orderly all day and most every one seemed to be out for a good neighborly visit.

Roy Stocking was over from Lubbock, Roy is one of the real old boys of this section having been born in Old Town, it is said.

Another old timer circulating around all day and taking in the dance was Buster Culwell. Buster was a lobo trapper for the ranches when he was a kid way back in the early 80's, one time camped on the river north of town.

Sam Belew, foreman of the Chenault ranch, saw his first West Texas get-together Saturday and liked it. Drop in some time Sam when you are in town.

C. V. Terrell's talk naturally drew quite a bunch of men from the Pampa country since he was slated to speak on oil proration, and did. As chairman of the State Railroad Commission having charge of oil and gas control in general, Mr. Terrell was selected as principal speaker by the local Chamber of Commerce committee having the picnic in charge.

The complimentary lunch at noon Saturday for the pioneers was paid for by patriotic firms and individuals of Clarendon. The contributions were made voluntarily without regard to affiliation in any organization. This feature is said by many to have been the best part of the day's program since it gave the elders opportunity to visit, talk over old times in the good old pioneer neighborly manner unmolested. These old folks were shown every courtesy and made comfortable at the First Christian church where the luncheon was held.

Mayor Patrick did himself proud in keeping the old folks pepped up to the top notch all the way through.

The Memphis Gold Medal band members were special guests at the Pioneer luncheon. This was the only out of town band here. Fine bunch of boys receiving many compliments for their skill and excellent behavior.

Texas factories employ 180,000 people.

Farmed Pampa Townsite In 1892, Planting Cane

While in the employ of George Ting, a bit of farming was done by A. H. Baker of Clarendon. The field of the N-BAR-N ranch was where the town of Pampa is now situated.

The year was 1892, and a bumper crop of cane was planned, but it did not grow. That year was a bit dry and Mr. Baker states that thirty-five herds of cattle were removed to Montana.

Texas Has Vast Deposits Of Marble Materials

The "oyster age" of several million years ago laid down a bed of deep-sea shell limestone marble extending in a 400-mile diagonal from the Red river to the Pecos, about 40 miles wide and 1,000 feet deep. This deposit, Dr. Law's report said, contains "more marketable volume of this unusual type of marble than combined similar deposits of any five states."

At present this particular type of marble, whose polished cross sections reveal interestingly its oyster "ancestry" in ornate configuration, is not on the commercial market at all. In fact, thousands of acres of it have been "wantonly" crushed for use in road building, with no appreciation of its uniquely ornamental value.

Less distinctively Texan, but even more important commercially, Dr. Law said, is a similarly inexhaustible vein of dense limestone marble which outcrops over the counties of Burnet, Blanco, Mason, Gillespie, Llano, Lampasas, San Saba and McCullough. Resources of this deposit alone are equal to the marble contents of any two or three states in the Union.

"With about \$3,000 worth of quarrying equipment and a little time we could have supplied, from our own Texas deposits, the counterparts and equals of all the fancy marbles from Italy, Spain, France, Tennessee and Vermont that have made the State of Texas building an outstanding architectural triumph," Dr. Law said.

Selection of Walker For Local Grid Coach Throws Spotlight On Clarendon

WELLINGTON, July 7.—The step on the part of the Clarendon schools in electing Harold (Ches-ty) Walker, head coach, is expected to result in an increased interest for the grid championship for this district next year.

Coach Walker's Memphis men have met the Wellington Skyrockets several times during their reign, and his team was considered one of the best in the district.

Walker employs a brilliant, but sometimes unorthodox style of play, and fans will pay their money to watch his teams.

The Skyrockets, under Coach Joe Coleman, will meet the Clarendon club September 24th.

Reavis Will Not Enter Pan American Track Meet In Dallas

Hubert Reavis, Duke University track star, said yesterday he would not participate in the Pan-American track meet to be held in Dallas this month.

Reason for the decision was that he had been unable to work out properly. Reavis who is here for an extended visit with relatives will enter Duke again next year, he said, where he is majoring in psychology.

Clarendon Golfers Will Go To Shamrock Sunday

After last week's postponement, Clarendon golfers will meet the Cole Creek Country Club in Sham-

rock, Sunday, it was announced after a long distance telephone conversation Wednesday.

The locals spent an idle week end after their return match with Shamrock was called off last Sunday.

After the Shamrock go, the Clarendon shot makers may augment with Memphis to contest the Pampa Country Club Sunday week.

NOT GROWING OLD

They say that I am growing old; I've heard them tell it, times untold.

In language plain, and language old,

But I'm not growing old! This frail old shell, in which I dwell,

Is growing old, I know full well, But I am not the shell.

What if my hair is turning gray; Gray hairs are honorable they say; What if my eyesight's growing dim?

I still can see to follow Him. What should I care if times's old plow

Have left its furrows on my brow? Another house not made with hands

Awaits me in the Glory Land.

What though I falter in my walk? What though my tongue refuse to talk?

I still can tread the narrow way; My hearing may not be as keen As in the past it may have been; Still I can hear my Savior say, In whisper soft, "I am the way."

The outward man, do what I can, To lengthen out his life's short span,

Shall perish, and return to dust, As everything in nature must. The inward man, the scriptures say,

Is growing stronger every day. Then how can I be growing old, When safe within my Savior's fold?

Ere long my soul shall fly away, And leave this tenement of clay. This robe of flesh I'll drop, and rise

To seize the everlasting prize. I'll meet you on the streets of gold, And prove that I'm not growing old.

Cool Breeze And Clouds Hold Promise of Heat Relief

A cooling breeze and scattered clouds this morning gave promise of breaking the heat wave that has held the mercury over the 100 degree mark for the entire month.

Three times in the past week thermometer readings were recorded at 106. It dipped slightly Tuesday and Wednesday to 103 high for both days.

Following the last day of June, when the mercury only reached 99 degrees, readings mounted rapidly with 102 Thursday and 106 Friday and Saturday. Dropping slightly to 105, Sunday, 106 was again recorded Monday.

Cured of Rheumatism

The rheumatism hit me during the 1929 Fat Stock Show at Fort Worth, Texas. I went to the Doctor and he said it was caused by my teeth. I had the teeth pulled that were bad. Went to Hot Springs, New Mexico, took a course of baths, went home and got worse. Then I went to Marlin, Texas, and went through the Clinic. They said it was my tonsils, so I had them removed for the second time; took a course of baths, went home and got worse than I ever was. I then heard of the Milling Sanatorium at Mineral Wells, Texas. I took treatment for eight weeks. Went from there to the Cheyenne Frontier Days Celebration, where I took part in the roping, bulldogging and bronco riding, and have been doing it ever since and still feel fine.

"The Bride Was Lovely"

So often you hear the expression, "The Bride Was Lovely." Then, too, a description is given of her clothing.

The appearance of her clothing depends in a large measure upon the cleaner and presser of her choice, and the equipment he has.

Our success has been built upon years of experience and the addition of every modern facility with which to perform the service you have a right to expect. More thought is given to the study of fabrics than any other one thing. Each kind requires a different method. That's why our customers are not disappointed.

WEEKLY SERMONETTE FROM THE CHURCH OF CHRIST
 M. F. Manchester, Minister
INSTRUMENTAL MUSIC
 (Continued from last week)
 We gave our reasons in last week's Leader, or some of them at least, why we do not use instrumental music in the Church of Christ. We showed that the commands of the New Testament were inclusive and exclusive, and that therefore the command to sing, which is a specific term and excludes the use of instrumental music in the Church.
 We want to notice some arguments in favor of music in the Church. The first one: Music in homes, why not in the Church? To this we answer, that we may have a number of things in our homes that would be sinful to use in the worship of the Church.
 For example: The Church at Corinth had made a drunken feast of the Lords Supper. When you come together therefore into one place, this is not to eat the Lords supper, for in eating everyone taketh before other his own supper, and one is hungry and, another is drunken. What? What have you not houses to eat and drink in? Or despise you the Church of God, and shame them that have not?
 What? Shall I praise you in this? I praise you not. I Cor. II: 20:22.
 So you see the argument for music, on the ground of having in our homes, has no logic or force at all.
 The next plea for music, is based on the Prodigal Sons return. Luke 15 Chap. It stated that on his return home, they had music and dancing. It will be well for us to notice that they also killed the fattest calf, and placed a ring on his hand. Do we place a ring on the wanderer's hand, and do we kill a calf to celebrate his home coming to day? What is said of music, is also said of the ring and the calf, therefore if we must have music on this basis, then we must have the other also. If not, why not? It does not say the music they had was instrumental. It should be remembered that vocal singing is music.
 Some of our friends think they find positive proof, in Rev. 14:2, for the use of music in the Church. Here it is. And I heard a voice from heaven, as the voice of many waters, and as the voice of a great thunder, and I heard the voice, of harpers, harping with their harps.
 Let us examine this passage of scripture, with fairness and candor, and in the fear of God, and see if it authorizes instrumental music in the Church.
 John did not hear many waters (literal water) but the voice he heard was like the noise made by real water. The same thing is said about the harps. As harpers harping, harping with their harps. See R. V. of the Bible. It is also stated that John saw horses (in heaven), but we cannot have them in the Church. There will be golden streets in heaven, but we must walk on concrete here. By some it is contended that since they had instrumental music in old Testament times, we may also have it in the Church of Christ.
 It should be remembered that the Church is a New Testament institution, that, it did not exist and could not exist before the New Testament became operative, Heb. 9:16. In the old Testament times they offered animal sacrifices, EX 12. If we may use instrumental music on these grounds, then we must observe all the rites of the Old Testament, and Paul says if we do that, we are fallen from grace. Gal. 5:4. Again it is said by some, that we may play and sing also? To this we answer that the command is to sing, Col. 3:16 and not to play. If one Christian has a right to perform on a saxophone, all the rest have the same right, but a man cannot play a saxophone and sing at the same time, and the one that does so is disobeying the command to sing. What think ye of one who will not obey God's commandments.
 Instrumental music begin with the Catholics. The organ is said to have been first introduced into Church music by Pope Vitalian I in 666. In 757 a great organ was sent as a present to Pepin by the Byzantine emperor Constantine Corronmus, and placed in the Church of St. Cornelle at Cambrige. Soon after Charlemagne's time, organs became common in the Church. Chambers Encyclopaedia, Vol 7 pp. 112.
 We do not condemn instrumental music because it begin with the Catholics, but because its use is

"A CAR CAN BE ENTERED GRACEFULLY," SAYS GRACIE BARRIE

Above, incorrect way of entering car—placing left foot on right running board. Below, correct way of entering car—placing right foot on right running board.

"In spite of a lot of evidence to the contrary, it is possible to enter an automobile gracefully," says Gracie Barrie, featured singer of the Broadway production "The Show is On." Miss Barrie dropped into the new Broadway Hudson and Terraplane Showroom recently to inspect the display. It was during her inspection of one of the new Convertible Broughams that she discussed the possibility of entering a car without appearing in the least degree awkward.
 "I have seen so many people entering a car with labored and ungraceful effort, that I made a study of the situation and believe I have discovered a very simple but effective rule," said Miss Barrie. "It is simply this—if you enter on the right side of the car, place your right foot on the running board, and if you enter the left side of the car, step up with your left foot. You then simply have to pivot about and you are in a position to sit down gracefully. I have noticed that all of the awkward efforts some people make in getting into automobiles is simply because they did not step up with the correct foot first."
 At the conclusion of this, Miss Barrie kindly consented to pose for the correct and incorrect manner of entering a car with the result shown herewith.

Stars of New Picture, "Smart Blonde"

Glenda Farrell, now a wise crack girl newspaper reporter, and Barton MacLane, the toughest guy of the films, head an all star cast in a new series of adventure pictures, the first of which "Smart Blonde" opens at the Pastime Theatre next Wednesday, July 15th.

"Smart Blonde" Brings New Type To Pastime Theatre

"Smart Blonde," a mystery-comedy-drama from the Warner Bros. studios, which has its first local showing Thursday and Friday at the Pastime Theatre, will, it is promised, put on view for public approval a brand-new character—Torchy Blane, girl newspaper reporter.

The vivacious Glenda Farrell portrays Torchy, and with the aid of Barton MacLane as a police detective, solves a murder mystery which confronts her at the very beginning of the picture. "Smart Blonde" is the first of a series of comedy-dramas in which the dashing Torchy Blane will be the central figure, portrayed, of course, by Miss Farrell. Not since the days of the adventure serials like "The Perils of Pauline," "The Hazards of Helen," and the like, has there been a series of pictures with the same girl as the chief protagonist. But each of the present Torchy Blane pictures will be complete in itself, and altogether different from the others.

With Miss Farrell and MacLane in "Smart Blonde" are many other noted players, including Winifred Shaw, Craig Reynolds, Addison Richards, Jane Wyman, Charlotte Winters, David Carlyle and Joseph Crehan.

Dakotas Use Sawdust In Fight On Grasshoppers

The Bristol, (South Dakota) New Area, said in a story last week that poisoned sawdust was being used in the fight on grasshopper infestation in that area.

The paper said "The war on grasshoppers has started in earnest. Last Saturday a poison mixing station was set up near the depot and tons of the poison bait has been mixed with arsenic. As many as thirty cars have been noticed in the waiting line for turns to receive the two or three bags of the crop saving sawdust."

Mr. and Mrs. Ivo Peabody of Denver are visiting relatives and friends here this week.

AT THE FIRST BAPTIST CHURCH
J. Perry King, Pastor
There is Always Worship Fellowship :: Service

In seeking a solution of the present day attitude of Christian people toward soul-winning it would seem that we have lost sight of the Savior's ideal in service to society. We seem to have attained our ideal, or have no ideal, and are just drifting along in neutral. We need to lift high before us the ideal of Jesus - - - the perfect character of God - - - then press toward the mark, for the prize of the high calling which should characterize every Christian. An ideal that is low will produce ease and idleness. If one aspires to nothing better, years to nothing higher or nobler, then he will inevitably become fixed as he is or go back to lower levels in the spiritual life. Our ideal needs to have the quality of the infinite and the eternal in it, which would mean that no matter what mountain of attainment we may climb in the Christian life there is always a higher mountain of endeavor or character towering above us to challenge us to a higher climb.

The preaching, teaching and training service of your church affords the best opportunity for the study of such a life. Do not miss the best that life holds for you by failing to be in your place next Lord's Day. Just say, "this is the Lord's Day and I am going to let Him have His way in my life." You will be happy, we will be happy, and our town will be made a better place in which to live.

CLARENDON MOTOR COMPANY TO SHOW TALKING PICTURE HERE JULY 15th.

W. W. Noblet, local Chevrolet dealer, announces that he is sponsoring a program of interesting and entertaining talking Motion Pictures to be presented from the Chevrolet Automovie, the complete

theatre on wheels, in Clarendon on Thursday evening, July 15 at 8:30. This unit is mounted on a 201 inch wheelbase truck chassis and contains a theatre type sound

motion picture projector, amplifier, public address system and has its own complete Delco electric power plant. The unit is so constructed that the top raises and the pictures are shown on a translucent screen, which makes pictures visible to very large audiences.

This unit is in charge of a professional operator, thoroughly trained in this type of work. Every one is invited to attend the showing from this most unusual vehicle.

CROWD— (Continued From Page 1)

trant placing in the calf roping contest. Broncho riders were paid a flat rate of \$5 with no prizes given. The event was open to any one with Chief Bernard, Wayne Morrow, Guy Paterson and Fred East-erling taking part. The jack-pot calf roping also open to any one, marking a surprise when two youths captured the money over seasoned cowboys. John Blocker and Pat Slavin caught their calves to oust a group of JA boys.

Fiddling Contest. One of the largest attractions of the day was the old fiddlers contest at 5:30 when the crowd thronged around the main street platform to listen to old-time music. Joe David of Lelia Lake and A. W. Howard, Memphis won first and second places respectively. Other entrants were Jim Tidwell, J. H. Endsley and Price Griffin. The street dance that night climaxed the day of entertainments and was presided over by Homer Mulkey. Both the Negro Minstrel and Pet show were called off.

COUNTRY CLUB BARBECUE Members of the Country Club and guests enjoyed a barbecue and dance Monday evening. The club served barbecued beef and mutton and coffee. Members brought other food.

Funeral Mrs. King Held Here Sunday

Stewart will receive his M. S. degree from Texas Tech this summer where for the past three years he has been assistant laboratory instructor.

Dorothy Lucille DeVault, Canyon, last two years instructor in the Hartley schools. She will replace Mrs. Evans in the primary department.

Etoile Sirman, Pampa, was selected to teach English. Miss Sirman will take the place of Miss Willard Clayton.

Air Conditioning Appears To Be in Demand Here

With the installation of air conditioning at the Pastime Theatre several months ago, merchants found the idea in demand. The Piggly Wiggly grocery has a cooling system, and this week Dick Chunn installed a cooling system at the Helpy Sely laundry. T. W. Trussell means to afford his patrons every comfort and convenience.

Dick Chunn has moved his shop and stock to the Stewart building next to Clarendon Furniture store.

Cliff Ingram and family of Los Angeles are visiting his mother, Mrs. C. B. Ingram. Mrs. Ingram is visiting her brothers, Chas. and Ed Speed.

Elmer Chenault was acting Post Master at Lelia Lake Thursday and Friday of last week in the absence of Post Master C. H. Ellis, who attended the Celebration at Stanford.

Victors in the W. B. Sims home Saturday were Mr. and Mrs. Bela Martin of Amarillo, and Mrs. W. R. Silvey of Oklahoma City.

Mrs. J. A. Scoggins of Claude and grandson Muriel Scoggins of Crosbyton visited her daughter's family here, Mr. and Mrs. Ernest Hunt, on Monday.

Bill Word Jr. who has been confined in the hospital at Amarillo returned to his home here Sunday. He is reported to be greatly improved at this time.
