SUMMARY OF SIX AMENDMENTS TO BE VOTED ON AUGUST 23rd.

All qualified voters in Texas should go to the polls next Monday and express their choice of all or a portion of the six amendments that are up for consideration August 23rd.

Having been requested to make a statement on the merits or demerits of the six problems, the writer is herewith giving you his candid opinion.

Number 1 on the ballot seeks to abolish the liability of the stockholders of a state bank. At present they have a double liability. This is unfair and I am in favor of a change. I shall vote for this change.

Number 2 provides that the state shall take care of destitute children under 14 years of age by payments of

not over \$8 per month, with a \$12 limit to the family. This is a question as to whether a small 'pension' in the home of the child would do more than a state home. I do not think the average child would realize much since irresponsible people, in many cases, would administer the money. I shall vote against this amendment.

Number 3 is alleged to mean a return to the old fee system. If you read the wording carefully, you will find that it means nothing of the kind. It DOES mean that the voters favoring this measure also favor turning the matter over to the legislature allowing that body to set salaries. Here is the way it reads in the amendment:

"All district, county and precinct officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the Legislature."

That means that the Legislature will set the salaries of your officers from constable to district judge. It says as much. For that reason, and recalling the prosecutions under the old fee system, I am opposed to a change in the law. I shall vote against this amendment.

Number 4 would provide discounts for those who paid their taxes promptly. While the large property owner will profit most, the small property holder will profit in equal proportion. Anything that will reduce taxes will help. I favor this amendment.

Number 5 has only to do with Harris county. If they want it, that is their dog fight. I shall vote to help them out since no protests against the amendment are coming from Houston or Harris county.

Number 6 applies to all blind people of the state over 21 years of age, making provision that a maximum of \$15 may be paid to each person. This may result in a 'frost' similar to the pension act, but I'm for helping the hand-capped folks every time. I shall support the measure.

PICNIC SQUIBS

By Dick Cooke

IN HEDLEY WITH THE PIONEERS AT THEIR PICNIC FRIDAY—Mrs. W. C. Bridges, daughter of W. I. Raines, president of the association, gracefully declined a nomination as secretary of the organization by pleading, "It would be too much of a family affair." Her husband, Clyde, was a main factor in the smoothness of the program.

Incidentally Mrs. Bridges is a Donley County Pioneer in her own right. She (though you wouldn't believe it) has lived in this section for over 20 years. Hedley has been her home all of her life.

The abundance of good food which weighed down the tables, and the beautiful women on the grounds, gave evidence of why so many men have remained here for over 20 years.

Charles Dickson, the 92-year old youth, was enjoying the picnic in fine spirits. He is already looking forward to next year's gathering. He was chummy with his son, J. D. Dickson, also a pioneer, but he lives with a daughter, Mrs. J. Guill near Hedley. He came to this county from Jack county about 1907.

Mrs. Maggie Bailey, 91, was enthusiastic over the picnic. Her appearance also belies her age. She insists she is still "handy" around the house and can do dishes and carry water with the best of them.

J. L. Reed, 90, is still living on the land he settled on near Lella about 50 years ago. He emphatically stated he was going as strong as anybody.

Ed Butler, 82, owner of a cafe in Hedley, reminisced of the old days when he was cook at the big house on the JA ranch. He told of odd ways of preparing the plentiful quail for Mrs. Adair's dinners.

Rev. G. A. Oller insisted he was not to be compared with the oldsters. He appeared hale and hearty in his 81-years, and asserted "I'm just a kid."

Also enjoying the outing were W. P. Blake, 82, Amarillo, formerly the Old Clarendon Chronical editor; M. E. Jenkins, 85; Mrs. Johnson, 71; W. L. Sims, 79; G. W. Antrobus, 81.

Homer Mulkey, the master of ceremonies, came to Clarendon in 1903 from Claude where he had married. Besides the reunion he was celebrating the 26th anniversary of the Pastime Theatre which opened here August 13, 1910.

Although announced strictly unpolitical: seen at the picnic were W. G. Word, county clerk; G. G. Reeves, county commissioner; Guy Pierce, sheriff; R. Y. King, county attorney; S. W. Lowe, county judge. Judge Lowe and Judge W. T. Link also addressed the crowd.

Dixie Lee and Jack Mason, the

small songsters, were repeatedly called back to the platform. The 7 and 9-year old children were also invited to Amarillo to appear on the Cal Farley program.

Doss Palmer, Clarendon Ford dealer, refused the insistent calls of the audience for a song. Cal Farley stated applause from the crowd would bring Doss on the program, but the car dealer declined the clamor of all three of the persons.

LEGAL

BE IT REMEMBERED that there convened in the courthouse in Clarendon, Donley County, Texas, the Commissioners' Court of said County, on this, the 16th day of August, 1937, at a regular meeting thereof, and being present:

S. W. Lowe, County Judge; J. H. Hermesmyer, Commissioner, Precinct No. 1; G. G. Reeves, Commissioner, Precinct No. 2; Claud Nash, Commissioner, Precinct No. 3; W. P. Chamberlain, Commissioner, Precinct No. 4; and W. G. Word, County Clerk and Ex-Officio Clerk of the Commissioners' Court:

Among other business that came on to be considered was the matter of the consolidation of Voting Precinct Whitefish No. 8 with Voting Precinct Glenwood No. 19.

Motion unanimously passed to consolidate the two voting precincts, known as Whitefish No. 8 and Glenwood No. 19. The new voting precinct thus formed by the merger of the said two voting precincts, whose boundaries have previously been defined and established by law shall be known as Glenwood No. 19.

The County Clerk is hereby notified by give notice by publication for 3 consecutive weeks as is required by law.

THE STATE OF TEXAS,) COUNTY OF DONLEY,)

I, W. G. WORD, Clerk of the County Court of said County and State, do hereby certify that the foregoing is a full, true, correct copy of an Order Consolidating Voting Precinct Whitefish No. 8 with Voting Precinct Glenwood No. 19, by the Commissioners' Court of Donley County, Texas, as the same appears of record in Volume 6, Page 376, Minutes of the Commissioners' Court of Donley County, Texas.

WITNESS, my hand and seal of the Commissioners' Court of said County, at office in Clarendon, Texas, this 17th day of August, A. D., 1937.

W. G. WORD, County Clerk, Donley County, Texas. (27-c)

Arthur Morgan and family moved to Amarillo this week, where they will make their home.

J. C. Heathington, Neal Bogard and Leonard Putman, members of the Hudgins school board, were attending official business here Tues.

THE FARMERS STATE BANK DONLEY COUNTY STATE BANK

MEMBERS FEDERAL DEPOSIT INSURANCE CORPORATION CLARENDON, TEXAS

The above named banks are of the opinion that the constitution amendments repealing the double liability of stockholders in state banks should be voted favorably. Our reasons for calling this to the attention of our customers and friends are shown below.

Federal Deposit Insurance Corporation WASHINGTON July 2, 1937. Our attention has been called to the proposed amendment to the constitution of Texas to be submitted to voters in an election to be held Monday, August 23, 1937, which provides for the elimination of double liability on stock of state banks in Texas. The Federal Deposit Insurance Corporation favors the proposed amendment.

EXECUTIVE DEPARTMENT AUGUST 4, 1937. On Monday, August 23, 1937, there will be submitted to the voters of Texas, among other things, an amendment to the Constitution of Texas which provides for the elimination of double liability on stock of state banks in Texas.

The Federal Deposit Insurance Corporation insures depositors and banks pay the premium. Therefore, any assessment upon stockholders after they pay deposit insurance premium is unfair.

The major portion of the assessment would only be for the benefit of the Federal Deposit Insurance Corporation, and that Corporation does not want both our insurance premium and double assessment.

In its banking reform, the Congress of the United States, at the suggestion of Hon. J. F. T. O'Connor, Comptroller of the Currency, Washington, D. C., permitted removal of double liability from national banks as of July 1, 1937. The state banks should be placed on the same basis as the national banks.

Thirty-two states have already voted to eliminate the double liability of stockholders in state banks. We are asking the voters of Texas to do the same for state banks in Texas by voting FOR this amendment.

For the amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks.

Against the amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks.

Up in Pennsylvania the school board has a lady on the carpet for having said a certain man looked like a monkey. In Texas some of them not only look like monkeys, but act that way by pulling off 'monkey shins.' Some resemble baboons and any number are 'bull-headed.' That Pennsylvania gal ain't seen nothin' yet.

One of the pleasant places on the Dalhart trip was a stop in Channing with a short visit with H. M. Horn, a man from whom I made purchases in the Haynie mercantile company in 1903 while working on the Rito Blanco division.

Many queer things happen along when new methods are put into practice. In this town in 1922 a man received a telegram from his folks down state. At that time the Western Union had begun attaching stickers to telegrams. The telegram read: "Florence gave birth girl at 7 a. m. both doing well." A sticker was attached to the bottom of the telegram reading: "When you want a boy, call Western Union."

and generally dies from gossip or slander.
 Wisdom closes the door of speech, Hiding secrets where none may hear;
 Gossip finds it within his reach, And brings it forth to sere.

Then there was the bozo whose wife died, as they some times do. On her tombstone his capital expression was "my light has gone out." He married again before his first wife got cold and some devilment-fellow wrote beneath the other line with charcoal these words: "But he struck another match."

The man who achieves success is the fellow who has gotten his share of fun without harming anyone; who has gained the respect and trust of decent people; who lives with and enjoys children; who likes dogs, flowers and music. He may not have accumulated much wealth, and therefore escaped a lot of worry.

As a school boy in Galveston many years ago, I heard Governor Jim Hogg make a political talk. Among the few things that stuck in my mind and has echoed down through the years is this sentence: "I would rather be a one-mule farmer tending my sparse crop on a sand ridge in the piney woods of East Texas than live fat and have my lips dripping with the corruption I had caressed and kissed as coming from rotten political preference."

Rising early in Dalhart, I walked out past one of the prettiest trailers I ever saw. The couple within peeped out and seeing my western garb, this Wisconsin lady asked me if I were a native. We talked for some minutes and I noticed that she was wearing a knitted jacket. "Did you get cold this morning?" I asked. "Most assuredly," she said, "and I bet the cranberry marshes froze over last night!" Feature a visitor referring to cranberry marshes in Dalhart, but remember she was from the lake region of Wisconsin where summers are really hot.

The normal man knows what he should be, what he is now, and what he hopes to be. This idea of individuals coming along trying to map a course of procedure gets to be a Jonah of a mess. I want to live my life as I best see it, and

am doubly willing for you to have the same privilege. Most every day some enthusiast comes along wanting me to join something or other that he belongs to. My gosh! I belong to a number of organizations already—in fact too many. Thanks for the invitation old boy, but I just can't belong to everything. Neither can this newspaper have a reporter at every gathering in the trade territory. Please send in your news items and report your accidents, visitors and such. It is a compliment to any community to have such a person living there.

With the labor strikes boosting prices, maybe we will have a buyers' strike making any form of work unnecessary.

Salvation would be bought if it could be had at cut rate price or on open charge account.

Confidence is never found in haunts where vice is peddled for profit.

The biggest real estate deal in centuries is being pulled off in north China. And the Japs care mighty little about the title.

The black belt of the deep south is experiencing eggs selling at 28 cents and butter at 45 cents. It used to be so that one could eat any old time down there even if too much cotton put her citizens in rags.

Higher food prices is the basis for a near-revolution in Japan. Only last month, France had the same experience. England met the same problem by putting her people on the dole.

Old Donley county may not be such a bad place after all. More than 250 people registered at the old settlers' picnic Friday as having lived here more than 20 years. Several more than forty and some over fifty years.

Chevrolet Creates Another Millionth Automobile

The year 1937 takes its place as the third successive year in which Chevrolet has produced more than one million units and the sixth time in the history of the company that more than one million cars of any one model have been built.

The millionth 1937 model Chevrolet was completed at the company's Flint, Mich., assembly plant two weeks after the production of the 13-millionth car since the founding of the company 25 years ago.

The first year in which Chevrolet produced more than a million units was 1927. In 1928 and again in 1929, the company built more than a million cars and trucks. Production passed the million mark again in 1935, repeating the achievement in 1936. Chevrolet led the entire automobile industry in sales during eight of the past ten years.

ELECTRIC COOKERY
with
NEW LOW RATE!

Rate Reduced to

2 1/2¢

Per Kilowatt Hour.

Electric Cookery Averages No More than One Cent a Meal per Person

NEW RATE EFFECTIVE NOW!

Requiring usage of the modernized, speedier, and cleaner type of cookery provided by the Electric Range, a new, comprehensive rate, conducive to greater use of Electric Service, becomes effective with this month's payment of bills. Under its provisions ALL OVER 50 kilowatt-hours of electric current used each month costs only 2 1/2 cents per kilowatt-hour. The basis for the reduction is the proven theory that "the more you use, the less it costs."

This reduction, amounting to 16 2/3 per cent, is designed to make Electric Cookery as practical, from the standpoint of fuel, as any other type. The fact that there is no combustion makes Electric Cookery *cleaner*. A greatly improved flattened calrod heats almost instantaneously and hugs the bottom of utensils to prevent escape of heat. There is no flame to burn up oxygen, thus making air fresher and *cooler* in the kitchen. It is automatic, thus making it *easier*. Cleaner! Cooler! Easier! And this new, low rate makes Electric Cookery just as cheap or, in many instances, *cheaper*. Add *faster*. It's another reason for switching to Electric Cookery.

**Lowers Cost of Lighting, Refrigeration
And All Other Residential Usage
Over 50 K. W. H. per Month**

Many, many homes already use over 50 kilowatt-hours of electric current each month. By adding the electric range to kitchen equipment (*it has proven itself the most valuable of all Electric Servants*) you secure a rate of 2 1/2 cents per kilowatt-hour on ALL current used over 50 K. W. H. used monthly.

This means that when you reach the higher usage brackets for light, refrigeration, and all other domestic purposes, your electric bill is calculated at a rate which actually amounts to a saving. It permits increased usage at no additional cost. Best of all, it permits Electric Cookery to enter homes which heretofore considered it "too high."

We invite you to come in so that we may show you the latest models in Electric Ranges. We believe you will approve of Electric Cookery—and the new rate that permits you to use the *switch*.

\$20,000,000 Fund Appropriated For Farm Tenant Act

Congressman Marvin Jones Leads Members From Dry Belt to Victory

Members of the national house of representatives from the drouth belt rode rough shod over the House appropriations committee in Washington Tuesday in securing an allotment of \$20,000,000 for administration of the Farm Tenant Act. This sum is to be spent the remainder of 1937. The purpose of this act is to make it possible for tenant farmers to buy a home, paying it out on long time at a low rate of interest.

The amendment was adopted by a vote of 128 to 63. Mr. Jones stated that he felt sure that the Senate would concur and sustain the House in this important measure.

This is one of the most far-reaching victories of Cong. Jones since he has been in office, leading farmers said after the bill passed.

Giles, have lived in the county the longest number of years. Reid has resided near Lelia Lake for half a century.

Just before the close of the program, hundreds of names were fixed to a petition to Congressman Marvin Jones and the Texas Agriculture Board asking for immediate legislation on a government cotton loan.

The morning's program was opened by the Clarendon Band. E. H. Watt made a brief talk followed by "America," sung in unison. Sam Braswell was next on the program and spoke to the gathering.

The Hedley string band, the Sisson duet of Jack, 7, and Dixie Lee, 9, of Lelia Lake followed. Judge Link then spoke and Rev. Osborn said a brief prayer.

Little Lena Mae Sims, repeated from memory, the books of the Bible chronologically. Vance Johnson, Amarillo News, and President W. I. Raines talked briefly. Mrs. Clyde Bridges read the minutes

and the gathering was called to lunch.

The tables were piled high with fried chicken, beef, corn, salads, etc. The ladies of the association prepared the food with tea and coffee served by the committee.

After the business meeting the program continued with selections by Mrs. Eb. Hooker, her daughter, Betty; Clayton Simmons and Theodora Offett, duet; Coleene Abernathy, tap dance; Irene Reimer; quartet singing and old time music by string bands.

With bared heads the gathering paid tribute to Mrs. Josie Adamson, one of the founders of the association, who died this year, as a group sang, "When Its Round-Up Time in Heaven."

Cal Farley's Flying Dutchmen Circus, Amarillo radio entertainers, closed the program. His features were Stuttering Sam and a child trio.

Committeemen for various duties and date of the next meeting will be named at a later date.
