### FORMER CLARENDON RESIDENTS CELEBRATE 60th ANNIVERSARY

Mr. and Mrs. W. J. McMurtry of Archer County, formerly residents of this city celebrated their sixtieth wedding anniversary at a family reunion in Wichita Falls Sunday. The couple have lived on their Archer County ranch for 49 years.

Two years were spent in Clarendon where they resided while the two younger children were in college, but since 1889 the McMurtrys have looked after their ranching interests near Archer City while raising a family of 12 children, all of whom are living and all of whom were present at the celebration Sunday.

Mr. and Mrs. McMurtry were married in Sedalia, Mo., September 26, 1877. About a year later they set out for Texas in a caravan of immigrant wagons and after six weeks of travel reached Denton County. They bought land in Archer County the next year and entered the cattle business when difficulties of the frontier enterprise were only compensated by occasional fat and profitable years.

Both Mr. and Mrs. McMurtry are community builders. When neighbors were few and far between, Mrs. McMurtry helped organize churches, school and other community interests. Mr. McMurtry served several years as county road commissioner in Archer County and maintained an active interest in the betterment of rural schools.

The 12 children attending the wedding anniversary included Mrs. R. E. Hilburn, Wichita Falls; Mrs. C. M. Carpenter and Mrs. Glen White of San Angelo; C. T. McMurtry, J. L. McMurtry and J. H. McMurtry, Clarendon; J. S. McMurtry, Muleshoe; R. L. McMurtry, Amarillo; L. C. McMurtry, Pampa; A. L. McMurtry, Silverton; E. D. McMurtry, Vigo Park, and W. J. McMurtry, Jr., who lives with his parents on the Archer County ranch.

Local Teachers to Decide On Retirement Plan At Meeting Here Saturday

George W. Kavanaugh, County Superintendent, announced yesterday a meeting of Donley County teachers would be held at the court house Saturday morning for the organization of a principals' association to determine whether instructors will enter the teachers retirement plan.

Judge W. T. Link will highlight the legal structure of the plan and teachers will exercise their own opinion, Kavanaugh said.

In urging all county teachers to be present at the meeting, Kavanaugh stated teachers are automatically included in the provision unless signing a contrary statement.

Trustees and patrons of schools are also invited to the meeting, which is set for 10 a. m. in the court room.

Taylor To China For Foreign Duty

Son of Mr. and Mrs. June Taylor of Clarendon To Sail For Orient Soon

Mark Taylor, son of Mr. and Mrs. June Taylor, left Clarendon this week for San Francisco where he will sail for foreign service in China with the American army.

### Lakeview Students In Bus Collision

75 Escape Serious Injury In Crash Near Childress

CHILDRESS, Sept. 29.—About 75 members of the Lakeview High School football and girls pep squad, riding in two big school buses, escaped serious injury when the buses crashed broadside at the intersection of highways 4 and 5 in the outskirts of Childress about 1:30 Saturday morning.

The students were enroute to their homes from Shamrock where the football team had played a game. Three girls and nine boys received hospitalization for cuts and bruises but were released after receiving emergency treatments.

The boys bus had driven into Childress for oil. It had again headed west and the girls bus came into the intersection from the north. The boys bus was struck in the rear and overturned while the girls bus careened 150 yards into a cotton field. Both vehicles were badly damaged.

Moffett To Offer Cotton Laboratory Bid

Although Governor Allred vetoed a similar bill at the regular session, Rep. George Moffett of Chillicothe last week announced that he would reintroduce his bill for a \$250,000 cotton laboratory during the special session. Allred vetoed the bill because it provided no method of financing the project.

Moffett works with alarm at the declining world markets for American cotton, and declares that unless new uses are discovered for the staple commodity, old King Cotton may, in a few years, become an impoverished monarch with a large portion of American farmers likewise impoverished.

The laboratory which Moffett seeks to create would devote its efforts to the discovery of new uses for cotton, and the Federal government has offered to help in the maintenance of the laboratory.

Mrs. Noblett Is Visiting Oklahoma Relatives

Billie Waymon, son of Mr. and Mrs. W. W. Noblett accompanied his mother to Oklahoma this week for his first visit to his grand parents. They are to see Mr. and Mrs. D. Sallee at Heavener first, parents of Mrs. Noblett.

The second stop will be at the home of J. W. Noblett, parents of W. W. Noblett, manager of the Clarendon motor company. They expect to be away several days.

'Aunt Emma Sees It Through' To Be Presented By The Ashtola School

"Aunt Emma Sees It Through," a highly entertaining 3-act musical comedy, will be presented by the Ashtola school Friday night, October 1, it was announced this week.

The curtain will rise promptly at eight o'clock the announcement said and the admission charge will be 10 cents.

Pastor's Family Leaves For Temple Monday

Rev. and Mrs. J. Perry King will spend the week at Temple where they accompanied their son John Burton. The health of their son has not been so good since he suffered a flu attack in the winter. They will seek medical information in a well known clinic of Temple.

Attend Funeral of Father Here Recently

Relatives of Mr. Monroe Myers, who passed away here a week ago, remained several days for a visit with their mother and other relatives.

Among the number were Z. P. Myers, Alhambra, Mrs. Jewell Reeves of Fontana, Mrs. Edna Kelly and Earl L. Myers of San Bernardino all of California. C. E. Myers of Portales, N. M.

Clarendon to Have Traffic Light

City Commissioner W. B. Halle said yesterday a traffic light would be installed in Clarendon at the intersection of Highway 5 and Kearney Street.

Date of installation was not named but Halle stated the light was ordered Saturday and was to be rushed by express. It will be hung as soon as it arrives, he asserted.

The highway and main street intersection has long been considered a dangerous corner and a signal is needed to control both way traffic.

### Eight Uninjured In Car Accident

High School Students Slightly Bruised as Car Overturns In Collision

Seven Clarendon High School students were slightly bruised and cut Sunday afternoon when their car overturned following a collision at a street intersection in the Southeast part of town about 5:30.

The accident involved Dr. Oscar Jenkins, Homer Speed, Ben Hill Jr., Madeline Kelly, Marjory Beverly, Ruzell Ryan, Yvonne Smith and Katrina Carlile.

According to Deputy Sheriff Guy Wright, Dr. Jenkins was traveling north and the car occupied by the seven were going east. The car driven by Homer Speed skidded and turned over on its side after the impact.

No one was seriously hurt although both cars were badly damaged, Wright said. The doctor's car did not overturn.

### Goodman Grows Fine Grade Melons New Variety

While the melon variety is new to many, D. T. Goodman has been growing the melons three years. He got his start from six seeds from California. These melons may be seen growing on his place seven miles west of Clarendon.

The melons appear to be a cross between the casaba variety and a muskmelon. They have that fine musk flavor. The flesh is pink, firm and sweet with a very small seed cavity considering the size of the melon, many of them weighing six to eight pounds.

### Hommel Service Station Calls Attention to U. S. Tires

With this issue of the Leader, the Hommel One Stop Service station announces a complete range of sizes of the U. S. tire with the beginning of a U. S. tire schedule of advertising.

The main features of this tire is the tempered rubber tread to give long mileage, the cogwheel tread design that assures traction in all kinds of weather, and the full-sized safety bonded cord body to guard against blowouts." Mr. Hommel stated Wednesday.

### Injury Alleged at Ashtola Brings Woman \$5,000

Charging negligence on the part of Denver railway employees at Ashtola a few months ago, Mrs. Helen Meador of Arp, Texas was awarded \$5,000 damages in a suit in Judge W. E. Gee's court in Amarillo Wednesday.

Mrs. Meador sued for \$25,000 alleging that the train failed to stop still as she alighted at Ashtola resulting in an injury causing a premature birth some weeks later.

### School to Observe Fire Prevention Week

In a proclamation issued by Governor Allred, October 3 to 9th has been designated as "fire prevention week" over Texas. Annually, the custom has been for all schools to give the matter careful thought.

### Western Union Begins Operation In Douglas and Goldston Drug Co.

The Western Union Telegraph Company yesterday began operations in the Douglas and Goldston Drug Company following its removal from the Antro Hotel.

Mrs. Ben Buck will be the chief operator and messages will be received during the time the drug store is open.

### SUGGESTIONS FOR PROCEDURE TO OBTAIN PRODUCER COTTON LOANS

Cotton Grades On Throughout State

Donley County District Shows High Percent In Classification

The United States Department of Agriculture in a bulletin released last week, gave classifications of cotton ginned prior to Sept. 24, for District 2, which includes Donley County, as 30.9 per cent White Strict Middling.

Other figures for this district were White G. M. and above, 23.0; White Middling, 15.9; White S. L. M., 5.5; White L. M., 2.0; Spotted G. M., 2.8; Spotted S. M. 3.4; Spotted M., 3.0; Spotted S. L. M. and L. M., 1.0.

Staple lengths for the district were recorded as: shorter than 7-8, 28.8 per cent; 7-8 and 29-32, 55.1; 15-16 and 31-32, 15.3; 1 and 1 1-32, .8 per cent.

### Pierce Warns Petty Thievery On Annual Fall Incline

The yearly fall increase in petty thievery is underway, Sheriff Guy Pierce said yesterday in warning citizens to exercise precautionary measures when leaving home.

Pierce said the annual rise in lawlessness accompanied cotton picking season and asked that anyone seeing persons acting suspicious to call his office immediately.

Pierce also warned citizens of leaving home and placing keys in common places where crooks invariably look. In reality someone should be in the house at all times, he said.

### W. C. Holland Wins Second Prize in Watermelon Exhibit

Copy given the Leader last week showing list of prize winners at Tri-State Fair was slightly in error. C. H. Holland was credited with second prize on watermelon when it should have been W. C. Holland.

W. C. Holland lives on the T. B. Lovelace place eleven miles east of Clarendon. The prize melon was of the Wilhite Wonder variety, weighed seventy pounds and grew on sandy land.

### Clarendon Maytag Store To Introduce Irover

"We are now completely in the home laundry business, as the ironer solves the other half of the laundry problem," announced Fred Maytag II, vice president and sales manager of the Maytag company in a meeting of Maytag dealers in Dallas last week.

The Clarendon Maytag Store announces the receipt of the first of the new ironers this week.

### Organ Recital at Baptist Church Next Sunday

Announcement is made that an organ recital will be given at the First Baptist church at the Sunday evening service. Visiting men and women are to present the program, it is said.

### Jones' Condition Is Still Critical

Charles A. Jones, of the Martin Community, who was admitted to the Adair Hospital last week following a stroke, was reported apparently improved this morning, although attending physicians said his condition was still very critical.

### Other Hospital Patients Are Improving This Morning

Mr. Jones has been near death for the past several days and doctors held little hope for his recovery this morning.

Other hospital patients reported improved were Henry Rowden, JA Ranch cowboy, admitted Saturday with pneumonia and Mr. Hunsucker of Hedley who underwent a leg amputation Friday.

**THAT LITTLE BOY OF YOURS.**

Unless you're a lot different from most of the folks we know, you're proud of that little boy of yours. Provided, of course, that you're lucky enough to have a little boy.

You've doubtless dreamed of what the future might hold for him. What you might be able to do for him. Certainly you'd do everything in your power to give him a chance in this highly competitive world. You'd be less than human if you didn't feel that way about it.

But the storms of adversity hit us more often than not. In the event you weren't able to do the things you want to do for him; in spite of everything you may be able to do, fate may determine that he will have to set his own course, fight his own battles - - - face the world on his own initiative.

In that case let us tell you of another little boy who had that kind of an experience. Maybe his example will be an ideal for that boy of yours. It may be that the long hard path may be a little easier if we look at another country boy's

experience and how he has successfully fought every obstacle in his way to the top. We want to tell you about a boy who wouldn't stay down. A boy without benefit of influential friends and money. And unless all the signs are awry, he is headed for the big show in spite of the fact that he never knew what it meant to have money and influence. Unless we have the signals all mixed up, this boy is—to use a common expression—"on his way to town."

To you, Mr. and Mrs. Average Citizen, that boy is Gerald C. (Jerry) Mann, now a Dallas lawyer, but formerly a Sulphur Springs country lad who knows what it means to chop kindling and eat the chitlings.

Jerry—so the smart boys tell us—is going to run for the high office of Attorney General in next summer's primaries. If he does, the folks of Texas will have an opportunity to do something for the average country boy who wouldn't stay down. The story of Jerry is too long and too interesting for us to try to abbreviate it here.

We just want you to know this—Jerry Mann is the man that you'd want that boy of yours to be, in case he has to fight the world single-handed and alone.

**WITH OUR NEIGHBORS**

If you don't think old Donley will grow anything, that thing the best quality, try one of D. T. Goodman's new-fangled muskmelons. He has a lot of them and they are really good. He gave the writer three to try out Saturday.

No one got any more out of the Tri-State Fair than our good citizen J. F. Jones from the Sunnyview community. He still is talking about the exhibits. After we had discussed the fair in general he said, "you know the many little gambling devices to snare kids into a bad habit on the fair grounds, are as bad as a race track gambling affair ever got to be." You see Mr. Jones sees everything when he goes to a fair. I bogged around there all day and didn't know what was in the little "hootus" tents along the main drag. Questionable snares of the kind he mentions ought to be shut out of the fair grounds entirely.

And to Mr. A. Burkett, way out there in California, we appreciate your subscription. A lot of Leaders go to your state, all of them former residents of Texas, most of them Donley county.

Speaking of vacations, no one appears to have had a better one the past few months than our esteemed fellow townsman, W. P. Cagle. In fact Mr. Cagle had several. He met with neighbors of fifty years ago around Forestburg in Montague county. He attended a family reunion of his four brothers at Abilene. His own family reunion at Lubbock was a big event. Not content yet, he was in the crowd to attend his brother's family reunion at Quail. Can you feature a bigger, better vacation than all that?

Misses Bertie and Uva Stewart, Mr. Ralph Stewart and Nath Helton visited Mr. and Mrs. Tom Sherin in Pampa Sunday.

**P. T. A. NOTES**

The National Congress of Parents and Teachers works toward the following activities and accomplishments:

1. Uniting parents and teachers in thousands of school communities in a common understanding and in working for a common purpose.
2. Awakening national awareness to the need for parent education through study groups, radio programs, parent-teacher programs.
3. Developing better home life and finer human relationship through character education.
4. Making the Nation health conscious through the Summer Round-Up campaign to send to the entering grades of school a class of children as free as possible from remediable defects.
5. Maintaining adequate educational programs.
6. Improving community standards by establishing organized recreation, extended library facilities, education in health and safety measures, and through legislation.

Successful extraction of "fats" from southern pine trees, recently accomplished by Dr. Charles Herby, points to a new southern industry. The fats are useful in making a soap used by the mining industry in flotation of ores, they contain linoleic acid used in paint manufacture, and can also supply the medical profession with quantities of cheap oleic acid for experiments.

**"THE REST OF THE RECORD"**

BY JAMES V. ALLRED  
 Governor of Texas

AUSTIN.—The opening week of thesecond extraordinary session of the 45th Legislature has arrived and again the legislative chambers of the capitol are filled with the people's representatives.

As Governor, I felt it imperative to convene the session in order that the Legislature might pass laws levying taxes to raise revenues sufficient to provide adequately for:

1. The wiping out of the deficit in the General Fund and to make income equal outgo from said fund.
2. To provide additional funds to be allocated for old age assistance.
3. To provide for aid to the needy blind, the dependent, neglected and needy children, and to take care of the state's portion under the teachers' retirement amendment act.

Let me review briefly these points of the call:

First: The general fund of this state at present is operating under a deficit approximating fifteen million dollars with the income into the fund lacking four and a half million dollars per year of equaling its outgo. The legislature at the recent regular session increased appropriations approximately four million dollars per year without providing a single penny of additional revenue to care for either the deficit or the increased appropriations.

It seems only good business—for a state or an individual—that income should equal outgo and that a deficit should be wiped out.

Second: At the regular session last January I recommended that additional moneys be placed in the old age assistance fund. That fund is now in debt \$1,626,000.00 on outstanding warrants and the Board of Control estimates that in addition we need to allocate approximately two million dollars annually to this fund. In my opinion, the old Legislature should provide this additional revenue for the old age assistance fund in order to care for the actual need.

Third: At a special election held on August 23, 1937, the people adopted amendments to the Constitution to authorize the state to aid the needy blind and provide help for the needy, neglected and dependent children of this state under provisions of the National Social Security Law. The amendment providing for this participation by the state under the social security program required the state's share not to exceed \$1,500,000.00 per year.

The regular session of the 44th Legislature submitted a constitutional amendment providing a teacher retirement system for Texas which the people approved by popular vote. The 45th Legislature passed a law to make the amendment effective. State Auditor Tom King has estimated a minimum need of \$1,360,550.00 and a maximum of \$1,683,750.00 as the state's share in matching contributions by teachers for their retirement system.

In previous releases of "The Rest of the Record", I have stated my position in limiting this session to revenue raising purposes only. No one can deny that it is my duty as Governor to recommend a revenue program to finance the people's program.

It is the duty of the Legislature of this state to provide revenues for the operation of the government, and in my opinion, it is certainly the duty of the Legislature to provide revenues to take care of the appropriations they have made themselves and to carry out the people's will as manifested in the adoption of these constitutional amendments.

No other session has offered a more patriotic opportunity for the people's representatives. In the interest of the six million whom we represent, I fervently hope that the members of the 45th Legislature will face squarely the issues and pass the revenues necessary for the people's program.

The total value of mineral production of the South in 1935 was \$1,414,163,000 (billions), more than 38 per cent of the national total. Petroleum products accounted for 46.8 per cent of this southern total. Since 1910 the South's mineral output has increased by 283 per cent while the rest of the country shows a gain of but 40 per cent.

**SCENES BY THE PAPERS:**

Los Angeles: The city has passed an ordinance prohibiting the exhibition of living models on billboards whooping it up for Hollywood shows. Pretty dancing girls turned to blue, shivering models at times was deemed a reflection upon the weather.

Dalhart: Positive proof of the inefficiency of Amarillo's Chamber of Commerce came to light here Tuesday when a Soil Conservation project was unearthed. The following paragraph appeared on the front page of the Amarillo News Tuesday:

"The undersecretary of agriculture arrived in Amarillo Sunday night, and, accompanied by a party of Amarilloans, resumed his inspection trip Monday morning, spending several hours on the Dalhart project."

Just been overlooked, perhaps. It is understood that a huge banquet will be served when the trucks reach Amarillo hauling in the last project.

Kansas City: Quoting President Roosevelt's statement to the 'congregation' of the national bar association, one member read: "One must believe this seeming hatred arises out of the fact that the lawyers are the ones whom he finds greatest difficulty in controlling."

Then arose brave old Ex-Senator Reed, democratic bell-weather who fought in the Landon ranks in the

last campaign. He said: "It is useless to deny that we have arrived at a tragic period in our history when the serpent of religious intolerance, emerging from the caverns of ignorance and hate, can drag its slimy folds across the centuries and, in the city of Washington, thrust its forked tongue into the face of justice."

The Bar Association does not bar a scallawag from the profession because to do so, they say, "would be a reflection upon the profession."

New York: This happened Monday, too!

"The United States destroyer Talburt tied up at the Brooklyn navy yard, one of the most closely guarded areas in the East, was robbed today of its \$2,000 payroll by thieves who treated the federal government as they might a grocery store."

Contemptuous of the safeguards taken by the navy department to guard its craft, the robbers slipped aboard, jimmied a metal door to the paymaster's quarters, broke into a cabinet and took the strong box containing the payroll. Veterans navy men said it was the first robbery of a warship."

Fortunately, the bridge game broke up in time to prevent the thieves from stealing the battleship.

**Hay Fever Highbrow.**  
 Hay fever is sternutative, siologue, probosilogue and rube-facient. In plain language it means that hay fever makes you sneeze, run at the nose, spit and turn red in the face. Just a matter of whether you care to dignify the ailment.

**Fashion Note.**  
 Lanes, brocades, sequins and metallics and damasks, significant of the reign of Louis XV—all spelling elegance, opulence, luxury in a glittering glamorous fashion age of decided change, is the latest fashion announcement. This will all read plain as mud to the men, and most of the women can't afford what little they understand. Next to moles and warts, fashion

announcements from the sissy centers make good reading.

**When Jazz Started.**  
 A scientist announces that no other age had such torturing noises as we have now. Brother, you should have attended the old-time ungraded school and heard them write on slates.

**The Time Killers.**  
 The fellow who has time to listen to a long line of high-powered sales talk is generally the fellow who is not making enough money to buy.

**Jap Bombers.**  
 From news reports, it's safer in the Chinese armies than to loafing around town. The Japs may not know it, but this bombing business is going to place plenty of recruits in the Chinese armies.

**Vacation Visitors.**  
 All of your wife's relatives may have visited you during the summer, but you may still have plenty of company. Mostly gas, electric and finance.

We have an urgent request to print James Whitcomb Riley's poem entitled "A Perfect Prayer." If any one has a copy, please bring or send it to the Leader office. We would do as much for you any time.

**Language Defects.**  
 The mother was greatly pleased that her daughter attending school down state was receiving attention. When asked about the progress of her daughter, the old lady said: "She seems to be getting along fine with Mr. Agility." The nosy neighbor could not fathom the name and made further inquiry. The old lady fished out a letter from the daughter and read: "Mother I am having a great time since I have learned to dance and swim with 'agility.'"

**Intelligent Animal.**  
 Gratitude is the hardest thing to teach man, and the easiest thing to teach a dog.

**Mispelled Names.**  
 Most persons take a pride in their names though using the middle initial only except on a society program. In that case the name is spelled in full. It looks more 'swaggery', you know. No one wants to see a mistake in a name or initial in the paper, the newspaper folks hate the idea worst of all. At this time there is a story going the rounds way back east, a copy of which is taken from the Milford, N. H. Cabinet by Art Roth. Here it is:

In a Western mining town a tough guy with a drooping mustache, 10-gallon hat and two pistols stamped into the local newspaper office and demanded of the busy little man at the desk who was running that newspaper, "I am," said the little man without looking up. "Well then," said the visitor, "perhaps you are the guy that wrote that article saying that William H. Mudge is an ex-jail bird, a counterfeiter, blackmailer, gunman, kidnaper and desperado, eh." Again without looking up the little man said "Sure I am the fellow, what about it." "Well just this," said the man of shady reputation, "I'll have you understand that I am William K. and not William H. Mudge and by ——— if you have got anything further to say about me, I'll thank you to get my name straight. Good day."

**Even Japs Astounded.**  
 One of the strangest stories is said to have originated at Lubbock last week when physicians examining some 3,000 students' ears accumulated a pile of junk several feet high which was readily sold to the Japs to be shot into the ears of the Chinese. Anyhow, here's what the daily paper said about it:

Examination of over 3,000 students resulted in the finding of a long black bug in a girl's ear, where it had been lodged for six or eight months; a glass bead in a boy's ear, a piece of crayola from another boy's ear and a piece of lead from a pencil from still another boy's ear.

In addition to these things taken from the ears of Tech students, an assorted collection of beans, peas, cotton seed and other articles add to the extensive exhibit. Doctors explained that very often when children have an earache parents may place a piece of cotton in the ear and forget to take it out.

**Preacher Family.**  
 Some forty years ago, the Crutchfield place was a halfway station between Buffalo Springs and Henrietta. Rev. Ike Crutchfield and his family lived there. They had the only large peach

orchard in the county. Seeing an item in the Bellevue News the past week, recalls the old days. No better people ever lived than the Crutchfields. Here is the item: "Finis Crutchfield, Jr., preached his first sermon at the Methodist Church Sunday evening, Sept. 12th. Finis was converted at this church and his father, Rev. F. A. Crutchfield, is a former pastor of the church, as well as his grandfather, Rev. Ike Crutchfield, and three greatuncles, Milton, Jim and Steve Crutchfield, also his father's brother, Bascom, making seven of the Crutchfield relatives who have filled this pulpit."

A number of horses in the Midway community have the sleeping fever. Some have been lost with it. Some of the farmers are giving all their stock the serum.

The veterinarian said it had been reported that the disease was contagious and all animals dying with it should be buried or burned.

The Midway quilting club met in the home of Mrs. John Goldston the past Thursday, with Mrs. Goldston as hostess. A bountiful covered dish lunch was enjoyed at the noon hour, after which the Pollyanna gifts were given. Names were drawn for the Pollyanna gifts, also hostess for next month. Mrs. H. R. King to be hostess next month. One quilt was quilted. Conversation and visiting was enjoyed throughout the day. Nine members were present: Mmes. Tomlinson, Pat Longan, W. D. Higgins, Bob Williams, Ben Andis, Clyde Hudson, Loyd Moreland, J. C. Longan, and Mrs. John Goldston.

**Locals.**  
 A number have begun picking cotton. Other pickers are expected in the latter part of the week. Row binding is in full swing.

A number of old neighbors attended the funeral of Mr. Monroe Myers last Thursday. Mr. Myers had been a resident of Midway several years from 1914 to 1932. He then moved away to return to Donley in 1936 where he passed away. We having lived as near neighbors to this family for about eight years know how to appreciate them. We will ever cherish with reverent memory the many kind things which have come our way through the years of association with them. This family has planted many flowers along their pathway through life and though unable to attend the funeral we appreciate more than words can express; that the family of eleven children who came here from Fort Worth, New Mexico and California; everyone made a trip out to our home to see us. We think this is the nicest compliment we ever had paid us. Those to visit in the Goldston, the Pat Longan, and the John Potter homes were Zerl Myers of Los Angeles; G. A. (Pat) Myers of Chamberlain; Mrs. Jewell Reeves, Mrs. Eda Kelly and Earl Myers of San Bernardino, Calif.; Mrs. Katherine Pritchard of Terrell, Mrs. Josephine Bird of Ft. Worth.

Mr. W. C. Holland has the honor of receiving second on his "Will Hilt Wonder" watermelon exhibited at the fair. It weighed 70 lbs., and was larger than the one that won 1st., but not so smooth. In one of the papers it gave the honor to a different Holland through mistake. It was Midway's W. C. Holland.

Mrs. Edwin Eanes and Mrs. Payne took the Naylor school children to the fair Friday.

Midwayests to attend the fair during the week were the Pat Longan, Nelse Robinson, U. D. Higgins, Bob Williams families; Mr. Potter, Mrs. Harlen, Donald Harlen, John Goldston, Betty John Goldston, Mary Derrick, Mr. and Mrs. Jones, Mr. and Mrs. Ernest Jones, Ben Chamberlain, Mr. John Chamberlain, Mr. and Mrs. Glenn Riley, Mr. and Mrs. Pierce, Mr. and Mrs. Vaughn Warford.

Mr. and Mrs. T. L. Naylor are here from Wichita Falls on an extended visit. We are all glad to have them with us. Mr. and Mrs. John Chamberlain, Mr. and Mrs. A. A. Pierce, visited with them Sunday.

Mr. and Mrs. Vaughn Warford of California and some friends are here on a visit; they will also visit in Okla. during their three weeks vacation.

Irene Reamer happened to the bad luck of breaking her arm the past week.

Mrs. J. S. Baker is reported being sick the past week.

Mr. and Mrs. Vernon Lusk and baby of Clarendon enjoyed a lovely birthday dinner in the home of her parents, Mr. and Mrs. Hefner, the occasion being the birthday of

**Mrs. Lusk.**  
 Harley and Chas. Longan and Bill Gaither attended the ball game at Wellington. We are really proud of our Midway ball player Beryl Longan. We see where he was considered the best player on the Clarendon team.  
 We are proud of all honors that our Midway boys and girls may receive.  
 Joe Williams and Darrell Meaders made the trip to the Wellington ball game Friday. They played in the Clarendon band.

**Personals**  
 G. G. Reeves, Mrs. Payne and Bobbie Payne visited in the Pickering home Sunday.

Mr. and Mrs. Edwin Eanes visited her parents Sunday.  
 Mr. and Mrs. John Naylor visited her mother, Mrs. Waldron Sun.  
 Mr. and Mrs. Herbert Johnston were guests in the home of Mr. and Mrs. W. C. Holland Monday Mr. and Mrs. Octo Beach and G. G. Reeves visited in the Nelse

The frigid zone in most homes is the first three inches of air space above the floor . . . the danger zone for children. It is a breeder of colds and sicknesses. But there are no frigid floors and corners in a home heated with the Coleman Floor Furnace. The cold air next to the floor is drawn into the furnace and thoroughly warmed. The living zone is the comfort zone when your home is heated with a Coleman.

**6 BIG FEATURES**

- Keeps air in active circulation—keeps it fresh, clean and healthful. No odors or gases, no oxygen taken out of the room.
- Averages a complete change of thoroughly warmed air three times an hour.
- Keeps the whole room cozy and warm. No frigid floors—no cold air layers.
- No sweating of walls—no foggy windows; no open flame.
- Gives clean, CAREFREE heat. No dirt or ashes; no furnace tending.
- Low cost installation—low fuel cost.

## Pathfinder Club Opens Season with Dinner and Election of Officers

The initial meeting of the Pathfinder Club for the year 1937-38 was a dinner party Friday evening Sept. 23 at 7:30 at the Club Room.

The room was decorated in roses in the club colors of pink and green. The same color scheme was carried out on the tables where covers were laid for 43 members and three guests, Mrs. Ruth Kennedy, Mrs. Frank Simmons of Dallas, and Miss Sorelle. Favors of pink Polyanthus rose buds and hand painted place cards bearing pink and green candles completed the table decorations.

Especially pretty was the officers table with its beautiful lace cover centered with pink rose buds and lighted pink candles for each officer.

A three course dinner was served by the following hostesses: Mesdames J. R. Porter, H. T. Burton, Marguerite Goodner, U. J. Boston, Ben Hill, J. H. Howze, James Trent, B. L. Jenkins, M. M. Nobles, Frank Heath, assisted by Nelda Sue Burton, Annie Rea Porter,

Dorothy Powell and Edyth Shelton. Clever parodies on "Auld Lang Syne" written by Mrs. Cox, and "The Long, Long Trail" and "Keep The Home Fires Burning" written by Mrs. Howze were sung between courses and the following program was rendered during the dinner hour:

Invocation—Mrs. Braswell. Greetings—Mrs. Shelton; Piano Solo—Mrs. Powell; Litany for Pathfinder Club—Mrs. Sims; History—Mrs. J. L. McMurtry; Vocal Duet (A parody on End of a Perfect Day written by Mrs. Howze)—Mrs. McMurtry, and Mrs. Heath. During a short business session the club members responded to roll call by naming their favorite program of the past year.

In very appropriate words the retiring president, Mrs. Cox expressed her appreciation to each officer and club member for her loyalty and cooperation during her tenure of office (her years work). Then came the installation of officers. From one side of the room

a page, Mrs. Bairfield, conducted the retiring officers bearing lighted pink candles. They were met in front of the installing officer by the incoming officers led by a page, Mrs. Buntin, carrying unlighted green candles. The installing officer, Mrs. Boston, in impressive words instructed each new officer, in turn, in her duties.

In a few well chosen words each retiring officer gave to her successor her impression of the years work as she lighted her candle, and in turn a pledge of allegiance was given by the incoming officer who, bearing her lighted green candle, was conducted to the officers table by Mrs. Buntin. At the same time retiring officer was seated in the room by Mrs. Bairfield.

After a short address by the new president, Mrs. Joe Goldston, the club adjourned.

### MOTHERS CLUB

Mrs. Walter Clifford and Mrs. Cap Morris were hostesses to the Mothers Club Tuesday afternoon at the Club Room.

The program was an intelligence test with Mrs. Cap Morris, leader. During business, Mrs. Ralph Andis resigned as president, and Mrs. Walter Clifford was elected to fill her place.

An ice course refreshment was served at the close of meeting, 12 members and 3 children were present.

### FRIENDSHIP CLUB

Mrs. M. E. Thornton was hostess to the Friendship Club Tuesday afternoon in her home.

The afternoon was spent in conversation.

An ice course refreshment was served to guests, Mrs. A. T. Cole and Mrs. Dave Johnson; Members, Mesdames Teal, Ballew, Mongole, Stocking, Skinner, Meaders, Tyree, Womack, Misses Mabel Mongole and Katie Meaders.

The next meeting will be Oct. 12 in the home of Mrs. Meaders, with Katie Meaders as hostess.

### HALEY—HILL

Miss Weda Haley and Robert L. Hill of Silverton were united in marriage here Sunday at 2:30 at the home of the pastor, Rev. J. Perry King officiating.

The bride is a daughter of Mr. and Mrs. W. T. Haley of Clarendon where she received her education. For the past four years she has been operating a beauty parlor in Silverton.

The groom is a son of Mr. and Mrs. R. M. Hill of Silverton where he is engaged in the drug business.

The bridal pair was accompanied by Miss Claudine Haley and Bennett Haley, sister and brother of the bride.

Following a bridal tour to south Texas, they will make their home in Silverton.

### JUNIOR H. D. CLUB

Mary Wallace was hostess to the C. H. D. Club Thursday afternoon at the Club Room.

During business hour, Marie Patterson was elected temporary secretary, and Mrs. Clara Ballew was voted in as a member.

After the business session, Allene Estlack demonstrated a new way of making Fruit Cobblers.

A very delicious plate refreshment was served to Mesdames Helen Estlack, Irene Cox, Allene Estlack, Marie Patterson, Hattie Palmer, Roberta Jennings and hostess, Mary Wallace.

### A VERSE FOR TODAY

By Anne Campbell  
Earnest little mother,  
so youthful and appealing,  
Loving with such fervor  
the baby you are wheeling!  
It was not so long ago,  
beneath a quilt of blue,  
You snuggled in your buggy  
while your Grandmother  
wheeled you!

Earnest little mother,  
with feet just made for  
dancing,  
Do his rosy fingers  
hold magic so entrancing  
That your past, forgotten now,  
with all its dear delight,  
You spend your evening guarding  
one sleeping little mite?

Earnest little mother,  
so patient and so splendid,  
For this one high office  
your whole life was intended,  
Because there's nothing greater  
beneath the shining sun  
Than love to be spent freely  
on such a little one!

### THE COUNTRY GRAVE YARD

There's a dear little spot in the  
country somewhere  
Set aside by brave hand and  
blest,  
Where the grasses of earth grow  
under God's care  
And our weary ones go there  
to rest.

I have gone there myself in my  
childhood day  
And wended my way through  
the tangled mass,  
To note the lone spot where some  
ancestor lay  
Scattered and few on a lone-  
some pass.

And whatever else some comrade  
might say—  
I remember I've often said,  
That I never could wish to be laid  
away  
In a place so unvisited.

But now when I go to that dear  
little spot  
That overflows with the  
breath of God,  
And rose bushes shelter forget-me-  
not  
Projected above the sod.

Where the grasses grow to the  
strength of His will  
And the breezes of heaven  
blow free - - -  
Since mother is buried on the little  
lone hill  
It will be good enough for me.  
—Stella V. Jones.

Kare Kneedle Klub met in her  
home Thursday afternoon.  
The entertaining rooms were  
beautiful, decorated with dahlias  
and roses.

Mrs. W. A. Land the newly  
elected president, presided at the  
business session.

The remainder of the afternoon  
was spent in embroidery work and  
conversation.

A dainty salad course refresh-  
ment was served to guests, Miss  
Vada Waldron and Mrs. B. L. Jen-  
kins, Mrs. John Naylor and Mrs.  
McCleskey. Members, Mesdames,  
Sam Braswell, Glen Rieger, W. A.

Mrs. Sam Lowe.

### CHESSIR'S ENTERTAIN WITH BRIDGE PARTY

Mr. and Mrs. A. B. Chessir en-  
tertained with a bridge party Mon-  
day evening honoring Mr. and Mrs.  
Ed Fiellon of Carlsbad, New Mex.

The entertaining rooms were  
decorated with cut flowers and a  
single blossom pinned on each  
guest as they entered the room.

High score was won by Mrs.  
Fiellon; low by Mrs. Chessir which  
was presented to Mr. Fiellon.

Dainty refreshments were served  
to Mr. and Mrs. Ed Fiellon, Mr.  
and Mrs. Dick Lanham, Mr. and  
Mrs. Paul Smith, and hosts, Mr.  
and Mrs. A. B. Chessir.

Rev. L. L. Swan paid a return  
visit to friends in Clarendon this  
week.

**SUMMER**  
Oh, send a prophet for the spring,  
A seer for the fall,  
But summer no interpreter  
Of any kind at all.  
Degrees of beauty cheerish  
Each tint and blue, and find  
Hope in a single blossom  
And wisdom in a rind.  
But here resides perfection  
And utter peace is told,  
To all the wise and simple  
In green and blue and gold.

Although Texas leads all south-  
ern states in acreage, production  
and value of cotton, the All-South  
Development Council points out,  
her yield and quality have fallen  
far behind the pace, as indicated in  
the fact that, while Texas planted  
40.3 of all southern cotton acreage  
in 1936, the state produced only  
25.1 per cent of the crop, and that  
yield brought even a smaller share,  
24.3 per cent, of the total crop  
value.

# WELLINGTON TROUNCES BRONCS IN DRAB GRID CONTEST

## RUN PAST PONIES FOR 71 COUNTERS

Clarendon Helpless Before Skyrockets' Defense; Mark Up Only One 1st Down

The Wellington Skyrockets exploded at will last Friday night and zoomed across the Clarendon Bronchos goal for 71 counters against Clarendon's 0, in 60 minutes of uninteresting football.

The Bronchos were helpless against a 5-2-3-1 defense and only chalked up one first down when McGowen snared one of Cooke's tosses late in the first quarter.

Wellington scored early in the first quarter. Taking the kickoff, they came up the field to Clarendon's 30 where Palmer recovered a fumble for Clarendon. After McGowen and Cooke had netted 2 yards at the line, Cooke flipped a pass which was intercepted by Moore on the Broncho 43.

Wellington carried over from that point by mixing spinners, center sneaks and passes. Moore tossed to Fulton for the extra point.

The Rockets scudded to paydirt three times in the second frame. Moore went through the Broncho line for eight and a counter; Estes scooted left end for the extra point. Soon after Estes rounded left end to pay dirt and Williams failed to run for the conversion.

The last scoring before the half was marked up when Estes passed to a Rocket who lateraled to

Moore for the tally. The pass for point was knocked down. Score at the half was Wellington 26, Clarendon, 0.

The Bronchos kicked to Wellington after the half and the 'Rockets came back to score with Estes galloping over from the 15. Estes' pass for extra point was no good.

After the kickoff to Grady who returned 10 yards to the Broncho 30, McGowen kicked, after two tries, to Moore on the Wellington 35 and he returned to Clarendon's 34. Bailey shot a pass to Fulton for another touchdown. Grady knocked down the pass for extra point.

The Skyrockets next counted on a flat zone pass, Williams to Estes, from the 10-yard line. Fulton's attempted conversion by placement was low and wide.

Wellington ran the string to 51 when Estes breezed around left end from the 7-yard line. A pass, Bailey to Fulton added the extra point.

The last quarter opened with the ball across midfield in Clarendon territory with Wellington in possession. The Rockets ran it to the Broncho 3 where they were held on downs by aid of a penalty and a Wellington fumble. McGowen kicked to the Broncho 30 where Williams ran the punt back to the 7-yard stripe. On the next play the Rockets hit the line for 6 more points, but failed to convert.

Estes again skirted right end for another marker and the extra point was good. A few minutes later Estes again pranced over from the 20-yard line and the ex-

tra point ran the total to 71 to 0.

## PIGSKINS PARAGRAPHS

By DICK COOKE

Evidently pointing to a class A birth, Joe Coleman, Wellington coach, didn't pull the punches to beat Clarendon 71 to 0. The 'Rockets would have been satisfied with 200 or 300 more points and the crowd was as thrilled over the last touchdown as it was the first.

Coleman used his first stringers as much as possible, much more than was safe, and sent his ace lugger, Austin, in with instructions to go the limit in the last few minutes of play.

It was comparatively safe for Austin though. Only about 2 of Clarendon's starters were in the line-up and the rest were so groggy a wooden man could have been crowned king.

Probably expressing the feelings of the crowd, from the grandstand one Wellington fan remarked, "This is the most scores we have made in the last 12-years, put together."

At any rate, Wellington didn't look so impressive in their victory. A fairly good line and two smart ends may knock them right out of the crown.

Information has it Coleman, highly furious over a short score of 33 to 0 with Wheeler, worked his charges about 2 hours after game time.

Little Johnnie Grady made the honor roll last Friday night on his defensive play. After the first half he made almost every tackle till he was carried to the sideline. And

he was in on almost every play before the midway whistle.

The old worn out moss covered dope bucket has it straight the Mustangs are 44 points better than the locals. That's simple arithmetic—subtract the respective scores in the Wellington games and you have it.

Clarendon has an opportunity to rise to great heights with a win Friday night. Since the re-organization of district 3-B, no local eleven has down Wheeler. Add to that, no Broncho club has scored on the Mustangs.

Wheeler has been in the circuit 3 years. In 1935 they copped a 19 to 0 game and the Bronchos got a 10 to 0 tie last year.

Condolence to the Bronchos: In an early season game last year, New York University dropped a 60 to 0 bout with Ohio State. Later they came back to defeat Fordham 7 to 6 and the Rams were good enough to tie Pittsburg, the nation's best.

Coach Hubbert is no miracle worker and to expect a finished eleven is no go. The kids are showing great improvement, but don't learn football in three weeks. Hubbert has had exactly 12 practice sessions. He's making a good showing.

With a comparative heavy crew, McLean steps into district play this week, encountering the Mobeetie Hornets. Lefors travels to Memphis and the specialists have hung out a question mark. J. C. Howel, Shamrock sports writer has given the Pirates the bid after juggling scores and witnessing the 12 to 7 Irish-Lefors tilt. Wellington is scheduled to meet Lakeview and if the Eagles can get out of the hospital in bad enough shape, the Rockets and fans should have a glorious night and run their count to around a hundred and fifty.

New Mexico papers this week carried a tribute to Paul Greene, Clarendon boy, who took a punt on the 50 and skipped across the goal line in the N.M.M.I. game with the Mohawks at Roswell Saturday.

Despite all this we'll climb out on the highest and longest limb in

town and take the Bronchos to out score Wheeler.

Take Second Conference Win In Easy Tussle

SHAMROCK, Sept. 29.—Scoring twice in the first and second periods and one in the final quarter,

the Shamrock Irishmen blasted the Lakeview Eagles on Denver field here Friday night for their second conference win, 35 to 0.

The Eagles never threatened and their closest drive was halted on the Irish 27-yard line.

Brister and Painter in the Eagle backfield and Bradley in the line were outstanding for Lakeview.

The Irish gained 352 yards on running plays and 82 on passes for a total of 22 first downs. The

**BRICE NEWS**

Mayme Smallwood

Sunday school was held at both Baptist and Methodist churches Sunday morning with very good attendance.

J. C. and Star Johnson have their sister, Mr. and Mrs. Coons and daughter Charlette, of Colorado visiting them.

Mayme Smallwood is visiting Mrs. Bill Todd of Chamberlain this week.

A group of friends and relatives gathered in the home of Mr. and Mrs. A. P. Todd Sunday and surprised Mr. Todd with a birthday dinner. Those present were Mr. and Mrs. Bill Todd of Chamberlain, Mr. and Mrs. Byron Todd and Don of Parnell, Mr. and Mrs. L. L. Mitchell and family of Leslie, Hardy Todd of Amarillo, Dexter Todd of Clarendon, Mr. and Mrs. Gossett of Leslie, Miss Mary K. Hardin of Clarendon, Miss Hogue of Amarillo, Granville McAnear of Clarendon, Mr. and Mrs. Chappell and Frankye Smallwood.

Mildred Pittman of Chamberlain spent the week end with home folks.

J. C. Johnson was a Clarendon visitor Tuesday.

The quilting club met Thursday at the school auditorium for an all day meeting. Four quilts were finished. Everyone enjoyed the lunch and the noon hour and the water-

melon feast in the afternoon.

Twenty-eight members were present. They were: Mesdames Hilburn Gattis, F. E. Gibson, Henry Youngblood, C. R. Cross, Cal Holland, Starr Johnson, W. E. Davis, D. T. Smallwood, W. E. Shepherd, 'Fat' Gibson, Hope Lemons, J. C. Johnson, Eugene Mc Brayer, George Dickson, Boyd Dickson, A. Hightower, W. H. Tate, Lu Shumate, Slick Wilson, J. W. D. Chappell, Hurlie Moreman, N. L. Murff, and Misses June Moreman, Mayme and Frankye Smallwood and Clyde and Margaret Shepherd.

The next quilting will be Oct. 7 with Mrs. Hilburn Gattis, Mrs. A. Hightower and Mrs. J. C. Johnson as hostesses.

Mr. M. L. Pittman attended business in Memphis Monday.

Mr. and Mrs. Carl Hartzog of Martin visited relatives here Sun.

**Visits Fair**

Among those who visited the Tri-State Fair in Amarillo last week were: Mrs. Lee Shumate, Mr. and Mrs. Slick Wilson and Wayburn, Marion Cross, Mayme and Frankye Smallwood, Billy Glynn Salmon, Mr. and Mrs. J. W. D. Chappell, Mr. and Mrs. Henry Youngblood, Mr. and Mrs. M. L. Pittman and Luther, Mr. and Mrs. W. E. Davis, Mr. and Mrs. C. R. Cross, and Mrs. George R. Dickson. The students from here who attend school at Lakeview were fortunate to be among the number to attend Wednesday as the buses from the Lakeview school went and carried the school children.

The teacherage received interior decorations last week.

Mr. and Mrs. Glenn Riley will make their home here. Mr. Riley will be employed at the Shamburger Lumber Company.

WEE WILLIE WINKLE

At a lonely outpost near Khyber Pass, on adventure's last frontier, June Lang and Michael Whalen find romance in Rudyard Kipling's "Wee Willie Winkie," spectacular Twentieth Century-Fox drama starring Shirley Temple and Victor McLaglen, showing October 2-3-4th. (Advt.)

**SEE NEW ERA FOR SHIRLEY IN KIPLING STORY**

"Wee Willie Winkie" Most Spectacular Temple Production Yet

Marking the beginning of a new phase in Shirley Temple's screen career, "Wee Willie Winkie," the famous Rudyard Kipling story of India, opens at the Saturday night Prevue and runs through Sunday and Monday at the Pastime Theatre. The spectacular Twentieth Century Fox drama was directed by Academy Award winner John Ford.

The curlyhaired child star, who has been acclaimed as the No. 1 boxoffice attraction of both America and England, has a highly dramatic role, the strongest supporting cast of any of her screen successes, and the most elaborate production yet accorded one of her films.

Shirley's co-star in "Wee Willie Winkie" is Victor McLaglen, himself an Academy Award winner, and the supporting cast includes C. Aubrey Smith, June Lang, Michael Whalen, Cesar Romero, Constance Collier and young Douglas Scott, among many others.

For the production, two Indian forts were constructed at a location site thirty-five miles from the studio. One is a native fort and the other headquarters for a Highlander regiment recruited and trained for action in the picture. Numerous scenes required the use of many hundreds of extras, and for one eye-filling sequence the colorful native life of Peshawar, India, was reproduced, even to camel caravans and elephants with tapestried howdahs.

Mr. and Mrs. D. C. Pedan and family spent Sunday with Mr. and Mrs. John Stewart.

Mr. and Mrs. George Gray of Kings Mills visited Sunday with Mrs. Gray's mother, Mrs. Lena Dill.

Mrs. Leonis Yankee made a short call Sunday afternoon in the Bonnie Hendricks home.

Mr. and Mrs. Dick Eichelberger visited Sunday in the H. M. Stewart home.

A large number of Goldston people attended the Fair in Amarillo last week.

Joseph Stewart spent Sunday with Carl Dill.

Mr. and Mrs. Raymond Farr and children visited Sunday afternoon in the Joe Dill home.

Schoo was dismissed last Friday for a few weeks in order for the children to help gather the crops.

Mrs. Fred Wewerka and sons of El Reno, Okla. were in Clarendon this week end at the T. M. Shaver home.

**Lure of Romance Found by Visitor In Mexico Fiestas**

BY BLANCHE GRICE

If you were to take the time to look up the word fiesta in Webster's dictionary you would find the word means a religious festival, a saint's day; but to old Mexico it means more than that. When a fiesta takes place in Mexico the whole country stops to take an indescribable interest. The people work hard, save their money in order to celebrate, eat good foods, buy the best wines, laugh, dance and enjoy every hour. The fiestas are beautiful with life, romance, dancing and colors.

I shall never forget attending a celebration at Mexico City this year. I noticed an old Mexican man walking around with a poster across his shoulder. I asked "What on earth does he mean with that advertisement?" So my friend walked to him and asked what was meant by the sign, and he answered, he did not know what the words meant but thought the coloring was so beautiful. I asked the old man to tell some romantic stories about fiestas and he related this story:

"A young beautiful senorita was dancing at a fiesta and noticed a very handsome man and fell in love with him. Every day during the celebration he came and danced opposite her; so one night he rode on his horse to her balcony and started to serenade her. Her parents became very angry so she jumped from her balcony and was caught by her lover and they rode rapidly away. The men in the streets recognized him as a bandit and began shooting. Shots followed for several blocks, but the lovers escaped."

The old man took us to a tree that received some of the bullets fired at the fleeing lovers and he told how the young senoritas during fiesta time would dance around the tree, wishing some lover would sweep them to a land of paradise.

**Fiesta de Guadalupe**

The greatest fiest of all is the Fiesta de Guadalupe or the "Virgin of Guadalupe," which takes place on Dec. 12. I had the pleasure of being in Mexico last year during this time and our guide told us why this fiesta is so important.

He said that on Dec. 9, 1531, an Indian from a small village named Juan Diego was on his way to Tlatelolco and a virgin appeared to him. She asked him to take a message to the bishop that her wish was to have a shrine on Tepeyac Hill, but when Juan told the bishop he ignored him. The next day the virgin appeared again to Juan Diego and again he was ignored by the bishop. On the third day, as Juan was looking for the bishop to come to the bedside of a relative he decided to go another path, but again the virgin appeared and spoke kind words to him and told him his relative was well. On Dec. 12 the virgin asked Juan to take flowers to the bishop and when he offered the roses to the bishop, the virgin appeared and stamped the flowers. Word of these happenings spread and a temple later was erected. Every year from Dec. 9 including the 12th, all the Indians come from every section of Mexico to this religious celebration. They pray, feast, dance, drink. In all the streets and hills you see Indians enjoying life.

In Mexico a visitor may find a fiesta taking place in most any village as each village has its own named fiesta. However, the Cinco de Mayo (May 5) celebrated all over Mexico as a national holiday; so is Sept. 16.

**Mexican Independence Day.**

On Sept. 15, the Mexican people renew loyalty to their country by ceremonies and other serious thoughts, and on Sept. 16, Mexican Independence Day, there are bull-fights, parades and other amusements.

On Aug. 1 to 6, the people of Saltillo celebrate with a harvest fiesta and here they dance, feast and are happy.

July 24, Day of St. John the Baptist, is mostly celebrated in cities adjoining Mexico City. The Indians believe on this day that all the waters are free from any evil spirits. Jan. 6 is celebrated as the Day of the Three Wise Men. On Jan. 27 and 28 at Oaxaca is the Dance of the Conquest. Oaxaca is an important Indian town. On the eve of Dec. 25, the Mexican people beautifully celebrate.

If you should ask a native of Mexico, "What day in the year do you most enjoy?" The answer would be New Year's Day. This seems to be their most colorful celebration.

Among the folk dances in Mexico, you find the jarabe, the steps of this dance being called zapateados. During this dance the Indians wear their shoes. This dance is taught to the younger children. The women wear bright colored dresses and you notice a design of a bird or eagle embroidered with beads across the front of their skirts and rows of beads on their sleeves.

**The Sombrero Dance.**

In the sombrero dance a girl dances around a large sombrero, thus demonstrating her skill. In almost every dance, you find the men dance faster and with more grace.

In the smaller villages three or four Mexican boys may start playing violins or other stringed instruments and as you hear notes of perfect rhythm, the people start dancing in the streets. The boys continue to play and sing as the crowd gathers and dance and make merry. One time I saw some Indians place a bottle of tequila in the center of a circle and invite a young man to come up and dance over the bottle. Never have I seen such a graceful dancer. Finally, he knocked over the bottle, and had to buy another to replace the first.

so the next dancer could try his skill and art.

Another popular dancer is the jarana. The man places one hand behind his back and lifts the other in the air as the senorita touches his finger tips. If he thinks his partner a good dancer, he takes off his hat and puts it on her head. One of the prettiest dances is called canacas. Here only beautiful senoritas dance.

I shall never forget one day passing through an Indian settlement I heard some Indians yell and a roar from drums as they were joined by other members of the

tribe. I heard drums getting louder and louder and the Indians started gathering from all sides. They danced here for hours and celebrated and feasted.

From all the fiesta dances, the feather dance is the most thrilling to watch. The Indian costumes are made of old soldier uniforms but on their heads they wear a thick band and attached to this is a long stream of colored feathers hanging down their back.

Mrs. Lon Rundell and Mrs. M. M. Nobles left Tuesday for Temple, Texas.

## AT FIRST METHODIST CHURCH

E. D. Landreth, pastor  
 Next Sunday will mark the beginning of the new Sunday School year and is being observed as Rally Day. We hope that every family will be in Sunday School Sunday where it is at all possible. It's a good time to start the habit of Sunday School and Church attendance. We expect a large attendance 9:45 is the time.  
 Morning worship at 10:45 with the pastor preaching.  
 Evening services, beginning at seven o'clock, will be in charge of the young people of the Church. They will furnish the leader, the choir and orchestra, and the talks. The following numbers will be on the program, the theme being, "Pictures That Fill the Mind."  
 Scripture Reading—Rayburn Smith.

 How We get our Movies—Allen Patman.  
 The Church's Responsibility—Rev. E. D. Landreth.

Let us give our young people a good congregation and thus encourage them in this fine work they are doing. They will have charge of services every Sunday night for the remainder of the conference year.  
 We welcome the visitors as well as our own people to all the services of our Church. Let us save our Sabbaths for the great things of God.

## CHURCH OF CHRIST

H. V. Crumley—Minister.  
 The thought that should be uppermost in the minds of all Christians is, "How can I build up the Church." Jesus said, "Seek ye first the Kingdom of heaven", so first in our lives should come the Church. How we can build it up will be discussed at the Sunday morning services.  
 An age old question will be discussed at the Sunday night services, namely: "What is man." Infidels, say, "He is just an overgrown monkey." The Materialist says, "He is all matter and like the little dog Rover, when he dies he is dead all over." The agnostic says, "If there is a higher power that made man he can't be known. He has never revealed himself to us, if he does exist. Then if he did, we wouldn't understand him." All the questions will be discussed in this lesson, "What is man."

## The School Bus Trip

"We won't be home until morning."  
 "We won't be home until morning."  
 —Theme song for the Martin school as it pulled anchor for the Tri-State Fair last Wednesday.  
 Heard on the same bus about mid-night among the two or three trying to stay awake—"Be it ever so humble, there's no place like home."  
 However, in spite of light pockets and heavy eyes on Thursday, of the company of forty-four not a single one complained of not getting his or her money's worth.  
 High-light of attraction—Circus and the "octopus."

We all thoroughly enjoyed both the exhibits and amusements and wish to thank our trustees who so generously turned the bus to our disposal for the entire day, and our driver who, went knowing that everyone else would sleep while he got us home, stayed right in there until the last straggler came in broke and ready to go.  
 So here's to the next year's fair: May she be bigger and better and find us each with an extra dollar to feed to the "Octopus."

## Burlington Lines Has Iron Lung

The Burlington Lines, of which the Fort Worth & Denver railroad through here is a portion, announce the purchase of a Drinker Respirator, or "iron lung," to be available for use, without cost, to employees of the company, their families, and citizens of any community served by the Burlington, according to John A. Hulien, vice-president.  
 The use of the respirator is properly a hospital service, but in an emergency a respirator may be placed in the home if electric current is available. The machine has been used for infantile paralysis, carbon monoxide, morphine and other drug poisoning, alcoholic coma, drowning and asphyxia of the new-born.  
 When not in use the respirator will be stored at Omaha, Neb., under direction of F. R. Mullen, general manager, Chicago, Burlington & Quincy Railroad Co.

## ENJOY SAFE WARMTH

Now is the time to install a WARD FLOOR FURNACE  
 \*A Ward Floor Furnace is a dependable guardian of your health and comfort. It hangs beneath the floor and registers at floor level is all you see. It draws in the air from the floor, doing away with that unpleasant cold zone below the knees. It has no exposed flames, but warms your atmosphere against the sealed sides of a vented heating chamber that carries all products of combustion to the out-of-doors. Exclusive BILT-IN THERMO-CONTROL regulates temperature just as you like it and keeps it that way always. You'll have no trouble with sweating walls, weeping windows, fumes or odors when you keep warm with a vented Ward Floor Furnace. Your air will stay fresh, clean, safe and healthful. You'll feel better, brighter and be more healthy if you enjoy Ward's controlled winter comfort in your home. More than 325,000 Wards in use today.

May we give you full facts about dependable Ward-warmth and how it can serve you?

## Mother of Texas Generals Will Be Buried in Austin

ITALY, Texas, Sept. 26.—An appropriation has been made for the removal of the remains of Mrs. Frances F. Lenoir McCulloch, mother of the two early Texas Brigadier Generals, Benjamin and Henry Eustace McCulloch, from a long-neglected grave in the southwestern part of Ellis County to the State Cemetery at Austin to be reinterred by the side of her illustrious son, Benjamin McCulloch.

In addition an appropriation of \$1,000 has been made to erect a joint monument at the grave of Mrs. McCulloch and her son. Born in Virginia in 1779, she married Major Alexander McCulloch, an officer on the staff of General Coffee under Andrew Jackson in the War of 1812. Her husband died in Rutherford County, Tennessee in 1844 and she came to Texas to join her several sons who had become prominent in the affairs of the Texas Republic. She died at the home of a son, James McCulloch, near Files Valley in 1866 at the age of 87. Other sons living in Ellis County were John and Alexander McCulloch, surveyors and landowners in the southern part of Ellis County.

It was established by a local research writer that Frances F. Lenoir McCulloch was in American history the only mother of two Brigadier Generals in any war in this country.

Mrs. J. Y. McDaniel, Hillsboro; Mrs. Maner and Lee Files, the Newmans, Mrs. Houston Aycock of Itasca, Mrs. Grady Cheatham and Mrs. W. C. Colvin, Waxahachie, and Ben McCulloch of Lamesa are among descendants from the Ellis County families, Guy Smith of Brady, McCulloch County (named for the family) is a grandson.

Mrs. Nelson Osborne of Green River, Wyoming, spent the week end with Edgar Mae Mongole.

## Broncs Point For Wheeler Mustangs

### Crippled Eleven Must Take On Mustangs In Own Corral After Foes Have Week of Rest

Stinging under the 71 to 0 plastering at the hands of Wellington last week, the Clarendon Bronchos will take to the road tomorrow determined on a better game in their second conference setto with the Wheeler Mustangs. The Wheeler lads are pointing to the tussle with hopes of climbing up the district ladder. Both clubs dropped top heavy scraps with Wellington, but the Mustang talley of 33 to 6, gives them the edge in dope.

Another edge for the Mustangs is that they have had a week's rest while the Broncs are still sore and crippled over the Wellington slaughter.

Clarendon linemen and ends have come into their share of hard defense work this week and are shaping up, although they need more battles under their belts.

## Loose Scores In Conference Tilts

### Wellington Leads Parade With 71 to 0 Victory Over Clarendon

SHAMROCK, Sept. 29.—Points did not mean much in district 3 this week-end with three teams taking conference foes by scores ranging from 35 to 0 to 71 to 0. The Wellington Skyrockets led the parade by taking the Clarendon Bronchos 71 to 0 in a loosely played battle on Powell Field in Wellington.

The Lefors Pirates jumped into the win column last night with a 44 to 0 victory over the Mobeetie Hornets in Lefors and the Irishmen took the Lakeview Eagles by a score of 35 to 0.

In the only non-conference encounter played in the district, the Memphis Cyclones went down before the charges of the Canyon team, 12 to 6.

Wheeler and McLean did not see action last night.

## Agricultural Conservation Program For 1938 Announced

COLLEGE STATION—The 1938 Agricultural Conservation Program will set up acreage goals for cash crops which are smaller than the established bases, according to Geo. Slaughter, chairman of the Committee, who has recently returned from Washington, where representative farmers were called to confer with AAA officials as to the program.

The 1938 program is in most respects quite similar to the 1936 and 1937 program, Slaughter said. The range program, developed during 1937, will be continued.

Chief difference in the new program from previous plans is the provision for national goals for major soil-depleting crops to provide adequate supplies for consumption and export, but such as to keep down burdensome surpluses, according to Slaughter. He explained that each state will be given its share of the national goal and each county will be given its share of the state goal. The county goal will be distributed among the farmers of the county.

In 1938, the maximum payment for each producer will be calculated at the beginning of the crop year and the attainments of soil depleting and soil building goals will be set as conditions for full payment.

The division of payments between landlords and tenants will be the same as the division of crops, Slaughter said.

The new program was hailed by Slaughter as by far the most uniform in application to all regions that has yet been developed. He stated that it is the plan of the Agricultural Adjustment Administration to inform each farmer as to the acreage in each of his crop goals before planting time in the spring of 1938.

## CC Enrollment Lowered Under New Ruling

Quotas for the October enrollment have been drastically reduced. This reduction is due to a recent ruling of the Comptroller General of the United States. He has ruled that the new Act extending the life of the CCC program for another three years, in which the ruling was made that an enrollee could not serve more than 24 months, is not retroactive, but the length of service dates from July 1, 1937 rather than from the date of enlistment, if prior to that date. This will permit numerous boys to reapply and will also permit numerous enrollees, who are now in camp and have served 18 or more months, to re-enroll October 1st.

The reduction in TRC Districts 16 and 17, comprised of 35 counties in the Panhandle, is from 800 to 450 for the October enrollment. The County Welfare Offices have been accepting applications for the past 30 days. The quota is nearly filled, and those wishing to make application will have to do so immediately in order to have their applications considered.

This is the first enrollment in nearly 2 years where boys, except from families actually receiving relief, are permitted to make application. Rulings now permit boys from families whose income is insufficient to permit a normal standard of living and at the same time provide training for the boys comparable to that received in the camps to enroll.

## Youth Overcomes Serious Handicaps for Study

El Paso, Texas, Sept. 29—Blindness has proved no insurmountable obstacle to 17-year-old Howell Palmer, Jr., of Dallas, who has enrolled this year as a freshman pre-law student at the College of Mines and Metallurgy here, a branch of The University of Texas. Young Palmer, blind since he was six and one half years old, is the son of Mr. and Mrs. H. S. Palmer of Dallas. He was born in El Paso. Palmer possesses about 10 per cent vision and his left arm is paralyzed, the result of a brain tumor several years ago. He takes class notes in Braille and later composes themes and other written material on the typewriter.

Fond of Government and church organization, Palmer plans to become a lawyer. He plans to receive his degree from the University of Texas School of Law.

He was graduated from Dallas Technical High School with an average of 93.53 and was fourth honor student among 213 graduates. He completed the four-year high school course in three and one-half years.

## Forest Sawyer Is Painfully Injured By Silage Cutter

The left hand of Forest Sawyer was badly mangled this afternoon when he attempted to replace a belt on a silage cutter during a demonstration of filling a trench silo.

The extent of his injuries was not learned at press time but it was said his little finger was severed. The entire hand was badly cut, according to witnesses.

Odos Caraway who was at the demonstration, said the machine had been stopped and the attendant started it at full speed when the belt came off. Sawyer, he said, attempted to replace the belt when his hand slipped into the cutter.

A golds trike in the Big Bend section of West Texas has been reported to the Texas Planning Board's mineral resources committee. The gold is reported to average \$279.00 per ton.
