CLOSED MARKET FOR TEXAS COTTON POINTED OUT IN ADDRESS TUESDAY

Committee Appointed In Donley County After Expert Shows Importance of Meeting Foreign Competition

With 60 per cent of the farm revenue realized from cotton and the prosperity of the community hinging on this commodity, Texas is faced with a closed market, E. A. Miller, Extension Agronomist of College Station told a group meeting at the Cozy Theatre here Tuesday afternoon.

Miller and F. E. Lichie, Extension Cotton Gin Specialists were here in the interest of improving the cotton quality of Texas and to explain the benefits of selling quality rather than quantity.

After his talk and remarks by Lichie, a committee was appointed by popular vote to investigate varieties best suited for this community and to further interest in longer staple cotton for Donley County.

Elected as committeemen were W. A. Poovey, Ashtola; Walter Morrow, Martin; H. C. Brumley, Clarendon; W. H. Grey, Goldston; J. A. Paterson, Whitefish; C. F. Weaver, Skillet; W. P. Howard, Lelia Lake; R. E. Mann, Hedley; A. E. Ranson, Giles; J. M. Potter, Midway; Jess Stiles, Bray; C. L. Goin, McKnight; W. M. Pickering, Naylor; R. W. Moore, Chamberlain; O. L. Jacobs, Hudgins; Harvey Shaw, Windy Valley.

The days of the Texas cotton monopoly are gone, he stressed, pointing out that 90 per cent of the state's cotton had to be exported and sold in competition with foreign long staple cotton.

Formerly, export cotton bearing a Texas bill of lading, warranted a \$4 or \$5 bonus. "It's reverted now," Miller declared, "to where many foreign market orders demand no Texas cotton be included in the shipment."

In explanation, Miller said all foreign countries are faced with financial difficulties. Consequently their purchases must include long staple cotton to guarantee no waste.

Another Texas market depression was caused when textile mills in the south began consuming their own state's cotton. Formerly most of their staple was Texas produced, but planters, nearer the mills, began growing crops to fit the spindles.

Miller blamed Georgia Half and Half seed and producers cotton gauge set on gin output rather than quality as the major undermining factors in the decrease.

Miller's plan, which has worked successfully in other parts of the state was cooperation of cotton raisers planting long staple seed. He pointed out examples where community ventures had increased the sale from 7 or 8 cents a pound to 13 cents per pound.

MUSEUM SIDELIGHTS

Twenty-five persons visited the Donley County Museum last week, and seventeen visited it this Monday. To date 1809 persons have registered at the museum. It is open on Mondays from one to five o'clock, and is located in the old Dormitory. Most of these were high school and college students.

A collection of firearms was presented the museum last week. Included in this group was: a pistol used in 1890, a hunting horn, a powder pouch, the lower jawbone of an alligator and some marine fossils.

Mr. W. B. Haile has loaned the museum a bed used about seventy-five years ago for the pioneer bedroom. It is a three-quarter bed with a trundle-bed attached underneath. The museum is anxious to obtain a dresser to go with this bed. If anyone has one which they would care to loan, please get in touch with Mrs. Bagby, the curator.

The museum is in need of some show-cases to place their rapidly growing collections in. They have at present about six cases which are completely filled, and they will need more very soon.

Two Youths Face Car Theft Charges In Wellington

Two 15-year old youths were returned to Wellington last week-end to face car theft charges following their arrest near Hedley Saturday night. The car was said to have been stolen Friday night.

Running out of gas on the McKnight road, they caught a ride with trucker Pierce who's suspicions were aroused by their actions. Local officers were called and the youths were arrested when they tried to flee.

The two told authorities it was their second "job". They said they had previously driven a stolen automobile into New Mexico.

GIRL TWINS ARE IN LEAD TO DATE

Native Twins Said to Be Scarce in Donley

Has Donley county no native twins? Two groups came in immediately after the query last week, four of the finest young women in any man's country and such fine folks that all Donley county may be proud of them though they are only near natives.

Misses Ruth and Ruby Tucker, daughters of Mrs. J. R. Tucker registered Friday. They came to Donley from Caddo Mills at the age of fifteen months. The fact that they transferred the family home from down state to old Donley at the early age of 15 months is a feat within itself. They are 21 now.

Saturday saw another pair of young ladies in the Leader office. Meet Misses Anness and Bernese Rattan of near Goldston. These girls of seven years pull around 180 pounds of bolls and cotton daily. Both girls admit to being three years of age before moving their parents from Hall to Donley, both being natives of that section near Quitaque. They are fine looking girls, strong and husky, wear boots made for girls and will ride a pony to school.

Twins, whether natives or not, are most welcome to the free offer being made by the Leader for this week only.

Three Escape Serious Injuries In Car-Wagon Smash Monday Nite

Ralph Sutton Thrown Over Car at Impact; Car Owner Receives Leg Bruise

Three persons escaped serious injury Monday evening when an automobile crashed into the rear of a wagon on Highway 5 about 2 1/2 miles west of Clarendon at 7:30.

Ralph Sutton, Clarendon, driver of the wagon, said he catapulted backwards over the wagon and car at the impact. He was unhurt. The horses were slightly injured when they were "skidded" about 110 feet along the pavement, according to a highway patrolman. One horse was pinned under the car.

George W. Bayer Jr. of Denver, Colo., owner of the car, received a leg injury. His companion, Miles Dulaney of Alamosa was uninjured.

According to officers, Sutton was coming to Clarendon with lint cotton in two wagons. The Colorado car was also traveling east and failed to see the wagon when blinded by an approaching automobile, they said.

Sutton's wagon was demolished and the automobile was badly damaged.

Sheriff To Enforce Law of Wagon Reflectors

With four minor accidents this week credited to wagons and trucks without reflectors, Sheriff Guy Pierce this week issued an ultimatum to operators saying charges would be filed against all violators.

Pierce also enlisted the aid of Highway patrolmen, asking them to also file charges. "It is not only for the protection of automobile drivers," Pierce stated, "but it may save the life of wagon drivers and also protect their property."

Hopper Menace May Reappear In 1938

Survey Reveals Many Eggs But Repetition Depends On Parasites

Whether a repetition of last year's heavy grasshopper infestation is due in Donley county in 1938 remains largely in the hands of parasites, County Agent H. M. Breedlove said today.

Breedlove made the statement after a survey of farms which disclosed numerous hopper egg pods. "However local farmers will be ready for the fight this year and will get the jump on the pest as poison mixture will be on hand at all times," he said.

Each pod averages from 60 to 70 eggs and are from one to one-half inches in length and from one-fourth to one-half inches in diameter. The pods are around one and one-half inches under the ground where burning or freezing cannot affect the hatch.

About the only eradication process is deep plowing. Where plowing cannot be used, spading along the fence rows and in low places where vegetation was green longest.

Rev. Oller of Near Vernon Visits Relatives Here

Serving the same Baptist church for 27 years is a record of which any minister might well be proud. Such is the record of Rev. J. W. Oller who is visiting in the home of his nephew, "Shorty" Oller here.

Rev. Oller has resided on the same farm near Lake Kemp south of Vernon for the past 49 years. He is one of the pioneer Baptist ministers of West Texas by having served his people over forty years.

Rock Garden Adds Back Yard Beauty

Scenic Beauty Spot Leads In Civic Investment At C. W. Taylor Home

Without detracting from the beautiful front yard landscape of flower and tree in profusion, the rock garden in the rear of the home of Mr. and Mrs. C. W. Taylor glorifies nature. Into the general scheme both botany and geology have played an important part. To this has been added the skill and energy of both Mr. and Mrs. Taylor over a period of more than thirty years.

A large spreading ash shades the yard. An outdoor fireplace attached to the back building wall is equipped for the cooking of delightful out door meals in summer time, and is adjacent to an ornamental table. Flowers, trees and shrubbery have been worked into the artistic plan.

Curios of rock formations blend with concretions in harmonious color. History of the ages written by mother nature now conforms to the wishes of the owners of this beautiful summer camp right at the back door.

Pension Rate Cut Stayed Till January

Board of Control Finds It Can Maintain Its Present Outlay

AUSTIN, Nov. 3.—A board of control announced today a new survey indicated reduction in the amounts of individual pensions would not be necessary for November and December.

Negotiation between the board and a Dallas bank were under way looking toward repayment of a loan of \$1,626,000, made last year in a pension emergency, on the installment plan.

It had been feared by some that pensions might have to be reduced or stopped altogether as a result of the legislature's failure to provide for retirement of the loan and put additional money in the old age assistance fund.

"With the estimated funds in sight it seems it will not be necessary to reduce the average amount of the grant of those who are eligible under the law during November and December," Claude D. Teer, board chairman, said in a statement.

There are approximately 114,000 persons on the pension rolls at present, having been reduced during the year from a peak of about 128,000. Around \$2,000 has been received in Donley county monthly through old age grants.

Weber Jury Renders Not Guilty Verdict Saturday

Ratification of a 1933 city ordinance reducing the gas rate 20-cents may be possible for Clarendon, Colonel Ernest O. Thompson, chairman of the Texas railroad commission said at a meeting in the City Hall Saturday afternoon.

Thompson said the commission engineers would be sent here for an appraisal of the gas company's property, and auditors would examine their books.

A copy of the commission's findings will be sent city commissioners and if the local council finds the present rate excessive of a fair rate of interest, an ordinance may be passed demanding a reduction.

In answer to questioning, Thompson declared that if 50 cents per thousand would yield the gas company 7 or 8 percent on their investment, and if that was the case when the 1933 ordinance was passed, the company would be liable for refunds over the 50-cent rate for approximately the past 4 years.

At the time of the passing of the ordinance, the gas company posted a \$5000 bond.

Thompson, Clinton Owsley, accountant of the gas division, and Judge Olin Culbertson, director of the gas division, were here for a hearing prompted by the failure of the local gas company to recognize a 10 cent reduction from 70 cents to 60 cents set out in the franchise in June 3, 1927, which called for the cut after a 10-year period.

The City officials asked the railroad commission for advice and a mass meeting was called for 2 o'clock. Mayor W. H. Patrick explained the situation to the group and introduced Colonel Thompson.

It is understood that Lelia Lake, Hedley and several other towns in this section will have a hearing on gas rates seeking to find out if reductions may be possible.

Some 23 bales were heavily damaged as well as the box car before the Memphis fire department extinguished the blaze. The cotton was insured by the Denver and belonged to several from this section who will not suffer any loss.

MEMBER OF PANHANDLE PRESS ASSOCIATION

THE REST OF THE RECORD

BY JAMES V. ALLRED
Governor of Texas

As I write this column the special session has been over two days. I regret exceedingly the unfortunate outcome of the thirty-day meeting of the legislators. The sad and pitiful part of it is that nothing was done to help the needy people, the blind and our underprivileged children...

The people are confused and indignant over the outcome. Certain groups such as the representatives of special interests apparently are well contented with the report brought me at the close of the Legislature by the Senate notification committee...

The question uppermost in the minds of the people, however, is "Who, or what, is to blame for these lamentable conditions resulting in the failure to provide funds for the social security program?"

Conflicting statements have been issued since the session by certain senators and house members. Some of the people are unable to fix clearly the responsibility. Why?

The present two-house system of

The Legislature is made to order for sly manipulation and buck passing by shrewd parliamentarians. This is not the first session to end with each house blaming the other. The difference is that with the changing and complex problems of recent years this condition has grown worse. Not all the members of either house are to be condemned; yet, the good, the patriotic, the diligent, the sincere members often find themselves condemned along with reactionaries and demagogues.

Lawyers will tell you that delay and time are the greatest aids to a man charged with crime. Delay and time are likewise the most powerful weapons that can be employed to defeat progressive legislation. Under our present legislative system these weapons are readily available and freely employed.

During the past session the people have witnessed a strange situation. The special session was called for the purpose of raising revenues for the needy. A powerful minority group declared no taxes were necessary and employed every artifice possible to defeat the purpose of the session. Certain newspapers criticized the call and advocated no taxes.

Now that the session has ended we find that the spokesmen for the same minority group and for the same newspapers criticize the legislature for not passing a tax bill—the very thing they said should not be done.

I shall have more to say later concerning this session.

The untimely death of Judge O. S. Lattimore shocked the entire

state. The beloved judge had served with outstanding distinction on the Court of Criminal Appeals for many years. Friends and close associates, as well as admirers from all walks of life, testified to the love and esteem in which Judge Lattimore was held as they solemnly gathered to pay final tribute to this distinguished son of Texas.

Faced with appointment of his successor, I chose Harry N. Graves of Georgetown who resigned from the Legislature to accept the judgeship. He is one of the noblest characters I have ever known. Courageously and unselfishly, Judge Graves has served the people of his district and state for many years. He is preeminently qualified for this great office and while I regret his patriotic service in the legislature will be ended, I felt that his outstanding service and character should be rewarded.

The appointment of a member of the Legislature to a judgeship was not without precedent. From the Forty-fourth Legislature, I selected Sarah Hughes of Dallas to fill a vacancy as district judge. She became the first woman judge in the history of Texas and her splendid record as district judge has won the admiration and acclaim of the Dallas bar.

BELOW THE RIO GRANDE

It is interesting how the Mexican people came to refer to Americans as "Gringos." During the Mexican War many of the American regiments going South were recruited from areas in Georgia, the Carolinas and Kentucky, largely peopled by Scotch emigrants. As they marched into Mexico they sang Robert Burns' song in which appears the line: "Green Grow the Rushes, Oh!", repeated again and again. The Mexicans mispronounced the first two words and evolved "Gringo."

Love, Matrimony, Divorce.

Love has been defined as an abcess on a fellow's pocketbook. Matrimony is a little ship that floats around on the ocean of love. Divorce is the submarine that blows up the ship—in fact the whole works.

Fannie Fizzle says Red Kian has so many freckles that every time he crawls into the shade to take a nap, a turkey hen sits on his face.

The old-timer who doted much on Indian summer, sun dogs in the sky and turned back when a black cat crossed his path, was the fellow who "took off" warts by saying a voodoo ceremony to a new moon. In either instance, neither weather nor warts were seriously affected.

Already babies of England are receiving gas masks instead of toys.

Cotton, readily accepted as king for ages, is also a dictator and master of the people of his kingdom.

Reading these modern day murder reports, one must come to the conclusion that some men are so sentimental that they can't jilt a girl without putting her out of her misery.

"Love, honor and obey" has been relegated to the dim past by most

ministers, but none of them have substituted "wilt thou boss, restrain and improve this person."

Georgia Steals Show.

Did you know that the state of Georgia has a "Panhandle" section? Not only that, they have a thriving little city known as "Montezuma." To add insult to injury of our southwest, they held a "Pimiento Festival" over there last Friday. It seems from newspaper accounts that they are swiping the pepper industry of the southwest, too. Wonder if any of 'em eat chili?

Mark Twain once said that when he felt sad and morose because of the action of some unfaithful fellow whom he believed to be his friend, he could always take courage from visiting with his dog.

West Texas air takes the "complex" out of complexion, then covers the complexion with an airtight tan that keeps it securely for ages. (Many an old squaw had a fine complexion at 120—if you took time to dig down to it.)

The reason Christmas was started in the winter time, papas could not stand the heat of summer with that Santa Claus rig on.

Casing Suicides.

"She's pretty thin, boys, but I think I can get another thousand or two out of her."

Once upon a time a Holy Roller preacher got behind with his bills. Every time he got a dun he would write back by using only the following quotation: Matthew 19:20. Yeh, better look it up. You may need it some time.

Columbus Outmoded.

China is bidding for help from America by saying that "Ho-Shin" discovered this continent before Columbus was born by several centuries. They offer as proof that Ho-Shin gave the natives money known as "Shin." Later when the whites came over they added another word and the money was known as "Shin-Plaster." What? Ho! Anybody started yet?

The Apostolic Poor Farm was helped a lot the past week. Opening up with a full "tow sack" of sweet spuds my good friend A. H. Baker gave the first sweet potatoes I have eaten grown here that are really sweet like they grow back east. Then we keep gnawing along occasionally as one gets ripe on the Joe E. Fitzgerald persimmons. Then comes Dick Tomlinson of Ashtola with a pair of late season melons of that quality that just melt in your mouth. Peaches? Why yes, Ollie Hommel handed in a basket of those famous Hommel's October peaches that we talk so much about each year. Every land owner ought to set out some of this fine native peach. Ours will be in full bearing next season. Get your order for trees in early. Thanks a lot folks, thanks a lot.

DICK COOKE, Editor

Bronchos Listless For Memphis Game

Traditional Game Just A Name For Clarendon

By DICK COOKE
What has always been a natural for Clarendon and Memphis football fans has dropped by the board this year as the locals go listlessly about preparing for the Broncho-Cyclone encounter here Friday night.

A sizable crowd is hoped for because of the traditional rivalry between the two clubs, too, if possible, aid the Bronc spirit for next year, and incidentally the financial affairs.

The Clarendon eleven has entered every game this year as underdogs but the encounter tomorrow night gives them a rating of under the underdogs.

It is possible, by way of dope, to figure Clarendon a winner if you take the last game of the Cyclones in which the Shamrock Irish drubbed them 39 to 0. Shamrock only downed the Bronchos 27 to 0. Looking further, however, Memphis has beaten every team that has kicked the locals about with the exception of McLean and Shamrock. That Clarendon will show any

improvement tomorrow night is definitely out. The Bronchos are battered and bruised, weary and tired. The Lakeview riot failed to help in any way and put many more on the injured list.

With the exception of one or two Clarendon hasn't a starter in shape to play football.

JUNIOR HI CLUBS LOSE GRID TILTS

With an eye to the future, Junior High School gridsters got their first taste of football Tuesday afternoon in a double header at College Field with Memphis taking the two games, 7 to 0 and 18 to 0.

In the first tussle, the locals, of 100 pounds or less, staged a goal line stand in the first quarter but weakened in the second to let Memphis tally the only 7 points of the game.

Clarendon got within striking distance twice in the last half. Just before the final gun they were in position to push over a score after Billie Thompson intercepted a Memphis pass on the Hall County 20-yard line and got back to the seven. The heavier visitors, however, rose to the task and held Clarendon for downs.

In the second bout, the Clarendon 100 pounders or over, never made a serious threat but showed lots of promise against their more trained, heavier opponents. Memphis counted in the second and twice in the third for the 18 to 0 win. Blocked punts played a major role in the scoring. Two of the three markers were a direct result of blocked kicks with the visitors recovering one behind the Clarendon goal line.

Members of the teams are Raymond Johnson, Raymond Harp, John Earl Ryan, Basil Smith, Geo. Rieger, Ernest Thompson, Jerry Kerbow, Johnny Beard, Lowell Armstrong, Harry Kerbow, Billy Thornberry, Fleetwood Cornell, Lesley Wardlaw, W. B. Adams, C. G. Kirkland, Woody Spencer, Geo. Reeves, Jack Rolf, Basil Kirtley, Billy Mears, Murrell Landreth, G. D. Shelly, Jack Shelly, Wilson Reector, Jimmie Lumpkin, Robert Summers and Geo. Vineyard.

Mr. and Mrs. A. D. Estlack and children spent Sunday in Amarillo in the home of Mr. and Mrs. Jack Murff.

ANOTHER 60 to 6 LOSS FOR BRONCS

Averaging a point a minute, the Lakeview Eagles swooped down on College Field Friday night and flapped away with a 60 to 6 football game without even ruffling their feathers.

J. H. Green, Clarendon tackle, entered the hall of fame when he sprinted 80-yards for the local's score. Green's run came in the second period when Lakeview passed and the ball was tipped into his arms during a mixup. He was in the open all the way with the only Eagle near him blocked out.

Lakeview scored 13 points in the first, 7 in the second, 19 in the third and 21 in the final.

Brister and Painter carried the brunt of the Lakeview sprinting during the 60-minutes in which nearly all the Clarendon regulars left the field with injuries.

Clarendon's starters were Wilson, le; Green, lt; Huffman, lg; Lane, c; McGowen, lg; Robinson, lt; Cooke, le; Melton, fb; Longan, rh; Mears, lh; McWhorter, qb.

WELLINGTON STILL ON GRID PINNACLE

IRISH IN SECOND, McLEAN IN THIRD POSITIONS AFTER WEEK END GAMES

SHAMROCK, Oct. 3.—Wellington remained on top the heap in district 3-B football circles and Clarendon became sole possessor of the cellar berth by winning and losing their games respectively last week.

Wellington's Skyrockets turned in another lop-sided score defeating the Mobeette Hornets 62 to 0 and the Clarendon Bronchos were on the short end of a top-heavy 60 to 6 drubbing handed them by the Lakeview Eagles.

McLean managed to eke out a 7 to 0 win over the Wheeler delegation and remain in charge of the third place in the district standing. The Irish strengthened their hold on second place in the rating by downing the Memphis Cyclone 39 to 0.

The standings to date are:

Team	P.	W.	L.	Pct
Wellington	6	6	0	1000
Shamrock	6	5	1	867
McLean	5	4	1	800
Memphis	6	4	2	734

F. F. A. NOTES

Attend District F.F.A. Meeting

Homer Speed and J. R. Gillham represented the Clarendon F.F.A. Chapter at the Memphis District meeting in Memphis, Saturday, October 30th. District officers were chosen at the meeting. Joe Williams of Clarendon was selected district secretary and J. R. Gillham, was elected district adviser.

The next meeting of the district will be held in Clarendon December 11th. The local chapter will sponsor a poultry judging contest on that date and will be responsible for the district program.

Lions Club to Sponsor F. F. A. Boys

Members of the local F.F.A. will have "business daddies" as a result of decision of local Lions to sponsor the boys' work as a project. Various members of the Lions Club will sponsor one boy each.

The sponsors will visit with the boy a number of times each year, will inspect his project, and encourage the boy in any way that he sees fit. Each boy will upon learning the identity of his "daddy Lion" visit the lion in question and inform him as to the nature of his project and what he is accomplishing.

The project is being sponsored to better the relationship between the boys, their parents, and the business men and to lend encouragement and aid to worthy boys to assist them in carrying out worthwhile projects.

AT THE FIRST BAPTIST CHURCH
J. Perry King, Pastor
 There is Always Worship Fellowship :: Service

One of the great arts of worthy living is to see things in their relative importance. Many people fail in what is worthiest in life because they never seem able to grasp the difference between things that are really great and really little. It is a great thing to know a trifle when one meets it. When the decisive moment comes it is equally great to seize it and use it with every power of manhood. The difference between success and failure is the ability to recognize things in their relative magnitude and act accordingly. Church going will help the habit of serious thought and increase ones perception as to what is right and wrong and help to rightly relate things in true proportion. Sunday was made for the great things of life and the glory of God. Use it rightly for religious purposes and note the feeling of satisfaction that will fortify your faith in God and man.

Regular Sunday school and Training services at the Baptist Church Sunday at 9:45 and 6:15 as usual. No preaching service morning nor evening, the pastor being in attendance at the Texas Baptist Convention in El Paso.

ENJOY SAFE WARMTH Now is the time to install a WARD FLOOR FURNACE

* A Ward Floor Furnace is a dependable guardian of your health and comfort. It hangs beneath the floor and registers at floor level is all you see. It draws in the air from the floor, doing away with that unpleasant cold zone below the knees. It has no exposed flames, but warms your atmosphere against the sealed sides of a vented heating chamber that carries all products of combustion to the out-of-doors. Exclusive BILT-IN THERMO-CONTROL regulates temperature just as you like it and keeps it that way always. You'll have no trouble with sweating walls, weeping windows, fumes or odors when you keep warm with a vented Ward Floor Furnace. Your air will stay fresh, clean, safe and healthful. You'll feel better, brighter and be more healthy if you enjoy Ward's controlled winter comfort in your home. More than 325,000 Wards in use today.

May we give you full facts about dependable Ward-warmth and how it can serve you?
