THE REST OF THE RECORD

BY JAMES V. ALLRED Governor of Texas

A few of the big daily papers and Senator Shivers of Port Arthur have criticized me because I said over the radio that unless the Legislature provided revenues, pension payments would be stopped after November 1st.

If they wanted to be fair they would tell the people that before I made my radio speech the State Board of Control, which handles pensions, made a written statement to the Legislature that payments would be stopped unless the Legislature provided money.

But, in any event, it doesn't make much difference who made the statement first. The rest of the record is this:

For over a year now the Board of Control has owed \$1,626,000 to Dallas banks on warrants issued before the tax bills went into effect.

ing the special session that this should be paid. Nothing was done about it. Meantime, however, the Dallas bank had been demanding its money and the Board of Control had agreed to pay it. They told the bank positively that they would take care of it if the Legislature didn't at the special session.

Naturally I am pleased to know that according to the Board of Control's statement old age assistance can go on through the next two months. One member of the Board of Control, Mr. John Wallace, testified that payments would not be stopped at all and there would be no reduction of the rolls.

Whether the board pays the debt of \$1,626,000 to the banks in in-

stallments or all at once, any school boy could figure out that the board has got to cut the rolls or cut the average of \$14 per month.

I am opposed to dropping any more needy aged from the rolls. I think that many of the so-called border line cases should be put on the rolls rather than lopping them off, particularly during the coming weeks when winter will be setting in.

Another angle of suffering is the relief problem which is linked with that of old age assistance. The aged needy who are dropped from the rolls must be cared for by some one.

Neither the state nor federal governments are able to supply money for direct aid but only relief in the form of surplus foodstuffs and some clothing.

With these will be the needy blind and destitute children left holding an empty bag by the Legislature.

When this situation comes to pass, the question "Why?" will be on the lips of every citizen.

That question will be directed at the corporation senators—Holbrook and company—whose job of scuttling the social security financing program cost the state a \$200,000 session but saved the wealthy natural resource groups from shouldering a humanitarian burden.

Their attitude "Am I my brother's keeper?" will be the target for those needy unfortunates whose faith was not kept.

State Highway Markers Will Be Omitted in Cities

Motorists traveling United States designated highways in Texas no longer will be puzzled by a multitude of highway markers in thickly populated areas, according to instructions just issued by the Texas Highway Commission thru Julian Montgomery, State Highway Engineer, ordering state markers taken down on such routes.

"After an exhaustive study of this whole matter of highway markings we have found that by simply using U. S. route markers it is much easier for the traveling public to follow such highways" said Mr. Montgomery.

"According to the present marking, many places in the state, and especially the business districts of cities, require so many markers on each post that the traveler is forced to stop traffic while studying these markings, thus creating a safety hazard."

State highway officials state that the original purpose in assigning U. S. route numbers was to simplify the markings of highways enabling the traveling public to follow the route, to, or through, other states.

According to Mr. Montgomery, the elimination of state markers from U. S. routes will result in a considerable saving to the department. He further said that state markers would remain in place on state highways which have not been designated as U. S. routes and which do not carry standard U. S. shield markers.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

TEMPLE OF TRUTH
By the Apostle

The lawless element of America commonly classed as highjackers, robbers, murderers and the like, are going in strong for state laws being made to conform to international diplomacy. Then a Public Enemy No. So-and-So could stop a car, shoot it full of holes, rob the victim, murder one or a dozen as might suit their wishes, rob a bank, kidnap at will, raise hell in general and square themselves by merely sending some one an apology.

When he got married, a lot of us thought we were through with

the Duke for some time to come. But no. As a former traveling salesman for the British Empire, he had planned to visit our nation. Communist labor leaders objected. These same labor leaders never object to the immigrants that represent the scum of the world and are a constant menace to the well-being of the American labor class. Labor leaders of this class merely want weekly dues paying peons. The Duke would not pay dues because he would not expect a job over here. We might have learned something from the Duke had he come over. He certainly could do us no harm. He had been here before and made friends despite his handicap of birth.

We don't need any more foreigners for some time to come. That is, the kind who come and stay. Visitors are always welcome if they are of a type to respect our laws and customs. Every time I hear "Bo" Carter on the radio that broad "a" accent makes me want to jump up and yell "God Save the King." We have plenty of talent in America for any job. Men and women who can do a better job than any foreigner and who can speak our language so that every word may be readily understood. "He that hawth yars to heah, let him heah," is a fair sample of Oxford English.

The Duke does even better than that.

Do you really suppose that Tom Thumb invented hitch-hiking?

When America was made safe for democracy way back yonder, we got a Fourth of July. When the world was made "safe for democracy" during the World War, we got Poppy Day.

At that, the World War will not have been fought in vain if this nation will make it possible to take the profits out of war. If it is right to conscript a human being, why not conscript property? Or is property valued at more than human life in these good old United States? The greatest cause espoused by both the American Legion and the American Legion Auxiliary is: "Take the profits out of war and end all wars."

MIDWAY

Miss Virginia Williams of Canyon spent the week end at home. Miss Katie Meaders taking her and the Gerner girls of Lelia, back to Canyon Monday for school.

Why Not Let the Devil Pay Most of the Taxes?

The Devil is a great old fellow. Sometimes I admire him the way he outwits people. He has been beating taxes now for a long time and I am in favor of collecting taxes off of him. Most people when the devil sticks his head up say, "let's swat him." I say when the old gentleman sticks his head up, let's put a tax on it. A few months ago he was sticking his head up down at Arlington. Some people thought it was time to hit him on the bean. The so called business men got envious and wanted to act at once. And they hit the devil. Did it help any? Not a bit, for the sly old gentleman went to the back alleys and out among the young boys and girls. He taught them how to gamble and get drunk. It would have been better to have taxed him at Arlington. A few years ago they had what they called "the acre" in the big cities. A lot of people who can not see things as they are, and as they are going to be to the end of the world, took a swat at the devil in the acre instead of Taxing him. Well they put him out of the acre but what happened? Ask the doctors, and the druggists and the filling station men. They did not outwit the devil—not a bit. He spread social diseases all over the country. They have become so common no one hesitates to call them by name any more than to say "colic." On top of this, the devil told the millions how not to get caught and the world is turned loose. A tax would help to pay the old age pension. As far as I am concerned, if I had my way, I would bring old Harry out into the open and make him not only pay the state but the national debt. It can be done. A lottery has brought in so much money for a hospital at Dublin, Ireland that they do not know what to do with so much money. And there are no lawbreakers in Ireland like we have here, no one hatching kidnap plots. Sin will always be with us, in fact I believe it is a good thing. It creates jobs for the preachers, the policemen, the lawyers, the doctors, the reformers. It is like weeds in the cotton patches that creates work for the farmers. It is ignorance that causes us not to get along any better, and not sin. You know a man can get too good. I never did think that two unreasonably good men had much confidence in each other. That is if they were reasonably intelligent fellows, for an intelligent fellow will figure that the other fellow, like a model T, always has a screw loose some where.

Concluding, I say let's put a tax on the Devil and sin—take the cover off them and pay the old age pensions. It can be done and in the end the world will be just as ready for the great here-after.

Henry Ford Spends Thousands of Dollars on His Private Museum

In Greenfield Village, at Dearborn, Michigan, the heart of his industrial empire, and in the vast museum that adjoins and complements the village, Henry Ford has gathered the largest, finest and most diverse collection of Americana extant.

Conceived by Mr. Ford many years ago as an educational project, largely for the benefit of students in the score of schools he maintains in Michigan and elsewhere, the Edison Institute (named for his great friend, Thomas A. Edison), which comprises both museum and historic village, was opened to the public in June, 1933.

Fewer than 400 persons visited it on the opening day; fewer than 12,000 the first month. By the summer of 1935 its fame had so spread—by word of mouth and the

increasingly voluminous books and articles about it by collectors, antiquaries, historians and special writers for every type of publication—that 4,000 visitors in a day and 80,000 in a month were not unusual attendance figures. More than 350,500 saw it that year.

Approximately half a million persons viewed its treasures in 1936. They are of every age and

class, these later-day pilgrims to a new American Mecca. They range from simple sightseers to famous scientists. They come from every state in the union and every country on earth. But by whatever urge impelled, simple curiosity or scientific interest, and however far they have journeyed, they freely admit that the pilgrimage was worth making.

LES BEAUX ART CLUB ENTERTAINS WITH TEA AND EXHIBIT

Thursday afternoon at the Club Room the Les Beaux Art Club entertained with a Pan-American tea and art exhibit in observance of National Picture Week.

The exhibit consisted of Russian prints and etchings purchased by Price's Book Store, which are for sale at that place, and a collection of oil paintings by local artists of Wellington.

Mrs. A. L. Nowlin, district chairman of art, who lives at Wellington made it possible for the club to secure the collections. Two pictures of her own work was included. Others were done by Mrs. Lyn and Mrs. Fay Smith who is a former pupil of Mrs. J. W. Evans of this city.

Decorations were carried out in the Pan-American colors. A set of Pan-American flags mounted on a small teak-wood stand was used as a center piece on the table which was covered with a Mexican cloth.

Hot fruit juices and cakes were served from bright colored pottery plates and mugs. Miniature flower pots with cactus were used as plate favors. Large potted cactus, orange colored chrysanthemums in pottery jars, a large platter of luscious looking fruit and a Mexican market basket filled with a variety of green vegetables completed the setting.

Misses Geraldine Pratt, Peggy Word, Jo Word, Mary Charlotte Word and Dorothy Kerbow served the guests and poured the hot drink from large colorful jugs.

Mrs. W. H. Patrick greeted the guests at the door and presented them to the receiving line which consisted of Mrs. J. D. Swift, club president, Mesdames W. G. Word,

W. W. Taylor, J. W. Evans, Homer Glascoe, and Miss Mary Howren, past presidents.

The program consisted of dances by pupils of Miss Mary Cooke with Mrs. Allen Bryan at the piano. Little Misses Emily Ann Engle and Sarah Ann Rains together with Jackie Heath in full dress attire did a very pleasing number. Beverly Gray Stricklin, Patty Molesworth, Billy Ralph Andis, and Wilson Rector in appropriate costumes did a very delightful French doll and soldier dance. Clyde Benton Douglas did a splendid solo tap number.

Vera Noland and Billie Cooke did a beautiful Spanish dance in typical Spanish costume.

More than a hundred guests attended during the afternoon.

MOTHERS CLUB HAS PARTY

The Mothers Club entertained their husbands with a dinner party at the Club Room Tuesday evening. Hostesses were Mesdames Geo. Norwood, Frank Hommel, Alfred Estlack, O. L. Jenkins, Ralph Decker, J. H. Howze, Walter Lowe, Walter Clifford, Francis Brown, Reagan Bryan.

The Club Room was decorated with cut flowers.

A two-course turkey dinner was served at 8:00 o'clock, with small miniature flags as plate favors.

Ten tables of progressive 42 were played.

During the games Alvin Landers won high score prize; Mrs. H. T. Warner won second high.

Guests were Messrs. and Mesdames D. F. Wadsworth, A. W. Hicks, J. H. Howze, Joe Bownds, Will McDonald, Dewey Heath, Cap Morris, O. L. Jenkins, Paul Smith, H. T. Warner, Alvin Landers,

Walter Lowe, Earnest Hunt, Clyde Douglas, Ralph Keys, Frank Heath, Walter Clifford, Ralph Decker, Hickey, Henry Tatum, Alfred Estlack; Mesdames Geo. Norwood, Francis Brown, Frank Hommel.

LUNCHEON FEATURES T.E.L. ALL DAY MEETING TUESDAY

The T. E. L. Sunday School class of the First Baptist Church, entertained with a dinner featuring their all day meeting at the church Tuesday.

The program included the class song, "My Faith Looks Up to Thee," a quartet composed of Mrs. Fern Durham of Memphis, Miss Annie Bourland, Mrs. L. Cauthen and Mrs. M. C. Reid. Mrs. J. T. Warren led the prayer.

Following the luncheon, Mrs. W. B. Sims, mother of the class, talked on how to build a class. Mrs. W. C. Stewart, teacher, Miss Annie Bourland and Mrs. A. W. Simpson also addressed the group.

Officers of the class told their duties. They were Mrs. Major Hudson, president; Mrs. M. C. Reid, 1st vice president; Mrs. W. A. Land, 2nd vice president; Mrs. Buel Sanford, 3rd vice president; Mrs. H. C. Brumley, 4th vice president.

At the business session, plans were made for the Christmas party. The meeting closed with a group song.

Approximately thirty-three ladies attended the luncheon.

H. D. CLUB ENTERTAINS

The Clarendon Senior H. D. Club was hostess to all the clubs of the town with an exhibit of their club work from 2 to 5 o'clock Friday at the Club Room.

The guests were received by the President, Mrs. J. C. Estlack and incoming president, Mrs. O. L. Pink, and were shown around and entertained by other members of the Club.

The walls of the Club Room were lined with various types of handiwork. Many beautiful quilts, eleven crocheted bedspreads of various designs, one of which was made by Mrs. W. D. Van Eaton in 1882; crocheted table cloths, afghans, hooked, braided and crocheted rugs; hand-made lace table cloths; also several pieces of wearing apparel were used as wall hangings. Other lovely pieces of handiwork were displayed on conveniently arranged tables. Several tables covered with jars of canned fruits and vegetables were exemplary of the ladies' splendid home-making efforts. The attractive floral display, consisting of the most gorgeous chrysanthemums were shown here and other varieties of fall folwers and blossoms, very effectively completed the exhibit.

Delicious refreshments were served to about seventy-five guests.

CONTRACT BRIDGE CLUB

Mrs. Simmons Powell was hostess to the Contract Bridge Club at her home Tuesday afternoon.

The dining table was covered with a beautiful lace cloth with a bowl of orchid and white chrysanthemums on a blue reflector as center piece. The living room was artistically decorated with rose buds.

Three tables of contract bridge was played with Mrs. B. F. Kirtly winning high for member, Mrs. L. S. Bagby high for guest and Mrs. Bill Stewart of Kilgore who was honor guest also received a lovely gift.

A dainty two course refreshment was served to Mesdames; B. F. Kirtly, Floyd Lumpkin, Forest Sawyer, Forest Taylor, Jimmy Miller, H. F. Harter, L. S. Bagby, Bill Stewart, Bill Greene, Allen Bryan, Louie Thompson, U. J. Boston, Callers for the tea were Mrs. Seldon and Geo. Bagby. Hostess Simmons Powell.

The afternoon was spent in conversation and fancy needle work.

A lovely two course refreshment was served to Mesdames Ed Dishman, G. W. Evans, R. A. Chamberlain, L. S. Bagby, A. R. Letts, J. B. McClellan, J. L. McMurtry, J. T. Patman, B. L. Jenkins, A. L. Chase, Will McDonald, Crockett Taylor, Newton Smith, A. A. Mayes, Homer Glascoe, Sam Dyer, T. H. Ellis.

FRIENDSHIP CLUB

The Friendship Club met for their annual club turkey dinner Tuesday at the home of Mrs. C. E. Lindsey. The dinner consisted of turkey, dressing and gravy, candied sweet potatoes, vegetable salad, hot rolls and butter and apple sauce, cake with whipped cream, were enjoyed at the noon hour.

After the opening of the club by

president, Mrs. Skinner, Mrs. J. D. Stocking read the scripture lesson. The afternoon was spent in pleasant conversation and making of fancy articles.

Those present were Mesdames C. R. Skinner, H. Tyree, L. Ballew, J. A. Meaders, Glenn Williams, J. L. Allison, M. E. Thornton, J. E. Mongole, G. J. Teal, Eva Womack, J. W. Rowland, J. D. Stocking, and hostess, Mrs. C. E. Lindsey.

The club will meet with Mrs. Glenn Williams for their next meeting.

We urge all of our members and invite all others who can be present Sunday and participate with us in these closing services. Let us make it a great day.

Sunday School 9:45 to 10:45; Morning Worship 10:50 to 11:50; Church Conference 6:15 p. m.; Young People's Choir and orchestra practice, 6 p. m.; Evening worship, 7 p. m. with young people's program and sermon by the pastor.

The annual Conference will convene at Quanah, Texas, Wednesday Nov. 17, 2 p. m. Those attending from Clarendon as members of the conference are, Rev. E. D. Landreth, Rev. G. S. Hardy, J. R. Porter, S. M. Braswell. Many other people will doubtless visit the conference during the session. Bishop H. A. Boaz, of Fort Worth, will preside over the conference for the eight consecutive session. This will be the last annual conference session over which he will preside as he is to be retired by the General conference next May, having reached the age for automatic retirement of a bishop.

SCHOOL COOKIES

The children love these crisp brown cookies with their rich peanut butter flavor.

- 1/2 cup butter.
- 1/2 cup peanut butter
- 1/2 cup white granulated sugar
- 1/2 cup brown sugar
- 1 egg, well beaten
- 1 1/4 cups all-purpose flour
- 3/4 tsp. soda
- 1/2 tsp. baking powder
- 1/4 tsp. salt

Cream butter and peanut butter together. Add sugar gradually and cream thoroughly. Add well beaten egg to creamed mixture. Sift flour once before measuring. Sift salt together and add to the creamed mixture. Chill the dough well; then form into balls the size of a walnut. Place balls on lightly greased baking sheet. Flatten with a fork dipped in flour, making a criss-cross pattern. Bake. Time: Bake 10 to 12 minutes. Temperature: 375 degrees F., quick moderate oven. Amount: 4 dozen cookies.

Rising Cost of Newsprint Announced by American Makers; Breaks Precedent

The newsprint committee of the American Newspaper Publishers' association today issued this statement:

"The Great Northern Paper company, 342 Madison avenue, New York City, today announced an increase of \$5.50 a ton over their 1937 prices during the first six months of 1938, and an increase of \$7.50 a ton over 1937 prices, for the last six months of 1938. Thus, their New York delivered price during the first six months will be \$48, and during the last six months of 1938, \$50 a ton.

"This action of this United States mill repudiates the leadership of the Canadian newsprint industry in announcing in March, 1937, a \$50 price for the first half of 1938 only, by following the precedent of recognizing the necessity of publishers knowing the price of their most expensive raw material for a year in advance, and by a small relief as to prices. It should help stabilize both the newsprint and publishing industries.

"It is believed that contracts of many large Canadian manufacturers guarantee a price that is no higher than the Great Northern price, and that such a substantial amount of tonnage will be affected that Great Northern has set the price for the entire country.

"Nevertheless, the increase in cost of newsprint for 1938, estimated at \$25,000,000, will be a serious challenge to the management of newspapers. It will undoubtedly require an increase in circulation rates and advertising rates all along the line."

CLARENDON HOLDS MEMPHIS 33 to 6

Bronchos Hang Up First Earned Touchdown For Conference Play

The Memphis Cyclones swirled around College Field Friday night and blew away with a 33 to 6 victory over the Clarendon High School Bronchos.

Clarendon sparked briefly on the defense with Colie Huffman, line backer-up, bearing the brunt of the burden.

The local offense clicked for a few minutes in the second quarter and the Bronchos scored their only earned touchdown in conference play. Melton snared a Memphis pass after it had been juggled around by a Cyclone received and raced from the Memphis 40-yard line to the 20.

After three line plays netted

only a few yards, McGowen dropped back and shot a pass to Palmer who took it in the end zone for the score.

Memphis counted early in the first quarter with a sustained drive from the 37 yard stripe after a Clarendon punt. Hall scored from the 1/2 yard line. Before the period ended, Lindsey cantered 45-yards through the Bronco line to pay dirt.

Clarendon held the Hall county lads scoreless during the second and the clubs went to rest at half time with the count standing 13 to 6.

The Cyclones came back with two talleys in the third frame. Hall spun around end for both the scores. His first was from the Clarendon 15 and his second from the 8-yard line.

Harris, shifted into the back field from his regular tackle position, carried over for the last touchdown from the Clarendon 8-yard stripe in the last period.

The starters:

Clarendon	Po.	Memphis
Wilson	LE	Montgomery
Robinson	LT	Harris
Huffman	LG	Clark
Lane	C	Kesterson
Reeves	RG	Dewlin
Green	RT	Sanders
Palmer	RE	Eavans
Mears	QB	Lindsey
McGowen	RH	Foster
Vineyard	F	Pounds
Melton	LH	Robertson

Wellington Keeps District 3-B Lead

Leaders were unchallenged in District 3-B last week, and the Wellington Skyrockets remained in the top position.

The Rockets and the second place Shamrock Irishmen clash Armistice Day in a game that probably will decide the championship of the powerful lower Panhandle district. The Rockets of Joe Coleman are undefeated in six games, while the Irish have dropped one contest.

Clarendon Grid Juniors Meet Memphis Wednesday

Two Junior High School football teams traveled to Memphis Wednesday afternoon in hopes of reversing defeats handed them by the Hall County juniors here last week.

At press time, results of the games were not obtainable. The clubs consists of boys of 100 pounds or under and boys of over 100 pounds.

In the games played at College Field last week, the baloon weights dropped a 7 to 0 game to their heavier opponents in four quarters of hard fought ball. The bigger boys lost to Memphis, 18 to 0. Blocked punts accounted for most of the scores.

THE HUMAN BODY

Every physical action exemplifies a mechanical principle and of all machines the human body is the most intricate. The average man eats and drinks about 5 1/2 pounds of solids and liquids daily, totaling approximately 1 ton a year. All this goes into a stomach of about 5 pints capacity, but which daily develops about 9 pounds of gastric juices to digest the load. The human heart, normally, weighs from 8 to 12 ounces and makes approximately 100,000 beats each day. Functioning with the heart are the lungs, with a capacity of about 320 cubic inches, but which take in and let out scarcely a pint of air at each breath in ordinary breathing. The heart circulates the blood and blood equal to the whole amount in the body passes the heart every minute. The human frame or skeleton is made up of more than 200 distinct bones and the body functions by means of no less than 500 separate muscles, with a like number of nerves and blood vessels. The skin contains more than 2,000,000 vents for an equal number of perspiration ducts, each of which is about one-fourth inch long, but whose combined length is approximately eight miles.

EVERY MAN WHO EVER LOVED HIS FAMILY—

is invited to participate in this \$40,000 NATIONAL CONTEST ON THE Electrical Standard of Living

HAVE YOU ever thought how little the Pilgrims actually had for which to give thanks? How infinitely more blessed are we of today! But it was those brave souls who, through love for home and family, made Thanksgiving Day a national institution—a day for reflection on our domestic bliss. And our blessings have increased year after year until 1937 finds many thousands of West Texans possessed of all-electric homes... enjoying the Electrical Standard of Living. It is a mode of life—comfort and ease—undreamed by the Pilgrims. Its adoption has been swift in West Texas, so swift that this Thanksgiving finds a larger percentage of West Texans living in electrical security than do average Americans. We live better because every man who ever loved his family has sought to provide the advantages of Electric Service.

JEWELERS and OPTOMETRIST

TEXAS' MOUNTAIN AREA PRODUCES VARIETY VALUABLE GEMS AND ORES

Not only deposits of the yellow metal, but silver, mercury, copper and lead, the state's leading mining activities, plus marble, granite, precious stones and other valuable materials dug from Terraian, have yielded wealth easily in excess of \$100,000,000 the past half century. That, over and above inestimable quantities of oil and gas—the mineral abundance which has made the Lone Star State infinite-ly rich.

Topaz, turquoise, pearls, silica, lignite and pottery clays also have contributed good-sized fortunes. **Jewels Believed Hidden.** And still luring the adventurous on strange missions are oft-told tales of fabulous "lost" mines and buried treasures. If any of these—the long-sought San Aban shaft, the hidden Crown Jewels of Maximilian's empress or others—ever have been found, their discoverers kept the secret well.

In 50-odd years, Texas mines yielded upwards of 26,000,000 ounces of silver, 6,000 ounces of gold, 1,400,000 ounces of copper and 6,500,000 pounds of lead. With production increasing annually, 14 operating mines in Presidio, Culberson and Hudspeth counties last year marketed 1,383,000 ounces of silver, 67 ounces of gold, 52,000 pounds of copper and 1,049,000 pounds of lead. Texas Planning Board experts declare new fields of flour gold along Sulphur Creek near Big Spring remain yet to be developed. But state alms, mining authorities claim, are not favorable to prospecting or development and should be amended.

Of mercury, Texas is the second largest producer in the nation. Heavy deposits of cinnabar, from which the shiny liquid is taken, have established big producers in the Terlingua region, which also happens to be in the vicinity of a newly discovered gold mine on state land. A "war metal," quicksilver currently has greater interest than silver. With conflicts raging in Spain and China, the market is up, recently having jumped to \$90 per flask of 76 pounds, the standard measure. The state produced 4,195 flasks in 1935 as compared with a U. S. production of 17,500 and a world total of 35,600 flasks. The yield is increasing.

Has Wide Use
The metal is widely used in detonator caps for bombs, torpedoes and shells, is valuable in many ways to the chemist and physician and also finds its way into paints, cosmetics and lighthouses where it floats revolving beacons. Opal, amethyst, cornelian, agate, chalcedony, beryl, amazon stone and jasper supplement the state's principal yields of turquoise and topaz in the jeweler's realm. Never extensively mined, the stones are found principally among the volcanic rocks of the trans-Pecos region. Even pearls of the freshwater mussel variety and solidified sea foam—meerschauum discovered far inland—have rewarded seekers of the rare and valuable—all within the boundaries of Texas.

Woe, Whoa Kentucky

(Ashland Independent)
What the Garr brothers did down at Shelbyville has started the folks in all the other states taking about "the dark and bloody ground" again. There is no use to deny now that Kentuckians are bad actors. We had just as well make the most of our reputation and enjoy it, if there is any enjoyment in it.

So here is an old favorite recently republished in the Floyd County Times:

It's what the world thinks we are:

Man born in the wilds of Kentucky is of feud days and full of benzine.

He fiddleth, fisheth, fusseth, and fighteth all the days of his life.

He riseth up from the cradle to seek the scalp of his grandsire's enemy and taketh home in his carcass the ammunition of his wife's uncle's brother's cousin's father-in-law, who avengeth the dead.

When he desireth to raise hell, he planteth a neighbor, and do, he reapeth fourfold.

Yea, verily, his life is uncertain; and he knoweth not the hour he may be jerked hence.

He goeth forth on a journey half-shot and cometh home on a shutter all-shot.

He riseth in the night-time to let the cat out and it takes nine doctors three days to pick the buckshot from his person.

He goeth forth in joy and gladness and cometh back in scraps and fragments.

He calleth his fellowman a liar and getteth himself filled with scrap iron—even unto the fourth generation.

A cyclone bloweth him into the house of his neighbor's wife and his neighbor's wife's husband bloweth him into the bosom of Abraham before he hath time to explain.

He emplieth a shotgun into his

enemy and his enemy's son lieth in wait on election day and lo, the coroner ploweth up a forty-acre field to find the remains of that man.

Woe, woe, is Kentucky. Selah, whoa, and so much for that!

Mr. and Mrs. Karl Adams and daughter June of Sunray were Clarendon visitors Saturday.

Mr. and Mrs. Lester Schull and Mr. and Mrs. C. G. Speed visited relatives in Amarillo Sunday.

Millard F. Word Is Buried At Arnett Friday

For more than fifty years a rancher near Arnett, Mr. Word spent the greater portion of his life on his ranch where he contributed much to the development of the ranch industry of the Panhandle.

He died Wednesday in a Shattuck, Oklahoma hospital following a long illness. Mr. Word was an uncle of county clerk W. G. Word, and Millard Word, foreman on the Jack Roach ranch northwest of town.

Predatory Animals Killed Year 'Round

A total of 673 predatory animals including Bobcats, Coyotes and Wolves, were caught by government trappers during August, according to the monthly report of C. R. Landon, San Antonio, district agent, received today by the Texas Game, Fish and Oyster commission.

Landon directs predatory animal and rodent control work in the state for the Bureau of Biological Survey in cooperation with Texas A. & M. college, the state Livestock Sanitary commission and the Texas Predatory Animal Control association.

The catch included 560 Coyotes, 74 Wolves and 39 Bobcats.

A. L. Parker of Webb County was high man for the month with a catch of nine Bobcats and 56 Coyotes. E. L. Holman of Kennedy county and Dan Rhodes of Webb county tied for second with catches of 28 Coyotes, two Bobcats, and 26 Coyotes each.

In the Red Wolf area, E. G. Pope of Palo Pinto county was high man with a catch of 12 Wolves, while Andy Ray of Refugio county was second with 10. Jack Witten of Cooke county trapped eight, and J. I. Willhite of Harris county and Carl Baker of Stephens county captured five each.

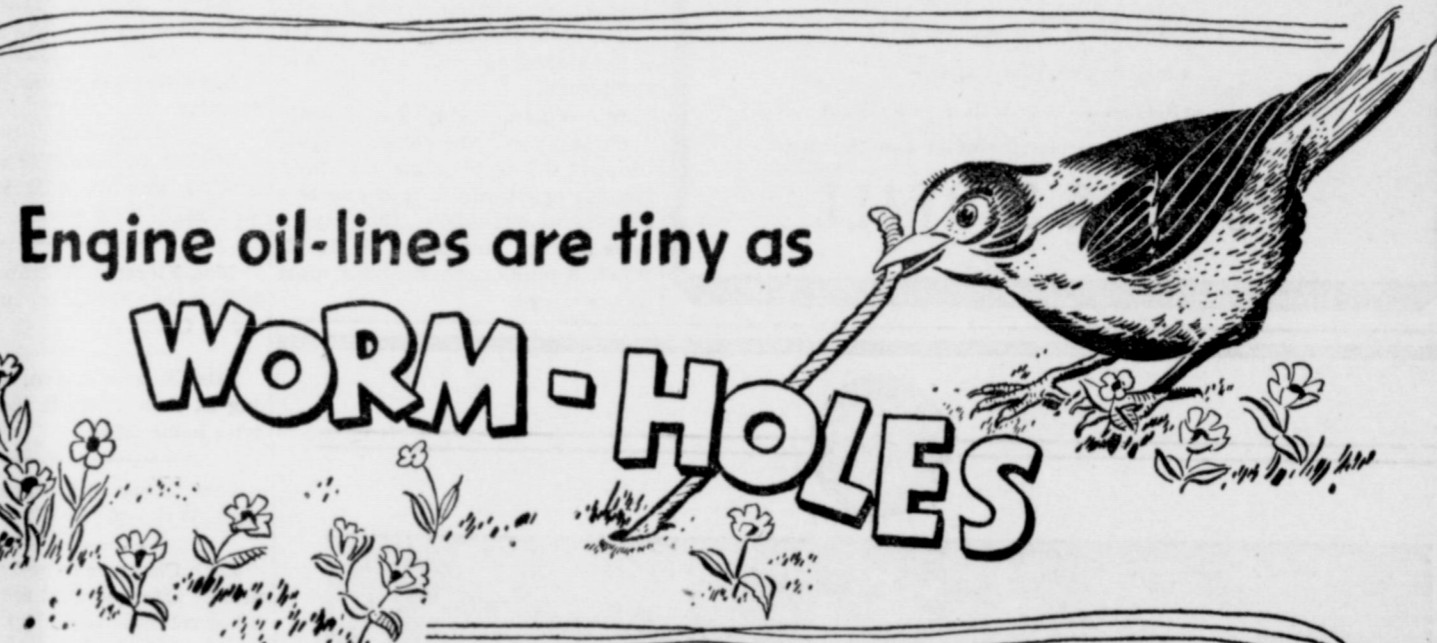

Pecos and Webb counties, Landon said, have agreed to continue to cooperate with the predator control program by providing financial assistance, and McMullen county has agreed to appropriate \$2,649.60 and hire four trappers. This year Pecos county will contribute \$3,500, and Webb county \$3,312.

Negotiations looking toward Dimmitt county's cooperative assistance are pending, Parker said.

**DIETRICH-DONAT
CO-STAR IN NEW
KORDA PICTURE**

Marlene Dietrich and Robert Donat, one of the most glamorous romantic teams in screen history, come to the Pastime Theatre on Wednesday, Nov. 17 when Alexander Korda's "Knight Without Armor" begins a two day engagement there.

A number from Goldston attended singing at Martin Sunday afternoon.

Mr. and Mrs. Neely Hudson and Dwayne, Billy, Frances and Ruth Pedan visited Sunday afternoon with Lamar Stewart who had his tonsils removed Saturday.

Allen Bryan, Dr. H. F. Harter and Simons Powell were in Pampa Friday to attend the Pampa-Clovis football game.

Fittingly enough, their vehicle is one of the greatest love stories of all time, from the pen of the famous James Hilton who wrote "Goodbye Mr. Chips" and "Lost Horizon."

Her first English picture casts the exotic Marlene as an alluring Russian countess, and Donat is seen as a mysterious modern knight errant whose hatred flares into a flame of protective love as they live through a series of stirring adventures, knowing moments of incomparable horror and bliss as they flee from the countless terrors that threaten to tear them apart.

Jacques Feyder, distinguished European director, whose "La Kermesse Heroique" ("Carnival in Flanders") won several awards last year, directed "Knight Without Armor" from a script by Frances Marion, ace Hollywood scenarist who traveled all the way to England to adapt the Hilton novel to the screen.

The settings, among the biggest and most impressive ever seen on the screen, were designed by the brilliant Lazare Meerson, who also created the backgrounds for Korda's "Fire Over England." These include a forest so real that it fooled hundreds of birds and bullfrogs who moved in and settled down for the winter, and a section of railway complete with two genuine locomotives.

The photography is credited to Harry Stradling and the costumes were designed by Georges Benda. Heading the supporting cast are Irene Vanbrugh, Herbert Lomas, Austin Trevor, Basil Gill, Hay Petrie and Miles Malleon.

"Knight Without Armor" is a London Film, released through United Artists.

**AMERICA WAS THE HOME
OF THE HORSE**

When the Spaniards first came to the Americas they found no horses in the Western World. The natives fled in terror as the Spanish conquerors and their followers galloped about on the fine Arabian, Moroccan and Andalusian mounts which they had brought with them. The Indians are said to have thought, at first that man and horse were one animal—until they saw the Spaniards dismount. Yet science says that, actually, America was the original home of the horse—that the horses of the Old World developed from the fawn-colored, 5-toed, pigmy horse known zoologically as "Phenacodus primaeus," whose presence in this country, many thousands of years ago, is proved by many fossil remains found in some of our Western states. What epidemic, convulsion of Nature or change in climatic conditions came to exterminate the pigmy horse in America is one of the mysteries for which science, as yet, has no answer.

Her many friends will be glad to know that Mrs. Nathan L. Cox is improving nicely since a major operation last week. She has been at home this week, but will be confined to her room for several days.

Largest Cotton Crop of All History Forecast Tuesday

A department of agriculture forecast of a record cotton crop for 1937 of 18,243,000 bales spurred on the efforts of congressional committees Tuesday in their effort to find a way out.

A committee appointed from Texas is in Washington cooperating with Cong. Marvin Jones at this time. New crop measures will be taken up first when congress convenes next Monday.

An increase of 4,000 or 5,000 bales is expected in Donley County this year. County Agent H. M. Breedlove estimated the local output at around 15,000 bales compared to around 11,000 in 1936.

Visit Clarendon Relatives Over Sunday

Arriving here Saturday, Mr. and Mrs. Otis Hutto and little daughter Joy of Matador visited his sister, Mrs. A. D. Estlack and family. With them came J. H. Hutto, the father from East Texas. Mr. and Mrs. Jack Murff of Amarillo came down Saturday night. With the exception of one daughter near Center, the family had a complete reunion.

Hommel Auto Co. Takes On Dodge-Plymouth

Announcement was made Tuesday by W. O. Hommel that arrangements had been made by their company to handle the Dodge and Plymouth autos. Cars are already in stock, he said, and no lack of effort would be spent on their part to supply the demand at all times.

The Hommel brothers have been engaged in the auto agency and service station business here for a number of years, and have a wide and favorable acquaintance over the trade territory. Their formal announcement will be found in the advertising columns of this issue of the Leader.

Attend Panhandle Gathering School Officials

Those attending the Panhandle Superintendents and Principals Association in Amarillo Saturday were H. T. Burton and Geo. Kavanaugh of Clarendon, W. C. Payne of Hedley and Raymond Wilson of Lelia Lake.

State superintendent L. A. Woods was the principal speaker.

Sales Pads at the Leader.

F. F. A. NOTES

Improved Livestock Program In Projects

One of the most important objectives of the local F.F.A. Club this year is an improved livestock program. The boys are concentrating on improving the quality of hogs in their projects and hope to include dairy cattle in the objective in 1938.

Approximately 30 farmers in the immediate territory around Clarendon have registered, and subject to register, hogs on their farms as a result of the program. Hampshires and Poland Chinas are the two most favored breeds with Duroc Jerseys being the other important type.

The following boys own registered Poland China gilts or sows: Darrel Bailey, Jr. Brame, Maschil Cole, Lee Cheatwood, Forest Helton, Curtis Jones, Troy Moore, Carl Morris, Russel Morris, Jr. Parker, Herman Mooring, Jr. Spier, Max Rampy, Allen Pittman, J. H. Green, Joe Frank Heathington and Howard Strawn. Those owning Hampshires are: Horace Green, Johnnie Leathers, Dempsey Robinson, Gene Putman, Earl Shannon, Darrel Bailey, and Raymond Shannon. Duroc Jersey owners are: Geo. Moore, Joe Williams, Max Wilson, and Rex Shannon.

Club Calf Makes Phenominal Gain

A herford steer being fed for the spring show by Carl Morris, local vocational agriculture student, made the unusual gain of 115 pounds over a period of thirty days from October 1 to October 31. The gain of almost 4 pounds per day was put on with a ration of oats, milo, corn, cottonseed meal, molasses, bonemeal and salt.

Morris started his calf on feed June 7 and the calf has averaged over 2½ pounds per day since then. The calf is weighed on standard scales every thirty days to check his gain. He will be shown in the Donley County Show and The Amarillo Fat Stock Show next spring.

Hubbert Resigns Football Duties Tues. Morning

G. O. Hubbert, Clarendon High School mentor, who has held the reins of the Bronchos for one of the most disastrous seasons a maroon and white club ever experienced, resigned early Tuesday and H. T. Burton, one time college coach who piloted the memorable Bulldogs to an undefeated season, took over the job Tuesday afternoon.

Supt. Burton said this afternoon they would start searching for a qualified mentor to take over the high school athletic department.

The Bronchos displayed more snap in their workout Tuesday afternoon than at any time for the past two months, and odds on the game today were lessened.

CLUB NOTES

The minutes of the Director's meeting were read and the actions ratified.

A program celebrating "Education Week" was announced for Friday, 3 p. m. at the College Auditorium. Parents and patrons were also urged to visit the schools and get acquainted with the teachers.

Lion McHenry Lane gave an interesting and informative talk on "Education", and particularly stressed the importance of parental cooperation.

Lion Penick announced the Junior High football game with Memphis and at Memphis Wednesday afternoon and asked for cars to transport team.

Announcement was made of the Legion Parade at one o'clock Armistice Day afternoon, which will include the Bands and Pep squads of the McLean and Clarendon schools. The football game will follow at 2 p. m.

Lion Robbins announced the Band Concert and Singing by the Junior High Girls Chorus at the Methodist Church Sunday afternoon at 2 o'clock.

Mr. S. Pritchard, of Phoenix, Arizona, and Mr. Lee Bell of Clarendon were introduced as guests.

Lion Gillham reported that he had available the names and information concerning the boys of the F.F.A. and called upon the Club members to see him to arrange contacts. This is pursuant to the action taken at the meeting of last week.

Laid On Back Seventy-Seven Days In Hospital

No one appreciated a change more than Salkirk McAneer of the Goldston community when he was permitted to return home a few days ago. He had lain on his back in a plaster cast in an Amarillo hospital for 77 days.

He was injured August 19th near Groom when a steam shovel bucket cable broke precipitating a barge of gravel upon him breaking his hip and other bones. He is able to sit up at this time, but not permitted to walk.

Lowe's to Celebrate Relatives 55th Anniversary

An occasion of unusual family interest will be the celebration of the fifty-fifth wedding anniversary next Sunday of Mr. and Mrs. W. T. Lowe at their home southwest of town.

It will also be Mrs. Lowe's seventieth birthday. This grand old couple is numbered among our most revered citizens who have for almost a half century aided in the development of Central and West Texas.

Thomasson Visit Relatives In Clarendon Sunday

Mr. and Mrs. W. V. Thomasson of Delwin, down in Cottle county, with their children were guests in the Lane home here over the week end. Mr. Thomasson is principal of the school, a commodious new building having been recently completed. With his teaching and driving the bus, he is putting in a busy time each school day. He says they have a fine school, good crops and the people greatly relieved from the distressing drouths of the past few years.

LOCALS

Garry, small son of Mr. and Mrs. Robert Dillard, is very ill in St. Anthony's hospital in Amarillo.

Misses Mary and Julia Earthman, students of West Texas College of Canyon, spent the week end with friends in Clarendon.

Paul Jones of Amarillo spent the week end here with his mother, Mrs. M. C. Goodner, a member of the public school faculty.

O. L. and Joyce Smith of Panhandle were down Sunday visiting their sister, Mrs. Eugene Estlack and babies.

Mrs. M. M. Noble returned Saturday from Temple, Texas where she has been recuperating from a major operation that has apparently afforded great benefits to her health.

Mrs. J. T. Warren visited in Wichita Falls Sunday where she met her daughter, Miss Ruth, who is attending school in Ft. Worth and who was a guest of Mrs. Pete Odell over the week end.

GIRLS TAKE LEAD IN TWIN CONTEST

Only Four Sets Announced During Gift Period

The girls took the lead in the twin count last week. The gift period closed Saturday. Only one set of boy twins showed up. They are Roy and Ray Harp, sons of Finis Harp, both natives and both fifteen years old—believe it or not.

The other twins are Ruth and Ruby Blackman, daughters of Mr. and Mrs. G. S. Blackman. These girls are also natives of old Donley. They are 15 years old, in the 9th grade.

Meet little Misses Yreva Mae and Cleo Fae Powell, daughters of Mr. and Mrs. Sidney Powell. These little folks are aged six, look almost alike and are very smart little girls. They are natives of Hale Center, but have resided in old Donley county three years.

A suitable gift will be given now to the oldest twins living in Donley county. Both must live in this county. No strings to the gift in any way. You merely register, and twins born in any part of the world may enter.

LaVerne McMurry Is Chosen Ward-Belmont Glee Club Member

NASHVILLE, TENN., Nov. 10.—Miss LaVerne McMurry, daughter of Mr. and Mrs. James L. McMurry, has been chosen a member of the Glee Club at Ward-Belmont School, Nashville, Tennessee, where she is a senior in the junior college department.

Miss McMurry is also first vice-president of the campus Y.W.C.A. and vice-president of her social club.

Frances Marie Lamb Dies In Amarillo Tuesday

Frances, a daughter of Mr. and Mrs. Joe Lamb, who recently moved to Amarillo, died in a hospital there early Tuesday. She was in Clarendon last week at the time her mother asked officers to help her in the search, it is said.

Mr. and Mrs. Garl Bain of Borgerville visited her mother, Mrs. W. L. Espey while Sunday night.

Mr. and Mrs. Wayland Angel of the Rio Grande valley are visiting her parents, Mr. and Mrs. W. A. Bullard.

After a few weeks visit with her mother, Mrs. McKee of Memphis, Mrs. Robert Jenkins and daughter Pearl returned home last week.

Miss Laura Mae Gerner who is attending school at Canyon spent the week end at home.

Mrs. Allen Angels of Groom is visiting her parents, Mr. and Mrs. Joe Johnston.

Huddleston Cleared On Drunk Driving Charge

A not guilty verdict was returned by a district court jury yesterday in the trial of E. J. Huddleston on charges of driving while intoxicated.

Huddleston, an Estelene resident, was arrested in September following an accident on Highway 5 east of Clarendon. Huddleston allegedly drove into the rear of a parked truck.

The defense offered evidence to show the truck was on the pavement and lighted flares were too near the truck. Lack of visibility caused by rainy weather was also introduced.

Mr. and Mrs. Joe Everett and children of Pampa were week guests of his sister, Rev. and Mrs. Landreth.

J. W. Mann and Tom Bain Jr. of Hedley had business in the county seat Tuesday.
