ASHTOLA PROGRAM IS GREAT EVENT

NEAR TWO HUNDRED FROM CLARENDON ASSIST IN TUESDAY AFFAIR

Responding to an invitation from the members at Ashtola, Clarendon citizens made their way to the neighboring city of Ashtola Tuesday evening of this week and ate ice cream and cake to their full content. A mixed program was given by the Clarendon representation and a general get-together was enjoyed at all times during the process of the evening.

The delegation left the City Hall in Clarendon shortly after seven o'clock and gathered at the school house in Ashtola for their few minutes of meeting with the residents of that community. As long as the light lasted, the band played out of doors, later going into the house where they gave some numbers prior to the opening of the real program of the day.

As master of ceremonies, T. D. Nored, Vice President of the Chamber of Commerce, handled the matter with a master hand. His introduction of the various numbers called for much laughter and a great deal of fun, sometimes at the expense of the entertainer.

The band opened the program with a splendid selection, to be followed by a dance act by two Clarendon citizens, identity to remain quiet. More band music followed with an announcement from T. R. Brown, County Agent, asking for a representative citizen from the Ashtola community to be named as their representative on a joint board to discuss the problems of the county. A saxophone solo by Gus B. Stephenson followed, with a male quartet closing this part of the program. The band then took the center of attraction with a trombone specialty to close the music for the evening.

The ice cream and cake also then started with a grand rush and celebration to conclude the exercises of the evening. Clarendon and Ashtola folk were mingled and talked for more than an hour before the gathering was dispersed with the singing of the first verse of "America."

Circulars on the coming County celebration of July Fourth were passed to the visitors as they came into the auditorium.

HALL COUNTY COURT APPROVES FIRST ROAD UNIT

The Hall County Commissioners Court has approved the first section of a new paved road that is to run from Memphis to the Mulberry bridge by way of Lakeview. The first section as approved will consist of a little more than three miles of the distance. Bids have been asked on the grading and drainage structures for this amount of road, these being received up to June 19th. The highway as proposed is to run almost due west from Memphis to the Brice section of that county and will open a new territory in Memphis that has been closed to them for the past few years due to the condition of the roads through this particular section of the county.

This strip of road of little more than three miles is but the beginning of the paving program for Hall County, others being planned for the near future.

FORMER CLARENDON BOY HONOR GRAD AT HEDLEY

David Edward Boliver, seventeen, son of Editor and Mrs. Ed Boliver of the Hedley Informer, was a member of the graduating class of 1930 from the Hedley High School. Edward, as he is called, had the distinction of being the first honor member of a class for the full four years in a high school with an average grade running well up into the nineties. The young man was born in Clarendon while his father was editing The Clarendon News, then owned by Joe M. Warren, and has been an outstanding student at Hedley through these years.

Pauline, the 13 year-old daughter of Mr. and Mrs. Boliver also graduated this year from the Junior Hi department of the Hedley schools, which was another bright spot in the lives of Editor and Mrs. Boliver.

The News extends congratulations and especially so since these youngsters are newspaper folks and are an honor to the fraternity even in a generation one removed.

CLARENDON BAND PLAYERS ATTEND MEET AT ABILENE

Leaving this morning for Abilene, where they will take part in the band contests as members of the Shamrock band, five members of the Clarendon Municipal Band are attending the West Texas Chamber of Commerce. ROTARIANS NAME NEW OFFICIALS

DELEGATE NAMED FOR SILVER ANNIVERSARY CONVENTION IN CHICAGO

With the exception of adding one member to the Board of Directors of the Rotary Club of this city and the election of a Second Vice President from the Board, the officials of the Clarendon Rotarians will remain as they have been for the past few months until the time comes for the selection of a new corps of officers for the body. R. E. Drennan, was named Second Vice President and Allen J. Bryan was named a member of the board to take the place of Mr. Drennan. Dr. Jenkins will thus remain the head of the organization, no other changes being made in any of the official family.

Another matter coming before the club at this time was the selection of the delegate and alternate to the International convention of Rotary to be held in Chicago next month. The opinion of the club centered in sending the president of the organization, such a suggestion being made. However, the president stated that it would be impossible for him to make the trip and so was eliminated from the running. The club elected in his place, J. C. Estlack as delegate and named Robert S. Cope as alternate.

Other matters pertaining to the business of the club were brought before the body and adjournment followed in the usual manner.

WOMEN MEET FOR FIRST LUNCHEON

BUSINESS MATTERS ATTENDED AND ORGANIZATION PERFECTED

A business meeting was the order of the initial gathering of the Business and Professional Women's Club in Clarendon Tuesday evening of this week. The basement of the First Presbyterian Church was the scene of the gathering with a great deal of merriment taking its due part of the time of the evening. A number of songs were sung and other matters of like nature attended while the luncheon was in process. Committees were named to care for the matter pertaining to the work of the club. The program committee is composed of Misses Lorenza Steagall, Aileen Parks and Fray Stallings. The Recreation Committee is named to be Mrs. Louis Holloway, Miss Rhoda Wiedman, Miss Norma Rhode and Miss Katherine Patrick. The telephone squad to remind the members of their luncheon dates is Miss Marie Graves, Mrs. Mae Shaver and Miss Gwendolyn Couch.

Of the twenty-one present for this, the first meeting since organization, six were new members and are: Mrs. Holloway, Misses Etta and Ida Harned, Gwendolyn Couch, Miss Katherine Patrick and Miss Fanny Perry.

Adjournment was had in sufficient time to allow for all who cared to attend the meeting at Ashtola. The next meeting is to be held June 10th.

JOHN BLACKMAN LOSES ARM IN FALL FROM TREE

John Blackman, twelve year old son of Mr. and Mrs. G. S. Blackman of this city, happened to a very painful and serious accident Thursday when he fell from a tree and so crushed his left arm that it had to be removed at the shoulder. It seems that the youngster was in search of dry limbs in the tree for his mother to use when the accident occurred and that he fell from the tree while breaking off dead limbs. In his injured condition he walked more than a half block to his home and reported the injury. He was rushed to the Adair Hospital where he is now resting and doing very nicely.

BAPTIST CAMPAIGN HAS FINE RESULTS

SPLendid CO-OPERATION BY ALL CHURCHES IN ASSOCIATION

The Baptist forces of Hall and Donley Counties have been engaged this week in an Association wide S. S. Enlargement Campaign, under the direction of Mr. Chisholm, of Temple, Educational Director of Bell County.

The basis of the work is educational. The S. S. forces of each church have met each night in a study course. The book studied in most cases has been "Building a Standard Sunday School."

A religious census was taken the first part of the week in those communities that had not taken one recently. The information thus gained has been classified. Friday there will be a big visitation day. At this time, an effort will be made to extend a personal invitation to each S. S. prospect who is not in S. S. attendance.

Each Sunday school organization has been checked by the Standard of Excellence, and plans made to reach any points not yet attained, at an early date.

There have been Rallies held each afternoon, at which reports from each church given and plans discussed. These meetings have been held at Eli, Windy Valley, Harrell's Chapel and Hedley.

The response to the Campaign has been most enthusiastic throughout the Association and a foundation for much more efficient Sunday school work has been laid.

NEW MAIL BOX PUT IN FOR USE OF LATE PATRONS

A late model mail box is the latest addition to the equipment of the Clarendon postoffice, this fixture being put in place the early part of this week following the receipt of the lock from the factory. Situated directly in front of the postoffice it is to replace that box formerly used which was open at the top and which was not so safe for use as is the new receptacle. Situated on a concrete post, it is out of the way and makes a safe container for the mail that may be placed there after the office closes at night.

The following men took the ordination vows: As elders, Messrs. Robt. S. Cope and Wm. Park Chamberlain.

As deacons: Frank Hardin, Paul Montgomery, Jack Bromley, Ben Chamberlain and Everett Stevenson.

The government of the Presbyterian Church is of the representative or republican form, of which the government of the U. S. is a duplicate.

These elders, or Presbyters, represent the local church in the various church courts.

Mr. Melvin Cook was also recently elected a trustee.

CLIFFARD & RAY GROCERY COMPLETELY OVERHAULED

The interior of the Clifford and Ray Grocery has undergone a complete change in the past few weeks and order is once more taking its rightful place in the place of business after some time spent in hunting the merchandise on display here. The shelving on both sides of the store has all been torn down and remodeled and presents an attractive appearance to the visitor or shopper. A different arrangement is found in the interior to make the entire effect more pleasing to anyone who drops into the store. The new finish is in white, which will eventually be extended to all other fittings of the place.

SAM BRASWELL, JR. WINS HONORS AT UNIVERSITY

Being the second Greek letter fraternity president to be elected from Clarendon in recent years, Sam Braswell, Jr., is the president of Lambda Chi Alpha of the University of Texas. This honor came first to Miss Leta Verne Martin two years ago at Oklahoma University, and young Braswell took office at the opening of the Spring term this year. The Lambda Chi occupy the historical and palatial home of Col. Edward House, confidant of President Wilson, and is one of the show places of Austin.

Besides his fraternity honor, young Braswell was runner up in the individual intramural athletic competition this year, losing first place by only two points. He will receive a handsome trophy or cup for this honor. He was captain and first baseman of the Lambda Chi baseball team who won the fraternity championship and then stepped out and won the University championship, each team member receiving a sweater for this accomplishment. SATURDAY IS CLOSING DATE

NO MORE ENTRIES ACCEPTED INTO YARD CONTEST AFTER JUNE FIRST

The closing date for the 1930 Yard Contest is drawing rapidly to hand, the last entries being received by the committee on Saturday of this week. The exact number of entrants has not yet been determined, but it is thought that they will far exceed any contests that have been held here to this date. The interest manifested by the clubs of the city in securing entries has done a great deal to stir enthusiasm and for that reason the list is expected to be large.

The standard score card as furnished by the National Yard and Garden Contest Association will be used to grade the yards, this being in detail in the last issue of the News. These cards are also used as entry blanks and may be secured from any member of the contest committee.

The City of Clarendon is again offering the low water rates that the yard owners may secure the utmost from the use of the water at a minimum cost. This is their part in the work as in the past two years.

Rev. Robert S. McKee is chairman of this committee and Joe Goldston and J. C. Estlack are the other two members. Cards may be secured from them for entry before Saturday.

Mary Ella Barnard is visiting with relatives in Groom.

LIONS RECEIVE ATTENDANCE PINS

TEN LIONS AND PIANIST RECEIVED ATTENDANCE PINS

Presentation of attendance prizes was the first item to be brought to the attention of the Lions at their luncheon Tuesday of this week. Ten Lions received these little lapel buttons that were especially designed to be given those who were perfect in their attendance records for the thirty-three weeks during the past Winter and Spring.

Following this presentation, blanks were passed to the members who were asked to fill them out and return them to the Secretary for attention of the nominating committee composed of the three immediate past presidents of the organization. For this year, the committee is to be composed of Lions Chase, Mulkey and Watson. This committee will make their report on Tuesday, June 10th. The election will be held two weeks following this date with the installation of officers taking place July 1st.

In the initiation of Lion Stephens, Lion Watson first read him the five objects of a Lions Club. The reading of these also was done to bring the matter more fully to the attention of the others of the club present. Following the reading of this, the usual club speech was had. This, the subject assigned was, "The relation of the Einstein Theory of Relativity to the Eighteenth Amendment." The subject was not touched a great deal in the following speech, the fine of \$1.25 being remitted on condition that a solo be played for the membership.

This was followed by the introduction of guests to the club. Guy Hill and Bob Sandusky of Shamrock and Dr. Oscar L. Jenkins of Clarendon being presented to the organization. Lion Guy Hill asked the secretary to notify their club of their attendance as they were here to make up attendance that will be missed Friday. A hearty invitation was extended to meet with the Shamrock Lions at any time the Lions are in that city on their meeting date.

Lion Sherman raised the question of collecting tin-foil for use in connection with the crippled children's fund. This matter was referred to the Board of Directors for their attention.

Lions Kemp and Nored made announcement of the first program to be given Tuesday at Ashtola and asked as many of the Lions to attend as possible. A contest has been arranged for the two opposing sides, the losing side of Main Street to buy the cream for the winners.

Dr. Jenkins as a member of the Rotary Club of Clarendon stated that he wished to extend his thanks to the club and to the individual members of the Lions Club for their assistance in organizing a Rotary Club in Clarendon.

A report was read from the committee named to present resolutions to the newly formed Business and Professional Women's Club. The report was read and

PLANS FOR FOURTH ALL COMPLETED

OTHER COMMUNITIES OF COUNTY TO BE VISITED WITH PLANS

Lelia Lake will be the next community visited by Clarendon residents on the tour of the county to encourage attendance on the County celebration in Clarendon on July Fourth. The success of the event at Ashtola Tuesday evening of this week has led the leaders in the community to believe that they are in position to carry these messages of good cheer to all parts of the county as a program.

No special changes have been made in the plans as originally set forth by the committees in charge of arrangements last week. These plans include the base ball game between the northern and southern halves of the county at ten o'clock in the morning; the big basket dinner at noon, the horse races at 2:30 in the afternoon and the band concert to close the festivities of the day.

Favorable comment is being heard from all sections of the county on the matter and it is thought that here will be one of the largest crowds in Clarendon on that day that has ever been gathered in Clarendon.

The next event planned for the dispensation of knowledge on this matter is the program at the Lelia Lake school house on next Thursday evening, June 5th. The entire public is invited to attend for there will be something worth while presented there.

REGULAR LEGION MEETING NEXT TUESDAY EVENING

The regular stated meeting of the American Legion will be held in the Legion Hall next Tuesday evening, June 3rd at the usual hour. Some matters pertaining to attendance on the District Convention in Slaton on June 14 and 15 will be discussed and also other interesting items. Reports will be heard from committees named to handle the Memorial Day program and the Poppy Sale. Another matter to be discussed at this time will also be the coming social night, the third Tuesday night in June. A smoker has been suggested and will probably be staged as planned.

The committee was discharged with the thanks of the club.

Bob Sandusky, one of the visitors, stated that he had met Lion Mulkey at the Dairy Show at Plainview and threatened to tell some things on him. He ended by warning Lions of Lion Stephenson.

The luncheon closed following the announcement of the Memorial Day services to be held in the First Christian church Friday morning.

Donley County vegetables on Donley County tables with a surplus to sell to neighboring cities and towns is an ideal condition. We are approaching the ideal, too.

School closing is upon us and vacation time is just around the corner. Dull times are ideal for good vacationing—if it can be arranged. That's the problem.

Governor Dan Moody still withholds announcement of his entry into the governor's race. That third term proposition will be a heavy handicap, but with so many entries Dan still has enough strength to get into the run-off.

The Better Yard Contest in Clarendon is going to be hard-fought this year. There are more pretty yards in this community now than ever before, and the judges are going to have a hard time in selecting the winners. All entries must be in by June 1st.

President J. Charles Ross, National Retail Hardware Association, when in Denver, Colorado, in January, remarked: "Local newspapers should be the foundation of the advertising plan of retail stores. We advise hardware dealers to spend money for newspaper space first of all. We constantly urge them to spend more and more. Any wide awake local merchant can profitably use local newspaper space and he should allow liberally for it in planning his annual expenditures."

The Literary Digest has completed their wet, moist and dry straw-vote, and except for a lot of good they did themselves in an advertising way, no particular service has been rendered. Prohibition is here and here to stay, and no amount of howling for more booze is going to help the anti's. Twenty million ballots were mailed out. Only about one-fourth voted. About fifteen million seemed entirely satisfied with the present status. Militant drys are not satisfied. Thirsty wets are not satisfied. The nation as a whole seems rather content.

Jim Ferguson wasn't surprised when he didn't get his name on the ticket. No impeached governor can ever hold public office in Texas, so Jim had to do the next best to his way of thinking—enter Mrs. Miriam Ferguson in the governor's race. The Ferguson's, however, have lost hold on the confidence of the people until they are no longer a threat. Nobody wants "Ma" for governor with Jim getting all the grapes as a lawyer before the pardons board, and using his influence in a hundred other ways. The Ferguson's are through. Even they will so recognize after the primaries of 1930.

It looks like now that four candidates for governor hold the spotlight and that two of them will be in the run-off in July. Dan Moody, Earle Mayfield, Tom Love and Clint Small are the leaders, assuming that Moody is a candidate for re-election. Any two of the four may emerge with enough votes to put them in the run-off, and it is safe to say that probably very few votes will be the difference between the two leaders and the two losers of the four. Then, in the run-off anything may happen. Party leaders in Texas will join The News in the judgement that anything is to be expected.

For the first time in the history of Texas candidates are greatly concerned over the trend of opinion and support in the Panhandle and West Texas. The recent census figures have startled all the old line political bosses in East, South and Central Texas. Heavy population gains mean more influence for this section and anything like a general support of Clint Small west of the Santa Fe and north of the Texas & Pacific railways will put him in the run-off. He is going to get a fair support in other sections of the state. We are now in the midst of the greatest change in Texas politics witnessed in fifty years.

Up at Dalhart there has been so many advertising grafters hit town, and the local merchants have had so much grief with the fellows who come in and promote some cheap scheme which costs lots of money and brings nothing in return, that there has been a revolt. Last week they got together and pledged themselves not to patronize any sort of advertising directory, score card, time table, bus and train schedule, etc., without the okay of their special advertising committee. The boys at Dalhart have been driven to some means of self-protection, like business men in other towns have had to do. Here in Clarendon we stick to that plan just after we have been stung a few times, then we get careless for a few months until some other slick comes along and hangs us up for a real cleaning. Then we howl and stand pat for awhile—until we go to sleep again. "Ain't folks funny?"

Private Ownership of Utilities

Capital for the development of electric companies comes, after all, from the public.

These companies may be owned either by public investors or by local governments. The chief difference between the two is that ownership by the investors means working on a business basis, while municipal ownership too often results in political operation.

Private ownership keeps them out of politics, puts a premium on efficient operation and encourages service satisfactory to you.

The West Texas Utilities Company, with its three major generating stations, fifteen auxiliary plants and more than 2,500 miles of transmission lines, insures you dependable service, 24 hours a day, 365 days a year.

Mrs. Lucy Bourland Named Honoree

The royal hospitality of Miss Lotta Bourland was the key note of a beautiful and enjoyable bridge party given on Thursday afternoon honoring her houseguest, Mrs. Lucy Bourland of Fort Worth.

Miss Bourland's home was embowered with roses and other lovely May flowers. Vases and crystal bowls filled with blooms were placed at every point of vantage.

Six tables were arranged for games of bridge and score favors were presented to Mrs. Cleo Norwood, club high and Mrs. Ira Merchant, guest high. Mrs. Bourland was also given a lovely favor.

Master Dale Carlisle Celebrates Birthday

Master Dale Martin will perhaps always be able to quickly recall the day of his third birthday as it was no doubt clearly imprinted on his mind by the novel and elaborate circus party given by his mother, Mrs. L. D. Carlisle on that day.

Since the little guests were most too small to enjoy games the house had been decorated to represent a circus as nearly as possible. Crepe paper had been used effectively about the room and each streamer was finished with a cut-out animal. Cut-out animals were placed about the room, also. Live rabbits, canaries, parrots and a small coyote were enjoyed by the children. The parrot and coyote seemed to have been the more popular.

A circus tent centered the dining table when the refreshment course was served and after the children were seated the circus tent was lifted to reveal a beautiful

amusement as well as amusement filled birthday cake, much to the delight of the guests.

A balloon was tied to the back of each chair and clown caps decorated with paper animals were given as favors. Dainty baskets filled with candies also pleased the following who were present:

Charles, Joe and Archer Seaver of Phoenix, Ariz., Billy Don Martin, Doris Fowler, Katrina Carlisle, W. S. Carlisle Jr., Billy Noble, Dorothy Frances Noble and Dale Carlisle, the honored guest.

Mrs. W. S. Carlisle, Mrs. Don Martin and Mrs. Archie Seaver. Dale was the recipient of many pleasing gifts.

Outdoor games, wading and marshmallow roast furnished diversion for the afternoon for the twenty youngsters present. Mrs. Will Johnson and Mrs. U. J. Boston assisted in the entertainment.

Goes to Town Alone First Time in Months

MRS. ALICE BRADLEY

"I don't know what there is in Sargon, but it's the most wonderful medicine I ever took in my life! Today is the first time I've been able to come down town alone in six months and it is due to the wonderful strengthening effects of this remarkable medicine."

For months my nerves were up and I was so rundown that I was unable to do any housework, and hardly able to get out of the house. I was so weak I spent most of my time in bed. My appetite was poor, the lightest foods disagreed with me and I suffered continually with chronic constipation. I am on my fourth bottle of Sargon, my appetite is splendid, my digestion is perfect, I'm strong and energetic, my nerves are strengthened and my housework is really a pleasure. Sargon Pills have rid me of constipation for the first time in years.—Mrs. Alice Bradley, 855 Capp St., San Francisco.

Relief From Curse Of Constipation

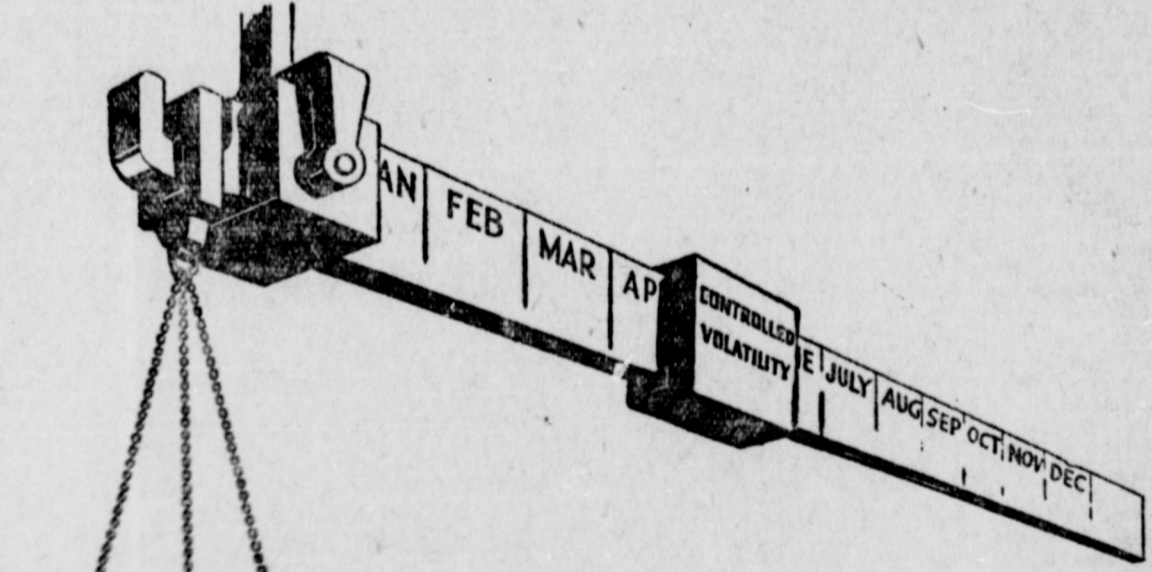

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

VISITOR TO CLARENDON RETURNS HOME BY AIR

Murray A. Wolfe, who has been a visitor in the F. A. White home here for the past two weeks, left last Saturday morning for his home in Los Angeles. The return trip from Amarillo to Los Angeles was made by plane, resulting in the saving of more than twenty-four hours on the trip. The usual train time from Amarillo is in the neighborhood of thirty-six hours. The time consumed in the air is approximately nine hours. Other visitors have

used this means to reach Clarendon, but it is thought that this is the first time anyone used the air route to make their way home.

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today, this same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore.

When your Children Cry for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost daily need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that Baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist has it.

You probably know from experience how promptly and completely Bayer Aspirin relieves a headache. But until you try it for some deep-seated pain such as neuralgia or neuritis you cannot know its full effectiveness. Bayer Aspirin long ago proved that much suffering is needless. Doctors know it is safe to use freely. Just be certain to get genuine Aspirin with Bayer on the box and on every tablet.

NEWS HONORED WITH NUMBER OF OLD NEWSPAPERS

This past week the News was honored when Frank Kendall of the city of Hedley brought us quite a complete file of "The Agitator" published in 1900 and one copy each of "The Industrial West" and "The Clarendon Journal." The latter two named papers were published in the second week of July, 1903. "The Agitator" was published by Rev. John Henson during the time when the fight was so hot over the prohibition question in Clarendon. It is filled with interesting items on the city of Clarendon and was a well patronized paper. The first few papers were quite well filled with dry propaganda that later resulted in the closing of all saloons in Clarendon.

The other two papers contain items concerning the great drought through which this section had just passed, many of them asking if it were worth while to remain in this section of the state.

At the time the papers were published in 1903, the editorial staff took great delight in raving the papers in opposition. So much delight was taken that they had little time to attend to other matters, the same advertisements appearing over and over again, with little or no change in them. These papers contain many items concerning the sale of real estate, some improved land being sold for as little as \$10 and \$15 per acre that could hardly be bought for six and seven times that amount at this time.

Another very interesting matter coming to the attention of the News is that which concerns the advertising rate. The rate as shown in the only paper carrying this item was fifty cents per column inch, or \$1.00 per inch, double column. Other papers did not carry their rate, but would give them out on application.

MY LIVING ROOM

When this year's Living Room Contest started I felt that I wanted to enter because our entire family lives at home so much and appreciate the better things of life. My father was especially anxious for me to enter as I get so much out of the Demonstration work.

Enjoying home life as we do, we needed a place to gather after work hours to read, play games, sew or talk and enjoy our guests and each other.

We had what you might term an old-time sitting room. The things in it were leftovers from the remainder of the house. My plan was to build a comfortable, honey room suitable for our every day needs.

The room was papered last summer with a small floral design of tan and blue. This still being in good condition I left it. The windows were well placed and admitted plenty of light but the screens had to be patched and painted. The flue was well placed but the stove was terrible. This is where we started the improvement.

We took the stove out, scraped and cleaned off the aluminum finish and then put on black stove polish. I changed the wood work from a dirty tan to a deep cream by giving it three coats of paint. The floor was a deep brown, almost black. With two coats of tan and one of wax, this harmonized with the walls. An old conglom square we had was trimmed, varnished and waxed and put down.

I got the most pleasure out of fixing the furnishings; my friends and club members were so interested and willing to help by giving stockings and sacks for the hooked rug, chair cushions and braided rugs, then by dropping in to work on them with me.

Everything but the radio and two chairs is home made. The desk where we study, write and keep our books was made some years ago by an uncle. This was scraped, sanded and painted four times to make it a light oak in order that it might match the radio cabinet, table, wood box, foot stool and magazine rack made from new scrap lumber. The day bed was treated the same as the desk, this piece being sixty or seventy years old. The springs and mattress were made from things at home.

Moving in was like having a new home, all the thrill of arranging the things. I set the stove closer to the wall than it had been, and grouped about it a table with a lamp for reading in a nearby chair. In this chair I have a hooked seat and back; on the floor a hooked rug. Above the table is the old family clock. To the right of the stove is a low chair made some eighty-five years ago, which the stove is the fuel box.

The day bed is in front of two south windows overlooking the yard and orchard. In front of this is an oblong brown and tan braided rug. The cover is cretonne, the pillows green and tan. I used ecru theatrical gauze for my curtains to let in the winter sunshine and not obstruct the view. The radio is against the west wall next to a window. Out from this is my father's chair, close enough to share a light on a small table, which made a cover for reading and sewing. The desk being by the window for light during the day. Another group for

reading or sewing is a home-made chair and magazine rack with sewing basket to complete it. The pleasure we will derive from this room is already evident. Our friends come by to see it, which means company to us. Each of the family has a comfortable place all his or her own, which means happiness and satisfaction.

"WORSHIP"

Nothing in all of life's experiences can take the place of worship, which is indeed an inexhaustible source of life and power. It is the vision hour of the soul when one climbs to the heights of God and looks out upon a better and nobler world. If worship is to have its deepest and fullest meaning for the worshiper, some preparation must be made for it.

The church deserves our loyalty not only because it organizes religion and makes it effective, but because it energizes men and women and youth for finer and nobler living. The church calls people together for common worship, and in that worship they obtain together what none could attain alone. The church calls people to a common service for others—preaching, healing, teaching. Revolutionary changes may sweep the fields of political government in the future as in the past, revolutionary changes may sweep the fields of industry and commerce and the laboratories of science, but as long as man is man—with a sense of eternity planted in his soul, apart of the presence of divinity everywhere, and cherishing a hope that lights heaven's distant lamps—the preaching, teaching, and healing of religion creates joy, loyalty, piety, goodness, high thinking, motive for service, cooperation, peace and worship.

"The Christian's Unseen Allies" or "A Mountain Full of Horses," is the subject of our Sunday morning message. We want to study about some of the allies upon whom the Christian can count for success, both in his personal fight in building Christian character

and the building up of the Kingdom. Sunday evening we will consider the subject, "Where Art Thou?" This was the first question ever asked man and today it is a personal question directed to you. Where art thou? This message is for four classes of people, the professed christian, the backslider, the hypocrite, and the ungodly or sinner. This message contains lessons that you will enjoy, arrange to be present.

JOHN HAYS, FIRST CAPTAIN TEXAS RANGERS

When, in 1840, the young Texas Congress authorized the creation of the Texas Rangers for the protection of the West Texas frontier against the Indians and Mexicans, President Sam Houston commissioned a youth but 23 years of age to captain the newly-organized force.

The youth's reputation for bravery, marksmanship, fighting tactics, and skill in commanding men won for him a position that many much older men must have coveted. This young leader was John Coffee Hays, who was to become renowned as the first and greatest captain of the famous Texas Rangers.

Incidents in the fanger life of Hays will be told in the June 19 issue of the Clarendon News.

ANNUAL RELIGIOUS MEETING OF INDIANS

Faith and brotherly love are linked inseparably at the meetings held annually in mid-summer near the town of Wetumka, by two thousand or more Indians—Choctaws, Cherokees, Seminoles and Creeks—who gather to worship the Great Creator of the Universe in the simple faith and manner that was taught them more than 100 years ago by their leader, Rev. Jones, who came with them from Alabama when they crossed the "Trail of Tears" to settle in the country west of the Mississippi.

The story entitled: "Annual Religious Meeting of Indians," will appear in the Monthly Magazine Section of the Clarendon News, June 19.
