School District Tax Rate Increase Asked

Annual Scholastic Census Taking Starts March First

FREE TUITION IS AIM OF ELECTION

PETITION CIRCULATED ASKING FOR ELECTION IN SCHOOL DISTRICT.

The following story has been prepared by H. T. Burton, Superintendent of Public Schools of the City of Clarendon, and deals with a problem that is to be faced by the people of the city in a short time. It was prepared at the request of the Clarendon School Board and has their approval. The story:

The qualified tax paying voters of Clarendon Independent School District are being asked to sign a petition requesting the Clarendon Independent School Board to call an election on April 5th to decide whether the said District shall vote a twenty cent (20c) tax on One Hundred Dollars (\$100.00) of property valuation based upon the valuation fixed by the Equalization Board of the Commissioners' Court for State and County taxes in such district.

It will be remembered that during the month of June last year petitions were circulated all over the County and about thirty-three and a third per cent of the voters of Donley County signed these petitions asking the State Board of Education to allow the people of Donley County to vote on a tax similar to the one mentioned above and to make Clarendon Junior College a County Junior College. This petition was not granted. Governor Moody turned it down on the grounds that he was opposed to a County Junior College anywhere and further that the people in this County did not need a college. We disagree with the governor, especially on the latter statement, that we do not need a Junior College. We maintain that the boys and girls of this section need and have as much right to the advantages of a college education as the boys and girls of any section of this state or even the Governor's own son.

Mr. J. R. Reid, Chairman of the State Board of Examiners, and Inspector of Colleges for the State Department of Education, was invited to come to Clarendon and look over the situation here and advise us what policy to pursue. He spent two days here, December 5th and 6th, 1929, then met with the Clarendon Independent School Board and a number of Clarendon people. After discussing the possibilities of a County Junior College and a District Junior College, it was the unanimous opinion of everyone present at this meeting that the District Junior College was the most feasible.

The plan decided upon is as follows: First to vote the twenty cent tax, if possible in the Clarendon Independent District and have free tuition for all students in this district, then to invite all of the school districts in Donley County who care to do so, to vote this twenty cent tax upon themselves, and allow them free tuition for all the students in their districts. Mr. J. R. Reid of the State Department in his report this year had this to say relative to the support:

"Clarendon Junior College District perhaps enjoys more distinction for legal status than any one of the other sixteen public junior colleges legalized by the Acts of the Forty-first Legislature. The Junior College District was not only legalized by the first paragraph of Section 16 of the Junior College Law, but it is further legalized and exempt under the second paragraph of Section 16 of that law as the wording of the second paragraph of Section 16 refers to a condition which is met exactly by the Clarendon Junior College District. The District, therefore, will not only have a legal right to vote a maintenance tax, but will also have the right to use a part of the present available school fund of the District for maintaining the Junior College without voting any tax. As the institution has been able to exist thus far without material assistance from the public available school fund it is thought that a small maintenance tax will make the financial support of the institution quite secure. This would be possible even though no effort is made to increase the size of the Junior College District. The present economic arrangement for

FIRST SHIPMENT LEGION TREES IN

PLACED IN CEMETERY AS PROMISED WITH INITIAL GROUP.

Fifty Chinese Elm trees were received by the Aubyn E. Clark Post of the American Legion here the latter part of last week and were planted in the Citizens cemetery this week. These trees are to be known as the American Legion trees and sufficient others are to be received to make this one of the beauty spots of the country when they are all planted if the remaining two hundred are placed in this location also.

This work was started some time past and a requisition was placed with the State Department of Forestry for 250 trees. The requisition was honored and the only expense attendant on the trees is the express charge that must be paid by the local post. The number asked is to be divided into five equal shipments of fifty trees each and will cover a period of five years time before all have been received.

The planting and location of the trees was had after the Cemetery Board, composed of Messrs. Homer Mulkey, A. L. Chase and W. W. Taylor, had decided where they should be placed to give the very best results and make the best appearance.

The administration of the Junior College has made it possible to operate the Junior College with relatively small cost. The writer is aware of the fact that every tax payer feels that he has too much tax to pay already and apparently he does not care to pass up this opportunity to continue Clarendon College because of the small amount of cost. If a tax payer owns a home in this district which is assessed for State and County Taxes for two thousand dollars (\$2000.00) and that is the average, then the proposed plan would cost the tax payer four dollars, (\$4.00) per year. Then again if the tax payer owns one hundred and sixty acres of land in this district which is assessed for State and County taxes for fifteen dollars per acre, and this is about the average, then it would cost the tax payer four dollars and eighty cents, (\$4.80) per year. Think it over. Can we afford to lose the College when it will cost each tax payer so small an amount to maintain it? If we maintain it, then every boy and girl in this district will have equal opportunity to obtain two years of college work. I believe the young people of this district deserve this opportunity.

Out of a graduation class of nearly fifty in high school this year, there are only about ten whose parents are able to send them away to school. How about the other forty. They are just as deserving as the other ten. Let's give them the opportunity, Mr. Tax Payer, what do you say? The writer would like to call your attention to one other thing. The Junior College Bill passed by the First Legislature legalizing the establishment of Public Junior Colleges states that a community desiring to establish a Junior College must have a minimum of five hundred high school students and a minimum of ten million dollars property valuation. We do not have either one of these requirements; however, we are exempt from both of these requirements under section sixteen of this bill, as is mentioned above in Mr. Reid's report. This is the very unique position we have and Clarendon College is the only College in the State that enjoys these privileges. If we should lose this unique position by closing the doors of Clarendon College because of insufficient funds with which to operate, it would mean that Clarendon would never have a College again. We cannot afford to lose it. Let's do the big thing and get behind this proposition. Come out on April 5th and vote and let's show the young life of Clarendon and Donley County that we are interested in their welfare and intend that they shall have educational advantages equal to the best in the State.

Let's not look upon this proposition purely as a tax levy, but rather as an investment in the young life of the community.

Grand Jury List Named for Term

The list of men who are to handle the investigations for the March term of District Court for Donley County was opened Monday of this week and the members of the body were notified that they would be asked to serve on this body. The jury is called to meet at the courthouse on Monday, March 24th to start their investigations of whatever may be brought to their attention. The list follows:

W. E. Davis, Edwin Baley, Walter Goldston, W. I. Raines, A. P. Brown, G. G. Kemp, O. W. Latson, E. H. Watt, J. T. Bain, G. Leathers, G. P. Polley, J. W. DeBord, A. L. Wallace, Loyd Moreman, O. L. Jacobs and J. D. Swift.

P.T.A. PLAY GREAT SUCCESS FRIDAY

ACTORS PLAY PARTS SUCCESSFULLY AND WIN GREAT APPLAUSE.

"The Flappers of '44", presented last Friday evening in the College Auditorium by the Sims Parent Teachers Association, was one of the most successful ventures attempted to date. The play was well chosen and played by part with those that predict that some of the things seen might come to pass about the year 1944 as shown on the stage.

Mr. and Mrs. W. C. Stewart probably received a greater amount of applause than any others of the cast, although all others carried their parts off exceedingly well. The melody and chorus girls were also much appreciated as was seen by the applause they received when they made each appearance on the stage.

The Sims Parent Teachers Association is rather well pleased with the returns they received, having received almost double what they had thought possible for a production of this character. The house was comfortably filled on the event of the showing.

TEXAS EXES TO MEET MONDAY

ANNUAL AFFAIR TO BRING VISITORS FROM FOUR COUNTIES.

Guests will be in the city Monday evening of next week from the counties of Childress, Collingsworth and Hall for the annual Texas Exes banquet that will be staged in the Clarendon Hotel on that evening. The matter had slipped from the minds of local students until last week, when the organization matter was taken up and discussed rather thoroughly.

In a meeting Tuesday evening of this week, the exes chose H. T. Burton as chairman and proceeded to appoint the necessary committees to get the ball to rolling merrily. A committee on the invitations was named and is composed of Jerome Stocking and Miss Catherine Cole. This committee secured lists from the other towns represented and have mailed out the proper notices.

A program committee was named and is made up of Miss Mary Cooke and Loyd Stallings. The Arrangements Committee is composed of Clyde J. Douglas, Holman Kennedy and Mrs. Fred Rathjen. The decoration Committee is made up of Clyde Price, H. L. Wilder and Misses Helen Beck and Temple Harris.

The arrangements for the banquet have been completed and the Clarendon Hotel was selected as the place for the event. It will start at 7:30 p. m. and will be concluded in sufficient time to allow the visitors from out of the city to return to their homes after the entertainment features have been concluded.

J. R. Porter attended to legal business in Amarillo Wednesday of this week.

ROTARIANS ARE FORMED FRIDAY

ORGANIZATION COMPLETED WITH CHARTER LIST OF EIGHTEEN.

With a number of members of the Rotary Club of Amarillo in charge of the program until the election of officers of the Rotary Club of Clarendon, the Clarendon organization came into being on Friday evening of last week. The basement of the Presbyterian Church was the scene of this organization which came after a careful survey had been made of the men of the community and their classifications.

Dr. B. L. Jenkins was elected to the office of President of the Clarendon Rotarians this being taken as his just dues since he was more than instrumental in bringing about the founding of the body in this city. A. T. Cole was chosen to fill the chair of the Vice-President, C. C. Powell fell into the Secretary's position and C. W. Bennett was elected to handle the treasurer's end of the body. To complete the number required as a Board of directors, R. E. Drennan and Seldon Bagby were chosen from among the charter members of the organization. Mr. Dren-

DR. B. L. JENKINS

nan will also hold the position of Sergeant-at-arms.

Friday of each week was chosen for a luncheon date and a place of meeting is being sought. Dr. Jenkins was busy this week naming the various committees that will have the operation of the bodies in their hands. The organization will be completed this week when the club meets for its first regular luncheon.

Mrs. Clyde Naylor and Miss Covelia Atteberry returned to their home in Pampa Friday of last week after a short visit here in the homes of friends and relatives.

Harvard Warner returned Sunday from a two weeks stay in Amarillo where he went to have his ears treated, which were badly frozen during the severe weather in January.

Wood is Winner in Flag Tourney

The first sign of great activity on the part of the membership of the Hillcroft Golf Club was seen last Sunday when a flag tournament was held by a number of the members of that organization.

A. N. Wood was the winner of the flag, he having completed the course under the required number of strokes and had some to spare when he finished his last putt. Bill Cooke was awarded the second place in the tourney, he having finished his score with his ball on the very edge of the cup at the ninth hole. Robert Weatherly and Fred Buntin were tied in their locations on the same hole. Seldon Bagby was winner of the driving contest held on the same date, he having smacked the pill for a 325 yard run. Other activities of this nature are expected as the weather warms up and spring fever takes hold of the members of the organization.

Les Beaux Arts Offering Prizes

The return of spring with its migratory bird calls, is again an incentive to Les Beaux Arts Club to stimulate the interest of our girls and boys in becoming permanent friends of all birds. Therefore the club offers a prize of one dollar to the girl or boy getting the longest list of birds of this section of the state, then they have recognized. This contest closes March fifteenth. Lists may be filed with May Lumpkin at South Ward school building.

The Club also offers a small money prize for the best bird house and the best feeder built by boys, age ten to fourteen inclusive. This contest closes April fifteenth, and a notice of where these will be judged will appear later.

APRIL FIRST SET FOR CITY ELECTION

TWO COMMISSIONERS TO BE CHOSEN BY POPULAR VOTE THIS SEASON.

This issue of the News carries the initial insertion of an election call for the City of Clarendon. The election is to be held on the first Tuesday in April, that date falling this year on April 1st. Two commissioners are to be chosen in this election, the term of office of the two present office holders terminating with this election. To this date there has been no intimation of further seekers for either of these two places. The two commissioners whose terms expire at this time are J. T. Sims, Sr., who has charge of the street improvement of the city and A. L. Chase, head of the water system. The election will be held in the City Hall as may be seen by looking over the notice in another part of the News.

Mr. and Mrs. Tom Thomas and family of Claude, were down last Saturday for a visit to this city. Mr. Thomas states that conditions are looking up in his section with a promising wheat harvest in the offing.

MINSTREL PLANS ALL COMPLETED

EVENT SCHEDULED FOR PRESENTATION NEXT TUESDAY EVENING.

Work has gone forward steadily on the Darktown Minstrel that will be staged by the American Legion on Tuesday evening of next week in the College Auditorium. The wisecracks have been said and resaid until they are growing stale on the members of the cast although some of them continue to get a laugh when they are put on in just exactly the right manner.

Solos of all sorts, from the lowest sort of negro songs to ballads exactly fitting to the occasion will be found scattered in profusion through all the hour that is to be used in the presentation of this event. Dances from at least three comedians will be featured on the program and a special by Miss Mary Cooke are all promised.

Practises have been held each night this week and will be discontinued until next Monday, when the final practise will be held in the College auditorium. This is to be a dress affair and will be the last before the presentation of the show on the following night.

Cards have been placed in downtown windows and tickets are in the hands of many of the members of the cast as well as in the hands of other Legion members. A full house is desired and those in charge are urging that tickets be secured before the house is reached as no seats will be reserved.

Mr. and Mrs. Hubert Smith of Childress, spent last Sunday here visiting in the home of Mr. and Mrs. S. S. Dubbs and family.

ALLMOND SELLS CAR AGENCY HERE

DEALERSHIP CHANGED HANDS LATTER PART OF LAST WEEK.

Final details of the sale of the Allmond Chevrolet Company in Clarendon to the Clarendon Motor Company were completed the latter part of last week by the owners of these two places of business. In the transaction, the Clarendon Motor Company becomes the owner of the Chevrolet franchise in the territory served by the former Chevrolet agency, releasing this new owning company from the Ford dealership in Clarendon.

In the transaction, the Clarendon Motor Company takes over the lease on the Allmond building. Mr. Kemp states that he does not know whether he will move from his present location to the new building, or whether he will remain where he is at the present time. This move is entirely dependent on the disposition of the Clarendon Motor Company makes of one building.

The Allmond people retain their used car business, having moved a part of their stock to the Davis building directly North across the street from their former location. Messrs. Carl Allmond and L. H. Johnson, both formerly connected with the Allmond business, will remain in their business and their stock is cut as low as possible.

Mr. Kemp stated the fore part of this week that it was his plan to care for his customers just as far as he could go. He further stated that he would continue to handle a sufficient line of parts to meet their needs and that the service department of the new business would be open for their use just so long as it was needed.

A considerable amount of new equipment especially designed to meet the demands of the Chevrolet is planned for installation in the immediate future, or just as soon as it is possible for the owners to determine the building in which they are to be placed.

Federation To Meet Saturday

The County Federation is called to meet in the Club Room of the City Hall at 2:30 next Saturday, March 1st. All members are urgently requested to be present as some specially important business is to come for the attention of the organization at this time.

The meeting this week is the regular meeting of the body and notice has been given by Mrs. Thompson that it should be held as mentioned above.

Mrs. C. G. Stricklin, daughter, Miss Beverly Gray and Miss Mae Bennett spent the last week-end visiting with friends in Quanah.

Marine Test Has Much Interest

Reports circulated here the latter part of last week indicating that there had been a showing of oil in the Marine test have again stirred the interest of the people and they are again visiting the site of this location in an effort to determine if there be any foundation to the rumor. Mr. Downey, drilling contractor, is non-committal as to what really was in the hole and the workmen are steady in their statements that they know nothing of what is taking place.

Drilling is going ahead below 3700 feet, with the casing being set on the bottom after each short hitch at the drill. Some water has been encountered and this procedure is being taken to prevent an influx of water should there be something of greater value hit in the next few feet. The log of the well followed rather closely the site of this location in an effort to determine if there be any foundation to the rumor. Mr. Downey, drilling contractor, is non-committal as to what really was in the hole and the workmen are steady in their statements that they know nothing of what is taking place.

SCHOOL CENSUS STARTS SATURDAY

ENUMERATORS ASK TO BE RECEIVED. ARE NOT SALESMEN.

Work of taking the School Census for the year of 1930 will be started Saturday of this week according to reports received from H. T. Burton. Mr. Burton stated that the work had been authorized by the School Board and that the same force would be asked to assist in the enumeration as was used last year, with the addition of Mr. W. A. Clark, Jr.

Mr. Burton asked especially that the folk receive the enumerators in their homes as the job is one that takes a great lot of time and that requires the patience of many people rolled into one. Instances were given from last year that showed that the workers were taken for peddlers of some nature and the people remained silent when approached rather than to be bothered.

The enumerators for this year will be: H. T. Burton, Frank Stocking, John Hutton and W. A. Clark, Jr. They earnestly ask for the co-operation of everyone that they may complete the census with as much dispatch as possible. Any information possible may be passed on to them and will be greatly appreciated. Mr. Burton stated that they hoped to increase the number to 1,100 or more this year if possible.

As for the census this year will include those who are six years old before September first and those who are seventeen and less than eighteen by the same date.

CHANGES SEEN IN HIGHWAY 5

CURVES STRAIGHTENED AND ANGLES UNBENT BY CREW MAKING SURVEY.

Work of the surveying crew now laying out a route for Highway 5 through Donley County stopped when the members set their last sights on the center of Kearney and Second Streets last week. When the work was completed to that point, the crew started their work all over on the eastern end of the county and are now laying their level lines and setting stakes to show the exact amount of cut and fill that will be necessary to complete the road.

Following rather closely the route set by the department some years back, the new route cuts fifteen curves from that route. Straight lines are sought wherever possible, it being the plan of the department to cut the danger from the roads as much as possible. Where there is any considerable turn in the route of the road, a radius of not less than 1,000 feet is used and the corners are less than dangerous when that length radius is used.

A survey was made at the city of Hedley, bringing the route of the highway directly against the railroad right-of-way on the south side of the railroad. The same route as is now in existence was followed through Lelia Lake, Giles, the only town now on the road, will be left off the route by reason of the fact that the highway follows a direct route to the end of the pavement at the Hall County line.

The saving in distance between Clarendon and Memphis has been estimated to be more than five miles by the new road, not to mention the lessening of the danger by cutting out all of the now present 33 turns encountered in the route.

ANOTHER OLD-TIME CITIZEN PASSED AWAY THIS MORNING

As the News goes to press, we are informed of the death of A. O. Bauer of this city, resident of Clarendon for almost a quarter of a century. Burial services were held from the family home this afternoon at 3:30, interment taking place in the Citizens Cemetery. The death of Mr. Bauer did not come unexpectedly, he having been in very poor health for the past several months.

OFF THE ROCKS

Advertising keeps you off the rocks of extravagance and waste. It takes you straight into the port of economy. It tells you plainly where to go for what you want. It shows you how to save steps, money and time. By watching it carefully, and with regularity, you are able to buy to the best advantage.—The United States Publisher.

DO YOU KNOW THIS?

Is it reasonable to believe the assertion of some wets that as much or more liquor is consumed in this county under prohibition as was consumed in pre-prohibition days? The per capita consumption of liquor reached 22 gallons before prohibition, and this did not include the stuff made by moonshiners and peddled by bootleggers. These are the government figures and are based on the tax paid Uncle Sam by distillers and brewers. In 1927, for instance, the per capita consumption, according to the United States government, was 19.95 gallons. It was that much for every man, woman and child.

Can you imagine it?

Suppose that per capita consumption was maintained today. If every automobile in the United States was used to transport this liquor it would take them all, each loaded down with 100 gallons and then there would be 100,000,000 gallons untransported. Some one has figured that allowing eight feet between automobiles, it would mean 45 strings of automobiles stretching across the continent to carry liquor that would be consumed in the country were it not for prohibition.

Is prohibition getting results? Yea, verily!

SEVEN GUBERNATORIAL CANDIDATES OPPOSE STATE BOND ISSUE

The Houston Press sent letters to all gubernatorial candidates thus far announced, asking their views on a state road bond issue for improved highways.

The questions asked were: Do you think, in view of fact that the last legislature enacted the four-cent gasoline tax, there is any necessity of discussing the highway question in the coming campaign.

Do you think the aforesaid gasoline tax, from which the highway fund gets three-quarters; added to the registration and Federal aid, will give ample funds to complete the state highway program, making such a bond issue necessary?

Answers received by The Press showed one candidate for the state bond issue and seven opposed.

Summary of their views is as follows:

Thomas B. Love: Highways question must be made an issue, Favors continuance of four-cent gasoline tax, but does not think it sufficient for building rapidly all state highways needed.

Barry Miller: Can not see the wisdom or justice of imposing long term, interest-bearing bonds upon the taxpayers. No necessity for even discussing the question; the enactment of the four-cent gasoline tax solved the problem.

Earl Mayfield: Highway question is and will be an issue in the campaign. Would be an act of stupidity to vote bonds for securing \$30,000,000 a year to spend over a ten-year period when we will have available over \$60,000,000 yearly without bonds.

James Young: Road money now acquired from gasoline taxes aggregate staggering sums. Unalterably opposed to a state road bond issue.

E. G. Senter: Against any and every proposed state bond issue. A four-cent gasoline tax itself will promote extravagance. Give us no more burdens.

Fred B. Robinson: A state bond issue for highways would be overwhelmingly defeated by the people. Against it and thinks gasoline tax should be reduced.

James E. Ferguson: Special interests behind the state bond issue will keep it alive. A three-cent gasoline tax will take care of any reasonable and orderly road construction problem. A state bond issue would be ridiculous.—San Angelo Morning Times.

WHAT IS A FARM TO MARKET ROAD

BULK OF TRAFFIC FLOWS OVER STATE ROUTES THAT NEED PAVING.

By E. E. Duffy

What is a farm-to-market road? A simple question yet much is dependent upon the answer.

Obviously a farm-to-market road is one that leads from farming areas to the nearest market where the demand for produce is good and rail shipping facilities are adequate.

On that basis most all of the roads in the United States could be called farm-to-market roads, for even out in the sparsely populated sections of the West farms may be found at fairly frequent intervals.

In considering the wholesale improvement of farm-to-market roads it is clear that all of them cannot be given equal attention. It is further apparent that the states and the United States, through Federal Aid, can improve and maintain in good condition only a portion of the total road length of 3,000,000 miles. This means that full attention can be given only to those roads that carry the most traffic.

Investigations have revealed that about 85 per cent of the motor traffic is carried over the 300,000 miles embraced in state systems. These 300,000 miles of roads are through routes; they connect all principal towns and cities; the bulk of the farming population lives along them or but a short distance back on secondary routes.

Inasmuch as the state systems are still far from completion, the first job is the improvement of these roads to a point where car operating costs and road upkeep costs are lowest. A skeleton system of pavements, within easy access of most farms, will cut transportation costs far more than a spread out system of inferior roads, which in themselves would consume great blocks of cash in maintenance.

Roads must be built that will permit the greatest number of farmers to have year round transportation without the load limitations demanded of light surfaced highways when rain and thaws get busy—as is so often the case on state routes in agricultural states. The high cost of light surfacings is demonstrated in Minnesota and Wisconsin where even trucks collecting milk must reduce their loads when the roads are bad.

Farm-to-market roads vary

MARKET SOMEWHAT LOWER DEMAND NOT IMPROVED

The cotton market during the period Feb. 15 to 21st witnessed a declining tendency with quotations Feb. 21 about 1-2c lower than Feb. 14th. Reports indicated that both domestic and foreign demand for raw cotton during the past week continued rather indifferent. However in some centers it was said that demand was better particularly for white middling and strict middling 15-16 inch which qualities however were hard to buy partly because of the scarcity of such cottons in the offerings and the high asking basis of holders. According to the weather bureau conditions in the cotton belt during the past week were mostly favorable for field operations and considerable plowing was accomplished especially in the west where warm sunny weather was the rule. In the central belt preparation of soil was more of a local character as considerable areas continued too wet to work. Plowing was rather active in the eastern portion of the belt. Quotations for middling spot cotton Feb. 21, Norfolk 15.31c, Augusta 15.31c, Savannah 14.92c, Montgomery 14.55c, New Orleans 15.03c, Memphis 14.7c, Little Rock 14.20c, Dallas 14.30c, Houston 14.95c, Galveston 15.05c. Average for these 10 markets Feb. 21, 14.84c, compared with 15.33c Feb. 14 and 18.88c Feb. 21 last year.

Spot sales are reported in the ten designated markets for the past week were 50,883 bales against 60,431 the previous week and 77,043 for the corresponding week the previous season. March future contracts for the week at N. Y. declined 56 points to 15.20c, at New Orleans 56 points to 15.02 and at Chicago 56 points to 10.05. Certificated stock Feb. 21 at N. Y. 82,144 bales, New Orleans 54,390, Houston 41,120, Galveston 15,325. Total stocks N. Y. 97,985 bales, New Orleans 497,460, Houston 983,200, Galveston 371,011. Exports August 1 to Feb. 21 about 5.3 million bales against about 6.1 million for same period last year.

Dr. and Mrs. H. L. Wilder and Miss Ethel were Amarillo visitors Monday evening of this week. Dr. Wilder was in that city in attendance on a medical meeting.

Dr. Geo. S. Slover of Amarillo, was in Clarendon Monday of this week visiting with friends and attending to business matters.

BIRTHDAY PARTY IS GIVEN LAST SUNDAY AT HEDLEY

Honoring two sisters, Mrs. W. E. Whitfield of Hedley, tendered them a splendid birthday dinner on last Sunday at the Whitfield home in that city. Reports indicate that they were given one of the most complete turkey dinners that has ever been seen, with all trimmings that go to make an affair of this sort complete. Mrs. Clarence Percy of the J. A. Ranch and Mrs. B. J. Leathers of Lelia Lake, were the honorees for this occasion. Present for the event are: Mr. and Mrs. Clarence Percy and two children, Dora Lucile and Jean; Mr. and Mrs. B. J. Leathers and son, Leroy; Mr. and Mrs. Joe Holland of this city and Joe Holland, also of Clarendon. Mr. and Mrs. Whitfield were urged to repeat this sort of an event as often as they cared.

J. Roy Bartlett of Childress, was a business visitor here last Thursday afternoon for a short time.

Don't Be Too Tired To Enjoy Life

ARE you so tired when night comes that you can't enjoy the meals that are devoured with such evident enjoyment by the rest of your family?

Have you ever stopped to think just how much of this feeling of utter fatigue is caused by that last straw after a hard day's work—the preparation of the evening meal?

Electric Cookery—the magic servant of modern housewives—will solve your problem. With

a modern electric range in your kitchen, you can prepare your meal early in the day and place it in the oven. Set the time and temperature controls and end your responsibility, for you will find your meal perfectly cooked and ready to serve at precisely the time desired.

Investigate electric cookery. The economics, conveniences and advantages of this New Day Cooking Method will prove a source of never-ending delight to you.

ITEMS OF INTEREST IN DONLEY

LELIA LAKE

Miss Rena Aten, who has been visiting her sister, Mrs. Glen Ruter, and family in Hereford, returned home Friday. Mrs. Ruter and children accompanied her home for a visit with friends and relatives over the week-end.

Lonnie Bullard and sisters, Misses Edna, Ruby and Effie Dean were dinner guests at the birthday dinner of Miss Elsie Josey at her home in Windy Valley Sunday.

Mrs. I. E. Whately has been very ill the past week, but we are glad she is better at this writing.

Mr. and Mrs. Will Kennedy were dinner guests in the home of their son, Mr. and Mrs. Van Kennedy, in Clarendon.

Mr. and Mrs. Will Chenault and sons, Myrl and Ellis, attended the dedication of the new Church of Christ in Memphis Sunday afternoon.

Noel Knox left Friday for Adrian, where he will work.

Mr. and Mrs. John Stavenhagen, mother and sister of Sunnyview, visited in the home of Mr. and Mrs. A. N. Stavenhagen.

Mr. and Mrs. M. G. Cottingham entertained the Mulkey Sunday School class of the First Christian Church of Clarendon Tuesday evening of last week. The class studied the sixth chapter of Mathew led by J. E. Tucker. Delicious refreshments were served to the following members: W. L. Butler, Homer Mulkey, J. D. McAdams, J. R. Tucker, Edd Tucker, of Tennessee, S. B. Arnold, O. D. Leisberg, F. C. Johnson, W. F. Dubbs, Homer Tucker, and host, M. G. Cottingham.

Guest of Mr. and Mrs. Mark Putman Sunday were: Mr. and Mrs. E. M. Trout, Mr. and Mrs. Leonard Putman and family, Mr. and Mrs. Bob Williams and baby and Miss Laura Brinson of Hedley.

Friday, February the twenty-eight, the Intermediate grades will entertain in chapel at 3:45 with a patriotic program.

Miss Vera Brinson spent Friday night and Saturday in Hedley with friends and relatives.

Mr. and Mrs. C. E. Henderson of Quail, spent the week-end in the home of Mr. and Mrs. A. N. Stavenhagen.

Charlie Walling moved his family here from LeFors last week.

W. C. Reeves and sons, Virgil and Orval, visited their brother and uncle in Childress Saturday.

Mr. and Mrs. Willard Knox visited Mrs. Knox's sister and family, Mr. and Mrs. Oden Weems, in Hereford, over the week-end.

There have been several fishing on the lakes the past week.

Rev. W. W. Eaves, who has been visiting his brother, Rev. A. L. Eaves, and family returned home Friday.

Mr. and Mrs. Milo Dedson and little daughter, Robbie Carolyn, attended church here Sunday night.

Rev. E. H. Kennedy and sister, Miss Moody, were dinner guests in the home of their brother, Mr. and Mrs. Tom Kennedy, in Clarendon.

Misses Faye Floyd and Wilma King spent Friday with Miss Vera Garland.

Eugene Putman spent the week-end in the home of his sister, Mr. and Mrs. B. M. Tront.

Miss Lee Lewis of Jericho, spent the week-end with homefolks and friends.

Miss Vera Garland spent Friday night with homefolks near Goodnight.

Mrs. Betty Stevenson and children spent the week-end in the home of Mr. and Mrs. Frank Myers.

Edward Morton, who has been in the county hospital with blood poison, was able to be brought home Thursday.

Mr. and Mrs. Wilton Ground spent the week-end with friends and relatives in Amarillo. Mrs. Ground's sister, Miss Edna, accompanied them home for a weeks visit.

Guests in the John Howard home Sunday were Mr. and Mrs. R. Howard and son, Woodrow, Mr. and Mrs. Harper of Memphis, and E. C. Howard of Lubbock.

Don Tomlinson and Addis Holland made a business trip to Clovis, New Mexico last Monday and Tuesday.

Mr. Rice Batson spent the week-end with his sister, Mrs. Sam Roberts.

Miss Eula Haley and Mrs. Paul Smith called on Mrs. Nelson Riley Wednesday afternoon.

Mr. Hutton, Agriculture instructor, and his class were out to Mr. S. T. Clayton's Monday morning to cull their flock of White Leghorn chickens.

Mr. and Mrs. A. M. Lanham drove to Hereford Sunday to visit their son, D. D. Lanham and wife, this was their first trip to Hereford and they are very much impressed with the level plains country around Hereford. While there they talked with some long time residents, who said times were never more prosperous. Everyone seemed to be up and hustling in conversation, with one banker stated their deposits were good, with but very few loans, which means things are very prosperous. Wheat is looking fine with a very large acreage.

Mr. and Mrs. W. A. Bailey and children and Mr. and Mrs. D. B. Bailey visited with Mr. and Mrs. John Hall of Pampa Sunday.

Mr. and Mrs. T. T. Waggoner and family of Claude spent Saturday night and Sunday with Mr. and Mrs. F. L. Behrens.

Miss Nannie Mae Behrens and small nephew, Charles Behrens, Jr., and niece, Marylyn of San Antonio, arrived here Friday morning for a few weeks visit.

Charles Behrens whose family was running a boarding house in San Antonio, had the misfortune of having his home burned on last Monday morning. They will go back in business in a short time.

Mr. and Mrs. Roy McKee and family spent Sunday with Mr. and Mrs. F. L. Behrens.

Sunday School was held at the usual hour Sunday afternoon with very good attendance.

Messrs. Dyer and McDaniel left Sunday morning for New Mexico on a prospecting trip.

Mr. and Mrs. J. J. Geldston of Clarendon, visited with Mr. and Mrs. Leonard Goldston Thursday of last week.

J. M. Shannon visited relatives at McLean last week, returning home Saturday afternoon.

Mr. and Mrs. Fontayne Elmore moved into their new home Thursday of last week.

Mr. Higginbotham purchased a new tractor last week.

Mrs. W. L. Goldston made a trip to Groom Monday of this week.

Mr. and Mrs. Monty Garrison and children of Childress, visited with Mr. and Mrs. Elmore last Saturday and Sunday, returning home Sunday afternoon.

Mr. and Mrs. Dyer and family moved to their home near the gin Friday of last week.

Y. E. McAdams of Clarendon, was out to his farm last Saturday doing some plowing.

Mrs. Elmore is visiting relatives at Childress this week.

Mr. and Mrs. Leonard Goldston and children were Clarendon visitors Monday of this week.

The Goldston singing class went to Chamberlain to sing last Sunday night.

Mr. and Mrs. W. C. Veazy visited with Mr. and Mrs. Grant Sunday evening after Sunday School.

Billie Goldston of Clarendon, visited with Mr. and Mrs. L. J.

home until bed time Thursday night.

Mr. Lee Marshall from Wellington spent Saturday night and Sunday in the home of his brother, Pink Marshall.

Mr. and Mrs. Nelse Robinson and children were callers in the Shelton home late Sunday evening.

Mrs. Pink Marshall called on Mrs. Lamberson Friday afternoon.

Hugh Riley is having his corn shelled this week.

Mr. and Mrs. Reagan from Amarillo, visited in the Morris home Sunday.

Mrs. Hugh Riley, Mrs. Jiggs Mosely, Mrs. Elmer Palmer and baby all called on Mrs. Roy Wilson Monday afternoon.

Mr. and Mrs. Lonnie Wood and Mrs. Perry Wood visited Mr. and Mrs. Jess Cornell Sunday afternoon.

Mr. and Mrs. Zeb Morris and Miss Oma, Mr. and Mrs. Lonnie Morris and children were dinner guests of Mr. and Mrs. W. H. Corbin Sunday.

Mrs. Jack Weston and Mrs. Batley were callers in the Riley home Sunday afternoon.

Mr. and Mrs. Blevins spent the week-end with Mr. and Mrs. Roy Wilson, Mrs. Blevins remaining up for several days this week.

Mr. and Mrs. Logan and children and Miss Dolly Corder called on Mr. and Mrs. Zeb Morris late Sunday evening.

Mrs. Lamberson spent Monday afternoon with Mrs. Zeb Morris.

GOLDSTON

Mr. and Mrs. Roy McKee and family spent Sunday with Mr. and Mrs. F. L. Behrens.

Sunday School was held at the usual hour Sunday afternoon with very good attendance.

Messrs. Dyer and McDaniel left Sunday morning for New Mexico on a prospecting trip.

Mr. and Mrs. J. J. Geldston of Clarendon, visited with Mr. and Mrs. Leonard Goldston Thursday of last week.

Goldston Saturday night and Sunday.

There will be a play at the school house next Saturday night every one is invited to come.

We still have beautiful spring like weather and farmers are busy plowing, some are planting early garden truck.

Mr. and Mrs. Clyde Hudson visited her parents, Mr. and Mrs. G. R. Grant, last Sunday, also attended Sunday School in the afternoon.

L. J. Goldston made a business trip to Clarendon Thursday of last week.

Mr. Hill of Clarendon, was out to his store Saturday of last week.

Quite a number from here were Clarendon visitors Saturday of last week.

The youngsters enjoyed a party at Mr. and Mrs. Hill's last Saturday night.

A good sized crowd went to Alandre to the ball game Thursday of last week.

In 1904 deposits in Texas banks totaled \$84,000,000. In 1929 they had reached a total of \$1,000,000,000—a gain of 1,190 per cent in twenty-five years.

Some rabbit breeders feed no green stuff at all to their stock—others use all that is available. Probably the best plan is to avoid both extremes. Green feed should be given more sparingly than dry feed and should always be in a fresh, clean condition. Spoiled, musty, or dirty feed will cause disease in the rabbitry.

TANLAC ENDS

ANOTHER CASE OF RHEUMATISM and Stomach Troubles—Hot! Man Benefits This Time

Ending the suffering of 10 years in just a few weeks is going some but that's just an example of how quickly Tanlac works in stubborn cases that never yield to other remedies.

No wonder so many local people are so enthusiastic about Tanlac—no wonder local druggists are loud in praise of this medicine. Read for instance what Mr. J. L. Kline says: "For 10 years I have had stomach troubles. Rheumatism also of mornings, stiff and sore all over, mostly in back and shoulders. A good powerful medicine was needed to fix me up and Tanlac proved to be all of that. From it I got relief from all troubles, stomach and rheumatism. My digestion now is just about 100% good. No more pain or distress, eat good, sleep as good as I eat, pain, stiffness, soreness all gone. Rheumatism in back and shoulders wiped out. I have tried out lots of medicines but Tanlac gave me results." That's the story of Tanlac in a nutshell—it gives results and gives them quick, for every herb, bark and root is a real medicine. Many "patent medicines" make glowing promises that may fool you into buying them, but remember Tanlac is a real medicine. The backs its claims with a guarantee. At all druggists. Accept no substitutes.

CAPITOL News

FOR SALE—THE MAYFLOWER YACHT

Where is the souvenir hunter that would like a late presidential yacht for \$100,000? Whoever acquires the Mayflower, which President Hoover rejected last year, is forced to regard it as little more than that—just a souvenir. Our Navy Department has strict ideas concerning the uses that can be made of a vessel that once felt the tread of High Executive feet. There must be nothing commercial about this transaction, nothing that is, except for the hundred thousand smackers from the purchaser. The buyer cannot make an excursion boat out of the Mayflower. He cannot, in fact, even call it the "Mayflower," for fear that the name will entice dollars into his coffers.

Of course, if somebody cares to pay the amount asked simply to be able to say casually, "Yes, I'm rather proud of the old boat. Used to be the Mayflower, you know," well, that's a matter between his pride and his pocketbook. So far, no one has shown any eagerness for that privilege. Unless Navy officials lose some of their own reverence for the yacht, they may be forced to seek out a handy mantel piece in some museum and deposit it thereupon.

MR. HOOVER GIVES A BELL

Children in the Blue Ridge district of Virginia trudge to school in response to a bell that was paid for by President Hoover. The school, which was built within the past six months, is the result of a subscription started at the President's suggestion last summer when the lack of education among children in the vicinity of his Rapidan Camp was brought to Mr. Hoover's attention. He promised the Reverend George Baracker of that district that every dollar he could raise for the project would be matched by one from the President. The preacher walked hundreds of miles soliciting funds, and when his friends wrote President Hoover what he had done, the latter responded with seventy per cent of the cost of building a school. To raise more funds for a bell after the school had been erected was too much for the mountain folk. They told the President their troubles, and he sent them a check for the necessary amount. Children from three counties in Virginia are called to their studies every morning by the "Hoover Bell."

SMOOTHING THE WAY TO THE FARM GATE

Good roads in the modern sense have become a "band wagon"

proposition, says James W. Brooks, Director of the American Highway Educational Bureau. The next three years will be especially favorable for highway construction when the Senate confirms the appropriation of \$125,000,000 a year for three years, recently passed by the House of Representatives. Although only three hours was allowed for final consideration of the bill, forty-four members of Congress managed to voice their approval of the appropriation, which is in line with President Hoover's call for "prudent expansion."

Motorists and taxpayers who ultimately foot the bill for highway expenditures will be pleased to learn that construction shall be as logically executed as possible. It is planned to put in order first those roads most heavily traveled rather than to begin on roads where traffic is light. This policy of "building toward the farm gate," as Mr. Brooks expresses it, insures effective relief in the shortest amount of time.

WHITE HOUSE SILVER GETS A SHINE

Long before the days of Coolidge economy, White House silver gone dingy or worn through hard service was carefully polished with consequent saving of taxpayer's pennies. With natural pride, J. E. Bromwell of D. L. Bromwell Company, Inc., will tell you that his father's firm started replating the knives, forks and spoons of high executives back in 1870. Furthermore, they have been doing it ever since. Mr. Bromwell can remember when he did replating for Grover Cleveland's wife. His father's business goes much further back than that however, for D. L. Bromwell struck up his enterprise fifty-seven years ago. Then, instead of having an efficient electric motor operating wire brushes to polish replated pieces, Mr. Bromwell used a dog to furnish motive power.

The Federal building program has forced the company to move from its fifty-seven year old location to a new building. However, it is still replating the White House silver.

A STUDY IN DEFINITIONS

There have been so many discussions in our own country concerning the relation between education and religion, that the Russian method of combining the two takes on interest. Not religious beliefs but religious history is taught in this strange country about which wild things are told and few things actually known. The Russian religious institute teaches by pictures and "wall pa-

BE PREPARED IS WORD FOR CHICKS

PREPARATION IN ADVANCE MEANS SAVING MANY CHICKS AT LATER DATE.

Lubbock, Texas, Feb. 26—Instructions for raising baby chicks were given in a talk to those who attended the Tech Short Course by R. B. Galloway, Poultry Extension Service, Panhandle Lumber Company, Amarillo. The speaker said: "It doesn't cost any more to raise a quality baby chick than it does to raise a cheap one. Be prepared for baby chicks when they are received. Many of us make the mistake of waiting until the last minute to prepare our brooder houses, and get them clean and sanitary. We have trouble with chicks and lose a large percentage as a result. Don't attempt brooding too many baby chicks in one group. Five hundred in one group is enough. I would recommend using a 1000-chick stove for 500.

"Another thing we often see in brooders is an inadequate supply of water. I have gone into brooder houses where 500 baby chicks were kept and probably find two little water tanks and one of them would be dry. We should provide not less than three (fruit jar bottles are good). Also provide ample mash feeders.

"Just before the baby chick hatches or on the 19th day the yolk of that egg is brought into the baby chick's body and there is a reserve food supply that will last the chick from 48 to 72 hours. I don't think we should wait too long in feeding our chicks. I believe a number of our chicks are starved. Some recommend waiting at least 90 hours. I think that is too long. From 36 to 48 hours I prefer feeding them. We found by experiment that where we waited 90 hours the chicks were weakened."

Allamore—One shipment from development work on Black Shift mine continue.

pers" the story of all religions and their influence through the ages. Their program includes the establishment of schools throughout the country to give educational possibilities to about 100,000,000 now illiterate people. Through education, they hope to banish ignorance, superstition and fear.

There is a deep-rooted belief in America that the be-whiskered "Reds" of Russia are bitterly opposed to religion in any form. As a matter of fact, there is greater religious freedom in Russia than there was under the Czarist regime. On the Russian Easter, for instance, the government supplied the extra milk required in the observance of that day; evidently, then, no attempt is made to abolish attendance at church.

"The Eyes of Texas"

Kenneth Fink

Austin, Texas, Feb. 18, 1930—The Longhorn Band will begin its annual spring concert tour, March 31, into West Texas and will be gone a week. About forty men will make the trip, according to Burnett Pharr, director of the band.

Dr. G. W. Carver, negro scientist, member of the British Royal Society of Arts, who is recognized as one of the leading scientists of the world, spoke in Austin last week on this subject, "Great Creator, What is the Peanut and Why Did You Make It?" Dr. Carver has experimented extensively with the peanut from which he has extracted 200 commercial products—these were on exhibit at the lecture. He has also practiced on the sweet potato with even greater results.

Stolen from his slave parents when a mere boy and traded for a race horse valued at \$300, Dr. Carver recently refused an offer of \$100,000 a month to work in Thomas Edison's laboratories. After he worked his way through high school in Kansas, he received

his bachelor of science degree in 1894.

About 172,500 postage stamps are purchased monthly at a cost of \$3,450.31, according to information recently compiled and published in the Daily Texan. For a year this amounts to something like \$41,403.72.

Austin, Texas, Feb. 24—The smoke and noise of rush week have vanished revealing Miss Ivie Helm, a pledge of Delta Delta Delta, Jack Crow, who attended Clarendon College a few years ago a pledge of Theta Xi and Robert Hurn, nephew of Mr. J. H. Hurn of Clarendon, a pledge of Omega Beta Pi.

"Portraits of the West," an article about Harold Bugbee and his work as an artist, is the feature of the last number of The Alcalde, a magazine published by the Ex-students' Association of the University of Texas. The article is illustrated by photographs of three of his oil paintings: "New Mexico Hunter," "The Branding Pen" and "The Remu-

JONES LEADS IN BILLS ON COTTON

EXTRA USES FOR COTTON COMING INTO GENERAL PRACTISE EVERYWHERE.

Washington, Feb. Recent reports by the Departments of Commerce and Agriculture of their investigations into new uses of

and reproductions of four pen and ink sketches. Quoting from the article which was written by J. E. Haley "Upon his canvases buffalo are shown, sweeping across the plains of yesterday, and of all the men who have painted buffalo. I know of none who paints them as well as Bugbee.

The auditorium-gymnasium is rapidly nearing completion. The entire floor should be down in about two weeks. The balconies are practically completed. The concrete arch over the stage has been finished. Graduation exercises for the Class of '30 will be held in the building in June.

cotton show that very remarkable results have been attained in finding new channels for that commodity.

As a result of departmental work and the interest stimulated by them a great deal of cotton has been going into entirely new avenues of usefulness. Cotton and cotton blends are being used in automobile tops, awnings, basic road construction, ceiling materials building linings, paper and many other important lines of industry.

It is also being used in the making of an artificial silk which is rapidly taking the place of that commodity and building up a great industry in the South.

Congressman Marvin Jones of Texas, the author of the measure under which this work has been done, has received favorable editorial comment from many papers throughout the South. He was presented by President Coolidge with the pen with which the President signed this measure.

Mr. Jones is highly pleased with the report of work done by the Departments and the Textile Institute, and is optimistic as to their plans for the future.

Do not peel rhubarb before it is cooked. The red skin gives an attractive color to the cooked fruit.

ACHIEVEMENT!

Since You Read This CHALLENGE on November 14th, 1929 An Army of American Motorists has Changed to CONOCO

Germ-Processed Motor Oil

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

- 1 Combines with metal surfaces and never leaves bearings and other working parts.
- 2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.
- 3 Positively increases gasoline mileage by reducing friction. That means economy.
- 4 Will not break down under cylinder wall heat. That means less oil consumption.
- 5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.
- 6 Crankcase dilution does not seriously impair its "oiliness" value. That means greater motor protection.
- 7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly do-waxed oil.

Have you noticed that Conoco stations have been busier in the past few months? The reason is, of course, that amazing new oil, Conoco Germ-Processed.

Introduced only last November, this revolutionary motor lubricant has startled even its makers by its instant public acceptance.

There's a moral for you in this wholesale change of oil-buying habits by the motoring public. Everyone realizes now that something happened in the motor oil business when this new oil was announced. When you start using this oil you'll realize it too.

By providing more economical car operation, by guaranteeing a radical reduction in motor wear, and particularly, by penetrating metal surfaces and providing constant lubrication under every conceivable operating condition... Conoco Germ-Processed oil sets up a new gauge of motor oil merit.

We firmly believe that you will buy no other oil except Conoco Germ-Processed oil after using it for a fair period of time. Won't you make that trial to-day, at any station bearing the Red Triangle?

SOCIETY

Sam M. Braswell is Married Saturday

In a ceremony featured by extreme simplicity, Samuel McCoy Braswell and Eudora Spencer Blackburn were united in marriage last Saturday at high noon. The Methodist Church was the scene of the ceremony performed by Revs. S. E. Allison, Pastor of the First Methodist Church and W. M. Murrell, Presiding Elder of the Clarendon District. Only a very few friends and relatives of the contracting couple were witnesses to the ceremony.

The choir platform of the church had been decorated with evergreens to form the background for the ceremony. Mrs. C. R. Golligher of Silverton, at the piano played for a song, "When We're Together," sung by Mrs. S. Joyner Cole of Amarillo. The bridal party entered the church to the strains of Mendelssohn's wedding march, the ceremony being conducted to its tones. Immediately following the announcement, Mrs. Cole sang "I Love You Truly."

The couple left immediately for a honeymoon trip to the central portion of the state.

The bride is the daughter of Dr. Bunyan Spencer, who retired as acting president of Denison University of Granville, Ohio, a little more than a year ago at the age of seventy-five, after having served as professor, dean and president for a over a period of twenty-eight years. In recent years she has been home keeper for her father at Granville. She attended Denison University, is a woman of culture, having had several years experience as teacher, industrial and general secretary of the Y. W. C. A. in Dayton, Ohio, and Jamestown N. Y., educational director of young people's activities in church work and is interested in music and dramatics. She came to Clarendon before the holidays to visit with the S. E. Allison family, whom she had known several years ago at Roswell, N. M. Here she met Mr. Braswell and a mutuality of interests and understanding ripened into romance with the culmination in the quiet wedding chronicled above.

The groom is the son of Mr. and Mrs. W. C. A. in Dayton, Ohio, and Jamestown N. Y., educational director of young people's activities in church work and is interested in music and dramatics. She came to Clarendon before the holidays to visit with the S. E. Allison family, whom she had known several years ago at Roswell, N. M. Here she met Mr. Braswell and a mutuality of interests and understanding ripened into romance with the culmination in the quiet wedding chronicled above.

Palo Duro-Alpha Delta Psi Banquet

Last Friday night the annual banquet of the Palo Duro and Alpha Delta Psi Societies was had in the dining room of the Clarendon Hotel, with a few old members and Miss Headrick and Mr. and Mrs. W. A. Clark, Jr., the sponsors, present.

During the evening the weaknesses and dislikes of several became known, for instance Mr. Clark dislikes "whipped cream" and Archie Pool's weakness is his "love" for cherry pie. In the program it was found out that Cecil Hukel will be a future altoist of America; Gladys Noble, weighs 130 lbs. Wilma King is a good impersonator and Agatha Taylor is a first class violinist.

Reverend McKee was the after dinner speaker and it was found out in his jokes that he certainly has the "low-down" on some of those present. His wit and humor added to the entertainment of the evening.

The banquet party later went to Bill Wilder's home, where dancing and bridge playing were enjoyed until a later hour.

Sunday School Class Honors Teacher

The other Sunday School Classes of the Baptist Church honored their teacher, Mrs. W. C. Stewart with a surprise tea at the home of Miss Lolla Bourland Saturday afternoon.

Games were enjoyed for awhile and a short program consisting of a reading by Mrs. H. L. Guynes, Vocal solos by Mrs. Frank Simmons and Miss Anna Moores, delighted the guests.

At the conclusion of a short business session the honoree was escorted into the dining room where she was presented with a beautiful gift of glassware, as a token of esteem and appreciation from her class.

A lovely plate lunch was served to: Mmes. Carl Peabody, Bill Brumley, Richard Cannon, Marvin Land, C. E. Noland, J. E. Ryan, Terry Wood, W. C. Stewart, Vestal Mosley, Frank Simmons, Forest Sawyer, E. T. Leverett, H. L. Guynes, Marvin Warren, Misses Alpha Evers, Eva Lee Morrison, Francis Tatum, Temple Harris, Mildred Stewart, Christine Stroder, Manette Chase, Anna Moores.

Mrs. John Daniel of Tulsa Honored

Mmes. L. S. Bagby and A. A. Mayes entertained with a bridge luncheon at the home of the former Saturday, honoring the niece of the latter, Mrs. John Daniel, of Tulsa, Okla.

Geo. Washington motifs were used in the decorations, tallies and favors.

At the conclusion of a lovely three course luncheon a number of games of bridge were enjoyed in which Mrs. Frank Stocking re-

ceived high score. Miss Fray Stallings cut consolation and the honoree was presented with a lovely gift.

Covers were laid for: Mmes. W. S. Bagby, O. L. Jenkins, P. B. Gentry, M. P. Gentry, Sam Dyer, Chas. Trent, F. W. Taylor, Holman Kennedy, Loyd Stallings, Frank Stocking, Miss Fray Stallings and the honoree, Mrs. John Daniel, of Tulsa, Okla.

Thursday Afternoon Bridge Club

Mrs. L. L. Swan was hostess to the Thursday Afternoon Bridge Club February 20th.

A very enjoyable time was had over the games in which Miss Mary Cooke received high score for the club and Mrs. Sam Dyer high guest score.

Pot plants were used in decorating the rooms. A delicious refreshment course was served to the following: Mmes. T. H. Ellis, Clyde Price, Chas. Trent, P. L. Chamberlain, Chas. Bell, Earl Alexander, Sam Dyer, Holman Kennedy, C. G. Stricklin; Misses Beulah Baird, Mary Cooke, Anna Moores.

Mrs. Wood Entertains S. S. Class

A lovely party was enjoyed by the younger set of the Presbyterian Sunday School at the home of their teacher, Mrs. F. O. Wood last Wednesday evening. Various games were enjoyed until a late hour when they were served with very elaborate refreshments.

Those participating in the happy event were: Rev. Robt. McKee, Bill Montgomery, Fred Bourland, Hoot Bell, Bill Wood, Bill Ward, Nova Cook, Esmer Keener, Lodi Greene and Louise and Mary Wood.

Presbyterian Auxiliary

The Presbyterian Auxiliary met in the church basement Wednesday afternoon with Mmes. Robt. S. McKee and John Potts as hostesses.

Mrs. M. W. Cook led the lesson on Foreign Missions in which all present took part.

Dainty refreshments were served at the conclusion of the short business session.

Mrs. A. A. Mayes Compliments Niece

Mrs. A. A. Mayes complimented her niece, Mrs. John Daniel, of Tulsa, Okla., with a bridge-dinner Wednesday evening. The dining table held a center piece of purple Iris. The same color scheme was carried out in tallies, place cards and favors.

After dinner bridge was enjoyed until a late hour. Covers were laid for Messrs. and Mmes. Frank Stocking, W. S. Bagby, Mmes. B. G. Smith, L. S. Bagby, John Daniel, Mr. A. A. Mayes.

Episcopal Auxiliary

The ladies of the Episcopal Auxiliary met in the home of Mrs. Robt. Bigler Wednesday afternoon in a business session. Mrs. L. S. Bagby read the Bible lesson. There will be three Saturday markets during lent, beginning the third Saturday in March.

The hostess served a delicious refreshment course during the social hour.

Rex Ray Circle

The Rex Ray Circle of the Baptist Church enjoyed a George Washington party at the home of Mr. and Mrs. Joe Goldston Thursday night.

The rooms were elaborately decorated in the patriotic colors and numerous games and contests were enjoyed throughout the evening.

A delicious refreshment course was served to the following: Messrs. and Mmes. Bill Brumley, Jesse Lowe, H. C. Brumley, Ben Hill, Ray Couch, H. L. Guynes, Jiggs Mosley, Forest Sawyer, Ralph Andis, Rolle Brumley, Meade Haile, Bill Leverett, Carl Andis, Frank Simmons, Mrs. Floyd Keener, Miss Marjorie McKillop.

Mrs. Frank Simmons Honors Mother

Mrs. Frank Simmons honored her mother, Mrs. W. C. Stewart, with a surprise party on her birthday Tuesday evening.

The guests gathered at the home of Mrs. Stewart at the appointed hour and forty-two was enjoyed throughout the evening.

At the conclusion of the games Mrs. Simmons served a delicious plate lunch to the following: Messrs. and Mmes. G. G. Kemp, H. C. Brumley, Frank Whitlock, W. A. Land, W. Z. Borron, Dewey Heath, Geo. McCleskey, Joe Goldston, W. C. Stewart.

Dainty patriotic favors were given to each.

1930 Bridge Club Has Meeting

The newly organized 1930 Bridge Club met for its first regular session last Thursday afternoon in the home of Mrs. Durwood Skelton. The entertaining

Dinner Bridge Club Saturday Evening

Mr. and Mrs. J. L. McMartry were host and hostess for a lovely Washington Bridge-Dinner Saturday evening.

Dinner was served at the dining table, which had as a center piece a miniature Washington monument banked with greenery and with a flag at each corner. The patriotic effect was also carried out in the place cards, candy cups and desert course.

In the bridge games which followed Mrs. F. E. Chamberlain received ladies' high score; Dr. T. H. Ellis, gentlemen's high.

Those attending: Messrs. and Mmes. A. T. Jefferys, Louis B. Merrell, Louis Holloway; Mmes. F. E. Chamberlain, Kate B. Carroll, Miss Mantie Graves, Dr. and Mmes. T. H. Ellis and M. H. Rhoades.

Thursday Afternoon Bridge Club

Mrs. L. L. Swan was hostess to the Thursday Afternoon Bridge Club February 20th.

A very enjoyable time was had over the games in which Miss Mary Cooke received high score for the club and Mrs. Sam Dyer high guest score.

Pot plants were used in decorating the rooms. A delicious refreshment course was served to the following: Mmes. T. H. Ellis, Clyde Price, Chas. Trent, P. L. Chamberlain, Chas. Bell, Earl Alexander, Sam Dyer, Holman Kennedy, C. G. Stricklin; Misses Beulah Baird, Mary Cooke, Anna Moores.

Needle Club Entertained Thursday

Mrs. A. K. Letts delightfully entertained the Needle Club Thursday afternoon.

A merry afternoon was spent over the needle work and conversation.

The hostess served a lovely two course lunch in which the patriotic colors were carried out in the ice course.

Those present were: Mmes. L. S. Bagby, Frank McCrary, Sella Gentry, R. F. Morris, B. L. Jenkins, A. L. Chase, A. A. Mayes, Jas. Trent, Minnie Dyer, J. T. Patman, John Daniel of Tulsa, Okla.

Mother's Study Club Met Friday

The Mother's Study Club met in the home of Mrs. W. W. Taylor, Friday afternoon with a good attendance.

Dr. H. L. Wilder gave a most interesting talk on "Physical Training as a Safeguard for Boys."

Mrs. Fred Buntin discussed, "Influence of Training on Mind and Morals" and "Physical Training of Boys."

Mrs. H. T. Burton discussed "Manners on the Playground," "The Gentleman" and "Football on the Square."

At the conclusion of the program the hostess served a most appetizing refreshment course.

Methodist W. M. S.

The ladies of the Methodist W. M. S. met in the church parlors Wednesday afternoon for Bible study, which was on the first five chapters of Acts, led by Mrs. J. G. Sherman.

The East Circle of the W. M. S. met Wednesday with Mrs. J. T. Warren with 13 present.

The West Circle met with Mrs. J. H. Harris with 13 present.

The Rex Ray Circle met in the home of Mrs. Allen Bryan with Mrs. Floyd Keener assisting. There were 15 present.

All continued their Mission study, after which a refreshment course was served.

Dinner Bridge Club Saturday Evening

Mr. and Mrs. J. L. McMartry were host and hostess for a lovely Washington Bridge-Dinner Saturday evening.

Dinner was served at the dining table, which had as a center piece a miniature Washington monument banked with greenery and with a flag at each corner. The patriotic effect was also carried out in the place cards, candy cups and desert course.

In the bridge games which followed Mrs. F. E. Chamberlain received ladies' high score; Dr. T. H. Ellis, gentlemen's high.

Those attending: Messrs. and Mmes. A. T. Jefferys, Louis B. Merrell, Louis Holloway; Mmes. F. E. Chamberlain, Kate B. Carroll, Miss Mantie Graves, Dr. and Mmes. T. H. Ellis and M. H. Rhoades.

Ladies Aid of First Christian Church

The Ladies Aid of the First Christian Church met in the home of Mrs. F. C. Johnson Wednesday afternoon with 15 members and one guest present.

The meeting was opened with prayer, followed by a victrola selection, "City of Gold."

Mrs. O. D. Leisberg presided over the business session and Mrs. F. C. Johnson led the lesson on the 15 chapter of Luke.

During the social hour the hostess served lovely refreshments.

T. E. L. Sunday School Class

The T. E. L. Sunday School Class met Tuesday afternoon in the home of Mrs. Ed Speed with Mrs. M. W. Mosley assisting.

They continued the study of "Pioneer Woman." A special feature of the afternoon was a duet by Mmes. Campbell at the conclusion of the program. A refreshment course was served to 22 members and 3 visitors.

Baptist W. M. S.

The East Circle of the W. M. S. met Wednesday with Mrs. J. T. Warren with 13 present.

The West Circle met with Mrs. J. H. Harris with 13 present.

The Rex Ray Circle met in the home of Mrs. Allen Bryan with Mrs. Floyd Keener assisting. There were 15 present.

All continued their Mission study, after which a refreshment course was served.

Friday Afternoon Bridge Club

The Friday Afternoon Bridge Club was delightfully entertained Friday afternoon by Mrs. F. W. Taylor.

A number of games were enjoyed in which Mrs. Floyd Lumpkin received high score and Mrs. B. L. Jenkins, Jr., cut consolation. A delicious two course lunch

Dance Enjoyed at Country Club

Messrs. and Mmes. F. W. Taylor and Clyde Price entertained with a dance at the Country Club Monday evening, February 17.

An orchestra furnished the music and dancing was enjoyed until a late hour.

A buffet supper was served during the evening.

Those attending were: Messrs. and Mmes. Forest Sawyer, Kelly Chamberlain, W. S. Bagby, M. P. Gentry, P. B. Gentry, H. Kennedy, P. L. Chamberlain, Chas. Trent, C. E. Miller, Chas. Bell, Ira Merchant, C. W. Bennett, Jr., Richard Bell, Dr. and Mrs. O. L. Jenkins.

Mrs. Fred Rathjen Entertains Club

Mrs. Fred Rathjen charmingly entertained her games club with two tables of bridge Tuesday afternoon, Feb. 18. A number of games were enjoyed in which Mrs. Eva Rhodes received the highest number of points.

A delicious refreshment course was served to: Mmes. W. W. Taylor, C. C. Powell, J. G. Sherman, D. O. Stallings, H. Ruddell, U. J. Boston, H. B. Kerbow, Eva Rhodes.

Young Matron's Harmony Class

Mrs. Paul Shelton, assisted by Mrs. Walter Hutchins, entertained members of the Young Matron's Harmony Class at the home of the former, Tuesday afternoon.

A business session was held after which forty-two was enjoyed.

Delightful refreshments were served to: Mmes. Lillian Brady, Ben Andis, Fred Buntin, Tom Goldston, Ira Merchant, C. E.

1922 Bridge Club Entertained

Young Matron's Harmony Class

Mrs. Paul Shelton, assisted by Mrs. Walter Hutchins, entertained members of the Young Matron's Harmony Class at the home of the former, Tuesday afternoon.

A business session was held after which forty-two was enjoyed.

Delightful refreshments were served to: Mmes. Lillian Brady, Ben Andis, Fred Buntin, Tom Goldston, Ira Merchant, C. E.

HIGHWAY 66 DETOURS TO BE CLEANED UP BY MAY FIRST

Amarillo, Texas, Feb. 25—All detours on U. S. Highway 66 in Oklahoma will be taken off before May 1 if the prediction of Raymond A. Tolbert, of Oklahoma City, president of the Oklahoma Auto Club, comes true. Tolbert in a letter to O. H. Foster, manager of the Panhandle Auto Club here, made the statement that "within 60 days" the detours would be removed.

Present detours in Oklahoma are: Between El Reno and Geary; Bridgeport and Weatherford, around a bridge near Clinton and for 12 miles east of Elk City.

Oklahoma has more than 70 miles of the highway paved, including a 44-mile stretch from Oklahoma City to west of El Reno, seven miles between Geary and Bridgeport and 22 miles between Elk City and Sayre.

In Texas about twenty miles between Groom and Conway is paved.

Wheeler County plans to pave across its southern edge for about 30 miles, as soon as the bond issue details for other roads in the county are completed. The county has voted \$1,000,000 for road work.

Gray County will pave its thirty-odd miles also as soon as possible after the bond issue is approved.

Carson County plans to pave from Conway west to the Potter County line, a distance of 10 miles.

Tolbert also advised that within 30 days the highway between Oklahoma City and Tulsa would all be hard surfaced except a nine-mile stretch between Luther and Wellston. A like distance on the northern route, between Drumright and Cushing will not have hard surface, Tolbert added.

Dr. and Mrs. W. W. Brewer and baby were visitors in the R. I. McGowan home the fore part of last week. Dr. Brewer and family and Mr. McGowan took a motor trip through a part of the South Plains country, returning here on Monday. The visitors left for their home in Oklahoma Tuesday.

People Now Read To Save as Well as for News

People no longer believe as they once did that advertising makes goods higher. They know it pays them.

People no longer need to go to the cities to know what's what in fashion.

People know that the small town merchants can buy the same brand at the same prices the big town merchant can, and—

People know now there is an advantage in buying from home merchants.

People have found that postage, gas, tires and car cost, all must be added to the now and then leader prices often used by the city stores and mail order houses.

People also know rents are higher, expenses more in the city stores and that expenses are added before profit can be made.

Look over what your merchant's messages are in The News. See what they have to offer.

You will find that a few cents that often look like a saving from distant merchants, in reality is an expense.

Watch the ads, read the ads. Save by buying at home.

Must have merchandising vision covering trade brand advertising and be financially able to handle the proposition. This is a high class franchise on a product already well advertised. Write, phone or see E. Berry, Amarillo Hotel, Amarillo for engagement. (9c.)

NEW CENSUS IS TAKEN THIS YEAR

DISTRIBUTION SYSTEM MAY BE IMPROVED BY APPLICATION OF FACTS.

The census of distribution is being taken, for the first time, to find out basic facts about our national distribution system. It is felt that our distribution system has not kept pace with the other lines of endeavor in the country, due largely to the lack of information. It is believed, therefore that our distribution system can be considerably improved on the basis of information which will come from this census.

Improvements in distribution will help the merchant, manufacturer, farmer, and in the end will prove beneficial to the consuming public. The census of distribution covers merchants or distributors and their business operations. It will give a classified count of the various classes, types and sizes of retailers, wholesale and all other merchandising concerns in the whole country.

Each merchant will be asked: the number of persons employed by such establishment; the principal expenses, including rent, interest and total wages paid; the stocks of goods on hand December 31st, 1929; the sales during the year 1929 broken into commodity groups as far as practical.

No attempt is being made to obtain information concerning the profits of the merchant. There are no questions which would show the gross margin between purchases and sales. The value of the sales will be ascertained, but the cost of the goods purchased is not asked for.

In manufacturers there has been a tendency in the direction of greater specialization or concentration upon the manufacturer of some one line of products. But in retail trade, with the development of the department store, the mail-order houses, and the modern so-called drugstores carrying all sorts of other articles and drugs, only incidentally, it seems as if the tendency were in the other direction.

In taking this census the Government counts upon the co-operation and the support of the merchants and other distributors. While they are required by law to answer the questions on the census schedule and are subject to penalties for refusing to answer, the experience of the Census Bureau justifies the expectation that they will recognize the importance of the census and willingly supply the information requested. The census takers are forbidden—under penalty—to reveal any information or data obtained through the census in regard to any individual person or individual establishment. No one except sworn employees of the Census Bureau will be permitted to examine the individual reports and no information can or will be given out to any person outside of the Bureau, whether in Government service or in private life which would disclose, either exactly or approximately, any of the facts or figures in these reports. The data collected, as the law requires, will be used only for statistical purposes for which it is supplied.

The members of the Census Bureau pledged themselves to hold the facts regarding each separate business in the strictest confidence, and to compile summaries as promptly as possible. They urgently request full co-operation in preparing business facts so that the field force may get the forms filled in accurately and promptly. Give the enumerator the facts promptly as their task is hard, delays and recalls are costly.

Construction of super-power radio station for McAllen-Reynosa nearing realization with signing of contracts for McAllen studio.

Goliad—Humble Co. makes new location for 6th well near here.

Farwell—Work resumed on new gas line from here to Hereford.

Eagle Pass—Total of 7,589 carloads handled here during the past year by railroad.

Junction—Construction of courthouse building to start soon.

Borger—White Front Poultry changed ownership.

Higgins—Methodist congregation to build new church edifice.

Rosenberg—Camy Ground Grocery changed hands.

Brownsville—25-foot port definitely assured for this section.

Needville—Ninth of chain of hatcheries recently established here by C. G. Schietinger.

Crockett—\$1,450,000 highway improvement issue to be voted on March 1th.

Mr. Meredith of Amarillo, was a guest in the home of Mrs. L. S. Bagby Wednesday.

SKATING RINK IS HERE FOR RETURN ENGAGEMENT

The skating rink that played a stand in the city last summer returned to their location here the latter part of last week and are now open for business. The same management has the same treatment is to be accorded those who enjoy this sort of pleasure as was enjoyed when they were here for the first trip. Their announcement is to be found in another column of the News, giving hours they are open and rates for their entertainment.

SOCK SUPPER GREAT SURPRISE LAST FRIDAY EVE

One of the most successful sock suppers ever held in this section of the county was that one held last Friday evening at the Martin school house. A splendid attendance was registered, and the bidding on the desired cats for the evening was spirited, resulting in a nice receipt for the evening. Sheriff M. W. Mosely was auctioneer for the evening, later proving his ability as a talker when exander for the ugliest man prize. Judge Alexander won the prize by a slim majority of three votes, much to the pleasure of the other victim of the practical joke.

NEW PASTOR ARRIVED FOR FIRST CHRISTIAN CHURCH

Rev. and Mrs. W. E. Terrell and baby daughter arrived in Clarendon Wednesday afternoon of this week from their home in Florida. Rev. Terrell was recently called to the local pastorate and will put in his entire time with the church in this city. He comes well recommended and will take up his active work here with the first Sunday in March, the same being March 2nd. The Terrell family was accompanied by Miss Fields, a young lady who will stay with them for some time.

WARNING ISSUED DRIVERS OF TRACTORS ON CLEATS

O. J. Fleeman, superintendent of the roads in this particular district of the state was in the News office the latter part of last week and stated that the department was doing its utmost to keep the highways in the very best possible condition. A warning was issued tractor drivers, the statement being made that all tractors with cleats or lugs were barred from the roads unless the cleats had been removed. A number of arrests have been reported on this matter to this time and Mr. Fleeman stated that others would follow unless the machines were treated to prevent their tearing up the surface of the roads.

Friends Speak of Change in Him

"I WOULD NEARLY TOPPLE OVER WHEN LOOKING OVER THE CARS BUT ARGOTANE HAS RELIEVED THAT DIZZINESS," SAYS AMARILLO CAR INSPECTOR.

"My friends are speaking about how well I am looking and I'm feeling a lot better, so Argotane is responsible for it all," said J. C. Johnson of 1908 Pierce Street, Amarillo, Texas. Mr. Johnson is the well known car inspector for the Sante Fe Railroad of this city having been with the railroad for twenty years.

"I suffered for about three years with stomach trouble and nervous indigestion," continued Mr. Johnson, "and at times it just seemed as if everything I ate would sour on my stomach and form gas and I would be in such misery that I could hardly stay on the job. At times I was so bilious and dizzy that when I was walking over the cars, I would get so dizzy when stepping across from one car to another. I would get down on my knees and reach hold of the running board so I would not topple over. I lost my appetite and was losing weight every day. I was troubled with asthma, and was so nervous I couldn't sleep well at all and sometimes I would roll and toss nearly all night long and would get up in the morning feeling perfectly miserable from loss of sleep and rest.

"Argotane had helped so many people here, that suffered from the same trouble I did, I decided to try it. I have only taken three bottles and sure feel entirely like a different person. My indigestion is a thing of the past, and I can eat anything I want without it bothering me in the least. The gas doesn't form and best of all, all my dizzy and bilious spells are gone. I rest and sleep fine every night and get up in the morning feeling rested and refreshed and ready for my day's work. My asthma doesn't trouble me in the least, and in fact, I am just in better condition, all round. I have gained weight, just how much I don't know, and look so much better all of my friends are remarking about how well I am looking and I feel so much better. I can hardly express words. I am more than glad to say a good word for Argotane and heartily recommend it to any one suffering as I was."

Genuine Argotane is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

Stephenville—"Empire" now consolidated with "Tribune."

Snyder—Improvements to building of First Church of Christ nearing completion.

Booker—Meetings to be held during February at High School to discuss poultry industry.

Junction—Hill Country Firemen's Association of West Texas now permanent organization.

Dalhart—Local High School.

made member of Association of College and Secondary Schools of Southern States.

Levelland—City to receive bids on proposed water and sewerage extension improvements.

Dalhart—Postal department authorizes Coldwater mail route from this city.

Flatonis—Tourist camp being built on O. S. T. Highway in eastern part of town.

Collett—Two carloads of cattle shipped to Kansas City on recent date by local cattle buyer.

Haskell—Perry Bros. purchased 5 variety stores in this section.

Another step towards making Highway No. 39 longest all-weather north and south highway in Texas was taken recently when State Highway Commission awarded contracts for 22 miles of concrete pavements from Anson to Abilene, at total cost of \$673,584.

Carrizo Springs—Missouri Pacific lines to inaugurate new express train to increase shipping facilities here.

Dallas—"Morning News" now set in Textype.

Perryton—Texas-Louisiana Power Company added 242 new light customers to local system during 1929, according to C. E. Whippo, district manager.

Grand Saline—White Swan Cafe opened.

Grand Saline—Reduced rates announced by Delta Air Service, which furnishes passenger and express service from Dallas to Shreveport and Birmingham by way of this city.

COTTONSEED MEN FAVOR REDUCING COTTON ACREAGE

COOPERATE WITH FARM BOARD RISKING SMALLER SEED TONNAGE.

Dallas, Texas, Feb. 17.—Reduction of the Texas cotton acreage for 1930 received the unanimous endorsement of the Texas Cottonseed Crushers Association executive body in session here this week.

The association, which represents one of the most important basic industries of the state, voiced its desire to coordinate its state wide activities with the program of the Federal Farm Board and other forward looking citizens, toward planting less acreage and growing better cotton in Texas.

The resolution endorsing the move by the Cottonseed Association caused much favorable comment by bankers, agricultural experts, merchants and business men generally, who pointed out that by encouraging less cotton planting in the interests of agriculture, the cottonseed crushers were deliberately inviting a possible loss in reduced seed tonnage delivered to their mills.

The association went on record also as supporting a statewide movement for a better breed of cottonseed and growing a staple which would be more profitable to the farmer.

The cottonseed industry represents the third greatest source of farm income in Texas according to T. J. Harrell, president of the Association.

"Since the time when cottonseed was a public nuisance, and the dumpers thereof fined for not disposing of it, until today when the cottonseed industry is valued in Texas alone at \$90,000,000.00 great steps have been made by scientists in the uses of cottonseed products. And all this has taken place within the memory of some of our older people," he said.

There are today approximately 150 articles in every day use that have cottonseed in some process of their manufacture.

"From silken clothes to dynamite and phonograph records, to feed for cattle and oil for cooking, cottonseed goes through the whole process of civilization," Mr. Harrell said. There are in Texas about 200 oil mills representing great numbers of families whose livelihood depends upon the mills.

In commenting upon the action taken by the Association, favoring fewer acres and better cotton, Mr. Harrell said:

"Unless the various state wide industries cooperate toward general prosperity of Texas, none of them can prosper and since producing the best possible cotton is one of the fundamentals of our prosperity, anything we can do to help this movement forward will react to the good of us all."

The association members gave their president, Mr. Harrell, a rising vote of thanks for his progressive and enterprising administration of their affairs.

THE SHOOTING AND THE TUMULT DIES

By substituting the word "shooting" for "shouting" we are able to make use of one of Kipling's classic lines which, like the shot that was fired at Bunker's Hill, has been heard around the world. The line thus worded describes the close of the hunting season. It's a great game,—this fight that is being made on wild life, especially when a number of poor shots concentrate in a small area and open their fusillade. In the language

of a certain ranchman: the battle raged all day and firing ceased at sundown.

Some uncertainty prevails as to whether or not the number of bucks taken was equal to that of the previous season. Moonlight nights early in the season enabled deer to feed at night and hide out in the day time, while later, the weather was severe enough to make timid hunters themselves hide out.

With snow on the ground in central and north Texas for nearly a week, and a temperature ten to fifteen degrees below freezing, much of the time, the winter has been severe on game and there are reports of quail losses. Food was buried in the snow and while they huddled together half starved they fell an easy prey to predatory animals. It is claimed by the Missouri Department of Game and Fish that more quail froze or starved in that state than were taken by hunters during the season of 1929, the number being estimated at 25 to 34 per cent. The department distributed nearly ten tons of grain for feeding of quail and turkeys and probably a similar amount was distributed by sportsmen organizations and farmers.

Such winters as the past are rare in Texas but a little feed, even in our normal winters would help feathered game over the hard places and put it in better shape for spring breeding.

HORNED FROG BAND AGAIN TO PLAY FAT STOCK SHOW

Fort Worth, Feb. 26.—Texas Christian University's 65-piece "Horned Frog Band" will again furnish the music for the annual Southwestern Exposition and Fat Stock Show, March 8 to 16.

The band's engagement was announced this week by Manager John B. Davis of the exposition. This will be the third consecutive year the T. C. U. Band has played for the show. Last year it furnished 45 pieces in the musical organization.

When the T. C. U. musicians make their appearance this year they will be dressed in new uniforms. They will give matinee and night concerts on the exposition grounds, in front of the Coliseum. They also will play special engagements during the exposition.

Thruconstruction — Construction started on hauling and grading four highways leading from this place.

COSTS LITTLE TO MODERNIZE HOME PROFITS ARE BIG

MANY A "HAUNTED HOUSE" IS MERELY A GOOD HOME THAT'S AILING.

By Wyatt Brummitt

There's nothing drearier than a house that hasn't been kept alive. Every community has its "haunted houses"—which is nothing in the world but a perfectly good house gone gaunt, unused and therefore mysterious. Its glassless windows stare gloomily at the world after dark, small boys whistle manfully as they pass it and rumors speak of strange sounds and uncanny goings on.

A little intelligent planning and the investment of a few dollars, judiciously spent, would revive that haunted house and make it a home again, full of comfort, cheer and usefulness.

The haunted house is an extreme case. There are many others which haven't lapsed so far. They've depreciated in value a little because they're architecturally out of date or because they don't afford the safety, convenience or comfort modern people have a right to demand. Such houses offer excellent opportunities to profit through modernization.

Portland cement stucco, textured and colored to fit the architecture and setting of the house, is one of the most effective modernization mediums. It can be applied directly to many types of masonry walls, with assurance that it will stay. Overcoating frame construction is a little more complicated; building paper and metal reinforcing are applied to the wall before the stucco is placed. But the results justify the work. No other material offers the individuality the weather-and-fire protection or the beauty of properly handled cement stucco.

Stucco, in modernization, should not be considered as a cover-all but as a means for bringing out the hitherto unsuspected architectural beauty of a home.

The roof must figure prominently in any program for modernization. A burnable roof is as out of date as the parlor what-not; it cannot justify itself in use. More than that, it is a hazard and an economic handicap. Modern construction tolerates neither. Hence modernizers use concrete roof-tile or asbestos-cement shingles. With them, they gain freedom from expensive roof maintenance and complete fire protection.

If, as is the present fashion, the garage is brought in from the alley and made a part of the house itself, it is essential that the new "annex" should be fireproof. Concrete masonry, stuccoed, is standard practice. A little study will be necessary to fit the garage into the house without destroying architectural values, but it is a study yielding large profits.

The secret of real modernization is not in mere surface prettification; it is a matter of fitness for modern life.

A CALL TO ARMS!

To the farmers of America: The fight is now on for real Farm Relief.

The question has been stripped of all camouflage, and the issue is now squarely before Congress, and the President.

The fate of American agriculture is now at stake, and may be determined within the next sixty days.

Within that time Congress, and the President, will decide whether we are to carry out the promise made by both major political parties in the last campaign to

put agriculture on equality with industry or whether we are to shut the door of hope in the farmer's face and leave him to endure indefinitely the economic disadvantages from which he is now suffering.

The Senate has performed a great duty.

It has written into the tariff bill the debenture amendment, which, if accepted by the House and the President, will come near placing agriculture on equality with industry than it has been for more than sixty years.

This debenture amendment would give agriculture the benefit of the tariff. It would raise the price of wheat 21 cents a bushel, that of corn 12 1-2 cents a bushel, and that of cotton 2 cents a pound, above the world price.

It is the only possible way to give the producers of those commodities the benefit of the tariff. It is the only way to make the tariff on them effective.

For instance, we have a tariff now of forty cents a bushel on wheat. If the tariff were effective, wheat would be 42 cents a bushel higher in this country than in Canada or Great Britain.

But the market reports show May wheat selling at 1.27 a bushel in Kansas City, 1.45 in Winnipeg, Canada, and 1.48 in Liverpool, England. Thus instead of wheat being 42 cents a bushel higher in the United States, as it would be if the tariff on it were effective, it is 18 cents a bushel lower in Kansas City than in Winnipeg, and 21 cents lower than in Liverpool.

And even at Minneapolis and Chicago, it was selling on the same day at 1.34 or 1.1 cents under Winnipeg, just across the line, and 12 cents under Liverpool. The tariff commission made a thorough investigation last year of the cost of raising wheat in this country and in Canada, and reported to the president that it costs 42 cents a bushel more to raise wheat in the United States than it does in Canada; hence the tariff on wheat was raised to 42 cents—on paper.

Now, if it costs 42 cents a bushel more to raise wheat in Kansas than it does in Canada, as the investigation showed it does, and wheat is 18 cents a bushel higher in Canada than it is in Kansas, then the Canadian farmer is making 60 cents a bushel more profit on his wheat than is the farmer in Kansas.

The farmer is not asking for a bounty. All he wants is justice—equality with industry under the tariff, so long as we have the present tariff law.

The debenture would make that tariff effective on agriculture and modernizers use concrete roof-tile or asbestos-cement shingles. With them, they gain freedom from expensive roof maintenance and complete fire protection.

The largest item in the 1930 improvement budget of the San Antonio Public Service Co. is \$900,000 for installing high pressure boilers and turbines at Station B on the Conception road. The Southwestern Bell has asked for bids on a \$2,500,000 administration building at San Antonio, the first unit of a 21-story structure. San Antonio is evidently continuing the rapid growth that put in second place in building expenditures in 1929.

CLARENDON MEN AT GROOM FATHER-SONS BANQUET

Rev. W. M. Murrell, Homer Mulkey and Tom F. Connally were the Clarendon representatives at the Groom Father and Sons feed held Thursday evening of last week. A report from this meeting states that a very enjoyable event was had, with a splendid attendance. Col. Erasmus Tack was present in person from Amarillo, as was Henry Ansley, the Agricultural Editor of the Amarillo Daily News-Globe. All the Clarendon visitors were given an opportunity to speak on this occasion and all report a most splendid event.

KONJOLA AGAIN TRIUMPHS OVER STUBBORN CASE

MY EXPERIENCE WITH NEW MEDICINE WAS AMAZING, SAYS FARMER, AGED 68.

MR. JOHN OELRICHS

"For years rheumatism in my legs and hips made it practically impossible for me to get about," said Mr. John Oelrichs, a farmer, residing on Route No. 2, Mora, near Sedalia. "The pains and swelling in my limbs and joints were frightful at times. My kidneys, too, were weak and I was subjected to frequent night risings. My nerves were shaky and my general health was gradually becoming undermined."

"I tried many medicines without avail until I heard of Konjola. My experience with this great medicine was amazing. My nerves improved from the very beginning and my kidneys soon began functioning properly. The pains and swelling from rheumatism grew less and less, finally disappearing altogether. Today I am free of all my ills, and although 68 years of age, get about with less trouble than many younger men."

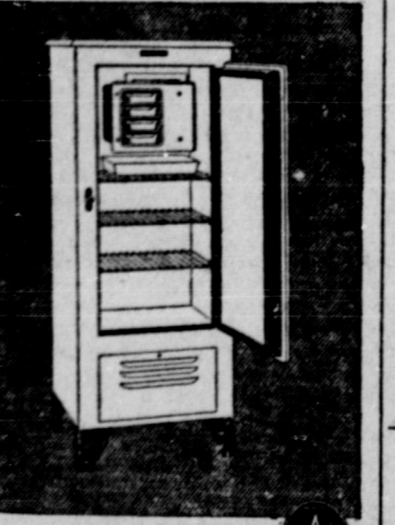

Konjola is sold in Clarendon at Douglas & Goldston Drug Co. and by all the best druggists in all towns throughout this entire section.

Texas farmers are going to do their part toward making 1930 a year of prosperous plenty, and in every section of the state are new activities and plans in diversification, intensive development and cultivation. Kerville has a new 18,000-egg electric incubator with chicks planned. Gainesville has organized a co-operative dairy marketing society. Nacogdoches farmers will plant 300 acres to tomatoes. Lufkin has 800,000 tomato plants in hot beds for planting

200 acres. Widespread interest is shown in better cotton seed. Bankers and merchants of Marshall have bought 13,000 bushels of seed, mostly certified breeds, for use in Harrison County. Van Zandt farmers increased their income by shipping cordwood. Edgewood alone shipped over a thousand carloads in 1929, mostly to West Texas.

Sensational Dance Band on "Florsheim Frolic" Over NBC Net-Work

On Tuesday, February 18th, The Florsheim Shoe Company, Chicago, inaugurated a new National Broadcasting feature, to be known as the "Florsheim Frolic," featuring for the first time on a chain hook-up, the famous Coon-Sanders Dance Orchestra.

This program will be heard every Tuesday night from the Chicago studios of the National Broadcasting Company at 8:30 p. m.

Eastern standard time and 7:30 p. m. central standard time. "Sen" Kane, well-known radio personality, will announce.

The Coon-Sanders organization will offer a sensational dance frolic with Joe Sanders at the piano, and Carleton Coon at the drums, and directing their own arrangements of the latest dance hits.

Sanders is the composer of such popular songs as "Beloved," "My Dear," "Martha," "Sittin' and Whittlin'," "What a Girl!," "Got a Great Big Date With a Little Bitty Girl," and "Take Me"; and on the initial "Florsheim Frolic" Tuesday, February 18th, will be heard Sanders' newest ballad success, "Sweetheart Trail," together with other new numbers of his own composition—"Destiny" and "We Love Us."

The Florsheim Shoe Company feels that in selecting this remarkable dance band, they are presenting a program which the greatest number of radio listeners will enjoy, offering the newest dance melodies, played with a fascinating individuality that will make this program distinctive on the air.

This program will be heard over

station WBAP, at 7:30 p. m. A separate broadcast of the "Florsheim Frolic" will be made from San Francisco for the Western States featuring Anson Weeks Dance Orchestra at 9:30 p. m. Pacific Time, 10:30 p. m. Mountain time.

VEGETABLE SHIPMENTS UP FOR JANUARY THIS YEAR

Austin, Texas, Feb. 26—January loadings of fruits and vegetables in Texas totaled 5,006 cars, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas. This compares with 3,008 cars in December and 5,517 cars in January 1929.

"There were 1,167 cars of mixed vegetables loaded, against 1,903 cars in January last year and shipments of spinach were reduced nearly 50 per cent to 924 cars," Mr. Nichols said. "A total of 1,113 cars of cabbage went out, a slight gain over the 1,068 cars in January 1929, and sweet potatoes numbered 178 cars, or a gain of 100 cars in the twelve months. Loadings of cauliflower, lettuce and potatoes were smaller. On the other hand, shipments of carrots increased.

"Prices hold about the same as they were in December, until about the middle of the month when the frost damage occurred. After that quotations advanced sharply and the trend has continued upward."

Jefferson — Economy Bakery changed hands.

NAYLOR

Mrs. W. M. Pickering visited with Mrs. Carl Naylor and Mrs. A. C. Arnold Sunday evening.

Mrs. A. O. Hefner spent the week-end in Clarendon guest of her sister, Mrs. Barton.

Mrs. Fanny Naylor and Miss Ava Naylor, also Mr. and Mrs. T. E. Naylor were called to Amarillo Friday to be with Mrs. Lewis Fields, who is quite ill. Mrs. Fields is Mrs. Naylor's daughter. They returned Sunday, and state that Mrs. Fields is much better.

Russell Barton of Clarendon,

was a week-end visitor in the home of A. O. Hefner.

T. L. Naylor visited with Mr. and Mrs. Richmond Bowlin Wednesday.

Miss Lon Naylor of Amarillo is this week visiting with home-folks, her mother, Mrs. Fanny Naylor and daughters.

On Saturday night the home of Mr. and Mrs. Carl Bain was the scene of much fun and frolic, as the doors were opened to the young folks of Naylor. All are glad when invited to this home and such parties are long to be remembered.

Mr. and Mrs. T. B. Downing and children, also Mr. and Mrs. Waldron Downing attended the meeting at Hedley several days and nights.

Mr. and Mrs. A. O. Hefner, also Mrs. W. M. Pickering visited with Mr. and Mrs. Richmond Bowlin Thursday evening.

Mr. and Mrs. John Naylor spent the week-end with relatives and friends at Amarillo.

Mrs. W. M. Pickering and daughter, Miss Lucille, visited with Mrs. Frank Erown at Clarendon Saturday afternoon.

Miss Fanny Naylor spent Sunday as guest of Miss Leatrice Scott.

Mr. and Mrs. Richmond Bowlin were dinner guests in the Buchanan home Sunday, it being Shelby Buchanan's birthday.

Leroy Tidrow spent Sunday with George Eanes.

Mr. and Mrs. John Chamberlain and son, Ben, spent Sunday afternoon with Mr. and Mrs. A. O. Hefner.

Dr. and Mrs. Sherman of Clarendon, visited Sunday afternoon with Mr. and Mrs. Richmond Bowlin.

Mr. and Mrs. A. E. Tidrow were called early Monday morning to Hedley, their Aunt, Mrs. Susan Barnett, had died, Mrs. Barnett was the mother of the late M. O. Barnett.

Mr. Seal of Hedley was out

Sunday afternoon to visit with Mr. and Mrs. Richmond Bowlin.

Mr. and Mrs. Bailey of Hedley, spent Sunday with Mr. and Mrs. Fred Moore. Mrs. Moore is their daughter.

Mr. and Mrs. Rhea Bowlin spent Sunday afternoon with Mr. and Mrs. J. R. Mace at Lelia Lake.

Miss Lucille Pickering and Edwin Eanes, Miss Zelma Scott and Glen Wood spent Sunday at Pampana.

Mr. J. R. Mace and Rev. Knox of Lelia Lake, spent Thursday afternoon with Mr. and Mrs. R. Bowlin.

Mrs. A. E. Tidrow and daughter, Miss Rachel, visited Sunday night with Mrs. A. O. Hefner.

Mr. and Mrs. Lige Mace of Hedley were out to see Mr. and Mrs. Rich Bowlin Wednesday night.

Canadian—Largest business in history of local post office realized during 1929, showing in crease of six per cent over 1928.

NOTICE OF ELECTION OF CITY COMMISSIONERS

State of Texas
County of Donley
City of Clarendon

Whereas on the 11th day of February, A. D. 1930, there was an order passed to hold an election the first Tuesday in April, A. D. 1930, for the purpose of electing two commissioners for the City of Clarendon, and said order provided that notice shall be given as provided by law.

Therefore, in accordance with said order and the statutes, and by virtue of the authority vested in me by the same, hereby give notice that on the 1st day of April, A. D. 1930, there will be held in the City of Clarendon at the City Hall, an election, whereat will be elected two commissioners for the City of Clarendon, said election to be conducted in accordance with the law relating to the election of said officers, and A. A. Mays is named Presiding Judge and M. C. Reed, Judge, and G. L. Boykin and C. L. Benson as Clerks of said election, and they will conduct the said election in accordance with law.

Therefore, witness my hand and the seal of the City of Clarendon, this, the 12th day of February, A. D. 1930.

H. W. TAYLOR,
City Mayor

Attest: Mae Shaver, City Secretary.

THREE IMPORTANT FACTORS ENTER INTO THE COST OF YOUR AUTOMOBILE

1. How much it costs to make the car
2. How much extra you pay the dealer
3. How much it costs for operation and up-keep

THE PURCHASE of an automobile involves a considerable amount of money and it should be carefully considered from all angles before a final decision is made.

The value of the car to you depends on the value built into it at the factory, how much extra you pay the dealer for distribution, selling, financing and accessories and what it will cost to operate and maintain the car after purchase. Each of these factors, as it relates to the Ford car, is frankly explained below.

Economy in production

THE FORD CAR is made economically because of the efficiency of Ford production methods. The money saved through this efficiency is put back into the car in improved quality of material and in greater care and accuracy in manufacturing. The constant effort is to eliminate waste and find ways to make each part better and better without increasing cost—frequently at lowered cost.

Because of Ford economies in large production and because the Ford organization operates on a low-profit margin, the price you pay for the car is much less than it would be under any other conditions. Yet it brings you many unusual features of construction and performance.

At least \$75 extra value is represented alone by the Triplex shatter-proof glass windshield, the Rustless Steel, the four Houdaille double-acting hydraulic shock absorbers, and the five steel-spoke wheels. The unusually large number of ball and

roller bearings and the extensive use of fine steel forgings instead of castings or stampings are additional features that reflect the high quality built into every part of the car. Throughout, it is a value far above the price you pay.

Low dealer charges

THE SAME PRINCIPLES of efficiency and economy that characterize the manufacture of the Ford car are applied also to distribution. Obviously it would do the public little good to save in production if these savings were sacrificed later in excessive costs of selling, financing and accessories.

The Ford dealer, therefore, operates on the same low-profit margin as the Ford Motor Company, his discount or commission being the lowest of any automobile dealer. He does a good business because he makes a small profit on many sales instead of a large profit on fewer sales.

NOTE THESE LOW PRICES

Roadster . . .	\$435
Phaeton . . .	\$440
Coupe . . .	\$500
Two-window Fordor Sedan . . .	\$500
Three-window Fordor Sedan . . .	\$530
Convertible Cabriolet	\$600
Town Sedan	\$625
	\$645
	\$670

(All prices f. o. b. Detroit)

The lower cost of selling, combined with the low charges for financing and accessories, means a direct saving of at least \$50 to \$75 to every purchaser of a Ford, in addition to the savings made possible by economies in manufacturing. The money you pay for a Ford goes into value in the car. It is not wasted in high dealer charges.

Low up-keep costs

IT IS IMPORTANT to remember that the cost of your automobile is not the first cost only, but the total cost after months and years of service. Here again there is a decided saving when you buy a Ford.

The cost of operation and up-keep is lower because of simplicity of design, the high quality of material, and the reduction of friction and wear through unusual accuracy in manufacturing and assembling. The reliability and longer life of the car contribute to its low depreciation per year of use.

The intelligent, painstaking service rendered by Ford dealers is under close factory supervision and is a factor in the low up-keep cost of the Ford. All labor is billed at a flat rate and replacement parts are always available at low prices through Ford dealers in every section of the United States.

In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost of the car.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria.

Fletcher's CASTORIA

Doubtless you are one of millions who have found prompt relief from that occasional headache in Bayer Aspirin.

ASPIRIN

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

ONE PRESCRIPTION MADE FAMILY DOCTOR FAMOUS

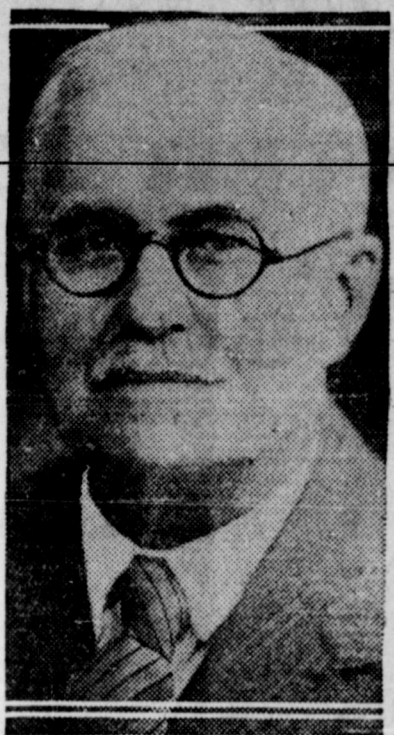

Seldom has any single act been of greater benefit to mankind than that of Dr. Caldwell in 1885, when he wrote the prescription which has carried his fame to the four corners of the earth.

Over and over, Dr. Caldwell wrote the prescription as he found men, women and children suffering from those common symptoms of constipation, such as coated tongue, bad breath, headaches, gas, nausea, biliousness, no energy, lack of appetite, and similar things.

Demand for this prescription grew so fast, because of the pleasant, quick way it relieved such symptoms of constipation, that by 1888 Dr. Caldwell was forced to have it put up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is always ready at any drugstore.

Says Sargon Brought Back His Health

JOHN C. SPENCER "For the past year I have been in wretched health. Three bottles of Sargon put me in wonderful condition. My appetite is splendid now and my digestion is sound. I have gained ten pounds and my

ITEMS OF INTEREST IN DONLEY

GILES ASHTOLA

The sand storm season is with us again and from all indications it bids fair to be a real good one. Mrs. Jeff Stotts and little son are visiting relatives in Amarillo this week. Miss Maurine Hoggard spent the past week end in Ft. Worth. Mrs. A. E. Ranson and Mrs. Robert Stotts were Newlin visitors Sunday afternoon. John Nash spent Monday in our city. Mr. and Mrs. W. C. Johnson and son, Craig, motored to Ft. Worth Friday, returning Sunday afternoon. Mr. and Mrs. John Ode of Amarillo, spent the past week-end here with Mrs. Odes' mother, Mrs. L. B. Stotts. Mr. and Mrs. E. H. Watt and daughter, Mrs. E. M. Glass attended the school rally at Hedley Monday. They reported a very interesting day. Jeff Stotts was a Clarendon visitor Monday. Mrs. Mabel Jones and son, Ivan, spent Saturday and Sunday in Hedley visiting relatives. Mr. and Mrs. Truman Mosley stopped in Giles one day last week for a short visit with relatives. They were enroute from some point in East Texas to their home in New Mexico. Mr. and Mrs. Lyle Beckwith were recent guests in the E. H. Watt home. J. S. Stotts was up from Childress Sunday visiting relatives. Z. A. Cox had a good milk cow to die one day this week. Buck Elder of Carey, and Heck Cope of Vernon, were Giles visitors Sunday. Miss Grace Montgomery of near Memphis spent several days here last week guest of Miss Cordie Stotts. Mr. and Mrs. A. G. Huffmaster and little daughter, Berta Louise, visited W. R. Huffmaster and family at Estelline Sunday. Mrs. T. C. Johnson left Tuesday morning for Fort Worth to visit her daughter, Mrs. Herbert Blackman. Mr. and Mrs. Charlie Jones of McLean, were here Sunday visiting Mrs. Jones' sister, Mrs. Luther Johnson. Elmer Hays and family of Clarendon, spent Sunday here visiting in the T. C. Johnson home. Arthur Ranson is going to try power farming on his farm this year, having purchased a Farm-All, recently from a Memphis dealer. Mesdames E. H. Watt, E. M. Glass, J. A. Lemmon, all of this place, attended a meeting of the club council at Clarendon Saturday afternoon. Mrs. Calvert Huffmaster and little son, John Albert, spent Sunday in Hedley with Mrs. Huffmaster's mother, Mrs. Lamberson. Mr. and Mrs. Haskell Gullage and baby of Wichita Falls, were guests in the E. H. Watt home one night last week. Mr. and Mrs. W. N. Bain entertained the young folks with a party Saturday night. All who attended reported a most enjoyable time. Mr. and Mrs. Odell Cope were up from Memphis Sunday visiting relatives. Bill Johnson made a business trip to Amarillo one day the past week. J. S. Young of the Smith community, visited friends in our city Sunday. J. B. Evans and daughter, Mrs. Roy Kelley, returned home Sunday after a two weeks visit with relatives at Claude and Amarillo. Mrs. Chas. Shields and little son of Quail, spent last week ere with her mother, Mrs. A. G. Huffmaster. Little Harrison Cope of Memphis, spent several days here last week with his grandparents, Mr. and Mrs. J. A. Lawrence.

Estelline, died and was buried there Tuesday. Grandpa has been in bad health and death came as a relief to his suffering. He was a great Christian character and has left an example which will live on long after he is gone. We extend sympathy to the bereaved family. The Ashtola Home Demonstration Club met with Mrs. D. F. Randell Wednesday of last week. The ladies surprised Mrs. Randell by going in the morning instead of the afternoon, when she was expecting them. Each carried a dish and had a most delicious dinner. The morning was spent in a social way, while the afternoon was devoted to business. Miss Thompson was there and gave a demonstration on pruning grape vines by pruning some and showing just how it was done. The club will meet with Mrs. R. H. Roberts the first Wednesday in March. Miss Thompson has discontinued the girls club at this place. Mr. and Mrs. Ben Lovell and children visited Mr. and Mrs. Edd Lovell in the Reed home Sunday. Mrs. Edd Lovell is recovering from an operation for appendicitis. The Ashtola school sponsored by the P. T. A. are going to have a rally or parent's day Friday, which is going to be an all day affair with dinner on the ground. The school will render a short program and there will be good speakers there including a man from the State Department of Education with speakers and music from Clarendon. Friday night the high school pupils will put on a play, "Mother Mine" for the benefit of the school. It is hoped that especially the parents all come out and get acquainted and spend a pleasant as well as a profitable day. It's free to all except the play, which will charge a small admission. So come that day, bring your dinner and make it a success. Mrs. Ruby White and son spent several days last week with her mother, Mrs. J. B. Deaton near Claude, while her father was attending to business in Oklahoma. We are sorry to report the little Henson baby still seriously ill at this writing. A. L. Allen and family were Claude visitors Sunday. WINDY VALLEY There was Sunday School Sunday morning, after which Brother Treadwell preached. Miss Lora Skinner spent Saturday night with Miss Veta Mae Morgan. There was a large crowd out to the Baptist Church Saturday night to hear Bro. Treadwell preach. Mrs. Hal Christie spent the week-end visiting her parents in Amarillo. Miss Oneta Thompson spent Saturday night and Sunday with Miss Mattie Fletcher. Mr. and Mrs. W. B. Morgan and family, Mr. and Mrs. Lyons and daughter, Nettie, Mrs. Betty Black and daughter, and Miss Lora Skinner spent Sunday visiting Mr. and Mrs. Tom Morgan. Mr. and Mrs. Gilbert Tims and daughter from Chamberlain, visited the lady's parents, Mr. and Mrs. J. S. Harlin and family, Sunday. Mr. Eugene Fletcher spent Saturday night with Mr. Willie Gray Tims. Opal and Roy Mount visited Oby Paulk Sunday. Miss Eva Paulk spent Saturday night with Mrs. Mount. Mr. Loyd Gray and sister from Hedley spent Thursday afternoon in the W. B. Morgan home. Mrs. Russell and daughter, Robbie Lee, called on Mrs. B. F. Fletcher Friday evening. Miss Pearl Christie called on Mrs. Hal Christie Thursday afternoon. Mr. and Mrs. John Fletcher from Chamberlain called on Mr. and Mrs. B. F. Fletcher and family Friday evening. Mrs. Hal Christie called on Mrs. Russell Wednesday afternoon. Miss Lucille Ham spent Thursday night with Miss Elsie Josey. Dick Nobis and N. C. Stogner took dinner in the B. F. Fletcher home Thursday. Bud Fletcher spent Wednesday night with N. C. Stogner. Grandpa Stogner called in the Lyons home Saturday night until church time. Mrs. B. F. Fletcher and daughter, Mattie and Mr. and Mrs. Hilburn called in the I. M. Noble home. Mr. J. R. Hilman made a business trip to Claude Monday. Miss Virgie Skinner visited Miss Connie Perdue Sunday. Miss Inez Skinner spent from Wednesday until Friday with Mrs. I. M. Noble. Grandpa Stogner visited in the Perdue home Sunday. Misses Jewel Morgan, Virgie Skinner, Veta Mae Morgan and Lora Skinner were out horse back riding Saturday afternoon. Mrs. Hal Christie called on Mrs. B. F. Fletcher Friday evening. Mr. and Mrs. Hal Christie, Miss Pearl Christie and Mrs. B. F. Fletcher called on Mrs. Emmett Christie Friday night until bed time. Mrs. E. Christie was in the hospital at Clarendon at that time. Mrs. B. F. Fletcher and daughter, Mattie, called on Mr. and Mrs. Lee Uesry, Tuesday evening. Mr. and Mrs. I. M. Noble and son, Theo, were in Clarendon Friday. The friends of Mr. Lee Uesry will be sorry to know he underwent an operation Saturday morning for appendicitis. The last reports he was resting well. We hope he will soon be able to be among us again. Mrs. Lizzie Gargis and daughter, Elizabeth, and Mrs. Betty Burke spent Sunday in the Olen Uesry home at Lela Lake. Mr. and Mrs. Clyde Fletcher and daughter, Areba Jean, spent Sunday visiting Mr. and Mrs. B. F. Fletcher and family. Donnie Jacobs from Hudgins, visited with Ben Henry Fletcher Sunday afternoon. Those calling in the W. B. Morgan home Sunday evening were: Lora Skinner, Nettie Lyons, Virginia McGowan, Myrtle Cole, Eugene Fletcher, Willie Gray Tims, and Percy Lee Tims. Mr. and Mrs. Van Roy and family spent Sunday visiting the lady's parents, Mr. and Mrs. Perdue. Billy Ham spent Sunday with J. Q. Russell. Mrs. V. O. Morris and son, Virgil, attended church at Lelia Lake Sunday morning. We are sorry to report Mascoe Cole as being on the sick list this week. We hope he will soon be able to be back in school. N. C. Stogner called on Bud Fletcher Sunday morning. Several from here attended Sunday School at Hudgins Sunday morning. Mrs. Sue and Mrs. John Heathington called in the B. F. Fletcher home Wednesday afternoon. Mr. J. W. Skinner is building a new house this week. Farril Floyd and Ray Lowry from Lelia Lake, attended church here Saturday night. Miss Elsie Josey called on Miss Lucille Ham Thursday evening. Mrs. Lyons called on Mrs. W. B. Morgan Friday evening and helped her quilt. Miss Willie Vick Cathy from Hedley spent Saturday night with Miss Callie Mann. Mrs. Christie and daughter, Pearl, and Mrs. B. F. Fletcher and daughter, Mattie, called in the Mann home Monday afternoon. Mrs. Russell and daughter Robbie Lee, called on Mrs. Hal C. Christie Monday evening. Misses Mary and Helen Slater from Clarendon attended church here Saturday night. Several from Lelia Lake attended church here Sunday night. Mrs. Lizzie Gargis and daughter, Elizabeth, and Mrs. Betty Burke, visited until bed time in the Olen Uesry home Monday night. Grandpa Stogner called in the Christie home Sunday afternoon. Eugene Fletcher, Myrtle Cole and Percy Lee Tims called on Miss Virginia McGowan Sunday afternoon. Mr. and Mrs. Alvis McGowan from Lelia Lake, spent until bed time with his parents, Mr. and Mrs. Tom McGowan, Sunday night. The Baptist church every Sunday morning at ten o'clock. Everyone is invited to come out and make this a bigger and better Sunday School. The members of the Baptist church called their pastor Sunday night. They called Bro. Treadwell from Memphis. He will preach every second and fourth Sundays in the month. Mr. and Mrs. Jim Josey called in the Mann home Monday afternoon. Mr. Jim Heathington called in the Fletcher home Sunday evening. Mr. and Mrs. Jim Josey called

Fletcher and family, near Clarendon. Misses Virgie and Lora Skinner visited Misses Jewel and Veta Mae Morgan Saturday and Sunday. Miss Eula Allen spent the week-end with homefolks near Sunnyview. Mr. Willie Gray Tms and Mr. Eugene Fletcher called on Mrs. Mack Sims Saturday. READ THE WANT ADS.

Camp Fire Girls Reduce Age Of Admission From 11 to 10

New York.—The Camp Fire Girls, a national organization of over 210,000 members, announced today through its president, Miss Florence Hughes, that the age of admission to the organization has been reduced from 11 to 10 years. This will make eligible to Camp Fire Girls many members of the Blue Birds, its junior organization.

"Reduction of the age of admission from 11 to 10 years has been made by the Camp Fire Girls because the average 10-year-old girl of today is actually more developed, mentally, than the 11-year-old of only a few years ago," said Miss Hughes. "The growth and popularity of the junior high school idea is strong evidence of the shift downward in the age of adolescence. Of course, fundamentally, the change is probably the result of the intensity of modern mental and physical training."

Miss Florence Hughes, President of the Camp Fire Girls, welcomes Marjorie Shore of Staten Island, N. Y., the first ten-year-old to be admitted to the organization.

"There has been no element of forcing behind this change. I come primarily because of the nationwide demand of the ten-year-old girls in the Blue Birds, our junior group, for the more highly individual activities which the older Camp Fire Girls have enjoyed.

The fundamental purpose of the Camp Fire Girls is to develop a creative individualism combined with the highest standards of moral, mental and physical health. "In accord with this principle, the girl admitted to Camp Fire first chooses a name and symbol expressive of her ideals and ambitions. Artistically, the Camp Fire Girl is encouraged to be more and more herself. The strong and beautiful symbolism of the various Indian tribes offers an unexcelled medium for this purpose. It is so simple that it may be used with ease by the girl of ten, yet it permits of combinations and complex

lines of design numerous and beautiful enough to satisfy a mature artist of genius.

"In more practical work the young Camp Fire Girl is taught to assume responsibility, however heavy, immediately and without flinching. Thus, some years ago, when a Western village was inundated by floods, the Camp Fire Girls from surrounding towns marched at once to the scene and organized and took charge of the relief work.

"The reduction in the age of admission is supported, generally, by psychologists and psychiatrists throughout the country."

JUDGES NAMED FOR ELECTIONS

PLACES OF HOLDING ELECTION ALSO NAMED IN COURT ORDER.

The Commissioners' Court of Donley County named the judges who will preside at the Primary Elections for all of Donley County with the exception of those to work in Precinct two. The judges for voting precinct 2 and precinct 18 will be named at a later date, the naming of the men for precinct 18 being the first allocated for that position since this is a new voting division for the county. At the same time, the place for holding the election was set. The list as completed is as follows:

- No. 1 Goldston: G. R. Grant, Presiding Judge, Dick Eichelberger, Judge. Election to be held at the Goldston School house.
- No. 7 Jericho: Berry James, Presiding Judge, J. E. Hunt, Judge. Election to be held at the Jericho school house.
- No. 11 Martin: T. R. Adkins, Presiding Judge, P. O. Wood, Judge. Election to be held at the Martin school house.
- No. 12 Wilson: Pat Longan, Presiding Judge, J. H. Goldston, Judge. Election to be held at the Pleasant Valley school house.
- No. 16 Ashtola: J. A. Johnson, Presiding Judge, H. W. Lovell, Judge. Election to be held at the Ashtola school house.
- No. 3 Lelia Lake: A. B. Bynum, Presiding Judge, E. L. Kennedy, Judge. Election to be held at the Lelia Lake school house.
- No. 4 Giles: Arthur Ranson, Presiding Judge, June Stotts, Judge. Election to be held at the Giles school house.
- No. 5 Hedley: O. C. Cooper, Presiding Judge, L. A. Stroud, L. A. Dunn and Hobart Moffitt, Judges. Election to be held at the Hedley school house.
- No. 10 Bray: L. M. Spier, Presiding Judge, R. L. Duckworth, Judge. Election to be held at the Bray school house.
- No. 14 Smith: C. A. Crow, Presiding Judge, B. F. Jackson, Judge. Election to be held at the Smith school house.
- No. 15 McKnight: J. C. Hickerson, Presiding Judge, Tom Tate, Judge. Election to be held at the McKnight school house.
- No. 17 Naylor: W. J. Carnes, Presiding Judge, Tom Naylor, Judge. Election to be held at the T. N. Naylor home.
- No. 6 Rower: T. L. Naylor, Presiding Judge, A. O. Hefner, Judge. Election to be held at the Hackberry school house.
- No. 8 Whitefish: D. W. Turner, Presiding Judge, Gordon Thomas, Judge. Election to be held at the Whitefish school house.
- No. 9 Watkins-Oiler: Homer Lee, Presiding Judge, Dan Robinson, Judge. Election to be held at the J. L. Hawkins home.
- No. 13 Skillet: R. S. Thompson, Presiding Judge, W. T. Burr, Judge. Election to be held at the Skillet school house.

The News offers the suggestion that the readers cut this list out and put it away for future reference. It may come in handy along about the time the elections are being held.

CLARENDON CLUB MEMBERS APPEAR ON CLUB PROGRAM

The initial draft of the program for the meeting of the Seventh District Federation was received by the News the fore part of this week. The Federation is to meet in Pampa April 24th, 25th and 26th and already plans are well under way to assure a splendid meeting. Mrs. James Trent of this city is listed as one of the appointed directors of the organization. In the Division of Physical Education with Mrs. J. C. Thomas of Childress as chairman, Mrs. W. M. Gray is named as head of the Division of Adult Education. Mrs. Joe Goldston has the leadership of the Committee on Painting and Sculpture in schools, this coming under the direction of Mrs. C. E. Palmer of 806 Palo Duro Street, Amarillo, chairman of the Division of Art. Mrs. James Trent is also chairman of the Policy committee, one of the standing committees.

Miss Carrie Davis spent the past week-end at Quitaque and Turkey with friends and relatives.

Mmes. C. R. Skinner, J. A. Meadows, Glen Williams and Miss Katie Meadows spent Wednesday in Amarillo.

LIONS HEAR OF ROAD PROGRESS

ENJOY PECANS FROM WOLFE NURSERY AS PROMISED BY SHIPPER OF TREES.

A great many and diversified items took the attention of the Lions in their luncheon Tuesday of this week. Organization was completed for the attendance contest that is to begin next Tuesday, one change being effected in the captains of the four teams. These heads are: Lions Rayburn Smith, A. A. Mayes, Ira C. Merchant and Carl Allmond. These are grouped to make two sides, with the winning side to be given a considerable prize by the losers.

During the greater part of the meal the Lions were entertained by Gus B. Stephenson playing a saxophone and Miss Fray Stallings at the piano.

Announcement of the receipt of the first shipment of fifty trees by the American Legion was made with Lion Mulkey stating that the holes were already being dug and that room for as many more would be provided if no other place was found to put them. Lion Douglas called a meeting of the Texas exes in the lobby after the luncheon and a meeting of the directors in the dining room at the same time.

Lion Connolly, made the observation that some error had been made in placing the "Quiet" sign asked for the hospital some weeks past, it having evidently been placed somewhere near his office.

Introduction of guests for the day included Lions Appling from Childress and H. L. Lewis from Pampa, Messrs. C. A. Clark and W. H. Babson were other guests at the luncheon.

Following a few words from the guests Lion Caraway stated that the road survey had progressed as far as the center of Kearney Street at the bank corner and that the work had been temporarily stopped along further surveying lines until the office work could be completed on the eastern end of the road and active work begin.

This was followed by a discussion of the road by Lion Chase, who stated that some fifteen curves had been ironed out of the road between Clarendon and Memphis by this new survey, cutting the distance between the two towns by about five or six miles. No curves are found on the road that are less than on a thousand foot radius and many of them are so slight that the speed of the car need not be slackened to make the turns.

The Lions attention was called to the presence of the pecans at their plates when they came in to the room and from the noises made, it was quite evident that they were greatly enjoyed.

Adjournment as usual.

CLARENDON BANKERS IN FORT WORTH FOR MEET

Clarendon banks were well represented at the meeting of the Seventh District Bankers meeting held last Saturday at Fort Worth. This division of the Texas Bankers Association always meets on February 22nd and often has more men in attendance than are seen at the sessions of the State Association. Holman Kennedy, Cashier of the Donley County State Bank presided at the sessions of the body as chairman for the past year. Other bankers who were present from Clarendon are: W. H. Patrick of the First National Bank; J. D. Swift of the Farmers State Bank and F. E. Chamberlain and Kelly Chamberlain of the Donley County State Bank.

FRED E. LYNN IS BURIED HERE FRIDAY AFTERNOON

Burial services were held last Friday afternoon at the Citizens Cemetery of this city for Fred E. Lynn, former resident of the city. Rev. S. E. Allison, pastor of the First Methodist Church read the final rites. A service was also held at Pampa with Rev. Tom W. Braham officiating.

Fred Lynn was born at Nebo, Oklahoma, on March 5th, 1896 to Mr. and Mrs. F. M. Lynn. Some twelve years past he came to Clarendon and made his home here until three years ago, when he moved to Pampa. The home has been in Pampa since that time and death called to him in that city following an illness of little more than a week. He died February 20th, 1930, being 33 years, 11 months and 15 days of age at the time of his death.

Aside from his wife, Mrs. Fred E. Lynn, he leaves a son, Phillip; his mother and father, Mr. and Mrs. F. M. Lynn of this city; five brothers, Earl, Walter, Muri, Almas and Haskell, all of this city and a sister, Mrs. Walker of Amarillo. All these were present for the last rites. An honor guard from the American Legion Post at Pampa was sent to this city acting in the capacity of pall bearers at the Pampa and Clarendon ceremonies.

Mr. Lynn was always a popular worker wherever he was to be found, leaving a host of friends to join his family in mourning his passing.

PAYMENT RECEIVED BY SCHOOLS LAST WEEK

The News is in receipt of a letter from S. M. N. Marrs, State Superintendent, who states that a check was mailed out on February 14th for an amount of \$2.00 per capita on each scholastic. Further statement is made that the total paid to this date is seven dollars, leaving a balance of ten dollars unpaid to this date. The final payments will probably not be paid until the latter part of August, but substantial payments have been promised for both April and May. Payments on the Rural Aid money will be made in the very near future, the recent alteration having been settled with satisfaction to everyone concerned.

FLOOD WATER WORK IS POSSIBLE SOON

Messrs. Steiner and Mode, officials of the Fort Worth and Denver City Railway Company, were in Clarendon last week for a conference with the city officials. These men submitted plans for the improvement of the flood water situation here. The ditch has been considered to within one block of the right-of-way and it is the hope of the city that they may get plans completed that will make it possible for the work to be carried to the railroad or beyond and thus lessen the danger from floods as happened here last year. The situation is much improved over past seasons, and it is thought that the plans as submitted by the railroad will be accepted and the matter further relieved. No action was taken on the matter at the meeting last week.

PATRICK RETURNS FROM FLYING SQUADRON TRIP

W. H. Patrick returned the fore part of this week from a trip through the Southwestern section of the state with members of the Board of Directors of the Federal Reserve Bank known as "The Flying Squadron." The trip was quite successful, accomplishing its purpose in assuring the bankers of that section of the state of the support of the parent organization should any of them need the assistance.

RAIN IS WELCOME TO FARMERS IN THIS SECTION

As the News is on the press, a rain continues to fall which started this morning shortly after six o'clock and which has fallen with varying degrees of regularity since that time. The fall is promising to be of utmost benefit to the farmers, particularly those who had a part of their acreage in wheat. It will also alleviate for a short time the danger from blown sand and will allow the producers to get in their fields for active work just as soon as the weather clears away.

Mr. and Mrs. Andrew Jay made a motor trip to Amarillo Monday of this week.

F. J. Downey was in Amarillo Tuesday of this week attending to business matters.

F. W. Rathjen and Andrew Jay made a business and pleasure trip to Shamrock Sunday, reporting the roads to be passable but very rough due to the high winds of the past few days.

L. B. Kercheville of Adel, Oregon, is here for a visit in the home of friends and relatives in Clarendon and other points in the Panhandle section of the state. Mr. Kercheville states that he plans to remain here until the latter part of March, when the snow will be gone from the hills and the grass comes out again.

Mr. and Mrs. A. Combest and daughter and Mr. and Mrs. Penn Johnson returned the fore part of this week from a visit with friends and relatives at Sherman. They took Mr. W. P. Hill home with them to Sherman, where he will visit for some time with his sons at that city.

Concentrating on WILSON BROTHERS Haberdashery

We Serve Ourselves Best By Serving You First—and Best

We'd as well be frank. We're in business to make money. But we've found the best way to do that is to work for our customers first. See that they get full value, correct style, sound quality, honest service. That makes friends, and when a store makes friends it can't help growing. This

The Store That Friends Build.

March 2, 1930.

Subject: Growing through study.

Devotional period.

Scripture reading—2 Tim. 2: 1-15.

Introduction—Mrs. G. H. McCleskey.

The course of study offered in the Quarterly—Mabel Mongole.

The course of study offered in the Daily Bible Readers course—Mrs. H. L. Guynes.

The textbook courses of study—Miss Vada Waldron.

Student activities in this school of training—Harold Phelps.

Jobs for students and gradu-

EARLY HENS FOR HIGH PRICED EGGS

URGE TO BUY EARLY CHICKS THAT QUICK LAYING MAY BE HAD.

A hen in the laying house is worth a dozen in the barnyard in September and October, when egg prices start to soar. Farmers seeking to obtain the utmost profit from their poultry flocks should make an effort to have their pullets ready to lay by the middle of December, thereby getting the full advantage of fall and winter egg prices, market experts point out.

Early-hatched chicks offer the solution to the problem. Chicks hatched before May 1 should be ready to start laying during September, if the stock is good and proper care is given the growing pullets.

Many farmers, seeking to effect economies in the first cost of chicks, often put off purchasing until late in the season. This is merely a case of false economy, since late-hatched chicks are late in coming into production, and are not laying during the period when eggs are at their highest. The early-hatched chick returns many times the net profit of the late hatched chick, in the normal course of events.

In response to this tendency to obtain chicks early in the year, hatcheries usually are ready to deliver by March 1, and some even earlier. Chicks hatched at this period of the year are husky and strong and capable of quick growth, provided proper treatment is given them. Leading hatcheries of the country, who operate under the slogan, "Hatchery Chicks for Greater Profits," to provide good quality chicks, are advising their customers to obtain early chicks in order to reap the advantage of the high egg market.

Pullets ready for the laying house in early September more than pay for their original cost in the first few weeks. Figures compiled by agricultural experimental stations indicate that the profits from early hatched chicks are from three to five times as great as from late-hatched chicks, under normal circumstances.

Representatives of the various Baptist Churches of Donley and Hall Counties met at Memphis Friday night in a Budget Rally. Rev. B. N. Shepherd, Mr. Sam Lowe and Mr. R. W. Moore went from Clarendon. The various reports and discussions strengthened the belief that the Budget, with the Sunday School as the enlistment agency, is the most effective method of financing the Lord's work.

Thursday, February 20th, the Chamberlain Home Demonstration Club met with Mrs. Ted Gray with seven members present and two visitors. A very delightful evening was spent. Mrs. Paulk and Miss Mammie Dingler gave an interesting talk on home orchard and pruning. Mrs. Roy Beverly gave a demonstration on foot stool making. The next meeting will be held with Miss Mammie Dingler, March 6th, which will be an all day meeting. Each member is requested to be present.

ates—Mr. Joe Goldston.
Musical reading—Mrs. Joe Gold-
