

C. of C. Meeting Great Success Tuesday

City-County Tax Payments Coming To Swift Close

CITY PER CENT IS INCREASING DAILY

POLL TAXES AND OTHERS BEING PAID RAPIDLY IN CITY DEPARTMENTS.

The past week has seen the totals of taxes paid into the offices of the City of Clarendon increase from a very small percentage to one that almost sets a new record for the amounts paid in at this time of the year.

Delinquent taxes for this year are estimated to be less than \$3,000, whereas they amounted to more than \$5,000 at the close of the tax paying season for 1929.

Poll Tax receipts issued for the City will be found to amount to 201. This number is well in line with the number that has been issued in years past.

HOMER PARSONS BACK FROM CLEANERS MEET

Homer Parsons of Parsons Brothers, cleaners, returned Sunday from Fort Worth and Dallas, where he attended the national convention of cleaners and dyers at the latter city last week.

EVANGELISTIC SERVICES AT PRESBYTERIAN CHURCH

The Presbyterian Evangelistic meetings will begin Sunday. The local church is joining with all other Presbyterian Churches of the state in emphasizing personal evangelism.

Rev. B. N. Shepherd, pastor of the First Baptist Church of Clarendon attended a workers meeting and budgeting council of his church at Pampa Tuesday of this week.

REV. B. N. SHEPHERD Pastor Baptist Church

COUNTY PAYMENTS SLOW IN NEW YEAR

PREDICTION MADE THAT THREE-FOURTHS WILL SEE LIMIT PAID.

Tax-Collector Mosley stated this morning that he predicted four-fifths of the 1929 taxes to be delinquent. This statement was made after it was learned that payments for the last week had been unusually slow.

Monday of this week, payments were received in approximate amount of \$15,000. Tuesday this amount climbed to \$18,000 and on Wednesday the totals fell off a little to reach a total of \$11,000.

Poll taxes will probably be found to be the best paid of any portion of the taxes of the county. In the three large settlements of the county, those of Hedley, Lelia Lake and Clarendon, it will be found that a total of a few more than 1,500 polls have been paid.

Lion and Mouse Tomorrow Night

Your first chance to see the "Lion and the Mouse" presented by the Little Theatre of Clarendon will convince you that such an organization as strives to cultivate good taste, clearer expression and dramatic ability is a decided asset.

The play itself will be nothing short of the best in the country today. The characters—well they are under the direction of Mrs. Frank Stocking. They knew nothing when they started about acting.

The leading roles—Mrs. Elba Ballew is one of them, what more do you want for your money? Kelly Chamberlain will be there as an English—something and so will Miss Loraine Patrick who is for her. Come out and see for yourself—there are many others in the play all playing more or less major or minor roles.

SUBSCRIPTION RENEWALS GAIN AFTER COLD SPELL

Renewals to the Clarendon News were somewhat halted by the extremely cold weather that has prevailed during the first part of this month. This condition was remedied to a considerable extent the latter part of last week when the weather moderated and allowed the folk to again to come to town.

Many Licenses Remain Unpaid

Reports received from the office of the Sheriff and Tax Collector this morning indicate that there are a great many automobiles of all kinds in Donley County that have not had their registration fees paid for the current year.

The office of the Tax-Collector will be held open until a late hour tonight and on the night of January 31, giving those who are slow an opportunity to meet these payments without being delinquent.

BAPTIST REVIVAL OPENS WEDNESDAY

REV. SHEPHERD TO PREACH. LEE STULCE WILL LEAD SONG SERVICES.

Final plans for the beginning of the spring series of Revival services have been worked out this week. Announcement of the services was made some time past and committees have been at work on the outlines of plans for the culmination of the work.

Lee Stulce, well known in this city for his ability as a song leader, has been secured to lead this portion of the work. In addition to this, he is well qualified to do personal work and will also sing a number of special songs during the services.

The public is cordially extended an invitation to attend and take part in any or all of the services during the revival.

Friends of Rev. J. H. Braswell will be glad to learn that he and Mrs. Braswell are now at home in Clarendon. They returned here last Saturday afternoon with their son, and will spend the remainder of the winter here.

BROUN NAMED COUNTY AGENT

TO MOVE HERE IMMEDIATELY AND START OPERATIONS.

The Commissioners' Court of Donley County met the fore part of this week and officially put their stamp of approval on the appointment of T. R. Broun as County Agent for Donley County.

Mr. Broun announced his plans to move to the city in the very immediate future and that he would start work at once on the outline of plans for work in the county. Office space has been allotted him in the court house and a full announcement of office hours will be given in the very immediate future.

T. R. Broun of Wheeler, prospective County Agent for Donley County, was a visitor here Saturday of last week, getting acquainted with the folk which he may work with at a later date.

County Buys New Grader Machinery

At a meeting of the commissioners court Wednesday, an order was passed for the purchase of new road grading machinery consisting of a Bates-30 tractor and a twelve-foot grader.

The new machinery will be used auxiliary with the present equipment of the precincts of the county and will cost approximately \$3786 according to Judge Alexander.

Mr. and Mrs. W. H. Martin left Monday for San Antonio, where they will spend the remainder of the winter.

Mrs. F. H. Britain left last Thursday noon for her home in Hereford after a visit of some ten days here in the home of her daughter, Mrs. D. O. Stallings.

Christian Church To Have Services

A short series of services is announced for the First Christian Church of this city with Rev. W. H. Marler in charge of the preaching hour. The services started with the evening hour of Wednesday and will continue through Sunday evening.

Thursday evening: "The Way of Escape." Friday evening: "Why the Manna Did Stink." A story of the Children of Israel with an application to modern life.

Sunday morning: "The Church at Work." Sunday evening: "The Good Samaritan."

SECRETARIES TO HELP IN SURVEY

PANHANDLE ORGANIZATION PLEDGES ASSISTANCE IN CALLED MEETING.

A meeting of the Panhandle Commercial Secretaries Association was called to be held here Tuesday afternoon of this week immediately preceding the Annual Chamber of Commerce banquet.

The first matter of importance to be discussed was the feasibility of asking the state for an orphanage to be placed in the Panhandle section of the state to care for children who were unfortunate enough to be left alone.

O. V. Vernon, Manager of the Board of City Development of Amarillo, has been recently appointed to secure the survey of the Panhandle district of the West Texas Chamber of Commerce and asked the co-operation of the secretaries present in securing the needed information. On due vote,

LOCAL PAINTER KILLED FRIDAY

FUNERAL SERVICES TO BE HELD SUNDAY AFTERNOON.

The last rites for the mortal remains of H. M. Christianson will be held under the auspices of the Aubyn E. Clark Post of the American Legion. Following a search instituted by the local Post of the American Legion, plans have been made to bury the deceased member here and continue the investigation until everyone is satisfied that there are no near relatives who would prefer that burial be had elsewhere than in Clarendon.

H. M. Christianson, or "Hank" as he was better known to Clarendon people, had been in Clarendon for some seven years as owner of the Commercial Art Works, Custom Tailors for the school houses of Donley and adjoining counties were painted by himself and were the chief source of his livelihood.

C. C. Powell has been named administrator to the estate, and has worked with the American Legion Post of this city in working out the final details of the settlement of the matters pertaining to the final disposal of the effects of the deceased.

Funeral services will be held Sunday afternoon at 2:30 at the Citizens Cemetery.

The regular spring meeting of the Association was set to be held in McLean on March 25th, at which time Joseph F. Leopold promised to be present.

Those present at the meeting Tuesday are: Guy Hill, Shamrock, president; R. E. Townsend, Amarillo, secretary; A. T. Holcomb, Dalhart; O. V. Vernon, Mason King, Amarillo; Jim Miller, Hereford; George Briggs, Pampa; George Sager and D. L. C. Kinard, Memphis; Grady W. Watson, Wheeler; John Boswell, Wichita Falls; Joseph F. Leopold, Dallas and G. L. Boykin, Clarendon.

ANNUAL BANQUET IS GREATEST YET

CHAMBER OF COMMERCE PROGRAM AND ATTENDANCE HOLDS RECORD.

The 1930 annual banquet of the Clarendon Chamber of Commerce Tuesday evening in the basement of the First Christian Church, is conceded by all to have been the best attended and most notable program in the history of the organization.

Some two hundred and fifty citizens and guests filled dangerously near the overflow point the tables arranged in the church basement, and from the very first stroke of the gavel of the toastmaster, Henry Ansley of Amarillo, until dismissal shortly after ten o'clock, there wasn't a dull moment in the program.

Another noteworthy feature of the program was the fact that every speaker scheduled to appear was on hand and added his bit to the success of the evening. The judgement of the committees in selecting Henry Ansley as toastmaster was vindicated without quibble within the first ten minutes of the program, and Hon. Joseph Leopold, the speaker of the evening was all he had been touted, delivering one of the most comprehensive and eloquent addresses ever heard by any Clarendon audience.

After the invocation by Rev. B. N. Shepherd, pastor of the First Baptist Church of Clarendon, the toastmaster utilized time by introducing the various delegates from the neighboring towns and communities which with the other numbers of the program was interspersed with saxophone music rendered by Director Gus B. Stephenson of the Clarendon Municipal Band, with Miss Fray Stallings accompanying.

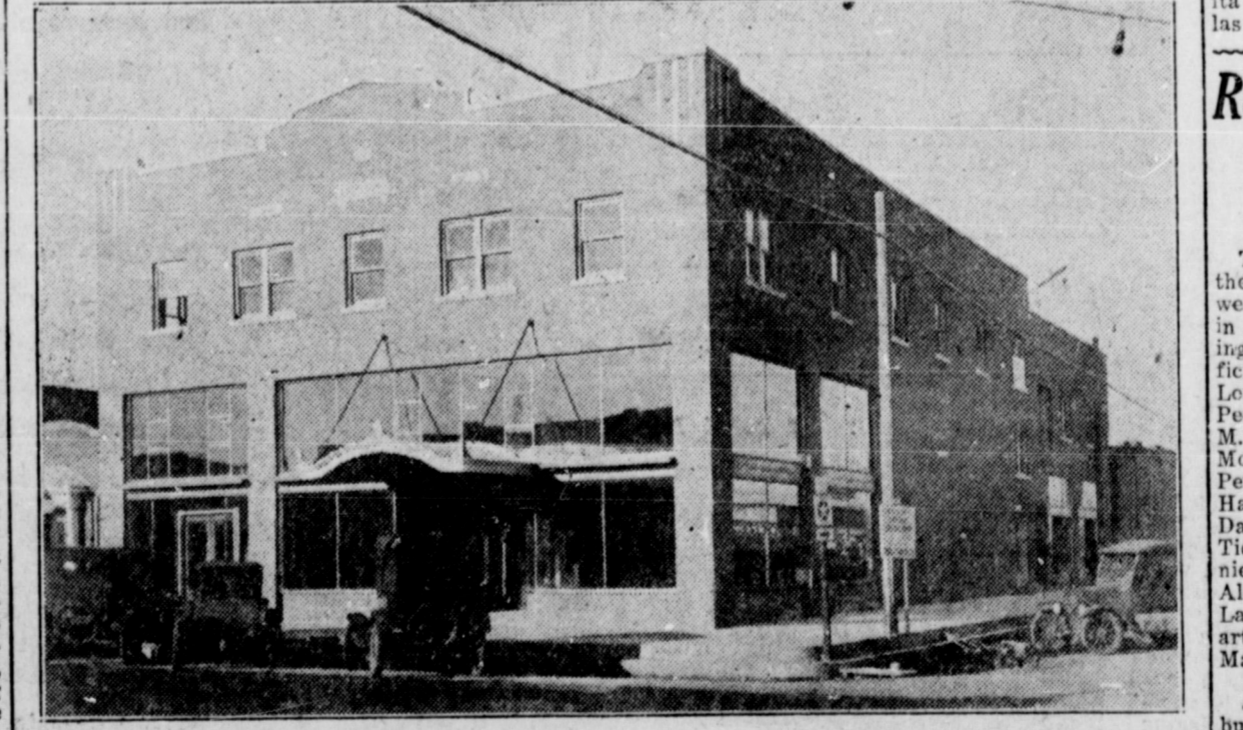

The close-by towns represented and the response to the welcome accorded the guests by the toastmaster was delivered by John Boswell, newly elected manager of the Wichita Falls Chamber of Commerce. Mr. Boswell expressed his pleasure in being privileged again to visit Clarendon and with her citizenship. He paid the town a happy compliment on its beauty and civic progress and urged a closer relationship between the towns and cities of the Panhandle and West Texas.

An extemporaneous addition to the program came at this juncture when Tom F. Connally was called on to discuss "What Chamber of Commerce Does for the Farmer." Mr. Connally reviewed the relations existing between the farmers of Donley County and the local organization and asserted that any difference in views was occasioned by lack of understanding, calling to record the fact that no town or city may grow and prosper without intelligent co-operation and mutual understanding between those who produce the wealth on the farm and those who serve the community in a commercial way.

Fred E. Chamberlain was introduced as president of the county hospital board and responded briefly by telling of the superior service offered by the Adair Hos-

(Continued on Page 8)

Latson Building Rapidly Nearing Completion

The Latson Building, located at the intersection of Kearney and Second Streets, is to be opened to public inspection Friday and Saturday of this week. The building is owned by O. W. Latson of this city, and it is the newest structure in town. It is completely equipped and thoroughly modern in all parts.

Rebekah Officers Are Given Posts

The newly elected officials of the Rebekah Lodge of this city were given their various places in the room at the regular meeting Friday of last week. The officials are: Noble Grand, Mrs. Lois Stevenson; Vice Grand, Mrs. Pearl Bailey; Secretary, Mrs. A. M. Lanham; Treasurer, Mrs. Nora Morgan; Warden, Miss Fanny Perry Conductress, Miss Carrie Haley; L. S. to N. G., Mrs. Myrtle Davis; R. S. to N. G., Miss Eula Ticer; R. S. to V. G., Mrs. Johnnie Bryson; L. S. to V. G., Miss Aleen Parks; Chaplain, Miss Lela Lamson; Musician, Miss Una Stewart; Retiring Noble Grand, Miss Massie Stewart.

J. R. Porter attended to legal business in Dalhart Tuesday of this week.

Mrs. J. R. Reid of Brawley, California, is here for a visit in the home of her uncle, S. S. Dubbs and family.

PANHANDLE PRESS ASSOCIATION

CONGRATULATIONS TO CLARENDON

Throughout the pages of today's issue of The Clarendon News our readers will find many expressions of congratulations and felicitations to Mr. O. W. Latson and the several concerns occupying the new Latson building on the corner of Kearney and 3rd Streets, and the city's latest addition to the down-town district.

Well, and good, Mr. Latson and his tenants are deserving of the congratulations of the community, but it occurs to The News that there is another phase of this matter worthy of our attention.

Clarendon and its community are to be congratulated. Our city has just cause to receive congratulations on being the home of the type of citizenship with vision and faith to erect and occupy so modern a building. True, the city skyline is not pierced beyond the height of a three-story structure, but on a basis of population the Latson building is just as notable in Clarendon as the Woolworth building in Greater New York—and the builders who envisioned the structure are just as valuable to our community as are the capitalists and architects of Gotham.

It is just a little trite these days to say that "cities do not grow, they are built," but it leads logically to the thought that no community or city without builders has hope of a greater tomorrow. With this in mind The News calls to the attention of its readers that congratulations are due Clarendon and this community—for the hand of the builder is in evidence again in the commodious and handsome Latson building.

Congratulations, Clarendon!

This newspaper refuses to get alarmed over what some people term a feeling of suspicion between people who live in the country and people who live in town. Everybody of any discernment and observation recalls that some variation of this feeling of distrust between peoples of the country and town has existed all through the years, and if they are honest they will admit that a similar feeling exists between communities and between neighboring towns. It is a very human failing—this spirit of suspicion toward those with whom we are not so well acquainted, and something which all of us should try manfully to eliminate out of our souls. We have observed that in every town whose citizenship comes under our suspicion we know some individuals whom we respect and admire. We know in every country community a few individuals whose friendship we crave and enjoy, and we dare say there are no individuals in the country who do not cherish the friendship and company of some people who by circumstance live in town. Frankly, there is a whole lot of bosh about the feeling between citizens of town and country. It is a matter many people take altogether too seriously. We are all human and all of us have sense enough to know that it is a common frailty to regard with suspicion and distrust those with whom we have little or no contact. We like those whom we associate with often. Let's keep that in mind and refuse to allow those whose ignorance or self interest would create a breach between us of this community, this town or of any other neighboring town or community. Friendship, respect and mutual good-will are the mud-sills of human unity and progress.

THAT OLD 'IF' AGAIN

We read in The Clarendon News where that town would be in the class of towns eligible for federal postoffices "but for the practice of many local firms in allowing their jobbers and wholesalers to stamp their direct by mail advertising campaigns in the big centers, rather than in Clarendon." Then a recitation in commonsense terms of the unfairness of the big city offices getting credit for the sale of stamps, while the local office gets only what the little boy shot at except the work.

That old "if" about human nature is hurting many a town, and in some towns it hurts a lot worse than in others. It is in those centers where the ability to see and the determination to put into practice the building up of home industries as the most enlightened selfishness in the world—it is in those centers where the town begins to forge ahead of those other towns and community centers where the selfishness is not so enlightened nor yet so determined.—Floyd Co. Hesperian.

Clarendon's public mind and consciousness should take on renewed interest in a city park as we slowly emerge from winter's embrace in the next few weeks. Day by day the need for accessible recreation and beauty spots becomes more apparent. Our city's cultural, mental and physical growth demands such an addition. 1930 offers the greatest opportunity for such a project. The greatest because it is the present.

CLARENDON CHAMBER OF COMMERCE PLAN OF WORK FOR 1930

1. Continuation of Five Year Plan of Dairy Promotion. Emphasis on improved herds and markets.
2. Poultry and Hogs: Encourage poultry and hogs for every farm.
3. Improved Farm Methods: Seed selection, terracing, soil conservation, crop rotation, quality production, co-operation with county agents and farmer's organizations.
4. Fair Exhibits, County, Tri-State and Panhandle-Plains.
5. Hard surfaced Highways and improved laterals.
6. Civic Activities: City Auditorium, Free Mail Delivery, Municipal Band.
7. Yards Beautiful Contest.
8. Junior College—County Wide.
9. Temporary Airport.

At the annual banquet Tuesday evening of this week the above plan of work was submitted to the membership and amplified by the chairman of the committee in charge. The plan is an ambitious one and one that should appeal to every citizen of Clarendon and Donley County.

The banquet Tuesday evening set a high mark for excellence of program and The News chooses to believe that the aims and work of the local organization are more thoroughly understood and appreciated at this period than at any time in the history of the community. The program of work for the year is challenging to our citizenship and no one need have fear for the accomplishments of 1930 if we have the team work and accord that our good sense dictates.

Nothing can stop the progress of a united community where the people think, plan and work for the common good.

Now for a greater and more prosperous Clarendon and Donley County. The one cannot grow and prosper without the other.

To know the pains of power we must go to those who have it; to know its pleasures, we must go to those who are seeking it; the pains of power are real, its pleasures imaginary—Colton.

COUNTY AGENT PROSPECT VISITS HERE SATURDAY

T. R. Broun of Wheeler, prospective County Agent for Donley County, was a visitor here Saturday of last week, getting acquainted with the folk which he may work with at a later date. Mr. Broun is a practical farmer who owns and operates a place in Wheeler County and will come to the county well equipped to know the peculiarities of the section in which he is to work. The ratification of Mr. Broun will not be had until the Donley County Commissioners' Court meets in its regular session on February 10. The same date, the Federal Board handling such matters will also meet and immediately thereafter the county will know who is to be the Agent for the section.

PROMPT DELIVERY SERVICE

Salute! O. W. Latson

The West Texas Utilities Company wishes to offer its most sincere congratulations to O. W. Latson, builder of the beautiful Latson Apartments and the attractive store occupied by the Clarendon Furniture Company.

Mr. Latson has looked to the future greatness and prosperity of Clarendon in building this outstanding structure, and it is to men of this constructive type that we owe our constant thanks and sincere praise.

The West Texas Utilities Company is striving, too for the development of a Greater Clarendon and is proud and happy to link themselves with Mr. Latson in a building and construction program which will be of everlasting service and benefit to the community.

Plainview Planning To Care For 50,000 Visitors At 1930 Show

ADDED INTEREST BEING SHOWN IN ALL PARTS OF PANHANDLE AS PANHANDLE-PLAINS DAIRY SHOW PLANS ARE LAID TO BE MORE COMPLETE THAN EVER BEFORE IN THE HISTORY. CLARENDON AND DONLEY COUNTY TO BE WELL REPRESENTED. HUNDRED EXPECTED TO ATTEND FROM THIS COUNTY.

"More entries, and a larger attendance," is the word being received by officials of the Texas Panhandle-Plains Dairy Show from county agents, dairy farmers, vocational agricultural instructors and chamber of commerce officials in each of the fifty-four counties comprising the Texas Panhandle, as preparations for the third annual show to be held in Plainview April 7, 8, 9, and 10 go forward. Citizens of Plainview are making arrangements to entertain 50,000 visitors this year compared to 35,000 last year.

"Much of the increased interest in pure bred dairy stock in the Panhandle can be attributed to the dairy show and while the interest as shown by attendance and the number of entries is more than we had hoped for it is a pleasant surprise to the officers and directors," Oscar Stansell, Floydada, president of the dairy association stated. "Every official is enthusiastic over the prospects for the show this year and from every county we have reports that there will be an increase of from fifteen to thirty per cent in both attendance and entries."

From Swisher, Potter, Collingsworth, Floyd, Carson, Randall, Lamb, Deaf Smith, and a number of other counties that led last year in entries and attendance representatives at a recent directors meeting in Plainview stated that there would be from ten to twenty per cent increase in the number of animals entered and the attendance. Chambers of commerce in some of the cities in the Panhandle are making special arrangements for transportation for a number of farmers to the show and in some instances are offering awards for attendance and premiums won.

Arrangements for the annual sale, the production contest, boys 4-H judging contest, vocational agricultural boys judging contest, and the county herd department were made at the first directors meeting this year. Twenty three directors were present for this gathering despite very inclement weather.

Officers of the 1930 show are O. L. Stansell, Floydada, president; E. E. Evans, Amarillo, secretary; Maury Hopkins, Plainview, secretary manager and D. F. Easton, Lubbock, honorary vice president; directors, S. J. Underwood, Hale Center, W. C. Wilbite, Hale Center, H. B. Hales, Amarillo, C. C. Stewart, Amarillo, C. B. Martin, Tulia, J. W. Armstrong, Chaning, G. P. Group, Panhandle, Joe Taghuan, Tulia, R. O. Dunkle, Hereford, E. W. Heister, O'Donnell, W. R. Hope, Sweetwater, R. C. Nichols, Tulia, P. C. Bennett, Amarillo, W. M. Amazed! Way Tanlac Relieves Stomach Troubles For years the remarkable results obtained from Tanlac in the treatment of general rundown conditions have amazed its users, but most surprising of all is the quick relief this remarkable medicine gives in cases of "rheumatism" and stomach ills that yield to nothing else. Men and women who thought themselves beyond human aid, who suffered for years with pains from stomach and bowel troubles, neuritis, chronic headaches, dizziness, sleeplessness, constipation, who saw themselves daily going down into a sickly early old age have through the amazing stimulating and cleansing action of this REAL MEDICINE, Tanlac, found themselves once more in the possession of a strong healthy stomach, and a body free from pain. One user says, "I suffered tortures from muscular rheumatism but after taking Tanlac for a couple of weeks I was over the rheumatism, my kidneys acting fine, my digestion in apple-pie order." Try it—get a bottle from the nearest druggist. Satisfaction guaranteed or money back. Accept no substitute.

THE FARMING BUSINESS Like other businesses, requires counsel and advice from the banker. We have made it a policy to follow this line of thought and specialize in farm accounts. When you need what we have in our line we should be pleased to talk the matter over with you.

Mrs. Leon Foster of the Chamberlain community, has been staying with her mother, Mrs. O. D. Meador, who has been sick.

BRICE

We are sorry to report that Mrs. Alice Cross is still confined to her home. She has been suffering with the flu for several days.

Mr. L. E. Brice of Amarillo, was called to his wife Wednesday, who was quite ill with flu and diseased tonsils. He motored with her to their home for medical treatment. Mrs. Lufe Smallwood substituted in the school room for her the remainder of the week.

Mr. and Mrs. Zack Salmon and

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Douglas & Goldston Drug Co.

Mr. Ben Hill and friend of Clarendon, were visitors in the Flat Monday.

Rent that spare room with a News Want Ad.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Douglas & Goldston Drug Co.

HARRIS SEEKS RETURN TO COMMISSIONERS' OFFICE

The News is authorized to announce the candidacy of Sid E. Harris for the office of Commissioner of Precinct 1, subject to the action of the Democratic Primaries in July and August.

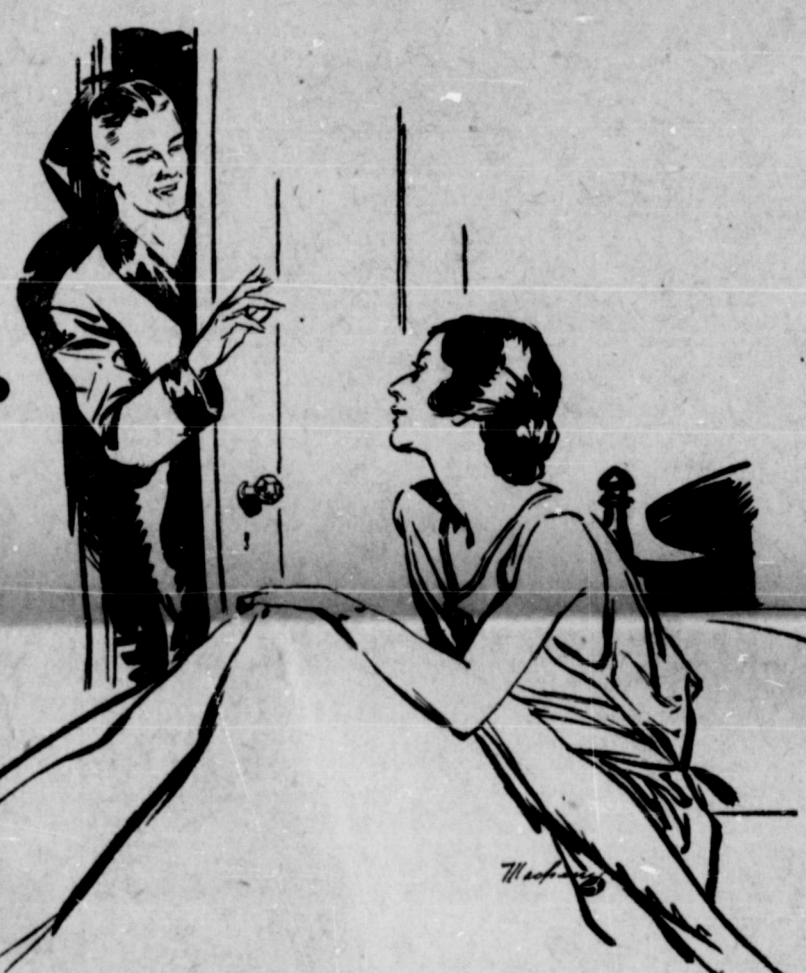

Mr. Harris is the present holder of this office and asks that the voters give him their consideration when they go to the polls to cast their ballots. There is no special platform on which Mr. Harris is planning to make the race, other than that of serving his section of the county in an efficient manner. Mr. Harris stated that he had no promises to make and that he would do all in his power to serve every part of his precinct with equal fairness and consideration.

The vote and influence of those in Precinct 1 will be appreciated by Mr. Harris.

Dries Up Colds In a Few Hours

The most disagreeable and embarrassing part of a cold is that constant, nasal discharge, which you can now stop in a few hours with Aspirinal, the latest and most scientific "Liquid Cold Remedy." Aspirinal is guaranteed to stop the irritation that causes sneezing and nasal discharges; dispel the congestion and relieve grippy, neuragic pains, at the same time causing a gentle and complete evacuation of the liver and bowels. All druggists carry and guarantee Aspirinal, the largest selling liquid cold remedy in the world. (adv.) DOUGLAS & GOLDSTON CLARENDON DRUG CO. STOCKING'S DRUG STORE

"Don't get up.. I'll get breakfast downtown"

HELEN was puzzled. Lately, Bob seemed actually anxious to eat downtown, and at first, after they were married, he enjoyed so much those happy half hours in their sunny breakfast nook.

He suddenly began telling her she looked tired in the morning and he insisted she stay in bed and sleep when she didn't want to.

Why? Why? Her breakfasts were as good and as varied as ever. She took pride in them. She took pains with the coffee...

Come to think of it, the coffee was peculiar and never the same.

Helen went to the telephone and told her troubles to Janet Thatcher.

"Why, of course, it's the coffee, Silly," Janet laughed. "Listen; you try White Swan Coffee on Bob this evening at dinner and I'll wager he'll be eating breakfast at home from now on."

Janet was right.

Of course, you would rather breakfast together at home. Everyone would when White Swan Coffee is served. Its tempting aroma and satisfying flavor lend a zestful spirit to the start of every day.

Modern roasting ovens bring out the natural flavor of the selected coffees which are so artfully combined and balanced in achieving the full, rich quality of the White Swan blend.

He suddenly began telling her she looked tired in the morning...

Supervision as exact as that in your own kitchen is enforced in each important process.

After roasting, White Swan is packed in sealed tins for shipment. No chances are taken with the freshness of its flavor. Prompt distribution is effected from 22 strategically located Waples Platter Houses. Fleets of motor trucks operate over a system of routes, making regular deliveries from all the units of this institution of the Southwest to its 10,000 dealers.

The best of modern method and time-tested custom are thus combined with the skill acquired by more than a half century of experience in developing the famous White Swan quality.

Now, and whenever you need a fresh supply, White Swan Coffee is available at your grocer's freshly packed in one and three pound cans.

FREE—Expert advice on cooking

SOCIETY

CHURCHES

Episcopal Auxiliary Entertained

Members of the Episcopal Auxiliary met in the home of Mrs. G. A. Ryan Wednesday afternoon at which time Mrs. L. S. Bagby gave a complete report of the convocation which met in Amarillo last week. Mrs. Ryan led the Bible lesson.

During the social hour delicious refreshments were served.

Methodist W. M. S. Met Wednesday

The ladies of the Methodist Missionary Society met at the church Wednesday afternoon completing their Mission study, "What Next in Home Missions." The first chapter was discussed by Mrs. Blackburn and the last by Mrs. U. J. Boston.

Christian Ladies Aid Met

The Ladies Aid of the First Christian Church met at the church Wednesday afternoon with Mrs. G. A. Anderson presiding in the absence of the president.

Mrs. Frank White led the Bible lesson on the 12th Chapter of Luke, in a very interesting manner. There were ten members present.

Good Will Party Enjoyed

One of the nicest parties given in Clarendon for a long time, was a good will party at the home of Mrs. Don Martin, assisted by Mrs. Lillian Bones and Mrs. Melvin Cooke. Many novel and interesting games were played, after which dainty refreshments were served to the following: Mmes. Blanton, R. Y. King, Vada Carpenter, Joe Cannon, Carl Peabody, Yates, Carlson, L. D. Carlyle, Odie Naylor, Vaughn, Richard Cannon, Mrs. McDowell of Goodnight.

Baptist W. M. S. Have All Day Session

All of the circles of the Baptist Women's Missionary Society met in an all day session at the church Wednesday afternoon with about forty present.

Lunch was served at noon after which the circles met in different rooms for their studies, after which they came together to have an interesting talk by Mrs. J. O. Herrin of Amarillo, formerly Miss Jewel Legett, a returned Missionary from China. Mrs. Herrin was connected with Mrs. J. T. Warren in the Missionary work in China some years ago.

The theme of Mrs. Herrin's talk was the "Lottie Moon Desk," bringing before the society the need of furnishing a room in the training school in Louisville, Ky.

Rex Ray Circle Meeting

Mrs. Frank Simmons, assisted by Mrs. H. L. Guyner, was the hostess to the Baptist ladies' Rex Ray Circle at the home of Mrs. Simmons' parents, Mr. and Mrs. W. C. Stewart, Wednesday afternoon.

An interesting lesson was read and explained by the leader, Mrs. H. L. Guyner, after which various business questions were discussed. The motion soon being in order for adjournment, leaving the remainder of the afternoon for an enjoyable social hour.

Dainty refreshments were served to a nice crowd of thirteen, four of these being new members and one visitor.

Friendship Club Entertained

The Friendship Club was entertained by Mrs. J. L. Allison, Tuesday afternoon with 12 members and one guest present.

After a short business session chatting and needle work was enjoyed until a late hour, after which a lovely plate luncheon was served to the following: Mmes. J. L. Allison, L. Ballew, C. R. Skinner, J. H. Harris, C. E. Lindsay, Meadors, J. W. Roland, J. D. Stocking, Carl Tyree, G. J. Teel, Emma Thornton, Miss Katie Meadors and the guest, Mrs. Henry Youngblood.

Thursday Afternoon Club

Miss Anna Moores was the charming hostess to the Thursday Afternoon Club and several friends on that afternoon at the home of her sister, Mrs. J. D. Swift.

Games of bridge were enjoyed throughout the afternoon with guest high score favor falling to Mrs. J. F. Blocker, high score favor to Mrs. Chas. Trent and consolation to Miss Evers.

The tables and favors were unique in that they were etchings brought from abroad by the hostess last year.

A beautifully appointed two course luncheon was served at the

conclusion of the games to the following: Mmes. J. F. Blocker, Dorr Ellis, Brice Kennedy, Clyde Price, P. L. Chamberlain, Earl Alexander, J. D. Swift, M. M. Nobles, Chas. Trent, M. P. Gentry, P. B. Gentry, Chas. Bell, C. E. Miller, Forest Sawyer, M. H. Rhoades, Misses Evers, Stroder, Howren, Mary Cooke, Beulah Baird.

Meeting of Pathfinder Club

Mrs. Dr. B. L. Jenkins, Sr., a delegate from the Pathfinder Club to the State Federation meeting at Mineral Wells, gave a very interesting report of the meeting Friday afternoon, when the club met in the home with Mrs. Dr. Evans as assistant hostess. Mrs. Jenkins brought back many worthwhile topics from the State meeting and was able to give them to the Club in an impressive and interesting manner.

The remainder of the study hour was given to a discussion of the latter part of the book, "The Confusion of Tongues" by Charles W. Ferguson, the first part having been given earlier in the year. Mrs. A. T. Cole and Mrs. Fred Rathjen led the discussions.

After adjournment a delicious salad course was served.

Eva Lee Morrison Honors Miss Chase

In honor of Miss Manette Chase who returned to her home here last Sunday from Denton, Miss Eva Lee Morrison held a slumber party in the home of her parents in East Clarendon on Wednesday evening of this week. A very plain menu was served the visiting ladies that they might not be disturbed in their slumbers from a too rich diet. The party broke up at a late hour Thursday morning with the guests wishing for more enjoyable fetes of this nature. Those present for this occasion are:

Misses Dorothy White, Herloise Burrell, Madge Davis, Mrs. W. L. Ball, Lotta Bourland, Katherine Cole, Manette Chase and the hostess, Eva Lee Morrison.

1926 Book Club Meets With Mrs. Chas. Trent

The 1926 Book Club met in the home of Mrs. Chas. Trent, Tuesday, January 21st, with Mrs. Richard Wilkerson as assistant hostess.

The book studied during the afternoon was "John Brown's Body" by Beret.

Mmes. Frank Stocking, Rayburn Smith, Lillian Brady, Miss Aiken discussed the book.

There was a good attendance in spite of the inclement weather and plans for the annual open house were discussed. Other business was also discussed.

Mrs. Fred Buntin was elected to membership. Delightful refreshments were served.

B. Y. P. U.'s Enjoy Party

The young people of the Intermediate B. Y. P. U., their leaders, and a few special friends enjoyed a party in the parlors of the Baptist Church, Friday night.

The social was conducted in the form of an auto salesmen convention, representatives for the Buick and Packard cars. Interest was high from the time of the "registration" the measurement of the abilities of the rival teams, the various contests, on to the telling of the romance of one of the "representatives(?)"

At the conclusion of the convention refreshments were served to the twenty participants.

BABY CHICKS

Place your order now for baby chicks and get them at the exact time you want them. We are getting eggs from some of the best flocks in the Panhandle as well as shipping in some eggs from thoroughbred flocks.

CLUB NOTES

Monday Morning

Ten girls of the Goldston Club met and were given the demonstration on correct table service. The girls are greatly interested in this demonstration because they realize that the accomplished lady must know the graces which belong to correct table service as well as a hospitable housewife must know these graces. The girls are all going to do every thing in table service correctly for their family meals, at least 5 times between now and next meeting and then they will answer roll call telling the number of times they have adopted club usages on table service.

Monday Afternoon

The 9 H. D. C. women, who met at the Jericho school house, eagerly took the formulas for mixing home grown feeds into laying mash and chick starter. Some of the women have feed grinders at home and this formula will be the means of reducing cost of chicken feed while increasing the egg production and giving chicks a good start.

The demonstration on living room improvement was also given. Mrs. E. L. Lamb is the Jericho living room improvement contestant, but all members are going to make at least 2 improvements and some will make many more. The club held its annual election and Mrs. Jessie Helm was elected president. Mrs. A. P. Brown, vice president and Mrs. Lee Roy Spangler, secretary. Mrs. Frank Hermesmeier, program committee chairman. Their next regular meeting will be held February 12th.

Tuesday

Thirteen Home Demonstration Club girls met at Bray school house Tuesday and every girl had her club cap and emblem made and ready for Miss Thompson to inspect. This club made apron patterns during the club program and were taught how to go about making club aprons to bring to the

next meeting. All the girls are first year Club girls and though they are a new club they are so enthusiastic that the old H. D. clubs for girls had better look to their laurels or this new club will get some of them this year.

The McKnight Home Demonstration Club girls had their first meeting of the month Tuesday, having been snowed out on their previous meeting day. The demonstration taught them how to arrange a breeding pen, how to feed hens to make them lay, how to select and care for hatching eggs. How to mix a chick starter for baby chicks and how to feed it.

These girls are also working on improving their own health and each girl was given a sample package of cereal with a request that she eat a good serving of cooked cereal, hot for breakfast every morning until the summer weather starts. Each girl was also given a package of gold stars and every time she eats 5 hot cereal breakfasts she will paste a star on a card which will be exhibited at Club meetings to see who is doing the most regular health work in the club. 12 girls attended this demonstration.

The Naylor Women's Home Demonstration Club met with Mrs. Hefner, Wednesday and Miss Thompson gave them sanitation, furniture arrangement and selection of finishes and accessories with special emphasis upon pictures. The 12 women present learned how to choose, frame and place in the room and hang pictures. This club not having a previous demonstration this month was given the poultry demonstration on arranging breeding pen and mixing home grown feeds for chick starter as well as for laying mash.

Port Arthur is to have a \$500,000 airport that will serve both land and seaplanes, being located adjacent to the beach. McAllen has acquired a 237-acre tract site and will establish on it a new landing field. West Texas was largely represented at the opening of the new 407-acre circular landing field at Roswell, N. M.

Announcement Column

The Clarendon News is authorized to announce the names under each public office listed below, as candidates for said office, in the Democratic Primary in July, and in the second primary in August if necessary.

For District Attorney, 100th Judicial District: JAS. C. MAHAN.

For District Clerk: A. H. BAKER (For Re-election)

For County Clerk: MRS. BESSIE SMITH (Re-election)

For County Treasurer: MRS. LINNIE CAUTHEN (Re-election)

For Commissioner, Precinct 4: W. M. PICKERING. A. E. TIDROW

For Tax Assessor: W. A. ARMSTRONG. (For Re-election)

For Commissioner, Precinct No. 2: W. H. (Henry) YOUNGBLOOD, (Re-election)

For Commissioner, Precinct 1: SID E. HARRIS. (Re-election)

Mr. and Mrs. Jesse Lowe announce the birth of a daughter, Rita Jeanell on Sunday, January 26th. Mother and daughter are reported to be resting easily while Jesse is receiving congratulations of his friends in the city.

An Invitation AND A Welcome

To The People of This Trade Territory

As one of the contractors of Clarendon, it is my pleasure to throw open the Latson Building for your inspection and use. The patrons of this structure are people with whom you have dealt in the past and they too, are extending an invitation and a welcome to you, whose patronage makes it possible for them to remain in the city. Each of the business firms of the building have proven that they are trustworthy and it is with pride that I point you to them for benefits that may accrue to you both.

PIONEER CITIZENS OF LELIA LAKE ARE LAID TO FINAL REST SUNDAY

DISTINCT LOSS IS FELT IN COMMUNITY AS TWO CITIZENS OF MANY YEARS STANDING PASS AWAY WITHIN FEW HOURS. FUNERAL SERVICES FOR EACH WERE HELD SUNDAY. INTERMENT IN CLARENDON CITIZENS CEMETERY.

The last rites for W. T. Kennedy were held Sunday, January 26th, from the Second Baptist Church at Lelia Lake, with Rev. C. Q. Herndon of that city officiating in the last rites for the church. Burial was had under the auspices of the Masonic Lodge of Clarendon. Interment was had in the Citizens Cemetery here.

W. T. Kennedy was born in Mason County, Alabama, on July 13th, 1846. His early life was lived there and from there he enlisted in the Confederate Army, serving for two years with the boys in gray. Before leaving that section of the United States he was married to Mattie Gattis, coming to settle in Texas near Austin in 1873. The home of the Kennedy family was made near the capital city of the state until 1905, when they removed to Donley County and have made this their home since that date. Death called to Mr. Kennedy Saturday, January 25th as he sat in his chair at the family home. Mrs. Kennedy has preceded her husband by a number of years, having died in July 1913. At the time of his death, Mr. Kennedy was 83 years, 6 months and 12 days old.

Mr. Kennedy is survived by five sons and three daughters, two daughters having preceded him in the other world. A significant fact is found in that every one of the children are now living within the confines of Donley County. These are: Mrs. T. B. Lumpkin of Clarendon; Mrs. C. G. Aten and Miss Moody Kennedy of Lelia Lake; E. L. Kennedy, Lelia Lake; Tom Kennedy, Clarendon; Will, George and E. H. Kennedy of Lelia Lake. Aside from these, there are numbers of grandchildren and a great host of friends who mourn the passing of this pioneer of the Panhandle section of the state.

During the active period of his life, Mr. Kennedy was a steady worker for the Second Baptist Church and was always vitally interested in the work of the Masonic Lodge, of which he had been a member for more than twenty-two years of age. The past few years of his life was spent entirely in the home near Lelia Lake although he was not bedridden. He delighted in visitors although he was a trifle deaf and could not always understand what was being said to him.

In the loss of this, one of the first citizens of Lelia Lake community, there is a distinct sense of a citizen missing from the ranks. The many friends of the family and the entire community join with the grieving family in their loss.

T. J. Conner, a resident of the Lelia Lake community, was buried in the Citizens Cemetery in this city on last Sunday afternoon from the Church of Christ, where the last rites were held under the auspices of Elder D. L. Hukel, pastor of that church here.

Mr. Conner was born August 2, 1861 in Wood County, Texas. At the early age of two years, his father died and he removed with the other members of his family to Comanche County. On July 23, 1884, he was married to Molly Pettit. He came to Donley County with his family in 1908 and had

made his home in the Lelia Lake community until January of 1929, when he moved to Sudan, in which city he passed away on January 22nd. At the time of his death he was 68 years, 5 months and 20 days old.

Death came suddenly to Mr. Conner, he having been in perfect health to the time of his passing. He had eaten his evening meal and had left the house to attend to some duties about the place following this meal. On his failure to return a few minutes later, a search was made and he was found lying dead in the yard of the home. Death was attributed to acute indigestion or heart trouble.

Mr. Conner united with the Church of Christ in 1894 and had been a steady worker with that church since that time. He was one of the most popular of the citizens in the community where he had his home for more than a score of years and his passing will leave a place that cannot be filled with any degree of satisfaction.

Of the ten children born to the home of Mr. and Mrs. Conner, eight are living and all were at the last rites that were held Sunday. These are in addition to his wife, Mrs. T. J. Conner. The children are: Mrs. L. W. Cook, Santa Paula, California; Mrs. N. M. Wike, San Angelo, Texas; Mrs. Guy Guffee, Vincent, Texas; Tommy Conner, Santa Paula, California; Ed Conner, Sudan, Texas; Mrs. W. H. Morrow, Mrs. C. C. Ayers, and Reece Conner, all of Donley County.

Mrs. Conner and the family are joined by the multitude of friends in this county and in the new home of the family in the passing of this citizen. The high esteem in which he was held was seen in the great crowd present at the last rites and in the splendid floral offering sent by friends and acquaintances.

CLARENDON ASKING FOR BROADCASTING STATION

J. B. Redfearn, owner of the Radio Electric Company of this city, has a license granted him by the United States government that allows him to operate a sending receiving set that operates on a very low wave length. Just recently, he has made application to the Federal Radio Board for a license to operate a low power broadcasting set that will allow him to send music and other programs as well as operate for those who use the low wave length sets. As he is now situated he may be heard only by those of amateur standing who have sets especially adapted to the reception of the low wave lengths that are not to be located on the larger machines. The information blanks have been properly filled out and mailed to the commission and the town is awaiting the receipt of the information that Clarendon may become the possessor of a full-fledged broadcasting station in the near future.

STORY STUDIO HAS NEW IDEA ON GIFTS

CO-OPERATIVE PLAN ALLOWS PATRONS TO SAVE FOR SELECTED GIFTS.

One of the tenants of the Latson building is the J. L. Story Studio, late of the city of Wichita Falls. The studio is operated by Mr. Story personally, and is to be found in Suite 3 of the building and is most easily located, being just on the left of the landing after the top of the steps is reached.

Mr. Story operated a studio in Wichita Falls with more than the usual amount of success and has come to this city with an array of work that has never been equaled here. Mr. Story makes a specialty of pictures in the home, having done a considerable amount of this work here last fall before deciding to make this his home. The studio is in charge of Mrs. J. J. Robinson, who is well known to Clarendon folk, having made her home here for a number of years. A detailed explanation of the plan of giving these gifts is gladly given all those who call in the studio. Photographic work is done in the studio, but sittings are made only by appointment. Mr. and Mrs. Story and family are living in the Edington apartments on East First Street.

Especially do we wish to extend our appreciation to the Masons and to those who brighten the home with a great host of flowers.

Mrs. T. B. Lumpkin, Mrs. C. G. Aten, Miss Moody Kennedy, E. L. Kennedy, Tom Kennedy, Will Kennedy, George Kennedy, E. H. Kennedy.

Rent that spare room with a News Want Ad.

CARD OF THANKS

We wish to take this means of extending our heartfelt thanks and appreciation for the many acts of kindness and sympathy shown us during our loss of our father and husband. Especially do we thank those who were so kind with their floral offerings.

We pray that the Giver of all good and perfect gifts may spare you the pangs of sorrow that have been ours.

Mrs. T. J. Conner, Mrs. L. W. Cook, Mrs. N. M. Wike, Mrs. W. H. Morrow, Mrs. Guy Guffee, Mrs. C. C. Ayers, Mrs. W. C. Walling, Tommy Conner, Reece Conner, Mr. and Mrs. Ed Conner.

Latson Apartments Formally Opening This Week are Among Most Modern in Panhandle Section of State

NEW VENTURE FOR CLARENDON IS FOUND TO BE MOST POPULAR AMONG FAMILIES DESIRING SMALL NUMBER OF ROOMS NEAR CENTRAL PORTION OF CITY. ARE COMPLETELY FURNISHED THROUGHOUT AND ARE ALL TAKEN. BUSINESS SPACES ON FIRST FLOOR ARE RENTED AND WILL BE OPEN THIS WEEK.

The Latson Building, just being completed at the intersection of Second and Kearney Streets in this city, is the most complete building of its nature in Clarendon, and has very few equals in the Panhandle section of the state for exactness of details and finishing features. When the building was first started and the plans for the erection of the second floor were made public, there are those in the city who indicated that such a move would not be at all popular as Clarendon was not sufficient size to warrant a building of this nature. The judgement of Mr. Latson in this connection was again proven when all the spaces in the structure were rented far in advance of the completion date.

Originally planned to open shortly after the first of December, weather changes have prevented the completion and the formal opening is now scheduled to take place some sixty days after it was planned.

The building itself is of two stories in height and covers two city lots, extending to the alley in the rear. A basement is under the rear third and will be used to store supplies of those who occupy the building. Constructed entirely in a fire-proof manner, the building has brick walls with a plastered interior. Metal ceilings have been used throughout the lower floor of the structure. The finish of the interior downstairs is of a uniform type, the walls and ceilings being painted in colors that blend nicely to make the whole interior one harmonious effect.

The Clarendon Furniture Company has the largest display space on the first floor. They occupy the northern part of the lower floor, extending back to the stairway leading to the second floor of the building. The entire front, including the balcony, is lighted with large plate glass windows, giving them the largest set of display rooms in the city in addition to making them have a sufficient light for any practical purposes. A stairway in the back center of the building leads to the balcony, which extends clear round the building and gives additional display space for merchandise that is not placed on the lower floor. The main entrance to this building is on Kearney Street, while the service entrance is on the North side.

The remaining building facing on Kearney Street is that which is to be occupied by the Mitchell's Barber Shop. They, like the Furniture store, have a balcony, this time only across the rear of the building. Light is obtained here by the use of plate glass windows in both the upper and lower portions of the building. The arrangement of this place of business is such that the baths, store room and water heater are to be found in the rear portion of the downstairs part of the building. The space on the balcony is divided into booths for use as the beauty parlor and is so arranged that it is to be the most compact and conveniently arranged place of business in the city. The front part of the lower floor is given over to the use of the barber shop.

L. A. Muse has the middle space in the rear part of the building and will install a sandwich shop there in the very immediate future. Mr. Muse has operated a cafe on Kearney Street for the past several months and indicates that he will make this new place of business one of the most attractive in the city. The space next the alley in the building has been leased by the Heath Tailor Shop and is finished

purposefully for their sort of business. They have moved their old location on lower Kearney Street and will open for inspection at the opening of the latter part of this week.

The upper part of this building is divided into eight suites of rooms, admirably suited to the purposes for which it is being used. Suite 1 is occupied by Mr. and Mrs. C. B. Stephenson and is located in the southwest corner of the building. Suite 2 is occupied by Mr. and Mrs. Elvin Tinkle and is in the Northwest corner. Both these suites are on the lower level of the second floor. Suite 3 is that one occupied by the J. L. Story studios and is the first on the upper landing. Suite 4 has been leased by Messrs. Carl and Roy Allmond and has been fitted by them for use as bachelor's apartments. Suite 5 is occupied by Mr. and Mrs. W. L. Ball. Suite 6 is rented by Mr. and Mrs. H. L. Guynes.

Dr. C. W. Galloway has leased Suite 7 and has removed his offices from the rear of the Farmers State Bank to this new location. Dr. J. W. Evans, has the remaining apartment leased, No. 8. A complete new set of equipment is being placed in this new location, only a small part of the equipment formerly located in the Connally Building being removed to the new location.

A new feature of the second floor of this building is the balcony on the North side to which all occupants of the apartments have access. This is erected over the street entrance on the North side of the building and is of a size that will give plenty of room for almost any sort of gathering that will be held on the space.

Mr. Latson is co-operating with the occupants of the building in every manner possible and extends the public a cordial and hearty invitation to visit the various business houses that are open to public inspection and to look over the building as they care to visit it.

HEATH'S SHOP TO HAVE CHOICE SITE

LOCATION OF TAILOR SHOP IS CONVENIENT TO EVERYONE FROM STREET.

When the Heath's Tailor Shop joins with the other occupants of the Latson building in celebrating their opening, they will have one of the most complete sets of equipment seen in the city of Clarendon. Although opened for service in the city a very few months, they have built an enviable trade in all lines allied to the Cleaning and Pressing business.

D. T. Heath is the owner of the place of business. He was formerly connected with one of the other establishments of this nature in

the city, later opening up this as his own business. He was the second shop in the city to make a cash and carry price on the work of the shop and was the first to announce a like price on call and deliver work.

The location of the shop is advantageous to both the owner and to the patron. Near the alley, they have access to their place of business for loading without obstructing traffic and this feature will also be in their favor since it will allow their patrons parking space where they may be served with the least effort.

Feeds such as oats, flax and linseed meal given to steers toward the last of the feeding period will put them in better condition for shipping. Other grains, and all legume feeds, including silage and legume hay, should be reduced at least half during the last two or three days before shipping. Some dry roughage such as grass hay should be fed.

NICHOLS PREDICTS UP-TREND ON CATTLE FUTURE

Austin, Texas, Jan. 28—Any change in the live stock industry in Texas now is likely to be for the better, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"Outlook for the industry is not nearly so bright as it was a year ago at this time," Mr. Nichols said. "The industry appears to be at the bottom. Prices of most classes of meat animals are lower and many live stock products are down 25 per cent to 30 per cent from last year's quotations. Animals, in many cases, went into the winter in poor condition, due to drought during the late summer and fall. Moreover, winter ranges have not improved as they generally do. Range trading is at a standstill. This last factor is possibly the most encouraging development during the past two

months, because it indicates that expansion is over for the present."

McLennan County in 1930 will spend \$8,000,000 on its highway system, including county, State and Federal funds. In the program are 169 miles of designated roads with right-of-way ranging from 100 to as much as 250 feet. Fort Worth has started work on \$406,000 worth of street improvements.

The housewife should refuse to accept a can of food from the grocer when the can shows signs of leakage, bulges at the ends or snaps back when pressed. Upon opening an apparently good can, if the food is moldy, disintegrated, cloudy, or otherwise abnormal, it should not be eaten.

Milk should be strained in the milk room, never in the barn.

New Beauty for the New Ford

THE NEW FORD TOWN SEDAN

In the Town Sedan you see a distinguished example of the unbroken sweep of line which adds so much charm to all the new, roomy Ford bodies. Radiator, hood, cowl, lower roof line, fenders, wheels — every point of design reflects the new style and beauty that have been placed within the means of every one. All of the new Ford cars are finished in a variety of colors.

ANOTHER STEP FORWARD

THE introduction of the new Ford bodies has set a high standard of motor car value.

From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of line—a flowing grace of contour gaining added charm from the rich and attractive colors.

You will take a real pride in the smart style and fresh new beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production. New beauty has been added to outstanding performance.

A feature of unusual interest is the use of Rustless Steel for the radiator shell, head lamps, cowl finish strip, hub caps, tail lamp and other exposed metal parts. This steel will not rust, corrode or tarnish and will retain its bright brilliance for the life of the car. Here, as in so many other important details, you see evidence of the enduring quality that has been built into the new Ford.

Roadster, \$435 Phaeton, \$440 Coupe, \$500 Tudor Sedan, \$500 Sport Coupe, \$530

Two-window Fordor Sedan, \$600 Three-window Fordor Sedan, \$625 Convertible Cabriolet, \$645 Town Sedan, \$670

(All prices f. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra.)

MUSE SHOP TO BE NEWEST ADDITION

CAFE MAN OPENING SECOND OF LINE OF CAFES TO CARE FOR TRADE.

L. A. Muse, operator of Lee's Cafe in Clarendon for the past several months, is to open the only exclusive sandwich shop in the city when the material for the class of business arrives. Mr. Muse states that the place will probably not be opened until early summer and that it will operate only a part of the time, probably through the heavy tourist season and that it will be closed at other times during the year.

Complete new equipment has been secured for the place to make this the center of attraction when a sandwich is considered. Mr. Muse will have personal charge of this place of business, along with the operation of the present location on Kearney Street. The kitchen part of the business will come under the personal supervision of Elvin Tinkle, who is especially well fitted for this place by reason of his long experience along these lines.

Mr. Opal Mount spent the week-end with Mr. Obie Paulk.

Roy Skinner and Gene Colwell spent the week-end in Carey.

Mr. B. F. Fletcher called on Mr. J. W. Skinner Friday afternoon.

Miss Mattie Fletcher called on

TIDROW ASKS FOR OFFICE OF PRECINCT COMMISSIONER

The News has been authorized to announce the candidacy of A. E. Tidrow for the office of Commissioner of Precinct 4.

Mr. Tidrow has made his home in Donley County for the past fourteen years and has made an outstanding record as a citizen in the length of time he has lived here. He owns his own home in the Naylor community, where he is one of the most respected citizens. He has never held public office in the county.

Mr. Tidrow asks the vote and consideration of those in his precinct in the Democratic Primaries and states that he has no promise to make as to the performance of his duties, other than to say that he promises the best that he has with everyone receiving a square deal in the handling of the affairs of his section.

The vote and influence of those in Precinct four will be appreciated.

A combination of salt and sugar and salt peter makes a good "cure" for pork. Salt used alone is apt to make the meat rather harsh and dry, but the sugar mellows the cure and improves the flavor of the meat. A good grade of dairy salt, or table salt, should be used.

Miss Lora Skinner Friday evening.

Miss Gladys Noble, who is attending C. J. C., spent the week-end with homefolks.

Miss Eula Allen, a teacher in the Windy Valley school, spent the week-end visiting her parents near Sunnyview.

Mrs. Emmett Christie happened to a very painful accident Sunday evening. One of the children opened the door, striking her on the head and knocking her unconscious, but it was not so serious as it was first thought.

Mrs. I. M. Noble called on Mrs. B. F. Fletcher Monday evening.

Mr. Hilburn and family from near Hedley, have moved on the I. M. Noble farm for the year.

Mr. I. M. Noble and son called on Mr. Gilbert Mann Monday morning.

We Have Moved

Our office from its former location in the rear of the Farmers State Bank Building to Suite 7 in the Latson Building.

This suite of rooms is admirably suited to our needs and it is our pleasure at this time to bid you welcome.

Our Office

Will be found at the extreme end of the hall to the right at the Eastern end of the Building. We shall indeed be pleased to meet our patrons in this new location and extend a hearty invitation to everyone to visit us at the formal opening of the building on Friday and Saturday, January 31, and February 1st.

50 horsepower six cylinder engine

Not until you drive the new Chevrolet Six can you appreciate what a wonderful improvement has been made in its famous six-cylinder valve-in-head engine. With its capacity increased to 50 horsepower, it has great reserve energy for sweeping up the steepest hills—for swift acceleration

—and for sustained high speeds. Its power flows evenly and smoothly. And it is extremely flexible in traffic. In fact—it does everything you could possibly want a motor to do. Yet it is remarkably economical in its use of gasoline and oil. Come in today for a demonstration

CAPITOL News

HOOVERIZING THE WEATHER

President Hoover will soon be the most comfortable White House Executive that the country has ever had. Neither the damp chill of Washington winters or the intense heat of Washington summers shall penetrate the interior of the White House office building, now being restored after the Christmas Eve fire. It's simpler than it sounds. An air conditioning system, similar to that already installed in both Houses of Congress, will manufacture weather of exactly the right temperature and relative humidity for Presidential comfort.

Not only for the sake of the Hoover efficiency, but for that of his expanding office force and the visitors who wait to see the president of his secretaries, is this health giving system being adopted. Through the several offices of the executive suite will be circulated at all times of the year the atmosphere of balmy spring with relative humidity around fifty per cent, which is regarded as ideal. It will even be possible to keep the windows closed and shut out all noise without having to worry about the ventilation.

During the Taft administration, a supposedly brilliant scheme was tried with the view of cooling and de-humidifying the stifling summer atmosphere. Air was blown through racks holding big cakes of ice and then passed across trays of chloride of lime which theoretically should have removed excess humidity but actually did not. President Wilson and President Coolidge suffered without relief during hot days in Washington. So did Mr. Hoover last summer. It is good to know that we now have an added inducement to "every American boy who wants to be President when he grows up." Presidents are more comfortable!

In action during the Civil War, D. A. Russell of the Union Army, appointed a Major General by President Lincoln the very day he died. The War Department has changed the name to that of a former soldier who died while a statesman, the late Senator Francis E. Warren of Wyoming, also a Civil War veteran.

Fort Francis E. Warren has a history dating back to 1867. It was so situated as to prove an ideal location for a military camp and supply depot for soldiers building the first transcontinental railroad as well as for the troops who protected them from roving bands of hostile Indians. When the construction of the Union Pacific Railroad had been completed, Fort D. A. Russell, as it was then known, grew in size and importance. It became one of the largest army depots in the United States, and it is recorded that at one time its corrals held more than 1,000 mules. When the World War burst upon us, this fort was considered the largest exclusively military post in the whole United States. Troops stationed at Fort Francis E. Warren at present include the Twentieth and First Infantry Regiments and a battalion of the Seventy-sixth Field Artillery.

The War Department, in changing the designation, did not forget to make provision for continuing the memory of Major General Russell in historic nomenclature, and a cavalry post at Marfa, Texas, has fallen heir to his name.

As a soldier, Senator Warren won the Congressional Medal of Honor, the highest military distinction conferred by the United States government for conspicuous bravery at the battle of Port Hudson, May 27, 1863.

MORE AND BETTER BIRD CAFETERIAS

This is the season of hard times for birds, the Biological survey of the Department of Agriculture reminds us. The tiny feathered things that peck around ambitiously but futilely in the snow are likely to starve if their human friends don't come to their aid with food. Suet or other fat, pork rinds, bones with shreds of meat and seeds are some of the material most pleasing to hungry birds at this season, the Biological Survey adds.

There are various ways of constructing "bird cafeterias" out in the open. One is to make low hutsches or wigam-like shacks of corn or grain sheaves under which food may be scattered. The opening should be on the south side, and it is well to inspect it occasionally to see that it is not blocked with snow.

Alders and birches bear in their cones a supply of seeds eagerly sought by redpolls, siskins, and goldfinches in winter. When these trees are pruned, the bird-food might easily be saved for feeding time. Pine and evening grosbeaks are very fond of the seeds in ash tree and box-elder fruits, while crossbills enjoy larch, pine and other conifers. With a little attention to such details, it will not be hard to cater to the tastes of your feathered friends.

VIRGINIA'S LEGISLATORS CAN NOW FIGHT DUELS

"I swear that I will not fight a duel with a deadly weapon or send or accept a challenge to fight a duel with a deadly weapon."

within or beyond the boundaries of this State."

Yes, it does sound archaic. Nevertheless every member of the Virginia State Assembly was, until this month, required to take such an oath. This constitutional prohibition against dueling is thought to date back to 1830 and is known to have been only moderately active during the past week with the volume of transactions rather light. According to the weather bureau the past week was unfavorable for outside operations generally and in the cotton belt field work was largely at a standstill though some plowing was accomplished in the more eastern sections. According to the bureau of the census the number of bales ginned prior to January 16th of this season was 14,187,779 compared with 13,888,972 for the corresponding period last season. The 1928 crop amounted to 14.5 million equivalent five hundred pound bales and the 1929 crop is estimated at 14.9 million bales. Exports from August 1 to Jan. 24th amounted to about 4.8 million bales compared with 5.5 million for the like period last year. Quotations for middling spot cotton January 24, Norfolk 17.06c, Augusta 16.88c, Savannah 16.99c, Montgomery 16.35c, New Orleans 16.25c, Memphis 16.40c, Little Rock 16.28c, Dallas 16.10c, Houston 16.80c, Galveston 16.90c. Average for these ten markets Jan. 24, 16.67 compared with 16.80 Jan. 17th and 18.71 for the corresponding day the previous season. Sales of spot cotton reported in the ten designated markets for the week amounted to 52,792 bales compared with 84,122 the week before and 92,216 for the same week last season. March future contracts for the week at New York declined 14 points to 17.24c at New Orleans 11 to 17.09 and at Chicago 11 to 17.18. Certified stock Jan. 24th at New York 94,498 bales, New Orleans 57,296, Houston 40,025, Galveston 15,688.

Grade differences above middling were revised slightly during the past week and on Jan. 24th the average of the ten markets for good middling was 72 points on middling strict middling 50 points on strict low middling 75 points off and low middling 170 off.

SAY IT IN WOOD

Don't throw away that old wooden box! Any one of 1,200 fascinating contraptions can be fashioned from it. The National Committee on Wood Utilization, which was formed under the direction of Herbert Hoover in 1925 has recently issued a booklet, "You Can Make It." The publication contains one hundred suggestions for weaving and nailing once discarded containers into things of beauty and usefulness. This booklet, the first of a series to be issued by the Committee, has already attained a sales record of 100,000 copies, and the entertaining occupation it describes promises to take the place of crossword puzzles.

The inexhaustible field for this second-hand carpentry is revealed by the Committee's estimate that in America approximately four billion feet of lumber are consumed annually in the making of boxes and crates—or sufficient material to construct homes for four times the population of our National Capital.

THE HEATHEN CALENDAR

While George Eastman, of kodak and calendar fame, discusses with satisfaction the increased number of converts to his thirteen months a year plan in this country, Father Time is having hard sledding in China. There, the National Government has forced our standard Gregorian calendar upon an unwilling Chinese population who prefer the ancient lunar calendar which reckons passage of months by the moon.

Chinese cling to their outmoded calendar for the best reason that exists in China: it is an ancient custom. A horde of superstitions and traditions surround the Lunar calendar. Fortune telling and astrology have their foundation in the moon system of telling time; it abounds with lucky and unlucky days; its national holidays are exciting. Celebration of the Chinese New Year takes the form of complete cessation from all work for several days, the burning of fireworks and an exchange of gifts and visits.

An order declaring illegal all documents framed according to the Lunar calendar was issued by the Government on the first day of this year. It is the most definite step yet taken by authorities in its long efforts to reform the Chinese calendar, but how effective it is remains to be seen. At any rate Chinese people in the areas where the government influence is strong, celebrated the "foreign New Year" on January 1, in the same way that we heathens of Occidental countries do.

MARKET SLIGHTLY LOWER. DEMAND FAIR

The cotton market during the period January 18-24 continued steady but rather inactive with quotations Jan. 24th about 1-8c lower than those of Jan. 17th. Both domestic and foreign demand is known to have been only moderately active during the past week with the volume of transactions rather light. According to the weather bureau the past week was unfavorable for outside operations generally and in the cotton belt field work was largely at a standstill though some plowing was accomplished in the more eastern sections. According to the bureau of the census the number of bales ginned prior to January 16th of this season was 14,187,779 compared with 13,888,972 for the corresponding period last season. The 1928 crop amounted to 14.5 million equivalent five hundred pound bales and the 1929 crop is estimated at 14.9 million bales. Exports from August 1 to Jan. 24th amounted to about 4.8 million bales compared with 5.5 million for the like period last year. Quotations for middling spot cotton January 24, Norfolk 17.06c, Augusta 16.88c, Savannah 16.99c, Montgomery 16.35c, New Orleans 16.25c, Memphis 16.40c, Little Rock 16.28c, Dallas 16.10c, Houston 16.80c, Galveston 16.90c. Average for these ten markets Jan. 24, 16.67 compared with 16.80 Jan. 17th and 18.71 for the corresponding day the previous season. Two Girls Live On Hot Water and Rice

Due to stomach trouble, Miss A. H. and sister lived on hot water and rice. Now they eat anything and feel fine, they say, since taking Adlerika.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. For Sale by Douglas & Goldston Drug Co.

Hardly A Well Day in 10 Years

AMARILLO MAN SAYS WIFE FEELS FINE AFTER TAKING TWO BOTTLES OF ARGOTANE.

"My wife has been ill for about ten years with stomach and liver trouble," said H. C. Griffin of 2301 B. W. Sixth, Amarillo, Texas, while talking with the Argotane representative.

"Doctors told us that she had a dead liver. She always felt tired

STATE MARSHAL ASKS AID IN PREVENTING STATE FIRES

Although the fall of the year is usually taken as the most auspicious time for the talking of fire prevention, this is a practice that should be carried on throughout the entire year. In accord with this belief, J. W. Deweese, Fire Insurance Commissioner for the state of Texas has issued the following list of suggestions that would be of great assistance in the prevention of so-called fires. The list follows:

This is an appeal from the Texas Fire Insurance Department to the people of Texas to adopt the following suggestions in order to reduce the number of fires that are occurring every day of the year. The people are paying the cost of fire, and it is within their

and sluggish and worn out and didn't have any energy or feel like doing anything. She would have bloating spells which would affect her heart. What little food she ate soured on her stomach and made her miserable for hours after. She had a bad case of constipation and suffered from headaches. She was always tired and felt like she had done a big day's work when she didn't do much of anything.

"We saw Argotane advertised so highly and heard so many people talking about it we decided that it was the medicine for her and it has proven so in her case. Her stomach and liver trouble is a thing of the past now. She has more strength and energy than she has had in several years. She feels better during the day and now is able to do part of her work and is getting stronger every day. We both think Argotane is wonderful as it has proven so in my wife's case and I am glad to recommend it."

Genuine Argotane is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

Best Purgative for Colds

power to stop this cost by being careful with fire.

Carelessness causes 85 per cent of all fires. 66 per cent of all fires occur in the home.

Suggestion No. 1. If your electric lights go out, or if you have trouble with your lights, do not attempt to fix it yourself. Call an experienced electrician for he will save expense and trouble to you.

Suggestion No. 2. If you have trouble with gas stove, or pipes, do not attempt to fix it yourself, but call a plumber or the gas company. If you smell "gas," do not look for the "leak" with a "match," for it is dangerous.

Suggestion No. 3. Do not leave matches where children can play with them. Keep them in safety box out of their reach.

Suggestion No. 4. Do not smoke in bed. Be sure and put out matches, and keep cigarettes and cigars in ash tray.

Suggestion No. 5. Do not clean clothes with gasoline, benzene, Engergine, or naphtha, for they are dangerous.

Suggestion No. 6. Do not put mops or greasy rags in closets, for they will cause spontaneous combustion and set fire to your house. Keep them in closed metal can on back porch.

Suggestion No. 7. Have your chimneys and flues inspected at least once each year; and see that flue is properly protected.

Suggestion No. 8. Put screen in front of gas stove, open fireplace, or around heater, to keep children and old people from getting too close to fire and igniting their clothes.

Suggestion No. 9. Do not put rubbish, trash or papers in closets. Put them in metal ash can and burn.

Suggestion No. 10. Do not attempt to start a fire with kerosene, or any inflammable liquid.

Suggestion No. 11. Do not leave electric iron on. If you leave board for any purpose, be sure and cut off current.

Suggestion No. 12. Co-operate with your Fire Marshal each day of the year, for he is trying to save your life and property from destruction by fire.

"Fire Prevention" is of the people, by the people, and for the people.

Though rapid progress is being made in establishing an American potash industry, the United States still spends \$18,000,000 a year for potash imported from Europe.

If you want to buy something, Advertise for it in the News Want Ad Column.

We are all subject to colds. But they need not cause us suffering. Bayer Aspirin breaks a cold in a hurry. Or taken in time, heads it off entirely. You can avoid other suffering the same way. Headache, and even the pain from neuralgia, neuritis or rheumatism, yields to Bayer Aspirin. It always helps; never harms; does not affect the heart. Genuine Bayer Aspirin has Bayer on the box and on each tablet.

When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal. Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—

PHILLIPS Milk of Magnesia

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

OLD DOCTOR'S IDEA IS BIG HELP TO ELDERLY PEOPLE

In 1885, Dr. Caldwell made a discovery for which elderly people the world over praise him today!

Years of practice convinced him that many people were endangering their health by a careless choice of laxatives. So he began a search for a harmless prescription which would be thoroughly effective, yet would neither gripe nor form any habit. At last he found it.

Over and over he wrote it, when he found people bilious, headachy, out of sorts, weak or feverish; with coated tongue, bad breath, no appetite or energy. It relieved the most obstinate cases, and yet was gentle with women, children and elderly people.

Today, this same famous, effective prescription, known as Dr. Caldwell's Syrup Pepsin, is the world's most popular laxative. It may be obtained from any drugstore

The Clarendon Furniture Company, so named since the transfer of the control of this company to Messrs. Frank Heath and R. E. Paxson last October, is one of the leading stores for the sale of home furnishings in this section of the Panhandle. They are rated as one of the newest business houses in the city of Clarendon, having been here for only a little less than two years. Their second anniversary will be celebrated in the early spring.

Originally one of a chain of stores operated by the Amarillo Furniture Company of Amarillo, the store was sold last October to Frank Heath, local manager and R. E. Paxson of Shamrock, manager for one of their stores in that city. Relationship is maintained between the present company and the local store, in that the Clarendon business house may obtain benefits from the large buying power of the Amarillo concern that is parent to a large number of stores in the Panhandle section of the state.

Since coming to Clarendon, this furniture business has enjoyed one of the largest businesses that has ever been in a similar line in the city. Their plan of sales to allow ten months or more for the purchase of home furnishings has met with the approval of the general public, and their resultant sales have grown as the months have passed.

Standard lines of merchandise are handled, each piece of goods being marked plainly with the sale price that no misunderstandings should be had on the price on a particular piece of merchandise. Due to their large buying power, they have the advantage of offering their merchandise at a slightly lower price than even the mail-order houses.

The owners of this business, together with their families, live in the city. Mr. Heath came to Clarendon from Amarillo, having been connected with the Amarillo Furniture Store in that city before coming here. Mrs. Heath assist in the business by keeping the books a part of the time.

R. E. Paxson, the other member of the firm, came to Clarendon from Shamrock, where he had likewise been connected with one of the branch stores of the Amarillo Furniture Company. Before his stay in Shamrock, he was connected with the Wellington branch of the same company. He is well informed in furniture lines, having had several years experience in this line of business. Mrs. Paxson and small daughter do their part in keeping the business running by assisting with the book work and in other details about the store.

A delivery service and free installation is a part of their business policy, they believing that this will assist in making and holding friends from among the prospective buyers of the city.

In addition to the usual line of furniture, they handle a standard line of stoves and floor coverings and have recently added a line of radios to their stock in trade.

Mayor Ewing Thomason of El Paso touched the button that put into production the new \$5,000,000 plant of the El Paso Electric Co. whose steam turbines will have a total capacity of 53,500 horsepower and will supply 162,000 persons living between Hatch, N. M., north El Paso and the Dave Gill ranch, 75 miles south.

Arthur Martin, a former resident of this city, and now of Denver, Colorado, was in Clarendon Monday of this week visiting with his old friends of the city.

LATSON IS ONE OF LEADING BUILDERS

MANY BUILDINGS ERECTED HERE IN PAST YEARS SHOW MASTER HAND.

Coming here some nine years ago and making his home here since that time, O. W. Latson, the owner and builder of the Latson block opening the latter part of this week, has made quite a record in building in the city of Clarendon. Numbers of homes attest to his skill as a workman and many other towns other than Clarendon in the Panhandle are aware that he is one who is well acquainted with the work in hand.

The Latson building is the latest structure to be built in Clarendon and will probably stand as one of the outstanding pieces of work for some time. Immediately preceding this work, he completed the new Presbyterian Church, which is another of the outstanding pieces of work for the past several months.

In the residence section of the city, possibly the most monumental piece of work attempted in the past several years is the home owned and occupied by Mr. and Mrs. Cal Merchant. This home is calculated to be one of the most costly in the city and is complete to the finest details. The entire work on this building was done under the personal supervision of the contractor.

His own residence is another building that has seen the hands of the master workman in the past several months. This also is one of the new and modern homes in the city. Work on this was completed last summer.

In addition to these few places that have been built in the past few years, there are many instances in the city where Mr. Latson has been used to good advantage as a brick specialist. His work on many of the buildings here has attracted considerable attention and he is always in demand where work of this sort is to be done. A great majority of the homes and office buildings in the city that have been built of brick in the past number of years have used him as the mason or to supervise this portion of the work.

At the present time, workmen under his direct supervision are tearing out the interior of the building adjacent to his new structure and are preparing to extend it to the alley in the rear and bring the front to the property line. This building will be occupied by the Clarendon Drug Store when it has been completed.

For fear that some of the readers of the News will think that the efforts of Mr. Latson are confined entirely to work with brick, let it be said that he is as well acquainted with the uses of the saw and hammer as he is with the trowel. Numerous homes built here before the use of stucco and face brick became popular were done under his supervision. In all cases he has proven master of his trade and is sought when the need for a builder arises.

A new industry at San Saba is the shipping of mussel shells to a Kansas pearl button factory. The shells brought \$25 a ton and the shell gatherers who clear the shells by cooking them in a vat found a number of valuable pearls some single ones bringing \$75 to \$85 each.

MITCHELL SHOP IS POPULAR ONE

NEAR TWO YEARS OF SERVICE FINDS SHOP ONE OF CITY'S FAVORITES.

The second birthday of the establishment of Mitchell's Barber and Beauty Shop finds this one of the most popular of the shops of this nature in the city of Clarendon. For several years a workman in one of the local shops, Mr. Mitchell hit upon the idea of opening a place of business under his own name. Mrs. Mitchell was a graduate in the beauty culture field and this was included in the plans for the opening of the place.

The move from the location next to the Home Bakery to the new place in the Latson building will put this place of business in one of the most completely equipped places in the city. The balcony part of the building was especially designed to care for the needs of a beauty parlor, while the fittings and plans of the lower floor were adapted to the uses of the barber shop end of the business.

The popularity of the place is readily seen when the great volume of the shop is seen. Located advantageously to all centers of the city, their business has steadily increased until additional men have been placed on duty at times to care for the needs. The same may be said of the Beauty Parlor section of the business, where the operators are continually busy helping the ladies of the community keep their "Schoolgirl Complexions."

Before the time comes for putting the incubator into service for hatching, it should be cleaned and thoroughly disinfected to destroy disease organisms before eggs are put in it. Be sure that all down and dirt have been removed from the incubator. Disinfect the interior of the machine as well as the egg trays and nursery drawers with an effective disinfectant, such as a saponified cresol solution.

Sore Gums—Pyorrhea

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. L. To's Pyorrhea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails. Clarendon Drug Store.

Second New List Added to Library

For the second time within a week, the City Library of Clarendon has received a great list of new books for the shelves of this place. These late arrivals consist of popular copyrights from prominent authors and make a great addition to the library. Queen Judson—Joseph C. Lincoln.

Enemy Love—Martin.

Resurrection—Polstoy.

At the Foot of the Rainbow—Gene S. Porter.

We All Live Through It—McGrath.

The Magic Garden—Gene S. Porter.

NICHOLS GIVES REASON FOR COTTON PRICES WEAKENING

Austin, Texas, Jan. 28—Indicated supply of cotton in the United States on January 1 was 10,467,000 bales, compared to 9,495,000 bales on January 1, 1929, and a seven-year average on that date of 9,806,000 bales, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"In December, 454,000 bales were used in the United States and 910,000 bales were exported, making a total disappearance of 1,364,000 bales," Mr. Nichols said.

"During the first five months of the present cotton year, supplies have been reduced 6,905,000 bales,

whereas reduction in the same period of 1928 amounted to 7,561,000 bales. Most of the decrease this past year is accounted for by smaller exports, although domestic consumption is down also. The final estimate of the crop, issued in December, was larger for 1929. These bearish factors, coupled with the low spinners margin, are the weakening influences in the cotton market."

In making Boston brown bread be sure to steam mit for about 3 1-2 hours in well-buttered molds before baking it to dry out the top.

Bladder Irritation

If functional Bladder Irritation disturbs your sleep, or causes burning or itching, Sensation, Backache, Leg Pains, or muscular aches, making you feel tired, depressed, and discouraged, why not try the Cystex 48 hour test? Don't give up. Get Cystex today. Put it to the test. See for yourself how quickly it works and what it does. Money back if it doesn't bring quick improvement, and satisfy you completely. Try Cystex today. Only 60c. For sale by Douglas & Goldston Drug Co.

LIONS TOLD OF PROPOSED PARK

IMPROVEMENT OF PRESENT SPACE MAY LEAD TO ACQUIRING MORE LAND.

The activities committee of the Clarendon Lions Club presented their first draft of a proposed improvement program for the vacant block of land at the head of Kearney Street at the luncheon Tuesday of this week. The program of the committee was announced by Lion A. L. Chase, chairman of this committee, who in turn presented Lion Braswell. The plan of the park is at present a sort of hazy outline and is subject to changes without number that may be put into effect before the final work is completed. A memorial to the Clarendon and Donley County boys who had their share in the great war may be included in the project, which at first glance shows the plan of a park with a playground, public speaking and other gatherings of like nature. In addition to this, there is to be a wading pool for the younger members of the family, park space and shade trees to make this a center of attraction for picnics and many other like items that may be added as time goes on.

The plan was shown the Lions was not opened for discussion at the time was short and it was the idea of the committee in charge to secure discussion from everyone before any additional work was done on the matter. By the improvement of the block of land on which the first part of the program is to be located, the second block, just to the south of this one may be secured and further plans of beautification carried to a successful conclusion there.

The first production of the Little Theater was announced by Lion Kennedy, mention being made of the fact that tickets were in the hands of Lion Merchant, who would be more than glad to dispose of them to any Lion who might desire to attend the production. Every member of the club was urged to make a special effort to attend the production as it was the first to be given by the personnel of the Little Theater movement in the city.

Lion Mulkey stated that plans were well under way for the meeting of the zones of Lion Davis and of his zone here on February 11th. Melvin Jones, Secretary General of Lions International will be here and District Governor A. C. Kater will also be in attendance on the meeting. From here the party will go to Pampa and will wind up their visit in this section of the state at Lubbock on the day following the meeting here.

The Directors of the Clarendon Club were called to meet at the usual time and place on Monday, February 3rd, to make final plans for the zones who would meet here on the Tuesday following the first luncheon in February.

The introductions of guests found the following present: Miss Harlowe Burrell, Rev. W. H. Marler, W. L. Butler and Joseph H. Leopold. Mr. Leopold stated that he would do his talking at the banquet at the evening hour and that he would prefer to say as little as possible at this time. Rev. Marler invited the Lions to attend the services that are to be held at the First Christian Church the latter part of this week.

Lion Boykin expressed his thanks to the club for the hearty manner in which they assisted in engendering a fine spirit for the annual Chamber of Commerce banquet. He stated that he thought a good work had been done and that great benefit would

ANNUAL BANQUET

(Continued from Page 1)

pital under its new county management. "No hospital anywhere has any better furniture or can afford any better service" said Mr. Chamberlain.

Greer Cottingham, the boy from Lelia Lake who won the state grain judging championship was introduced as being one of the biggest assets of Donley County and the lad responded with a word of appreciation for aid to the boys work in his community. Later his father, M. G. Cottingham, was introduced as one of the excellent farmers of the county. Mr. Cottingham spoke briefly for his interest and appreciation for the chamber of commerce work and the value of the extension service.

Miss Harvey Thompson, county home demonstrator, was introduced and acclaimed as one of the hardest workers for the growth and progress of Donley County. Miss Thompson made a very practical talk reviewing the work of her clubs during the past year and bringing applause when she tallied the various achievements of the club women and girls of Donley. She expressed pleasure at the recent addition of a farm agent to the extension service here.

Quite an ovation was tendered T. R. Broun, when he was introduced as the new county agent for Donley. This work has been authorized some time, but this was the first appearance and intimation to local people that an agent had been actually secured.

Mr. Broun expressed his pleasure at being present on this occasion and said he "knew of no county anywhere where there was a greater opportunity to work than in Donley County." Mr. Broun declared that he was receiving a most hearty welcome here which encouraged him in his determination to be of real service to his chosen field.

Recalling the achievements of the year, Toastmaster Ansley introduced Odos Caraway of the organization, who responded briefly and expressed his thanks to the various committees of the chamber for their uniform services during his closing administration.

Others introduced locally were: O. W. Latson, A. W. Simpson, Homer Mulkey, Sam Braswell, W. H. Patrick, J. E. Ware, J. C. Estlack, J. D. Swift and the members of the commissioners court of Donley County.

Representing the committee, W. H. Patrick outlined the plan of work recommended for 1930. This plan was explained in detail by the speaker and will be found in another column in this issue of The News.

Joseph Leopold, southwestern manager of the United States Chamber of Commerce, was introduced as the speaker of the evening, and so he was. Mr. Leopold made a notable and eloquent address on chamber of commerce work, its history and accomplishments and then branched out into an illuminating discussion of the conditions that face American business and agriculture in 1930.

"Business is sound," said Mr. Leopold, "sounder than it has ever been," and then cited instance after instance in the major industries to prove his point. He paid a high tribute to President Hoover in his practical and direct

be derived from the pursuit of the policy as outlined.

George Briggs of Pampa came in almost at the end of the luncheon and asked that his attendance record not suffer.

The application of Rayburn L. Smith was presented to the club and he was unanimously elected to full fellowship in the club. The secretary was instructed to notify him of the action taken.

Adjournment followed in the usual manner.

manner of dealing with the present situation through the agencies of the United States chamber of commerce and the captains of industry, and declared nothing like it had ever been seen before. No hearer could have come away from the program after hearing Mr. Leopold without a new confidence in the stabilized status of American finance and business, and a new belief in the rewards for those who earnestly labor in their respective lines from farm to factory, with diligence and intelligence.

In the election of four new directors of the chamber of commerce, Messrs. Tom F. Connally, Holman Kennedy, A. A. Mayes and Allen J. Bryan were elected out of a nomination list of eight. Messrs. U. J. Boston, T. D. Nored, and Homer Mulkey are hold-overs to complete the board of seven. This afternoon a meeting will be held to elect the president and vice-president for the coming fiscal year.

Secretary-Manager G. L. Boykin expresses himself as being pleased in every way with the banquet and program and is open in his praise of the committees who handled the affair. "It was a great party," is the way Mr. Boykin puts it.

E. R. Andis and son, Billie Ralph, returned last Sunday evening from Dallas, where they had been for the past week with Mrs. Andis for medical attention. Mrs. Andis remained in that city and will probably return to her home here some time this week. She is reported to be doing nicely.

Local Man Sells Much Butter Here

LARGE WEEKLY AVERAGE AT THIS SEASON OF YEAR. HAS SIX COWS.

M. F. Robinson, a resident of this county for many years, reports that he is meeting with splendid returns from the sale of butter at this season of the year. Mr. Robinson is milking six Holstein cows at the present time and reports the sale of 48 pounds of butter per week from these six cows. This amount naturally comes in addition to the milk and cream that is used in the home for purposes other than for sale.

At one time, Mr. Robinson reports that he sold in excess of 1,900 pounds of butter in one year. The present high average will not hold up at all times, and the average is good when the usual run of a year is taken into consideration. This man is a great believer in the Holstein breed, stating that he has the better of the two breeds.

The skim milk is fed to calves, pigs and poultry about the farm, thus increasing the income from the milk in another manner. Mr. Robinson also raises fruit and derives considerable income from this source in the course of a year's time.

WARE FAMILY MOVES HERE TO OCCUPY DONLEY FARM

Mr. and Mrs. J. E. Ware and family of Amarillo arrived in the city the fore part of this week and have taken up their residence on the farm they purchased shortly before the first of the year. Mr. Ware is a poultry and dairy man of wide experience and is bringing his chickens to the county with him. Charles, the son, is a worker with hogs and has won wide recognition for his work with pure-bred stock. Mrs. Ware is an enthusiastic Home Demonstration worker and is transferring from Potter County to Donley in the Living Room Improvement contest.

HOMER ELLIS IN EL PASO

Through her grandmother, Mrs. L. L. Cantelou, The News is informed of the recent move from Plainview to El Paso of Mr. and Mrs. Homer Ellis. They arrived in El Paso last Saturday, Mr. Ellis going by rail and Mrs. Ellis driving through. They are located at the Gateway Hotel, where they will be happy to receive letters from their many friends here. The move was thought advisable for the benefit of Mr. Ellis' health.

E CAREFUL IN PLACING RADIO AERIAL WIRE

Radio aerials are harmless pieces of wire—unless they are installed too close to a power wire, and then they become serious menace to life and property. The aerial may break in a high wind

and make contact with the power line with disastrous results. Here are a few precautions to follow when installing a radio aerial: Never throw an aerial wire over a power wire.

Do not install an aerial below or above a power or telephone wire.

Do not attach an aerial to a tree unless precaution is taken to see that a spring support or counterweight is used to offset the swaying of the tree in a wind.

Be sure that the supports of the aerial are secure and use at least No. 14 wire.

Under no circumstances should aerials be attached to electric light of telephone poles.

Power and light companies are ever on the lookout for these hazards, but occasionally a radio owner carelessly installs an aerial which escapes notice until an accident occurs.

CLARENDON GIRL GRADUATES AT MID-TERM

Miss Manette Chase, daughter of Mr. and Mrs. A. L. Chase of this city, returned to her home last Sunday morning after having graduated from the College of Industrial Arts at Denton at the close of the mid-term period. Miss Chase was unable to attend the first part of last year, else she would have completed the course at the close of the school year in June of 1929.

PANHANDLE SERVICE STATION IN NEW LOCATION

H. Ziegler, owner of the Panhandle Service Station, formerly

located across the street from the Antro Hotel, announces this week, his removal to the station immediately to the East of the Donley County State Bank. Mr. Ziegler has leased this place of business from Chas. M. Bell, Pennant agent for the city. Mr. Bell will continue to occupy office room in this place of business, but has relinquished control of the operation to the new tenants.

LEGION MEETS TONIGHT

A called meeting of the Aubyn E. Clark Post of the American Legion is to be held tonight, Thursday at 7:30 in the Legion Hall. The meeting is called to discuss and further complete plans for the burial of H. M. Christianson. All ex-service men are invited to attend and are asked to check their uniform before coming to the meeting that the committee in charge may know how many they may expect to take part in the funeral.
