Donley Co. Scholastics Show Small Gain

Second In Series Of Programs At Lelia Lake Tonight

LELIA LAKE TO BE HOST THIS WEEK

CLARENDON FOLK TO VISIT NEIGHBORING TOWN FOR PLATE LUNCH

Plans are under way for the second of a series of meetings of Clarendon business men with the residents of the county in their home communities. This event is to be held in the schoolhouse at Lelia Lake and the program in itself will be similar to the one held last week in Ashtola school.

The Clarendon band has been commended for this event and will present a concert during the serving of the meal. Later in the day this organization will move into the house, where they will continue their music along with the other events planned for the evening. There will be a saxophone solo or two, some clog dancing and probably a very short speech. No long drawn program is to be rendered as it is hoped the entertaining folk will prefer to meet the visitors rather than hear some oratory in which they are not interested.

The trip will start from the City Hall at 7:00 p. m. The meal will be served at Lelia Lake at 7:30 and should there not be a sufficiency of the plates, there will be a plenty of ice cream and cake to fill in the vacant spaces.

CLARENDON BANKERS AT MEETING

Clarendon's banking institutions were well represented at the Panhandle Bankers Association held in Amarillo yesterday and today. The banking institutions of the city were closed Wednesday in celebration of the day, the majority of the employees taking advantage of the holiday to attend the programs as presented in the neighboring city. The following are those in attendance: Mr. and Mrs. Holman Kennedy, Wesley Knorrp, Kelley Chamberlain, Fred E. Chamberlain, Mr. and Mrs. Louie Holloway, Geo. H. McCleskey, Mr. and Mrs. J. D. Swift and Miss Anna Moores Swift, Miss Eva Lee Morrison, W. H. Patrick, Mr. and Mrs. F. W. Taylor, Misses Katherine Patrick, Elgin Patrick and Wylfa Alexander.

PATCHING FAMILY RETURNS FORM THREE WEEKS TRIP

Mr. and Mrs. F. G. Patching and Mrs. John Craig returned to their home in Clarendon the latter part of last week from a three weeks vacation trip through a large part of the state. Leaving here, the party drove to the valley, where they visited in Old Mexico. The return trip was made through San Antonio, Austin and other points in that section of the state. A total of 2,222 miles was driven on this trip, the entire amount of driving being done by Mrs. Craig.

LEGION PLANNING OPEN HOUSE SOON

SOCIAL NIGHT OF LEGION TO BE TURNED TO SMOKER. PROGRAM UNDER WAY

The most important item attended at the meeting of the American Legion Tuesday evening of this week was the planning for the open house of that organization on the evening of June 17th. The social committee was authorized to get themselves into action and make plans to entertain the members and their invited guests on that occasion.

One feature of the affair is to be the fact that the Post at Hedley is to be invited to attend and take part in the affair. This organization has but recently been reorganized and the members are to be invited to this city for the evening.

Investigators of this plan feel that this is one means of selling the Legion as an organization to the older men of the city. Something will be had on the program that evening pointing toward this end. Members of the Legion are to ask their fathers, making this a sort of celebration of Father's Day, or to bring some other person who would be interested in the program of the evening.

BAND TO AGAIN PLAY CONCERT

BAND STAND ERECTED TO CARE FOR FREQUENT CON- CERTS DURING SUMMER

A stand was built Wednesday of this week on the northern side of the Grammar school building to care for the Clarendon High School Band in the concerts that will be held at times during the coming summer months. The stand is not at all elaborate, but is built so that it will stand the uses to which it may be put and will not be removed after each concert as has been the custom in the past.

The stand will be dedicated to the uses of the public on Sunday afternoon, June 8th at which time the band will present its first concert from this new location. Some surprises in the matter of special arrangements since the band has moved into this as their new home and have a piano that may be used to assist in specialty numbers.

As on previous Sundays, the concert will be held at 4:30 p. m. and the public is cordially invited to attend and hear the presentation.

Mr. W. P. Cagle, Mr. and Mrs. Van Kennedy and daughter Dorothy are attending the Confederate Reunion now being held in Memphis, Tenn.

MARINE TEST IS WORKING DAILY

REPORTS FROM WORK INDICATE THAT PROGRESS IS BEING MADE

Using one shift of men and running through the daylight hours, the drilling crew at work on the marine test is reporting some progress being made on the 300 feet of new hole contracted here a short time past.

Work of cleaning the hole was completed the latter part of last week and new hole was started Saturday morning. The work was found in good condition after the wait of some weeks and good progress is being made although the formation encountered is very hard.

As is remembered, a contract was recently entered by which the hole is to be deepened 300 feet to bring the level of the well to 4,300 feet. When completed, this well will be the deepest thus far encountered in any wildcat test in the county and the backers are very enthusiastic over the outlook for production.

KEMP TAKES MEMBERS OF CLASS ON FISHING TRIP

G. G. Kemp and the members of his Sunday school class in the Baptist church enjoyed a short fishing trip the fore part of this week. Mr. Kemp stated that the boys did not care so much for the fishing, but that they certainly enjoyed swimming in Lake Kemp and the thrill of camping out over night. The boys and their teacher left here Monday afternoon and returned to their homes Tuesday evening. One of the boys landed a fair sized Drum but this was not enough for the crew so they gave this fish to the gate keeper as the came home. The other big ones all got away. Hollis Leathers, Arlie Wood, J. D. Holzclaw, Charley Walker and J. R. Cox were the lucky boys who were interested in the trip.

PRIMITIVE BAPTISTS TO HAVE SERVICE AT MARTIN

Announcement was handed the News the fore part of this week of preaching services to be held at Martin next Sunday, June 8th. Rev. F. M. Griffin of Memphis will preach and everyone is invited to attend and take part in the meeting. The services will be held at 11:00 o'clock in the morning.

John Hunt returned to his home here Monday of this week after a visit to his wheat land on the North Plains and over into Oklahoma. He reports his wheat as looking fine, but in some need of rain at the present time.

Summer School Opens June 9th

Monday, June 9, will mark the opening of the Summer session in Clarendon Junior College. The faculty of instruction will be headed by Dean W. A. Clark, Jr., instructor of education. He will be assisted by F. A. Stocking, teacher of social sciences, and Miss Ineva Headrick, instructor of English, with other instructors to be added when arrangements have been completed.

All courses commonly found in the high school curricula will be offered by the school. A student will be given the privilege of taking one old subject for make-up purposes and one new subject for application on the next long term of school. Algebra, English, plane geometry, history, Spanish, Civics, advanced arithmetic, biology, and general science will be offered in high school subjects. If the number wishing other courses is justifiable the desired course will be supplied.

The college courses to be offered are English, American and European History, Spanish, solid geometry, plain trigonometry, college algebra, elementary and secondary education, chemistry and Government.

Mr. and Mrs. Clark Hemminger were Sunday visitors of friends in Clarendon.

Miss Sara Thompson returned to her home here last Saturday evening after a successful year in a visit to Fort Worth for another term of school.

ROY BARTLETT NAMED HEAD CHILDRESS LIONS

The issue of the Childress Index of Wednesday morning carried the item to the effect that J. R. Bartlett, formerly of this city, had been elected to the office of President of the Childress Lions Club. Mr. Bartlett has been a member of this organization since it was founded in Clarendon and has been active in the work since his removal to Childress some two years past. He has many friends in Clarendon who wish him well for his administration.

ENTRY LIST OF CONTEST CLOSED

LARGER NUMBER IN CON- TEST THIS YEAR THAN IN PREVIOUS EVENTS

Although the committee in charge of the yard contest for the year 1930 has not completed the tabulation of the entries in the yard contest for the present year, they have stated that more than fifty Clarendon yards are in the running this year. This number is far in excess of any year yet seen and is to be readily noted by the activity seen in all parts of the town.

This year there is to be no difference made in the front and back yards of the homes judged. This may be seen by a perusal of the score cards that will be used in judging the yards. Two classes alone will be considered, those who have won prizes in years past and those who have never won a prize of any nature.

With the entrance of the candidates for the places well out of the way, the yards will be kept in first-class condition until they are judged in August. Prizes will be secured in the very near future and placed on display in a conspicuous place that the entrants may know how hard they are to work to secure the prize they most desire.

Clair Marie Braswell is home from her studies at C. I. A., arriving here Monday night with her father, who with Mrs. Braswell returned from the West Texas Chamber of Commerce convention at Abilene via Denton to bring the young lady home.

Friends of Misses Nettie and Louise Mellino, former residents of Clarendon, will be pleased to learn that they left overland from their home in Haskell last week in company with Rev. and Mrs. Foote for New York, from which port they will sail soon for a tour of Europe.

BANDS INVITED TO CLARENDON 4TH FIVE BANDS FROM NEIGH- BORING TOWNS ASKED TO PARTICIPATE HERE

Adding another attraction to the many already planned for the July Fourth attraction in Clarendon, Band Director Stephenson has extended an invitation to five bands to come to Clarendon and take part in the celebration that will be staged here on the birth date of the nation. The organizations from Shamrock, McLean, Wellington, Estelina and Memphis have been invited to Clarendon and acceptances have been received from the Shamrock and Estelina bands. The others are expected to be received at almost any time now, and a total of 100 band members are to be here for the event.

Director Stephenson states that there will be music in Clarendon all day July 4th and that it will probably continue through a part of the night since the final concert has been planned for 8:00 or 8:30 in the evening. Every attraction of the celebration will have a band to furnish just the sort of music most suited to their particular crowds and there will be plenty of music for everyone.

A feature of the entertainment of the visiting band members is to be a banquet tendered them at 6:00 o'clock on the evening of the Fourth. This will be immediately after the bands have taken part and will close with a monster concert of all the bands in a single unit.

The Clarendon band is planning to go to McLean the latter part of this month for a concert and to advertise the July Fourth celebration in that city.

Special School Starts Monday

A special school for those Sunday School members of the city of Clarendon between the ages of 6 and 14 will be held in the First Presbyterian Church beginning Monday of next week. The school will be divided into two groups, the first group will be those in the limits of six to twelve, while the other group will contain all those in the 13 and 14 year ages.

The theme of the entire school will be the Bible and Missions, with two classes taking the work. The younger members of the school will have their class on the above named subject and will have the first period in the morning, from 8:00 to 9:30 in the mornings. They will have the lessons interspersed with ample play time that they may not become too much tired.

The older group will have a special subject which will cover Bible Geography and the Life of Christ and will have the period immediately following 9:30 and will close at 11.

It is the plan of the workers who have this in charge to secure all registrations by Saturday, the church being held open Saturday morning to allow this work to be done. A slight charge of 25 cents is being made to cover the cost of supplies needed in the work. The school will hold over two weeks, closing June 21. Statement has been made that the classes are open to all children in the city, they not being limited to the membership of the Presbyterian church.

Mr. and Mrs. Harry Guyney will leave the latter part of the week for San Antonio, where they will make their home. It is with much regret that their many friends see them go.

Mr. and Mrs. McHenry Lane left Friday for Canyon and Lubbock. Mrs. Lane will be in school at Canyon for the summer term while Mr. Lane will be at Lubbock in Texas Tech College.

Mr. and Mrs. Odos Caraway and children, Julia Maye, Frances, Agnes and Betty Jo returned Sunday evening from San Antonio. Mr. and Mrs. Caraway had attended the graduation exercises at the Incearnate Word School which Julia Maye and Agnes were members of the graduating class for this year.

Local Artist Has Exhibit In Abilene

An unusual honor came to Harold Bugbee, well known artist of Clarendon, when he was invited to hold a showing of his paintings at the opening of the new seventeen story Wooten Hotel at Abilene during the West Texas Chamber of Commerce Convention in that city last week.

Mr. Bugbee motored to Abilene last week accompanied by his parents, Mr. and Mrs. Chas. H. Bugbee, and superintended the hanging of his paintings and portraits in the mezzanine of the Wooten which is considered the finest hotel in any Texas city under a hundred thousand inhabitants. The artist then remained in charge of the exhibit during the convention and will be there until the 7th, set as the formal opening of the hotel.

Thousands of visitors and Abilene people viewed the exhibit and Mr. Bugbee was the recipient of multiplied scores of compliments on his work. Another honor came to Mr. Bugbee last Friday, when he was the guest of the dinner in honor of the visiting newspaper men, given in the Wooten by the Abilene News and Reporter, where he was introduced to the assembled guests by Max Bentley, managing editor of the Reporter and toastmaster of the occasion.

Mr. Bugbee is gaining wide recognition as one of the rising young artists of the Southwest and Clarendon citizens are proud of his work.

LEGIONNAIRES ATTENTION!

A special train is to be run from Amarillo to the eighteenth District convention of the American Legion at Slaton on June 15th. Members who desire to make this trip will please notify the local Post of their intention not later than Thursday of next week that reservations may be made for the trip. The train will leave Amarillo at 7:30 Sunday June 15th and will return the same evening, leaving Slaton at 7:30 in the evening. Get in touch with Commander Andis or Adjutant Boykin and let them know of your intention.

HOG SHIPMENTS CONTINUE GAIN

MORE THAN FORTY CARS SHIPPED FROM COUNTY TO DATE

With the interest in the hog markets being divided between that shown at Fort Worth and the one at Los Angeles, the business of shipping hogs from Clarendon is showing a steady growth. To be exact, one man has shipped 39 carloads of hogs to the Los Angeles market, while another has shipped nine to the Fort Worth packing houses.

Net returns on the hogs shipped to these two points will differ very little with the possibility that the Los Angeles market is a little better. The grade difference is a little more liberal with top hogs being classed in a little different manner as compared to other markets.

The average content of the cars shipped to these various markets will run to near ninety hogs to the car. The average weight of each hog will run between 100 to 135-50 pounds, with probably a few smaller than these weights. The price has run in the neighborhood of ten cents per pound for those shipped this season. Thus, it may be seen that the producers of Donley County have received near \$48,642.00 for the first five months of the year. Each carload shipped will probably raise this by more than \$1,000.00.

Peak for shipments of hogs from the county is very near, as little shipping is done during the hot months of the year.

Mr. and Mrs. W. F. Dubbs returned to their home here Wednesday from Fort Worth, where they attended the graduation exercises at T. C. U. Their daughter, Miss Angeline received her degree there and returned home with them. They were accompanied on this trip by Rev. and Mrs. Emanuel Dubbs of Borger, who visited here Wednesday en route to their home.

GAIN REGISTERED IN CREAM SHIPPED

MAY LEADS MONTHS OF 1930 WITH MORE THAN FOUR HUNDRED CANS

Leading the year to this date ten gallon cans of cream, with a total of approximately 441 shipments of cream from Clarendon to other points has shown another material increase. A steady gain has been shown for every week of the month beginning with 79 for the first week and ending with 121 for the last week in the month.

Three means have been used to transport this cream to the various consuming centers this past month. By far the largest part has been shipped by express, but the trucks have hauled their due share of the production. Express shipments show to have carried 357 of the total number of cans shipped with the balance being divided among a number of different means of transportation.

In comparison with other months this month just ending shows a fine gain. April had a total of 317 cans, March had 315; February showed 229 and January totalled 185. This brings the totals for the year to 1,541 for the present year as against 1,750 for the same period of time for the past year of 1929. Shipments for 1930 in May show a loss of 123 cans for the thirty-one day period.

MEMORIAL DAY IS OBSERVED FRIDAY

FAIR ATTENDANCE AT CHURCH WITH GREAT NUMBER AT CEMETERY

The Memorial Day services held under the auspices of the Auhyn E. Clark Post of the American Legion last Friday was considered one of the most successful ever held by this body in the city of Clarendon. The attendance at the church was not so large as might have been expected, but there was a sincerity of purpose that has not been seen for some time.

The service in itself was one of simplicity. The address of the day, delivered by Rev. Robert S. McKee was one which drew attention to veterans of all wars and led the gathering to think on the sacrifices made that the American people could be as they are at this time. A tribute was paid to the hero dead, but the speaker asked that the living not be overlooked and that the fight be continued to keep the ideals alive as they had been kept in the past.

The roll call of the dead found the list increased by three veterans of the late war who had been placed in the local cemeteries during the past year. This brings the total number of World War veterans to seventeen located in the local burial grounds.

A new feature was introduced into the services at the cemetery, this being the decoration of the graves of all veterans of wars with flags. The world war veterans graves were each decorated with a wreath prepared by the Auxiliary assisted by Elsie Meador and Mrs. F. A. Cooper.

A list of the graves of veterans of the Civil War and the Spanish-American War has been compiled and is attached hereto. This list has not been carefully checked but is thought to be correct. Others knowing of veterans who are not listed will please report them to the American Legion that they may be included in the decoration list for next year.

G. A. H.; Captain Allen, Thos. S. Bugbee, P. R. Stephens, Benjamin Horton White.

Spanish American War; Zack Shepherd.

NEW GOLF PLAN GOES OVER BIG

MEMBERSHIP IN ORGANIZA- TION INCREASED MATERIALLY UNDER REDUCTION

A great many new members have been enlisted in the Hillcroft Golf Club within the past two weeks since the organization decided to reduce the membership fee and also the per member assessments per month. The committee in charge of soliciting the members was composed of Allen Bryan and J. T. Patman and both these men have been hard at work on the problem since it was placed before them.

At last report, the membership list had grown from the original thirty to 57, with a promise for the remaining three to come into the organization in a short time. It is the hope of the committee that they may increase the membership list to 75 in the very immediate future and make the sport more popular in the city.

C. E. Griggs visited a few days of last week with his daughter, Mrs. V. J. Drow, of Clinton, Okla., returning to his home on Thursday accompanied by his grandson, Jack Drow, who visited in the C. E. Griggs and C. W. Gallo-way home for a time.

COUNTY CENSUS SHOWS GROWTH

NUMBER SHORT VERY FEW TO MEET REQUIREMENTS FOR SEPARATE OFFICE

The final report of the enumerators of the scholastics of Donley County has been delayed due to the fact that the number was so near the total required for the separate office of County Superintendent. The report has been checked in the local office of the Superintendent and has been rechecked in the office of the State Superintendent at Austin. The final figures on this show that the county falls short of the required 3,000 scholastics by an amount of twenty-one scholastics.

This represents a gain of 39 over the preliminary report for 1929, and represents a gain of more than 500 over the final report of the enumerators of 1928. The gain is found in the Hedley Independent School District and in the common school districts of the state. Clarendon and Lelia Lake each contributed to the loss side of the score by not showing a gain.

The net gain for the entire county does not amount to as many as the six-year children who are admitted to the public schools free of charge for the first time this year.

LOCAL LEAGUERS ATTEND SUMMER ENCAMPMENT

Leaguers from the various organizations of the Methodist Church are in the annual encampment under way this week in Seta Canyon, a short distance from Tullia. While there, the representatives of this organization will study work most suited to their interests and at the same time will have the privilege of enjoying life in the canyon for a short time. The Clarendon Methodist Church is represented by Irl Smith, Andrew Reavis, Charles Summers, Miss Ruth Price and Rev. W. M. Murrell.

C. L. Benson and son, Lloyd, made the trip to Lubbock last week, returning C. L., Jr., to his home here for the summer.

MEMBERSHIP IN ORGANIZA- TION INCREASED MATERIALLY UNDER REDUCTION

A great many new members have been enlisted in the Hillcroft Golf Club within the past two weeks since the organization decided to reduce the membership fee and also the per member assessments per month. The committee in charge of soliciting the members was composed of Allen Bryan and J. T. Patman and both these men have been hard at work on the problem since it was placed before them.

At last report, the membership list had grown from the original thirty to 57, with a promise for the remaining three to come into the organization in a short time. It is the hope of the committee that they may increase the membership list to 75 in the very immediate future and make the sport more popular in the city.

C. E. Griggs visited a few days of last week with his daughter, Mrs. V. J. Drow, of Clinton, Okla., returning to his home on Thursday accompanied by his grandson, Jack Drow, who visited in the C. E. Griggs and C. W. Gallo-way home for a time.

A NEW INDUSTRY FOR EVERY TEXAS TOWN

For the next decade, Texas' battle cry should be, "A new industry for every Texas town."

Almost every town and city in Texas has some very worthwhile inducements to offer industry; and, by way of evening the score, industry has worthwhile offers to make to Texas' towns and cities.

A notable instance of this truth is offered in the situation at Schulenberg. An evaporated milk plant recently was established there and when cash was comparatively scarce all over the country, Schulenberg enjoyed a reasonably plentiful supply.

It is the consensus of opinion that more than upon anything else, Texas' future prosperity depends upon a substantial industrial development and expansion.

It is an encouraging symptom, therefore, to see so many candidates for Texas' next legislature committing themselves to a friendly attitude toward industry.

When industry is made to feel it is welcome in Texas, and that the state entertains no disposition to discriminate against it, a quickened industrial development immediately will be discerned.

And that development is something in which no Texas town is too small, or too big, to participate.

Every Texas town and city should at once take stock of its industrial possibilities and herald them to all the world. Industry will listen, because it is seeking new fields nearer to sources of raw materials and more centrally located with reference to the southwestward movement of population.

Today Texas is more substantially a population center than ever before, and certainly there is no state in the union with more to offer in the way of an adequate and constantly available supply of raw materials.

It is high time that Texas capitalized upon its industrial advantages.—"Editorials of the Month."

BOOZE ALWAYS A LAWBREAKER

It is argued that the eighteenth amendment is a failure because the anti-liquor laws are frequently violated. It is impossible to abolish drinking places by law, people say; every city has its illegal speakeasies.

That is true. Kansas City has them. Two years ago under a lax police administration it was reputed to have 1,000. The number now has been greatly reduced. But very likely there still are several hundred; 300 was a recent estimate.

That sounds bad, doesn't it? Perhaps 300 places selling liquor in violation of the law. But people who are shocked at these figures have short memories. They have forgotten the lawbreaking that went on under the old saloon regime.

Nearly twenty-five years ago, when the city was only half as large as it is now, the Beardsley administration made a survey. It found 600 saloons operating legally and about 2,100 operating illegally without paying the city license. There were three and one-half times as many law-breaking points as there were saloons that observed the law.

There were many times as many lawbreaking places in Kansas City under legalized liquor as there are now that the traffic is outlawed, although the size of the city has doubled. Booze has a long history of defying any regulation. It is much less successful in defying the law under constitutional prohibition than it was when the federal government kept out.—Kansas City Star.

THE LITTLE RED HEN

Hard times mean nothing to the little red hen. She just keeps on digging worms and laying eggs, regardless of what the newspapers say about conditions.

If the ground is hard, she scratches harder.

If it's dry, she digs deeper.

If she strikes a rock, she works around it.

But she always digs up worms and turns them into shell profits as well as tender broilers. Did you ever see a pessimistic hen. Did you ever know of one starving to death waiting for worms to dig themselves out?—Wichita, (Kan.) Price Current.

CITY BEAUTIFUL RESULTS FROM YARD CONTEST

MUNICIPALITY TO BE GIVEN MUCH FINE ADVERTISING THROUGH CAMPAIGN

Participation in The Yard & Garden Contest by every family in this Community will make Clarendon known far and wide as "The City of Beautiful Homes." How this will be accomplished is shown by the experience of other towns where these contests have been held.

One family enters the competition and begins to set out trees, shrubs and flowers, making their place more attractive and livable. Their neighbors then see how they can beautify their grounds and they also get busy planting, not wishing to be left behind in the improvement work. The idea spreads from house to house in a healthy contagion and soon the homes along the entire street have been beautified.

A few such transformations as this give a new aspect to a community. It comes to be known as "The City Beautiful." Such a distinction is an excellent advertisement, a real asset.

In these days of strenuous competition between communities, the trade of the surrounding country, the patronage of travelers and tourists, the new residents, business branch houses and industrial plants come to the most attractive and the best advertised locations.

Often one community is preferred above dozens of competing cities for the location of an important plant because the home environment is found to be most attractive.

Because of the known effect of a city's appearance on its growth and progress, participation in the Yard and Garden Contest is really the duty of every citizen.

CUB SCOUTING

The Southeast Panhandle area, has just received permission from the National Council to put on the Cub Scout Program for Boys 9-10-11 years of age. This program has been in the making for 3 years. Laura Spilmon, Rockwell, feller having given the Boy Scouts \$50,000 to investigate it. The Handbook and Uniform is now ready. The Program is perhaps the most significant that has been originated by the Boy Scouts of America. Its contribution to Education, Religion, and Citizenship is the Scout program according to I. E. Jolly, Scout Executive. The Southeast Panhandle is one of the favored few Councils of the 654 in the United States to be accorded the privilege of putting this program on.

It is significant that no Cub Scout program will be allowed in any Institution that first has not a successful Scout Program. Second the Institution must be back of the Program with an active Committee; third no "Cub" Scouting will be formed without a "Mother Club." This perhaps makes it the more significant since it ties up the home and backyard where the boys activities are located. Mother passes on the tests first. Boys of a neighborhood are formed into "Dens" under a First Class Scout.

Students Hold High Averages

Honor students in the graduating Class of the Clarendon High School maintain the usual high average found in this class of a student. Another thing in this connection is found in the fact that the four-year average is used for the first time. Up to this time, the average for the senior year has been used to determine the honor student.

Miss Eunice Johnson, Val-edictorian, has an average of 92.97. Her Senior year average is 94.11. Miss Lucille Pickering, the Salutatorian, has a four-year average of 92.28. Joe Noble, the high grade student among the boys made an average of 88.44.

Honorable mention students are Miss Mildred Sparks with a grade of 91.1 Joyce Link with a grade of 90.2 and Heien Smith with a grade of 90.1.

Miss Cecil Hukel is the honor graduate of the college. Her grades are not given.

whom they choose for their Den Leader. The Cub Master may be the Scoutmaster but in case of large troops the Assistant Scoutmaster or some other suitable person acts as the Cub Master under the Scout Troop Committee. The Pack consists of a number of Dens Meeting at the sponsoring Institution.

Boys come into the Group as "Bob Cats." The First degree is the "Wolf Cub," and the program so arranged that 4 months is the minimum time for passing each test. An eleven year old boy can pass 3 tests in a year while the 9 year old takes 3 years for the same program. The second degree is the "Bear Cub" and the 3rd degree the "Lion Cub Degree." He has passed the Tenderfoot Test of a Boy Scout and by paying his Registration Fee he becomes a Scout and starts his second class work.

Boys register and make application with the approval of the Mothers and cannot belong unless the mother or guardian becomes a member of the "Mothers Club." The Handbooks cost 25c each and registration is 50c a year.

The Uniform is Blue so that without additional cost the boy may come home from school in his blue Knickers change to his Blue Cub Scout Shirt and Blue Cap and Official Stockings. The belt and neckerchief is \$4.25 and will out wear an ordinary cloth-several times. Only boys registered officially may wear the Uniform and Badge.

Rev. J. Hardin Mallard of the 1st Presbyterian Church of Memphis has been commissioned by Scout Executive Jolly for the work at the present time. Other pastors and Scout Leaders should write or see Mr. Jolly about the program.

Mr. and Mrs. Fox and daughter, Pauline and Frances, of Wellington and Mrs. Gregg of Ft. Worth were guests in the J. W. Martin home Sunday.

Miss Herloise Burrell spent last Sunday in Goodnight visiting with friends and relatives.

MERCHANT AND COOKE WINNERS IN TOURNNEY

Ira C. Merchant and Allen Cooke are the two Clarendon Golfers who took their places in the winners group at the Green Belt Tournament held in Quanah last week. Ira Merchant is the proud owner of a cup presented to him as the consolation winner in the first flight, while Allen Cooke took off honors in the driving contest held on the opening day of the tournament. The Clarendon team was third in this part of the event, being beaten by Electra and Memphis.

Mr. and Mrs. W. C. Stewart and family returned last Thursday evening from a hurried visit to the home of his parents at Alvarado. Mr. Stewart reports conditions near his home city as being far from favorable. A recent hail storm devastated a large section of the county and what was left was so water soaked that no crop prospect is in sight at this time.

PROMPT DELIVERY SERVICE

Here is ENERGY

Man's command of energy has always had a great deal to do with his well-being.

The energy of his own muscles, the energy of animals—and finally the energy brought to him over the electric power lines—all these he has commanded in increasing the amount of work he may do.

Most flexible and efficient of these is electric power. It is versatile, it is inexpensive, and it is delivered wherever it is needed, whenever it is required, and in great or small quantities as the user may desire.

Serving 113 prosperous cities, towns and communities in West Texas, this company's transmission lines give an ample, economical and flexible supply of electric energy for farm, factory and home.

MARTIN

Mr. and Mrs. Charlie Hearne and children spent Sunday with Mrs. Hearne's brother, Mr. and Mrs. Vernon Lyles. Mr. and Mrs. Wallace Walling, Mr. and Mrs. Henry Easterling and Earl and Margaret Sue spent Sunday at Alanreed with Mr. and Mrs. Clyde Easterling. Mrs. Bryan Owen and children of Clarendon spent Sunday with her parents, Mr. and Mrs. A. J. Sibley. Mrs. Lee Wood of Amarillo is spending the week with her parents, Mr. and Mrs. Alvin Pittman. Miss Mable Sibley returned home Monday after two weeks visit at Memphis with Mr. and Mrs. J. M. Sibley. Miss Jewell Smith of Memphis came home Saturday to spend the Summer with her parents, Mr. and Mrs. A. A. Smith. Mr. and Mrs. Lonnie Wood and children of Clarendon spent Sunday afternoon with Mrs. J. C. Wood. Luther Pittman and Lufe Smallwood spent Sunday in Wichita Falls. Mr. and Mrs. McClenny and children of Clarendon spent Monday afternoon with Mr. and Mrs. Otto. Mr. and Mrs. Wallace Walling and children and Mrs. Walling's mother, Mrs. Conner, spent Sunday with Mr. and Mrs. Clarence Ayers at Hedley. Mary Peabody is spending the week at McLean with her brother and sister, Mr. Clayton Peabody and Mrs. Glynn Atkins. Fred Easterling spent the week with his sister, Mrs. Virgil Johnson at Goodnight. Mr. and Mrs. Rufus Poole of Claude spent the week end with Mr. and Mrs. J. A. Poole. Mr. and Mrs. Virgil Jordan and son of Goodnight spent Monday night with the lady's parents, Mr. and Mrs. J. H. Easterling. Mrs. Jessie Helton and children spent Saturday night and Sunday with Mrs. Jordan at Clarendon. Ewel Sibley of Dallas spent Sunday with his parents, Mr. and Mrs. A. J. Sibley.

BRAY

The Chamber of Commerce of Hedley met with the Bray community meeting. It was not very generally known in the community that they were coming and there was a very small crowd present. Mr. and Mrs. C. N. Hill spent the week end in the home of Mr. and Mrs. St. Claire who taught our school last term have moved to their home near Levelland. Mr. and Mrs. W. O. Hill and little daughter and Mr. and Mrs. J. C. Hill were callers in the home of Mr. and Mrs. Harmon Folley Sunday afternoon. Sunday school at the usual hour Sunday morning with not as good attendance as we would like to see. Come out and let's have a good Sunday school. Mr. and Mrs. W. O. Hill were shopping in Hedley Saturday afternoon. The sand storms have gotten to be terrible down here, the farmers are all about through planting and wishing for a rain. Mr. and Mrs. Harmon Folley have moved to the place vacated by Mr. Harbison. Mr. and Mrs. H. Harbison have moved to Pampa. We regret to lose these people out of our community, but wish them success in their new home. Mrs. Merle and Laura Mae Harp have returned home after a two weeks visit with their sister, Mrs. Johnnie Rex McClellan. New Mexico farm and ranch lands for sale in Quay and Harding counties. Prices from \$4 to \$15. Write for prices and descriptions.

ASHTOLA

Over 150 people from Clarendon came and put on a very interesting program and band concert at

COTTON SUPPLY IN STATES GREATER THAN IN 1929

Austin, Texas, May 27.—Indicated supply of cotton in the United States on May 1 was 6,463,000 bales, compared with 4,58,000 bales on May 1, 1929, and a seven year average on that date of 5,220,000 bales, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

LUMBER PRODUCTION UP SHIPMENTS SHOW LOSS

Austin, Texas May 27.—Production of lumber in Texas by 34 mills for the four-week period ending April 19 totaled 56,450,000 feet, against 56,159,000 feet by 35 mills in the previous four weeks, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

Mrs. Monroe Harrington and Mrs. W. B. Haile visited with friends in Memphis Friday.

NEED GROWS FOR COUNTRY WALKS

PEDESTRIAN ACCIDENTS CAUSE COMMUNITIES TO BUILD RURAL SIDEWALKS

By E. E. DUFFY

Walkways is a new word which is justified in having a place in respected dictionaries. Walkways is the same applied by a South Carolina editor to sidewalks along country roads. Considerably more than half of those killed and injured in automobile accidents are pedestrians. Most pedestrian mishaps occur on streets and at street intersections.

KONJOLA PUT ME BACK ON ROAD TO GOOD HEALTH

Dallas Lady Eagerly Endorses New Medicine—Found Relief After Other Medicines Failed

MRS. F. L. BETHEL

"For four years my system was in a rundown condition and for the past eight months, stomach and kidney disorders have caused me much suffering," said Mrs. F. L. Bethel, 406 Avondale street, Liberty Heights, Dallas. "Gas formed after each meal and I had a burning sensation from my throat to the pit of my stomach. My kidneys were sore and did not function properly. I had pains across my back, and I was steadily losing in weight and strength. In and this medicine has put me back on the road to health. I am

yet records show that the absence of walking space along rural roads accounts for numerous needless deaths and injuries.

Recently a prominent citizen of Grand Rapids, Mich., was killed on a state highway leading from that city to the suburban district of Highland Hills. A short time previously two school children were mortally injured on the same road. Citizens along the road investigated and discovered that rural sidewalk building was not within the province of either the state or county, so they have taken it upon themselves to lay four-foot walkways on both sides of the highway.

Near Detroit a state highway was widened, and in the recess stretches of sidewalk were removed. Inasmuch as this was in rural territory the walks were not replaced. No less than five persons have been killed and fifty injured since then. Plans are afoot to build sidewalks.

Wayne County, Michigan, the home county of Detroit, has been a pioneer in rural sidewalk building. With an appreciable mileage in service, seven more miles will be built this year.

There is particular need for walkways in areas adjacent to schools. Most accidents in which walking school children are concerned take place between the hours of 4 and 6:30 p. m., after schools are out and the traffic rush begins. By giving children a specific place to walk the accident possibility is greatly reduced.

A survey shows that for the most part states and counties are not empowered to build rural sidewalks. It appears, then, that local communities themselves must, for the time being at least, build their own.

no longer troubled with the stomach condition. My vitality and general health have improved immensely, and I am free from those terrible pains in my back. I sleep soundly at night and my whole system has taken on new life."

When taken for six to eight weeks, Konjola, the new and different medicine, will work wonders that will astonish those who suffer from stubborn ills of the stomach, liver, kidneys and bowels and of rheumatism, neuritis and nervousness.

Konjola is sold in Clarendon, Texas, at Douglas & Goldston Drug Co., and by all the best druggists in all towns throughout this entire section.

SOCIETY

Murphy-Taylor

Hosts of friends in Clarendon will be greatly interested in the announcement of the marriage of Miss Julia Taylor and Mr. Tom Murphy, which was solemnized at Amarillo, Friday in the Methodist parsonage in the presence of a few very close friends.

Miss Julia is the beautiful and accomplished daughter of Mr. and Mrs. W. W. Taylor and has grown to young womanhood in Clarendon. She has been a student of our high school and college and is extremely popular among her young friends here, being a leader of all school activities.

Mr. Murphy, son of Mr. and Mrs. C. D. Murphy, has also been reared in Clarendon and is popular among the younger social set. He also has been a student of our local schools and is now associated with a mercantile establishment of Stratford, Texas, where the happy couple will make their home.

The best wishes and congratulations of their many friends follow them to their new home and may peace, health and prosperity be theirs in their life together.

Mrs. Tom Murphy Given Linen Shower

Mrs. Tom Murphy our most recent and popular bride was the recipient Wednesday afternoon of a linen shower given by her friend, Mrs. Meade Haile.

Mrs. Haile's apartment was lovely with garden flowers and merry with happy voices as the guests greeted the hostess and honoree.

After the guests assembled a treasure hunt was enjoyed with Mrs. Murphy being fortunate in finding the treasure, a large package of lovely linens.

These were opened by Mrs. Murphy in her usual charming manner and spread out for inspection, and such a beautiful array.

Dainty refreshments were served at the close to the following: Misses Ite Verna Martin, Agnes and Julia Mae Caraway, Athlynn Taylor, Nell Butler, Dorothy Jo Taylor, Maurine Wood, Florence Fink, Verna Latson, Lillian and Josephine Murphy, Jane Killough, Lois Alexander, Leatrice Benson and Helen Bailey.

Mrs. Paul Smithy and Mrs. W. S. Stewart were also present.

Mrs. H. L. Guynes Honored

Honoring Mrs. H. L. Guynes, who is moving from Clarendon to San Antonio this week, the members of the Senior B. Y. P. U., the Ochers, S. S. Class, and the Rex Ray Circle met in the home of Mrs. Joe Goldston, Monday afternoon.

The rooms were made festive with flowers in various nooks. After the guests had arrived, including Mrs. Guynes, who had come to take an examination, she thought, paper and pencils were passed and letters were written.

Mrs. Guynes, to be opened at the time given on the back.

During the afternoon, Miss Mildred Sparks gave a piano solo, Mrs. W. C. Stewart a vocal solo, Mrs. Rolle Bromley a vocal solo, Miss Gertrude Shepherd a piano solo, and Mrs. W. S. Stewart a reading.

Mrs. Guynes was presented with a picture as a slight token of the affection held for her by those with whom she has been working.

Punch was served by the hostess, assisted by Miss Sparks and Miss Shepherd.

Old Maids Enjoy Slumber Party

Miss Latrice Benson was hostess last Thursday evening to the joyous group of young ladies in Clarendon who term themselves the "Old Maids Society," in a slumber party in her home. The ladies first went swimming, later returning to town for their evening meal.

The remainder of the evening was spent in many joyful pursuits with bridge and dancing holding their attention until a later hour when midnight supper was enjoyed. Breakfast Friday

morning was served to the following who took part in the celebration: Lucille Allen, Florence Fink, Betty Walker, Wylla Lee Alexander, Lois Alexander, Elgin Patrick, Jane Killough, Latrice Benson and Nadine Haile.

30 Needle Club Entertained

One of the most delightful meetings of the 1930 Needle Club has ever held was that of Tuesday afternoon in the beautiful country home of Mr. and Mrs. Turner Kirby, near Jericho, with Mrs. Kirby as hostess.

The well furnished home was even more attractive with its decorations of lovely blossoms and pot plants.

Little needle work was accomplished due to so many outdoor interests and the exploration of the new home. However this furnished a diversion from the usual routine of the meetings and was even more enjoyable.

An elaborate and tasty plate luncheon was served in late afternoon to:

Mrs. Carl Tyree, Mrs. Ralph Decker, Mrs. Harry Guynes, Mrs. Marvin Land, Mrs. Clarence Whitlock, Mrs. Frank Simmons, and Bill Leverette, club members.

Mrs. Joe Cannon, Mrs. Frank Whitlock, Mrs. Hubbard, Mrs. Vadie Carpenter, Mrs. W. A. Land and Mrs. Thos. O. Kirby of Jericho, invited guests.

Mrs. Foyd C. Baldwin Named Honoree

Mrs. Foyd C. Baldwin of Louisville, Ky., house guest of Mr. and Mrs. A. R. Letts, was named the charming honoree of a lovely party on Wednesday afternoon with Mrs. James Trent and Mrs. G. B. Bagby as joint hostesses, in the beautiful home of Mrs. James Trent.

A pink and green color scheme was carried out in all the decorations. Pink roses combined with greenery were used attractively about the rooms. The tallies furnished the scheme which was completed in the two course luncheon served at the conclusion of the games.

Auction bridge was the principal diversion for the afternoon with Mrs. Charles Trent winning with a score of 100.

Baldwin was also given a lovely favor.

The luncheon tables were centered with pink roses in silver bud vases and were most attractive in their covers of snowy white linen and silver appointments.

To enjoy this hospitality were: Mesdames B. P. Gentry, M. P. Gentry, T. H. Ellis, M. H. Rhodes Clyde Price, Carl Bennett, J. R. L. Swann, W. H. Martin, J. R. Letts, Sam Dyer, Don Grady, Charles Bell, Richard Bell, O. L. Jenkins, B. L. Jenkins, Jr., James H. Morris, C. G. Stricklin, Edwin Forest of El Paso, Texas and the honoree, Mrs. F. C. Baldwin, of Louisville, Ky.

Misses Mary Cooke, Mildred and Helen Martin.

Mr. and Mrs. Harry Guynes Honored

Mr. and Mrs. Harry Guynes, who are to leave shortly for San Antonio to make their home, were honored Tuesday afternoon by a few of their friends with a picnic and 42 party.

The crowd met at the river for a short outing and picnic in the late afternoon. The wonder and joy of the great outdoors and the beauty of nature were enjoyed to the fullest until supper was announced.

A bountiful picnic lunch had been spread under the outspreading branches of a large tree and this too was duly enjoyed.

The party then motored back to town and congregated at the home of Mr. and Mrs. C. W. Galloway for an evening of 42. The games were enjoyed together with radio music, and the following lingered loath to say good-bye to their friends who were being honored.

Mr. and Mrs. Harry Guynes, Mr. and Mrs. Floyd Keener, Mr. and Mrs. Marvin Warren, Mr. and Mrs. C. E. Griggs, Mr. and Mrs.

Woman's Missionary Auxiliary

The regular Bible study of the Woman's Missionary Auxiliary was held at the church Wednesday afternoon with Mrs. J. G. Sherman as leader of the 23rd to 26th Chapters of the book of Acts.

Refreshments were served and everybody enjoyed the occasion.

Picnic

The Primary and Junior departments of the Baptist Sunday School and B. Y. P. U. enjoyed a picnic Tuesday afternoon. Chaperoned by officers and teachers, a large group of children were taken to the river. It was difficult to tell which was the more enjoyed, the hill climbing, the wading, the games of the lunch. All were taken part in most enthusiastically.

Mrs. Alva Vaughn and Mrs. Lillie A. Dunlap of Phoenix, Ariz., invited guests.

Miss Benson Hostess To Justamere Club

Saturday afternoon the home of Miss Latrice Benson was opened to the members of the Justamere Bridge Club, the members of this organization enjoyed the pleasures derived from this game until late in the day. The number in attendance was rather small due to the absence from the city of many of the members, but this had little to do with the enjoyment of the occasion. The following were present: Elgin Patrick, Wylla Alexander, Mrs. Meade Haile, Florence Fink, Julia Taylor, Jane Killough and the hostess, Latrice Benson.

The members of their evening Club.

A bountiful three course dinner was served in rooms elaborately decorated with larkspur. A color scheme of red and green was carried out in the dinner course and tallies.

In the games of the evening Dr. and Mrs. O. L. Jenkins were awarded score favors.

Present to enjoy this were: Dr. and Mrs. O. L. Jenkins, Mr. and Mrs. Louie Holloway, Mrs. Kate Carroll, Mr. John Bugbee, Mr. and Mrs. James H. Morris, invited guests.

Mr. and Mrs. Will C. McDonald, Dr. and Mrs. M. H. Rhoades, Dr. and Mrs. T. H. Ellis and Mr. Allen Jefferies, club members.

Mr. and Mrs. G. G. Kemp Entertain 42 Club

On Thursday evening, Mr. and Mrs. G. G. Kemp entertained the members of the 42 Club at their home in their usual hospitable manner.

Lovely May flowers adorned the entertaining rooms. A sumptuous dinner was served preceding the games and congeniality was the key note of the evening.

At a late hour the following bade their host and hostess a fond goodnight with many expressions of appreciation for the pleasure of the evening.

Mr. and Mrs. A. A. Mayes, Mr. and Mrs. J. T. Patman, Mr. and Mrs. C. E. Killough, Mr. and Mrs. H. B. Kerbow, Mr. and Mrs. U. J. Boston, Dr. and Mrs. J. G. Sherman, Mr. and Mrs. M. M. Noble, Mr. and Mrs. J. R. Porter, Mrs. and Miss Norma Rhodes.

Mr. and Mrs. Louie Merrell Entertain

A delightful affair of Saturday was the dinner bridge party given by Mr. and Mrs. Louie Merrell at their home in Ashola for

Woman's Missionary Auxiliary

The regular Bible study of the Woman's Missionary Auxiliary was held at the church Wednesday afternoon with Mrs. J. G. Sherman as leader of the 23rd to 26th Chapters of the book of Acts.

Picnic

The Primary and Junior departments of the Baptist Sunday School and B. Y. P. U. enjoyed a picnic Tuesday afternoon. Chaperoned by officers and teachers, a large group of children were taken to the river. It was difficult to tell which was the more enjoyed, the hill climbing, the wading, the games of the lunch. All were taken part in most enthusiastically.

Mrs. Alva Vaughn and Mrs. Lillie A. Dunlap of Phoenix, Ariz., invited guests.

Missionary Society Meets

The Ladies Missionary Society of the First Christian Church had its regular meeting in the home of Mrs. F. A. White, Wednesday afternoon. The meeting opened with the Doxology and Mrs. Joe Humphrey led in the opening prayer.

Mrs. J. A. Anderson read for Scripture lesson a part of the fourth chapter of First John. At this meeting the new officer for the next six months were installed, the following having been elected to the offices.

The usual semi-monthly business and social meeting of the Booster class, First Christian church was held Tuesday evening in the J. D. McAdams home.

The meeting opened with prayer and after a short business session Mr. F. C. Johnson ably presented the lesson, 6th Chapter of 1st Corinthians. A splendid interpretation of these verses was given by Mr. Johnson.

Mrs. McAdams served a dainty ice course to the following: Mesdames Y. E. McAdams, O. D. Leisburg, H. Mulkey, W. L. Butler, Moss, F. C. Johnson, J. R. Tucker, J. D. McAdams and Rev. Ferrell.

Mr. and Mrs. Harry Guynes left this morning for San Antonio, where they will make their home from this time forward.

Mr. and Mrs. Frank Ferguson of LeFors announce the birth of a son on May 28th. Mr. and Mrs. H. J. Edington returned the latter part of last week to their home here after a visit of a few days with the family.

J. P. Rhode arrived home Wednesday morning after a term in

Estelline Guest Is Honored In Luncheon

Honoring Miss Daisy Pruitt of Estelline, Misses Eva Lee Morrison and Lotia Bourland were hostesses last Saturday at noon to a luncheon in the balcony of the Pastime Confectionery. The visitors were greeted with a nicely decorated place, the colors of

in place cards, flowers and other decorations of the room. A three course luncheon was served to the following:

Misses Obie Crabtree, Lorraine Patrick, Katherine Cole, Madge Davis, Dorothy White, Esther Morrison, Eva Lee Morrison, Lotia Bourland, Mrs. Ralph Bourland and the honoree, Miss Daisy Pruitt.

Mrs. J. R. Tucker, President, Mrs. J. T. Bullard, vice Pres., Mrs. Ed Carlson, sec'y and treas., and Mrs. W. E. Ferrell, reporter. The past officers, Mrs. J. A. Thompson, president; Mrs. C. H. Casey, secretary and treasurer, and Mrs. S. B. Arnold, reporter, were complimented for the rapid gains and advancements the Society made during their term of office. Everybody being pleased with their services.

Ten members that were present at this meeting were Mrs. F. A. White, Mrs. F. C. Johnson, Mrs. O. D. Leisburg, Mrs. J. R. Tucker, Mrs. J. D. McAdams, Mrs. C. A. Anderson, Mrs. Ed Carlson, Mrs. W. E. Ferrell, Mrs. J. T. Bullock, Mrs. C. L. Knight, Mrs. Eva Humphrey, and Mrs. J. N. Woods.

Refreshments were served and everybody enjoyed the occasion.

Baptist W. M. S.

Mrs. Wm. Gray, president of the W. M. S. of the Baptist church presided over the business session held at the church, Wednesday afternoon.

Rev. Shepherd had the Bible study of Ephesians 2:1-9.

Reports were made by committee chairmen. The local W. M. S. reported to write the executive meeting of the associational W. M. U. for an all day meeting to be announced later.

Booster Class Enjoy Social

The usual semi-monthly business and social meeting of the Booster class, First Christian church was held Tuesday evening in the J. D. McAdams home.

The meeting opened with prayer and after a short business session Mr. F. C. Johnson ably presented the lesson, 6th Chapter of 1st Corinthians. A splendid interpretation of these verses was given by Mr. Johnson.

Mrs. McAdams served a dainty ice course to the following: Mesdames Y. E. McAdams, O. D. Leisburg, H. Mulkey, W. L. Butler, Moss, F. C. Johnson, J. R. Tucker, J. D. McAdams and Rev. Ferrell.

Mr. and Mrs. Harry Guynes left this morning for San Antonio, where they will make their home from this time forward.

Mr. and Mrs. Frank Ferguson of LeFors announce the birth of a son on May 28th. Mr. and Mrs. H. J. Edington returned the latter part of last week to their home here after a visit of a few days with the family.

J. P. Rhode arrived home Wednesday morning after a term in

Miss Wiedman Is New Rotary Ann

With the removal of Miss Christine Stroder from Clarendon, the local Rotarians found themselves without an accompanist, so one of the first matters of attention at the luncheon last Friday was the selection of a successor to this popular member of the body. Miss Rhoda Wiedman will act in this capacity from this time forward and will also take the place of Miss Stroder as a member of the program committee.

A feature of the luncheon Friday was the discussion of the West

Texas Utilities Company by a member of the club who has no connection with the company. This address was made by Rotarian J. C. Estlack, who had been assigned to the subject by Robert S. Cope, the head of the program committee. His address was enjoyed.

After attending the luncheon as presented and to other business that came to the attention of the organization, the adjournment was had in the usual manner.

Misses Herloise Burrell, Betty Walker, Lois Alexander, Nadine Haile, Lucille Allen were business visitors in Wellington Saturday of last week.

POSTED NOTICE
 This is to notify the public that all of the J. A. Pastures are posted, and hunting, trapping or fishing is not permitted and all trespassers will be prosecuted. **CLINTON HENRY, Asst. Mgr.**

POSTED NOTICE
 Word ranch against wood hauling and trespassing of any kind. **Commerce Trust Company, Kansas City, Mo. Chamberlain, Knorpp, Wheatly, Agents.**

TO THE VOTERS:
 By this notice you are advised that I am a candidate for the office of Justice of the Peace, Precinct No. 2, Donley County, Texas, which includes Clarendon. My candidacy is subject to the Democratic Primary, July 26th, 1930. My name will appear on the ballot. Thanks for your support and your vote. Sincerely,
LEON O. LEWIS.

PARTNERSHIP DISSOLVED
 Notice is hereby given that the partnership between James F. Wright and H. S. Williams, under the firm name of Hello-World Meat Market was dissolved on the 31st day of May, 1930. All debts due to the said partnership are to be paid, and all those due from the same discharged at A. N. Woods Grocery Store in the City of Clarendon by said H. S. Williams where the business will be continued under the firm name of Hello-World Meat Market. Wherefore, witness our hands at Clarendon, Texas, this the 31st day of May 1930.
 James F. Wright,
 H. S. Williams.

COUNTY AGENT TELLS OF VALUE OF TREATED OATS
 A striking example of the value of treating oats for smut was brought forcibly to the attention of the County Agent here this past week. Visiting on the Elmer ranch in the eastern section of the county, he found a patch of 44 acres that had been treated with formaldehyde. The yield on this patch of ground has been variously estimated to be approximately forty bushels to the acre. A short distance away, there was another patch of oats that had not been treated, this being found to have an average of six smut heads to the square yard, this average rendering it almost unprofitable to cut the smaller patch. The work of treating this patch of seed oats was given by Mr. Leach, the man who is doing the farming, and consists of 3 pints of formaldehyde to 2 barrels of water. Thus it is seen that the cost of treatment is not prohibitive when compared to the final results.
 Mr. and Mrs. P. T. Plummer and daughters, Estelle and Shirley, spent the week end in the home of Mr. and Mrs. E. V. Quattlebaum.
 Jack Bourland returned to his home in Clarendon Monday evening of this week from A. & M. College, where he has been attending school for the past term.
 Joe Bourland is to sail Friday of this week from New York City, for a tour of Northern Europe along with his class in Annapolis.
 Mrs. O. L. Fink, Miss Florence Fink and Mrs. Chester A. Pierle of Canyon, are leaving Friday of this week for Austin, where they will attend the graduation exercises of the University of Texas.
 Tot Morris was a business visitor of Claude the fore part of this week.
 Mrs. W. H. Patrick and Miss Lorraine left Sunday evening for Dallas, where they will attend the graduation exercises at S. M. U.
 Mr. and Mrs. Clifton Hubbard of Lubbock were guests of Mr. Hubbard's sister, Mrs. Harry Guyne and Mr. Guyne, on Wednesday.

Oliver on an Implement is like Stetson on a hat. It signifies quality, plus satisfactory service.

Miss Mazie Stewart spent last week with her sister, Mrs. Neely Hudson in Chamberlain community.

Mrs. Neil came in from East Texas Sunday afternoon and is visiting with her daughter, Mrs. W. F. Shannon and family.

Mrs. Y. E. McAdams and children attended Sunday school in Clarendon last Sunday.

Mrs. Hill was called to his son near Clarendon Tuesday to see a grandson who was reported very low with pneumonia.

When vegetables or fruit are cut for a salad, the pieces should be large enough so the salad will not be mushy after the dressing is added. All ingredients should be crisp and cold and with no water clinging to lettuce greens. Add dressing just before serving for dressing tends to wilt the vegetables and salad greens. Potato salad is an exception to this rule.

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a new, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store.

How I Can Increase the Use Of Milk In My Diet

Milk is one, if not the most, important food in our diet. A man could live many days on that one food, for it contains fat, water, protein, vitamins, carbohydrates and calcium. One of the most outstanding things about milk is that it is a strong bone and teeth builder. Therefore, if for no other reason, we should increase the use of milk in our diet.

One of the ways to do this is to make palatable dishes consisting mainly of milk. For instance: in the cereal group we have several milk cereals such as oats, cream of wheat and Ralston.

In the vegetable group we have creamed potatoes, creamed carrots, creamed peas and asparagus tips on French toast (in which the sauce consists almost wholly of the milk).

In the soup group we have cream and tomato soup, milk and onion soup, and chicken soup.

In the desert group we have many such as milk rice, milk pudding, cream custard and ice cream.

Some drinks are cocoa, milk chocolate and ice milk.

There are numerous other ways that milk may be used in our diet, so let's all try to use more milk than we ever before have done. We can have for our motto: "More Milk and Stronger Bodies."

WHY WE SHOULD DRINK MILK

Milk is an emulsion of fats in a water solution of casein, milk sugar, albumin, and ash. It is composed of the following ingredients:

Water	87.2 per cent
Fat	3.7 per cent
Casein	3 per cent
Milk sugar	4.9 per cent
Ash	less than 1 per cent
Albumin	less than 1 per cent

The above figures are not exact because the milk from some cows is slightly different from that from others. Even the milk from the same cow has a different composition at times.

Milk is an excellent food for man because it contains the four necessary classes of food material in the correct proportion. These materials are protein, carbohydrates, fat, and mineral matter. A quart of milk contains about four ounces of nourishing material. This is about the same amount as is contained in six ounces of bread or in twelve ounces of beef. This material, however, is not of the same quality.

Although many people do not drink milk it can be prepared in so many ways that most people get enough of it. In its uncooked form it may be used in many drinks. Some of these are chocolate, tea, and coffee. It is used in many cooked foods. Almost all pies, cakes and puddings contain some milk. Cheese is one of the most popular foods con-

A PROFIT INSURANCE

The Smith-Conard "Combine" Cotton Cleaner And Hull Extractor

By reducing the cost of gathering and ginning from \$15.00 to \$30.00 per bale, a greater chance for a profit in cotton growing can be assured. The SMITH-CONRAD "COMBINE" DOES this.

Aside from the saving in gathering and ginning, the value of the burs and trash to the land as fertilizer is retained by the grower as the burs, trash, sticks etc., are returned to the field as the harvesting process goes forward.

aining a large amount of milk. Milk can be purified in two ways. One of these is by sterilizing. In this method the milk is heated at a temperature of 212 degrees for one hour. In pasteurizing, the milk is heated at a temperature of about 155 degrees for thirty minutes. In the home milk should always be kept on ice to kill the germs and to make sure that the milk is not sour.

A Day of Specials and Surprises

Sunday was a day of Specials and Surprises at the First Christian Church. Little Miss Mamie Isabell Ferrell, sprung the first surprise during the Bible School session by singing a special solo. At the morning services the Men's Bible Class, known as the Loyal Boosters, had charge of the singing. Their special number was led by Mr. A. N. Wood, accompanied at the piano by Mrs. W. E. Ferrell. The song was enjoyed by everyone and already plans are being made to have the class to do more singing. For weeks the church had been looking forward to a great afternoon service. A world wide broadcast of the program of the New Testament church was being put on the air, over the Columbia chain stations and a Majestic receiver had been

Our Beauty Parlor Service

Try as you will you cannot give your scalp, hair and complexion the expert attention you will receive in our beauty parlors. Not only have we the modern equipment, but we have the skilled operators who specialize in the different branches of beauty culture which enables our establishment to render an efficient and highly satisfactory service.

CHEVROLET

IT'S WISE TO CHOOSE A SIX

CHEVROLET'S New Service Policy wins nationwide approval

On January 1st of this year, the Chevrolet Motor Company announced a new service policy—the most liberal ever offered in connection with a low-priced automobile.

Immediately it was greeted with enthusiasm by Chevrolet buyers everywhere—because its many unusual features materially add to the economy and lasting satisfaction of Chevrolet ownership. Briefly, it provides—

- for free inspection and adjustment at the 500-mile mark, and free inspections every 1000 miles thereafter.
- for free replacement of any material—including both parts and labor—that may prove defective, within the terms of the standard warranty.—that this replacement will be carried out by any Chevrolet dealer in the United States—regardless of where the owner may have traveled during the warranty period.

Backing this policy is one of the largest service organizations in the automotive industry—consisting of over 10,000 authorized Chevrolet dealer service stations in the United States alone. Come in! Learn all the other reasons why it's wise to choose a Chevrolet Six!

ROADSTER \$495 OR PHAETON	
The Coach Coupe \$565	The Club Sedan... \$665
The Sport Roadster \$555	The Sedan..... \$675

LIONS ARE TOLD OF MARKETING

PLAN IN OPERATION WITH AS MUCH PRODUCE SOLD AS CAN BE CANNED

Lion W. H. Patrick took the center of the attraction at the Lions Club Tuesday of this week as he told the assembly of the work of the local Chamber of Commerce with the Home Demonstration Clubs of the county in the sale of surplus home-canned products. Lion Patrick told the gathering that slightly less than 600 cans had been contracted on the promise that they would be standard in their content and would all be thoroughly inspected before they were placed in the cans.

This movement on the part of the Home Demonstration Agent and the Chamber of Commerce is the outgrowth of a plan of the bankers to find a place where ready cash may be made available more frequently during the year. The step taken seems to be in the right direction according to the speaker and will form a sort of revolving fund that will never leave the county if the plan continues as started.

A letter was read the Lions on the recent election of Lion Brasher, well to the office of District Governor, complimenting the Lions on his election and making the statement that it was a reflection on the local body.

Messrs LaRoe and Stuckey, the engineer and his associate who are working on the highway through Donley County were guests of the Lions, but stated that they had nothing to say in connection with their work. Detail maps are being prepared and will soon be ready on the two sections of road in the eastern edge of the county from Clarendon to the pavement at the Hall County line.

Report was made on the trip made to Ashtola last week, statement being made that some good had accrued from this first trip. The next meeting was announced for Thursday night and a full attendance was invited. A plate luncheon will be the center of attraction and is to be followed by the program. Other refreshments may be secured later if there are not enough plates to satisfy the needs of the crowd.

Some exceedingly pointed remarks were made toward the quartet as appeared at Ashtola, the statement being made that they were the only part of the Ashtola program that had not been asked to appear at Lelia Lake. Lion McKee will handle the situation at Lelia Lake.

Lion Mulkey spoke briefly on

MY LIVING ROOM

Soon after we moved into our present home I began wondering how the living room could be improved, for Heaven knows it needed it. The very idea was disheartening, I'll admit.

The entrance to the room was through a hall, six feet wide and running the entire width of the room, which was fourteen feet long and fourteen feet wide. The entrance door has a large glass, also a large panel on either side of the facing. This made a light hall, but my living room, was rather dark.

The first thing I did was to have this hall thrown into the living room, making one large room fourteen feet wide and twenty feet long. Now, the door gave extra light to my room. The French doors were placed between the living room and the dining room. This also gave more light. The whole room had been finished with Wainscot, which was an ugly brown. This was all torn out and the entire room canvassed and papered with good grade, light cheery patterned paper.

Next came the woodwork. It had one time been done in an ugly dark brown, and time surely hadn't helped it any, so I purchased a bucket of ivory enamel and the transformation began. The enamel covered mars, scratches, and the old dark color beautifully, and when I had finished, the woodwork could hardly be told from new. Now it is attractive and is easily cleaned.

It was about this time that Miss Harvey Thompson, our demonstrator, and my friends began urging me to enter the living room contest. Then the words of my dear daughter, who left this world a little over two years ago came back to me.

"Mother," she had said, "Some day we are going to fix up a nice comfortable living room, but first we'll enter the living room contest and get some help and new ideas. Then maybe we shall win something, too."

In the end I entered and began looking at my room in earnest. Then I stopped and looked at the floor. I'd purchase a nice rug of course, but the floor around the rug. How could I ever fix it? Then my eye fell upon that huge, ugly crack left by the moving of the hall wall. It could never be remedied I thought. Then the splinters and ancient brown paint gazed up at me in outstanding figures.

A new floor was out of the

work of the band and also mentioned the fact that the local organization could use more funds if these could be found. The erection of the band stand was announced as well as the location of the band in their new home in the old grammar school building.

question, so I hit upon the next idea. It could be planned to a smooth surface. So the next rainy day the men of the house set to work. It was a slow job but soon the splinters and brown paint were no more. Next I took putty and filled the wide, and other noticeable cracks, I then applied a coat of shellac, a coat of stain, another of varnish and then waxed over all. Now I have only to wipe my floors with a woolen cloth and they are as pretty as new.

I purchased a three-piece overstuffed living room suite. One of a good material, built to last. Then I secured a beautiful axminster rug, nine feet wide and fifteen feet long, to match.

I already had a nice, large library table, so I placed this back of my divan. This makes a nice study place for my son. A piano and Victrola were already on hand and added much to my room. A bright red magazine rack of much use, but like new, added color as well as usefulness. I enameled a large basket red and black which made a nice waste paper basket when placed on the floor near the table.

I already had a nice console table and mirror. I placed these conveniently and re-enameled a nice flower basket and filled it with flowers and placed on this table.

I now needed a place for my books, so I had a nice but inexpensive book case made to match my other furniture. The draperies for my doors and windows were of a cream color marquisette material and were real nice so I used these and saved buying others. The light coming through these was soft instead of glaring.

A footstool of recent years matched my suite exactly, and I found a large Japanese doll enameled in gay colors for a door stop. An ancient rose color lamp base, twenty-six years of age was brought from the attic and changed into a splendid jardiniere.

A long, narrow, inexpensive but colorful tapestry adorned the wall just above the piano. An inexpensive lamp shade, in a pretty pattern, made reading more pleasant at night, and a set of books on the library table was held in place by attractive book ends. Pictures of long usage but still pretty, were placed conveniently on the walls.

I now lacked one thing—heat. Gas was piped into the room, and a nice fire-place heater was attached. And soon, I shall add a mantle for comfort and for beauty. Now my living room is one of comfort and joy. One where our entire family can relax and truly live.

—Mrs. W. V. McCauley, First place winner in Class II, 1930 Living Room Contest, Donley County, Lelia Lake, Texas.

PRISONER FROM CITY WRITES OPEN LETTER

The following is a letter recently received from a man confined in one of the penal institutions of the state for an infraction of the laws of the state. It needs no further introduction. The letter: Richmond, Texas, May 21, 1930.

To whom it may concern: Take warning from one that is having experience of being away from his home and his dear loved ones on account of failing to obey the laws of man and of God. Husbands and Fathers if you have wives and children looking to you for a living and you have any love for them and for yourself take advice, do not go to a distill or deal in whiskey in any way for it will get you into trouble. You can live without it. It is causing most of the trouble today and it has broken up good homes and caused your dear loved ones worry and trouble and it causes lots of deaths. If you ever expect to do and live right now is the time, before you get into trouble that you may be a long time getting out of, and you know not when it will be too late for you to make a change to live right. You can live for God just as easy as you can for the devil. So live for God and you will be loved and respected by all who know you and know the life you are living. Have a dear companion and eight dear children that are broken hearted and in need of my help at the present time, but on account of me being long headed and not listening to my dear companion I am in prison. So husbands, fathers and sons, listen to the pleading of your dear wives, mothers and sisters, and you will never regret my advice. If ever I get back to my loved ones, a free man nothing but death will part me from them if we all live till then, which my prayers to the Lord and Savior, Jesus Christ is, that we will.

I made my change several years back and for two or more years I lived as near right as most anyone could. And then I drifted into my sins and bad company till I found my self where I am tonight, but there is always forgiveness if you will only ask for it in earnest. My prayers are to all who read this, to make the change now. And I want the prayers of all the christians that I may never turn back again and christians pray for my dear family that they may never be in bad need. I have a dear old father gone on that I want to meet you. He always taught me to live right, which I intend to do the rest of my life if it is the Lord's will which I know will be if I only will. I want to be a true citizen of our country the rest of my life and I want to live a better life before my dear little family. From a prisoner.

W. O. Pittman

PARK BODY PLANS FIRST MOTORCADE

INITIAL VENTURE TO TIE TEXAS AND LOUISIANA TOGETHER ON PARK

The following is a partial report of the work done by the joint meeting of the park boards of the state held last Saturday at Abilene during the West Texas Chamber of Commerce Convention. At this time a single unit was formed of the five existing and D. E. Colp of San Antonio was named president of the body. Sam M. Braswell of this city was named Secretary-Treasurer. Other details pertaining to the Caddo Lake motorcade were discussed.

The motorcade to Caddo Lake that will be started June 13 from the banks of the Rio Grande about 30 miles east of Eagle Pass was discussed. It will be headed by Governor Moody, Chief Justice C. M. Cureton, Robert Lee Bobbitt, Attorney General, Tom Connally, United States Senator; Pat M. Neff and Lon A. Smith, Railroad Commissioners; W. R. Ely and Cone Johnson of the Highway Commission; E. A. Wood and W. F. Tucker of the Game Fish and Oyster Commission.

The motorcade will pass through Cotulla, San Antonio, Austin, Giddings, Brenham, Old Washington, Navasota, Huntsville, Madisonville, Crockett, San Augustine, Center, Carthage and Marshall.

The party will spend the night of the thirteenth at Caddo Lake which is in Texas and Louisiana and covers about 17,500 acres of land.

The trip will be made primarily for the purpose of making Caddo Lake a joint park for Texas and Louisiana, while some work has been done looking to making it a national park.

Representatives attended Saturday's meeting were D. E. Colp, chairman Texas state parks; Sam M. Braswell, Clarendon, president of Palo Duro Canyon Park; Hobart Key, president Caddo Lake Park Association; H. L. Birney,

REV. L. L. SWAN HAS PART ON EPISCOPAL PROGRAM
