

Buyers' Strike Climaxes Roar Against Meat Prices

Housewives' protests resounding across the nation against rising food prices reached a climax in Brownwood, when more than 500 militant women massed in front of meat shops and demanded drastic price slashes. Shown here is one delegation carrying banners supporting the buyers' strike. The women scooped at a 5 per cent price cut granted by one chain, declaring they wanted "20 cents a pound, not 5 cents on the dollar," reduction, and threatened boycotting and picketing if their demands were not met.

INCREASE IN WPA PER MAN ALLOTMENT IS DEMANDED BY DISTRICT WTCC CONFERENCE

INCREASE of the WPA per man allotment in Texas is demanded in a resolution adopted at the District 10 conference of the West Texas Chamber of Commerce, held in Brownwood Tuesday. The present allotment is \$600, while that of Oklahoma and New Mexico is \$900 per man per year. The allotment governs the amount of WPA money that can be spent in any county, representing the amount of money available per person on relief rolls.

DISTRICT OFFICE OF RELIEF ORGANIZATION BEGINS FUNCTIONING

Offices for relief district 14-A, which include Brown, Coleman, McCulloch, Runnels and Concho counties, were opened Monday morning in second floor of the Stallings building, formerly known as the Whaley building, corner of Brown and East Lee street. Doyle T. Brooks is district administrator.

All departmental heads have been named and are now completing their staffs. The departmental heads are:

Alton J. Taylor, former administrator at Coleman, district certifying officer.

A. F. Moffett, former certifying officer at Yoakum, district auditor.

John H. Allen, Jr., former administrator at Lampasas, district commodities supervisor.

Mrs. Viola Perkins, Mneral Wells district case supervisor.

A small relief organization will be maintained in each county of the district to supervise relief work in the subdivisions.

Under the new set-up, allocations will continue to be made to counties, but funds will be handled from the district office. County relief boards will be continued as advisory bodies.

Work relief programs in all counties of the district have been closed down for the remainder of August. Only one type of projects, the canning plants, will continue in operation and these will be limited to the canning of products that cannot be preserved in any other way. Direct relief will be carried on during the month.

East Broadway Is Being Extended To Intersect Highway

Actual construction work on the extension of East Broadway from the court house square north to a connection with highway 23, 7 and 10 will start soon. The right-of-way was staked off Friday and a crew of 15 men at work on the extension has completed a great deal of the preliminary clearing. Site of a bridge over Adams Branch has also been staked.

The work is being directed by the city and the county is cooperating by furnishing machinery. Property owners along East Broadway and Pisk avenue promoted the project and are furnishing right-of-way and funds for purchase of material for the bridge.

1-INCH RAIN

A heavy rain totalling more than one inch Wednesday morning broke the dry record for Brownwood for August and brought relief from the excessive heat which had lasted for almost a week. Other towns in this section received only light showers. Some towns in this part of the state received rain in varying amounts Tuesday night.

(Continued on page 8)

COLEMAN ARMORY IS APPROVED BY PWA

Coleman's application to the Public Works Administration for a grant for construction of an armory-auditorium has been approved according to information sent to Mayor E. P. Scarborough by Senator Tom Connally. The PWA allotment approved is for \$43,500. Part of that sum will be a grant and the remainder must be taken over for repayment by the city.

Although the city plans to pay its obligation through rental of space to the National Guard and from other revenue to be obtained from the building it will be necessary for the city to vote obligation bonds.

Plans for the building call for a building which will include offices for the National Guard and offices for rent to other organizations. A combination gymnasium and auditorium with seats for 750 people is to be in the middle of the building.

Thursday afternoon there was to be a rally on the streets of Blanket at three-thirty and a meeting at Rocky was scheduled for Thursday night.

Other rallies which have been announced are: Friday, August 16th: Courthouse lawn at eight o'clock; Cross Cut at 3 p. m.; Salt Branch at 7:30. Saturday, August 17th: Streets, Blanket, 4 p. m. Wednesday, August 21st: Rocky, 7:30 p. m. Courthouse lawn, 8 p. m. with Clinton Howard of Rochester, New York, as principal speaker. Friday, August 23rd: Courthouse lawn at 8 p. m.

Her Husband Is Famed Diplomat

Sir Anthony Eden, Britain's most brilliant diplomat, has time for a happy domestic life as well as for playing a large part in settlement of European crises, and here is Mrs. Edna, proud of her husband's sensational rise as a statesman. She was photographed after she bade him goodby at Croydon airfield as he left for a League of Nations meeting on the Italo-Ethiopian dispute.

Clubs Hear Of Work Done At Short Course

All Day Meeting And Picnic Of County Demonstration Clubs Held Saturday.

Activities learned at the short course held at A. & M. College recently were discussed on the program of the all day meeting and picnic of Brown county home demonstration clubs held at Coggin Park Saturday. Several of the girls from this county who attended the short course reported on the work done in the various fields there, and a number of practical demonstrations were made.

Miss Mayesie Malone, county home demonstration agent, was in charge of the program, which opened with a group of songs led by Mrs. J. W. Phillips of Byrds Club, Brown County Recreational Director.

A report on the Girls Bedroom Banquet was given by Juanita Holcomb, Gertrude Fry, Zephyr, gave a report on the Bedroom Demonstration. Edith Kimmon, of Zephyr, Gold Star Girl from this county, reported on the Gold Star work.

The great strides forward made in Home Demonstration work during the past few years was stressed by Mayor W. H. Thompson. Mrs. Les Byrd, Cross Cut, spoke on experimental work on cotton conducted at the Short Course.

Big Cotton Crop In County Is Expected

Indications point to a record-breaking cotton crop in Brown county this year, considering reduced acreage, according to opinions of cotton growers and buyers expressed this week.

Many farmers are predicting a 12,000-bale crop, which would be nearly double last year's crop of 6,051 bales. General opinion places the crop at between above 10,000 bales, which would be more than has been produced for the past two years.

Cotton is opening in the northern end of the county this week, and with favorable weather, the first bale of the season should be ginned by the latter part of the week or the first of next week.

Ginning figures for the past two years follow: 1925: 15,821 bales; 1926: 12,465 bales; 1927: 7,581 bales; 1928: 12,918 bales; 1929: 7,519 bales; 1930: 5,315 bales; 1931: 9,315 bales; 1932: 11,586 bales; 1933: 8,133 bales; 1934: 6,051 bales.

PAYROLL DISTRIBUTED

A payroll totalling \$2,927 was distributed to the 63 workmen who have been employed in construction of the soil erosion CCC camp here last week. Lieutenant Ivanovich, officer in charge of construction, said that an additional \$1,000 payroll for work done in August will be received later.

Mr. Keesler, plant engineer, CCC camp.

Captain Tolbert To Be In Command Of Soil Erosion Camp

Captain Ben J. Tolbert, who has been in command of Camp Chester Harrison, the CCC camp at the State Park at Lake Brownwood, has been transferred to Camp SES 21-T, the soil erosion camp in Brownwood, and assumed command of the new camp this week.

Lieut. Paul Ivancich, who formerly was second in command at the CCC camp at the lake, has been placed in command of this camp, succeeding Capt. Tolbert. During the past few months, Lieut. Ivancich has been construction engineer in charge of erection of new camps, and in that capacity he has had charge of construction of the new soil erosion camp at Avenue L and Fourth Street, Brownwood.

The soil erosion camp has been completed, with the exception of connection of utility services which was to have been done Thursday. The advance unit of the soil erosion camp was to have arrived in Brownwood Thursday.

Technical personnel of the soil erosion camp, now in Brownwood, with local address of each member, follows:

E. E. McAllister, 1814 Fourth St., erosion specialist; R. A. Horling, soil specialist, CCC camp; T. O. Pridgen, erosion specialist, 1711 Eighth St.; Mack Ledbetter, camp superintendent, CCC camp; Charles S. Roehrer, technical engineer, Avenue E; J. H. Johnson, technical engineer, CCC camp.

Erosion Organization Is Perfected

Essential To Those Who Wish Work Done By CCC Unit.

Farmers who wish to have erosion work done on their land through the Soil Conservation Service as a part of the program carried on by the soil erosion camp now located at Brownwood must become members of the Brownwood Soil Conservation Association. The association organized at a meeting of county agents, vocational agriculturists and community leaders at Brown county courthouse yesterday afternoon.

Chambers of May was president of the board of directors of the association. Other members named were: L. W. Gardner, vice president; E. E. Hines, secretary; Olen Bannas, treasurer. Other members of the board are Joe Brownwood, and Fred McPherson, Santa Anna. The association will assist members of the soil erosion camp in this section.

The program in this section will include terracing, strip contour farming, crop gully control, pasture improvements, and as far as possible, placement of a balanced farm plan with attention to farm layout and systems of soil erosion which will deepen and increase the water holding capacity of the soil.

Those who wish to become members of the association will have a chance to do so at meetings scheduled to be held in the various communities. The first meeting will be held at Chapel Hill Wednesday and the second was to have been held at Brownwood Thursday.

Other meetings scheduled, will be held at 8 o'clock at night, Friday, August 16; McPherson, Tuesday, August 20; Jordan Creek, Thursday, August 22; and Friday, August 23. Other meetings are to be arranged as the program is developed.

The program is to include soil erosion work in the 20-mile radius around Brownwood. Community meetings will be held first within a radius of five miles of Brownwood. As work progresses in this district, meetings will be held within a 10-mile radius and so on until the work has gradually spread over the 200-mile radius which is the area in which the camp can work.

Purposes of the association as set forth in the by-laws are: To acquire and disseminate facts and information concerning the character of soil erosion by wind and water, the effects of soil blowing and the character of prevention and control measures needed; to promote the cooperation of all interested operators, farmers, landowners and land occupiers in the agricultural area covered by this organization; in a concerted and independent effort to prevent and control soil erosion and the wastage of soil and moisture; to bring about widespread adoption of prevention control and erosion prevention practices; to promote individual and community protection and management of pasture lands and wood lands; to encourage individual operators and land owners to carry on recommended erosion control practices over a period of years; to cooperate with agencies of the United States, in particular with the Soil Conservation Service of the United States Department of Agriculture, and with agencies of the state of Texas in carrying out preventive measures and conducting

Field demonstrations and control projects and when desirable to solicit federal and state assistance through the county agents and vocational agriculture teachers, in accomplishing the purposes and carrying out the powers of this association.

The soil conservation program was explained to county agents of Brown, Coleman and Mills counties, agriculture teachers and representative community leaders at a preliminary meeting held at the courthouse Thursday afternoon by H. N. Smith, soil erosion specialist, who is supervising organization of Soil Conservation associations here.

At that time plans for the Saturday meeting and the various community meetings were tentatively made.

Complaints were made by Jack Smith and Joe Shelton, local dairymen, to the Brownwood city council this week that the standard milk ordinance is not being properly observed in Brownwood. An earlier report had been received that an army officer here to inspect milk supplies for purchase for the soil erosion CCC camp here had complained at conditions in some dairies.

J. M. Bowman, city milk inspector, stated that he had no complaints of violations. No action was taken by the council at this week's meeting, but members announced that a list of dairies selling Grade A milk would be published soon.

Reemployment Office Now In Court House

The National Reemployment Service office was opened Monday morning in the new quarters at county court house.

Miss Lillie Bowman is in charge of the office which now occupies the space formerly used by County Agent C. W. Lehmer's office.

BROWNWOOD CHAPTER WINS THIRD PLACE IN FFA CONTESTS

The Brownwood High School Chapter of the F. F. A. won third place as an all around chapter in contests held at the Tri-district Future Farmers camp at Cisco Thursday, Friday and Saturday. Members of the chapter won first places in all the six swimming events, took one first, a second and a third place in the diving events, two first and a third in the boxing events and tied for third and fourth places in washer pitching.

Millsap won first in all around chapter decision and Richland Springs won second. Twenty-six schools were represented at the encampment.

Events won by Brownwood boys follow: Swimming—50 yd. free style, Leroy Conlin; 50 yd. back stroke, Leroy Conlin; 100 yd. free style, Lyle Morgan; 400 yd. relay,

New Park Road Is Not Ready For Use

The new Cross Cut highway-Lake Brownwood road is not to be opened for traffic until a rain settles the roadbed. Although the construction work has been completed the soft caliche makes it unsafe for use at the present time.

County Commissioner Chas. B. Palmer urges that the road be given a chance to settle before traffic is started as it will make it a much better road in the future as well as prevent accidents which are likely with the road in its present condition.

Brownwood; 50 yd. breast stroke, Lyle Morgan; 150 yd. medley, Brownwood; fancy diving, L. J. Pittman, second; high diving, Leroy Conlin, first; awkward dive, Wayland Hill, third. Washer pitching—Blake Jones and L. J. Pittman, third. Boxing—L. P. Pittman won the light weight and Wayland Hill won the welterweight.

WILL OPPOSE REPEAL IN SPEECH WEDNESDAY

CLINTON N. HOWARD

Clinton N. Howard of Washington, chairman of the National United Committee for Law Enforcement, will speak in Brownwood Wednesday night, at 8 o'clock at the court house lawn, in opposition to the repeal of the Texas dry law. It was announced this week Mr. Howard is speaking under the auspices of United Texas Drys, statewide organization.

The National United Committee which is composed of twenty-four federated national bodies interested in social service, world peace and the suppression of beverage alcohol, has its headquarters in Washington, D. C.

Mr. Howard was for four years following the World War, chairman of the World Peace Commission, and was one of the first to advocate a World Court and universal disarmament by international agreement. His plan for world peace was presented before the Washington conference for limitation of armament during the Harding administration and was printed by order of Congress as a public document.

Two million copies of his war lecture, "The World on Fire," were sold. The Washington office of the Red Cross announced him as "the greatest patriotic speaker on the platform." William Jennings Bryan called him "a modern apostle."

\$5 FIRE DAMAGE

Fire of undetermined origin did damage estimated at about \$5 Wednesday morning to a house at 419 South Greenleaf street which is owned by the Continental Loan Company. The house is occupied by J. W. Gabbert and Jack Smith.

COURT FAVORABLE TO FARMERS IN FIGHT TO GIN NEW COTTON CROP

With the farmers' battle to move the 1935 cotton crop, tied up through injunction of the ginners, and subsequent action of the AAA officials in refusing bale tags to Texas gins, practically won, H. G. Lucas of Brownwood was in Austin this week attending a meeting of the executive committee of the Texas Agricultural Association, of which he is president.

Action of Federal court in Houston last Thursday in making provision for issuance of bale tags to ginners who will observe AAA regulations was considered a victory for the farmers, Mr. Lucas stated. Tags are essential before cotton can be sold, under AAA regulations.

"We accomplished our objective. The order in the Houston federal court makes it possible for ginners who wish to comply with the Bankhead act to obtain bale tags and the cotton can be moved to market. Under the injunction obtained by the Texas Ginners Association this was not possible," Mr. Lucas said.

Temporary Truce
The order entered by Federal Judge T. R. Kennerly represented a temporary truce between Texas ginners opposing the government's farm program and ginners and farmers backing the AAA. The Texas Agricultural Association is backing the ginners who wish to comply with the Bankhead act and have employed former Governor Dan Moody to help them. Moody's first appearance for the farmers' organization was in the Houston hearing.

The controversy over enforcement of the Bankhead cotton control act began July 19 when Federal Judge Randolph Bryant at Sherman granted an order restraining government revenue collectors from collecting the ginning processing tax. D. C. Wallace and the Texas

Sally to Wed Claudette's Mate

The long estrangement between lovely Claudette Colbert of the films and her actor-husband, Norman Foster, was allowed to drag along much longer just for lack of interest. For Foster has announced he will marry Sally Blane, a movie actress sister of Loretta Young, just as soon as he can obtain a divorce from Claudette, who is vacationing in Mexico. Hollywood has been watching the signing Foster-Blane

Cotton Ginners Association obtained the injunction. The case has been set for hearing on its merits September 11. The government countered by instructing the revenue collectors not to issue bale tags to ginners. Bale tags of course signify that either the ginning tax has been paid by a farmer or that an exemption certificate has been issued to him showing he has not exceeded his cotton production quota. Bales must bear the tags

before they can be transported interstate or for export.

Many Ginners Dissent
Farmers and ginners supporting the government program presented at the Houston hearing affidavits signed by ginners affirming that they had not sought the injunctive relief presented in the petition to Judge Bryant and wished to be exempt from its provisions. The Ginners' Association at the hearing asked that revenue collectors

New Licenses Are Received By Clerk

Yearly hunting licenses good for the year beginning September 1, 1935, are to be issued in place of the seasonal licenses formerly required this year. The licenses for hunting, fishing and trapping are now obtainable at the county clerk's office. They cost \$2.00 for all citizens of Texas over 17 and must be secured by all persons who hunt any kind of game outside their own county. The fishing license for use of artificial lures cost \$1.50. Closed seasons are effective as in the past.

Copies of new game and fish laws are obtainable at County Clerk W. E. Burleson's office.

Persons are restrained from sending affidavits to ginners and are ordered to issue bale tags.

The preliminary courtroom skirmish resulted in an agreed order entered by Judge Kennerly which provided:

1. The order of Judge Bryant, issued on July 19, in which he restrained federal officials from collecting the Bankhead ginning tax, will not become effective until the ginners seeking it post \$100,000 bond and that bond is approved by the court.

2. The order does not restrain the government from enforcing the act, and the government shall have the right to collect taxes on bale tags issued prior to the date the order becomes effective.

3. None of the government officials shall be restrained before or after the order is filed, from issuing tags to any ginners who agree to abide by terms of the Bankhead act.

4. The order shall not take away the right of the government to challenge the jurisdiction of the court or to challenge the right of the court to enter an injunction against it.

The order, Mr. Lucas explained today, gives the ginners the right to secure tags by signing a statement that they will comply with the Bankhead Act provisions.

First Definite Step
"The farmers look upon the order as the first step in their fight to defend the AAA, the processing tax and the Bankhead Act," Mr. Lucas continued. "We are now planning to take the next step to defend the Bankhead Act and the farmers will be represented by Mr. Moody at the Sherman hearing September 11 when a three-judge federal court will hold a hearing

BALE TAGS WILL BE GIVEN TEXAS

Texas ginners will be given ten bale tags to clear the cotton crop this week but they stated that they will get them, H. H. Stickleleather, supervisor of the Internal Department for the Northern district, announced Wednesday.

This decision has been made, he said, to protect the Revenue Collectors of the various districts who are required by law to show disposition of each of which has an approximate \$30 tax value.

Mr. Stickleleather's decision is agreeable to Texas Cotton Association members, who by obtaining an injunction against the Internal Revenue Department from forcing them to collect the tax, has never been put into effect because the ginners have post the \$100,000 bond.

Officials of the organization Wednesday that they were willing to observe the head act.

A suit attacking the constitutionality of the measure, by the ginners' association, heard on its merits before Randolph Bryant at Sherman September 11.

Construction work has been started on the new building at Garner State park, 25 miles from Uvalde, Texas, home of Vice President Garner.

On the injunction suit, the constitutionality of the Bankhead act is challenged. Our attorneys assist government attorneys in hearings on suits attacking processing tax.

"The agreed order assuming moving of the cotton crop had been stopped by the injunction suit. Farmers and ginners who were not parties to the suit were very much aroused at the state by the injunction, letters, telegrams, telephone from ginners stating they were parties to the suit and from encouraging the farmers in their fight came to me at Houston here not by the scores, but by hundreds.

"We were very much impressed at the hearing by Mr. Moody and the farmers consider themselves fortunate in securing services to represent them in the fight," Mr. Lucas concluded.

EQUIP YOUR CAR WITH THE TIRE THAT'S BUILT FOR SAFE HUMAN MILEAGE

Only in the General tires are all these protective features present:
1. Blowout-Proof Protection
2. Skid-Safe Traction
3. Low Pressure Comfort
4. Shockless Riding
5. Tension-Free Driving

The greatest value that can be built into a tire is "Human Mileage"—extra quality that makes the tire itself last longer and extra safety that makes you last longer, too. Equip your car now with Blowout-Proof Generals—the tires that are built for "Human Mileage."

WHAT KIND OF FLOUR?

The recipe calls for sugar and spice and everything nice — and two cups of flour. We hope the lady will use CAKE FLOUR so her cake will be as delicious as she anticipates.

Few recipes indicate the kind of flour required. You are naturally expected to use the highest quality available for fine baking. Translate the cook book's "two cups of flour" to "two cups of CAKE FLOUR" which will mean that you are using the finest grade flour and will obtain the best possible cooking results.

A Premium for Eggs this week Looney's.

Residents of Brown County will be interested in an announcement made by Leo Ehlinger, district highway engineer, at a meeting of District 10 of the West Texas Chamber of Commerce in Brownwood this week, regarding highway plans for the district he represents. It indicates the highway department is working toward a completed system of highways, and that this district, while possibly not receiving as much in the way of highway funds as might be desired, still is not being forgotten.

Highway Progress

Brown County has an almost complete system of state highways. All designated highways now are paved, and further, with a type of pavement not excelled within the state. One additional highway is needed to complete the system in this county, a north and south highway which would extend from Cross Plains to Richland Springs. Part of this, from Brownwood fourteen miles north toward Cross Plains, is included in the plans for the coming eighteen months. When this highway is built, which eventually will be done, Brown County will have a most complete system of state highways, and can turn attention to lateral and farm-to-market roads exclusively.

But Brown County found out that when a county system is complete that does not mean that the citizenship loses interest in the completion of highways in other counties. For it is not enough to have highways to the county line — they must, to be of greatest service, connect with other completed highways, and in this matter this district has been behind other parts of the state. Too few of the highways in this section make connection with other paved roads.

Mr. Ehlinger and his staff, working on the program of the State Highway Department, propose to correct this. Highway 23 from Brownwood to Brady is scheduled for completion. Highway 9 from Brady east and west is to be completed. More important, Highway 10, through Comanche County and Erath County, is to be paved, giving Brownwood and points west and south paved connection with the markets of Fort Worth and Dallas. This and other important work in closing the gaps in the highways — such as completing the system in Mills and San Saba counties, and in Lampasas county which is out of this district — now are definite promises of the highway department.

Much of this work — most of it in fact — is made possible through the participation of the state in the Administration's \$4,800,000,000 public work appropriation.

It appears that Central Texas, long nursing a feeling of neglect in highway matters, finally is to receive needed attention.

The sensible suggestion that Texas could well reduce the number of taxing agencies in the State, thereby reducing the expense to taxpayers, comes from Orville S. Carpenter, new state auditor. The suggestion has been made before, but is timely at present since Mr. Carpenter's office only recently has completed a survey of the tax situation in Texas.

Fewer Taxing Agencies

According to his figures, Texas now has nearly 9,000 separate governmental units collecting taxes. Furthermore, they are on the increase. Mr. Carpenter finds, when Moore Lynn, former state auditor, made a similar survey in 1932, he found less than 8,750 such agencies.

In spite of the present trend toward efficiency in government and elimination of duplication between departments, Mr. Carpenter's statement says, "we find in this State cities, counties, schools, water districts, drainage districts, road districts, irrigation districts and many others, all assessing and collecting taxes on the same property. As a result most property owners must render the same property to several assessors and pay taxes to several collectors." Our only possible disagreement with the statement is a difficulty the taxpayers has in identifying any "present trend toward efficiency in government."

Progress has been made through the combining of the county tax collector and tax assessor's duties into one office, but there remains much room for improvement. For every dollar that is cut off the cost of collecting taxes makes it that much easier for taxpayers to stand the burden of financing their governmental agencies.

"Foey on you from me" in effect was the response that his colleagues gave Huey Long's announcement that he would be a candidate for President next year. The Long announcement, made through his colleagues, did not cause the expected excitement in Democratic ranks, but did excite some hope in the Republican party.

Foey On Huey

Principal comment on the announcement, other than denial that Long would carry the six Southern states he claimed, came from Republicans who saw the possibility that Long's plan to bolt the Democratic party might strengthen Republican chances to win in 1936.

There is the possibility, of course, that Long's appeal to the radical vote might have an effect on the next election, should he chose to run as an independent candidate. Long's statement, however, indicated that he would remain in the party, seeking to block the nomination of Roosevelt, and in event of his failure to secure the nomination himself, he would support any candidate other than the President.

As an independent, Long would have little chance of carrying Texas, one of the states he claims he can control. The same probably is true of Mississippi, Georgia, Florida and Arkansas. Controlled Louisianans might give its votes to Long.

But it is a long time until election day. Long previously has announced his candidacy, withdrawn it, reconsidered, that he will not be considered definitely a candidate until he begins an active campaign. Meanwhile, he faces a race for re-nomination in Louisiana in January.

But He'll Be Back

Latest to seek to draw the spotlight of Administration criticism on himself is Explorer Martin Johnson, who is making another trip to Africa to hunt big game. Says Johnson, according to United Press reports: "I would rather live among savages and the animals" than in America under the New Deal, and that his purpose in leaving is "to get away from this cock-eyed brain trust government."

There is a strong feeling, however, that Mr. Johnson is going to African jungles to hunt and photograph the wild animals of that area. Before crocodile tears are shed over his permanent departure from these shores, it would be well to ponder the possibility that he will be back.

Well, anyway, Italy is giving us a better opinion of Japan, by comparison.—Pampa News.

Little Lights on Living

by MARIA LEONARD Dean of Women, University of Illinois

WITHOUT WAX

We were talking of antiques, when the Florentine gentleman of high birth said: "Come, let me show you my marble table in the garden." I followed him through the dark hall, stone paved, out into a beautiful sunlit Florentine inner court garden with great dark cypresses waving their tips in the breeze. Around the roots of these dignified old trees, centuries-old, were little flower beds of bright posies confined by stone edges between which, in formal fashion, were inviting little paths.

It was a surprise garden in the rear of an uninviting looking stone residence set uncompromisingly on a none too wide side street in the city of Florence. Florence, Italy, is a surprise city anyhow, with its wealth of history, its tragedies, its bloody climb to light, its sacrifices in the name of power and religion, its wealth and literature. What a panorama of human achievements and failures Florence presents to a sympathetic heart, as one recalls the de Medicis, Savonarola, Fra Angelico, the Brownings and the host of others too numerous to name.

We have wandered far from our sunlit garden into which I had followed my host to see his marble table. "Is it an antique?" I inquired as I noticed great cracks across the beautiful marble slab. "No, it is not," my friend responded. "Listen to this story!"

"The marble cutters of Florence are wily old fellows," he continued, "often when their chisels slipped too far they cracked the marble slabs. Into these cracks they poured soft wax. After the wax had hardened the slabs were polished and the table sold for solid marble." The Florentines soon realized the deception and began asking when buying tables for those "sine cera"—(without wax).

Interesting it is to note that our word sincerity comes from the little phrase "sine cera" without wax which is precisely what it means—for to be sincere is to be genuine, whether it be a table or an individual.

"To be without pretext or show Exactly what men think I am." If this be a good working rule for Florentine tables, to be genuinely sincere tables of solid marble, isn't it also a silver-rule for you and me to follow in daily life, to be found always "sine cera"?

TOWN MEETING TO BE HELD.

Anyone who wishes to speak on any subject of general interest to the community, politics excepted, may do so at an "old time town meeting" to be held at the court house Friday night, August 16, at 8 o'clock. The meeting is open to the general public.

Topics to be discussed will include taxes, relief or any other matter concerning the general welfare of the community.

SALESMAN SAM BY SMALL

RESTORE EXTENSION WORK TO ITS ORIGINAL PURPOSE

Agricultural extension forces, to meet the emergency created by the passage of the Agricultural Adjustment Act, were drawn away from the original purpose of their existence, points out an editorial in the current issue of The Progressive Farmer. They were the only organization that could possibly meet the need, and considering the magnitude of the task, they did a magnificent job. But have the purposes for which the extension forces were originally created ceased to be desirable? Here is the way this editorial answers this question:

"We think not. We think there is the same need for increased efficiency in production and marketing; in fact, even greater need than existed prior to 1933.

"The extension forces, to meet the present emergency, were drawn away from the original purposes of their existence. But the need for the work for which the organization came into existence remains equally great.

"We would not materially change the organization. Nor would be lessened the responsibility of the extension forces in the administration of the AAA policies. But we would enlarge the organization in order that the much needed work for which it was originally created may again receive the attention needed. Assistant county agents have been employed in some counties but only where it required the work of two men to handle the AAA program. A man should be placed in every county to perform the service previously rendered by county agents.

"The 4-H club leaders, the vocational agricultural teachers, and the county agricultural and home demonstration agents—all these exert a most constructive and far-reaching influence for the building of a better agricultural and rural life in America. This is no time when we can afford to curtail such work. Emergency administrative duties should no longer be allowed to decrease the attention given to the original and true work of the county agents."

Florence Nightingale's voice can be heard on a phonograph record made to assist the funds of the British empire cancer campaign.

Fans have been known since about 3,000 B. C. in China. The earliest form was of dyed pheasant or peacock feathers mounted in a handle.

ON TEXAS FARMS

San Augustine — Six quarts of wild summer huckleberries have been canned by Mrs. Amanda Fox of San Augustine county for making pies in the winter or for serving with sugar and cream, according to Miss Esther Ross, home demonstration agent. "Summer huckleberries taste very much like the ones which ripen in the late fall but are much larger and are on smaller bushes so that they are easier to gather," says Mrs. Fox. "I am going to can all that I can get."

Graham—Ten No. 1 cans of ground turkey were sold by Mrs. H. G. Millican of the Loving Home Demonstration Club at 35 cents per can on the first market day held in Young county by home demonstration club women, according to Miss Norfleet Grimes, home demonstration agent. Mrs. Millican already has 20 orders for the next market day.

At the market, which was established early in June, the women have sold all kinds of vegetables, fruits, poultry, cakes and breads. For the past five Saturdays the total receipts have been \$137.32. The market is open only one-half day each week.

Sierra Blanca—At a cost of only \$19.50, the three room house of Mrs. V. Caulkins of Hudspeth county was almost entirely refinished, according to Miss Gladys Young, home demonstration agent. Mrs. Caulkins started with the living room which she calcimined and then refinished the floors and woodwork in light oak.

The kitchen was papered in light green with cream woodwork and ceiling to make it lighter, as it was a north-west room. An old hall tree, table and chair were taken from storage, sandpapered and refinished with burnt umber and gasoline followed by a coat of varnish. Other furniture refinished included a steel cot, a day bed, and a chair. Shelves were also added to the closets and new shades and curtains bought.

Channing—Terrace or contour lines have been run on 2210 acres for seven Hartley county farmers during the past two months, according to the report of E. R. Duke, county agricultural agent. Interest in this work has been stimulated by the need for an effective control of wind erosion. Most of the farmers have received a heavy rain since completing their contour work, and the fact that the contour rows held all the water that fell on the fields is interesting to other farmers in these demonstrations.

Two farmers have terraced their pasture land and they have found that in this way they can hold water on their pasture that normally goes to shallow lakes.

Canton—One hundred and six dollars profit on one and one-half acres of tomatoes and still making more, is the report of W. O. Finch of Van Zandt county, according to V. O. Teddlie, county agricultural agent. This is a net profit, and the crop is only 75 per cent harvested. Finch hired all the work done on his demonstration, and this amounted to \$55. His fertilizer bill was \$14. The gross receipts up to the present have been \$175.

Finch says that the following con-

tributed to the success of the demonstration in spite of adverse weather conditions: tomatoes were planted on fresh, well drained land being timbered land and fresh bushes were allowed to grow up from root stocks and shade the tomatoes to keep them from sun-blighting; and the proper cold framing was used.

LaGrange — From an original seeding of alfalfa five years ago, Paul Teinert of Fayette county has just finished hauling in seven big loads of alfalfa on the second cutting, making a total of 14 loads harvested this year, reports J. C. Yeary, county agricultural agent. One cutting was lost on account of excessive rains.

Teinert is looking forward to harvesting at least two more cuttings this season. He plans to plow under the stubble this fall and follow with corn in 1936.

FIGHT WINTER COLDS WITH CIRCULATED HEAT

Enjoy Summer all Winter

with Gas Floor Furnace

Beware of colds! They thrive in drafty, poorly heated homes. Pictured above is interior of a home that has installed a precaution against them—circulated heat provided by gas floor furnace. In this location it heats living room and small adjoining study.

Designed to burn gas efficiently without waste, the gas floor furnace is as inexpensive to operate as the warmth it circulates is healthful. No oxygen is taken from the air it circulates. It is vented to carry off products of combustion and eliminate wall sweating. It can be equipped with thermostat for automatic control. For maintaining a uniform temperature in all parts of the room it is unsurpassed.

See this and other new gas circulating heaters. Install now at August savings and be ready to fight winter colds with healthful circulated heat.

Community Natural Gas Co.

There Ain't No Such Animal, Eh?

The okapi seems to be the answer to the old refrain, "What is so rare as a day in June?" This is the first one to be shown in the London zoo, a gift from the Prince of Wales, to whom it had been sent by King Leopold of Belgium; and only two others are in captivity. Practically a one-animal zoo, the okapi combines features of the giraffe, zebra and deer and is a native of Belgian Congo.

Zephyr

Miss Dorothy Berkhead of Ryan, Oklahoma, spent Wednesday of last week with Mrs. W. F. Timmins.

Mr. and Mrs. Clarence Petty are the proud parents of a daughter named Charlie Faye, born Wednesday morning, August 7.

Mr. and Mrs. Ernest Wright have moved to Santa Anna. Mr. Wright was formerly an employee of the Santa Fe here, but will be placed at Santa Anna for a while. We hope they will be back with us again in the future.

Mr. W. L. Johnston of Brownwood was attending to business in Zephyr Wednesday and Thursday.

Mr. and Mrs. Ralph Hudson and daughter, Miss Johnnie Ruth, were visitors in Brownwood Wednesday.

Mr. and Mrs. Hubert Locks, Jr., Miss Dorothy Berkhead and cousin, Franklin Timmins, attended the show in Brownwood Wednesday night.

Mr. and Mrs. M. N. Cobb visited Mrs. Lizzie Matlock at Elcker Sunday.

Mrs. A. A. Moore and daughter, Zelto, were in Brownwood Thursday.

Mrs. S. C. Kessler, who has been in the Central Texas Hospital at Brownwood, was returned to Mrs. M. L. Smith's home Friday. She is improving slowly.

Mr. Harvey Dudley of Mullin was in Zephyr Friday.

Mr. Jim Chesser, well known in Zephyr, died at his home in Mullin Thursday morning, August 8th. Funeral services were held in Mullin Friday morning at 10 o'clock. He has lived in this section for many years and his death is mourned by many friends. He is survived by two sisters, one brother, his wife, three daughters and one son.

Mr. Bill Campbell of Merkel is visiting in the home of Mr. Henderson Petty this week.

Mr. Luther, Miss Mae and Mr. Arel VanZandt and Miss Dorothy Nell Baker left Saturday afternoon for California where they will visit friends. They also plan to go to Catalina Islands while at the coast.

Mr. Estus Bowden made a business trip to Brownwood Wednesday morning.

Mr. and Mrs. W. F. Moore of Blanket visited in the home of Mr. and Mrs. J. N. Quill this week.

Mr. W. K. Cabler and Mr. Franklin Timmins are still measuring cotton land. They have been working at this for several weeks.

Mrs. Earl Reasener and daughter, Miss Lucile, and Mrs. N. L. Reasener were visiting in Brownwood Thursday.

Brownwood

Mr. and Mrs. John Underwood and daughter, Esther, and Mr. and Mrs. Carl Belvin and Mrs. Nettie Chesser attended the funeral of Mr. Jim Chesser in Mullin Friday.

Mrs. Babe Williams of Brownwood, who has been visiting Mrs. Mae Williams for several days returned home Friday.

Mr. Bob Coffey of Royalty spent several days here with relatives last week.

Mr. and Mrs. Jim Jones of Royalty are visiting Mrs. Mollie Coffey.

Mr. and Mrs. Henry Grimes were in Brownwood shoppers Saturday.

Mr. Stovall was in Brownwood Saturday afternoon.

Messrs. Merrell Lea and T. H. Grimes of CCC camp, Burnet, spent the week-end in Zephyr.

Mr. and Mrs. Dick Brewer and Mr. and Mrs. Clyde Brewer spent Thursday in the home of Mr. and Mrs. Will Clayton.

Mr. Leonard Stovall of CCC camp at Brownwood spent the week-end with relatives.

Mr. C. E. Belvin made a business trip to Brownwood Saturday.

Mr. and Mrs. Will Dixon and daughter, Billye Faye, were in Brownwood Saturday.

Mr. Elton Cornelius and Mr. Martin Cobb were visitors in Brownwood Saturday.

Miss Iva Mae Reasener of Central Texas Hospital, Brownwood, spent several days in Zephyr while on her vacation.

Mr. and Mrs. J. P. Coffey, son of Mrs. Mollie Coffey, left Saturday for the Yellowstone National Park and other points in the west.

Messrs. James Timmins and Charlie Cabler were in Brownwood Saturday afternoon.

Mr. and Mrs. George Phinney announce the marriage of their daughter, Katie Phinney, to William Kilgore. Both the bride and groom are well known in this community. The writer wishes for them happiness and success.

Mr. and Mrs. Claude Quill and family of Coleman visited Mr. and Mrs. J. N. Quill Sunday.

Miss Jane Locks underwent an appendicectomy at the Medical Arts hospital Saturday morning. She is resting nicely.

Mr. James of Mullin is visiting his daughter, Mrs. Wilbur Jones, this week.

Mr. and Mrs. Lowell VanZandt of Brownwood spent Sunday in the home of Mr. Henderson Petty.

Misses Mary Helen Little, Cleah Zell and Louise Beckham, Katherine Couch, Mr. Pane Spears and Rudolph Beckham went to Mullin Sunday afternoon.

Mr. and Mrs. Elmer Parwer of

News of Brown County Communities

Rail Branch

The writer has been so busy he has failed to keep the news going. There is lots of feed made in this community. We sure need some rain. Everybody is busy cutting feed.

Mr. Johnnie Rome went to Grosvonor Saturday.

Mr. Claude Furry was making syrup at Holder the past two weeks.

Mr. W. Wadkins has been hauling cane down to Holder to make syrup.

Mr. and Mrs. Wilburn Wadkins visited Mr. and Mrs. Henry Smith and children and Mr. J. W. Eubanks of Santa Anna Saturday night and Sunday.

Mr. Alan Rice and little girl visited W. Wadkins and wife and took dinner with them Wednesday. Mr. Rice was working a little for W. Wadkins.

Several women are still canning in this community. There was lots of can this year.

Mr. and Mrs. Wilburn Wadkins visited in Brownwood Saturday evening.

Mr. John Thompson and nephew visited Mr. W. Wadkins Saturday morning.

Mrs. Mary Phillips visited her sister, Judie Thompson, Sunday week.

Several in this community are going to attend the picnic at Cross Plains the 14th and 15th.

Mr. Harvey Rouse of Bronte has been visiting Mr. and Mrs. Wilburn Wadkins.

Mr. Bernice Wadkins of Anson has been visiting Mr. and Mrs. Wilburn Wadkins.

Mr. Wilburn Wadkins' little cousin returned to New Mexico. They had been visiting Mr. W. Wadkins and wife.

Early High

Clarence Kirksey of Portales, N. M., is here for a week's visit with his grandparents, Mr. and Mrs. A. I. Goates, and other relatives.

The meeting at Boyds Chapel is still in progress this week.

Mr. and Mrs. Alvin Graham have gone to Albuquerque, New Mexico.

Mr. and Mrs. Alvin Graham have gone to take Fred Graham for his health. His many friends hope for him great improvement.

Lee Eaton of Lubbock is here visiting relatives and on business. He contemplates moving here some time soon.

Visitors in the home of Mr. and Mrs. Perry Boyd Thursday of last week were Brother Taylor and Brother Wood of Oklahoma, Messrs. Semmler of San Antonio, Earl of the community, Beta and Elsworth Cunningham, Arthur Vernon, Henry J. Vernon and Marjorie Hill.

Mrs. J. H. Jackson has returned from a visit with her daughter, Mrs. Boyd Gilly, of San Anselmo, and left again for a visit with her two daughters, Mrs. Howard Heard and Mrs. Maude Oldham at Bellvue, Texas. She was accompanied by her daughter, Mrs. Odell Cole, of Baus.

Mr. and Mrs. Charles McGinley and two children of Coleman spent Sunday here with her sister, Mrs. Walter Koscoe.

Last Sunday was communion services at Jenkins Springs. Brother Luman of McDaniel failed to make his appearance and Brother Venable and Brother Hester of Mullin did the preaching.

Misses Inez Boyd, Nell Page, Ruth Shannon, Merna Parker and Alice Smith visited Wednesday night of last week with Bernice Flowers.

Mrs. Cull Earp and niece, Mrs. Ray Semmler, visited in the McDaniel community Monday with Mr. and Mrs. Henry Luman.

Mr. and Mrs. Fred Tunnel and three children of Rising Star visited here Sunday afternoon in the Vernon home.

Mrs. Cull Earp and niece, Mrs. Semmler, visited Tuesday of this week with Mr. and Mrs. Jim Alexander.

Marjorie Hill has gone to Rising Star for a visit with relatives.

Those for Friday night supper with Mr. and Mrs. Cull Earp and to enjoy the fish he had just caught were Mrs. Emmeler, his niece, from San Antonio, his three nieces, Messdames McDonald, Hagery and Sims Roach.

Blanket

Mrs. Verna Hanks and daughters of Wichita Falls, who have been here for the past week visiting in the home of their parents, Mr. and Mrs. T. M. Curry, have returned home.

The Christian meeting which was held here last week, closed Sunday night with several additions to the church. Rev. Mosier did the preaching. This was the third revival he has held in our city.

Mr. and Mrs. Goats and daughter, Mrs. Janie McLaughlin, of Early High, were Sunday visitors in Brownwood Saturday.

666 Malaria in 3 days Colds first day.

Liquid-Tablets Salve-Nose Drops Tonic and Laxative

Highest Quality—Vacuum Packed Always Fresh at Your Grocer's

of Fort Worth; some friends, Mrs. Effie Gatliff and daughter, Virginia of Big Spring; his nephew and wife, Mr. and Mrs. T. L. Henderson of Brownwood; Mrs. Willie Faye Gatliff of Brownwood, Mrs. Janie McLaughlin and two sons, Bernman and Noel, Mr. and Mrs. Walter Koscoe and Arthur Vernon, all of the community.

Otis and Will Hunt spent Thursday of last week at Coleman with their sister and daughter, Mrs. J. P. Clark.

Mrs. Earp and Mrs. Semmler spent Saturday in Brownwood with the former's aunt and cousin, Messdames Gilmer and Jones.

Mr. and Mrs. A. J. Goates visited from Friday until Sunday at Blanket with their daughter, Mrs. Joe Eoff and family.

Uncle Bill Lovelace of Brownwood is here for a visit with his nieces, Misses Fannie and Laura Davis.

Frank Eaton, who has been living at Albany, has recently visited relatives here on his way moving to Decatur, Texas.

in the home of Mr. and Mrs. A. J. McLaughlin.

Mrs. C. A. Wilkerson and Miss Lowzola Swartz were shopping in Brownwood Saturday.

Mr. and Mrs. T. V. Austin and daughter were in Brownwood Wednesday visiting their brother-in-law, who was quite ill in Central Texas hospital.

Mrs. Leroy Wilman and son, Jimmie, of Dallas are visiting in the home of her parents, Mr. and Mrs. Sol Baker.

Miss Alice Rupp who has been visiting in Brownwood and Buffalo, Okla., for the past two months, has returned home.

Mrs. McGuire is visiting relatives in Brownwood this week.

Last week, on Tuesday afternoon from 3 until 5, Mrs. Mart Vernon entertained a group of friends with a miscellaneous shower in honor of Mrs. Jonah Richards. Dainty refreshments of cake and feed lemonade were served.

Mrs. T. B. Carpenter very delightfully entertained last week—Tuesday—with a miscellaneous shower in honor of her friend, Mrs. Chas. Cobb. After a social hour dainty refreshments were served to a large number of guests. Mrs. Carpenter was assisted in entertaining by Mrs. Henry Willford.

ASTOUNDING "LIFT" IN SINCLAIR H-C, Local Motorists Tell Sinclair Dealers

When you buy gasoline you buy liquid power. And power is measured by engineers in terms of lifting. A single gallon of Sinclair H-C Gasoline has the potential energy to lift 99 million pounds one foot. Putting that into a power picture we say one gallon of H-C could lift a 40-ton Brontosaurus 1/4 mile.

In automobile road tests Sinclair H-C Gasoline gave 15% to 20% more smooth power and from 1 to 3 more miles per gallon—compared to 12 other well-known gasolines!

Your neighborhood Sinclair dealer will tell you what local motorists are saying about H-C's astounding "lift"—what it means in extra power for their cars. Ask him!

15% TO 20% MORE SMOOTH POWER

BROWNWOOD

LAKE PROJECTS IN COLEMAN PLANNED

A number of lake projects in Coleman county are being studied by Marvin Nichols, consulting engineer of the Central Colorado River Authority, and those that are found feasible will be submitted to the Works Progress Administration district office here.

A committee from the Authority is to consult with the state board of water engineers one day next week concerning the proper method of submitting their projects to Federal agencies.

First sites to be inspected by Engineer Nichols, will be those in communities that have not been so well favored by rainfall this year—at Talpa, where a flood swept away the city dam, at Flisk and at Gouldbusk. Other sites are proposed at Norvic, Goldsboro, Santa Anna, Shield, Valera, Rockwood and Trickham.

Optometry Beard To Name New Officials

The State Board of Examiners in Optometry will meet soon to elect new officers. Dr. P. A. Tresler of Childress has been appointed a new member of the board and Dr. R. B. Hodges of Fort Worth was re-appointed recently by Governor Allred. Dr. Tresler takes the place of Dr. H. G. Towle of Snyder.

Dr. Mollie W. Armstrong of Brownwood is one of the members of the board.

SCOUTS RETURN

A party of fifteen boys and their leaders, members of the Boy Scout Troop No. 5 of First Presbyterian Church have returned from a four days camp at the Ross Churchill ranch, five miles from Brownwood. Rev. Wm. H. Foster and Roscoe Hallum are in charge of the encampment. The encampment at the Churchill ranch is an annual affair for members of Troop 5.

There's Such A Difference!

Between interment in the ordinary pine grave box, and burial in the modern Morris Burial Vault.

Enveloped in the dampness of the earth and borne down upon by the tremendous weight of the grave, the pine box has always been, and shall continue to be inadequate as a receptacle for the casket.

But heretofore the price of vaults has been prohibitive to the masses, thereby necessitating the use of the pine box in most instances.

We've Broken Down The Barrier!

Today everyone can have the protection afforded in the Morris Vault. It is used in every burial service we direct, regardless of price.

New Laws Explained At Educators Meet

New Texas school laws were explained at a one day conference for public school teachers and officials of this section held at Abilene Saturday Superintendant L. A. Woods and his assistants conducted the training school which was one of a series now being conducted throughout the state.

Topics of discussion were the new laws regarding rural aid, transportation, classification and standardization of schools, salary standards, the equalization fund legislation and the statewide music program.

From an indebtedness of \$12,000,000 two years ago, on January 1, the department is today out of debt and has paid all of the per capita for the past season, said Superintendent Woods. Also, it is hoped that \$2 of the per capita for the coming year will be paid by September 10, about the time of the fall opening.

A per capita of \$19 could be paid and is available for this year, said Superintendent Woods, but a statute does not permit an apportionment over \$17.50.

Brown county was represented by Superintendent E. J. Woodward, Pat Cagle, Mr. and Mrs. Arthur Maberry, Bangs, and Miss Opal Gilstrath, deputy state superintendent.

FINED FOLLOWING RAIDS

Two persons were fined in city court Monday morning following their arrest in raids conducted by city police Saturday afternoon and Sunday. A great quantity of home brew was found and destroyed in the raids. Mrs. Lera Reese was fined \$14.70, and Willie Woodruff, colored, was fined \$10.70, both on charges of vagrancy.

A museum dedicated to the herring is to be opened at Emden, Germany, the old North sea port where the German herring fishing industry centers.

DOGGY ACCLAIM

Seemingly to sense that their mistress, Mrs. Helen Willis Moody, had climbed back to the throne of women's tennis by defeating her old rival, Helen Jacobs, in the Wimbledon singles, Jack's and Beanie's her two Scotchman dogs, frisked about her in joy which also returned to Don Fenwick, Mrs. Mrs. Moody in receiving the congratulations. The dogs, who had been at the party, were seen to be very excited.

Hephurn's Hair Sacrifice to Art

A martyr to her art—and a most attractive one—Katharine Hepburn scores high in the role of a boy in which she is shown here. Faced with playing the part of a young girl who masquerades as a boy, the star surrendered to the shears, getting a boyish haircut that is far from unbecoming—and very convincing, too.

Joan Chambers Is Hurt In Car Crash

Joan Chambers, daughter of Mr. and Mrs. W. L. Chambers, was badly cut on her face Wednesday morning in a collision involving three automobiles at the corner of Austin and Center avenues. No one else was injured. The crash occurred when a car being towed by a wrecker driven by Harmon Brice, employe of Harris Motor Company, swerved from behind the tow car as it was stopped for the stop sign and collided with a car driven by County Treasurer I. C. Mullins as he made a left turn to go out Austin.

Mrs. Chambers and three children were in Mr. Mullins' car.

MINION ATTENDS CONFERENCE

J. M. Blinton, teacher of vocational agriculture in Brownwood High School, is attending a conference of agriculture teachers of area four at Stephenville this week. The conference will continue through Saturday.

County Agent Now Is On Third Floor

Offices of County Agent C. W. Lehberg have been moved to the third floor of county court house and now occupy the office space formerly used by the district highway department.

The new offices have been arranged for maximum efficiency in handling the large volume of business incident to the county agent's work.

Small stock farm for sale or trade. J. A. Flores, Mercury, Texas.

Local Hospitals Not Affected By New Law

The three local hospitals, Central Texas, Medical Arts and Stump hospital, will not be affected by the new hospital law which allows small Texas hospitals to maintain and operate nurses' training schools. The law became effective last week.

There are no nurses training schools here at the present time and authorities in the hospitals here say that none are contemplated. The training school maintained by Central Texas hospital was discontinued three years ago.

McDaniel

Miss Marie Luman spent last Saturday night with her friend, Miss Joyce Farris.

Miss Greta King of Brownwood returned to her home one day last week after spending two weeks in the home of Mr. and Mrs. C. L. Tervooren.

MONTGOMERY WARD

THE EARLY HISTORY OF TEXAS AS SHOWN FROM THE AUSTIN PAPERS

This is one of a series of articles taken from the hundreds of special collections of family archives in the University of Texas library. The collections cover all periods of Texas history, from the earliest days of the Spanish colonies in the province of Texas through the colonial era to the present. This series of articles presents interesting glimpses from a number of family collections, some of which are of unusual significance in the development of the state of Texas, others for purely human interest in interesting personalities, economic conditions and social institutions.

I think over what was to be done in the sad dilemma. And after worrying my mind through a long catalogue of unsatisfactory medicines without hitting upon any in which for the present case, I could place any reliance, I unconsciously dropped to sleep. When, immediately, and at the moment I was falling into the unconscious state, my father's voice, in clear, distinct, commanding tones, said, 'Gid, why don't you mesmerize Sally, and let her lungs bleed?' He in his lifetime, always called her Sally; and it was now spoken, and sounded so familiar, that I was instantly startled up and aroused to full consciousness. I lay still and thought of it for some time but as I am often startled by sounds at the moment of falling to sleep I finally concluded that the present case must be attributable to the same cause; and resuming my reflections on the old lady's case, continued to search for a remedy that might be applicable, until I dozed off again. About two hours after (20 minutes after midnight) and when I was in the deep, sound sleep of the laboring man, the same voice, still louder and more authoritative, repeated the same words, 'Gid, why don't you go and mesmerize Sally and let her lungs bleed?' By the time the sentence was finished, I was thoroughly awake, and I was on my feet, and moving towards the house. Barefooted and all, I jumped out of my bed and passed into the sick room. The untrimmed lamps were casting their dim rays over the silent scenery and there lay the sorely afflicted old lady, just in the position she was when I left her two hours before, turned partly on her side, head and shoulders elevated; eyes half closed, nose peaked, upper lip contracted, mouth open, breathing spasmodic and short, as if striving to suppress the cough. I noiselessly glided up to the side of the bed—nurses and all the worn out watchers were sleeping on their seats—and commenced, without touching even the bed clothes making the mesmeric passes, from head to foot very gently, and as I had faith in the manipulations I was making, I was capable of strong mental concentration. I had not made exceeding twenty passes, before she, without motion or seeming to awake, distinctly, but very feebly, articulated, 'It feels very pleasant.' I continued the passes until I felt that I had fully complied with the authoritative command of my father's voice, and then silently left the room, in the same sleeping condition that I had found it; no one being apprised of my noiseless visit. 'At early dawn, I returned to the sick room and found the old lady bleeding profusely, from her lungs. She, as well as all her attending friends were much frightened, and began to tell before I entered the room how, and when the bleeding commenced. 'At first, there was a strange, small, but quite audible hissing, seeming to emanate from her lungs

Admit Fat Fees From Utilities in Lobby Probe

Receipt of rich fees from utilities in the fight on the administration holding company bill was admitted by these two former government high-ups, Joseph Tumulty, left, and Patrick J. Hurley, right, shown by the candid camera as they appeared before Senate lobby probes in a hectic session. Hurley, ex-secretary of war, charging that he had been "put in a goldfish bowl" because he is a Republican, testified his law firm received \$100,000 from Associated Gas & Electric in the last three years. Tumulty, former secretary to Woodrow Wilson, admitted he had been paid \$33,000 by utilities to fight the bill.

Brownwood Woman Held In Car Death

Charges of negligent homicide were filed against Mrs. Henry Boyd, Brownwood, in Dallas this week following the death of Motorcycle Patrolman J. W. Dicken who was injured when his machine and an automobile driven by Mrs. Boyd collided Friday.

Mrs. Boyd was in Dallas visiting relatives at the time of the accident. Her bond was set at \$500 and she was to be given a grand jury hearing some time this week.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Brown County—Greeting:

You are hereby commanded to summon Felix Stagg, Jesse Stagg, A. F. Stagg, Dewey Stagg, S. H. Stagg and John Stagg, who are non-residents of the State of Texas, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Brown County, to be held at the Court House thereof, in City of Brownwood, Texas, on the fourth Monday in October, A. D. 1935, the same being the 28th day of October, A. D. 1935, then and there to answer a petition filed in said Court on the 26th day of July, A. D. 1935, in a suit, numbered on the docket of said Court No. 8969, wherein Mrs. Leta Doddridge, Arthur E. Stagg, Eddie Lockwood and Leona Carskaddon are plaintiffs, and Felix Stagg, Jesse Stagg, A. F. Stagg, Dewey Stagg, S. H. Stagg and John Stagg are defendants, and a brief statement of plaintiff's cause of action, being as follows:

Suit in trespass to try title to 197 acres of land out of the Harmon Reed Survey in Brown County, Texas, Abstract No. 784, Certificate No. 586, and being part of Block 15 of said Survey as shown by plat made for Beazley and Walling by McIntosh and Ragsdale, as more fully described in a deed from J. W. Beazley to Leta Stagg et al, dated the 2nd day of October, 1893, recorded in Vol. 41 at page 210 of the Deed Records of Brown County, Texas. It being further alleged that the plaintiffs, Eddie Lockwood and Leona Carskaddon are the only heirs of Mary Ellice Stagg and Ollie Belle Stagg respectively; that about the year 1893 Mary Ellice Stagg Lockwood, Ollie Belle Stagg Carskaddon and Arthur E. Stagg executed to their father, A. F. Stagg, separate deeds purporting to convey to him their three-fourths interest in said tract of land for a consideration of \$100.00 each in cash, which deeds were placed of record in the Deed Records in Brown County, Texas, but that in truth and in fact, said deeds were not intended to and did not pass any title, but were made solely and only for the purpose of authorizing the said A. F. Stagg to sell said land for them. That said land was never sold, and the title apparently remained in the said A. F. Stagg at the time of his death in 1916. They ask that said deeds be cancelled and the title restored to them or their heirs and for general relief.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Brownwood, Texas, on this 26th day of July, A. D. 1935.

L. J. WILSON, Clerk. District Court, Brown County, Texas.

By HERSCHEL WEEEDON, Deputy. s-1-8-15-22

Listers were operated 24 hours a day in Meade county, Kansas, in a campaign to halt soil blowing.

SCHOOL TAXES ARE FIXED BY COURT

Commissioners court set school taxes for the county and approved payrolls and estimates for the month at regular meeting last week. They also took up several matters concerning highway building.

The court ordered a new road in precinct No. 2 on petition of H. O. Walker and 11 others. The road is to be one mile across the Walker-Boyd-Stacy and Walker-Smith land to the Pioneer road at the L. King place. The road is to be second class, 40 feet wide.

School Tax Levied

Agreement was reached to pay the Brown County Abstract Company \$13.50 for making a supplementary abstract on 12.84 acres of J. B. Turner land near the Cross Cut right of way.

School tax for 1935-1936 was set as follows:

Table with 3 columns: District, Maintenance, Bond. Rows include Cross Cut, Williams, Grosvenor, Concord, Blanket, McDaniel, Early, Mankwater, Clear Creek, Chapel Hill, Woodland Heights, May, Zephyr, Indian Creek, Elkins, Clo, Holder, Winchell, Brookesmith.

Monthly estimate No. 3, final of Stanley and Moore, contractors on Park Road in Precincts two and four, for \$4,024.56 was approved; and \$41.62 will be held in escrow for thirty days pending settlement or filing of suit by H. C. and Henry Campbell and if settlement or filing has not been done at the end of that time, this amount will be paid to Stanley and Moore.

MEDICOS MEET

A joint meeting of the Brown-Mills and Eastland-Callahan Medical societies was held at Philpeco Country Club at Rising Star Tuesday night. Practically every member of the Brown-Mills county society attended.

The program started at 7:30 with a fish fry, which was followed by the reading of two papers by Drs. G. D. Mehon and M. O. Roust of Dallas.

and soon the bleeding began. The old lady was weeping, but the bleeding was so profuse, and the consequent cough so incessant, that she could speak, only in monosyllables and was greatly distressed. I had full confidence that it would result favorably; and so I declared to all present.

"On examination, I found the fever abating, pulse much improved, and the rigidity of the surface and muscular structures were greatly diminished. And as I stood by the patient I felt impelled to repeat the mesmeric passes, which I did for some minutes and left the apartment better satisfied than I had been for some time before.

"Well, the bleeding soon ceased, the fever did not return and the old lady is now as well as she was before the attack and as I have told you all I know about it, and my candle is now flickering in the socket, I must leave you to make out your own conclusions on the nature of the subject.

"Please present me respectfully to Major Wood and his good lady, and to my other friends about your village."

"Mr. K" Bids Wife and U. S. Goodbye

Announcing he would fight for American citizenship if he returned to the United States, Paul Kress, New York masseur who became internationally famous as "Mr. K" when Mayor LaGuardia refused him a license because of Nazi discriminations against American Jews, sailed for Germany to take over his parents' laundry business. A crowd of police guarded the ship to prevent a demonstration. Mrs. K is shown kissing Mr. K goodbye on shipboard.

Fred Abney Given Eagle Scout Rank

Fred Abney, Troop 1, was awarded the Eagle Scout Rank, the highest rank in Scouting, at an outdoor Court of Honor held on the steps of First Baptist Church Tuesday night. His mother, Mrs. D. F. Abney, pinned the badge on the Scout's uniform while all the Scouts and Scouters stood at salute.

Other badges were presented as follows: Second Class - Ralph Dozier, Wendell Brewster, Ben Sweet, troop 7; M. B. Tyler and J. W. McHorse, troop 3. First-class - Jack McCulley, Vernon Cornelius, troop 2; Mark Abney and J. W. Snider, troop 1. Star Rank - Gene Mattos, troop 1. Life Rank - Winifred Cornelius, troop 2. Gold Palm - Merlin Achor. Bronze Palm - Scoutmaster Harvey Morris.

Those making applications for Merit badge work were: Billy Achor, Thomas Hoover, Frank McElroy, Bill Foster and Cris Hoover, Robert Sims, assistant scoutmaster of troop 2, and O. H. Knight, both Eagle Scouts, made applications for Apprentice Sea-Scout.

The next Court of Honor will be held in September.

Stewart Well In Blake Area Makes 50 Barrels Daily

Production of Shrer-Ritt's No. 1 Stewart well in the Blake field is now estimated at around 50 barrels daily. The No. 2-B Leatherwood, brought in the same time as the Stewart, is producing about 20 barrels per day. Drilling on their No. 5 Densman in the same field, spudded in August 5, will be carried to the Cross Cut sand at about 1,200 feet.

Sher-Ritt also is continuing operation in Comanche county, working now on an old producer on the Lusk tract, north of Sipe Springs. Eight inch casing in the old well is being pulled up eight feet and will be cemented. The well then will be given an acid treatment.

Pyroil actually enabled a car to run 745 miles with no oil in the crank case! Ask for the complete story.

Pyroil Increases POWER (Simply Add to Oil and Gas)

Think of the power of plunging pistons... sufficient to move tons of rock up steep mountain grades. Yet the efficiency of pistons depends on the adequacy of the combustion chamber. Carbon-stuck valves, leaking rings, weakened piston stroke and make motors lag and balk.

Pyroil increases power in motors because it seals rings and keeps valves carbon-free. Simply added to regular gas and oil. Supplies constant lubrication to the entire motor head where withering heat kills ordinary lubricants. Actually builds lubrication into the metal.

Pyroil deposits a patent-processed, heat-, wear- and dilution-proof element on all metal parts, building and constantly maintaining an actual self-lubricating surface. Bearings run freer, cooler. Power, endurance, are marvelously improved. Easily saves many times its small cost.

Ask at your filling station or garage for further details. Try PYROIL today.

Pyroil Co. 1400 W. 14th St. Dallas, Texas

PREPARE TO CHANGE CANNING PLANT TO WPA SUPERVISION

Brown county's first application to the Works Progress Administration will be for a project to transfer the county relief canning plant from the Texas Relief Commission to the WPA program. A number of applications from several counties in district 14 have been made to the office here, five or six of which will probably be approved by officials of the district by the end of this week.

A tour of the eleven counties of the district was made by four departmental heads last week and they report that all governmental subdivisions contracted are cooperating in the WPA program. Officials who made the tour were Chas. S. Chase, Jr., engineering de-

partment head; Miss Anne Wilkens, supervisor of intake and certification; Mrs. Bess Paddleford, supervisor of woman's work, and James T. Padgett, head of the labor department. W. H. Barnum of the engineering department also made the tour.

A number of counties have appointed planning boards for WPA projects in the respective communities and boards will be appointed by other counties of the district soon. Several counties also have named county engineers to make up plans and specifications for proposed projects.

We paid more last week for eggs than anybody else and we are paying a premium for eggs this week.—Looney's.

RECIPE GIVEN FOR HOME CHEESE MAKING

The following recipe for Neufchatel cheese was given at the Brown county short course at Coggin Park last Saturday by Mrs. D. Willet, May Club, and was furnished for publication by Miss Mayesie Malone, County Home Demonstration Agent.

(1) Get 3 1-2 gallons of clean, whole milk at a temperature of 78 to 80 degrees F. A five gallon shot gun can is excellent for this purpose.

(2) Add 1-2 pint of starter or 1-2 pint clabber milk free from gas holes or off flavors. Stir into the milk well.

(3) Add 8 1-2 to 9 drops of liquid rennet or approximately 1-3 or 1-2 junket tablet. Either must be mixed with 1-2 cup cold water before adding to the milk.

(4) Hold at a temperature of 78 degrees F. for 15 to 18 hours. At this time 1-2 inch of whey should show on top of the milk.

(5) Carefully dip the curd from the can with a cup or dipper and place in cloth to drain. Allow to drain for several hours without disturbing.

(6) At this point the curd should be worked to the center of the cloth with a paddle.

(7) When all the free whey has drained off, fold the cloth over the cheese and press for several hours. This can be accomplished by placing the cheese between two boards and putting a 3 gallon bucket of water on top of boards. Pressing time may be shortened by chilling the curd in cracked ice or placing it in a refrigerator for several hours.

(8) After the curd has been pressed you should have 4 1-2 to 5 1-2 pounds of cheese. Work until smooth. Add 1 teaspoon salt and mix well. The cheese is now ready to place in the containers. Jelly glasses or ice cream cartons serve equally well for this purpose.

Neufchatel cheese may be served plain; ground pimientos or mixture of chopped olives and nuts are often added to give variety. Only enough is necessary to give a good flavor and appearance.

Heap Big Camel Aptly Named

Jack Dempsey being given the honorary title of Chief Strong Heart by the heads of more than 30 Indian tribes convening at the California Pacific International Exposition at San Diego. Chief Willow Bird takes a puff at the pipe of peace as the former heavyweight champion awaits his turn.

VEGETABLES NEEDED AT CANNING PLANT

Fruits and vegetables for canning are needed by the Brown county canning plant, which resumed operations last week. Miss Mayesie Malone, home demonstration agent, has received reports that the plant has more peas than are wanted but is in need of other vegetables.

The plant will remain open, Miss Malone said, until August 29, and in all probability will continue operations after that date, if sufficient foods are brought there for canning.

Increase In WPA—

(Continued from page 1)

eight counties embraced in the division.

Major projects in the division include:

Relocation of 3.13 miles of highway through Cisco, eliminating five right angle turns and constructing an overpass above the M. K. & T. railway tracks. Total cost of the job will be \$100,000.

Paving highway 10 through Comanche county, 23 1-2 miles, \$115,000, which, with other work in progress or soon to start, will eliminate all gaps in No. 10.

Grading and drainage structure on highway 23 from the Brown county line to Brady, 25 miles, shortening present distance by five miles, \$238,000, including \$25,000 for a grade separation over the Frisco railway, two miles south of the Brown county line.

Paving highway 9 from Brady south to the present pavement, 8.2 miles, \$89,000.

Grading and drainage structure on highway 51 from 10 miles south of San Saba to Llano county line, \$100,000.

Carl Blasig, assistant WPA director of District 14, explained the working of that organization in some detail. He suggested appointment of planning boards in each county, to assist governmental agencies in working up projects to be submitted to the WPA office in Brownwood.

Hilton Burks, secretary of the Comanche Chamber of Commerce, told of the work of the Central Texas Highway Association, of which he also is secretary, and following his talk, a resolution was adopted commending the work of the association and pledging the support of the WTCC to its efforts. Others making short talks included W. P. Hallmark of Dublin; R. L. McConnell of San Saba and Leland Alton of Hamilton. J. Thomas Davis of Stephenville, chairman of the WTCC district, presided.

The ventilating system on the liner Normandia includes 160 independent ventilators operating with motors and fans.

MORTUARY

SINGER—Francis Marion Singer, 78, retired farmer of Jordan Springs, died in a local hospital early Wednesday morning. Funeral services were held Thursday at Jordan Springs and interment was in the cemetery there. Austin-Morris Funeral Home was in charge of arrangements.

Mr. Singer was born in Alabama June 26, 1857. He moved to Brown county 36 years ago, and has made his home in this county since. He was a member of the Baptist church for many years.

He is survived by a son, Ollie Singer, San Diego, California; and a daughter, Mrs. O. Williams, of Houston. Other relatives include J. K. Singer, W. C. Singer, and Ed Gifford, nephews, and Mrs. Frank Nichols and Mrs. A. Stephenson, nieces, both of Brownwood.

HARRIS—Levi W. Harris, 74, died at his home at Mt. Vernon, Texas, Saturday. Funeral services were held at 3 o'clock Monday afternoon at Rocky, Brown county. Rev. W. R. Hornburg officiated. Interment was at Rocky with White & London Funeral Home in charge of arrangements.

Mr. Harris was born in Montgomery, Alabama, December 25, 1860. He was married to Miss Mattie Duffee at Montgomery, December 18, 1880, and shortly afterward they came to Texas and then to Brown county. In 1919 the family moved from Brownwood to the Rio Grande Valley and later to Mt. Vernon.

Mr. Harris joined the Baptist church while a young man and served as a deacon for many years, retiring about one year ago. His wife died in December, 1926, and is buried at Rocky.

Survivors: Wesley Harris, of Brownwood; Ernest Harris, Mt. Vernon; Ed Harris, Weslaco; Clifford Harris, Mt. Vernon; Enoch Harris, Chicago; Mrs. Bickie Pearl, Weslaco; Mrs. Vena Sinclair, Grovesnor; Mrs. Vera Ribble, Mt. Vernon; Mrs. Alma Stephenson, Beaville and Mrs. Temple Weatherford of Mt. Vernon. A brother, Oliver Harris, Montgomery, Alabama, also survives. Other survivors include 18 grandchildren and two great grandchildren.

DeMARCUS—Eugene F. DeMarcus, 50, grocer, died in a local hospital Tuesday morning after an illness of several weeks. Funeral services were held at 4 o'clock Wednesday afternoon at Austin Avenue Presbyterian church with Rev. Ben H. Moore officiating. Interment was in Greenleaf cemetery with Austin-Morris Funeral Home in charge of arrangements.

Mr. DeMarcus was born in Gainesville, March 18, 1885, and died in a local hospital at 9:30 Tuesday morning. He went from Gainesville to Amarillo, where he was connected with the Santa Fe railroad, and in 1921 moved to Brownwood. For the past 10 years he has been engaged in the grocery and meat business. He joined the Presbyterian church many years ago and has been a useful and faithful member, serving as a deacon, for the past 12 years.

He is survived by wife and daughter, Mrs. Eugenie Gibson. His mother, Mrs. W. B. DeMarcus; three sisters, Mrs. Ella Ewert, Mrs.

Pauline Massey of Lawton, Oklahoma; Mrs. Irene Roberson, of Gainesville; two brothers, W. P. DeMarcus and Murvin DeMarcus, Medicine Park, Oklahoma.

SINGLETON—Rev. F. S. Singleton, former pastor of First Methodist Church here, died at 1:30 Sunday morning. Funeral services were held for him at his home in Weatherford where he was pastor, Sunday. Another service was held Monday afternoon at Dublin followed by interment in the cemetery there.

Rev. Singleton was pastor here for several years and made a host of friends while in Brownwood.

New Market Lot Is Arranged By City

The new market lot for farmers who wish to sell from a stand rather than by door to door peddling has been opened on East Depot from Center avenue to Fisk avenue. The lot which includes both sides of the street, has been cleaned and offers plenty of space for parking vehicles and displaying produce.

No peddling will be allowed on courthouse square in the future.

A good cigarette, too needs Balance—

And that's why the tobaccos in Chesterfield are carefully balanced one against the other... not too much of one—not too little of another.

We take the right amounts of the right kinds of four types of tobacco — Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.
