#### KIDDIES MILK FUND PROVIDING RELIEF

##### LIST OF BENEFICIARIES RISES FASTER THAN FUNDS IN FIRST MONTH

Since last week's issue of The News only four donations to the Kiddies Milk Fund has been received at the headquarters to the total of nine dollars.

Previously announced

Name withheld	2.00
U. J. Boston	1.00
L. H. Baker	1.00
Business & Professional	1.00
Womens' Club	5.00
Total	\$25.21

With the list growing to three gallons of milk per day now being delivered to children of this community at a daily cost of \$1.20, it appears that a sizeable deficit will be faced on the first day of February and an added appeal is made for contributions from our readers. There are no solicitors for this fund—nobody is going to come to you and ask you for the money. It is a simple appeal for help in a most worthy cause and the amount you add to the fund is left entirely to your heart interest and circumstances.

The dairies are delivering the milk at ten cents a quart, which is hardly cost to them, but they are doing their part in a splendid manner.

As announced previously, your name will be published with the amount of your contribution or it will be withheld if you so desire.

#### G. L. BOYKIN HEADS 1931 SECRETARIES

##### LOCAL C. OF C. SECRETARY IS HONORED BY ASSOCIATION IN AMARILLO

At the annual meeting in Amarillo Saturday of the Panhandle Secretaries' association, G. L. Boykin, secretary of the local chamber of commerce, was elected president, Ed Bishop, Dalhart, vice-president, H. V. DeArmond, Canadian, second vice-president, and Rolla Townsend, Amarillo, secretary.

Featured by the attendance of county agents, the meeting plans to promote the growth and prosperity of the 32 Northwest Texas counties in the association.

A complimentary luncheon of the Amarillo chamber of commerce divided the morning and afternoon sessions, Wilbur C. Hawk, general manager of the News-Globe and president of the Tri-State Fair association, and P. C. Bennett, director of the Amarillo chamber of commerce agricultural department, discussed subjects of vital importance to the whole Panhandle region.

After calling attention to forthcoming events to be staged by the Tri-State Fair Association, Wilbur C. Hawk dwelt briefly upon the work of an organized citizenry of Panhandle residents. He reminded the gathering of the Spring Fat Stock Show, including the Baby Beef Show, and Hereford cattle sale. In closing he pledged the services of the fair association and columns of the News-Globe to promote any worthy undertaking that would tend to advance the welfare of the Panhandle area in general.

Mr. Bennett reminded the secretaries and agents of the plans now being formulated to bring about passage of a bill in the state legislature which would provide for a Panhandle experiment station, urging them to "get in there and pitch."

Howard A. Ferguson, director of The Panhandle of Texas, Inc., told the assembly of plans for again advertising this country over the United States.

In the afternoon session, Maury Hopkins of Plainview, assistant manager of the West Texas Chamber of Commerce, discussed the Panhandle Plains Dairy Show, and was backed up on the same discussion by Grady Shipp, secretary of the Plainview chamber.

The meeting was voted the most successful in the association's history. Time and place for the semi-annual meeting will be announced at a later date.

#### DAY ON ROCK PILE PARK BOARD PLAN

##### LOCAL CITIZENS WILL BE ASKED TO DONATE DAYS WORK ON ROCK PILE

To carry out the plans of the City Park Board for materials needed in terracing the flower beds at the park site at the head of Kearney Street, a plan has been set on foot to secure volunteer workers among the men of Clarendon to secure and break the rock on Tuesday and Wednesday, February 3rd and 4th.

The plan is to sign up volunteers for a day's work, or if he prefers he can pay some unemployed man about town a dollar and a half to work in his place.

On Wednesday, the 4th, arrangements are being made to have a picnic lunch served to the workers out in the Sawyer pasture near Indian Gulch, where the rock is to be secured. Transportation will be furnished to and from town to those who have no conveyance.

Tentative plans for the new work calls for concrete steps to be put in from the Park gateway erected last fall down to the Park level at the foot of the terraces, and the terraces when built will be planted to flowers by the Camp Fire Girls organization under the direction of Miss Lorena Steagall.

Committees will be on the scene this week to select volunteer workers and it is hoped, according to Robert S. McKee, chairman of the board, that men in sufficient numbers will be secured to break and haul plenty of rock for the terracing project. Brick-bats and smaller rock here in town will be hauled by the city trucks to use as fillers and backing for the terrace levels.

A good day's work in such a worthy cause for the benefit of Clarendon's first improved city park will be worth much to the project and a source of satisfaction to the worker.

#### TREAT PROMISED ROTARY FRIDAY

##### PROGRAM FOR THIS WEEK PROMISED BY PRESIDENT JENKINS

Extemporaneous addresses from five members of the Clarendon Rotary Club formed the greater part of the program at the weekly luncheon of this organization held last Friday in the place at the noon hour. Subjects were drawn and spoken on extemporaneously by Rotarians A. J. Dyer, J. W. Evans, Allen J. Bryan, J. C. Estlack and President B. L. Jenkins.

As one of the guests of the day, T. D. Nored spoke on matters of local interest much to the pleasure of the gathering. W. D. Orr, visiting Rotarian from Memphis, spoke to the organization and was much enjoyed.

The Memphis Rotary Club extended the Clarendon organization an invitation to present a program there in the near future, this being accepted with pleasure on the part of the local group.

In closing the luncheon President B. L. Jenkins made announcement of an especially interesting program for this week and especially urged all members to be present for the occasion.

#### MASONS REPORT SPLENDID ATTENDANCE AT MEETING

The Certificate Men's Association of the Panhandle met last Thursday in Hedley with a splendid attendance from all sections.

A splendid day was spent in the work that delights the membership of this body and the attendance was far above the average of those found at any of these gatherings. Those attending from Clarendon were: Bennett Kerbow, Homer Mulkey, Doss Palmer, M. T. Howard, T. D. Nored, O. C. Hill and Hugh Brown. Mr. Brown could not attend the meeting due to the stairs, but was counted among those present.

#### Donley Federation To Elect On Feb. 7

The Donley County Federation of Womens Clubs will meet Saturday, February 7th at 2:30 p.m., in the womens club room at the city hall in Clarendon.

The special business of the meeting will be the annual election of officers for the new year, and all sixteen federated clubs of the county are urged to send delegates to the meeting, according to Mrs. J. O. Thompson, president of the organization for Donley County.

#### FERRELL PROVES FINE ENTERTAINER

##### GUEST AT LIONS LUNCHEON PRESENTS NUMBER OF TRICKS

W. E. Ferrell, pastor of the First Christian Church of this city and sleight of hand performer, was one of the guests at the Lions Club Tuesday of this week and proved beyond a doubt that he was well versed in the tricks of his trade. Lions Rathjen and Boykin were two of the marks of his ingenuity and found themselves the center of interest much to their surprise. Many of the Lions who had seen him before this meeting expressed their delight with the tricks shown and complimented him on the work done.

After the luncheon, a special visitor, and asked the loan of some three or four of the members of the Lions Club to assist in enlivening the sessions of his organization here. A part of the Lions seemed to be willing to part with the members asked as a permanent rather than a part time proposition.

The report of the group meeting held last Tuesday at McLean was made by the District Governor Sam M. Braswell, who stated that it was a most excellent event with a splendid show from many of the clubs in the group. Shamrock was chosen as the next meeting place, the date to be set for some time during the month of April.

Lion Chase, as chairman of the Major Activities committee, made the preliminary announcement on the work of gathering magazines for distribution to the rural schools of the county. Further announcement will be made on this matter as soon as the details are all in hand.

All Boykin stated that the work on the ball park at the college was going forward as nicely as could be expected and that if sufficient workers could be secured that the work would be completed in a short time.

Lion Watson announced that the committee had taken Mr. Housh to Amarillo for further examination and that the doctor stated that he was ready for the operation for the second eye. The committee will take him to Amarillo this week and the work will be done to restore his eyesight to normal once more.

The Clarendon Lions were complimented by Frank Houston, who stated that the local organization had a more buoyant laugh than any of the clubs he had visited in his territory. He indicated that the others had some laughter but that they rather lacked the spontaneous quality found with the Clarendon group.

Adjournment after the Boss Lion had discovered the bell well padded to prevent its ringing as it should.

#### HATCHERY GETS ORDER FOR LARGE SHIPMENT

The Clarendon Hatchery announced that they have received the largest order for chicks that has ever been their good fortune to this date. An order has been booked from J. A. Helton of Amarillo for a total of 6,000 baby chicks. These are to be shipped over a period of six weeks, 1,000 in each shipment. Mr. Helton is planning to raise these to broiler size and has already contracted to sell them to Amarillo eating houses when they are ready for the market. Half of them are to be heavy mixed chicks, while the remainder will be leghorns.

Mrs. H. C. Kerbow, Mrs. Don Grady and Kenneth Kerbow left Tuesday for Dallas, where they plan to spend this week visiting relatives and friends.

#### Bill Delays Only State-County Tax

The new law allowing tax payments in one or two installments on or before October 15th, without penalty and with interest at ten percent from February 1st, was passed yesterday after conference of house and senate. Gov. Sterling will probably sign the bill today.

The News desires to caution its readers that the law will affect only state and county taxes. City and school taxes must be paid by Jan. 31st, to avoid penalty, as usual.

#### Legion to Meet Regularly Tuesday

The regular meeting of the Aubyn E. Clark Post of the American Legion is to be held at the usual time and place on Tuesday evening of next week. No particular special matters have been announced by Commander Miller for that time, but the usual routine business will be attended and it is requested that a full attendance be present to attend to those things certain to arise at the meeting.

#### PARK ENLARGING MAKING PROGRESS

##### UNEMPLOYED OF CITY BEING USED TO OFFSET DUPLICATION

Improvements on the athletic park at the college used for games of football, baseball and other like gatherings were set in motion Monday of this week with the various organizations of the city co-operating to get the work completed as speedily as possible.

The park site is being doubled, taking in the block immediately to the east of the former location, giving a track 650 feet in length and 336 feet in width. The North 296 feet are to be levelled off as nearly as possible and a track sixty feet in width is to be constructed around the entire field giving a quarter mile track that may be used for any purpose that may be deemed necessary. Sufficient space will be left on the inside of the track to allow the construction of a football field, a baseball diamond and such other playing fields as may be needed. A fence is to be built around the entire two blocks.

The southern forty feet that is not to be levelled off will be used for a space for spectators. A stand will be placed midway of the field to care for any crowds that may be gathered there, with ample room being left to care for the overflow behind a high wire fence to keep them off the playing field.

The work is being handled by the city. The Chamber of Commerce, the Goodfellows fund and the School Board. The city is lending machinery for moving dirt and as many men as are not employed elsewhere. The Chamber of Commerce is providing the funds for the fence, the Goodfellows are handling the payment of funds to the workmen and the use of the ground is being given by the School Board. A wage scale of \$1.50 per day has been adopted and some fifteen or more men have been working on the project since the fore part of the week. Supervision is being had by business men of the city giving their time for this purpose.

#### Lelia Lake Club Announces Meet

The Home Demonstration Club of Lelia Lake will hold their regular meeting on Tuesday, February 6th at the school building. All members are urged to make their plans to be present and assist in starting the new year's work with a bang.

#### Dr. Barker Here On February 20th

Final confirmation of the date on which Dr. Chas. F. Barker, nationally known lecturer, will appear in Clarendon has been received and the date is Friday, February 20th. Dr. Barker will appear several times during the day and at noon will be the speaker at a Rotary luncheon in the basement of the Christian Church when all civic clubs of the town will be invited to attend.

Further details of the day's program will appear later.

#### HEDLEY LEADERS INVITE WORKERS

##### CHAMBER OF COMMERCE HIGHWAY COMMITTEE INVITED TO HEDLEY MEET

Wednesday afternoon of this week a committee headed by Chas. M. Lowery, President of the Hedley Commercial Club was in Clarendon to confer with the road committee of the Clarendon Chamber of Commerce on some county road matters in that end of Donley, and to convey an invitation to the Clarendon committee to be present at the next regular meeting of the Hedley Club on the night of February 10th.

A. L. Chase, chairman of the Highway committee here, presided at the meeting and assured the Hedley men that the local organization stood ready to assist them in their problems in every way possible, and on vote the committee accepted the invitation to meet with the Hedley organization on the date specified.

Those accompanying Mr. Lowery here were J. G. McDougald and B. Leach, these gentlemen being much interested in the South road from Hedley to Lakewood in Hall County which was completed to within one mile of the Hall county line during the past year.

Mr. Lowery expressed himself as much pleased with the co-operative spirit now being manifest in common problems by the people of Hedley and Clarendon, and predicted that much could be accomplished by a continuation and extension of united effort.

#### County Agent Has Full Time Task

The County Agent for Donley indicates that he has a job that is taking his full time and that he is enjoying immensely. Just at present Mr. Broun is engaged in the pleasant pastime of living out on the farms of Donley County and in assisting those of the farmers in the many other tasks that are found on every farm.

To the present time, a total of more than 2,000 acres of Donley County farming land have been terraced. The total is increasing with the passing of every day, however, and it is the hope of Mr. Broun that the total will exceed 20,000 acres before the close of the season and time for planting is at hand.

In order that more people may be reached, the News is printing herewith a schedule of the dates on which this work is to be done for the coming two weeks, together with the locality in which the farms are to be found. Mr. Broun asks that all interested farmers attend the school nearest them and see for themselves the work that is being done and thus become fitted to do the work themselves on their land in case the agent does not get to them.

The schedule will start with next Monday, February 2nd, and is fairly complete until February 20th and is found to cover all parts of the county within reaching distance of every farm in the county. The schedule:

February 2; J. R. Bull, Clarendon; Odo Caraway, Goldston.

February 3; J. W. Rowland, Windy Valley.

February 4; E. W. Reed Ashtola.

February 5; J. E. Ware, Goldston.

February 6; Mrs. S. E. Atteberry, Windy Valley.

February 9; R. S. Thompson, Skillet.

February 10; J. R. Boston, Hedley.

February 16; Walter Lowe, south of Clarendon.

February 20; Frank R. Crisp, Whitefish.

#### COMMITTEES ARE NAMED BY BOARD

##### WORKING GROUPS DESIGNATED BY BOARD ACTION LAST WEEK

At the first regular meeting of the newly chosen Board of Directors and officers for the Clarendon Chamber of Commerce for the new year 1931, the working bodies of the organization were selected and set to work for the season. In each instance, the chairman of the committee is listed at the beginning of the group. The committees follow:

Agriculture: W. H. Patrick, E. P. Shelton, T. F. Connally, Frank White, Jr., T. R. Broun, Martha Buttrill.

Highway Committee: A. L. Chase, S. M. Braswell, H. Mulkey, F. W. Rathjen, W. C. Stewart, and R. L. Bigger.

Civic Committee: R. S. McKee, Joe Goldston, Jno. P. Blocker, J. C. Estlack, Frank Heath.

Schools Committee: W. W. Taylor, H. T. Burton, J. R. Porter, G. E. Allen and U. J. Boston.

Airport Committee: Sam Dyer, I. O. Noble, C. B. Trent.

July 4th and Community Visits: T. D. Nored, J. T. Patman, Carl Parsons, P. B. Gentry, Holman Kennedy, James Trent, C. E. Killough.

Publicity: Allen J. Bryan, B. L. Jenkins, Sr., C. C. Powell, and F. L. Stallings.

Industrial: F. E. Chamberlain, A. A. Mayes, H. B. Kerbow and Tom Goldston.

W. H. Rodgers returned to his home here Monday of this week from Austin, where he had been on a business trip. He reports the country immediately north of Austin to be in fair condition with prospects of another crop in the immediate future.

#### ANNUAL REPORT OF COUNTY SUBMITTED

##### COMPLETE REPORT FOUND IN THIS ISSUE OF THE NEWS. IS APPROVED

The annual report of the County Clerk of Donley County is being presented to the readers of the News in this week's edition of the paper. The account has been shortened one month in order that the subsequent reports may be run with the calendar year instead of being all found at the close of the month of January when checking of the tax receipts and other matters are up on the court to such a large extent.

Some reductions are to be found in the report over that one given out last year and some added expenditures are to be noted in part of the departments of the county. Conditions are also reflected in the report in that a deficit is found in a part of the report as tendered the Commissioner's Court.

The report in its entirety will be found on page five of The News and will be found to be quite interesting reading. We ask that you give it your careful consideration.

#### KUTCH FAMILY HERE TO HONOR MOTHER'S BIRTHDAY

Honoring the birthday of their mother, which fell this year on the Sunday immediately past, the children of this couple gathered in the parental home for another of their enjoyable occasions. All of the children and a number of grandchildren were with the family of Mr. and Mrs. S. B. Kutch on this date to make the home ring with their cheery laughter. Those present for this occasion were Mr. and Mrs. Paul Atteberry and children of Amarillo; Mr. and Mrs. M. W. Lemmon of Amarillo; Mr. and Mrs. Archie Hallmark and baby of Shamrock; Mr. and Mrs. Roy Kutch of Quitque and Mr. and Mrs. Fred Buntin and daughter of this city. All this merry group was joined by Mr. and Mrs. Jimmy Roberts of Amarillo.

#### FRIDAY 30TH IS BOOK SHOWER DAY

##### ALL PLANS COMPLETE FOR SHOWER-RECEPTION AT CITY LIBRARY

According to advices received from the librarian, Mrs. C. A. Burton and the committee assisting her, plans are complete for the Book Shower and Reception scheduled for Friday afternoon, January 30th, at the City Library. Women's clubs of the city have been invited to assist in making the affair a success and the service clubs have also been urged to participate, and from the advance response it seems probable that the library will receive several hundred additional volumes which will add to its growing patronage and interest.

The hours of the reception and shower will be from 2 to 5 o'clock Friday afternoon, and all books of historical, scientific, religious or fictional value are welcomed. Come and bring a book or two and enjoy the contact with friends and neighbors.

Mr. and Mrs. C. B. Morris and children of Thalia are here for a visit in the home of her parents, Mr. and Mrs. A. T. Miller. Mrs. Miller was quite ill for a time after their arrival, they having come in response to a call for this reason, but is some improved at this time and is reported to be doing very nicely.

W. J. Green attended to business matters in Memphis Tuesday of this week.

#### LITTLE THEATER PLAY FEB. 24TH

##### CAST IS BUSY STUDYING PARTS AND REHEARSALS START SOON

Tuesday evening, February 24th, is the tentative date set for the first Little Theatre play of 1931.

The casting committee has completed their work with only a minor change or two, the regular practice will be begun in a few days under the direction of Mrs. Rita Foster Stocking.

"The Goose Hangs High" is the title of the initial performance for the season, and those who have studied or seen the play pronounce it one of the finest vehicles ever produced in this community. The story deals with the return from college of brother and sister, twins, to a home where the father and mother are secretly economizing that the youngsters might have no financial difficulties or worries. An older son, out of college, comes home unexpectedly, too, and the parents learn that he is engaged to marry a girl of the city. The grandmother of the home is disgusted with the parental sacrifice for the harumscarum twins, and shows it on all occasions. Modern extreme ideas of the children hurt the parents, who begin to wonder if they have guided them aright, and if their towering love is wasted. During the holidays the father is browbeaten by a city official who threatens him with discharge from his position as city tax collector, after eighteen years of faithful service in that connection. He resigns on the spur of the moment to feverishly regret it after the letter is sent. The twins, in the swirl of social events, find out about the sacrifice and financial peril of the father and do some surprising things to prove that filial love is unchanging and that the present day youth is not without real character. The story ends in the grandmother being forced to aid in a business deal by the twins, and the father after having his resignation refused by a turn in politics, being forced by the family to go into the horticultural business, which he has always longed to do, as a partner with a life-long friend. The older son is able to marry his lady at once, the children have had their lesson, love reigns supreme and "The Goose Hangs High".

It is a moving play and surmountably points a moral as it leads for more sympathy for modern youth.

PANHANDLE PRESS ASSOCIATION

Crops were raised at less cost last year than for many years in Donley County, and it looks like now that the cost will be even less in 1931. Personal attention to farming, like personal attention to business is the surest producer of profits.

No county offers a better opportunity for balanced farming in 1931, than does Donley with the aid of our efficient and hard working county farm agent and the home demonstrator. These two people are here only to help and every farm can be made a profit-making venture if their aid is sought and tested plans followed.

Coming of the German Opera to Amarillo next week end affords Panhandle people another opportunity to see grand opera produced in a standard manner with some of the best voices of Europe in the title roles. See one of the three operas to be presented, if possible. You are entitled to some of the finer things of life as you go along.

New work is to begin on the City Park project up near the Junior High building. A beginning was made last fall, and now concrete steps and terracing is to be done in the next few weeks. The Park Board hopes with the aid of the City Commission to make a good start on an inviting little park before the summer begins. Most worthwhile projects develop slowly.

A few Clarendon fellows were noting the press dispatch and accompanying picture a few days back of the Texas cowboy who rode a bull to New York City. One said that was an instance where a fellow got a long way on the bull. Another said he had known men who rode the bull all the time and never got out of town. Still another said that a fellow able to ride the bull that far ought to make a hit in New York. Oh, well—

Our compliments to Secretary G. Lester Boykin of the Clarendon Chamber of Commerce. He was elected president last week of the Panhandle Commercial Secretaries Association, an honor that reflects credit on Clarendon and on Mr. Boykin. Every man owes a portion of his time to the upbuilding and welfare of his profession or vocation and most Clarendon men recognize that duty and discharge it in an admirable way.

Many observers declare that when business tempo is resumed that the nation is to enjoy its greatest economic advance. They say that all have learned a valuable lesson and that there will be such shortage of stocks, such need of building and repairs, such demand for labor of all sorts that a peak of activity never reached before will come to pass in this country. There's lots of common sense in that view, and it behooves all of us to get our respective businesses in order to function under the desirable high pressure.

Advertising schemes by the traveling high-powered salesman is having hard sledding in these conservative times. When business was booming along at an easy rate, these fellows had "easy pickings", but now since business men are examining carefully even the most appealing propositions, their schemes have fallen into hard lines and most of them have quit for the time being. Of course, they don't quit for long; they will be back with a new song and dance, and if the merchant isn't careful he will be falling for the same old schemes under new names and in a new dress. Conservative advertising—steady advertising—in the Old Home Paper is still the best paying advertising in the world. It is intimate. It is direct. It delivers.

#### ETHICS AND ETHICS

Some people have "ethics" to the extent that they do not recognize that anybody else has a right to have a code of ethics. These are the people hardest to get along with.

In a neighboring city a few weeks ago the publisher told this writer of a certain merchant there who asked to see advertising copy submitted by a competitor for publication, and when firmly and frankly refused, the said certain merchant got mad as a hornet, stamped out in a rage and forthwith sent all his printing out of town.

No reputable publisher will allow advertising copy to be seen by anybody before publication, more especially by a competing merchant, and it is strange that any well poised business man could fail to see the necessity for such a rule. Just how well would he have enjoyed knowing that his own copy was being read by competitors? The answer to that question would have restored his temper and kept him from making a spectacle of himself to the point of practicing disloyalty to his home publisher.

Yes, there are ethics, and ethics—and some people who prate loudest about their code, display the least in their dealings with their fellows.

#### NO FIGHT "THREATENING"

In his Plains Speaking column in the Sunday Amarillo News-Globe, Editor T. E. Johnson wrote a couple of paragraphs about the Paloduro Park project and mentioned a rumor that there was a "fight threatening" between Memphis and Clarendon, each wanting to be the gateway city into the park lying in the Canyon. The paragraph goes on to say that citizens of Memphis feel that they are being ignored in the park program. Mr. Johnson does say that the report that Clarendon is opposed to Memphis being the gateway city is probably unfounded, for which we all thank him.

The News, speaking for Clarendon leaders in the park movement, denies that there is any fight threatening insofar as Clarendon is concerned. We deny that Memphis or any other community lying along the Paloduro has been ignored, and we do not believe that any Memphis citizen who has been in touch with the Paloduro Park Association feels that Memphis has been ignored.

The facts in the case are these: At a meeting of the Paloduro Park Board held in Memphis on December 5th, 1930, it was unanimously voted to sponsor and urge a highway connecting with the Hall County paving from Memphis to the Mulberry bridge and running up through the Canyon to Canyon City, with several intersecting roads from Clarendon, Silverton, Claude, Tulia and Amarillo leading into the Canyon. In other words there was to be no one city the "gateway" into the proposed park, but there were to be a number of gateways—just as many as could be arranged and financed.

In a few weeks before the new legislature the people of the Panhandle, through the Paloduro Park Association, are to make a super-effort in conjunction with three other major park projects, and we need the unity and coherence of all Panhandle towns and peoples.

Let no rumors disturb the splendid unity the Panhandle is so capable of exhibiting when working for a common cause. There is no fight threatening.

#### THE SMALL TOWN AND THE HIGHWAY

The paving of highway No. 5 through Childress county has been delayed for some time through inability to agree on how the paving should be routed through Kirkland. Kirkland is on the south side of the Fort Worth and Denver tracks and the highway runs along the north side of the tracks, so that in order to enter town, it would have been necessary to have two grade crossings.

An agreement has now been reached. The main highway will be put on the north side of the track, but the highway department agrees to construct a paved loop through the town, so that travelers who wish to stop there may conveniently do so. In this way Kirkland gets the maximum benefit from the highway without requiring through travelers to cross the railroad tracks twice.

Such problems are not easy to solve. A town is entitled to whatever benefits it can derive from a highway, and at the same time the traveling public is entitled to the maximum of safety and convenience. In most cases there must be a balancing of the two interests, as has been done at Kirkland. We would not want to see Texas do what has been done in California, where the rights of small towns have been largely ignored; nor would we want to see the plan followed in earlier highway routing in Texas, of forcing the through traveler to traverse crowded business districts or use unnecessary grade crossings, restored to use. Such solutions as that at Kirkland are best for all concerned.—Wichita Falls Times.

## The Life-Blood of Industry

The work of the newly-organized Texas All-State Committee will have a stimulating effect on West Texas industry. It will not only increase the production of manufacturing plants already located in this vast empire, but will bring new factories and new capital into the territory.

For efficient and economical operation of any business relying upon motive power for its production work, electric current supplied by the ever-ready, dependable transmission line system is an absolute necessity. In no other way can the manufacturer be assured of a constant, flexible supply of energy.

When new industries locate in West Texas, they will choose the towns in which transmission line service is available. The West Texas Utilities Company... with its three major generating stations, twenty-two auxiliary plants, and over 2,500 miles of transmission line... is rendering dependable electric service to 120 prosperous cities, towns and communities in West Texas, the "Land of Opportunity." It is furnishing them with the very life-blood of industry, so necessary to permanent growth and development.

thorough scientific background. I decided to try it for a very bad form of chronic constipation, which I was entirely unable to correct with ordinary laxatives and purgatives used in general practice. "I was also subject to severe bilious attacks. My complexion had become yellow as though I had jaundice. My appetite was below normal. My food did not digest or assimilate, causing gas and indigestion. I was losing weight and strength rapidly. "Three bottles of Sargon and one bottle of the Pills relieved me entirely of these troubles and

CORONADO'S CHILDREN

THE LOST MINES AND BURIED TREASURES OF THE SOUTHWEST

By J. Frank Dobie Illustrated by Ben Carlton Mead After years of research, travel and study the author of "A Vaquero of the Brush Country" has completed a book that without a question will live and keep his name alive for years to come. It is fact and legend; history and adventure, joys and successes are mingled with hardships, suffering and disappointment. "Coronado's Children" by J. Frank Dobie, published by the Southwest Press of Dallas, has been chosen by the Literary Guild of America as its February selection. This marks the first time a volume by a Southwestern author has been selected by one of the national monthly book clubs and the only time in the history of the club a book has been chosen from the lists of any publisher outside of New York and Boston. Mines of silver and gold, the wealth of a universe floats before the eyes of the reader, as the prospectors for the past four hundred years, beginning with Coronado, and extending to the present time, have searched for these mines of fabulous wealth. What the Golden Fleece was to the Greeks or what El Dorado—the Gilded Man—has been to South America, these lost mines have been to all that part of the United States once owned by Spain. The story of these mines is a cycle made up of a thousand cantos that have for hundreds of years been recited with cumulative effect in the camps, households, and offices of the Southwest, house mechanics, preachers, teachers, doctors, lawyers, earth treading farmers and home-staying women, as well as roaming cowboys, rangers, outlaws and miners, have told these stories and believed them. In seeking these mines, generations of men have disembowled mountains, drained lakes, turned rivers out of their courses, they have been found and lost in many places, under many conditions. They are stories of yesterday as obsolete as the claiming of continents by priority of flag hoisting; they are stories of today as realistic as the salt of the earth; they are also stories of tomorrow as fantastic and romantic as the hopes of man. He relates the famous legends of the lost mines of Northern Mexico, Texas, Arkansas, Oklahoma, New Mexico and Arizona. These books may be bought at Douglas & Goldston Drug Co. Price \$3.00.

I no longer have any liver or biliary symptoms. In fact, I am in better physical tone than in years. "Sargon undoubtedly represents a real advance in the field of medicine."—Dr. Gilbert S. Lambert, San Francisco. Sold by Douglas & Goldston Drug Co.

Our Weekly Church Chat

"Redemption"

To redeem is to buy back. Man is in the Scriptures said to be "sold under sin". But God in infinite mercy, was moved to effect our redemption or in other words, to buy us back from the slavery of sin. The price was the "precious blood of Christ." Ye were not redeemed with corruptible things,—but with the precious blood of Christ (1.PET.1:19) This price is sufficient for the redemption of all mankind. "He is the propitiation for our sins; and not for ours only but for the whole world. (1. John 2:2). Redemption however in the Scriptural sense is not completed by merely paying the price. If that were so, then all mankind would be saved, no matter what their character. That which is purchased must become the property and possession of the purchaser. "When the fulness of time came, God sent forth his son, the law, to redeem them that were under the law that we might receive the adoption of Sons. (Gal. 5:4). In order that we might become "the sons of God without rebuke, God gave himself for us, that he might redeem us from all iniquity, and purify unto himself a people for his own possession, zealous of good works" (Titus 2:14). Christ is only Saviour or Redeemer of the world. "Neither is there salvation in any other." Salvation is a great historic fact. Jesus Christ was born; he lived; he died; he rose from the dead; he ascended to glory; and whether you believe it or not does not make one bit of difference as far as the fact itself is concerned. God has given you the chance to accept or reject His Son as your redeemer, the plan of salvation has been perfected, you have been invited to accept Jesus. God has done all that he can for your redemption, now if you would be saved you must do what he says, do it in the way he suggests and demand WHAT ARE YOU GOING TO DO ABOUT IT? We are all interested in making a success in life, so Sunday morning our subject will be: "The Key to Success." Real success is building character that will meet God's approval, rather than the approval of men. Sunday

evening we will study the great question: "What is Salvation? And How Is It Obtained?" If you are interested in this subject arrange to be with us. W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

### Pathfinder Reception Popular Social Event

One of the most enjoyable and outstanding social events of the season was the Pathfinder reception Friday afternoon at the beautiful home of Mrs. Wm. Gray. This day marked the 20th anniversary of the Pathfinder club of this city.

The receiving line was composed of Mrs. A. T. Cole, President, Mrs. O. T. Smith, President-Elect and the following charter members of the club: Mrs. W. B. Sims, Mrs. J. T. Sims, Mrs. C. A. Burton, Mrs. J. D. Stocking, Mrs. B. L. Jenkins, Mrs. Sella Gentry and Mrs. Wm. Gray.

Musical selections were rendered at intervals throughout the afternoon by the high school orchestra, under the direction of Miss Gus B. Stephenson.

From a table beautifully decorated with pink and green, and centered with a lovely cake adorned with 20 candles was served an attractive and delicious salad course. Pink carnations, mingled with green fern, assisted in making the table more beautiful.

Each guest received an assembly of sweet peas tied with pink ribbon bows on a card of green containing the dates, 1911 and 1931, as favors.

The well planned program for the afternoon was composed of music popular 20 years ago.

The program: Violin, piano and saxophone trio—"Can't you Hear Me Calling Caroline?" Mrs. G. L. Boykin, Gus B. Stephenson, and Miss Fray Stallings.

Vocal Solo—"When the Sunset Turns the Ocean Blue to Gold", Mrs. J. L. McMurry.

Piano Solo—"High Jenks", Miss Fray Stallings.

### Junior Swift Proves Popular Host

Friends of Junior Swift were his guests at the home of his parents, Mr. and Mrs. J. D. Swift at a delightful party Friday evening. Junior proved a very entertaining host as he amused his guests with music, games and contests from 7:00 until 9:00 o'clock.

Refreshments were served to Ethel Drennan, Dorothy Kerbow, Joe Word, Kathleen Ryan, Phoebe Ann Buntin, Maxine Ellis, Francis Morris, Jean McDonald, Edith Shelton, Francis Grady, Jimmy Jean Thompson, Homer Tucker, Homer Chas. Speed, Billy Cooke, Ray Smith, Ralph Lunas, Oscar Butler, Edwin Ozier and the host, Junior Swift.

### Kill Kare Kneedle Klub Meets

Mrs. W. A. Massey royally entertained the Kill Kare Kneedle Klub at her home Thursday afternoon.

An enjoyable afternoon was spent in working on artistic fancy work. An added attraction at this club entertainment was an interesting display of hand made quilts, made by Mrs. Massey's mother.

A lovely refreshment course was served to the following club members: Mesdames Van Kennedy, Woods, E. H. Noland, W. B. Sims, Joe S. Fowler, Bill Greene, W. C. Stewart, W. A. Land, Buel Sanford, G. H. McClesky, F. L. Goldston, Sam Lowe, Joe Cluck and the hostess, Mrs. W. A. Massey.

Special guests were Mesdames A. W. McLean, J. E. Mongole, Walter Lowe, Genoa Dozier, B. N. Shepherd, John Bass, J. D. Swift, B. Ballew, Misses Mable Mongole, Dorothy Ann Kennedy and Billie Lowe.

Clyde Price returned to his home here Tuesday after having been called to Amarillo by the very serious illness of a sister in that city. He reported this sister to be much improved at the time of his leaving the city.

**OLIVER POWER**

The Tractor that Goes on Tiptoe—  
The New Oliver Hart-Parr Row Crop

It looks strange to you—the new Oliver Hart-Parr Row Crop—because you've never seen a tractor like it. It is strange—because it's new. But the way that it eliminates soil packing, the time it saves by its new method of implement suspension, its ease of control, its unusual surplus power—those are new to the farmer who is used to the ordinary general purpose tractor.

You'll have to see it to understand its many points of superiority. Come in and let us tell you about those tiptoe wheels, about the unit construction, about the revolutionary design of the Oliver Hart-Parr Row Crop.

**WILL ROGERS COMING TO AMARILLO SUNDAY, FEB. 1**

The noted lecturer and philanthropist, Will Rogers, has announced speaking dates in twelve representative cities in the state from January 26th to February 1st inclusive, the full proceeds in each instance to go to the benefit of the unemployed in the state. Mr. Rogers proposes to donate his time and talent and pay all expenses to the tour so that every dollar received from the sale of tickets and otherwise in connection with his appearance may be used in this benevolent cause. The proceeds on each occasion will be divided equally to be used alike for the rural and the urban unemployed.

The Texas Federation of Women's Clubs is asked to sponsor this movement and it is sending out this notice and urgent request to loyal citizens to greet him with a full house at each place. The privilege of hearing this world famous humorist is well worth many miles of travel and it is hoped that the women's clubs of the seventh district will avail themselves of the opportunity upon his appearance at the most accessible place.

Clarendon folks will have the opportunity of hearing 'Will' spin his yarns in Amarillo Sunday, February 1st, both matinee and night.

**CARD OF THANKS**

We desire to thank the people of Clarendon and Brice communities for their many and varied acts of kindness in the very serious illness of Lamar Wood, little son of Mr. and Mrs. L. H. Wood, who is now well on the road to recovery. We shall not forget. Mr. and Mrs. J. H. Gillespie, Grandparents.

**Mrs. Hayter Honors Bride and Groom**

Mrs. W. T. Hayter entertained Tuesday afternoon with a delightful shower honoring Mr. and Mrs. Ray Woods, who were married January 11, at Dallas, Texas. The bridal couple was unable to be present so the shower was given in the form of a mock shower with Mrs. Sam Darden acting as bride and Mrs. Bascom White as groom.

The mock bride, Mrs. Darden, was attired in a powder blue afternoon frock and carried a bouquet of pink roses and violets. The groom wore the conventional black.

The mock bride and groom stood in the receiving line.

In the dainty salad course which was served during the afternoon's entertainment red and white paper hearts assisted in carrying out the St Valentine decoration motif very cleverly.

Games and contests kept the guests entertained and proved very interesting. In the contests the mock bride was winner and was awarded many beautiful and useful wedding gifts.

Miss Esta Bell Haning gave two very delightful readings which were followed by the opening of the wedding gifts by the mock bride and groom.

Guests for this charming affair were: Mesdames Sam Darden, H. B. White, W. E. Ferrell, R. L. Stegall, Ed Carlson, W. L. Butler, Luther Butler, O. D. Leisburg, J. R. Tacker, Eva Humphrey, F. C. Johnson, J. C. Eslick, Alfred Estlack, S. B. Arnold, C. L. Knight, Frank Whitlock, M. C. Reed, E. A. Sloan, B. L. Jenkins, S. W. Lowe, Miss May Lumpkin, Mrs. M. T. Crabtree, J. A. Tomb, J. D. McAdams, Owen Butler, Earl Humphrey, G. A. Anderson, H. Mulkey, A. N. Wood, B. Haning, J. H. Casey, Harry Weatherly, Lillian Brady, C. R. Skinner, Misses Frances Arnold, Esta Bell Haning, Billie Lowe, Luther Butler, Jr.

**Mens' S. S. Class Entertained**

The recently organized Young Men's Sunday School class in the Methodist Church treated its members and a number of invited guests to the first party of their program in the basement of the Methodist Church last Thursday evening. A series of stunts of varied sorts, with great enjoyment for every one concerned was the main source of entertainment for the evening with a light refreshment course being served at the close of festivities for the evening. Rev. W. R. McPherson is teacher of the class.

The following is the guest list for the evening's entertainment: Clarence Miller, Clyde Hudson, Guy Smith, T. M. Shaver, Ed McDaniel, Ben Andis, Homer McElvane, Dick Chunn, Nathan Cox, T. D. **Saturday Night Bridge Club Honored**

Saturday evening Mr. and Mrs. Louie B. Merrill were charming hosts to the Saturday night Bridge Club at the home of Mrs. Merrill's parents, Mr. and Mrs. J. T. Sims. A sumptuous dinner was served the guests preceding the games of bridge.

High for ladies went to Mrs. M. H. Rhoades, while Dr. T. H. Ellis won high for gentlemen.

Guests were: Mr. and Mrs. A. T. Jefferies, J. L. McMurtry, W. C. McDonald, F. E. Chamberlain Louie Holloway, Dr. and Mrs. T. H. Ellis, Dr. and Mrs. M. H. Rhoades, and Mr. John Bugbee. Mr. and Mrs. J. H. Morris and Mr. and Mrs. John T. Sims, Jr. were special guests.

**Young Matron's Club Enjoys Party**

The Young Matrons Harmony Club met Tuesday afternoon at the home of Mrs. Ben Andis. Eighteen members of the club were present.

Following a lengthy business session "42" became the principal diversion for the guests.

A three course luncheon was served to these present: Mesdames Tom Goldston, B. F. Kirtley, McDaniel, H. L. McElvane, Paul Shelton, Walter Hutchins, Belle Brumley, Jim Halle, Harrison Simmonson, Walter Wilson, Clarence Miller, W. A. Clark, Jr., Henry Tombs, Charley Bairfield. Mrs. W. R. McPherson was a special guest at this meeting.

**Kieuwa Troop Enjoys Outing**

The Kieuwa Troop of the Camp Fire Girls were much pleased last Saturday with a mystery hike beginning in the morning at 10:30. Every member of the troop with the exception of two members gathered for this event and followed a trail marked with arrows and notes to a point some two miles south of town, where a bountiful picnic lunch had been prepared. After games and some various stunts, the girls returned to their homes about the middle of the afternoon wishing for more of these enjoyable outings.

**Ladies Aid Meets**

The Ladies Aid Society of the First Christian Church met Wednesday at the home of Mrs. W. L. Butler at Lelia Lake.

Thirteen members and two visitors were present at this meeting.

The meeting was opened by Rev. Ferrell, pastor of the Christian Church. A business session was held immediately after the opening by Rev. Ferrell.

At the close of the business session the meeting was turned over to Mrs. R. C. Bryan who led the Devotional. The lesson was taken from St. John the 20th chapter. Following many interesting talks on this chapter delicious refreshments were served by the hostess assisted by Mrs. Owen Butler and Mrs. Luther Butler.

The Ladies Aid will not meet next week as this is Missionary week. The Missionary Society will meet at the church.

C. W. Bennett is in Amarillo this week attending a tractor school.

When you take Bayer Aspirin you are sure of two things. It's sure relief, and it's harmless. Those tablets with the Bayer cross do not hurt the heart. Take them whenever you suffer from

- Headaches, Colds, Sore Throat, Rheumatism, Neuritis, Neuralgia, Lumbago, Toothache

When your head aches—from any cause—when a cold has settled in your joints, or you feel those deep-down pains of rheumatism, sciatica, or lumbago, take Bayer Aspirin and get real relief. If the package says Bayer, it's genuine. And genuine Bayer Aspirin is safe.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

BEWARE OF IMITATIONS

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

Superintendent

H. T. Burton, Superintendent of the Clarendon public school system, has his Bachelor of Arts and his Master of Arts degrees. It was at Baylor University at Waco that Superintendent Burton received his first degree, with his Masters degree being conferred upon him by the University of Texas at Austin.

gree, on the J. A. Ranch. This proved so popular that it was published in book form and placed on the market. The head of the History Department at the University of Texas stated that Mr. Burton's discourse on the J. A. Ranch was the most interesting of all the theses he had ever read. (Editor's note: This is the first of a series of short articles dealing with members of the faculty. We suggest that those who care to should clip each of the articles for a scrap book. Pictures will be used with each member's story in so far as possible.)

ALPHA DELTA PSI NEWS

The Alpha Delta Psi Literary Society met Wednesday, January 21st, in a regular meeting. Several committees were appointed, and a reporter was elected. The following program was presented: Short Story, Ruth Dunn. Piano Solo, Lois Strawn.

All present enjoyed having their fortune told by a very capable fortune-teller, Nova Cook.

Bill Dillard and Robert Weatherly were in Memphis Sunday afternoon.

Nola Gordon, freshman in C. J. C., from Cordell, Oklahoma, spent the week end at Cordell and Oklahoma City.

O. C. WATSON, SR. SPEAKS TO AG BOYS

FUTURE FARMERS CHAPTER PLANS TO PRESENT PLAY TO RAISE TEMP EXPENSES

The Future Farmer's Chapter met last Thursday night, January 22nd, for a round table discussion. The agriculture boys are planning to present a play in the near future. The proceeds are to be used to help defray expenses of the trips to the stock judging contests. The Clarendon boys intend to send representatives to the Lubbock stock judging contest that is to be held in April. The members are optimistic over the prospects that they have, and feel sure that they will carry off honors in any contest that they might enter.

The main feature of the meeting was the address delivered by Mr. O. C. Watson, Sr. Mr. Watson gave a very interesting and educational talk on Conservation of Farm Soils and Terracing. The agriculture class certainly appreciate the interest that Mr. Watson and the other business men are taking in their work, and each boy will try to express their thanks by accomplishing many things in the work they are facing.

CLASS NEWS

The redistribution of students to different classes at this time of the year is an annual occurrence due to a ruling of the school board, that requires each student to possess a certain number of credits before he is allowed to remain in a certain class. To remain in the junior class at the end of the mid-term a student must have nine and one-half credits. To remain a senior he must have thirteen and one-half credits.

As a result of this ruling many of the juniors and seniors were transferred back to the sophomore and junior classes. Much to our sorrow, a number of seniors had to go back to the Junior ranks, however some of them still have a chance to graduate, as they are taking a sufficient number of subjects which will enable them to do so.

HIGH SCHOOL ORCHESTRA IS PROVING POPULAR GROUP

Twelve members of the high school orchestra made the trip to Memphis to the Chamber of Commerce banquet on Wednesday, January 21st. The orchestra left the band hall about 5:45 and arrived about 7 o'clock in Memphis. Several numbers were played before the banquet, while it was in progress, and after the occasion. All members that made the trip enjoyed it thoroughly.

Nine members of the orchestra presented several selections at the Pathfinder Club reception on Friday, January 23 from 3 to 5 o'clock.

The orchestra also furnished music for the Ashtola High School play at Ashtola on Friday evening of last week.

CAMP FIRE EMBERS

The Nowetompatin Camp Fire Girls met in special session last Monday, January 26th, for the purpose of planning an out-door entertainment. After a short business meeting, plans were made for a Camp Fire Girls hike to take place on Wednesday afternoon, January 28th. No other business being at hand, the group then adjourned for the day.

Officers for this troop are: Jo Ellen Kennedy, President; Mary Lois Hayter, Vice-President; Bobby Lynch, Secretary; Emma Lee Johnson, Treasurer; Frances Arnold, Reporter; and Dortha Watson, Sergeant-at-Arms.

PALO DURO SOCIETY

The Palo Duro Literary Society met January 22, at seven o'clock when a good program was rendered by those appearing on the program consisting of the following numbers:

Short Story, Hazel Gilbert. Current Events, Nola Gordon. Violin Solo, Joyce Link. Jokes, Wilma Hukel.

This was one of the most interesting programs that we have ever had and we hope to have more of them in the future.

Texas shipped 2,575 cars of notstones in 1929 and 5,269 cars in 1930.

Chamberlain

Miss Stewart from Goldston has been visiting in the home of her sister, Mrs. Neely Hudson. Mr. and Mrs. H. M. Reed, Mr. and Mrs. B. L. Blackman, Mrs. Roy Blackman, Mr. and Mrs. Neuton, Mrs. Aduddle were the ones from here that went to Ashtola Wednesday to see the basket ball game between Chamberlain and Ashtola. The boys were victorious but the girls lost.

Friday the girls and boys played Lelia Lake. The girls won and our boys lost. Anyway we are proud of both teams, this being the first year for some of the players. They are real sports. If they lose they smile. Hurrah for our boys and girls.

Mr. Mangrum has moved to the Caraway place in north Chamberlain.

Mr. and Mrs. Morris Millsap and small daughter, Bettie Mildred and Miss Johnnie Long from Hudgins were bedtime callers in the Hughes home Thursday night.

Mrs. Roy Eeverly, one of our active club members, canned beef last week. Where there is an over production, Mr. and Mrs. Eeverly believe in consuming it. They have a pressure cooker and codles of energy. The products are canned for table use.

Mrs. Clifford Johnson had the misfortune of smothering twenty-five of her nice hens while moving them Tuesday.

School is progressing nicely. Several new pupils have started since the holidays.

Mr. and Mrs. Sam Shatle and family from Ashtola were Sunday guests in the V. V. Johnston home.

Mr. and Mrs. John Clark from Clarendon transacted business in this community Sunday.

We are sorry to report Mrs. V. V. Johnston has been on the sick list since Friday.

Mr. and Mrs. Leonard Darnell from Jericho visited the lady's parents, Mr. and Mrs. Duckett Saturday night.

J. H. and Joe Millsap of Fisher Co. visited in the home of 'home brother' and uncle, A. L. Millsap over the week end.

86, Jaunita Flowers 86, J. A. Howard Jr. 85, Robert Summers 85, George Reeves 85, Madeline Kelley 85, James Berry 85, Billy Gene Johnson 85, George Langford 85, Bernice Langford 85, James Lumpkin 85, Irene Langford.

WINDY VALLEY

Miss Virgie Skinner, a student in Clarendon High School spent the week end with home folks.

Misses Mary and Helen Slater from Clarendon spent Saturday afternoon with Miss Gladys Noble.

Mr. Dick Noble spent Saturday night with Mr. Percy Lee Tims in the Hudgins community.

Miss Callie Mann spent Saturday night with relatives in the Chamberlain community.

Mr. and Mrs. W. B. Morgan and Mr. and Mrs. Tom Morgan was called to Farwell, Tuesday, on account of the illness of Mrs. Loyd Morgan. They returned home Thursday, bringing the news that Mrs. Morgan was some better.

The Windy Valley boys and girls went to Smith to play ball Friday. Both the girls and boys won.

Miss Gladys Noble, a teacher in the Goldston school, spent the week end with her parents, Mr. and Mrs. I. M. Noble.

Mr. and Mrs. B. F. Fletcher and Mr. and Mrs. John Fletcher and son, Billy John, spent Sunday in the W. W. Dodson home at Lelia Lake.

Misses Orell and Louise Wells spent Sunday with Miss Marie Butler at Lelia Lake.

Miss Elsie Josey was a Memphis visitor Saturday.

Mr. and Mrs. Emory Morris attended church at Lelia Lake Sunday.

Mr. James Gustine from Panama has been visiting his sister, Mrs. Jehrome Bowling.

N. C. Stogner entertained the

ball teams Friday night with a "42" party. Those enjoying this affair were Misses Rachel Tidrow, Lora Skinner, Jewell Morgan, Mayme Bowling, and Myrtle Cole; and Messrs Cecil Mills, Dick Noble, Eugene Fletcher, Lacy Noble, Bud Fletcher, Ira Paulk and Oby Paulk.

Mr. John Howard and Mr. Mace from Lelia Lake were seen in the Valley Saturday afternoon.

Mr. Hawkins is having some good work done on the roads in the Valley. They are widening them some.

William Meadows from Hudgins and Truman Fowlkes from Chamberlain attended the party in the Bowling home Saturday night.

Mr. and Mrs. Wells and daughter, Ozell, and son, Louis, called in the Butler home at Lelia Lake Wednesday night till bedtime.

Mr. and Mrs. Kavanaugh and daughter, Patsy, went to Memphis Monday night.

BAND REPORT

The High School Band has no winter trips planned but several are planned for the spring and summer. There will be two contests held out of town and two dairy shows will be attended by the band. The plan to go to Anacillo for a contest in March has been dropped but the organization will go to that city in the first week of March to play for the dairy show. A trip to Plainview will probably be made in April to play for another dairy show. There will be no contest in connection with the Chamber of Commerce convention this year, but a number of band directors in the Panhandle hope to stage a contest.

FORD SMOOTHNESS

The new Ford has more than twenty ball and roller bearings

EVIDENCE of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all - an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

"You can bet your Bottom Dollar Germ-Processed Oil won't fail you these cold days"

The multitude of motorists who have switched to Conoco Germ-Processed Motor Oil know what a great oil it is for summer use. Maybe they are wondering how it will act in cold weather at zero and below. The makers of Conoco know. Better still, thousands of users know, from their experiences of last winter. In Canada, Montana, the Dakotas... in Denver... with temperatures far under zero, Conoco Germ-Processed did not congeal. It remained fluid and continued to furnish efficient lubrication.

This accomplishment is no surprise. Conoco Germ-Processed is easy starting, non-congealing at sub-zero temperatures, because it is a thoroughly de-waxed paraffin base oil. The Penetrative Lubricity of Germ Process makes certain an ever-present lubricating film in your motor, even after long periods of idleness... particularly valuable at starting time, when 40% to 60% of motor wear occurs. Save this wear on your motor... your battery... your nerves. Drain and refill now with the proper grade of Conoco Germ-Processed oil at the sign of the Conoco Red Triangle. All grades, 35¢ per quart.

**GADSKI IN GERMAN OPERA**

JOHANNA GADSKI

Johanna Gadski represents one of the most sensational "come-backs" in the history of opera. She returns to America with the Third American Tour of the German Grand Opera Company after a retirement of 12 years from the Metropolitan Opera Company. Amarillo is the smallest city in the United States to secure the German Grand Opera for this tour. On Friday evening, February 6, "Die Walkure" will be presented followed by "The Flying Dutchman" at the Matinee Saturday afternoon, February 7.

and "Tristan und Isolde" Saturday evening. Popular prices will prevail at the Municipal Auditorium in Amarillo, where the performances will be given, according to Wilbur C. Hawk, president of the Tri-State Fair Association, under whose auspices the production is brought to Amarillo. Seats are \$1.00 to \$5.00, with 10 per cent discount for all three performances. Reservations are coming in rapidly, Mr. Hawk states, and are being filled in order of their receipt.

**Entertainer Here Next Thursday Eve**

Announcement is to be found in another section of the News of the appearance here of Robert E. (Bob) Clark, a magician of the first class on next Thursday evening in the Collego auditorium. Mr. Clark is being brought here by the Fellowship Club of the Presbyterian Church and is re-

**CITY ENGINEERS SHOW BUILDING ECONOMY NOW**

Immediate construction of needed public improvements may be done now in the near future to decided advantage because of low material and construction prices and plentiful and efficient labor, according to a statement issued by John W. Reid, consulting engineer of Detroit, president of the American Society of Municipal Engineers.

Mr. Reid points out that since most of the money spent for public improvements goes to labor that accelerated construction would furnish employment for large numbers of workmen and would tend to restore public confidence.

President Reid urges each member of the Society to lend every reasonable encouragement and aid possible in the acceleration of needed public improvements of all kinds. The American Society of Municipal Engineers is composed of city engineers and heads of municipal improvement departments of several hundred leading cities. Because of the character of their positions they are well qualified to assist in such a program.

Construction of sewers, water systems, pavements, county and state highways, grade crossing eliminations, schools and other public buildings are suggested by Mr. Reid as the major improvements whose development at this time would contribute largely to relieving the present economic situation. Practically all municipal and state governmental agencies are now thoroughly well organized and manned to execute such improvements with practical dispatch, once the improvements are authorized and provision has been made for financing them.

The many thousands of men who would be directly employed by speeding up construction would not be the sole beneficiaries. The increased amount of materials that would be used in these projects would make necessary the employment of many other thousands. Workers must have equipment as well as materials with which to build, they

Brown spent Sunday at Lelia Lake with Mr. and Mrs. Will Walling. Mr. Dave Johnson was in Jericho Monday. Mr. Ralph Spangler spent Tuesday in Jericho. require additional food and clothing and there must be men employed at the source of supply for these needs. Thus, a material increase of employment in one field brings about an increase in other lines of employment. "There is little doubt," states President Reid, "that all citizens and taxpayers would approve programs contemplating only necessary improvements, since most communities have been striving for some time to catch up with requirements in the class of improvements named."

Municipalities that have allowed present business distress to interfere with the progress of their improvements can now take advantage of three important factors. Low prices of materials, have given today's dollar greater buying power. There is a plentiful supply of efficient and experienced labor and construction prices are down. Taking advantage of these factors will accomplish a twofold purpose. Cities have an opportunity to economically bring their improvements
