DONLEY FALLING SHORT of QUOTA

VICTORY RALLY TO HIGHLIGHT BOND DRIVE HERE SATURDAY

Stores to Close for Bond Sale Program Sat. Afternoon

All stores, offices, garages, filling stations and other places of business in Clarendon have pledged themselves to close for one hour Saturday afternoon from 3:30 to 4:30 p. m. to aid in the Donley County Second War Loan Bond Sale Drive.

Every business man contacted expressed his willingness to close his place of business for the hour and do all he could to aid in the sale of the bonds in an effort to reach Donley County's Quota of \$208,000.

The three Clarendon banks will remain open the entire afternoon for the purpose of selling bonds and loaning money to people desiring to purchase bonds.

As a special attraction and through a special courtesy, several officers from Amarillo Army Air Field will be on hand to help with the program and bond selling.

IT'S, A PEOPLE'S WAR

We are paying more in taxes than ever before... and likely will pay more. But we cannot rely on taxes to finance the war. It would not be fair to base a tax on the average single family income when many families have more than one income.

LAWLER IS RANCHING FOR DURATION

Among those interested in the daily cattle market at this time is N. M. Lawler of Goodnight. He has two sections south of Alarreed, and three sections north of Parnell stocked.

State Game Warden Asks Cooperation As Fishing Season Opens May 1st

George A. Inman, state game warden is asking the cooperation of the general public in observing the regulations stated below, when they take up their rod and reel and venture out to challenge the finny tribe May 1st.

Ration Reminder

GASOLINE—"A" book coupons No. 5 good for four gallons each until May 21 outside the Eastern gasoline shortage area. Good for three gallons each and must last through July 21 in the East Coast shortage area.

OSTEOPATHS ELECT CLARENDON MAN

Importance of laboratory diagnosis for treatment of malaria and parasitic diseases was stressed by Dr. O. O. Cook, at the closing session of the Texas Association of Osteopathic Physicians and Surgeons' war effort conference in Fort Worth Wednesday.

Annual FFA Father-Son-Businessmen Banquet Is Set For May 6th

The F.F.A. Annual Father-Son-Businessmen Banquet has been set for May 6th. This banquet climaxes the work of the local chapter each year and serves as tribute to their fathers and to the loyalty and cooperation of the Clarendon businessmen.

MRS. W. D. MARTIN HAS CHILDREN HOME

Mrs. W. D. Martin enjoyed having all her children at her home Saturday night and Sunday, except Mrs. Ethel Moss. Those present were Cpl. Clyde Martin and wife, Mr. and Mrs. W. O. Pruitt of Shamrock, Mr. and Mrs. R. W. Griswold of Canyon, Mr. and Mrs. J. O. Martin and son Jimmy of Dumas, Mr. and Mrs. Clint Martin and children, Lloyd and Marion of La Junta, Colo., Mr. and Mrs. C. W. Martin of Clarendon and a friend, Mr. Elder from Missouri.

Clarendon Schools Picture Greatest Nation On Earth Here Friday Night

Hundreds of patriotic citizens revealed in the beautiful panorama in pageant form at Broncho Park Friday night where the Clarendon schools gave a living illustration of the greatness of our nation and the intense loyalty and skill of her citizens.

Poppy Day To Be Observed May 29th

Poppies in tribute to America's battle dead of two wars will be worn in Donley County on Saturday, May 29, Mrs. C. Huffman, President of Aubyn E. Clark Unit of the American Legion Auxiliary, announced today.

Playlet Pleases Lions Club

A playlet entitled "This is Everybody's War" was presented to the Lions Club during the Tuesday luncheon hour. This touching story of patriotism and heroism was written by a local high school pupil, Frances Adkins.

WAR RATION BOOK NO. 3

War Ration Book No. 3 will be distributed through the mails to more than 120,000,000 individuals beginning late in June and ending July 21, the OPA has announced.

RESTAURANT PRICES MUST BE FILED

All restaurant prices and menus must be filed at the local board by Saturday, May 1st. It is important, of course that extra care be given to the preservation of these lists, since they must furnish the base for any subsequent price and enforcement actions.

Farmers Needing Tractor Tires Urged To Make Application to Board Now

The Donley County War Price and Rationing Board today urged that all farmers who are in need of tractor tires or will be in need of them before the crop is planted to make application to the board now.

Goal Must be Met By Individual Buying

The Second War Loan Drive ends here Saturday night, and Donley County is still short of her quota. \$143,999.00 in war bonds have been sold to date, thus leaving a balance of \$64,001.00 yet to be raised before the quota of \$208,000 has been met.

LOCAL MERCHANTS BACK BOXHOLDER EDITION

Through the cooperation of your local merchants, the Leader was enabled this week to bring to you this boxholder special Bond edition, urging an all-out purchase of bonds.

WAR RATION BOOK NO. 3

War Ration Book No. 3 will be distributed through the mails to more than 120,000,000 individuals beginning late in June and ending July 21, the OPA has announced.

Blue stamps G, H, J, totaling 48 points, in War Ration Book Two became valid for the purchase of processed foods beginning Saturday, April 24, and will be good throughout the month of May.

AUSTIN OFFICIAL IN CLARENDON

Sidney P. Smith of Austin has been here several days on a matter of business. He represents a branch of the selective service in Texas. Being a thorough Texan, Mr. Smith is making many friends while here as well as attending to his regular duties.

Local Schools Jeep Contest Reveals \$65,104.95 In Stamps and Bonds

According to a report by Superintendent H. T. Burton, the three departments of the Clarendon Public schools sold enough stamps and bonds to buy 72 Jeeps. The Senior High School and Junior College, with a present enrollment of 196, sold \$4,875 of Bonds and \$131.85 of Stamps for a total of \$5,006.85.

Local Schools Jeep Contest Reveals \$65,104.95 In Stamps and Bonds

enrollment of 250, sold \$26,049.20 of Bonds and Stamps. The three schools together accounted for a total of \$65,104.95 in Bonds and Stamps sales.

Local Schools Jeep Contest Reveals \$65,104.95 In Stamps and Bonds

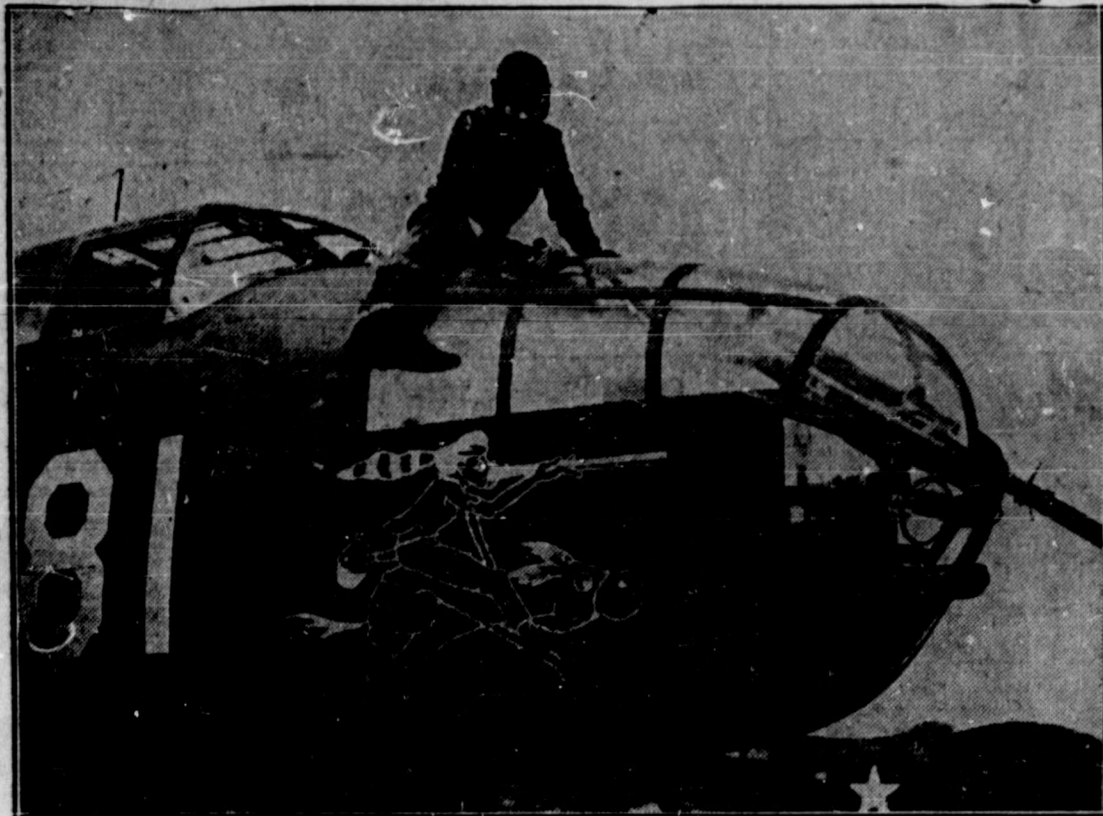

These young people and the teachers are to be complimented on their fine job in this campaign. We might mention also that this amount has been added in on the Donley county quota of \$208,000, and amounts to approximately one-half of the total amount of Bonds subscribed up to Wednesday morning of this week.

Local Schools Jeep Contest Reveals \$65,104.95 In Stamps and Bonds

The Junior High School, with an enrollment of 150, sold \$34,048.90 of Bonds and Stamps. The South Ward School, with an

Making Ration Books at Home

Uncle Sam's Ration Books No. 1 and 2 cover a good deal of our daily needs, but the Ration Books we make at home are just as important. Unlike Uncle Sam's Ration Books, the home-grown sort are unlimited. They are counterfeiting ration cards in Germany, but we are not talking about counterfeits when we say "home-made" ration books—they are as genuine as a dish of beans or a platter of steak for which we give up a handful of those precious "points" from Book No. 2.

It's like this: Victory Gardens go a long way in season, on the daily menu, but that's only half the story. During their prime there will be some surplus over daily needs, and that's the making of the extra "ration book." Two pounds of snap beans or about three pounds of tomatoes will fill a quart jar, three or four pounds of Lima beans will shell out a quart of delicious "Baby limas," and so on. Every can or jar that is filled would cost a certain number of points if bought on the market. To put it another way, a bushel of tomatoes in the can is worth about 300 points, a bushel of snap beans about 416 points, a bushel

of Limas about 456 points. A bushel each of these three items grown and processed at home adds up to 1,272 points, more than twice the quota for canned vegetables in Uncle Sam's Ration Book. This sort of home-made ration book saves the official coupons for buying a variety of processed fruits and vegetables which cannot be produced at home, all of which belongs to the "home front" where the Civilian Defense armies must do as good a job as our boys in uniform are doing on the world-compassing battle fronts. Mrs. L. T. Whitlock was an Amarillo visitor Friday.

TOKIO FLIER URGES BOND BUYING TO AVENGE BUDDIES

By CAPT. HAROLD F. WATSON of Hartford, Conn., one of the American fliers who was with Major General James Doolittle on the raid over Tokyo. Every American is eager to do something to avenge the cold-blooded murder of our fliers by the Japanese. Americans at home need have no concern what the Army Air Forces are going to do. We will go back many, many times over Japan until their savage masts are beaten into the earth. There is one vital thing every American, whether in uniform or not, can do in destroying the Tokio savages and avenging my buddies. And that is to buy War Bonds. Every War Bond you buy will help to put more and more planes and fliers over Japan. Getting mad is not enough. Make your anger count by buying a War Bond today.

Blackeye Peas For Luck

Eating Blackeye peas on New Year's day for luck is a time-honored custom, but it is luckier yet to have a year-round supply. Now that dry beans are rationed it takes four points per pound (240 points per bushel) from the ration book, besides the money cost. A bushel of dry Blackeyes or Pintos will supply a family of four, and a bushel of fresh shelled canned Blackeyes would cost nearly twice as many points as a bushel of dry beans—if we could get them. The commercial supply of both dry and canned beans and peas for civilian use is limited and uncertain, but fortunately they grow successfully throughout the South west, and no one with a plot of ground need depend on the market for these highly nutritious—and delicious—vegetables. The whole tribe of so-called "cowpeas" (including such favorite table sorts as Blackeyes, Cream and Crowder peas) can be planted well up into the summer, and while they respond luxuriantly to fertile soil and ample moisture, they have an enviable reputation for producing under favorable conditions—mighty good material for the Civilian Defense front. Canned fresh-shell and "snap" Blackeye peas first came into the market by way of home-canners who sold their surplus in town. An Ohio tourist eating a plate lunch in a west Texas town demanded to know "What is this delicious new vegetable?" and promptly ordered a case shipped to his Buckeye state home. Commercial canning began only within recent years, and the demand now outruns the supply. Another Southwestern stand-by is the Pinto bean, which "makes" in a short season with a minimum of moisture. Commercial production is limited to certain areas, but like the peas above named, Pintos can be grown for home use almost anywhere in the Southwest, where Civilian Defense Councils do not intend to slack on food production for their own and military needs.

SCHOOL BUSES ARE FROZEN ON JOB

School buses must be kept on the same job unless special approval is obtained from the Office of Defense Transportation. School superintendents in Texas, Oklahoma, Louisiana, Arkansas and New Mexico were notified this week to remind bus operators whose contracts expire at the end of this term that all such vehicles were frozen in service by a recent ODT order. Europe got its bonds from Hitler. Over here we can get them from Uncle Sam in the Second War Loan drive.

WOMEN MAKE GOOD INSPECTORS

Women have proved such a success as inspectors of Army Signal Corps equipment that they now make up 40 percent of the inspection force, according to the War Department. The women do the entire inspection job, from the mechanical work on the assembly line to the final inspection of the extremely complex electrical equipment.

USE CAST IRON SOIL PIPE

The use of cast iron soil pipe and fittings for sanitary drains in and under buildings should be continued as long as the supply of raw materials from which these products are manufactured is adequate, according to the WPB.

The second front for the home folks is here. It's the Second War Loan campaign. Get in step.

All the men in the Armed Service invest their lives, their limbs, bodies and health and get nothing on their investment. You must invest every cent you can. You get all yours back.

BUY WAR BONDS AND KEEP YOUR CONSCIENCE

First National Bank

THE 2ND WAR LOAN DRIVE IS ON!

The Command has Come...

"Attack!"

THE big push is on! This is the fateful summer that we have been waiting for. Hitler knows he must win before another winter rolls around, or face inevitable annihilation. And you can be sure that he will hurl everything he has—every gun, plane, soldier and tank—into the summer struggle that is even now rising in tempo on every front.

And when the command goes out to our fighting men to ATTACK—you can be sure they don't look for excuses. They don't hesitate. They strike fast and hard—as they did at Guadalcanal, in Tunisia and in the skies over Europe.

NOW the command has come on the home front to attack! To attack with the dollars that buy the weapons of war our boys must have to meet the last desperate assaults of Hitler. Your government asks you to lend it \$4 billion dollars during this drive. And this

historic 2nd War Loan Drive, which started April 12th, is the most urgent appeal America has ever made!

The time is short—act now!

When you attack with War Bonds you don't suffer pain or anguish—you don't risk your limbs or your life as millions of our boys are doing every day. All you do is make an investment—the safest in the world. You help to secure Victory now—and your own financial security.

During this drive if you are visited by a volunteer War Bond worker, welcome him. He will explain the 7 different types of U. S. Government obligations you may choose from. But don't wait for his call—go at once to your nearest bank or Post Office or place where they sell War Bonds. And answer the command to ATTACK by buying more War Bonds—and still more War Bonds!

SPAFS Train For Poison Gas Warfare

In case it ever becomes necessary to use gas in chemical warfare, men at SPAFS will be well trained, both offensively and defensively.

Climaxing a series of chemical warfare classes attended by all military personnel on the field, a series of gas "alerts" are being held on the field. During the alerts all men must wear their gas masks. Penalties are imposed on those who do not observe the rules or who fail to wear their masks properly.

It is only a penalty now. Later it might be fatal, chemical warfare officers point out. There seldom is "another chance" in a battle zone when gas is used. The "alerts" will continue on into the summer, gradually being increased from minutes to hours.

OPA CUTS POINTS ON SOUPS

Point values of all canned and bottled soups have been reduced by OPA from 8 to 6 points, with a cut to 4 points for tomato soup. Point value reductions for all frozen fruits and vegetables also were announced. Blackeyed peas were removed from the list of rationed dry beans and peas and now may be bought point-free.

Conductor—You see, you and your mother are making your entire trip on this Burlington Zephyr. Your trip started at Ft. Worth a little while ago and it will end in Denver tomorrow morning. But this gentleman's trip is going to take him way beyond Denver. He's going from there to Billings—then to Spokane and he'll end up in Portland.

Jean—How do you know he's going all those places—did the man tell you?

Conductor—No, but this long ticket did. You see, it's really a lot of tickets linked together just like a chain. Each one of them belongs to a different railroad. Right now, I'm tearing off the Burlington Lines ticket and it says "from Ft. Worth to Denver." After he leaves Denver, he'll ride on several different railroads and as he does, each conductor will tear off his share of this long ticket.

Jean—A lot of other people on this train have long tickets, too. Are they all going where the man is?

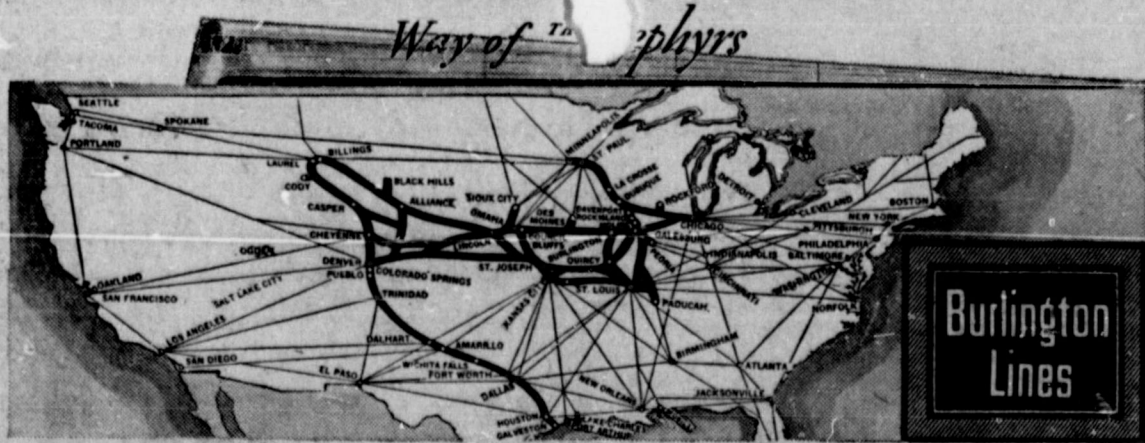

Conductor—No, if you could talk to all of them, you'd find they came to Ft. Worth from many different places—from East, South and West. And you'd find, too, that they're headed for a lot of different places.

Jean—Then how do they all happen to be on this same Zephyr train?

Mother—Don't ask so many questions, dear.

Conductor—I'm never too busy to answer that question, young lady. It's because the Burlington is a natural link between railroads of the North, East, South and West. People just naturally find it convenient to use the Burlington. And, with our fleet of fine passenger trains, headed by 14 diesel-powered Zephyrs, they find it mighty pleasant, too. At least that's what they tell us.

Burlington's role as an essential link in border-to-border and coast-to-coast travel, has become doubly significant during these days when both war materiel and power must be transported efficiently and speedily. We of the Burlington Lines—the Fort Worth and Denver City, Colorado and Southern, and Chicago, Burlington & Quincy—more than 35,000 of us are proud to be among the armies of railroaders who have teamed up to do the biggest transportation job, both passenger and freight, in history.

CLARENDON GOLDSTON LELIA LAKE

THE LEGISLATIVE GRAPEVINE

By Grady Hazlewood

Through the legislative hopper this week went some of the most important legislation of the entire session. The rural aid bill passed the House with an increase of almost \$6,000,000. It was fully expected that rural aid would be increased in order to provide for a general raise in salaries for rural teachers. Two Senate bills passed raising the per capita allotment from \$22.50 to \$25.00. There being something more than 1,500,000 scholastics the Senate bills provided for more than \$3,800,000.00 for increased teachers salaries in schools not receiving rural aid. But even those amounts will not provide more than from 10 to 15 per cent general salary increase. The public little realized the

seriousness of the teacher problem. In one of the larger city schools in the Panhandle there has not been a single day since last September that there has been a complete faculty. In another town more than 60 per cent of the teachers employed in September have left for better jobs. In a smaller rural aid school the entire faculty has completely changed three times since September. Many teachers can make twice as much money in war industries or other government work than they now receive.

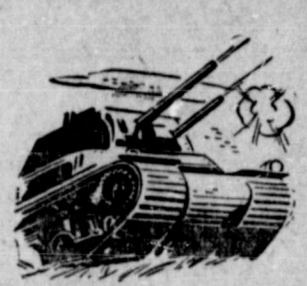

The old age pension problem flared again this week in the Senate. First, the Senate and the House free conference committee

CIRCULATED UNDER NAZI NOSES by underground groups, this cartoon has been spread throughout occupied Belgium. Translated, the caption reads: "Running away is only the beginning—you can't escape my scalping you." This is typical of countless devices employed by patriots of Belgium and the other occupied countries of the United Nations to harass Axis authorities and troops.

Released by U. S. War Department Bureau of Public Relations
U. S. ARMY AIR FORCES STAB AT ALEUTIANS—Making life as miserable as possible for the Jap invaders of the Aleutians at their Kiska and Attu island bases is the continuing task of the United States Air Forces. Working from the Andreanoff islands, under weather conditions literally the worst in the world, hazardous missions over Arctic seas and desolate islands are the routine of these intrepid fliers. Here the pilots stream out of an alert shack.

Put Your Dollars on the FIRING LINE

Buying Bonds is the least we can do to help win this War — any sacrifice we make just doesn't add up to the sacrifice made by our boys at the battle fronts.

But we can help - - - to provide the guns and ammunition our fighting men need, so let's dig down, do our part now and put Donley County over that \$208,000 goal this week.

OLIN BAIN
Phillips 66 Station

agreed on a substitute bill that got rid of the entire Board of Public Welfare. The House passed the substitute overwhelmingly and the Senate adopted it 17 to 9. Next day the Senate reconsidered after being assured by certain members of the board that Murchison would be relieved of his duties at an early date. Then Murchison resigned and the board is now seeking his successor but without much success.

How fast the position of executive director is growing in importance may well be seen by the following figures. When the legislature met two years ago the amount of money spent and paid out for old age assistance by this man was \$18,463,000.00. The legislature increased the amount with the largest tax bill in history so that last year this same executive director paid out for this purpose \$42,000,000.00. The recent bill passed by the Senate provides an additional increase of \$3,600,000.00 and it is entirely probable that before the House and Senate finally agree that the last named amount will be increased to more than \$4,000,000.00, so that hereafter the man who holds this job will actually spend some \$46,000,000.00 per year. The Board of Public Welfare is composed of three very active business men who are necessarily engaged in the operation of their own personal affairs. The members of this board only receive \$10 per day for each day actually devoted to this work but not to exceed 60 days per year. The result is that with the executive director rests the operation and management of this department. Thus it will be readily observed by the tax paying public and by old age recipients that the choice of the new executive director is of great importance to the people of Texas.

116 COURT ACTIONS ON POULTRY VIOLATIONS
In an intensive drive to stamp out black markets in poultry, 116 court actions have been started by OPA against violators of poultry price ceilings in 21 days. Moreover, 31 other dealers have been warned to stop over-the-ceiling sales or face suspension of their licenses. Sweeping changes in poultry price ceilings were recently announced as part of the campaign to stop illegal sales, with prices reduced from 1 cent to 10 cents per pound on expensive birds and raised 1 or 2 cents per pound for cheaper poultry. Revised prices are expected to effect substantial savings to consumers.

STILL MAKING BOBBY PINS

Rumors of a ban on manufacture of bobby pins are false, WPB officials have declared. Even though the pins are made of vital high carbon steel their production will be permitted.

LIVE HOG CEILING THREATENED

Livestock producers and packers were told last week by Chester C. Davis, Food Administrator, that a ceiling would have to be established on live hogs if prices did not adjust themselves in line with

wholesale ceilings. He remarked however, that the recent course of the hog market has been most satisfactory.

Over there they pay with their lives. Over here we are asked to buy War Bonds in the Second War Loan drive.

The Drive Is On--

In the desert wastes of Africa, the cold blast of the north in Alaska, and the stifling tropics of the South Seas and on many other fronts, are American boys fighting desperately to preserve our liberties and way of life.

Here at home we, too, are fighting to furnish the money with which to purchase the munitions, clothing, supplies, and fighting machines for them.

The greatest single job of financing ever attempted in the history of the world is now underway. To make the 2nd War Loan of the United States Treasury a success we must put forth every effort and buy bonds to an unheard of extent.

Buy Bonds Now - - - Let's Get the Job Done - - - Not Reluctantly—But Cheerfully and Gladly

GIBBS-PARKER

Mr. and Mrs. J. C. Gibbs of the Martin community announce the marriage of their daughter, Iva Ruth, to Claude Parker, son of Mr. and Mrs. W. H. Parker of Amarillo.

This couple were united in marriage at the Baptist parsonage by Rev. E. L. Moody Friday, April 16. The bride was beautifully attired in a two piece suit of aqua blue with white accessories. Those attending the couple were the bride's and groom's parents and Mrs. John D. Gray, Miss June Gibbs and Harold Green.

The bride and groom are graduates of Clarendon High School, and were attending Clarendon Jr. College at the time of their marriage.

The couple are now at home at 1019 West 11th St., Amarillo. Mr. Parker is employed by the Amarillo Airport Co. of Amarillo.

PRATT-OZIER

Miss Tillie Pratt and Bunk Ozier were married Saturday noon at the Methodist parsonage by Rev. J. O. Quattlebaum. They are at home with his mother, Mrs. E. M. Ozier.

BIRTHDAY PARTY

Mrs. Will Johnson entertained with a birthday party at the Park complementing her grandson, Albert Louis Johnson on his 8th birthday Thursday, April 22.

Various games were played. The many gifts were opened and admired. Easter favors were given. The delicious refreshments of ice cream, cookies and fruit juice were served to the honoree, Albert Louis Johnson, Norma Ann Bobbitt, Patricia Ann Estlack, Biffie Dee Blair, Jane Duke, Glenda Owens, Donna Lane, Bettie Ann Speed, Marian Wilkinson, Joe Lynn Ballew, Robert Olin Bain, Don Thornberry, Billy Hill, Jerry Newman, Douglas Duke, Walter Warner and Johnnie Lorraine Johnson. Mable Johnson assisted with the entertaining. Joe Tom Naylor sent a gift.

FRIENDSHIP CLUB

Met at the home of Mrs. J. W. Morrison Tuesday afternoon. Mrs. Skinner opened club with prayer. The afternoon was spent in working on a quilt and sewing and pleasant conversation was enjoyed.

Delightful refreshments were served by hostess, Mrs. Morrison to Mesdames J. D. Stocking, C. R. Skinner, H. Tyree, Teal, Pool, Thornton, Allison, L. Ballew, Morrison.

HOUSE WARMING

W. E. Kidd and daughter, Miss Margaret Kidd entertained friends with an old fashioned house warming at the family home Saturday night. Admission Fee consisted of Western or East Side New York costume. The highlight of the evening was the arrival of Mr. Kidd's family, formerly of Nocona, Texas.

Games of dominoes, fourty-two and bridge were enjoyed along with pleasant conversation and visiting. After refreshments were served, Dr. Keith Lowell entertained the group with moving pictures taken in Montana.

Those present were Drs. Laura and Keith Lowell, Dr. Watson, Mr. and Mrs. Fred Buntin and Phoebe Ann, Mrs. Cornell, Mrs. Wallace and Lucille, Mr. and Mrs. Olin Bain, Mr. Lowell, Mrs. Russell Barton, Mrs. F. M. Barton, Mr. and Mrs. G. W. Estlack, Mr. and Mrs. Glenn Allen and daughters, Mr. and Mrs. Barcus Antrobus, Mr. and Mrs. B. G. Watson, Mr. and Mrs. Frank Phelan, Mr. and Mrs. Guy Wright, Mr. and Mrs. Chas. Lowry, Mrs. Katherine Yankee, and Mr. and Mrs. W. E. Kidd and family.

Those present were Drs. Laura and Keith Lowell, Dr. Watson, Mr. and Mrs. Fred Buntin and Phoebe Ann, Mrs. Cornell, Mrs. Wallace and Lucille, Mr. and Mrs. Olin Bain, Mr. Lowell, Mrs. Russell Barton, Mrs. F. M. Barton, Mr. and Mrs. G. W. Estlack, Mr. and Mrs. Glenn Allen and daughters, Mr. and Mrs. Barcus Antrobus, Mr. and Mrs. B. G. Watson, Mr. and Mrs. Frank Phelan, Mr. and Mrs. Guy Wright, Mr. and Mrs. Chas. Lowry, Mrs. Katherine Yankee, and Mr. and Mrs. W. E. Kidd and family.

MOTHERS CLUB

Mrs. Lawrence Whitlock entertained the Mothers Club at her home Tuesday afternoon.

During business meeting, Mrs. Smith was voted into the club. Plans were made for the Spring Luncheon to be May 11th in the home of Mrs. Alfred Estlack.

Mrs. R. Y. King was program leader and spoke on "Earning and Saving as Factors in Development of Character."

Mrs. Dick Lanham gave a talk on "The Function of Play in a System of Child Training."

A most delicious salad course was served to Mesdames Geo. Wayne Estlack, Arlie Wood, Walter Clifford, R. Y. King, Mike Thornberry, Dale Hill, Dick Lanham, Frank Hommel and the hostess, Mrs. Whitlock.

BIRTHDAY PARTY

Donald Smith celebrated his 8th birthday Monday when his mother, Mrs. Smith entertained a few of his many friends with a party. Games were played in the yard. Delicious refreshments of candy, ice cream and cookies were served in the yard to Inell Cox, Glenda Davis, Sandra Shelton, Mary Ann Landers, Bill Porter, Jack Clifford, Eray Pyeat, Cortney Hankins, Billy Crews, Robert Olin Bain, Donald and Harlene Smith. Lovely and useful gifts were given by the guests.

THIS ANNOUNCEMENT Will Make Some People Blush!

DONLEY COUNTY LACKS A LARGE PORTION OF ITS 2nd WAR LOAN DRIVE QUOTA OF \$208,000 TO DATE!

From every front comes a story of the heroism of our troops—of unbelievable hardships and privations, and now from our far flung battle lines comes an urgent cry for help: "Send us more planes, more guns, more ammunition." For today the fighting fronts blaze into new fury. In a last desperate effort to annihilate us, the Axis powers are throwing everything into the struggle. The next few weeks or months may decide the outcome of the war. And that's why your Government is calling on you to lend it more money. Thirteen billion dollars are needed—needed urgently and right now. This is a show-down fight.

KILL KARE KNEEDLE KLUB

Mrs. H. C. Brumley entertained the guests and members of this Club at her home Thursday afternoon. Mrs. R. R. Dawkins was co-hostess.

The living room was beautifully decorated with iris and hidranga. In the dining room, the table was centered with a large bowl of lovely Texas bluebonnets.

Besides the regular sewing and visiting, Mrs. Rolle Brumley sang two songs with Mrs. L. E. Thompson at the piano. Shirley Brumley played a piano number.

Lovely refreshments of tea and hot gingerbread was served to guests, Mesdames L. E. Thompson, Elkins, Leck Goldston, Frank Frey, Rolle Brumley, Jack Molesworth, M. C. Reed, Henry Williams, Joe Goldston, E. L. Moody, and Shirley Brumley; and to club members, Mesdames W. B. Sims, W. A. Massie, Homer Mulkey, W. A. Land, Eva Draffin, Buel Sanford, Grover Heath, Bob Hay, Eugene Noland, Misses Ida and Etta Harned and hostesses Mrs. Dawkins and Mrs. Brumley.

The Club will meet May 13th at the home of Miss Ida Harned.

GARDEN CLUB

The Clarendon Garden Club met in the home of Mrs. A. L. Chase with Mesdames Will Johnson and H. T. Warner as co-hostesses. The entertaining rooms were decorated with numerous pot plants and cut flowers of iris and snowballs.

The vice-president, Mrs. Frank Phelan, presided during the business. The club will assist the P.T.A. in a project at the ward school. Mrs. John McMahan was welcomed as a new member.

Mrs. Joe Goldston gave a picture preview of "Glamour of New and Better Flowers", presenting the Douglas MacArthur rose and the Madame Chiang-Kai-Shek Chrysanthemum, two of the 1943 newest creations. "Spray or Pay" by Mrs. Walker Lane, revealed the fact that if you do not get the bugs they will get your garden. A quiz on botanical notables, we'll should know, was given by the leader, Mrs. Joe Goldston.

Lovely refreshments were served by the hostesses to seventeen attending members.

PATHFINDER CLUB

The Pathfinder Club will meet in the home of Mrs. L. E. Thompson at 4:30 Friday afternoon with Mrs. C. G. Stricklin as co-hostess. This will be the last business meeting of the year.

Mrs. Homer Glascoe entertained her Kindergarden class with an Easter Egg hunt Friday morning at her home. The little tots hunted Easter eggs and played in the yard until Mrs. Glascoe served refreshments to Tookie McClellan, Janice and Bernie Benson, Jacqueline Marie Estlack, Billy Waymond Noblet, Wesley and Dorothy Jo Knorpp, Gene Alderson, and Billy Harter.

Prizes were given Jacqueline Marie Estlack for finding the most eggs for girls and Billy Waymond Noblet for boys.

EASTER EGG HUNT

Mrs. Ray Carter of Kansas City is visiting her mother Mrs. J. R. Tucker.

Glenn White of Shamrock visited in Clarendon Sunday.

Mr. and Mrs. J. R. Cox of New York are visiting his mother Mrs. J. R. Cox.

Walton Tucker, son of Mr. and Mrs. Tom Tucker who has been seriously ill with pneumonia in Fitzsimmons hospital in Denver is improving slowly.

Mr. and Mrs. Phigpen of Childress spent the week end with their daughter and family, Mr. and Mrs. Lee Bell.

Vivian Bones of Amarillo visited her grandparents Mr. and Mrs. S. T. Bones over the week end.

Miss Jessie Ingram of Amarillo visited her mother over the week end.

Dr. Keith Lowell and wife Dr. Laura left Sunday morning for Ft. Worth where they are attending an Osteopathic convention. They will be at home the week end.

Mr. and Mrs. Alfred McMurtry had for Easter Sunday dinner guests, her mother Mrs. Horace Westmorland and daughters Janice and Louise of Amarillo Lt. Biggerstaff of Childress and Mr. and Mrs. Tom Connally.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Many yards have a number of spring flowers blooming in them to give a bright touch to everything. The sweet fragrance in the air comes from the locust trees that are simply loaded with white blooms.

A very bright splash of color is given by the red honey suckle vine gaily draped over the porch at Mrs. L. W. Chase's home.

Snow balls, a variety of hydrangea, are blooming in profusion in the yard of W. W. Taylor, Bob McGowan and M. S. Parsons.

Johnny-jump-ups dot the lawn of the A. L. Chase home. A number of other rare flowers also are present to add brightness including a red rose of unusual hue, oriental poppies, iris, cacti, primroses and mock orange.

Do you love "Blue bonnet" pictures? If you do you should see the real blue bonnet picture in the garden at the H. C. Brumley home. Just peek over the rock fence, you will find a huge array of this azure blue flower that is our state flower. Do not fail to see the iris garden west of the house, it is a very lovely scene. Iris of shades of the rainbow, ranging in color from light yellow

up to the deepest purple. They are gorgeous not only in color but in the size and shape of this lovely flower.

Victory gardens are still growing nicely but a little rain might help a lot toward better ones.

Mrs. J. T. Spurgeon is in central Texas to which place she was called Friday due to the serious illness of her mother, Mrs. Minnie Norris.

Mr. and Mrs. Glenn Casey of Amarillo visited relatives in Clarendon Sunday.

Mr. and Mrs. Cal Merchant and Mrs. Cordie Thompson were Amarillo visitors Thursday (today).

Mrs. R. E. Wear of Montrose Colorado who has been visiting her brother Mr. C. E. Hurd has returned home.

Mrs. Howard Randall of Memphis visited her sister Mr. and Mrs. C. E. Hurd Sunday.

L. L. Wallace left Wednesday for Greenville on business. He will return Friday.

Mrs. Agnes Stevens of Melrose, New Mex. visited Mrs. Lola Barns last week.

Mrs. Emory Morris of Pampa visited her brother, Gilmer Ayers and wife Sunday.

Church News

ASSEMBLY OF GOD CHURCH
J. J. Grubbs, Pastor
Sunday school—10 a. m.
Preaching—11 a. m. and 7:30 p. m.
Prayer Meeting, Wed.—7:30 p. m.

EPISCOPAL CHURCH OF ST. JOHN BAPTIST
Rev. Frank H. Hutchins, M. A., Clergyman
Mr. Walter B. Knorpp, Lay Reader
Sunday, May 2—The First Sunday after Easter—11:00 a. m.—Holy Communion and Sermon.

FIRST CHRISTIAN CHURCH
L. Guy Ament, Pastor
First, let me thank everyone helping in our pre-Easter meeting. Just a home force meeting but we had a splendid meeting and the spirit was just fine. Our attendance was good and every one seemed to enjoy the services. So we take this means to thank you for your help.

Next Sunday church services will be at 11 a. m. and 8:30 p. m. We invite all and will continue our good will to everyone.

Sunday school meets at 10 a. m. Let each one continue our efforts as we go marching on. Do not let the Easter spirit die at your door. Next Wednesday our prayer

meeting and Bible study will continue. "Let us then be up and doing. With a heart for any fate; Still achieving, still pursuing, Lean to labor and to wait."

The Missionary Society will meet with Mrs. Cottingham at Lelia Lake next Wednesday. An all day meeting with covered dish luncheon. Everyone is asked to be there. Be sure to be for the luncheon hour.

TO OUR FRIENDS
God alone can repay you for the tribune you paid to our loved one and for your expressions of sympathy. We can only say thank you. Dr. B. L. Jenkins and Family, and the Buster Brothers and Sisters.

Cpl. Clyde Martin and wife left Monday for Laurel, Miss., where he is stationed.

Miss Naomi Allison and Vivian Bones of Amarillo spent the week end with Mrs. J. L. Allison.

Mrs. Edith Maher of Seymour is visiting her daughter, Marilyn and mother, Mrs. Lena Antrobus and other relatives.

Miss Ruth Donnel visited Mrs. Hugh Curry at Amarillo the week end.

Mrs. Hattie Palmer and Mrs. Doss Palmer were Amarillo visitors Saturday.

2nd. Lt. Earl Eudy has returned to Chicago after spending a few days here with his mother, Mrs. John Watters.

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary
Donley County ACA

Within the next two or three weeks we plan to give every farmer an opportunity to participate in the premeasurement program. That is, each farmer will be sent a farm sketch on which to plan how he will plant his crops. On this sketch each farmer will be asked to make any measurements either in feet, yards, or chains in order to give us information to put the plots on the aerial map, and calculate the acres. It will not be necessary to measure any lines on permanent fields (fields bounded by permanent lines) which are planted to one crop. The only measurements you need to make is the width of crops within the permanent fields where there is more than one crop. Also the crops that need premeasurement are cotton and war crops (grain sorghum, peanuts, soybeans, vegetables for fresh market, etc.)

It will be absolutely necessary that you have in mind where you are going to plant your cotton and war crops, along with measurements that will be necessary to plot these crops on the aerial map, before it will be possible for us to help you. We will not be able to spend as much time discussing with you how and where and how much acreage you want to plant certain places as we would like, but due to trying to make the whole county within the next three weeks we must have the information shown above or we must direct you to return when you have these things worked out.

You will be sent a small farm sketch on which to make these measurements asked for above if you need measurements (if you intend to plant your crops in plots or strips just as they were last year, and are already shown on the aerial map it will not be necessary to make measurements as we already have them) you will bring the sketch to the place designated in the letter sent you, where we will have the aerial maps, and will put the plots on this map in just the manner you show us, then the acreage will be calculated at that time. This acreage will be official and will not be changed again this year unless the farm operator fails to plant according to the plan he has set up. If, however, something happens to the crop and plots have to be changed, if the farm operator will make measurements enough to plot the change on the aerial map we will make the change at any time.

Please try to be at the place on the date designated on your letter as we plan on not more than one or two days at points out in the county.

We are trying to make a concerted effort to complete the farm plan sheet sign up within the next two weeks, and if you have not been contacted we are asking that you inquire of your committeeman who has your papers, and try to get them signed up.

Producer's copies of the Farm Plan Sheet will be sent out in the near future so that he will have a record of what he signed up to plant. If you have these when you are asked to come to the premeasurement meeting please bring them with you.

More Sheep Pelts Needed This Year

Manufacturers of flying suits for men in the air service will need as many shearling pelts this year as last. Sheep skins having wool of a half-inch to one inch is the best material which has been found for the suits army and navy aviators wear while flying. And skins having that length wool are number one pelts.

According to H. M. Breedlove, County Agent for the A&M College Extension Service, most of the shearling pelts during the next few months will come from the yearlings on the Texas range and from the open yard feeding areas in the Great Plains. The greatest need, he explains, is to step up a larger percentage of these yearlings into the number one class of pelts than was true last year.

The market demand for shearling pelts gives growers an opportunity for profitable culling of old ewes. Such animals with one-half inch to one inch growth of wool are in steady demand for the skins. In addition, there is a good market for the meat, which largely is processed for ground meat. Last year sheepmen made money by culling their old ewes and marketing them to supply the demand for pelts and meat. The outlook this year is even more favorable.

Feed-lot lambs produce excellent shearling pelts, and growers will make a profit by shearing them with that in view. Texas growers hold over part of their lambs to shear and sell to packers as yearlings in the spring. Breedlove says these animals produce shearling pelts of good size and with an excellent type of wool for flying suits.

PLAY SHOES TO BE RATIONED

"Play" shoes not ordinarily used for street wear that are manufactured, packaged or shipped after April 15, 1943, go back on the rationed list. Such shoes, if they left a factory before April 15, remain non-rationed, even though they may reach consumers months later.

They're Fighting for Us

Let's not fail them now. It is but a small bit we do when we buy war bonds but it is mighty important. Because our dollars make it possible for our fighting men to search out and blast the enemy. Without our support they would be lost, but they're giving their lives—we only lend our money. It is our duty to buy all the war bonds we can and put our quota for Donley County over the top.

Watson & Antrobus

Protect Dairy Cows From Flies

Dairy cows cannot be expected to give maximum production when they are annoyed by blood-sucking flies. According to H. M. Breedlove, County Agent of A&M College Extension Service, the horn fly and stable fly are the chief tormentors of cattle in summer. These species also are capable of transmitting certain diseases of both cattle and humans.

These flies may be killed by using a spray containing pyrethrum extract and kerosene. It is not necessary to direct the spray into the animal's body, Breedlove says. Better results are had by developing a fine mist with a good hand or power sprayer around the animal, especially the legs and under body.

Production of dairy herds may be lowered as much as 50 per cent when the stable, or biting housefly, becomes abundant. The most practical means of control is elimination of breeding places. Straw and peanut litter to be used for bedding should be baled or otherwise stored in a dry place. If dry storage space is not available proper stacking in the field at threshing time, and keeping the base of the stack free of loose straw or litter will greatly reduce stable fly breeding. Manure and soiled bedding should be spread on the field at least once weekly or stored in dry bins.

Breedlove recommends pyrethrum oil sprays also as effective for stable flies.

Mr. and Mrs. P. H. Siler and their daughter and baby visited her brother and family, Mr. and Mrs. C. M. Peabody over the week end.

Dr. B. L. Jenkins returned to Ft. Worth Tuesday where he will receive treatment and observatoin at Harris Memorial Hospital for a few weeks.

Mrs. Nova Mears and Miss Sheffield of Dumas spent Easter with her parents, Mr. and Mrs. Melvin Cook.

Mrs. W. C. McDonald and daughters Myrn and Janice returned to their home at Plainview after spending the week end here with relatives.

Mrs. Baskin and Mr. and Mrs. Elrod and baby of Amarillo visited Mrs. Baskin's daughter and family, Mr. and Mrs. Regan Bain, Sunday.

Mr. and Mrs. Jones of Sunray spent the week end with her mother, Mrs. J. R. Ayers. Mrs. Jones remained for a longer visit.

HUMAN CHAIN PREPARES FAMILIES FOR BLACKOUTS

Community and neighborhood leaders in 25 South Texas and Gulf Coast counties are putting the human chain of communication in operation to notify all rural families of two area training blackouts early in May.

Approximately a year ago the A&M Extension Service blanketed the state with a neighborhood leader system for transmitting and receiving wartime information of interest to rural people. This is the first time the official grapevine has been used to notify families of area blackouts.

VISITING PARENTS

Mr. and Mrs. William Green and son Billy Mack of Trinidad, Texas and Mrs. F. N. Bentley and daughter Mary Louise are visiting their parents, Mr. and Mrs. G. L. Green. Their daughter Louise of Dimmitt spent the week end with them, returning to Dimmitt Sun.

Mrs. Mollie Grey who is in the hospital at Amarillo is improving slowly.

Mrs. W. D. Martin left Monday for Ft. Worth for a two weeks visit with a sister there.

Vegetables for the Family Help Make V-Home

The 1943 Victory Home conserves food by producing its own supply of vegetables. Whether you live in town or on a farm, the Home Victory Garden will insure a healthful diet of vegetables full of vitamins and minerals.

Woman's Clubs Out To Aid Fighting Men In War Loan Drive

American women have taken their place as effective money raisers in the April Second War Loan drive.

"The countrywide, immediate response on the part of women to step up their campaigns, to pledge their money for War Financing during the Second War Loan indicates their whole hearted backing of forceful, offensive warfare," said Miss Harriet Elliott, Associate Field Director of the War Savings Staff, reviewing the pledges of support that flowed into her Washington headquarters.

With a combined membership of over ten million women, leading women's organizations voiced full support of the Second War Loan through their national presidents.

Forty-eight women's State War

Savings Chairmen are directing thousands of women volunteers who were pledged to work, sell, and buy Bonds during April.

Mrs. John L. Whitehurst, president of two and a half million members of the General Federation Women's Clubs, and Mrs. Linville K. Martin, president of the Association of the Junior League of America, both pledged their membership to "Outfit the Outfit."

Nearly two million farm women, through their spokesman, Mrs. Leonard J. Tilley, president of the National Home Demonstration Council, offered to "have a hand in Outfitting the Outfit" in addition to raising the country's food.

"American Legion Auxiliary women know what war is, and they want to back their fighting men to the limit," Mrs. Alfred J. Mathebat, president of the Auxiliary, said as spokesman for a half a million women.

In the name of their husbands,

sons, and brothers now fighting, the National Association of Colored Women's Clubs, headed by Mrs. Asla Dement, pledged support to "Outfit the Outfit."

Dr. Minnie L. Maffett, president of the National Federation of Business and Professional Women's Clubs, spoke for her members who buy War Bonds to "underwrite the future."

SPAFS Boosting Bond Totals

Heading into the final week of the Second War Fund Loan campaign both military and civilian personnel at South Plains Army Flying School boosted totals of bonds purchased by cash and by future pay allotments.

A contest under way among civilian workers at the post accounted for a notable boost of bonds purchased on the allotment plan. Nine bonds have been offered as prizes to the three groups of civilian workers at SPAFS, three to each group. Goal of each is 15 per cent of pay allotted to bonds with 100 per cent participation.

Highest cash purchase of the week was \$2.00 in bonds by Lieut. Alonzo A. Urban, Jr., of Rockdale, Texas. Lieut. Urban is a dental officer in the SPAFS hospital.

Civilians in special services, public relations, station hospital, headquarters, quartermaster, motor maintenance and signal corps continue to lead with 16.63 per cent of their pay in war bonds, workers in the post engineers are next with 12.25 per cent of pay in bonds, and sub-depot employees allot 9.5 per cent.

NEW REQUIREMENTS FOR WAACS

Under the new rules candidates for the Women's Army Auxiliary Corps must have completed at least two years of education in an accredited high school, and must score at least 60 in the WAAC mental alertness test in order to be eligible. Previously, there were no fixed educational requirements and the minimum score in the alertness test was 50.

"They Give Their Lives—You Lend Your Money" U. S. Treasury Department

COUNTRY GIRLS GOOD NURSES

Directors of schools of nursing rank country girls higher than their city cousins. Some of the qualities the directors like about their non-urban students are: They adapt themselves quickly to life in the school; they have learned to use their hands; they have a good supply of common sense; they are friendly and cooperative; they are conscientious; and, one director said: "They get up in the morning."

The need for nurses is urgent. War Manpower Commissioner McNutt has said: "One of the outstanding shortages of womanpower in the war is in the field of professional nursing." Write for information to the National Nursing

Council for War Service, 1790 Broadway, New York, New York.

SOLDIERS GRAVES RECORDED

The burial place of American soldiers who fall on foreign soil will be properly recorded by the Graves Registration Units of the U. S. Army. This service operates closely behind the combat area, burying the dead, recording and marking the graves, and collecting personal effects. Except when combat interferes, overseas burials are approximately the same as those conducted in the United States with full military honors rendered. Rites are ministered by a chaplain of the deceased's own faith when possible.

PLENTY OF BABY CARRIAGES

Over 300,000 baby carriages will be made during the next two months to help meet the anticipated demand for 900,000 this year. In addition, 163,500 strollers, baby-walkers and sulkies are authorized for manufacture by June 30th.

FARMERS' FEED COSTS CUT

Price control for linseed oil meal, cake and pellets was established by OPA as an aid to the nation's food-for-freedom program. Specific dollars and cents ceilings on these animal feeds were set below current levels to reduce farmers' operating costs.

THEY GIVE THEIR LIVES— YOU LEND YOUR MONEY

It is Your Duty and Privilege to

BUY WAR BONDS

THERE are many ways of paying for the privilege of being an American -- a privilege our fighting men are willing to pay for with their lives. The first-aid certificate you proudly own --- and the air raid warden badge you wear, can begin to equal what our men in the armed forces gladly sacrifice in the name of freedom. YOU needn't drive a tank or feed a machine gun --- or charge into hell-fire --- all you are asked to do is LEND, not give, to Uncle Sam, by the purchase of War Bonds and Stamps. You've been doing it until now, you say, with 10 per cent of your pay? That's fine—but now there's a call for 13 billion fighting dollars MORE for Our Fighting men! Pitch in! Let's raise our quota for this county.

WAR BONDS IN ACTION

U. S. Navy Photo

A meteorological balloon, such as our airplane carriers release frequently to study air and weather conditions, starts skyward to make flying operations safer for our fighting men aboard a "flat-top." This balloon is only one among thousands of items of technical equipment vital to modern warfare, items financed by the War Bonds more than fifty million Americans are buying.

U. S. Treasury Department

Farmers Advised To Use War Gain For Future Needs

"Victory must be planted like any crop and it takes many tools to cultivate it, too," Henry Morgenthau, Jr., Secretary of the Treasury, said today in urging American farmers to support the Second War Loan Drive by investing to the limit of their ability in War Bonds and other government securities.

"Your Government needs money to put this crop in and it asks that you lend it your money for this purpose. Through buying War Bonds farmers will back up their sons in the fighting forces by providing funds for the pur-

chase of planes, ships, guns and munitions. At the same time farmers will be making the best investment in future security for themselves.

"The most effective way of avoiding the disastrous results of inflation and deflation to agriculture is through using the increased farm incomes of this war period to get debts in shape and to build financial reserves in War Bonds," he said.

Secretary Morgenthau was joined by national agricultural leaders in urging farm people to support the April drive by investing the maximum in government securities.

"I know farming people," said Chester C. Davis, Food Administrator. "I am certain they will move in great number to shorten this war, to strengthen our national future and their own, by buying War Bonds and other government securities in this Second War Loan Drive."

W. I. Myers, head of agricultural economics at Cornell University, and a consultant on farm matters for the War Savings Staff, said, "The financial welfare of farm people in the next 20 years depends to a great extent on the wise utilization of the higher farm incomes of the present war period."

"After debts have been reduced to a safe basis, it is safer and better for most farmers to build an adequate financial reserve thru investment in War Bonds than to apply all available income on debts. If all income is applied on debts, it will probably be necessary to borrow again in order to replace tractors or automobiles or other farm machinery when they become available. A financial reserve in War Bonds is available at any time for any purpose—for the purchase of machinery, for the improvement of homes, for education of children, for unexpected hospital bills, or for the payment of taxes and debts."

MORE SOYA FOODS TO BE AVAILABLE

Edible soya products—the high protein foods soon to have an important place in both military and civilian diets—are expected to reach 1 1/2 billion pounds annually. The quantity available for civilians will be many times as large as in the past year. Soya products have already played a significant wartime role. Rich in valuable protein, minerals and vitamins, they are readily adaptable to large scale use as a human food to supplement meat, milk and eggs.

DISCOVERIES MADE IN ANIMAL FEEDS

Farmers will be interested in two recent Department of Agriculture discoveries. Poultry nutrition specialists have found that soybean meal properly cooked is a promising substitute for meat scrap and other protein feeds of animal origin. Another discovery is that good-quality home-grown legume hays, formerly considered too bulky for hog feed, may be used to reduce the amount of concentrates required in rations for growing and fattening pigs. Of three legumes tested, ground soybean hay gave the best results, when used for five to ten percent of the total ration.

MAY EXCHANGE POOR MEAT

A consumer may ask his butcher to exchange a cut of meat that was bruised or otherwise unfit for use when it was bought, the OPA has announced. The customer then may receive other meat of the same point value. Ration stamps cannot be refunded, although any difference in price may be adjusted if necessary.

NO LIMIT ON RECAPPING

After May 1 there will be no restrictions on the number of certificates that may be issued for recapping truck tires. Because recapping takes only one-sixth as much crude rubber as a new tire,

the OPA has removed quota restrictions so that the tires will not be driven beyond the recapping point.

We cannot buy freedom, but we must pay for its privileges. Do your part in the Second War Loan.

Cheer up, Ivan, tonight we are having an American dish called lend-lease.

Let's WIN This War!

Donley county's not over the top yet in the \$208,000 Second War Loan Campaign. Let's get this job done by the end of this week.

If you have not bought your War Bonds yet, purchase all you can this week. Although this community has done well so far, there are others who should purchase War Bonds and back up our boys in military service. Let us tell our boys next week that Donley county's come through again in another war effort.

There are 7 different types of U. S. Government securities— choose the ones best suited for you!

The rest-pause that refreshes
 Welcome in peace...
 more welcome in war work

WAR production needs are pressing. No time can be wasted on the job. Rest-pauses planned and timed are the efficient way to make every minute count. They lessen tension, break monotony, and increase output. Add refreshment to a rest-pause and you promote worker-contentment.

Ice-cold Coca-Cola is refreshment that does more than quench thirst. Drink it and you feel and enjoy a refreshing after-sense.

Its clean, exciting taste always pleases, never tires. Coca-Cola offers something extra. All the difference between something really refreshing and just something to drink.

Letters from plant managers from coast to coast emphasize that the little moment for an ice-cold Coca-Cola means a lot to workers in war plants. It's a refreshing moment on the sunny side of things... a way to turn to refreshment without turning from work.

You work better when you are contented on the job. Remember, contentment comes when you connect with a Coke.

The best is always the better buy!

SUNDAY SCHOOL REVIVAL AT BAPTIST CHURCH

A Sunday school revival was begun last Monday evening at the local Baptist Church with the pastor, Rev. E. L. Moody, doing the teaching. The revival will end this Thursday night.

The book, "True Functions of The Sunday School" is being used,

and a large number of the officers and teachers have been attending. The aim of the revival is to re-organize the Sunday school and create a new spirit among the workers in general.

Mrs. Minnie Lokey and daughter, Mrs. Roy Gregory of Memphis visited Mrs. David Johnson Monday.

Clarendon Clinic Hospital Notes

Medical:
Mrs. Josie Hearn, Mrs. R. A. Brame, Barbara Ann Bridges, Mrs. James R. Kirkpatrick.

Surgical:
Willie Marie Davis, W. H. Combest, Jack M. Espey.
Born to Mrs. H. W. Franklin, a girl.

CANNING SUGAR AVAILABLE

There is positively no reason for spoilage of crops this year because of a lack of canning sugar, OPA officials say. All local Boards have been instructed to issue certificates for allotments of sugar for home-canning under the same regulations as last year until they are notified of a change in procedure. Sugar certificates can be issued quickly in any community as the canning season arrives. Application dates are set by local Boards.

MRS. B. L. JENKINS

Funeral services for Mrs. Jenkins were conducted at the First Methodist church of Clarendon Friday afternoon at three o'clock. Rev. J. O. Quattlebaum, the pastor, and Rev. E. L. Moody, pastor of the First Baptist church, conducted the service.

Mrs. Jenkins, the wife of Dr. B. L. Jenkins, passed away in a Dallas hospital after a short illness. The family home had been maintained here for more than forty years.

Surviving are her husband and two sons, Dr. Oscar L. Jenkins of Dallas, and B. L. Jenkins, Jr. of Amarillo are the sons. The grandchildren are Margaret Jenkins of Dallas and Brit Jenkins of Amarillo.

Kendrick Buster and Carl Buster of Dallas are the brothers surviving. The only sister is Miss Will Buster of Dallas.

Mrs. Jenkins, whose maiden name was Maggie Buster, was born January 26, 1873 in Capitol Hill, Washington county, Texas. Her family moved to Weatherford soon afterward, and at which point she married Dr. B. L. Jenkins June 12, 1894.

Her early life was spent in teaching school in Palo Pinto county. On coming to Donley county, she readily shared the hardships with her physician husband in pioneering in West Texas. Hers was a devoted christian life built around good deeds, having accepted her Master as a guide in early childhood.

She regarded her civic work as a privilege rather than a duty. As a member of the Grand Lodge official family of the Knights of Pythias, she became well known over Texas. She was an enthusiastic worker in women's club work attending state conventions and furthering the interests of the cause in her home community during all of her active years.

It has been said, that "To live in hearts we leave behind, is not to die." Truly, Mrs. Jenkins lives in the hearts of many friends in this community who deeply regret her passing, and share with her loved ones that abiding hope that He doeth all things best.

Her life's long day closed with a fair sunset, the stars came out and unfolded her spirit and kissed her cold lips goodnight. The faithful wife and mother will live in the sweet memory of those nearest and dearest to her until they too, shall join her in that home of eternal bliss. May God bless those who mourn deeply as we know they do. We of Clarendon who have known this good woman and her noble husband longer than any other community, feel keenly the loss that has been sustained.

A Friend.

LEAVE FOR CALIFORNIA

Mrs. Guy Oliver and children, Guyola Jean, Billy and R. W. and Mrs. Lewis Wells and children, Betty Lou and Guy Lynn left Wednesday evening for San Francisco, Calif., where they will join their husbands who are working in defense plants there.

Mr. and Mrs. J. W. Toler and children, Jimmy and Betty of Amarillo, were here Easter to spend the day with her mother, Mrs. N. S. Percival.

Pvt. James K. Morton returned to Fredrick, Okla., where he is based after a 15 day furlough, visiting his wife and son and parents, Mr. and Mrs. J. K. Morton.

RELATIVES AND MANY FRIENDS ATTEND SERVICE HERE

The presence of a large number of relatives, and friends as well, from a distance, and the beautiful floral tributes bespoke the high esteem in which Mrs. B. L. Jenkins was held by those who knew her, at the last rites held here Friday afternoon.

Mr. Kendrick Buster and Mr. Carl Buster and Miss Will Buster, brothers and sister of the deceased came from Dallas as did Margaret Jenkins a granddaughter. Mr. and Mrs. B. L. Jenkins and son Brit of Amarillo. Mr. and Mrs. W. B. Allen and Mr. and Mrs. Frank Allen and Mrs. J. D. Kendrick of Amarillo.

Mrs. W. C. McDonald and two daughters of Plainview. Mr. and Mrs. Fenn Bourland of McLean. Mrs. G. G. Kemp of Chillicothe. Mrs. Sam Cauthen and children of Amarillo. The wives of Drs. Odom and Wilson of Memphis were present. Mrs. Burk Luther of Lubbock and many more were here whose names could not be obtained by your Donley County Leader.

Ruth Palmer of McLean spent the Easter Holidays at home.

Glass-Top Jar Cover Will Save Tons of War Steel In Home Food Canning

The American housewife—patriotic general of the home front—is doing an important war job by feeding her family plenty of nourishing food. This year that job means growing extra fruits and vegetables in her garden—and that means more home canning than ever before.

Although steel is urgently need-

ed for the ships, planes, and tanks that will blaze the trail to victory, the War Production Board has lifted all restrictions on steel for the usual kinds of covers used in home canning. Plenty of good food, properly preserved, for American families is as necessary to victory as war equipment.

SECOND CLEANUP NOTICE

The City has extended time for collecting rubbish from the Cleanup notice of the 19th.

Our Truck will start hauling off the rubbish on MONDAY, MAY 3rd. So please have all your rubbish placed in the Alley or other convenient place, so the driver will be able to see, and drive to, whatever Rubbish you have to haul away.

You have your rubbish collected in a convenient place, and our trucker will begin hauling May 3rd. He can not get it all in one day, so be patient, he will get it.

The City Commission

But without skipping, WPB would like to save some of the steel ordinarily used for jar covers. That's why WPB Containers Division is asking home canners to try out a steel-saving glass-top closure, of which 634,000,000 are to be made this year.

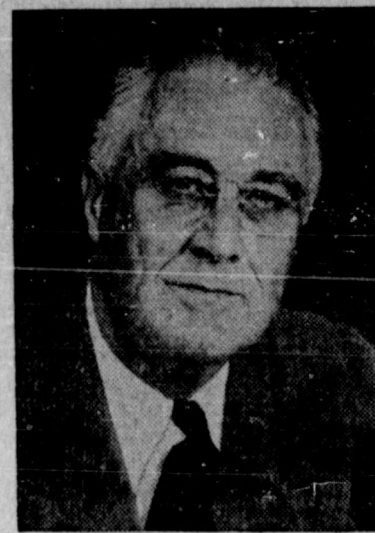

The glass-top sealing device is a three-in-one arrangement—tough, heat-resistant glass lid, rubber jar ring, and steel screw band. It most closely resembles the familiar and popular two-piece metal type, with a metal disk that can be used only once before it must be scrapped. Since the glass lid can be used over and over again, the three-piece closure is more economical with respect to steel.

The glass-top sealer is easy to use too, and makes a snug, sanitary seal. It has been first choice among Canadian home canners for years, for the packed, sealed jar—a truly all-glass package—is as good to look at as its contents are good to eat.

The closure is 70 mm. (about 2 3/4 inches) in diameter and will fit any standard home canning jar as well as any commercial pack screwtop jar with the same thread and mouth size.

First step in sealing a jar is to fit the wet, sterilized rubber ring around the raised part on the underside of the glass lid. Second step is to place the two directly on top of the jar mouth, which must be smooth, even, and clean. To make a snug seal, lid and ring are screwed down with a threaded steel band that looks like a screw cover with its center top cut out. So that expanding air inside the jar may escape during processing,

THEY GAVE THEIR LIVES, YOU LEND YOUR MONEY

Below are the words of President Franklin D. Roosevelt, our Commander-in-Chief, in telling us of the hideous slaughter of our aviators by the Tokyo war lords. You can express your personal determination to avenge our murdered flyers by buying more War Bonds today. They gave their lives. You lend your money.

“It is with a feeling of deepest horror which I know will be shared by all civilized peoples, that I have to announce the barbarous execution by the Japanese government of some of the members of the armed forces who fell into Japanese hands as an incident of warfare. “This recourse by our enemy to frightfulness is barbarous. The effort of the Japanese war lords thus to intimidate us will utterly fail. It will make the American people more determined than ever to blot out the shameless militarism of Japan.”

the screw band should be turned as far as it will go and then turned back about a quarter of a turn. Immediately after processing, the screw band must be made as tight as possible, to ensure a perfect seal. The jar is then set aside, in an upright position, to cool.

After about 12 hours, when jars have cooled thoroughly, the screw bands may be removed permanently. Glass lid and rubber ring provide a complete seal, with no danger of food spoilage—if the manufacturer's directions for applying the closure have been followed.

Pat Slavin is now at New Orleans, La., to finish his training in the Navy Air Corps. He has been at Ft. Worth.

APRIL 30 IS DEADLINE FOR QUARTERLY REPORTS

County Agent H. M. Breedlove stated this morning that information from N. F. Nelson, District manager of the Office of Defense Transportation, Amarillo, Texas, today reminded fleet unit operators that April 30, is the deadline for making quarterly reports of their operations.

Operators who have not mailed in their reports should do so at once. Those who have not received this quarterly report form can obtain them by contacting the Amarillo District Office.

Failure to make this quarterly report may result in the recall of Certificate of War Necessity and the cancellation of gas coupons.

RED CROSS VOLUNTEER SERVICE

“The thought is by no means original, but if there is one word in the English language which describes the purpose and the work of the American Red Cross, it is the word “humanitarian.” That broad definition is the basis of the charter of the Red Cross, and it has led to the establishment of a surprisingly large number of activities that have proved eminently worth while. With the nation at war each of these has a direct bearing on the outcome.”

Mrs. Wilson Gray of the Goldston Community turned in 10 men's shirts made by the ladies of that community. We do not have their names.

Mrs. John Goldston turned in 2 quilts from the Midway community made by the following ladies: Mrs. Bob Williams, Mrs. W. D. Higgins, Mrs. Dick Tomlinson, Mrs. Everette Stevenson, Mrs. LeRoy Luttrell, Mrs. Hulet Swinney, Mrs. Daught Swinney, Mrs. M. A. Tomlinson, Mrs. Odis Naylor, Mrs. Arthur Seaton, and Mrs. John Goldston.

One quilt was pieced by Mrs. Glenn Williams, and the lining was donated by her. Two spools of thread were donated by Mrs. J. A. Meaders.

A quilt was also turned in by Mrs. C. A. Burton, made by the Busy Women Class of the Methodist Church. (Continued to page 4, this Sec.)

Pressure Cooker Rationing

COLLEGE STATION—Suggestions for making the best use of Texas' quota of rationed pressure cookers were drafted here last week by the State Advisory Committee on pressure cooker rationing after a conference with representatives of the Texas USDA War Board.

Thus far the Texas USDA War Board has not been advised what Texas' share will be of the 150,000 war model cookers being manufactured by authority of the War Production Board. County Farm Rationing Committees of the County USDA War Boards will be responsible for the pressure cooker rationing program, but they may obtain assistance of advisory committees composed of three women familiar with rural and urban needs for cookers.

In addition, county consultant committees may be set up, consisting of the county home demonstration agent, the FSA home supervisor, and a homemaking teacher to be designated by the department of homemaking education. The state advisory committee is suggesting to these representatives that they give instructions on the use and care of the war-model pressure cookers to all persons and groups obtaining them.

After a visit with her parents through the Easter holidays, June McMurtry took the plane from Amarillo to Austin Monday.

By-Product Waste Is Great Evil of Black Markets

Wanton waste of by-products is one of the worst phases of the black market in meats. Elements wasted in illegal slaughtering would help farmers meet the acute shortage of fertilizer and high-protein animal feeds needed to produce meats and crops.

their haste to sell only the choicest cuts illegally and at skyrocket prices, the black marketers daily destroy tons of vital foods and by-products, every one of which is said to be as high in energy-producing protein as the regular meat cuts, and all of which would go a long way in stretching America's meat supply.

ages of their production; (3) whole sale and retail price ceilings have been established; (4) consumer rationing has been set up as the fair way to assure every citizen of his share of meats.

THE TEMPLE OF TRUTH
By the Apostle

WAR DOPE.
Most of us can't do much about it, even if we knew, so why not let the officials in charge of the war carry on unmolested by our yelps for information. What the army or navy is going to do tomorrow, next month or even next year is none of our business. If we all knew all about it, the enemy would know too. We can buy bonds and help in many ways, but so far as what we don't know about the war plans won't hurt us.

SCHOOL DOPE.
The college yell in the school of experience is "Ouch!"

INFORMATION.
A bunch of old codgers were arguing about the gold standard on the street Monday. When a man can make a Victory Garden, and chooses to - oh well, what can we do about it.

HOARDING.
The arguments against hoarding seem to be that it is unpatriotic, anti-social, selfish and that the stuff will probably spoil anyway. The last keeps a number from hoarding.

LANGUAGE.
The Smithsonian Institute has collected data on over a thousand different languages, it is announced. Some have heard 999 used at a woman's gathering with no one listening.

ARTISTRY.
A customer never expected to live to see the day that he or she would look at a ripe, fat banana sliced and laid across ice cream that would make a picture beautiful enough to frame.

MIXTURE.
With the scarcity of supplies, plumbing of today consists of digging holes and carpentering.

WORRIED MAN.
The good wife was several hours over due. The old man tried to call her by phone and really worried himself sick. When she finally drove up he rushed out and inspected the auto tires first. Some women are so careless with their husbands these days.

GOLDSTON
Beatrice Smith
Calvin Naylor spent Thursday night with Melvin Vick.
Mr. and Mrs. Clarence Reynolds entertained with a party Wednesday night.
Pauline Simrad spent Tuesday night with Mr. and Mrs. Haynes and family.

Miss Katherine Allen spent Tuesday night with Peggy Stewart and Wednesday night with Mr. and Mrs. Coleman Howard and son.
Jirmaline Anderson is staying with Mr. and Mrs. Higdon and family and is going to school.
Mr. and Mrs. Haynes are the proud parents of a baby daughter. She arrived last Tuesday, April 20th.

Miss Eunice Vick of Wood River, Illinois, is visiting her parents, Mr. and Mrs. Jesse Vick.
Mr. Pope spent the week end in the Charlie Young home to be with his son De Witt and family.
Mr. and Mrs. Jesse Vick and family of Clarendon visited in the J. M. Allen home of Memphis, Sunday.
Billie Frances Roberson of Amarillo spent the week end with her cousin Daphne Roberson.
Wilma and Billie Smith and Mr. and Mrs. Murphy Brock and sis-

ter Della Brock visited in the Roy Roberson home Sunday.
Mr. and Mrs. King and family of Hedley visited their daughter and family, Mr. and Mrs. Lester Shields.
Mr. and Mrs. Edd Mooring and family visited in the H. C. Smith home Sunday evening.

Mrs. C. H. Brock and family visited their daughter and sister, Mrs. Johnnie Rains and family of Spearman over the week end.
Herman Mooring who has been visiting his parents, Mr. and Mrs. Edd Mooring, left for camp Tuesday morning. He is stationed in San Diego.
Edd Mooring, Carl Tucker, Lloyd Risley, Odell McBrayer, Neely Hudson, Dick Eichelberger, John Stewart, Raymond Farr, Murphy Brock, gathered at Hubert Johnson's place Thursday to plow his land due to sickness in the family.

Tokio's Savagery Against Our Young Fliers Will Be Avenged
 You can help speed the day when we will bring the murderers of our boys to justice by buying War Bonds to the very limit of your ability. Every American has been stirred to burning anger, every American can do something about it today. Your War Bonds will become the bombs which the comrades of our martyred boys will unlose time and time again upon these Japanese fiends until they beg for mercy. They Give Their Lives—You Lend Your Money.

Red Cross—

(Continued from Front page)

Mrs. Joe Horn is busy working on an afagan made from wool samples.

The last of the men's shirts have been issued to the following: 9 to Mrs. Harry Ruddell for the Presbyterian Auxiliary, 6 to Mrs. C. L.

Benson for the Home Demonstration Club, 3 to Mrs. Douglas Wadsworth, 1 to Mrs. Rufus Dawkins, 2 to Mrs. A. A. Mayes, 2 to Mrs. C. C. Powell, 2 to Mrs. Jim Patman, 2 to Mrs. Frank Thomas, and 6 to Mrs. Frank McClure.

We wish to make a correction in regard to the men's night shirts turned in by Mrs. Harvey Shaw of Windy Valley, as there were 40

instead of the 25 mentioned. 20 feed sacks were donated to the Red Cross for quilt linings by Lulu Budd.

We hope that everyone with any sewing will please turn it in by May 15th, as this shipment is the largest one Donley County has had up to date and must be shipped by June 1st. The packing and sorting of these garments takes a lot of time.

Knitting

A shipment was made of knitted garments for armed forces this week. The last knitted articles turned in were wristlets from Mrs. J. F. Jones and Mrs. Ernest Kent, gloves by Marie Patterson and a muffler by Mrs. Harold Bugbee. Knitted squares for afagans were also turned in by Mrs. J. F. Jones.

Our shipment of 162 soldier's kits went off last week. The Red Cross Chapter has asked for a full quota of these kit bags to make. The following was received by the Production Chairman this week:

Miss Charlotte Molesworth
Chairman, Volunteer Service
Donley County Chapter
American Red Cross
Clarendon, Texas

My dear Miss Molesworth:

The kit bags are still urgently needed, and we are glad to receive the 162 bags from your chapter.

Enclosed is the requisition form showing that we have placed your order for material for 400 kit bags. We are receiving letters of appreciation from service men and commanding officers expressing the great value of the kit bags.

Sincerely yours,

(Mrs.) Lillian J. Smith
Administrative Assistant
Chapter Service

Since these kits are so needed, we do hope to have the full cooperation of clubs and auxiliaries in helping us make these bags.

HOME SERVICE

Mrs. C. A. Burton

An act of Congress on July 30, 1942, gave authority for the establishment of the Women's Reserve at the same time the WAVES was established. The Women's Reserve is part of the Marine Corps, and it is hoped that 1000 officers and 18,000 enlisted per-

sonnel may be recruited to release Marine personnel on duty at shore establishments for service at sea. Members of the Women's Reserve are entitled to the benefits of the National Service Life Insurance, Soldiers' and Sailors' Civil Relief, and Servicemen's Dependents Allowance Acts. They are to be trained at schools for the WAVES and SPARS at Hunter College, the Bronx, New York City, and at Smith College, Northampton, Massachusetts?

The SPARS, the Women's Reserve of the Coast Guard Reserve, was authorized by an act of Congress on Nov. 23, 1942, and the program calls for 12,000 women on active duty to release men for sea duty. Their pay is equal to that of men of corresponding rank in the Coast Guard, but they may not serve on combat ships or outside continental United States. They are entitled to the same services as those of the Women's Reserve of the Marine Corps.

The military authorities discourage the sending of money to overseas servicemen, but when this must be done, then it can be sent through regular Post Office channels and not through the Red Cross.

The War Department has requested for reasons of national security that the Red Cross discontinue the acceptance of messages for men missing in action. The Japanese government is now reporting through the International Red Cross Committee the names of persons held as prisoners of war. Therefore only messages to such persons may be accepted. This does not interfere with direct communication between persons officially listed and their relatives and friends.

SERVICE MAN WANTS LEADER SENT TO HIM

EDITORS NOTE—The following letter is from Mrs. Howard P. Morris, wife of "Tot" Morris well-known by Clarendon people. Mrs. Morris is the former Rena Freeman who taught in Clarendon Junior College some fourteen years ago.

Brownwood, Texas
Box 451
April 26, 1943

Dear Mr. Estlack:

I had a request from my husband recently for some home newspapers and he especially mentioned your paper so I am enclosing my check for a six month's subscription. He expects to be at his present post for that period of time and it will be possible for him to get his mail nearly as quickly there as he would were he in the United States. The address for the paper should read as follows:

Howard P. Morris C. M. 3/c
617-94-20
64th Naval Construction Bat.
% Fleet Post Office
New York, New York

I recently received a note from Montie Ritchie telling me that he had stopped at one of our American bases in the north Atlantic the day before on a return trip from overseas and had run into "Tot" the first thing and that they had spent a very pleasant bit of time visiting and talking over old times and Panhandle gossip. That first hand news about "Tot" made me very happy and verified his letters to me telling me that he is not in a combat zone and is perfectly safe.

Kindest regards to the Leader force, some of whom once were my pupils when I taught in Clarendon.

Yours very truly,
Rena F. Morris

Rabbits Prove Profitable

Beginning with two rabbits which were gifts, Gene Tucker, Harris County 4-H Club girl, with the help of her sister has developed a profitable business venture and is producing meat for Victory which finds a ready market.

Gene's rabbit colony now consists of 36 does which include New Zealand Whites, Chinchilla Black, and American Grays plus three New Zealand White bucks. Since she began her rabbit demonstration she has sold approximately 200 rabbits, receiving \$1 each for fryer rabbits. These weigh three to three and one-half pounds at

two months of age. She estimates the cost of feeding a rabbit to the fryer stage at 25 cents.

Gene says if the proceeds of her demonstration had not been so successful she would never have consented to killing the first pet. Now, however, even her mother pays for those she uses.

THE DONLEY COUNTY LEADER, \$2.00 PER YEAR.

RUBBER BOOTS RATION-FREE

Over-the-knee olive-drab, clay and khaki colored rubber boots—the kind worn for hunting and fishing—can now be bought ration free, the OPA has announced. Below-the-knee height boots are still under rationing control.

The Future IS BEING MADE TODAY

YOU HAVE TO BE BETTER TO WIN OUT TODAY. YOU HAVE TO SHOW THE UNMISTAKABLE IMPRESSION OF STRENGTH AND PROVE THAT YOU CAN.

DELIVER THE GOODS!

Let's All Help put Over the \$208,000 War Bond Drive - - - RIGHT NOW!

This nation is dedicated to a great cause - - - the Victory of the Democracies. We have to win this war if we are to survive as free people. The enemy is relentless—so we must be untiring in meeting him weapon for weapon, ammunition for ammunition, fighting plane for fighting plane. Every dollar you invest so gloriously will come back to you at a generous rate of interest—when your bonds mature! Let's all buy Bonds NOW and deliver the goods to our boys NOW!

FRED A. BUNTIN MRS. FRED A. BUNTIN W. D. KIDD

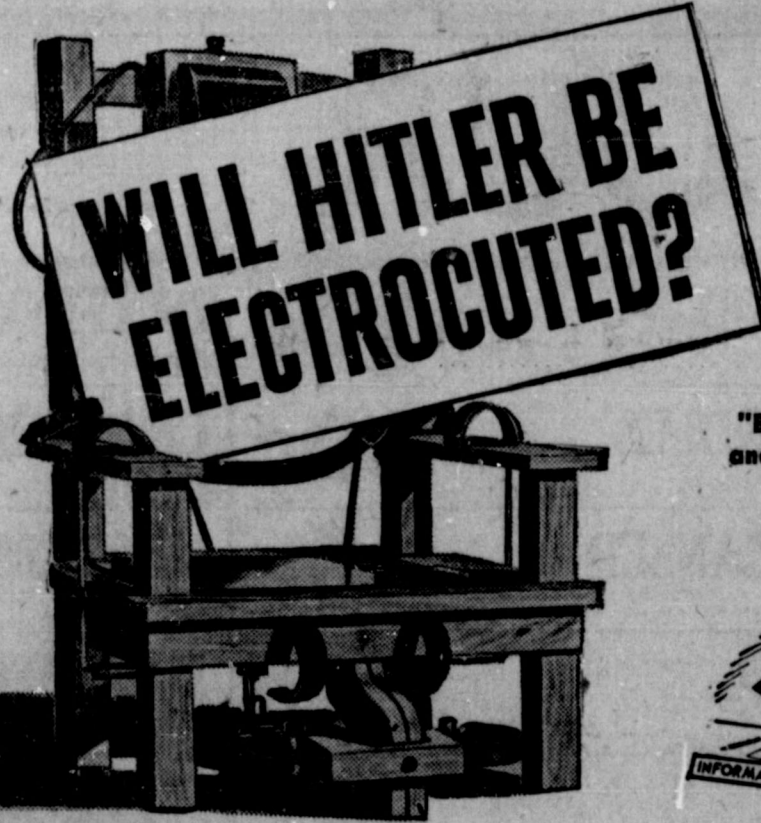

Donley County's Quota of \$208,000 isn't much to lend when our boys give all - - -

LET'S GO OVER THE TOP FOR THEM

You are being called upon to make the greatest investment that has ever been offered to mankind. It is an investment for the survival of everything that makes our lives and the lives of our children for all time to come worthwhile. It is an investment for those possessions of yours which would be absolutely worthless unless this war is won. It is an investment toward guaranteeing post-war future which will offer jobs instead of breadlines to returning fighting men. The Second War Loan Drive began in April. Donley County's share is \$208,000. You aren't being asked to GIVE anything - - - you merely LEND. Do your part without waiting.

J. R. PORTER

BREEDER OF PRINCE DOMINO REGISTERED HEREFORDS

"Buy War Bonds and help turn the heat on Hitler!"

ADOLF may not live long enough to pay for his mass murders by actually sitting in the "hot seat." But electricity is already hastening the day of his doom!

Electricity drives delicate machines that turn out time fuses—and thundering presses that forge tank armor. Electricity is a basic part of every bayonet, bomber and battleship—of all America's roaring war production.

Even when war began, America had more electric power than all the Axis

countries combined. It's no military secret that today our power supply is far greater. And it's no secret, either, that the electric companies under experienced business management supply about seven-eighths of it!

Free Americans set world production records primarily because they are free—because they have grown up under a business system that

encourages initiative and invention—instead of reducing them to the ranks of Axis slaves.

Free Americans are freely giving billions of dollars to help put Hitler in the chair. But once he's there, a cent's worth of electricity will finish the job! Which goes to show what BIG things penny-priced electricity can do!

West Texas Utilities Company
