Hillcroft Ready For Annual Tournament

Mayor Warns Automobile Drivers Of Traffic Violation

PLANS COMPLETE FOR GOLF OPEN

PRIZE LIST ANNOUNCED IS SURE TO DRAW MANY OF BEST GOLFGERS HERE

With all plans completed and everything in readiness for the Second Annual Hillcroft Amateur Golf Tournament which will begin on the local course Sunday and will continue through Tuesday, the club is waiting with an old time welcome for the visiting golfers to arrive in the city. The tournament will be divided into four flights with appropriate prizes going to each of the winners. It is expected that 100 or more of the best golfers of the Panhandle will be on hand Sunday when the qualification rounds are started. The elaborate prize list which has been worked up for the event is one of the best lists which has ever been offered the golfers of this section, and will no doubt be responsible for the presence of a number of players from Panhandle cities.

The tournament will again be under the direction of Boney Bonebrake, Borger and Amarillo pro, who ran last year's tournament in such efficient manner. The entry fee will be the same as last year with each player paying \$2.00 at the time he is issued his card for qualification score. The qualification of the players will be determined by their score on eighteen holes or two rounds. This part of the tournament will be held on Sunday, with the players designated to their flight and opponent by the tournament committee Sunday night.

Sunday afternoon the visiting golfers and their families will be guests of the Clarendon Country Club, where all the club facilities will be at the disposal of the guests. Those who like to swim will be given the privilege of the best lake in West Texas while those who wish to play miniature golf, croquet, tennis, or go boating will find this manner of pastime to their fancy. Plenty of shade and a splendid lawn will afford the guests a cool place to rest and visit while the big chicken barbecue is being completed to suit the taste of the hungry golfers. The barbecue will include all the delicious trimmings that generally go with a "feed" of this sort.

The local officials of the tournament state that a number of

LITTLE THEATRE GETS UNDER WAY

NEW MEMBERS INVITED TO JOIN AS FALL AND WINTER ACTIVITIES BEGIN

The Clarendon Little Theatre held its first meeting of the fall and winter season Monday afternoon of this week at the Ladies Club Room at the City Hall on call of the president, Mrs. Joe Goldston.

A resume of the work done in the first part of the year was had, and plans were set in motion for the staging of three plays before Christmas, under the direction of Mrs. Frank Stocking, directress.

Since the coming of the Rotary Club and the Business and Professional Club to Clarendon, the president was authorized to name a committee for the purpose of conducting the invitation to these clubs to join other sponsoring clubs in the formation of the Little Theatre Board for the coming year. This committee will be named in a few days and will make their recommendations at a meeting to be called later.

TEACHERS ARE FETED BY BOARD

BOARD IS HOST TO TEACHERS WITH CHICKEN BARBECUE AT COUNTRY CLUB

To start the school year off right and to show the faculty that they are behind their efforts, the members of the school board entertained the teachers of the city with an old time picnic and chicken barbecue Friday afternoon and night at the Clarendon Country Club grounds. Approximately 75 faculty and board members were present to enjoy the festivities of the evening, and all entered into the spirit of the occasion.

The afternoon started off with a swim for all those who wished to participate in the aquatic sport, while others enjoyed playing on the miniature golf course and the other entertaining devices to be found there. During this time the 85 chickens were being barbecued to a rich brown by J. W. Martin, Walter Taylor, and "Uncle" Ab Parker. When the tables were set with the chicken and all the trimmings the call was made for everyone to help themselves.

Following the barbecue the gathering of teachers and school board members took themselves to the beautiful lawn in front of the club house where a very pleasant time was spent visiting with one another. Later in the evening the crowd became so merry that it was necessary to give vent to their enthusiasm in the form of song. This feature of the program was the cause of much merriment among the group. G. L. Boykin and R. E. Drennon took the lead of the song period and a world of musical talent was soon found during the singing.

The teachers expressed themselves as having the best time of their lives, and were ready to give their best to make this the best year the schools of Clarendon have enjoyed.

members of the Hedley, Memphis, Childress, Shamrock, Amarillo, Panhandle, Borger, and Pampa golf clubs will be on hand to help make home the prizes. A number of other clubs have signified their intention of having representatives in Clarendon, and the local players will have their hands full in keeping the trophies at home. Local officials believe the Clarendon golf team will be able to keep the team trophy at home while other club teams have sent in their threats.

CLARENDON DAY SEPTEMBER 24TH

CLARENDON AND DONLEY COUNTY DAY AT TRI-STATE FAIR IS FEATURE

Headed by the Clarendon High School Band, the people of Clarendon and Donley County will move in a body to Amarillo Wednesday, September 24th, to participate in the day set aside by the Tri-State Fair officials. The residents of Donley county will leave Clarendon Wednesday morning, and will arrive in Amarillo about 10 a. m. and proceed to the fair grounds, where a band concert will be presented by the Clarendon band.

The Radio station WDAG has allotted the half hour between 12:30 and 1 p. m. to the Clarendon delegation. The band will play several selections for the broadcast and will then turn over the remainder of the time to several prominent Donley residents who will make a few short speeches concerning the advantages of Donley County and the cities of the county. There will be several other features on the radio program, but as yet they have not been announced.

The Donley County Agricultural exhibit will no doubt be a drawing card for the citizens of Donley County. Even though the year has been very hard on the growers of the county an exhibit has been arranged by County Agent, T. R. Broum which is well balanced and promises to rank among the best from all the exhibits.

Special Meet of Legion Called

A special meeting of the Aubyn E. Clark Post of the American Legion has been called for the evening of September 23rd.

The absence of several members from the city interrupted regular meet Tuesday of last week and this meeting is being called for the particular purpose of electing officers for the coming year. The installation will take place on the regular meeting date in October, this being the regular appointed date for the beginning of each year of the Legion in Texas.

Members of this organization are asked to make their plans to attend this meeting and have their minds made up as to who shall be named the leader of the body for the coming year. The body for the past administration of Commander Andis has been excellent and a pattern has been set for the accomplishment of a great deal more during the year ahead.

COUNTY SUPERINTENDENT ELECTION OCTOBER 4TH

The Commissioners Court designated October 4th as the date for which the election of the County Superintendent of Schools shall be held. This announcement followed the submission of petitions bearing the names of one-fourth of the total qualified voters in Donley County.

The petitions were secured in many parts of the county by prominent Clarendon women who are interested in creating a separate office for this position. The salary paid the office holder should the office become a reality will be approximately \$1000.00 per year, with allowances made for traveling expenses and an assistant.

DONLEY ASKS ROAD WORK BEGIN NOW

JUDGE ALEXANDER, COMMISSIONER BAIN TO MAKE APPEAL TO HIGHWAY COM.

Judge J. J. Alexander and Commissioner J. R. Bain left last night for Austin where they go to represent Donley County on matters pertaining to grading on Highway No. 5 through the county, and also on designation of the route of No. 66 in the Jericho country.

According to Judge Alexander, he and Commissioner Bain were sent to Austin for the conference with the Highway Commission on next Monday, to urge that the grading and drainage structures on the new designation of Highway No. 5, be begun at the earliest possible date in order to provide work for Donley County men and teams. This action of the county court is in line with an effort being made to speed up all public works that more employment might be given those in need.

"The grading and drainage work on No. 5 in Donley County means an expenditure of nearly a third of a million dollars," said Judge Alexander, "and the grater portion of this amount would go to citizens of the county with and without teams." This would mean a wonderful source of revenue to Donley County people within the next six or eight months, and it is earnest felt that the effort to get the work started now would be worth all the expense of the trip.

On the return trip Judge Alexander and Mr. Bain will stop by Fort Worth to attend the County Judge's Convention there next week.

Panhandle Baptist Meet Here Sunday

The twenty-sixth annual session of the Panhandle Baptist Association will be held with the First Baptist Church of Clarendon, September 15, 16, 17.

Representatives from each Baptist church in Hall and Donley Counties will come together to give and hear reports of the work of the past year in each church and to plan the work for the coming year.

The Pastors and Laymen's meeting and the W. M. U. Meeting will be held at 2 o'clock, Monday afternoon.

The Convention proper will begin at 8:00 o'clock Monday night. Rev. S. O. Cooley, pastor at Estelle, will preach the sermon.

Tuesday morning at 9:00 o'clock the body will come together. The letters from the various churches will be read, the messengers recognized, the organization completed, and committees appointed.

Tuesday or Wednesday, a representative of the State will be present to make a first hand report of the progress made this year. There will be a number of interesting and instructive addresses made on different phases of the work.

The noon and evening meals will be served at the church parlors Tuesday and Wednesday. The messengers will be entertained in the homes each night.

Mr. J. H. Casey was taken to Amarillo Saturday where he received medical attention.

Miss Edna Montgomery has recently returned from Dallas where she received medical attention.

Mrs. W. M. Murrell spent the past week, with Mr. and Mrs. Boswell of McLean.

200 AT COTTON CO-OP MEETING

MANY DONLEY COUNTY FARMERS HEAR COTTON CO-OP HEADS SATURDAY

Approximately 200 farmers of Donley County gathered in the District Court room Saturday afternoon at the Court House and heard Messrs. Giesecke and Berger, Texas Cotton Co-Operative Association workers, of Wellington. The plan of the Association was laid before the group of farmers and the details of the movement explained by the two men.

The Association offers the members two pools in which to place their cotton. One the optional pool and the other the seasonal pool. In the optional pool the member reserves the right to sell his cotton whenever he desires with the full profit or loss being taken by himself. The Association advances the member about 80 per cent when the bale is brought to the association at the prevailing price, and should the price drop below the price paid, before the cotton is sold the member would be called upon for funds to cover the drop, but should the price rise the member is entitled to the full advance.

The seasonal pool, favored by the workers, advances the members 90 per cent of the price of cotton at the time of classification, and the association takes the loss should the price drop.

The member is not asked to make up the loss as those in the optional pool must do. When the cotton is sold the member is given the average gain through the year. Mr. Giesecke stated that the seasonal pool was the most desired of the two because there was no loss to the member should the price drop, and because the experts working for the Association will know better the time the sale of cotton should be made than the ordinary farmer.

A few of the farmers signed contracts for a part of their cotton to be sent to the Association, while the majority preferred to wait for further information concerning the Texas and American Co-Operative Cotton Association.

A cotton classifier will be designated by the Association to be stationed here to care for the farmers who have signed up with the organization. More information will be carried later in the columns of the News concerning the project in the county.

MAYOR TAYLOR WARNS DRIVERS

INFRACTION OF CITY TRAFFIC RULES WILL CAUSE OFFENDER HEAVY FINE

The traffic rules and regulations of the city of Clarendon will be adhered to by the drivers of automobiles within the city or the offenders will be required to pay a fine of double amount when caught in their second break of the law. Mayor Taylor stated that public sentiment was at such a state that he believed the present was the best time for the stringent enforcement of the traffic rules in Clarendon. He appeals to the parents of the young people of the city to co-operate with the local officers in seeing that the boys and girls are not guilty of such infractions that may cause a fine to be placed upon them.

"It is not so much the breaking of the rules that must be stopped," the Mayor continued, "but it is the danger of the life and property of the public caused by needless recklessness which necessitates the strict enforcement of the prevailing traffic rules." The Mayor states that it is not only the young drivers of the city who are guilty of the infractions, but also include many of the grown-ups. The City Marshal has been instructed to arrest all persons guilty of speeding, cutting corners, general recklessness, or not observing the traffic blocks that are on the busy intersections of the city.

The accident of last week was brought about the necessity for such action according to Mayor Taylor, and all persons are requested to help Clarendon free itself from all traffic accidents.

fine running attack as well as a powerful rushing game.

The Broncho line-up for the game tomorrow with the players weight and experience will be McMahon, center, 160 pounds 2 years experience; Halle, guard, 155 pounds 1 year; Morris, guard, 165 pounds 3 years; Captain Nichols, tackle, 180 pounds 3 years; Langford, tackle, 216 pounds 2 years; Behrens, end, 165 pounds 2 years; Tony Watson, end, 150 pounds 2 years; Fred Bourland, quarter, 150 pounds 2 years; Andis, fullback, 150 pounds 1 year; Hudson, halfback, 156 pounds 1 year; Baird, half, 143 pounds 3 years.

JUDGES LOUD IN PRAISE OF YARDS

ENTRANTS ARE COMPLIMENTED HIGHLY BY JUDGES FROM MEMPHIS

Dr. J. H. Croft and D. J. Morgenson, both of the city of Memphis complimented the yard owners of Clarendon very highly on the appearance of the yards entered in the 1930 contest even though only six were in position to be awarded prizes in the contest.

The courthouse lawn was a source of especial wonder to the two visitors, especially since they had not seen the place in more than a year. It was their opinion that this place should be awarded the prize, but this could not be done for the fact that it was not entered.

Of the forty-one yards in the competition, all were given the highest sort of praise for their condition. This was especially true due to the fact that this summer past has been one of great drought and very hard to keep flowers and perennial plants growing, much less to keep them in condition for a contest. A number of yards were marked off for burned spots in the grass, this constituting the greatest source of loss in some instances.

The yards were all complimented for being especially clean and well prepared for the contest this applying to the yards in both the old and new classes. A complete list of the prizes and winners are given elsewhere.

Mr. W. T. Hunter returned Sunday from Chicago where he had purchased fall and winter merchandise for his gent's furnishing store in Pampa.

Hillcroft Open Golf Tournament Prize List

Below is the prize list of the Second Annual Hillcroft Amateur Golf Tournament which will be held in Clarendon starting Sunday, September 14 and continuing through Tuesday, September 16. The value of the prizes with the name of the donor will also be found below.

Most Birdies in Qualification Rounds. \$5.00 Merchandise, Clarendon Drug.
All Eagles During Turney. Prizes from W. C. Stewart, Clifford & Ray, R. L. Bigger, and Wm. Patman.

BRONCHOS PLAY M'LEAN FRIDAY

FIRST GAME OF SEASON WILL GIVE FANS PLENTY OF THRILLS HERE

Football fans of Clarendon and Donley county will have a chance to see the Clarendon High school Bronchos in the initial game of the season Friday afternoon when they tangle with the McLean Tigers at College Park. This is the first game of the year for both elevens, but both squads have been training for a number of weeks and will present smooth running teams. The McLean players have declared their intentions of taking the measure of the local eleven, but there seems to be a little misunderstanding in the ranks of the Bronchos who want to question the McLean players' prediction of a victory in Friday's encounter.

The Broncho mentors seem well pleased with the showing the High School boys have made in the few weeks since the inauguration of training, and want all the fans to come out and see the 1930 football machine which is to represent the city this season. Many of the new men have turned out to be such formidable material for the first team, some of the old men are in danger of losing their positions unless they show a great deal of improvement. The Bronchos have developed a splendid passing game in the past two weeks and fans will no doubt be treated to this spectacular type of game in Friday's battle. The air is not the only way by which the Bronchos will gain much yardage against McLean as they have a

WHAT PRICE CARELESSNESS?

Clarendon men and women are aroused over the accident last week that caused the serious injury of one of our old and respected citizens who, wholly within his rights was walking across a busy street when struck by an automobile running at too high a rate of speed to be under control.

There is resentment against the Mayor of Clarendon.

There is resentment against the City Commission of Clarendon.

There is resentment against the City Marshal of Clarendon.

There is resentment against every driver of an automobile, young and old, who cuts corners, runs rough shod over traffic "stop" and "slow" signs.

There is resentment against the whole situation—resentment that has been accumulating many months, waiting for an accident to bring it to a head and to make it vocal.

The American public has a way of waiting to lock the stable after the horse is stolen, and so it is now with the citizenry of Clarendon. While it is true that more blame must rest upon those who are responsible for the enforcement of traffic regulations, yet on the other hand, they are largely directed by the public attitude and habits. So the final blame rests upon the citizenship, and upon our own shoulders rests the responsibility of bringing about a change that will make life and limb safe upon our streets.

The Mayor has called upon the parents and those who drive motor vehicles to rigidly obey the traffic regulations of the city, and while he promises to double the fines for second offense, with jail sentences in extreme cases, it is hard to visualize a citizenship who will continue to follow practices that endanger the life of every child and grown-up in the city limits, the moment they set foot out of the safety of their homes.

Since school has begun and hundreds of children are on the streets several times a day to and from the school room, there is every reason for even more caution than usual.

The pride of civilization is that modern man has been able to repress his natural carelessness and adapt his habits to the safety and comfort of his fellows.

Civilization is on trial in Clarendon.

Good citizenship is on trial in Clarendon.

The Golden Rule, which demands that we "do unto others what we would have them do unto us," is on trial in Clarendon.

Men and women of Clarendon; Parents of Clarendon; Citizens, all—let us include ourselves in the blame for a situation that may cost the life of a good man. Let us take the blame for a situation that endangers the life and limb of our children several times every day. Let us join with the authorities of the city and put an end to speeding, to corner cutting, to running "stop" and "slow" signs, to backing out from the curb without attention to passing traffic.

Let us make Clarendon just as safe as civilization demands.

Let us make Clarendon just as safe as good citizenship demands.

Let us put the shame of vicious citizenship on any and all who refuse to obey.

—oOo—

It sometimes seems there is more howl raised over the curtailment of luxuries among the common people of this nation, than there is over the lack of necessities in many countries of the Old World. We Americans have gotten so used to enjoying what was formerly available only to the rich that we raise an awful rumpus when things get down to a bed rock basis. Those who are able to adjust themselves to simple living and hard work will find little to hurt in the present stringency. In fact there will be many by-products that will actually turn into blessings. But it is hard to see blessings in hard times, even for the wisest.

—oOo—

Political prognosticators are busy figuring out whether Senator Walter Woodward or Senator Pink Parrish will be the favored entry into the governor's race four years from now. Many think Walter Woodward the most logical—and he may be—but this far off, it seems to the News that Pink Parrish would make a candidate of instant and compelling popularity. He is a man of large frame and girth, he has a most likable, homely face, and he has that gift of the "common touch" which gains universal response from the mass of voters, everywhere. We'll wait and see.

The News believes that Hon. Ross Sterling, Democratic nominee for Governor of Texas, did a wise thing when he refused to insist on the state convention putting the bond plan of highway construction and refunding into the party platform demands. While The News is absolutely in favor of the bond plan and believes that in the near future some sort of bond plan will be adopted by Texas, yet the party situation in the state is such that Mr. Sterling's refusal to insist upon his personal views, comes as a refreshing reminder as to the kind of man we have named for our next chief executive. Mr. Sterling is a man of kindly attitude and has an innate fairness of dealings that bodes well for the state government and the party.

—oOo—

While the News has doubted the wisdom of actually going to law in a suit against the text-book concerns in the matter of false statements about the soil, climate and agricultural progress of West Texas, yet we believe that pressure should be brought so to bear upon the said book concerns that the error be rectified and no recurrence of it shall ever be tolerated again. Going to law is about the poorest activity any one can indulge in, but there are ways and means to get misinformation corrected and one of the surest in this case is to see that no text-book commission in Texas ever again authorizes the adoption and use of any text book so false and unfair to West Texas or any other section of the state as are the ones in question. There is a way.

—oOo—

Over in Oklahoma a few days ago, the Young Men's Democratic League, met and in resolution declared that it would not take nasty flings at the Hoover administration or at the opposing party in these perilous times. They further voiced their support of the government and called on all good citizens to do the same from a patriotic standpoint. The world is making progress. A Democratic meeting of that sort thirty or even fifteen years ago would have been impossible. Modern demands of economic government calls for the relegation of senseless howlings and criticism of the government, and replacement by a respectful, sympathetic and helpful attitude toward those who are laboring to pilot the ship of state into smoother waters. If there is anything more detestible than a Republican who hasn't any kind words for a Democratic official, it is a Democrat who has no kind words or feelings for a Republican official.

—oOo—

SORRY AND WON'T DO IT AGAIN

The San Sabal News is edited by Billy Smith, a popular and able newspaper man of central Texas, who seldom has to "back up", but when he tried the "neutral" game in the past gubernatorial campaign he says he got it from both sides. He writes under the title of "Sun-uv-a-Gun" and the following wail comes from a contrite heart:

"It was my new experience. I have been taking an interest in candidates and political affairs since before I was 21 years of age. For the past 20 years it has been mine to frankly state the position of this column for candidates and policies. For the first time during these 20 years, this column was absolutely neutral. Sun-uv-a-Gun went "up a tree." Some times heretofore S. G. has been criticized; some times he was commended, according as people agreed or disagreed with him. Always there was one side who did not cuss him. This time he took no man's side. And both sides gave him the hot place. I'm not complaining. No one has cussed me more than was deserved. I never did believe in being neutral in a political, religious or moral fight. It is just too bad if a fellow gets on the losing side. Because public opinion is ruthless and heartless. Public opinion supported every bloody masacre, every persecution and every witch burning the world has ever known. I just tried it out this time, this thing of being neutral. There is no satisfaction in it. I'd rather be cussed and condemned for being wrong than to be cussed and condemned for not being anything. It is an awful thing for a man not to be anything. I never did gamble much. I don't believe in gambling now. But I had rather be a gambler in the middle of the gang than to be a sweater hanging around the game and taking no hand. But there is this satisfaction. I've tried it out."

LEGION DELEGATES REPORT MOST EXCELLENT MEETING

Ralph Andis, Commander of the local post of the American Legion and Clarence E. Miller returned to their homes here the latter part of last week from Austin, where they had been sent by the local post as delegates to the annual department convention. These men report an excellent convention with the largest attendance ever registered at a convention since its formation. They were very busy all during the three-day convention and each had their hands full attending to the duties imposed upon them. A detailed report will be issued in the Legion Hall at the next meeting of the organization.

Mrs. James Trent returned to her home here the latter part of last week from Austin, where she had been in attendance on the annual convention of the American Legion Auxiliary. She reports a fine convention with a splendid attendance and a great deal of work done.

NOTE DECREASE IN ROAD BUILDING

Although Need For Hard Surfaced Pavements Is Urgent, Construction Lags

By E. E. DUFFY

Although automobile accident figures are mounting rapidly, traffic congestion costs increasing, and city motoring constantly becoming more disagreeable, cities and towns this year are making less headway in first class pavement building than in any one of the last five years.

Clearly this passive attitude is one of the important factors in continued unemployment and curtailed public buying power. The automobile industry is the nation's largest business; the nation's prosperity is largely dependent upon that of the motor industry.

The hundreds of thousands of workmen in the automobile industry are certainly not being aided by the lack of progress in equipping communities with traffic facilities. This applies also to the steel industry, the coal industry, and many others.

In the large cities, particularly, numberless citizens who desire automobiles are not purchasing them simply because of the lack of street and parking space, and facilities for safe driving, such as elevated grade separations. In the smaller cities other countless thousands are refusing to trade in old "busses" for they know that new automobiles are not substitutes for bumpy pavements.

It was reported last Sunday that 300,000 cars were creeping into Chicago in the evening, most of them being jammed on a few arteries. The Chicago situation illustrates the nation wide need for wide thoroughfares, both within cities and at the outskirts and of parallel importance, the need for hard surfaced all well used city streets.

Practically every city has no more than a few streets that are hard surfaced in accordance with the dictates of economy which considers first cost, upkeep, and the pavement life. Those communities that have hard surfaced most of their streets have discovered a diffusion of traffic and a consequent decrease in congestion. Motorists will travel on side streets when they are well paved, but not when the going is rough.

Invariably a newly paved street induces a wave of community improvement that benefits even remotely concerned businesses. Prosperity is a condition that can only exist through the normal circulation of money. That is why it is of the utmost importance that city and other governmental construction be maintained at somewhat of an even keel, for if governmental activity drops off, an undue burden is thrown on private business in the attempt to reestablish normalcy.

CANYON BUFFALOS TO PLAY NIGHT FOOTBALL THIS FALL

CANYON, Sept. 10.—Night football will be played at the West Texas State Teachers College this fall. This announcement came after President J. A. Hill signed a contract with the Giant Manufacturing Company for the installation of their 72,000 watt power unit.

This installation carries a greater wattage than any other installation known of for use on football fields in the entire Southwest. Most fields lighted for night football carry only 50,000 watts.

It is believed that the extra 22,000 watts for the Buffalo field will add considerable to the enjoyment of the fans, as well as to the effectiveness with which the players may work.

Those who have witnessed night games declare that from every point of view, night football is ideal.

BUILDING PERMITS IN TEXAS FOR JULY IS BELOW NORMAL

AUSTIN, Texas, Sept. 10.—Building permits issued in 35 Texas cities during July totaled only \$5,922,000, according to figures compiled in the Bureau of Business Research at the University of Texas. Not only were the total building permits in the 35 cities reporting to the Bureau considerably below those of July last year, but construction undertaken in Texas was under that in either last June or in July, 1929. The volume of building permits reported for July is the smallest by far for that month in the five years for which the Bureau has records.

This figure, \$5,922,000, is an increase over the amount reported for June but is a decline of 25 per cent from the volume in July last year. June figures were \$5,254,000, while those for July last year were \$7,870,000. It is only the substantial increases in Amarillo, Brownsville, Corsicana, Dallas, Denison, Houston and Port Arthur that make the July figure as high as it is, for all the rest of the cities show material losses from last year.

Construction undertaken in Texas in July was valued at \$1,400,000, as compared with \$28,632,000 in the preceding month and \$27,146,000 in July last year.

DECLINE NOTED IN NUMBER CHARTERS GRANTED TEXAS

AUSTIN, Texas, Sept. 10.—Both in the number issued and in the total capitalization, charters granted by the Secretary of State to firms to operate in Texas show a sharp decline from last year, it is pointed out in the monthly survey of the situation made in the Bureau of Business Research at the University of Texas for publication in the Texas Business Review.

There were but 179 new corporations organized in July, with a total capitalization of \$5,703,000. This is the smallest number of charters granted in any July since 1925, whereas capitalization is the lowest since July 1920. Last year in July 235 companies having a total capitalization of \$10,898,000 were chartered.

Declines were registered in all of the classifications except the general list. New oil companies fell from nineteen in June to ten in July, and new manufacturing companies dropped from 21 to sixteen. Only three financial institutions were chartered, as compared with seven in June. Real estate and building companies declined from eighteen to sixteen, and there was only one public service corporation organized in each month.

While the number of permits granted to outside corporations declined from 37 in June to 34 in July, there is a tendency for more outside firms to seek permits to operate in Texas this year than was the case in 1929.

STATE FAIR SHOW HAS HUGE CAST

DALLAS, Texas, Sept. 10.—"Sons O'Guns," the musical comedy which will be presented in the State Fair Auditorium during fair season, Oct. 11 to 26, will bring to Texas the largest cast ever brought to this state in a single company, it has been announced here by T. E. Jackson, president of the exposition.

"Sons O'Guns" has just completed one of the most successful runs any musical comedy ever enjoyed on Broadway—288 performances, and was the only large show to remain open to good business during the terrific heat of this year.

The cast being brought to the State Fair of Texas, has 130 Broadway stars, headed by Jack Donahue, widely known comedian, and Gina Malo, fascinating star of French music halls who has been brought to this country for "Sons O'Guns."

The State Fair piece is the first comedy to treat the lighter side of the world war, and has been hailed by New York critics as the classic of the day. The company will arrive in Dallas

direct from New York in special trains.

President Jackson of the State Fair has announced that reservations for "Sons O'Guns" are already being received in each mail, and orders are being filled in the order received. He has predicted a "sell-out" business for the Dallas engagement of "Sons O'Guns."

STATE FAIR STADIUM IS LARGEST IN ENTIRE SOUTH

Fair, schedule of which will be announced later.

More than a quarter of a million bales of raw cotton go into the manufacturing of cotton bags each year in the United States. Most of these are used in the wholesale grocery trade. There is a large opportunity, says the U. S. Bureau of Agricultural Economics, to substitute cotton bags for jute bags or bagging.

CAPPER MEDALS TO BEST GIRL CANNERS IN COUNTRY

Special awards by Senator Authaus Capper, of silver and bronze medals to the two 4-H club girls who enter Donley County's best jars of home canned fruits, vegetables and meats in the National Canning Contest at Shenandoah, Iowa, where the contest is being held under the auspices of the Household Science Institute.

Senator Capper, long a friend of the 4-H Clubs and a member of the National Committee on Boy's and Girls Club Work, in making the awards said that he hoped these awards would serve to encourage home canning work among farm girls and that they would prove of value to 4-H club leaders and extension workers in furthering this work.

The Capper medals are in addition to the list of 470 prizes totaling \$4,250 in cash, loving cups and ribbons which will be distributed to the winners in the contest. The grand sweepstakes award of the contest carries with it a cash prize of six hundred dollars.

The contest is open to every woman and girl. There are no restrictions as to the nature of the food sent. Contestants may enter the fruit, vegetable or meat division, any two of these divisions, or all three. Entries should be sent immediately upon canning. These will be kept on exhibition at Shenandoah till the closing of the contest on October 1.

The list of contest judges includes five of America's outstanding home economics experts and nutrition authorities, headed by Dr. Louise Stanley, Chief of the Bureau of Home Economics, U. S. Department of Agriculture. That the judging may be thoroughly impartial and the displays of jars absolutely uniform, contestants are required to send their entries in standard glass jars of the quart size. A sample Ball mason jar and carton, together with prize entry labels and full information for entering may be had without cost by writing the National Canning Contest, Shenandoah, Iowa.

Any preferred method of canning may be used altogether it has been found that the hot pack method together with the use of a pressure cooker for the sterilizing is best, especially for non-acid vegetables, states Grace Ciall Gray, nationally known canning expert who is secretary of the contest. This method of canning is recommended by the U. S. Department of Agriculture because it saves time and fuel and assures sterility, while preserving the natural flavor, color and texture of the canned article.

Texas citrus industry, little more than a decade old, now \$100,000,000. Shipments in 1931-32 are expected to total 12,000 to 15,000 cars.

CONCRETE WORK HAS BEEN COMPLETED AND CONTRACTORS ARE NOW AT WORK ON THE SEATS OF THE STADIUM.

Work on the huge bowl is going forward rapidly with conditions generally favoring the builders, and the stadium is expected to be completed far in advance of the first game—Texas A. & M. College vs. Tulane University on opening day, Saturday, October 11.

Concrete work has been completed and contractors are now at work on the seats of the stadium. Contractors are also sodding the field and after replacing 12 inches of bottom loam on the field and four inches of sod, expect to have one of the best playing fields in this part of the country ready for the Texas Aggie-Tulane game on Stadium Day.

The outside slope of the stadium is also being sodded and landscaped.

Three major games and five minor clashes are scheduled for the football season in the new stadium. The major games are: Saturday, Oct. 11, Texas A. & M. College vs. Tulane University. Saturday, Oct. 18, All College Day, Texas University vs. Oklahoma University. Saturday, Oct. 25, S. M. U. vs. University of Indiana.

Another game which is attracting much attention is the game on Negro Day between Wiley College of Marshall and Prairie View Normal of Prairie View, Texas, two of the strongest negro teams in the entire South.

There will also be four high school football games played in the stadium during the State

IOWA TAKES HONORS IN PAVEMENTS

1930 Program Brings Construction of 1,025 Miles; Iowans Find It Easy.

By E. E. DUFFY

This year's honors in first class pavement building go to Iowa which has already this year constructed 700 miles of hard-surfaced pavement of a program that embraces 1,025 miles.

At the end of every working day Iowa road builders have turned out no less than 4 miles of concrete pavement. This naturally means that there are many detours, but these detours almost without exception are in good traveling condition. However, the new pavements are being thrown open to traffic as rapidly as possible so that little inconvenience is being experienced. Iowans speak of these detours as detours of gold, for they signify the establishment of the lowest cost, smooth motoring.

This accomplishment of Iowa is generally regarded as a long and remarkable achievement for an agricultural state. Altogether some \$33,000,000 will be spent this year in improving Iowa roads. Although some \$10,000,000 in excess of the annual income, Iowa has been enabled to foster such an extensive road program only because of the widespread adoption among counties of the bond issue plan. So far 79 counties have voted bonds totalling \$102,900,000. All this in effect constitutes a state plan, for the Iowa State Highway Commission has complete authority over all construction on primary roads. This has resulted in the saving of time and money saving through routes.

Iowa is typical of the states that flourished through a long period of indecisive roadbuilding. A few years ago it became clearly evident that if actual progress were to be made in bringing the state out of the mud that a cooperative plan would have to be adopted. Two years ago a state bond issue for \$100,000,000 was acted upon favorably by the voters but it was later declared unconstitutional. Immediately the various counties began passing bond issues, turning the money over to the state for expenditure, with the understanding that later when a state bond issue would be adopted, these county issues would be retired immediately by the state. It is believed that the next general assembly will remove all constitutional difficulties.

At any rate, Iowa this year becomes the possessor of an additional thousand miles of concrete pavement. Iowans themselves are a bit puzzled at the ease with which this is being accomplished. The money for financing the county bond issues is coming from the 3-cent gasoline tax from the motor vehicle license fee receipts.

Already the effects of the paving program are noticeable. For instance, a recent traffic survey in Des Moines indicated that 17 per cent more motorists were coming into the city this year than did last year. General business conditions are better in Iowa than in most states and there is less unemployment. The latest business condition survey map published by the Nation's Business gives Iowa one of the very few "good" spots.

The Iowa story shows that the problem of providing adequate pavements is not a difficult as it may appear on the surface. Iowa is accumulating pavement without extra taxation, in fact, with only normal taxation. But Iowa is using intelligence along with cement, sand, stone and water.

FOOTBALL COACHES AND CAPTAINS INVITED TO MEET

LUBBOCK, Texas, Sept. 4.—West Texas High School and college coaches have been invited to bring their captains and best players to the West Texas Conference.

ference on new football rules which will be held in the gymnasium at the Texas Technological College, Saturday, beginning at 10 a. m., Sept. 6.

Coach P. W. Cawthon of the Texas Technological College has just returned from Houston where he attended a state conference on new football rules. He will be in position to inform those who attend the meeting here of the rulings on the new rules that were agreed upon at the State meeting at Houston.

In addition to the conference on new rules, the organization of a West Texas Football Officials organization is expected to be completed and coaches in this section are planning to use this meeting as a convenient time to match games.

The Lubbock Chamber of Commerce is cooperating in advertising the meeting and will give the visitors a free luncheon at Hotel Lubbock at noon Saturday.

DISTRICT CONVENTION ENDORSES MARVIN JONES

At the sessions of the Democratic Congressional District Convention held at Amarillo last Saturday, with Harwood Beville of Amarillo and former Attorney of Clarendon presiding as chairman, drew up the following resolution. The resolution is given in the following paragraphs:

Be it resolved by the Democrats of the Eighteenth Congressional District in convention assembled:

That we heartily endorse the record and services of Congressman Marvin Jones, and his stand on public questions.

That we especially commend him for his work in behalf of freight rate readjustments on wheat, cotton and livestock, and his efforts to secure export freight rate reductions on wheat and cotton similar to export reductions now prevailing on industrial commodities. This we regard as a matter of vital importance.

That we commend him for securing the passages of his measures providing for separating the merchantable and non-merchantable cotton in reporting the carry-over; his measure to search for new uses for cotton; and his measure forbidding price forecasts on cotton; and also his efforts in preventing an improper grading of wheat. His work in promoting the material and industrial development on Texas and the South has won wide spread and deserved recognition.

That we further endorse the activities of Congressman Jones in behalf of the livestock interest, his efforts to provide for taking the profits out of war by drafting munition plants and other factories engaged in manufacturing the essentials of war; his consistent support of restricted immigration and his efforts at all times to strengthen this legislation; and his measure to allow the building of new lines of

railway from the Inter-state Commerce Commission.

That we further endorse his work in securing the passage of the law authorizing the establishment of the government helium plant in the Panhandle for the extraction of helium, for securing the appropriation for building same and securing the necessary lands for the conservation of that priceless commodity; and we commend him for his efforts in making provisions for its continued operation.

That we further endorse Marvin Jones as a man and as an official who fights continuously for the promotion of the interests of West Texas and the Nation, and who, because of his integrity, ability and experience is ideally fitted to represent this district in Congress.

We pledge him our unqualified support.

August 23, 1930.

R. H. BEVILLE, Chairman.

Attest:—Perry S. Pearson, Secretary.

In the range areas the practice of holding steers over until they are 2 or 3 years old is giving way to the sale of the animals as feeder calves. The demand for lighter and smaller cuts of meat has brought about this change.

W. T. U. PREVENTION WORK DECREASES ACCIDENTS

ABILENE, Texas, Sept. 10.—That Accident-Prevention work is showing a splendid improvement throughout the properties served by the West Texas Utilities Company is evidenced by a recent report released from the company's Safety Department.

The West Texas Utilities Company established a record of 2.90 lost time accidents per 100 employees during the first six months of 1930, as against 3.00 lost time accidents for the same period last year.

From January 1st through June 30th 1930, the company records show a total of 37 lost-time accidents with 407 days lost-time, compared with 58 lost-time accidents and 639 days lost-time in 1929.

A good feature of the improved ratio is the lack of fatal accidents. During 1929 two fatal accidents had been reported during the first six months, while this year to date there has been no employe fatalities. The employes are using every care to maintain that record.

The West Texas Utilities Company maintains a regular Safety Department, the purpose of which is to educate employes in Accident-Prevention measures and to train workers in first aid treatment. In addition to this work,

inspection of the properties is carried on as regular routine work. In this manner, it is possible to eliminate all foreseeable hazards.

The company anticipates a continued improvement in Accident-Prevention records. According to figures recently released, the West Texas Utilities Company ranks fifth in Division 1 of the Middle West Utilities System.

BUSINESS SURVEY SHOWS CONDITION LITTLE SHORT

ABILENE, Texas, Sept. 10.—A recently conducted business survey of crop and business conditions throughout the West Texas Utilities Company properties indicates that crops will run approximately 75 per cent normal, which is some improvement over last year, provided rainfall is received within the next ten days to two weeks.

From the south end, reports are especially favorable. An increase over normal production is estimated for both cotton and feed, while grass is reported in good shape.

In the Panhandle, although production per acre will run approximately 10 per cent lower than normal, an actual increase will be shown due to the fact that many acres of new land are under cultivation. Estimates vary from normal to

50 per cent below normal in other sections of the territory served by the company.

Though trade and collections are generally reported quiet, it is felt that this situation is due to a mental condition which will right itself within the next sixty days. But slight increase is reported from the principal lines of industry, the main exception being the Oil Business.

Many fruits other than apples can be made into good vinegar. The United States Department of Agriculture has a bulletin on the subject.

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. DOUGLAS & GOLDSTON DRUG CO.

YOU HAVE A DOCTOR'S WORD FOR THIS LAXATIVE

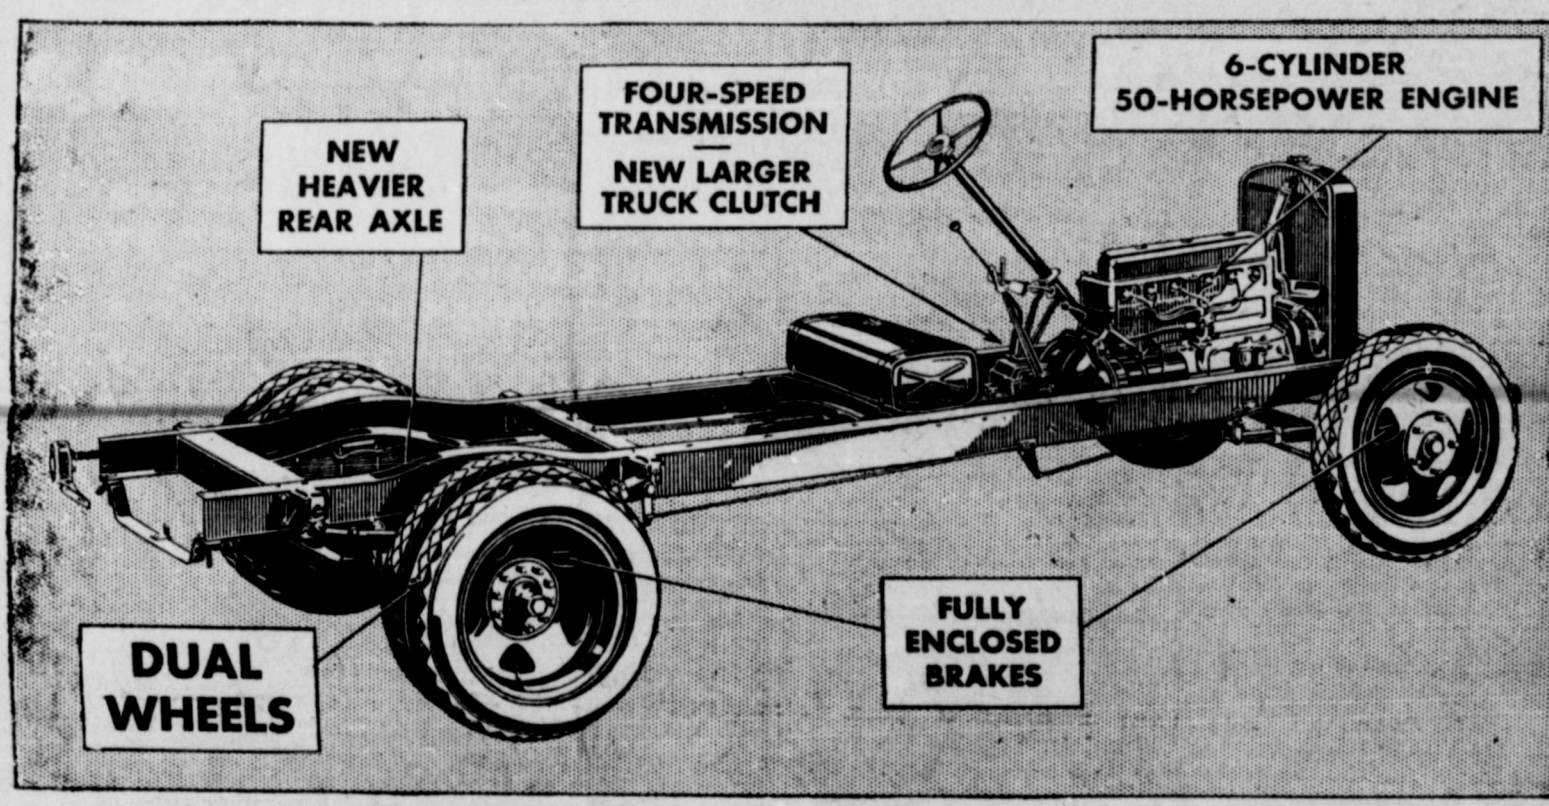

In 1875, an earnest young man began to practice medicine. As a family doctor, he saw the harm in harsh purgatives for constipation and began to search for something harmless to the sensitive bowels.

Out of his experience was born a famous prescription. He wrote it thousands of times. It proved an ideal laxative for old and young. As people saw how marvelously the most sluggish bowels are started and bad breath, headaches, feverishness, nausea, gas, poor appetite, and such disorders, are relieved by the prescription, it became necessary to put it up ready for use. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It never varies from Dr. Caldwell's original effective and harmless formula. All drugstores have it.

IT'S WISE TO CHOOSE A SIX

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

HARVEST TIME

The growing season has almost ended for the crops of this section of the state and the time for harvest is drawing near. Is the time for the harvest of your savings approaching? Have you made a start in this direction?

A small deposit is all that is needed to plant the seed. After that, the crop will care for itself.

WHY WAIT LONGER?
FARMERS STATE BANK

When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes the acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia.

One spoonful of this harmless, tasteless alkali in water neutralizes instantly many times that much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

WARNING

Buy GENUINE BAYER Aspirin

Know what you are taking to relieve that pain, cold, headache or sore throat. Aspirin should not only be effective, it must also be safe.

Genuine Bayer Aspirin is reliable, always the same—brings prompt relief safely—does not depress the heart.

Do not take chances—get the genuine product identified by the name BAYER on the package and the word GENUINE printed in red.

ASHTOLA

The Ashtola Home Demonstration Club met with Mrs. W. A. Poovy September 3rd with sixteen members and several visitors present.

The ladies had a delightful social hour while they worked on their quilt and carded the cotton for it. On Sept. 17th they will meet with Mrs. Louie Morris in an all day meeting and quilt the quilt. Each member is to take a dish for their lunch.

Born to Mr. and Mrs. Hays, August 18, a son.

School began here last Wednesday. Dean Condon made an address that morning. The faculty consists of the following: C. W. Howard, Misses Shook, Maxwell, Hukle, McMurtry and King.

Mrs. Bob Miller returned home from Fort Worth Thursday after staying several weeks with her father who has been seriously ill but seemed to be better when she left.

Mrs. Ernie Goodman visited her brother, Carl Barker and family Friday.

Grandma Gregg and Mrs. Elsie Gregg and children visited Mrs. Dollie White Friday.

Mr. and Mrs. Elmer Hunsucker left Wednesday for Memphis where he will work as extra foreman for a while.

Mrs. Charlie Meadors and children of Claude spent several days last week with her parents, Mr. and Mrs. A. L. Allen.

There was Sunday school at the regular hour Sunday morning and Bro. Griffin from Hedley preached. Bro. Pitts from Wellington read the scripture lesson and commented on it. Several from the Martin community attended these services.

Mrs. John White who was operated on in Clarendon over a week ago has recovered enough to be brought home Sunday which will be good news to her many friends.

B. L. Collier took his daughter Mrs. Perry, to her home in Childress Friday after a several weeks visit with his family.

Guests in the Clarence Cole home Sunday were Mr. and Mrs. Fitzgerald of Hedley, her sister and family, also Mr. and Mrs. J. L. Cobb of Clarendon.

Mr. and Mrs. Dixie Scarborough of Petersburg spent the week end with P. A. Johnson and family.

Mrs. Richardson of Estelline is with her daughter, Mrs. B. L. Collier for a months visit.

Miss Vera Johnson returned home Saturday after a two weeks visit with her sisters, Mrs. Scarborough and Mrs. Gray at Petersburg and Lubbock.

Mr. and Mrs. A. L. Wallace spent Sunday with A. A. Smith and family.

Mr. and Mrs. H. W. Lovell and family visited Mr. and Mrs. Noel Harvey in the Martin community Sunday.

J. B. Scarborough of Petersburg has accepted a job at the gin and began work there Monday.

Mr. and Mrs. Sam Shaddle and family of Poolville are visiting her sister Mrs. A. L. Wallace.

John Harp, Richard Hatley and Luther Watson returned home Sunday after a trip to Central Texas.

J. B. Johnson left Sunday to work for his brother-in-law, Dixie Scarborough at Petersburg.

Messrs. Tims and Howard motored to Amarillo Monday.

Mrs. C. B. Harp visited Mrs. Buttrill Monday.

J. M. and Charles Jordon of Goodnight visited friends in Ashtola Sunday.

Misses Mary Graham and Geneva Collier visited Othella Poovy Sunday.

Mrs. Emma Dosier and son Henry from near Amarillo visited her daughter Mrs. O. C. Hill Sunday.

Joe Lewis made a business trip to Amarillo last week.

Joe Lewis made a business trip to Amarillo last week.

Mrs. A. L. Allen is on the sick list.

C. K. YATES

A poor appetite, indigestion and nervousness pulled me down and finally I was in bed for four weeks. Sargon fixed me up so that I'm out at 5:30 every morning, feel great all the time and haven't a thing in the world to complain of. "Sargon Pills rid me of constipation of 20 years standing without the least upsetting." C. K. Yates, 1400 E. Morphy St., Fort Worth. Douglas & Goldston Drug Co., Clarendon, Texas and Hedley Drug Co., Hedley, Texas, Agents.

OLD TEXAS TRADITION COMES TO LIGHT

THE CRAZY WELL—1885

The discovery Mineral Water Well as it appeared in 1885. This is the place where the woman was cured and unwittingly gave it a name.

THE CRAZY WELL—1930

This magnificent structure has replaced the old one room shack of 1885, and is a popular playground, health and recreation center for people from all parts of the globe, and is familiarly known to them as the home of Crazy Water.

Mineral Wells, Texas, Aug. 1930. Among the most romantic of legends which have woven themselves about the existence of Texas is one which has lain idle in the memories of a few gray bearded pioneers of the eighties. Like a nugget of gold that at last glows in the hands of the prospector after nesting unfound for decades, the legend of the founding of Mineral Wells and the discovery of Crazy Water glows with all the romance that the story of the discovery of a medium which has benefited so many people should find when after 75 years it is brought to light and told.

wagon, experienced difficulty in finding a water supply. No shallow vein could be located and finally when a driller chanced along the trail, he bartered one of his much prized teams of oxen to induce him to sink a deep well. The water was strongly mineral—unsuited for cooking and would not lather soap. They almost feared to drink this water, but hard-pressed, they did so. And lo! The invalid wife who was suffering from a disease called hysteria dementia was cured of her ailment, and thereafter this well bore the name of Crazy Woman Well until time simplified it to plain Crazy Well.

The story of the accidental discovery of Crazy Water hidden deep in the earth, and which now attracts a hundred and fifty thousand visitors annually to Mineral Wells reads like fiction: A homeseeker, who in the early fifties had trekked to Texas in the traditional covered

And beginning thus, with the grateful settler's wife, down through over half a century, the waters of Mineral Wells have gained fame, until it has become the place "Where America drinks its Way to Health"

FEELS GREAT ALL OF THE TIME NOW

"I was lame and sore from rheumatic pains, and they were so bad in my shoulders I could hardly raise my arms."

STATE FAIR STAR IS NOTED AUTHOR DALLAS, Texas, Sept. 7.—Despite the fact that he was eleven years of age to go on the stage, Jack Donthue, star of "Sons O' Guns", the auditorium attraction at the State Fair of Texas, has attained a big reputation as an author,

and has written for all of the leading magazines. He is a regular contributor to such magazines as Saturday Evening Post, the Cosmopolitan, Colliers, and other magazines. He has also written numerous pieces for the stage. Donahue's life reads as a romance. He has been on the stage since he was 11 years old, having left the Harvard Grammar School at that age to fill his first en-

gagement. He has swept New York off its feet during the past few years and is recognized as one of the greatest entertainers ever to be starred in a Broadway production. The State Fair engagement of "Sons O' Guns" is the first time in more than four years Donahue has played outside New York City. During the 288 performance run of "Sons O' Guns" on Broad-

way, seats were sold out for two months in advance. T. E. Jackson, president of the State Fair, in opening the State Fair Box Office in the Baker Hotel, said he wanted to give out of town visitors every opportunity to write in early for their seats, as many Texans visiting New York during the past year had been disappointed in not being able to purchase seats to see Jack Donahue in "Sons O' Guns."

Advertisement for West Texas Utilities Company. Features a cartoon character holding a meter, and text explaining the 'Home Comfort Rate' with rates of 12c, 7c, and 4c for 3c. Includes the company logo and name.

Advertisement for Leon O. Lewis, insurance agent. Text: 'See Leon O. Lewis For Loans-Bonds Insurance Farm and Ranch Loans Six and one-half Per Cent'.

Advertisement for the Tri-State Exposition in Amarillo, Texas, from September 22-27. Lists various exhibits like 'America's Champion Trick Rider and Roper' and '1930's Finest Agricultural and Educational Exhibits'. Promotes a 'FREE GATE!' and '\$18,000 in Premiums!'.

SOCIETY

Andrews-Rowland

Miss Bernice Rowland, daughter of Mr. and Mrs. J. W. Rowland, and Mr. Edwin Andrews were married Saturday evening at 7:30 o'clock at the home of the bride, Rev. Robert S. McKee pastor of the Presbyterian church performed the ceremony.

The living room was lovely in its decorations of fern and varied assortment of flowers. An improvised arch of fern and cut flowers formed the altar before which the ceremony was read, with tall baskets and floor vases of beautiful cut flowers being effectively used. White gleaming tapers were lighted before the entry of the bride and groom, who entered together.

The bride was gowned in a becoming suit of Navy blue with accessories to match which also served as her going away suit. She carried a beautiful bouquet of roses and ferns.

The bride is a former student and graduate of Clarendon High School and Clarendon College and for the past five years has been teaching. The first year at Burk Burnett and later at Claude and Shamrock. She is much loved by her former class mates and associates, several of whom attended the wedding.

Mr. Andrews, whose parents reside at Celina, Texas, was at one time an employee of the Clarendon News and is at present associated with the Dalhart Texas at Dalhart, Texas where they will make their home.

Attending the wedding were: Mr. and Mrs. C. E. Lindsey, Mr. and Mrs. R. O. Thomas and daughter, Bertha Mae, of Clarendon, Mr. and Mrs. R. E. Darnell, sister of the bride, and family of Lelia Lake, Mr. and Mrs. J. T. Smith and Mr. and Mrs. B. F. Risinger of Shamrock, Mr. and Mrs. Paul Russ and Miss Ruby McElvaney of Panhandle and Mr. and Mrs. Hardy Clemens of Goodnight.

Mrs. Forest Sawyer Entertains

A truly lovely hospitality of Tuesday afternoon was that given by Mrs. Forest Sawyer at her beautiful country home for members of the Friday Bridge Club.

The rooms were tastefully arranged with early Autumn flowers where games of bridge were enjoyed until a late hour.

Mrs. Clarence E. Miller received high score favor for club members, Mrs. Sam Dyer played high for guests, Mrs. Ralph Kerbow received consolation and Mrs. Floyd Lumpkin low.

Later a dainty two course refreshment plate was served to the following guests:

Mesdames Clarence E. Miller, Park L. Chamberlain, Holman Kennedy, O. L. Jenkins, Floyd Lumpkin, Charles Trent, Forest Taylor and Miss Mildred Martin, club members.

Mesdames Sam Dyer, P. B. Gentry, M. P. Gentry, Seldon Bagby, Ira Merchant, Clyde Price, C. W. Bennett, Jr., Earl Alexander, Richard Bell, Bill Bromley, B. F. Kirtley, Ralph Kerbow, and Dorris Ellis.

Misses Helen Martin, Beulah Baird, Anna Moores and Willie Davis.

Miss Warren Celebrates Birthday

Miss Ruth Warren celebrated her eleventh birthday Sunday afternoon by having eleven of her little friends to enjoy with her a lively birthday party at the home of her mother, Mrs. J. T. Warren, East 1st Street, from 5 to 7 o'clock.

Miss Warren was presented with many beautiful gifts after which games were played and enjoyed the remainder of the afternoon.

Dainty refreshments were served to the following:

Misses Dorothy Phelps, Pauline Brown, Louise Smith, Mary Ella Barnard, Mildred Crabtree, LaVerne Kimbriel, Hulda Joe Caughen, Virginia Butler, Mary and Louise Wood.

Busy Women Enjoy Social

Mrs. C. E. Griggs was the hospitable hostess to members of the Busy Women's Sunady school class on Friday afternoon when they met for their regular monthly business and social meeting.

During the business session plans were made for the coming year, reports from standing committees were made and the election of officers was held with the following results: President, Mrs. Edwin Bailey; Vice-President, Mrs. S. T. Clayton; Secretary, Mrs. T. E. Trostle; Treasurer, Mrs. Eula Cox; Assistant teacher, Mrs. Frank Smith.

Following the business session a spread recently begun by the class was finished much to the

satisfaction of all the members and is now for sale.

A large number was in attendance to enjoy and participate in this meeting.

Miss Manley Named Honoree

Miss Lena Manley of Post, Tex., who is to be a student in Clarendon College for the 1930-31 school term, was named honoree of a delightful bridge party on Saturday afternoon, by her aunt, Mrs. Allen J. Bryan, with whom she will make her home during the school term.

The home of Mrs. Bryan was

attractively arranged with garden flowers and tables were in readiness for the games at the close of which Miss Mary Frances Caraway was declared winner of high score, Miss Nora Gordon played low and Miss Manley received a lovely guest-of-honor favor.

Seated for the games were: Misses Mary Frances Caraway, Nora Gordon, Eunice Johnson, Wylfa Lee Alexander, Ruth Price, Maurine Wood, Nell Butler, Pauline Sanford, Elizabeth Kemp, Lodi Green, Roberta Lafon and Lena Manley the honoree.

Sims P. T. A. Begins Year's Work

The much needed Parent Teachers Association of the city begins their work this month and it is hoped that the parents of each child of the school age will put forth an effort to be in the regular meetings each month. The teachers are eager to know you and co-operate with you in the problems that confront you and your child.

The Sims Parent Teacher Association began their work on Tuesday afternoon with Mrs. U. J. Boston, president, presiding. During the session the association voted not to combine the two local associations. Now that this question is settled it is the wish of all concerned that each parent do her duty toward the association that is vitally interested in her child. If this is done there is no reason why both organizations should not be a live association accomplishing much good for the child, which holds the combined interest of both parent and teacher.

Miss Elizabeth Stevens gave a short talk on "Benefits Derived from a P. T. A. from a Teacher's Standpoint."

Mrs. Floyd Keener read a most interesting paper on "Child's Play" which closed the meeting. A nurse will be provided to care for children during the one hour given to this work each month. All meetings opening at 8 and closing promptly at 4:00 o'clock, the second Tuesday of each month.

Friendship Club Meeting

Mrs. J. A. Meadows delightfully entertained members of the Friendship club in her hospitable country home Tuesday afternoon.

Several very pleasant hours were spent with light sewing and conversation in rooms laden with the perfume of a profusion of garden flowers.

At the close of the afternoon a tasty ice-course was served to: Mesdames J. L. Allison, C. R. Skinner, J. W. Rowland, L. Ballew, Womack, G. J. Teel, J. D. Stocking, H. Tyree, M. E. Thornton and Ralph Andie.

1922 Bridge Club With Mrs. James Trent

The opening meeting for the 1922 Bridge Club year was Tuesday, September, 9th, when the members of the club were guests of Mrs. James Trent at her home 403 5th and Park Street.

Gorgeous zinnias and other late summer flowers made the entertaining rooms more attractive. Games of bridge were indulged in with Mrs. L. S. Bagby receiving high score favor and Mrs. R. L. Bigger, consolation at the close.

An appetizing salad course was served before the following departed for their homes.

Mrs. L. S. Bagby, Mrs. T. H. Ellis, Mrs. W. H. Martin, Mrs. A. R. Letts, Mrs. Odos Caraway, Mrs. R. A. Chamberlain, Mrs. J. T. Sims, Mrs. Charles Bugbee, club members.

Mrs. B. L. Jenkins, Mrs. R. L. Bigger and Miss Mary Howren.

Mr. and Mrs. Clyde Naylor of Pampa spent Sunday with relatives in Clarendon.

ing fancy needle work. During the social hour a dainty refreshment plate was served.

Special guests were: Mrs. Elmer Jones, Mrs. L. H. Johnson, Mrs. A. O. Yates, Mrs. L. D. Carlisle, Mrs. Fred Russell, club members.

Mrs. Archer Seaver, Miss Virginia Skinner, Mrs. H. J. Shoffitt, Mrs. Ed. Carlson, Mrs. Wilma Reeves, and Mrs. Allen Hoeket.

Economic Club In Meeting

The Home Economic Club met in the home of Mrs. O. L. Fink on Friday in rooms profusely decorated with petunias, poinsettias and blooming pot plants.

Mrs. Fink gave a short talk on the topic "Colors Suitable to complexions" with a round table discussion following.

Conversation during the remaining hour made this more of a social than study meeting with Mrs. Fink serving a delightful refreshment course at the close to: Mesdames J. D. Stocking, John Clark, Tom Bullock, T. R. Brown, J. C. Estlack, W. D. Van Eaton, S. E. Arnold, H. J. Eddington, A. H. Barker, M. T. Crabtree, Major Hudson, J. A. Meadow and Miss Kate Meadow.

Epworth League Enjoy Outing

Many have been the outings for members of the Epworth League during the summer months and each seemed to have exceeded the one previous, however the one on Friday probably the last for the season, was better attended and seemed to be in better spirit than any held during the summer.

The party motored to Gun Boat mountain and found amusement in various forms until time to enjoy iced melons.

The return trip was made in the early part of the beautiful evening moon-light.

ROTARIANS HEAR MERCHANT AND GENTRY WINNERS DIS'T GOVERNOR

DISTRICT GOVERNOR NICHOLS ADDRESSES ROTARIANS IN PROGRAM

Dispensing with the regular program at the Friday luncheon period of the Clarendon Rotary Club, the major portion of the time was filled with an address by Rotarian District Governor Raymond H. Nichols of Vernon. District Governor Nichols proved to be an inspiring speaker, and outlined the field of the Rotary organization to the local group in such a manner as to make each feel proud to be listed a member of such a worthy organization. A report of the clubs in the Governor's district was outlined and was found to be in splendid shape. Governor Nichols has 63 Rotary clubs in this District and at present has visited approximately half of the number.

The Rotary quartet composed of Rotarians Cone, Jones, Drennon and Davis were presented in several splendid numbers which met with the approval of the membership present. Rotary Ann Rhoda Weidman accompanied the group on the piano.

The matter of entertaining the public school and college faculty was discussed and a vote was taken to assist with the Lions Club and the Business and Professional Women's Organization of the City in feasting the local teachers.

Rotarian B. L. Jenkins was unanimously selected to represent the local group in the association of civic clubs of the city organized last week. Rotary District Governor expressed to a member of the News staff his satisfaction of the personnel and activities of the Clarendon Rotary group, and complimented the city upon having such a progressive organization.

William Brown left Monday for Fort Clark where he will accept a government position.

low, 3rd Vice President; Mrs. W. A. Land, secretary; Mrs. Cap Lane and Mrs. Major Hudson, group captains; Mrs. Eva Draffen, pianist; Mrs. Deal, song leader.

A delicious ice-course was served at the close to about twenty members present.

William Brown left Monday for Fort Clark where he will accept a government position.

MERCHANT AND GENTRY WINNERS

SPECIAL EMPHASIS GIVEN TO BACK YARDS IN WINNINGS THIS YEAR

The yard of Mr. and Mrs. Cal Merchant was declared the winner of first place in the new yard Tuesday of this week, taking this place by reason of a score of 81 points out of a possible score of 100. Special commendation was given this yard on the variety and permanence of the flowers found, while a cut in the grade was given for reason of their being no back yard.

The lawn settee is the prize in this class. Second place winner in the new yards was declared to be that of Mr. and Mrs. W. O. Hommel on East Second Street. A score of 80 was found here with especial commendation on the extra effort given the back yard. The grading here was due to lack of permanence and all season blossoms. The prize here is a lawn rocker.

Third place winner in the new class of yards was accorded the yard of Mr. and Mrs. P. B. Gentry with a score of 79 points out of a possible 100. The great loss to this yard was due to the lack of shade and permanence in both the front and back yards.

The prize in this instance is a jardiniere. Especial mention in the new class goes to J. D. Swift with the notation that the back yard was not in condition for judging. The yard of Mr. and Mrs. Earl Alexander received the same notation.

In the Old class of yards, the first place was given Mr. and Mrs. M. P. Gentry with a grade of 96. Four points was cut on the lack of parking space in front of the house for its general appearance and care. A Roseville Pottery Jardiniere is the prize in this place.

Second in this group is accorded the home of Mr. and Mrs. C. W. Taylor with a score of 91 points. The points cut from the score here were for a lack of parking space in front of the house, no curb, or sidewalks. Burned grass in spots was another reason for a loss in points. The back yard in this case was especially commended. The prize here is a yard rocker.

Third place in the old group of yards goes to Mr. and Mrs. F. E. Chamberlain with a score of 88 points. The cut here came from the lack of a back yard although the place received commendation for the general cleanliness shown in all parts. A jardiniere was the prize offered in this class.

Special mention in the old group of yards gives first place in the list to the yard of Mr. and Mrs. D. O. Stallings with a score of 83 points. The cut here came from lack of a back yard. The place was especially commended for its general appearance and planning. The yard of Mr. and Mrs. John Blocker was cut for burned grass and no back yard although it was neat. The same applies to the home of Mr. and Mrs. Tom E. Connally. The yard of Ralph Andis also came in for

a special mention in the old class of yards. Of the forty-five yards entered in the contest, forty-two were in at the finish and were judged Tuesday afternoon of this week.

REV. AND MRS. INGRAM CELEBRATE ANNIVERSARY

Celebrating the birthday anniversaries of Rev. and Mrs. C. B. Ingram, a program will be given at the Methodist church Sunday afternoon at 2:30. The old and young alike are invited to attend this program, and it is certain that all will find a world of interest in the events of the afternoon.

Rev. Ingram will be 78 years of age and Mrs. Ingram will be 71 years of age. A big anniversary dinner will be enjoyed at the house of the couple at the noon hour.

DONLEY COUNTY RECEIVES BENEFIT OF LOWER RATES

Donley County will receive the benefits of a lower freight rate on cattle and livestock feed this year according to an announcement issued Monday to Governor Dan Moody from Arthur Hyde Secretary of Agriculture. Donley County is one of the 89 Texas counties which are entitled to the lower freight rate. While this county is not listed in the Texas counties which will receive federal aid due to the extreme drought situation, Donley will be allowed to benefit to the extent of the cheaper freight rates on

Mr. and Mrs. S. G. Phelps in company with their daughter, Mrs. Roy Jewel and Mr. Jewell of Hedley left for Amarillo Monday morning where Mr. Phelps will receive medical attention.

CHURCH CHAT

"BIBLE DECISION DAYS"

Think of them! There was Abraham called to decide whether he would leave home, country, friends, and go out not knowing whether or not he would obey.

Do you suppose he dithered over that decision, and said, "I would like to do this thing which I suppose is right, but I don't understand much about it, and I don't know the way, I don't know whether I shall hold out till I get to that unknown home which the Lord says he has prepared for me?"

Then look at the great Decision Day out in the Wilderness before rugged Mount Sinai. Can you not see the camp of hundreds of thousands of people listening to the voice of Moses?

The first step had been made to make them ashamed of their sins. Then Moses called for instant decision. Hear his ringing voice "Who is on the Lord's side? Let him come to me. See them go forward" to the side of the leader. And now they are in the promised land, in the lovely valley of Shechem, with the grim walls of rock rising on either side, mounds of cursing and of blessing. Which shall it be? It was for them to choose. Joshua did not say, "Go home and think this matter over." Nor, "Have a few fast days and weep and wait."

Nor, "Come week after week till I fully instruct you in what this thing means." How the voice of the soldier Captain accustomed to giving orders rang and echoed back from the rocks, "Choose ye—when? This day. What? Whom ye will serve. A National Decision Day. Again on Mount Carmel, hear Elijah, cry out, "How long halt ye undecided? Choose now between Baal and the Lord, and follow one or the other." I cannot stop to even hint at the many New Testament Decision Days. Again and again Christ called, "Follow me" and quick decisions were made. And there was a certain decision day at Nazareth, when decision was on the wrong side. That was decision day for Bartimeus and Zachaeus, when they decided to follow Christ. What a good thing, for

he was passing by them, but never came that way again. Yes there are special times when Jesus of Nazareth is passing by. Have you decided for Christ? We hope you will decide to follow Him and to help you to make this decision we are preaching two sermons Sunday on subjects dealing with the decisions of great men. In the morning the subject will be, "Joshua's Decision." Sunday evening we will preach a sermon on "Moses' Choice." We must prepare for the future while it is still today. Remember your choice is for eternity. Choose right. Choose now.

W. E. FERRELL, Minister, First Christian Church, Clarendon, Texas.

OUR BIG CITIES

Census reports show some striking changes of rank among the cities of the country as compared with 1920 figures. The relative standing of the first four, New York, Chicago, Philadelphia and Detroit is unchanged, but Los Angeles jumps from tenth place to fifth, displacing Cleveland.

Most notable gains are shown by several Southern cities, including Atlanta, Houston, Dallas, Birmingham, San Antonio, Memphis and Fort Worth. Population of Oklahoma City, Tulsa, Chattanooga and Memphis have approximately doubled during the decade while Miami showed the greatest relative gain among the larger cities, raising from 29,571 to 110,025 and in rank from 255th to 77th.

The United States now has five cities with more than a million population, 13 with more than a quarter of a million and 93 with more than 100,000. Including the above, there are 361 cities with more than 25,000 population.

Census figures do not always give an accurate idea of the number of persons living in the various metropolitan areas, however as in many cases the incorporated city overflows into adjacent counties and this suburban population is not included in the census count, although practically a part of the city concerned.

DUAL LIVESTOCK SHOW POPULAR

The dual livestock show, started at the 1929 State Fair of Texas, is so popular that officers and directors of the Fair now plan to keep it in vogue at all future expositions, according to A. L. Ward, general superintendent of Livestock Department.

Beef Cattle Week will be observed during the first week of the exposition, Oct. 11 to 18, and will be featured by the feeder show and auction sale and the showing of sheep, goats, jacks, mules and heavy horses. The second week of the State exposition will be given over to the third Annual Southwest Dairy Show, and this show will be featured by the annual Regional Show of the American Jersey Cattle Club. Shown along with the dairy cattle will be swine, milk goats and light horses.

Oily cloths used in polishing floors and woodworks are a serious fire risk and should either be destroyed immediately after use or kept in a tightly covered fireproof container.

Rent that spare room with a News Want Ad.

AGAIN KONJOLA SHOWS WHAT IT CAN ACCOMPLISH

Prominent San Antonio Man Eager In His Praise of New Medicine.

MR. CHARLES OLIPHANT

"I am glad to endorse Konjola to any who suffer as I did," said Mr. Charles Oliphant, well-known San Antonio railroad man, 423 Lamar street, San Antonio. "About a year ago I suffered a breaking out on my skin. Little patches of pimples appeared and were called water blisters. They itched and burned severely, and though I tried many remedies I gained only temporary relief. From Konjola, I gained what I considered miraculous results. The breaking out disappeared within three weeks after I began taking Konjola. I had kidney trouble but now the pains in my back and the swelling under my eyes have disappeared also. I feel better in every way and have gained weight. I think Konjola is a very fine medicine."

Konjola is recommended over a six to eight weeks period and is designed to relieve ailments of the stomach, liver, kidney and bowels, and rheumatism, leucitis, and nervousness. Konjola is sold in Clarendon at Douglas & Goldston drug store and by all the best druggists in all towns throughout this section of the country.

called on Mrs. Hugh Brown while Sunday night. Mr. Brown was resting very well in the Adair hospital but couldn't have company Sunday.

Mr. Ross Brown left Friday with Mrs. Speck for Artesia, N. Mex. He will go to school there this year.

ACTS LIKE IT WAS JUST MADE FOR HER

LUBBOCK HOUSE WIFE SAYS SHE FEELS 100 PER CENT BETTER; TOOK ORGATANE

"This Orgatane acts like it was made especially to fit my case," said Mrs. C. A. Walters of 1410 Texas Ave., Lubbock, Texas.

"The fact is I haven't seen a well day for the past two years," she continued "and almost as soon as I started taking Orgatane it seemed to go right to the seat of my trouble and any one could see that I was getting better. My stomach gave me lots of trouble and every thing I would eat would sour and cause bloating spells. I didn't have any appetite and I was weak, nervous and run-down."

"I saw Orgatane so highly advertised that I decided to try it

and it has certainly been the right medicine for me. I eat everything I want and it does not bother me at all I'm not bothered with constipation any more and feel one hundred per cent better than I did before taking Orgatane. Orgatane has saved me from a lot of suffering that no other medicine has been able to do. I am glad to recommend Orgatane."

Genuine Orgatane may be bought in Clarendon at the Stocking Drug Store.

LOCAL FEED MILL IS GRINDING EGG MASH

The News was informed early this week that the Simpson Mill was manufacturing an egg mash here that meets all the requirements of the State Department under whose supervision this matter falls. Mr. Simpson stated further that his protein content was a little more than the required 19 per cent minimum, and that his second batch would be even more than the first since he had changed the content a slight amount. Donley County products are used exclusively in the making of the mash, meat scraps in an amount of one to four being used and is the only outside material that goes into the making of the product. Whole grains and alfalfa being used to make up the remainder of the content of the mash. Mr. Simpson stated that he had been securing excellent reports from those who had been using the product, he having started making it in response for a call for a cheap, well balanced mash that would get the job done efficiently. The formula used is that one made by the A. & M. College of Texas and is also being used in other states.

Rev. and Mrs. S. E. Allison and daughter, Gwendolyn returned on Friday from a short vacation spent in El Paso and Roswell.

MANY RODEO STARS TO BE AT STATE FAIR

Dallas, Texas, Sept. 10.—The leading rodeo performers and stars of America are sending in entry blanks for the 2nd Annual World Championship Rodeo which will be held during the first ten days of the State Fair of Texas in the Livestock Building, Oct. 11 to 20, it has been announced by Col. C. F. Hatley, arena director.

The success of last year's championship contest and the large prize moneys being offered winners of the various events this year has attracted such stars as Yakima Canutt, Chug Wilson, Paddy Ryan, and winners of the Calgary Stampede, the Pendleton Round-up, and other events. The State Fair Championship contest will close in sufficient time to enable all contestants to reach New York City before the opening of the World Series Rodeo to be held at Madison Square Garden.

Steer wrestling, bronc riding, fancy riding and roping, cowgirls bronc riding, wild horse scrambles, wild cow milking, buffalo riding, and many other special and novel events are being arranged for the State Fair Rodeo.

NOTED MOVIE STAR TO RIDE IN RODEO

DALLAS, Texas, Sept. 9.—Yakima Canutt, famous movie star, will compete in the Second Annual World Championship Rodeo which will be held during the State Fair of Texas, it has been announced by Col. C. F. Hatley arena director, who also announced that the best riders and steer wrestlers in the rodeo world would compete in the State Fair Rodeo. The largest prize money ever offered in a rodeo in the Southwest has been hung up for the events scheduled at the State Fair. Rodeo performances will be given at matinees and nights.

LIONS STARTING WORK OF WINTER

BUSINESS MATTERS ATTENDED TUESDAY REPLACING SUMMER STORIES

The first real busy session of the Lions Club in Clarendon for some time was that one held Tuesday of this week. The frivolities of the summer have all been put away and the organization is entering the Fall with new enthusiasm and new spirits to put the work over with a bang during the winter.

The annual international contest will start with the next week's luncheon and will run from that date for eight weeks, closing on November 8th. A similar contest will be held next Spring, with an individual contest running for the entire thirty-four weeks of the event. Lion Sherman told the Lions of the prize in sight, a trip to the Toronto convention at the same time, stating that the club must rate one hundred per cent in both the Fall and Spring events before they would be eligible for the prize. Winning of one contest will mean a trip to Port Arthur.

Four groups have been formed with the club divided equally among the four. Captains have been named and will see that each of their group is present or that he makes up his attendance. Both Lions Mulkey and Murrell spoke of the attendance contest matter and urged the Lions to make up their attendance and help put Clarendon in the light as a club with a perfect attendance.

The school book covers recently received were mentioned by Lion Douglas, who stated that they had been distributed and that the teachers were well pleased with them. One teacher especially stating that she was planning an entire lesson from the covers to endeavor to teach them the rules contained thereon.

Lion Alexander, another member of the committee, stated that the being given the schools as the covers placed in his care were teachers came in for books and other supplies.

The zone meeting was announced for Tuesday, September 16th at Childress, with the Boss Lion asking those who planned to attend to notify the secretary of their intentions that their attendance records might be kept clear.

Lion Boykin made final report of the Boys' Work for the present, stating that no work had been done since school started as the committees had concluded the boys to be in better hands than their now since they were in the school rooms of the city. More work will be done when the football fever is out of the air and the baseball season comes to the front again.

The first football game of the season was announced by Lion Burton, who urged a full attendance as this game is scheduled to be one of the hardest ones of the entire season.

A report was received from the resolution committee recently named to care for the departure of the Clarendon organization.

Lion J. G. Sherman related some experiences found in hunting chickens this past week, and it seems that all the members of the club believed what he said, since he mentioned killing only seventeen of the feathered inhabitants of that section visited by the hunter.

Guests of the day were introduced and were found to be Roscoe Trostle, Abilene; Carl Almond, Childress; Rev. Horace Frerking, Amarillo and Lions J. H. Croft and D. J. Morgenson of Memphis. The latter named pair were here for the purpose of judging the yards of the city for the 1930 yard beautiful contest.

Rev. Frerking expressed his pleasure at meeting with Lions and stated that he held the Boss Lion in the highest esteem, along with several other members of the Lions Club that were named by the visitor.

Roscoe Trostle expressed his pleasure at being with the Lions and told of the high esteem in which the club was held. His having heard of the high spirit held by the organization and the splendid work being done made him believe a great deal in the organization and made him well pleased to be a visitor on the day. His work is with the World Purity Movement, now known as the Parent's International League. He and Mrs. Trostle have been in the Panhandle of Texas and Oklahoma during the past summer and will be in Clarendon for some time working along the same lines as have been used during the summer.

CHURCHES

B. A. U. PROGRAM

Sept. 14, 1930.

Bro. Williams had the pleasure of baptizing "Grandpa" Ayers this week who is 82 years of age.

Mr. Ayres asked the pastor to baptise him because he wished to have the Apostolic form of baptism used in his case.

Mulkey Returns To City With Best Shows

Homer Mulkey, owner and manager of the Pastime Theatre, returned to Clarendon Friday evening from Dallas where he had been since Tuesday in the interest of securing a new year's run of pictures for his show house. Mr. Mulkey states that he has never been able to promise the patrons of the Clarendon territory so fine a line-up of productions as the Pastime Theatre will show in the coming year.

The complete list of Paramount, Fox, R. K. O., and Tiffany-Stahl productions will be brought to Clarendon this year which will give the local patrons the best and latest shows without them having to travel to the larger cities to see them.

A partial list of the productions which will be seen at the local theatre in the near future includes "Common Clay," "The Big Trial," "A Connecticut Yankee," Will Rogers' latest, "Song O' My Heart," John McCormick, "Oh for a Man" with Jeanette Gaynor and Charles Farrell, "Feet First" with Harold Lloyd, "Anybody's War," featuring Moran and Mack of the Two Black Crows fame, "The Spoilers" with Gary Cooper, "Follow Through" starring Bud- dy Rogers and Nancy Carroll, "Animal Crackers" with the Four Marx Brothers doing their stuff, "Manslaughter" featuring Claudette Colbert, "Tom Sawyer" with Jackie Coogan, "With Byrd at the South Pole," "Queen High," "Honeymoon Lane," "Dixiana,"

R. K. O. feature picture, Clara Bow in four pictures, Jack Okie in three features, and William Powell in two productions. These are only a partial list of the splendid pictures of the year, but the picture going public will get an idea of the high type of shows which will be shown here this season. Mr. Mulkey deserves the thanks and appreciation of Clarendon for his efforts to give the citizens the best in the way of talking pictures.

Byron Skelton, Miss Ruth Thomas, Billy Skelton and Rhodin Chase returned early Tuesday morning from a vacation trip which included points of interest in Raton, N. M., Eagle Nest Dam, Cimmaron Canyon, Taos, and Santa Fe, N. M. The party left the city Friday of last week.

Legion Plans Open House

A meeting to which all ex-service men and their families are invited is being planned by the social committee of the Aubyn E. Clark Post of the American Legion. This meeting is to be held next Thursday evening in the Legion Hall and is the occasion of the presentation of a program by the National American Legion through a chain of some 79 stations in the United States.

A program of entertainment is being planned to be held before the meeting opens, the doors being thrown open at 8:30 for the gathering and the get-acquainted affair before the real program of the evening is started. A radio has been promised the legion and will be ready when the radio program starts at 9:00 o'clock.

The committee states that there will be plenty of room for every one and is making a special appeal to the ex-service men of the community to be present and take part in the program. The American Legion Auxiliary is also expected to be in attendance.

C. W. Bennett left the latter part of last week for Corpus Christi, where he will join Jim Morris for a season of cotton buying.

Mr. and Mrs. Roscoe Trostle arrived Saturday and will be at the home of Mr. and Mrs. T. E. Trostle for some time. Mr. and Mrs. Trostle have been doing personal service work for the World's Purity Federation for the past few months, having traversed the northern part of Texas, Panhandle and the Panhandle of Oklahoma. They have met with splendid success in every town which they have worked to date.

Victor Radio Shop Is Open to Public

An announcement was run in last week's issue of the Clarendon News of the opening of the Victor Radio Shop in the Goldston Building on Second Street. The new place of business is owned by Mr. Wm. E. Evans who comes to this city after having spent 10 years in the radio field dealing with every make of receiver. Mr. Evans will make a specialty of repair work, and the installation of receiving sets. He is a graduate of the Radio Television Institute of America at Chicago, and has studied all the leading radios of the country at their respective factories.

Mr. Evans will have models of the Majestic, Brunswick, and Victor radio receiving sets on display in his show room, and will be glad to demonstrate the sets for any interested party who cares to visit his place. The new models of the machines are on hand and feature several startling advances in the radio field.

A great feat in radio engineering has been achieved in the new 1931 Victor Five Circuit, Screen-Grid, Micro-Synchronous Radio in its attainment of maximum selectivity which completely prevents the conflict of programs from different broadcasting stations. Mr. Evans said today after testing out the first shipment of the new Victor Radios which he has just received at his shop.

Mr. Evans shop will be open on nights until 9 o'clock, and until 11 o'clock on Saturday nights. Any radio ailment of your set will be readily corrected by calling him at his business.

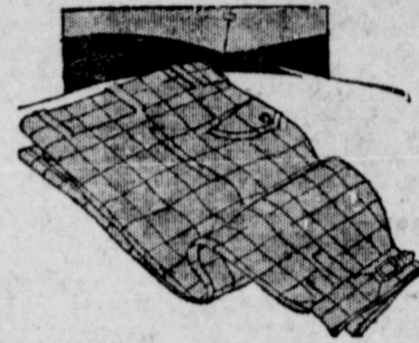

Miss Sara Thompson left for Fort Worth Monday morning where she will teach public school music this coming year. She was accompanied by Mrs. Burnham who was returning to Fort Worth after spending the vacation with her parents.
