

## Clothing Depot To Be Opened For Needy

## Bugbee Painting Exhibit Open Here Saturday--Sunday

### LADIES PLAN FOR CLOTHING DEPOT

WEARABLE CLOTHING TO BE COLLECTED AND DISTRIBUTED TO NEEDY.

Somewhat as an auxiliary to the local Goodfellows work, the women of Clarendon are perfecting a community wide organization for the collection of warm, wearable clothing for women and children to be distributed under the direction of competent committees during the winter months.

The Parent-Teachers associations and the womens organizations of the several churches of the town are all expected to join the movement and a meeting will be held in a few days to perfect a representative board from the participating groups. At present Mrs. Cal Merchant and Mrs. Robt. McKee are serving in a pro tempore capacity.

Quarters for the storing and distribution of the clothing have been secured in the vacant store room in the Clarendon News building, and tomorrow (Friday) afternoon from 2:30 to 4:30 the committee will be there for the purpose of receiving clothing for women and children. Citizens of Clarendon are invited to bring such warm, serviceable cast-off clothing as self respecting people would wear, and since the Goodfellows are planning to adopt the same course in men's and boy's wearables, all classes of clothing can be brought to the designated depot, and the men's clothing will be sent to the Goodfellow's distribution room.

The ladies urge that no tattered garments be sent as nothing will be received that is not of a decent, serviceable grade.

Plans of distribution will be worked out for later announcement.

### MEMPHIS HERE FOR BALL GAME

CYCLONES WILL TRY DESPERATELY TO WIN TOMORROWS GAME.

Tomorrow afternoon on the local gridiron at College Park beginning at 2:30 the Memphis Cyclones will try to avenge last week's defeat plastered on them by the ex-Bronchos of the Local High School. Reports have it that a number of the old Memphis stars who have been off to college will be recruited for the fray against the old Broncho stars under Coach G. L. Boykin. At any rate it is almost certain that the Memphis team Friday will have the services of Captain James Hammonds and Pee Wee Pearson to throw against the local players, but while the Memphis team is being strengthened the old Bronchos too have been wonderfully helped during the week, and when the whistle blows for the start of tomorrow's game the most powerful machine ever assembled under the colors of the Maroon and White will be on the field anxious to again spank the windy-boys from the next county seat.

In the backfield tomorrow will probably find H. A. Blanton, Enoch Darnell, Paul Schull, and either Arthur Arnold, Leonard Darnell, Paul Montgomery or Loren Naylor. In the line there are White, Braswell, Davis and Kent for ends, Hayter, Bench, Marshall Crabtree, Clyde Naylor for tackles, Haile, Rutherford, Emerson, Keener, Galloway, Tucker, Johnson at guards, and Estlack and Hayter at center.

Every effort is being made by the Clarendon team to give the customers who were unable to witness the Memphis defeat last week another chance to watch the locals bowl over the terrifying Cyclones. The boys are expected to open up this week with a world of power and deceptive plays, and have been working on those for the entire week. Let's all come out tomorrow and see the Cyclones crushed by a fighting bunch of Bronchos as the Cyclones have never been beaten before. 2:30 o'clock, admission 5c, the proceeds of which will go to the maintenance of the Clarendon High School Band.

### SACRED CANTATA WINS MUCH FAVOR

LARGE CROWD ATTENDS McDOWELL PROGRAM SUNDAY NIGHT.

"The Holy Child", Christmas cantata by Carrie B. Adams, was the vehicle in which the local MacDowell won general favor, Sunday evening at the Methodist Church. Services had been called in the Baptist and Presbyterian churches, so a very large audience greeted the singers, and under the direction of Robt. S. Cope the rendition of the story of the Babe of Bethlehem in music was pronounced an unqualified success.

The program began with a procession from the parlors at the rear of the church with the auditorium in darkness, and the vested singers singing "O, Little Town of Bethlehem," as they marched to the platform carrying lighted candles. After a prayer by Rev. R. E. Shepherd, pastor of the Baptist Church, and the rendition of the hymn, "Joy to the World," the cantata was sung. This beautiful work of the composer consisted of a number of swinging choruses, solos, duets and trios.

The most colorful solos were sung by Mr. Cope, bass, Mrs. McMurtry, mezzo-soprano, and Miss Moores, soprano. Other soloists were Mrs. O. T. Smith, contralto, Irl Smith, tenor; Sam M. Braswell, tenor; and G. Lester Boykin, baritone.

Miss Grace Mae Sample was the efficient accompanist for the program.

### AGED TRUCK FARMER DIES HERE MONDAY

Gust Person, aged 78, and long time resident of Donley County died at the Adair Hospital Monday of this week after several weeks illness, and was buried in the Citizens Cemetery on Tuesday afternoon in the presence of a few friends with Rev. Leon O. Lewis in charge of the service, which was held at Buntin's funeral parlors at 2:30.

Gust Person was a kindly old gentleman who was a familiar personage around Clarendon having sold vegetables from his truck farm, north of town here for many years. Little is known of his early life, except that he was born in Sweden, October 29th, 1852, and came to America when seventeen years old. He has been in Donley County for about thirty years, and so far as known has no near relatives in the United States. The deceased will be missed by many Clarendon people who esteemed him for his cheery smile and kindly characteristics.

### WEATHER MAN HITS LOW FOR SEASON MONDAY EVE

Following a series of days that continued lower in their search for a new low level in temperature for the year, the mercury in the government thermometer registered a low of 24 degrees for the week. Some temperatures in the close proximity to this had been registered Sunday and on Wednesday, but this was the lowest recorded temperature for the winter to date.

### Agriculture Boys Win First Place

Last Saturday eleven agricultural students of Clarendon High School with Charles Bairfield motored to McLean where they entered the 4-H clubs contest held in conjunction with the McLean Poultry Show. Their success is vouchsafed by the large loving cup which they brought back significant of first place in the Poultry Judging Contest.

The team making up the dairy judging contest did not fare quite so good, falling to 4th place.

The poultry judging team was made up of Q. L. Smith with 650 points, Glen Riley with 615 points, and Harry McCracken with 610 points. Alternates for this team were Odell Barnard and Floyd Derrick.

The dairy judging team consisted of J. C. Rolls, Kenneth Brown, and Donley Darnell, with Phillip Smith, Bill Montgomery and Homer Thomas as alternates.

Harry McCracken of the local club placed third in the individual scoring with a fine total of 650 points, only 22 points behind the winner of first place.

### Donley Is Only 298 Bales Short of 1929

The Donley County cotton crop as reported ginned prior to December 1st by the Department of Commerce, through the Bureau of the Census, finds Donley county only 298 bales short of the last year's ginning record for the corresponding time.

Up to December 1 Donley county gins had turned out 12,785 bales of cotton as against 13,083 bales for the same period in 1929. This small loss in the total bales is a source of surprise for many of the county farmers and shows that the condition other than the price of the commodity is practically the same as has been the case in the past.

Other counties near Donley have experienced a terrific loss over their total of bales ginned last year. Hall county has ginned 19,028 bales as against 41,486 last season. Childress county has ginned 7,817 as against 21,160 in 1929. Collingsworth 30,053 this year, and 32,612 last year, and Briscoe has reported 3,397 bales ginned for 1930 against 6,595 bales during the same time last year.

The state report shows an increase of 163,940 bales of cotton over the total yield for the corresponding period in 1929. To December 1st the Texas gins had turned out 3,686,406 bales as compared with 3,517,466 bales the previous year.

### LOCAL BOY IS HONORED IN OKLAHOMA UNIVERSITY

Norman, Okla., Dec. 15.—Henry Johnson, engineering junior of Clarendon, Texas, was recently inducted into Sigma Tau, honorary engineering fraternity, at the University of Oklahoma, Norman.

Twenty other selected men from the school of engineering were initiated at the same time. Outstanding men in the school are selected for membership in the organization.

### Taxes Coming In Nicely—Mosley

M. W. Mosley, tax-collector for Donley County, stated the latter part of last week that collections of taxes for this county were far better than had been expected at the beginning of the tax paying time. Before payment started, it was thought that the level would be not more than fifty per cent, but at this time, the level is being raised to seventy-five. It will be recalled that 1929 set an entirely new record for the collection of taxes, when 96 per cent of all taxes assessed were collected before any of them went delinquent.

Mr. Mosley also stated that the office of the Tax Collector in the courthouse would be closed all day Friday and Saturday, December 19th and 20th. The books and the office deputy will be in Hedley on that date to save the folk of that territory time and trouble in coming to this city to make payment of their taxes.

The Sheriff's office will be open on these days.

### LOCAL INSURANCE MAN RETURNS FROM CONVENTION

Mr. and Mrs. Wm. Patman and baby, Ruth, returned Sunday evening from Houston, where they had been the guests of Southwestern Life Insurance Co., at their 27th Annual Convention.

Thursday they were entertained at Galveston. The afternoon was spent in a boat ride in the Gulf, with dinner and dance at the Galvez. About 600 agents and wives made the trip. Balance of convention was held at the Rice Hotel at Houston. All attending claimed this to be the best and largest convention ever held.

### LITTLE THEATRE PLAYS ARE SUCCESS FRIDAY EVE

The Clarendon Little Theatre brought the year 1930 to a close Friday evening with a presentation of three one-act plays before a small crowd in the College auditorium. The small attendance may be attributed to the fact that there was several other conflicting engagements.

The plays presented were "Sardines" by Carolyn Draper Gilpatrick, "Happiness" by J. Hartley Manners, and "Jan Marie" by Thivnauld. All the plays were run off with the same degree of nicety which have been prevalent with other presentations of the local Theatre group. This was the last play which will be presented before the holidays.

### SANTA CLAUS TO GIVE KIDDIES PRESENTS MON.

Santa Claus will again visit Clarendon on Monday afternoon and wants all the kiddies in the county to be in the Pastime Theatre by 1:00 o'clock p. m. Santa states that if all the kiddies are there and in their seats, he will have a present for each one.

There are a few rules which Santa says must be kept by the kiddies if they wish to receive a present, and they are: All the children must be quiet and do what they are told by Santa Claus. Santa will be in front of the theatre when he gives the presents to the kiddies, and they must march by him in single file to receive a gift. The back row of kiddies will march out first and then the next and so on until every child has been given a present by the jolly old gentleman. Don't forget, 1 o'clock in the Pastime Theatre.

### Clarendon Schools Close for Holidays

The Clarendon public schools will close their doors tomorrow afternoon for the holidays and will not reopen until Monday morning, December 29th. This announcement will bring joy to the hearts of all the students who have marked the days since the first week of school until the temporary adjournment of classes for the holiday season. For the out of town students in the College it will mean home and all the trimmings which go to make it what it is to the boarding student.

The school authorities state that the students will be required to return for regular schedule Friday afternoon, but it is possible that classes will be dismissed early so that the student body may have an opportunity to witness the star ball game between the Clarendon ex-Bronchos and the Memphis Cyclones.

Several of the teachers will spend the ten-day vacation visiting with relatives and friends, while others will spend the time in the city.

### Demonstration Pantry Is Splendid Exhibit

A set of shelves in the office of the West Texas Utilities Building has attracted more than passing interest this past week as folk have visited this place of business and have seen the display. The display has been placed in the location by the Home Demonstration agent of the county, and that none of the display was for consumption by the general public.

Those who have considered the food for sale were disappointed when they learned that it had been so located as a demonstration and that none of the display was for consumption by the general public.

### T. D. NORED NAMED W.T.C.C. DIRECTOR

LOCAL CHAMBER OF COMMERCE ELECTS UTILITY MANAGER TO VACANCY.

At the regular meeting of the board of directors of the Clarendon Chamber of Commerce Thursday afternoon of last week T. D. Nored, manager of the West Texas Utilities, was elected Clarendon director for the West Texas Chamber of Commerce.

Mr. Nored was named to fill a vacancy created in the board by the resignation of Sam M. Braswell, who has held the post as director from Clarendon since the merger of the Panhandle Plains Chamber of Commerce with the West Texas Chamber of Commerce in 1925, and who resigned account of press of other duties.

The newly elected director has been very active in local chamber of commerce work in Clarendon since his coming to this city and for the past year has been vice-president of the local organization.

### Mills Are Center For New Building

For the past several weeks the building activities of the city have centered upon the erection of new buildings to care for the future grinding needs of the public near the city. The first of these structures to be put up is that one housing the Simpson mill. Built of sheet iron and framing material, with a basement for the mill, this structure embodies all the most modern features in mill construction. Mr. Simpson recently purchased the warehouse facilities of M. S. Parsons just north of the laundry and rebuilt it to suit his needs. He is directly on the track and can unload carloads of materials without as much trouble as was encountered when he was in his old location of Sully Street.

Another addition in the grinding line is the mill that has been installed for the Clarendon Grain Company on the Western side of their place of business. The mill will make it easier for the patrons to be served than with the former location inside their place of business. This mill will be used for all sorts of grinding operations, and is so constructed that the feed may be loaded directly into the wagons or placed in sacks for more convenient handling.

Probably the biggest building operation taking place in the mill line is the reconstruction of the front of the Thomas building on Sully Street. The old frame structure that once housed the Clarendon Chronicle has been completely torn down and a new building of brick and tile will be added to the property line. A new back part was added to the building about a year ago, this being extended to the front to care for the business that will be placed there. Mr. Thomas, one time mill man, will open this for business just as soon as he completes the building additions.

### Father of J. D. Swift Buried at Memphis

J. D. Swift received a message last Saturday afternoon of the death of his father, Fred Swift, 82, pioneer of Hall county and well known resident of Memphis and Newlin, at 6 o'clock.

Mr. Swift's health had been declining for a number of years and it had been the plans of the family to take him to Corpus Christi for his health beginning the first of the year.

He leaves a widow and 10 children all of whom are married except one daughter, Ruth, who is at home at present. He was the father of Theodore Swift, retiring county school superintendent.

Funeral services were held in Memphis from the residence on North Tenth street at 2:30 Monday afternoon.

Mr. Swift is also the father of Mrs. J. Roy Bartlett, formerly of this city and now of Childress.

### MANY LEGION MEN AND WOMEN ATTEND MEETING

The Clarendon Post of the American Legion was well represented at the 18th District convention held last Saturday and Sunday in Wellington, with sixteen making the trip. A great convention was held according to the participating members, with a great deal of important business being attended to during the sessions.

Those from the local Post of the Legion and Auxiliary were: Mr. and Mrs. E. S. Balow and family, Mr. and Mrs. C. G. Douglas and family, Ralph Andis, R. W. Moore, H. T. Burton, Harley Skinner, Richard Cannon, R. Y. King, Joe Holland, R. M. Chunn, L. B. Chunn, Tom Tucker, Gus B. Stephenson and Clifford Decker.

### JUNIOR HIGH OPERETTA SUCCESS TUESDAY NIGHT

"The Magi's Gift", an operetta presented by the Choral Club of the Junior High School Tuesday evening in the College auditorium proved to be a most delightful presentation. The inclement weather kept many away who would have otherwise have witnessed the performance, but those who watched the children act state that it was far above the average operetta, and all were well pleased.

Particular credit is due Misses Altha Evers and Lorena Stessel, who so ably directed the acting of the youngsters and also arranged the charming choruses and scenes which featured the evening.

### MEN IDENTIFIED IN NAYLOR MELEE

BURIAL FOR BOY KILLED BY TOM MOSS IN GUN FIGHT MADE HERE TODAY.

Sheriff M. W. Mosley and Sheriff-elect Guy Pierce returned late Wednesday night from Tucumcari, New Mexico, where they identified the third man being held in the Tucumcari jail on charges of being an accomplice in the attempted robbery at the Tom Naylor place in the Naylor community last Sunday night.

With the aid of the New Mexico officers, J. W. Moncus and Adolph Abeyta, who knew the dead member of the trio of intruders, it was learned that the victim of Tom Moss' gun was Merlin Brown, 19, of Tucumcari. The other two were identified as William Brown, 21, held in the local jail, and Belk (Bill) Brown, 27, in the Tucumcari jail. All the boys are brothers, and it is alleged, have been in previous acts of lawlessness over the southwest.

The Brown brothers were caught as they were supposedly in the act of stealing the automobiles of the Naylor family by Tom Naylor who heard the men as they were breaking the lock on the garage door. Naylor boldly thrust his gloved hand forward and ordered the armed men to "stick 'em up", and marched them to the house. Inside the Naylor residence the robbers found they had been bluffed by the unarmed man and started to shoot it out when Naylor started to telephone the local officers. Two bullets grazed Naylor's body but failed to strike their mark. Tom, sensing the danger he and his sisters were in, tackled the gunman and wrested the gun from his hand.

At this point the Misses Naylor and Tom Moss, cotton picker, entered the fray in which Moss knocked into the kitchen as the two free men ran from the house. Merlin turned back to the house to help free his brother, William, who was still being held by Naylor. As Merlin entered the house with his gun in hand, Moss, who had secured a shot gun thrust it into the man's face and fired, tearing away a portion of the intruder's face, causing instant death. Belk Brown made his escape when one of the Naylor girls refused to permit Moss to shoot the fleeing figure.

In the questioning which followed the man held gave the dead youth's name as Frank Parker of Oklahoma City and his own as Dick O'Neal.

The man being held in New Mexico refused to sign waivers of the extradition act, and it will be something like a week before extradition papers can be received in order to bring the third member to this place.

The mother of the slain youth arrived in the city early this morning, and the funeral for Merlin Brown will be held this afternoon at 2:00 o'clock in the Buntin funeral home. The Rev. W. R. McPherson, pastor of the First Methodist Church of this city, will conduct the last rites of Merlin Brown. Interment will be made in the Citizens Cemetery.

No charges were filed against Moss, but a hearing will be conducted by the Grand Jury for the purpose of clearing Mr. Moss' name against future bother.

### Orchestra and Violin Program Tomorrow

The High School orchestra with the aid of violin students of Mrs. G. L. Boykin will be heard in concert-recital this Friday evening at the College auditorium beginning at 7:30 o'clock. The concert marks the first time the orchestra has appeared in public on a program without the help of the Clarendon High School band. There has been a growing demand for just this sort of a presentation and the music lovers of the city are due for a rare treat tomorrow evening. The violin students will offer just the proper amount of diversion to make the evening one of a highly pleasing nature. Numbers of special and novelty nature are offered on the program which will also have popular and classical compositions.

Mr. and Mrs. J. W. Watts visited over Sunday with relatives at Dimmitt, returning Monday afternoon.

### PLANS COMPLETE FOR ART EXHIBIT

BUGBEE PAINTINGS IN COUNTY-WIDE SHOWING HERE SATURDAY AND SUNDAY.

As announced in last week's issue of The News, an exhibit of the paintings of Harold Bugbee, local artist, will be open to the school children and citizens of Donley County Saturday and Sunday afternoons of this week, under sponsorship of The Clarendon News.

Mr. Bugbee's paintings have achieved national recognition and have been shown in many cities of the nation, but this is the first time they have been open to the general public in Donley County. The exhibit which he will show over the week-end is practically the same shown in the metropolitan exhibits heretofore.

Another feature of the exhibit is that members of Les Beaux Arts Club of Clarendon will act as hostesses, that organization having kindly accepted the invitation of The News to contribute to the success of the showing in this manner.

The exhibit will be open Saturday afternoon from 1 to 5 o'clock, and from 2 to 4 o'clock on Sunday afternoon.

### ORPHANAGE COLLECTION OVER THE TOP SUNDAY

The annual offering taken in the Methodist Church for the Orphanage at Waco, was had last Sunday in the Sunday School branch of the church. The quota was overpaid this year as is the usual custom with the church folk on the offering for this purpose. A total of \$453.03 was taken for this purpose, being almost as much as was given last year.

### EX-BRONCS WAL- LOP MEMPHIS 8-0

G. L. BOYKIN KEEPS SLATE CLEAN AS TEAM DEFEATS MEMPHIS ON OWN FIELD.

As a matter of course to the Boykin coached Bronchos, the ex-stars of Clarendon High School handed the touted ex-stars of Memphis High School a sound trouncing on the Memphis gridiron last Friday afternoon which left the terrifying Cyclones a lame and very gentle breeze by a score of 8 to 0. The game was the first of a two-game series between the two squads being played for the benefit of the American Legion in Memphis and the local band. Due to inadequate advertising on the part of the Memphis officials the crowd was not what was expected, and certainly not what will witness the game here this week.

The game started off with the ex-Bronchos kicking to the Memphis delegation, who promptly kicked back to the Maroon and White team. From this point the Bronchos started tearing into the Memphis line for great gains featuring Dillard and Schull jugging the leather. The drive was halted however on the one-foot line and the ball went over on downs. The Bronchos launched another drive from the fifty yard line which ended across the goal line with Dillard making the marker. The Clarendon kickers featuring Davis, Dillard and Darnell kept the Cyclones deep in their own territory and always on the defense.

There was no further scoring in the first period although the Memphis goal line was continually being threatened by the infuriated Bronchos.

The Brones tallied two additional points in this quarter when the Cyclone center raised his sights sufficiently to throw the ball over the head of the kicker into the end zone where Davis and Schull smothered Coach Walters after he covered the ball.

The final quarter was played mostly deep in the windy-one's territory with one Memphis attack reaching the Broncho 36 yard line, the only time the Memphis team crossed into the Clarendon territory the entire afternoon. At the close of the game the Bronchos were well on their way to another touchdown as the game ended the threat at the goal.

PANHANDLE PRESS ASSOCIATION

As we go to press the local committees representing the Goodfellow Fund are busy calling on our citizenship to receive their annual contributions for local relief. The cause is worthy and The News believes the response will be equal to the needs.

1930 is soon past history. We heard one man say recently that he never knew a hard year to pass so rapidly. Well, that's something to be thankful for—and may we never have a hard year that will pass slowly. 1930 is soon gone and we may look forward to 1931 with new hope and vision.

Clarendon has never been better decorated for the Christmas season than at present. The lights are glad some in their holiday colors, and the show windows were never so beautifully decorated in the Christmas motif as they display the gift goods of the season. Happy is the city whose inhabitants respond to the mood of the holidays, more especially the joyful celebration of Christmas.

One often stops to wonder why men will enter into the paths of crime, when the papers every day print stories of the certain imprisonment and death to those who dare to become thieves, highwaymen, hi-jackers, murderers and rapists. Even when the toils of the law are slow, the citizenry can be counted on to wreak short justice to those who attempt open lawlessness. There can be but one end to such acts and history is crowded with records of penalties and death to those who transgress—many of whom were criminals with the brightest minds—but the end is always the same. The poorest business and the surest of utter failure is any business that breaks the law of God and man. Failure, despair, death, disgrace—there are no exceptions.

THE HAPPY CHRISTMAS TIME

Few people in this world are so calloused or self-centered that Christmas time fails to gladden his spirit and warm his heart toward all mankind. This in itself is universal proof of the stirring of human hearts by the simple story of the First Christmas—the birth of the Babe of Bethlehem, the Saviour of the race.

There are those who seem sloth to allow their natural impulse of cheerfulness, charity and good-will to possess them at the Christmas season and to all such aside from rightful condemnation for such an attitude, there should go out a sincere sympathy for their failure to avail themselves of the happy privileges of the season.

This issue of The News comes to you as we enter into the festive season when it is our privilege to make glad the hearts of children, bring the warm response of friendship and love to the hearts of those intimate with us, and extend the felicitations of goodwill to all those with whom we come in contact.

Let us make this "The Happy Christmas Time" indeed and in truth.

We'll be happier and better off by so doing, aside from the joy of having rightly celebrated the anniversary of the Birth of Him who is the fountain of all that's good and noble in this otherwise intolerable world.

CAUSE OF LAWLESSNESS

What are the causes of our present lawless conditions? There are many causes. Some are more important than others. I shall name a few outstanding ones as given by some of our people who have given a great deal of study to this subject. These are:

- Lack of discipline in the home. Lack of co-operation among the parents in creating an atmosphere of respect for law and decency. The wrong kind of news in many of our newspapers. Too many of the wrong kind of moving pictures. Too much attention to dogma and too little emphasis on righteousness in many of our churches. Too many divorces. Too much ritual and too little constructive work for betterment in some of our fraternal organizations and injudicious measures advocated by others. Too much maudlin sentiment for criminals. Unwillingness on the part of good citizens to serve on juries. Too short a term of office for most of our elective officers. Too much probation and too many suspended sentences.

A specious system of ethics subscribed to by many men in the legal profession, and by that is meant the theory that a lawyer may take advantage of what is referred to as every trick of the trade, to free a man who he knows is guilty of the most horrible crime.

Irrational methods in the use of so-called expert medical testimony.

Irrational use of the plea of insanity.

Finally, in spite of the high character and attainments, the eminence, of the majority of the men in the legal profession, the failure in multitudinous instances of our efforts to properly and efficiently administer justice.

The term courts as used here does not mean just our judges. It refers to our entire system of judicial procedure. This indictment of court procedures is not my own; it comes from men who are pre-eminent in the legal profession.—Ex.

Christmas Don'ts

National Safety Council Proposes Many "Don'ts" In Effect To Avoid Accidents

Below are a list of "don'ts" suggested by the National Safety Council proposed in an effort to avoid accidents that might mar the enjoyment of the Christmas holiday season. Everyone will do well to keep them in mind and follow their suggestions. DON'T use open light (candles) on Christmas trees. DON'T place tree near open

lights (candles, gas or oil lamps). DON'T place tree in poor or flimsy support, in other words, brace the tree properly so that it will not fall and cause injury. Place it where it will not obstruct passage through the room. DON'T operate any toy electrical apparatus under a tree or near cotton paper or other inflammable material. DON'T give dangerous toys, (guns, knives, etc.) to children. It may mean someone's death. See that mechanical toys are properly wired and connected. DON'T allow inflammable decorations to come into contact with hot electric light bulbs. Of course it is best to use non-inflammable decorations and be sure to have the electric light bulbs properly connected if they are used on the tree.

DON'T use rickety stepladder in decorating trees, hanging wreaths and decorations. Many people die from falls. DON'T go close to fire in Santa Claus costume. The whiskers cotton trimmings, etc., are highly inflammable.

DON'T permit any unsafe practices in any Christmas celebrations in which you may be a participant. DON'T allow places where community gatherings are being held to become overcrowded. Keep exits clear and observe all other fire regulations. DON'T leave a light tree unwatched, especially if children are near. DON'T put cotton beneath the

tree to make the carpet look like snow-covered ground. DON'T celebrate by drinking questionable liquors which may contain wood alcohol. DON'T allow trees to remain in buildings after holidays. They dry up and become inflammable. Don't try to burn trees and decorations in fireplace or furnace. Have them sent away or burn them out of doors on a calm day. ## Whitmore—Sims

In an early morning ceremony Sunday, December 14, the wedding of Miss Fannie Florence Sims of Pampa and Clarendon and Mr. Clifford Whitmore of Pampa was solemnized. The ring ceremony was read by the Rev. W. R. McPherson of the Methodist church. An assembly of friends and relatives of the couple were present.

The altar was a mass of tall yellow flowers composed of beautiful chrysanthemums forming a lovely background for the beautiful gowns of the bride and her attendants.

Mrs. Will Word sang the pre-nuptial solo "O Promise Me". She was accompanied by Miss Dorothy Pollard of Pampa at the organ. Miss Pollard also played the wedding marches using Mendelssohn's "Bridal Chorus" as the processional and the march from Lohengrin as the recessional.

The bride was beautiful in a frock of beige silk lace with gold metallic cloth hat and slippers. She approached the altar accompanied by her sister, maid of honor, Miss Nettie Sims. The brides bouquet was a gorgeous assortment of ivory roses and lilies of the valley.

The flower girls appeared in dainty pastel shades of taffeta. These dainty dresses were of apricot and Nile green. They scattered rose petals before the bride.

An informal reception followed the ceremony at the home of the bride's parents.

In the reception room a beautiful table had been prepared. A gorgeous Chinese linen table cloth made in Shanghai, China, beautified the table. The center piece was composed of a candelabrum of gold with the candles of yellow graduating to a darker shade giving the appearance of gold and beautiful three tier wedding cake. The bride presided and was assisted in cutting and serving of the cake by the groom, Miss Nettie Sims, maid of honor poured tea, assisted by the best man, Mr. L. J. Sherrod.

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."
But immediate relief has been found. A tablet called "Resall" has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.
Stop suffering from constipation. Chew a Resall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Resall Drug Store.

Too Much ACID

MANY people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.
You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief.
Be sure to get the genuine Phillips Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company since 1875.

JUNIOR-SENIOR PARTY

Although the seniors had begun to fear that the Juniors had forgotten it was their duty to entertain us, we will admit that when they did perform this duty, it was done in a manner most enjoyable to all of us.

Various games such as bridge, forty two, rook, touring and other games were enjoyed by the merry-makers until a late hour when delicious refreshments were served.

HIGH SCHOOL ORCHESTRA

There has been quite a bit said about the lack of an orchestra composed of the students in the High School.

The fowl has webbed feet, a semi-hooked bill and weighs not more than two pounds. The color is a grayish brown and the wing spread is near five feet. Some of the residents are wont to believe that this bird is akin to the Arctic Tern family, while others indicate that it may be of the Gull family. ## WORTH MORE THAN A WORLD OF MONEY

## SINCE TAKING ARGOTANE WICHITA WOMAN IS NOW ABLE TO DO HER HOUSE WORK WITH EASE.

"I would rather be well and happy like I am since taking Argotane than have all the money in the world," declared Mrs. Rosie Coe, of 2115 Ave. C, Wichita Falls, Texas.  
 "Before I took Argotane," continued Mrs. Coe, "I had stomach trouble and headaches so bad that it just simply racked my whole nerve center. My stomach was in such a bad condition that I could hardly digest anything. The gas in my stomach would cause intense pains in my sides and often times such palpitation of the heart that I could hardly stand it. I was extremely nervous, my breath, was short and I felt miserable all the time."  
 "My son advised me to take Argotane and at the time I started it I really did not feel like doing my own house work. The headaches and stomach pains have all left me and I can eat a good hearty meal and never have a sign of indigestion. I am not the least nervous any more, sleep like a child every night and am as well as I ever was. I can't find words to express my thankfulness for what Argotane has done, it is nothing short of wonderful."  
 Genuine Argotane may be bought in Clarendon at the Stocking Drug Store.

## MERCHANT TELLS OF FINE HUNTING ON SOUTH PLAINS

Ira Merchant visited in the home of Keith Stegall over the past week-end and returns all thrilled over the great hunting they had while he was in that section of the state. Five geese, ducks as many as could be wished for and a lone coyote were the net results of one day's hunting. The chase for the coyote was probably the most interesting of

the hunts, this carrying Ira and Keith over four or more miles of rough going in their car before the animal was finally brought down with the shotgun.  
 Mr. and Mrs. F. J. Hommal announce the arrival of a son, William Chauncey, on Friday, December 12th. The young man started this life with a nine pound weight. Both mother and baby are reported as resting easily.
