PHONE DIRECTORY ADVERTISERS ALREADY
MAKING A KICK

The advertisers of the Claude Telephone Directory, said directory having been printed out of Claude, are already kicking on paying for their ads.

If they pay for these ads, every month, as they are asked to do, they will pay for such advertising twelve times every year. If said directories are used three years, as our last ones were, they will have to pay for their ads thirty-six times during the life of said directory. When the News man printed the Claude directories, all advertisers—and there were a great many more than the Standard Telephone Company have this time—were asked to pay for their ads ONLY one time.

One advertiser told the News man that he was going to pay for his ad one more time, in The Telephone Directory, and then he would not pay another time even if he had to stand a law suit to stop payment. Telephone directories printed out of town are always unsatisfactory. The Home Town paper editor knows the people and knows just what they want and what will suit them best. If phone directories are printed at home they are always more satisfactory, have less errors, and please much better.—Claude News.

The same thing is going on here in Clarendon, and many local advertisers in the phone directory are rebellious in the matter of advertising in a book printed out of town, when there are two good, competent printing offices here at home, who pay taxes and bear their share of carrying on the community projects. Many have said they would not buy another advertisement under the same conditions. Maybe so—maybe not.

A telephone directory is one of the hardest jobs in the entire category of commercial work on which to earn a just profit, for it requires the utmost care to turn it out free from errors—which the present system doesn't do—can't do. But that isn't the point. All printing relating to local business and paid for by local people should be printed in Clarendon. Nobody can successfully contradict that statement.

How much longer will Clarendon people be made the "goat" by this unapproachable, penny-grabbing concern who never fails to collect a high rate without rendering a proper service in return? They either ought to be a part of this community, or they ought to get out of business here.

TEXAS BANKERS ASSOCIATION OPTIMISTIC

If the people of Texas would put into practical use the hint dropped by John Q. McAdams, president of the Texas Bankers Association, concerning the temporary business depression; we believe every one would profit therefrom. Mr. McAdams stated, "If the Texan will spend more time making a living and less time making money, conditions will be straightened out automatically." When we all start to make a living instead of engaging in reckless speculation with the slight chance to "make money" Texas will again regain her position of stability and prosperity.

In his statement, Mr. McAdams said that the people were simply trying to keep up the pace they established during the boom days and were as slaves to the installment plan. We must all get back to the place where we can live within our income and catch up with our indebtedness.

Advice to the Texas farmer is given by Mr. McAdams in the statement "People are tired of hearing it, but the fact still remains that one of the best ideas is for the farmer to live on his farm and that he diversify."

Prohibition is stronger in the United States today than ever before. Since it became a part of the National Constitution on January 16, 1920, every seat in the Federal House of Representatives has been voted upon four times, and each seat in the Federal Senate at least once, a third of the Senate seats having been voted upon twice. The result is a larger majority for prohibition in both these bodies at the present than at any previous time. During this period of nearly ten years the American people have made more progress in three fundamental phases of human welfare, to wit, savings, life insurance, and home building, than in all the 131 years of this Republic before the advent of national prohibition. So far as the great majority of the American people are concerned, they have traded the smaller liberty to drink intoxicants and to get drunk for the larger liberty to acquire homes, to save against misfortune and old age, to clothe and nourish their families in decency and comfort.—Senator Morris Sheppard.

Governor Dan Moody has finally announced he would not run for a third term as governor of Texas, but would support one of his staunch friends in the coming primaries. Dan hasn't been overly popular as chief executive, but his administration has been a great improvement over several Texas has had recently.

Late press reports from Washington announce the withdrawal of the permit for the Rock Island-Frisco rail extension from Quanah north and down in Baylor county. A new hearing will be held with the Fort Worth & Denver in the leading roll of objector and contender. The News has always believed that the Rock Island had no right to parallel the Denver from Quanah northwest, and that the weakness of the Denver's application lay in the fact that it did not propose to connect with other Burlington lines in Kansas. If that proposal is added we may see the Denver win its fight for the new line out of Childress, yet.

Eight of the nine Donley County school districts voted last Saturday to join the Clarendon Junior College district, thereby levying upon themselves a small tax of twenty cents on the hundred dollars, county valuation, and securing the full benefits of the Junior College for their pupils at no tuition cost. This means that no taxpayer is likely to pay in the next twenty-five years, taxes, equal to what tuition would cost him for one pupil in the college in two years. It was smart business judgement on the part of the eight districts who came in. Besides that they add their strength to the extension and broadening of Clarendon Junior College—probably the county's greatest asset, figuring from any angle.

The pictures of the Palo Duro canyons displayed at the West Texas Chamber of Commerce meeting by Ray V. Davis and Travis Shaw impressed the members of the West Texas Chamber of Commerce as to the wonderful possibilities of a state park. Resolutions were adopted urging that the 42nd legislature pass the drivers license bill which would insure funds with which to buy and maintain the four state parks. The drivers license is needed for the protection of both car owners and pedestrians. The parks are needed for the benefit of all the people of the state.—Canyon News.

Just a little wrong, Bro. Warwick. The West Texas Chamber of Commerce passed the resolutions during the four state-parks project but eliminated that part asking for the drivers license tax, substituting the language "when funds are available." The park resolution came at a very inauspicious moment, as the body had just passed a resolution condemning further tax increases in Texas, and many felt that to pass the drivers license request would show insincerity of the body. This writer, while believing that no considerable increase should be added to the burden of Texas tax-payers, is thoroughly convinced that Texas should have an automobile drivers license regardless of whether the state parks get the money from it or not. Texas people need and deserve the protection of the drivers license. Let's have it.

TEXAS IN THE BEST SELLERS

More and more Texas and Texans become material for the "best sellers."

Probably "The Raven," written about the dynamic personality of Sam Houston, will establish new records for popular biography.

For interest and color, Stuart Henry's "Conquering Our Great American Plains" relies almost entirely upon those Texas cowmen who drove their herds up the Chisholm Trail to Abilene.

Again, Walter E. Taylor's "A Knight of the Dixie Wilds" is little more than a Texas romance.

Book reviewers on Texas Newspapers are particularly pleased with this new-day development. They see in it a movement which will redound to the benefit of the state in more ways than one. First, it will assist in popularizing the state as a tourist mecca; but more important still, it will provide inspiration for Texas writers and encourage them to use material with which they are most familiar and with which, at the same time, is most popular with the reading public.—"Editorials of the Month."

TRANSFER LIMIT FOR STUDENTS SET FOR JULY 31

According to advices received last week from the office of the County Superintendent of Public Schools, the final date for the transference of students from one district to another will end on July 31st. This date has been set that the records of the various schools of the county may be put right before the opening of school the first of September. In order to secure these transfers, the person desiring to transfer from one district to the other must appear in person at the courthouse before the close of the transfer period and fill out the transfer blank. No other procedure is needed to make the work complete.

Young pasture grass should be grazed closely enough to keep the leaves growing and to prevent the development of heavy stalks. Such grass is richer in protein and soluble carbohydrates and is more readily digestible than older grass in which more stalks have developed.

CHRISTIAN CHURCH KEEPS PENTECOST

NINETEEN HUNDRETH AN-
NIVERSARY IS CELEBRATED
BY LOCAL CHURCH SUNDAY

The world-round service of June 8th, commemorating the birthday of the Church of Pentecost, began at 11 a. m., in the Christian Churches and the Churches of Christ in New Zealand. This service moved westward hour by hour and encircled the globe. Church bells of many lands rang their acclamation of this great service in every land in the world at the beginning of the service. One great aim was stressed. A 100 per cent attendance of all members was stressed and in all but a few cases the attendance of the local church was almost complete. The Clarendon First Christian Church celebrated the anniversary Sunday with an all day program. The local church adhered to the world program given below:

11 a. m. Special Services.
Song, "All Hail the Power of Jesus Name."
Prayer, especially for the unity of the followers of Christ.
Reading of Scriptures—Matt. 28:18-20; Luke 24:49; Acts 2:1-3, 22-24, 36-42.

Communion Song—"My Faith Looks up to Thee."
Communion Service—Conducted by the elders and deacons of church.

Communion Talk, by one of the elders.
Worship in Offering for His Work.

Sermon by the Pastor, Subject—"Witnessing for Christ."
12—noon to 2:30 p. m. Dinner and Fellowship period. Dinner will be served in the basement of the church. Ten brief talks will be presented on Pentecostal themes and subjects.

"The promise of Pentecost and the Christ defined mission of the Holy Spirit"—Mrs. Nat Woods.

Pentecost and Prayer.—Mrs. J. R. Tucker.

Pentecost and Unity.—Mrs. F. C. Johnson.

Pentecost and the Passion of Jesus.—Mrs. G. A. Anderson.

Pentecost and its results.—Miss Esther Bell Hanning.

Pentecost and the program of the Kingdom.—Mrs. S. B. Arnold.

Pentecost and Witnessing.—Mrs. R. C. Bryan.

Pentecost and its Message.—Mrs. O. D. Liesburg.

The Holy Spirit Hindered.—Mrs. J. A. Thompson.

The Holy Spirit Glorified.—Mrs. F. A. White.

2:45 p. m. Special afternoon service.
Devotional Period.
Several Five minute addresses.
The meaning of Pentecost.—Roy Clappett.

The Fellowship of the upper room.—O. D. Liesburg.

Racial Fellowship of Pentecost.—G. A. Anderson.

How Christianity spreads.—J. R. Tucker.

Perpetuating Pentecost.—W. L. Butler.

The Word of the Church.—Will Dubbs.

3:30 p. m.—Song.
Sermon by pastor, Subject—"The Personal Question of Pentecost."

4:00—Benediction.
8:15 p. m.—Evening Service.
Song and Devotional.
Communion service.

Sermon by pastor, Subject—"The Church of the First Century."
9:30—Benediction.

A bountiful dinner was spread in the basement of the church at noon. Every one brought a basket filled with delicious edibles which filled the tables to their capacity. After the lunch speeches were made on Pentecost and Unity by the following ladies of the church, Mrs. Nat Wood, Mrs. J. R. Tucker, Mrs. F. C. Johnson, Mrs. G. A. Anderson, Mrs. M. E. Cottingham, Mrs. O. D. Liesburg, and Mrs. John Beverley. At the conclusion of these talks a summary was made by Rev. W. E. Ferrell. Mr. Boville gave a short interesting dissertation on the subject of Unity.

At 2:30 o'clock in the auditorium of the church, services were continued. Several three minute talks were given by the following men, Roy Clappett, Y. O. McAdams, G. A. Anderson, J. R.

Tucker, W. L. Butler, Will Dubbs, and Homer Mulkey.
A wonderful sermon was delivered by Rev. Ferrell on the text, "The Personal Question of Pentecost." This feature closed the program at the church, but the wonderful spirit of the occasion was carried further, when after the benediction the Elders, Deacons and Pastor visited the old and shut-ins who were unable to attend the services at the church. The communion was carried to these faithful members of the band of Christ, and dinner was also sent to those who were unable to be at the celebration.

A DESTROYER OF FINEST WOOLENS

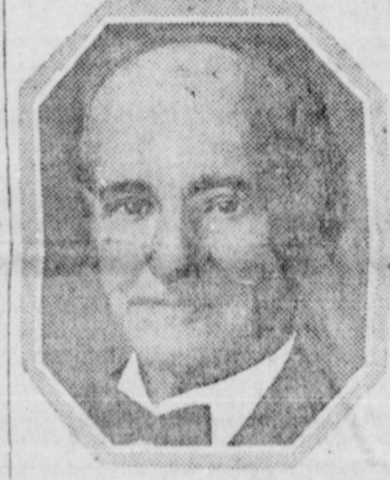

Like the Goat, a moth has strange taste, says a local official of the Gulf Refining Company. But unlike the goat, the damage done by moths runs into millions of dollars every year. Moths hide and breed in dark places. They are voracious eaters of your finest wooleens, mohairs and carpets.

A thorough and thrifty housewife will spray the cubboards, furniture, and carpets thoroughly every month with the modern type of insect spray, developed and marketed by the large oil refining companies during the past three or four years. The better grades of these insect sprays can be easily purchased from your grocer, hardware dealer, or druggist. They are advertised frequently in this paper. Regular spraying will save that new coat and that lovely fur—not to mention your husband's best suits.

Mr. and Mrs. M. W. Headrick and Miss Ineva, have returned from a visit with relatives in Wichita Falls, Dallas and the Rio-Grande Valley.

WACO CITIZEN 79 ENDORSES NEW KONJOLA

"TOO BAD I DID NOT HEAR
OF KONJOLA LONG AGO,"
SAYS THIS HAPPY MAN

MR. J. A. KIN

"Too bad I did not hear of Konjola long ago; it could have saved me much suffering. My stomach was the cause of my trouble," said Mr. J. A. Kin, 122 Oriental road, Waco. "Everything I ate caused pain, gas and bloating. My whole system was run down, my vitality was low and I was gradually losing my strength. I had no ambition and was worn out all the time. "So many medicines had failed me that I had about lost hope. Then came Konjola. After taking four bottles my appetite increased; I found I could eat anything without a trace of indigestion in any form, and my whole system has taken on new life. I have plenty of ambition to do my work, and I will always recommend Konjola as a real medicine."
Konjola is not a "Cure-All"—there is no such thing, but when taken from six to eight weeks will produce amazing results. The countless thousands of indorsements of Konjola have proven that it makes good in even the most stubborn cases.

Konjola is sold in Clarendon at Douglas & Goldston Drug Co., and the best druggists in all towns throughout this entire section.

SATURDAY'S HAIL DAMAGE QUARTER MILLION LOSS

The hail storm which hit the Panhandle with such force Saturday is estimated to have produced a damage to the wheat growers of some \$250,000. The loss was suffered on 25,000 acres in the Panhandle-Plains area.

Donley county was spared from the severest deluge of the hail stones, very little damage being reported in the county except in a strip near Lela Lake, this damage being inflicted in the rain of Monday night.

Storms were reported at Plainview, Hanev, St. Francis, Tyrone, Okla., and Bushland as well as at Amarillo. Hail fell to the depth of eight inches between Amarillo and Bushland and piled up six inches deep at Tyrone, Okla. Fruit trees were battered by the stones, but row crops not yet up were not damaged. Hail was found to be some six or seven inches deep between Clarendon and Pampa for a stretch of about two miles and a half. Wheat was a total loss in that area.

Olton, Texas was entirely cut off from communication after the hail storm there, telephone lines being down between Littlefield and Olton and Plainview and Olton. No estimate of the loss there has been made as yet.

The Fort Worth & Denver City railroad here reported that a hail storm over a two mile strip west of Plainview had reduced the estimated wheat crop from 500 cars to 200 cars.

SLATON TO BE HOST TO LEGION JUNE 14TH, 15TH

SLATON, Texas, June 3.—The 18th Texas District of the American Legion will hold a two-day convention in Slaton on June 14 and 15, at which a probable attendance of 800 or more Legionnaires and Auxiliary members has been predicted by local Legion officials.

There are 49 Legion Posts in the District, having combined membership of over 3,400 war veterans. According to reports that have been received here, most of these Posts will be represented at the convention, including Aubyn E. Clark Post, No. 126, of Clarendon, of which E. R. Andis is commander.

An interesting program is being arranged for the meetings, here including business and entertainment features on both days for the ex-service men and their ladies. State Commander "Ozro" Cox and State Adjutant Bob Whiteaker are both expected to be in attendance. A luncheon for the delegates at noon Sunday is one feature of the meeting. This will be on the nineteenth birthday of Slaton, the city having been founded on June 15, 1911.

TEXAS FUR CROP LEADING OTHER MAJOR INDUSTRIES

Not that it is anything new under the sun but it has been officially learned for the first time that the annual Texas fur crop is greater in value than either the peach crop, the pecan crop, and boasted citrus crop, or the water melon crop in this great state of all agricultural states, or the yield of fish, oysters and other marine products of its extended coast line.

This information came to light when trappers for the season just closed reported the taking of 1,248,485 fur pelts which in normal years bring into the state over \$2,000,000. This represents only what was reported under the operation of a tax law which was little understood by trappers and was so difficult of administration that it had to be amended by the 41st legislature. Nor does it include the pelts of animals such as coyotes, wild cats, cougars, bear and rabbits which are not taxed and on which no reports are made. That large quantities of furs were unreported and escaped taxation is beyond cavil, which together with those on which no report was required, would vastly swell the total production. Indeed, after conferences with leading fur buyers, Wm. J. Tucker, Executive Secretary of the Commission, is authority for the statement that the total fur crop easily reaches the \$3,000,000 mark.

PANHANDLE GOLF PRIZES LARGE

PRIZE LIST REPUTED TO BE
LARGEST OF ANY TOURNAMENT
HELD IN SOUTHWEST

AMARILLO, June 10.—An entry list that is expected to eclipse in numbers any tournament ever held in the Panhandle, if not the entire state, is looked for when amateur golfers from the Panhandle and a large section of West Texas, western Oklahoma eastern New Mexico, gather here August 9 and 10 for the Panhandle

HE'D NEVER SEEN ITS LIKE BEFORE

Thomas of Amarillo had suffered
for Years on Account of Bad
Health—Orgatone Relieves.

"If I could speak with everybody personally who has stomach trouble and kidney disorder, I would tell them to take Orgatone, for I have tried it myself and have never seen anything like it," was the statement made by Frank Thomas residing on North Amarillo Station Route, Box 5133. "A number of years ago, while I was following my trade as a carpenter," he continued, "I began suffering from stomach and kidney disorder and kept getting worse in spite of all I could do. My appetite left me and I would suffer terribly from indigestion and gas on the stomach after meals. My head ached a great deal of the time, and I also suffered agony from pain in my back and my ankles would swell until I could hardly stand it. I simply got to where I had to be as careful as a baby about my eating, was very pale, and finally became so weak and run-down I didn't feel like doing a thing as far as work was concerned. "About this time I began to see Orgatone recommended very highly and decided to see if it would help me as others said it had helped them. My stomach soon got in shape to where I could eat cabbage, beans, meat, potatoes and just anything else I wanted without the slightest trouble afterwards. So I just kept on taking Orgatone and when I finished my fourth bottle my stomach and all my other troubles had disappeared and I had gained in weight and strength. That was nearly three months ago, but I have held my health and felt so fine to this good day. I can testify to both the immediate and lasting results that come from the use of Orgatone, and I firmly believe if I had known about it in time I would have been an entirely different person. No doubt there are lots of people today suffering like I did before I took Orgatone and if I can show them the road to health I think it is nothing but right that I should do so."

Genuine Orgatone is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

Amateur Golf tournament, sponsored annually by Hillcrest Golf and Country Club.

One reason for the unusual interest in the tournament is the prize list, said to be the most elaborate ever offered in an amateur tournament anywhere in the Southwest. The awards will total around \$5,000 in value, and will range from an automobile down to half a dozen golf balls. The grand prize is a Chrysler Royal Six sedan, given by the Panhandle Motor Company of Amarillo. The second award is a Kelvinator electric refrigerator, the donation of the E. E. Finkles Jewelry Co. Other prizes include a screen grid radio set, an elaborately carved cedar chest, a century-old Italian inlaid table, fashioned from more than 4,000 pieces of wood; leather goods, golf club sets, sport clothes, silverware, silver trophies, fishing tackle, costly jewelry, novelties and many others. A total of more than 90 prizes will be given.

Invitations have been sent to clubs all over the Panhandle, as far southwest as San Angelo, southeast to Quanah, the boundary running north through Sayre, Oklahoma, thence northwest through Liberal, Kansas, and then west to include most of the eastern half of New Mexico.

W. W. Woolsey is chairman of the Hillcrest Tournament Committee, in charge of the event.

BETTER USE OF OUR FORAGE AND GRAIN

My general letter in regard to the use of our forage and grain for livestock feeding, particularly hogs, and the inquiry sent out to a number of people, met with hearty and favorable response all through the eleven western states and it looks like we are on our way to make a home market for our feeds and at the same time produce an all year round meat food supply for which there is such a big and constant demand on the Coast. Included in the list were bankers, newspaper men, merchants, chambers of commerce, livestock producers and agriculturists, so that we have a fairly good cross section of the setup of the western states.

There are more than 50 million dollars each year awaiting the farmers who are in a position to supply the pork requirements of California. Isn't this worth going after? It is also well to keep in mind that Los Angeles spends more than 100 million dollars annually among the eleven western

states largely for something to eat. The legendary pot of gold at the end of the rainbow has finally been found and awaits the live-stock producer of the western states. Rent that spare room with a News Want Ad.

PANHANDLE'S OLDEST RESIDENT IS BURIED IN CITY

With the passing of H. B. Catlett, the Panhandle lost her oldest citizen from point of years since his birth. In failing health for the past few years and seriously ill for the past two weeks, death called this aged citizen at his home in Donley County last Friday, June 6th. The funeral services were read from the home at 2:00 o'clock Saturday afternoon and interment followed in the Citizens Cemetery.

Mr. Catlett was born August 16, 1838 in Washington, D. C. Had lived but a few more months he would have been 92 years of age. At the time of his death, he was 91 years, 9 months and 20 days old. Mr. Catlett was one of the few remaining members of the Confederate Army left in Donley County, having volunteered his services at the opening of the war and serving throughout the four years of the conflict.

Immediately following the close of the Civil War, Mr. Catlett moved to Missouri, where he married his first wife and where she later died. He came to Texas in 1877 and married for the second time. He located in Vernon in 1884, later removing to Greer County, Oklahoma, when this was a part of the state of Texas. Since 1902 he has made his home in Donley County and has had a great part in the development of this country.

Surviving him are his wife and two daughters, Mrs. R. H. Muir of Amarillo and Mrs. Jess Davis of Clarendon. No other relatives are known aside from a number of grandchildren.

Mr. Catlett was a member of the Episcopal Church, having held membership in no other organization save this one. The funeral services were conducted by Rev. L. L. Swan, rector of the local church of that belief.

Pall bearers are: Conda Jones, C. J. Tally, Edwin Baley, J. A. Jool, Goble (Barker) and D. M. Patterson. All of these men are neighbors to the bereaved family and all of them are close friends to the deceased.

Haul Pigs to Pasture

A dirty hog lot is a paradise for roundworms. Little pigs are especially susceptible to these parasites. Prevention of roundworm infestation depends, first, on clean farrowing pens and clean sows. Do not let the sows or pigs out of the farrowing pen until ten days or two weeks after farrowing when they should be hauled (not driven) to a clean pasture containing a suitable forage crop on which there have been no pigs since the ground was sown. Keep other pigs away from this pasture and keep the pigs in it away from dirty hog lots. Leave the pigs on the pasture until they are at least four months old or have attained an average weight of 100 pounds. When possible leave them there until they can be turned into the cornfields or otherwise fattened for market.

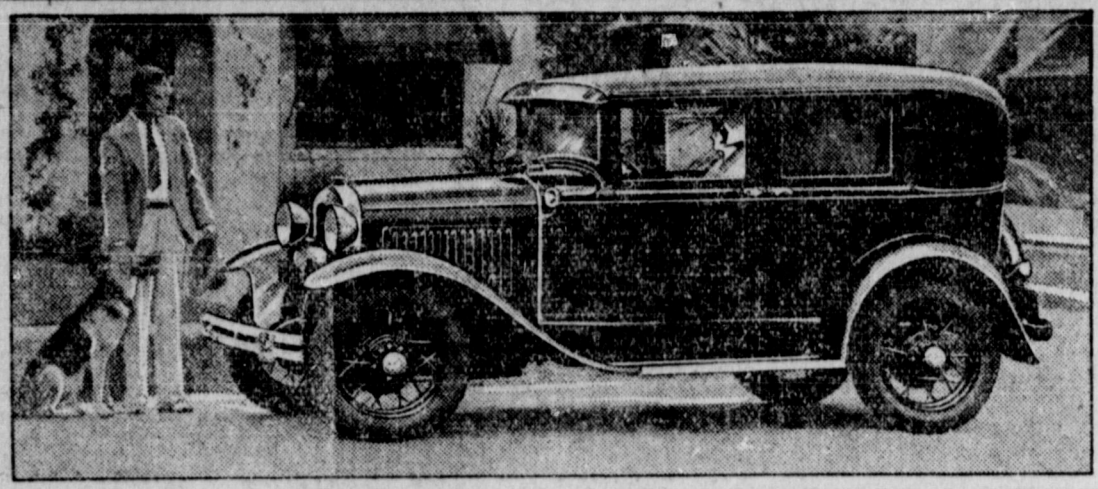

Mrs. S. T. Nichols, her sister, Miss Jewell Sewell, and Miss Ruth and Reba Nichols and master Robert Nichols, are out of the city for a visit in Albany with relatives and will possibly return by way of New Mexico.

There was a large crowd at singing Sunday night.

The many friends of Mr. and Mrs. Frank Barbee were very much surprised to hear of his marriage. We all join in wishing that a long and happy life together.

Olen Cook and Mrs. Dan Brazille made a business trip to Amarillo Tuesday.

Ford Offers New De Luxe Sedan

Ford De Luxe Sedan

THE De Luxe Sedan, recently added to the Ford line, is designed for those who desire distinctiveness and unusual comfort in an automobile. The interior is inviting and roomy with wide doors to both compartments. Absence of rear quarter windows gives the car a striking individuality and affords privacy to the occupants.

Interior trimmings and appointments are luxurious. Upholstery is either in brown mohair or a deep tan Bedford cord patterned after that used in high-priced cars. Other refinements include arm rests

for the rear seat, mahogany finished garnish mouldings on the windows and beneath the windshield, flexible robe rail and hardware in an attractive pattern.

The front seat is adjustable within a range of four inches to suit the convenience and comfort of the driver. It is moved quickly and easily by a small, inconspicuous handle in the front center of the seat just above the floor.

The De Luxe Sedan, like other Ford body types, can be obtained in any one of several color combinations.

LIONS OFFICERS ARE NOMINATED

REPORT OF COMMITTEE IS READ AT LUNCHEON TUESDAY

The nominating committee of the Clarendon Lions Club made its report Tuesday of this week at the regular luncheon of the organization. This committee is composed of the three immediate past presidents and for this year is composed of Lions Watson, Mulkey and Chase. The report was read by Lion Mulkey in the absence of Lion Watson, the chairman of the committee.

Lion Fred Rashjen received the nomination for First Vice President; J. G. Sherman and Holman Kennedy were the nominees for the offices of Second and third Vice Presidents. Lion Odos Caraway and the present secretary were placed in their present positions, as were Lion Bill Murrell and W. A. Wilson in their places of Lion Tamer and Tail Twister. Lions C. J. Douglas and T. D. Nored were the nominees to take the place of the two outgoing directors. The nominations are the results of the compilation of the votes as cast by the Lions in their nominations during the past two luncheons.

A minority report of the com-

mittee was handed in by Lion Chase, who rose to raise a question as to the work of a certain Lion who was nominated for every office in the club with the exception of that of Treasurer. The present treasurer remarked that this Lion was possibly aware of the present state of affairs of the treasury of the organization.

Roll call for the luncheon was answered by the number of years of residence in Donley County. The Lions present totalled 418 years of residence in the section, which made an average of fifteen and one-half years in the county.

A letter was read from the convention board in Denver, asking that the names of the delegation be in their hands not later than June 20th, as they could not hold hotel rooms later than that date. The Lions were asked to have this information in their hands not later than next Tuesday that this request might be carried out.

Announcement was made of the Hedley meeting for Thursday evening, the statement being made that all plans were not yet complete. The group will leave the City Hall at the usual hour and will make the trip in a body if possible.

Lion Patrick made a short report on the visit made to Memphis the early part of this week in connection with the road from Hedley to Lakeview. The work Tuesday of the commissioners from the two counties was mentioned and the remark made that this sort of thing was that which

was most needed in the county at this time.

Lion Porter reported that the school elections had carried in all districts with the exception of Goldston. The approximate limit of the district were defined as being roughly one-fourth of the entire county.

Lion Burton told of the recent visit of Dr. Eby of the University of Texas, gathering data on the advisability of the state assisting with the Junior Colleges and later relieving the larger schools of the state of the responsibility of the first two years of college work, this to be done in the Junior Colleges of the State.

Messrs Edwin Baley, A. K. Snyder and E. L. Lewis were guests of the day, each of them stating their pleasure at being with the Lions. Mr. Lewis complimented the organization and the town of Clarendon on the step taken to assure the Junior College here, stating that it was one of the greatest moves made by the community in a number of years.

Lion Burton then took the floor again for a moment to explain that the idea floating round on the Clarendon High School was without foundation and that the school here was doing better work than some of the High Schools in towns near Clarendon who are much larger and who have a great deal more students than this one. The foundation for his remarks was made on the report found in the Southern League Blue Book in possession of the school.

The popular belief that the rattlesnake acquires a new ring each year and that the number of rings indicates its age is wholly incorrect, says the U. S. Biological Survey. A rattlesnake adds from 2 to 4 rings a year usually one each time the skin is shed. The rattler seldom has more than 10 rings, because the terminal rings are worn down and broken off.

The shipper of the succulent watermelon can prevent his produce from developing stem-end rot in transit by choosing only melons that are free from cuts and bruises and by re-clipping and

treating the stems with a disinfectant paste as they are packed in the car. The paste can be bought ready made; or it can be made by boiling 8 ounces of bluestone in 2 1/2 quarts of water and adding 8 ounces of starch that has been dissolved in 1 pint of cold water. Practically all commercial varieties of watermelons are subject to stem-end rot, which is especially destructive in the Southeastern States.

Lott-Pirtle

A wedding of interest throughout the Panhandle and North Plains took place this morning at 8 o'clock when Miss Billie Nellie Pirtle of Lubbock became the bride of Vestel Lott, also of that city. Both the bride and the groom formerly lived in Amarillo.

The ceremony was read at the home of the bride's sister, Miss Ruth Pirtle, with her father Rev. Z. B. Pirtle officiating.

An altar was improvised of palms and ferns, interspersed with large fan shaped baskets of roses and gladioli. White tapers burned on either side.

Preceding the ceremony, Miss Beulah Dunn accompanied on the piano by Miss Mary Dunn, sang "I Love You Truly." Miss Dunn played softly during the ceremony. The couple entered together and were unattached.

The bride was lovely, in a handsome gown of orchid chiffon, made bouffant style, reaching the floor in the back. She carried an arm bouquet of bride's roses, showered with lilies of the valley.

A lovely wedding breakfast followed the ceremony after which the young people left on a honeymoon trip to El Paso and Cloudcroft. Mrs. Lott's going away costume was of brown flat crepe with all accessories of tan.

The bride is well known in the Panhandle, having lived in Amarillo for a number of years. She attended Clarendon College, T. W. C. Texas Technological College and received her degree from Boulder University last summer.

Mr. Lott is the son of Mr. and Mrs. H. Lott, 1209 Monroe Street, of this city. He attended Clarendon College and the University of Missouri. He is night editor of the *Avalanche-Journal* at Lubbock. Mr. and Mrs. Lott, will be at home 2104 1-4 28th Street, Lubbock.—Amarillo News-Globe.

Among the many enjoyable lovely parties given for Mrs. Tom Murphy during the past week was the miscellaneous shower given by Miss Julia Mae Caraway on Thursday at the home of her parents, Mr. and Mrs. Odos Caraway.

The rooms were tastefully arranged with lovely garden flowers and the gifts were presented in a most novel manner.

A lovely salad course was served from a beautiful tea table artistically decorated with a large bowl of pink flowers and lighted tapers. Cut glass and silver appointments were effectively used.

Mrs. Murphy was the recipient of a number of beautiful and useful gifts.

Among the guests were: Misses Nell Butler, Jane Killough, Maurine Wood, Lois and Wylfa Lee Alexander, Lillian and Josephine Murphy, Latrice Benson, Elgin Patrick and Nadine Haile.

Mesdames Meade Haile, Drennan and Tom Murphy, the honoree.

Mesdames O. L. and B. L. Jenkins Hostesses

A most delightful affair of last week was the bridge luncheon given by Mesdames O. L. and B. L. Jenkins, Jr., on Saturday morning at the home of Mrs. O. L. Jenkins.

Mrs. Jenkins' home was enlivened with lovely garden flowers which were placed at every point of vantage.

The breakfast which was served at 8 o'clock was a most enjoyable feature of the morning and far exceeded expectations of the guests' fancy. Partners for the breakfast were found by matching flower bouquets and the combination of the two bouquets were used as centerpieces of the tables and marked the places of the guests.

After passing of the tallies the games began. A grab-bag which appeared to be a large jardiere of beautiful pink roses but which later proved to be packages wrapped to resemble pink roses, held packages for those who drew special honors.

Those fortunate in drawing these special honors were Mrs. Louise Merrell, Mrs. F. C. Baldwin, Mrs. C. E. Killough and Mrs. R. R. Burnett.

At the close of the games high score favor was presented to Mrs. Louise Merrell.

Enjoying this hospitality were: Mrs. F. C. Baldwin of Louisville, Ky., Mrs. R. R. Burnett of Oklahoma City, Okla., Mesdames A. R. Letts, B. L. Jenkins, T. H. Ellis, James Trent, W. H. Martin, G. B. Bagby, Sella Gentry, Eva Rhodes, Harry Ruddell, R. A. Chamberlain, R. Porter, C. E. Killough, John Blocker, Ralph Kerbow, Seldon Bagby, M. P. Gentry, P. B. Miss Anna Bourland, Miss Irma Lewis and Miss Manette Chase.

1912 Needle Club is Guest of Mrs. Patman

On Thursday Mrs. J. T. Patman was hostess to the members of the 1912 Needle Club and a few invited guests at her home which was made most attractive by the use of larkspur and hot flowers. Fancy needle work filled the afternoon hours with pleasure until a delicious plate luncheon was served.

To enjoy this were: Mesdames L. S. Bagby, R. A. Chamberlain, Minnie Dyer, Sella Gentry, B. L. Jenkins, H. C. Kerbow, W. H. Martin and A. A. Mayes, club members.

Mesdames J. B. Baird, Ann Hall, U. J. Boston, Eva Rhodes, J. G. Sherman and J. H. Watts, invited guests.

Mrs. Roy Ingram is Hostess Thursday

Informal but altogether lovely was the bridge party given by Mrs. Roy Ingram for the members of her bridge club on Thursday at her home.

Pretty flowers in all shades and varieties were used to adorn the rooms where the game were enjoyed.

Prizes were awarded to Mrs. Cleo Norwood, club high and Miss Athlyn Taylor, guest high.

An elaborate two course plate luncheon was served by the gracious hostess to:

Mesdames B. C. Antrobus, C. W. Bennet, Jr., Tren Stargel, Kelly Chamberlain, B. F. Kirtley, Cleo Norwood, B. C. Antrobus, Sam Darden, Joe Ellison, W. L. Ball.

Misses Athlyn Taylor, Obie Crabtree, Leta Verne Martin, Jessie Ingram, Helen Bailey, Mary Hazel Hurn and Lotta Bourland.

Friendship Club Meets with Mrs. J. H. Harris

The Friendship club enjoyed a most pleasant afternoon Tuesday at the home of Mrs. J. H. Harris where several hours of needlework and conversation were enjoyed in rooms made attractive with a profusion of garden flowers.

At the close of the afternoon a dainty and lovely plate lunch was served to the following:

Mesdames G. J. Teel, L. Ballew, M. E. Thomson, C. E. Lindsey, Carl Tyree, J. L. Allison, A. T. Miller, H. Tyree, J. D. Stocking, C. R. Skinner, and R. O. Thomas, club members.

Little Miss Bertha Mae Thomas Mrs. Harry Ruddell, Mrs. C. B. Ingram, Mrs. G. L. Green and Miss Naomi Allison were invited guests.

The next meeting will be in the home of Mrs. J. W. Roland.

Norine Smith is Birthday Hostess Saturday

Miss Norene Smith, daughter of Mr. and Mrs. Vester Smith, was the hospitable hostess on Saturday, June 6, to her friends with a party celebrating her twelfth birthday.

The guests arrived in the best of moods for such an event and hilarity was the ruling key note of the evening.

Games most enjoyed by children of this age were indulged in with much amusement and cheerfulness resulting therefrom.

Ice cream and cake, always a favorite with such a group, was served late in the evening to the following and each departed wishing Norene many more such happy occasions:

Mary Travis Dyer, Wilma D. Smith, Margaret Blackwell, Cline Gilbert, Geneva and Genella Eldridge, Eva Glenn Bain, Betty Joe Bain, Lotta Belle Hurn and Hazel Dyer.

Mrs. Lumpkin Hostess with two Affairs

Two of the loveliest affairs of the social week were the bridge parties given by Mrs. Floyd Lumpkin on Friday and Saturday of last week at her apartment.

Garden flowers of every kind and every color were used to brighten the rooms where the guests had gathered for the games.

On Friday the members of the Friday Bridge Club were present together with a number of invited guests making the affair an eventful one.

Score favors for the afternoon went to Mrs. B. L. Jenkins, Jr., Club high, Mrs. Sam Dyer, guest high and Mrs. Charles Trent, low.

A lovely two course luncheon was served at the close of the games to Mesdames Holman Kennedy, Forest Sawyer, Forest Taylor, Charles Trent, Earl Alexander, James H. Morris, Manley Ozier, Clarence E. Mrs. Tom Murphy is Honored by Friends

Mrs. Tom Murphy was again the charming honoree of a delightful affair, that being a bridge luncheon on Friday with Miss Maurine Wood as the gracious hostess at the apartment of Mr. Tom Murphy.

Cut garden flowers were attractively arranged about the rooms where a most enjoyable luncheon was served.

Games of auction bridge followed with Miss Wylfa Lee Alexander being winner of high score favor. The guest of honor was also given a lovely favor.

Enjoying this were: Mrs. Tom Murphy, guest of honor, Mrs. Bromlev, Miss Nell Butler, Miss Elgin Patrick, Miss Lois Alexander, Mrs. Meade Haile, Miss Eva Lee Morrison, Miss Jane Killough and Miss Julia Mae Caraway.

A round-table discussion followed the program.

During the course of the afternoon Mrs. J. M. Acord and Mrs. Bullock were voted into the club. A lovely two-course plate luncheon was served.

Mrs. G. A. Anderson, Mrs. A. H. Baker, Mrs. Eddington, Mrs. W. M. Spitzer, Mrs. J. H. Watts, Mrs. Tombs, Mrs. J. H. Clark, Mrs. C. E. Lindsey, Mrs. Bullock, Mrs. R. H. Cline and Mrs. J. C. Estlack were present.

Picnic Enjoyed at Country Club

Mrs. C. C. Powell honored the members of her Sunday school class Friday with a picnic at the Country Club.

Swimming, golf and croquet were enjoyed until late afternoon when a bountiful picnic lunch was enjoyed by the following:

Geo. Wayne Estlack, Bonner Trostle, Paul Green, Wesley Powell, Ardis Pitman, Houston Gates, Walter Bradley, Aubrey Bradley and Kenneth Sherman.

Mrs. Green and Mrs. Bradley were members of the party also.

Mrs. Roy Ingram is Hostess Thursday

Informal but altogether lovely was the bridge party given by Mrs. Roy Ingram for the members of her bridge club on Thursday at her home.

Pretty flowers in all shades and varieties were used to adorn the rooms where the game were enjoyed.

Prizes were awarded to Mrs. Cleo Norwood, club high and Miss Athlyn Taylor, guest high.

An elaborate two course plate luncheon was served by the gracious hostess to:

Mesdames B. C. Antrobus, C. W. Bennet, Jr., Tren Stargel, Kelly Chamberlain, B. F. Kirtley, Cleo Norwood, B. C. Antrobus, Sam Darden, Joe Ellison, W. L. Ball.

Misses Athlyn Taylor, Obie Crabtree, Leta Verne Martin, Jessie Ingram, Helen Bailey, Mary Hazel Hurn and Lotta Bourland.

Friendship Club Meets with Mrs. J. H. Harris

The Friendship club enjoyed a most pleasant afternoon Tuesday at the home of Mrs. J. H. Harris where several hours of needlework and conversation were enjoyed in rooms made attractive with a profusion of garden flowers.

At the close of the afternoon a dainty and lovely plate lunch was served to the following:

Mesdames G. J. Teel, L. Ballew, M. E. Thomson, C. E. Lindsey, Carl Tyree, J. L. Allison, A. T. Miller, H. Tyree, J. D. Stocking, C. R. Skinner, and R. O. Thomas, club members.

The next meeting will be in the home of Mrs. J. W. Roland.

Busy Women Enjoy Pleasant Social Fri.

The most enjoyable social of Friday was that of the Busy Women's Sunday school class at the home of Mrs. W. M. Murrell with

1930 Good Will Club Meets with Mrs. Jones

Mrs. Elmer Jones was the delightful hostess Monday afternoon to Members of the 1930 Good Will Club at her home.

Needle work and pleasant conversation made the afternoon pass all too swiftly.

A delicious ice cream course was served to: Mesdames T. D. Nored, Lucian Bones, Don Martin, A. O. Yates, L. H. Johnson, Vadie Carpenter and R. Y. King, club members. Invited guests were Mrs. Homer Gorman, Mrs. S. N. Smith, Mrs. D. R. Martin, Mrs. H. D. Ligon.

1912 Needle Club is Guest of Mrs. Patman

On Thursday Mrs. J. T. Patman was hostess to the members of the 1912 Needle Club and a few invited guests at her home which was made most attractive by the use of larkspur and hot flowers. Fancy needle work filled the afternoon hours with pleasure until a delicious plate luncheon was served.

To enjoy this were: Mesdames L. S. Bagby, R. A. Chamberlain, Minnie Dyer, Sella Gentry, B. L. Jenkins, H. C. Kerbow, W. H. Martin and A. A. Mayes, club members.

Mesdames J. B. Baird, Ann Hall, U. J. Boston, Eva Rhodes, J. G. Sherman and J. H. Watts, invited guests.

Norine Smith is Birthday Hostess Saturday

Miss Norene Smith, daughter of Mr. and Mrs. Vester Smith, was the hospitable hostess on Saturday, June 6, to her friends with a party celebrating her twelfth birthday.

The guests arrived in the best of moods for such an event and hilarity was the ruling key note of the evening.

Games most enjoyed by children of this age were indulged in with much amusement and cheerfulness resulting therefrom.

Ice cream and cake, always a favorite with such a group, was served late in the evening to the following and each departed wishing Norene many more such happy occasions:

Mary Travis Dyer, Wilma D. Smith, Margaret Blackwell, Cline Gilbert, Geneva and Genella Eldridge, Eva Glenn Bain, Betty Joe Bain, Lotta Belle Hurn and Hazel Dyer.

Homer and George Wayne

Mrs. Lumpkin Hostess with two Affairs

Two of the loveliest affairs of the social week were the bridge parties given by Mrs. Floyd Lumpkin on Friday and Saturday of last week at her apartment.

Garden flowers of every kind and every color were used to brighten the rooms where the guests had gathered for the games.

On Friday the members of the Friday Bridge Club were present together with a number of invited guests making the affair an eventful one.

Score favors for the afternoon went to Mrs. B. L. Jenkins, Jr., Club high, Mrs. Sam Dyer, guest high and Mrs. Charles Trent, low.

A lovely two course luncheon was served at the close of the games to Mesdames Holman Kennedy, Forest Sawyer, Forest Taylor, Charles Trent, Earl Alexander, James H. Morris, Manley Ozier, Clarence E. Home Economic Club Entertained Friday

Members of the Home Economic club feel they have a better understanding of club records now that they have spent an entire afternoon in the study of such.

This story was ably led by Mrs. W. D. Van Eaton with Mrs. J. C. Estlack assisting with many helpful

Mrs. Eula Cox and Mrs. J. T. Wilson as associate hostesses.

Business pertaining to the class such as committee reports from the standing committees and so on was first transacted that the women might be in a proper mood for the social that followed.

A splendid group was in attendance and they took turns in working on a sewing project now being worked on by the class.

Ladies Aid

Mrs. R. C. Bryan entertained the members of the Ladies Aid, First Christian church, at the home of Mrs. F. C. Johnson, Wednesday.

Fifteen members answered to roll call before the opening of the devotional which was led by Mrs. F. A. White and included the 1st chapter of St. John.

Mrs. O. D. Leisburg presided during the lengthy business session.

The meeting was opened and closed by prayer.

Mrs. Bryan assisted by Mrs. F. C. Johnson served cherry nut cream and cake to fifteen members and six invited guests.

The meeting place for next week will be announced later.

W. M. S. Notes

The ladies of the W. M. S., Baptist church held their regular monthly circle meetings Wednesday afternoon.

The west circle met in the home of Mrs. G. M. Couch with ten present, including one visitor and one new member. The usual study was held.

Woman's Auxilliary

"Educating Korean Girls and Children" was the subject studied by the members of the Women's Auxilliary, M. E. Church, South, when they met in their respective circles, Wednesday afternoon.

A good attendance is reported from the following meetings:

Circle Number One, with Mrs. L. L. Taylor; Circle Number Two, at the church; Circle Number Three, at the home of Mrs. L. Ballew and the Belle Bennett Circle with Mrs. Rayburn Smith.

Mr. and Mrs. P. L. Chamberlain and daughter, Donita and Mrs. B. W. Chamberlain and Miss Kelly returned Sunday evening from San Antonio where they have been for the past ten days visiting with relatives.

Miss Chase Honored with Lovely Affairs

Society has been paying its debt of friendship to the latest bride elect the past week and one of party Monday afternoon given the lovely affairs was a bridge by Mrs. Ira Merchant at the J. W. Martin home for Miss Manette Chase who is soon to become the bride of Mr. Keith Stegall.

The affair was quite informal though extremely enjoyable.

Games of auction bridge were enjoyed during the afternoon with score favors being presented to Mrs. Charlie Bell, high and Mrs. C. G. Stricklin cut. Each presented their gifts to the honoree who also received a lovely gift from the hostess.

Happy conversation interspersed the tempting two course luncheon served at the close of the games.

Present were: Misses Athlyn Taylor, Leta Verne Martin, Agnes Caraway, Lotta Bourland, Mary Stocking, Mary Cooke, Obie Crabtree, Eva Lee Morrison and Lorraine Patrick.

Mesdames Seldon Bagby, Philip Gentry Meredith Gentry, Sam Dyer, Forrest Taylor, Holman Kennedy, O. L. Jenkins, Chas. Bell, Richard Bell, Clyde Price, C. W. Bennett, Jr., Dorr Ellis, John F. Blocker, Charles Trent, A. L. Chase, B. F. Kirtley, Cleo Norwood, C. G. Stricklin, Floyd Lumpkin, Forest Sawyer, Clarence E. Miller, Kelly Chamberlain, Ralph Kerbow, F. C. Baldwin of Louisville, Ky., and Miss Manette Chase the honoree.

Another eventful and lovely affair was the bridge party given by Misses Agnes Caraway and Athlyn Taylor for the charming bride-to-be, Miss Chase, on Tuesday afternoon at the home of Mr. and Mrs. Odos Caraway.

The affair was one of the most unusual given during the season. The decorations were simply lavish and lovely. A pink and white color scheme, the brides chosen colors, was carried out. The tallies, miniature brides in pink and white and other appointments of hospitality carried out the same colors, even the gifts were wrapped in the pink and white colors, making it truly a party of much loveliness.

Miss Chase was given a lovely gift as guest of honor. Mrs. C. E. Miller was fortunate in winning high score and Mrs. W. L. Ball, cut. Each presented their gifts to Miss Chase.

Bowls of pink and white sweet peas centered the small tables for the edibles as well as pretty afternoon luncheon that followed.

Attending this affair were: Mesdames C. G. Lumpkin, W. L. Ball, Charles Trent, B. C. Antrobus, Floyd Lumpkin, B. P. Gentry, Tren Stavel, Roy Ingram, A. L. Chase, Meredith Gentry, Seldon Bagby, Paul Smith, Richard Bell, C. W. Bennett, Jr., Kelly Chamberlain, C. E. Miller, Everette Clarke of Groom, and F. C. Baldwin of Louisville.

Misses Leta Verne Martin, Lotta Bourland, Obie Crabtree, Mary Stocking, Norma Rhodes, Lorraine Patrick, Eva Lee Morrison, Wanda Ralph of Farmersville, Tex., and the honoree, Miss Chase.

Presbyterian Auxiliary Met Wednesday

The usual study outlined for the circle meetings of the Presbyterian Auxiliary was held Wednesday afternoon when circle Number Two met in the home of Mrs. R. A. Chamberlain and Mrs. Tom Keener.

A good attendance is reported from each meeting.

LOCAL MECHANIC MAKES RECORD IN MOTOR WORK

Ray Allred, member of the force in the Clarendon Motor Company, recently returned from the Fisher Body school in Dallas. The record made by this young man in either of these schools is above the average for any man in these places. His score in the school at Dallas was 98 points out of a possible 100, while the motor school rated him slightly more with a grading of 99 out of the same possible perfect score. Since returning to the shop of the local company he has given the other members of the force the same course of instruction received at the two schools and they will be able to handle any ills that may arise on the line of motor cars specialized upon in this place of business.

SWEETWATER SECRETARY MEETS NEW ROAD BACKERS

Monte Owen, secretary of the Sweetwater Chamber of Commerce visited in Clarendon Sunday with G. L. Boykin, local secretary of the organization, and discussed plans for the proposed Panhandle to Gulf Highway. Mr. Owens was enroute to Pampa where he was to meet interested parties of the proposition.

The proposed highway to the Gulf will begin in the Panhandle at Pampa and will be routed through the following points in the order named: Clarendon, Quitque, Matador, Spur, Rotan, Sweetwater, and direct to the coast.

Rev. S. E. Allison and daughter, Miss Gwendolyn, left Saturday for El Paso in response to an urgent call stating that the condition of Mrs. Allison was not doing so well as might have been hoped. Late reports state that she is improved and that they hope to return to the city within the next few days.

FINE POULTRY RECORDS ARE SET BY DEMONSTRATORS

The poultry demonstrations for May of the county have proven to be most profitable to the demonstrators of the farms. Of the four demonstrators sending their reports to Miss Nora Smith, County Home Demonstration Agent, Mrs. Roy Beverly and Mrs. T. L. Naylor proved to have high record yield per hen and thereby received the greatest compensation for their efforts.

Mrs. T. L. Naylor reports that with her flock of 318 White Leghorns she lost three hens from death and three hens from culling. Mrs. Naylor received a total production of 6548 eggs, which is an average of 20 eggs per hen. The income from the sale of the fowls amounted to \$63.68, and she received \$73.24 from the sale of the eggs making a grand total of \$136.92. The cost of commercial feed was \$57.16, with the result that Mrs. Naylor made an income of \$79.76 above the food cost for her chickens.

Mrs. Roy Beverly shows the best average from her flock of chickens with an average of 23.5 eggs per hen. She had 139 White Leghorns which totaled 3289 eggs for the forty-one days of May. Her total sales was \$35.42 and the cost of feed was \$11.00. This left Mrs. Beverly with an income of \$24.42.

Mrs. Edwin Bailey with a flock of 52 hens received 883 eggs for an average of 13.2 per hen. The income from the fowls and the eggs amounted to \$36.34 with the cost of food totaling \$7.90, thereby leaving an income of \$28.44 from her small flock of Buff Orpingtons.

Mrs. John Gerner, with only the sale of her eggs, made a new income from her flock of 139 White Leghorns. The cost of the feed was \$8.93, and she received \$26.91 from the sale of the eggs giving her an income above cost of \$17.98.

MISS LOIS ALEXANDER CONDUCTS STORY HOUR

Miss Lois Alexander, with Mrs. G. L. Boykin and Mrs. L. S. Bagby acting as sponsors, told twenty-eight Clarendon children various enthralling stories at the regular Pathfinder Club story hour on the steps of the Girl's Dormitory Tuesday evening at 7:30 o'clock. The children listened to these stories by Miss Alexander with fixed interest and were reluctant to leave the steps of the dormitory where the tales were told after the story period was concluded.

From their seats on the steps the little folk were permitted to participate in many games and stunts under the supervision of the sponsors and the story teller. The next story hour will be held at the regular time and place next Tuesday on the steps of the Girl's Dormitory at 7:30 o'clock. All children are invited to attend the recreation period sponsored by the Pathfinder Club and enjoy the interesting stories told each week by competent entertainers.

DONLEY COUNTY AGENT TURNS IN GOOD REPORT

Miss Nora Smith, county home demonstration agent, has turned in a fine report for her activities in the county for the month of May. Miss Smith spent 21 1-2 days in active field work, with five days and a half in her office. Seven and a half days were used in working with the 4-H clubs of the county. Adult work amounted to six days. While Miss Smith was in her office she had 35 office calls and 35 phone calls. In her rounds over the county she visited eight different demonstration agents, and attended 28 regular meetings. The Donley Demonstration Agent wrote two news stories and traveled over nine hundred miles on her club travels.

MISS FRAY STALLINGS TO STUDY IN ST. LOUIS

Miss Fray Stallings will leave Thursday morning for Saint Louis where she will enroll in Washington University for an advanced course in piano instruction. Miss Stallings will be out of the city for a duration of some six weeks, and will probably make several trips to interesting points before returning to the city.

DEAN W. A. CLARK AND C. E. BATTON ON BEARLESS HUNT

Dean W. A. Clark, Jr., and C. E. Batton returned the latter part of last week from a hunting trip to the Northwest corner of the Glacier National Park at the edge of Canada. The trip was made through Colorado, Wyoming, and Montana taking five days. No trouble being encountered, not even a puncture, on the entire distance. The weather was fine until the hunters arrived at the haunts of Mr. Bear, and then rain and snow made their efforts of no avail to bring home the desired trophy, as not one bear was seen in the duration of the trip.

"One week ago today, Dean Clark related, we were hunting in twelve inches of snow, with snow capped peaks in Canada and

U. S. towering to great heights above us.

The place where the local hunters invaded was a secluded spot more than fifty miles from the nearest railroad, and was reached by pack animals over mere trails. The car was left at a Dude Ranch just outside the park.

Mrs. A. L. Chase and children, Miss Manette, Rhodin, and Arthur, returned to their home here Thursday of last week, after visiting Denton and Austin, where Rhodin has been attending the University.

after a two weeks absence spent with relatives in Amarillo, Claude and Brice.

New Ford Car Wins Favor

Ford Phaeton

THE Ford Phaeton, shown above, is equally popular as a family car and as a sport car for young people. The seating arrangement provides for the driver and one passenger in front and three passengers in the rear. Seats are upholstered in two-tone cross cobra grain artificial leather.

The top is of the quick collapsing type, easily handled by one person, and folds flat. The windshield, of Triplex shatter-proof glass, is of the folding type and can be laid flat forward. The windshield wings fold over it, emphasizing the sport effect of the car.

Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

That persistent advertising shows progressiveness and gives the public helpful service.

That the public is entitled to this service, and every up-to-date business concern gives it.

That business concerns who do not use newspaper advertising are not entitled to the patronage of the people.

That the spirit of a city is reflected through its newspapers.

That if a city is alive and pushing ahead, newspapers show it; they are well filled with local advertising.

That it shows that local business men are alive and on the job and going after business.

That when they go after business through newspaper advertising, THEY GET IT!

That when business is good with local business concerns, the city as a whole is prosperous.

When The Newspapers Are Prosperous They Give a Favorable Impression To The Outside World, Which Attracts New Industries And Investors To The Home City.

Cal M. Freerer, Editor of The Mount Carroll (Ill.) Mirror-Democrat, Says:

That the merchant who does not advertise, at least once each week is not doing his duty to himself, his business, his city or his newspaper.

That advertising brings new business from afar has been proved too often for successful disputation.

Any merchant can by comprehensive advertising increase his business from 10 to 25 per cent each week.

Advertising is most successful where prices are quoted, as such a "per cent off" does not mean anything in the life of most buyers, while cold figures count.

The merchant who grudgingly places an advertisement in a newspaper simply to help the paper isn't doing so. He is not wise to the fact that one must advertise in order to conduct an up-to-date business in this age, when buyers read the advertisements and make a note of the prices before going to the store to do their trading.

A newspaper well filled with well written, nicely set, comprehensive advertisements is taken to mean that it is published in a live town that the merchants are enterprising and the city is progressive.

The merchant who advertises

only shelf-worn-out-of-date goods when he does advertise, cannot expect much from the advertisement as the average buyer can tell shelf-worn stuff by simply giving it the once over.

Every newspaper man desires to have every advertisement placed in his columns to bring results and works to that end when setting and placing the ads to make them look attractive.

The Merchant Who Is Not Working With The Newspaper Man To Bring About a Larger Trade to His Own Store is Not Very Much a Credit to the City or Town in Which he Lives. And the Newspaper Man Who Does Not Try to Protect Home Trade and Increase Home Trade, Is Not Doing His Duty to His Home Town and Does Not Deserve Much Advertising Patronage.

Roger D. Lapham, President of the American-Hawaiian Steamship Company, Says:

That cooperation and group action have displaced uncontrolled competition and individualism in our modern business life and the exceptional efficiency of modern transportation agencies is mainly responsible for this.

The history of transportation comes very near being the history of the human race. Certainly its splendid advances are reflected in every phase of modern life. As men are brought closer to each other geographically through swift trains and steamships and latterly, airplanes and zepps, they are brought closer together in thoughts and ideas which are the basis of action.

When the courier and the stagecoach were the most rapid means of communication and transport, each territorial unit had to be sufficient unto itself. It produced what it was able to, and did without the rest. Today, thanks to the development of modern transportation, we have territorial distribution of production, each section growing or manufacturing the things it can best grow or manufacture, and depending on the various agencies or transport—water, rail and motor, for a quick

and uninterrupted interchange of these products.

Society has been virtually made over by the development of the agencies or transportation, the various arms of which are much more complimentary line to the other than competitive and each of which plays its part in welding our business, social and political structure into a single cohesive unit.

The vehicles of transport and communication are indispensable to modern civilization. Production and transportation are inseparable. A free movement of products from producer to consumer makes for the welfare and prosperity of all concerned. Interrupt this movement and everyone will suffer. Stop it entirely and our present business and social structure would be overthrown.

I repeat that swift, dependable transportation has welded us all into one great unit. Being a single unit we must act as a single unit, and so it is that the day of individualism has passed—it is as far removed as the ox team, the hand sickle, and the stagecoach.

With a Myriad of Inventions Wiping Out Geographical Barriers, Business, Political and Social Isolation Have Been Destroyed, and Therefore No Man or Business is Big Enough to Play a Loose Hand Today.

R. H. Ballard, President of the Southern California Edison Company, Says:

"What a wonderful thing it would be if all fault-finding could be transmuted into cooperation.

"What a waste of energy is involved in mere scolding, and how much of this scolding, there is! Take—if you can pick it out—the industry that during the last ten years has given most to the world. Take the industry whose progress has meant the greatest increase in comfort and the joy of living. I have my own notion of what that industry is, but I won't tell. Each one can choose his own pet industry without any contradiction from me.

"Now having chosen this prize industry look through the recent newspapers and see how many inches of space have been given in praise—and how many in condemnation of some merely trivial fault, or supposed fault. Read the congressional record and see how many speeches have held this industry up for the emulation of others and how many speeches have denounced this or that minor feature.

"Look over the comment on our public officials. How much space is given to that great majority of men whose sincere, earnest and honest hard work ought to be blazoned from the house tops—how much to that very small minority who are incompetent, or who may be careless?

"Let's get together and try to cooperate for constructive policies. If criticism is needed here and there, let the criticism be constructive. If you first tell a fellow that he is doing a wonderful job, he will listen closely when you suggest some possible further improvement. Suppose you approach a man who knows that he has been doing a lot for the common good; if you start in by telling him that his industry ought to be destroyed, you can't expect to get very far.

"Cooperation Means Progress—Scolding Only Destroys."

According to the Bureau of Dairy Industry, it is necessary to remove cows from garlic-infested pastures 4 to 7 hours before milking to eliminate the garlic flavor and odor from milk.

PANHANDLE BAPTIST WORKERS MEETING AT MARTIN

The best meeting ever held by the organization is the report given by all who attended the regular monthly meeting of the Panhandle Baptist Workers' Council Meeting at Martin Tuesday. Over two hundred baptists from Hall and Donley Counties were present at the all-day meeting.

Beginning at 10 o'clock the following program was carried out: A Summary of the Enlargement, J. M. Sibley.

Building a Standard Sunday School as a Layman Sees It, O. C. Watson.

What an Enlargement Campaign Means to a Rural Church, S. A. Rodgers.

Finishing Our Task, Andy Womack.

Sermon, Rev. E. T. Miller.

The Ladies Business meeting was held in the afternoon while the Board Meeting was in progress. The program rendered is given as follows:

Devotional, Mrs. J. T. Warren. Carrying on for Our Master Throughout the Summer Months, Mrs. G. C. Hutto.

Christian Education Essential to Our Denominational Program, Mrs. Joe Goldston.

Christian Education Essential to the conserving of Our Young, Mrs. E. T. Miller.

Round Table on the Enlargement Campaign, led by G. C. Hutto.

The picnic dinner was a feature of the meeting, and all were loud in their praise of the bountiful supplies of such tempting delicacies.

The sermon delivered by Rev. E. T. Miller of Memphis was one of the most forceful ever to be given in Donley County, and resulted in the conversion of one person. The outstanding talk by the laymen of the organization was made by O. C. Watson on the subject of Building a Sunday school. This was a most instructive address and the organization is indeed indebted to their lay leader on his work done in this connection.

Rev. Reed of Higgins, Texas, was the visiting guest of the day's sessions.

The next meeting of the Baptist organization will be held at Brice, July 15.

Fleeces should be rolled up, not too tightly, skin side out, and tied with paper twine before shipping to market. Wool buyers prefer this method of tying to that done with wool boxes.

Unlike the true clovers and alfalfa, sweetclover seldom causes bloat. However, during abnormally wet periods cases of bloating have been reported. To be on the safe side, do not turn cattle on sweetclover pasture when the sweetclover is wet. Even when it is dry, if the cattle have not been accustomed to it, fill them up with other feed before turning them on the sweetclover.

The cabbage worm, one of the worst pests of cabbage, can be controlled if an arsenical poison is applied as soon as damage is detected and before the worms become too abundant. Lead arsenate, calcium arsenate, and Paris green are effective poisons and may be applied either as a spray or as a dust. Arsenicals are safe to use until the heads of the cabbages are nearly formed, because the poison disappears almost entirely within 2 or 3 weeks after application. All outer leaves of treated cabbage should be removed before the cabbages are marketed or consumed.

REV. INGRAM CLOSES FINE REVIVAL IN PAMPA FIELD

Rev. C. B. Ingram returned to his home here the latter part of last week from holding a twelve day series of revival services at District No. 2, Phillips Refinery in the oil field. Rev. Ingram reports that he had 71 professions of faith in this series which brings his total for the year to 101 since the Conference closed last year. Rev. Ingram is one of the few preachers left who follow the dictates of their conscience as to where they preach, and is often found in the out of the way places of this section of the state, preaching where he finds an audience and leaving never he goes to the church wherever he goes. His charge is almost unlimited in its territory and is composed of those smaller communities off the beaten track where an audience is always glad to listen to him as he preaches to them.

SERVING MANY BUSINESSES

Experience of large fleet owners reveals the unusual reliability and economy of the new Ford

A SIGNIFICANT TRIBUTE to the value of the new Ford is found in its increasing use by Federal, state and city governments and by large industrial companies which keep careful day-by-day cost records. In most instances, the Ford has been chosen only after exhaustive tests of every factor that contributes to good performance—speed, power, safety, comfort, low cost of operation and up-keep, reliability and long life.

Prominent among the companies using the Ford are the Associated Companies of the Bell System, Armour and Company, The Borden Company, Continental Baking Corporation, Firestone Tire and Rubber Company, General Electric Company, Goodyear Tire and Rubber Company, Kellogg Company, Knickerbocker Ice Company, Morton Salt Company, Pillsbury Flour Mills Company, The Procter and Gamble Company, and Swift & Company.

Each of these companies uses a large number of Ford cars and trucks. The Associated Companies of the Bell System use more than eight thousand.

Modern business moves at a fast pace and it needs the Ford. Daily, in countless ways and places, it helps to speed the production and delivery of the world's goods and extend the useful service of men and companies.

Constant, steady operation over many thousands of miles emphasizes the advantages of the sound design of the Ford car, its high quality of materials, and

unusual accuracy in manufacturing. Beneath its graceful lines and beautiful colors there is a high degree of mechanical excellence.

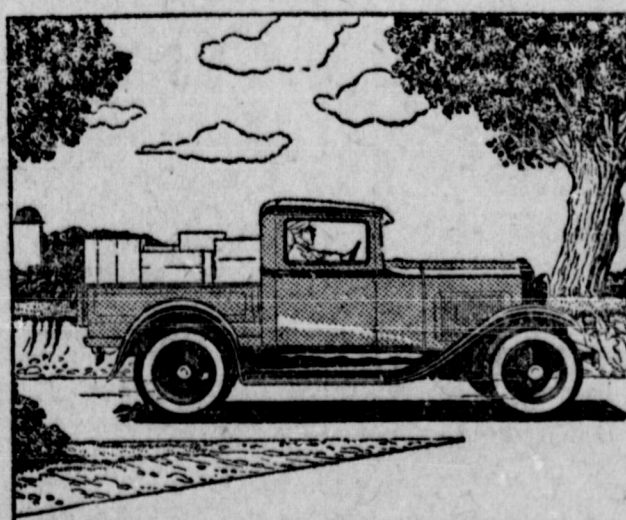

An example of the value built into the Ford is the use of more than twenty ball and roller bearings. They are hidden within the car and you may never see them. Yet they play an important part in satisfactory, economical performance. Their function is similar to the jewels of a fine watch.

Throughout the Ford chassis, a ball or roller bearing is used at every place where it is needed to reduce friction and wear and give smooth, reliable mechanical operation.

At many points, as on the transmission counter-shaft, clutch release, fan and pump shaft, and front drive shaft, these ball and roller bearings are used where less costly types of bearings might be considered adequate.

Additional instances of the high quality built into the Ford are the extensive use of steel forgings, fully enclosed four-wheel brakes, Rustless Steel, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, and the Triplex shatter-proof glass windshield.

The Ford policy has always been to use the best possible material for each part and then, through large production, give it to the public at low cost.

THIRTEEN YEARS MEANS NOTHING TO THIS MAN

To be in one line of business in Clarendon with but two location changes in the same length of time and yet survive is the record that was recently passed by a groceryman of this city. This record leaves S. W. Lowe with the record of long life of a grocer in Clarendon. He also has the record of having been the only store in the city that has not changed name or ownership in the past twelve years.

Another interesting item in connection with the story told a representative of the News was the fact that there are seven people in the city who have paid him a grocery bill for the entire 156 months that he has been in business. At an average amount of \$30.00 each for every month, and some have been much larger, this item alone would amount to \$32,760 of the thirteen years.

It will be recalled that Mr. Lowe first served in the Clarendon Public Schools of the city as Principal. He tired of this line of endeavor and began looking for a location for his future home. He selected Clarendon only after he had visited Plainview, Lubbock, Slaton and many other towns in this immediate section of the state. He has seen the number of groceries in Clarendon grow from a small number to one too large for the town to support. He has again seen the number diminish until at the present time there are no really small stores in the city and all of them are making a living wage from the work in their places of business.

Mr. Lowe failed to state if he planned to remain in this same line for an equal number of years, but it is assumed that he will do that if he continues in the favorable light he now holds among the grocery buying public of Clarendon and the surrounding territory.

SATURDAY IS FLAG DAY ALL FLAGS TO BE OUT

Attention of the business men of Clarendon is called to the fact that Saturday, June 14th, is Flag Day. The American Flag should be displayed at all times during the day and the business men are asked to see that they have their flags out.

LOCAL MEMBERS OF LEGION TO ATTEND SLATON MEET

A number of the members of the Aubyn E. Clark Post of the American Legion are planning to attend the Eighteenth District Convention at Slaton this coming Sunday. A special train is to be run out of Amarillo for the event and advance publicity indicates that a large number will make the train from all Posts in this section of the state. Pampa will join the train at Amarillo. Hereford will put a large delegation aboard at Canyon and the Plainview delegation will join the special at their home city. Members of the local body who have not signified their intention of going will please notify Ralph Andis tonight that they may make the proper reservations in Amarillo tomorrow. The train is scheduled to leave Amarillo at 7:00 a. m. and will reach Slaton at 9:35. The return trip will probably be started from Slaton about the same hour in the evening.

Cabbage the Enemy of Fat

By CAROLINE R. KING

ALL the world is dieting these days—it's the fashionable thing to do—a few fortunate persons are hoping to put on a bit of weight, but the great majority of mankind is strenuously working to lose anywhere from five to thirty-five pounds of too solid flesh.

For these overly weighty ones nothing could be more effective than a diet which includes plenty of cabbage, for cabbage is a foe to fat, and at the same time it is an important vegetable, being distinctly valuable for its vitamins, mineral salts and bulk.

Eat a cabbage every day and you will surely keep the pounds away—eat it raw preferably, but if you prefer it cooked there are a great many interesting ways of preparing it, just as there are many interesting varieties of cabbage.

There is the early cabbage which grows quickly and matures early, is rather loose leaved and of a delicious green which color it retains even after cooking. A small packet of early cabbage seed will produce a large number of easily raised plants. The latter variety is known as winter cabbage—this is the white firm kind that keeps all through the winter and is so fine for making sour kraut, cole slaw and for boiling.

Red cabbage is not so generally known, but it is delightful for pickling and also for cooking in special ways. Savoy cabbage is the curly sort, and Chinese cabbage a sort of celery cabbage which is delicious when cooked like cauliflower. Brussels sprouts resemble miniature heads of cabbage and are the aristocratic members of the cabbage family; contrary to general opinion they are easily grown. A little seed

will produce from two to three thousand plants.

Sweet and Sour Red Cabbage makes a tasty luncheon dish. Shave a firm head of red cabbage very fine and place it in a frying pan with just enough butter or other fat to keep it from sticking, add salt and pepper to taste, stir often and cook in the fat for three or four minutes. Then add a tablespoonful of sugar and 2 tablespoonfuls of vinegar, cover closely, cook fifteen or twenty minutes. Just before serving add ½ cupful of sweet cream and sprinkle over with ½ tablespoonful of celery seed.

Cabbage Salad—Shave a firm head of white cabbage finely, then drop in very cold water to crisp for an hour. Drain and wipe dry and serve with a cold or hot dressing, or with mayonnaise or French dressing. For variety add chopped chives, celery, shredded pineapple cooked and shredded beets, peanuts or almonds.

A tasty dressing for cabbage salad is made by mixing together 1 teaspoonful of salt, dash of paprika, 1 tablespoonful of sugar, ½ teaspoonful of mustard with one beaten egg. Turn into the double boiler and add ½ cupful of hot milk and a tablespoonful of butter, cook till thick, then whip in gradually ¼ cupful of hot vinegar. Chill for a cold dressing or use hot with a hot salad.

Cabbage With Sour Cream Dressing is another unusual but most savory dish. Cook the cabbage as usual, and when well drained chop it fine. Then season with salt and pepper and pour over it a dressing made by heating together one egg, half a cupful of sour cream and one-quarter cupful of vinegar; then add a tablespoonful of melted butter. Bring just to the boiling point and serve.

EQUALIZATION BOARD FOR COUNTY MEETS JUNE 19-20

Cards have been mailed those citizens of this county whose valuations have been changed notifying them of the meeting of the Commissioner's Court on June 19 and 20th for the purpose of acting as a Board of Equalization. Tri-State Fair To Open Doors Completely Remodeled This Year

MUCH TIME AND MONEY BEING EXPENDED TO MAKE EVENT MORE ATTRACTIVE THAN EVER BEFORE TO RESIDENTS OF THIS SECTION OF THE STATE AND ADJOINING STATES. TO AGAIN HAVE FREE GATE THIS SEASON

AMARILLO, June 12.—The Amarillo Tri-State Exposition will be held this year, September 22 to 27, inclusive, in "dressed up" surroundings.

Between thirty and thirty-five thousand dollars will be spent improving and beautifying the home of the Tri-State fair before the exposition opens in September. The work is already under way.

Construction of an automobile building—the first permanent structure to be erected—will be the biggest item of cost, but will be smaller than other projects in adding to the appearance of the fair grounds. Contract for this building was let last week at a bid of \$22,034.00.

Specifications call for a building of brick and tile, with steel framework and a concrete floor, making it fireproof. Its dimensions will be 120x150 feet, and so constructed that it may be added to when more room is needed. This building also will house the annual tractor and implement show each spring.

The two cattle barns and the hog barn are being enlarged and improved at a cost of approximately \$3,500.00.

But of greater outward attractiveness will be the repainting of all buildings, whitewashing of the race track fence, planting of trees and grassy spots, and other improvements that are under way.

Exhibits this fall will be placed in halls freshly painted white and striped with red, as they were originally painted. The old grandstand and water tower will be included in the campaign to make the fair park attractive. New metal signs already have been hung to make the entrances to each building, and a new sign has been placed at the entrance gate, announcing the dates of the free fair.

Of no little interest is the new Potter County Zoo, immediately to the left of the main entrance. Although the zoo is small in comparison with others, it is a new attraction, and now contains 40 or 50 animals. This number will be greatly increased by fall time. The county has spent \$4,500 on improvements for the zoo. One of the entertainment features will be the Beckman & Ger-

Mr. and Mrs. Meade Haile motored to Borger Sunday afternoon.

Mrs. Mattie Ralph and her daughter, Miss Wanda Ralph of Farmersville, Texas, and Mrs. Geo. Duggan of Gainsville are house guests of Mrs. C. G. Stricklin and Mrs. Wm. Gray.

Earl Parker from the city of Memphis was in Clarendon Monday of this week looking after the interests of the Donley County Motor Company in the absence of his brother, Arthur.

O. T. Smith spent Wednesday with his father in Amarillo, who was recently injured in an auto accident. At last report the old gentleman was resting as easily as was expected.

Milk production of dairy cows can not be increased above the normal by the use of and drug or combination of drugs, says the veterinarian of the Food, Drug, and Insecticide Administration. When decrease of milk production is due to disease the use of a nostrum instead of proper treatment may prove exceedingly costly to the owner of a dairy herd.
