State Engineer Reiterates Hi-way Offer

City Will Enjoy Lowest Water Rate In History Soon

GILCHREST MEETS COURT HERE TODAY

SEVERAL HUNDRED CITIZENS ATTEND OPEN MEETING OF COMMISSIONERS

Several hundred citizens were present shortly after noon today when State Highway Engineer Gibb Gilchrest spoke briefly to the Commissioners Court of Donley County outlining the offer to build unit one (grading and drainage structures) on Highway 5 through the county, if the county will provide right-of-way.

Questioned concerning the formal agreement on such work, Mr. Gilchrest stated that it was the present policy of the department to require counties receiving such offers agree that should they ever vote road bonds they would be charged back with their customary one-third of the cost of complete construction, but that this would be due only in case the people desired to assume the cost by vote, that the project in mind now would be done at no cost to the county except right-of-way, as stated. The clause now in use reads "if and when funds are available", which is merely the technical way of getting around the usual plan of road financing in Texas.

Mr. Gilchrest and Engineer Van London made it plain that the routing of highway 5 was established on the South side of the Fort Worth and Denver railway and would run close up to the tracks in Hedley and Lelia Lake if the present offer was accepted. The court was asked to make its decision within thirty days.

A crew of engineers would be placed in the county to begin work preliminary to construction within ten days after the Commissioners Court had notified the department that it would provide the right-of-way.

Final disposition of the proposal will probably not be made until the county judge returns from his vacation next week.

Mrs. O. T. Smith, Mrs. W. C. Thornberry and Mrs. Blanche Oden returned on Friday from Abilene where they had attended a Convention of the Woman's Missionary Auxiliary of the Methodist church.

LEAGUE WINNERS VISIT ROTARY CLUB

JAMES C. MAHAN DISCUSSES REFORM BEFORE ROTARIANS FRIDAY

Rotarian J. W. Evans, chairman of the Vocational Service committee of the Rotary Club, was in charge of the program for last Friday and presented a varied and interesting offering. Aubrey Brady and Bobby Boston, both winners in the County Inter-scholastic League Declamation Contest appeared before the group and delivered their declamations which they will offer in the District Meet at Canyon this week end. Each of the boys showed real talent and received a fine hand at the conclusion of the declamations.

The speaker of the day was James C. Mahan, District Attorney, who gave an interesting and well prepared talk on Judicial and Court Reform. Incorporated in this was the need of reducing expenses, speeding up actions and to get the court in position that it will not defeat the matter in hand.

Rotarian W. D. Orr from Memphis was a visitor making up his attendance for the week.

Nomination of new officers is scheduled for this Friday's meeting with the election taking place on the first Friday in May.

JO VETA WILSON "MISS CLARENDON"

HUGE CROWD WITNESSES CONTEST OF CLARENDON'S MOST BEAUTIFUL

Miss Jo Veta Wilson, striking brunette, was declared the most beautiful girl and accorded the title of "Miss Clarendon" Friday evening at the Pastime Theatre when 48 of the city's loveliest young ladies vied for honors in Clarendon's first annual beauty contest with Misses Obie Crabtree and Betty Weatherly selected maids of honor.

Each business firm was represented by a charming bit of femininity and all received a fine round of applause from the capacity crowd. Never in the history of the city has there ever been assembled together such an array of beautiful girls as Friday evening. All the various types of beauty were present and satisfied the appetites of a most discriminating audience.

Following the splendid feature picture, "The Final Edition" the contest candidates marched down either side of the theatre into wings back of the stage to the fine music of a unit of Gus Stephenson's orchestra.

T. D. Nored was master of ceremonies, and handled the event with finesse which was pleasing to every one in the audience. The popular utilities manager kept the crowd in the best of spirits with his steady flow of humor, and also served as announcer for the beauties as they appeared upon the stage. The handsome loving cup presented to Miss Wilson was a gift of the West Texas Utilities Company.

The candidates were first marched upon the stage in groups of ten and then marched back across individually for the out-of-town judges to better form their opinions. Each of the beauties carried large placards bearing the name of the firm which they represented. Little Miss Geraldine Clayton, Charming daughter of Mr. and Mrs. Roy Clayton, held the cards as the girls paraded the stage unaccompanied.

Following the appearance of the entire group of judges collaborated several minutes before reaching a conclusion as to who would be selected as the seven charming Misses to reach the finals. These were Misses Marjorie White, Carroll Holder, Betty Weatherly, Lillian Murphy, Jo Veta Wilson, Obie Crabtree and Leatrice Benson. Another hurried conference was called by the judges and finally Misses Jo Veta Wilson, Obie Crabtree and Betty Weatherly, Misses "Bon Ton Confectionery", Phillips 66 and "Clarendon Beauty Shop" respectively were called back to the stage for the third time. The crowd was in suspense while the program

LIVE AT HOME MOVE STRESSED

COUNTY AGENT AND BANKERS CONTINUE FARM PROGRAM IN DONLEY

According to W. H. Patrick, key banker of Donley County in the state agricultural extension set-up, the "live-at-home" movement in Donley saved the situation here last year, and every effort is being made this year in a follow up movement to guarantee unanimous adoption of the plan this year.

County Agent T. R. Broun, reports that there will be general acceptance of the plan of intensive gardening on all Donley County farms this spring, and that large acreage of feed will be planted as last year.

The bankers of the county have joined in again on the program launched last year, urging farmers to plant gardenstuffs and plenty of feed, raising their own meat, with ample supply of butter, eggs and milk, with a large canning program of surplus vegetables and meats.

Last summer Donley County farmers carried on a system of barter with wheat farmers of the plains country, in which literally thousands of dollars worth of corn, peas, beans, tomatoes, etc., were traded for wheat which was used in providing flour for the fall and winter.

A good rain has fallen in the Brice country, with showers in other sections of the county, and promise of future moisture makes it especially timely now for the planting of corn for early roasting ears, and the general planning of a varied and plentiful garden, so the bankers of the county are again urging that every farm home, and every other home possible, plan and work to live at home again this year.

Mr. Patrick says plenty of feed means well fed stock, with more milk and butter, fatter hogs for home use and marketing, and more eggs and heavier fryers for sale. "It may be," he said, "that hogs will not sell for the price we would like to receive, but ham and bacon will taste just as well at low market price, as at former levels—the main thing is for our people to live at home this year even more so than they did last year."

County Agent Broun says that chickens are still a source of profit and recounts the while he was filling a blank for a government loan for one farmer the other day, another came in to report that he had paid his living expenses through his chickens and eggs, even at the low prices.

The banks in Clarendon recently consolidated their advertising space in The Clarendon News to publish their joint letter to the farmers on the recommended live at home program for this year, as promulgated last year.

O. W. Latson Is Named on Board

At a meeting of the school Board last week the resignation of W. M. Montgomery was accepted and O. W. Latson was appointed to fill the vacancy on the Board throughout the unexpired term. Mr. Montgomery was forced to retire from the Board due to press of other business which demanded his attention. He was one of the carry-over members in the recent election and has been a faithful and useful servant of the school and community.

Mr. O. T. Smith returned to his work in Ft. Worth on Friday evening after having spent a time with his family here.

Miss Mary Stocking spent the past week end with her mother, Mrs. J. D. Stocking. Miss Mary is an instructor in the Panhandle Public school.

LOW WATER RATES GO INTO EFFECT

NEW RATES ARE LOWEST IN HISTORY OF CLARENDON. START MAY 1ST

Clarendon citizens will enjoy the lowest water rate ever made in the history of the city this summer according to the announcement from the city offices. The minimum rate will continue at \$1.50 up to 3,000 gallons. The new rates will be found to total 30 cents per thousand gallons of water used in excess of the first 3,000 up to 5,000 gallons. This will enable the consumers to use 5,000 gallons of water for the nominal sum of \$2.10. Above the five thousand gallons a charge of 20 cents per thousand gallons will be made for each additional thousand.

The new rates will be effective May 1st and will appear on next month's statement. It is believed that this lowest rate ever made in Clarendon will tend to make the citizens use more water and from that it is reasonable to expect that this year will find more beautiful lawns in Clarendon than in previous years.

MANY RELATIVES VISIT IN W. T. LOWE HOME

The past month has been all but a family reunion in the home of Mr. and Mrs. W. T. Lowe. Eight of their ten children have been with them since March the 20th. Mrs. T. D. Thomason of San Francisco, California; Mr. and Mrs. J. D. Farror of Melrose, New Mexico; Mrs. Everett Beggs of Enid, Oklahoma; Mr. and Mrs. Hubert Brown, Mr. and Mrs. Sam Lowe and family, Mr. and Mrs. Walter Lowe and family of Miami, Texas; Mr. and Mrs. Roy Broadway and family, Mr. and Mrs. Jesse Lowe and family of Miami, Texas. The two missing are Mr. and Mrs. Fred Lowe and family of New Orleans, Louisiana and Mr. and Mrs. W. O. Bower and family of Port Arthur, Texas.

Seven years ago Mr. and Mrs. W. T. Lowe had a family reunion with all ten children present and this occasion has given them much joy to have as many as eight with them.

LIONS DISCUSS LADIES' NIGHT

LION O. C. WATSON MAKES REPORT ON LUBBOCK DISTRICT CONVENTION

Another one-hundred percent meeting was registered by the Clarendon Lions Club Tuesday at its regular meeting with only one more luncheon to make the perfect attendance before winning the contest which entitles the club to a number of worthwhile prizes. Lion Patrick announced Henry Anslay would be in the city and county Wednesday for the purpose of enlisting members in the Panhandle Historical Society. A drive is being made over the entire country in an effort to raise several thousand dollars, the money to be used in constructing a museum building for the society at Canyon. All the Lions were urged to help in this movement as much as possible.

Lion Watson made a very interesting report on the Lions District Convention at Lubbock giving a complete resume of the events as they occurred from the time of leaving the city here to the time the session ended. He complimented the Lubbock citizens for their courtesy and commended the organization for the splendid way in which the convention was run.

ADDING SUCCESS TO SUCCESS

Bankers of Donley County joined with bankers of nearby counties last year in a movement to induce the farmer of this country to raise garden truck for his own table and for sale or barter, while he was raising his plenty of feed for his teams and to feed out to stock, hogs and chickens. Added to this was an extensive canning program to provide for the table through the winter months.

This program was so generally adhered to that a prominent local banker declared that the live-at-home movement saved the situation in the face of almost disastrous certainty. So, all in all, 1931 was a success from the live-at-home standpoint.

Now, again, in 1932, the bankers, the county agents, the newspapers—every agency—is urging the continuation and extension of the same policy. Here in Donley County the farm demonstration agent says it will be practiced unanimously, and we indulge in the hope that it may be practiced even more successfully this year than last, considering the experience and knowledge gained in 1931.

It is true that there must be a loosening of credits and finance from the top, but it is correspondingly true that the economic system and practices at the bottom—among the producers—must be adjusted to the soundest economic basis if we are to realize a satisfactory recovery this year and next.

So, if our farmers are determined in 1932 to live-at-home, along the lines suggested, they are merely adding the success of this year to the already realized success in that movement in 1931.

Success added to success, is success plus

A LITTLE MORE TIME, PLEASE

The News is hopeful that the state highway department will give Donley County a little more time in which to lay down certain prejudices of disposition, method and location—just a little more time in which to realize that it now has the most generous, most timely offer ever made, and enough more time to accept the offer as outlined by telegram and letters from Chairman Ely and the engineer in charge of this division.

Today the county is visited by the State Engineer, Mr. Gib Gilchrist, and it is earnestly to be hoped that there will be no further disposition to discount the offer of the department after he has made his statement and answered such questions as will be asked him.

The News cannot but believe that the Commissioners Court will recognize the importance of prompt action in meeting the requirements of the offer from the department. The proposition is so plain, so fair, so generous, that surely a little more time will show it in its true light to every honest doubter.

A little more time, please, until we can see the doughnut—and forget the hole.

BETTER PRICES FOR WHEAT AND COTTON

In the midst of many experienced observers there is a growing feeling of confidence that wheat will bring about forty cents this summer, and that cotton will bring at least eight cents this fall.

Forty cent wheat and eight cent cotton, would have brought nothing but gloom a few years ago, but in the good year of 1932, with the cheapest crops being raised in forty years, those price levels sound like prosperity spelled with a capital P.

One prominent grain man told this writer last week that forty cent wheat this season was equal to a dollar wheat two years ago, which must be about correct. Likewise eight cent cotton would be the equivalent of fifteen or sixteen cent cotton two or three years back.

Anyway, it looks like we are to have better prices for wheat and cotton in 1932, which means better prices for other farm commodities, and better business all around.

AL AND FRANKLIN AIDING GARNER

With the breach between Al Smith and Franklin Roosevelt steadily widening, and their differences growing more bitter, it is becoming more apparent that they are unwittingly giving aid and comfort to the chances of success for Hon. John Garner of Texas.

Most Texans realize that Mr. Garner's hope of winning the Democratic nomination for the presidency at Chicago, lies in the probability of a dead-lock between Mess. Smith and Roosevelt—a hope that those gentlemen from New York have certainly brightened in the last week.

TO THE CITIZENSHIP OF DONLEY COUNTY:

In Making this formal announcement to the citizens of Donley County of my candidacy for re-election to the office of District Attorney of the 100th Judicial District of Texas, subject to the Democratic Primaries, I wish to thank the people of this county for the splendid support and co-operation they have accorded me in the past, and if it is the will of the people of this district that I shall be returned to this office for another term, I shall put forth my best efforts, as I have in the past, to give you the maximum in law enforcement at a minimum of expense to the tax payers.

You who are not familiar with my past record and the manner in which I have conducted the affair with my past record and the manner in which I have conducted the affairs of the office, I invite to make a thorough investigation of same, and to all I ask a fair and thorough consideration of my candidacy and, if you deem me worthy, I shall greatly appreciate your support.

I shall endeavor to see as many personally between now and the coming primary, as the duties of the office will permit.

Respectfully submitted,
Jas. C. Mahan.

A color motif of green, so popular this season in everything, was effectively used by Mrs. P. L. Chamberlain when she was hostess to members of the Friday Bridge Club and a few invited guests at her home Friday afternoon.

A lovely salad course embodying the green motif was served from tables covered with dainty green luncheon cloths.

Present for the afternoon's playing were mesdames Floyd Lumpkin, C. E. Miller, Frank Stocking, Forest Taylor, Forest Sawyer, Ira Merchant, and John Sims Jr.

IN SOCIETY

Recent Bride Honored

Among the truly lovely and pretty affairs of the social week was the shower given by Misses Josie Mae Davis and Edna Montgomery at the home of Mrs. Joe Bounds on Thursday, honoring Mrs. Glen Allen, our most recent bride.

The bride's chosen colors, yellow and white, set the color motif for the afternoon. Varied colored sweet peas were effectively used in the color scheme with a brilliant rainbow extending over one end of the living room and as the fable goes a pot of gold will be found at the end of the rainbow should one search long enough. Mrs. Allen found this fable partly true in her special case for as she searched she found not a pot of gold but something as precious, a show of gorgeous linens.

After each package had been opened an admirer of a lovely afternoon luncheon in which the color scheme, yellow and white, was cleverly used was served. Plate favors were hearts of yellow tied with white ribbon making them appear as one.

The guests present were Misses Lois and Wylla Lee Alexander, Elgin Patrick, Luree Burson, Mary Howren, Frances McMurtry, Doris Smith, and Mildred Allen.

Mesdames Dick Allen, Jasper, Clifford Davis, Katherine Stark, Durwood Skelton, Joe Bounds, Arthur Arnold of Silverton and the honoree, Mrs. Glen Allen.

MacDowell Club Elect Officers

Meeting in the ladies club room on Saturday evening for the last joint meeting of the club year members of the MacDowell Club elected officers for the ensuing year which were as follows:

President, Mrs. Frank Heath; Vice-President, Mrs. Rayburn Smith; Secretary and Treasurer, Miss Anna Moores; Representative to County Federation, Miss Eva Draffen; Director, Mr. Sam M. Braswell; accompanist, Miss Mildred Martin; assistant accompanist, Miss Fray Stallings; Reporter, Mrs. R. Wilkerson.

The business session was presided over by Mrs. Tom Goldston who has served the club so faithfully during the past year as president, guiding the club in a very commendable manner.

The club has expanded this year taking in those interested in the finer arts and has sponsored a Jr. MacDowell Chorus at the Jr. High building which has been ably directed by Miss Helen Martin and a double quartette, composed of pupils in Clarendon College. This feature has been under the directorship of Miss Anna Moores, who has devoted much time and thought to this work. Miss Fray Stallings

has been the efficient accompanist for each of these associate organizations and to her goes much credit for their success.

A program on Texas Music and Composers was presented at the conclusion of the business for a very appreciative audience.

The members of the chorus feel deeply indebted to Mr. Sam M. Braswell who has directed them during the past year, giving lavishly and unselfishly of his time, laboring diligently in their behalf and they are looking forward with much pleasure to their work with him next year.

Mrs. F. C. Johnson and mother, Mrs. H. C. Reed, and Mrs. T. F. Hannon of Wichita Falls, a guest of Mrs. Johnson, motored to Groom Sunday where they spent the day with Mrs. Cornett a friend of the family.

SHAMROCK TO BE GOLF FOE SUNDAY

HILLCROFTERS WILL TRY TO CONTINUE FAST PACE ON LOCAL COURSE

The Irish are coming. In fact the entire Shamrock Golf Club is planning on invading the local pasture this Sunday afternoon for the avowed purpose of avenging the walloping received from the Hillcroft players last season. Incidentally this match will open the Cap Rock Golf League play for the visitors who will be attempting to get off to a flying start with a victory of some dimensions over the local entry. Clarendon will be tasting her second bit of competition, having set the Pampa golfers down on their own course last Sunday with a 17 to 7 match massacre.

The visitors will be somewhat handicapped by the fact that three of their best players are enrolled in Texas Tech and very probably will not be able to join their home club for participation in the match play. However, Shamrock has always been one of the hardest clubs in this section to defeat and will give the followers of the diminutive white sphere plenty of cause to talk to themselves a time or two before the issue is settled.

It is always a pleasure to have the Shamrock golfers as guests of the local club, and Clarendon players are anticipating one of the most enjoyable inter-city matches of the year. Play will begin about 1:30 p. m. Sunday afternoon and all matches will be counted in the team standing in place of the usual 15 man team. This concession by the league has been made to the Shamrock club upon its request.

Already those boys are meeting the ball on the nose with plenty of power, as indicated by the score of the game which I think they won by something like 18 or 20 to 2. Only one or two weak places were noticed in the line-up and with these filled it's going to be a hard job to stop those lads out north of the river. Vodie Clemmons is already chunking the horsehide past the batters while they wave their budgeons where they thought these spheres should have been. Then with Bennett, Blanton, Blackman and the Seago boys on the club a consistent and hard hitting nine is assured. It's a great team, watch them this summer.

It is rumored that the annual fever has hit a number of the boys in town and plans are on foot to organize a city team. That Dude Gentry, T. D. Nored, or Jack Killough might be induced to take the helm of such a club. The only way a team can be

organized in Clarendon is by some person of the above type to take charge and win the confidence of the local people. It has been tried here for years and the record of the teams does not command the respect of the citizens. If it's done right we're for it, if not— It ought to be decided though pretty soon.

If you can't go to the entertainment at the Junior High School next Thursday afternoon at 2:45 o'clock where the Kline Duo is presenting a program you can do a good turn by buying a ten cent ticket from a Junior High student. The proceeds will be used to finish the tennis courts for the students of the junior school. Do your duty and purchase a ticket.

I didn't know Clarendon had so many pretty girls 'till last Friday night at Brother Mulkey's cinema emporium. Whew, I sure did get nervous before those girls left the stage for keeps—the blood pressure is a little worse this week than before too. Anyway this folk, that sure was a pretty bunch of girls and many congratulations to all 'em and especially Jo Veta, "Miss Clarendon" and her maids-of-honor, Misses Obie Crabtree and Betty Weatherly. But I'm off the judges, I know Miss Clarendon News should have won a place in the money. We'll choose her again for the next one.

In the old days when boys in New York City, obliged to play in the street because of lack of playgrounds and Boy's Clubs, saw the police coming, they would yell:

"Cheese it, the cops."
Not so today. Now they cry:
"Play ball."
Why?

Because of the work of representatives of the Crime Prevention Bureau of the New York Police Department, who have organized neighborhood baseball leagues and are encouraging boys to spend part of their time in formally organized and housed Boy's Clubs.

No one knows better than Police Commissioner Mulrooney of New York that the boy who is placed

BRONCS TIE PAMPA FOR SECOND PLACE

INVITATION MEET WON BY AMARILLO SANDIES AFTER GREAT EXHIBITION

The Clarendon High School Bronchos tasted their first defeat of the year in track and field competition last Saturday when Amarillo's Golden Sandstorms finally nosed them out in the final events of the Amarillo College first Invitation Track Meet 34 to 26. Pampa by virtue of their second place finish in the final event of the meet pushed into a tie with the Bronchos who were leading the Harvesters three points at the start of the mile relay. It was the greatest exhibition of track and field events ever held in Amarillo with Clarendon battling Amarillo's champions throughout the day for top honors and leading until the later stages of the program.

Loyd Martin took high point honors in the field events with two first places, winning the discus and high jump. For his excellent performance he was awarded a gold miniature track shoe. The Sunday Amarillo Globe-News carried the story and stated that Clarendon won third place in the meet with Pampa taking third place. However, taking the score sheet and totalling the points one finds that Pampa only

amid wholesome surroundings is a good citizen in the making. When subject to various environment he is a potential criminal. In presenting his annual report to Mayor Walker, Commissioner Mulrooney called special attention to a problem that has caused increasing concern in recent years—the extreme youth of the majority of offenders against the law. Boys' Clubs are an effective means of checking juvenile crime. They are deserving of liberal public support.

registered 26 points in place of 27 as stated in the Amarillo paper.

The mile relay was the final event of the day and upon it rested the decision of first, second and third places. Reavis ran a beautiful quarter to give Martin, who was running the relay his initial time, a five yard lead. However, the local star was unequal to the strain and finished far behind, and with it went the Maroon and White's chances for victory.

The summary for the meet:
100-Yard Dash—Caldwell, Farwell; Kahl, Pampa; Williams, Amarillo; Reid, Clarendon. Time, 10.2.

And now to get a little off my chest about the treatment Clarendon receives from Amarillo and especially the Amarillo Globe-News. Are you listening, Jerry, T. E. Johnson, and officials of the Amarillo College Invitation track meet?

First, I want to say this—I'm wrong I apologize—but try to remember back and see if it isn't correct. Why is it Clarendon doesn't get the same play in the Amarillo Globe-News that the other Panhandle cities enjoy? Last football season it took some jolts to get even complimentary write-ups from the sports staff of that paper concerning the Broncho's activities on the grid-irons. And now, Amarillo Daily News the folks down our way are a bit hurt over the report of the track meet in your fair city on last Saturday, which gives Pampa the big play with twenty-seven (27) points when the tally sheet only shows 26 points was counted by the Harvesters.

Please check up on your summary which appeared in the Sunday paper, Jerry and then please tell me whether you gave an extra point to Pampa for having paved roads or for being the largest school. It's all right with me Jerry, but there might be a few of your readers who didn't take time to count the points (5 for first, 3 for second, 2 for third and 1 for fourth places) who might really believe the Harvesters did make 27 points in place of 26—a tie with the Bronchos. The coaches and the track team also feel an injustice has been done them.

And now Jerry, if your personal scout "Mike" isn't too busy with his bathing beauties or Agnes could you please assign him to find out the real reason from some one just why the pole vaulting event was discarded last Saturday. Yes, we all know and read where the Amarillo paper stated the event was cancelled because of lack of equipment. But we also know that several teams entered in the meet and had brought their own poles and had them on the ground ready to participate in the event. We also know of one or two sporting goods houses in the city limits of Amarillo who would have certainly been glad to furnish a pole to such under equipped athletic teams as the Amarillo Junior College Badges and the Amarillo High School Golden Sandstorms. Clarendon has two pretty good pole vaulters while the Amarillo Sandies and the Harvesters from Gray County, it is rumored, isn't blessed with such men. Eight points would have been a bit embarrassing to a couple of schools

entered in the meet, eh, Jerry? You don't suppose the event was purposely called off, tish, tish—oh my no! How are they going to keep the pole vault event off the District Meet program at Canyon this week end? Oh, well, maybe it'll rain and the Maroon and White thinyclads can't make the trip.

And now, folks, let's hop down to Fort Worth and hunt up our mutual friend Amos Melton and have a chat with him. We noticed your interesting column, "Chips and Chatter", of "Sunday had something about the controversy which occurred last year in the final match of the Green Belt Golf Association Annual Tournament on the local course. We are pleased, up this way Amos, to note you are willing to pass the decision of the U. S. G. A. Rules Committee on to the people. You will receive in the next day or so an issue of The News which carried the decision of the above organization a number of months ago. I have given so many of them away I find the only issue I have is a file copy so when you have finished with it please be so good as to return it to me. Thanks.

The local club had nothing to do with the asking for a ruling on the event. It was done by par. sportsmanship in another member club of the Association without knowledge of the local players. We believe you will agree that the questions were asked in a fair, formal and impartial manner.

Well, here we are with Clarendon trailing Memphis 81 points after the first week of play in the new Cap Rock Golf League. Clarendon downed Pampa 17 to 7 Sunday while Memphis was whamming out a 15 to 4 win over the Childress players, giving them a slightly better average. With next Sunday's hard match with Shamrock it is going to be pretty tough to make up the slack, but Memphis is going to run into some hard matches pretty soon and then— It is a fine move and the team members and the clubs will reap a benefit throughout the summer for the competitive visits.

Drove out to Goldston last Sunday to take a glimpse at their county championship baseball club and did I see an eye-fel.

IN SOCIETY

On Saturday night, April 16, Phillip Smith, Alfred McMurtry, Elery Watson, Byron Haile, Johnny Blocker, and Alex Cooke, entertained a large group of young people with a dance at the Parish House. The music was furnished by a radiola. Part of the time records were played and part of the time the radio was used. When the dancers got tired of these Margarie White was kind enough to play the piano. From all action and appearances, everyone had a very enjoyable evening. Those present including the chaperone were Mrs. B. G. Smith, Mrs. O. T. Smith, Mr. and Mrs. Swan, Evelyn Murphy, Jo Ella Stewart, Maxine, Berkley Ryan, Travis Dyer, Eugenia Nolan, Pauline Sanford, Dorothy Jo Ryan, Vera Nolan, Jean Bourland, Lucille Andis, Marjorie White, Geraldine Pratt, Jonny D. Latson, Price Whitlock, Byron Haile, Mike Stricklin, Carrol Hudson, Elery Watson, Buck McKimney, L. P. Brown, Tony Watson, Benton Smith, Bill Green, Hubert Reavis, T. J. Mann, Bill Word.

JUNIOR REPORT

Last Tuesday of this week, the Juniors celebrated by having a picnic. They were all in favor of going to "Gun Boat." Byron Haile furnished the truck, and everyone piled on it until the old saying "there is always room for one more" could not be applied. When they reached Gun Boat they climbed to their contentment. Every one enjoyed it, and they were hungry when the time came to eat. They were served sandwiches, tea, potato chips, pickles, olives, cookies, and fruit. When they finally reached home, as they called it a "day" you can't say the Juniors never had fun!!!

FIRST YEAR HOME ECS TO EXHIBIT LUNCHEON TABLES

A group of First Year Home Economic students are planning to exhibit two luncheon tables in the show windows of the Kerbow Furniture Company next week. The furniture, linen, dishes, and silver will be furnished by the courtesy of local firms.

One of the tables will demonstrate a bridge luncheon service and the other a luncheon of two courses served family style. The citizens of this community are invited to view and comment on this exhibition arranged by students and their instructor, Miss Morgan.

Palo Duro Literary Society

Browning had the right idea of Spring when he wrote: "Oh to be in England Now that April is here". As you know, it is April here, and judging from the blue of the skies and the green fields all patterned with tiny wild flowers, the birds carolling even while on the wing, and the chirping of the crickets, judging by all these, Nature knows that spring has come at last. With summer comes the thought of picnics and swims, and sandwiches well laden with their inevitable share of sand and yeast—several bites of bread and a bit of meat, of course there must be olives and bananas and a goodly sprinkling of deviled eggs. Without these things a picnic—to be more specific—a summer picnic is a party. You may not ask—but "What is the difference between an April and a summer picnic?" Socratically I reply—"What difference is there between a hot and a pleasantly cooled Coca Cola?"

Picture a scene in which the winding river with its bed of cool, clean sand skirts the foot of the hills with long lazy swirls and curls. The trees with their bursting buds of early green stand out like silhouettes against the graying of the distant horizon. No wind is blowing, even the breezes have closed their game of hide and seek among the blooms of the wild plum thickets. Such was the scene of Gun Boat Mountain on the evening of April 13, when the Palo Durans betook themselves to the hills. Upon their return from their "perfectly perfect" picnic, all adjourned to the home of one of the Palo Durans to enjoy the music of the night.

SENIORS SPEND FRIDAY ON HARDING'S RANCH

In defiance of the sprinkle of rain, we, the Seniors, left for Harding's Ranch about 7:15 o'clock. All were in a gay mood until we reached Goodnight. There one of the cars went to the bad and its occupants had to continue the trip in other cars. But the trouble was not over because the last few miles of the trip had to be made over freshly graded roads. The roads were so bad that we had to travel up on the right-of-way between the fence and the bar pit, but it was only because of the engineering brains of some of the boys that we were able to get the cars down off the field and back into the road. We reached the Ranch about 9 o'clock, and after driving through the Canyon for several miles, arrived at the place where we were to leave the cars. We had a portable with us and there was a dance pavilion there but everyone was so interested in exploring the canyon that the idea of dancing was soon forgotten. After eating an enjoyable picnic lunch in the Devil's Kitchen, we again separated into small groups and started out to explore some more. About two hours after dinner two of the boys started to go swimming, but the water was so cold that

HOME ECONOMICS

A group of the Foods Classes will have an exhibit this week at Lowe's Grocery, showing how cheaply an average family can live for one week in Clarendon. The food selected by the students is abundant in vitamins, containing body building and regulating elements as well as calories. This exhibit has been carefully worked out and it was found that this is about as cheaply as an average family can wisely live at local prices.

Alpha Delta Psi Society Activities

Something a little different was what we Alpha Delta Psians were craving, so we arranged to have some current events on our program last Wednesday at 7:30. Faye Brown found some interesting current events and we all learned something very special about cats and rats. Pauline Slover gave a reading in Italian dialect, "I gotta Love for Angelo". After that the business was discussed and group singing was the feature. Every one enjoyed the singing. The meeting adjourned in the usual manner. We noticed also that the evening was one of exceptional beauty and charm.

The First Year Agriculture Class has been studying about soil, how plants feed, how to select the soil, etc. Also they started a hog feeder, but because of the lack of time they had to let the 2nd year class finish it.

was turned over to Mr. O. C. Watson for presentation of awards and the title of "Miss Clarendon". Mr. Watson made several introductory remarks rather pertinent and rather intimate concerning a number of individuals in the crowd which added considerably to the merriment of the audience. Following this he expressed his pleasure at being allowed to make the presentation of the winners in Clarendon's first beauty contest. Miss Jo Veta Wilson, beautiful daughter of Mrs. Walter Wilson, received the unanimous choice for first place and was awarded the loving cup and named "Miss Clarendon" for 1932. Miss Ohio Crabtree was the choice for the first Maid of Honor and received a fine box of candy as did Miss Betty Weatherly, chosen as second Maid of Honor. Flowers were presented to the winners complimentary from the firms sponsoring the winners.

All the girls were lovely and the judges stated that in no city near the size of Clarendon have they ever seen such an impressive array of beautiful young ladies. It is the plan of those in charge to make this an annual event in the city. Much of the credit goes to Miss Esta Belle Haning for her splendid work and co-operation in planning the event and seeing that it was a wonderful success.

IN MEMORY OF MOTHER WOOD

The passing of our mother and Grandmother leaves a vacancy in our family circle that can never be filled. Death always comes with a shock but the Angel of faith comes to our relief.

Passing out of the shadow into the pure light, stepping behind the curtain, getting a clearer light, laying aside the burden of this weary mortal coil. Done with its tears and toil, tired of earthly playthings, tired and ready to die, Ready to bid her friends farewell and wondering why they weep.

Passing out of the shadow into eternal day. Why do we call it dying, this sweet going away. Having lived her three score and ten and ready to answer the Master's call, who said "come unto me all ye that are weary and heavy laden, I will give you rest.

With an eye of faith we see her in the realms of eternal bliss where sorrow and disappointment will never more mar her pathway. To all of her loved ones let's say, "we can not bring her back but we can go to her." A Grandson.

Misses Mary Cooke, Loraine Patrick, and Nettie Sims were week end guests of Mr. and Mrs. John O. Maberry of Sayre, Okla.

She had complained of feeling badly throughout the day, but no one thought there was cause for alarm, as Mrs. Wood had often suffered slight heart attacks.

She was born Caroline Wade Ratcliff December 20, 1857 in Webster Parish, Louisiana. She moved to Limestone County, Texas with her parents in 1874 where the family home was situated for a number of years.

Mrs. Wood was converted in 1879 and joined the Sand Creek Baptist church in Limestone County. Since that time she has been true to her faith and has lived a devoted christian life, serving her Father each day in an unselfish manner. Not only the people of Martin and Ashtola have lost a wonderful character but the entire county will feel the absence of Mrs. Wood.

She was preceded in death by her husband on February 5, 1926. Those left to mourn her passing are a daughter, Miss Della and five sons, Elton of Memphis and Arthur, Oscar, Lonnie and J. D. all of Clarendon. Two brothers, two sisters, and twenty-three grandchildren and twelve great-grandchildren also survive the deceased.
