## Tri-State Field Trials Here Next Month

### DOG DERBY TO BE HELD HERE SOON

SEVERAL HUNDRED DOGS AND SPORTSMEN WILL COMPETE HERE IN MARCH

A sporting event of unusual scope and importance is to be held with Clarendon as headquarters, according to advices received here by Secretary Manager, G. L. Boykin of the Clarendon Chamber of Commerce, when the Tri-State Field Trials is run near here in late March.

J. C. Dickey, Jr., accompanied by other sportsmen came here several weeks ago and began negotiations with the Chamber of Commerce officials for staging the event in some ranch near this city, and after looking over a number of other counties, announcement was made here the first of the week that Clarendon had won the meet for 1931.

There are two ranch properties under consideration at the present time and one will be decided on in a few days. Both are in easy driving distance from Clarendon and it is expected that several hundred dogs of royal blood in the Southwest, backed by hundreds of loyal owners and fans will be here for the trials. Five hundred pairs of birds will be turned loose in the property shortly before the trials are run. Dates and details of this big sporting event will be announced in a few days.

### FORMER CLARENDON GIRL TO MARRY IN CALIFORNIA

The News is in receipt of the announcement of the coming marriage of Miss Meta Blackwell to Mr. John Brady Buckner, Miss Blackwell is the only daughter of Mr. and Mrs. Cuba Blackwell and made her residence here until some seven years past, when she moved with her family to San Bernardino, California, where they are now making their home.

### KIDDIES MILK FUND GETS MORE CALLS

SEVERAL ADDITIONAL FAMILIES BEING SERVED MAY CREATE DEFICIT

With several additions to the milk deliveries under the Kiddies Milk Fund this week there is a chance that March 1st bills for service will bring about a deficit in the fund. Only one contribution was received to the fund this week, but it was a substantial one and will help in averting the deficit, which The News guarantees will be taken care of.

Balance reported \$23.31  
Episcopal Auxiliary 5.00

Total \$28.31  
In addition to the milk being delivered by the dairies there is a quantity of milk being donated by people who have a surplus. This milk together with the daily deliveries of three dairies, runs the monthly distribution considerably over three hundred quarts.

If you can spare a dollar or two to help in the Kiddies Milk Fund, it will be appreciated by the kiddies helped, and The News will see that you get proper credit for your aid.

### Legion Post To Meet Tuesday Eve

The regularly announced meeting of the Aubyn E. Clark Post of the American Legion will be held as advertised on Tuesday evening of the coming week. At this time, the membership of this body will discuss the recent passage of the compensation act and will hear from the service officer, information that will enable all men to secure their full share of the certificates now extant.

In addition to this, plans for the coming months will be taken under advisement and some announcements made that will be of interest to every ex-service man in the community.

### Play Tuesday Eve Is Well Presented

"The Goose Hangs High", presented Tuesday evening of this week by the Little Theatre Players of this city, was one of the best received and well liked plays that has been given by this body since its organization here last season.

The entire cast was well placed and each member acted his part with a freedom that is seldom seen in amateur players.

The house was well filled with an interested audience, who gave their approval of the production by their intense concentration and applause.

A final accounting has not been made, according to business manager C. C. Powell, some of the assisting clubs having not turned their finances to him as resulting from the sale of tickets before the performance. The proceeds from the play will be used to apply on the balance due on the curtain placed in the College Auditorium as the first activity of this organization.

### CITY PARK WORK IS MAKING GOOD HEADWAY

Terracing work following the building of the rustic steps at the City Park site at the head of Kearney street is going forward at a satisfactory rate under the direction of Mr. Steagall, representing the Park Board.

Effort now is being made to secure a concrete walk from the corner of the block through the park gate and connecting with the steps, and probably further work in starting a channel for the confining of ordinary flood water in the lower levels.

### Leaguers Plan Institute Here

The members of the Epworth League of the Clarendon District will have their District Institute in Clarendon on March 4th to 8th, inclusive, according to announcement received from local league officials.

All four departments of the League will be given due attention at this time, with teachers having been selected to teach each of the four divisions. A fifth course, that of parliamentary procedure has been added to the course and may be said to be one of the most popular of the entire group.

The first department will study, "The Adventures of Prayer Methods" and will be taught by Miss Irene Franklin of Groom.

The second department will study, "Whither Bound in Missions" and will be taught by Mrs. C. A. Burton of this city.

The third department will study, "The Social Principles of Jesus", with Rev. W. R. McPherson as instructor.

The fourth department will study, "The Church at Play", and will be led by Mrs. W. R. McPherson.

The department to study Parliamentary Procedure will have J. R. Porter as instructor.

The sessions of the institute will be held in the Methodist church and will start at 7:30 each evening with two forty-five minute periods for study and a twenty minute recess between the periods. The latter half of the four departmental study periods will be given to a study of "Methods". A registration fee of 25 cents will be charged to defray expenses of books and other details.

The institute is open to young people of League age in any church and the local leaguers are inviting them to join them in the study of the book or subject of their choice.

Mrs. J. E. Mongole and her daughter, Miss Mabel, have returned from Dallas where Miss Mabel underwent a serious operation on the eye. We are glad to report she is doing nicely.

Mrs. Cecil Longley and little Doris Gene have just returned from a visit to the lady's parents, Mr. and Mrs. G. L. Forrester of Seymour. Miss Hackley, an aunt, returned with them for a few days visit.

### GEO. WASHINGTON IS MASONS' THEME

LOCAL BLUE LODGE HONORS WASHINGTON IN WEDNESDAY NIGHT PROGRAM

With Deputy Grand Master Dr. H. E. Nicholson of Wheeler as the principal speaker, the Clarendon Masonic Lodge held a meeting Wednesday night honoring George Washington, the man and the Mason, as has been the custom for many years.

About seventy-five Masons were in attendance including the visitors, and short addresses were made by Co. Supt. Miller of Wheeler County, Supt. Maxwell of Hedley, Messrs. Burton, Connally and Murrell besides the address of the Deputy Grand Master.

After the educational and inspiring program light refreshments were served the gathering, Homer C. Parsons, Worshipful Master, and H. B. Kerbow, past Deputy Grand Master, were in charge of the program.

### GROOM HONORS CLARENDON GIRL AS STOCK SHOW QUEEN

Friends of Miss Athlyn Taylor, charming daughter of Mr. and Mrs. W. W. Taylor of this city, will be pleased to hear that she has been chosen to represent the city of Groom as its representative at the Queen's Pageant to be staged during the Amarillo Fat Stock Show in the near future. Miss Taylor is a member of the Groom High School faculty and has proven to be quite a popular addition to that city as this latest honor signifies.

With the selection of Miss Taylor Clarendon will boast of three of its most charming young ladies having part in the exposition's social event.

### CITY OFFICIALS ASK FOOD HELP

MAYOR WANTS FAMILIES TO SAVE BREAD AND OTHER SURPLUS FOODS

Mayor Taylor has asked The News to appeal to the families of Clarendon to save surplus bread, meat skins, and other surplus foods and bring them to the city hall for distribution to certain families in need in this community. The mayor and city marshal will attend personally to the distribution, and they are already doing quite a bit of relief work of that sort.

During the past week a certain woman of this city brought to the city hall a quantity of turnip greens, which was promptly distributed to white and colored families in need of food, together with meat skins gotten from the markets here for seasoning. One market gave some small pieces of dry salt bacon for boiling with greens, beans etc.

America has long been known as the land where enough food is thrown away and wasted in every kitchen to feed another family, and through this avenue Clarendon people will be able to help folks that really are hungry. Save your left-over bread and meats and bring to the city hall for this sort of relief.

### ELECTRIC EMPLOYEES TO SPEAK IN ABILENE MEET

Robert S. Cope, star salesman for the West Texas Utilities Company of this city and Miss Carrie Davis, cashier for the same organization are entered in an oratorical contest sponsored by the West Texas Utilities group in Abilene on March 16th. These folk are eligible to enter contests in other large centers should they be so fortunate to win in the district eliminations. The final speaking will be held in Atlantic City where speakers from all sections of the Union will meet for the finals.

Dr. and Mrs. S. F. Huneycutt announce the birth of a son on Wednesday, February 25th.

### Presbyterians In Fine Spring Revival

Closing a short and to the point revival on Sunday, the Presbyterians are holding their annual series of services with the Rev. R. L. Cowan of McKinney preaching to an interested group of audiences. Rev. Cowan is making a real hit with his hearers,

R. L. COWAN

as he speaks each evening, and is pleasing to every one who hears him. Evening services are held at 7:15 in the church, the series closing with the Sunday night sermon.

### Goodfellows Ask More Old Clothing

Clarendon citizens are asked to make another survey of their wardrobes for cast-off clothing to be issued to families in less fortunate circumstances, by John W. Watts, chairman of the Goodfellows movement of this city.

Nearly all the clothing for men, women and children collected and brought to the clothes depot in the News building, has been issued under the direction of the women, and there is beginning to be urgent call for more, so if you have any decent cast-off clothing of any kind you are requested to gather them up and bring down to the depot so the women can continue their issue to those who are in actual need of clothes.

There is also a demand for mattresses and bed covering, as there are several families where keeping warm at night is a problem. One family was reported where only a part could sleep at a time on account of the lack of beds and covering. If you have an old mattress or some old blankets or quilts bring them along, too, for the Goodfellows will see that they go into service at once in homes where they are badly needed.

### FORMER CLARENDON GIRL MARRIED IN WICHITA FALLS

Announcements have been received here telling of the marriage of Miss Lucille Tatum of Wichita Falls, Texas, to Mr. Richard Carter of Amarillo on February 12th. Miss Tatum will be remembered by many of the folk of the city, she having made her home here for many years before going to Wichita Falls last August. The young couple will make their home in Borger.

### Bird House Event Attracts Attention

The annual Bird House Contest for boys and girls of Donley County under the age of fourteen is drawing much attention from the youngsters of this age limit. The contest is to be held here this year by the addition of a series of colored slides for presentation to the students, along with lectures on the construction of houses for placement in the show.

Les Beaux Arts Club states that the houses are to be mounted this year as an additional feature of the show and that the prizes offered for the best houses will be made public next week.

The contest will close on March 21st, at which time the prizes will be presented the winners.

### WANDERING CHECK RETURNS TO FOLD

SHOWS UP AT BANK AFTER HAVING BEEN LOST FOR TWO WEEKS

The first two weeks of the journeys of the check started at the Chamber of Commerce banquet on January 9th were filled with action and showed the five spot to be paying a great many accounts. The last two weeks of its life were rather indolently spent tucked carefully away in a forgotten corner.

At any rate, the check for \$5.00 paid \$195.00 in accounts in the city and probably would have doubled this had it not been misplaced. The detailed list of signatures, after being started by T. D. Nored, is found below:

Clarendon Furniture Co., J. C. Estlack, Clarendon Methodist Church, Watson & Antrobus, The Clarendon News, H. B. Kerbow, Hanna-Pope & Co., Mrs. D. S. Smith, Goldston Bros., Douglas & Goldston, Meade Halls, Douglas & Goldston, Clyde Price, Douglas & Goldston, H. G. Tatum, C. J. Douglas, The Clarendon News.

Odas Caraway, J. E. Teer, The Clarendon News, The Clarendon Lions Club, Anro Hotel, Clifford & Ray, Castleberry's Market, Lowe's Market, Lowe's Grocery, Mrs. Jenkins, Dr. B. L. Jenkins, Dr. Oscar L. Jenkins, Andis Bros., J. T. Patman & Son, Joe Goldston, Bryan-Miller Co., A. N. Wood, J. C. Estlack, Texaco Service Station, H. Beach Service Station and J. C. Estlack.

The original purpose of the check was to pay one's oldest account or to buy something one wanted. It was not to be sent out of town and as is seen, did not leave the city limits. The total paid by the check was \$195.

### CAR LOAD BEEF CATTLE LISTED

FAT STOCK SHOW ADDS \$300 PREMIUM FOR CAR LOAD BEEF IN EVENT

Amarillo, February 24.—A last minute addition to the premium lists of Amarillo's first annual Fat Stock Show, March 2-5, 1931, appears in the catalogue, just off the press. Carload beef cattle have been added, carrying \$300 in premiums, contributed equally by the Fat Stock Show, the American Hereford Cattle Breeders, and Julian Bivins, of Amarillo. A carlot composes 15 animals, either steers or heifers.

Another feature will be a meat grading and cutting demonstration by the United States department of agriculture. Cattle will be graded, both on the hoof and on the block, and demonstrations given teaching the art of home-cutting.

Show officials and officers of the five organizations cooperating in the show are enthusiastic over the rapid completion of new facilities at the Tri-State Fair grounds, where the show will be held. The sale ring, seating 1,000, is nearly finished. Steel is practically all in place for the new sale arena. Comfortable quarters for attendants with the cattle are being installed, including gas, lights and hot water. Plenty of room is provided in the judging arena for groups and spectators inspecting the offerings. Offices, where the business of the sales can be handled easily and quickly are going in right at the arena. Every precaution is being taken to provide the necessary machinery move swiftly and smoothly throughout the four days.

Mr. and Mrs. Ralph Bourland of Quail spent the past week end here visiting with their respective parents.

Mr. and Mrs. W. C. Breining and children of LeFors spent the past week-end here visiting in the home of Mrs. Georgia Burrell.

### Service Officer Makes Statement

Mr. Wynn C. Good, the State Service Officer from Austin, Texas, urges that all ex-service men get in their applications for the Adjusted Service Certificates, as soon as possible. This is the certificate that is now in the hands of the President, and as soon as he makes his disposition, it will more than likely become a law and the veteran will be in a position to borrow on the certificates to the amount of fifty per cent. If you have not gotten this insurance, if you will make application to the American Legion Officers you will be given a blank and if you desire it they will make it out for you and obtain these privileges as soon as possible for you.

If you know of any ex-service man, or his family that has not made application for this insurance or has any injury that is due to his service, if you will get him to see the American Legion Officers, they will be glad to advise him what his rights are and assist him to obtain them.

If an ex-service man has some disability that has arisen since the war, there are many cases where the Government will allow this veteran compensation if he makes application.

The American Legion Officers of the Aubyn E. Clark Post No. 126 urge that all ex-service men join the Legion if possible, but they wish all to know that one does not have to belong to the Legion to obtain the benefits that the Government allows. Their desire is to help and assist all veterans to obtain that which is due them. And this can be done best through your local American Legion Post.

### Spring Flower Show Plan of Beaux Arts

Les Beaux Arts Club of this city have entered another field of work in their ideas of beautifying the city of Clarendon with flowers. They plan for an early plant exchange to be held at the City Hall on Saturday, March 21st, at which time all plants and bulbs that may be ready for planting at this time will be traded for others or will be given those who do not have anything of the sort to beautify their grounds. A second exchange for later perennials will be announced later.

The club is planning for a Spring Flower Show, the dates to be set as soon as it is seen when the flowers will be ready for display. Mrs. C. C. Powell states that the show will be announced as soon as the early spring flowers are started on their way for blooming.

### CLARENDON DELEGATION AT AMARILLO BANQUET

Headed by Clyde J. Douglas, president of the Clarendon Chamber of Commerce, a delegation of local people attended the annual banquet of the Amarillo Chamber of Commerce Tuesday evening of this week at the Herring Hotel in that city.

Over three hundred and fifty were in attendance and many of the Panhandle towns were represented. Of special interest to Clarendon people is the fact Hon. E. A. Simpson, formerly of this city, and now a prominent attorney of Amarillo acted as toastmaster for the program, the principal address being made by Josh Lee, the celebrated orator from Oklahoma.

Those in the Clarendon party besides Mr. Douglas were: Iva C. Merchant, Sam M. Braxwell, G. L. Boykin, Judge J. J. Alexander and Cecil Alexander.

### DEPUTY COLLECTOR TO BE HERE MARCH 10TH

For the convenience of those who are required by law to file Federal Income Tax returns, a deputy collector of Internal Revenue will be at the Donley County State Bank in Clarendon, on Tuesday, March 10th to assist taxpayers in filing their returns. No charge will be made for this service. The matter of filing Income Tax returns should be given immediate attention in order to avoid penalty and interest.

### CHILDREN'S CLINIC SATURDAY, MAR. 7

REORGANIZATION OF WORK WITH CRIPPLED CHILDREN WELL STARTED

The News has been informed that the work of the civic Clubs of the city of Amarillo has been reorganized and that the organizations will hold a Children's Clinic in the Northwest Texas Hospital in Amarillo on Saturday, March 7th. Attendants on this clinic will be Dr. W. B. Carrell of the Scottish Rite Crippled Children's Hospital of Dallas and his associate staff in the same organization. The Potter County Medical Society will assist in the work on the date set.

If the public will review the situation they will recall that this work has been carried on for the past several years, some 112 cases having been handled at a cost of approximately \$14,000. Practically all of the children handled have been those who have been unable to stand any of their expenses. The council in Amarillo, assisted by others of the Panhandle section bearing the expense by various means. The Lions Club of Clarendon use the funds derived from the style show each year in this work.

It is again called to the attention of the citizens of this section that this work includes cases of infantile paralysis, clubfoot, hare-lip, cleft palate, spinal curvature and almost any bone disease of children. Those who are financially unable to undergo such work will be handled exactly as though they were able to defray all their expenses.

An Association has been formed in the state to care for these unfortunate children and it is thought that some financial assistance from the state will be forthcoming to help those who have been carrying the load before this time.

**TEAM WORK IN HANDLING CHARITY.**

While the situation is far less critical in Clarendon and Donley County in regard to hunger and destitution, yet no good could come to us by refusing to recognize the fact that we do have a task before us in getting through the few months ahead before crop harvesting and other sources provides employment for day laborers.

So far there has been an increased disposition on the part of the citizenship in general to work harmoniously and as a team in the handling of a problem which has grown complex, until today there are few people in the community who are not contributing in some measure to the work of relief.

The city and county governments are working and studying, the Goodfellows have built up a splendidly organized relief movement, the milk fund, the egg depot, the old clothing depot, the church societies, the lodges, all are working along lines that are co-operative and which are more and more every day functioning without duplication. This team work is admirable and The News believes that it will be for the ultimate development of a better understanding among all classes of our community, even if the occasion of all this work is unpleasant.

Let us have more teamwork.

**IN THE CONSTITUTION TO STAY**

The prompt and emphatic decision of the United States Supreme Court this week upholding the validity of the Eighteenth Amendment comes as a very proper rebuke to those who seek to break down prohibition, and should certainly convince even the most illogical wet that prohibition is in the constitution to stay.

No one, of course, would deny any citizen the right to seek the repeal of any law or amendment—that right is fundamental. But it is disgusting to see men motivated by appetite alone, seek to defeat in every conceivable manner the prohibition amendment, which they refuse to obey and respect. No citizen has a right to wilfully break any law, and certainly no citizen has a right to come before his fellows in an effort to break down law when he refuses to obey law.

Prohibition is in the constitution to stay, and the individual or political party which seeks to discredit or displace it is doomed to defeat and oblivion.

**CLARENDON A 1931 SPORT CENTER**

Recently Clarendon won the 1931 annual tournament of the Greenbelt Golf Association which will be held here in May, and now on the heels of that important acquisition comes one of even wider appeal. After negotiations of several weeks Clarendon has been awarded the Tri-State Field Trials which will be held here the latter part of March.

The golf tournament will bring around two hundred visiting golfers to the contest, and the Field Trials will bring hundreds of the finest hunting dogs of neighboring states and hundreds of sportsmen will make our city the Mecca for the duration of the meet.

Clarendon is truly the sporting center of the Panhandle country in 1931, and mayhap it is just as well—we'll probably have more time this year to enjoy the events than ever before or after.

**HERE'S GOOD ADVICE**

Kenneth M. Goode, noted advertising writer, says, "By far the most important source of waste in advertising is quitting, and this can be charged against no one but the man, or concern, that pays the bill."

"No business should start advertising unless the controlling executives realize that advertising is one race that has no finish line."

"Even a bad advertisement will come to mean something and be productive if run long enough, while a good advertiser who quits, loses in time probably all he has put into his campaign."

"I honestly believe that the losses sustained by American advertisers who have quit during the past fifty years, total as large as the cost of our participation in the World War." Moral: Don't quit, it costs too much.

Having been associated with young men in business for the past eighteen years, I believe I understand them as well as the average man. I know the trials and temptations which beset their pathway, and am free to say, that of all people, the temptations which come to young men are the greatest. On every corner of the street and at every turn of the road, something or somebody is after his money or his morals. It takes a giant character to withstand such influences.—H. Z. Duke

Every home should keep a supply of lamp globes always on hand. They're inexpensive, and one never knows when they will come in handy.

Packed in cartons of six—assorted or all the same size—you can put them away in a drawer or closet where they will eliminate such distressing occurrences as the one pictured above.

Telephone for a carton of lamps, or drop in at the merchandise office.

**MANY MILLIONS IN MONEY BEING HELD BY MISERS. BILL COUNT SHOWS**

Millions in the old and larger size currency which was replaced by the smaller bills more than a year ago still are outstanding, and much of it never will be presented for redemption, treasury officials believe. The aggregate gain to the government from this money which is never likely to come back has been estimated all the way from \$10,000,000 to as much as \$70,000,000, says Popular Mechanics Magazine. In addition to the currency destroyed or lost, the government believes at least \$60,000,000 has been hoarded. More than \$890,000,000 of the old bills are still outstanding, and one treasury official estimates that hoarding of paper money represents at least 50 cents per capita, or about \$61,000,000, and aggregate hoarding of paper money, silver and gold is estimated at \$400,000,000. This money is hoarded by an estimated 8,000 misers in the country; in children's banks; by foreigners and others who do not trust banks; by those in isolated communities without banks, and by others who have a certain amount of money always on hand. Fire and other catastrophes destroy large amounts of paper money annually.

**MUCK-RAKING SEASON**

February is the anniversary month of the births of Washington and Lincoln, at which time new historians break into print with their discoveries about these great national heroes. In recent publications former President Lincoln was described as "unkempt," "lazy," etc. Washington also is "rediscovered" each February with fresh unholy imperfections.

Somebody ought to strangle a few of these sensational mongers who show up annually at this time of the year.

Insulated so thoroughly that it retains its heat indefinitely, an electric water heater, once warmed, will keep its contents hot for several days.

**Our Weekly Church Chat**

"The Assistants of Satan" (Part 2)

Last week we learned that the assistants of Satan: 1. Claimed neutrality in relation to Christ. We proved there is no neutral position; 2. They claim that morally without belief in Christ will save. We showed you that that theory has been tried for thousands of years and that it has failed. We submit the third and last argument in this "chat". They claim soul-saving is unnecessary. The universal wreck of character which man has suffered, many have denied. In the face of opposing testimony they have asserted that man is rising to become a super-man or a god. Jesus denied this, more than once, when he said that unless we are sending them to destruction, he was giving us a great lesson on soul-gathering. Unless we are GATHERING—not to organizations—but to CHRIST AND HIS CHURCH, we are only helping Satan. This is a harsh statement to make, but the text requires it (see Matt. 21:30). May God help us to measure up to this standard.

An indictment: The assistants of Satan are guilty of hypocrisy. They do not fly an alien flag, but sail under Christian colors. They are like Herod, with a desire on his lips to worship Christ, and a desire to the heart to kill Him. They are wolves in sheep's clothing. Infidels, skeptics, and unbelievers are guilty of spiritual suicide because they do not accept the only Saviour God has given. The indictment includes also soul-murder. As truly as Pilate was guilty of sending Jesus to the Cross and Nero the early Christians to the stake, so Satan's assistants have sent many to eternal suffering.

Are you an assistant to Christ or Satan? You are helping either one or the other. Satan offers no advancement—and the pay is death, even after years of service to him. Jesus has thrives and rewards for His workers. Resign now if you have been a politician for the devil, by either trying to be neutral or manifesting indifference to the church and Christ. Let Jesus install you as one of His dominion. Are you for Christ or against Him? You cannot be BOTH or NEITHER. Decide now! See church notice elsewhere.

W. E. Ferrell, Minister, First Christian Church, Clarendon, Texas.

**FIRST CHRISTIAN CHURCH TO OBSERVE STATE MISSIONS**

Christian Churches all over Texas will be observing Sunday March the first as State Mission Day. The First Christian Church here will observe the day with a suitable program, special music and a missionary sermon at the regular morning hour of worship. The subject will be: "Seven Hows".

At the evening service the Junior High School Choral Club will put on a special program of song and music and the pastor of the church has promised all who will attend the service a treat in the form of a special sermon on the subject: "The Seven Greatest Wonders." Many are acquainted with the "seven wonders" of the ancient world, and the "seven great wonders" of the modern world, but do you know about the "seven greatest wonders" of all time? The seven ancient wonders appear small indeed as we are reminded of the seven modern wonders. But there are still greater wonders. If you enjoy good singing, music and studying God's word, don't fail

**EDUCATIONAL REVIVAL**

The Educational Revival being sponsored by the Baptist Church has grown in numbers, enthusiasm and spiritual power with each service. A class for the juniors in Trail Makers in Other Lands is being taught by Mrs. W. C. Stewart.

Mrs. G. H. McClesky is teaching the Intermediate B. Y. P. U. Manual.

Mr. Walter Jackson, Educational Director, First Baptist Church of Abilene is teaching two classes in the Sunday School Manual. He is bringing such fine interpretations that many who have already studied the book are taking the work again. The inspirational messages of Mr. Jackson at the morning and evening hours are proving immensely helpful.

INTER-SOCIETY BANQUET

Perhaps our fathers and mothers will be interested to know that their worthy sons and daughters of the College literary societies went to a banquet at the Clarendon Hotel on February 18. At any rate the fathers should know it for I heard quite confidentially that several girls bought themselves new evening dresses for the special occasion. Not all the scholars assembled were members of the societies. Gene Chamberlain, Zell Rogers, Agatha Taylor and a number of other former students were amongst us.

Had it not been for the immodest dancing of Misses Roberta LaFon and Nola Gordon dancing the minuet; the dull dry lecture of Joe Noble; the screeching violin solo of Miss Joyce Link; and had not Marue Trostle forgotten her little speech on Martha Washington and Phiefer Estlack made a fool of himself trying to toast George Washington; or perhaps we could have got along well enough without the flute-like voices of James Smith and Wilma Hukel; I think every one could have

had a fair time.

As it was, we endured the program as best we could for we had paid out our good money to come to it and even though Rev. McKee did talk 15 minutes too long, we really enjoyed every minute of it.

After all I shouldn't criticize the program too much so I will give the gentle reader the program to let him judge for himself whether or not it is well planned for a banquet on the late George Washington's birthday.

Programme (notice the 2 m's and the extra e)
Songs Group
Toast to Martha Washington Marue Trostle
Toast to George Washington Phiefer Estlack
Conversation Between George Washington and Ruper Hughes
Two very amusing playlets, "It Was This Way, Judge" and "Lawsy What a Night", will be presented in addition to the usual minstrel performance. These plays are very funny and have a good cast and will be featured throughout by some negro cross-fire and popular songs.

The entire proceeds will go to pay expenses of the teams to the various stock and poultry judging contests. Give the boys a hand they will appreciate it.

SOUTH WARD AND JUNIOR HI HAVE NEW CAFETERIA

Mrs. R. H. Thomas is very efficiently operating a first-class lunch stand which is appreciated highly by both the South Ward and Junior HJ students.

Owing to the illness of Mrs. C. M. Lane, Mr. McHenry Lane's mother, he has been out of school for several days, during which time Mrs. C. A. Burton has been substituting. We hope Mrs. Lane soon recovers.

JUNIOR HIGH STUDENTS RECEIVE PLAYGROUND BALLS

The Clarendon Junior High School is very proud of her six new playground balls and two new playground bats. We hope that every one can play and we are sure they can.

EIGHTH GRADE TO GET PINS

The eighth grade will have class pins this year. They are very much delighted over the pros-

pects of receiving them. The pins is of gold with a small black stone in the middle with a tiny torch which, of course, stands for the flame of education. Their initials will be on the back, and the pins will be equipped with safety catches.

FUTURE FARMERS CHAPTER READY TO PRESENT PLAY

The F. F. A. Chapter of Clarendon are to present a very amusing minstrel this Friday, Feb. 27th at the College Auditorium. Rehearsals have taken up a great deal of the time of the boys the past two weeks and will be the usual slap-stick blackface comedy. Two very amusing playlets, "It Was This Way, Judge" and "Lawsy What a Night", will be presented in addition to the usual minstrel performance. These plays are very funny and have a good cast and will be featured throughout by some negro cross-fire and popular songs.

The entire proceeds will go to pay expenses of the teams to the various stock and poultry judging contests. Give the boys a hand they will appreciate it.

Now everything agrees with me perfectly. I'm not nervous either; sleep like a log, and get on the job feeling fine.

Sargon Pills are so far ahead of anything I have ever used for constipation and biliousness there is no comparison. They are effective, but mild at the same time."

FORD COMFORT

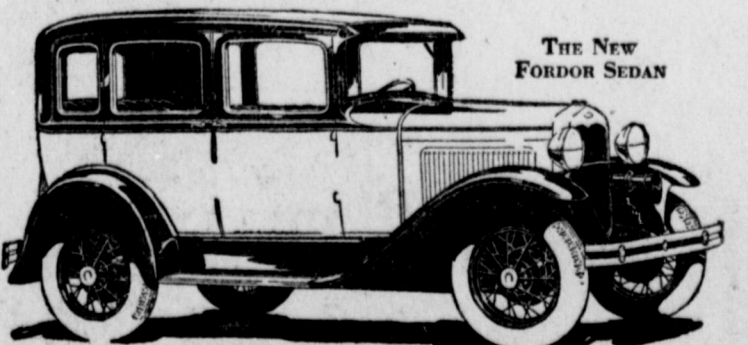

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

Yes, Sir, I can back up what I say about Germ-Processed Oil with actual proof, O.K'd by A.A.A.

THREE stock cars from three price classes went through six weeks of testing on Pike's Peak. Three nationally known oils were used in comparison with Conoco Germ-Processed Motor Oil. All of the testing was directly supervised by the American Automobile Association.

At the end of six weeks the AAA took the more than ten thousand observations, then issued a report of the outcome. The report stated that in the Pike's Peak Tests Conoco Motor Oil had shown a reduction of 76.4% in the rate of motor wear... that it had shown greater stability... had lowered frictional temperatures... increased compression pressures... reduced oil consumption... added to gasoline mileage... reduced crankcase dilution... lengthened motor life.

No higher authority could have been called upon to prove the merits of Germ-Processed oil. No more sweeping commendation could have been asked for. The complete story of the Pike's Peak tests is told in an attractive booklet. We'll gladly send you a copy upon your request mailed to "Conoco, Ponca City, Oklahoma"... or you can obtain it at stations showing the sign of the Conoco Red Triangle when you go there to change to Germ-Processed oil, as thousands of other motorists are doing every day.

### LIONS TO START CONTEST MARCH 3

PLANS LAID FOR SPRING ATTENDANCE EVENT TO START NEXT WEEK

The Clarendon Lions lacked one member having a full attendance at the luncheon Tuesday of this week. This one member was out of the city and would have been in his place had he not been held out by circumstances beyond his control. The Spring attendance contest of eight weeks was announced and will start with the next meeting of the club, Lion J. E. Teer being named chairman and selecting three members to act in the capacity of group leaders. His assistants are Patman and T. E. Trostle.

A great deal of attention was given the Little Theater production for Tuesday evening, the Lions being urged to attend and see that their families were allowed the privilege of attending the show. The play is really outstanding in its appeal and is thought to be one of the best if not the very best that has been presented here by the Little Theater movement.

Lion Mulkey was called upon for a report on the appearance of Dr. Barker here, stating that it was not his good fortune to hear the speaker except at the noon luncheon. The report was completed by Lion Watson, who stated that some 500 women and girls were present at the afternoon meeting and that approximately 300 men and boys heard him at the evening session. He further stated that he thought the sum spent in bringing this speaker here was well worth the effort spent and that the addresses would be well worth the time spent in getting the speaker here. Some good results are expected in the future.

The receipt of new directories was announced and the Lions urged to use them in making up their attendance when they missed the luncheon or saw they were going to miss one of these events.

Lion Patrick paid Lion Braswell a compliment when he told of being taken into his sheltering hotel room the early part of this week when it was impossible for him to secure a room for himself.

In the introduction of guests, Rev. Robert L. Cowan of McKinney an honorary member of the Lions Club of that city was one of the guests, and D. R. Davis was the other guest of the day. Each expressed his pleasure at meeting with the Lions. Rev. Cowan stated that the work of the service club was becoming greater all the time and indicated that it pleased him very much that the preachers in particular were coming to be recognized as men among men rather than being placed in the classification given them by the boy when he named the sexes as men, women and preachers.

Lion Braswell concluded the luncheon with a short and to the point tribute to the lives of Washington, Lincoln and Lee, whose birthdays are in the month of February. The work of Washington in furthering the agricultural interests of this country by the introduction of the mule was

### RURAL SCHOOLS IN STRAIN FOR FUNDS

SITUATION REVIEWED AND SUGGESTIONS MADE FOR POSSIBLE AID MEANS

Donley County Schools are attempting to run on a cash basis. At least to the extent that when a voucher receives the signature of the County Superintendent it can be taken to the bank and cash received at once. This policy means less dissatisfaction than a set of signed vouchers that can not be cashed.

The tax collections have been short this year and when the funds collected are expended the schools will close their doors. Current salaries of school employees can be paid from the current year taxes only. Deferred-paid warrants for teachers salaries, etc. can not be paid out of any of next year's taxes. They can be paid out of taxes paid between now and October 15 or out of any delinquent taxes after October 15, or out of any delinquent taxes after October 15th for the year 1930 only.

Teachers are willing to accept this kind of warrant in most instances, but such a course necessitates some one advancing them either credit or money for living expenses. Also it will entail an additional expense of interest to be paid.

Some more equitable and reasonable solution may be worked out at a joint meeting of the County Board of Education with the District Trustees of each district. As soon as the Tax Collector's report makes available the necessary figures the County Superintendent will compile records of the receipts and the expenditures of each district and ascertain just the length of term that can be maintained.

If patrons and trustees of the schools that have money to operate for only one or two months will voluntarily combine their teaching forces and money and transfer their pupils as a body to one of the most centrally located buildings, a more satisfactory school can be maintained than by any other plan.

### EXTERMINATION OF THE WILD BUFFALOES

In the March Monthly Magazine Section of The Clarendon News will be a story of the slaughter and extermination by professional hunters of the wild buffaloes that once roamed the plains of Texas and Oklahoma. The story is told by one familiar to all the residents of Clarendon Goodnight and the Panhandle, the late Col. Charles Goodnight, a Texas pioneer and breeder of domestic buffaloes. The late Col. Goodnight estimated the number of buffaloes in 1845 as over two million head. These were all wiped out in nine years. At the end of 1883 there were practically no buffalo in the United States.

given particular attention. The others were mentioned in passing. A letter from the Crippled Children's Council at Amarillo was read to the club, asking that all crippled children be brought to that city for examination at the clinic to be held there on March 7th.

### AIR CADET BADGES AND SUPPLIES ARE IN CITY

The one hundred boys who showed themselves interested in the organization of a Clarendon branch of the American Air Cadets will be more than pleased to learn that the badges showing their membership and the various kits of supplies are here and will found at the Greene Dry Goods Company. This announcement was made in the last issue of The News and the boys, a part of them, have already secured their membership kits and are hard at work on their first model plane.

Members on enlisting in the local chapter will receive a membership card and the Mechanic's pin. On the completion of one model that will fly, the member receives a Pilot badge. The final step is given when the boy builds a scale model of 24 inches and over, passed by the judges as correct, the member then receiving an "Ace" pin.

Local members will be eligible to enter local, state and national airplane model contests, many of which have considerable cash prizes as incentives for the boys to work. Sponsorship of the local chapter of the American Air Cadets is found in the following list of men: R. E. Drennan, Chas. B. Trent, J. C. Estlack, C. J. Douglas and W. J. Greene.

Sam King and son, Marshall, of Gould, Oklahoma, spent last Sunday here as guests of Mr. A. M. King.

Mrs. Sam Braswell, Jr., and Miss Julia Mae Caraway returned to their home here Tuesday morning after spending the week end with Mrs. Braswell's parents in Pampa.

Mrs. Loyd Stallings and children left last Sunday afternoon for Pampa, accompanying Mrs. H. L. Wilder and children home for a visit of some length.

Miss Athlyn Taylor, who is teaching at Groom, accompanied by Bert Boomer of that city visited friends and relatives in this city Sunday afternoon.

Sam M. Braswell attended a meeting of the District Governors of Texas Lions Clubs in Fort Worth Monday, where plans were laid for the state convention of that organization at Port Arthur, April 27-28, and preliminaries discussed for the International Convention of Lions in Toronto, Canada, July 14-17.

### BARKER PLEASES CROWDS FRIDAY

NOTED SPEAKER ADDRESSES FULL COMPLEMENT OF LISTENERS HERE

Dr. Chas. E. Barker of Grand Rapids, Michigan, a speaker of note and now a friend to many Clarendon people spoke to three large audiences in his appearance here last Friday.

The luncheon staged in his honor at the First Christian Church was quite a success, with a large and enthusiastic group of men and women in attendance. His subject at this time had to do with the work of Civic Clubs in any town. In this, he showed where the civic clubs have done much to break down the walls of religious prejudice and cement the ties of friendship by closer relationship with one's neighbors.

A full attendance of High School students greeted the speaker in his appearance at the College Auditorium at 1:30, he speaking to these on the subject of "How to Get the Most out of Life".

The women and girls were probably more enthusiastic in making their appearance before the speaker than any of the groups, the auditorium of the First Methodist Church being well filled to hear the address delivered on the subject, "A Mother's Responsibility to her Daughter".

The evening meeting was fairly well attended, with some three hundred men and boys present to hear the address delivered on the subject of "A Father's Responsibility to His Son". He was well heard and many of the men present showed their appreciation of the address by telling him personally of their interest in the subject.

The Civic Clubs of the city feel that they have rendered quite a service to the community in bringing this speaker here for this event and consider that the effort spent will be well worth while.

Mr. Charley Bullock who has been in the hospital here for some time was removed to his home in Antelope Flat Sunday.

Mrs. N. L. Bush of McLean spent the week end here with her daughter, Mrs. Fred Russell.

Misses Nova and Nell Cook were Quiteau and Silverton visitors Sunday.

Mr. and Mrs. F. G. Patching spent the past week-end at their ranch near Tulla.

Walter Hagler of Wellington was a Clarendon visitor last Sunday.

W. H. Patrick attended the bankers convention at Fort Worth on Monday.

Miss Eva Lee Morrison spent the past week-end with a sister at Gladstone, New Mexico.

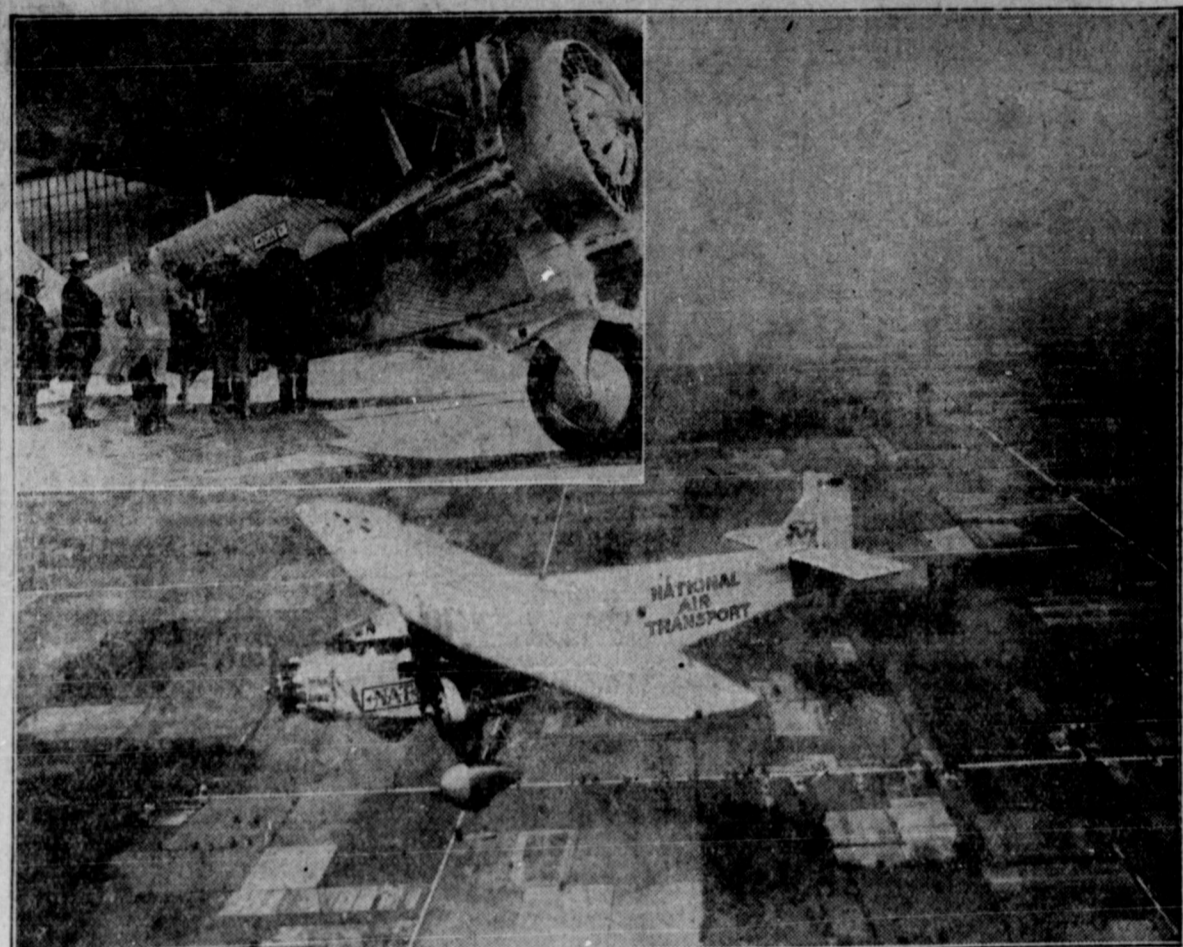

Mr. and Mrs. Rex Reeves of Lela spent the past week here visiting with friends.

Hon. J. R. Porter attended to business matters in Panhandle Wednesday of this week.

Mr. and Mrs. Walter Clifford spent last Sunday in Amarillo visiting with friends.

L. E. Thompson and Chas. Lowery of Hedley were business visitors in Clarendon yesterday.

Mr. and Mrs. L. L. Wood motored to Amarillo Wednesday of this week.
