LEAGUE MEET TO BE THIS WEEK END

ENTIRE EVENT TO BE FREE TO ANY INTERESTED SPECTATOR

For the first time since the organization of the Interscholastic League in Donley County, the events will be open to the public absolutely free of charge. This was made possible by the Clarendon Chamber of Commerce who extend the schools of the county the privilege of meeting here with no expense to the patrons who might be interested in the work of the students.

One hundred eighty-two medals and four small cups are now on display in the News office and will be distributed to the winners of the various events at the close of the trials here next Friday and Saturday.

For the benefit of the readers of The News the program for the entire meet is again reprinted. The program below was printed in The News two weeks ago and is reproduced due to the requests that have come in for the reproduction of the schedule of events.

Ticket Made For Trustee Election

A citizens petition filed with the school board Wednesday of this week asks that the four retiring members of the board of trustees of the Clarendon Independent School District be submitted on the ticket for re-election in the school election of Saturday, April 4th.

Accordingly the names appearing on the ticket for the consideration of the voters of this district will be Messrs. Odos Caraway, W. M. Montgomery, O. C. Watson and E. Paul Shelton. There will be, of course, blank lines on the ticket for the name of any citizen to be written in at the discretion of the voter.

Richard Wilkerson and son, Drew, spent the week end at Silvertown with Mrs. Wilkerson and the girls. Richard says Mrs. Wilkerson is almost completely recovered from her scalds of some weeks back, which will be welcome news to her many friends here.

Mrs. T. E. Trostle returned to her home here the latter part of last week, where she underwent a minor operation.

FIVE B. & P. W. TO LUBBOCK MEETING

BUSINESS AND PROFESSIONAL WOMEN'S CLUBS OF DISTRICT 1 MEET

Five members of the Clarendon Business and Professional Women's Club, Mrs. B. G. Smith, Misses Norma Rhode, Eva Lee Morrison, Carrie Davis, and Lorenna Steagall, attended the Annual Conference of the Business and Professional Women's Clubs of District No. 1 in Plainview last Saturday and Sunday, March 21-22.

Mrs. Adella S. Drew, of Plainview, is District Chairman. Guests assembled at the Hilton Hotel at 5 P. M. Saturday evening, March 21st. An informal reception was held until 6:30. At 7 o'clock a banquet was held in the Hilton Ball Room, with Mrs. Drew as toastmistress. Welcome address was made by Mrs. E. M. Ballenger, of Plainview, response by Mrs. Faye Gordon, of Amarillo, after which club songs and orchestral music was given. Mrs. Rhoda Murry Hester, of Fort Worth, Secretary of the Texas Federation, gave the address.

Each Club in the District responded with a stunt, which proved to be the attractive feature of the program. After the banquet the Business Women were guests at a Theatre Party at the Granada Theatre. Breakfast was served at the American Legion Home by the Women's Auxilliary to the American Legion. A Business meeting was called at that time and all clubs gave reports of their year's work.

The local club was awarded a prize for the best stunt presented "stunt night". The club's charter is expiring to be received in the near future. The Clarendon Club, one of the newest clubs, is sending two girls through Clarendon Junior College. Donations have been made to the club and the club is now sponsoring a city park and also entering a park beautification campaign.

Vernon was selected as the meeting place for 1932 and the Conference will be held some time in the spring.

G. G. Kemp was a business visitor in Wellington Monday of this week.

NEW SIGNS HERE FOR LIONS CLUB

FOUR ROAD SIGNS TO REPLACE OLD ONES. UP SOON

Four Lions signs will be placed on the roads leading into Clarendon in the very immediate future, this announcement being made at the Lions luncheon Tuesday. The signs will be placed on iron pipes and set in concrete, to insure their staying where they are placed. All the new signs are uniform in design and character and are sturdy built.

Report on the American Legion play was made by Lion Boykin, who stated that 4,600 pounds were received at the college, which with recent additions, would bring the total to the neighborhood of 6,000 pounds of dry groceries. A further contribution to the fund was announced by P. B. Gentry, one of the guests, who stated that a golf tournament had been planned whereby the receipts would be turned to the purchase of needed groceries to fill in weak spots in the larder of the present supply.

Lion Patrick reported the attendance of ten or twelve leading farmers of the county on the terracing school Friday evening. These are reported to be those most interested in the development of their farms and the conservation of their present resources.

Lion Boykin announced an invitation received from Ashtola for the Chamber of Commerce to visit there on April 10th. The Lions were asked to keep this in mind that they should make no further plans for the evening.

Lion Burton again announced the County Meet for Friday and Saturday. All literary and Track and Field work will be held at the College and at the College park. No admission will be charged for any of the events.

Lion Patrick called the attention of the Lions to the work that had been done in the county since January 1st by the County Agent and the County Home Demonstration Clubs and a great deal more interest in these projects than is seen in any other of thirty counties comprising the Panhandle district of the state.

The Field Trials were announced by Lion Boykin, they being on April 6th and last for four days. The program committee then

PAMPA ROTARY CLUB MUD BOUND

ROTARIANS ROBERT S. COPE AND A. T. COLE SUPPLY FRIDAY PROGRAM

When it became evident that the Pampa Rotarians would be unable to be here last Friday at the regular luncheon of the local Rotary Club, Rotarian Allen J. Bryan, chairman of the program committee, was equal to the occasion and in a few minutes had the program well taken care of. The rain had made the road between here and Pampa impossible for travel, hence the failure of the Pampa Rotarians to be here for the program.

Rotarian Bryan requested Rotarian Robert S. Cope to deliver the speech which won the oratorical contest for him at Abilene. Rotarian Cope kindly consented to the request and his speech was one of the highest class bits of oratory heard by the local group in a long while. The speech took up the advancements and improvements which has taken place in the household equipment during the past thirty years, with especial reference being made to the electrical equipment of the old home with that in the modern home today. This was greatly appreciated by the rotarians, who listened with rapt attention to their fellow member's prize winning speech.

At the conclusion of Rotarian Cope's speech Rotarian Cole responded to the requests for a supplementary address relative to the hardships borne by the pioneer mothers of some thirty years ago. This too met with splendid response from the attending members.

President Jenkins called the attention of the group to the fact that the booklets containing the lectures of Dr. Chas. Barker had arrived and were on sale at the Rexall store.

After the introduction of Mr. Dewey Smith of Childress, guest of the day, the club adjourned in the usual manner.

POSTOFFICE SETS RECORD FOR DELIVERY OF PLANTS

When the local Postoffice received some thirty-five bunches of rose plants on last Sunday morning, the force realized that they had an opportunity for service here that could not be found elsewhere. Accordingly, they took the telephone and notified each of the thirty-five persons of the presence of their packages. Not only this, the office kept open until all inquiries had been filled and the parcels delivered. Mr. Bugbee, postmaster, stated the early part of this week that they felt that these plants should have immediate attention, this being the reason for the telephoning and the holding of the force for a special bit of attention to the patrons of the local office.

took charge of the meeting. Three names were drawn and short speeches were made on the classification of each of the three members. Lion Walter Wilson, J. E. Teer and Holman Kennedy each told of the peculiarities of their lines of business. The speaking was done primarily from a question and answer basis, the members asking the questions and the Lions answering them to the best of their ability.

Guests were introduced as R. W. Moore, P. B. Gentry and Mrs. R. Bowlin.

LEGION PROGRAM SCORES KNOCKOUT

CROWDED HOUSE GREETED LEGIONNAIRES IN PRODUCTION FRIDAY EVE

Probably the largest crowd ever seen in the College auditorium in the history of the place was seen there on last Friday evening when the Aubyn E. Clark Post of the American Legion presented "The Backwoods School of '49" for the sake of charity. With an estimate total seating capacity of more than 600 people, the house was crowded to the walls with all available seating and standing room filled to more than overflowing. Many refused to remain for the production as they could not get a place where they could see or hear anything that was going on. It is conservatively estimated that 800 or more heard the production.

As to the result of the play, the Post is unable to render sufficient thanks for the manner in which the public turned out and threw their assistance to the cause of food for the needy of the county. Approximately 6,000 pounds of groceries of all kinds were piled at the door of the auditorium, keeping seven members of the Post busily engaged in piling the contributions away so the crowd could get into the auditorium. Many people of the community sent food who could not attend the event, some adding their part Saturday morning when they heard of the great success of the venture.

Probable stars of the play will be found in the Melchisedek McGillicuddy, played by Selden Bagby; Jacob Beans, as played by Phillip Gentry, Amarita Quakenbush as portrayed by Charles Trent and Phoebe Beebe as characterized by H. T. Burton. Others in the cast include Clyde Douglas as the schoolmaster; Clyde Price as Melissa Popover; G. L. Boykin as Hannibal Ryan; T. M. Shaver as Jeremiah Gosling; Reliance Longnekeras portrayed by Ralph Andis; Ralph Kerbow as Betsy Ann Winters; Clarence Miller as Saretta Hopkins; Joe Holland as Malachi Quirk; R. M. Chunn as Arthusa Tucker; Nathan Cox as Euphronia Burton; Clarence Pipes as Maggie Serpenta Foster; Loyd Stallions as Solomon Hopper; Rayburn Smith as Shadrach Hopper; Tom Tucker as Ezra and R. W. Moore as Junior Henry John Simms Jr.

As The News goes to press, reports have it that still further groceries are being received at the depot which has been established. The supplies were given out rather rapidly on Saturday of last week, but the demand has rather lessened since the opening of this week.

LITTLE THEATRE PLAY APRIL 7TH

"THE TIGHTWAD" IS TITLE OF NEXT LITTLE THEATRE PRODUCTION

The comedy drama "The Tightwad" in three acts has been chosen by the Little Theatre board of directors as the next production to be offered by the group, and will be presented in the College Auditorium on the evening of April 7th. The casting committee has made its selection as the personnel of the cast, and already there has been three rehearsals by the cast. The play is under the direction of Miss Anna Moores.

The play deals with the reforming of a careless young man who starts out as a spendthrift, but who is reformed before the play is very far progressed into a tightwad of the fullest degree. Throughout the play humorous incidents are frequent, which will keep the audience roaring. The comedy thread is kept going by the actions of the love-sick son, his sweetheart and the father.

The cast which will appear in the play is found below:
John Taylor—John Bass.
Mrs. Taylor, his wife—Mrs. G. L. Boykin.
Edna Taylor, his daughter—Dorothy White.
Elmer Taylor, his son—Sam Brewster, Jr.
Mamie Harris, a friend—Lorraine Patrick.
Tommy Jordan, a friend—Jack SoRelle.
Orval Stone, a friend—Jack Jones.

Servants:
Lora Anderson—Roy Ingram.
Mrs. Anderson—Marue Trostle.
Martha Anderson—Delphia Bones.
Taxi-Driver—Jack Jones.

Miss Mary Stocking from Panhandle spent the week end here with relatives.

Memphis Golfers Nose Out Local Shooters

With nine of Clarendon's best golfers on the sidelines due to the failure of the matchmaker to place them in the play, the Memphis par shooters, led by the two aces, Frank Foxall and Raines West, nosed out the Hillerofers by one match, 9-8. This marked the first of a series of inter-city golf matches which will continue throughout the summer.

Ira Merchant, city champion was defeated by the hard iron pushing Raines West while Frank Foxall continued on his game to put Al Cooke out on the last green only after the hardest kind of a battle. The high wind made the playing extremely difficult with the result that the majority of the scores were higher than is usually seen in matches where the two clubs are found.

A return match will be played with the Memphis team on the Memphis course next Sunday, and all the local golfers are asked to make their plans to be able to invade the fairways and roughs of the foreign course. This will be the first out-of-town match for the 1931 season.

Mr. and Mrs. Lacy Bourland announce the birth of a son, William Noel, on Thursday, March 19th, at their home in Sweetwater.

CLARENDON GIRLS NAMED ROYALTY

LOCAL PRINCESS AND MAID OF HONOR FOR PLAINVIEW PAGEANT

Miss Ruth Price, sponsor for the Clarendon High School Band, has been named Princess, and Miss Louise Lewis, Maid of Honor, to represent Clarendon in the pageant featuring the day's program of the Dairy Show at Plainview, on Tuesday, April 7th.

Clarendon and Donley County have always been represented at the Annual Dairy Show at Plainview and it is in keeping with the policy that the town is to be represented in the pageant which has been added to the show program this year.

Manager Homer Mulkey of the local band is arranging to carry the organization to Plainview on the second day of the show, and it is out of recognition of this organization that the sponsor has been named princess for the pageant in the evening of that day. The band will parade and play several concerts during the day.

Kiddies Milk Fund Gets Fine Response

The Kiddies Milk Fund enjoyed its largest response since it was begun, the past week after having drawn a complete blank the week previous. A new record as to the size of the contribution was also set by a check for twenty-five dollars from one citizen of the county.

Looks now like all bills will be paid on April 1st, as another deficit is side-stepped.

CITY PARK PROJECT BECOMES BEAUTIFUL REALITY

One of the most picturesque spots of the entire city is the new city park which was transformed as if by magic from one of the city's worst eyesores. This small plot of ground at the head of Kearney street is very attractive with its white stone terraces, rustic steps, unique gateway and smooth stone side walks bounded with a rock curbing. Not only has this been done but the city has smoothed and leveled the ground and has placed the plot in shape for future planting of flowers and sodding. The road to the east of the park has been improved and widened until it provides a splendid approach to the recreation center. The planting and sodding of the grounds and terraces will be handled in the next few weeks, insuring the completion of the beautification program before the conclusion of the summer months.

Mr. and Mrs. Clyde W. Naylor and daughter, Cecelia, and Mr. and Mrs. E. V. Haggerty of Pampa spent Sunday in Clarendon visiting with relatives and friends.

HEADS ARE FETED BY TAILS TEAM

FUNDS FOR TAKING CARE OF CLUB'S NEEDS RECEIVED MONDAY EVE

The "tails" golf team with Ira Merchant as Captain of the Hillerof Club were gracious hosts to the "heads" team with Meredith Gentry as Captain Monday evening with a banquet served in the banquet hall of the Clarendon Hotel. Forty-four golfers were present and enjoyed the festives of the evening as well as the splendidly served banquet.

Tom F. Connally acted in the capacity of toastmaster and kept the meeting moving along with a degree of joviality rarely seen on like occasions. The friendly "fives" were swapped back and forth among the winners and losers of the matches with A. N. Wood and the Revs. Murrell and McPherson the principal libbers.

Following the hour or more of food and fun the meeting was turned over to President P. B. Gentry for a business session. Holman Kennedy presented the statement of the Club's finances which was found to be in need of additional funds. Every member was assessed the amount of \$5.00 for the cleaning up of the outstanding debts.

Plans for another tournament with entrance fees being donated to the purchase of food for the unfortunate was voted upon and passed by the group and definite arrangements were placed in the hands of the tournament committee. Full plans will be announced in a few days and play will be started so as to complete the matches before the Green Belt slayers begin practicing on the local course.

Other discussions were held among the members concerning the approaching Green Belt Tournament to be held here starting May 18th. Following this the meeting adjourned with the thanking of the "tails" for the evening of fun.

Miss Eva Lee Morrison spent the past week end in Lubbock visiting her sister, Miss Esther. Before returning to Plainview where she attended the Business and Professional Women's District Conference.

FINAL COTTON REPORT GIVEN

DONLEY COUNTY LOSS IS 3,635 BALES. STATE GINS 83,000 BALES OVER 1929

A report which will be of no little surprise to many citizens of the county was made public the latter part of last week by the Government on the ginning records in Texas of the 1929 and 1930, the season just closed. The final accurate report as sent to The News finds Donley County with a shortage of only 3,635 bales of cotton. This last season found Donley with a production of 15,088 bales as against 18,723 bales in 1929. This is all the more remarkable when it is remembered that a severe shortage was expected throughout the season due to the unfavorable weather and growing conditions which was experienced in this section.

Donley county's percentage was higher than any in this section of the state in comparison with the previous year's record. A few records of other counties which might be of some interest to our readers are found in the following paragraphs.

Hall county's crop for 1930 totaled 22,848 while its 1929 record reached 52,249 bales.
Childress County ginned 8,695 bales as against 25,781 bales in 1929.
Collinsworth County 35,086 bales for 1930; 42,934 bales in 1929.

Nueces County held the record for the greatest number of bales ginned in 1930 with a total of 148,442 bales for an increase over the 123,703 of 1929.
The report shows the state shows an increase of nearly 86,000 bales of cotton over the previous season. Texas ginned 3,886,141 bales the season just closed against the 1929 total of 3,803,211 bales.

JURY SELECTED FOR FOURTH WEEK OF DISTRICT COURT

The petit jury list for the fourth week of the March term of District Court is listed below. This list is subject to appear in court on the morning of April 27th for jury duty.
E. S. Bellow, John Naylor, W. Green, Clifford Johnson, A. H. Bolling, J. H. Hedrick, R. E. Darrell, Neal Bogard, G. D. Hunt, L. O. Christie, C. L. Goin, J. R.

MUCH INTEREST SHOWN IN TRIALS

DR. C. G. STRICKLIN ELECTED VICE PRESIDENT OF TRIALS ASSOCIATION

Officials of the Northwest Texas Field Trial Association are more than pleased with the interest being manifest by dog owners from three states over the coming field trials to be staged here beginning April 6th. It appears almost certain that the trials this year will be the largest and most successful of the association's history. This statement was strengthened to a greater degree with the request about the event being received from Pete Dixon and Mack Prichett of Catoosa, Oklahoma. These men represent many of Oklahoma's best dog owners, and for the past season have been handling champion dogs on the major trial circuits of the nation.

Entries have already been received from El Paso, New Mexico, Oklahoma, and numerous other Texas cities. Boyd McMahon, Oklahoma, whose dog, Tom Dicus Tex, won the Texas Amateur at Palestine this winter, is almost a sure shot to enter his dog in the meet. George Margard of Amarillo who owns a full sister of Tex is already entered in the Trials.

Dr. C. G. Stricklin, local sportsman, has been honored by being elected Vice President of the Association, according to advice received here Tuesday morning by wire.

Expenses of the meet will be paid for out of a membership fee, \$5.00, charged to each member as yearly dues. Both Burran and the association's president, Jess Dickie, Jr., invite all lovers of the sport to join the organization. Three stakes will be run including puppy stakes, junior all age stakes, and all age stakes. Puppy stakes will be run for puppies whelped on or after January 1930, and the winner of the 40-50-20-10, with heats for 20 minutes.

Junior all age will be run for dogs whelped on or after January 1, 1929, and the winner of this stake will receive 75 per cent of all fees, stake to be divided in three places, 50-30-20, and the heats will be for 30 minutes.

All age stake will be run for any pointer or setter regardless of age, heats to be for one hour and fees will be divided on 75 per cent of this stake, 50-30-20, in 45 minute heats. Second series of all stakes will be run at the discretion of the judges.

Any stakes is open to any setter or pointer in the United States regardless of previous wins to be handled in this stake by an amateur.

A large number of entries is expected for this meet the only one held in Northwest Texas.

Dr. and Mrs. J. G. Sherman and son Kenneth, spent last Sunday in Wheeler County.

Rufus White left Tuesday for Shamrock where he will relieve Frank for a while in the operation of the hatchery in that city.

Messrs F. E. Chamberlain and Kelley Chamberlain, spent Monday in Amarillo attending to business matters.

Over two hundred per cent increase in the number of prospective gardens in Donley County gives a lot of comfort to those of us who believe in the sound doctrine of "live at home."

Certain men and women who have been helped locally to food and clothing have recently indicated an aversion to work. Their names have been noted and it is said that they will have pretty hard sledding from here out. We doubt if this community is large enough for those of such unworthy aims.

Somebody remarked the other day that very few people who were receiving aid in the way of food and clothing in these fretful times, ever took the time or had the grace to express thanks and appreciation. Yes, yes, ingratitude is the curse of the human race, and we shouldn't expect too much; although it is pleasing to hear a few words of simple appreciation for such aid.

THREE TONS OF RELIEF

Approximately six thousand pounds of non-perishable food-stuffs was the result of the American Legion benefit play presented here Friday evening of last week, when people of this community joined in an evening of hilarious fun and brought liberally of staple foods for the relief of needy families in Donley County.

Similar benefits have been staged in other communities but according to all reports no community has equalled this generous offering, which amounts to a per capita donation of about two pounds for each inhabitant of Clarendon, although the response was not confined to the town by any means.

Issue of this three tons of food relief began at once under direction of the Red Cross and Goodfellows agencies assisting the Legion, and it is estimated that the food thus dispensed will go far to get needy families over to garden harvest and better opportunity for employment and independence.

None of this food was issued to Clarendon families, but all was allocated to destitute folks over the county, which is in keeping with the American Legion board-gauged policy of helpfulness.

Congratulations to the local post of the Legion, and congratulations to those who so generously made up the overflow audience and brought the three tons of relief which is performing such a notable task among our unfortunates.

TEXAS' CENTENNIAL CELEBRATION IN THE PANHANDLE

Since it is only a little over four years now until Texas will round out her hundred years of independence, it is short enough time for proper preparations for an adequate celebration of the Centennial.

From the present outlook, it may be impossible for the Centennial celebration to be organized and staged at any one point in Texas, so it is well that Panhandle people take some thought for the sectional celebration here in our own territory.

Seems to The News that a very satisfactory plan could be worked out in this section by combining the thirty-two counties comprising the Panhandle into a huge Centennial Exposition to be staged at the Tri-State Fair grounds in Amarillo. The location is logical from the standpoint of railway and highway accessibility, and it is especially proper that the largest city in the territory should be the host city.

Plans for this huge undertaking could be worked out by a joint board of directors representing the thirty-two counties included in the project, and every conceivable item of progress in Texas and the Panhandle would have its place in the exhibit plan. A pageant extraordinary depicting the march of civilization in Texas from colonization to the present day staged in the open could be made the chief attraction, while exhibits of balanced farming in the Panhandle could be made so convincing that 1936 should thereafter be set down as the beginning of economic independence for the rural sections of this territory. The schools could participate in a wonderful way to the great profit of pupils and people, and there should be no segment of the population without participation in such an important celebration.

Four years isn't too long to work out the plans for such a stupendous event if it is to be commensurate with the interest of the progress involved.

Let us celebrate in a large way the Texas Centennial here in the Panhandle, but let us begin soon that the celebration will be worthily planned and ably staged.

SPORTS SLANTS

By Sam Braswell, Jr.

Well customers, (all sports columns are supposed to address its readers as customers) at last The News has graduated into the metropolitan class of newspapers with a sports column an' every-thing. That's class, ain't it? Anyway, from here on this will be a regular weekly feature of The News unless it gets crowded out by other news or paid advertising, in the latter case I guess we will just have to grin and bear it. Well here goes the first one—

LAUNDRYMAN BEATS COLUMNIST IN GOLF MATCH.—There you are, Walter, I told you I'd put it in if you looked out on me—which you did. Anybody knows how hard a laundryman hates to lose a hard and loud talked golf match—and I have a soft heart.

Just the same everyone had a good time in the tournament just ended, and the interest indicated that golf is still on the up and up in the city's pastimes. The "heads" won the civil war battle from Ira Merchant's "tails" and we appreciate the feed we got, don't we "heads?" All you golfers that haven't been out this year, get your clubs out and limber 'em up on the fines course in West Texas.

More and more of the Clarendon ladies are taking to the game every week. Come on out golf-erets so there can be enough for a ladies tournament this summer.

Next week will give the residents of the county their first opportunity to witness the County Inter-scholastic League presented free of any admission. The local Chamber of Commerce has done a fine thing in underwriting all the expenses of the meet this year, and from every school in the county comes the word that stiffer competition will be seen this year than ever before with the largest number of contestants in every branch of the meet. Just another really big event which is assured success through the sponsorship of the chamber of commerce.

Tennis seems to be coming into its rightly honored position among the youngsters of the city. Some fifty or sixty Clarendon boys and girls have taken up the game in earnest, and are rapidly learning the finer pints of the game. Nothing can take the place of tennis for the development of quick decision, alertness and speed. Inadequate playing facilities are the chief hindrances to the development of the game in Clarendon. This column is for the city supervision of a number of well constructed playing courts where tournaments can be held satisfactorily. The young life of the city deserves it, what do you say, City Dads?

An number of the football fans of the city have requested the

Columnist to explain further the changes which were made in Memphis a few weeks ago relative to the division of District 2 subject to the coming season. Heretofore nine teams have been playing for the title which took nearly the entire season to decide the outcome. Under the new plan Clarendon, Memphis, Esteline, Quitaque and Turkey will form the subdivision to be known as the South Division, with Wellington, Shamrock, McLean and Wheeler constituting the North Division. The teams will play those of its own district until the winner is decided and then the two winners will meet for the title to see who plays the winner of the upper section for the District Championship.

Local fans will note with pleasure that the Memphis Cyclones are in the same division with the Bronchos. The traditional game between these two teams will be played in Clarendon this fall, and right here and now this Columnist predicts a substantial victory for the Bronchos over the twisting Cyclones.

Hurray for the new dead baseball—everybody hits a home run now.

Lots of things happening at the old Alma Mater—Giants and White Sox both beat the Longhorns—that's news! Athletes after Fred Walker's scalp—wonder why? He won two basketball games last season. Power to you Longhorn athletes. Bonnie Hilliard, ball toater delux, thrown for loss by scholastic ailments—a lucky break for Harvard next year. Capt. "Ox" Emerson ineligible—that's bad.

The depression isn't so bad—Uncle Billy's Texas Longhorns beat the tar out of the Houston Buffaloes so things are just about normal.

Let's go to Memphis Sunday after church Hillerofers and show the Hall county brassie slingers how the game should be played.

Well, Customers, we hope you like us and will wait impatiently until the next issue of the County's Savior next Thursday. So long, and now that you have read this you can all go to sleep now with nothing whatsoever on your mind.

T. W. WELCH CORRESPONDS WITH OLD SCHOOL MATE

After losing track of his old buddy and classmate some 35 years ago, a short time after being enrolled in the old Ball High School at Galveston, something familiar about the signature on one of the illustrations of a story in Collier's Weekly led T. W. Welch, local Western Union Manager, to correspond with the magazine's publishers who forwarded his letter to the illustrator in question. A few days ago Mr. Welch was surprised to receive a letter from Mr. Charles D. Williams, now a

nationally known artist, recalling many of the pleasant experiences the two had enjoyed together while deskmates in the above named school back in 1885. Mr. Williams is now residing in New York where he has wide patronage as an independent artist and illustrator, ranking among the topnotchers in the latter profession. He was at one time staff artist of the Chicago Herald and others of the world's largest newspapers.

The letter from Mr. Williams proved to be full of interesting news about a few of the other comrades of the old school, and proved to be as Mr. Welch stated to a member of The News staff, "Just like hearing from a long lost brother."

Patrick Upham of Sault Ste. Marie, Mich., who was sleeping beside a deer run, was awakened by two large bucks nibbling his long whiskers.

Rose Gray of Chicago recently made her 119th appearance before the city magistrates, charged with using bad language.

Electricity Aids the Small City

ELECTRIC power has been called by many economic authorities the "Equalizer," because it puts the small town on an equal basis with the large industrial center. No longer is it necessary for industries to locate in congested, expensive and competitive metropolitan districts, for the transmission line system has built an ever-growing network of electric highways, over which is transported unlimited power—available in the smallest of towns at an inexpensive rate.

This development in the electric light and power industry holds forth greater opportunities to the small town than it has ever enjoyed in the past. The "Decentralization of Industry" which has followed this development has been advantageous to the country as a whole. West Texas has profited her full share, and will continue to participate in this new industrial growth throughout the years to come.

The West Texas Utilities Company, manufacturing inexpensive electric power, dependably serves 120 prosperous cities and towns in West Texas, the "Land of Opportunity," distributing its services over more than 2,500 miles of transmission line to a territory approximately 45,000 square miles in area.

May the big surprise of his life be not his last!

THE gentleman shown above had his car all tuned up... went out to see what it would do... touched 65 and strove for 70. And then... the big surprise of his life!

Because, although no bolt was left unturned to put body and motor in A-1 condition, he tried to economize with inferior tires... and one of them gave out. A skid or blowout at high speed is a big enough surprise for anybody. Indeed, tire failure—even on a smooth road—is more than likely to cause disaster.

Nowadays it isn't necessary to take such chances. Our prices for trustworthy new U. S. Tires are so low that risking old tires is mighty poor economy. For any speed on any road, it will pay you to join the Big Swing to U. S. Tires. Why not make certain of maximum safety? Drive in today and let us check your tires. Be sure and be safe!

CLARENDON MAN WINS HIGH GRADE IN CONTEST

Robt. S. Cope, salesman for the West Texas Utilities of this city, went to Dallas Sunday night and represented his company in an oratorical contest to decide the Texas representative in the national contest to be held at Atlantic City some time during the summer. The contest at Dallas was between the representatives of twelve utility concerns of Texas who had already held eliminations. Mr. Cope having recently won the West Texas Utility contest at Abilene. The oration was based on the advancement of electric appliances in the home.

In the Dallas event Mr. Cope won fourth place, and so close was the grading of the judges that only 1 per cent separated him from the winner, by one system of grading and only three points by another.

His friends here are congratulating him on the splendid showing made and feel sure that the Texas winner must have had a very fine address to have won against such competition.

JEANINE WILLIAMS BURIED IN EL PASO THIS WEEK

Friends of Mr. and Mrs. Carl Williams will be grieved to learn of the death of their baby daughter, Jeanine, on last Sunday at their home in El Paso. Death followed a recent fall in which an arm was injured, the infant dying as the result of septic poisoning which set in following the injury. Burial services were held in El Paso Monday of this week. The young lady would have been three years of age in the Fall of this year. J. H. Rutherford, the grandfather of the youngster, went down on the receipt of information of the death.

CHANGES IN TEXT BOOKS ANNOUNCED FOR 1931 TERM

Mrs. Nora McMurtry, County Superintendent, has recently received a list of the discontinued books for the public schools for the year just ahead. The lists are supplied from the office of the County Superintendent and may be seen there when the teachers are in the city. Some important instructions are contained in the letter from the book department and the County Superintendent asks that all teachers follow as closely as possible the requests that the displacement will be followed through with as little difficulty as is possible.

Mrs. Frank Simmons spent the week end with her sister, Mrs. Robert Koener, in Pampa.

Robert Weatherly attended to business in Panhandle last Saturday.

After a slow start the magazines gathered by the Lions for distribution to the rural schools of the county are at last being placed in the schools of the county. Mr. Rathjen stated that a number are being sent to the various schools of the county as teachers and trustees of the schools are seen in the city. If there are any teachers of the county interested in receiving copies of good standard magazines for their school work the Lions Club will be more than glad for these to call for them at Rathjen's Shoe Store at their earliest convenience.

Mrs. Frank Downey and Montez of Wellington spent the past week end visiting friends in Clarendon.

SALUTING THE WEST TO BE HEARD NEXT WED. EVE

Saluting the West, the next broadcast of the Conoco Listeners' Hour will continue the series of programs dedicated to sections of the country of interest to motor travelers. Music typical of the West will be heard during the program.

Peggy and Pat, of course will be in the studio to direct the program in accordance with the wishes of the listeners themselves and promise an exceptionally fine broadcast. The orchestra and the quartette are preparing special features they report.

Tune in Wednesday evening, April 1, on station WKY, Oklahoma City, at 6:15.

Les Beaux Arts Projects are Success

Saturday climaxed two projects sponsored by the Les Beaux Arts Club when the annual Plant Exchange and the Bird House and Feeder Contest was held.

Early Saturday morning the lawn just east of the City Hall building was the scene of much activity as the citizens of Clarendon and the surrounding territory brought in their surplus plants and flowers to be exchanged and given away by the Les Beaux Arts ladies. Throughout the day plants of all varieties were distributed by the Exchange and it is thought that something in the neighborhood of 600 plants were disposed of. The city and other communities will no doubt show the great benefit derived from the exchange this spring and summer when the plants are set out.

The second project was the judging of the Bird House and Feeders built by the Donley County boys and girls. A large crowd of youngsters thronged the club rooms to learn the winners of the prizes. Judging was done by C. W. Taylor, Densil Davis and R. E. Dretnan, winners were: Senior Class (house) Asa Yates, 1st; Kenneth Sloan, 2nd, Senior Class (feeder) Roy Lunnas, 1st; Rebecca Welch, 2nd, Junior Class (house) Junior Swift, 1st; Joe Hayes, 2nd.

Mrs. W. H. Patrick and daughter, Miss Lorraine, accompanied by Bill Carroll were Amarillo shoppers Tuesday.

Mrs. Sam Braswell, Jr., and Mrs. Sam Braswell, Sr., drove to Amarillo Tuesday. Mrs. Braswell Sr., remained with Mrs. J. H. Braswell who is convalescing in St. Anthony Hospital following a major operation Monday.

Club Clothing Demonstration Sat. at 2 P M

The News has been requested by Miss Martha Buttrill to announce through its columns that on this Saturday afternoon at 2 o'clock Miss Barnes, state clothing expert will present a free demonstration at the Club Rooms in the City Hall building in Clarendon. Miss Buttrill stated that it was hoped all the club women of the county would make it a point to be in attendance to this worthwhile event. A large crowd is expected to witness the demonstration under the direction of this capable clothier.

BUSINESS & PROFESSIONAL CLUB HEAR FROM DEL.

The B. & P. W. C. held its regular meeting in the banquet room of the Clarendon Hotel, Tuesday night, March 24 with Mrs. Ruth Teat presiding. Table decorations and favors were suggestive of Easter. Nineteen members were present and Mrs. Joe Goldston, Mrs. Will C. McDonald and Herloise Burrell were special guests.

After a short business session President Smith announced that the club charter would be presented in the near future, and plans were made to make this an affair that will long be remembered in the history of the club.

Norma Rhode, club delegate to the convention in Plainview on March 21st and 22nd, gave an interesting outline of this meeting, also reports and growth of clubs of District one.

Lorena Steagall told of stunts given at the banquet and announced to the club that Clarendon won the prize for best and most original stunt. This was then presented to the club by Misses Steagall and Eva Lee Morrison.

Carrie Davis was quite interesting in a talk on "Publicity in the Texas Woman", and asked that our club secure an add for this magazine if possible.

President Smith presented a summary of Rhoda Murray Hester's address to the club, also plans for the State Convention to be held in Amarillo, May 28, 29, and 30.

Next meeting will be held April 14th, 1931 at the hotel.

Rev. C. B. Ingram is at the bedside of his son in Ellis County A report indicates that he is better at the present time.

TERRACING DEMONSTRATION OF LITTLE INTEREST

The attendance for the Ft. Worth and Denver terracing school last Friday evening at the City Hall building was severely cut down due to conflicting attractions elsewhere in the city. Some ten or fifteen interested farmers were present however, and received valuable information in the form of lectures and slides. The lectures were delivered by such experts as Agricultural Agent, M. B. Oats of F. W. & D. C. Ry; Bentley and A. K. Short, from College Station.

Terrace demonstrations were held Saturday on the Brumley place north of the city. Terraces were built on both the pasture land and the field as well. The demonstration lasted the entire day with near one-hundred Donley county farmers and other interested parties availing themselves of the opportunity of witnessing the terracing experts. County machinery supplemented by the owner's tractors were used in the building of fourteen terrace levels.

County Agent T. R. Brown was well pleased with the demonstration, and stated that a great deal of benefit will be seen in the county in the future.

FORD SAFETY

Triplex shatter-proof glass windshield has saved many lives in collisions

EVERY new Ford is equipped with a Triplex shatter-proof windshield. This is made so that the glass will not fly or splinter under the hardest impact. It has saved many lives and prevented injuries in many automobile collisions.

This shatter-proof glass windshield is just one of many features that make the new Ford a value far above the price. Others are the silent, fully enclosed four-wheel brakes, sturdy steel body construction, four Houdaille double-acting hydraulic shock absorbers, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, Rustless Steel, and unusual accuracy in manufacturing.

In addition, you save many dollars because of low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS \$430 to \$630

P. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

THIS WOMAN IN 4 WEEKS LOST 17 POUNDS OF FAT

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America. Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce. I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present, which has been just four weeks, I weigh 239 lbs. And I must say, I feel better in every way, besides looking much better. May all large people, both men and

women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone. A bottle Kruschen Salts that lasts four weeks costs but 85c at Douglas-Goldston Drug Co., or any drugstore in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce swiftly cut out pastry and fatty meats and go light on potatoes, butter, cream and sugar. The Kruschen way is the safe way to reduce—Try one bottle and if not joyfully satisfied—money back.

"Well Broken In"

You've probably heard this term used in connection with an automobile that had been treated correctly during the first few hundreds of miles—but did you ever hear the breaking-in process applied to tires?

If you never did, we want you to know that there is a time and a manner for breaking tires to the road even as there is the same procedure to apply to starting a new car off just right.

Many people put off the tire buying, getting a maximum mileage from their equipment, then just before they start on a long, hard trip, they drop in for a new set of tires. Nine to one they will have trouble with one or more of the tires bought in this manner and will be off this grade or name tires for the remainder of their lives when it was not the fault of the tires at all.

FULLY ONE FOURTH OF ALL TIRE ADJUSTMENTS

Come from tires placed on cars on a hot day, then driven as though the tires were accustomed to the road.

By gradually accustoming your tires to the road, breaking them in as it were, you will get fully one-fourth more mileage and a great deal of safety while you are using the tires.

Right Now

We are making a special effort to clear our stocks of all 1930 Federal DeLuxe Tires at prices that are unbelievable. Honestly—you can buy the Federal DeLuxe tire for less than you can buy an ordinary six-ply tire in lots of lines.

Let us fit your car with a new set of these DeLuxe or Double Blue Penant tires that you may get them "Broken In" before summer and the hot weather sets in.

SENIOR PERSONALITIES

SILAS FRANKLIN

"Rip" has only been with us two years, but during this time he has gained a large number of friends for himself because of his striking personality. Silas is an athlete as well as a scholar as he played football both years and is a member of the Track team now. Stability is his well known characteristic.

JACK DRAFFEN

Jack is certainly an asset to the Seniors as he is deliberate, reserved, and studious. He is a very popular member of the band and Jack can certainly make music on that horn of his. We are delighted to say that he has been with us all four years of high school and we prophesy no end of success for Jack.

GLENNIE HALEY

Glennie's grades are not low by any great deal, instead she has proved to be very capable—especially in essay writing. Since she has been with us all of her high school life, we know just what her capabilities are. Glennie always passes kind words and a pleasant smile for all.

CARROLL HOLTZCLAW

In the Senior play, Matt McAllister, the gruff old millionaire who "didn't come for no social visits" was no other than Carroll Holtzclaw. Carroll has a keen sense of humor and one does not soon forget him. His high school life has been spent in C. H. S. His school career is especially marked by his success in tracking which he has won several medals.

MARJORIE HALEY

We could not get along without this quiet, meek, and friendly member. She has been with us a long time also, and has proved herself a very loyal student. Marjorie is entering debating this year and we hope her argument is so strong that she wins her point.

MARGARET DILLARD

It is having members like Margaret that raise the standard of a class. She has been with us all four years of high school. She is a dependable member of committees because of her sound judgment and wise choice. Margaret appeared as Jenny in the Senior play this year and she performed her loquacious role with perfection.

SENIOR PLAY BIG SUCCESS

The Senior play "Applesauce," that was presented Friday evening attracted a large audience; if one judged by the laughter and applauding at the end of each act, it would be thought it was thoroughly enjoyed by all who attended.

The cast of characters consisted of the following:

Ma Robinson—Ruth Nichols.
 Pa Robinson—Harold Phelps.
 Hazel Robinson—Pauline Sanford.

Mrs. Jennie Baldwin—Margaret Dillard.
 Matt McAllister—Carroll Hazelclaw.

Bill McAllister—Bill Wood.
 Rollo Jenkins—Lloyd Benson.

The play consisted of three acts; the first scene took place in the sitting room in the Robinson home. The second act had the same setting as the first but it was an evening some weeks later.

The third act had its setting upstairs over a drug store supposedly three months later.

Between acts Misses Lois Wallace, Lois LaFon, Gertrude Shepherd and Messrs James Smith, Jack Draffen, and Thomas Clayton entertained the audience with the singing and whistling of a number of popular songs.

They were accompanied by Miss Pauline Shelton at the piano.

BAND PARTY

Thursday night the Band Boys were royally entertained by the Baptist Church. When we arrived we were asked if we would take the "hookers" or the "pokers" route in "baking bread" with our friends, Carroll Holtzclaw has a sore finger as a result of just taking the "pokers route".

Musical games were then played for some time. Several boys were asked to give a demonstration of all that happened at Borer. The snare drummer used a dishpan and two spoons, several others played on combs, and Carroll Holtzclaw was the splendid director. All who played thought that the concert was excellent. Immediately following, refreshments were served, thereby adding the finishing touch to a lively evening's entertainment.

Alpha Delta Psi

The Alpha Delta Psi Literary society had its very interesting meeting Wednesday night of last week. Since spring has arrived, plans for a picnic to take place on Wednesday night were discussed. The Ways and Means committee was appointed and "Pats Matrimonial Adventure", a short drama, is to be given next Wednesday night. The following program was given:

Piano Duet—Mrs. Clark and Miss Sample.

St. Patrick's Day—Eugene Estlack.

Current Events—Benton Smith.

Reading—Marue Trostle.

By's Quartet—Billy Dillard, Benton Smith, Robert Weatherly Phifer and Eugene Estlack.

Hollywood Gossip—Helen Goldston.

Critic's Report—Mary Slater.

THAT PICNIC-PARTY-TAFFEY-PULLING

Thursday morning a group of Polo Duroans were making enthusiastic plans for a picnic to be held that night. These plans were joyfully upheld until about noon when large rain drops made their unwelcome appearance, that is according to the opinions issued by the group. The news was fast spread, however, that "There's some Sunshine Back of Every Cloud" so it was not long until numerous tunes would be heard resembling "Singing in the Rain." This was probably due to the fact that Joyce Link had cordially invited the group to come to her home for the evening.

The group assembled and numerous forms of amusement including bridge, wings dancing, etc., were enjoyed until a late hour. Delectable refreshments were served and Bill Rutherford may give the particulars in regard to the amount of "taffy" candy one can eat. At a late hour the group left for their respective homes exclaiming that they did not mind being disappointed if all disappointments had such a happy ending.

Margaret Hill of Amarillo visited Delphia Bones last Saturday.

POPULAR MEMBER OF JUNIOR CLASS HONORED

Mrs. Odell Baird, formerly Miss Erma Keener and a popular member of the Junior Class before her marriage to "Mike" Baird, was complimented with a shower at the home of Viola Jones Saturday evening.

After bridge and dancing had been enjoyed for some time, a wheelbarrow was wheeled in containing a "hobo" bundle filled with gifts for the bride and groom. However, before the gifts were presented, Mike had to push Esma down main street in the wheelbarrow.

When the gifts had been presented, refreshments were served to the honoree, Mrs. Mike Baird, Misses Margaret Jones, Gladys McCrary, Beatrice Monie, Ruth Nichols, Ailen Mann and Ethel Casey of Pampa.

Messrs. Dick Nirhols, James Cornelius, O. C. Watson, Jr., Billy Wood, Marshall Butler, Loyd Benson, and Mike Baird.

Melvin Evans and Arthur Davis are attending the Dairy and Poultry show in Lubbock this week.

Gelema Ayres and Elsie May of Chamberlain, visited in the junior room Monday. They plan to attend school here next year.

Robert Green, J. A. Cox and Charles Walker attended the negro baseball game Sunday.

Mrs. Meade Haile, Eunice Johnson and Wylfa Lee Alexander judged the declamations at Lelia Lake Friday afternoon.

Mary Naylor was in Amarillo Saturday afternoon.

Ruth Price was in Lelia Lake Friday afternoon.

Palo Duro Society Items

Meeting in its usual club room Wednesday night, March 18, the members of the Palo Literary Society found on their business sheet resignation of their secretary and treasurer—Nola Gordon. It was decided that the resignation be adopted; then the house was open for election of a substitute.

Wilma Hukel accepted the position and began duties immediately requesting that all dues—past present and future, be paid.

A short facetious poem on "Ham" by the name of Barry. More was Eunice Johnson's contribution to the evening's entertainment. President Joe Noble read a short story to the society; and just as he reached the climax who should enter but Superintendent Harley True Burton, dressed in a flowered gingham dress of "ye olden days," a huge "sombra" made from the sister plant of alfalfa, and a pair of huge brogans peeping out from beneath modest pantaloons. He was not walking in his sleep, he was merely practicing the play given Friday night and he was wanting to borrow benches from the Society room. The climax of the story read, the adjournment suggested, and the benches turned over to "Daisy."

ORCHESTRA GO TO HEDLEY

The Clarendon High School Orchestra went to Hedley on Friday 20th. The members gathered at the band hall about 6:30 and left for Hedley at 6:45. Some members returned as soon as the orchestra finished its program but others remained to see the play given by the Junior Class of the Hedley High School.

COLORED SLIDES OF JOAN OF ARC CAN BE SECURED

AUSTIN, Texas, March 25—Joan of Arc was one of the most colorful figures in the history of France, and the story of her daring achievements for her country is one that is universally appealing. A set of colored lantern slides, showing the most interesting details of the life of the French heroine, has been prepared for release by the Visual Instruction Bureau of The University of Texas. The titles of the 17 slides are given in French but a lecture in English accompanies the set.

Dorothy Elliott: "Well, professor, how are we to know when we break a law?"

Frank Stocking: "Eat, drink and be merry, for tomorrow all three may be illegal."

Like Steel, the best Gasoline is Blended

IN the roaring inferno of the furnace, many elements blend into varying grades of steel. Iron, manganese, silicon, carbon, all join to produce a steel to suit a purpose.

In making gasoline, too, blending is necessary to produce a fuel to fit your motor. No one grade of unblended gasoline possesses a wide enough range of qualities to stand alone.

So CONOCO blends three types into a perfectly-proportioned whole . . . Natural Gasoline, for quick starting . . . Straight-run Gasoline, for surging power and long mileage qualities . . . Cracked Gasoline, to contribute anti-knock properties.

True, any refiner could do this. Just as any amateur can blend the same elements found in secret formulae for making steel. But in the oil industry, as in the steel business, there always are headliners . . . a select few whose products are eminently better.

CONOCO is definitely a member of this group in the refining of gasoline . . . because CONOCO has men who know how. And it's all in knowing how!

We pride ourselves on this balanced-blend triple-test gasoline. Won't you try it today? Just ask for CONOCO . . . wherever you see the CONOCO Red Triangle.

CHURCHES

Methodist Revival Starts Sunday A. M.

The Revival at the Methodist church will begin next Sunday at morning hour. Rev. W. M. Errell, presiding elder of the Clarendon district will preach Sunday evening. A prayer service will be conducted by the pastor. The Womans Group will meet in the parlor of the church and the men will meet in a Sunday School room. The prayer service will close at 7:30 and the preaching service will follow immediately. Each Sunday School Class will have a visiting committee making calls each day during the meeting. The music of the meeting will be under the direction of Mr. Braswell, and persons who would like to assist with the service of song are cordially invited to join the choir in this effort.

The people of the community are invited to attend the services during the week. The meeting will not conform to any cut and dried methods, but we hope to leave a place for the play of personality and the work of the Holy Spirit. All church people feel the need for a period of personal examination and the vitalizing of the personal religious experience, and it is the purpose of this meeting to meet this need. There are other persons who have lost step with church and religious life, and hope to assist this class in making such adjustment as may be needed in their religious experience, and help them to find the joy of service. There are other persons who have never made a profession of faith, and who will have a chance to learn more about Christ and take a stand for God and the Church during the week.

W. R. McPHERSON, Pastor.

CHURCH OF CHRIST REVIVAL

There will be a series of meetings at the Church of Christ, beginning April 12th continuing to April 19th. Evangelist W. R. Wolfrum of Wellington will do the preaching. Singing will be conducted by R. L. McCowan, Bro. Wolfrum comes to us highly recommended as a Gospel preacher. It will pay everyone to hear him. Two services daily, at 10 a. m. 7:45 p. m. A cordial invitation is extended to all.

COMING: Genuine Rexall One Cent Sale, April 9, 10 and 11.

"The Gospel"

The announcement of salvation through Christ's atoning work is the good news which eclipses all others. It is a message for all men, of all ages, and all countries. None are excluded from the blessings of the gospel save those who exclude themselves. "Him that cometh to me I will in no wise cast out" (John 6:37).

This message never grows old. It ever has been since it was first told, and it ever will be, as long as time shall last, music in the ears of the penitent. To the Christian, it's sweet voice never loses its charm. It is, like the One whose everlasting love is heralds, "the same yesterday and today, yea and forever."

It gives just the message men need. It tells of a plan by which those who have sunk to the deepest depths of the miry pit may be lifted to the light, and placed upon a rock of safety. It speaks also to the moral, upright man, letting him know that in spite of the continual progression in the arts and sciences, and the advance of civilization, man's nature remains unchanged. Nothing can alter that, except the power of the glorious gospel of our Lord Jesus Christ.

When the gospel is proclaimed, it has a separating effect. A division is made. The message results in the formation of two classes. It is "to the one a savior from death unto death; to the other a savior from life unto life."

God's great love toward and for the human race was manifest in the giving of His only begotten Son, Jesus Christ. This Son revealed the Father's love, plan and will concerning salvation. Man had refused and offended His Maker and Creator. The offender and rejector only has the right

to offer or give conditions of reconciliation or pardon. This God did through Christ.

The gospel brings to us the terms of reconciliation and pardon. "God is not willing that any should perish, but that all should come to repentance." (11. Pet. 2:9) "And at the time of this ignorance God winked at; but now commandeth all men everywhere to repent." (Acts 17:30). There is coming a day when those who obey the gospel will be rewarded and those who reject it will be punished. God has done His part for your salvation, have you done yours. W. E. FERRELL, Minister, First Christian Church, Clarendon, Texas.

J. P. Rhodes and K. W. Kerbow made a trip to Lubbock Sunday and were accompanied home by members of the Business and Professional Women's Club of this city who have been attending the sessions of the district Convention.

HIGH SCHOOL ORCHESTRA PLAYS AT HEDLEY FRIDAY

Eighteen members of the Clarendon High School orchestra with director Gus. B. Stephenson and Homer Mulkey played for the Hedley high school dramatic production in that city last Friday evening. The orchestra had accepted the invitation of the Hedley school officials some time past to furnish the music for the play.

The personnel of the local musical organization state that the play was of the highest class, and would have been a credit to a troupe of professionals. The offering of the orchestra elicited no little favorable comment from the capacity crowd which thronged the spacious auditorium of the Hedley School.

Mrs. R. H. Beville, Jr., and daughter, LaFon, of Amarillo, spent Tuesday of this week in this city visiting her parents, Mr. and Mrs. J. R. LaFon.

Mr. and Mrs. Ernest Naylor and son, from Quah, visited relatives in this city Sunday.

Mrs. Sam. Braswell, Jr. and Miss Eula Naylor spent the week end in Pampa with relatives.
