PANHANDLE PRESS ASSOCIATION

ONE WAY OF DOING IT

In other parts of the Panhandle the light and power concerns are offering the schools and city governments substantial reductions in their monthly billing, but very little reductions, if any, for the domestic and business customer.

Certain gas concerns are offering a scaled down rate after the first ten thousand feet, which is also very little help to the average customer.

That is one way of doing it but is hardly satisfactory to the citizenship of those towns so affected.

No rate schedule falling shorter of a saving to the average family is worth much these days when telephone, light, gas and water costs make up such a large part of the monthly budget of the ordinary home.

MANY DONLEY FARMERS OPTIMISTIC

One of the hopeful signs of more satisfactory conditions is the fact that many farmers in Donley county are now frank to say that while money is undoubtedly short, that they are in better conditions than a year ago and are looking forward with confidence to the future.

One farmer told the editor this week that he had made this crop on twenty-five dollars borrowed money whereas he had usually needed at least two hundred; that he had plenty of feed, plenty of food products canned for winter and spring use; that he would largely handle his cotton without hired help, and that he expected to get a little money for his family needs after paying his ginning even if cotton was cheap.

This sort of optimism shows a readjustment of living standards and a faith in one's own efforts that will not be defeated. It bodes well for the future.

NEW OPPORTUNITIES FOR THE SMALL TOWN

Out of a conference of utility and manufacturing executives a few days ago comes the information that already many large and small factories are looking for locations in the smaller towns and away from the great cities of the nation. They have been forced to this step by the excessive tax rates of the cities and the cost of living of their employees.

Here is the opportunity of the small town, and right here in Texas we have many examples of busy, profit-making factory establishments that operate in towns from one thousand up to three thousand inhabitants, having moved from some larger city a few years or months ago.

Cheaper sites, plentiful power, gas, etc., gives the small town an actual advantage over the city, and the factory owner is beginning to find it out. The small town that recognizes this new condition and makes capital of it will greatly benefit in the next decade.

BARTER BETWEEN GOVERNMENTS

Close on the heels of the announcement of the "barter plan" of Donley County farmers of their produce for Plains wheat, comes the announcement of the federal farm board bartering twenty-five million bushels of wheat for one million and fifty thousand bags of Brazilian coffee.

Seems to us the government agency is smart in making such a barter, in spite of those curious people who declaim against the government having entered the wheat and cotton markets for the benefit of the producer, and then cry aloud to High Heaven, if the self same agency makes any move to go out of business by a sale or trade.

If barter among individuals, in times of financial stress, is practical and sound, then why not barter between governments.

We believe it is a sound policy, and we hope to see more of it in the weeks to come. Stagnation is the worst enemy of business in America today.

MARTIAL LAW IN TEXAS

Governor Sterling has called out the troops to shut down the oil wells of East Texas, where no order has been obeyed by the producers in their mad scramble of the past several months.

Many people will censure the governor for using the military to enforce sanity and economy in oil, "the natural resources" of the East Texas field, and they will howl that more men will be put out of employment by the shut down of the wells.

Certain additions to unemployment will certainly be created temporarily, but it appears that a very great good will come to the industry in the State by this decisive move of the governor, and many men now unemployed will have work this winter if the markets improve to the point that the industry as a whole can proceed with moderate tempo.

These are unusual times and drastic measures alone will suffice to bring order out of such chaos.

TENNESSEE MAN TELLS WHY TIMES ARE HARD

To his home town paper a fellow in West Tennessee writes: "Hollow Rock Junction, Tenn., May 6, 1931.

"Dear Mr. Editor: There seems to be so much talk about so-called Republican prosperity, I believe 'tis my duty to write my views on the same and help to analyze the situation so far as possible, so's we can make up our minds we had oughta' change our ways of living and so forth.

"I have taken my own case, for instance. I see my mistakes and many others have acted likewise. I bought a Ford instead of a farm and it is worn out, but the farm I figured on is still okeh. I invested in a radio instead of a cow, and the radio gives static instead of milk.

"I am feeding five nice hounds which answer to the names of Red, Red Wing, Slobber, Jake, and Bayrum, instead of five pigs. I had our piano tuned instead of the well cleaned out. I spent all my cash in 1925 and used my credit in 1929 and traded up my future wages on installments in 1930, so hard times caught me in a bad shape last fall.

"If I had only spent my last \$10 for flour and meat instead of gas and oil, I would have been okeh. I built a nice garage last year instead of covering my barn, and loafed in a mountain two weeks instead of being in the pasture fixing it so's my cow won't get out, but she is dry and mortgaged to boot for two blankets my wife bought from an agent instead of paying the preacher.

"I'm on a chash basis now, but I ain't got no cash. I am tied to the end of my rope and the man I am working for is busted on account of nobody wouldn't pay him and his cotton won't sell 'cause nobody won't buy no cotton clothes, all the gals wear silky stockings and silk underwear right here in our cotton patches. I had \$4 saved up for a rainy day, but it turned dry and I spent the \$4 for two inner tubes.

"I tried hard to make both ends meet with a turnip patch, but when I got turnips ready to sell, everybody else was selling them turnips for nothing and the maket was glutted. I am worried plum to the bone and my wife's kinfolks are coming over next Tuesday to spend two weeks.

"Write or phone if you hear of any relief from the Government coming down my way. I am willing to be either a Democrat or a Republican for a few weeks if that will help out any. Yours truly in pain, Mike Clark, R. F. D."

SOME GOOD IS STILL LEFT IN MOST PEOPLE

Whatever one may think about the thoughtlessness and unrespectful attitude of the present day folk, an incident of the fore part of the week proves that the people of today are not so bad and still have a great deal of good in them after all.

While Mr. and Mrs. Homer Mulkey were away from the city Tuesday attending the funeral of Mr. Mulkey's sister at Chillicothe, he was struck by the almost universal respect paid by strangers along the route from Chillicothe to Vernon where the deceased was buried. Almost without exception tourists and other drivers of automobiles pulled to the side of the busy highway and with bared heads waited in respectful silence for the funeral procession to pass. One of the most impressive incidents of the journey was the way in which the railroad section workers acknowledged the passing of the funeral. They removed their hats and stood at attention during the passing of the funeral group.

When strangers and friends alike show such respect there is still a world of good left, even though at times it is under a sham crusted covering.

Dr. Schacht is a former president of the Reichsbank, and plainly a man of definite and vigorous opinions. He begins his book

with a blast against those historians, one of them, the American Bernadotte Schmitt, was awarded the latest Pulitzer prize for history—who persists in perpetuating the myth that Germany was solely responsible for the World War. He then argues that because of this historical falsehood the reparation demands upon the Central Powers have an immoral foundation. These demands are proving disastrous to Germany, and bringing chaos upon the world. "We cannot avoid the conclusion," either reparations must be renounced, or the German people must be enabled to earn reparations." The second of these alternatives can be accomplished either by returning her colonies to Germany, thus expanding her purchasing market for raw materials, or by giving her preferential contacts in the development of backward countries. Dr. Schacht's argument is a powerful and persuasive one. The translation is by Lewis Gannett.

THE CALIPH BAGDAD

By Robert H. Davis and Arthur B. Maurice

D. Appleton & Company, Pub. This is the first comparative biography of O. Henry since C. Alphonso Smith's, published in 1916. Messrs. Davis and Maurice had long personal and business dealings with their hero, and knew him. They write of him, then, with a full knowledge and with great affection. There is much in their book that is new; letters, photographs, pencil sketches, and conversations. Of the embezzlement charge against O. Henry, for which he served three years and three months in the Columbus, O., Penitentiary, they say: "The writers of this book would like nothing better than to remove forever the last stigma, the last doubt, tarnishing (his) memory. But the clinching documentary evidence for that has been forthcoming. Yet the conceded facts are enough to justify posterity in rendering the verdict not guilty. The presumption is that when he passed through the prison gates, an innocent man went to punishment." There are many illustrations and an index.

Camp Fire News

Since Camp the Kieuwa Troop has not settled down. They have enjoyed a sunrise hike at the sink hole. Food was taken and the girls cooked their breakfast. They were: Willie Maude Pratt, Vivian Taylor, Jo Ella Kennedy, Joy McCanne, Mary T. Dyer, Helen Louise Teer, Misses Lorena Steagall and Mary Frances Caraway.

On Thursday August 27th, the Kieuwa Camp Fire Girls spent the night at the Country Club. A swim was enjoyed and then the girls were treated with Chili which tasted delicious on the cold evening. Games were played until a very early hour in the morning when the girls pretended to slum-

ber. The next morning after a cold and short swim, breakfast was enjoyed. Later the girls took another swim and returned to their homes. Those enjoying the fun were: Eugenia Noland, Mary Frances Dyer, Vivian Taylor, Anna Moores Swift, Mary Frances Powell, Dorothy Powell, Jo Ellen Kennedy, Rosalyn Bass, Peggy Word, Willie Maude Pratt, and Guardian Mary Frances Caraway. The girls and their Guardian wish to thank Mr. and Mrs. Walter Taylor and Mr. and Mrs. Odo Caraway and Betty Jo for accompanying them on the party.

Lets Trade Some More

The first response to the reduction of the News to \$1.50 per year and the offer to trade for canned products has met with a hearty response.

Use a No. 2 can for the basis of your figures, remembering that a No. 3 is twice the size of a No. 2; that a quart is twice as much as the No. 2 size and in this manner you may figure what you need to bring for a year's subscription. We do not care how much you bring, we have a lot of storage room and will display every jar or can in the office before it is stored.

In Figuring Prices Last Week We Were a Little Wrong. Here is the Revised list:

PEAS OR BEANS:

Ten No. 2 Cans for 1 year

Ten No. 2 Cans for 1 year

We Lead Where Others Try To Follow

Estelline Bearcubs Prospects None To Bright For This Year

Eleven men responded to coach McBride's call for Estelline football players Monday for two weeks training.

Among the boys reporting were the following: Artemas Hays, McCullum, Greer, Cooper, Wilkins, M. Wilkins, Bailey, Davidson, Kuykendall, Young and Bonner, Rogers, and Phillips of Newlin.

Several other boys from Newlin, including Hoover are contemplating coming to Estelline this year. Also a number of boys from Parnell are expected to be here next week for the training camp.

Captain Ewell Berryman is in Oklahoma and is expected to return for part of the training season before school opens. Clifton Berry and Raymond Jones are other prospects who are interested and may come in for the last week of training.

The first two days were spent in calisthenics. Wednesday tackling, blocking and other fundamentals were taught.

Six of the boys coming out this week have had one or more

years of experience, the others being new at the game.

Coach McBride says the positions are all open and every boy will have an opportunity to try out for the place he desires. If he has the stuff to back up his ambition he can choose his own position on the team.

The boys issued uniforms for the two weeks training will average 135 pounds each in weight with the heaviest man going about 160 pounds. Coach McBride is encouraged over the prospects for a scrapping little team that will give any neighboring team a run for their money. With a few heavy men coming in which he has in prospect a well balanced team can be developed.

The boys assisted by a few of the business men have been getting the football field in shape for play, cleaning off the weeds and straightening up the fences.

At the funeral of Mrs. Janet Runyon at Leeds, Eng., all the mourners wore bright colored clothes as she had requested.

team than in '30, but she'll probably have one no weaker. Ox Emerson and Dexter Shelley will be missing but what are two men when there are so many to pick from. Stafford and Koy are a backfield in themselves and Bill James never fails to have a crack-jack line. I won't say the Longhorns will win another championship. Playing S. M. U. the week after returning from Harvard will be their biggest test.

Well the latest of new sports to make its appearance in Donley County is Bull Fighting. However in this instance of last week when Mrs. Richmond Bowlin after trying most things in her life and accomplishing most of them to her satisfaction, tackled the big bull out at her place but she failed to outlast the charges of the animal and is this week making numerous plans to withdraw from the active bull fighting game. In fact she is so intent on removing the cause of her banishment on the field of battle she is trying to locate a new home for the victorious beast.

Mrs. Bowlin confidentially told SPORTS SLANTS (you all aren't supposed to read this) that she had been running around with the lions so much and had taken up her optimistic ideas to such a degree that she thought she could whip a bull—tsk, tsk. Try a sweet potato next time Mrs. Bowlin.

If they don't Moses will make the biggest fuss that has been staged in the senatorial bullrushes in recent years. He says that if he isn't elected that the chairmen of Senate committees will not be Republicans, either. Just like that! His own, and another one or two Republican votes is all that is necessary to unseat the apple cart and defeat the defeatist. That's what Moses promises will be done if they try to knife him. The Senator from New Hampshire evidently still thinks poorly of Republican progressives.

THREE BIG GAMES ON FAIR SCHEDULE

Three football games of intersectional interest are scheduled for the three Saturdays of the State Fair of Texas, it has been announced here by Phil Prather, director of athletics at the State Fair.

The first big game will be on opening day, when Texas A. & M. College meets Iowa. Iowa is said to have one of the strongest teams in its history this year and their game here with the "Fighting Farmers" is expected to be one of the hardest contested games of the season.

On the second Saturday of the Fair, Texas University will meet the University of Oklahoma. Texas and Oklahoma have been gridiron enemies for years and it's a "nip and tuck" proposition with them each year.

On the closing Saturday, two new teams will be seen in action at the huge State Fair stadium, when the S. M. U. Mustangs take on Centenary College of Shreveport, La. This will be Centenary's first appearance at the State Fair of Texas.

In addition to these three "major league" football games, ten other games are scheduled for the 1931 State Fair of Texas.

WEBER AND FIELDS JOIN WEEKLY RADIO BROADCAST

Weber and Fields have been signed to appear with B. A. Rolfe and his Lucky Strike Dance Orchestra each Tuesday, Thursday and Saturday night during broadcasts over an NBS-WEAF network.

The master slapstickers were added to Lucky Strike Saturday night programs recently and their popularity proved so great that they have been added to the Tuesday and Thursday night performances, during which they will continue their organization of a bank and other nonsensical favorites.

Weber and Fields recently returned from Hollywood where they appeared in a talkie, "The Parade of Time." They made their first stage appearance together in juvenile sketches at the old Bowers Music Hall, January 1, 1887, and continued their partnership in small variety theatres until 1885, when they formed their own comedy team. They have maintained this association, with the exception of an

eight-year separation from 1904 to 1912, through fifty-three years.

Let's everybody go out to the College Park tomorrow afternoon (Friday) at 3:30 and get an eye-full of the 1931 Broncho eleven. The opposition will be the wise old birds from Hedley, the Owls, and a fine reception is expected to be given the visitors during the afternoon. At least it is safe to say that the Owls will not be bored during the festivities of the afternoon, for the Bronchos will be working hard getting their plays and defense working smoothly for the big argument with the Pampa High School Harvesters at that city on next Saturday, September 12th.

Coaches John Hutton and Frank Stacking have been driving the lads hard for the past ten days and the players have responded nobly to the training and conditioning tactics. A few minor injuries, the worst of which was sustained by Jackson, is all that have worried the mentors in their work, and a full strength is expected to take the field against the Owls in order to get the taste of competition under their belts before next Saturday.

their perch. The epithet of "Uncasy Lies the Head that Wears a Crown" might be well applied here for there are a number who are after the boys with the kingly chapeau and they don't mean maybe, either.

No doubt some of you heard the talks by Coach Clyde Littlefield of the University of Texas, Dr. Blackwell, director of the Athletics at S. M. U. and prominent Harvard Alumnus over the radio last Monday evening, but for those who might have missed them we are giving their beliefs as to the coming season relative to the schedule of the University of Southern Methodist.

Dr. Blackwell stated that the Mustangs this season would be one of the greatest and most powerful elevens ever to represent the Dallas Institution. Great things are being expected of Weldon Mason this season as he is one of the finest gridiron performers S. M. U. has ever had, ranking with the marvelous Gerald Mann and Redman Hume. Blackwell asserted that the Mustangs were pointing to the conference title this season in place of the intersectional games as has been the case in the past few seasons. When asked what he thought the score of the Harvard-Texas game should be Blackwell replied that he believed the Longhorns would be victorious by a score of 35 to 7.

Littlefield then appeared before the microphone and stated that the Longhorns promised to be as strong as the 1930 Southwest Conference Champions, and he hoped the four hard intersectional games would not too greatly weaken the chances for the state institution to repeat for the title. He expressed the thought that S. M. U. should defeat the Navy again by a score of 13 to 7.

Coach Francis Schmidt of Texas Christian University has the following to say about the Mustangs and the Longhorns.

"S. M. U. will have a wonderful team. Coach Morrison will have practically every man he used regularly last year plus that big scrapping tackle, Hammond, and a fine array of big sophomores. The Mustangs were one of the best in 1930. With added experience and a better balanced schedule they'll be the club that will have to be beaten.

Well, it's all over. The presentation of the president's cup, of course. Fred Buntin and Milton Shaver received them from the hands of the president of the Hillcroft Golf Club last Monday afternoon after they had been thoroughly cooled off in one of Kerbow's refrigerators. The real trophy, however, is one that cannot be talked of too much. Fred Buntin will probably be prouder of it than of the one he keeps on the mantelpiece, for as old age creeps upon him, the utilitarian purposes may be realized more and more often as trips in the middle of the night may be postponed until morning. The speeches of presentation were made by G. Lester Boykin, who poured out a soothing line and then rubbed it where it would do the most good. The cups were furnished by the president of the Hillcroft Golf Club, Wesley Knorrp.

Talk of the coming domino tournament is already being heard on the busy street corners in Clarendon. It's not on the winner of the singles cup that most of the venom is falling, but rather on the doubles team of Leisberg and McAdams. It seems that these two are becoming rather cocky about their prowess and feel that they cannot be toppled from

ON TUESDAY EVENING**

At last a serious realization of the war has borne itself upon the minds and hearts of the Clarendon people. Heretofore the presence of the members of Company B upon our streets has been but more of a gala and romantic atmosphere to our city than that of war. But the seriousness of war began to grow when early Monday morning orders came to Captain Simpson to hold the Company in readiness to entrain at 6 o'clock Tuesday afternoon in special cars left here Monday for their transportation to Camp Bowie, Fort Worth, Monday morning.

The News issued a small "extra", expressing the public of the early departure of Co. B, from that hour the city was thronged with those who sought to be with their loved ones and friends among the soldiers as much as possible.

Douglas & Goldston Drug Co. are this week receiving the compliments of the people of the city of Clarendon and of the entire country for the splendid exhibit of popular books, featuring the original drawings by Ben Carleton Meade, illustrator of "Coronado's Children." The exhibit was planned and set up by Clyde I. Price, who weaved into the exhibit paintings by Harold Bugbee and interesting articles of Mexico and South America from the splendid collection of Miss Katherine Patrick and drawings of Sam Braswell, Jr.

The exhibit was witnessed by large groups of interested spectators which included teachers attending the county institute Monday and Tuesday and also those persons from Clarendon and surrounding territory who heard of the interesting outlay of materials.

Miss Eva Patching returned to her home here Monday evening after a summer's work in Boulder. Miss Patching will leave the latter part of the week for her position in Amarillo as a member of the school faculty in that city.

**NOTED EDUCATOR
IS LIONS GUEST**

**EXPRESSES APPRECIATION
OF SERVICE CLUBS' WORK
TOWARD EDUCATION**

Dr. H. L. Goerner, Superintendent of Dallas County Schools, was guest of the Clarendon Lions at their luncheon Tuesday of this week, telling of his work with the schools in Dallas County for the past six years and the progress he had made on his program. He stated that it was his plan to give every child, rich or poor, an equal opportunity in the field of education. The condition now avails in Dallas County, where all students have a full nine months term of school with advantages equal for all and graduation from a fully accredited high school at their goal. Mr. Goerner stated that this was done without any more than ordinary expenditure of money and that the students were given these privileges without cost for transportation or tuition. He expressed the hope that the entire state of Texas could finally adopt such a plan, stating that it could be done without enlarging the cost and that every student might have an equal chance at the least to a high school education.

The speaker passed a compliment on the service clubs, stating that he first appealed to them, selling them his idea and then later passing on to the general public with the clubs strong behind him and helping him with the prestige they gained.

Lion Burton followed with an announcement which stated that the present plans of the city schools called for a full nine-month term and that nothing other than this had ever been in the minds of the faculty or school board. He said that he felt that the teachers had sufficient interest to teach the students even though they did not receive more than sufficient to earn a living.

Lion Caraway indicated the feelings of the Board in a few remarks and stated that their plans call for a full term of nine months and that the Board had faith in the people to a sufficient extent to make their plans accordingly.

Lion Sam M. Braswell reported on the meeting at Mineral Wells, stating that it was a fine event and that all nine districts had their governors present even though the attendance was not so great as could have been. One of the prime objects up for discussion at the meeting of the Council of Governors had to do with the Clarendon Lions Club, which seems to be turned to grandfathers all at once. A promised visit of President Hyer in October will lead to a further investigation and a later report.

The plans for Texas are well laid for the coming year and the coming convention in Dallas promises to be the best and the largest ever held by the Lions of the State of Texas. Cecil Webb, field representative of the International office is to be in District "7" for some work in the near future and will make his headquarters in Clarendon for his operations over this section.

As one of the Lions put the matter, "The Rougher elements the club seemed to be doing some good, as they had succeeded in having all the preachers returned to the club for the first time in some weeks." In any event, the ministers were all in their places and were welcomed back accordingly.

Miss Dorothy White, pianist, was back from a two months vacation and leave of absence, as was Dr. C. G. Stricklin. Both expressed themselves as having enjoyed their absence from the city but indicate their pleasure at being back again.

Roll Call was answered by the members' favorite study in their school days.

J. Roy Bartlett of Childress was a business visitor in Clarendon Wednesday.

**SISTER OF HOMER MULKEY
DIES IN CALIFORNIA**

Mrs. L. D. Hindman, younger sister of Homer Mulkey of this city, passed away at the home of her daughter Friday morning at Alhambra, California. Mrs. Hindman was ill only a few days, being stricken while visiting her daughter.

The deceased was brought back to her home at Chillicothe where her home has been for many years. It was in this place where the funeral services were held with Rev. Clarence Craig and T. G. McCord, principal of the Chillicothe public schools conducting the last rites.

Mrs. Hindman was a devoted and valuable member of the Christian Church, and has been for a long number of years. The appreciation, respect and love with which she was held by the citizens of Chillicothe was evidenced by the great crowd of admirers which gathered at the beautiful First Methodist Church to pay their last respects to their departed friend and neighbor. Her life had been spent among the people of that city in doing many friendly and kind deeds, all of which had contributed to the high place she held within the hearts of the citizens, and which all the more added to the loss that city sustained.

Burial was made in the Vernon cemetery, where a younger brother, Joe, preceded her in death. She is survived by her husband, three sons and two daughters, all of whom were present with the exception of one of the children.

Those attending the funeral from here other than Mr. and Mrs. Homer Mulkey were Mr. and Mrs. W. L. Butler, Mr. and Mrs. O. D. Leisburg, Mrs. Owen Butler, Mr. and Mrs. Walter Morrow, Mrs. J. H. Casey, Mrs. Annie Cline and Mrs. Frank Johnson.

The demonstration is for the purpose of proving just what the real difference is between ordinary gasoline and the Conoco Ethyl product.

**Uncle Al's
Weekly Letter**

Dear Mr. Editor:
Hurrah! Aint we lucky in Texas?

We've just waked up to the great, uncontroverted truth that we can produce anything in Texas that can be produced in California.

We've had an earthquake! No longer can California lord it over us.

Give us time and we'll do some other things in Texas too.

Eliminate Republican politics for instance. But we done promise ourselves we aint never going to vote that way again. Maybe that's what caused the earthquake! I'd rather blame it on the depression though.

About everything has gone down in Texas except mortgages, interest, taxes and funeral expenses. Even an earthquake can't shake those.

I was pepped up and ready to bet that Claremore, Oklahoma, would put over their candidate, Will Rogers, for president without a ripple.

Now comes Eddie Cantor and in recent issues of the Saturday evening Post and Liberty, practically projects himself into the ring as an opposition candidate.

Eddie even has the nerve to tentatively offer Will Rogers a place in his Cabinet—that of Secretary of State. The upstart! He seems to think he could get together a Cabinet that would be funnier than the one Mr. Hoover has. The presumptuous young scallawag!

I refuse to be swayed from my straight and narrow course as a staunch supporter of the policies and party for which Claremore stands.

I shall remain a stern, stable and stalwart Roperian Democrat.

ATTENDANCE PRIZE**

DONLEY COUNTY CITY CARRIERS PRIZE AWAY FOR SECOND TIME

Representatives of the Lelia Lake, Memphis, McKnight, Clarendon and Estelina were present at the Panhandle Association Sunday School and B. Y. P. U. Convention at Estelina last Sunday afternoon. The First Baptist Church was the host to the organization and a large group was present to take part in the work of the day.

McKnight came over and won the attendance banner for the second time, giving notice that they planned to keep the banner for their own after the next meeting. Plans for the division of the association were made and will be announced later. No selection was made for the next meeting place of the organization.

An interesting and instructive program was given. Mr. Sam J. Hamilton, of Memphis, discussed the duties of the Associational S. S. and B. Y. P. U. Officers. Miss Jessie Cook, of Lelia Lake, led the round table discussion on "How To Make The Associational Organization Mean More to the Individual Churches." Pertinent suggestions were given by various representatives. Miss Marguerite Chrystral, of Lelia Lake, rendered a beautiful piano solo. The Clarendon Senior B. Y. P. U. presented a discussion of the subject "The Enrichment of the Christian Life Through Christian Training." Those who took part were Leona Merritt, Agnes Oakley, Jack Draffen, Carrol Holtzclaw, Verna Lusk, Fay Barnhart, J. D. Holtzclaw, Dovie Wood. At the close of the program Miss Sara Thompson, accompanied by Miss Gertrude Shepherd, sang "Living For Jesus."

Mrs. M. M. Noble and Peggy left Tuesday for Amarillo where they will live for the present school term. Mrs. Noble will be greatly missed by the Club circles and church work.

**LOCAL ODD FELLOWS
IN GOODNIGHT FUNERAL**

Fourteen members of the Clarendon Lodge, No. 381, I. O. O. F., drove to Goodnight Wednesday afternoon to attend the last rites of John Thomas, aged farmer and long time resident of the community four miles North of that point.

The funeral services were held at the Methodist Church at 2 o'clock with Rev. B. W. Wilkins, pastor at Claude conducting the service at the church and with the ceremonies at the cemetery in charge of the local Odd Fellows. The deceased was a member of the Clarendon Lodge, having transferred his membership here when the lodge at Claude disbanded.

P. O. Wood, was Captain in charge of the ritual and was assisted by W. A. Davis, W. A. H. Baker, R. Y. King, P. H. Lonzan, E. Dun, Roy Clappitt, Roy Clayton, Joe Holland, Finis Harp, John Goldston and Henry Hutto, all of Clarendon.

The remains of the deceased brother was laid to rest in the Goodnight Cemetery.

Rev. and Mrs. J. O. Quattlebaum of Ralls, Texas, were here the early part of this week for a visit in the home of his father, J. O. Quattlebaum and a brother, E. V. Quattlebaum. Rev. Quattlebaum is also raising a daughter here in the schools.
