

## Donley Women To Hear Noted Speaker

### MRS. J. A. HILL TO SPEAK HERE

#### PRESIDENT OF 7TH FEDERATED DISTRICT TO SPEAK HERE SATURDAY

The News has been requested to announce to the club women of the county the speaking engagement of Mrs. J. A. Hill of Canyon, president of the 7th District of Federated Womens Clubs, at the Presbyterian Church Saturday afternoon at 3:00 o'clock.

Mrs. Hill is one of the most capable club women in the entire federation and will bring to the women of Donley County a forceful message which will be of vital interest to every one who can attend.

The appearance of Mrs. Hill comes following a cancelled engagement of a few weeks ago when she was taken ill on the eve of her address. Much disappointment was registered throughout the county and the coming appearance is being hailed with delight where ever womens club work is discussed. No admission charge will be made and every woman in the county is cordially invited and urged to avail themselves the opportunity to hear this splendid woman's message.

### MRS. T. L. NAYLOR USES FLOCK CULLS FOR MONEY

To Mrs. T. L. Naylor of the Naylor community goes the honor for devising means whereby she is realizing good profits from what until just lately was considered a loss to the chicken raisers. The culls from the flocks of birds were heretofore practically worthless, but when a hen in her flock is found to be a poor producer it just means more cash—and most folks in old Donley can very well use a few extra shekles just at present. Here is the story, and there are plenty of others in the county who could do the same thing with this or other products.

Mrs. Naylor is a member of a demonstration club, being poultry demonstrator and having a splendid flock of birds. She is sold on the idea of home canning and when she culls her flock the undesirable find their way to the kitchen where the meat is baked from the bone and assorted in cans bearing the 4-H label.

The first of February this woman's canned chicken passed the state standardization test receiving the right to be sold on the market. This is the first standardization permit ever received in Donley County, and by virtue of it, Mrs. Naylor receives more than twice as much from her product than by selling the birds to the produce houses at market prices. Her canned chicken is now on sale at a local grocery store and from reports there is no better chicken than that which comes from the kitchen of Mrs. Naylor.

Miss Buttrill states that a number of Donley women could easily make a steady income if they would pass the standardization test at College Station. The County Demonstrator sees a particular bright opening for chili, peas and corn if they were placed upon the market, but as yet no one has taken the step to this new method of income.

### BAPTIST CHURCH ENTERTAINS WORKER'S COUNCIL

Members of the local church were hosts to Tuesday to the Worker's Council, an organization composed of members of the various churches in this district who meet together monthly to discuss problems of interest and benefit to its members.

One hundred guests were served a fried chicken dinner, with all its accompaniments, in the parlor of the church at noon. Another high point of the meeting was the sermon delivered by Rev. J. W. Weathers of Goodnight. Rev. Weathers and his bride has recently been called to the pastorate at Goodnight and as he delivered his sermon, "On the Cross" the audience realized that here is a young man with a brilliant future in his chosen field.

### BOYS HOME EC CLASS TO PRESENT EXHIBIT

The boys home economic class of Clarendon High School will give a clothing demonstration in the display windows of Bryan-Miller Co. Friday and extending through next week. According to information received by The News from a member of the class, instructed by Miss Morgan, the boys will demonstrate the proper wearing apparel for the well dressed young man in 1932. Models will include different physical builds and will show what type of clothing best suits each. Explanatory posters will be found below each model giving name of designer and other interesting information at their convenience.

Mr. and Mrs. H. I. Cagle of Quail and Mrs. Mattie West of Wellington visited Tuesday with his brother, Mayor W. P. Cagle in this city. Mrs. West was a former schoolmate of Mrs. W. R. Holder and it had been forty-two years since they had seen one another.

Mr. J. W. Martin and Miss Mildred Martin returned on Tuesday from a stay of several weeks in Mineral Wells for the benefit of Mr. Martin's health.

### HELEN MARTIN INTERESTS LIONS

#### INTERESTING OBSERVATIONS IN EGYPT MAKES UP TOPIC OF TALK

Miss Helen Martin was the visitor of the day and presented the main program feature with a well prepared and thoroughly interesting talk on the customs and characteristics of the Egyptian peoples. To add further interest to her address she exhibited a number of photographs taken on her visit to that land of mystery and several of the native costumes worn by the various classes of its people.

Among the more unfamiliar customs which created unusual interest was the marriage courtship and ceremony. The young men and women very seldom ever see one another and the marriage contract is always taken care of by the fathers of the prospective bride and groom. A great feast and dance marks the marriage of a couple and usually the first glance of the bride the groom receives is when he claims the girl at the conclusion of the party. Miss Martin states that fleas are universal pests and cause great discomfort. To illustrate the fact she told of the time her party attended a funeral at a church and as the services progressed their mutual discomfort became more pronounced. They were told at the conclusion of the service that usually a herd of goats were driven through the buildings before a public gathering but this time they were the goats.

A committee was appointed to look after a representative delegation to the District Convention at Lubbock in the near future. Further announcements were made concerning the Little Theatre Play Tuesday evening and the Junior High School Choral Club's operetta on the evening of Friday, March 18th at the College Auditorium.

A letter was read from Lion R. L. Rogers, president of Amarillo's Lions Club expressing appreciation of that club and the Crippled Children's Council, and the "Scandals" cast for the co-operation and splendid welcome extended the show here last Friday evening. The local club was complimented for its work in the past and the full co-operation of the above organizations was assured the local club in any of its undertakings.

Visitors for the day included John Blocker, whose herd of cattle furnished the grand champion calf at the Amarillo Stock Show. Lion Roy McMillen of Pampa also was a guest of the club.

Flowers were ordered sent to the Mulkey family as a token of sympathy in the death of Lion Homer Mulkey's brother. Adjournalment as usual.

### JOHN MULKEY BURIED HERE

#### POPULAR AMARILLO HOTEL-MAN SUCCOMBS EARLY MONDAY MORNING

Although in poor health for a number of months the death of John C. Mulkey of Amarillo, brother of Homer Mulkey of this city, came as a shock to the citizens of Clarendon when the news was received Monday morning. He has many friends here who are grieved at his passing and extend sincere sympathy to the bereaved family.

The body of the deceased was brought to Clarendon by Boxwell Brothers Tuesday morning where preparations were completed for funeral and burial services that afternoon.

Rev. Robert S. McKee, pastor of the Presbyterian Church, was in charge of the last rites held from the H. Mulkey residence at 2:30 o'clock. A large number of friends and acquaintances were present to show their respect for their departed comrade and a beautiful floral offering also showed the esteem held for the deceased. Special music was under the direction of Sam M. Braswell with a mixed choir offering impressive numbers.

Interment was made in the Citizens Cemetery.

Mr. Mulkey went to Amarillo two years ago from Borger where he operated the Black Hotel. Prior to that time he had been associated with hotels in Dallas and in Ardmore, Oklahoma. His life's work has been in the Hotel business where he has established a widespread reputation throughout the southwest.

Surviving are his widow, Mrs. Ida Mulkey, a daughter, Miss Barbara, both of Amarillo; a son Charlie of Mitchell, Neb.; his father H. S. Mulkey, Ardmore; three brothers and two sisters Homer Mulkey of Clarendon; Jim Mulkey, Wewoka, Okla.; Willie Mulkey, Alhambra, Cal.; Mrs. Lula Spears and Mrs. Verna Morris, both of Rush Springs, Okla.

Mr. and Mrs. O. E. Harvey, Mr. and Mrs. Sam M. Braswell, and Archie Pool attended the performance of "The Student Prince" in Amarillo on Monday evening.

Mr. and Mrs. H. B. Kerbow accompanied Mrs. H. C. Kerbow to Lubbock on Tuesday. Mr. and Mrs. Kerbow returned home the same day while Mrs. H. C. Kerbow remained for a visit with relatives.

### "SCANDALS" MAKE GREAT HIT HERE

#### LARGE CROWD IS PLEASED WITH LION'S PRESENTATION FRIDAY NIGHT

The "Scandals of 1932", Crippled Children's benefit musical extravaganza sponsored by the Clarendon Lions Club, has visited Clarendon and has moved on, but Donley County is still marveling at the spectacular and colorful entertainment and chuckling over the comedians of a number of the intimate secrets revealed by Clarendon's heretofore respected and prominent citizens.

Entertainers may come and go in Donley County, but it is doubtful if ever there will be a more pleasing group than was presented last Friday evening under the direction of Mike Hollander, veteran stage director. The entire cast were amateur entertainers, but their acts were so difficult and marked with precision they displayed nothing short of marvelous professional skill. Every one was an artist and delighted in giving their best talents to the enjoyment of the local audience.

From the time pretty Verna Jo Vaughn and clever Fred Douglas opened the show with their "Pardon Me Pretty Baby" skit the hearts of the Clarendon and Donley people were won. From then on the entertainers warmed to the enthusiasm of their audience and splendid tap dances, difficult and colorful chorus routines, comedy and vodville acts and songs met with wonderful success. Among the most pleasing entertainers were charming Dorothy Peake, beautiful ivory haired Peggy Fowler, pretty Sidney DeBourgh, Gene Vest and Lela Hunter and the Hall sisters. Others were the Dancing Demons, boys tap dance squad, Mrs. Charles Smith spiritual singer, Tom Allard, W. W. Sharp and of course the old master of the footlights, Mike Hollander.

So pleased were the local young folks with the unassuming attitude of the Amarillo lads and lassies that an informal dance was given in the visitor's honor and reports have it that the show as staged in the College Auditorium was second rate to the exhibition at the party.

It is seldom such high class entertainment comes to Clarendon and there is already talk of seeking in the return of the "Scandals" with Mike displaying his 1933 line of gay gorgeous, glamorous girls again before a Donley County audience.

Then there is the wonderful playing by Marston Bobbs, played by Hollis Leathers, who gets into many difficulties but who proves equal to the task given him.

Four places on the board are to be filled this year.

### LOCAL PEOPLE WILL BE IN MUSIC FESTIVAL

Clarendon will be represented again this year in the Panhandle Music Festival at Amarillo with several entries. In the piano division Misses Delphia Bones and Eloise Hill, pupils of Miss Fray Stallings, will be presented offering "Few Follett" by Phillip and "Elfin Dance" by Greig as contest numbers. Miss Stroder is not certain whether she will enter pupils from her class or not nor or the other piano teachers of the city. Other contestants will probably enter the Festival but The News has been unable to ascertain their names.

Mrs. O. T. Smith, Mr. and Mrs. T. F. Connally were visitors in Amarillo on Monday. Mr. and Mrs. Connally returned in the late afternoon while Mrs. Smith remained for a longer visit with relatives.

Mrs. Manley Ozier spent the fore part of the week as a guest of her sister-in-law, Mrs. Stephens and Mr. Stephens. Mrs. Ozier had the pleasure of enjoying the "Student Prince" while in Amarillo.

### "DULCY" IS WELL RECEIVED HERE

#### LITTLE THEATRE PLAY IS ACCLAIMED BEST EVER PRODUCED HERE

"Dulcy" was the first attraction of the year by the Clarendon Little Theatre, Tuesday evening at the College Auditorium, and was greeted by a large and enthusiastic audience, who thoroughly enjoyed the splendid acting of the principals and other members of the cast.

Mrs. Frank Stocking played the title role in her usual impressive manner, and was ably supported by R. E. Paxson in the opposite part.

Receipts were upwards of eighty dollars, according to C. C. Powell, president of the Little Theatre and when the final check-up on outside ticket sales is made, he expressed the hope that the final payment of the curtain at the College may be made.

The Little Theatre management is very appreciative of the fine support accorded it in the presentation of "Dulcy".

### HUDSON-BENSON NEW FILLING STATION OPERATORS

Today marks the opening of a new business in Clarendon. The new venture is the filling station just installed and ready for customers owned and operated by Major B. Hudson and C. L. Benson, Jr. The station will be known as the Hudson and Benson Filling Station and is located in the I. O. Noble Garage Building.

The new operators will feature the Phillips "66" gasoline and oils products.

Major B. Hudson is thoroughly familiar with the filling station game having been associated with a number of stations in the city heretofore. For the past few years he has been mail carrier on the Pampa route and will continue so working at the station in the afternoon and evening. Both Mr. Hudson and Mr. Benson extend a cordial invitation to their friends and acquaintances to visit their new business and guarantee courtesy and quick service to all.

Mr. and Mrs. Charley McMurtry and Mr. and Mrs. J. L. McMurtry left on Monday for El Paso to attend the State Cattlemen's Convention. They expect to return the latter part of the week.

Mr. and Mrs. Buel Sanford and Misses Dorothea Watson and Frances Sanford motored to Turkey on Sunday where they were the guests of Mr. and Mrs. Regan Bryan.

Mrs. Herman Spear, Mrs. Ruby Lee Avery, Mrs. Fred Odum, and Miss Margaret Patton, all of Lake View, Texas were guests of Fay Brown Tuesday.

### METHODISTS TO BEGIN REVIVAL

#### REV. E. B. BOWEN WILL CONDUCT SERVICES OF MEETING STARTING EASTER

The Spring Revival campaign of the Methodist Church will begin on Easter Sunday, March 27th, and will extend over the ensuing two weeks. Rev. E. B. Bowen, pastor of the church, will handle the revival sermons and the younger people's work and children's organization will be carried out under the expert supervision of Miss Mattie Swisher, of Canyon, Texas.

Miss Swisher is one of the outstanding leaders of young people in the southwest and is thoroughly capable of conducting a revival to a successful end herself. Local church officials are optimistic over her acceptance of the invitation to come to Clarendon as she had three other invitations at various cities to help in meetings on the same dates. In addition to her ability with the young people Miss Swisher is an outstanding singer and will be used considerably in special solo work.

Services will be held at the Methodist church with the morning services starting at 10 o'clock and the evening services beginning promptly at 7:30 o'clock.

The entire community is very cordially invited and urged to attend any or all these services.

### MRS. L. A. SHAWN IS BURIED HERE THURSDAY

Mrs. L. A. Shawn, born June 7, 1849 in the state of Louisiana. She moved to Texas with her parents when quite a small child. She was one of the early settlers in Central Texas. She was married to B. Shawn of Hamilton, Texas, J. V. Shawn of Dallas, Texas, Mrs. George Palmer of Santa Anna, Texas, Mrs. George Wood of Arvin, California, Mrs. W. C. Jones, Clarendon, Texas with whom she has made her home for the past three years. She had six grandchildren and six great-grandchildren living.

She had a hard struggle most of her life, but was brave and courageous, never losing faith in her Master.

She passed out of this world March 9, 1932 at 7:30 p. m. Funeral services were conducted by her pastor, Rev. Bowen at the Methodist church at 4 o'clock p. m. March 10, 1932. Rev. Reavis and Rev. Gattis assisted Rev. Bowen in the services.

### OUR COURTS AND JURIES MUST LAY ON THE PENALTIES

Good citizenship all over the nation is aroused by the bold and flaunting criminality of the kidnapers of the Lindbergh baby, and if the nation is to profit by the experience, the whole people must act through their courts in their own localities.

Europeans who visit and live in America are appalled at the loose manner in which laws are enforced in this country, and while they love its liberty, they deary such mauldin ideals that will permit high crimes with little or no success in the punishment of offenders who take advantage of that liberty.

Our courts and juries must tighten up in the matter of penalties. Law breakers must learn that the punishment of their crimes is certain and swift, if we are to stem the tide of racketeers and gangsters.

That means that Texas courts, Panhandle courts, Donley courts, local citizens sitting on criminal cases, must put the screws on without delay and without fail.

There is no justice without the sure, prompt enforcement of the penalties of crime—all crime.

### ANOTHER ANTIC OF THE TEXAS DONKEY

The News isn't much alarmed over the recent action of the state Democratic executive committee, when they provided that voters in Democratic conventions and primaries this year shall take a pledge to support the nominees of such primaries and succeeding conventions.

Texas voters have shown their ability to think and act for themselves and the decision of the Supreme Court makes the voter the high court in the matter of whether he shall support candidates whose principles are without the pales of the voter's conscience.

The little bunch of self-centered politicians in Texas who assume the dictation of free-born citizens in the matter of voing for nominees of the National convention where trading and chicanery usually defeats the will of the majority, got an object lesson in 1928, and may probably get lesson number two in 1932.

It's just another antic of the Texas Donkey, and hundreds of thousands of Texas Democrats will smile and vote as their conscience dictates this year—and from here on out.

### MUSIC WEEK IN CLARENDON

With "National Music Week" just a few weeks off, plans are already on foot to give it special significance in Clarendon.

Our community is specially blessed in that it has leadership with the vision and determination to make music occupy the high pinnacle in community life as it properly deserves, which is another reason why Clarendon is such a splendid community in which to live and rear children.

An instance of this is the exclusive Boy's Concert recently staged in a joint movement of the music instructors of the city, and which was such a pronounced success that it will henceforth be an annual affair.

Music week in Clarendon is the first week of May—the national dates—and the community may look forward to some splendid programs in that period, with a more general observance than has been known here in the past.

### LIQUOR GESTURE FAILS

Dripping "wets" in congress lost by a long margin, their much promised and vaunted attack on prohibition Monday of this week, when their move to consider the passing of liquor control back to the states was denied.

The antics of the wets would be amusing were it not for the sad effect their false claims and misleading propaganda has upon the youth of the country, who never saw the old saloon and its attendant evils back before the world war.

Prohibition is here to stay, and its racketeers and gangs are due for oblivion as enforcement becomes more rigid year by year.

### GOOD OLD DAYS

The old-time livery stable and corner saloon have given way to the ornate garage and filling station; the movie show has replaced the town hall; we go in an hour now a distance it formerly took a day to travel. We can go from coast to coast in a single day in the air. He can telephone from a ship at sea to any one of the 18,000,000 telephones in the United States. He can listen on his radio to speakers

thousands of miles away. In a short time he'll be able to see them, too. Our homes are heated by scientific and healthful methods. We have our own cooling systems. Oil and gas and electricity have taken the place of coal. We have the news of the world on our doorsteps, morning and evening, thanks to the stride of modern newspapering. Our lives are full of events. We go places and see things. Our horizons have broadened. Back-breaking drudgery has been eliminated in every avenue of activity. Household appliances, electrically operated, have come to lessen the work of the housewife. We have more time for play, and the golf links is an adjunct of every village and hamlet as well as the larger cities. We have improved our highways and have made our cities sanitary and attractive. But, why go on? Truth is the so-called "good old days" are only a figment of the imagination. The days we are living now are the best the world has ever seen up to now. And "we hain't seen nothing yet"—News-Telegraph, Atlantic, Iowa.

### BLUE SKIES

(From The Rotarian Magazine)

Buried in the pages of one of Carlyle's books is the tale of a poor Irish woman, stricken miserably with typhus fever. No one ever came to care for her, even to put a cup of water to her lips. She died alone. But the disease that caused her death spread throughout the village. Others were infected, and seventeen of them also died. Carlyle's comment was: "Her typhus fever killed them. They were her brothers even though they had denied it".

The present economic recession is teaching nations the lesson that the lonely, dying woman's neighbors tardily learned. In days of old it may have been possible for peoples to live unto themselves, but modern science and business have changed all of that. The prosperity of each land is geared inextricably, one with another. Markets of Bombay and Tokyo are delicately sensitized and responsive to fluctuations in Paris and London, supplemented by rapid transportation, have literally made the world one.

Seers and prophets should take new hope. The vision of the brotherhood of man which came to them by the way of the heart is becoming an objective of business men who have realized its desirability through hard-headed facts. And among the nations is slowly but certainly spreading a new understanding that between fundamentally sound morals and fundamentally sound economics there is no contradiction. They are identical.

# County Interscholastic League Meet Program Is Announced

This is weather that is weather, isn't it customers? At least it is right now when I am writing this. Makes you want to get out and start chasing a golf ball or start shaking the cobwebs off a few fancy tennis strokes. That was a dirty trick the weatherman played on us last week, and just as I was beginning to wear the kinks out of a flock of stale muscles. Now I gotta go through all that limbering up stage again.

By the way folks don't forget about the county Interscholastic League meet here the 25th and 26th of this month. You remember how big last year's meet was here, and this year even greater optimism is held by the officials for a mammoth county meet. Reports from almost every part of the county indicate this optimism will be justified on Friday and Saturday week for every school in the county will have a strong contingent of entries, and even Clarendon, the favorites, better look to their guns for there's going to be competition from the corners of the county.

Clarendon, lets all get behind the move like you did last year and give Donley County a real genuine honest to goodness welcome. They responded to our celebration of Washington's Bicentennial and now comes our time to show our appreciation for the way they helped us. Hundreds of visitors will visit Clarendon these two days and let's start now talking the County Meet to our rural and neighboring city friends and personally invite them to our "meat".

Make you plans now, folks, to be present in this place on the above days and enjoy the clean competition between the cream of Donley's youth both upon the athletic field, tennis courts, and within the literary halls.

Well sir, friends and countrymen, I never was so peeved as I was last Friday evening at the College during the "Scandals" when those scurrilous scoundrels blessed our honorable Pater with the credit of having written the publicity for the show that so pleased the lovely young ladies of the troupe.

And everybody knows it has been years since he has been able to write intelligently on such subjects. There's no justice.

Those visiting girls sure did besiege the office as soon as they hit the city, and now to find a copy of the last two issues of The News is next to impossible. The visiting lassies certainly had a grand time in Clarendon and from what I hear a few of the local boys enjoyed their visit too.

If those two gangsters, R. C. Weatherly and A. N. Wood, don't quit picking on those two youngsters, Tom F. Connolly and J. T. Patman they better look out. It's just not fair, and even you get filled with wrath when you get the facts of the latest outrage administered by these two pirates of birthday happiness.

Picture, if you can, folks, this youngster, J. T. Patman just cleaned up spick and span for his birthday party with his little pal Tom Connolly. The day being warm and pretty these two happy playmates grasped their shiny golf utensils and hid themselves toward the municipality's favorite glorified pasture.

The plot thickens as two swartly villains, amid muffled oaths and blood curdling threats espie the playful playmates, and enter the immediate locality disguised with numerous iron and wooden clubs and without the conventional waxed mustachios induce the lads into a foursome. Unsuspecting strangers everything went well with no advantage being taken by the robbers until after leaving home base again for the distant parts of the course.

It was at this juncture of the play that the original and dastardly clans of the bad men began taking form. But it was too late for these two unfortunate children were in the clutches of Bullneck Mooseface—paron us—

we mean that noted underworld team of Weatherwood fame.

First came the slash at the birthday cake with a daring 82 by A. N. Wood. But the implicit faith of the youngsters kept them in the game as they tried in vain to wrest the fastly disappearing birthday cake from their more experienced and cunning adversaries. When the old veteran bandit, Bob Weatherly, slung a slug of almost perfect strokes it was too much and the little birthday celebrators wended their way most pathetically back to their homes without their birthday goodies.

That's a very heart rending chapter of life's little tragedies, folks, but its a common occurrence on the golf course where this pirate duo prey on Birthday celebrators.

P. S.—How about some tennis courts, Mayor Cagle?

## GOLDSTON NEWS

Special to The Clarendon News

On Friday evening, March 18th at eight o'clock, the Goldston High School pupils will present "Fingerprints." This play is a comedy drama with a western ranch setting. The city folks get the surprise of their lives when they come to the ranch intending to slick the owners out of their ranch. Many complications arise when the city slicker falls in love with the ranch owner's pretty sixteen year old daughter, Hopsy Hawks. The fingerprints, the colored cook, and the French maid will furnish plenty of fun.

The cast:  
Ned Thorndyke—Granville McAnear.  
Jimmy Lee—J. D. Hendrix.  
Pamina Thorndyke—Laverne Risely.

Hopsy Hawks—Leonidas Elmore.  
Roger Whitney—Nelson Seago.  
Mrs. Roger Whitney, Sr.—Irene Rhodes.

Pauletta Whitney—Virginia Harris.  
Amelia Thorndyke—Lucille Walling.

Mignon Poncare—Dorothy Dillie.  
Corceelin—Minnie Gollighugh.

There will be other attractions along with the play. There will be a small admission charge.

Due to bad weather the pupils did not get to practice any of their track and field events, nor did the girls get to practice volley ball but we hope to be able to get under way this week and next. However we did get to work on our literary events during the severe weather. Our fifth grade pupils are working on the Picture Memory contest very enthusiastically.

Every one come to the play.

## SPORTLIGHTS from HEDLEY HI

By Hazel Stewart

Special to The Clarendon News

Gracious! What a dandy basket ball season for Coach Newman and his flashy Owls! A couple more seasons like that and I'd be willing to bet the sport, fans will recognize Hedley as "The home of the Owls." Wait and see!

Of course, I was sorely disappointed the Owls did not go further into the meet at Canyon. Yet the winner was a real team, like the team all folks are predicting for the Hedley five next year.

Goodbye basket ball season. It's baseball, track, and spring foot ball training now.

A special informer states that Landon Duggins was elected captain of the track squad at a meeting last week. Although it seems the boys were never interested in track and field events, the following boys are working daily: Fred Tollett, Kenneth Bain, Zack and Ross Hunsucker, Don Pickett, Buster Stafford, Fred Tidwell, Bus Simmons, George Gordon, Carl Pool and Speck Armstrong.

Here's to your good luck boys!

The Owlets have turned their eyes to volley ball and are doing considerable work under the sponsorship of Miss Mable Howell. Some 30 girls are practicing daily and of course their aim is to capture the League meet. Well, well.

## ASHTOLA

Special to The Clarendon News

Ashtola was glad to hear that the school will go on for a while longer. We will have a seven months school.

The Juniors and Seniors are going to have their banquet Thursday, the 18th. The students are very busy with the preparations. The color scheme is to be white and pink. We have white tables and pink candles. A five course meal will be served. The main dish is baked chicken, cream potatoes and English peas. We plan to have Rev. Shepherd of Clarendon as speaker. We also have several other interesting numbers on the program. The Seniors of Mary Sue Graham, Tate Poovey, H. W. Lovell, Jr., Laura Mac and Ruby Lee Mason. The sophomore class is going to serve.

The Seniors at last got off on that long talked about Senior day picnic. Due to the weather they were not permitted to go as they had planned, therefore, they went the first pretty day. The destiny was held a secret by the sponsor until we turned to drive into Lelia Lake, we were not disappointed and not knowing where we were going was lots of fun. The day was spent fishing and boat riding. Where the most fun came in was seeing the new hands at work trying to row a boat and fish. The day lasted far into the night and you certainly can see the effect today at school.

with the CRANKCASE DRY to prove the PENETRATION of Germ Processed Oil and Value of the "Hidden Quart"

from Muskogee. Chevrolet mechanics tore down the motor and pronounced it undamaged. The doubters became believers!

"Hooyey!" jeered one of the bystanders in a Muskogee, Oklahoma, filling station when F. J. Morgan told how the "Hidden Quart" of Conoco Germ Processed Oil had protected many cars from harm when run with the crankcase empty.

The oil that protects a motor under such conditions will give you better, safer lubrication in every-day driving! Conoco Germ Processed Oil is the only oil that actually penetrates and combines with metal surfaces. That's why a "Hidden Quart" stays up in your motor and never drains away. It cuts down costly starting wear, saves gas, gives your motor longer life, with fewer repair bills.

To prove his point, Mr. Morgan had the Germ Processed Oil drained from his crankcase and, accompanied by the doubter, started for Checotah, 27 miles away.

Change to Conoco Germ Processed Oil for safer, surer lubrication.

A crowd met the car at Checotah, but Mr. Morgan drove on to Eufaula, 14 miles farther, 41.6 miles

We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.

### CROSS QUESTIONS AND CROOKED ANSWERS

When the teachers graded the examination papers turned in to them by their intelligent and well informed students last week, they learned, as they expressed it, "lots that they didn't know".

Miss Headrick asked for an example of a story of youth and received the name of a story in which the character was eighty-eight years old.

Miss Wiedeman says that a nice, respectable Spanish citizen wouldn't recognize his own language, if that that we handed to her is supposed to be good Spanish.

Mr. Clark has his funny things to report about "exam" papers too; but we are not going to tell them here, for if we did, we would have to accommodate all the other teachers too.

The thing we want to impress on the minds of our readers is this:

The pupils are not really to blame. They thought it was a game of "Cross Questions and Crooked Answers" that was being played. They didn't know they were engaged in serious business.

### MISS ROSA BAKER WEDS

Students of the Junior College were somewhat surprised to learn of the marriage of Miss Rosa Baker. At the time of the marriage Miss Baker was living with her brother at Ashtola for the purpose of attending school here, but her home is near Olton, Texas. The bridegroom is Jack Loftis, also of Olton, where the young couple intend to make their home. Friends of the bride extend to her a hearty wish for happiness and success.

### "Oh, Susan" WEATHER TO SUIT ALL

Americans who tire of the weather as a subject of conversation would be delighted with a tour of Colombia, the northernmost nation of South America, set squarely across the Equator, and one of the most interesting.

There live the descendants of the Spanish conquistadores, who found gold, fame, and territory for their king in "New Granada" the original name of Colombia, which is now commemorating the centennial of its construction as a republic.

Modern Columbians never mention the weather, it is said. They select what kind they like best and live in it the year round. Or, if wealthy, they keep various "haciendas" in various climates and move from one to the other as they choose.

Colombia has every type of climate from the hottest tropics to eternal snow, and Columbians

## Senior Play Promises to be One of Most Pleasing Ever Presented Here

The sponsors dislike to make timid Charles Walker the hero, but he is so tall and handsome that they could not overlook him. her every day actions at school aristocratic old aunt because of Lola Barnes was selected as the place and no one could fill the places of New York society girls better than Isla Smith and Loma Ayers. Because of Lois Wallace's continual conversation, she was chosen as the leading lady. There needs to be no explanation made as to why Ruth Cauthen and Lu McClellan were chosen as the tough crooks or why Harold Hams is to be the drunkard. Kenneth Brown just naturally looks like a butler, but there is no way of explaining why Afton Lusk should be the heroine's old nurse, although she plays the part well.

The Seniors have been practicing on the class play every day except Saturdays and Sundays for the past two weeks and will continue to practice even more between now and the date of the play, March 24th. The Seniors are expecting every one to be present and to be able to consume an enjoyable entertainment.

## STOCK HAULING LAW IN EFFECT

**OWNERS PERMIT MEASURE TO BE ENFORCED AS AID IN QUARANTINE**

AUSTIN, March 6.—(AP)—L. G. Phares, chief of the Texas Highway Patrol, announced Saturday that a campaign would be launched at once, with the assistance of the State Live Stock Sanitary Commission, to enforce the law requiring permits for transportation of live stock and poultry.

The legislature enacted a statute requiring those hauling live stock to obtain owner's permit certificates in an effort to prevent the removal of cattle from quarantined districts into areas not infested by ticks or cattle diseases.

Phares said that State highway patrolmen or other officers can, without search warrant, require the driver of any vehicle moving live stock or poultry to produce a permit for the transportation signed by the owner.

Failure to possess such a permit subjects the driver of the vehicle to a fine of not less than \$25 nor more than \$200 for each head of live stock or poultry involved in the movement.

The law has a dual purpose, in that it will prohibit the transportation of stolen animals, or butchered portions thereof over the highways, a practice that is very prevalent in many parts of the State. The law was originally sponsored by the Texas Cattle Raisers Association and the West Texas Sheep and Goat Raisers Association and these two organizations will take an active part in its enforcement.

A book of these certificates can be had by writing J. H. Walker, Livestock Sanitary Commissioner, Weimar, Texas.

## LEAP YEAR

The fact that the earth does not make a revolution around the sun in an even number of days has caused much difficulty in making a calendar that would hold good over any considerable length of time. In fact, such a calendar has never been devised, but the one in present use is accurate enough for practical purposes.

**VIEW FROM THE EASTERN FRONT: The war to end wars seems to have failed, for Japan and China are again at it. The above photo is one of the first pictures to come out of the area of turmoil near Shanghai. Japanese marines are here seen ready for action on the edge of the Japanese' occupied area.**

an error of one day in 3223 years, a discrepancy hardly great enough to worry about.

One disadvantage of leap year is that persons born on February 29 have a real birthday anniversary only once in four years—if that is a disadvantage. Based on the law of averages, only one person in about 1,461 would be thus handicapped.

## PROPER PRONUNCIATION OF NAME IS EXPLAINED

Thirty odd years ago a young fan with a bend towards scientific livestock feeding, then a rather new-fangled idea, began experimenting in feed mixing. His idea flowered, bore fruit, and today is known as Purina Mills. The young man's name was H. Danforth, now Chairman of the Board of that company.

And in Purina, Mr. Danforth gave to farming America a word that probably today is one of the most mis-pronounced in the language. Just how many Purina is mispronounced, no one knows. And yet there is but one correct way.

The word Purina, which is a part of the name Purina Chows by which the feeds and supplements made by the company are known, comes from the common word pure. When this young man got his idea on livestock feeding and feed mixing, he set up as

one inviolate rule that always all ingredients must be pure. So it was only natural to seek to put that word into the name of his products.

Purina was the result, and the correct pronunciation is Pure-eye-na. That's the way it's said in home offices and research laboratories in St. Louis. That's the way the man who coined it said it.

The most common mispronunciation is Pure-ee-na. Other garbled editions are Purr-ee-na, and even Proo-nee. But there's just one right way, Pure-ee-na. Purina feeds and supplements are sold locally by Clarendon Hatchery.
